says  
The rocks beln' thrown at V. E. Nixon in South America prove that no matter how hard we try 'o do th' right thing, some people are not goin' t' like us. Th' only countries that don't have enemies are th' ones where poverty an' misery are th' chief exports,

Probably Noah is the only person who ever made complete adequate preparations for the rainy days.

**Gran Quivira Visitors Continue to Increase**

Visitors to Gran Quivira National Monument during April totaled 629 persons, an increase of 11% over last April, Channing Howell superintendent announces.  
A group of travel editors and photographers from various parts of the country visited the National Monument April 25. The group were taken on a special guided tour of the Spanish missions and Indian ruins at Gran Quivira, and a tour of the Quaraal State Monument by Park Ranger Richard Howard.  
Attractions of Gran Quivira National Monument include the 17th century Spanish missions and the prehistoric Indian ruins, hiking and picnicking. No admission fee is charged. The National Monument is located 56 miles north of Carrizozo on State Highway 10, and 25 miles south of Mountainair.

**5,000 N. M. Farms In 1957 ACP Program**

Preliminary reports indicate that 5,000 farms in New Mexico participated in the 1957 Agricultural conservation program of cost-sharing for conservation. Claude Edmonds, chairman of the State Agricultural Stabilization and Conservation (ASC) committee, said this week. This compares with 4,452 farms that received assistance in the 1956 ACP.

This participation represents 30% of New Mexico farms, containing 40% of the farmland and 25% of the cropland in the State. Final figures may be changed slightly by later reports from ASC county committees, Edmonds indicated.

Early reports show the major accomplishments of the '57 ACP in New Mexico to be the installation of concrete pipelines under the reorganization of irrigation systems practice, leveling of land, erosion control structures on rangelands, water storage for livestock water, concrete ditch lining on existing irrigation systems, etc.

It is to be noted that the majority of the practices installed on farms and ranches in New Mexico are of the more permanent type.

The average amount of cost-share assistance received per farmer in New Mexico was about \$700. National cost-shares for conservation under ACP average about 50% of the cost, when all costs are considered.

**TOO MUCH HUMMING**

Foreman: "What's the idea of quitting?"  
Riveter: "Oh, I don't mind hammering rivets all day, but the man who works with me hums incessantly."

**GRIST & GRITS**

By OLIN MILLER  
(Copyright 1958)

What to do about the north polar region is a current pressing international problem. Considering the deplorable state of the world and all, it is suggested that this region be jacked up and a new world laid under it.

The report that a tornado blew a washpot wrongside out is probably not true, as washpots aren't being made of plastic.

Truman says he has been exploding all over the country and will continue to do so. The fall-out from these explosions, though, are harmless except to a few sensitive Republicans who are allergic to anything that emanates from Harry.

Try on a new worry for size: A high defense official predicts that rockets, missiles and atomic bombs will soon be made obsolete by death rays.

"Sterility, long advertised as a major H-bomb alarm, is not so serious a worry—since radiation strong enough to sterilize is strong enough to kill." — This Week. Of course, the danger of getting killed is nothing much to worry about.

"Charm Expert Advises Cooking Party Guests."—Headline in the Boston Traveler. This advice should be followed only in the case of uninvited guests.

With reference to telling why his plan for reorganizing the Defense Department should be adopted, President Eisenhower is finding it extremely difficult to tell it to the Marines.

The Administration through several departments isn't asking us to do much for the ailing economy—merely that we buy a lot of goods and services to end the recession, and buy a lot of Government bonds to combat inflation.

With reference to making records on unfavorable and even violent weather, Mother Nature is never content to rest on her past performance.

The person killed by a clean atomic bomb would be just as dead as one killed by a dirty one, but, of course not as unsanitary.

Even if we could do it, which many doubt, it would be much harder to spend ourselves out of the recession that it was to spend ourselves into it.

The business that has profited most from the use of color print-

**LINCOLN COUNTY IN BYGONE YEARS**

**20 Years Ago**

(From the files of the Lincoln County News, May 13, 1938)

Miss Jane Spencer, who was engaged to Dr. Turner, was given a pre-nuptial shower at the home of Mrs. A. Ziegler. Dink Meyers had arrived home from Medford, Ore., where he had been employed. Gerda Smith's Fifth Grade students gave a program in honor of Mother's Day.

Mrs. Lloyd Treat and Bryan Cazier were guests of their mother and father, Mr. and Mrs. Pete Johnson.

Larry Dow, county tax assessor, was slightly improved after an illness of more than two weeks.

Miss Birklands, county health nurse, had just returned from Roswell, where she attended the State Nurses association.

J. Weston Hall, Jr. was in Carrizozo along with his little daughter.

Fay Jeffrey of Lubbock spent a few days in Carrizozo as a guest of her parents.

Gilbert Dow had been ill for several days. Roy Skinner was in town from his ranch on the Bonito.

O. D. Jones of Capitan was a Carrizozo business visitor.

**40 Years Ago**

(From the files of the Carrizozo News, May 17, 1918)

Eula Edmiston was getting ready to take a trip to Del Rio, Texas, to see her brother and his wife.

Lin Branum left for the Electra Oil Fields where he had a large interest.

Mrs. J. Q. Welch and little daughter arrived from Dawson and was planning to visit her parents in El Paso soon.

Belle Tinnon was in El Paso taking telegraphy courses. A bouncing baby boy arrived at the home of Mr. and Mrs. P. E. Lacy.

E. H. Talbott of Jicarilla was a Carrizozo business visitor.

Mr. and Mrs. John W. Owen were in Carrizozo from their home in Gallo Canyon.

Mrs. Lewis was the week end guest of Mrs. George Tisworth.

Mrs. Downey was called to the bedside of her father, who lived in Illinois.

Mrs. Clarence Moore was on the sick list but was steadily improving.

Thos. Powell left Ft. Stanton to take a government position in Louisville.

Mr. and Mrs. Wauson had moved from the Yancy residence to their own home.

ing is probably that of selling flower seeds by mail.

The sack dresses are making it extremely difficult for the stork to plan his work ahead.

"Michigan State University has ordered coats not to wear Bermuda shorts in classes."—News item. It seems that one class should have been excepted—the class in anatomy.

If an old person who acts his age could be found, he should be awarded an Oscar.

"You're not nearly so tired in the spring as you think you are," says a physician. Maybe not, but just to be on the safe side, we're going to rest a lot anyway.

"Space is shrinking," says a relativist who has probably been eating in a breakfast nook and putting on weight.

**Lower Copper Sales Cut Kennecott's First Quarter Net Income**

Kennecott Copper Corporation's net income per share in the first quarter of this year was reported \$1.08, as compared with \$2.57 in the first quarter of 1957. The reduction was the result of lower domestic copper sales, accompanied by lower world prices.

Industry-wide, the domestic consumption of copper is at the lowest level since 1954. In the first quarter of 1958 deliveries to domestic fabricators averaged 94,000 tons a month, as compared with 112,000 tons a month in the corresponding quarter of 1957.

Foreign consumption, on the

PAUL E. and CLARA BAKER  
Publishers

other hand, continues to be good and the rate is increasing. In the first quarter of this year deliveries to foreign fabricators averaged 143,000 tons a month, as compared with 132,000 tons a month in the same quarter of the previous year. Kennecott's total sales of copper in the first quarter averaged 39,300 tons a month, as compared with 48,300 tons a month in the first quarter of 1957. The bright spot in European demand per in the first quarter averaged for Chilean copper.

"What protects money deposited at your bank?"

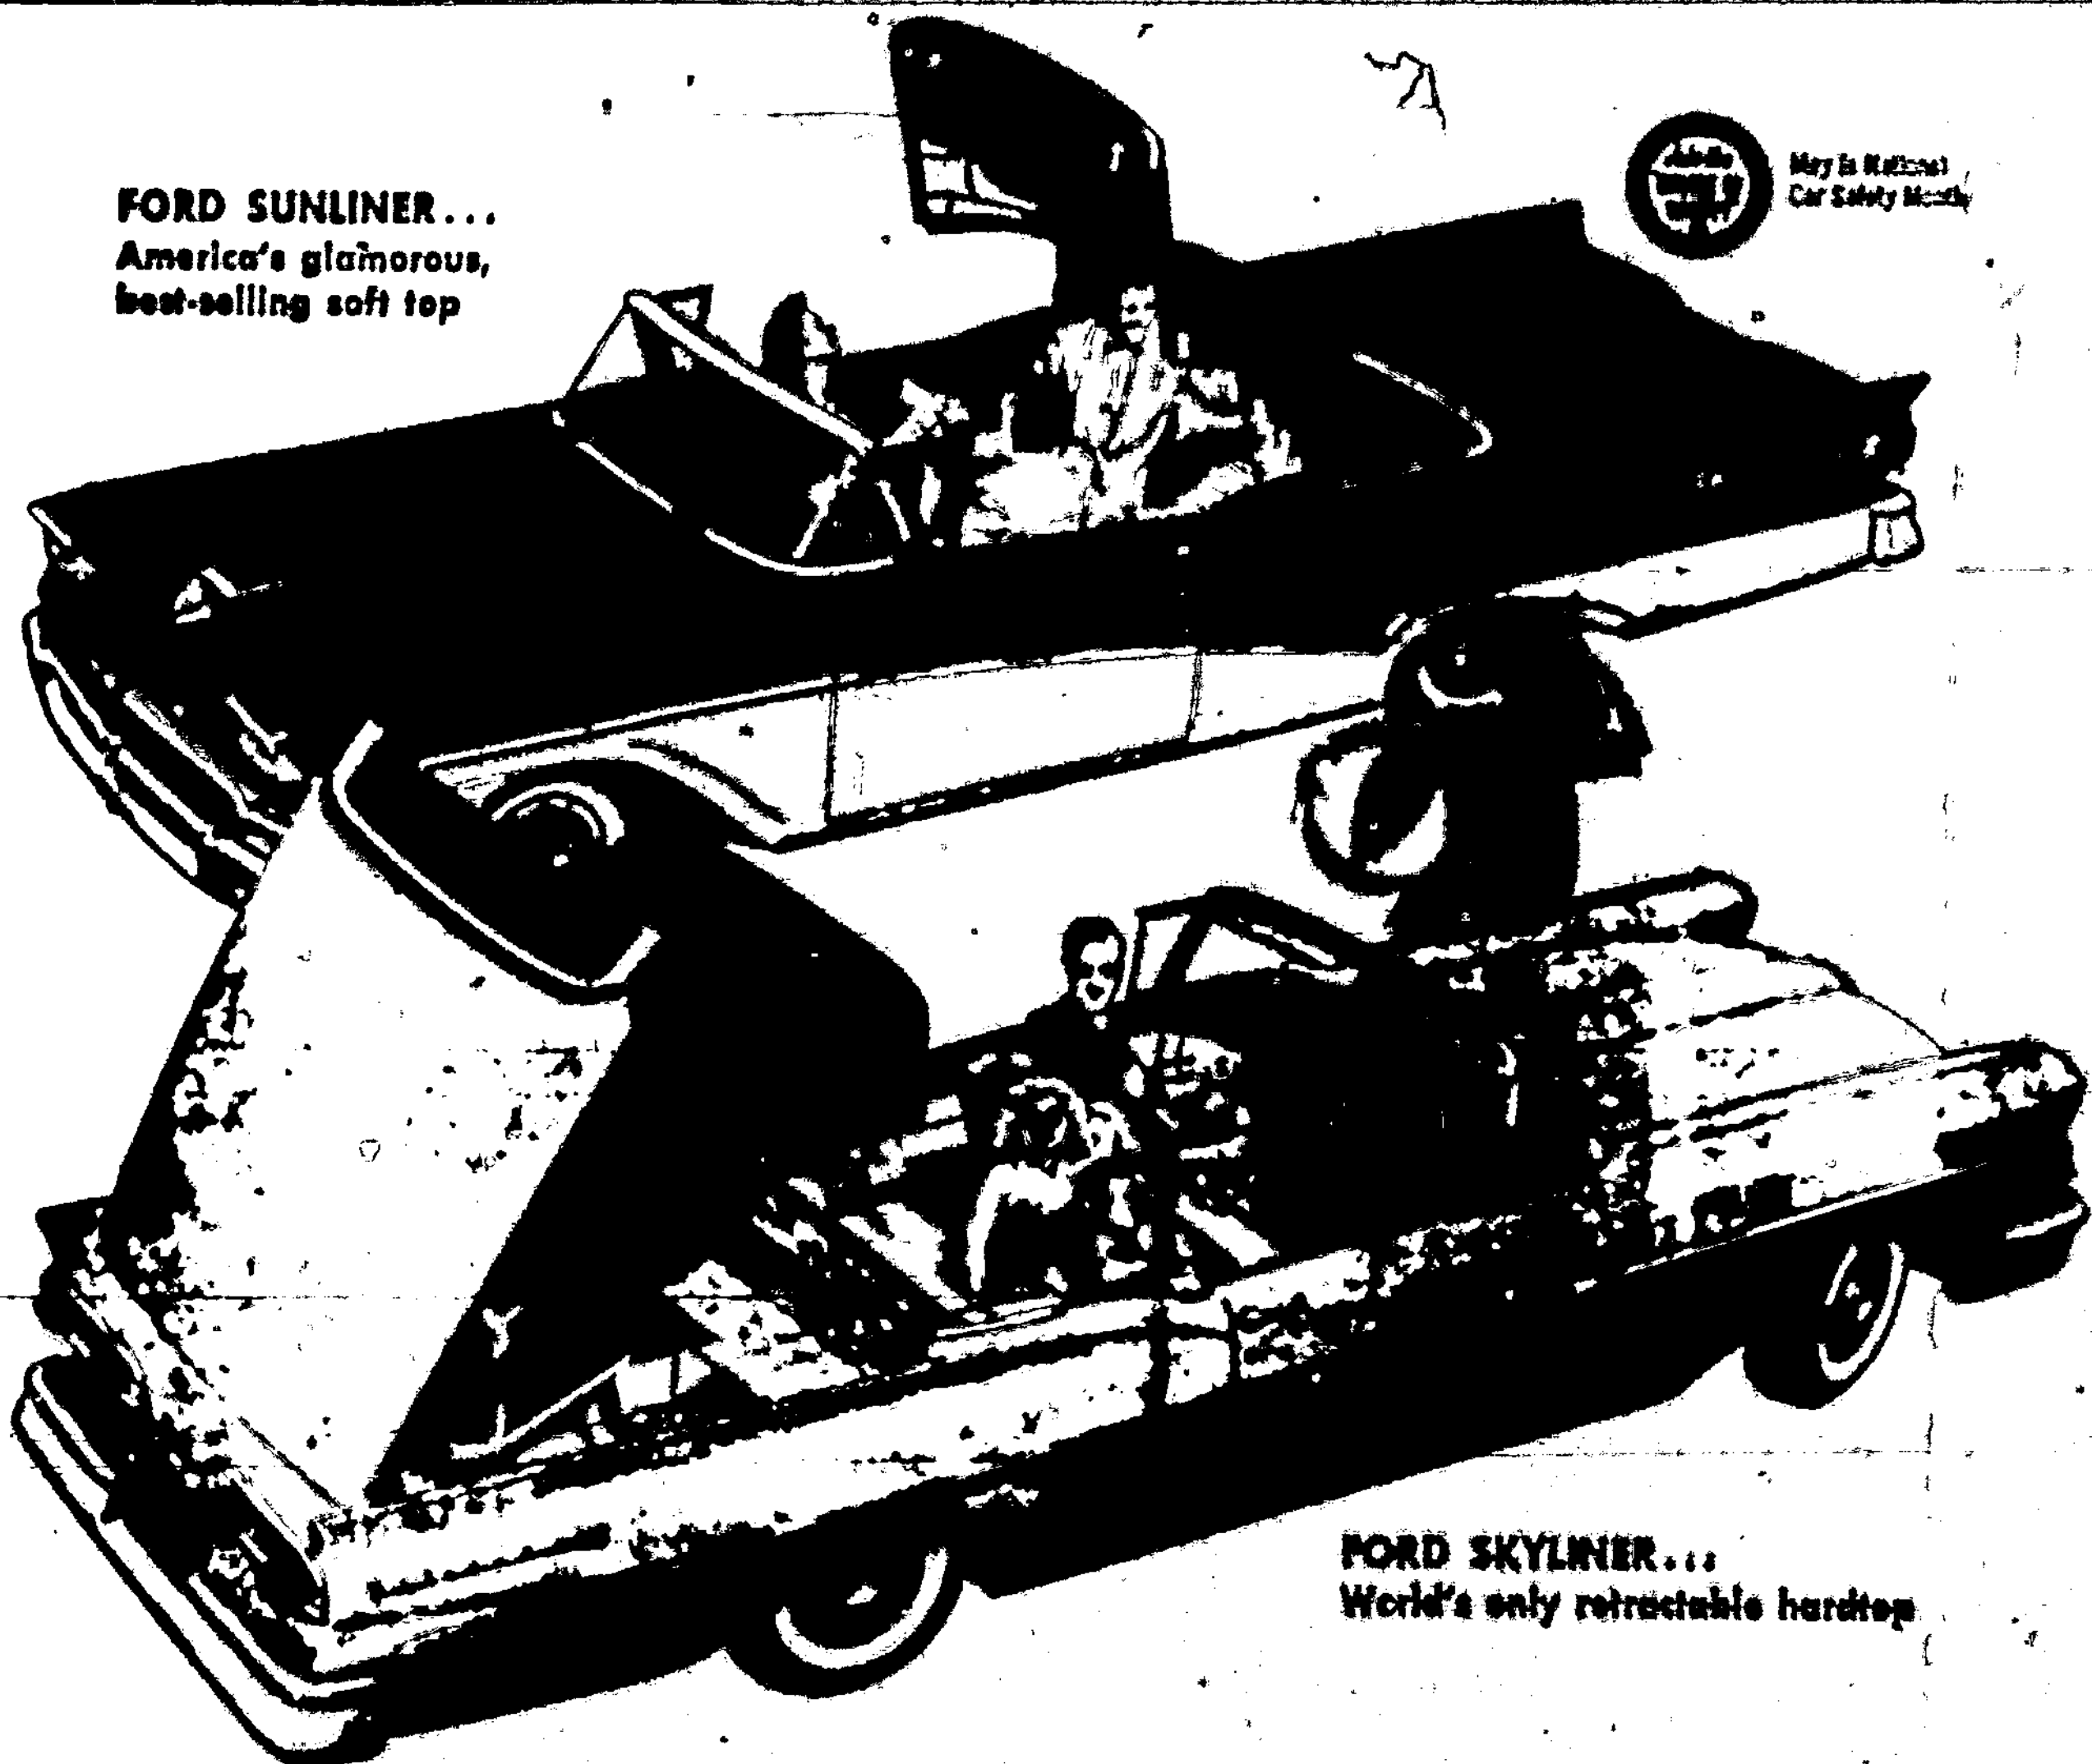

First of all (and we're proud to repeat what others have expressed), sound management—which is reflected in our careful lending policies. The safety of depositors' funds is our first concern in considering any loan. Then, deposits here are insured by the Federal Deposit Insurance Corporation to the maximum of \$10,000 for each depositor. The insurance costs depositors nothing. These, as well as physical safeguards, add up to the kind of protection that most people seek. We'll welcome your account!

**FORD SUNLINER...**  
America's glamorous, best-selling soft top

**FORD SKYLINER...**  
World's only retractable hardtop

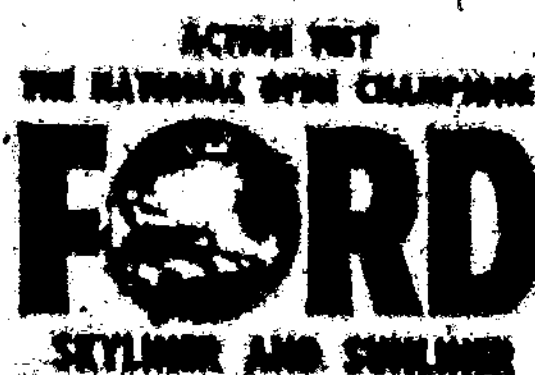

**Why people who love CONVERTIBLES buy FORD**

Only Ford lets you choose from a steel-top convertible or a fabric-top beauty. Who else but Ford... world's largest convertible maker... could offer you two different kinds of convertibles. There's the fabric-top Ford Sunliner and the steel-top Ford Skyliner. They're both styled and powered in the Thunderbird tradition.

Nowhere else can you find so much convertible for so little money. Take the Ford Sunliner for example. A comparison of manufacturers' suggested retail delivered

prices shows it's America's lowest-priced convertible. As for the Skyliner, it's the world's only 2-in-1 line car... a snug steel-top and a breezy convertible. Just touch a button. The all-steel top vanishes into the rear deck... and you're sitting pretty in the smartest convertible ever.

So if you're the sun-worshipping type, better see your Ford Dealer and get all the reasons why Ford outdoes its nearest competitor in convertibles by a whopping 2-to-1 margin!

**GETTING TO KNOW NEW MEXICO**

The Bancroft de Chihuahua at Chihuahua is one of the best known shrines in the Southwest. Built in 1818 by Don Bernardo Alcala as a monument of appreciation for the health and prosperity of his family and himself, it is still in use by the Catholic Diocese of New Mexico. It has the status of a historic monument of art and photography. Find a wealth of such interesting subjects in New Mexico. Get to know, and enjoy, New Mexico!

Wherever you are, at home or away, enjoy beer, the light, bright beverage of moderation.

Don't Litter... Keep New Mexico Beautiful

# Mrs. Lucy Hipp of Capitan Honored On 92nd Birthday Anniversary

Between the hours of 2:30 and 5 Tuesday afternoon, May 6, more than twenty of Mrs. Lucy Hipp's friends came to the S. E. Grelsen home in Capitan, bearing gifts and good wishes for a happy birthday.

It was Mrs. Hipp's 92nd milestone along life's way. She looks and feels much younger than her years and she enjoyed her guests very much.

There were many floral gifts. Dennis Cooper sent a huge bouquet of lovely lilacs. Mrs. Rose Hobbs brought a vase of tulips. A corsage of double rose colored tulips, sent by Mrs. Jack Young, was pinned by Mrs. Hipp to her gown of gray and yellow, complemented by a rose colored sweater and white shoes.

Mrs. Hipp's silver white hair, in curls and waves, was beautiful. The oldest mother in Capitan looked very pert and pretty for her 92nd birthday.

After several pictures were snapped the guest of honor shared a lovely three-tiered cake with her guests. The cake was a gift from two granddaughters and their families (Mima, Elma Baker and Lena Mae Hobbs). It was decorated in white and blue and topped with one candle. Other dainty refreshments were served with the cake.

Then Mrs. Hipp felt her packages and after opening them felt the packages and heard them described. She was pleased with every gift, especially the candy.

Mrs. Hipp came to Lincoln County in 1912. She lived at Encino for a time but for twenty years or more has made her

home with the Grelsens. She has a legion of friends. One of her birthday guests, Mrs. Elsie Carl, came all the way from Alamogordo.

In addition to her gifts, Mrs. Hipp received a nice card shower by mail. On Mother's Day a daughter phoned, saying that illness in her family prevented her being present at the party.

## Anticipated Changes In the Hondo High School Curriculum

Superintendent Montes has drawn up tentative changes in the Hondo High School curriculum, to go into effect this fall. The changes will be discussed at the next school board meeting when formal approval is expected.

Three types of diplomas are to be given:

1—General Diploma for those who do not plan to go to college or into commercial work. 17 units will be required in specified subject areas, 15 in academic work and 2 in physical education.

2—Commercial Diploma for those who do not plan to go to college, but who plan to enter business college or directly into business employment. 17 units will be required in specified subject areas, 15 in academic work and 2 in physical education.

3—Academic Diploma for those students planning to go to college. The requirements for this diploma will be as follows:

English, 4 units; Mathematics (above general math and business arithmetic) 2 units; social studies (American History, one unit; world history, one unit, or 1/2 credit in American History and 1/2 credit in American Government) 2; science (two laboratory sciences, not counting general science) 2; foreign language (both units in the same language) 2; electives (in fields other than extra-curricular activities) 4; physical education 2; total 18 units.

A total of 150 teaching days will be recommended for board action. The teacher's instruction time will be protected by preventing students from neglecting academic studies in favor of extra-curricular activities. The academic fields are five: mathematics, English, science, social studies and foreign languages. All clubs will meet before or after school.

Necessary school activities, approved by the school board and the administration, will utilize not more than an average of one period a week from subjects outside the five academic fields. When a period is lost from an academic field in a non-academic activity, the period must be made up. When a student misses any class other than physical

## ALTO BRIEFS

### By AILEEN LINDAMOOD Brownies Honor Their Mothers and Helpers

When the Third Grade at Nob Hill School presented their pageant May 9, the Brownies honored their mothers and their helpers.

Mrs. George Creel has helped Mrs. Duncan Williams with the Group 7 and was presented a certificate of appreciation by Paula Williams.

Herman Schultz of Sun Valley Calif., and Del Foster of Roswell were in the community last Friday, renewing acquaintances.

Charlie and Lawrence Peebles were in Roswell Friday on business.

The L. J. Adams came up from El Paso the past week end.

Richard W. Eldridge of Tularosa was a business caller on Tuesday.

Mrs. Leon Farrar of Ruidoso and Mrs. Paul Littell and Sharon Littell of Roswell spent Sunday at the Charlie Peebles.

Floy Skinner of Nogal stopped by on Thursday.

The R. O. Pittillos of Carrizozo were here last Sunday.

D. O. Jones made a stop at the store last Thursday.

The Charlie Peebles were in Roswell for a couple of days last week.

John Clapp of El Paso was here a few days last week working on his house in Gavilan Canyon.

The Virgil Monthies of Carlsbad visited Mrs. W. N. High-tower last week. Virgil spent some time fishing while they were here.

The Walter Hickmans are living on the Albert Watson ranch.

Mr. and Mrs. Leo Payman have returned to Ruidoso for the summer after spending the winter at Hialeah, Fla. They drove over to see the Charlie Peebles last week. They will be remembered by their friends in the county for they lived at Ft. Stanton for many years.

Mr. and Mrs. Elmer Huet of Carrizozo were here last Saturday.

Mrs. Dona Edwards of Ruidoso came over Saturday for a visit.

The Wayne Hamiltons of Carrizozo spent Sunday with the Lindamoods.

The Jack Quilttroughs and Morrison Quilttroughs of Ruidoso visited the J. L. Adams on Sunday.

The Earl Kings of Roswell drove up to see the Jim McEucens on Saturday.

The Jerry Pearce of El Paso, Will Mayers of Clovis and Ralph Barbers of Grants met for the week end at the Pearce cabin in Gavilan Canyon.

The Leo Paymans of Ruidoso received word of the arrival of a granddaughter, Karen Ann, to their daughter, Mrs. Kenneth Jensen and Mr. Jensen of Hialeah, Fla., on May 8.

education and music, the work must be made up.

Each teacher will keep a record of class time lost and the provisions made for make-up work. These records will be used in approving or rejecting further requests for missing a class by individual students. Darning of all types, accepted by school board and administration, will come under the physical education classes as part of physical education.

One hour a day will be the maximum allowed for the band and for variety practice in competitive sports. Any other practice must be done before or after school, and no more than one evening a week.

Parents, students, and the school (administration) must approve the type of course to be followed by each student. (There are three choices). The signed approval accompanies the enrollment card of incoming freshmen and all new students. The signed approval may be changed at the opening of any school year thereafter when a change is deemed necessary and wise by all concerned: Parent, pupil and school.

### Ruidoso Seaman Serves Aboard USS Linton

Sasebo, Japan (FHTNC)—Rue D. Lewis, fireman, USN, son of Mr. and Mrs. George R. Lewis of Ruidoso, is serving aboard the Pacific Fleet internal combustion engine repair ship USS Linton whose home port is Sasebo, Japan.

Before entering the Navy in 1936, Lewis attended San Bernardino High School.

Ben Sanchez left Monday for Belen, where he will be employed at the painting trade for some time.

Following leg surgery at the Carrizozo hospital last week, Lloyd Burt expects to return to his home this week and continue his education.
