"He suffered a slight stroke about a month ago and never recovered until his death."—From a news story in the New Kensington (Pa.) Daily Dispatch. Most people would rather bear an affliction than to recover from it by dying.

The German armies were hard pressed on the Picardy sector and were losing more ground on the Alsne river sector.

W. E. Lindsey, governor of New Mexico, issued a warning against persons attempting to speculate on Liberty Bonds and War Savings Bonds.

A poem in the News was dedicated to the theme "Lincoln County Is Going Dry":

Hush old boozer, don't you cry,
For Lincoln County is going dry;

Now sober up and be a man,
And stop rushing the old tin can.

Due to the drought and shortage of range feed the News printed an article by AMM College, describing the successful use of Russian thistle and sunflowers for fodder and silage.

Polio Foundation Embarks on Broad Health Program

The Lincoln County Chapter of the National Foundation for Infantile Paralysis, now known as the National Foundation, looks forward with keen anticipation to participation in its broad new health program, Mrs. J. P. Turner, chairman, said this week.

Returning from Albuquerque where volunteer leaders of the National Foundation in this area attended a closed circuit telecast at which Basil O'Connor, president, outlined the new objectives of the organization supported by the March of Dimes, Mrs. Turner called the widened purpose of the National Foundation "an exciting new concept in the health field."

The National Foundation, while containing its winning fight against polio, plans to expand its activities to include a wide range of health problems. Initial new goals will be arthritis and birth defects (congenital malformations). Virus research and investigations of disorders of the central nervous system will be expanded.

"Our chapter will continue to meet its obligations to polio patients in Lincoln County for as long as they need assistance," Mrs. Turner said. "Mr. O'Connor made it very clear that this is our primary responsibility. But the idea of a voluntary association dedicated to improvement of man's health; ready and able to move in whatever direction scientific discoveries lead it, not confined to a single disease, is a tremendous challenge."

"The flexible force the National Foundation now will become is the result of 20 years of pioneering and achievement by scientists and laymen throughout the nation. It will be a privilege to help launch this new program."

Financial support for the new program will be sought through the traditional March of Dimes in January, Mrs. Turner emphasized, adding that additional responsibilities undoubtedly will mean additional need for funds in Lincoln County, as elsewhere.

"We must prepare this January to meet new financial commitments," she declared. "We shall not attempt to move into the new areas of patient aid overnight. A great deal of further study and work is ahead for those of us in the Chapter, preparing to deal with the new problems of arthritis and birth defects. Mr. O'Connor indicated that precise information about these two areas is not yet available; one of the first things our Chapter must do is learn how many such patients there are, what facilities we have for giving them care and the availability of qualified professional workers to do the job. Plans are being made at national headquarters to help us gather this information."

"Our parent aid program for children through 18 who have arthritis and certain birth defects will be developed as we learn these things and is subject, of course, to the willingness of people in Lincoln County to give sufficient financial support for the program."

"Our research program, as was explained at the telecast, already is beginning to produce new leads, and our professional education program is expanding."

Medical care in arthritis and birth defects is much like that for post-polio, Mrs. Turner pointed out.

"There are no epidemics," she said, "but the patients are with us all the time and new cases occur at a more or less predictable rate. In polio the threat of epidemics being over a community every summer and no one could predict the number of cases. Now cases of arthritis and birth defects occur all year round, year in and year out. We must do something for these patients continuously, just as we now do for post-polio. This is a real challenge to volunteers. I had thought the people of this county were going to be overwhelmed."

Mr. and Mrs. Wm. Gallacher attended the pageant at Lincoln Sunday and took as their guest Mrs. Liela Stokes of Truth or Consequences who is visiting in Carrizozo.

Ceremony in California Unites Ted Cummins And Sally Marshburn

Yorba Linda (Calif.) Friends Church was the scene of an 8:00 p.m. wedding Saturday, July 26. Repeating vows were Miss Sally Ann Marshburn, daughter of Mr. and Mrs. Frank Marshburn, 17696 Yorba Linda Blvd., Yorba Linda, and Ted J. Cummins, son of Mr. and Mrs. Lewis Cummins, of Capitán, N. M.

The young couple said their vows before an altar decorated with two large baskets of white gladioli accented with blue delphinium, and centered with a white, flanked by lighted candles on either side.

Officiating at the double ring service was Rev. G. Byron Deshler, pastor of the First Methodist Church of San Gabriel, and an uncle of the bride. He had married the bride's parents 25 years ago. Assisting with the ceremony was C. W. Perry, Whittier, the bride's brother-in-law, and youth secretary of the California yearly meeting of Friends.

Organist was Mrs. Robert Hainlin, and Mrs. Regina Gallienne played the harp. Mrs. Doyle Cuzzin sang "If I Could Tell You," and in a duet with Laurence Payne, "Indian Love Call." Mr. Payne also sang "A Wedding Prayer," as the couple knelt at the altar.

The bride was given in marriage by her father and was radiant in a gown of all-over lace over tulle, princess style with long sleeves and chapel train. A wide white velvet sash accented the waistline. Her fingertip tiara also veiled her hair. She carried a white Bible topped by her bridal bouquet of a white orchid and stephanotis.

The bride's sister, Mrs. C. W. Perry of Whittier, was matron of honor. Bridesmaids were Mrs. H. E. London, Pasadena, Miss Hilda Hutchings, Yorba Linda, Mrs. William Kuhn of Orange, a cousin of Mrs. Don Glenn, Pasadena. Junior bridesmaids were the Misses Nancy and Jean Marshburn, her sisters. All were gowned in dresses of delphinium blue silk organza, sheath style, over tulle. Their flowers were designed from white gladioli and blue delphinium.

Flower girl was three year old Lynette Marshburn, a cousin, who appeared dressed as a miniature bride.

Best man was Hollis Cummins, brother of the groom, of Capitán, N. M. Ushers were Garth Hyde, Pasadena; Bobby Hopkins, Anaheim; Doyle Cuzzin, Duarte, and Duane Leach, Garden Grove.

Others in the wedding party were three-and-a-half year old Mike Cuzzin of Duarte, ring bearer, and Don Marshburn, Yorba Linda, and Richard Marshburn, Whittier, candle lighters.

For her daughter's wedding Mrs. Marshburn chose a beige silk-embroidered sheath dress, matching purse and shoes, with turquoise hat and gloves. Her corsage was of orchids. Mrs. Cummins, mother of the groom, chose a pink dress and hat, white accessories, and her corsage was the same as that of the bride's mother.

Some 250 guests gathered in the home of the bride's parents to congratulate the newlyweds as the reception line was formed in the outdoor area around the lighted swimming pool. The bridal table was centered by a pink and white pedestal cake and on either side were silver candelabra. Flowers were the large baskets from the church.

In charge of the guest book was Mrs. Richard Andrews, and gifts, Mrs. Richard Joliff. Cutting the cake was Mrs. L. C. Marshburn, aunt of the bride from Whittier, assisted by Mrs. Don Marshburn, Yorba Linda. In charge of the punch was Miss Carolyn Dyer, Yorba Linda, a cousin, assisted by Mrs. Don McCiang, sister of the groom, from Albuquerque.

When the young bride left with her husband for their honeymoon she was wearing a
