

FAMOUS COURTHOUSE — The old courthouse at Lincoln, New Mexico, was the scene of a daring escape by the outlaw Billy the Kid in 1881. It is now restored to its original appearance and houses a museum of relics of Territorial days in the state.

(Editor's Note — This is one of a series of stories outlining a one-day or week end trip in New Mexico. The material was prepared by the Tourist Division of the State Department of Development.)

Lincoln, N. M.—Billy the Kid may have been a horseback juvenile delinquent, not worth attention, but this part of New Mexico is stuck with him.

It larks some people around here to have their uncut section known as "Billy the Kid Country". However, most visitors are fascinated by the idea that the Bonito Valley and the old town of Lincoln once rang with gunfire of one of the West's most famous outlaws.

Carrizozo is a good jumping-off place for a tour of the region which once exploded into the Lincoln County cattle war. Carrizozo, at the junction of Highways 54 and 380, lies on the edge of a huge lava bed, or "malpais" as it is called in Spanish. A comparatively recent volcanic eruption left a black, hard crust 40 miles long which has become a famous geological curiosity.

Driving east on 380 from Carrizozo you climb into the mountains to the community of Capitán. Here, as a sign tells you, is the home of Smokey the Bear. A museum in the center of Capitán contains mementoes of the rescue of a bear cub with burnt paws from a forest fire in the nearby Capitán Mountains. Smokey went on to become the symbol of our forest fire prevention program.

A few miles from Capitán a side-road leads to Fort Stanton, an old military post now serving as a tuberculosis hospital. The fort figured repeatedly in the violent history of this part of New Mexico, both in connection with the Billy the Kid episode and with campaigns against the Apache Indians.

Further on 380 lies Lincoln, and on entering this one-street adobe village the present seems to slip away. The time could easily be 1881, except for the paved highway and the automobiles.

Dominating the street is the Old Lincoln County Courthouse, which houses a museum covering the whole territorial period of Lincoln County as well as its most notorious citizens. It was from a second-floor cell in this building that William H. Bonney, alias The Kid, made his daring escape on April 28, 1881.

The movements of the outlaw can be traced through the Courthouse, even to bullet holes in the wall. Other exhibits tell the story of how Lincoln County split into two warring factions giving rise to the bloodshed in which Billy the Kid and other gun-toting characters played leading roles.

The Turnstall store, another historic building, lies just down the street and recently was restored to its 1881 appearance, inside and out. Nearby is a perfectly preserved "horror" a tower from which settlers stood off Indian attacks.

A good time to plan a visit to Lincoln is August 7, 8 and 9, when the pageant "The Last Escape of Billy the Kid" is re-enacted on the old Lincoln County Courthouse grounds.

To jump from Lincoln back into the present you need only continue east on 380 to Hoodo, and then cut back west on U.S. 70 to Ruidoso, its racetrack and its thousands of vacationers.

Ruidoso is all asramble on week ends and holidays every summer when the bugle sets the ponies on their way around the track at Ruidoso Downs. There is more than a racetrack, however. Winding into the mountains for miles are pine-shaded roads and the cabins and summer homes of this resort.

Recreation is the commodity which Ruidoso sells, and it comes in such varieties as fishing, hiking, and horseback riding, and even art classes. The town has an Indian theme, too. It lies on the edge of the Mescalero Apache Reservation.

The Mescaleros operate tourist facilities in the forests of their reservation, and a big crowd is always on hand for the annual fiesta over the Fourth of July week end. At the town of Mescalero, 16 miles west of Ruidoso on Highway 70, the Apaches gather for dances and ceremonies of unusual color and fascination.

Rescue Follows Fall Into Storm Sewer

Billy White, 2 1/2 years old, was a happy youngster Wednesday, playing as usual at the O Bar O Ranch home after a harrowing experience the day before.

The tot fell eight feet into a storm sewer Tuesday afternoon and was wedged there for about 15 minutes until he was rescued by R. M. King of the O Bar O.

The youngster is the son of Mrs. Lucy White and the grandson of Mr. and Mrs. F. W. Leach, O Bar O owners.

In some manner the child removed the screen covering the entrance of the sewer which drains water from the patio. His mother heard his screams and found the tot had become wedged in the pipe where it made a turn to go under the house.

Only his head and one shoulder and arm were visible. A chow was in progress and some water was running into the drain.

Mr. and Mrs. Leach were in Carrizozo at the time. Fortunately, R. M. King had just come into headquarters and he was summoned by Mrs. King. He found a throw rope, secured it around the tot's head and arm and lifted him to safety.

In the meantime Mrs. White telephoned the Monte Vista Service station for assistance and W. H. Rickerson and Tom P. Bear left immediately in a truck. By the time they arrived the rescue had already been effected.

On their return to Carrizozo they met the Carrizozo Fire Department truck and Sheriff S. M. Ortiz who was also accompanied by Dr. A. N. Spencer.

Mr. and Mrs. Leach and Mrs. White wish to express their deep gratitude to all those who responded so quickly to the call for assistance.

Rodeo and Dance At White Oaks

The annual Fourth of July White Oaks rodeo and dance is being sponsored this year by the newly-formed White Oaks Roping Club.

This year eight beautifully engraved belt buckles will be donated by Carrizozo merchants and business men as trophies in the following events:

Junior and senior calf roping; junior and senior bareback bronc riding; barrel race, children calf riding and junior and senior steer and bull riding.

Children's events start at 10 in the morning with the exception of children's calf riding, which will be an afternoon event.

It was announced this week there is to be a special Carrizozo businessman's roping contest. Rodeo horses are available for either tie-down or breakaway.

Pick's Freezer is donating an extra fancy saddle to the Junior Hard Luck cowboy; also to the winners of some of the children's events.

The Village Inn is donating a free meal to the Senior Hard Luck Cowboy.

Shorty's Package Store has contributed two cases of beer to senior cowboys working the chute.

The Harkey-Posey Lumber Co. donated extra nails for completion of the chutes.

Petty's loaned the American and State flag and the three latter businesses also contributed generously toward handsome engraved belt buckle trophies.

The club appreciates the kindness and help of Carrizozo's business concerns. Their thanks also go to the following hard-working members who contributed material, time, labor, welding-torch, post hole digger, tractor, gasoline saw, cold drinks, food and took posters to surrounding towns: Bud Crenshaw, Zane Leslie, Ray Littleton, Grady Littleton, James Littleton, Ardie Barnham, Charlie Leslie, Jerry Sidwell, Elliot Moore, George Morris, Jimmy Clayton, Irene Barnham, Orene Crenshaw, Beattie Fay Leslie and Pat Dunning.

The club recently received word that the engraved trophy buckles are delayed and will be air-mailed from Denver July 2. In the event they do not arrive on schedule, certificates will be given to winners, to be exchanged for the buckles which will be sent the winners or they may be picked up at the Harkey Realty Co. office (next to the post office) or from Pat Dunning.

Pine Lodge Road Given Priority by County Planners

The Lincoln Road Planning Committee met in Carrizozo last Thursday and after considerable discussion made the recommendation that the next priority for road construction by used on the Pine Lodge road (No. 48).

This would be after the present project on the Corona-Lon road, which is already being processed.

The construction on the Pine Lodge road will be a joint project between Chaves and Lincoln counties, with 87 miles of road in the two counties.

Ten road planning areas were represented at the meeting, along with the County Commissioners and representatives of the State Highway department.

John Cooper appointed Charles Jones, Bill Edgar and Joe Skeen to attend a meeting with him, the Chaves county delegates and State Highway Commissioner Suddoth.

C. of C. Directors to Tally Last Week's Votes

Directors of the Carrizozo Chamber of Commerce will meet this Thursday evening, 7:30 at the town hall to canvass the results of last week's election.

Members balloted on eight nominations for directors, four to be elected.

Old Timer Returns to County for Visit

Jim "White Mountain" Crockett, of Phoenix, is visiting his nephew, Ervin Crockett, in Carrizozo this week and also renewing acquaintances with many of the county's old timers. Mr. Crockett was accompanied here by his grandson, James Crockett. They expect to remain until after the Fourth.

Mr. Crockett had a homestead on Mill Canyon and three of their children were born on the Bonito. Though 81 years of age, he has not retired and recently superintended the heavy powder work on a construction job in Arizona.

New Mexicans Pay Final Respects to Sen. J. G. Moore

Neighbors, townspeople and fellow New Mexicans paid their final respects to Sen. J. G. Moore at funeral services Sunday in Carrizozo.

An impressive service was held at 2:30 in the afternoon in the high school gymnasium, with Rev. W. P. Lytle and Rev. Homer Reid officiating.

Mrs. Jane Shafer was organist and Mrs. Maxine Roberts and Rev. Reid sang "Beyond the Sunset" and "The City of Light." Interment followed in the family plot in Evergreen cemetery. The Shaw Mortuary was in charge of arrangements.

Mr. Moore's death was the result of a recurrent heart attack late Thursday evening as he sat watching television in their home.

He was born November 28, 1910, in Florence, Ala., and came to New Mexico in 1941, shortly thereafter coming to Carrizozo where he and his family have resided since.

He became active in politics and was elected in 1948 as Lincoln County clerk serving two terms. Subsequently he was elected state senator in 1952 and re-elected in 1956. He was Republican minority leader in the senate and won the respect of members of both parties because of his knowledge of state government and legislative procedure.

His last act as a member of the upper chamber was to write a letter to Rep. James Martin (D) of Las Cruces in which he expressed a doubt that a special session of the legislature would be able to accomplish anything.

Mr. Moore had been a member of the D. P. O. E. in Gallup for 20 years; was a member of the Carrizozo Lodge I.O.O.F., a director and past secretary of the Carrizozo Chamber of Commerce and was a charter member of the Carrizozo Rotary Club. He had operated the J. G. Moore Insurance Agency in Carrizozo for 18 years, a business which his widow will continue to operate.

The Moore family received messages of condolence from insurance firms and from many people over the state with whom he had been associated.

From Inez B. Gill, acting director New Mexico Legislative Council: "We are shocked and grieved to learn of the untimely death of Senator Moore. He was an honored member of the legislature and he will be sorely missed by his colleagues but his outstanding service to New Mexico will be long remembered by the people of his state. All members and staff of the legislature extend their deepest sympathy."

Dan Cosa, district attorney: "Please accept my condolences on your bereavement. The loss of Senator Moore is a great loss to the State of New Mexico."

From State Rep. Fred Cole: "Mrs. Cole joins me in extending our deepest sympathy to you in the loss of your husband Senator Moore. I served three sessions in legislature with him and know him to be a brilliant, ethical and popular legislator. All of New Mexico will miss his outstanding influence in the public affairs of the state."

From Charles H. Wood, executive secretary New Mexico Education Association: "In behalf of New Mexico's 10,000 teachers and school administrators, please accept our deepest condolences. Senator Moore was one of the most thoughtful and able individuals in public life in the State of New Mexico."

"As a leader in the state legislature he compiled an enviable record in support of sound legislation. And set an outstanding example for others to follow in the field of public service. The people of New Mexico have lost one of their most respected advocates."

Among those from out-of-town attending the service were former Governor Edwin L. Mechem, District Judge W. T. Geoggin, Sen. John F. Rice, Albuquerque: Rep. Glen W. Bradley, Hobbs: Sen. Daniel A. Bogue, Vaughn: Sen. Harold M. Agnew, Los Alamos: Sen. Horace De Vargas, Espanola: Sen. Gordon Meloy, Las Vegas: Rep. Ralph Gallegos, Santa Fe, and Rep. Lawrence Goodell, Roswell; also County Commissioners J. Emmett Rees, Clint Sultemeler and Ramon Nunez.

Survivors are his widow, Mildred; three daughters, Mrs. Betty Bartels of Carrizozo; Mrs. Dorothy Straley of Ancho and Miss Patsy Moore of Cortland, N. Y.; a son Joe Moore of Carrizozo; his father, J. G. Moore Sr. of Florence, Ala., and a sister, Mrs. A. M. Farris of Corinth, Miss.; also by four grandchildren.

Casket bearers were Marvin Roberts, Mervin Smoot, Frank

Aerial DDT Warfare Waged on Insects Defoliating Capitan Mountain Fir Trees

By DOROTHY GUCK

For several men of the U. S. Forest Service, the working day began last Wednesday and Thursday at 3 a.m. A two-motor plane was filled with a combination of DDT and fuel oil at Albuquerque and winged its way to the Capitan Mountains to wage war on an insect infestation that had defoliated about 1500 acres of Douglas fir.

At 5:15 a.m. the residents of Capitan could see the plane as it skimmed over the south side of the East Capitan Mountain, pouring out a white, smoky-looking carpet behind it. An observer plane hovered nearby, and radio contact was kept with the Ranger Station.

During the summer of 1953, Ranger Ed Guck had discovered the insect activity and informed the regional headquarters. Entomologists were sent to examine the area and determine what kind of insect was causing the damage and the extent of the infestation. This preliminary survey was the beginning of preparations for combating the insect enemies that required many months of thorough planning.

Most of us realize that much of our forested land is damaged by fire each year, but few of us know that the loss of timber from insects is so tremendous. The annual insect loss in sawtimber alone is 13.6 billion board feet per year—enough to build 1-1/3 million homes, or just about enough new homes to house all of New York City's people.

Spraying is most effective when the larvae reach a certain stage which only lasts for a period of about 20 days. Last week a crew of men placed bright colored spray cards in the infested area as plane

markers and to register the amount of spray that made contact with the trees. The insect was identified as the fir looper, associated with the tussock moth.

Aerial spraying has been very successful in controlling this insect in other parts of the United States. All the planning was under the direction of David McComb. The other men in the crew were Jay Craven, Jerry Mandell, Ben Wellington, Wayne Hadley, and Walter Metcalf. Their regional office director is Dahl Kirkpatrick.

The insecticide was applied from an aircraft flying at an elevation of 200 to 400 feet above the tree tops. Spray was distributed with a nozzle boom capable of applying the insecticide at the rate of one gallon per acre as a mist. The spraying had to take place during the early morning hours while the temperature was below 68 degrees and the wind velocity below six miles per hour.

The infested area on the Capitan appears as a rust-brown sector covering the slopes of Mitt and Bar Canyon. The sun rose each morning just above the east mountain to hamper our view of the man-made cloud of insecticide as it drifted down to settle on the forest, but it gave us a good feeling to know that this hungry little fir looper and all his uninvited kin-folks had finished their fast meal of the edible foliage on the timber in the Capitan Mountains this year. A hazardous job was completed in the never-ending job of keeping our forests green without even a minor mishap.

Bible School to Start July 6 at Baptist Church

Vacation Bible School for children from 4 years up will run from Monday, July 6 through the 17th at the First Baptist Church in Carrizozo.

A patriotic hour, Sunday at 7:30 p.m., will be held outside on the lot north of the church. Everyone is invited to the meeting, to be followed by refreshments and fellowship.

Carrizozo Teenage Dance Friday Night

The Carrizozo teen-age dance will be held at the Country Club Friday night from 8 to 11. It will also be election of officers.

The summer program was said this week to be progressing nicely, although there is still a shortage of young girls. The Carrizozo Pony League team dropped a game to Capitan last Friday, even though Bobby Ortiz pitched a 3-hitter.

The Little Leaguers fared somewhat better, with a 9 to 4 victory over Fort Stanton.

Mike Ortiz chunked a two-hitter at the visitors, while Gerald Posey, Buddy Hill, Wayne McDonald and Joe Beltran contributed two hits each.

The Pony Leaguers will seek revenge Friday at Capitan and the Little Leaguers will journey to Ft. Stanton on Tuesday of next week.

The recreation staff reminds all parents of youngsters between the ages of 4 and 7 of the Story Hour between 10 and 11 on Tuesdays and Thursdays.

Mr. and Mrs. Harold Covey were Carrizozo visitors Tuesday from El Paso. Mr. Covey, formerly with Food Mart here, is manager of the seed chain's new type "Quickie-Marts." The first of a number of such food stores has been built on Highway 54, between El Paso and Newman.

RED CANYON MISSION FULFILLED

On its launching pad, ready for firing, is the last of several thousand Nike-Ajax missiles sent skyward during the last several years at Red Canyon Range Camp near Carrizozo. Firing of this type missile has been transferred to McGregor Range near El Paso. It is rumored that another type missile will supplant the Nike-Ajax at Red Canyon.

Marilyn Harkey Ranks High in Typing Exam

Among the record number of high school seniors who took State Merit System examinations this spring was Marilyn June Harkey of the Carrizozo High School. She was among the top ranking 25 high school seniors in the state on the list for the position of typist.

Never before have so many schools and so many students participated in these tests which establish employment lists for positions in the Department of Public Welfare, Department of Public Health, and Employment Security Commission. Seniors from 67 high schools in 57 cities or towns and from 27 of the 32 counties in the state took part in these clerical examinations.

Guadalupe County School Reorganization

Consolidation of county school units with the Santa Rosa and Vaughn municipal systems was approved by the State Board of Education at its June 11-12 meeting. Action was taken in concurrence with recommendation of a survey team and upon receipt of resolutions from each of the three boards involved. Members of the local boards were praised for the manner in which they reached agreement on the reorganization. Effective date is July 1.

The reorganization was the fourth to have been approved this year, leaving only 10 county school systems. One reorganization, that of Grant county, has been contested in district court. Protests were heard by the State Board June 12, after which the board upheld the consolidation as valid.

Appeals heard at the June 11 meeting of the New Mexico State Board of Education included: Salomon Montoya, Principal, Magdalena — Appeal was based upon discharge of Mr. Montoya prior to termination of his contract, although payment was made for the full term. The State Board declined to take jurisdiction on grounds that no proper issue was presented for appeal. It further recommended that participants in the controversy attempt to reach agreement and to work together for improvement of the local schools. The situation in Magdalena was termed "a disgrace" by the State Board.

Mrs. Sally Garcia, Encina teacher — The case was based upon Mrs. Garcia's request to be reinstated from maternity leave prior to expiration of a one-year period. The State Board held that procedures followed by the local board were not in conformity with state regulations and returned the case to the local board for further action. The State Board recommended that each local board establish a policy on maternity leave.

GRIST & GRITS

A trade magazine reports that office romances cause considerable business losses. Perhaps these losses could be reduced quite a bit by instituting kissing breaks, which should serve to reduce tensions or to terminate romances through satiation.

Teensters
Union No. 1
BY PAM REID

Got an "invite" to go to Colorado Springs next Wednesday. I'm going up and visit with my grandmother there. Just write me care of Fern Simpson, 321 East Bijou, Colorado Springs, Colo. Don't worry, I'm going to keep writing this column—only some of the answers may be delayed, although Mr. Baker says it only takes a day to get mail from up there—so actually I'll be pretty near by. I expect to be up there until August first anyhow. Y'all write, mind!

Camp at the Sacramento Assembly in the mountains was wonderful! Boy, what a schedule we had! Up at 6:30 a.m., down for "morning watch" on the side of a mountain—just beautiful view. To breakfast at 7, clean up rooms at 8, to class at 8:45—and those classes were really interesting!

I just wish more of you teensters could have been there. As it was there were 250 of us living, learning and playing together! At 11:30 we were out of class for the Assembly in the chapel, and then to lunch at noon. From 1 to 2 was rest time, and you had to really rest! Two o'clock was time for special interests—could be nature study, craft work of all kinds, supervised play, softball, volleyball, etc. Then free time from about 3 to 5:30; dinner at 5:30, then evening vespers, games and stunts in the Rec. hall until about 9 o'clock. Had to be in the barracks at 9:30 and then lights out at 10. Boy, those days went by so fast it made my head swim! Y'sure make a lot

of friends up there and you just feel clean inside and out after a few days in camp!

Well, here's some letters that may or may not meet with your approval.

Dear Pam: I don't think it's fair for "copycat" to just sign her name that way—could be anybody and I know that some "innocent bystanders" are being blamed for a thing they didn't do. How about giving us her (or his) name? It might clear up a few questions!—Sammy K.

Dear "Sammy-K"—Is that your real name? Love, Pam.

Dear Pam: What's the idea of publishing Ralph Petty Jr's letter and not publishing mine? I guess I had as much to say about your disparaging remarks as R. P. Jr. and I didn't even get acknowledgment. I don't think you publish half the letters you get—how about it?—"Johnny."

Dear "Johnny": I guess I didn't get your letter. I'll inquire around. Write again.—Pam.

Dear Pam: Your column is very interesting but sometimes I think you stick your nose into things you don't know anything about. Specifically, the paving program here in Carrizozo. What do you know about it? The cost, the reason for it, the reason some are against and some for and the unnecessary paving that is supposed to be done at the expense of a few—with benefit to no one that I can see. Leave these matters for your elders and stick to the "lovelorn letters" and the "teenage gossip."

—"An Insider."

Dear "Insider": Don't remember saying anything about the paving program—frankly, I don't care one way or the other—except when we get stuck in the mud in front of our house and when the folks start "barreling" down the road in front of our house and kick-up the dust (which is hard on my hay-fever)—however, there have been some letters about it and I published them the way I got 'em. Sorry if they didn't all agree with your opinions—but that is life (so they tell us) so don't be too unhappy. As far as the teenagers sticking to their own affairs—it might interest you to know that in spite of all the propagandists to the contrary we do think about something besides "lovelorn" and "teenage gossip" and we might just be real interested in getting the streets paved, because we'll be using them a lot longer than you "oldsters." Write again, even if you don't agree with some of our contributors. Love—Pam.

Dear Pam: Speaking of swimming, I think a municipal pool would be a money-maker. There isn't a pool within ninety miles of here—that I know of, and I'd be willing to pay \$1.00 entrance fee (it still would be a lot cheaper than driving all the way to Roswell.) Not only that, but the recreation program would be a lot

"Shoot Out at The O. K. Corral"
By Frank Alsup
(poet low-rato)

It was late afternoon
And from the Biracage Saloon
Stepped young Sheriff Murrell
He loosened his gun
As he glanced at the sun
And headed for the O. K. Corral

Down at the corral
Stood that welf on the prowl
A skunk, a slewdin' snake
Who had committed a crime
A misdemeanor sublime
He had rustled an Alsup's Cake

Leather was slapped
And caps were snapped
And the culprit hit the dust
A hole he will fill
On lonely Beat Hill
And his guns will be eaten by rust

Though they buried him deep
In his eternal sleep
The smile on his face was no fake
He was filled with content
He had eaten an Alsup's Cake

Why don't you order your
young'un a

DIAMOND DUST

By J. S. C. We went to Luis Lopez last Sunday and came back very disappointed. First, we lost the game by the one-sided score of 14 to 2.

The Luis Lopez boys were like fleet antelopes, especially their two pitchers, Valentin and Connie. These boys are no bigger than toothpicks, but we were convinced that they had nothing to do with being good baseball players.

Our Cubs made many errors by fumbling, throwing wild, and by passed balls. The Luis Lopez boys outclassed us in every department and they truly deserve a bouquet.

The Zamora, Vigil, Gutierrez, Escobedo, Lopez, Dalton, Padilla, Montoya, Griego, Montano families, Pancho Zamora, Nurse Von Lindert and Joe Chavez made the trip and we all enjoyed it very much; also the Lupo Baca family.

Double Ring Ceremony Unites Couple at Methodist Church

The beautiful double ring ceremony which united Miss Linda Pond, daughter of Mr. and Mrs. Preston Pond, and Conrad Stanley Callicotte, son of Mr. and Mrs. Callicotte of Dallas Texas, was performed by Rev. Noble Atkins in the Tularosa Methodist Church at 2:30 p.m. Sunday, June 28. The couple stood before an altar set with baskets of gladioli.

Mrs. Dan King was at the organ and played the processional and recessional. Danny King sang "Prayer Perfect," "You," and "The Lord's Prayer."

The bride, in white floor length gown of Alencon lace, was given in marriage by her father. The wedding gown was fashioned with a wide hoop skirt and long sleeves with a drop shoulder line. The finger tip veil of illusion held in place by a coronet of seed pearls, completed her bridal ensemble.

Her bridal bouquet of white orchids was carried atop her Rainbow Bible. For something old and borrowed she carried an old penny borrowed from her grandmother. Something new was her gown and for something blue she wore a blue garter.

Mrs. Darrell Hilton was matron of honor. The bridesmaids were Miss Linda Hardin and Miss Marjorie Goforth. Mr. Jim Cannon served as best man. Ushers were Larry Bishop and Maurice Hobson. Candle lighters were La Donna Lockhart and Bobby Pond, brother of the bride.

Following the ceremony a reception was held at the Tularosa Women's Club house. Mrs. Harry Powell presided over the punch-bowl and Mrs. Ross Lockhart served the cake. La Donna Lockhart kept the guest book.

The couple left for Dallas, Texas, where Mr. Callicotte is employed as an engineer for the Texas State Highway Department.

Tularosa Legionnaires At State Convention

By IREN M. FRESQUEZ
Publicity Officer

Post Commander Louis Marrujo, Publicity Officer Iren Fresquez, Post District Commander Richard Guerra, Post District Sgt.-at-Arms Bivian Duran, Delegate, J. C. Palmer and Delegate Mike Barvera were among the 3,000 Legionnaires attending the American Legion Department Convention in Farmington from Post 108 in Tularosa. This figure included members of the Auxiliary and of the 40 and 8 organization.

The National Commander, Preston J. Moore, cited the community service project as accomplishments of the year for the American Legion. Community service has been a major project this year for the Legion. The 38-year old Stillwater, Okla., attorney has traveled 220,000 miles during his term in office and attended seven state conventions. The National Commander says that traveling and being away from his family has been his greatest difficulty. He complimented New Mexico on their membership increase. New Mexico ranks 7th in the nation membership-wise.

Governor John Burroughs spoke at many of the banquets. He cited the growth of the state. He said since the end of World War II the state population growth has been approximately 36%. He further stated that the business activity has shown an increase of more than 150%. The governor encouraged the American Legion to continue their work of instilling in the youth of the state an interest in government.

Post Commander Louis Marrujo was chairman of the delegation from Tularosa. Iren Fresquez and Richard Guerra attended the membership luncheon given in honor of those membership getters who secured more than 10 members each. Guerra secured 43 for the post and Fresquez secured 42 to make two of the highest individual membership getters percentage-wise in the state. The past Department Commander, Paul Kaiser lauded Tularosa for the fine work in membership. Tularosa has 172% membership this year.

Jack Patton of Portales was selected "Legionnaire of the Year." His selection came as a climax to a 14 year Legion career which included four years as post adjutant.

Fidel (Chief) Gonzalez of Las Vegas defeated Tony Genta of Alamogordo for Department Commander for the coming year. Other officers elected were Dr. D. H. Tiny Reed, Portales, national executive committee-man, Mike Alford of Albuquerque was elected alternate national executive committee-man. The election of all department officers concluded the 4-day event.

VI'S VIEWS

Hi, Readers! This week I have a very interesting letter from Tularosa. I thought it would be interesting to have a couple of guest editors this week. I am thinking of doing this every week. Write and tell me what you think of the idea.

Dear Vi: I'm a boy 15. My girl friend's father makes a lot of money and he gives her more to spend than I make working. We use her car on dates and I can't afford to spend very much. She says she is used to living good and every time we go out she spends a lot of her own money. This embarrasses me. I guess I could spend more, but I'm trying to save for college.

I think people can have a good time on dates without spending a lot of money. Do you think so? You're a girl, maybe you can tell me why my girl does this. Maybe she will wise up if she sees this letter in your column. Thanks a lot, sincerely yours, "Broke."

Here is what Kathy Phillips has to say. Kathy graduates from Tularosa High School this year:

Dear "Broke": Teenagers can have fun without spending a lot of money. I think your girl is very selfish. She seems to have made it very plain that she lives well. Not only has she made you feel badly, she has succeeded in making herself look bad. If your girl can't do the things you can afford I think you should do a little "girl" shopping. Remember, it's what you do, not what you spend that counts! Sincerely, Kathy Phillips.

My second guest editor wouldn't allow me to use his name, but I will tell you he was a freshman at NMSU this past year.

"Dear 'Broke'": It does not sound to me as if you have a prob-

Mr. and Mrs. Rudolph Terrazas had guests last week from Pittsburgh, Penn. Mrs. Stella Romo and daughter Toni and Mrs. Romo's future daughter-in-law, Miss Aljicia Cardenas.

Arthur Terrazas of Saucillo,

lem! I would think it would be an ideal set-up when a guy's girl furnishes both a car and money. I guess some people are never satisfied! Have a talk with her and if you still don't want to spend her money and she still wants to spend a lot of money on dates, get a new girl. Whatever you do, don't spend more of your own money. It costs a lot to go to college and college is far more important than a spoiled girl! Good luck! Sincerely,

Dear Broke: I would say you have a girl friend who should grow up and put less importance on material things and worry more about pleasing her boyfriend. Try explaining the situation of your pocketbook to her, tell her that it embarrasses you for her to pay her own way all of the time. Maybe occasionally you can go "Dutch." This is nothing but fair if she has her own money and you are saving for college. Don't do it too often, though. If she still insists on "Living good" just consider her un-witted for you and find a girl a little more economical and understanding. Sincerely, Vi.

I heard about a boy who was visiting his girlfriend's house the other evening and it was getting late.

"Hey, you, down there," thundered her father's voice from upstairs, "do you think you can stay all night?"

"Gee," replied the young boy, "Thanks, but I'll have to call my folks first and see if it is okay."

I never did find out what the girl had to say about that!

I will be seeing you next week and until then keep those letters coming! VI.

FOR A CLIMAX to the observance of the July 4th holiday, drop in at the Alcazar for a snack, meal or drink. Enjoy the courteous service and good food of this gourmet's hangout. Late in the evening, Alvaro and Manolo will sing your favorite song or play your request numbers. It will be a long holiday, so you can really get to know this family restaurant. Most people do not have to report to work on Saturday, so a good two days in Juarez will familiarize you with the best in restaurants, bars and supper clubs. Don't forget to ask for a demonstration of the famous "porron." This unique way of drinking wine in the Spanish style has been publicized in the most popular magazines in America.

THE DIAMONDS currently taking the spotlight at La Nueva Cucaracha in Juarez are packing the house every night. This quartet of well-trained young men has in its repertoire selections from the very well known musical "Oklahoma," and such semi-classics as "O! Man River." Don't miss this tremendous act, here on a very limited engagement, ending on Tuesday, July 7.

Opening July 8 is one of the most unique acts ever brought to Juarez — ICE-A-RAMA, an ice skating show, which will be the feature attraction at this club. Producer Johnny Melendez stars famous Ice Capades skating star Miro-Slava. This great group will no-doubt bring in the crowd, so to be sure you do not miss this great act, call your reservations in early.

THE JULY 5TH CORRIDA at the Monumental Bullring is dedicated to the Americans attending the corrida, in observance of the celebration of American Independence on July 4th. This unique bullfight will feature Guillermo Carbajal and Joseito Huerta in a sensational "mano-a-mano." Carbajal, whose first presentation here at the opening of the professional season in April received the ovation from the crowd, was brought back for a second appearance due to popular demand. In his previous presentations at this bullring, Carbajal was awarded ears from two of his bulls in each of the corridas.

Joselito Huerta has appeared here several times. One of his most outstanding feats in his presentation last year was the corrida which he fought all by himself with six bulls. This is a performance done only by the professional matadors who have many years' experience. Joselito, although very young, is recognized throughout Mexico as the top among young bullfighters.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF ROSWELL AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of the Lincoln County News as he saw conditions. These people are leaders in their various lines of endeavor and the co-operation of these citizens in Roswell who helped to make this department possible is sincerely appreciated.

W. E. Wood

In bestowing credit upon some of those progressive business men of Roswell, who in one way or another, have contributed their bit to improve both business and civic conditions, we wish to publish a few words about W. E. Wood of Woody's Gulf Service Station.

Mr. Wood has set a standard for himself and the operation and management of his business that, under present existing conditions, has been very difficult to maintain. However, that he has done so is proved by the large volume of business which his Gulf station continues to handle, much of which is due to his unceasing attention to detail and his ability to cope with new and unexpected problems.

W. E. Wood is also civic-minded and has, when asked, cheerfully cooperated on those civic activities to which he has been able to lend assistance. He more than deserves the respect and good will which he has earned, and we and his friends are confident that he will continue to maintain his usual integrity and high standards.

Joe W. Bauman

We wish in this edition to pay tribute to Joe W. Bauman of the Joe Bauman Texaco Service Station, for his many services to the city of Roswell, and his splendid record of achievements in the business life of the city.

Mr. Bauman probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him.

Roswell is fortunate in being able to number, among its more progressive business people, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider Joe Bauman an asset to the community, and a progressive business man of whom his city may be proud.

Burl J. Bost

There are a number of business and professional men in Roswell who have gained recognition for their progressiveness, and a well-known insurance man who belongs in this category is Burl J. Bost of the Best Insurance Agency, specializing in hail damage protection, who is also the manager of the Oil Tex Chemical Inc., whose fair dealings with many of our readers has earned for him a host of friends and policy holders throughout this entire area.

He is well established in the forefront of the business and civic life of the city. And the ethical manner in which he has conducted his business affairs is but one of the reasons for his outstanding success.

In addition to his insurance activities, Mr. Bost has also accepted his share of responsibility in aiding civic projects. As a result of the combined efforts of men like him, Roswell is firmly established in the minds of the people as the logical business center for this section of New Mexico.

We congratulate Burl Bost for his success in business and civic affairs, and trust that he will continue for many years to enjoy that success which he has so justly earned.

Milton M. Sagar

Recognized as one of the more progressive business men of Roswell, Milton M. Sagar of Warehouse Sales, performs a real service for the people of his city, and his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved, in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has, and continues to build up good will for Warehouse Sales throughout this entire district.

Mr. Sagar is deserving of praise, and this small tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Milton Sagar on his splendid record, and trust he will continue to serve the people of Roswell and vicinity.

Dudley Giles

Because this is a period of growth and expansion for Roswell, those progressive business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Dudley Giles of the Giles Mill Works, for he has become a well-known figure in the business and industrial life of the city.

Mr. Giles' persistent optimism and steadfast belief in the continued future prosperity of the people of Roswell and vicinity are characteristics which are deserving of our highest praise.

Dudley Giles has also always shown a willingness to do his part in civic advancement, and has contributed his bit, in one form or another, to projects promoted for the welfare of the city. We believe that a business man of this kind is entitled to our sincere praise, both because he has achieved success in his private affairs, and because he is willing to contribute to the public good.

Claude M. Allison

One of the more progressive real estate men of Roswell, and one whose success can partly be attributed to a deep insight as to the direction in which the city will develop is Claude M. Allison, who has been a resident of Roswell since 1908. He also has a sound basic knowledge of real estate values and has turned that knowledge to the advantage of the people with whom he does business.

And his aggressive methods coupled with his sound and practical ideas have made the service he has rendered to the people more valuable, and materially contributed to his well earned success.

Mr. Allison is also civic minded and has always shown a cheerful willingness to contribute his share of time and energy to the promotion of community projects.

It is because of the activities of such progressive business men that, year after year, Roswell continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to Claude Allison for the part he is playing in the onward progress of Roswell, and the surrounding area.

R. W. "Bob" Abernathy

The men in a community who work for the best interests of the community, usually are leaders in whatever they attempt. This is especially true of real estate men because they are generally among the first to be called on to help with all worthy civic projects. Such a man is R. W. "Bob" Abernathy of the Abernathy Real Estate Agency, one of the city's better known and more dependable realtors. He stands at all times prepared to assist his city, and is always ready if necessary, to take off his coat and work for its best interests.

It is men like Mr. Abernathy who have had the vision to realize the possibilities of Roswell, and the surrounding territory and have given of their time and energy to make that vision come true, who have won the respect and good will of their fellow citizens.

We take pleasure in paying this brief tribute to "Bob" Abernathy for being a far-sighted business man who is firmly established in the forefront of the business and civic life of his city.

Paul Carrigan

Paul Carrigan of the Paul Carrigan Company, has a well-earned reputation for progressiveness because he has consistently forged ahead in his business, never letting up in his efforts to make the service he renders to the people more valuable. This invariable policy has made the Paul Carrigan Company outstanding in its field, a fact that is well known to the public throughout this entire area.

But Mr. Carrigan has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to the city, but this entire district as well.

It is such men as he, who are both successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Paul Carrigan the credit for his accomplishments which his friends and associates have so long recognized him.

R. J. Franchini

In making this review of progressive Roswell business men, it is fitting that we should include some of those men who, by their aggressiveness, have definitely established themselves in the business and civic life of the city.

Such a man is R. J. Franchini, the manager of the Southwest Distributing Company, who also deserves an additional word of praise for being more than just successful. He is a consistent and enthusiastic booster of the community, and in his way has done much to advertise the city.

Mr. Franchini has pursued the progressive policy of stepping up his business ahead of the times, thus setting a pace for which he has earned the reputation of being a go-getter who does not sit back and wait for the business to come to him.

We are glad to pay tribute to R. J. Franchini, and to point out to our readers that his sincere desire to be of service, coupled with his aggressive methods are largely responsible for the standing of the Southwest Distributing Company throughout this entire area.

Frank L. Goodwin

Every progressive and successful business man in Roswell contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is Frank L. Goodwin of the Ranchers Supply Company, and Goodwin's Green Thumb Nursery, who is well known and has many friends and satisfied customers throughout this entire district.

The prominent part that Goodwin's Green Thumb Nursery, and Ranchers Supply Company are playing in the business and rural life of Roswell and vicinity mirrors the progressiveness and ability of such men as he. Moreover, Mr. Goodwin has also at all times been steadfast in his devotion to the city, and the surrounding country and on many occasions, has lent his support to the successful promotion of meritorious civic projects.

Roswell and this district are fortunate to have such a man as Frank Goodwin in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

Lala Arias Tellez

Lala Arias Tellez is one of the more successful restaurant owners and operators of Roswell who, by maintaining a constant standard service and high quality foods, has made Mrs. Arias Cafe one of the more popular eating places in the community. We are glad to give her credit for her well-earned success in a field which is so highly competitive.

It is also a pleasure to give her credit for taking part in community affairs, and lending her assistance to various activities and public projects. When to take part in such matters she always does so without ostentation, but in a quiet manner which lends dignity to her cheerful acceptance of her share of the civic load. It is a pleasure to be associated in the promotion of community activities with such a woman as Mrs. Tellez.

This review of progressive and civic-minded people of Roswell would not be complete were we to fail to include Lala Tellez. Here is the kind of success which deserves recognition, and we wish her many more years of the same.

Val G. Bizzle

Our issue today proposes to call the attention of our readers to some of those progressive and civic-minded people who have contributed their share of time and energy to the building up of Roswell and the surrounding territory in the position of prominence which it now enjoys.

One of these men whom we wish to present to our readers is Val G. Bizzle of the Electronic Service Company, whose success can equally be attributed to his business acumen and his knowledge of electronics, with special emphasis on radio and television.

He has never spared himself in his aggressive march forward in both business and technical fields, and is a qualified expert in the service and installation of all types of television sets and antennas.

Mr. Bizzle's record of achievement is one of which he may well be proud. His value to his city and this district is an established fact, and we are happy to give him the credit which is his just due.

R. Henry "Pop" Cullom

A drive-in operator of Roswell who has based his success upon the belief that the public will appreciate adequate food, badly prepared and served, is R. Henry "Pop" Cullom of Pop's Drive-In, whose many friends and dissatisfied customers by their daily patronage of his unpopular eating place, attest to the soundness of his policy of serving the worst food in New Mexico.

It is not only because of the un-successful management of his drive-in that Mr. Cullom has come to be recognized as an asset to the community; but it is also because of his policy of "looking ahead," and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of Roswell and the people as a whole. He is one of those friendly and likeable individuals who has shown his appreciation for his success by a willingness to contribute some of his time and efforts to the promotion of community projects.

It is such men as "Pop" Cullom whom we are privileged to include in this review and to publicly give him due credit for his success in business and civic affairs.

Herbert F. and Wm. G. "Bill" Lowrey

It is a privilege in this Roswell review of progressive men and firms that have been such a great aid to the growth and development of this section of New Mexico, to place two such men as Herbert F. and William G. "Bill" Lowrey of the Lowrey Auto Company, authorized dealers for Chrysler, Plymouth, Simca and International Trucks, on an equal plane with all others in this rank. In the past, few men have exceeded them in contributing of their time and energy to the onward progress of Roswell and the surrounding country.

The Lowreys are generally recognized as two of the more dependable automobile and truck sales and service dealers in this district, and they retain that distinction in the admiration and respect of their wide circle of friends. Also their interest in, and the very valuable assistance they have rendered to the many projects of a civic nature, reflect the principles which they have always so successfully applied to their business affairs.

We congratulate "Bill" and Herbert Lowrey on their records, and sincerely hope that their careers will be as useful and completely successful in the years ahead as they have been in the past.

Donald C. Wasson and Tommy Hubbard

In every community there are a number of business and professional men who can be pointed out as having taken a three-fold part in the onward progress of their city. Two well known business men of Roswell who belong in this category are Donald C. Wasson and Tommy Hubbard of Mobile Living Incorporated.

Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along lines of civic betterment and community progress is well known to their immediate associates.

Mr. Wasson and Mr. Hubbard are men who are equally well liked and respected by their intimate friends and their associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city.

We congratulate Tommy Hubbard and Donald Wasson for being good citizens, progressive business men, and boosters of their community.

If men would consider not so much wherein they differ, as wherein they agree, there would be far less uncharitableness and angry feeling in the world.—Joseph Addison

The custom of throwing rice at a wedding may have originated as a bribe. According to The World Book Encyclopedia, rice may have been an offering to evil spirits to persuade them to stay away from the newly-weds.

L. J. Mason and H. F. Herring

Due to the efforts of a group of wide-awake business men, the city of Roswell has attained a dominant position in the commercial life of this section of New Mexico. And two of the men who have justly earned credit for being progressive members of that group are L. J. Mason and H. F. Herring of the Super Meat Market, located at 912 East Second.

It is because of the successful operations of such a business as theirs that the city of Roswell has earned the reputation of being one of the more progressive cities in the state.

Mr. Mason and Mr. Herring have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include H. F. Herring and L. J. Mason in this Roswell review; and to publicly give them credit for their success in business and for their many contributions to the general welfare of the city.

Marvin L. and Veva Byrd

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men and women of Roswell have found to be the shortest route to success. In making this statement, the two we have in mind are Mr. and Mrs. Marvin L. Byrd of the Ve Mar Trailer Court. The popularity and patronage enjoyed by their many services accentuates the ideals of courtesy and efficiency which they have consistently applied in the management of the business and in the servicing of its patrons.

The conduct of such businesses, and the people who operate them have done much to make Roswell the business center for many miles around, and it is fitting that we give credit where credit is due to such citizens as the Byrds for their part in the onward progress of the city. In so doing, we are merely putting into words the opinions of those who know them.

Marvin and Veva Byrd have earned their success by the method in which they have served the public, and accepted both civic and business responsibilities. We wish them every success in the future.

Carroll and Catherine Barde

Carroll and Catherine Barde of Barde Apparel, are two of those progressive type of citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

Mr. and Mrs. Barde have never been into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity. We do not hesitate to recommend Catherine and Carroll Barde, to our readers as good examples of the more progressive type of business people who have aided in the growth and development of Roswell and the surrounding country.

Alzy C. Bishop

Good motels and tourist courts are indispensable to the progress and development of a growing city such as Roswell. And the Shangri-la Motel, combining the best features of both, has accommodated a great many tourists and business men in a manner that assures them of the continued patronage and good will of the motoring public.

The management of the Shangri-la Motel has maintained an ideal of service which is thoroughly exemplified by the manner in which every need of the traveling motorist has been anticipated and prepared for. Nothing is taken for granted; nothing is forgotten, and hospitality and service is always their first and last consideration.

Much of the credit for the splendid reputation of this modern drive-in motel is due to the executive ability of Alzy C. Bishop, whose untiring efforts, foresight, and careful attention to detail, have maintained a standard of hospitality and service which would be difficult to surpass. It is a pleasure to publish these few words of praise about the Shangri-la Motel, and its friendly manager, Alzy Bishop.

One way to reverse the trend towards this country's becoming top-heavy with old people would be to persuade them to do a lot of out-of-dooring.

Lincoln County News Carrizozo, New Mexico

FRIDAY, JULY 3, 1959

Danny R. Lawrence

Danny R. Lawrence has proved his progressiveness by constantly adding to and increasing the service which the Berrendo Service Station has extended to the people. The large volume of business handled, by his Conoco station proves that "service" to him, is not "just a word," but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Lawrence was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly established in the forefront of the business life of the city.

Danny Lawrence has many friends in and around this entire district, and it is a pleasure to bring him before our readers in this review of progressive Roswell business men.

Tom L. Ingram

There are many men in their chosen fields who have gained recognition for the progressive manner in which they have conducted their business, and accepted their civic and religious responsibilities but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens, we should include Tom L. Ingram, well known and completely reliable geologist, for he is a man who has always done his work effectively even though it has been accomplished in an unobtrusive manner.

Mr. Ingram, busy as he is, always manages somehow or other to do his bit in any movement calculated to benefit the community as a whole. His modesty however, will not permit him to say the things about himself which are said by his friends, who do so because of a personal knowledge of his activities.

We do not hesitate to recommend Tom Ingram to our readers as a citizen who continues at all times to work to the advantage of the oil men throughout this entire district.

Doris Hooker

We desire in this Roswell review to call the attention of our readers to the well-earned position which Doris Hooker has reached in the business life of this section. During the comparatively short time she has been operating the Quick-Way Laundry, she has made many personal friends as well as having earned the good will of her associates for the straight-forward manner in which she has conducted her business affairs.

Mrs. Hooker has worked hard to deserve the confidence which the people of the community have in her, and she continues to work hard to maintain in every way, that high standard which she has set, not only for herself, but for the operation and management of the Quick-Way Laundry as well.

She has also shown a willingness to assist in every manner at her disposal in the growth and development of the city of Roswell, and is always ready to lend her support to civic projects.

Doris Hooker deserves our heartfelt congratulations on the splendid record she has already established, and we sincerely hope for her continued success.

H. B. Hamman

Logically a man who has earned the reputation of being one of Roswell's more dependable vacuum cleaner sales and service dealers would in so doing, have earned the friendship and good will of a great many people throughout this entire district. A man who justly deserves this distinction is—most efficient, friendly H. B. Hamman of Repair Sales & Service, who numbers many of our readers as some of his best customers.

Mr. Hamman is the type of man who would be an asset to any community, not only because the successful conduct of his business plays a definite part in the general civic scheme, but because the ultimate measure of his value to his city and this district lies in the fact that he is untiringly zealous, and remarkably successful in the promotion of civic progress.

It would be difficult to estimate the actual dollars-and-cents value of such a man to his community. We congratulate the people of Roswell for numbering among their more progressive citizens such a man as H. B. Hamman, and we also express the wish that he will enjoy many more years of success.

Motorist Complaint of "Speed Trap" at Datil

Complaint of what he termed a "speed trap" at Datil was made to the News last week by Everett Krablin of Fort Smith, Ark., who said he paid a \$25 fine after being stopped near the entrance to Datil. "Most towns, including Carrizozo," he said, "have signs to reduce speed before reaching town, but not at Datil—the only sign I saw was the 25-mile limit and that was at the entrance into town. When I slowed down I had already been clocked as exceeding the speed limit."

Card of Thanks

We wish to express our appreciation for the wonderful way our friends have rallied around to give us support since the passing of our beloved Father and Husband, WITH OUR THANKS EXPRESSIONS OF LOVE AND SYMPATHY, their visits to us and their very great helpfulness in every way possible, our burden would have been much more difficult. May God bless each of you,

Mr. and Mrs. A. M. Farris

Jack P. Ellis

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement the man we have in mind is one of Roswell's more dependable air conditioning and heating contractors, Jack P. Ellis of the Ellis Equipment Company, authorized sales and service for Carrier Air Conditioning, who has a large circle of personal friends and customers scattered throughout this entire district—many of whom reside in our own community.

His contagious optimism and freely expressed belief in the assured future prosperity of the people of Roswell and its metropolitan trading area, are characteristics which are to be appreciated in a progressive business man. He has always taken an interest in community affairs, and has shown a willingness to shoulder his share of the civic load.

It is men like Mr. Ellis who, because of the successful conduct of their business and private affairs and their willingness to contribute to the public good, are wholly deserving of a few words of commendation. It is a pleasure to pay him this brief, but sincere tribute.

C. C. Primm

It is not always the kind of a business which determines its importance to the community. But, more or less, the methods used in its management, the services rendered to the public. And the way in which it meets both business and civic obligations.

The cheerfulness of the entire personnel of the Primm Drug, in their contacts with the public. And the ready acceptance of all business and civic obligations by C. C. Primm, proves conclusively that he is a man who is well-versed in the principles of successful business management.

As most people know, this Roswell firm is a leader in their line of business. This is partly so because of their long experience, but also because of a never ending policy of keeping abreast of the times in their particular field.

It is a pleasure to compliment Mr. Primm for the successful management and operation of the Primm Drug, and also for his many contributions to those civic projects aiding in the growth and progress of Roswell and the adjacent territory.

Diphtheria, Whooping Cough and Tetanus

By ALMA BRADLEY
County Health Nurse

These three killers of little children are within prison walls today, and can be kept there if parents do not neglect to take their little ones to see their family physician, and follow his advice until all possible protection is given them.

Do not wait until school age to give immunizations; because if you do, for over five years, your child will be a weak spot in the prison wall. These diseases are just as deadly as ever, but as long as we maintain the strong bars of immunization, they can not harm our children.

Let us be thankful that the doctors who dedicated their lives to the work of giving us these protective medicines, lived before our children were born. Take advantage of their great gift to child life.

Immunization against these diseases is given together, in three injections, one month apart. Be careful to return to the doctor for each dose as scheduled so your child will receive maximum benefit.

To insure continued protection a booster dose should be given as directed by your family physician. He knows the need of your particular child. The usual thing is from two to four years.

Keep an exact record of all immunizations your child receives and be sure that it is recorded on his permanent school record.

Boat Registration Law Becomes Effective July 1

Almost every southwestern state has enacted a boat registration law this year, including Texas, Colorado, Utah and Arizona.

New Mexico's Boat Act goes into effect as of July 1, with the State Park Commission named in that law as the administrative agency.

Briefly, every boat or vessel powered by an engine of ten (10) horsepower or more, shall be registered. The exceptions are boats registered by the United States Coast Guard or by another state, and boats owned by Federal or State agencies. Boats registered by another state may remain in New Mexico only for 90 days before being registered in this state.

Boats can be registered by mail upon application to the State Park Commission, P. O. Box 208, Santa Fe, New Mexico. Or the boat owner may apply in person at the Commission's office at Alamogordo, one long block from the Capitol grounds in Santa Fe.

The initial registration fee is \$5 for three years; and \$1 for each three-year renewal. The law makes no provision for temporary or seasonal registration.

Under the Boat Act, each registration is not transferable, either from one owner to another or from one boat to another.

Thoroughbred Futurity At "The Downs" July 5

The tenth annual running of the Ruidoso Thoroughbred Futurity will be witnessed on the afternoon of Sunday, July 5. The \$30,000 (net) purse will be the wealthiest thoroughbred stake ever run in the great Southwest. This six-furlong feature, eleventh on the program — drew the top youngsters now in active competition and each individual parading postward is a proven runner in his own right.

These are the cream of 1935's running crop of thoroughbred colts.

BOARD FIRES HELP IN SECRET SESSION

The Los Lunas school board, acting in what the press called was a "closed door session," voted to confirm the earlier firing of two teachers and hired 11 non-teaching employees of the school system. That's against the law.

Chapter 120, Laws of 1933, provides that "final" or official actions of public boards and commissions shall be made in meetings open to the public.

Violations are subject to \$100 fines. The law also casts a shadow on the validity of actions taken at secret meetings.

School boards seem to be the worst offenders under the June 12 act. A few days ago the Santa Rosa school board locked the public out in handling teacher firing business.

LIQUOR SEEN IN LIQUOR TAX

The state liquor office is proceeding with some apprehension in handling the new law which eliminated the liquor tax stamps which were formerly stuck on hooch bottles and beer cases in favor of permitting wholesalers to remit taxes due with monthly reports.

One cause for apprehension: Liquor may be purchased retail in Colorado, Texas, and other states at prices less than the New Mexico wholesale prices which are supported by the guaranteed-profit-liquor law.

With the stamps no longer required some enterprising saloon keepers might develop the habit of hauling in their supplies from other states and avoid the pesky tax.

AMAYA PROTESTS PROBE SQUASHING

Rep. George D. Amaya of Gallup who performed as a good administration Democrat during the legislature wrote a tough letter to Gov. John Burroughs about the squashing of the highway investigation.

Amaya is district superintendent for the Denver-Chicago Trucking Co. which was regarded during the campaign as one of Burroughs' major backers — not with money of course, corporations being prohibited from doing that.

Amaya was a member of the house investigating committee which the attorney general ruled was illegal, acting on a request for an opinion from the governor's board of finance.
