The contest will be in the school lunch room, open to all girls, ages 14 to 20.

Each girl is to supply her own equipment and ingredients, with the exception of apples, which will be furnished by county apple growers.

The county winner will be given a trip to the State Fair to enter the state apple pie baking contest. Four prizes are to be awarded in the state contest, the top one being a \$250 scholarship by the New Mexico Apple Council.

Entry blanks for the state contest are being mailed to all schools in the county.

John Thomas, county chairman of the apple pie baking contest, would like to have all entries by Thursday, Sept. 10. However, it is possible to enter the contest Friday morning, prior to start of the pie baking.

Range livestock exhibits will again be the feature attraction at the Lincoln County Fair on Saturday, Sept. 12. There will be classes of range beef cattle and sheep.

No fitting or extra feeding is allowed in the range livestock. They will be shown just as they come off the range.

The range sheep exhibit will feature a pen of three yearling ewes and a pen of two yearling rams.

The Lincoln County Farm Bureau is sponsoring two scholarships of \$120 each (one boy and one girl) to New Mexico State University. These scholarships are to be used toward a degree in agriculture, home economics, or education.

Fair Queen Contest
The collection of the county candidate for the State Fair Queen Contest will be held in connection with the Lincoln County Fair. The contestant must be single and between 16 and 19 years of age, and she must be a resident of Lincoln county. Contestants will be judged 50% on personality and 50% on housewifery.

The Queen will be selected Friday, Sept. 11, and reign over the fair and lead the parade on Saturday morning.

Area Grid Teams Go into Action
High school football takes the spotlight this week end, with most schools having scheduled an opening contest Friday.

Carrizozo and Capitan step out of their District 2-C to take on 3-D competition, Carrizozo meeting Tularosa there and Capitan taking on Hatch in a home game.

In the Carrizozo-Tularosa game, see inside page 4.

Coach Lamb's only comment on the Tularosa-Carrizozo game was "We have high hopes for an improvement over last year."

Carrizozo has a squad of 24, of whom 13 are returning lettermen.

Coach Lamb said the scrimmage at Truth or Consequences last Saturday brought out several weak spots which he has been working on to correct this week.

Among high school grid teams in action this week are: Santa Rosa at Melrose, Roswell "B" at Ruidoso Mountain at Corona, Vaughn at Hondo, Tatam at Whiteface, Texas, Springer at Ft. Sumner.

Prizes Needed for Games at Fair

County Farm Bureau members are reminded to bring home-made cakes, cookies, candy or fruit to the Lincoln County Fair on Friday or Saturday.

They are needed for prizes to be given at the bingo games. About 40 prizes are given away on each day of the fair.

Money raised by the games goes into the Farm Bureau's scholarship fund.

CARRIZOZO WSCS TO ENTER FLOAT IN PARADE
The WSCS of the Carrizozo Trinity Methodist Church plans to enter a float in the parade. Men of the church have started building the platform for the float.

Grass Judging Contest
A grass judging contest will be sponsored by the Upper Hondo Soil Conservation District. Everyone is invited to participate and see how well they know the grasses of this area.

Church Services Weekly At Red Canyon Camp
Weekly church services have been started at Red Canyon Range Camp. They are every Thursday evening at 7 p.m. in the camp chapel.

Last week Rev. Harold C. Ely had charge of the service, with Mrs. T. E. Kelley at the organ.

A visiting pastor will have charge of the service each week.

Approximately twenty attended last week's service, including Red Canyon personnel.

Robinson Family Were At Old Faithful Inn When Quakes Struck
The Lee Robinson family was at Old Faithful Inn in Yellowstone Park when the first earthquakes shook northwestern Wyoming and south-central Montana.

Cira Robinson wrote that it was fortunate that the heaviest quakes took place at night, otherwise many more might have been killed or injured.

Cracks were opened at places in the park and there was heavy damage to the roads by rock slides.

The Lincoln County Commissioners will have their regular monthly meeting September 8.

The Carrizozo town board of trustees are to meet in regular monthly session Tuesday evening, September 8.

SWEET TRAILER HOME

Photo above shows what can be done to beautify a trailer home. It is the residence of Mr. and Mrs. Fred Miller at the Shafter Trailer Court in Carrizozo. Trees, flowers and grass are bordered by a neat picket fence. The News would like to have photos of other home beautification efforts in the area.

Rites in Capitan for Mrs. Indiana Maryfield

Services were held at the Nazarene Church in Capitan, Tuesday at 2 p.m., for Mrs. Indiana Maryfield, 84. Rev. Abney, pastor of the Nazarene Church officiated. Burial was in the Capitan cemetery, the Shaw Mortuary in charge of arrangements.

Indiana Maryfield was born in a little town near Oden, Indiana, on August 23, 1875. She moved to Capitan in December of 1918 and had been a resident of Lincoln County for 43 years.

She was the widow of the late Alexander G. Maryfield.

Her survivors are four daughters, Mrs. Zina Huguley of Hale Center, Texas; Cynthia Eastley of Tucson, Ariz.; Della Sublette of Tucson and Anna Burch of Capitan; two sons, John Maryfield of Cayuga, Calif., and Moss Maryfield of Capitan; also by 20 grandchildren, 34 great-grandchildren and by four great-great-grandchildren.

Carrizozo Firemen Have Barbecue and Picnic

The Carrizozo volunteer firemen, their wives and families, had an outdoor barbecue picnic last Saturday night on the County Club grounds.

Ray Mays barbecued 20 chickens on an outdoor grill and Pick Warden tried ten chickens to add to the feast.

Two Fined for Taking Part in Affray

Charged with taking part in an affray, Donald Queen and Dilly Hicks were fined \$25 last week in Justice of the Peace Cecil Clark's court.

Jimmy Luero, charged with intoxication, was fined \$10.

No Local Contracts On Fall Lambs

County Agent Ralph Dunlap said this week that no contracts have been reported to date in Lincoln County on lambs for fall delivery.

From other parts of the western states lamb contracts are reported in Colorado at 10 cents a pound for ewes and wether lambs, and in Wyoming 18-18 1/2 cents for feeder lambs, along with a high of 22 cents for 1,500 white faced ewe lambs.

Montana reports 17 1/2 cents for wether lambs and 20 cents for ewe lambs. All lambs reported are for October delivery.

Several contracts for calves are reported in Lincoln County, with buyers selling for 32-32 1/2 cents a pound and steer calves for 24 to 33 cents a pound. Some of the contracts, according to Mr. Dunlap, carry a weight limit which is usually 500 pounds.

Ants are Problem on Many Lincoln County Ranches
Ants are a problem on many ranches in Lincoln County, as indicated by replies received from a recent questionnaire.

Main areas in which ants are a problem are from Corona extending southward on the east side of the Jicarillas to the Capitan mountains. Scattered infestations are found in many other areas, according to County Extension Agent Ralph Dunlap.

The ants seem to thrive better on the canyon bottoms and sandy type lands. When the ground is hard and rocky, you do not find as many hills.

County Agent Dunlap recently flew over part of the Corona area with Carl Hiner and the ant hills were shown very readily by the denuded area around each hill.

Ants can be controlled by any number of insecticides, such as dieldrin, heptachlor and chlordane, but the time required to treat each hill makes any control slow.

REPUBLICAN CRITICS TROUBLING MECHEM

Santa Fe, Sept. 2—Republican Ed Mechem who is enjoying a popular demand for a run for a fourth term as governor is encountering growing trouble within his own party.

Critics are complaining about his reluctance to admit that he is a candidate. They say that he is keeping other prospective candidates out of the field.

Among the complainers: Friends of rich Tom Bolack of Farmington. Tom's raring to go if Mechem does not.

Friends of District Attorney Paul Robinson of Albuquerque. They want an Albuquerque candidate, but not enough to throw in a primary opponent against Mechem.

Friends of Alva Simpson of Santa Fe, former welfare director, currently president of two corporations and an associate of the big Mechem critic, Pat Hurley. Simpson has some sincere supporters.

Friends of William Hovey of Santa Fe, an ultra conservative Republican who has some backing.

And there are four or five other fairly well known Republicans who are poised to grab for the nomination if Mechem does not. They are all complaining about his silence but would probably remain equally quiet if Mechem cut them out by announcing that he is a candidate.

AVOIDING PAINS OF A CANDIDATE

Mechem, who seems to be running for governor like he never did before, isn't about to declare publicly that he is a candidate for an election 14 months away.

It would make him a target and a subject of prying and troublesome questions such as an unannounced candidate does not suffer.

And besides, Mechem is not the announcing kind. In 1954 he never did say that he was an applicant for renomination but went down to the Albuquerque convention and got it anyway. He wasn't an announced candidate in 1950 until a few weeks before filing time, and in 1956 in his third successful run for governor he held off until a few days before filing time.

Mechem's election successes (the only Republican elected to any state office since 1928) have covered over his bitter loss from taking him on in a party primary.

BIG REPUBLICANS AGAINST MECHEM

The three-time governor has other trouble in his party. Perhaps the two biggest Republicans in the state are against him—Pat Hurley and Ed Springer.

And there are others at the vote producing level such as Mattias Martinez, the San Miguel leader who broke with Mechem in 1957 and had a big hand in his surprising loss of San Miguel in the 1958 voting.

Republicans are making the biggest organizational effort since the 1930's but Mechem, their progressive candidate for governor, must rely on Democratic support such as he had in the past if he is to make it back to the big job.

LYNDON JOHNSON IS DEMO'S HOPE

Democratic friends of the troubled John Burroughs fear Mechem and are hoping that Sen. Lyndon Johnson of Texas would pull the governor through if Johnson is the Demo nominee for president.

Politicians think Johnson would win in New Mexico like nobody since Roosevelt.

The New Mexico delegation to the Democratic nominating convention in Los Angeles next summer probably will not be instructed but is likely to be heavily loaded in favor of Johnson if he is a candidate.

The convention delegation in all likelihood will be controlled by Sen. Clint Anderson and Dennis Chavez, both considered close to the Texas senator.

BUREAUCRACY HANGING ON

New line of authority in the state highway department works like this:

If a junior administrative assistant in the maintenance division wants to ask a sub-junior administrative assistant in the construction division about the position of a sign post the head of the maintenance division calls the department administrative officer, Harry Payne, who calls the head of the construction division and if all agree then the junior administrative assistant is permitted to talk to the sub-junior administrative assistant and all is well.

It was John Burroughs the governor who said the other day that there wasn't a bureaucrat in his administration.

New Revenue Commissioner Bob Valdez has assumed a role of political spokesman for the administration.

TOO MUCH WATER IN WRONG PLACE

The flash flood that recently poured into Carrizozo's south side found its path blocked by a stone fence in front of the Leandra Vega home. The water rushed down side streets until it was diverted east and west by the railroad tracks.

Measures taken by the town to control flood water south of Carrizozo proved ineffective, as the photos below show. Opposite, the flood pours down a side street into the railroad levee. The home on the corner narrowly missed being flooded.

Lower — Ramping water seen filled the levee at the E avenue crossing and flowed south over the railway tracks.

Wildlife Association to Assist Game Wardens

Various members of the Otero County Wildlife Association will be assisting the game wardens of Otero county from now until after hunting season.

This action was decided on in order to protect young turkey, young quail and other wildlife until the proper hunting season and help preserve our game.

HUNTING SEASONS OPEN

Two seasons opened September 1, namely, bear and dove.

The season on mourning and white-winged dove runs September 1 through 20. The bear season is open in one or more areas of the state between September 1 and November 30.

Check the Hunting Proclamation, which is available at license vendors.

R. W. Steger of Cloudcroft is one of the multiple winners this year. He applied to the State Game Commission for an elk and Barbary sheep permit this year, and drew both.

Ranchers Hear Plans for Bomb Range Expansion

According to the Albuquerque Journal, approximately a hundred New Mexico ranchers were to meet with Army officials at the New Mexico Institute of Mining and Technology in Socorro Monday to hear plans for the proposed expansion northward of the White Sands Missile Range.

Honore H. Hening, secretary of the state Cattle Growers' Assn., was to be among the ranchers who were to hear a proposed leasing plan under which the Army would use the additional land several times a year and ranchers would be required to vacate periodically.

The Army has previously announced it plans to lease the additional land rather than acquire it as in the past.

Col. Albert Reed, Army district engineer and Locke Mouton, of the Corps of Engineers, also was to attend the meeting.

Warrent Being Held in Assault, Battery Case

An assault and battery charge was filed on Jimmy Lueroo Saturday morning in the court of Carrizozo Police Judge Pick Warden.

The complainant was Lloyd Vigil, owner of Jonnie's Bar, after he was allegedly struck and kicked by Lueroo during an altercation in the bar late Friday night.

Police Judge Warden issued a warrant for Lueroo's arrest and the case was set for trial Saturday afternoon at 2 o'clock. The warrant could not be served because Lueroo had left town.

Judge Warden said this week that the warrant for Lueroo's arrest is being held open.

District Court

District Judge W. T. Seegahn disposed of the juvenile matter in juvenile court action September 1. A juvenile from Ruidoso Downs was assessed costs of \$5 for failing to stop at a stop sign.

The case State of New Mexico vs. Wayland Hill, charged with permitting himself to be served an alcoholic beverage, was dismissed on motion of the State.

A divorce was granted in case Helena Elizabeth Perry, pl. vs. Elay Perry Jr., def.

The bond requirements on the Highway 70 condemnation suit was reduced from \$300,000 to \$100,000, effective immediately. The suit is entitled Board of County Commissioners of Lincoln County, New Mexico, plaintiff, vs. C. L. Allison Jr., et al, defendants.

In case State of New Mexico vs. Victor Jaramillo, Attorney C. C. Chase, representing the defendant, filed a motion to quash information that had been filed charging the defendant with resisting a peace officer. The motion was overruled by the court. Date for jury trial will be set on the second Monday in October, opening day of the Fall term of District Court.

Excellent Time Reported at C. of C. Dinner for Range Camp Personnel

Fort Bliss, Texas—For the third consecutive year, personnel of adjacent range camps were guests at a party hosted by the Carrizozo Chamber of Commerce. The affair was last Thursday evening at the Carrizozo Country Club.

Practically the entire detachment of Red Canyon Range Camp, and members of other ranges in the area, joined the town's leading officials and citizens for an evening of dancing, a buffet supper, a lot of talking and a general get-together.

Ladies of the Carrizozo Country Club Auxiliary prepared the food, described by all who attended as "delicious." A total of 240 men, women and children were served.

"Kino" Ortiz, president of the Carrizozo Chamber of Commerce, was aided in staging the party by many of Carrizozo's leading citizens.

Red Canyon's 70-man detachment is located about 20 miles from Carrizozo. Some 17 members of the detachment live with their families in Carrizozo and most of them were in attendance also.

Vernon Petty, prominent businessman in Carrizozo, said the parties are arranged for no other reason than just to let the range members and the Carrizozo citizens "get to know one another."

The Carrizozo Country Club and its golf course was made nationally famous a few years ago when the journalist Quentin Reynolds visited the area and wrote a feature story about what he called "the most unusual golf course on earth" for Colliers magazine. Famous athletes who have visited the club include such golfing greats as Gene Sarazen and Bobby Jones.

Members of the Carrizozo community said that the Red Canyon soldiers are considered a "part of the community." The town is regularly visited by the men during their off-duty hours.

Red Canyon Personnel Send Note of Appreciation

"We, the officers and enlisted men of the Red Canyon Firing Range, would like to express our sincere appreciation for the wonderful buffet and party sponsored in our honor last Thursday evening by the Carrizozo Chamber of Commerce.

"Being with you folks was the next best thing to being home with our own folks. It is a pleasure to serve in this area—a genuine pleasure to know all of you.

"Our thanks again for your friendliness and hospitality — we will never forget it.—Personnel of Red Canyon Firing Range."

Square Dance This Saturday at Ancho

Many Towns to Have New Sewage Facilities

Santa Fe—The statewide pro-
gram for construction of sewage
treatment facilities with federal
aid is showing steady progress at
this time, according to Charles
Caldwell, director of the State
Health Department's Division of
Environmental Sanitation Services.

Contracts have been signed for
the new sewage collection system
and treatment plant at Bloomfield,
which now go to the Public Health
Service for acceptance, indicating
that work will begin at an early
date.

A federal grant of \$38,566 has
been allocated for the project. The
estimated total cost is \$128,555.

The lateral sewers through the
community, cost of which was not
included in the federal grant, are
already nearing completion. Bloom-
field's rapid growth has given
urgency to construction of sewage
facilities which were previously
lacking in the community.

"Other projects now under con-
struction are at Ruidoso, a half-
million-dollar project for an origi-
nal system, Silver City, a \$200,-
000 project for a new system to re-
place the old and inadequate one;

Milan, an original system esti-
mated to cost \$150,000; and Cloud-
croft, a new plant to replace the
old at an estimated cost of \$90,000.

Federal grant funds have been
made available on a 30-70% basis.

Editor, News:
While on the Fair's events and

Would you entertain an offering

To the Lincoln County Fair:
To read the paper's notice of the

us small surprise

Like Tombstone, Arizona, "The

The old home town, like times be-

Unappreciated. And to those who

That alone on beauty any hearth

Look! In resources varied to her

So her people might refuse to have

All her gifts at once exploited.

In memory I see again the village

Of more importance then as cen-

For Model T was then not much

Dr. Sziget responded in such a warm and sincere manner that it brought tears to the eyes of many. We will miss him very much. The following was taken from the "Fort Stanton Review" of August 27, a farewell from Dr. Sziget to all at the Fort:

"I feel it my duty to thank all the patients for their confidence and cooperation during four years of my activity on this place. I wish all patients fast recovery and return to their homes and their work. Best thanks to the entire nursing staff for their great understanding and collaboration; my full appreciation for the members of the medical and administrative offices and all other employees for their great help and support.

"To Dr. Jernigan, the medical director, and my colleagues my most sincere wishes for their difficult work which may always be rewarded by full success."

Joe gave the girls such a beautiful hairdo one day last week that everyone was asking questions and had to look at them the second time to be sure they were the same girls. Mrs. Hernandez is also sporting a very becoming hairdo.

Frank Second has returned from a visit to his home in Mesalero. Carmen Trujillo of the Public Health Department in Santa Fe is here for several days, consulting with the patients.

Dr. Logan has returned from the Veterans Hospital in Albuquerque after being there for treatment for the past three weeks. Glad to see you back, Dr. Logan.

Head banging head
Noses running red
Bruises from the navel both ways
Grunts and groans
And blood-chilling bangs
Fee the gridders these are trying days

Their eyes get shattered
Their physques get splattered
As they keep charging into the scrap
They keep hitting that line
With the upper end of their spine
And landing on the back of their lap

The coach looks around
With a disgusted frown
Says he "You look like a rookie
Gif! Scow! you bleed
And as for your speed
You move like an elephant with the gout."

"Now if you'll show me some mexxy
And some plays that are foxy
And how you can run, pass and fake
After your first game is won
I'll treat every mother's son
To an Alsup's Football Cake."

Kenneth Lacy is painting the Roy Freeland home in which they live, giving it a new look with the salmon pink color. The Hollis Cummins lawn is coming up nicely, adding much to their beautiful new home.

The old Ford garage building is nearly down, and that corner will look much better. The Copeland home, which Dutch Bell remodeled inside and out, is rented.

Now he has started renovating the old Mosely house on Fourth st. It pleases us to see these houses modernized. We see many new people in town and we want them to have nice homes to live in.

Mr. and Mrs. Joe Bert Cheney and two children are here at this time, visiting his parents, Mr. and Mrs. Bert Cheney.

Mr. and Mrs. John Gallina and two children of Memphis, Tenn., were guests of their friends, Mr. and Mrs. Johnny Annaratone and Johnny for a week, leaving this Friday.

The largest crowd in history is expected at Ruidoso Downs on Labor Day for the first annual running of the All-American Futurity. This quarter horse race is expected to have a purse to exceed \$125,000—largest ever paid.

A field of over 140 nominations has been narrowed down to ten in the final starting gate for a race that has set the speed-bred world buzzing.

Couple Narrowly Miss Severe Hailstorm

Mr. and Mrs. Harold Armstrong and two sons recently visited friends in Tucumcari, Mr. and Mrs. Albert Sauls. In the late afternoon as they were ready to return, they saw a black cloud in the distance and decided to wait a little longer. It kept them from being in the midst of a severe hailstorm, 15 miles west of Tucumcari, toward Santa Rosa.

When they passed through the storm area the highway was covered with hailstones, some larger than golf balls. Several cars were stranded. Three people sat in a truck convertible with suitcases held over their heads. The top of their car was shredded. Three cars with camper trailers were similarly ruined.

The cows had deep dents in them, windshield were broken and the trailer windows broken. The hail area extended four miles along the highway and the Armstrongs did not know how wide it extended.

COKER'S COMMENTS

By VIRGINIA COKER

Portk and cheese are headliners on a long list of foods due to be plentiful in October, the U. S. Department of Agriculture says.

Portk, cured and fresh, and a great variety of pork products will be coming to market in heavy supplies next month. Retail prices of many cuts of products should make pork an excellent choice for the main dish at lunch or dinner, and also for appetizing fall breakfasts.

October markets will be featuring cheese in variety. Most plentiful, of course, will be American cheddar and other whole-milk cheeses.

In addition to pork and cheese, October protein plentifuls include eggs, family-size turkeys, broilers and fryers and shrimp—fresh, frozen and canned.

Egg production is expected to be slightly above that of a year ago, and eggs should continue as buyers-of-the-month for shoppers.

Many more turkeys will be on markets this October than last, with the family-size birds in much heavier supply than the big birds used by hotels.

Fresh fruits expected to be most plentiful in October are apples and grapes. Though this year's apple crop is 5% lower than last year, it is expected to be 8% above the average.

As for nuts, the large almond crop this year provides plenty for eating "out-of-hand," for cookies, cakes and confections, and for garnishing.

This is reported to be the best shrimp fishing season in years. To serve with shrimp—or pork, poultry or cheese—supplies of rice will be abundant.

Noted Metallurgist Joins NMMT Faculty

Socorro—Dr. Frank W. Rowlett, noted metallurgist and former senior chemical engineer for the Colorado School of Mines Research Foundation, has been appointed professor of metallurgy and head of the Department of Mining and Metallurgy at New Mexico Institute of Mining and Technology.

The appointment was announced by Dr. E. J. Workman, NMMT president.

The NMMT mining and metallurgy department was directed for many years by Alvin J. Thompson, who now heads the New Mexico Bureau of Mining and Mineral Research.

A research scientist, Dr. Rowlett has developed several processes relating to metallurgy. A patent is pending in France on a process he developed for detection of leaded gas.

Calhoun, Ky. - The McLean County News published here carried this editorial by Landon Willis, editor and publisher:

"We might have known it had to happen."

We see where a church has started giving green stamps. The church mails one green stamp to each person on its mailing list. If the person brings the stamp to church Sunday he gets two more stamps.

The church reports the scheme has increased attendance considerably. Wonder how many stamps it takes to get through the pearly gates?

TALL TEXAS YARN:
COTTON STALK 10 FT. HIGH

Owner of a Texas chemical firm claims one of the tallest stalks of cotton this year. Ten feet high and still growing he says. He's counted 100 bolls on the single experimental plant, which has been fed a hormone growth stimulant.

Miss Aragon Teaching School at Cedarvale

Miss Otilia Aragon, who taught school last year at Abo, is the new teacher at Cedarvale. She has 13 pupils.

It was believed that Cedarvale children would all come to Corona to attend school this year, but the Torrance County school board hired Miss Aragon to teach there.

About 25 years ago the Cedarvale school gave instruction in all the grades and two years in high school. There were five teachers, with an enrollment of around two hundred pupils.

Your reporter, Effie Harris Mulkey, taught there from 1932 to 1936—the first year teaching grades 3, 4 and 5 with 52 pupils enrolled at the start of the term, and all in one room.

Emmitt Castor was principal at that time. Andy Crider, a former teacher and principal in the Carrizozo schools, was principal at Cedarvale, 1934-35.

Mr. and Mrs. Henry Green had their son, Alton Green, and family from Vaughn, also several neighbors, visiting at their ranch the past week end.

Mr. and Mrs. C. R. Hiper made a trip to Silver City and visited the Santa Rita open pit copper mine, returning by way of Hillsboro, where they bought some billy goats for their ranch and also some for a neighbor.

Mr. and Mrs. W. C. Smith and the Pete McCloud family were hunting and swimming at the Fred Lackey Lake side farm on the north side of the Gallinas mountains Saturday and Sunday.

CORONA FOOTBALL SCHEDULE

Sept. 18—Corona at Estancia
Sept. 25—Melrose at Corona

Oct. 30—Captain at Corona
All home games are at 1:30 p.m.

Corona plays its first football game this Friday with Mountainair on the home field at 1:30 in the afternoon.

The following Friday the Cardinals meet Carrizozo in Carrizozo.

Mrs. J. L. Hand of Deming is visiting at the R. L. Sharp ranch. She at one time lived in Torrance, a few miles north of Corona. She says this seems like home to her. She plans to stay about two weeks.

Correction: We stated last week in the News that Mayor G. C. Cleve's brother, Richard Brown, who died at Diamond Spring, Calif., had lived there since 1902. It should have read since 1903. Richard Brown was only five years old in 1902. He attended school at Corona in 1910 or 1911, and Mrs. Callie Frankis was his teacher. He died on July 19.

Gilbert Bryan, son of Mr. and Mrs. Walter Bryan, left August 11 for Fort Riley, Kansas, where he is taking his basic training in the U. S. Army. Another son, Jimmy, is in the Air Force, stationed at Tampa, Fla.

Marvin (Buddy) Hill, who was operated on Monday in Hotel Dieu in El Paso for a fractured leg, is reported to be improving.

Mr. and Mrs. Evelyn from the Harvey Ranch near Corona were in Carrizozo on Monday.

Mrs. E. L. Crowe of Live Oaks, Calif., sister of Mrs. Vernon Petty of Carrizozo, visited her parents, Mr. and Mrs. Clark in Alamogordo the past week.

Mrs. Vernon Petty visited in Alamogordo several days this week. Mrs. Crowe, her sister, was also visiting her parents, Mr. and Mrs. C. L. Clark. Mrs. Clark recently suffered a fractured hip.

Corona's Brister Says Season's Outlook Good

A host of freshmen, plus eight returning varsity lettermen, bring smiles to Coach Brister as he prepares plans for the coming football season. The team opened practice August 24 in preparation for the first game with the Mountainair Mustangs Sept. 4 at Corona field.

After looking over the Cardinals in scrimmage, it looks to this reporter like there will be problems of depth, particularly at the tackle and halfback spots and at center. Also, it was noticed that the team has come line runners, an improved passing attack and tough defense.

Back in action for another season will be most of the boys who made the difference in 1935—Leo Mulkey, Woody Dame, Wayne Lindsay, Rand Perkins, and a number of others.

Some position changes have been made this year. Most notable of the switches was that of former linebacker Leo Alirez to halfback. This move should add power to the Corona backfield.

Another change will find tackle Dean Minor switching to quarterback. Both of these boys, though lettermen, must be considered as untried until they have proved themselves in their new positions.

Coach Brister was stopped in the hall and was heard to say: "I believe we will lick them and at the same time it will be a better game and closer than last year."

The coach also opined that the red birds have a tough schedule, but with team spirit high would try would give a good account of themselves in every game.

Magician Scheduled For First Assembly

September 29 at 2:40 p.m., a magic show will be held at the first school assembly in the Carrizozo Junior High School auditorium. The public is invited; admission 15 cents per person.

Brigitte Hauck, a transfer student from Germany, spent a month in Carrizozo and enrolled as a senior this fall, but recently moved to Texas.

Carrizozo Beginners' Band Program to Start

Jack Zika, Carrizozo school band instructor, announces that the beginners' band program will start next Monday. Classes will be held in grades 4 through 8, and the only expense will be that of obtaining an instrument.

Arrangements can be made for students in grades 9 through 12 to take lessons if they desire.

All kinds of instruments are needed, especially bass, clarinet, brass and saxophones.

Mr. Zika says that as soon as the band acquires experience it will appear the football and basketball teams. The cooperation of students and parents to bring this about as soon as possible will be deeply appreciated.

Pontiac, Mich.—An entirely new GMC lightweight highway tractor with the long-awaited V-6 Diesel engine goes into production soon. It is announced by Philip J. McGonighan, vice president of General Motors and general manager of GMC Truck & Coach Division.

"The cab, chassis and engine represent a major mechanical development that will enable highway haulers to realize maximum operating economy and efficiency," Monaghan said.

"The Diesel engine alone represents a break-through in engineering design in that it is a V-6, long a technician's dream.

"In this new GMC the V-6 offers more power per pound, far better accessibility for servicing, greater smoothness of operation due to better balance, and increased rigidity."

Mr. and Mrs. Charles H. Marson of 612 N. Missouri ave., Roswell, are parents of the bride. The groom is the son of Mrs. Lillian Jolley of Lockhart, Texas.

Mrs. Jolley graduated from Captain High School in 1937, afterward attending college in California.

The couple will reside at 1505 S. Penn. ave., in Roswell.

Roswell Beats Fort Stanton in Slugfest

We had pulled down and folded up our canvas for the season, but we had been having Indian summer for the past few days and last Sunday was an ideal day to take Maggie to the ball game.

So, Manager Vigil called up Roswell Saturday and they rounded up a mixed team to come over and give us a battle.

It was a slugfest and they beat us 19 to 14 in a game full of brilliant plays and excitement.

They scored three runs in the second on a walk, 2 singles and a 3-bagger by Morgan. At this stage J. Aldaz shone for Stanton with a freak catch in left field. On a very long hit fly ball he hurried the barrier on the run and caught the ball right behind a big tree. It would have gone for a homer. We were blanked in our half with two hits. They scored one more in the third on a two-bagger, an error and passed ball. We got our first run on a hit by Perez and a sacrifice by Escobedo.

They got two more in the 4th and so did we, to make it 6 to 3. In the 5th they went wild and tallied 5 times, on a walk, sacrifice, a single and the second triple by Morgan. We came back with 3 hits, but could only make them count for one run.

In the 6th, they were blanked and we scored one more to make it stand 11 to 5 in their favor.

Came the fatal 7th, and Aldaz gave up 3 walks and 4 hits and they scored 7 runs to forge way ahead. We came to life with 4 runs, on a walk, 2 singles and a telling 2-bagger by Escobedo. In this and the following frame, third baseman Roberts contributed to our cause by throwing the ball away after he had fielded it perfectly. Campanella, as he was called, made 7 of their 10 errors and all were wild throws.

We gave them a zero in the 8th and we came back with renewed vigor and scored 5 more on only 3 hits. Their pitcher, Gonzalez, walked 4 men to force in a run. But Pajilla cleared the bags with a triple and when the fielders lost the ball in the weeds, he also scored. That was all and they put one more run across in the 9th to end it, 19 to 14.

Tommy Aldaz made two fine catches in center in the third. Escobedo caught Tingo off first after the batter had struck out.

They made two sparkling double plays, Tingo to Morgan to Gonzalez. Both times they were with one away and runners in scoring position. Those colored boys were fast on the bases, especially Biggers and Gore.

Hits: Roswell 16, walks 6; strikeouts 8, errors 10.

Stanton: 15 hits, 5 walks, 0 strikeouts, 5 errors.

A. Gonzalez, southpaw, went the route for Roswell. Dalton, Aldaz and Gutierrez pitched for Stanton.

Brown called balls and strikes and Padilla took care of the base paths. We kept score, as usual, and the boy on the scoreboard had zeros to spare this time.

We still see Pat Dolan winning ball games for Carrizozo (45 years ago). As we have said before, Pat really was one of the best pitchers in the Southwest. If he and Harry Norman had chosen to do so, they could have made the big circuits. But Dolan preferred to follow railroad and Norman clerical work.

VICTORY NO EXCUSE

By VERN SMITH

About this time every year, a strange chemical change takes place in the so-called sports fan. His face takes on a blank look as he mumbles phrases about split 'T's, flankers, elants and field goals as he stumbles through the halls or classroom.

Part of this action may be due to the forthcoming world series and a general uplifting of spirits now that football season is about to get into high gear. Soon each individual fan can start breathlessly rooting for his favorite team to win the championship.

Unfortunately, however, a fan who is involved in this type of yag exercise often neglects his work or studies. While it is certainly a part of the American life to root for a favorite, it does not include the right of the individual to neglect his work or shirk his responsibility.

This fact is often overlooked by students who attempt to use a class holiday or unfinished work.

A winning team reflects glory upon its school but students who use the team's victories as an excuse for poor scholarship are definitely not a credit to any school.

Hondo High Pupils Name Class Officers

The school has extended a welcome to two new students—Nina Deller from Tularosa and Don Sheffield from Austin, Texas.

Freshmen—Frances Nunez, president; Michael Hurd, v. president; Florio Romero, secretary; David Montoya, treasurer; Sam Sanchez, student council rep.

All class presidents are automatically on the student council.

News Notes from Along the Bonito

By LOUISE RUMMELS

Seems real lonesome, seeing the school children this year without William Furell, Judy LaMay and Wilma June Young. Wilma June is going to college in Butte, I believe. Judy LaMay to Mrs. Lee's beauty school in Roswell, and by the way, won a trophy for making the most money for the school since she has been there. I dunno how many girls she competed with or the time they were in competition.

In Captain the other day I visited with Mary Werner. She is a real popular girl, with visitors every day and is lucky to have her husband's mother there with them in California and does a lot of traveling in Arizona, New Mexico and Texas and the northwestern states. While I was there, Bly Cox, her daughter and granddaughter, Marie Titworth and the Stanley Peppers came to visit. They expected Rex Werner and family on Sunday.

Spencer Burch from Captain spent a few days on the Bonito while his grandmother was so sick.

Some folks who might be interested in "Old Suede," the faithful kid's mare on the Bonito, will be glad to know she has a pretty little boy colt. Its daddy did belong to the Dabneys on the Mesa.
