CARRIZOZO GETS NEW WELL

Looking satisfied Mrs. left to right, Lucinda Vega, Wayne Withers and Austin Weeten, as they gaze upon the plentiful flow of good water from the new 145 foot well drilled by Jim Adams. For thirty hours 550 gallons per minute were pumped while

the level of water held steady at 100 feet. "This is good water," Mayor Withers said. "Better than the other well." The well will be tied into the lines in a few days.

UNIONS TO REJECT BOTH CANDIDATES

Santa Fe, July 9. — Organized labor will meet in September and reject both candidates for governor as they did in 1935 when Republican Ed Mechem defeated the Democratic incumbent, John Simms.

The action will amount to favor for the Republican. The unions just don't endorse Republicans except in freak circumstances. Their denial of endorsement of Democrats amounts to an expression of disfavor.

The course that the unionists are following at this date stands to help the Republican governor, Ed Mechem, in Grant, Eddy, Bernalillo, San Juan, McKinley, Colfax and Los Alamos counties where the union discipline is strong, and perhaps in a small way elsewhere.

Top leaders in the union movement, both severe critics of Democratic candidate John Burroughs, Jim Price of Roswell, president of the state labor organization, and Tom Robles of Albuquerque, executive officer, have terms carrying over for another year.

The September meeting, a month earlier than ordinary, is intended to get the labor movement underway in time for maximum effectiveness.

The unions are not only interested in the governor's race, but also in getting Sen Dennis Chavez back for another six years, and in electing a legislature that will protect them against the union-busting "right to work" law.

SCHOOLS TO PAY FOR QUALITY

Los county has set up a deal to pay teachers as much as \$450 a year bonus for study of Russian and Chinese.

San Juan county is offering \$400 for teachers who acquire 30 hours post-graduate credit in the subjects they teach.

The programs are a sharp departure from existing practice in which teachers are paid extra money for post-graduate work regardless of the subject involved. An automobile driving instructor, for instance, can get extra money for studying wood work.

DEMOCRATS MEET

The Democratic meeting in Santa Fe, July 12, is one of the state central committee of 160 members rather than a convention as stated in this space last week.

The committee members are expected to name a new state chairman for Ernie Tucker's place, probably Seaborn Collins of Las Cruces, and to set a date for the platform writing convention, probably in September.

FIGHTERS MAKE UP CONTRACTOR PAID

Iber McKinley, the tempestuous highway commissioner from Alamogordo, and highway contractor, Herb Longenbaugh, Albuquerque, had to be pulled apart at a road contractors party here in an altercation that developed over the highway commission's refusal to pay Jack Adams the final \$91,000 on his million-dollar construction job in Hidalgo county which came apart like a peach mud.

McKinley and Longenbaugh were buddies-buddies a couple of days later, about the time that the highway commissioner agreed to give Adams his \$91,000.

It is going to cost the state \$200,000 to repair and re-do the Adams job. It came apart, because specifications were not followed in construction.

GRAY'S HELPER GETS MARRIED

Charlie Davis who works for U. S. Sen. Dennis Chavez has been raised from \$14,900 a year to \$16,300. . . Larry Garcia, the Democratic chairman of Mora, who quit a \$300 a month job in the Democratic state land office to take one for \$345 in the Republican forestry office, now has no job at all. The Republicans rejected him when he refused to quit his party office and Land Commissioner Murray Morgan wouldn't take him back.

Republican candidates for some of the minor offices are feuding about what they consider a lack of activity in the party which last spring raised a \$40,000 campaign kitty at a hundred-dollar-a-plate dinner. . . County county is paying the top starting salary for teachers in the state, \$3000 for those with four-year college degrees. . . Average teacher salary in New Mexico is \$2,200. . . Bureau of Education tax collections for the first year that ended at the close of the fiscal year were \$1,000,000.

CITY COUNCIL HOLDS MEETING

A regular meeting of the City Council was held Tuesday night, July 8, at the City Hall.

Appearing before the Council was Jess Garrison, who stated that the road leading to the old city dump grounds is on his private property. Garrison requested permission to close the road to all further traffic. The Council granted the request.

J. D. Garrison, Chief of the Fire Department, was also present at the meeting. He reported that the Grand Jury stated that the radio, which is now in use in the Sheriff's office, belongs to the Fire Department and not to the Sheriff's Department. This cleared up the long-standing controversy over the ownership of the property. Also Chief Garrison reported that the Fire Department building belongs to the Department and not to the city, as some had supposed.

The Council was in receipt of a letter from the State Health Department, concerning standing water in the excavation which was to have been for the proposed swimming pool. The City is requested to complete filling the hole as quickly as possible and thereby remove the possibility of stagnant water gathering there.

A permit was granted to Mark Walters of Alamogordo for the construction of another new house in the McDonald Addition, to be located on Lot 9, Block 13, and the total cost to be \$3,500. . . Application for new business licenses were granted to George Ferrara, Ken Shoenecke and Billy B. Edwards. Ferrara plans to open a new service to be known as the Western TV Service; Shoenecke, a Frozen Food Distributorship; Edwards, a new shoe shop near the bank.

Vaccination Clinic At Capitan School

Mrs. Alma Bradley, County Health Nurse, announced that she will hold a vaccination clinic for pre-school children at Capitan, Tuesday, July 15 during the hours of 9:30 to 11:30 in the morning and 2:00 to 4:00 in the afternoon.

Parents of children of this age are urged to bring the youngsters to the school for vaccination, especially those children who are entering school this fall.

Little League Schedules Game At Ruidoso

Coming up on the schedule of the hustling Little League baseballers are two games, one to be played here at 5 p.m. Thursday, July 10 and one to be played under the lights at Ruidoso, on Monday, July 14, at 6:30 p.m.

The home game will be played between the Indians and Fort Stanton; and the Ruidoso contest will be the Tigers vs. Ruidoso. The Indians took the measure of the Tigers Tuesday, July 8, by a score of 17 to 2.

up \$2.4 million over the year period, a gain of 8.5%. The gain was greater than a year before.

The Last Escape Of Billy the Kid

By MRS. WILSON COE

The Lincoln County Historical Society will sponsor for the 10th consecutive year the Billy the Kid Pageant, to be held in Lincoln on August 1, 2, and 3.

This colorful musical pageant re-enacts the last escape of Billy the Kid in the shadow of the Old Lincoln County Court House. The pageant is presented by the local people, many of whom are direct descendants of the men who fought in the Lincoln County War in 1878.

The first practice of the pageant will be held at the pageant grounds at Lincoln on July 15. It will begin with a free barbecue to which all the participants are invited. The Historical Society will furnish the barbecue, bread, coffee, plates and cups. The actors are invited to bring a covered dish.

The El Paso Horaceless Carriage Caravan will be at the pageant grounds Saturday and Sunday, August 2nd and 3rd. To see these old cars is worth the price of admission to the pageant: \$1 for adults, and 50 cents for children.

The Lincoln County Historical Society extends a most cordial invitation to everybody in the area, particularly the personnel of the Air Bases to attend the pageant this year.

Barbecue dinners, hamburgers, cold drinks will be available on the pageant grounds. A Day In Old Lincoln will be celebrated on Sunday, August 3, program 10 a.m. to 6 p.m. Old Time Music, Big Parade, Introduction of Governor, and other distinguished guests. All candidates of both parties are invited. There will be a Fashion Contest and prizes for old fashioned dresses and Fiesta dresses. Mrs. Charles Marson, chairman.

Ground Broken for Museum in Capitan

By DOROTHY GUCK

Saturday morning, July 5, a solemn service was held at the site of the proposed Smokey Bear Museum in Capitan. Mrs. Jack Shaw had charge of all arrangements. As president of the Smokey Bear Committee, Bill Holmes spoke on the hopes of the group that the building of this log structure would mark the beginning of bigger and better things for Capitan.

Mayor Joe Kenich voiced the opinion that the people of Capitan are anxious to back any project that will not only beautify the town but will make it a better place to live. He said, "Smokey the Bear is a national symbol of Conservation, and Capitan is proud to be able to help Smokey in his campaign to help America green."

Mrs. Ross Flattery, using a U.S. Forest Service shovel, broke the ground for the laying of the concrete foundation. Rev. Charles Sparks delivered the invocation.

Annual Rodeo Held At White Oaks

A large, enthusiastic crowd attended the annual Fourth of July Rancher's rodeo at the Bud Crenshaw ranch in White Oaks.

This non-profit organization show has been put on in the endeavor to bring back old-time get-togethers and to encourage ranchmen and their children, who do not have time from their ranch work to practice regularly, to come out and participate in events where the entry fee is not too high, and the competition is non-professional.

This year 50 and 75 cent admission was charged with the gate receipts split up among those who worked to improve the field, handle the stock, take admissions, and so forth. Part of this also went toward the band that played later that evening in the old White Oaks schoolhouse.

All entry fees were split to the first three place winners. Several ranchers donated time and effort to make this a success. Bud Crenshaw donated roping calves, goats, burros and most of the bucking stock. Straley's donated an outstanding bucking horse. Elliot Moore spent two days helping to gather the wild bunch.

Pat Dunning donated eight bucking brahmas and her stock truck. Charlie Leslie drove the truck. Sergeant Morris, George Morris and several other G's helped put up the judges stand and pop stand. Orens Crenshaw sold tickets.

Mrs. Tommy Knight, Mrs. Pat Dunning and Mr. Macintosh were score keepers and secretary. Tom Knight and John Phillips judged. Uncle Nathan was flagman. Bud Crenshaw was everywhere at once, keeping the show rolling.

Of course, there were a few minor set-backs. Last year it was a high wind, no judges stand and trying to keep score and finances straight on horse-back. This year the amplifier system refused to work, and Merle Kennedy announced himself horse through a megaphone. All in all, things ran off smoothly.

Winners in the various events were as follows:

- Goat Roping: Winchester, 1st; Roy Tucker, 2nd; Draper, 3rd.
- Calf roping: Roy Tucker, 1st; Ancho Barham, 2nd; Bill Frammell, 3rd.
- Wild burro team roping: Bill Smith, 1st; Bud Crenshaw, 2nd; Kenneth Crenshaw, 3rd.
- Bull Riding: W. A. Honeycutt, 1st; Cope Straley, 2nd; Harry Miller, 3rd.
- Open barrel race: Tom Knight, 1st; Sherill Perkins, 2nd; Ron Perkins, 3rd.
- Barrel race: Cope Straley, 1st; Sam Ruab, 2nd; Carl Draper, 3rd.

There was a cutting-horse exhibition, a jack-pot calf scramble, in which kids put up their own money and Bud Crenshaw donated a baby angora goat to the first under 10-year-old who could rope it. Little Rudi Galdon won it.

At the schoolhouse that night J. D. Morris, Hernandez, George Hitek and Purcell got together and played up a storm. Everyone spoke highly of their music making.

Bud Crenshaw wishes to thank everyone who contributed time and effort to make the show a success. And we, the participants, wish to thank him for making such a clean old-time ranch hand's rodeo possible.

Nogal Mesa Cowboy Camp Meetings Soon

By DOROTHY GUCK

Nineteen years ago three ranch-raised men saw the need for a part of life in the West that had been mostly lacking—religion. The desperate struggle for existence in an untamed land where homes were widely separated in the broad expanse of cattledand, had made neighborly gatherings for community services almost an impossibility. Rough roads and a limited means of transportation along with the never ending chores of ranch life had added to the impossibilities.

Rev. Ralph Hall, Rev. Roger Sherman, and Joe Evans had been raised in Texas. Ralph started working for the church as a traveling Presbyterian missionary around Eunice and Jal; was even in the town of Lincoln for awhile. His horses Carrion and Geronimo carried him to the ranching communities where he worked as an extra hand in the sweat and grime of whatever chore had to be done, then he held services in the evening.

Ralph has always acted as manager of the camp meetings. His wife, Lillie Bea, most always comes with him to Nogal Mesa and sometimes the children, Jim, Betty and Ralph Jr. are there too with their families. Many a meeting on Nogal Mesa has been opened by Rev. Hall with these words, "God is in the mountains and the trees. He is in the sky and the grass. With bowed head, I humbly thank Him for the privilege of camping in the beauty of His holy kingdom."

Forrest and Roger Sherman were raised in Seminole, Texas. Forrest chose the site for the Nogal Mesa Camp meeting, and until his untimely passing in 1947, was a faithful worker for the camp meetings.

Roger Sherman, who has always assisted Ralph Hall as manager, started working for the Presbyterian Church in 1929 out of Eureka, Nev. He traveled through Utah and Colorado preaching, and finally to the Pecos Valley. In 1943 Roger went to Reserve, N. M., in 1947 to Magdalena, and in 1948 to Roswell, where he has held pastorate.

Joe Evans has always been a cowboy. He comes from one of the families that founded the Bloys Camp meeting in the Davis Mountains of Texas some 67 years ago. He travels to all the camp meetings in the Southwest. He is known as the author of several books about the cowboy and as an outstanding teller of Western tales. He recently received an award from the Texas Council of Churches for distinguished churchmanship. The honored layman was also chosen El Paso District Texas Baptist Father of the Year.

The interdenominational services of the camp meetings are still under the guidance of the three men who first started them. All other arrangements are made by the cattlemen. Each year two ministers of different denominations alternate in preaching at the tabernacle services. When the Nogal Mesa Camp meetings open Wednesday evening, July 16, the preachers will be Rev. Louis Evans of New York, and Rev. Roy Ford of Fort Worth.

Cowboy Camp meetings are now held all over the west with camping equipment being hauled in large trucks to meet a schedule that lasts all through the summer months. Rev. Tom Myers of Animas, N. M., drives the truck of supplies to the Nogal Mesa meeting, which is the oldest and the largest of the camps. Tom also gives Rev. Bill Lytle of Corona a hand with the singing.

Meals and camping privileges are only for those who attend the services, but collection plates are not passed. The Camp meeting is supported by free-will donations. Every visitor to Nogal Mesa will not only experience the true friendliness and hospitality of the West, but will be inspired by the glory of the beautiful view from the mesa, the fervent words of the preachers, the perfect acoustics that give the choir a sweeter sound, and the simple peace that makes one feel all is right with the world.

SPECIAL NOTICE

Clean-up date at the Nogal Mesa Camp meeting will be Saturday, July 12. Being a picnic lunch and a willing hand to put the grounds and buildings in shape for the annual encampment.

He will be at the office at the Court House between the hours of 10 a.m. and noon.

STATE GAME DEPARTMENT

The State Game Commission at its June 30 meeting authorized the Department of Game and Fish to explore the feasibility of selling a piece of land that is believed to be without value for wildlife. The area, between 600 and 700 acres, is located a mile west of Pecos and comprises the old mill site of the American Metal Company. Tallings are not included.

Sale of tallings at the Pecos mill site has been advertised, and sealed bids for the tallings, on a royalty or yardage basis, will be opened at the Santa Fe office of the Game Department on July 21.

In further action, the Commission decided to terminate its agreement with the Fish and Wildlife Service and return the administration of predatory control of the Game Department. A three-month extension of the present contract will be granted, during which the details of the transfer of personnel and equipment will be worked out. The purpose of the change is to secure working relations between predator control men and other field workers in the Department.

The Commission discussed the proposition of constructing and owning the four area offices of the Department. No decision was reached.

Certain changes in the table of organization of the Department were approved by the Commission. These changes will eliminate overlapping authority, and further the activities in the areas, so that problems of local concern may be handled more promptly.

The fishing regulation was changed. Night fishing is now prohibited on Bonito Lake. Prior to this change, night fishing was prohibited only on Jackson Lake.

PREDATORY BEAR TAKEN

A trap-near 400-pound bear made away with three yearling calves in the Jemez Mountains before he met his own end at the hands of Game Department personnel.

On May 23 he took his first calf, belonging to Mac Fenton. Bear tracks showed all toes missing from one foot, indicating that the marauder had had experience with traps. He stayed out of the trap set by Nando Mauldin.

A week later the same bear took another of Fenton's yearlings, and again eluded not only the trap but the dogs used by Mauldin in an attempt to track him.

Then left Tuesday night for Las Vegas for a visit to Mrs. Stimmel's mother, Mrs. Mackel.

George Kimbrell, an old friend of the News, and who is one of the earliest settlers in the county, was here from Picacho Monday.

Mr. and Mrs. S. W. Kelsey were here over the 4th from the Ocueros, visiting Mrs. Kelsey's parents, Mr. and Mrs. E. M. Johnson.

Ad. Dashingly styled Summer Suits—\$18 to \$30.

Miss Ula Edmiston, accompanied by Mrs. Maurice Edmiston, came in Saturday from Del Rio, Texas. Miss Ula has been away the past month visiting her brother and his wife.

The dance given by Mr. and Mrs. Sherwood Corn Monday night was most thoroughly enjoyed by the fifty guests. Mr. and Mrs. May of Ancho furnished the music until two o'clock a.m., at which time a phonograph was started and the dancing continued until dawn. A delicious supper was served. Some guests were from Corona, Ancho and neighboring ranches.

On June 12 the bear took his third calf, in Telephone Canyon. Mauldin again set traps, and Tom Hayburn stayed all night on June 14 intending to shoot the bear. It did not show up.

On the afternoon of June 16 Charlie Cockerell was on his way to Rio Las Vegas to plant fish. He saw the bear, finally trapped. He shot it and hauled it to an Albuquerque taxidermist.

HIGH WATERS PLANTED

Trout planting by air and mule pack began on June 27 when C. R. McConnell began a week-long pack operation in the high Pecos country. His first trip covered the Beaver and Hollinger streams, where 33,000 trout were planted.

Also on June 27, 14 high lakes were planted from the air in an operation from Pecos Hatchery. Boyd Aero Service, under contract with the Department of Game and Fish this year, put down 144,000 trout in three or four days. Four more lakes will be planted by Boyd with trout from Red River Hatchery.

Al Wisdom of Parkview has been packing in to the Chama area, and when that operation is completed, he will plant the streams north of Santa Fe and east of Espanola, by pack mules.

Some streams in the Jemez area not accessible by car will be stocked with cutthroats. Pack animals will be used here too.

TROUT PLANTINGS

The Game Department planted nearly 170,000 rainbow trout last week, and 54,000 of them were 8 to 9 1/2 inches long. These catchables went to the following waters:

Rivers—Red (lower, and east and west forks), Costilla, Little Rio Grande, Las Trampas, Rio del Medio, Frijoles, Puerto, Brazos (lower), Chama (middle), Ruidoso (middle, lower), Jemez (east fork and upper), San Antonio (lower), Rio Las Vacas (upper, lower), Cebolla (upper, middle).

Creeks—Taos, Polvaderas, Gallina, Santa Clara, Nambe.

Lakes—Bonito, Valley, Lagunitas, Clayton, Maloya, Cabresto, Jackson, Fenton.

Ponds—Camp del Rio, Sableman, Ice.

In addition the Fish and Wildlife Service last week planted 52,943 bass and rainbows in Lake Avalon, Black River, Rio Pueblo, and Santa Clara and Nambe Creeks.

DUCK STAMP INCREASE PASSES SENATE

The Senate bill to increase the

duck stamp fee to \$3 has passed unanimously and cleared for the House of Representatives. This bill, S. 2617, would divert virtually all the revenue to acquisition of wetlands for migratory waterfowl. The bill has the support of major national and state conservation and sportsmen's groups as well as the Department of the Interior.

In addition to furthering the waterfowl refuge program, the bill provides for purchase and lease of potholes and small wetlands that are important for waterfowl nesting. The potholes would not be managed as inviolate sanctuaries. Under the terms of the bill, the Secretary of the Interior could open up to 40% of all waterfowl refuges for public shooting, but he would be required to hold a public hearing on each opening sought.

Heretofore, only a small part of the \$52 million collected from sale of duck stamps has been used to purchase waterfowl refuge. Trout poor. Stream fishing have gone for routine operating expenses of the Fish and Wildlife Service.

The Western Association of State Game and Fish Commissioners, at its meeting last week in Sun Valley, Idaho, unanimously favored the bill.

News Notes from Along the Bonito

By LOUISE RUNNELS

The robins have been singing louder than ever early mornings. Even though they are unwelcome guests at the English farm. Could be "cayes" there's a cute little bride "bound" about the farm now.

Everyone who comes in the Bonito City Cafe discussed the recent marriage of Frank English and Sadie Rolland. "You know, that's nice," they all say. So let the robins sing, if only they'd get the grasshoppers and let the cherries be.

George Brown is back at the Dam working again this summer. He and Jim Or, who works for the Fish and Wildlife, were working together around the Dam one day this week.

We had some "bear" excitement up the canyon the past week. The Pat Chambers and Jerry Walkers of Jal, had to throw rocks at a bear to chase him out camp. It wasn't very pleasant for the women as the men had the car at the Dam fishing and they only had a tent for shelter for themselves and small children.

Sammy Jones and a party from Carlsbad, cooked supper and were ready to eat when a small bear visited their camp and helped himself to some of their food while they sat and watched—and to think Sammy is a bear hunter and the season not open yet.

CAPITAN

By MARGARET RENCH

Wally Ferguson, who was on his way to Canada by plane, got off at Albuquerque and returned home. He changed his mind and went to Las Vegas, N. M., where Louise, his mother, is attending summer school. Then they came to their home in Capitan to spend the fourth.

Mrs. Maude Eshom of Santa Fe and son Bobby, of Grants, spent the week end here with relatives and friends over the holidays.

Ft. Stanton Little Beavers and Capitan Cubs played baseball with Carrizozo Tuesday, July 1, and Carrizozo won 19 to 13.

Mr. and Mrs. Joe Binyon and three sons of Alamogordo spent several days with her parents, Mr. and Mrs. R. G. Stewart.

Mrs. Annie Petree took a train from Portales to Seattle, Wash., to visit Mr. and Mrs. Nolan Youngers and family, her daughter Faye.

Mrs. Dixie Sparks, her daughter Dixie Kay, and her mother, Macie Edmondson made a most delightful trip to Silver City. Eighteen miles this side of Truth or Consequences, their car died, so they waited 1 1/2 hours for a tow car to get them in for repair, which detained them for 24 hours. On they went through Silver City, west into the Mogol-

ion Mountains. They went to Tryons where Dixie had lived as a child. Then they left the highway, on a narrow one car road, where you could not do anything but go ahead as there was no place to back up or turn around for 8 miles, to the ghost camp of the Mogollon-gold mine high up on the side of the mountain. There were houses built everywhere over the mountain and in the valley.

They returned through the most scenic road through Reserve, Datil and Magdalena. It rained every day, either in the morning or afternoon, sometimes all day.

They said it was the most wonderful scenic trip they had ever driven and that they did not ever realize that New Mexico had such wonderful country. Marie, who is in her late 70's, said it was grand to be alive to have seen it all, and it gave her such great happiness.

The Purcella family reunion, which lasted for three days, was held at the Casey ranch in the Capitan Mountains July 3, 4, and 5. There was a regular tent city put up. Water was piped from the Arabella Springs with water hose and they had electric lights. They barbecued 8 muttons. They enjoyed good old time violin music. Just everything together a family could have.

Some had not seen each other for years. Others had not even met some of them. There were 128 present, and they were from

several states. One interesting fact of worthy mention was that there were four generations present, and each one's birthday was on the same day, June 6. Some of the oldest members were Uncle Tom Weidy, of Roswell, 88 years old; Aunt Minnie Purcella, of Clifton, Ariz., 82 years old, and Mrs. Betty Purcella of Capitan, 80.

Mr. and Mrs. Mart Purcella of Roswell attended the Smokey the Bear dance here last Saturday night. They closed their business in order to have these few days' vacation in this joyous climate. Their little daughter had a happy time with her cousins.

Mr. and Mrs. L. D. Sparks and three children from the ranch north of the Capitan Mountains, also were present at the dance.

There was a grand happy crowd at the dance and everyone seemed to enjoy themselves. Do come to our next one and join our happiness. There will be fun, and it also helps our Smokey the Bear Project program. This is our way of raising funds to build the birth place museum of Smokey which will be started very soon. We always have sandwiches and cold drinks. All is donated and proceeds from it go to our project. The music is home talent and it, too, is good and getting better all the time. Come join the fun. The next one will be Saturday, July 19, at the old gym in Capitan.

Mr. and Mrs. George Sohn, and

Mrs. Lora Glee, of Lincoln, visited Mr. and Mrs. Joseph E. Rensch.

Pat Mulvey of Alamogordo visited Joseph Rensch the Fourth, for a few hours.

Mr. and Mrs. S. M. Cozzens and family of three Rivers, and her mother, Mrs. Wilkinson, of Donna, Texas, Mr. and Mrs. L. C. Cozzens and two children of Lovington attended services at the Nazarene Church here last Sunday. Then they and a crowd of friends took their lunch and enjoyed it on the Bonito.

James L. Black underwent surgery at the Providence Hospital in El Paso last Tuesday. He and Mrs. Black have been there for several days. He entered the hospital a few days ahead of time to be built up for this. Mrs. Black was home taking care of business, but returned to join him. She is with her sisters and friends.

Vernon Gierhart took his son, Tommy, who has been home two weeks, on furlough from the Navy, to El Paso to meet the train for his return to Point Mugu, Calif., last Tuesday. Tommy will continue his studies for aviation jet mechanic.

Mr. and Mrs. Ray Carpenter and three children of California, who visited their grandmother Sellars and other relatives for a week left for Carlsbad to visit his parents and relatives.

Mr. and Mrs. Lewis Cummins took their two grandsons, who have been visiting them for a short time, to their home in Albuquerque on the Fourth.

Carol Ann and Lynn Williams of Phoenix, arrived by train at Carrizozo where their aunt, Mrs. Champ Ferguson and Mr. Ferguson, and their brother, Buddy, who is spending the summer here, met them. They will spend two weeks.

Joseph E. Rensch made a business trip to Roswell Thursday, July 3.

Mr. and Mrs. Crawford and three children are living in the Joe Wigley home on First street. He works with Bill Randle for the REA.

Mrs. Mary Werner and her nephew, Errol Ferguson, who works on the Bill Edgar ranch, made a business trip to Roswell last Thursday.

Teddy Cummins returned to Pasadena, Calif., last Wednesday, July 2, after a ten day visit with his parents, Mr. and Mrs. Lewis Cummins, and Hollis. He is going to be married July 20.

The Nazarene Girls camp at Angus, ranging from 9 to 10 years of age, opened Monday, July 7 through Friday, July 11. 133 girls are expected.

Mr. and Mrs. Otto Lassiter of Lincoln are the proud owners of a 1934 Bel Air light yellow with dark green top Chevrolet.

Mrs. Champ Ferguson visited her mother, Mrs. Anna Brazel, last Wednesday, July 2, in Carrizozo. She said she is OK.

Clifton Hammett and Ernest Dunn are partners in a dude ranch to be developed at Clifton's home place in the Capitan Gap in that beautiful setting in the Capitan Mountains. Mr. Locklar had charge of the equipment, with which to build the big tank. They have good water, and will have a swimming pool. They did much assessment work on their Theorium claims. At this time they are not working. They are in Texas on business.

Mr. and Mrs. Johnny Werner and Mary Lynn of Artesia and Errol Ferguson visited Johnny's

parents, Mr. and Mrs. Travis Werner for the holidays.

Mr. and Mrs. Dyer Forbus and daughters, and his mother, Mrs. Forbus, of Hobbs, Mr. and Mrs. Champ Ferguson, and their pieces, and nephew, Carol Ann, Lynn, and Buddy, also Mr. and Mrs. Ross Flatley, enjoyed a picnic lunch the Fourth at Carrizo Canyon. Then they went to the white Sands. On the return trip they enjoyed the Alamogordo fire works.

On July 4 night, the north side of Capitans had a two inch rain and we had a good one too, through not that much. Then Sunday night we had another one—with a little hail.

Mrs. Edna Burch, her son, Spencer, and her daughter, Mrs. Rueben Morris, motored to Olton, Texas, last Monday to visit her mother, Mrs. A. G. Maryfield, who is making her home with her other daughter, Mrs. Zina Huguley, and returned Tuesday night. She found her mother in better health. Mose is with them and he has work and is home at night.

Dolores McCarthy and Charley Booher were married July 1 in Plainview, Texas. They are making their home in their trailer house parked at the old Bigger ranch. He is hauling logs.

Mrs. Norma Thompson and two sons, Sigmund Thompson and Dwight Allison, of Seattle, Wash., is visiting for a few days with Mr. and Mrs. James Howard. Dwight is their grandson.

Mr. and Mrs. L. M. Coffman and daughter, Dorothy, went Thursday evening, July 3, to Ft. Sumner to visit his uncle, C. E. Taylor, returning Sunday evening. On Monday, June 30, there was a heavy hail storm there. It was huge pieces of jagged ice. It ruined the crops, cutting the pumpkins, squash and things to mush. Broken windows and beat car tops until they were ruined. Roofs were damaged. The tin roofs as well. No one there can remember a storm like that. It missed the biggest part of the orchards. It acted like a twister in the streak that it traveled.

Mr. and Mrs. Ben Maestas and children, and Tom and Paul Maestas all motored to Taos, N. M., Thursday evening, July 3 to visit relatives and returned Sunday night. It rained part of the time there.

Mrs. Annie Petree, cook at the Carrizozo Hospital, started a two month vacation last Tuesday. She plans to go to Seattle, Wash., next week.

Mrs. Frances Hammond passed away Friday, June 27, at 6 p.m., at the age of 93 years in Gilmer, Texas, and was laid to rest at the Sulphur Springs, Tex., cemetery Saturday, June 28 at 2 p.m. She was born November 15, 1865, at Fairburn, Ga. She was active until the last two months of her life. Those were spent in bed. She had three children, one son, Grover Hammond deceased many years ago, and her survivors, two daughters, Mrs. Leo Anderson of Capitan, and Mrs. Howard Miles of Gilmer, Texas.

Mr. and Mrs. Calvin McIndes of Eldorado, Okla., while en route to California to visit his parents, stopped to visit her brother, Bill Hall and family, last Thursday and remained until Monday morning. They all had a most enjoyable time fishing every evening, and were lucky.

Purcella Family Hold Reunion

By MRS. GEORGE BUTTS
On July 3, 4, and 5, members of the Purcella family gathered in the foothills of the Capitan Mountains near Arabella for their first reunion. George and Lewis Purcella of Roswell were in charge of the arrangements, which included a portable electric power plant for lights and the electric guitar. The sounds of the fiddles and guitars was carried over an amplifier also plugged in on the electric power unit.

Thirty-five members of the family camped out in tents, pick-ups, and on bedrolls on the ground. The men barbecued the mutton over the pit while other food was prepared on a butane hot plates, gasoline stove, portable charcoal grill, and a home-made wood stove. On July 4, 119 people were fed.

Present at the reunion were members of the family from California, Texas, Arizona, and New Mexico, with ages ranging from seven weeks to 88 years. Tom Welby of Roswell had the distinction of being the oldest.

Two cousins, who were 61 and 77, met for the first time, and seven fourth-generations were represented. Minnie Purcella, now of Clifton, Ariz., who has spent 71 of her 80 years in Lincoln County, was present with her nine children, 20 grandchildren, and 26 great-grandchildren. The family plans to have another reunion next year, for which plans will be announced later.

The case of the missing inches

He burst into my office, shouting, "Mike, a terrible thing has happened! I just returned from an extensive business trip, and I don't recognize anyone at home. They all look different!"

My client isn't usually given to hysteria. "You need a drink," I said, reaching for my favorite brand—PRICE'S MEADOW GOLD BUTTER FLAKE BUTTERMILK. "Take this. You'll feel better fast. It's a great pick-up."

He drank eagerly, then looked at me with a silky grin. "Of course, Mike, that's it—Price's Butter Flake Buttermilk! Tabby and the girls went on a diet while I was gone. That's why they look different."

"There's no better way to make inches disappear," I agreed. "Butter Flake Buttermilk is loaded with important vitamins and minerals folks need to keep fit—without unwanted calories. Now, let's drink to your health."

ON HIGHWAYS: We advocate legislation to provide that commercial truck haulers will pay their proportionate share of highway maintenance and construction cost. We favor necessary billboard regulatory legislation to qualify for additional federal aid for highway construction.

CONCERNING PUBLIC UTILITIES: We advocate combining the functions of the Corporation Commission and the Public Service Commission.

IN PUBLIC WELFARE: We recognize the great humanitarian service being performed with welfare funds to so many thousands of people and we must provide additional funds, especially for medical care and old age assistance. We remind the people of New Mexico that the Republicans pledged and secured repeal of the lien law and amendment of the relative responsibility law, both of which were enacted under a Democratic administration. Recognizing the tremendous difficulties which were enacted under a Democratic administration. Recognizing the tremendous difficulties which will be encountered in possible transfers of real property if corrective measures are not adopted, the Republican Party pledges our support of proposed Constitutional Amendment No. 4, providing for the release of liens and the clearing of title of properties which arose as the result of the onerous lien law.

PERSONNEL: We continue to advocate a merit system for non-policy-making employees of the State, to be administered under the supervision of a competent Commission. To that end we pledge our efforts to the enactment of legislation which will: a. Establish a uniform classification of job standards and qualifications; and b. Insure the employment of qualified personnel.

ECONOMIC DEVELOPMENT: In order to insure New Mexico's continued growth, the further development of its existing industry and the attraction to our State of all types of industry which can thrive and expand as New Mexico thrives and expands, the Republican Party pledges a strong and adequately financed, balanced, continuing economy development program.

INVESTMENT OF STATE FUNDS: We favor the investment of a portion of permanent State funds in corporate stocks and bonds to increase income and provide a safeguard against inflation, and therefore we support the adoption of proposed Constitutional Amendment No. 3.

TAXATION: Believing that income of the State of New Mexico is sufficient to meet the needs of our State, and pointing with pride to the achievement of a balanced budget during the McHenry administration, we pledge vigorous opposition to any increase in taxation.

We favor adjustment of the present use tax and sales tax laws to the end that local business concerns will not be discriminated against in transactions involving agencies of the Federal Government.

Vacation at Home Can Be Great Fun

So you're vacationing at home this year. Well, you're not alone in your choice—lots of folks nowadays vacation right in their own back yards.

Look at the advantages—no traffic to contend with, no tired children in the back seat, no worry about accommodations. But you will have to be just about as cautious at home as if you were vacationing hundreds of miles away, the National Safety Council says. "Your vacation at home," it says, "must be safe to be happy. It can be if you follow a few rules." For example:

1. Water's water, whether it's a distant beach or a back yard pool. Small children never should use a home pool except when supervised by an adult. It's a good idea, by the way, for everyone to take along a partner when he goes swimming.

2. Don't let the man of the family overdo things. Mr. Fix-it probably will try to do all the repair jobs in two weeks that have accumulated the rest of the year. Keep your man alive. Urge him to take things easy and work moderately during his vacation.

3. Just because you're not driving to your vacation spot doesn't mean you're free of traffic danger. Most fatal crashes occur within 25 miles of the victim's home. And make sure a child isn't behind your car when you back up.

Have You Been Well Shocked Lately?

In the mood for a shocking experience?

Well, you can accomplish this several ways. For example: Stick your fork inside the toaster next time that piece of bread won't pop up! Don't forget, of course, to leave the toaster plugged in. Oh, yes, and to make the experience more memorable, try resting your free hand against a metal sink or faucet—preferably one that's moist.

Fiddling with radios while you're taking a bath can be pretty shocking, too. And it's always darn risky.

The National Safety Council says that electricity is nothing to fool around with. You can't be too careful with it.

A Texas man learned that while watching TV in his bathtub. The antenna fell into the tub, shocking him senseless. The cause: probably a defective set that energized the antenna.

Maybe you don't watch TV while taking baths, but it's a good bet you do take unnecessary chances with electricity. You may not even be aware of all the risks you take.

According to the Council, more than 1,000 persons a year die from electric current, many of them in the home. Undoubtedly, thousands more are painfully shocked.

The Council has received reports of people being shocked by everything from oven elements to "live" refrigerator doors.

How can you keep from being accidentally electrocuted? You can avoid a lot of risk by observing these rules, the Council says:

1. Don't touch appliances or radios while you're in the bathtub or your hands are wet. Always stand on a dry surface when you use appliances.

2. Unplug appliances if you must poke into them. Even then be careful of heavy condensers, such as in a TV set.

3. Ground appliances in damp locations, such as washers or dryers. Always ground portable electric tools, especially when used outside.

4. Replace worn appliance cords.

"Confine some shocking experiences to the things you see on TV horror movies and the like," the Council suggests. "Don't get electrocuted by a home appliance!"

ABOUT PEOPLE

The Johnson Stearns family enjoyed an outing at Cloudcroft on the 4th of July.

Mr. and Mrs. Robert Shafer entertained at a twilight picnic Independence Day. Twenty-five were present and delightful fare was provided. At nine p.m. all retired to the football field to enjoy a very good fireworks display sponsored by the Carrizozo firemen. We hope there will be a generous contribution for next year's display.

Jon Hutton, a soldier at Red Canyon, was accidentally shot June 30, and is now in William Beaumont Army Hospital in El Paso. At the last report he was doing very well.

Jimmy Lucero left Wednesday for Los Angeles, Calif., on a week's vacation. He will visit his brothers and Mr. Sam, Houston, Jr.

Mr. and Mrs. Edward Means and family of Grand Junction, Colo., and Mr. and Mrs. Don Means of Carrizozo enjoyed housewreath ice cream at the home of Mr. and Mrs. Betty Means and family Wednesday, 4th from 2:30 to 4:30. A three week hot job is working at the Sunset Cafe in Cloudcroft.

The Way To View Social Security

The best way to understand the real justification of our compulsory Social Security program, says the Chamber of Commerce of the United States, is to compare it with the purposes of compulsory education.

Both serve the public interest. Thus, in the manner that compulsory education protects the body politic from the bad judgments of illiteracy, the basic purpose of compulsory Social Security is to protect society from the political consequences of leaving millions of elderly persons with no visible means of support, the Chamber points out.

"If we had permitted a large part of today's electorate to remain unable to read and write, incapable even of understanding the basic principles of sanitation, nutrition and public health, then our form of government in this Atomic Age would be doomed if not already dead," according to the Chamber.

"Similarly, if our worthy, growing, experienced and resourceful older population were left completely adrift in today's economic tides, we could expect them to take a kind of concerted action easily lead to political, social and economic instability."

This line of thinking, the Chamber says, also helps to give perspective to the constant pressure of increase Social Security benefits — and social taxes. For the basic purpose of Social Security is to provide a floor of protection against destitution in old age. It was never intended to meet all the economic needs of elderly persons.

Attempts to stretch the Social Security program into a mechanism of total security will rob the individual of the necessity—the incentive—to build additional old-age income protection through his own efforts, the Chamber asserts.

"Such attempts also reduce the opportunity for individuals to fashion their own security program to meet their own needs and tastes," according to the Chamber.

While a review should be made of the adequacy of the floor of protection, the Chamber says, it should be kept in mind that although the cost of living has increased, wage levels have been rising too. Actually, wages have been going up almost twice as fast as living costs, and thus the ability of employees to build their own additional old-age income has been improved, and their Social Security benefits increasing.

BUYING NOW NOT A "PATRIOTIC DUTY"

Washington, D. C.—The American consumer has no "patriotic duty" to buy now in order to pull the country out of the recession, according to the editors of *Changing Times*, the Kiplinger Magazine.

In a copyrighted article, "What To Do About This Recession," the editors advise their readers against buying as a patriotic duty to help business. "The freedom to buy or not to buy is what corrects excesses of production, pricing and so on. If consumers were to buy as a patriotic duty they would throw away the one advantage they have in the tug of war that is the market place," the editors say.

"Most businessmen are holding back on purchases, waiting for lower prices. The auto companies, for example, are buying steel hand-to-mouth. One department store manager told reporters: 'We are playing it closer to the chest on all our buying this year.'"

A Sermonette

By E. T. KILPATRICK, Pastor, First Baptist Church

Today we are living in a time of speed, mass production, and great advances in the field of science. Truly, we are living in a wonderful and fearful period in which transportation has improved greatly, medical research has made amazing discoveries, and scientists have worked incredible wonders. All this in our generation. We are certainly living in a far different age than any period in human history.

When we read and hear about these great wonders, we say "what next?" The Bible is not silent concerning these things. God says of our day, "Many shall run to and fro, and knowledge shall be increased. Daniel 12:4.

With this fast moving age there is much tension, fear, and anxiety. Some time ago a group of doctors came to the conclusion that more people die in America of worry than all other diseases combined. Some reasons for anxiety are trying to keep up with the times, fear of the future and being too concerned about security.

The Lord Jesus said the time of His return would be characterized by great events mentioned. Men's hearts telling them for fear, and for looking after those things which are coming on the earth." Luke 21:26.

To find the solution for each individual to avoid anxiety and fear we again turn to the old Book, God's message to man, and find the only way by coming to Jesus. "Come unto Me, all ye that labor and are heavy laden, and I will give you rest." Matt. 11:28. "Casting all your care upon him, for he careth for you."

Only then can we say with Paul: "We know all things work together for good to them that love God." Without God's way there can be no peace. Isaiah 57:21.

In the Cortez races this coming Sunday.

Mr. and Mrs. Mert Zumwalt and family spent the 4th with the A. E. Zumwalts at Estancia.

Mr. and Mrs. Lewis Greer are at home in the Lane Apartments in Carrizozo.
