Desert Dan
 says

The U. S. should remember that helpin' small-time dictators like Nasser only makes them grow bigger, then th' real trouble begins. France an' England tried to whittle him down a couple years ago. We objected t' their methods an' now he's a real headache.

"How soon can I get a bank loan for home repair needs?"

Our bank makes such loans promptly. Fast action is our motto, for we know that the longer you are obliged to put off making a necessary repair the greater your ultimate cost is likely to be. The steps in applying for a loan are just three: Get contractor's estimates on the work that's called for; decide how much cash you can assign to the project; sit down with one of our officers to work out details of borrowing the balance at low cost, and your plans for repayment of the loan. How much do you need?

Candidate for Degree At A&M College

State College, N. M. — Dick A. Cox of Nogal is candidate for a degree to be conferred by New Mexico A&M College at summer commencement exercises Aug. 2. He is candidate for the degree of Bachelor of Science in Agriculture.

Member of Honor Guard in Germany

Augsburg, Germany (AHTNC) — Army Specialist Third Class Teodoro F. Zamora, 19, son of Mrs. Bernardetta Zamora of Carrizozo, is a member of the 13th Artillery Honor Guard in Germany. Specialist Zamora, regularly assigned as a fire direction control computer in the artillery's Battery D, was selected for his precision drill ability and outstanding military appearance. He entered the Army in November 1936, completed basic training at Fort Bragg, N. C., and arrived in Europe last August. Zamora attended Carrizozo High School.

Taos, N. M. — With the dedication this summer of a three-mile section of paved road, the famous Taos Indian Pueblo of northern New Mexico enters a new era. The ancient Indian village, its great adobe communal houses rising five-stories above the central plaza, has stood since prehistoric times in the foothills of the Sangre de Cristo Mountains. In the centuries since early Spanish colonists settled near them, the Indians of Taos Pueblo have remained aloof from and relatively untouched by the surrounding civilization.

Gallup, N. M. — Indian tribes from Mexico and Canada will add their color this summer to America's greatest all-Indian show — the Gallup Inter-Tribal Indian Ceremonial — to be held August 14-17.

The oldest and most famous Indian gathering in the United States, the 57th annual Ceremonial will play host to more than 500 Indian performers from 29 tribes, including representatives of the Aztecs of Mexico and the Canadian Tsek Lip tribe.

Carlsbad, N. M. — A magnificent new Visitor Center, able to accommodate the thousands of people who visit Carlsbad Caverns each day, has been completed by the National Park Service and is now open to the public.

Kennecott's Copper Refinery to Start up

Hurley, N. M. — To build up depleted inventories of refined copper, the Chino Mines Division of Kennecott Copper Corporation will start its refinery here within the next few days on a temporary basis. W. H. Goodrich, general manager has announced.

Between 15 and 20 men, laid off when the refinery suspended operations in May because of excess fire refined copper inventories, will be recalled. Several already have been called back. Others will be notified during the next few days.

New Braille System To Aid State's Blind

Santa Fe. — The blind of New Mexico can now receive their own braille version of the best in current reading matter almost as soon as it is available to others. As of May 1938 there were 387 blind persons receiving financial assistance and 358 receiving special services in New Mexico.

A new machine — a braille duplicator — has just been put into operation by the New Mexico Department of Public Welfare. Robert E. Fitchett, the department's state director, calls it one of the biggest advances in the field of communications for the blind in decades.

"Many who are totally blind or who have their vision impaired below the capacity for ordinary reading may now have material mass-produced in braille and distributed to them by mail," Mr. Fitchett said.

Mack N. Montoya Returns to Long Beach

Long Beach, Calif. (PHTNC) — Mack N. Montoya, fireman, USN, son of Mr. and Mrs. Leopoldo B. Montoya of Sotindle Route, Capitlan, returned July 15 to Long Beach, Calif., aboard the attack transport USS Cavalier after six-months' duty in the Western Pacific.

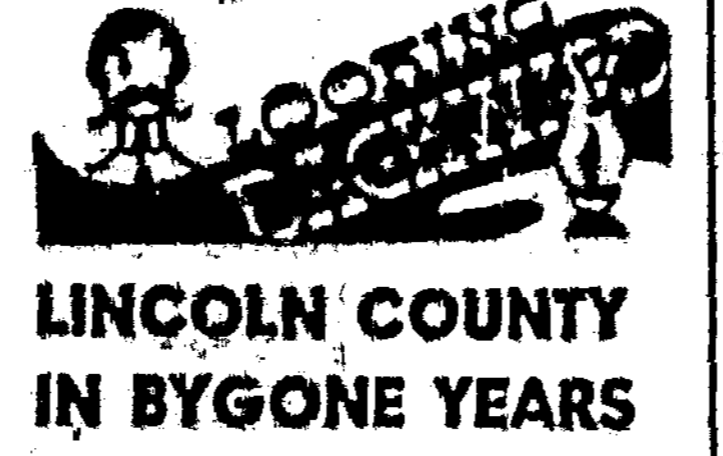

While in the Far East the Cavalier took part in amphibious training operations and visited ports in the Philippines, Korea, Okinawa, Japan and Hong Kong.

Social Security Officer Given 20-year Pin

Roswell — At a staff meeting of the Roswell office of the Social Security Administration on July 18, Ralph H. Yowell, 2007 W. Juniper, was awarded a 20-year certificate and pin. J. Hasler Strickland, manager of the office, made the presentation.

The Roswell District of the Social Security Administration covers eight southeastern New Mexico counties. Yowell is responsible for the administration of the old-age, survivors, and disability provisions of the Social Security Act in Eddy and Lincoln Counties.

He makes regular weekly, semi-monthly, or monthly trips to Artesia, Carlsbad, Carrizozo and Buldoso, and assists with public contact work in the other six counties of the district.

LINCOLN COUNTY IN BYGONE YEARS

20 Years Ago

(From the files of the Lincoln County News, July 22, 1938)

A hundred visitors attended a picnic and barbecue Sunday at the Vera Cruz mine. The mine was put back into production November 15, 1937.

The once booming town of Tombstone, Ariz., offered to sell itself to the movie industry, lock, stock and barrel, for \$75,000.

G. W. Van Stickle, carpenter and builder of Lincoln County, who contended he built a house for another party with the understanding that they would board him for the rest of his life and give him a suitable burial when he died, lost his appeal in the state supreme court.

40 Years Ago

(From the files of the Carrizozo News, July 26, 1918)

An Allied drive was reported to have scored successes on the Western front and the army of the Crown Prince was hard pressed on the Rheims-Soissons sector.

The county was experiencing the best general rains in two years, assuring a good hay and forage crop.

Dr. F. H. Johnson was appointed a first lieutenant in the medical corps.

A. L. Burke, editor of the Outlook, returned from a trip to El Paso and Deming.

Marvin Burton joined the aviation corps.

Clark Hust, in from his ranch beyond the Mal Pais, reported good rains.

Whoever is keeping books on the number of Americans captured and the number released by rebels and Reds in various parts of the world must be rather busy these days.

It would seem that the only way to end the bitter and growing strife in Cyprus would be to sink the island.

Many believe the biggest headline of the first two weeks in July should have been placed over the news that at no time during the conferences between Dulles and de Gaulle did the latter ask for a U. S. loan.

The speed at which the world is falling to pieces in the area of the Mediterranean is being greatly accelerated. Nasser has built himself up from a nuisance to a menace to the Western world.

Other than our various governments, the only agencies that can continue to operate in the red over long periods are the railroads.

"Each fifth bull in a bullfight arena suffers from nervous tension, and each 15th one is completely crazy." — From a magazine article. What a pity! It seems on the whole that bulls are as unstable as people.

"In Alaska the ratio of men to women is 8 to 5, respectively." Advice to those who have failed in their efforts to catch a husband: Go Northwest, young woman!

There are increasing indications that not in the near future, if ever, will international trouble-shooters be able to reduce their work week from 7 days.

A girl who returned from a vacation several weeks ago with ivy poisoning and a hangover from a summer romance says it took her twice as long to get over the rash than it did the romance.

"Landlord Shot by Mistake for Robber." — Headline. It's possible that was a rather small mistake.

"I don't count sheep when I'm trying to go to sleep," said Old Sorehead. "I count people, because they bore me more than sheep do and tire me out quicker."

Added support to the theory of evolution: "It is extremely difficult to get a monkey to concentrate," says an animal trainer.

A lot of today's prosperity is somewhat comparable to the case of a man who acquired a \$50,000 dog — by swapping two \$25,000 cats for it.

It is doubly foolish to argue with a woman policeman.

It goes without saying that the person who carries the world around on his shoulders will never be sitting on top of it.

Deadline Near for Phone Book Changes

There are only a few days left to make additions or changes in either the yellow pages or the white pages of the 1938 telephone directory. Russell Eddings, manager for Mountain States Telephone Co., said this week.

The last date on which additions or changes to the yellow pages section of the coming issue of the directory is today.

Businessmen should contact the Telephone Company's business office immediately, if a yellow pages representative has not called upon them in their place of business. Additions or changes in the alphabetical or white pages, for either business or resi-

"SEVEN FABLED CITIES" WERE ZUNI VILLAGES

The fabled Seven Cities of Cibola, which lured Spanish explorers to the American Southwest in the 16th and 17th Centuries, were in actuality seven adobe Zuni Indian villages, in far western New Mexico. Instead of the gold which the Spaniards expected to find, the only jewelry of any value owned by the Zunis was turquoise.

Changes in the white pages can be made by calling the business office.

Scheduled for delivery starting August 22, the telephone directory here will be the largest in the history of the community.

Jake Honeycutts Here for Visit

Mr. and Mrs. Jake Honeycutt and three sons of Fairview, N. M., have been in Lincoln county this week, visiting Mr. Honeycutt's mother, Mrs. Ada Honeycutt of Ruidoso. Also Honeycutt's father, Mr. Ollie Gladwell of Corona.

Harry Ryberg of Corona was a Carrizozo business visitor Saturday.

Mr. and Mrs. Roy Shafer and grand daughter Judy Stearns, returned from Denver Wednesday.

Mr. and Mrs. R. M. Bombach of Las Cruces and Mr. and Mrs. Bob White of Farmington were guests of the C. A. Snows this week.

C. A. Snows Return From Eastern Visit

Mr. and Mrs. C. A. Snow returned Sunday afternoon from their trip to the South and East Coast. Among relatives visited were Capt. and Mrs. Charles A. Snow and family of Plattsburg, N. Y.; Mr. and Mrs. Glenn Snow and family of Gulfport, Miss.; Mr. and Mrs. Ray Wyszog of Ft. Worth and Mrs. Hoyt Mayes of Shreveport.

In company with the Charles Snows, a trip was made to Montreal and other points of interest in Canada.

Mr. and Mrs. Snow were accompanied on their trip to Gulfport and return by Allen White, son of Mr. and Mrs. Bob White of Farmington, and Peggy Bombach, daughter of Mr. and Mrs. R. M. Bombach of Las Cruces.

'Tween Us Teens

By MARY (Ginger) NICKELS

Wasn't the camp meeting this year just tremendous? I've never seen so many swell people at one time in my life! You know, these annual camp meetings are really good for us. We can go camping, listen to inspired men such as Dr. Evans and Rev. Ford, and eat the most delicious food in the country. Man, you can't beat a combination like that!

Say, the other day I saw the new B-58 fighters on TV. Boy, are they something! They have triangular shaped wings which are swept back, a separate compartment for each man with an ejection seat in each compartment, and to top it off, this huge plane can operate at an altitude of forty to fifty thousand feet at supersonic speeds. Russia, look out.

Speaking of planes, a bunch of paratroopers were preparing for a practice jump. One by one they hit the silk, jumping from the plane, until the last man readied himself. "Hold it, Buster!" roared the sarge. "Where's your chute?" "Oh," said the recruit unconcerned, "it's only a practice jump."

Welcome back to Fern Sweet of Alamogordo and Billie Jane Crumley of Lordsburg.

Here's something interesting: Because we can see all colors, we take it for granted that our cat friends can, too. As a matter of fact, some scientists believe that cats are color blind, seeing only varying shades of gray and black. It is true that the night world seems brighter to pussies than to humans, but the appearance of the cat's day world is still a mystery to science. (I just thought you might like to know!)

By the way, it's sure good to have lights on again, isn't it? (Better replenish your candle supply, though.)

Talk about lights: "Do you have any four-volt, two-watt light bulbs?" "Four what?" "No, two?" "Two what?" "Yes." "No."

(Remember, he who laughs last just didn't get the joke in the first place.)

See you in seven—seven watt—seven days.—Ginger.

ALTO BRIEFS

By AILEEN LINDAMOOD

Mrs. Charlie Nabours had the unique experience of seeing a big bear in front of her summer home at Eagle Creek Lodge late Tuesday evening of last week.

Mrs. Bryson Corbett, Kelley and Charles Corbett were here from Albuquerque the past week. They made their headquarters at Eagle Creek Lodge and attended the Noyal Camp meeting.

The Richard Rowley family was here from Clovis last week end.

Mrs. W. N. Hightower camped at Noyal Mesa while attending the complete schedule of the camp meeting.

Mrs. Marcus Waltermire with Ann and Mark of El Paso are vacationing at Eagle Creek Lodge.

Hattie Coffee and Maggie Randal went to Albuquerque to visit their sister, Mrs. Ola Akin for a few days.

Mrs. Ernest Blood and grandchildren Sue and Jimmy Lindsay of Denton, Texas, attended the camp meeting at Noyal Mesa last week end.

The Jim McEuens were in Dunken, N. M., for the day on Sunday.

Fred Herrington of Albuquerque stopped by Tuesday of last week.

The "Buster" Hickman moved to Ft. Sumner recently.

Tuesday the J. B. Hightowers made a business trip to Carrizozo.

George and Bobbie Creel were in Roswell one day last week.

The past week end the C. E. Andersons came up from Alamogordo.

While the E. M. Shafers of Midland were visiting the Oscar Samelons of Ruidoso they drove over one day to see us.

Mrs. Harry Edmiston of Carrizozo and daughter Ula of Dallas and Bert Roberts of Oakland, Calif., were in the community last Tuesday.

R. R. Cooper of Eureka, Calif., has been here to visit his daughter and family the Jim McEuens.

The Basil Ryans of El Paso were up the past week end.

Mr. and Mrs. Earl King of Roswell came up Saturday to see the Jim McEuens.

The R. N. Neals of El Paso and the Seth W. Neal family of Houston are at Eagle Creek Lodge this week.

The Jim McEuens and Lawrence Peebles of Alto and the Sam Sinclairs, Claude Hobbs and Ike Kennedys of Ruidoso attended a farewell dinner for the Paul Wilds Saturday night. It was held at the Ship Ahoy in Tulare at 6:30 p.m. Mr. Wild to be transferred to the Regional Forest Office at Albuquerque.

Mr. and Mrs. E. O. Brown were over from Ruidoso on Monday.

Saturday Mrs. Alonzo Lora, postmaster at Three Rivers was in the community.

Charles Pflugsten and Edsel Hubbard of Livingston were looking around Sunday at the store and post office. Mr. Hubbard's father drove the mail car from Alto to Capitan in 1918 when James A. Easley was postmaster. The Gobel Wrights of El Paso are vacationing at Eagle Creek Lodge.

The Joe Yates family of Gavilan Canyon has had a large family group visiting them. Mrs. J. W. Woody of Maple, Texas, mother of Mrs. Yates has been here about two weeks. Mr. and Mrs. Eddie Ray and son Johnny of Morton, Texas, arrived Friday. Mrs. Ray is a daughter. The Robert Yates family of Fresno, Calif., and Mrs. Ed Sanders of Belen, N. M., completed the group.

"Apache Allowance"

Race at Ruidoso Downs
Another three big days of racing, promising to be as successful as the past ones have been, is scheduled at the "Downs" for July 25, 26, and 27.

High-lighted for Friday afternoon is the "Apache Allowance" a 350-yard allowance for the "short" horses. The largest number of the fastest ever stabled at one place in the State of New Mexico, are here and this event draw more than a full gate—necessitating a drawing. Palomino Joe, representing the Echo Ranch of Woodland Hills, Calif., is shaping up the probable favorite of the ones who did get in. He is a much improved horse since being claimed and his last couple of outz were smashers.

Toe Beau has won his only out here after a long rest—was once a classy kind of a horse. Do it For Me is partial to this distance. Ridge Butler would have a chance on his best race. Bull Eagle and Easter Rose, Lady Leo and Noble Boy have run good races in the past, while Leo Horn and King Lad are the remaining challengers.
