

Ramblin' Around Lincoln County

(A resident of Roswell in 1837, Mrs. Sara L. Bonney writes the following article for the Glencoe Women's Club.)

WHITE OAKS

By SARA L. BONNEY

Today the Old Mine at White Oaks is owned by one of the Supreme Court judges of our State. A. H. Hudapeth, whose supreme ambition is to put White Oaks back on the map.

Many incidents could be told about the mills and the mines—of the secrecy and danger involved in getting the gold bullion to the smelter.

Many of us have watched the gold gathered on the amalgam plates. One lady tells of a scraping after the major gold had been caught and removed.

From 1890 to 1899 were the great boom days of White Oaks. In 1890 there were 1500 inhabitants.

Then old Dr. Lane who always answered calls; E. H. Parker, Rolla Wells, Albert and Jake Ziegler and Dr. Paden who left for Carrizozo but returned to end his days in his old home.

We must tell of the club of young men—all state known—Andy Robinson, Jim Brent, Dr. Paden, W. C. McDonald, J. F. Chee.

White Oaks had 3 churches. The first paper published in Lincoln County was at White Oaks—"The Golden Era"—first edition December 18, 1880.

The second newspaper was The Leader, established October 1, 1882, by L. N. Rudiselle. He edited this paper for 12 years.

There were social clubs. A literary club met twice a week at the various homes, generally where there was a piano or organ, as musical talent was evident.

The devotees of musical instruments were headed by our genial host's father, Ed Bonnell, a talent inherited to a marked degree by his son Bert.

Many a hotly contested croquet tournament whirled away the long hours of this community. The town hall was a church, center of civic affairs.

We must not forget Whiteman, the Jew who held a very secure place in the homes and trials of these early days.

Today we see the same beautiful setting, the same hills, the same trees. The sun rises in glory and sets in splendor, but where is the human element?

All remarkable houses were taken to Carrizozo. A few miners still prospecting and panning, keeping the mine they

Bonito May Be Open to Fishing

The possibility that Lake Bonito might be opened for fishing for the rest of the summer grew out of Monday's meeting of the State Game and Fish Commission.

The Alamogordo city commission at their meeting next Tuesday will have before it a proposal by the Game Commission to stock the lake provided there is no additional charge to fishermen.

The News was also informed that the members of the Game Commission agreed to attempt to find funds to hire one man to assist in supervision at the lake during the time it is open for fishing.

Salvation Army Having Fund Drive

Byrl E. Enoch, Salvation Army field worker, is here to conduct the organization's annual fund raising campaign.

Mr. Byrl said that the Army's funds are to be used to aid and comfort the distressed, the neglected child, the girl facing unwed motherhood, the man behind prison bars, the hungry, the homeless and those struck by tragedy and disaster.

Marvin H. Roberts is chairman of the local service unit committee supervising the services rendered by the Salvation Army in this area.

This service unit is one of the hundreds of such groups across the United States made up of volunteer citizens who serve without remuneration in those towns where there are no organized Salvation Army Corps.

On the committee with Mr. Roberts are E. E. Lemon, treasurer; Hollis Cummins, Mrs. Wayne Hamilton, Edward Penfield, Vernon Petty and A. P. Sifton.

Contributions may be given to any one of these committee members, to Mr. Enoch or mailed to R. E. Lemon, care of Citizens State Bank in Carrizozo.

The couple moved to Vaughn, N. M., in 1916, where Dr. Shaver practiced his profession for two years, then established his office in Carrizozo.

Mrs. Shaver's principal interests in life were her family and her affiliation with the Church of Christ. She was intensely devoted to both.

COWBOY HEADLINES POLITICAL SHOW

Santa Fe, June 18 — Forrest Atchley, a modest cowboy type from a ranch in Union county, will hold top billing in New Mexico's act in the big November 4 spectacular — that's when he contests with Demo Dennis Chavez for the United States Senate.

Pat Hurley took on Chavez in 1932 and 1936 and lost both runs by a scanty margin.

Pat was global in stature but without much local recognition. There is nothing global about Atchley but he is New Mexico right down to the bottom of his stirrups.

CHAVEZ LOOKED WEAK UNTIL THE VOTING

A year ago the Washington experts were conceding New Mexico to the Republicans in the Senate, that because of the low estimation of many of the Washington pundits for Senator Dennis Chavez and because of his close squeezes with Gen. Hurley.

They woke up to reality when Chavez smashed Johnny Walker in the primary and drew what seemed to be a couple of weak ones in the Republican primary.

The Republican run was supposed to go to Reginaldo Espinosa of Espanola which would have been ideal for Chavez, but it didn't. Atchley showed surprising strength in winning the run by 500 and is now regarded as a serious challenger.

HAS ADVANTAGE IN RACIAL VOTE

Atchley had three terms in the state house, 1915, '47 and '53. He went for congress in 1930 and lost by 16,000 running a couple of thousand behind the other Republican candidate, Dudley Cornell.

His strength this time against Chavez in November lies first in the racial voting that shows in every election with candidates of non-Spanish names getting the best of the prejudice vote, and second in his cowboy background that rates good with New Mexico voters.

With that he is still no favorite to beat the old champ. It would be a major upset.

EDITORS EXPECT DEMOCRATIC WIN

The state press convention in Santa Fe last week end showed most of the publishers and editors anticipating that Demo John Burroughs would defeat Gov. Ed McCrech—that because of what appears to be peace in the Democratic party. They guessed that Senator Chavez would win but with a close margin, figured the recently nominated Democrat Tom Morris would have a walk-away for congress, and predicted that Demo Joe Montoya would make it again to congress.

There was embarrassment when Charlie Guay, the Lubbock publisher speaking at the final banquet at which Gov. Ed McCrech was the guest of honor, said that Democrat John Burroughs would probably be the next governor.

And there was a rhubarb when somebody at the convention desk would not admit State Secretary Natalie Buck to the banquet on

Merle H. Tucker, director of the State Tourist Bureau, has written the Chamber of Commerce, in part as follows:

"Would you list for us all of the regularly scheduled annual events in your area which could conceivably be given a special anniversary theme during 1962?"

The aim is to draw all of our rodeos, fiestas and other local events into the semi-centennial celebration throughout the year. An inventory of these events is being assembled by the Tourist Bureau. In addition to the title of each event, we would like to have the name of the sponsoring organization and the proper officer to contact about semi-centennial participation. Also please give us about a 100-word description of the event."

The regular meeting of the Capitan Women's Club was held at 8 p.m., June 12, at City Hall.

Mrs. Lewis Cummins, program chairman, presented a very interesting program about community beautification.

She first introduced to the club our Mayor, Joe Bensch, who spoke of what had been done, what should be done, and what will be done to improve the appearance of Capitan.

Also, Rev. Kuykendall of the Nazarene Church of Capitan gave an impressive talk on the spiritual sense of community beautification.

Mrs. Cummins concluded the program by telling of past deeds by some good townspeople to beautify our community.

After the business meeting, the hostesses of the evening, Mrs. Hugh Calhoun, Mrs. Ray Provine, and Ellen Bankston, served a wonderfully refreshing ice cream and Coke drink with cookies.

'Tween Us Teens

By MARY (Ginger) NICKELS

Golly, it sure is nice to have the Graves family here in town again! It's been a long time since we've seen them!

Say, the choir of the Nogal Presbyterian Church had a tremendous picnic Tuesday night, rain and all! Those present were Donna Zumwalt, Jane Hite, Ted Colecott, Paul Wesburg, Roger Underwood, Linda Witham; Robby Stearns, and Barbara Robinson. They all had a real great time!

On the Ed Sullivan show Sunday night they took you on a tour of the World's Fair in Brussels.

We saw the Russian pavilion with its exhibits of the three Sputniks. A model of Sputnik II even showed where the "Red Dog" stayed!

Then there was Holland's displays, showing how much water helped them, and how they controlled it.

In England's building we heard selections played by the London Philharmonic Orchestra. They were truly beautiful!

This great fair also showed us the never-to-be-underestimated effect on the world of the American hot dog. Youngsters and oldsters alike wandered around the grounds munching on their choice morsels. Everywhere you looked, there were more hot dogs.

Speaking of youngsters, here is a poem about boys that I found quite interesting:

I think that I shall never see
A boy who quite appeals to me,
A boy who doesn't always wear

A slab of grease upon his hair,
A boy who keeps his shirt tucked in
And doesn't have a stupid grin.

But boys are loved by fools
Like me
'Cause who on earth would love a tree?

I'll have to think about that!

Pointers on Making Garments With Wool

By LOIS JASPER

We have several girls interested in entering the make-it-yourself-with-wool contest this fall. Here are several pointers.

Are you making your wool garments now for the "Make-It-Yourself-With-Wool" contest next fall? If so, linings will help to keep your wool garments from stretching or bagging.

Lightweight woolsens and jerseys are fabrics which need the most attention as far as linings or reinforcement are concerned. The slimmer the skirt, the more need for a lining to prevent bagging out the back or stretching the front portion.

"If a slightly slippery fabric, such as taffeta or rayon twill, is used for a lining, the outer fabric will not stick to the lining portion, and the garment will be easier to put on and take off." Often a very light-weight fabric such as a net or marquisette makes a fine lining for the bodice portion of the dress if you find it necessary to line this part of the garment.

These are some pointers about wool tailoring: When you are making the garment at home, cut the lining for the skirt using the skirt pattern pieces as a guide. The lining may extend just below the hips from side seam to side seam, or may go down the entire skirt to the line where the hem will be turned up. If the skirt has a slight flare you may need to line only the back skirt and not the front, too.

The darts may be sewed in the lining and skirt fabric separately or they may be placed together before sewing the darts. The waist and side seams of each piece of the skirt may then be stay-stitched. Stay-stitch the lining and wool together, treating the two pieces of fabric as one. Press seams open.

When a purchased dress or skirt needs a lining, fit the lin-

ing fabric to the portions of the skirt to be lined and cut out. Hand-stitch or machine-stitch the lining to the side and waist-line seams.

Always finish the bottom portion of the lining when not carried down into the hem. Pinking and one or two rows of stitching may be used to finish the bottom of the lining. If the lining tends to fray a great deal, turn the bottom edge over a quarter of an inch and machine-stitch.

Homemakers College

Homemakers College was an activity which was well worth the effort made to attend. Mrs. John Holleyman and Mrs. Clint Sultemeier represented Lincoln County and will be giving a report at the June meeting of the Corona Extension Club.

The following is a brief summary of the talk given by Dr. Alexander at the final meeting following a banquet Thursday evening.

"Life Quiz" was presented to some 700 New Mexico Homemakers, at the second annual Homemakers College, by Dr. William H. Alexander, pastor of the First Christian Church in Oklahoma City for the past 16 years and a nationally-known lecturer. (Cont on Page 6)

C., filed in the Land Office of the Bureau of Land Management, Department of the Interior, at Santa Fe, New Mexico, a request for publication of notice to all mineral locators or any person claiming under them involving a mining claim or claims located on lands in the County of Lincoln, State of New Mexico, described as follows, to-wit:

2. That if any person claiming or asserting under, or by virtue of, any unpatented mining claim located prior to July 23, 1935, any right, title, or interest in the vegetative surface resources and other surface resources, under such mining claim, contrary to or in conflict with the limitations or restrictions specified in section 4 of said act, as to the above-described lands or any part thereof, shall fail to file in the Land Office of the Bureau of Land Management at Santa Fe, New Mexico, and within 150 days from the below-stated date of first publication of this Notice, a verified statement which shall set forth as to such mining claim:

(1) The date of location;
(2) The book and page of recordation of the notice or certificate of location;
(3) The section or sections of the public land surveys which embrace such mining claim; or if such lands are unsurveyed either the section or sections which would probably embrace such mining claim when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument;

(4) Whether such claimant is a locator or purchaser under such location; and
(5) The name and address of such claimant and names and addresses so far as known to the claimant of any other person or persons claiming any interest or interests in or under such unpatented mining claim; such failure shall be conclusively deemed (a) to constitute a waiver and relinquishment by such mining claimant of any right, title, or interest under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of the Act of July 23, 1935 (49 Stat. 367), as to unpatented claims located after that date, and (b) to constitute a consent by such mining claimant that such unpatented mining claim shall be subject to said limitations and restrictions, and (c) to preclude thereafter, prior to issuance of patent, any assertion by such mining claimant of any right or title to or interest in or under such mining claim contrary to or in conflict with said limitations or restrictions. Section 4 provides, generally, that unpatented mining claims located after July 23, 1935 shall not be used for purposes other than prospecting, mining, or processing operations, or uses reasonably incident thereto; that such claims will be subject to the right of the United States to manage and dispose of

the vegetative surface resources thereof and to manage other surface resources thereof; and that, except to the extent required for mining operations and uses reasonably incident thereto or to provide clearance for such operations or uses, claimants of such claims shall not use or dispose of vegetative or other surface resources thereof; and that, except for clearance for such purposes, any permitted severance or removal of timber must be in accordance with sound principles of forest management. Said Section 4 also provides that any use of the surface of any such mining claim by the United States, its permittees or licensees, shall be such as not to endanger or materially interfere with the prospecting, mining, processing or reasonably incident uses by the mining claimant.

The date of first publication of this Notice shall be April 25, 1938. Dated April 11, 1938.
