Ramblin' Around Lincoln County

(Ed Note: The author of the following articles on Lincoln County has asked that his name remain anonymous.)

Not so long ago I was coming back to Lincoln county (what a wonderful thought and what a restful feeling) after visiting my favorite aunt in California, who for many years had lived in the mighty County of Lincoln and who during the boom days in Old White Oaks had been the belle of many a ball and the object of the graceful glances of many a swain.

My aunt is 82,—and one thing is sure. Our physical world has changed more since my aunt was born than it changed during all the years since Christ was born in Bethlehem. When she was born houses were still lighted with candles and kerosene lamps—only a small amount of kerosene was available then—and the gaslit and electric era hadn't begun.

When she was born it was only a short time since President Fillmore brought back to the White House the bath tub President Jackson had thrown out. My recollection is that it was still against the law to take a bath in Philadelphia between November 1 and April 1.

My aunt is 82. In case you are curious, I am past 60. Most of the changes my aunt has seen have come since I was born. As a matter of fact, one of the few reasons I am reconciled to being past 60 is that I can still remember, and remember clearly, a world that is unbelievably changed.

When I was born in Lincoln County there were no telephones, no electricity, no paved streets and the thousands of conveniences which we take for granted today were wholly lacking. Later on in Roosevelt I recall how the springing wagons would go up and down the principal streets of the city to lay the dust. (Sprinkling tax is the only tax under the sun that I know of which has disappeared.)

MOTHER'S DAY CAKE

by Frank Alsup
(Foot low-rate)

Her back may be bent
From a lifetime that was spent
On making things easier for you
She'll help you when you're down
Without even a frown
And she'll cheer you up when
You're blue.

She'll seldom complain
Even when she's in pain
And her wants are simple and few
She might confess
That she needs a new dress
But she'll make the old one do.
She'll always listen
With eyes that glisten
As you tell of your conquests so
Grand

When your friends turn away
And your skies become gray
She'll be there to hold your hand.
On Mother's Day
It's her to say
The things you would like her to
know

Have Alsup's bake
A Mother's Day cake
With the inscription—
"I Love You So."

They were on their way to Kansas City to visit a sister; then motor on to Tennessee to visit Mr. Perry's family. The Fort Stanton baseball team invaded the Mesquero Apache Indian Reservation last Sunday to settle a score for General Custer and his soldiers of long ago, but it backfired.

The boys made a good and ferocious attempt, but it was short-lived and very fruitless. After the first two innings of play you could hear the war cries, yells and whoops of the Apaches in the Mesquero bowl as they proceeded to scalp the Fort boys to the unmerciful tune of 21 to 4.

In the first and third innings the boys put 4 scores across the platter with 4 hits and 2 hit batters. The Braves came back in their half of the third and forged ahead with 5 hits, one of them a homer and a triple and a walk, and took the lead 5 to 4, never to relinquish it for the rest of the game.

The Indians sent Edwards to centerfield and summoned Donald to the pitcher's box. He was poison to the Fort boys and the best they could do against his fast ball was 2 singles in 6 innings. He whiffed 15 batters and his defense was impregnable. The Fort had 6 hits in all and committed 8 errors, mostly in the infield.

Mescalero made 19 hits and only one miscue. So you see, they were really prepared for us. Four of the Fort regulars were duty bound and could not make the trip.

The boys have been working out in dead earnest this week, for as we understand, they have a real tough foe in Carrizozo, who will be here next Sunday.

Let's all get out and start winning ball games.

Most of all, the manager asks

all the boys to come out after duty and try their utmost to fill those faulty gaps in the infield. Nobody is perfect, we know, but there is room for improvement if we are to get into the win column. Let's all get into a fighting spirit and show them that we can deliver the goods next Sunday. We suggest a few changes and play a fellow in the position best suited for him. But only with good cooperation can this be accomplished, so let's forget trivial things and put our shoulders to the grindstone.

Tommy Aldaz pitched all the way for Fort Stanton, but was accorded poor support. He struck out six batters. When Montano and Dalton arrived the battle had been lost. Montano replaced Tony behind the plate, who in turn relieved Chavez in left and Dalton took Mac's place in center. These boys made fine catches in the pastures. The wind was blowing and the flying sand was terrific. Perry Zamora relieved Miller at short.

In a game at Tularosa years ago, the Apaches almost went bankrupt when they bet heavily on Carrizozo. They put their wagers on Carrizozo, thinking it was the renowned "Wrecking Crew," when in fact they were betting on the East-side team instead. Tularosa won.

Capitan Tigers Second At District Track Meet

Charles Lockhart of Capitan captured three first places and a fourth in the discus to take high individual honors at the District 5B track meet held at NMMI, Roswell, Saturday.

The Eunice Cardinals swept to the championship for the district title. The Cardinals scored 98 points to outclass nearest competitor, Capitan, which scored 53 points.

The team scoring: Eunice 98, Capitan 53; Jal 47 1/2; Carrizozo 33 1/2; Dexter 23; Hondo 11; Hagerman 8 and Ruidoso 7.

Next for the 5B schools is the State meet in Albuquerque, Friday and Saturday, May 1 and 2.

Outstanding performances were turned in by Carrizozo's Patrick Agullar who set a new district record in the 880 yard run, in the time 2:08.4, followed by Vega who won first in the pole vault with a jump of 10'9"; Petty took second in the low hurdles, third in the high hurdles and tied for fourth in the broad jump and Ortiz, who took third in the javelin with a throw of

Senior Class Play Was Successful Production

By BARBARA MCGREW

"Bells of Gran Quivira," the Capitan Senior class play was a successful production based on the legend of the treasure taken from the Mission of Gran Quivira.

The Senior class has kept with in the pattern set by Mr. Miller and his drama department by using only highest quality plays for production. Although "Bells of Gran Quivira" was not a Broadway stage play it was a top-notch drama.

Mr. Miller, author and director of the play, produced an extraordinary piece of work with his carefully hand-picked cast and colorful story of the golden bells reputedly hidden in the Organ Mountains by the ancient ones of the mission.

Helen Sedillo, Rose Marie Houck, Carol Jones, Lilly Lujan, Eloy Sedillo and Judy LaMay are to be commended for their excellent character interpretations.

This play may produce Capitan's superior actor and superior actress of 1950.

Annual Athletic Banquet At Capitan High School

Capitan High School honored its athletes at the annual Athletic Banquet Friday night, April 25, at Capitan High School. LeRoy McKnight presided and the guest speaker was Charles Jones.

Lewis Stratton, head football coach, and Jack Healer, head basketball coach, introduced the team members of each sport and thanked them for their cooperation during the past year.

Mrs. Eltha Merrill just returned from a six weeks' visit with her sister and family in Jonesboro, Arkansas.

143'6", and tied for fourth in the pole vault.

These four boys turned in a time of 4:43 in the mile relay to win by 10 yards and bring home a trophy. They were second in the 880 yard relay, missing the state qualifying time by one tenth of a second.

All four of these boys will participate in the State track meet in Albuquerque May 1 and 2.

Other boys participating in the District meet were Bobby Dan Crenshaw, Jerry Beltran, Orlando Lucero, Dexter Seay, and Juan Torres. These boys added 2 points taking fourth in the medley relay.

The nine boys participating in the meet were hindered in finishing higher by not equalling past performances in the javelin, pole vault, high jump and 440 dash, which would have raised the point total around 10 points.

News Notes from Along the Bonito

... By LOUISE RUNNELS

Last week in my column—the "450 3/4 to 10-in. trout" and "250 3-inch trout," should have been 450 pounds of 8 1/2 to 10-inch trout and 250 pounds of 3-inch trout were planted in Nogal Lake recently—sorry for the mistake.

Several from Bonito went to Capitan last Friday night to see the Senior Play "Bells of Gran Quivira" — written and directed by Capitan's English teacher, Fred Miller. It was really different, and one of New Mexico's legendary stories. The Seniors taking part were good, especially the Sedillo girl. I've never seen a high school student do such acting.

Mr. and Mrs. J. D. Faulkner and daughter spent the week end at Roswell.

Ross Coe from Orogrande moved his trailer house to Bonito City last week. He is working near Capitan on the Salado Dam project. Buddy Morris and Johnnie Dale Hayes are on the Capitan-

Angus road job. Johnnie Dale Hayes, Kent Hayes and Linda Witham went to Lovington last week end to take little Kathy Missap home. She had spent the past week at the Hayes home.

Mr. and Mrs. Collins Walker were called to El Paso last week for Collins' brother-in-law's funeral — Ted Barrett, who died suddenly after a heart attack.

The Andersons from Lovington who have a trailer house at Angus near Ira Young's home were here over the week end.

More building is being done at the Nazarene Camp. Each year this camp grows.

Mr. and Mrs. Richard Thomsen, parents of Albert Thomsen, are going to Roswell on Wednesday to be there for Albert's sale. Albert has a furniture store and beginning the first of May and lasting several days, there will be all sorts of specials on rugs, pictures and furniture of all kinds at "Thomsen's Furniture" on East Second st.

A letter from Mrs. Jay Keeth in Tucson said they had received their first edition of Lincoln County News and read every word—"even the funeral arrangements ad!" They like Lincoln County!

Mr. Montes and his county grader worked our roads over last week. He went as far as Bear Canyon and didn't miss Tom Bragg. The road around the dam is in real traveling shape now for the fuzzy tourists. Thanks to Montes.

We have been promised telephones next week. The Angus folks have had telephones for several months and we are next. We'll be "purtnear" civilized then.

Spring time must be here—real often folks are seeing deer along the creek getting a little green grass—I've heard say they don't eat grass—but they are sure feeding on something—and lots of them; but "leave your guns at home, boys."

Tommy LaMay is running a blade on the finishing of the Salado Dam and is doing a real pretty job—with fencing the dam now, it will be completed.

Stanton Employees Go on 40-hour Week

Starting May 1 the employees of Fort Stanton will have a 40-hour week. Two weeks ago Thursday the kitchen help baked a cake and at coffee break they served it and presented Col. Varner and Dr. Jernigan with small loving cups which were inscribed "To the Best Boss In The World."

Mrs. Murphy Hosts Round Table Club

The Round Table Club met at the home of Mrs. Grace Murphy last week. Present were 11 members: Lorene Ferguson, Ethel Howard, Geraldine Randle, Marie Britton, Kitty Black, Pauline Edgar, Frances Shaw, Corrine Province, Angelina Province, Lavone Hall and Grace Murphy. Visitors were Agnes Clark of Roswell, Mary Werner and Judy Province. The centerpiece consisted of 11thhs and daffodils from the garden of Mr. and Mrs. Jack Aldrich. There were four birthdays in April and Mrs. Corrine Province baked the cake for the occasion. Smothered steak was the main course of the meal. No program was planned for this meeting.

Alan Sims, Five Has Birthday Party

Alan Sims enjoyed a birthday party at his home Sunday afternoon April 19, being 5 years old that day. Those of his friends who attended were Bobby and Sammy Jenkins, George Searcy, Alma Walker, Rita and Nita Campbell and Alan. They enjoyed many games and lots of cake, ice cream and punch. He received many gifts.

Mr. and Mrs. Dusty Williams who reside in the R. D. Kingston home have planted a lawn and flowers and are making lots of changes there. Last Sunday they received word that her brother, who contracts in Grants was injured last Saturday morning shortly after he went on the job. A sandstone 3 feet long and 3 feet wide fell on him, breaking his back. At his writing he is in serious condition.

The R. D. Kingstons are spending some time in Tularosa at this time. Harry Lambert is taking care of their business for them.

Mr. and Mrs. N. E. Britton and Nathalee will go to Portales next Friday, May 1, where Nathalee will enter the college rodeo. She will attend college there next year.

Smokey Dances Helping Build New Museum

The Smokey dance held at the Capitan Legion Hall last Saturday was a success, thanks to you each one who has made it possible. The museum still has a long way to go but we are making it slowly and pay as we go.

How good of you Corona and Carrizozo people. We hope to have you with us to enjoy yourselves. Do come again. The music was delightful and how it made you want to dance!

Our next dance will be Saturday, May 9, at the same place with the same music.

Those who donated sandwiches were Mmes. W. O. Jenkins, Pearl Soderback, Add Holmes, Dorothy Guck and Margaret Rench. Coffee and misc. were donated by Rench. Thanks to each of you. We appreciate it all far more than we can ever express.

Mrs. Mary E. Forbus of Hobbs, who is visiting her son and family, Mr. and Mrs. Dyer Forbus, donated \$5 cash for the museum. Thank you a million.

The roof is now going on. Ernest Guillot is donating his time and labor. He is a newcomer here and lives with his daughter and family, Mr. and Mrs. Binns. He expects to make his home here. He is known as "Frenchie." Charley Pepper is another loyal one—he has donated all of his labor, and still is. Bill Holmes is another loyal one. The fireplace will start as soon as the sand arrives.

It all is slow but sure. It will be a job well done when it is finished and will be a monument to Smokey and the prevention of forest fires for many years to come. There are many hands helping make this possible in many ways. Some give cash, others labor, and then everyone who attends our dances helps, too. Don Bailey donated his time and labor to help haul the brick for the fireplace. Don, you did a swell job.

Hollis Cummins' new home was started last Thursday on Fifth st. It faces the old highway, and will be built of light buff brick veneer. The contractor is Vernon Sherrell of Roswell. It is a three-bedroom house.

Do not forget to patronize the Boy Scout Pageant at the high school. The proceeds will go to buy the baby bear a cage. It will be a program of interest, and for a good purpose.

The clean up campaign is still going on in full swing. Johnny Annaratone filled two cisterns on his property last week. There are many projects going on that I will mention later.

Nathalee Britton expresses her thanks to Pearl's Coffee Shop for sponsoring her in the elimination contest for the girl to represent Capitan at the Apple Blossom Festival last Saturday. She thanks those who voted for her and last, but not least, the Woman's Club who sponsored her.

RED ROSES PREP FOR COMING OUT PARTY

By ROSLYN BEYER
My, I do believe I feel the sun, could it be spring already? I surely hope so! It has been a long cold sleep for my sisters and me, but now we must get busy—we have so much to do in preparation for our first appearance.
First we must get all our props painted green, and put on stage, that is the only decoration we will have. Then all our beautiful red velvet dresses must be pressed, perfumed and arranged just so. We wouldn't want to make a bad impression at the Tulle-Rose Festival May 16.
There, the props are all done and placed on stage just right. Well, well, I do believe it is raining. How nice! The rain will make our "Coming Out" much quicker and we will be prettier too—but we must hasten girls so we will be sure and be ready on time. Everyone will be expecting us and we sure don't want to disappoint them.
We must be our prettiest for the Tulle Rose Festival May 16, and we only have sixteen more days!

About an Organization That's "Going to Town"

The American Legion Auxiliary of Tularosa is one of the newest organizations in town but some of the older ones are going to have to hurry to keep up with them in activity.

They have collected and sent 150 pounds of clothing to the Save the Children Federation Orphan's School in Connecticut; also have contributed a pair of shoes to a small polio victim here. These shoes were quite expensive and it was a real service to the mother to get them. They also helped the Simon Paz family when fire recently destroyed their house.
Mrs. Ann Gills, the Department President from Roswell will visit the local Auxiliary on May 18.

Town Topics . . .

Do the young folks need making over? Parents, let's take a good look first at ourselves.
It gets pretty monotonous hearing folks "running down" our young folks all the time, and bemoaning the fate they think they are headed for. Personally I can't see it that way. Seems to me that our young folks are just pretty sharp and certainly more grown-up than we were at the same age, so they should be more capable of doing good and big things if the parents give them the right teaching and set good examples for them.
If your son or daughter wastes money, never accepts responsibilities, and won't work, sit down and give yourself a good talking-to and then decide who, coddled him or her into that way of thinking and acting. It is a sad, sad answer you will get, but oh, so terribly true.
The peonies at the G. V. Clayton home are now starting to bloom out. Mrs. Clayton tells us that by Sunday, May 3, they should be very pretty but will probably be their prettiest on Sunday, May 10. Take a few minutes and drive by and look at them. It is a beautiful sight.
Mr. and Mrs. Dan Darnell are the proud parents of a boy. He has been named Michael Douglas.

Mr. and Mrs. Harry Powell left Sunday, April 26, for Oregon where they will get Mr. Powell's father and bring him back to spend some time with them.
Mrs. W. E. Marr and Nathan McNelly went to Deming Tuesday to the New Mexico School Board Association meeting. This was a joint meeting of districts 7 and 8 and included a meeting of school administrators of these districts.
Mr. and Mrs. G. V. Clayton made a short business trip to Santa Fe this week, going up Monday morning and returning Tuesday morning.
Don Phillips was home from Albuquerque over the week end to visit his family.

Bravery on Patrol Duty Wins Quick Promotion For Richard Vega

Headquarters, U. S. Army
Korea APO 301
22 April 1959

Editor, News:
I'm the reporter for the Stars and Stripes newspaper here in Korea and I have published this news in my column and I'm sure you'd like to do the same because it concerns a resident of your home town.

The item is about Sp/4 Richard H. Vega, son of Mr. and Mrs. Leonardo Vega of your community, who was promoted from Pfc. to Sp/4 in a matter of three months for his outstanding performance and courage shown while on a patrol on the DMZ. Vega was a member of an eight-man patrol that usually takes from four to five days to return from such a mission. But this particular mission showed the leadership and courage of a man to save the lives of his buddies.

A Korean patrol spotted Vega's patrol and he led the Korean patrol in another direction to where his buddies could ditch them and later get together again. On this chase Vega was spotted by a Korean sniper with a sniperscope with infrared scope and Vega got a flesh wound on his left leg. His buddies found him later.

For this we are very proud of this soldier. I'm sure his parents and residents of his home town are too.

Sp/4 Vega was cited for meritorious service and outstanding performance of duty by the Division Commander. He has ably demonstrated a high degree of capability and professional knowledge and courage to be a security patrol scout. Life here at the DMZ is not too pleasant, but could be worse.

We here at Hq. & Hq. Co. are very proud of this soldier and know that the folks back home would like to know of the judgment and resourcefulness of this soldier.

/s/ Sfc. FLIX D. MORALES.

Name Selection Board For Saline Water Plant

Possible location of a brackish water conversion plant in New Mexico continues to interest several communities. Sen. Clinton P. Anderson reports in his weekly newsletter, "The inspection tour of New Mexico last week by an Office of Saline Water engineer increased that interest. New Mexico offers several ideal locations for this demonstration program.

"Therefore, I was glad to note last week that a three-man site selection team has been appointed and that it hopes to pick the sites for the various processes within the next few months.

"I have stressed the advantages of New Mexico to the Secretary of the Interior, Mr. Seaton, and as a sponsor of the authorizing legislation, have requested that I be kept informed on the progress of the site selection committee."

State Trust Lands Bring High Prices

Less than two acres of State trust lands in Albuquerque were sold recently for \$134,775, or \$315 per front foot. In the 1930's this land went begging at a few dollars an acre.

Such prices in fast-growth areas have brought a flood of inquiries to the State Land Office, and Murray E. Morgan, commissioner of public lands, describes the sale system in the May issue of New Mexico magazine.

The trust lands belong to various state institutions, and are administered by the state. Approximately 80% are owned by the public schools, the rest by 17 beneficiary institutions.

When a beneficiary institution decides to sell a piece of land, the article says, the sale is held under the following conditions: sale price must not be less than true value as set by the commissioner of public lands; sale must be at auction to the highest bidder, and be held on the front steps of the court house in the county where the land is; sale must be advertised for 11 weeks in two newspapers—one in the state capital and one published closest to the location of the land.

Which land is sold the money goes into the permanent fund to the credit of the institution that owned it.

SOIL STewardSHIP WEEK

Each year a week is designated as Soil Stewardship Week. May 3-10 has been set aside to remind us of our valuable soil resources, according to J. L. Merritt, president of the New Mexico Association of Soil Conservation Districts.

Soil Stewardship Week throughout the nation is sponsored by local soil conservation districts. Merritt states that local districts, in cooperation with their churches, are planning special church services to remind men of his obligation to God to use our land resources wisely.

Mrs. Attie Toombs has sold her home in Vaughn, and left Wednesday of this week for Dallas, Texas, where she plans to spend about a week with her sister, Mrs. Sally Williams. Then she plans to go to Columbus, Ga., to live near her nephew and his wife, Mr. and Mrs. Bobbie Dennis. Mrs. Attie Dennis Toombs was married to the late Bob Toombs of Cedarvale in 1941. She receives no retirement pension. Mrs. Toombs was an excellent primary teacher, and is loved by the many young people whom she has taught, and all others who know her. We wish her better health and much happiness in her new home.

Corona Students Take Scholarship Test

More than 10 students at the Corona High School took the National Merit Scholarship Qualifying Test, Mr. Dame, principal, announced this week. The test was administered at the high school at 9 a. m., Tuesday, April 23.

The test was the first step in competition for merit scholarships provided by some 90 corporations, foundations, professional societies and individuals, as well as by the National Merit Scholarship Corporation itself. Some \$15 million in merit scholarships have been awarded in the first four years of the program.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. The basic continuing program is for one million dollars a year (for ten annual programs).

About 700 merit scholars, winners of the 1953-54 competition, will be named on April 29, 1959. They are winners in the fourth merit program which began last April.

Teensters Union No. 1

Hi everybody how are you this week? Aren't we having beautiful weather? Too bad it couldn't stay this way all of the time isn't it? I read a cute story entitled "One Look Will Tell" by Georgia Berthel. I think it is real cute. Well, here it is:

Some say the eyes are the mirror of the soul. I say the teenage girl's hairdo is the reflection of her soul. The girl sitting across the aisle has an unkept hairdo. She's a nice girl but not the neat type. Or take the blonde girl in chorus class who has a short fluffy hairdo. She has a short fluffy nature. She really isn't smart and has a boy-crazy, disconnected personality. Always, you will find a girl with a short, neat hairdo, perhaps even a ductal. She is neat in her work and wears tailored clothes. In all probability, she is shy, too. The perennial long glamour girl bob usually belong to that blond all boys are "dying" to go with. Naturally, the girl is a flirt! So if you ever are in doubt about someone's personality, take a look at her hairdo. One look will tell!

Well, how about a letter? Dear Pam: Could I have been in love with a girl's hair more than with the girl herself? I am 14. I've been taking a girl to the movies. She had black hair and wore it long.

Last week she cut and bleached it. Now I don't love her. Why am I so changeable? E.D.

Dear E. D.: You are young and it may be you were in love with her hair. It is the same being in love with a girl's face and when it is hurt or scared you find you no longer like her. Don't worry about it. Someday you will love a girl for herself; but you are young; don't let it bother you, Pam. Take care and stay happy. Pam.
