Library at Lincoln Open During Week

A summertime schedule at the Lincoln Public Library is providing recreational reading time for residents of the Lincoln community. The facility, housed in historic Tunstall Store, is open six days a week, Monday through Saturday, from 9 to 11 in the morning, and 3 to 5 in the afternoon. Acting librarians for the summer season are Miss Barbara McGrew and Mrs. Rafaelita Fryor.

A story hour on Tuesday and Thursday afternoons at 3:30 has been well attended by children of the community.

The library was opened last fall with a collection of 300 books loaned by the New Mexico State Library Extension Service. Since that time an equal number of books have been given to the library for its permanent collection. They range in classification from fiction to technical subjects. The reference division contains dictionaries, encyclopedias and source material of New Mexico history.

It has been possible to keep the library open during the summer through the volunteer services of Miss McGrew and through aid from the Lincoln County recreational fund. After Labor Day the fall schedule will be resumed through the courtesy of Mrs. Jewel McMichael, recipient at the Tunstall Store Museum. Space for the library has been donated by the Old Lincoln County Memorial Commission.

Carrizozo C. of C. Plans Smorgasbord For Range Camps

Directors of the Carrizozo Chamber of Commerce at their meeting last Thursday night continued planning for the annual dinner for range camp personnel.

Last year about seven hundred Army personnel, their wives and children attended the barbecue at the high school athletic field.

This year, because of reduced personnel at the camps, a smorgasbord dinner is planned at the Country Club.

A tentative date of August 27 has been set for the affair.

\$75 Donated to Fair
The Chamber voted to donate \$75 to the Lincoln County Fair, to be held September 11 and 12 in Capitán.

Instructing Secretary Johnson Stearns to mail a check for \$75 to the fair board, Kino Ortiz, C. of C. president, said "A lot of people over the county have put a great deal of effort into building up this county fair and we want them to know we are behind them 100%."

The directors will meet again this Thursday to continue planning for the Servicemen's dinner.

Closure Asked for County Road
The Lincoln County Board of Commissioners, meeting in regular session last Thursday were presented a petition asking for permission to close an unimproved road through Sections 31, 32, 38, and 28, Range 14 E, Township 10 S. The petition was presented by R. E. (Sonney) Wright.

The commissioners appointed a board of viewers to look into the request. They are George Fuchs, Charley Peebles and Joe Coe, who will make their report at the next meeting of the commissioners.

Any protests regarding closing of the road should be made at that time.

In other proceedings, Pat Murphy appeared before the board regarding the bridge that washed out in White Oaks draw on the approach to the schoolhouse.

Mrs. George Butts of Tinnie was appointed on the district health board to replace Mrs. Charles Fuller, whose term expired July 1 this year.

The Village of Ruidoso requested a right of way for a sewer line on the Gavilan Canyon road. The request was granted.

The commissioners in a letter to the State Welfare Department requested the reopening of the welfare office in Carrizozo.

Mr. DeVargas of the State Bureau of Roads met with the commissioners to discuss state and county road maintenance planning.

Jack Kennedy presented a proposed development plan for the Western Hills subdivision in Ruidoso.

The commissioners, in a resolution, recommended that C. L. Wright and H. H. Shier be appointed by the mayor of Ruidoso to work with the Ruidoso Zoning and Planning Board to represent areas outside the Village of Ruidoso.

The county agreed to maintain a three-mile stretch of the Eagle Creek road between the Mon Jean road and the Southwestern Field, Game and Forest Protective Association camp. This road will be maintained along with the rest of the Mon Jean road.

Awards Night for Little Leaguers

Parents and Little Leaguers alike were given the opportunity to visit with the coaches, other parents, and the members of the summer Recreation Board Monday night on the Little League diamond.

It was awards night for the boys and the lettermen were announced, as well as the outstanding players. The boys looked like major leaguers when they donned their new uniforms for the first time.

Mike Ortiz was chosen the outstanding batsman, Wayne MacDonald, the most versatile, and Carlos Zamora was picked as the best fielder. Gerald Posey copped the Sportsman award.

In outlining next year's program, it was pointed out by Mr. Clegg, speaking as a member of the board, and for coaches MacDonald and Brister, that there is no lack of youthful participants. The deficiency has been in the lack of adult sponsors and coaches.

The watermelon was delicious and the conversation was about another fine team next year. Improvements on the new field were also listed as an aim for next year.

LITTLE LEAGUERS DOWN TULAROSA

The Little League Indians knocked off another town champion last Friday when they traveled to Tularosa for a contest under the lights. It took the boys five innings to get warmed to their task and in the bottom of the sixth (the last inning) it looked as though the boys "down the road" would win 5 to 4.

However, big bats exploded seven long hits off starting pitcher Candelaria, in order, and the final score was Carrizozo 11, Tularosa 5.

Mike Ortiz, Tommy Delgado, Sammy Vigil, Lynn MacDonald, and Buddy Hill were the big guns in that explosive inning. The teams got together again here Friday night.

INDIANS DROP CLOSE GAME TO RUIDOSO

In a wild and furious melee on their home field, the Indians lost a return game to Ruidoso by a score of 14 to 13.

The usually dependable infield developed holes in it for the Indians as one batter after another reached first base on errors early in the inning.

The Ruidosians built a lead of 11 to 4 by the fourth inning and even a valiant effort in the late stages failed to bring another victory home to the Carrizozans.

The Indians defeated Ruidoso by a score of 17 to 7 earlier in the season.

RECREATION DIRECTOR RETURNS TO CORONA

Coach Carroll Brister, who has directed the summer program in Carrizozo, is leaving this week for Corona, where he is coach.

He remarked: "It is hard for me to believe that I will be back here a month from now coaching boys to beat Carrizozo in football. I have enjoyed my stay here and made many friends."

The cafeteria will serve lunch. Cafeteria prices are the same as last year—20 cents for grades 1 through 6 and 30 cents for grades 7 through 12.

Supt. Hall stated that Capitán High School has again been approved for the 1959-60 term by the North Central Association of Colleges and Secondary Schools.

New faculty members are: Mrs. Louise Ferguson, sixth grade, with the Carrizozo system last year.

Mrs. Winifred Cozens, home economics, with Logan last year.

The first faculty meeting is scheduled for 9:30 in the morning on Thursday, Aug. 20.

Sand Greens "Smooth as Frog Hair" Aid Players at Country Club Golf Course

Reminiscent of the days back in 1924 when the writer Quentin Reynolds visited the Carrizozo Country Club and returned east to write in Collier's weekly magazine a story entitled "Cow Feature Pool" a large crowd of Carrizozites, friends and visitors gathered Sunday, August 9, for a Scotch tournament at the Club golf course, which has been undergoing a rehabilitation program at the hands of a volunteer group, who want to play a little cow pasture pool and provide a recreation spot for others to enjoy.

The sand greens that Quentin Reynolds said were "probably the best in the world," have been renewed with finely ground tallings from a nearby flotation mill and are said to be "as smooth as frog hair."

There is still a lot of work left to do to put the golf course back where it was when Dr. F. H. Johnson, Art Rolland and the others used to bring away from sun-up to sun-down, chasing the little white balls around bear-grass and yuccas and all the while keeping a wary eye for rattlesnakes.

But the setting is as always; the course at an altitude of 5,000 ft. stretches out across the flats in a valley between the towering White Mountains peaks and a 10,000 year old lava flow known as the Mal Pais.

The view is unimpeded and occasionally one loses track of the ball and his score as he views with awe the sunset and contrasts created in the canyons and on the slopes of the majestic mountains.

In a Scotch tournament, the women draw the men's names for partners and using one ball they alternate strokes around the course. A large percentage of the players were novices, with a sprinkling of old pros and some so new at the game they used a putter to drive with.

Winning the tournament with a scorching 52 for the nine-hole course were Margaret Stearns and J. B. Howell; runners up Bill Galanter and Sharon Sargent. Charlie Hodgson won the driving contest, Velus Lad the approach contest and Johnson Stearns the putting contest. Following the tournament the ladies had prepared a covered dish dinner which was served in the clubhouse.

Jane Shafer won the ladies driving contest.

Plans are now being made for a regular golf tournament and a fall program of activities are scheduled for the clubhouse. The Teen Age program has had use of the spacious clubhouse for their dances and parties and it appears that the old Carrizozo Country Club is getting back on its feet, to provide a place where the oldsters and youngsters can again gather and enjoy the camaraderie that is typical of the Land of Enchantment.

Army's "Smallest GI" Paid Visit to County

Mr. and Mrs. Wille Dockray were in White Oaks Sunday, en route to the West Coast.

Dockray, a private during World War II, gained fame because of his rating as the smallest soldier in the U. S. Army.

He had difficulty enlisting because of his small stature, but he was persistent and when he insisted he was "as good as any Jap," resistance melted.

Combat experience proved that though he lacked height, Dockray had plenty of muscles.

Pre-registration for Carrizozo Pupils

Pre-registration for Carrizozo pupils entering the first grade, or pupils who are entering grades 2 through 8 for the first time, will be held Monday and Tuesday mornings, August 17 and 18, between the hours of 9 and 11. Fred Miller, elementary principal, announced this week.

Parents of youngsters in these categories are urged to register them in Room 2 of the Elementary School on these days.

Frank Wagner, high school principal, wishes to remind parents of incoming freshmen that registration for 9th graders will be held afternoons between August 17 and 20 in the high school building.

Students who are entering Carrizozo High for the first time should also register at this time.

Caretaker Named for White Oaks Center

During the recent Jackson Day dinner at White Oaks, Mrs. Maggie Ward was appointed caretaker of the community building.

Anyone desiring use of the building may obtain permission and the key from her. A small charge is made for use of the building by private parties.

Rob Leslie, Bryan Hightower, Orris Smith and Ray Lemon, members of the White Oaks Cemetery Association, and present at the dinner, made this decision.

Fine Weather, Good Crowd at Lincoln's Three-Day Pageant

A total of 1,723 paid admissions were recorded for pageant nights at Lincoln last week end, according to Edward Penfield, of the pageant committee. This was a gain in attendance over last year, he said.

For several years in a row the weather has cooperated during the pageant week end and this year was no exception. Though rain fell during the three days, the skies were clear at pageant time and the air cool and comfortable.

The pageant ran smoothly, with many favorite actors from previous pageants again returning. There were some new faces taking leading parts. The narrators gave their usual excellent interpretation of the action of the pageant.

Director Paul Gardner is being given credit for an outstanding job.

Other features of the pageant were music by the Wilbur Coe orchestra, the Peralta Family Band, the Quadrille Dancers and feature acts.

Highlight of Sunday's program was an address by Gov. John Burroughs who spoke about the pioneer spirit that is our heritage.

Twenty Bighorn Sheep Licenses to be Issued

Rocky Mountain Bighorn sheep will be hunted this year, the first time since 1880 that this species may be legally taken in New Mexico. Twenty licenses are available, to residents only. Public drawing will be held on August 23, and applications must be in the Santa Fe office of the Department of Game and Fish on August 24 by 10 a.m.

The State Game Commission at its August 10 meeting declared this season in place of the C Section of the Sandia deer hunt, for which no applications had been received.

YOUNG BIRDS ABUNDANT

Quail and turkey production has been very good this year in the south and southeast areas of the state. Turkey hens observed by Bruce Harris and Merle Wischnofsky of the Department of Game and Fish average 7 to 8 pouls. Quail broods in Lea County average 9 young, and in Eddy County 9 young, according to the biologists' count.

Local sportsmen, at Bruce Harris' request, turned in 25 brood records for Eddy County, which correspond with the research men's count — an average of 9 quail per hen.

WILL HARRISON'S

Inside the Capital

MR. HARRISON'S COLUMN

MOST PAY HIKE ARE UNNECESSARY

Santa Fe, Aug. 12 — Pay raises for 707 technical and professional people in the highway department (at a time when road building had been stopped because of no money) and a program of wage increases throughout the capital in higher wage ranges have been explained to the public as necessary to keep the help from being lured away by higher pay in private enterprise.

There has been some of that but not very much among the people affected by the recent round of pay raises.

PROFESSIONALS HARD TO KEEP

The state has a hard time keeping M. D.'s and lawyers, a few water experts have left the state engineer's office for better pay outside during the past ten years, a few expert accountants find better deals outside and young engineering graduates are hard to keep.

The greatest loss to private business is in good secretaries and the low paid business machine operators.

The loss to private business from the groups affected by the recent high bracket raises has been almost nothing and probably would not go up very much if pay rates were lowered.

LIKE PULLING A WISDOM TOOTH

Nobody around these parts can remember a bureau of revenue officer being hired away by private business. Established officers in the highway department quit upon being pried out.

It is rare and usually worth a news story when any well-paid employe of the land office, tax commission, game office, welfare department, tourist bureau, port of entry, state police or any old capitol office quits for a job outside.

And when they do quit it is a common sight to see them coming back after a few months.

NOT AS BAD AS THEY SEEM

This places the state worker in a worse light than he deserves. Many of them can't make it in private enterprise because such jobs as they do can't exist in private business. Many can't adjust to the tight and different practices in the profit system.

The present situation at the statehouse, however, is one in which scores of highly paid officials are getting more than they ever earned on their own, and more than necessary to keep them on their jobs.

It is one in which highly competent professionals do not get enough, particularly real accountants, and in which some of the dexterous and smart kids in little jobs don't get enough.

WHO'S RECRUITING SCHOOL TEACHERS?

And a note in conclusion: The school people, also, are all the time telling the eggs that teachers and school administrators' pay must go much higher to protect the schools from the raiding private enterprises.

How many do you know that have been captured by the industrialists and corporations? And it would really be unusual to hear of a school superintendent being lured off the job by bigger money.

The public servants deserve pay in keeping with their needs and abilities but it is kind of insulting to the public intelligence to continue saying that every raise is protecting them from the lures of old hard nosed private enterprise.

MATCHING MONEY COSTS \$\$\$ MORE

Note on Bureau of Finance: State Secretary Betty Florida went before the state board of finance with a request for \$800 to equip the statehouse with a fire warning system.

The economically minded board referred her to Civil Defense which has federal funds for such things. The CD said sure it would help pay half the cost — \$1,000 from the state and \$1,000 from CD.

FICKETT'S DOOR STILL OFF HINGES

Seven-foot Fickett, the corporation commissioner, is still working in an office with no door. The thing was taken off the hinges and put in the basement in 1956 as a campaign publicity stroke when he was running for governor. As it developed, however, the door removal wasn't entirely a publicity stunt. Fickett still allows the public at large to stroll in and out of his office at will.

Letters to the Editor

Editor, News:
Do you have any history on the Lincoln County War, back in the 1870's and anything on the "Transcontinental or Tri-State Canal," or where I can find it? — Albert F. Adams Kneuer, general dolly, Long Branch, Monmouth County, New Jersey.

Editor, News:

The article in the Lincoln County News of July 10, 1959, under the caption "Attention Called to Public Meeting Law," shows that Carrizozo is indeed fortunate in having a school board which invites patrons to its meetings. It is assumed that it does not switch meeting nights and hold surprise sessions.

The recently effective law requiring that school board meetings, at which definite action is taken, to be open to patrons may not have been needed in your town but some solid citizens think it was sorely needed in others.

The attitude and actions of the powers that be in the Ruidoso schools caused me to appeal to the Lincoln County Grand Jury for relief before this law became effective.

It is most gratifying to know that when the right people submit the facts to our legislators, they will act. Chapter 120 of the Session Laws of 1959 was certainly needed in some school districts.

Very truly yours,
L. P. HAIST,
Ruidoso, New Mexico.

WILL HARRISON'S Inside The Capital

Santa Fe, Aug. 5 — The ruckus about the governor's party of 10 flying to San Juan, Puerto Rico, calls for a look at the money the state provides for that sort of thing.

In addition to the governor's \$17,500 salary the state gives him \$25,500 for "contingent and other" expenses.

It is delivered in monthly checks of \$2,125 and the governor is not required to account for its use. There is \$15,000 a year for running the executive residence which is paid in monthly checks of \$1,250 each and no accounting is required for its expenditure.

There is \$40,820 for salaries of the governor's staff and \$7,400 a year for office expenses, funds which are audited and if there are balances at the end of the year the surplus goes back to the state general fund.

A thrifty officer not given to traveling and entertaining could scratch out maybe \$35,000 to \$40,000 a year on the job.

RUSSELL CHARLTON IS WORKING AGAIN

Russell Charlton, head of the New Mexico National Guard under three governors, long the state director of selective service and one of the contentious figures of recent statehouse history has been employed by the National Guard to write the history of the unit. He's getting \$300 a month and earning credit toward retirement. He's about 60.

BED SHIRT PLACE

It shouldn't make any difference in the quality of the state utility regulation commission whether Commissioner Albert Shubert sleeps in Albuquerque or Santa Fe

but it looks like the law is going to make him move his blanket and night shirt to the capital.

He's traveling back and forth daily and staying on as a precinct Demo chairman in Albuquerque. The law says the commissioners must "reside" in Santa Fe and give "whole time" to their jobs.

Charlie Brice, one of the great justices of the supreme court, ignored the Santa Fe residence law for 16 years while carrying on from his private state capital in Roswell.

Gail Cartier, brother-in-law of the 1939-42 governor, John Miles, and first chairman of the utilities commission ignored the "whole time" law by holding the commission job and also a director post in the bureau of revenue.

When Bob Valdez, the new bureau of revenue commissioner, was a member of the utilities commission, he testified under oath at a trucking-permit hearing that he was working eight hours a day for the truck line. He didn't get by with it and was replaced on the commission.

SHORT OF POLITICOS

Lawyer Jack Campbell, Roswell representative, is getting serious attention as a prospect for the Demo nomination for governor next year but still seems to lack the practical political producers who are so important in a Democratic primary.

About half of the Democratic county chairmen are on jobs in the statehouse, the state chairman of the Young Democrats and his wife have been employed, and the state chairman of the senior organization is in a coveted place on the State University board of regents. That leaves slim pickings for an outsider.

Any Burroughs opponent seems to need the backing of the powerful followers of Sen. Dennis Chavez for a strong challenge of the incumbent.

The senator's boy, Junior, has made it known that he's available to sacrifice himself as governor for a few years, a development which is going to make it very difficult and maybe very costly for any other to get the Chavez support.

The newest Demo county chairman on the payroll is Charlie Gerhart of Santa Rosa, elected Guadalupe chairman one day and hired the next as part-time lawyer for the motor vehicle office at \$385 a month.

ONE PAPER FOLDS, TWO SPRING UP

One newspaper folded in Taos and two popped up to serve the state's No. 1 relief county.

The weekly Taos News was launched by several former employees of Edward Cabot's El Crepusculo. That had hardly been announced when Craig Vincent said that he was reviving El Crep under its full name of 120 years ago, El Crepusculo de Libertad (Dawn of Liberty).

Vincent was the proprietor of the San Cristobal ranch near Taos which was named in half a dozen security hearings as a popular communist rendezvous but nothing certain was ever pinned on Vincent. He ran for Demo nomination for the legislature a few years ago in Taos and got beat.

Cabot folded his paper because of sustained losses that would no longer be recognized by the federal income tax people.

"What part of a family budget should be for reserve savings?"

According to money-management experts, a family should budget from 7½% to 25% of net income (depending on income group and family size) for reserve savings. Don't underestimate the importance of having an ample cash reserve in the bank. These funds can take up slack from "overspending" in other budget categories; they can help meet unexpected emergencies; they can help reach cherished family goals. More people have their cash reserves in bank savings accounts than anywhere else. We will welcome your account at our bank!

Tree Protection

Paving the patio is a good idea— if you don't kill your trees!

The feeding root zone of a tree covers the same underground as the foliage does above ground. If you have a good shade tree in your patio and don't want to lose it, leave loose joints or holes through the flagstone or cement for good water penetration.

In planning the basin in the concrete, remember that the large roots close to the trunk of old trees don't need water—they just hold the tree up; it's the smaller feeder roots at the edge of the drip area that are important.

Now, trees in lawns will require more water than trees in a basin, too. The lawn will absorb much of the water that the tree roots should receive.

For large ornamentals or fruit trees in a basin, extend the basin along with the foliage until the diameter is 8 to 10 feet—preferably out to the edge of the drip of the tree. To help hold the water in the ground, spread a mulch of barn yard manure, or some other suitable material, over the soil. With a mulch cover, less frequent irrigation will be needed.

Above all, be sure to get the whole root zone of the tree watered.

"EL ZORRO"

By Frank Alsop
(poet low-rate)

He's the man of the son
The friend of the poor
This man called "El Zorro," the

Fox
His friend was Garcia
Oh mamacita mia
Whose head was filled with rocks

The serenitas would swoon
As he sang 'neath the moon
This dancero from faraway Spain
The commandante would shake
And much aspirin he would take
At the mention of El Zorro's name

The soldiers all trembled
When someone who resembled
El Zorro came on the scene
Each one was happy
And so was his puppy
When they saw El Zorro in their dream

All the gauchos
And little muchachos
Were thrilled when they heard
Tornado at the gate
For they knew beyond doubt
That waiting without
Was El Zorro with an Alsop's Cake

Another Dance for Museum August 22

The Smokey dance last Saturday was a big success and the large crowd had a good time.

Our next dance will be two weeks hence, August 22, at the same place and with the same good music by Prather and Jones. Their music just makes everyone want to dance. We hope to see you all again August 22.

Those donating sandwiches this time were Mrs. Soderback, Mrs. Dyer Forbus, Mrs. Guck, Mrs. Holmes and Rench. Coffee and ice by Rench also.

Mrs. Guck gave a cake on which chances were sold. That is her project to get the bear cage paid for. Then, we must not forget to thank Ray Province for his everloyal services. Mr. Guillot, your presence was appreciated, and we thank you.

Capitan's beauty shop operator, Grace Williams, is doing her part. She is giving away a permanent and the proceeds will go to the museum.

We have been enjoying daily rains, for a few days.

School days will be with us again Monday, August 24. I am looking forward to the children's happy laughter as they go by.

Mr. and Mrs. Bill Hall, Nancy and Janice McKnight went to Grady last Friday, returning Sunday night. The Halls had not seen them in three years.

LaDonna and Lloyd Absher Jr. of Coleville, Utah, recently visited the Hobbbs at their home in Los Alamos. The Abshers had a son born to them last week. He was named Gregory I. Lequita Absher was graduated from high school in Coleville and is to be married August 31. The Abshers were former residents of Capitan.

Joseph Rench made a business trip to Santa Fe last Sunday. He came through a terrific rain on his return between Corona and Carrizozo.

Right Leg Crushed When Horse Falls

Benny Quarez was riding a horse last Monday night when the horse slipped and fell, crushing Benny's right leg between the knee and the foot.

He was taken to the Carrizozo Hospital and then to the Veterans Hospital in Albuquerque, where he will have to remain for three months.

The morning he was injured, he had just brought his wife and infant son from the Carrizozo Hospital where a son, Edward Joe, was born Friday, Aug. 7.

Set New Date for Dog Vaccinations

Dr. Miller did not have enough vaccine to get all of the dogs taken care of August 5, but he will return Wednesday, August 19.

Those who were unable to have their dogs vaccinated on his previous visit, remember the date of August 19. All dogs must have vaccination tags.

Mrs. Cuca Chavez is with her daughter, Corina (Mr. and Mrs. C. Mata) and family in Albuquerque for the summer. She has been there for the last two months. Her husband, who is ill, is with his daughter (Mr. and Mrs. Eloy Padilla) in Alamogordo. He has been able to visit his wife in Albuquerque.

VIVA "EL CHIVATO!"

By JOE S. CHAVEZ

We spent last week end in Carrizozo visiting relatives and old friends. We came back Sunday at mid-day and went on to Lincoln with the George Sanchez and Joe Chavez families, Frank Vega and Ray Warner.

We arrived in time to mingle with the large, friendly crowd and enjoy the folklore singing and dancing and good old-time music by the Peraltas and others.

Fine and very enchanting music vibrated from three different places and the Roman Maes dance hall was packed to capacity during the afternoon, with happy revelers to the music of the fine Chavez orchestra.

The many concessions on both sides of the street and the big barbecue in the school house were doing a thriving business and you could detect the pleasant and smiling countenances on every man, woman and child.

Unlike that spring day of 1881 when Billy the Kid emptied both barrels of his shotgun on the person of his much-hated adversary, Bob Olinger, and hurled the empty gun at him, with an oath "Take that—to hell with you!", Sheriff Sally Ortiz, Verman Petty, Manuel Chavez, Marvin Roberts and other officers, kept the highway well-patrolled for traffic in both directions. They kept the vehicles and pedestrians in clockwise precision and are to be highly commended for their vigilance and efficiency.

This is the first time we had been in the old courthouse since being remodeled and converted into a museum. We certainly enjoyed the many antiques therein, such as the remnants of a once-luxurious buggy belonging to Mrs. Nellie (Gray) Petty, and bought for her by her father from Head Mayer's livery stable in White Oaks.

Many old guns, handcuffs and leg chains, two spinning wheels, a high-wheeled bicycle, two very old butter churns, one of which was donated by Mrs. W. S. Norman of Albuquerque and one by the late Mrs. Maggie Pfingsten of Tucuman, but a resident of the Nogal Mesa for many years.

Also many Indian artifacts unearthed at Baca and Salazar canyons around Fort Stanton and Gran Quivira.

Among several portraits of different distinguished men of that epoch we readily recognized the one of our late uncle, Captain Saturnino Baca, and his many documents of his services to the government, territory and country. He was one of the founders of Lincoln County, when as a legislator from what was then all of Socorro County. He served the newly-formed county as sheriff, probate judge and held other important offices. The documents were loaned to the museum by Mrs. Sara Salazar, the only surviving child of a very large family of old Lincoln. She is well-advanced in years, being past 85.

We came to a photograph of the Lincoln baseball team of 1887, but no names attached to it. Next we came to the baseball team of White Oaks in 1897. We recognized Jesse Vandevort, Jim Lee, Johnny Callicott and Jose Sanchez. In the caption they have it "Chavez," but we knew and remember Jose Sanchez well. He was married to Adella Lalona.

On the Fourth of July, 1908, in Carrizozo, Joe and Candy Sand-

Fieldman for Veterans To be in Capitan

Joe Darnell, Veterans' service officer in the courthouse at Roswell, made a business call here the 10th. He advises he will be here the second Monday of every month at 10 in the morning at the city hall to advise veterans.

Anyone desiring information regarding veteran matters is invited to visit him. His next visit will be Monday, September 14.

Mr. and Mrs. Robert Estrada and daughter Toni of Alamogordo attended the wedding August 1 of her sister, Eileen Zamora. Then Mrs. Estrada (Irene) and Toni remained with her mother, Mrs. Mary Trujillo, for last week, leaving on Monday.

Donacio Sedillo, who has been ill at his son's home in Las Cruces and under the care of a doctor for most of three months, came home last week end. Mr. and Mrs. Robert Sedillo, with whom he had been living, brought him, after the doctor released him. Mr. Sedillo Sr. is 75 years old.

Mr. and Mrs. Raymond Burk and four children of Anadarko, Okla., and his cousin (Mr. and Mrs. L. P. Trammell) and family of Oklahoma City spent from Thursday through the week end in Capitan, also visiting points of interest. He sold their home property, including three lots, to Candelario Trujillo. His parents are both deceased. He is a conductor on the Rock Island Railway. Hubert, his brother, is president of the Nylon Hosiery Mills in Tennessee.

To Issue First Soil Conservation Stamp

The nation's first soil conservation postage stamp will be formally released at the annual meeting of the Soil Conservation Society of America at Rapid City, S. D., on August 20.

The stamp will go on sale the following day at post offices throughout the country, according to R. L. Gilco, soil conservationist with the New Mexico State University Extension Service.

The 4-cent stamp saluting progress in soil conservation in the United States portrays a modern farmland setting signifying that conservation farming brings beauty as well as bounty to rural living.

Practices of soil conservation shown include contour strip cropping, terraces, pasture improvement, tree planting and a farm pond. The silhouette of a city in the background symbolizes that urban as well as rural people are highly dependent upon the care and wise use of land as a source of food, water, shelter, and clothing.

First day "covers" containing the stamp are available through the Postmaster at Rapid City, So. D., upon request and receipt of addressed envelope and a remittance to cover the cost of the stamps.

The post office will place the new stamp on the envelopes, cancel them with a special cancellation mark used only on that day and at that place, and mail the envelopes on the first day of issue.

The metal nickel was named for the devil. The tough, heat-resistant metal clogged copper smelters in 18th-century Saxony. Enraged miners called it "Old Nick's Copper."

val beat Jim Lee and his partner in a mine drilling contest. They all were miners of White Oaks and the big rock they drilled remained for many years on the vacant lot between the present bank building and the old John B. Bell store.

As we stood at the window from where the kid fed birds with crumbs and later fed Olinger with buckshot, we could not help but recall to mind three individuals who played a very active and dramatic part in that turbulent Lincoln County War. Those men, we think, are deserving of a little mention at this particular time (although the pageant is over) were Higinio Calazar, Lucia Montoya and Fernando Herrera.

When the kid and henchmen were harried by McSween's horse after the latter and others on both sides had been killed and the home set afire, the kid and Salazar left the burning building in a hail of bullets. The kid hurled the barricade, or "tapie," and escaped unscathed. Salazar was not so fortunate and he went down in the yard, badly wounded. As he related it, time and again, he played possum and was given up for dead. He thereby escaped with his life and lived for many years afterward to tell the story.

We also saw a picture of the scaffold built to hang Rosario Esteban, who had been convicted of murder in the slaying of his sweetheart. Rosario broke jail the night before his execution and never was seen again. After the chicken had flown the coop, Judge John Y. Hewitt of White Oaks, Court Clerk H. B. Hamilton, Sheriff John Owen and other court officials posed on the scaffold for the photograph.

It was getting around 6 o'clock and the curfew had rung for us, so we did not remain for the night performance and big dance to follow at Mason Hall.

But we in our party really enjoyed the few hours spent there and thank everyone for their friendliness and hospitality.

Viva "El Chivato" Billy the Kid! And viva Lincoln tambien!

The play "No Bride for the Groom" will be presented September 11 and 12 by the Tularosa PTA. This is an annual event and the money all goes into the PTA scholarship fund.

This scholarship is given each year to a deserving student studying to become a teacher.

Mike Dorame was the first student to receive help from the fund. This year he will be a teacher in the Tularosa school system. Mike was an outstanding athlete in high school here and was graduated from Colorado State College at Greeley.

He served two years in the Service and returned to Tularosa last year. He will be head basketball coach and assistant football coach.

The rodeo last Sunday, put on by the Round Mountain Roping Club at their arena was a great success, with a large crowd present and perfect weather.

The contestants came from far and near to enter. Considering that this is a fairly new club, they put on a good show and it will probably be an annual affair.

Charlie Mendez, the singing announcer, besides being good at it, kept the crowd entertained with his guitar and his many songs. He is probably the only guitar player announced in the business and kept things moving along fine.

Winners at the Round Mountain Rodeo last Sunday included, from Tularosa, Jess Gilliland, Bill Trammell, Lester Wilcox, Howard McDonald, F. C. Stover and Gerald Marr.

Clyde Duckwall will be the new instructor in English and Journalism.

The in-service conference for the Tularosa school faculty will be August 25 and 26. The conference will deal principally with the three areas in which tests have shown that the school curriculum needs strengthening, namely general vocabulary, using sources of information and mathematics.

The three consultants, all from the State Department of Education, are Mrs. Mildred Kimbrough, vocabulary; George White, improving the use of sources of information, and Miss Lura Bennett, mathematics.

The object of this conference is to work toward correction of each of the areas of weakness.

Cafeteria meals will be 30 cents for grades 1 through 6, and 35 cents for grades 7 through 12.

Robert Herron to be Head Football Coach

Tularosa Public Schools report that Robert Herron, Jr. has been hired as head football coach for the coming season.

Coach Herron is not new to this part of the country having attended high school in Las Cruces from 1944 to 1947. While in high school he was quite active in athletics. He spent 4 years in the U. S. Navy. In the Navy he played several football; also semi-pro football with the South Norfolk Rebels in Virginia.

Mr. Herron received his bachelor's degree from Colorado State College in Greeley where he participated in football and co-captained the team his senior year. He has done work on his master's degree at the University of Oregon. Herron has coached and taught for two years in Amarillo, Texas. The past year he was employed by the Alamogordo school system. His teams in the past 3 years have had a 20 win, 1 loss record.

Orientation meetings have been held, physical exams were taken Wednesday, football equipment will be issued on Saturday, so football season is underway.

Returning letterman are Leo Nunez, quarterback; Dave King, guard; Charles Holder, center; Tony Cordova, end; Edward Little, fullback; Francis Smith, tackle.

With these boys as a nucleus, Coach Herron is expecting a good turnout of sophomores and freshman boys to bolster the squad. Herron comes to Tularosa with a desire to win and a deep respect for the fighting attitude of Wildcat teams of the past.

Home of Mr. and Mrs. Rex Adams Setting for Saturday Evening Wedding

The beautiful new home of Mr. and Mrs. Rex Adams was the setting Saturday evening, August 8, at 8:30 o'clock, for the wedding of their daughter, Marita Adams, of Tularosa, and John Wealey Kaufman of Bradford, Penn.

The single ring ceremony was performed by Rev. Noble Atkins of the Tularosa Methodist Church.

The bride was attired in a white lace street length dress, with short sleeves and a scoop neckline, with a light blue cummerbund. Her shoulder length veil of illusion was held in place with a silver and rhinestone tiara. Her corsage was red rosebuds.

For something old, the bride had an old penny in her shoe. Something new was her dress; something borrowed, a pearl necklace borrowed from her sister, and for something blue she wore a blue garter.

Kathy Canning of Tularosa was the matron of honor. Tom Payne of Alamogordo was the best man.

The matron of honor chose for her wedding attire a powder blue velvet flannel dress, with blue and white accessories.

Mrs. Adams wore light blue child-

ren over taffeta, with white accessories.

Fifty guests attended the wedding and a reception which followed immediately after the ceremony, in the patio of the Adams home.

Two sisters of the bride, Mildred and Joy Adams, and Miss Phillis Wallace of Portales, alternated serving the punch and cake and attending the guest book.

Out-of-town guests were Mr. and Mrs. Ralph Tally and two children from Tucson (Mrs. Tally is a sister of the groom); the Misses Phillis and Betty Wallace of Portales; Mr. and Mrs. Jim Boyer and two children from Las Cruces, and a school friend of the groom, Don Fisher, from Oklahoma City.

The couple left Saturday night for a week's honeymoon in California. The bridegroom is an employee of the balloon branch at Holloman; his bride has been employed as bookkeeper for her father.

Richard Crandall is home from the Veterans Hospital in Albuquerque where he has been for several weeks.

Vernon Snodgrass went to Denver last week to visit his sister. He also visited Mrs. Snodgrass's sister and father in Greeley, Colo.

Mr. and Mrs. Melvin Caley and children were in El Paso last week end, shopping. They also visited the Ben Palmers in Anthony, N. M.

Robert Judah, son of Mr. and Mrs. Bill Fitts, is now stationed at Adak, Alaska. He is in the U. S. Coast Guard.

Dr. and Mrs. Richard Hall were brief visitors Sunday at the G. V. Clayton home. The Halls were en route to their Albuquerque home.

Mr. and Mrs. Eddie Boyer were Sunday dinner guests at the Louis Holland home in Alamogordo.

Chase Webb of Silver City was a week end guest at the home of Mrs. Stella Mitchell and her son Billy Mitchell. On Saturday the three motored to Lincoln to see the Billy the Kid pagant.

Dink Myers, Tularosa postmaster, Mrs. Myers and family were Carrizozo visitors Wednesday.

LILLIAN ROTH, author of the most heartwarming and inspirational stories of the decade, will appear at La Nueva Cucaracha in a limited two week engagement on August 14. This courageous lady has been hailed not only as one of the truly great artists of our time but also as a wonderful human being whose writings have comforted and inspired millions. Her book "I'll Cry Tomorrow" was on the best seller list for over one and one half years. The movie version, which starred Susan Hayward was one of the outstanding movies which earned Miss Hayward an academy nomination. Her second book "Beyond My Worth," continues her dramatic story since returning to the theatre. This has climbed rapidly into the best selling ranks. The presentation of this great name in the entertainment world is another stepping stone in the impressive list of great names presented by this, the only Juarez night club with refrigerated air conditioning.

THE RETURN of Ralph Sampedro, the Alcazar's most genial host has added a new feeling to the gourmet's hangout. His absence certainly did not change the appetizing menu served at this most widely recognized family eating restaurant. It was strange the not seeing the familiar Ralph, with his ever gracious manner welcoming the guests. Be sure and visit this place, the most popular in Juarez. Enjoy a cool refreshing drink or a complete meal in the most congenial place in Juarez. Listen to the authentic Spanish songs interpreted by Vero and accompanied by the virtuoso of the guitar, Manolo.

FOR THE SECOND WEEK in succession, Monumental proved that it pays to go out a little further to see the most exciting corridos in Mexico. The corrida of Sunday before had not been forgotten when the one last Sunday added to the most talked about corridos in Mexico. On August 2, Manuel Capetillo, Juan Silveit and Alfredo Leal appeared in one of the most exciting corridos ever seen in Juarez. The cartel was repeated on August 9, due to the tremendous public demand for a repeat cartel. This also proved to be as exciting as the first one. For next Sunday, three more of Mexico's outstanding matadors will be featured in another great cartel. Humberto Moro, Antonio Del Olivar and Jose Ramon Tirado will fight six bulls from the famed San Jose de Buenavista herd. The unique color of this herd, brownish yellow, is the trademark. The bloodline of the herd is the best in Spain. The herd belongs to the Duke of Veragua, a direct descendant of Christopher Columbus. Tickets for these bullfights at Monumental Bullring can be obtained in El Paso at the Central Ticket Agency, 120 E. Franklin, phone KE 3-8610. Tickets may be ordered by mail thru the El Paso office.

Farm Bureau Plans For Booth at Fair

The Tularosa Farm Bureau meeting was well attended last Tuesday, August 4.

The building committee is going ahead with their plans to start the Farm Bureau building early this fall. This is very important to all the county farm organizations and everyone should lend a hand.

The Farm Bureau Fair Committee will decide on the theme for the fair booth and then appoint committees to help with carrying it out. This committee will need lots of help, so don't hesitate to offer your services. The county fair is an important event, and needs many willing hands.

farm labor problems was one to Mrs. J. C. Johnson's report on make all Farm Bureau members start to do some serious thinking and to get busy and help the people who are trying to work these things out. The labor problem is becoming serious for the real farmer who wants to make his living by agriculture.

Mrs. Cleve gave an interesting report on Farm Bureau women's activities. The Freedom Bookshelf, a collection of books about individual freedoms, citizenship and sound policies of economics, was one of the main topics at the women's meeting. They are working to make these books available to everyone in the state.

Mr. Cleve reported on the meeting of the livestock committees. The Farm Bureau will give a hog and fat calf away at the fair this year. Tickets will soon be on sale.

Can you bake an apple pie? Get in on the fun, girls. Every girl in the county, 14 years to 20 years, is eligible to enter the apple baking contest.

All county winners will go to the finals at the State Fair in Albuquerque. The state winner will receive a \$250 scholarship.

County entries will be judged September 1 at the Lions Hut in Tularosa. For more information, call Mrs. H. E. Marr (JU. 5-2538) or Mrs. A. D. Walker (JU. 5-2333).

Luther Watson died Monday morning at the Providence Memorial Hospital in El Paso, where he had been a patient for several days.

He was born in Wood County, Texas, December 14, 1886. He had been a resident of Tularosa for many years.

Funeral services were held on Thursday morning at 10 at the Church of the Nazarene in Tularosa with the Rev. Russell Ulrich and Dr. R. C. Gunstream officiating. Burial was in the Tularosa cemetery.

Palbearers were Floyd McDonald, Lloyd Stalberg, Fred Apel, Adrian Walker, Bill Cotton, L. E. Cozzen and J. C. Johnson.

Mr. Watson is survived by his widow, Helen Watson; four daughters, Mrs. Leon Nowell, Mrs. Alfred Nowell and Pearl Bohannon, all of Tularosa; Peggy M. Cotton Leafworms Are Prevalent in August

University Park, N. M. — John J. Durkin, entomologist with the New Mexico State University Extension Service, warned cotton farmers today to be on the lookout for cotton leafworms. He said August is the month when these pests generally invade cotton and it's better to kill them when they are small.

The cotton leafworm is green with yellow and black stripes running the length of the body. Each segment also has four black spots on the top and on each side. They are about 1/8 inch long when they first hatch from their eggs, but eventually reach 1 1/2 to 2 inches before they pupate and change into a tan moth.

Endrin, DDT-parathion, or DDT-toxaphene are the insecticides recommended for control of the worms. When worms are large, parathion and methyl parathion should be combined with DDT or endrin.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF ROSWELL AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of the Lincoln County News as he saw conditions. These people are leaders in their various lines of endeavor and the co-operation of these citizens in Roswell who helped to make this department possible is sincerely appreciated.

H. A. Taylor

Roswell owes much to those progressive citizens who have taken an active part in the growth and progress of the city and who have helped to make it the business center for this section of the state. In mentioning some of these men, it is only fair to include H. A. Taylor, of the Taylor Electric Company, whose outstanding knowledge of the electrical contracting business, backed up by his many years of experience, has brought him to the forefront in his particular field.

Mr. Taylor is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his field of endeavor.

We trust that H. A. Taylor will continue to serve the people of Roswell and the surrounding area for many years to come.

Logan F. Whitman

There are many men in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business, and accepted their civic responsibilities but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens we should include Logan F. Whitman of the Whitman Bookkeeping Service, for he is a man who has always done his work effectively even though it has been accomplished in an unobtrusive manner.

Mr. Whitman, busy as he is, always manages somehow or other to do his bit in any movement calculated to benefit the community as a whole. His modesty however, will not permit him to say the things about himself which are said by his friends, who do so because of a personal knowledge of his activities.

We do not hesitate to recommend Logan Whitman to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

M. G. Peters

To become generally accepted as one of those dependable business men of Roswell, who can always be counted upon to recognize his duty to the community, and one who will readily back up his sense of duty by active participation in, or the support of worth-while civic movements is an honor that can be proudly borne.

Such a man is M. G. Peters of the M. G. Peters Drilling Company, who a great many times in the past has neglected his own private affairs to lend a helping hand to meritorious civic projects.

Mr. Peters' friends are always more than glad to have his assistance, because of his constant cheerfulness, and the enthusiasm and optimism which he instills in his fellow men.

These same estimable attributes have also been applied by M. G. Peters in the management of his business, with the outstanding success which is known to us all. It is our pleasure to give him all the credit which is his just due, and to include him in this review of progressive Roswell business men.

Sam Hutchinson

Every progressive and successful business man in Roswell contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is Sam Hutchinson, of the Western Gas Service, who is well known and has many friends and business associates throughout this entire district.

The prominent part that the Western Gas Service is playing in the business and industrial life of Roswell and vicinity mirrors the progressiveness and ability of such men as he. Moreover, Mr. Hutchinson has also at times been steadfast in his devotion to the city, and the surrounding country and on many occasions has lent his support to the successful promotion of meritorious civic projects.

Roswell and this district are fortunate to have such a man as Sam Hutchinson in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's most progressive business men.

John Hawk

John Hawk, who just a short time ago assumed the operation and management of the Kirby Vacuum Cleaner Company, located at 810 West Second in Roswell, quite readily demonstrated his unusual ability by his quickness to appreciate the obligations and responsibilities of his new endeavor, and to conduct his affairs accordingly.

Although he has been managing the business for a comparatively short time, he has already made many new friends and satisfied customers for the Kirby Vacuum Cleaner Company.

Mr. Hawk is an active, energetic man whose sincere and friendly personality and desire to be of service is rapidly earning a place for him in this district. He has already taken an interest in community activities, and in due course of time will assume his full share of civic responsibilities.

John Hawk deserves a word of praise for having so quickly established himself in his new position, and we are glad to give him this brief mention.

Paul J. Stout

Successful business and professional men as a rule, show their appreciation for their success by their often repeated demonstrations of civic pride. This is a fortunate fact. Otherwise a city would be lacking in that progressive element which advocates and develops various projects of a civic nature that are indicative of a progressive community.

And Paul J. Stout of Stout Realty & Insurance, builder and developer of Stout Homes, and an authority on all farm and ranch real estate values, is a man who has never failed to lend a hand when it comes his turn to help on some worthy project promoted for the general betterment of Roswell and the adjacent territory.

Mr. Stout takes a genuine pleasure in this method of showing his appreciation for his success, and in so doing recognizes his civic responsibilities to the community.

It is such men as Paul Stout who become acknowledged leaders in both business and community activities, and we compliment him on having attained that position in his city.

Dub Morgan

We desire in this Roswell review to call the attention of our readers to the well-earned position which Dub Morgan has reached in the business life of this section. During the comparatively short time he has been operating the Roswell Truck Stop, he has made many personal friends as well as having earned the good will of his associates for the straight-forward manner in which he has conducted his business affairs.

Mr. Morgan is working hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation and management of his Magnolia Service Station as well.

He has also shown a willingness to assist in every manner at his disposal in the growth and development of the city of Roswell, and is always ready to lend his support to civic projects. Dub Morgan deserves our heartfelt congratulations on the splendid record he has already established, and we sincerely hope for his continued success.

A. S. Peters

It is appropriate that we include in this review of progressive Roswell business men, A. S. Peters of the Chuck Wagon Feed Company, who has many friends and satisfied customers living in the rural areas outside of the city. Furthermore, he is a man who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Peters has always shown an interest in the civic betterment and progress of the city, and has backed up his interest by his contributions to many projects which have benefited Roswell and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is best apparent because of his willingness to aid community activities.

His help along these lines has made of A. S. Peters an example of the type of man we all appreciate. We congratulate, and extend to him on behalf of all citizens interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Roswell and vicinity.

Charles C. Stiles

It is a well-known fact that a man's true character must come through in his work whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities, over and above the average, he is deserving of a few words of praise. Such a personality is Charles C. Stiles, well known and completely reliable plastering contractor and owner of the La Honda Courts, a leader in the business and civic life of Roswell.

In addition to being one of the city's more dependable business men, Mr. Stiles was never a man to shirk his civic duties. More than that he enters cheerfully and with enthusiasm and optimism into those civic affairs in which he has time to take a part. And seldom does he fail to find time to do his share.

Charles Stiles deserves his share of credit for being one of those progressive citizens of Roswell who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

V. L. Westerfield

Recognized as an authority on all general contracting problems, V. L. Westerfield of the Westerfield Construction Company, has turned his knowledge to the advantage of the people of Roswell and vicinity. More than that, Mr. Westerfield is a man who has always been vitally interested in the civic betterment and progress of the city, and has backed up his interest by lending assistance, in one form or another, to the successful promotion of many things which have benefited the community as a whole. Roswell owes much to such men for their part in making the city the business center of this area.

He has always been alert to the many opportunities for service, and more than ready to recognize and accept his share of civic responsibilities.

Because of these things, V. L. Westerfield has become accepted as a progressive business man who is an asset to both the business and civic life of the city, and we trust he will continue to serve the people of Roswell and the surrounding area in his present capacity for many years.

L. A. Stephens

In paying tribute to some of the more progressive business men of Roswell, we would be remiss in our duty should we fail to include L. A. Stephens of the Western Motor Service, located at 311 South Sunset Avenue, whose business ability is no greater than the "know how" and professional skill which has contributed to his well-earned success in the automotive repair and maintenance business.

He has also contributed generously to the welfare of the city and the community for many miles around, and his civic spirit is evidenced by the many services which he has performed and will continue to perform in the interest of the people as a whole.

Mr. Stephens is a man of wide acquaintance, whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. And his upright business methods are a credit to his inherent sense of fair play.

We congratulate L. A. Stephens on his splendid record of service, and trust he shall continue to assist us for many years to come.

W. E. Morgan

W. E. Morgan of the Plumbing, Heating & Engineering Company has a well-earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service he renders to the people more valuable. This invariable policy has made the Plumbing, Heating & Engineering Company outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. Morgan has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for serving what time he could spare to the general welfare, not only to the city, but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving W. E. Morgan the credit for his accomplishments which his friends and associates have so long accorded him.

R. V. "Mac" McElroy and "Jim" Johnson

Because this is a period of growth and expansion for Roswell, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are, therefore, glad to pay tribute to R. V. "Mac" McElroy and "Jim" Johnson of Custom Automotive, formerly the Self Service Garage, for they have become well-known figures in the business and civic life of the city.

Mr. McElroy and Mr. Johnson's persistent optimism and steadfast belief in the continued future prosperity of the people of Roswell and vicinity, are characteristics which are deserving of our highest praise.

"Jim" Johnson and "Mac" McElroy have also always shown a willingness to do their part in civic advancement, and have contributed their bit, in one form or another, to projects promoted for the welfare of the city. We believe that business men of this caliber are entitled to our sincere praise, both because they have achieved success in their private affairs and because they are willing to contribute to the public good.

David O. and David L. Higgins

When a man gains recognition for the progressive and straight-forward manner in which he has managed his business affairs, and also for his generous contributions to civic projects, he is to be complimented for his achievements.

A man belonging to this category is David O. Higgins, who just recently established the Higgins & Son Phillips 66 Service Station, a business man of Roswell who is regarded with respect and admiration by a great many residents of the city and the surrounding country.

We also think it appropriate in this review to give credit to some of the younger generation who are carrying on so ably in the footsteps of their fathers. And one who certainly deserves such credit is David L. Higgins, who now shoulders his share of responsibility in the operation and management of the Phillips 66 Service Station established by his father. It is because of the efforts of such men that, year after year, Roswell continues to grow and prosper and to become an even better place in which to live.

It is men like Mr. Higgins and his son David, who have a distinct value to their city, and we take pleasure in paying them this brief, but most sincere tribute.

Robert D. Martz and Cecil P. Newkirk

It is a privilege in this Roswell review of progressive men and firms that have been such a great aid to the growth and development of this section of New Mexico, to place two such men as Robert D. Martz and Cecil P. Newkirk of the M & N Welding Shop, on an equal plane with all others in this rank. In the past, few men have exceeded them in contributing of their time and energy to the onward progress of Roswell and the surrounding country.

Mr. Martz and Mr. Newkirk are generally recognized as two of the more dependable authorities on all welding problems in this district, and they retain that distinction in the admiration and respect of their wide circle of friends. Also their interest in, and the very valuable assistance they have rendered to the many projects of a civic nature, reflect the principles which they have always so successfully applied in their business affairs.

We congratulate Cecil Newkirk and Robert Martz on their records, and sincerely hope that their careers will be as useful and completely successful in the years ahead as they have been in the past.

Phillips Petroleum Executive Centennial Year Speaker

Albuquerque — E. H. Lyon, vice president in charge of sales for Phillips Petroleum Company, will be among the topical industry executives who will address the "Oil Centennial Year" convention of the New Mexico Petroleum Industries Committee here Aug. 29-30.

M. E. "Bill" Bailey Mrs. Wilbur Fishel

M. E. "Bill" Bailey of Quality Motors, is a dependable used car dealer of Roswell who has consistently forged ahead in his business. He has also put his shoulder to the wheels of civic progress whenever concerted help was needed in furthering enterprises promoted for the general welfare of the community.

Mr. Bailey was never a man given to wishful thinking. Direct action, and whether the problem at hand is one concerning his own business or that of a civic nature, he attacks it with optimism and vigorous enthusiasm. Add to this his acknowledged business ability and his keen sense of values and it is easily understood why he is almost invariably successful in his business or other matters.

We feel that it is our duty to call the attention of our readers to these worth-while characteristics of "Bill" Bailey, and to pay him a well-deserved tribute for his straight forward business methods, and for the unselfish interest he has shown in public welfare.

Billie B. Armstrong

In all business and professional pursuits there are men who have met with success because they have honestly deserved it, and such a man in his field is Billie B. Armstrong of Armstrong & Armstrong, who well deserves the reputation he has earned for being one of Roswell's more progressive business men. His thorough knowledge of everything pertaining to the general contracting business is exemplified by the manner in which he fulfills each and every demand made upon him in line with his business.

Furthermore, such experience as Mr. Armstrong has gained in the successful management of his business has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city.

We appreciate the opportunity of including Billie Armstrong in this group of progressive and civic-minded men who are actively taking part in the evolution of the business and industrial life of Roswell.

Joe and Audrey Shaffer

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. Roswell has its share of these progressive and civic-minded people, and two who are deserving of recognition are friendly, likeable, Joe K. and Audrey Shaffer of the Shaffer Company.

Their business ability, coupled with a sense of obligation to the public have been major factors in maintaining the Shaffer Company in a position of leadership throughout this entire area. They not only in their business activities, but also in their attention to civic duty, assume an active part in community affairs.

Mr. and Mrs. Shaffer are always ready and willing to contribute their time and energy to the promotion of any project promising to benefit the community as a whole. They have often sacrificed personal interests to be of assistance to the city, and their efforts are deserving of commendation and support.

We congratulate Audrey and Joe Shaffer on their past achievements which in our opinion, indicate similar successful careers in the years ahead.

Emmett and Mary L. Bach

To serve the public honestly, efficiently, and cheerfully is the basic foundation of many progressive business men and women of Roswell have found to be the shortest route to success. In making this statement, the two we have in mind are Emmett and Mary L. Bach of the West Tenth Street Laundry. The popularity and patronage enjoyed by their services demonstrates the ideals of courtesy and efficiency which they have consistently applied in the management of the business and in the servicing of its patrons.

The conduct of such businesses, and the people who operate them, have done much to make Roswell the business center for many miles around, and it is fitting that we give credit where credit is due to such citizens as the Bachs for their part in the onward progress of the city. In so doing, we are merely putting into words the opinions of those who know them.

Mary and Emmett Bach have earned their success by the method in which they have served the public, and accepted both civic and business responsibilities. We wish them every success in the future.

If you have a heavy list on the gas pump, you obviously suffer from "roadblock." And if you want your gas meter set to the bar and forget to return the card to the store, your guilty of "carting."

The true value of a citizen is not gauged by her personal success, but rather by the manner in which she shares that success by her contributions to the community in which she lives. A city grows and flourishes according to the number of public-spirited men and women who compose its population.

And Mrs. Wilbur Fishel, formerly Della Gregg of Gretchen's Candy Kitchen, is one of those women who has given much toward the development of Roswell and vicinity. She has turned her personal success in the business field to the advantage of the people as a whole, and has accomplished much toward making the city a better place in which to live.

Her thorough knowledge of every phase of the retail candy business has raised her to a position of leadership in her field of activities, and gained for her recognition as one of the city's more progressive business women. We compliment Mrs. Wilbur Fishel in this Roswell review, and wish to offer her this small evidence of public esteem.

C. C. "Buck" Buckner

We wish in this edition to pay tribute to C. C. "Buck" Buckner, representing the State Farm Insurance Company, for his many services to the city of Roswell, and his splendid record of achievements in the business life of the city.

Mr. Buckner probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him.

Roswell is fortunate in being able to number, among its more progressive business people, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider "Buck" Buckner an asset to the community, and a progressive business man of whom his city may be proud.

E. S. Raymond

It isn't the size of volume of a man's business which determines its value to the community in which he lives. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of E. S. Raymond's business to his city is a reflection of his progressiveness and a determination to render the utmost in service, a policy which has caused Amonett's Safety Lane to be so well thought of, and so widely patronized by the people of Chaves and Lincoln counties.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Raymond to be of assistance on community projects and public drives. Moreover, he does so cheerfully and with a friendly spirit of cooperation that is always more than welcome.

It is a pleasure to include E. S. Raymond in this Roswell review, and to wish him further success in his field of endeavor.

Mr. and Mrs. L. U. Shaw

In compiling this review of progressive Roswell business people, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and their businesses, have earned for them positions of leadership in their various fields of activities. Two such people are Mr. and Mrs. L. U. Shaw of Shaw's Grocery & Market, who are well known and have many friends and satisfied customers throughout this entire district.

Their main interests have not been solely confined to their own business and private affairs, but have also included their contributions, in one form or another, to those projects of a civic nature which come within the scope of their activities.

Mr. and Mrs. Shaw's exploits in the business and civic life of Roswell and vicinity merit more than a passing attention, and the writer is privileged to pay this brief tribute to two people who well deserve more credit than is accorded them here.

New Mexico Chronicle

In the spring of 1880 several New Mexico newspapers ran a story that caught the eye. A common newspaper stunt in those days, it is seldom encountered now. The story ran as follows:

"MURDER AT MANZANARES" "A Man Shoots His Friend In Drunken Fit of Rage"

"One of the most brutal and unprovoked murders which ever falls to the lot of a reporter to record, took place at Manzanares late yesterday afternoon, at about five o'clock. The name of the murderer was Dan Maly, and that of his victim Dick, his last name being unknown."

"Maly had been living in Georgetown, Colorado, for the last two years, and came to Manzanares last Tuesday. Dick, his victim had suddenly appeared at the station two weeks before, and had since loitered about, begging a meal here one knew where he came from and there, and doing no work. No one was ever asked as he seemed to care little for companionship. Just before the arrival of Maly at the place Dick had secured the position of watchman at the depot and was attending to his business well and faithfully. When Maly came, Dick at once left his position, and attached himself to the newcomer, who seemed to have plenty of money and to spend freely. In fact he seemed to have some claim upon the man which was tacitly recognized by Maly, for they were frequently seen in close and confidential intercourse and from the time of the arrival of Maly, Dick without working was always supplied with anything he wanted."

"This state of affairs continued until yesterday when Maly began to fill himself with liquor, and by dint of drinking was fighting drunk. Seeing Dick at a distance, he called to him, and upon his coming up began to abuse him, calling him a mean spirited cur, who would sponge on a man forever, and never do a lick of work. Dick made no reply, but looking Maly steadily in the face, started to pass by him into the tent. In doing this he brushed against Maly, who with a loud oath, drew a revolver and fired, shooting Dick through the heart, and killing him instantly. The poor fellow fell without a groan and his victim fled. The body was taken up reverentially and placed in a saloon, while a posse of men went after the murderer. Up to eight this evening he had not been caught."

"Later, it has just transpired that the victim of this murder was a bull-dog."

Like the flying saucer column last week, this is a type of hoax the editor resorted to when he was short of news for his column.

Wool Growers School Was Well Attended

University Park, N. M. — Wool growers and county agents learned the principles of wool grading at the recent Wool School at New Mexico State University July 20-22, according to J. E. Stauffer, sheep specialist with the NMSU Extension Service.

In addition to Stauffer, the school was conducted by Jack L. Ruttle, sheep and wool marketing specialist with the NMSU Extension Service, and Experimental Station staff members, Professor E. E. Neale, Dr. W. D. McPadden, Bob Boyd, graduate assistant, and Dr. T. H. Belling, staff veterinarian.

Among growers attending were: Fred Nelson and grandson, Robert Eastham, Tom and Ronald Corn, Dick Armstrong, Dewey Stokes, Bob Naylor, Ivan Watson, Buzz Johnson, and Dick Corn, all of Roswell; Joe Sken and Pat Joyce, Elchaco; Kenneth Vance and Ronnie Merritt, Yesso.

Tony Ramo, Guadalupe county extension agent, and Virginia J. Jardo, Santa Rosa; Mac Benge, Ancho; R. C. Jones, Tatum and Holt Lovelace, Corona.

Tom Rafael, President; Bill DeJores, Laguna; Frank and Augustine Bowdo, James Pueblo; Alfredo Sandman and Nat Curry, Fruitland.

An award was presented each day to the highest-scoring individual in wool grading and wool judging. Winners were Dewey Stokes, Roswell; R. C. "Punch" Jones, Tatum; and Holt Lovelace, Corona.

The "World's Greatest Wool-Judge" cup given to the individual having the highest average score for three days was won by Mr. Jones.

Best Corncrier will give up and go home. After a brief pause, the work of drawing evader answers from reluctant witnesses will be resumed, by school teachers. — Channing Times.

INSIDE THE CAPITAL MOUNTING TALK FOR JOHN SIMMS

There's increasing talk around here about John Simms, ill-fated governor of 1955-56, as a prospect for governor again. Some would like to bring him out against Gov. John Burroughs in the Demo primary next year, others think of the still young lawyer as a good prospect for two years later.

Simms had stupendous hard luck, horribly bad advice, and something in him that wouldn't let him say "no" to anybody which resulted in his being the first New Mexico governor in 30 years not to get a second term.

Looking back on the Simms administration has caused quite a number to think that the same kind of clean deal administered by one with a half a dozen years more maturity might be a good thing for the state.

Republican Ed Mechem is the only one in all the time of New Mexico who ever made a comeback to the governor's office.

Two weeks ago Joe Gallegos put fish in Bonito Dam from the Red River Hatchery — news spread fast — today, Monday, Joe Gallegos brought another load of nice fish from Red River; they averaged over eight inches and amounted to about 1,000 lbs. Should be good fishing for a while.

There has been a lot of rain lately. But the roads are in fair condition. In summer months an hour after a hard rain the roads are passable.

A lot of people have been in the Bonito Canyon this summer fishing, camping, and sight seeing. Some are building cabins or moving house trailers to Bonito City.

Mr. and Mrs. Hugh Truit spent a few days in T. or C. recently.

They said their neighbor and post Lincoln county resident, Lucille (Everett) Moody, is leaving next week to join her husband who is stationed in Bermuda and will be gone three or four years.

Richard Hicks and son fished at Bonito Lake Sunday and caught a few. Hurry up again, Dick. More fish now!

Multi-Million Beauty Treatment

NIAGARA FALLS — America's motoring public will be the chief beneficiary of nearly \$7,000,000 in improvements underway within a half mile of the great estuary, one of the world's greatest year round tourist attractions. The program is the largest ever undertaken at one time at the scenic wonder and is a fringe benefit of the Niagara power project.

Demolition crews are razing 11 buildings to make way for a 700-car parking lot. When the work is finished in 1961, it will bring the visitors closer to Prospect Point, where the towers will be able to rise 370 feet from the base of the gorge by elevator to a main observation deck enclosed in green tinted glass. The new glass will provide an unusual and commanding view of the American falls.
