WILL HARRISON'S Inside the Capital

ONE-PARTY STATE, TWO-PARTY SYSTEM Santa Fe, Nov. 25—New Mexico may have more Republican governors...

The 1914 squeeze by which the Demo was elected governor was not a party test.

BEEN THAT WAY FOR 36 YEARS

The one-party nature of the state prevailed even in 1922, 1932 and 1950 when the voters were electing Republican Ed Mechem governor...

CIRCUMSTANCE CALLS FOR RUN-OFF VOTING

With Democratic primary nomination amounting to election, and you can't prove that it does not, the question comes up on having a run-off primary election...

Betty Fiorina, for instance, won the post of secretary of state by getting 27,853 votes in the Democratic primary last May.

MEAD ELECTED WITH 26 PER CENT

Ed Mead, the Albuquerque baker, won what amounted to election as lieutenant governor by getting 26,143 in the Democratic primary.

John Burroughs, the Democrat who was elected governor, got less than a majority and would have been matched against Joe Bursey in a run-off.

POLITICIANS FEAR RUN-OFF PRIMARY

The politicians won't even talk about a run-off primary. They think one primary election is bad enough and that a second would be disastrous.

A major point of opposition is the assumption that it would operate against candidates with Spanish names and thus might drive the Spanish-speaking element out of the Democratic party.

The disadvantage would probably be present in the case of an unknown Jones going against an unknown Ortiz but it wouldn't mean much to established politicians.

Chavez swamped a major opponent in the primary and carried every county in the November voting.

SPANISH VOTE NOT SO IMPORTANT

The politicians' concern about the Spanish-speaking vote is diminishing. This time the Republicans offered only one Span...

County Postmasters Meet at Capitan

By AILEEN LINDAMOOD

The Lincoln County unit of the National Association of Postmasters met last Sunday afternoon in Capitan.

A business meeting starting at 2 o'clock was conducted by M. J. Price, county chairman, and postmaster at Fort Stanton.

A turkey dinner was served at Pearl's Cafe at 5 o'clock. Louise Babers of San Patricio was elected to the office of county secretary-treasurer.

Field Officers Glenn Armstrong and L. A. Mitchell Jr., from Albuquerque were present.

Mr. Mitchell gave instructions and suggestions on speeding up the Christmas mail, as well as all-mail service throughout the year.

He presented a certificate of award in appreciation of superior achievement to Mable Wimberly, postmaster, at Hollywood.

The certificate was signed by Postmaster General Arthur Summerfield.

Glenn Armstrong's talk was on adjusting star mail routes and other services to speed up the mail.

Ann Earling, postmaster at Capitan, was hostess for a Coke break at 3:30. Present were:

Postmaster M. J. Price of Fort Stanton and Mrs. Price, Postmaster Louise Babers, San Patricio; Acting Postmaster Audrey Owen of Corona and Clerk Dorothy Thomas; Postmaster Ann Earling of Capitan and Jack Earling; Postmaster Dorothy Parnell of Ruidoso Downs, Jack Parnell and Herbert Reddy; Postmaster Dink Myers of Tularosa and Mrs. Myers; Postmaster Corrina McWalt of Mesquite; Postmaster Gladys Mosker, Glenoco; Postmaster Mary Phillips of Lincoln and J. E. Phillips.

Also Postmaster Mable Wimberly of Hollywood and Clerk Jo Leland; Acting Postmaster Mable Vigil of Carrizozo and Lloyd Vigil; Postmaster Aileen Lindamood, Mary Wilson of Albuquerque was also a guest.

Elect Three Advisors For Grazing District

As a result of the Advisory Board Election for New Mexico District No. 4, the following persons were elected to serve a 3-year term:

Eldon P. Harvey, El Paso. C. A. McNatt, Alamogordo. J. P. Cauhate, Jr., Pecos.

The above elected members, together with present members, will assist the district manager in offering advice and making recommendations relative to issuance of grazing licenses on Federal lands within New Mexico Grazing District No. 4.

last candidate, Elfeogo Baca of Belen, and the Democrats for the first time had a state-level ticket without Spanish names.

Chavez and Montoya in the Washington jobs were there on their own muscle.

Both parties have adopted the thinking that the language group can be held by job patronage, mostly little jobs.

ANDERSON, PICKETT MINORITY WINNERS

The present nomination practice by which people get into important state offices by attracting a few thousand votes in Democratic primary elections is contrary to the whole idea of majority rule and may be expected to be corrected unless the people have surrendered to the politicians.

Seven-Foot Pickett, the corporation commissioner, holds the record for low margin nomination. He got in the corporation commission job by winning primary nomination in 1948 with 21% of the votes.

Clint Anderson made it to Washington in 1940 by winning nomination for the House in New Mexico's first primary election with 22% of the votes.

STANDARD PRACTICE IN ONE-PARTY STATES

Run-off primaries are usually held a few days after the first election for the first two contenders in races in which none got a majority of the votes cast.

They are standard in the Democratic one-party states.

Hunting Success Varied in County

The deer hunt success varied, according to Game Department personnel.

In the Sacramento Mountain hunt, a road check on the night of November 9 checked 600 hunters with 362 deer and 12 turkeys.

The deer success percentage was 51.4. On the west side the checking station ticked off 281 hunters with only 37 deer.

Roy Owen reports that the Sacramento area is still one of the best in the state, not only from the standpoint of game harvest but for sportsmanship displayed and for the small number of casualties among hunters.

Hunter success was 28% in the Capitan, where 7138 hunters took 2067 deer. Bucks totaled 1034 including 225 buck fawns; does totaled 1033 including 193 doe fawns.

This deer kill is only about 20% of the estimated deer population in the area. Such a harvest is well within the limits allowable in the practice of game management.

SEASON OPENINGS AND CLOSINGS

Deer hunts scheduled for this week end are the Oscura hunt November 27-28 and the Sandia and Honda-Monito November 29 and 30.

Bear season closes November 30, and season on White Mtns closes December 1.

Trapping season opens December 1 on mink and ringtail, continuing through December 31.

There will be a week end deer hunt in the San Andres-Organ area December 15-14.

CROWNED 'WOOL QUEEN OF LINCOLN COUNTY'

Miss Mathias Britton of Capitan who was crowned 'Wool Queen of Lincoln County' at a style review held recently in Roswell.

Lions Club Hears Talk on Opera

Rev. Homer Reid, pastor of the Trinity Methodist Church in Carrizozo, was guest speaker at last week's dinner meeting of the Lions Club.

Reid is a new member of the club. His topic was 'Why Opera?'

Before taking up ministerial work Mr. Reid was an operatic tenor in Europe and in Mexico City for a number of years.

Opera is the expression of the people, he said, and during recent years there has been an upsurge in opera both in America and abroad.

'Last year over 1400 new operas opened in Europe and South America.'

He described the production of an opera as one that was never the same, depending on the mood of the director and singers.

'An opera means a great deal of work and costs a small fortune to put on. It is the combination of all the arts—ballet, voice, orchestra, drama, acting and scenery.'

The Carrizozo Lions Club meets again for its regular bi-monthly dinner at 6:15 December 4 at the Village Inn Cafe.

Services were held Sunday, Nov. 23 in the Angus Community building at 3:30 in the afternoon for Henry Allen Peebles, 60, of Nogal Mesa.

An inquest was held that morning at the Peebles ranch home, conducted by Justice of the Peace John Mackey of Precinct 14.

The coroner's jury determined that death resulted from a "self-inflicted gunshot wound on the head."

It was brought out at the inquest that Mrs. Peebles was outdoors doing some chores when she heard a shot.

**Teensters
Union No. 1**

Greetings all and sundry! A lot of people are asking me how they can join the Teensters Union, so, in case you, dear reader, are interested, I'll tell you. Just be between the ages of 13 to 19 and be able to read and write. That's all! Easy, isn't it? The reason I say you hafta be able to read and write is because the whole idea of this column is to publish your letters, your problems, and especially your answers to these problems. If you think your parents are too old (or too childish) to understand—just write the Teensters and we'll see what your "contemporaries" say (that's a good word, isn't it?) Anyhow, here we go and I hope you enjoy reading.

Dear Pam: I am 15 years old a sophomore in high school and, man, do I have a problem! I have two boy friends that are calling me, coming to see me and date me. They are both real nice and my parents approve of them; but I have four brothers who are continually embarrassing me in front of them. How can I get them to stop it? I am not sure but one of the boys is quitting to come to see me and he happens to be the one I like best and I think it is because of my brothers. My brothers must realize I have feelings and so do the boys.

There was no signature to that letter; but come on, Teensters, let's answer. Maybe some of you girls who have brothers could help her.

Dear Pam: I stomped and he was no gentleman at all. Oh, he noticed me all right but I sure don't want to speak to him again. I'm no longer "Broken Hearted"—the pain has shifted to a different location where he kicked me with that stomped foot. Yours, "Footy Woosy".

Donald Rickerson wants everyone to know that he didn't write the letter suggesting the girl stomp on the foot. The initials were not his—I must have either made a misprint or else it was someone else with the same initials. Anyhow, I'm sorry it caused any misunderstanding.

Judy Frey had sort of a going-away party Saturday night. She is moving to Chicago this week. We will all miss her. Does anybody know if Mary Portillo moved or not? Anyone knowing anything, I would sure like to know where she moved to.

Sybil Speed moved about two weeks ago. Does anyone know where? It was a "hush-hush" deal. Can the secret be brought out? If so, will you please write me.

Dear Puzzled: If the boy you sat by might have inspired you to do good work maybe you were copying. Why don't you start going with him, then he can also do your homework?—"Lucky"

**Lincoln County News
Carrizosa, New Mexico
FRIDAY, NOVEMBER 26, 1959**

Dear Pam: What is there to do in this town? There is no place to dance unless you want to go to a bar—and they don't let minors in. Only one show; only two days out of the week for roller skating; no swimming, no recreation—just TV. So I watch TV and since they roll in the sidewalks at 9 p.m. that's the time I go to bed. I don't blame "Doria Day" for complaining but what's her husband going to do? The church group might be the answer; but I'm no Methodist. You tell me—"Satchemo."

(You don't have to be a Methodist to go to the MYF group. The older group has Mormons, Catholics, Lutherans, Presbyterians, and, I believe about two Methodists—I am.)

Dear Pam: You can tell "el viejo" for me that 13 is no kid! Juliet was only about 13 when she married Romeo and I would really like to know just how old "el viejo" is to talk so superior—"Thirteen and Proud of It."

Ge, the play the Juniors are putting on is going to be real good. The title is so neat "Do You Trust Your Boy Friend?" I am sure not going to miss it.

Man! Those six weeks tests last week about drove some of us guys and gals crazy. I am sure glad they aren't every week. The other day I was talking about those "Cruel World" jokes. Those things really get me. Here are a couple I thought were real cute:

"But Daddy, I want to save my money for College!" "Shut up and deal!"

"Momma, I want to play with Daddy." "No! I've already dug him up three times today!"

Dear Pam: That gal who's married to the "Square in the Chair" should lay down the law. He could take her out somewhere two or three times a week. There's plenty to do if you want to look around a little bit. But first of all keep Pops out of that chair.—Yours, "Poppeye."

One last letter before I "wrap it up."

Dear Pam and Teensters: I want to tell you how much I enjoy the column "Teensters Union No. 1." I don't live in Carrizosa but we get the paper out here on the ranch and I really look forward to reading those letters. I laughed so hard at that one about "stomping" my mother came in to see what was happening. You see, I have to stay in bed most of the time and I guess I don't laugh too much—so keep it up and may I say I've really got a lot to be thankful for this year because of you and the Teensters Union: May I sign it, love!—Debbie.

That's all, gang—you can see why we've got to keep those letters coming in. Somebody is enjoying it and, Debbie, if that's your real name, you can certainly sign any letter "love" to me and to the Teensters. What do

**The Hondo Corner
By FREDDA PERRY**

Hi everybody! Well, believe it or not six-weeks exams are over once more, and the students around Hondo High are breathing easy again. Mr. Hamilton, high school principal, announced the honor roll in assembly, and it is as follows:

Freshman "B"—Leroy Gomez, Ruth Joiner, Prescilla Sanchez. Sophomore "A"—John Bles, Ben Sanchez. Sophomore "B"—Oziel Chavez, Della Jean Fresquez, Ray Sanchez.

Junior "A"—Patsy Joiner, and Juanita Torrez.

Junior "B"—Vangie Montes. Senior "B"—Johnny Gomez, Hope Silva, Josephine Sanchez, Beatrice Sanchez and Fredda Perry.

Two students on the honor roll above are also on another honor roll. This is the Junior statewide test given every year to juniors through New Mexico. Patsy Joiner made the highest percentile with an outstanding 98%. Juanita Torrez followed closely behind her with a percentile of 94%. I want to take this opportunity to congratulate both of these girls.

The Hondo Valley PTA is having a membership drive and classes as well as old members are participating in order to get more parents to join. The class which has the best membership representation will be honored at a party given by the PTA. Each class has until December 5 to get members.

Ferman S. Montes superintendent of the Hondo Valley school system and Hondo High teacher, was chosen as this week's outstanding teacher by the weekly newspaper. Della Jean Fresquez, a sophomore and the daughter of Mr. and Mrs. Andrew Fresquez, was chosen as Student of the Week. Congratulations to both of you!

Friday night the Hondo Eagles dropped their home game to the Hagerman Bobcats by a score of 55 to 48. High point man for the Eagles was James Sanchez with 16 points. This Saturday the Eagles meet the Dexter Demons there. Good luck, Eagles!

I want to wish you all a very happy Thanksgiving and I'll be seeing you next week.

you say, gang?

By the way, if you like real Italian spaghetti, garlic bread and Italian salad then get a ticket to that spaghetti dinner December 2 put on by the MYF at the Trinity Methodist. That's at 5:30 p.m. to 7. Ask me or Margaret Withers, Tom O'Beir, Donnie Rickerson, John Clegg, Mary Alice King, Sandra King, or Clara Nell Burns for tickets. Mike Voes has some too—or should have.

Thought for the week: (Especially over the Thanksgiving holiday) You can carve your own tombstone by chiseling in traffic!

Happy turkey! — Pam.

News Notes from Along the Bonito

... By LOUISE RUNNELS

Life in the Bonito Canyon is beginning to get a little dull, now that only bear season is left to encourage folks to come this way. However, with Christmas coming and the Lincoln County directory for 1959, I'm gonna keep having fun and the boys won't be near long enough.

This Lincoln County directory for 1959 is not only our first directory, but will surprise us with the information about our county and places nearest here in other counties. My worry is not having time to contact every business to get an ad for the directory. The Lincoln County News (phone 14) will take an ad or answer any questions. The deadline for ads is the last week in December. Let's get our business names in the book!

I'm behind on news about Mrs. Jim Jackson. Many will remember her and some were lucky enough to visit her while she was here from California. She spent time with her daughter, Mrs. R. H. Hedgecock and family, some relatives in El Paso, Roswell and TorC—and is now back in California. She made the trip with her sister-in-law Clara, her husband, and a friend from California.

While talking with Ray Taylor about an ad in the Lincoln County directory, he told me a little story about Smokey Bear that is interesting. Ray, who lives at Lincoln, Leo Joiner of Hondo and Charlie Sutton, a forest official, were at the main camp on top of the Capitan when the big fire was raging. They were cooking for the men when some soldiers and men brought Smokey to camp. Charlie Sutton had some milk in his car and they make Smokey drink some and Ray forced little bits of meat down him. One of Smokey's paws was charred on the inside and Ray doctored it with mentholatum. Later, Ray and Mr. and Mrs. Ross Hatley were in camp and the Flatleys took the cub home for care overnight. Ray Bell got into action and soon the little bear was on its way to fame.

Many helped fight this fire and some almost sacrificed their lives getting it stopped—many

whose names need to be mentioned along with the Smokey Bear story and Capitan being his birthplace. A page is being given in the Lincoln County directory for Smokey the Fire Prevention Bear. The Capitan Chamber of Commerce has a strip at the top of the page and two businesses, the Mountain Valley Motel and Pearl's and Johnnie's Cafe and Package Store are advertised in the bottom strip.

Ray Taylor has just finished drilling a water well for the Nazarene camp at Angus.

Fred Sweet Jr. from Alamogordo and his children drove up to check on his dad's house and turn the water off for the cold winter months. He had talked with Fred Sr. at TorC and found him feeling fair. Cora Dutton, who has been taking baths at TorC, had seen him and reports Fred and Barney Ward are doing fine and she herself is benefiting from the health baths.

Mrs. Lloyd Coc, friend Patty and Charlie Stearnes were in Philadelphia Canyon one day last week visiting Mrs. Anna LaMay.

Jim Byler and Arvel Runnels went to Roswell last week to get a deep freeze. They came back to Ruidoso and found a real bargain at Bones Wright's C&L lumber and hardware store. YEP, it pays to shop at home!

Mr. and Mrs. Kermit English from Odessa, Tex., spent a week on the Bonito hunting, and a week in Las Vegas, Nev., "playing"; then back to Bonito City for a night. They like this country and thought the cold weather was wonderful!

Bob and Mary McProud and Mary's daughter Clara from Orogrande were on the Bonito bear hunting Saturday and Sunday.

W. L. Grubbs of Fort Worth, Texas, sent Arvel a picture of himself and the 250-lb. buck he killed while here hunting season. The picture was in the Rosebud County Texas News.

Happy Turkey Dinner to Everyone! The Capitan PTA is sponsoring a community supper Wednesday night and everyone is welcome.

OVER
\$11,500,000
INVESTED in
NEW MEXICO and
ARIZONA this year

Southern Pacific last week announced plans to spend \$3,117,000 for installation of Centralized Traffic Control (C.T.C.) over the 140 miles of railroad between Lordsburg and Anapra. This follows closely upon the almost completed C.T.C. job, costing \$3,737,000, between Lordsburg and Mescal, Ariz., a distance of 124 miles.

The combined installations will place over 260 more miles of S.P. main line in the Southwest under the direction of C.T.C., which will allow faster train movement and insure recently reduced freight schedules as well as increase capacity on this main line, through remote control of switches and signals.

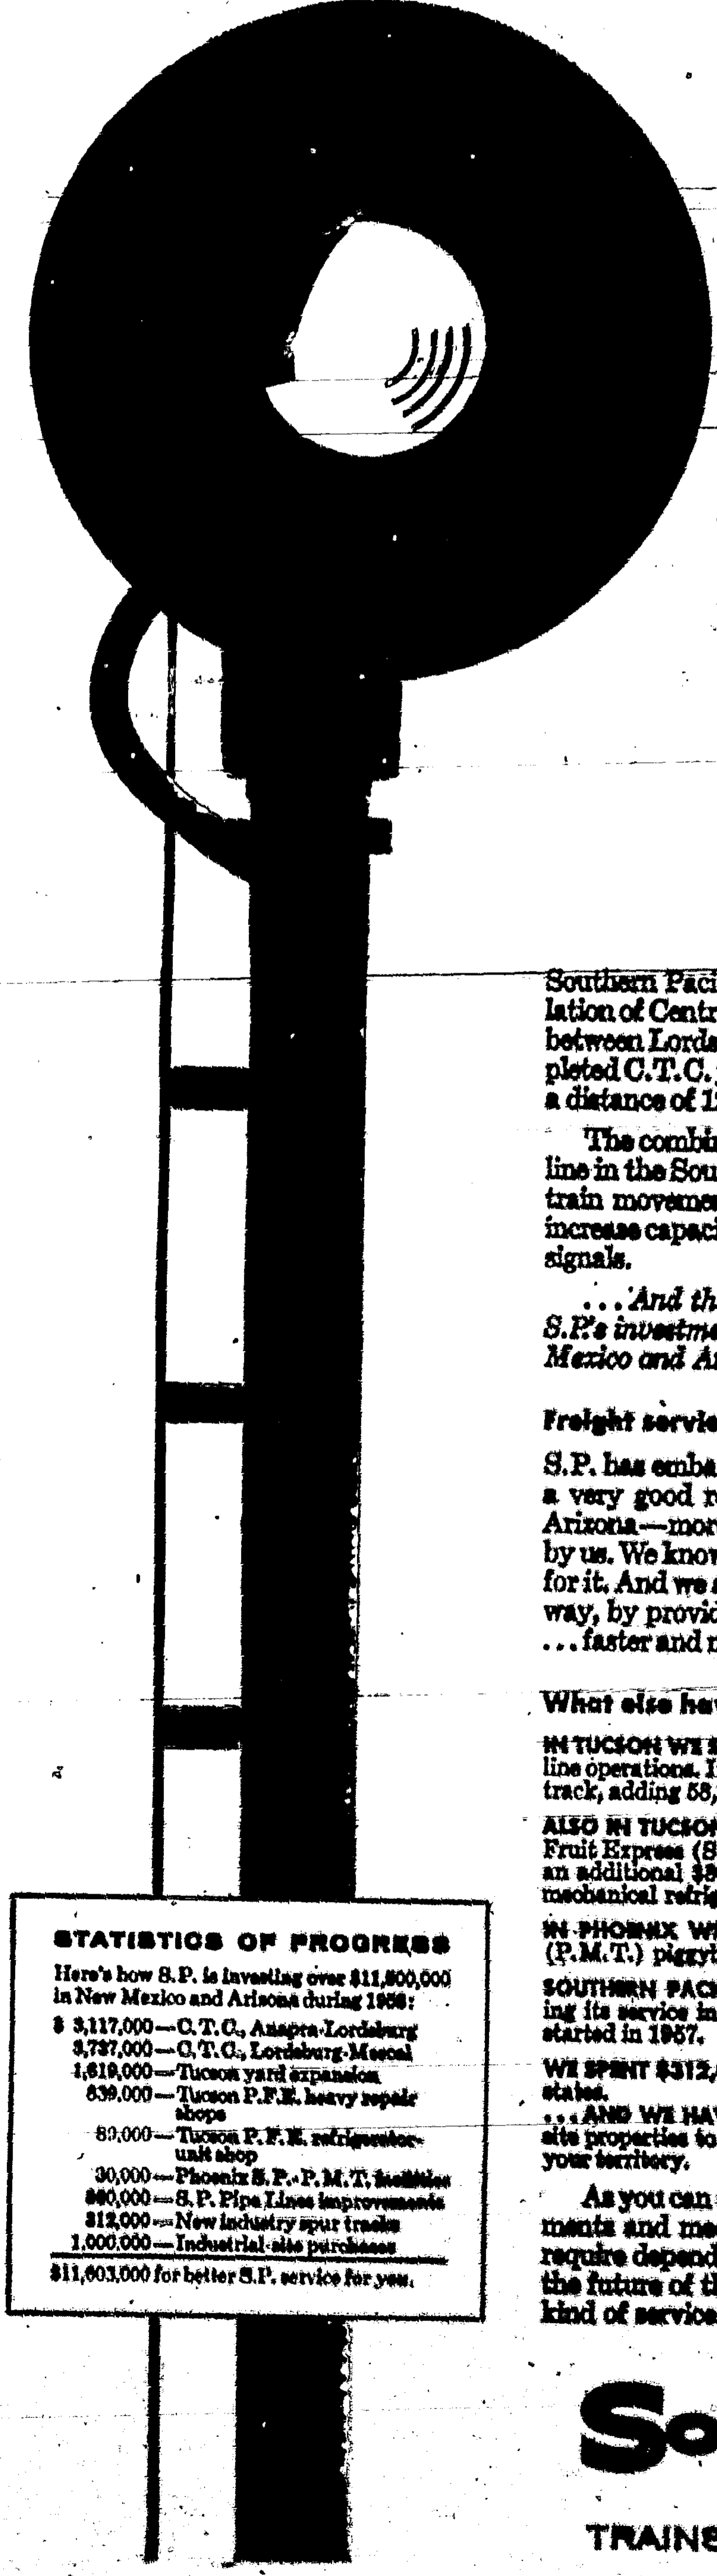

... And this latest project brings to a total of more than \$11.5 million S.P.'s investment during 1956 in the improvement of its facilities in New Mexico and Arizona.

Freight services to meet the needs of your fast-growing territory
S.P. has embarked on these projects—and spent this kind of money—for a very good reason. The impressive overall growth of New Mexico and Arizona—more and more people, business and industry—is fully recognized by us. We know as you do that the Southwest has a fabulous future in store for it. And we are determined to keep up with that future, every step of the way, by providing ever better and more diversified transportation services ... faster and more efficient operations.

What else have we done (and spent) in this region during 1956?
IN TUCSON WE SPENT \$1,619,000 expanding our freight yard to speed up and streamline operations. In effect we made one big yard out of two, by relocating 45,000 feet of track, adding 58,200 feet and installing a new interlocking system.
ALSO IN TUCSON WE ARE SPENDING \$239,000 on extensively enlarging the Pacific Fruit Express (S. P.-U. P.-owned) facility to take care of heavy car-repair work, and an additional \$50,000 for a new P.F.E. shop to maintain America's largest fleet of mechanical refrigerator cars.
IN PHOENIX WE SPENT \$30,000 building a new S.P.-Pacific Motor Trucking Co. (P.M.T.) piggyback ramp and a new truck-service unloading dock.
SOUTHERN PACIFIC PIPE LINES SPENT \$860,000 improving its facilities and extending its service in New Mexico and Arizona—final phase of a \$1.8 million program started in 1957.
WE SPENT \$312,000 installing spur tracks to new or expanding industries in the two states.
... AND WE HAVE INVESTED OVER \$1,000,000 for the purchase of good industrial- sites properties to further guarantee the future expansion opportunities for industry in your territory.

As you can see, it takes a lot of money to make the continuing improvements and meet the changing needs of communities and customers who require dependable, modern transportation service. With our great faith in the future of the Southwest, it is our intention to keep on giving you this kind of service.

NOGAL NEWS

By ROSALIE DUNLAP

Death of Henry Pebles Saddens Community

Nogal and the surrounding communities were saddened by the death of Henry Pebles, one of its oldest residents. He leaves to mourn besides his family a host of friends and neighbors.

Henry had lived all his life at Alto and on the ranch on Nogal Mesa where he and his family moved in 1931.

Henry and Lydia always gave a helping hand to those who were in trouble or need.

He served on the school board for several years while his children were going to school in Capitan. He was also active in the Ranchmans Camp meeting, Angus cemetery days, Farm Bureau and many other activities on the Nogal Mesa.

After Bobby, his son, left home, he continued to show Bobby's registered Rambouillet sheep at the State Fair at Albuquerque and the Roswell fair, where they took many championship ribbons. Bobby started out with five head and the flock had been built up to approximately 25 head.

Our heartfelt sympathy goes out to his loved ones and those who were so close to him. He will be sadly missed by all.

Mr. and Mrs. Lester Greer came up for a few days' visit with their daughter and family, Mr. and Mrs. Melvin Frye, before they leave for Chicago some time this week.

Melvin Frye arrived home from Chicago Sunday morning to help his family get moved to Chicago.

Lincoln county was well represented at the Farm Bureau convention at Roswell. We are all very proud of our talent, Mary Guck, who placed third. Congratulations Mary. We were sorry that our other talent, Miss Mary Nickels, was unable to be there also.

Mr. and Mrs. Lloyd Hulbert of Lincoln and Mr. and Mrs. Harold Bryan and sons of Carrizozo were Sunday afternoon guests of the Melvin Fryes.

The Hulberts have leased the Greer place (the former Frye place) and are looking forward to having them for our new neighbors.

Mrs. Ruth Aguayo accompanied Mr. and Mrs. Roy LaMay as far as Helen Monday. Mrs. Roy LaMay then went on to Albuquerque.

Mrs. Pearl Stearns left for San Angelo, Texas, Monday morning to visit her daughter (Mr. and Mrs. Clyde Adams) over the Thanksgiving holidays.

It is no nice to have Mr. and Mrs. Ralph Forgytha, Mr. and Mrs. Leonard Sharpe and Mr. and Mrs. Marlowe Sharpe and family of Maxton with us again. The Sharpes are here to look after their mining property on the Mitten Bay.

SPORTS CORNER

VAUGHN WINS ON FREE THROWS

The old adage "free shots wins many games" came back to haunt Coach Moses and his Cardinals Friday night.

Though the Cardinals outscored the Eagles 16 baskets to 12, the 18 for 22 free shots for the Eagles paid off. When the final buzzer went off the Cardinals had dropped a heart breaker 42 to 38.

The Cards trailed most of the game and the half read 22-15. In the third quarter the Cardinals took life and led 25-23 but this was only temporarily. The Eagles came charging back with their free shots and went ahead for good.

Frank Montoya, Vaughn center, fired in 17 points on 6 field goals and 5 free tosses to sweep game scoring honors. Jay Williamson paced the home-standing Redbirds, making 10 points on 4 field goals and 2 free shots. Woody Dame and Leo Alirez were runnersup for Corona with nine points each.

Corona "B" 53, Vaughn "B" 21

Led by their high scoring teammate, Woody Dame, the Cardinal B Squad swayed the Vaughn B Eagle squad 50-21. Dame took scoring honors with 22 points on 10 field goals and 2 free shots.

Corona Harnesses Cyclones, 54-31

A cyclone composed of Stanley and Co. hit Corona Saturday night but when the dust had settled, the Cardinals had hit the winning trail again running up a score of 54-31.

Playing without their first string guard, Leo Mulkey, didn't seem to slow the Redbirds down. At the half the scoreboard read 24 to 12.

Johnny Erramoupe, an outstanding guard, captured scoring honors, firing in 14 points on 3 field goals and 8 free tosses. "Moose" was closely followed by Leo Alirez with 12 points on 5 field goals and 2 charity tosses.

Corona B 47, Stanley B 22

The Corona Cardinal B team won their fourth game without defeat Saturday night by defeating the Stanley B squad 47-22.
