

Town Files Answer in District Court To Suit That Would Enjoin Paving

The Town of Carrizozo has filed an answer to a petition in district court seeking to enjoin the town from proceeding with its paving project.

The answer was filed September 18 on behalf of the town by Attorneys H. Alfred Jones, E. Forrest Sanders and Wm. W. Bivins. The answer lists the allegations in the complaint and answers each separately, concluding with the plea that the "complaint be dismissed and that the defendants (Town Board) recover their costs expended herein and such other and further relief, both legal and equitable, as to the court may seem meet and proper in the premises."

It is probable that a date for hearing on the request for an injunction will be set October 12, first day of the fall term of district court.

The complaint, filed some time ago by Minnie Reil, et al., alleges, among other things, "That the conduct and action of the defendants was a flagrant and arbitrary abuse of discretion amounting to fraud on the plaintiffs."

Meeting with the Town Board of Trustees last Friday, Attorney Sanders expressed the opinion that the town should defend its stand to proceed with the paving.

It was brought out at the meeting that the town board acted in good faith that the paving project was undertaken only after the board had been requested to do so by a majority of the property owners affected, and that after the paving plans were initiated some of those previously in favor reversed their stand.

District Court

Presiding in District Court, September 25 Judge W. T. Scroggin disposed of the following cases:

State of New Mexico vs. Lupe C. Baca, charged with driving while intoxicated and reckless driving. The DWI charge was dismissed and a plea of guilty entered to reckless driving. Given one year deferred sentence and placed on probation for a year, assessed \$150 costs and driving privileges restricted for work.

State vs. David Aragon Luera, charged with driving while intoxicated and reckless driving. Defendant was represented by Attorney Albert J. Rivera. The case was continued until October 12.

State vs. Charles Ople Jones, charged with flourishing a deadly weapon within a public place. Defendant was represented by Attorney Geo. L. Zimmerman. Plea of not guilty was entered and case set for October 30.

District court will be in session October 12 and 14.

A suit for divorce has been filed, Mary Salas plaintiff, vs. Juan Salas, defendant.

Miss Julie Robinson to Wed Buddy Duncan

Miss Julie Robinson of Nogal and Buddy Duncan of Carrizozo and Roswell will be united in marriage Friday, October 2 at 7 p.m.

The ceremony will be in the Community Church at Nogal. Jimmie Duncan from Dallas is in Carrizozo this week to attend his son's wedding.

MAKING EXTENDED VISIT IN BIRMINGHAM, ALABAMA

Friends received word this week from Mrs. Parsons in Birmingham, Ala. She sends greetings to her many friends in Carrizozo. Mr. and Mrs. Parsons will be in Alabama about six months.

Mr. and Mrs. H. E. Kelt are in charge of Motel Petty during the absence of the Parsons.

Billy Lopez writes from the U. S. Naval Training Center in San Diego that he and Sonny Shrum are still together in the same company, Louis Sandoval is in Company 445, in the next building.

"We still have about two months here before we get our first leave and it will be another month before we get our first liberty," he writes.

PINON NUT PICKERS FIND GOOD QUALITY AND QUANTITY

CORONA — Pinon nut pickers have been covering the hills around Corona and the nuts seem to be plentiful and of good quality. Selling prices are around \$1 to 90¢ a pound, going down a little this week.

Supt. Clegg Outlines School Program

J. T. Clegg, superintendent of the Carrizozo Municipal Schools, submits the following notes "to help the people of the district better understand your local school program."

By law it is necessary that school be in session 180 days. This means children must be here for instructional purposes this number of days, exclusive of all holidays.

The teachers have voted not to attend the teachers' convention on October 22 and 23, therefore school will be in session these two days. Substitute teachers will be provided for teachers who wish to attend the convention.

Deer Season—School will be dismissed Friday, Nov. 13 for deer hunting. No additional time will be allowed. We found the plan used last year to be very satisfactory.

Thanksgiving Vacation—Thursday and Friday, Nov. 26 and 27.

Christmas vacation will begin at 2 p.m., Tuesday, Dec. 22 and school will convene again Monday, Jan. 4.

All persons interested in doing substitute teaching this year should call the superintendent's office (phone 90) and register. This is necessary, because the superintendent has to get each person who does substitute teaching a substitute teachers certificate from the State Department of Education. Please register now.

Fred Miller, elementary principal, and the intermediate teachers are working on the Joplin reading plan. They will visit the Santa Fe schools in the near future to get first-hand observation of the plan in action.

In behalf of the board of Education and teachers, Mr. Clegg expresses their appreciation to the student body and the parents for their splendid cooperation in helping us to get school off to a good start this year.

He adds "We wish to extend to you an invitation to come to school and visit the classes and get acquainted with the teachers. They would all like to know you better."

Services in Claunch For Remos R. Jobe

Services were held in the Assembly of God Church in Claunch this Thursday for Remos R. Jobe, who died Tuesday at the Carrizozo Hospital. He had been brought in from Claunch that morning following a stroke and did not regain consciousness.

Rev. James Wells officiated at the service, with interment following in the Claunch cemetery. The Shaw Mortuary was in charge of arrangements.

Remos Reginald Jobe was born January 31, 1888, at Sulphur Bluff, Texas.

He is survived by his widow, Louie L. Jobe of Claunch; by two sons, Garvice of Claunch and Garland of Kilgore, Texas; by two daughters, Lillian Lee of Kilgore and Laverne Stewart of Yuma, Ariz., also by 12 grandchildren and four great grandchildren.

Three sisters also survive: Nora Mattingley of Bakersfield, Calif.; Beattie Barker of Shreveport, La., and Mary Neal of Gouldsboro, Tex. By five brothers, Louis Jobe, of Ariz.; Ark, Willie Jobe, Dikar, Texas; Wiley Jobe of Sulphur Springs, Texas; Roy Jobe of Pecos, Texas; and Floyd Jobe, of Lubbock, Texas.

Esteban Hernandez

Services were held Wednesday, Sept. 30 at 9:30 in the Hondo Catholic Church for Esteban Hernandez, who died at his home in Hondo September 28. Father Chavez officiated at the mass, interment following in the Hondo Cemetery.

Mr. Hernandez had been a resident of Lincoln County for 40 years. He was born in Mexico on December 28, 1877.

Surviving are his widow, Miguela Hernandez, of Hondo; five daughters, Conale Montes, Hondo; Annie Gutierrez, Tinnie, Patay Guajala, Roswell; Lucy Montes, Alamogordo and Helen Aragon, of Roswell; by seven sons, Tony, of Garden City, Mo.; Charlie of Albuquerque; Albert, of Carrizozo; Steve, of Hondo; Bill, of Alamogordo; Mike, of Mission, Texas; and Joe, of Hondo.

He leaves 61 grandchildren and three great grandchildren and one sister, Julia Chavez of Tullis.

The Shaw Mortuary was in charge of arrangements.

School Boards Ass'n Meets in Tularosa

Every member of the Carrizozo School Board, under the leadership of Ralph Petty, board president, and accompanied by Superintendent of Schools J. T. Clegg, High School Principal Frank Wagner and Junior High Principal Fred Miller, attended the in-service meeting of District 7, New Mexico School Boards Association, held at Tularosa September 28.

Dinner in the high school cafeteria at 6 p.m. preceded the general business meeting. High point of the evening was the discussion panel following short talks by outstanding New Mexico educators.

Ralph Petty was elected vice-president of the district association. Edwards Marr of Tularosa, secretary, and D. L. Scott of Truth or Consequences, was re-elected president.

Panel members under the direction of Moderator D. L. Scott of Truth or Consequences, were:

George White, director of instruction service, State Department of Education, whose topic was "Improving the Quality of Secondary Education: A Local Board Responsibility";

Dr. Kenneth Meigsard, professor of chemistry of the University of New Mexico, "Where High Schools Have Failed";

Dr. Wilson Ivins, professor of secondary education, U. of N. M., "Comprehensive versus the Specialized High School";

Dr. Don Roush, dean of the college of Education, New Mexico State University, "An Evaluation of Newer Practices in Secondary Education";

Dr. Cal Faulbee, director of secondary education, State Department of Education, reported on "Criteria for State Accreditation of High Schools";

The question and answer period produced very lively discussion, much of which was sparked by the Carrizozo visitors. The roll call of attending school boards disclosed that Carrizozo was the only visiting board with 100% attendance. The board members are Mrs. W. H. Rickerson, Clarence Shaw, Johnson Stearns, Truman Spencer and Ralph Petty.

Melrose to Test Grizzly Defense in Game Here Friday

Conference standings will hinge on the result of Friday evening's football game in Carrizozo when the Grizzlies meet a strong Melrose squad. Coach Bernie Laabs rates the game a toss-up.

The Grizzlies are laying their unbeaten conference record on the line. Melrose has lost a game to Corona—played without the service of their star sophomore, Bill back, 190-lb. Richard Sain. He is expected to see action in this Friday's contest, also Jim Widner, 160-lb. senior quarterback.

Melrose will match the Grizzly weight in the forward wall.

The Carrizozo coaches have had to find replacements for Orlando Lucero and Luciano Gallegos, the backfield, and how much the Grizzly defense has been weakened will be seen Friday night after the game gets under way at 7:30 p.m.

Coach Laabs commented that in several years of coaching he had never before had one of his players sustain a broken leg and only one other player have a fractured bone. Orlando Lucero's broken leg was to be set by a bone specialist this week. His injury came in the third offensive play in the Tularosa game—a contest which saw the first half end before the Grizzlies got their attack going.

Capitan, also undefeated in conference play, meets Tatum in Capitan in an evening game Friday, starting at 7:30 p.m.

Other games of area teams: Mountainair at Vaughn; Las Cruces at Alamogordo; Tularosa at Coche; Ruidoso at Hondo; Jal at Van Horn; McCurdy Mission at Estancia.

The next time you order eggs for breakfast you'd better keep an eye on your wife—or the waiter—as the case may be.

In 1880 a traveling representative for a St. Louis firm sat down in the dining room of the St. Nicholas Hotel in Las Vegas and casually told the waiter he wanted eggs for breakfast. It was a request that, were it not for the outcome could have been an opera bouffe in the grand style. A dispatch in the old Las Vegas Gazette reported the incident as follows:

"Las Vegas, March 2 — James Moorhead, representing the wholesale liquor house of Darby and Day, St. Louis, was shot at about 10 this morning by James Allen, a waiter of the St. Nicholas Hotel."

"Moorhead called for eggs, and the waiter said that the cook did not have time to serve them. A quarrel began, they dined and were parted, and Allen went back into the dining room, got a pistol and rushed into the office where Moorhead was standing, aimed the pistol at his head and said:

"Get down on your knees and ask my pardon."

"In attempting to take the pistol from him, Moorhead was shot, the ball entering the left side, passing through the stomach, and coming out at the right side over the liver. Allen was arrested by an officer, being found in the dining-room, quietly preparing the table for dinner."

"He's about 20 years of age, and his family reside in Lawrence, Kansas. Moorhead lies in critical condition and is expected to die tonight. Great excitement prevails and it is rumored that Allen will be lynched tonight."

"LATER—James Moorhead, shot this morning by Allen, died tonight at 10 o'clock."

A few days later the same paper reported:

"Ever since the arrest of Allen for the murder at the St. Nicholas Hotel in Las Vegas, there have been (Continued on Back Page)

Form Lincoln County Chapter of National Federation of Independent Business

Marvin H. Roberts, Carrizozo businessman and civic leader, has been appointed chairman of the Lincoln County chapter of the National Federation of Independent Business.

C. (Scotty) Mollison, district manager for NFIB, for the state of New Mexico, this week announced the appointment of Mr. Roberts as chairman of the chapter being organized in Lincoln County.

Each business member of the organization maintains a voting membership and all are polled by ballot each month on the bills and issues that affect independent business enterprise in the nation.

Five important legislative questions dealing with small business are sent to members each month. The members state their opinions on the issues and turn the ballots into Mr. Roberts, who will tabulate the results and send them on to the New Mexico congressional delegation.

In this way, the businessman lets his congressman know his feelings on issues concerning his business.

The NFIB furnishes arguments for both sides of each issue in its monthly mailing.

Containing the largest individual membership of any business organization in the United States, the NFIB is designed to do everything possible to maintain the American way of life and keep the free competitive system of business. Independent business and professional men of every vocation participate with voting memberships, regardless of other civic and trade affiliations.

He has recently completed a similar series of murals in Hobbs and Lubbock.

THE INSIDE STORY OF THE

BUREAU PAYROLLERS BREED DEBATE

Santa Fe, Sept. 30—The great debate about the condition of the state bank account, whether it is in the red or in the black, boils down to the payment of about 175 more people on the bureau of revenue payroll than were on last year.

There are other considerations in the legislative finance committee contention that the state is going to be in the hole \$900,000 next June 30 and the governor's people contending that there will be a million dollar surplus, but the bureau payroll is the main item.

BUREAU SPENDING CENTER OF DEBATE

The bureau of revenue, which is the last big harbor for politicians, spent \$500,000 more than originally set up in the first half of 1959, and is now spending \$1.2 million more than originally planned for the business year that ends next June 30.

The extra spending, the statehouse people contend, will produce enough additional money from taxes to justify the spending and thus keep the statehouse bank account in the black by a million.

Most everybody else figures the state is going in the hole and fears a tax increase will be necessary to pay the bill.

175 MORE PEOPLE THAN A YEAR AGO

The Santa Fe newspaper last week cited records to show that the bureau of revenue had 504 people in June last year.

Since that time 134 were transferred to the new motor vehicle department and 13 to the new oil and gas record department from the bureau, but the bureau in September still had 539 payrollers.

It adds up to 680 people now employed at what 504 were doing in June, 1958.

"How can I best centralize my private papers?"

You can gather them together in any one place, of course, but the best place is a safe deposit box inside our bank's strong vault. Your safe deposit box here is a central place for your papers (and other personal valuables) which you can visit any time during banking hours and find what you want, in privacy. And here valuables have the protection of complete, modern safe guards against fire and theft. The cost is insignificant, alongside the advantages. Why not act now?

New State Highway Map is off Press

Santa Fe, N. M.—A new, up-to-date version of the official New Mexico highway map is off the press, and being distributed by the Tourist Division of the Department of Development.

The full-color folder includes a new "point of interest" map on its opposite side, pointing out 56 places of tourist interest and designating how they can be reached from the principal highways crossing the state.

Fred W. Phelps, director of the Department of Development, said the special map was created as another effort to induce travelers to leave main highways for side-trips to parks, monuments and recreational areas which are not obvious on main-traveled roads.

The map also includes the population and elevation of 68 principal cities and towns. Population estimates for the list were furnished by chambers of commerce or other local authorities.

John W. made a business trip to Roswell one day last week. Nurses Slick and Hamby are new additions to the Fort Stanton nursing station. They came here from Alhambra and we extend the hand of welcome to these ladies.

John Kattinas has returned from a short visit in Albuquerque. The dentists from Alamogordo and the social security representative from Roswell filled their appointments on September 21.

Rosa Zamora is on furlough at her home in Farming.

Loudspeakers have been installed in the dining room and we enjoy a little music during meal times. Congratulations to Sheriff Sallie Ortiz upon receiving the Pat Garrett award of the New Mexico Sheriffs and Police Association for 1959 in Las Cruces on September 21. Good work, Sallie!

Several people in Fort Stanton have heard from Dr and Mrs Szigel. They are enjoying their rest in their home in Albuquerque and send regards to everyone.

Anselmo Gutierrez met with an accident the night of September 22, when on his way to Carlabad to bring back the wife who had been visiting there. About twenty miles this side of Roswell, his car went out of control and turned over several times. Anselmo is in a Roswell hospital with chest injuries and he also has several teeth.

We all join in wishing him a speedy recovery. His brother, Cruz, went to Roswell and reports that he is doing nicely and would soon be able to leave the hospital.

Ignacio Torrez and Honda has been out on his annual vacation from Fort Stanton.

Mr and Mrs Ernest Miera of Bernalillo were here one day last week to visit Dorothy Lovato.

Charles Bowley, son Dana and daughter Pamela of Albuquerque were here last week to visit Mrs. Bowley.

Dr. Bogart's cocker spaniel had a very trying experience with a porcupine one day last week. After it was all over, the doctor had quite an ordeal, pulling quills from the pup's mouth. Moral: Keep your nose out of other people's business.

Juan Lucero visited home folks in Socorro for a week.
Several of the older patients have been examined for eye glasses by Dr. Logan and some of the ladies were fitted with specs last week.

Gene and Lilly McCommas made a business trip to Alamogordo and El Paso last Thursday, returning Saturday evening.

Mrs. Joe Baca and other relatives were here from Socorro last Sunday for a short visit with Mr. Baca.

Mr. Jarvis had several visitors from Albuquerque on Sunday.
Jim Robinson has had full charge of the clubhouse in the absence of Earl Hertz.

Mrs. Morris and daughter visited Mr. Morris last Sunday.
The employees who were off duty during the week and spent the time in the hills, picking the savory pinon nuts. Better hurry, folks, before the shooting begins. Not all the people carrying firearms are careful and will shoot at anything that moves.

VIEW... from Pontiac!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

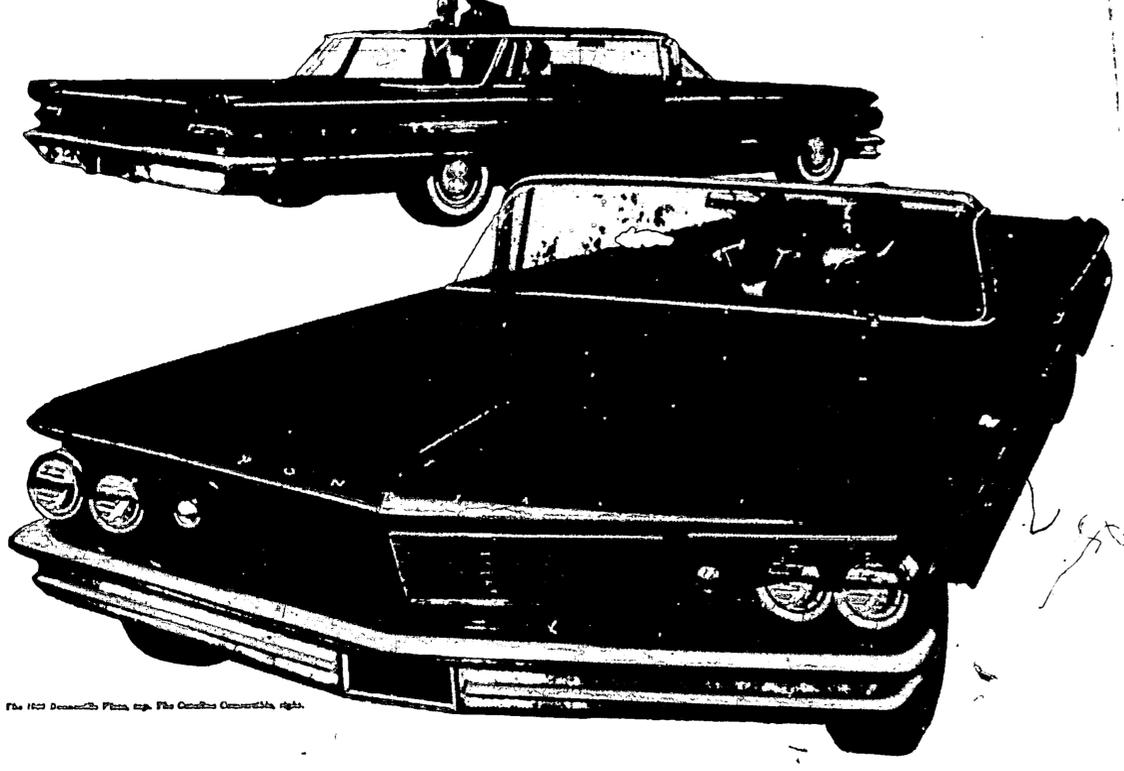

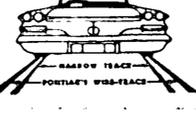

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of roasteless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425-hp economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swiftest stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

Teensters
Union No. 1

By **PAM REID**

Hit No letters about tight jeans this week. I'm disappointed! That sure was a good game we played at Tatum (at least that's what I'm told—didn't get to go.) We're real proud of our boys this year. We have won every game so far. One thing that always makes you realize that football is so rough is when someone gets hurt. Our player, Orlando Lucero, got his leg broken! Sorry to hear it—and hope it is OK right soon!

Get! The school year sure does fly, doesn't it? Here we are taking our six weeks tests and we just started yesterday, it seems! School days are going by so fast—we'll be out of school and on our own before we know it. We'd better make the most of them right now!

Here's a card:
Dear Pam: We Teenagers are really happy to have you and your column back. Here is a problem: My mother and father do not let me date and I am 16 already. All boys and girls my age are dating. I have a lot of sense, but my parents don't trust me. What to do? Lonely Girl.

Dear Lonely Girl: Don't feel lonesome for I know there are many other girls with this same problem. Did you ever sit down and just talk heart to heart with your folks about the situation? Find out if they have a real, valid reason for not letting you date. It helps a lot. Another thing is, ask them about double-dating, or with a group. It is a lot of fun to go

In a group—in fact, most of the girls I know would rather double-date than single. But just have a good "old-fashioned" talk with your folks and explain the situation to them. Good luck.—Pam.

I have found some of the cutest little definitions—or should I say "definitions"—in a magazine. I hope you like them, too:
Ice Cube—Cool square.
Walls—A dance.

Ice—Those which girls make at boys.
Grudge—A place where autos are kept.
Monkey Wrench—A place where monkeys are raised.
Nurse—A bawl park.
Prune—A plum that has seen better days.
Calypso Bakery—One that sells day-o-bread.
Income Tax Forms—Blankety blanks!

Fancy Restaurant—Something superior for your interior.
Psychicist—A mind-sweeper.
Eiffel Tower—A French erecto-set that made good!

Here's a dictionary for Cool Kats. Can you dig 'em?
Disk—A record.
Apple—A square.
Chlorophyl George—A dollar bill.
Jailed—A person going steady.
Blessed Event—A party.
P. P. P. & L. S.—Please pardon poor penmanship and lousy stationery.
Take a Cottage Course—When you get married before you graduate from school.

News Notes from Along the Border

Surprise Party in The Mountains

A group of fine ladies and girls met at the Roy LaMay ranch the 20th of September in the evening to surprise Mary Helen with a pink and blue shower.

We heard three beautiful songs by three pretty girls: Mary Guck with her accordion, sang "May You Always" and "Scarlet Ribbons," and Janice McKnight and Nancy Hall sang "Kentucky Babe" with Leota Pfingsten at the piano.

Mary received lots 'n' lots of useful gifts. Of course they want a "cowboy," so Leota Pfingsten decorated for the occasion with a "ride cowboy theme." She made a big gift box for a bag, the gifts, and "his" toys later.

"Frost on th' Punkins" made for chilly mornings beginning the 26th of August and our leaves are beautiful now, but lots of them have fallen off. For the first time in quite a while there are no elderberries in these parts, but the pinon-nuts are falling and you can see cars parked along highways 37 and 48, while folks are out on the hillside gathering those little expensive morsels.

Mr. and Mrs. Dingwall from on top of the hill visited Bonito City last week. They found Frank and Sadie English away—the couple had gone to Alamogordo to spend some time with Frank Rolland, who is in the hospital there with pneumonia. Frank is and has been

Youngville—Anyone in their teens.
Thin Man—A dime.
Furpiece—A dog.
Take the Stairway—Get lost!
Sunshine—A cool cat. (More next week.)

Dear Pam: Some of you girls in high school think you are so important. I'm a senior and I can go with any girl I please—from freshman to senior!—Senior Jefe.

Dear Senior Jefe: Yea, too bad you don't please any of them!—Pam.

Dear Pam: You're supposed to be a reporter so I just wonder what you are going to say about those blondes (two of them—and peroxide at that!) who were making so much fuss at the game in Tatum last week?—Shocked.

Dear Shocked: I wasn't at the game, but how about saying: "The bleachers went wild!"—Pam.

Well, gang, I'll be bringing you more letters, news and information, next week, but I need your help to make this column a real success. Write me a letter—about anything. After all, three letters in one week cannot keep this column going (and one of those was a holdover from last week.) If you really want to have this column in your paper, then write. Do it now so I'll have the letter in plenty of time to answer it. If you wait until Monday to write, then it doesn't get to me in time because the News copy deadline is Tuesday before noon (for me.)
Love—Pam.

one of Sadie's admirers and called for her when he was very sick.

After visiting Frank Rolland, the Englishes went on to El Paso, where Sadie had some dental care.

Bob Patterson, his son Bill, and his grandson, and Dan Houser from Organ, N. M., were in the canyon lately. Bob worked at Stanton in 1923 and remembers a lot of Lincoln County residents. He was on his way to visit Tom Bragg.

Ben Pfingsten is happy to have a young couple rent his ranch house for awhile. They are Mr. and Mrs. Junior Oxley from Frederick, Okla. Junior drives one of the gravel trucks for Vernon Leveke on the road work between Angus and Capitan—and, by the way—that road is gonna be wonderful. They say it will be near completion in six weeks.

Lola and Paul Mitchell from Carlsbad were in their cabin over the week end. They have a Jeep and are trying its power on some of these "Hunting in the Jeep" trails.

Mr. and Mrs. Harold Sellers and Mr. and Mrs. H. B. Shaw have 'bout completed a new venture here in Bonito City—building a house within a house deal. That is a house around a trailer house. It's real clever and is in a beautiful location. Dunno if Harold is gonna rent it, sell it, or keep it.

Mr. and Mrs. Scott Mitchell from Lubbock, who have a cabin in Ruidoso Downs, were in the canyon last week to gather pinon nuts and find ole roots that she can turn into artistic centerpieces and TV lights.

Thelma Taylor took her little grandson, Paul Jr. to Roswell one day last week to see the doctor and also visit relatives. Her mother, Mrs. Holland, is visiting Mr. and Mrs. Elmer Peyton at Ruidoso Downs. (Mrs. Peyton was a Holland.)

You know, this Lincoln County of ours is a real interesting place, or else I'm just getting older and learning more about it. This morning Choe Peters told me about two girls who were here last week gathering material for a story on the Skimmers' graves. They were Bessie Kelt from Portales and Zuma Dodson from Carlsbad. They spent one night with Mr. and Mrs. Gil Peters and Mrs. Peters went around with them to Carrizozo, Nogal and Angus.

Bessie Kelt is the daughter of the former Eunice Skimmer, or Mrs. Roy Hubbard. Mr. and Mrs. Hubbard live in Tucuman. Bessie is especially interested in collecting history on the Skinner side of the family. We'll hear more about this later.

Several weeks ago Mrs. R. N. Neal of 5028 Montana, El Paso, began collecting history on pipe lines on Eagle Creek and the Bonito and Corona country. She has contacted several old timers already and will see more before her story is completed, but wishes anyone who knows some interesting stories or has some pictures, to let her know. She will be back in a few weeks. Tom Bragg loaned her a picture of himself and Billy Ferguson hauling pipes in 1907 from Capitan to the southfork of the Bonito.

Nina and Hugh Truitt have been entertaining some newlyweds—Hugh's sister and husband (Mr. and Mrs. Vernon Stockwell) from Hutchinson, Kans. The two couples left Monday to go to T. or C., where they will spend a few days. Hugh and Nina will be back on the Bonito once more before going to T. or C. for the winter.

Mr. and Mrs. Fred Sweet Jr. from Alamogordo were on the Bonito Sunday to visit Fred Sr. and pick a few apples.

Fern Sweet is back from visiting her mother in Oklahoma and may spend the winter here at Bonito City and finish her senior year of schooling at Capitan.

Mr. and Mrs. Duke Browning and family from Glencoe were Bonito sightseers Sunday. They were surprised to see all the building up here in the mountains, from Angus to Bear Canyon.

Alice Wright and Tom Bragg stopped in Monday to let us in on a little news from folks far away who miss Lincoln County friends—Earl Bragg and Mr. and Mrs. Melvin Frye. Earl is married and will come home next year with his wife and baby. He is stationed in Michigan. Mr. and Mrs. Frye and family in Chicago have a brand new baby boy named William Lester. How do ya' like that, Lester Greer? (It's his grandson.)

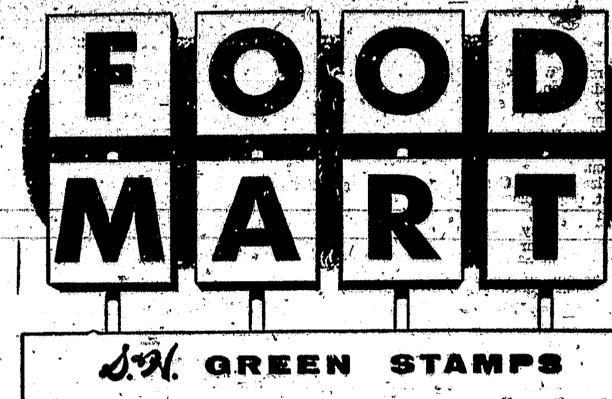

Mr. and Mrs. Lee Smith and daughters, Jimmie Kerr and Lora Giles spent a fine time together Sunday going up to the Mountain Lookout and back to Bonito City, where we had a long visit. The trip to Mountain was Lora's first and she enjoyed it very much. Lora works pretty hard running her business of groceries and a service station at Lincoln town and I was real glad to see her out on such a nice trip.

Bryan Carter has some new caretakers for this winter. D. W. Welch and son Billy from Geary, Okla. Billy plans to start to high school soon.

Mr. and Mrs. Dan Lowden were at Parsons Mine Sunday to visit Fred Coe and Tom Bragg. Dan has a farm at Radium Springs, but they live in Las Cruces.

Alice Wright and Robert K. Runnels are real proud of new cabinets that Robert built for her lately. She welcomes visitors to come in and see them when in Tanbank yancon.

At the Jal Dudes' cabin in Bear canyon over the week end were Spencer Ely, Cecil Higgins and Armond Mitchell.

Account of a Vacation Trip to Arizona

Mr. and Mrs. Joe Rensch left Friday, Sept. 25 for Wilcox, Ariz., on business, returning Monday, the 29th. It was a nice vacation. We left our part of the county in such a pretty condition of grass and moisture, then not seeing good grass beyond Red Stallion camp until we went through Quemado. Then it was good until a few miles this side of St. John's, Ariz.—then drouth and grass alternating until the dry desert at Holbrook and to our destination.

When we came to the junction of 260 and 666, which we took to St. John's, we soon struck the lava flow. It was beautiful country with tall grass, showing thru the red soil. Even the topping of the highway was red. It made a good highway all the way to Holbrook. We passed through lots of petrified wood, which was interesting.

Holbrook was the junction with Hwy 66 and we saw the inevitable traffic accident. A '58 Plymouth tried to pass two cars ahead only to meet a truck pulling out. The Plymouth hit a bridge abutment and was demolished but fortunately the driver came out with only slight injuries.

We arrived safely for our stay at the Desert Sun Motel in Winslow, Ariz., a lovely place, and we enjoyed good meals at the Falcon Restaurant nearby.

The Jaycees put on a rodeo Saturday night, beginning with a parade. Two high school bands in the parade, one from Winslow and one from Holbrook, interested me most.

We met a number of lovely people, among them, Bonnie, the lady who was nurse for Dr. Johnson for several years, and many of you will remember her. She is now making her home with her widower brother and looks well and happy. She sent best wishes to her many friends here. Then Billy Meyers walked up to me and called me by name. He remembered me, though he had me at a disadvantage, as he was only 7 years old when he left Capitán 23 years ago. His parents, Mr. and Mrs. J. W. Meyers and their three small sons were here for quite some time. Mr. Meyers drilled the school well, one for the city and one for Mr. Blackshire near Carrizozo. They now live two miles from Holbrook on the McLaw road. We visited them a short while on our return. The father and sons are all in the well drilling business. Mr. Meyers has a 60-ft. rig. Mr. and Mrs. Billy Meyers a 28-ft. rig. Mr. and Mrs. Jack Meyers a 60-ft. rig and the youngest, Bob, a 72-ft. rig. All the sons are married and have children.

Sunday morning we visited the meteor crater about 10 miles west of Winslow. The crater is 4,150 feet across and 570 feet deep and three miles around the top. The rim of the crater rises more than 100 feet above the surrounding plains. The history of the meteor was formed by the impact of a meteorite or cluster of meteorites that threw out nearly 400 million tons of rock.

Our return was over Highway 77 from Holbrook to the junction near Chow Low, Ariz., and then Highway 60 to Springerville thru pretty country, then homeward bound Monday morning from there. We stopped in Socorro for a few hours, arriving home about 2:30 in the afternoon. It was a lovely vacation, but we were so glad to get home.

Glenda Peters Apple Pie Was Second Best At the State Fair

Glenda Peters, 15, winner of the apple pie baking contest in the Lincoln County Fair, won second place in the apple pie baking contest at the State Fair in Albuquerque. She competed with girls from eleven counties.

Glenda's prize was a General Electric radio. First place winner was Della Salazar, a senior from Bernalillo county, whose prize was a \$250 scholarship.

We are very proud of Glenda. She is a sophomore in Capitán High School, in the school band and chorus, the F.H.A. and her hobby is horseback riding. Her picture was in last Friday's Albuquerque Journal.

Beauty Shop to be in New Location

Mr. and Mrs. A. D. Williams have purchased the old depot from Will Ed Harris and Grace Williams will move her beauty shop there as soon as preparations are completed.

The Black Hardware store has been sold to Lovington people and they will take possession October 1. The Cummins Trailer Court has also been sold.

Another Dance for Smokey this Saturday

A Smokey dance will be held Saturday, Oct. 3 at the American Legion here at Capitán, with music by Frasier and Joyce.

Let's make this dance the best one to date. We'll see you there.

Installation of Officers 66th Congress Could Have Done Better, Says Senator Chavez

"I am not satisfied fully with the accomplishments of the 66th Congress, now in recess," U. S. Sen. Dennis Chavez, said upon his return to New Mexico, "but I am satisfied we did our best under the circumstances."

"If we employ the criteria that the best job was done when no one was pleased, then this was a waste of a session."

In justification of this view, the senator cited the labor-management legislation as typical of the "no-please" action by the Congress. In sober retrospect, New Mexico's organized labor will find it gained in this law, and that the membership of unions will have benefited greatly, the Senator added.

The first session of the 86th was not without its ironies. The Senator chuckled over one letter he received resplendent with the three balls of the pawn shop in which the writer wanted to know when the Government was going to ease up on the taxpayers. The Senator recalled small loans in New Mexico sometimes earn a legal 42% interest.

Regarding the new 1 cent gasoline tax to replenish the exhausted funds of the big national highway construction program, Sen. Chavez said "There was objection to a raise in taxes, but I don't see how we can have anything unless we are willing to pay for it. If people won't pay for the roads on which they ride they won't pay for anything on a pay-as-you-go basis."

JUMPS STATE RATE OF 43% With the \$541 million a year increase in the federal gasoline tax that went into effect this Thursday, New Mexico's car owners will be paying 43 cents in tax on every dollar's worth of gasoline they buy.

This is brought out by Fred Linn, executive secretary of the New Mexico Petroleum Industries Committee, who notes that the new 4-cent federal tax added to New Mexico's 6-cent state tax rate adds up to \$1 in taxes on every ten-gallon purchase, which he said is equivalent to a 43% "sales tax" on gasoline.

Linn asserted that the so-called "penny increase" will raise the average tax on gasoline in this state to \$80 a year per vehicle.

Installation of Officers 66th Congress Could Have Done Better, Says Senator Chavez

The Captain chapter of Future Homemakers of America held its annual installation and initiation services Monday evening, September 21, in the high school gymnasium.

The ceremonies were performed by candlelight. New officers and members were initiated for the coming 1959-60 school term. They had been elected during the second and third weeks of school and are: Betty Walker, president; Arcenio Trujillo, vice-president; Mary Guick, secretary; Mary Ann McKnight, treasurer; Dolores Gavi, reporter; Juanita Criego, song leader and Carol Allyn Bonnell, pianist.

Chapter parents elected for the year were Mrs. Bonnell, Mrs. Guick, Mrs. Walker, LeRoy McKnight, Mr. Dines and Hollis Cummins.

Immediately following installation and initiation, different members read the F. H. A. ideals, and the serving of refreshments by chapter members, concluded the evening.

Gold Panning—An Inexpensive Hobby

Gold is where you find it, and you are liable to find it in a good many places in New Mexico, if you know what to look for.

How to find it and how to pan out the yellow dust are described in an article by Jim Lamb in the New Mexico Magazine for October.

Lamb cites fabulous gold "digging" that have made history in New Mexico. He says that there are 26 places in the state where gold has been found in sufficient quantity to warrant large-scale mining, and "some of it is still there."

Hunting for gold isn't difficult or expensive, according to Lamb. All you need is a shallow pan with flared-out edges, like a pie pan.

"When you go fishing," Lamb advises, "take your pan. If the fish don't bite, try panning for gold."

You can keep the gold you find as a souvenir, but you are not permitted to melt it or alter it in any way, the article says. If you want to sell, the Government pays \$35 an ounce for top quality.

66th Congress Could Have Done Better, Says Senator Chavez

"I am not satisfied fully with the accomplishments of the 66th Congress, now in recess," U. S. Sen. Dennis Chavez, said upon his return to New Mexico, "but I am satisfied we did our best under the circumstances."

"If we employ the criteria that the best job was done when no one was pleased, then this was a waste of a session."

Queen to Be Crowned At Homecoming Game

By GLENDA PETERS Student Council Reporter

The green football field of the Capitán Tigers will be the site of the crowning of the Homecoming Queen October 2 during the halftime of the Capitán-Tatum game.

Miss Mary Ann McKnight was selected by the Tiger squad to be Homecoming Queen of 1959. Chosen as Princess was Miss Sabella Joy.

The young ladies will be escorted by Tiger football captains Joe Lee Smith and Kenneth Huey.

The Capitán-Marching Band will present pre-game and half-time shows. James Van Dyke, director of the band, has announced that the theme of the half-time show will be "A Salute to the State Fair and the Homecoming Queen."

All Capitán High School alumni are invited to attend the game and the party immediately afterwards. The homecoming dance will be in the high school music room. A prize will be awarded to the oldest graduate present.

Texas-N. M. U. Game To Be Broadcast

The Texas Western-New Mexico football game will be broadcast Saturday by Humble Oil & Refining Co.

Conno Alexander will be in Zimmerman Stadium, Albuquerque, to describe all the action. Radio time will be 7:45 p.m. (MST) over KOBL, Albuquerque-770; KSWB, Roswell, 1230 and KTSM, El Paso-1330.

"Adventures on Ice" Has Top Showmanship

All the famous glittering showmanship of Broadway surrounds the nationally famous "Adventures on Ice" of Wilma and Ed Leary whose excitingly glamorous troupe will appear at the Eastern New Mexico State Fair on October 7 through the 11th.

Like the big ice shows, the Learys' "Adventure on Ice" revue offers some sleek ensemble novelties and production numbers. Intricate routines, performed with exquisite grace and perfection, color, beauty and vivacious vitality and a hearty portion of thrills are combined into a beautiful production.

Capitan Tigers Ease Over Hondo 25 to 7

By KENNETH HUEY

The Capitán Tigers eased thru a 25-7 victory over the Hondo Eagles on the Capitán gridiron last Friday night.

The Eagles got off to a good start on the first play of the game when Richard Smith broke loose up the middle on a 46-yd. run and TD. The Eagles made the extra point good.

Later in the first quarter the Tigers came back with Stubby Huey going around end for 6 yds. and Capitán's first fall. The kick for extra point failed.

With the Tigers still behind, Stubby Huey again went around end 22 yds. for another TD. Again the try for point failed.

The second quarter saw the Tigers coming back to score again as Joe Smith took the pigskin around end on a beautiful 48-yd. run to score. Stubby Huey added the extra point.

In the same period Joe Smith took the ball around left end for a 15-yd. marker to make the score 25 to 7. The try for extra point again failed.

The third period saw both teams battling it out in the middle of the field. The Tigers were threatening to score again when the final whistle blew.

Score by periods: Carrizozo 0 0 0 12-18 Tatum 0 0 7 0-7

Score by quarters: Capitán 12 13 0 0-25 Hondo 7 0 0 0-7

Touchdowns—Huey 2 (for 6 and 23); Smith 2 (48 and 15); Extra points: Huey Touchdown Hondo: Smith.

Grizzlies Start Late but Overtake Tatum 18 to 7

By ANDY LOPEZ

The Carrizozo Grizzlies, sparked by their tailback Bobby Crenshaw and fullback Wayland Hill, bombed the Tatum Coyotes into an 18 to 7 defeat last Friday night for the Grizzlies' fourth straight victory, three of which were in conference competition.

Scoring did not get started until the third period when Crenshaw carried the ball 61 yards from the Carrizozo 39-yd. line for the first touchdown.

Ray Hillburn of Tatum ran 18 yards to score and his teammate, Jim McKenzie, plunged for the extra point—one that looked important as the score showed 6 to 7 in Tatum's favor as the fourth quarter opened.

Crenshaw put the Grizzlies ahead to stay in the last period when he dived over from the 2-ft. line.

Hill added an insurance touchdown on a plunge from the 1-yd. marker.

The Grizzlies lost the services of Orlando Lucero for the rest of the season when his leg was broken early in the first quarter.

Score by periods: Carrizozo 0 0 0 12-18 Tatum 0 0 7 0-7

Score by quarters: Capitán 12 13 0 0-25 Hondo 7 0 0 0-7

Touchdowns—Huey 2 (for 6 and 23); Smith 2 (48 and 15); Extra points: Huey Touchdown Hondo: Smith.

LETTERS TO EDITOR MUST BE SIGNED The News received an anonymous letter to the editor this week in answer to one previously printed about "Sportsmanship" and signed by Vern Smith.

In fairness to those who sign their names to letters to the editor, it is necessary that letters have such identification. The name of the writer of the letter may be withheld from the article, upon request, at the discretion of the editor.

Elderly Man Recalls Carlisle Football Days

Mr. and Mrs. John Crowe are enjoying her 87-year-old father, Jose Lupo Barracino, who is blind. He has been with them for three weeks and will be here for some time. He is so cheerful and good natured.

Mr. and Mrs. Gilbert Peters celebrated their 40th wedding anniversary Monday the 28th and the date was also the first wedding anniversary of Mr. and Mrs. Hollis Cummins. So they all celebrated last Sunday by enjoying a delicious turkey dinner at the Lewis Cummins home. We wish both couples many more happy years together.

Little Johnny Annarato fractured his right collarbone Monday, Sept. 21, when he jumped from the couch and struck an end table. He is doing OK at this time. His grandmother Annarato, who has been visiting them for a month, left last Thursday by plane from El Paso for her home in Memphis, Tenn. We all enjoyed her visit here.

Mr. and Mrs. Henry Stevenson were visitors last week end with their grand daughter and family in Artesia.

Carl and Helen Treat, who have been in the hospital, are again home with their children. They both were very ill for some time, but we hope they continue on to good health.

Mr. and Mrs. Jozo Otero went to Roswell on business Tuesday last week and Mrs. Otero became very ill as they were returning to Capitán. Mr. Otero took her back to the Medical Center hospital, where she remained overnight for a thorough check-up.

Mrs. Shaw and Mrs. Sellers from Bonito City were business visitors in Capitán last Wednesday.

Frost which arrived the night of September 11 gave us a winter coat. We still have lots of flowers, but each night finds it becoming colder, with some fog, heralding the change in seasons. The temperature was in the 40's the morning of September 20.

George Crawford gave \$30 worth of material (flue liners) to the Smokey Museum, for which we are grateful. The museum is ready for starting the fireplace (weather permitting) after the arrival of the final load of material.

Mr. and Mrs. Earl Fleming and Bruce spent last week end in Las Cruces with Mr. and Mrs. Tom Martin, Mrs. Gita Childress, and children and the Bill Bishop family. Mr. Bishop was in Grants, therefore they missed him, but they had an enjoyable time.

ON DISPLAY! TODAY! SPACIOUS! POISED! BEAUTIFUL! LIVELY!

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that is new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, you'll find new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different that no other car can claim to come close. It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-lined line. Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, there's room to spare in every room, and the job of steering your road ahead, the beam and vibration, extra margin of hot spots. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel. Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. And, adding to your sense of silence and solidity are thick, newly designed rubber body mounts that do an even more efficient job of steering your road ahead, the beam and vibration. Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed IH-4's and a new Economy Turbo-Fire V6 that gets up to 18% more miles out of a gallon of regular while delivering greater torque torque at normal speeds. Chevy's latest on comfort and convenience even extends back to its center-locked (and tremendous) luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that gives

Churches to Continue Services at Red Canyon

The chapel at the Red Canyon Missile Range was built with scrap material—plus native stone and just hard work by the men at the camp.

Of course it is available for use of all denominations and if the citizens of Carrizozo can demonstrate that it will be used as needed, it will probably be left there intact for our use.

Anyhow, Sgt. Sidell has indicated that the chapel is open for the use of any religious group—the boys at the camp would appreciate some real gospel singing out there, too—Rev. Wells, take note!

About Tularosans

Mrs. H. E. Marr went to Albuquerque Tuesday with her son Gerald to the State Fair. Gerald is showing his registered mark "Jackie" in the registered roping class.

Rudy Terrazas celebrated his birthday last Sunday with a dinner at home. His father and mother, Mr. and Mrs. Rudolph Terrazas Sr. were guests.

Miss Becky Hust, daughter of Mr. and Mrs. George Hust, was rushed to El Paso to Providence Hospital last Friday. She was doing well Monday and is expected home by the end of the week.

Quite a number of Tularosans went to the State Fair last week end, among them, Leonard Fribly, Mrs. John Killinger, and Donald and Gerald Marr. The latter went up from State University on Saturday.

Mrs. J. C. Johnson is back in her office part time. She is still not feeling quite up to par and it will be awhile before she is on duty full time again.

George Hust is planning a much-needed vacation and Fred Aples will take over the job as water supervisor while he is gone.

Ernest Waller is employed by the Sims Home Supply in Tularosa. Mr. and Mrs. Eddie Beyer and Ernest Waller enjoyed a pizza dinner last Thursday night at the home of Mr. and Mrs. Monte Payne.

The Tularosa Lions Club served two more of their famous dinners last week. One was Thursday night and the other Saturday. The Lions have a widespread reputation for serving fine food.

Annual Bazaar Sunday By Catholic Church The annual bazaar of the Catholic Church will be Sunday, Oct. 4. This is an event sponsored by the ladies and to raise money for the parochial school.

Everyone is welcome. There will be something to attract everyone, young and old—so come, have fun. The time is 12:30 p.m.—until?

Polio Vaccination Clinic

The polio vaccination clinic will be held at the clinic in Tularosa October 13 and 14. If you took your first polio shot at the clinic last month, you should be sure to get your second shot on one of these nights—Tuesday and Wednesday, Oct. 13 and 14, from 7 to 9 p.m.

Don't forget the Gln Supper Friday night, February 2 at 6 p.m., at the gin. Bring a covered dish and enjoy a social evening with friends.

The Bell Sewing Center in Tularosa will be closed indefinitely. Mrs. Dabson, manager, has announced that, due to her health, she has had to close for a while. The office in Alamogordo will take care of all customers.

An Admiral upright home freezer will be given away by the Sims Home Supply on November 4th, at the Jet Drive-In Theatre. Every ticket stub holder for the Jet Drive-In is eligible. A winner will be called that night and the freezer will go to someone present at the show.

A group of bracers were in this week to help as most farmers started picking cotton. The crop as a whole is very good this year.

Farm Bureau Goes Slow In Asking for Change in Cotton Price Supports Chicago, Ill.—Farm Bureau will support no proposals for a change in the present cotton price support program for the time being, Chairman B. Shuman, American Farm Bureau Federation president, said following a meeting of the Farm Bureau board of directors here last week.

While the program of marketing the 1959 cotton crop has failed to come up to expectations, it would not be correct to say that it is "an utter failure" as it has been called in some quarters, Mr. Shuman said. He said that Farm Bureau members in local, county and state meetings are currently active in studying and developing recommendations on a cotton program as a part of the organization's annual program of developing policies on a wide variety of problems and issues.

Mr. and Mrs. Fred Lopez and Mr. and Mrs. Nat Palomarez and son Nat Jr. made a week end business trip to Morenci and Clifton, Ariz.

David Swift of Carrizozo was in the vicinity last week on business calls.

Cape and Rookie Straley attended the State Fair in Albuquerque Saturday and Sunday.

Harold Therpe of Anthony, N. M., was an Ancho visitor Sunday. Harold lived at the old station at Tecolote several years ago. His father, a former section foreman for the S. P. Co. at Tecolote, now is living in Deming with his family. He is still with the company.

John Robinson of the Patos Mountain ranch was a very pleasant Ancho visitor last Friday. Mrs. Robinson, John's mother, is staying with her daughter, Mrs. Rose Harkey, for an extended visit. Dickie Palomarez has returned home after about three months in San Francisco with his sisters, Mrs. Bea Ranzarin, Mrs. Phyllis Munoz and Vivian Palomarez.

Mr. and Mrs. Mariano Melendrez and children, Mrs. P. Melendrez and Mrs. Martin Lucero of Alamogordo were Ancho visitors last Monday. Mrs. Lucero and her daughter Tille were former residents here. They were going into the Jicarillas for pinons.

Doug Denny of Alamogordo and Walter Smith of Santa Rosa were Ancho visitors Saturday.

Mr. and Mrs. Nat Palomarez and David made a trip to the dentist in Alamogordo on Monday.

Mr. and Mrs. Clarence Shaw and two lovely daughters, Dieder and Debra of Carrizozo were in Ancho last Saturday on business.

THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car — and no compact car like this de-luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair. The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By packing the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passenger in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives good-to-good traction on ice, mud or snow.

Corvair's size—some 5 inches lower, 2 1/2 feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to loiter through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (67 mpg on mileage). And, because the

STYLING—PURE AND SIMPLE Sleek, uncluttered lines shape both 4-door models—the de-luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-size cars.

FIELD-DRIVEN REAR SEAT? Works easily, instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

FLAT FLOOR Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

SWIFT AND SURE BY DESIGN Dead away with conventional frame, incorporating all structure into a rigid body frame unit that gives you more inside room with less weight.

WHEELS—NOSE LOCKING COMPARTMENT Trunk's up front (like an airplane's) where it's convenient for groceries, luggage, a trunk compartment.

There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, tire-saving ride. *Optional at extra cost.

ONE-PACKAGE POWER TRAIN Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

**Army to Show HAWK
Missile at N. M. Fair**
Camera Station, Alexandria, Va.—A U. S. Army exhibit depicting the Army's progress in meeting the challenge of the nuclear age, and featuring an actual HAWK missile, will be unveiled at the Eastern New Mexico State Fair in Roswell, October 8-12, it has been announced.
Coming to Roswell from Washington, D. C., the Army's "Cavalcade of Progress" exhibit shows some of the end-products of the military's research and development program with emphasis on operational combat equipment.
Purpose of the "official" exhibit is to point up some of the truly significant military developments often overshadowed by the dramatic impact of guided missiles and satellite launchings.
Spotlighted in the exhibit is the U. S. Army's HAWK—a fantastic surface-to-air guided missile that can swoop down and destroy enemy aircraft at tree-top level. The Army's sleek 16-foot low-altitude killer is ringing American cities as a fixed installation weapon complementing the existing high-altitude aerial defense now provided by the famed Nike system.

ABOUT PEOPLE

Albert Mulkey of Corona, Floyd Bugli of Fort Sumner, Warren Elmore and Bill Wilson of Albuquerque, have received elk permits and were hunting this week in the Gila forest north of Silver City.

Terry Barry of Grants was in Corona Tuesday of this week looking in on friends of his deceased grandfather, Dr. L. H. Barry. Terry, who visited frequently in his grandfather's home here some twenty years ago, was recently graduated from the school of engineering at the University of Colorado.

Mrs. Floyd Proctor is in Albuquerque this week with her daughter, Mrs. Leonard Jones, whose husband was seriously injured in a car accident last Saturday. He is in St. Joseph's hospital in Albuquerque, still in critical condition. Four people were killed in the accident in which Jones was involved.

Butch Carnell and Holt Lovelace were hunting grouse in the northern part of the state the past week end.

Miss Helen Kay Atkinson of Eastern New Mexico University in Portales was home over the week end.

Shannon Shaw, son of Mrs. Fern Shaw of Corona, was home from the Service this week.

Bobby Dean Wade was visiting in Amarillo the first of this week. A party was held in his honor Saturday night by Miss Donna Womack at the Bagley ranch. Bobby will enter the Air Force in the near future.

Phil Dayton, who works for the Southern Pacific near Tucson, was home last week end, and returned to work Monday. Jay Williamson accompanied him back to Tucson, where he hopes to get employment also with the Southern Pacific Ry.

Mr. and Mrs. Lloyd Owen and children made a trip to Roswell on Saturday, Sept. 26. Mr. Owen went for a medical checkup. Mrs. Mary Fox has recently been in the hospital at Albuquerque for

LICENSES TO WED

The Lincoln County Clerk's office has issued a license to wed to Elinor Pauline Tidwell, 44, and Joe Graham Roberson, 35, both of Ruidoso. They were married September 24 by Rev. Wayne Joyce, Baptist minister of Hollywood.

To Linda Frances Moore, 21, and James W. McLean, 23, both of Albuquerque. Rev. C. Edward Ditterline, Methodist pastor of Ruidoso, joined the couple in marriage on Friday, September 25.

To Eva Belle Daugherty, 38, of Cocoa Beach, Fla., and Donald Huseby, 35, of Alamogordo.

NEW MEXICO CHRONICLE

been threats that the fall would be attacked and the criminal hung, so that the sheriff of San Miguel county had to keep a large extra force constantly on guard at night, the number exceeding twenty during one night.

"No attack was made, however, so long as it was thought that the court might act on the case during the existing term. But when on Thursday, Allen's counsel took a change of venue to Santa Fe County, thereby postponing the trial for several months, it was felt that public feeling would run so high that the prisoner's life was anything but safe.

"To meet this danger Chief Justice Prince made an order, in connection with the change of venue, directing that the prisoner should immediately be transferred to the custody of the sheriff of Santa Fe county, and requested Major Sena to make proper arrangements for the removal of Allen without delay. The court closed at 11 o'clock on Friday evening and immediate preparations were made for his safe transfer without attracting attention.

"A special posse composed of well known citizens, comprising Lorenz Lutzler, Juan Patron, Pablo Anaya, and Amado C. de Baca, was duly authorized to perform the service and exactly as the regular was quietly carried to the depot in a cartage, without attracting any observation.

"Here a difficulty occurred, as it was found that the train would be three hours late. It was impossible to take Allen into the depot without his presence being known, and thus raising the unruly element of the New Town. To take him back to jail was also quite sure to attract attention. The night was too cold for him to remain outdoors, as he had no overcoat; although he himself, in his anxiety to be taken beyond the reach of mob violence, was willing to make the trial.

"Finally he was conveyed to the house of a person who could be trusted and there kept until nearly 4 o'clock, when the train arrived, and was then swiftly conveyed on board, and arrived safely in Santa Fe yesterday morning before the people of East Las Vegas knew that he had been removed."

There appears to be no record to show that the matter was ever brought to trial.

medical treatment. Her daughter and son-in-law have a new daughter, born September 12 at Albuquerque. The baby's parents are Mr. and Mrs. Howard Hathaway. Mrs. Hathaway is the former Miss Sandra Fox, a 1950 graduate of Corona High School.

Mr. and Mrs. J. M. Shelton had as their guests the past week end her sisters, Mrs. Carl Persons of Kanute, Kan., and Mrs. Lillo Drull of Pampa, Texas; also her niece and her niece's husband, Mr. and Mrs. J. L. Bain of Pampa.

\$350 Investment For Insulation Gives 14% Return

Like to make a blue-chip investment that will bring a cash return of at least 14 per cent year after year?

You can do it if you're building a new home by installing enough insulation to insure savings on heating fuel.

Here's how this can work for you:

Suppose your new home will have about 1,500 square feet of living space, and you decide to save money by skipping or skimping on insulation. If your house is in a central climate zone it will cost you about \$30 per month to heat it during the five-month heating season—more in colder areas.

On the other hand, suppose you decide to install thick mineral wool—at least 4 inches in the ceiling and 3 inches in walls. Based on average national prices, it would cost about \$350 to do this in your house.

Studies have shown that these thicknesses of mineral wool can cut your fuel bills by 30 to 40 per cent. This would amount to a reduction in your heating costs of between \$9 and \$12 per month. Using a conservative figure of \$10 per month, this adds up to a savings of \$50 per year—an annual return on your \$350 investment of 14 per cent.

This continues as long as you live in the house, because mineral wool never wears out or needs maintenance. Meanwhile, the original investment stays in the house, increasing its resale value by at least \$350.

A bonus is the fact that thick insulation provides more comfort, in winter, by helping to keep room temperatures even and stop cold drafts. In summer, it helps keep heat outside.

Owners of existing homes can take advantage of this same sort of investment by having mineral wool blown into walls and ceilings by a professional insulation contractor.

Bark on California's giant sequoia trees sometimes grows two feet thick, the National Geographic magazine says. It takes repeated major fires to pierce the non-resinous bark. Except in rare cases, only falls kill the strong but shallow-rooted trees.

New 'Ranch-Colonial' Plan Offers Low-Cost Luxury

A house that has been described as an "ideal design for today's mode of living" is this roomy, attractive ranch-Colonial style shown in the drawing and floor plan above.

Designed especially for 1959 National Home Week by architect Herman H. York, of Jamaica, N. Y., the house is ideal because:

- It is designed to provide the most space possible in a compact floor plan that has good zoning without sacrificing comfort, yet can be built on a small lot.
- It is engineered to be built at top grade materials that will give years of trouble-free service and contribute to overall beauty, yet are economical to install.
- The design combines the advantages of a modern ranch-style house with the beauty and desirability of traditional styling.
- It is essentially a low-cost house, yet has two complete baths, wide screened porch, dining room, separate dining room, a separate living room, and a separate breakfast room.

To permit economical installation of an air conditioning system, Architect York points out that an important key to providing a quality house at the lowest possible cost is in the selection of materials.

The use of stock window units of ponderosa pine, for example, cuts labor costs drastically, since these come pre-assembled at the factory, ready to be fitted into the window opening. These double-hung wood windows, as well as the unique stock entranceway of ponderosa pine, also contribute to the Colonial styling.

York also had low labor costs in mind when he specified asphalt shingles for the roof. Asphalt shingles are used with confidence on homes costing two and three times as much as this model, yet are low in installed cost, resulting in a substantial overall savings in labor.

POWELL SALON LEADERS, the Catalina four-door sedan, presents a fresh styling approach in 1960 with a sporty V-shaped front end, a slatted grille, long sweeping lines and a wide wheelbase. The new model features a new 2000 cc V-8 engine, a wide selection of high-velocity single-spoke wheels, a larger exterior mirror, and a special passenger compartment featuring illuminated hand compartments and an 80-watt hi-fi system.

A Wonderful New World of Fords for 1960

A new world of style! A new world of savings!
A new world of performance! A new world of built-for-people comfort!
A new world of station wagon living!

On October 8, for the first time, there will be not one, not two, but three completely new kinds of Ford cars designed and priced for nine out of ten Americans:

The 1960 Ford—The Finest Fords of a Lifetime, beautiful from any Point of View, worth more from every Point of Value!

The 1960 Falcon—The New-size Ford, the world's most experienced new car, and the easiest car in the world to own!

The 1960 Thunderbird—The World's Most Wanted Car!

FORD—The Finest Fords of a Lifetime

Here are 15 new models! Economy-minded Fairlane. Big-value Fairlane 500's. Elegant Galaxie. Five beautifully husky new station wagons. A sleek new Sunliner convertible and a brand-new hardtop model, the Starliner.

A wonderful new world of style. Ford's beautiful new proportions flow smoothly through an elegant Thunderbird-inspired roof to swift rear-quarter lines.

A wonderful new world of performance. For action, there are new Thunderbird V-8's that blend blazing power and acceleration with kid-glove smoothness.

A wonderful new world of ride. With Ford's new Wide-Track Design, wheels are spread farther apart for a full 5-foot track. It handles and rides like the Thunderbird!

A wonderful new world of economy. Ford's Mileage Maker Six and Thunderbird 292 V-8 and 352 V-8 all travel beautifully on regular gas at savings up to a dollar a tankful. And go 4,000 miles between oil changes.

A wonderful new world of built-for-people comfort. Six big, people—including the man-in-the-middle—ride in greater comfort than ever. The new Fords give you as much as 4 inches more shoulder room, more knee room, more hip room. You relax on chair-like seats.
