

Recreation funds earmarked for school athletic field improvements

The Carrizozo Town Board of Trustees, custodian of recreation funds derived from the cigarette tax, voted Monday night to earmark approximately \$3,500 of the funds for improvement of recreation facilities at the Carrizozo school athletic field.

Mrs. J. P. Turner, chairman of the Carrizozo Recreation Committee, outlined plans whereby the Carrizozo athletic field would be enlarged to provide room and facilities for track and field events.

The present grandstands would be moved back, the area level, field lighting doubled to give twice the present illumination and a standard 3/4-mile track built.

The improvement, it was pointed out, would not only make possible a better field and track program for the high school, but would also provide facilities for summer recreation.

Supt. J. T. Clegg said the proposed expansion of the athletic field had the approval of the school board and school administrators. "I feel it is my duty to furnish an academic program for the Carrizozo schools," Supt. Clegg said, "but we do not have much money left for recreation."

He said the proposed improvements would get more pupils interested in track and would also lead into the summer recreation program.

It was brought out that the funds on hand, which can be spent on recreation alone, now amount to around \$6,000 and that \$3,500 could be spent on the athletic field and still leave adequate funds for the 1950 summer recreation program.

The trustees unanimously endorsed the proposal and clerk J. S. Stearns was instructed to write a letter to Alex Amelio, assistant director of disbursements of state cigarette tax funds, stating that the council had approved the above expenditure of recreation funds.

In other town board business, approval was given applications for business licenses to Raymond's Welding & Repair by Raymond D. Littleton, a new business, and to Mrs. Raymond Walker, automatic laundry, a new business.

The board approved a contract with Allman & Everts, public accountants for the yearly audit, to cost \$225.

Heard a request by two members of the Carrizozo Volunteer Fire Department, Kenneth Schoenewald and Russell Eddings, that a town ordinance be enacted that would impose fines upon persons obstructing the movement and operation of firemen or fire trucks, going to and in action at the scene of a fire.

Mayor Withers said the council would act upon such a proposed ordinance, after a study had been made by town attorney H. Elford Jones.

The news was informed that hereafter telephone operators will not give information about fire other than to those directly concerned and to members of the fire department.

Abandoned autos lead to arrests for car theft

Two abandoned cars near Carrizozo—one wrecked and the other stuck and out of gas—led to the arrest of a man and three juveniles, all charged with car theft.

Joe Flores of Dolé, Idaho, was arrested December 31 by State Patrolman James Clayton after he had taken his car in a canyon at White Oaks and run out of gas trying to get it out.

According to Officer Clayton, Flores walked to the home of a rancher and sold him a \$20.00 rifle and a radio. Flores said later he stole the two articles from a hardware store in Artesia the night before.

Flores was then said to have come into Carrizozo to buy gas. When he failed to return the gas container to the service station the operator called the State Police.

Officer Clayton, accompanied by Marvin Roberts, a member of the Mounted Patrol, picked up the suspect. In the meantime, Sheriff S. M. Ortiz and W. H. Rickerson had located the car in a canyon near White Oaks. It was not damaged.

Flores was then turned over to the custody of Capt. L. R. Funk of the State Police, Roswell.

On January 3, three juveniles were picked up after they had wrecked and abandoned a 1934 Thunderbird 27 miles west of Carrizozo on Highway 280. The wreck was reported to local officers by Joe Kelly after he had sighted the wreck while driving between Socorro and Carrizozo.

Investigation determined that the car had been driven by three boys and that they had wrecked and abandoned it early the morning of the third. Late that afternoon they were arrested by Sheriff Ortiz at the overpass in Carrizozo. They were afoot at the time.

According to officers, the youths stole a car in Washington state, abandoned it in Sisters, Ore., and took on the Thunderbird.

They are alleged to have taken part in 33 break-ins in Washington state; also a home in Socorro.

The case has been turned over to the FBI as it involves transportation of a stolen vehicle from one state to another.

WILLIAM E. HAYS

To discuss fruit processing plant for New Mexico

University Park, N. M.—William E. Hays, produce manager for the Gerber Baby Foods Company, Fremont, Mich., will talk on the feasibility of a fruit processing plant in New Mexico at the Fourth Annual Fruit and Vegetable Short Course, January 14-15. The school will be held at New Mexico State University.

Fruit growers and others interested in finding additional outlets for fruit have been considering the possibility of locating a plant in the state.

Hays will discuss the volume of production needed for a plant, length of time such a plant would need to be in use to make it pay, areas of distribution, different commodities which would be available for processing, and the demand for processed fruits such as baby food.

He will talk at the morning meeting of fruit growers January 14 in Milton Hall on the NMSU campus.

The Fruit Growers Short Course starts at 9 in the morning and lasts until 5 in the afternoon on January 14.

Some of the items to be discussed are mite control, chemical thinning of apples, marketing apples and a tour of the horticulture farm.

Ralph R. Dunlap, county extension agent, urges fruit growers to plan to attend. "You not only learn valuable information from the program," he says, "but can often talk to growers from other areas and find information valuable to you in your orchard."

Services in Capitan for Mack Taylor

Services were held January 6 at 2 p. m. in the First Baptist Church of Capitan for Mack D. Taylor, who died at his home in Coyote, N. M., January 4 at 1:15 a. m.

Rev. Harold C. Ely officiated at the funeral service. The pianist was Miss Diane Shaw of Capitan, with Mrs. Bill Hall and Mrs. Fred Kingston singing. The Shaw Orchestra directed the services and arrangements.

Interment was in the Capitan cemetery with the Carrizozo Lodge No. 41, A. E. & A. M., conducting graveside rites.

The casket bearers were Dimitri Bond, George McBride, Morgan VanWinkle, Tarlton Bond, R. C. Barham and Harvey VanWinkle. Tom O'Carroll and Roy Harman were honorary bearers.

Mack Dolar Taylor was born in San Saba County, Texas, July 21, 1892. He came to Lincoln County in 1920 after his discharge from the army and he has resided in and around the county since that time.

He is survived by his widow, Mrs. Allie Taylor of Coyote; a son, Mack D. Taylor Jr. of Coyote and a daughter, Inez Crandall of Tulare; by a sister, Agnes Purcell of Alamogordo and by three grandchildren, Leslie Lee Crandall, Shirley Ann Crandall and Katharine Taylor.

Carrizozo PTA to meet January 11

The Carrizozo Parent-Teacher Association is to meet January 11 at 7:30 p. m. in the Junior High School auditorium.

Guest speaker for the evening is to be Rev. W. P. Lytle, pastor of the Corona Presbyterian Church. His topic: "The Ministry as a Vocation."

Everyone is urged to attend.

WCS to begin study course on Africa

The W. S. C. S. of the Carrizozo Methodist Church will begin a study course on Africa on Wednesday, Jan. 13, at 7:30 at the church. This will be the first session of a series of four studies.

Terry Kondo will be in charge of the first study group. Films will be shown, followed by a general discussion.

Women from other denominations are invited to attend.

Mr. and Mrs. Fred Gerik and son of Albuquerque visited the Carrizozo family last week.

District Court

In district court January 5, presiding Judge W. T. Stoggin heard the plea of three indicted in the robbery—last month—at the Western Toccoa Truck Center on Highway 54 south of Carrizozo.

Rebekah Justice was charged with being an accessory after the fact. The court appointed Atty. H. Elford Jones to represent her. The defendant entered a plea of not guilty to the charge. She was placed under \$2,500 bond and jury trial was set for February 11.

Jackie Weaver, also charged with being an accessory after the fact, entered a plea of not guilty. The court had appointed Mr. Jones to represent the defendant. Bond was set at \$5,000, jury trial date to be February 11.

A third plea of not guilty was entered by Frank Scott. He was charged by the State of New Mexico with robbery while armed with a deadly weapon. Scott was placed under \$10,000 bond and jury trial set for February 11.

The pre-trial on the condemnation suit on Highway 70 was postponed until January 17 at 9 a. m.

In district court action December 30, David Luera was charged by the State with driving while intoxicated and with resisting and abusing a peace officer. The latter charge was dismissed and the defendant entered a plea of guilty to driving while intoxicated. He was given a deferred 1 year sentence, placed on probation 1 year, driving license revoked 1 year and assessed \$250 probation costs. The sentence imposed was to serve 30 days in jail and to pay \$50 costs on a previous conviction for reckless driving.

One divorce was granted in case No. 27, Desoremaux, pl. vs. John R. Desoremaux, def.

A juvenile was processed for habitual truancy. She was placed on probation and assessed \$25 costs.

District court will reconvene on January 14.

Winter's fourth storm adds to mantle of snow

Lincoln County's fourth snow storm of the winter left a mantle of snow over the county, varying from two to four inches in depth.

Snow began falling in Carrizozo Sunday around noon and continued into Monday. New snow on top of unmelted snow from a previous storm, amounted to a total of six inches on the ground over wide areas.

Weather observer L. Z. Manly reports that Carrizozo has received a total of 18 inches of snow since the middle of December. Seven inches fell during the last two storms, the first on New Year's Day, and a follow-up two days later.

All highways in the county were open Wednesday, but drifting snow and ice forming in the higher elevations was making driving conditions difficult.

New snow clogs roads in Corona country

CORONA—School here was attended lightly the first of this week, as only two school buses made it on Monday and three on Tuesday.

Road conditions became very bad after more snow on Monday and Tuesday of this week.

Highway 42 to Cedarvale has been in bad condition due to snow drifting across the highway. The road grader was unable to clear huge snow drifts and made a road around through a pasture.

Many trucks and cars were unable to get through and road blocks were set up. The school bus driven by Fred Lackey was able to get through Tuesday of this week.

Many motorists have been going around by Vaughn to get to Albuquerque or Belen—over 40 miles out of their way.

At 4 o'clock Tuesday, Jack Kilpatrick reported they were out of salt, but were expecting some at Vaughn from Roswell. The salt was being applied to the highways to melt the ice, a quarter of an inch or more in thickness, all the way from Tecolote to Corona and from Corona to Vaughn on Highway 51.

Frostbitten nose results from walk

NOGAL—Twenty-six inches of snow has fallen here between December 24 and January 2.

This is more snow than the area has experienced for years.

Tuesday all the school children enjoyed a holiday and Tuesday night was our coldest one—10 degrees below zero.

Saturday night Homer McDaniel had his nose slightly frostbitten while walking home a short distance from the San Co. It was 4 degrees below at the time.

Fred McDonald was in Nogal Monday filling butane tanks and had to be pulled out by a wrecker of the Albert May yard.

New snowfall leaves two to three inches at Alto

ALTO—This community had a new snow cover Tuesday noon of two to three inches, with about the same reported at Ruidoso and Capitan.

It's been encouraging to note how well the highway crews are clearing the main highways and even the country roads as quickly as possible.

Carrizozo Fire Dept. has election of officers

Members of the Carrizozo Volunteer Fire Department—held their meeting Monday night elected Charlie Hodgkin chief and C. D. May first assistant chief.

Elected to fill other positions were Richard Chavez, second assistant chief; Sonny Smoot, secretary; Manuel Ortiz, treasurer; fire marshals Jess Garrison and Joe Venturi and directors Arrel Posey, Kimo Ortiz, Tino Lopez and Tom O'Rear.

Woman's Club to meet January 15

The next meeting of the Carrizozo Women's Club will be January 15 at 2 p. m. in the clubhouse. Mrs. A. N. Spencer will be program chairman and the hostesses will be the James, Lewis Farris, Berny Wilson and Austin Wooten. Mrs. E. T. Fletcher, president, urges all members to attend.

New officers for Comet chapter OES

With Mrs. R. E. Lemon installing officer, assisted by Mrs. Jack Shaw and Mrs. Otho Lowe from Capitan, officers of Comet Chapter No. 29 were inducted Monday evening, December 28, at the Masonic Temple in Carrizozo.

A banquet at 8:30 preceded the joint installation at which officers of Carrizozo Lodge A. M. & A. M. No. 41 were also installed. The banquet was served by Rainbow girls.

The incoming Eastern Star officers are: Annie Withers, worthy matron; Frank Wagner, worthy patron; Minor Thomas, associate matron; James Dines, associate patron; Leona Brown, secretary; Clara Lowe, treasurer; Ethel Howard, conductress; Gladys Wagner, associate conductress; Frances Degner, chaplain; Afrey Garrison, marshal; Mattie Kelley, organist; Gertrude Dines, Adah; Ethel Roberts, Ruth; Vernice Monroe, Esther; Iona Guthrie, Martha; Loren Fergusson, Electa; Emma Degner, warder, and Jack Shaw, sentinel.

Mrs. Annie Withers chose for her color that of gold, because the local chapter is celebrating its fifteenth anniversary in 1950.

Mrs. Withers' gown was a lovely shade of orchid lace over taffeta. She presented each of her officers with a red carnation corsage.

When the incoming worthy matron was presented to the East, Margaret Withers presented her mother a white carnation corsage.

The gavel which was used during installation had been presented to the chapter at its December meeting by Robert Poage of Albuquerque. The gavel was of ivory, with a silver band and bore the inscription "In Memory of Anna Brazel, a Beloved Pioneer of Lincoln County and Comet Chapter."

The motto of Comet Chapter is "Strive for Harmony"; its colors, gold and orchid and its flower, the rose.

Gospel singers to meet in Carrizozo

Sunday afternoon, January 10, the "Gospel Singers" of Lincoln and Otero counties, as well as singers from adjoining counties, will gather at the Trinity Methodist Church in Carrizozo for their monthly luncheon.

Everyone is invited to attend. Special music, prayers and "real gospel singing" will be the order of the day. The time is 2 o'clock Sunday afternoon.

New Mexico fleeces score at Chicago

Two fleeces grown and exhibited by New Mexico wool growers, were named champion and reserve champion of the territory wool class at the recent International Livestock Exposition Wool Show in Chicago, Ill.

Jack L. Ruttle, sheep and wool marketing specialist with the New Mexico State University Extension Service, stated today that the Champion Territory Fleeco at Chicago was shown by the Circle F ranch of Roswell. The champion fleeco was a fine wool and was also first place in its class.

The reserve champion territory fleeco was a one-half blood shown by J. L. Merritt of Yeso. It too was named first in its class.

Three other New Mexico growers were also among the winners. The Flying H ranch near Hope won second place in the one-half blood class. Second place in the fine wool class was awarded a fleeco shown by Curtis Hill of Roswell.

Marley and Whitney of Roswell exhibited the second place fleeco in the three-eighths blood class.

"New Mexico wool growers have made an exceptionally fine record in the 1953 national wool shows," Ruttle added. "The International was the last of six major wool shows in which New Mexico fleeces have competed in 1953. In these six shows, some 44 New Mexico fleeces have been shown. Of these, 42 have been awarded ribbons."

Fiesta Saturday at Three Rivers

A fiesta in honor of Santo Nino will be celebrated Saturday, Dec. 2, at the Catholic Church at Three Rivers. High mass will start at 9 a. m., followed by a procession.

The mayor donors of Three Rivers cordially invite everyone interested to attend.

Miss Frances Vega weds David E. Bohi

Miss Frances Vega, daughter of Mr. and Mrs. Leandro Vega of Carrizozo, was married Saturday, January 2, in Juarez to David Edwin Bohi, of Milwaukee, Wis., at present stationed at Red Canyon Range Camp.

The bride is a graduate of Carrizozo High School, class of '37, and for the past two years has been a deputy in the office of Mexican Consular, county tax assessor.

The bridegroom is a graduate of the University of Wisconsin and is currently employed as a geologist with the U. S. Geological Survey.

The bride's mother wore a green lace gown with matching hat of flowers. The bridegroom's mother chose a poudeur blue suit. Both had corsages of white carnations.

A reception at the Carrizozo Country Club followed the ceremony. Those assisting with the courtesies were Mrs. Mable Rentrow, Mrs. Roy Shafer, Mrs. L. W. Harter, Mrs. Johnny Werner and Mrs. J. C. Thornton.

After a wedding trip, the couple will reside in Farmington, N. M., where the bridegroom is agricultural instructor in the Farmington High School. Both are graduates of New Mexico State University.

Carrizozo Town Board hires firm to make survey of electric power rates

At their meeting Tuesday night the Carrizozo Town Board of Trustees, with all members and Mayor Withers present, hired the engineering firm of Ashley G. Classen, El Paso, to make a study of the town's electric rates, with a view toward adjusting rates downward.

Since the town began purchasing REA power, members of the board have felt that any surplus in the local operation should be passed on to the consumers.

However, only a rate study, based on a full year's experience, can determine if a rate reduction is feasible, after operating expenses, bond reduction and a fund for contingencies, is provided for.

Mr. Classen said it would be necessary to prepare a consumer analysis of electric rates over a year's period and that such a study would require the services of two accountants for four or five weeks. The cost to the town of such a survey, he said, would be \$750.

After considerable discussion, the board voted to engage Mr. Classen's firm to make the rate study. He said work would be started immediately.

Town Clerk Stearns reported that the town's December 1953 revenue from the sale of electric power was \$7,568.50, compared to \$8,231.33 in December 1952. The 1953 income from this source was equal to the amount sold in the same month in 1952, he said, and was more than the electric power sold in December of 1956.

Moisture at Tinnie best in many years

W. J. Sandfer of Tinnie reports his section of the county has had the best moisture to date in many years. Digging postholes, Mr. Sandfer found the moisture had penetrated to a depth of 40 inches. Sandstone encountered at that depth was wet, he said.

Fatality-free year marred by escape's death in wreck

Officer James Clayton's vision of a fatality-free year in his district was shattered in December when Richard Junior Rust, a fugitive from the law, was killed in a car wreck south of Ocuca.

"If it hadn't been for that one accident," Officer Clayton ruefully remarked this week, "I would have been the proud possessor of a year without a traffic death in my district, which reaches from Bingham to Lincoln, Three Rivers to Corona and south to the Bonito."

Officer Clayton surmised there were two possible causes for Rust's accident—he may have been driving at a high rate of speed trying to overtake a car ahead so that he could effect another exchange of cars; or he may have dozed at the wheel due to sheer exhaustion.

Newlyweds' new home is in Farmington

The bridegroom is a graduate of the University of Wisconsin and is currently employed as a geologist with the U. S. Geological Survey.

WILL HARRISON'S

Santa Fe, Jan. 6—With Ed Mead and Jack Campbell buffaloes out of running for the Demo nomination for governor, only Joe Bursary remains to be liquidated to give the election to Governor Burroughs before the campaign even starts.

LITTLE JOE MONTOYA MASTER OF TECHNIQUE

U. S. Rep. Little Joe Montoya is a master of the technique. Joe's home county of Sandoval where politics is thicker than anywhere else and where the Montoyas are under constant barrage was named by Little Joe. In 1944 he managed a run for the state senate without a primary opponent and in 1952 he pulled a grand coup in not only eliminating primary opposition but also maneuvered the tickets so there would be no Republican candidate against him.

ANDY CARTER RETIRES SCRATCHING LIKE CAT

State Rep. Anderson Carter, brother Demo and Portales neighbor of Gov. John Burroughs, chose a "strange" course for pursuing his fight against the governor—not running for re-election. The governor was probably pleased when he heard the news.

To some Carter also appears to have been buffaloes out of the fight but Carter's reason was that his Portales constituents would suffer if he returned to the legislature as a foe of the administration.

Carter went out scratching. He attacked the "business man" title of the governor.

As a business man, Burroughs has been in trouble with the federal government, the state government and with numerous firms and individuals. And now his state administration is in financial trouble.

He said a "greedy" Albuquerque clique financed his campaign, put him into office, and now is reaping the rewards at the expense of the taxpayers.

LOOT GOV PLACE UP FOR GRABS

Ed Mead's decision against running for governor or for a second term as lieutenant governor throws the loot job open for the second time in two elections. Last time it was vacant with Joe Montoya having resigned to go to Congress and the Demo primary race attracted seven candidates.

That Gov. Mead ran with 25% of the vote.

The field could be big again this time because it doesn't cost anything to file for lieutenant governor. Others pay 3% of one year's salary of the office sought, but since there is no exact pay for lieutenant governor, the filing is free.

CHAVEZ APPOINTMENT SOLVES EVERYTHING

The governor's appointment to the supreme court of David Chavez, brother of the U. S. senator, not only discouraged Ed Mead from running against Governor Burroughs in the primary but also cut the support of Joe Bursary who is still running.

Mrs. Ray Sena of Santa Fe, sister of Sen. Dennis Chavez, had completed plans to run Bursary's Santa Fe county headquarters.

After her brother got the appointment Mrs. Sena told Bursary she couldn't handle the headquarters job.

The Chavez appointment was the most significant political move since the old days of 30 years ago when Senator Bronson Cutting switched his progressives from one party to the other and controlled New Mexico elections.

Recreation funds ear-marked for school athletic field improvements

The Carrizozo Town Board of Trustees, custodian of recreation funds derived from the cigarette tax, voted Monday night to earmark approximately \$3,500 of the funds for improvement of recreation facilities at the Carrizozo school athletic field.

Mrs. J. P. Turner, chairman of the Carrizozo Recreation Committee, outlined plans whereby the Carrizozo athletic field would be enlarged to provide football and facilities for track and field events.

The present grandstands would be moved back, the area leveled, field lighting doubled to give twice the present illumination and a standard 1/2-mile track built.

The improvement, it was pointed out, would not only make possible better field and track program for the high school, but would also provide facilities for summer recreation.

Supt. J. T. Clegg said the proposed expansion of the athletic field had the approval of the school board and school administrators.

"I feel it is my duty to furnish an academic program for the Carrizozo schools," Supt. Clegg said, "but we do not have much money left for recreation."

He said the proposed improvements would get more pupils interested in track and would also lead into the summer recreation program.

It was brought out that the funds on hand, which can be spent on recreation alone, how amount to about \$6,000 and that \$3,500 could be spent on the athletic field and still leave adequate funds for the 1950 summer recreation program.

The trustees unanimously endorsed the proposal and clerk J. S. Stearns was instructed to write a letter to Alex Armiño, assistant director of disbursements of state cigarette tax funds, stating that the council had approved the above expenditure of recreation funds.

In other town board business, approval was given applications for business licenses to Raymond's Welding & Repair by Raymond B. Layton, a new business, and to Mrs. Raymond Walker, automatic laundry, a new business.

The board approved a contract with Allman & Everts, public accountants for the yearly audit, to cost \$225.

Heard a request by two members of the Carrizozo Volunteer Fire Department, Kenneth Schoenocks and Russell Eddings, that a town ordinance be enacted that would impose fines upon persons obstructing the movement and operation of firemen or fire trucks, going to and in action at the scene of a fire.

Mayor Withers said the council would act upon such a proposed ordinance after a study had been made by town attorney H. Elfred Jones.

Abandoned autos lead to arrests for car theft

Two abandoned cars near Carrizozo—one wrecked and the other stuck and out of gas—led to the arrest of a man and three juveniles, all charged with car theft.

Joe Flores of Dolso, Idaho, was arrested December 31 by State Patrolman James Clayton after he had parked his car in a canyon at White Oaks and ran out of gas trying to get it out.

According to Officer Clayton, Flores walked to the home of a teacher and sold him a 30.30 rifle and a radio. Flores said later he stole the two articles from a hardware store in Artesia the night before.

Flores was then said to have come into Carrizozo to buy gas. When he failed to return the gas container to the service station the operator called the State Police.

Officer Clayton, accompanied by Marvin Roberts, a member of the Mounted Patrol, picked up the suspect. In the meantime, Sheriff S. M. Ortiz and W. H. Rickerson had located the car in a canyon near White Oaks. It was not damaged.

Flores has been turned over to the custody of Capt. L. R. Funk of the State Police, Roswell.

On January 3, three juveniles were picked up after they had wrecked and abandoned a 1934 Thunderbird 27 miles west of Carrizozo on Highway 390. The wreck was reported to local officers by Joe Peaty after he had sighted the wreck while driving between Roswell and Carrizozo.

Investigation determined that the car had been driven by three boys and that they had wrecked and abandoned it early the morning of the third. Late that afternoon they were arrested by Sheriff Ortiz at the overpass in Carrizozo. They were afoot at the time.

According to officers, the youths stole a car in Washington state, abandoned it in Slaters, Ore., and took on the Thunderbird.

They are alleged to have taken part in 33 break-ins in Washington state; also a home in Socorro. The case has been turned over to the FBI as it involves transportation of a stolen vehicle from one state to another.

New snow clogs roads in Corona country

CORONA—School here was attended lightly the first of this week, as only two school buses made it in on Monday and three on Tuesday.

Road conditions became very bad after more snow on Monday and Tuesday of this week.

Highway 42 to Cedarvale has been in bad condition due to snow drifting across the highway. The road grader was unable to clear huge snow drifts and made a road around through a pasture.

Many trucks and cars were unable to get through and road blocks were set up. The school bus driven by Fred Lackey was able to get through Tuesday of this week.

Many motorists have been going around by Vaughn to get to Albuquerque or Belen—over 40 miles out of their way.

At 4 o'clock Tuesday, Jack Kilpatrick reported they were out of salt, but were expecting some at Vaughn from Roswell. The salt was being applied to the highways to melt the ice, a quarter of an inch or more in thickness, all the way from Tecolote to Corona and from Corona to Vaughn on Highway 64.

Frostbitten nose results from walk

NOGAL—Twenty-six inches of snow has fallen here between December 24 and January 2.

This is more snow than the area has experienced for years.

Tuesday all the school children enjoyed a holiday and Tuesday night was our coldest one—10 degrees below zero.

Saturday night Homer McDaniel had his nose slightly frostbitten while walking home a short distance from the Santa Cox's. It was 4 degrees below at the time.

Red McDonald was in Nogal Monday filling butane tanks and had to be pulled out by a wrecker of the Albert May yard.

New snowfall leaves two to three inches at Alto

ALTO—This community had a new snow cover Tuesday noon of two to three inches, with about the same reported at Ruidoso and Capitan.

It's been encouraging to note how well the highway crews are clearing the main highways and even the country roads as quickly as possible.

Carrizozo Fire Dept. has election of officers

Members of the Carrizozo Volunteer Fire Department at their meeting Monday night elected Charlie Hodgins chief and C. D. May first assistant chief.

Elected to fill other positions were Richard Chavez, second assistant chief; Sonny Smoot, secretary; Manuel Ortiz, treasurer; fire marshals Jess Carrizozo and Joe Venturi and directors Arrel Posey, Kimo Ortiz, Tino Lopez and Tom O'Rear.

Women's Club to meet January 15

The next meeting of the Carrizozo Women's Club will be January 15 at 2 p.m. in the clubhouse.

Mrs. A. N. Spencer will be program chairman and the hostesses will be the Misses Lewis Farris, Berny Wilson and Austin Woodson.

Mrs. E. T. Fletcher, president, urges all members to attend.

New officers for Comet chapter OES

With Mrs. R. E. Lemon installing officer, assisted by Mrs. Jack Shaw and Mrs. Otto Lowe from Capitan, officers of Comet Chapter No. 29 were inducted Monday evening, December 28, at the Masonic Temple in Carrizozo.

A banquet at 6:30 preceded the joint installation at which officers of Carrizozo Lodge A. M. & A. M. No. 41 were also installed. The banquet was served by Rainbow girls.

The incoming Eastern Star officers are: Annie Withers, worthy matron; Frank Wagner, worthy patron; Minor Thomas, associate matron; James Dines, associate patron; Leona Brown, secretary; Clara Lowe, treasurer; Ethel Howard, conductress; Gladys Wagner, associate conductress; Frances Degner, chaplain; Afrey Garrison, marshal; Mattie Kelley, organist; Gertrude Dines, Adah; Ethel Roberts, Ruth; Vernice Monroe, Esther; Iona Guthrie, Martha; Lorene Ferguson, Electa; Emma Degner, warder, and Jack Shaw, sentinel.

Mrs. Annie Withers chose for her color that of gold, because the local chapter is celebrating its fiftieth anniversary in 1950.

Mrs. Withers' gown was a lovely shade of orchid lace over taffeta. She presented each of her officers with a red carnation corsage.

When the incoming worthy matron was presented to the East, Margaret Withers presented her mother a white carnation corsage.

The gavel which was used during installation had been presented to the chapter at its December meeting by Robert Page of Albuquerque. The gavel was of ivory, with a silver band and bore the inscription "In Memory of Anna Brazel, a Beloved Pioneer of Lincoln County and Comet Chapter."

The motto of Comet Chapter is "Strive for Harmony"; its colors, gold and orchid and its flower, the rose.

Gospel singers to meet in Carrizozo

Sunday afternoon, January 10, the "Gospel Singers" of Lincoln and Otter counties, as well as singers from adjoining counties, will gather at the Trinity Methodist Church in Carrizozo for their monthly hymn sing.

Everyone is invited to attend. Special music, prayers and "real gospel singing" will be the order of the day. The time is 2 o'clock Sunday afternoon.

New Mexico fleeces score at Chicago

Two fleeces grown and exhibited by New Mexico wool growers, were named champion and reserve champion of the territory wool class at the recent International Livestock Exposition Wool Show in Chicago, Ill.

Jack L. Ruttle, sheep and wool marketing specialist with the New Mexico State University Extension Service, stated today that the Champion Territory Fleeco at Chicago was shown by the Circle F ranch of Roswell. The champion fleeco was a fine wool and was also first place in its class.

The reserve champion territory fleeco was a one-half blood shown by J. L. Merritt of Yeso. It too was named first in its class.

Three other New Mexico growers were also among the winners. The Flying H ranch near Hope won second place in the one-half blood class. Second place in the fine wool class was awarded a fleeco shown by Curtis Hill of Roswell.

Marley and Whitney of Roswell exhibited the second place fleeco in the three-eighths blood class.

"New Mexico wool growers have made an exceptionally fine record in the 1950 national wool shows," Ruttle added. "The International was the last of six major wool shows in which New Mexico fleeces have competed in 1950. In these six shows, some 44 New Mexico fleeces have been shown. Of these, 42 have been awarded ribbons."

Carrizozo Town Board hires firm to make survey of electric power rates

NEWS IN BRIEF

It's crazy, man, crazy, using broom in pasture

CAPTAIN—State Patrolman Bob Jupita reports that a tourist stopped him the other day and said there was a crazy man sweeping his pasture with a broom.

Investigating, Patrolman Jurney found it to be a stockman preparing a place to feed his cattle.

Large lemons grown right here in Carrizozo

They said it couldn't be done, but Mrs. Vincent Reil has grown two beautifully shaped and colored lemons on a dwarf lemon tree in her home in Carrizozo.

The lemons' combined weight was one ounce under 1 1/2 pounds. This is the first year that the young lemon tree has borne fruit.

Moisture in Tinnie best in many years

W. J. Sandifer of Tinnie reports his section of the county has had the best moisture to date in many years. Digging postholes, Mr. Sandifer found the moisture had penetrated to a depth of 40 inches. Sandstone encountered at that depth was wet, he said.

Fatality-free year marred by escapes' death in wreck

Officer James Clayton's vision of a fatality-free year in his district was shattered in December when Richard Junior Rust, a fugitive from the law, was killed in a car wreck south of Oscura.

"If it hadn't been for that one accident," Officer Clayton ruefully remarked this week, "I would have been the proud possessor of a year without a traffic death in my district, which reaches from Bingham to Lincoln, Three Rivers to Corona and south to the Bonito."

Officer Clayton surmised there were two possible causes for Rust's accident—he may have been driving at a high rate of speed trying to overtake a car ahead so that he could effect another exchange of cars; or he may have fazed at the wheel due to sheer exhaustion.

Little Joe Montoya MASTER OF TECHNIQUE

U. S. Rep. Little Joe Montoya is a master of the technique.

Joe's home county of Sandoval where politics is thicker than anywhere else and where the Montoyas are under constant barrage was tamed by Little Joe. In 1934 he managed a run for the state senate without a primary opponent and in 1932 he pulled a grand coup in not only eliminating primary opposition but also maneuvered the tickets so there would be no Republican candidate against him.

Mr. Clasen said it would be necessary to prepare a consumer analysis of electric rates over a year's period and that such a study would require the services of two accountants for four or five weeks. The cost to the town of such a survey, he said, would be \$750.

After considerable discussion, the board voted to engage Mr. Clasen's firm to make the rate study. He said work would be started immediately.

Town Clerk Stearns reported that the town's December 1950 revenue from the sale of electric power was \$7,568.50, compared to \$8,231.33 in December 1948. The 1950 income from this source was equal to the amount sold in the same month in 1947, he said, and was more than the electric power sold in December of 1956.

New mathematics teacher joins Carrizozo faculty

Richard Johnson, a recent graduate of New Mexico State University, is the new instructor in mathematics in Carrizozo High School. He replaces Mrs. Frank Nelson, who resigned December 22 and has returned to her home in Newport, Tenn.

Mr. Johnson was highly recommended by the university for his work in the field of mathematics.

Postpone Commissioners' Meeting

The monthly meeting of the Lincoln County Board of Commissioners, scheduled for January 7, has been postponed to January 11.

Ed Mead's decision against running for governor or for a second term as lieutenant governor throws the lot job open for the second time in two elections. Last time it was vacant with Joe Montoya having resigned to go to Congress and the Demo primary race attracted seven candidates.

That one Mead won with 25% of the vote.

The field could be big again this time because it doesn't cost anything to file for lieutenant governor. Others pay 3% of one year's salary of the office sought, but since there is no exact pay for lieutenant governor, the filing is free.

CHAVEZ APPOINTMENT SOLVES EVERYTHING

The governor's appointment to the supreme court of David Chavez, brother of the U. S. senator, not only discouraged Ed Mead from running against Governor Burroughs in the primary but also cut the support of Joe Bursey who is still running.

Mrs. Ray Sene of Santa Fe, sister of Sen. Dennis Chavez, had completed plans to run Bursey's Santa Fe county headquarters. After her brother got the appointment Mrs. Sene told Bursey she couldn't handle the headquarters job.

The Chavez appointment was the most significant political move since the old days of 30 years ago when Senator Bronson Cutting switched his progressives from one party to the other and controlled New Mexico elections.

The David Chavez appointment and Senator Chavez' unrestrained approval, appears at this point to have improved the prospects of Burroughs' re-nomination and to have strengthened his position for re-election in November.

The prospect of Chavez opposition had Burroughs in trouble in both elections, before the happy choice of Dave for the court.

MILLES RECORDING POLITICAL LIFE

John Milles is recording his memoirs of more than fifty years in New Mexico politics on tape.

J. O. Gallegos, who died last week, could have told an interesting story.

Bob Costner, the state auditor, up-ended on the ice at the capitol and broke an ankle-bone.

Blanche Latoro, the highly respected money expert at the capitol, is drawing more than Costner, her boss—\$12,000 and \$11,000.

Highway contractors in November, and December bid state road jobs at 25% less than estimated costs. The bargains came after five months of no new construction by the highway department.

BIG-BOND TRADE

There is still a possibility of a legal challenge of the state's deal to swap up to \$27 million worth of New Mexico securities for federal securities yielding higher interest.

A local lawyer is studying the case for an out-of-town client.

The highway department is buying tractors and graders under a deal requiring the sellers to maintain them for six years. It's something new.

Last November Bank Examiner Frank Weddington announced that his lawyer Howard Rosenthal was being let out as of the first of December. Howard's still around, his firing vetoed by the governor.

WILLIAM E. HAYS

To discuss fruit processing plant for New Mexico

University Park, N. M.—William E. Hays, produce manager for the Gerber Baby Foods Company, Fremont, Mich., will talk on the feasibility of a fruit processing plant in New Mexico at the Fourth Annual Fruit and Vegetable Short Course, January 14-15. The school will be held at New Mexico State University.

Fruit growers and others interested in finding additional outlets for fruit have been considering the possibility of locating a plant in the state.

Hays will discuss the volume of production needed for a plant, length of time such a plant would need to be in use to make it pay, areas of distribution, different commodities which would be available for processing, and the demand for processed fruits such as baby food.

He will talk at the morning meeting of fruit growers January 14 in Millon Hall on the NMSU campus.

The Fruit Growers Short Course starts at 9 in the morning and lasts until 5 in the afternoon on January 14.

Some of the items to be discussed are: miticide, chemical thinning of apples, marketing apples and a tour of the horticulture farm.

Ralph R. Dunlap, county extension agent, urges fruit growers to plan to attend. "You not only learn valuable information from the program," he says, "but can often talk to growers from other areas and find information valuable to you in your orchard."

Services in Capitan for Mack Taylor

Services were held January 6 at 2 p.m. in the First Baptist Church of Capitan for Mack D. Taylor, N. M., January 4 at 1:15 a.m.

Rev. Harold C. Ely officiated at the funeral service. The pianist was Miss Diane Shaw of Capitan, with Mrs. Bill Hall and Mrs. Fred Pfingsten singing. The Shaw Mortuary directed the services and arrangements.

Interment was in the Capitan cemetery with the Carrizozo Lodge No. 41, A. F. & A. M., conducting graveside rites.

The casket bearers were Dimmitt Bond, George McBride, Morgan VanWinkle, Tarlton Bond, R. C. Barham and Harvey VanWinkle. Tom O'Rear and Roy Harman were honorary bearers.

Mack Dolar Taylor was born in San Saba County, Texas, July 31, 1893. He came to Lincoln County in 1920 after his discharge from the army and has resided in and around the county since that time.

He is survived by his widow, Mrs. Allie Taylor of Coyote; a son, Mack D. Taylor Jr. of Coyote and a daughter, Inez Crandall of Tulare; by a sister, Agnes Purcell of Alamogordo and by three grandchildren, Leslie Lee Crandall, Shirley Ann Crandall and Katharine Taylor.

Carrizozo PTA to meet January 11

The Carrizozo Parent-Teacher Association is to meet January 11 at 7:30 p.m. in the Junior High School auditorium.

Guest speaker for the evening is to be Rev. W. P. Iytle, pastor of the Corona Presbyterian Church. His topic: "The Ministry as a Vocation."

Everyone is urged to attend.

WCS to begin study course on Africa

The W. S. C. S. of the Carrizozo Methodist Church will begin a study course on Africa on Wednesday, Jan. 13, at 7:30 at the church. This will be the first session of a series of four studies.

Terry Konde will be in charge of the first study group. Films will be shown, followed by a general discussion.

Women from other denominations are invited to attend.

Mr. and Mrs. Fred Gerck and son of Albuquerque visited the various Pettys last week.

Newlyweds' new home is in Farmington

MR. AND MRS. WALLACE FERGUSON

Miss Anna Louise Gallacher and Wallace Ferguson were recently united in marriage in a double-ring ceremony in the Trinity Methodist Church in Carrizozo, the Rev. Homer Held officiating.

Parents of the couple are Mr. and Mrs. W. W. Gallacher of Carrizozo and Mrs. Wallace Ferguson of Capitan, N. M.

Mrs. Marvin Roberts sang wedding selections and Mrs. T. E. Kelley was the organist.

The bride, given in marriage by her father, wore a gown of white lace and satin, which she designed and made. Her fingertip veil of illusion was attached to a crown outlined in seed pearls.

She carried a bouquet of stephanotis and carnations, atop a white Bible.

The bride's sister, Mrs. R. M. Shafer, was matron of honor and Miss Sammy Edmondson of Clayton, N. M., and Miss Nancy Joy Archer of Socorro, N. M., were bridesmaids.

The matron of honor wore a gown of pale green brocade and

The bridesmaids wore gowns of champagne silk organza, with matching accessories. The nosegays were of white carnations.

William Ferguson, brother of the bridegroom, was best man. The ushers were Bill Gallacher, brother of the bride, and Johnny Werner, cousin of the groom. The altar chandeliers were lighted by Scott Shafer, nephew of the bride.

The bride's mother wore a green lace gown with matching hat of flowers. The bridegroom's mother chose a poude blue suit. Both had corsages of white carnations.

A reception of the Carrizozo Country Club followed the ceremony. Those assisting with the courtesies were Mrs. Mable Rentrow, Mrs. Roy Shafer, Mrs. L. W. Harle, Mrs. Johnny Werner and Mrs. J. C. Thornton.

After a wedding trip, the couple will reside in Farmington, N. M., where the bridegroom is agricultural instructor in the Farmington High School. Both are graduates of New Mexico State University.

Farmers speed up plantings
Farmers and ranchers in soil conservation districts are speeding up their plantings of grass and trees. According to a recent report, they seeded grass on 31% more rangeland and planted trees on 38% more woodland in the 12 months ending June 30, than they did in the preceding year.

Cotton conference scheduled
The first Beltwide Cotton Production Mechanization conference will be held in Memphis, January 14-15. Conferees will hear nearly twenty speakers on various phases of growing quality cotton efficiently.

Chief Nurse M. McCreary and family spent the holiday season with relatives in Omaha, Neb. Her assistant, Addie Qualls, took care of the office during her absence. Addie also played the role of Santa Claus between Christmas and New Year's, distributing presents from different organizations.
Dixie Sparks, Addie and Eva Henderson worked untiringly during the holidays and are truly deserving of a bouquet.
The Tranlike Montoyas had a family reunion Christmas in their home at Captain.
We were the first to return to Fort Stanton after spending Christmas and the week end in Carrizozo. While there we saw Sybil Hodges and Edith Seary and they wished to be remembered to all their Fort Stanton friends. We also had the pleasure of seeing our niece, Bertha LaFave, and children, who had arrived recently from Germany, where they had been with Mr. LaFave for several months; also our nephew, Reuben Chavez and family, from Deming. Reuben is in the employ of Southern Pacific and lives in Deming.
The Fort Stanton employees were given an additional half-day holiday New Year's Eve so that they could attend the annual open house for employees, held by Dr. Jernigan and Supt. Varner, at Quarters No. 1, from 2 to 4:30 p.m.
Bill Lujan reports losing his wallet in Lincoln on Christmas night, with some very important papers. He would appreciate getting his papers back.
Gene and Lilly McCommas have returned to Fort Stanton after Christmas with relatives in Albuquerque. Lilly underwent surgery there several weeks ago and is doing nicely at present.
Dorothy Lovato will soon return to Fort Stanton to recuperate after having undergone heart surgery in Albuquerque. Her many friends are looking forward to her return.
Mr. and Mrs. John Crowe spent Christmas in Magdalena with relatives. John is assistant to Clerk Spiro Vallanotas.
Mrs. Edith Lilla, administrative assistant in Fort Stanton for the past 4 1/2 years, has resigned and returned to her home in Ruidoso. Mrs. Lilla has many warm friends here who will miss her and wish her the best of everything.
Social consultant Serafin Vigil and son Michael spent the holidays with home folks in Santa Fe. Mr. Vigil also worked hard for the enjoyment of the patients during the Yuletide and was deserving of a much-needed rest.
Mrs. Ohio Lowe spent Christmas with her sister, Mrs. Mary Johnson, in Carrizozo.
Mr. and Mrs. E. (Si) Galan spent Christmas Day in El Paso. Si said it was too windy and cold to enjoy anything.
Mr. Morris of Roswell visited Red Morris here Wednesday.
Mr. and Mrs. Jake Lopez have returned from Mora, where they went for Christmas.
Herbert Totten and Jake Narvaez spent Christmas and the week end with their families in Carrizozo.
The Fort Stanton Review failed to be out in circulation last Thursday, due to the fact that its publisher, Dixie Sparks, was still away on her Yuletide vacation. We missed it very much.
The Christmas decorations have been dismantled and put away in storage for another year. Let's not get far off and although it is a gloomy part of the New Year, we have Easter and the good old Springtime to look forward to.
The New Year was ushered in with a white blanket of snow, which came down all day. We hope we'll have more, as the moisture is badly needed.
Word was received here on New Year's Day that Juan Iscero had died the night before at his home in Goceiro. Mr. Iscero had gone home for the holidays. He was a good friend of ours and our condolences go to his family.

Letters to Editor
Plan Carrizozo reunion for classes of '29 and '30
Editor, News:
I would appreciate having an item placed in the paper in the near future. I graduated from Carrizozo High in 1929. There were 19 in our class. Most of our end of school activities included the Junior class—those of the class of 1930. A number of close friendships developed between the members of the two classes.
Recently I have heard from some of the 1930 graduates and we would like to arrange a joint class reunion in Carrizozo in June of 1960.
Since we are out of touch with most of the people concerned, I thought perhaps an item in the paper to see if there was enough interest to warrant this venture, would be the first step. My maiden name was Helen Sterling.
I would like to hear from anyone knowing the whereabouts of graduates of 1929 and 1930; teachers, also, who were teaching in the high school at that time, or from anyone knowing where they are.
My name and address: Mrs. Jack Stewart, 1954 East Stretch Road, Merced, Calif.
Working on this idea also is Mrs. John Salimon, Sunrise Station, Box 4084, El Paso, Texas. She was Gladys Dozier and was a graduate in 1930.
Sincerely, Mrs. Jack Stewart.
"Snow scene in Carrizozo was beautiful sight"
Editor, News:
We have just read the Lincoln County News and enjoyed it so much. The snow scene of Zozo was beautiful, but almost strange, as the weather here is warm and sunny. Wish we could send some sunshine home to you.
Please extend to our families and good friends in Lincoln and Otero counties a heartfelt of the best wishes for the new year—Mr. and Mrs. Homer Dale McDonald and children, Titusville, Fla.

New Mexico purchases 21 Dodge police cars
Santa Fe—21 new Dodge pursuit cars, especially designed and equipped for police work, have been purchased by the New Mexico State Highway Patrol.
Clayton, N. M., Dodge dealers in Clayton, N. M., won the award for 20 of the vehicles. The other is a specially-equipped station wagon purchased through Augie Sales & Service, Belem, N. M.
Specifications for the new cruisers call for 2-door club sedans, with V-8 engines developing 310 horsepower and capable of speeds in excess of 100 mph. The cars also will be equipped with heavy duty Torque-Flite automatic transmissions, heavy duty shock absorbers and sway bars, and special 12x12 1/2-inch brakes.
The ancient Romans honored Janus, the god of gates and doors and of beginnings and endings, on the first day of the year. World Book Encyclopedia reports that Janus, for whom the month of January was named, was pictured with two faces, and looked both ahead and backward.

Ford Co. announces Falcon station wagon
The Ford Motor Company, which mass-produced the world's first station wagon—30 years ago—and has sold more station wagons than any other company, has announced the latest addition to the economy field—the Ford Falcon station wagon—with the longest cargo space and greatest floor load area in its class.
The Falcon station wagon seats six passengers comfortably and will be offered in either two- or four-door models. It will be first displayed in public at the Chicago Automobile Show, January 16.
The two new station wagon models, like the Tudor and Fordor sedans, are powered by the efficient, six-cylinder, 90-horsepower Falcon engine, designed to provide 50% better fuel economy than the six-cylinder engine in standard-sized cars.

Round Table Club had lovely Christmas party

The Round Table Club met on Thursday, Dec. 17, at the home of Mrs. Ethel Howard for a delightful Christmas party. Decorations included angel place cards, each with a different musical instrument. A delicious ham dinner, with all the goodies for this festive occasion, was enjoyed by ten members and one guest.

The members were Lorene Ferguson, Ethel Maxwell, Laynn Hall, Frances Shaw, Angie Province, Corrine Province, Grace Murphy and the host, Ethel Howard.

After the business meeting, each exchanged gifts from their "Rosebud."

We had a heavy snow on New Year's, followed by a temperature of 5 below zero. We had more snow the first of the week, for which we are very grateful.

School started Monday after 10 1/2 days' wonderful vacation. All of us are back to work with happy hearts. Another year is with us; let's live it with smiles through everything, enjoy our work, and live by the Golden Rule.

Mrs. Eltha Merrell, who has been spending the holidays in Las Cruces with her son and family, returned late Monday afternoon. She was ill for a week, but is now on duty at the drug store.

Mr. and Mrs. A. R. Hobbs and two daughters and a friend from Corpus Christi, Tex., spent a week during Christmas with his brother, Joe Hobbs and Ara Dolinar. Ara's daughter, Helen Swiatek, and her little son are with them now.

Mr. and Mrs. Tommie Pineda and family of Gallup, N. M., came in Saturday, December 20, to visit his sister (Mr. and Mrs. George Chavez) and family, while en route to Phecho to visit other relatives.

Mr. and Mrs. C. A. Botsford and two daughters spent the holidays in Mississippi, visiting his mother and family.

Mr. and Mrs. Terbenetz and two children moved their lovely trailer home to Fort Sumner, where Steve will be employed with the State Highway, as he was here for several months.

Dan Pruitt and Ethelyn left on Christmas day for Lubbock to bring a bull home in their pick-up, which they did successfully in spite of a big snowstorm which grew worse as they neared home.

Mr. and Mrs. Joe Nunez and children from Roswell visited his sister, Virginia and family, Mr. and Mrs. George Chavez on Saturday, Dec. 26.

Billy Ferguson went to El Paso Thursday morning to take a plane to his base in Rhode Island, after spending the holidays with his mother, Mrs. Louise Ferguson, and other relatives, and his many friends.

Janet Foster spent the last week of the Christmas holidays with Nathalee Britton at the ranch home of her parents, Mr. and Mrs. N. E. Britton.

Mrs. Maude Eahom and Bobbie returned to their home in Santa Fe last Sunday, after happy holidays with their relatives here and in Carrizozo.

Mrs. Raymond Trajillo and Frankie spent Christmas Day with Raymond at the Veterans Hospital in Albuquerque. He is improving nicely.

Joe Rensch was called to Lovington on business last Monday.

Guests for Christmas at the W. W. Hall home were their son Tommy from the university in Albuquerque; their daughter Patty (Mr. and Mrs. Clark Collins) of Lovington, N. M.; their daughter Sarah (Mr. and Mrs. Clyde Ward) and Ricky of Horton, Texas.

Mr. and Mrs. W. W. Hall, Tommy and Nancy, went to Grady to visit relatives and friends Sunday, Dec. 27, returning on the 29th. They had a joyous trip.

College students who have returned to their studies after the holidays at home are Sally Cloud, Reza Marie Houck and Carroll Jones at Western at Silver City; Ralph Vance, Walter Jantz and Melit Guck at New Mexico State University in Las Cruces; Penny McInight to the junior college in Thatcher, Ariz.; Nathalee Britton to Christian College in Lubbock and Helen Sedillo and Tommy Hall to the University in Albuquerque.

Charlie Lockhart of the University in Albuquerque went to Huntsville, Ga., to visit his parents for the holidays.

Distributor for license plates in Capitan

Mrs. Jack Shaw is the car license plate distributor for Capitan and vicinity.

Her office hours will be from 9 to 5 on Mondays, Wednesdays and Saturdays.

Mr. and Mrs. Rufus Waltrip of Artesia spent New Year's Day with his aunt and uncle, Mr. and Mrs. R. D. Kingston.

Mr. and Mrs. Eugene Petree and three sons of Farmington arrived last Thursday and spent three days with relatives here, then left Sunday for Alamogordo to visit Betty's parents and family, Mr. and Mrs. Henry Dalo.

Garland Crow spent Christmas with his parents in Lovington; He is again on duty on the Conoco truck.

Corona will try to even Grizzly score

Coach Carroll Brister sees a silver lining

By VERN SMITH

Friday the Cardinals will meet the Carrizozo Grizzlies in the Corona gym for a return game after meeting defeat at the Bears' paws in a previous encounter.

Both the "A" and "B" squads will see action, with the B game at 7 and the A game at 8.

Fans will remember the Cardinal vs. Grizzly game December 4, won by the latter team, 68 to 46. But Coach Carroll Brister is somewhat of a philosopher. He tries to look at the brighter side of things.

He sadly said that the loss of Wayne Lindsey in the Estancia game was a thorn in the side of the smooth-working Cardinals, but the late performance of Sammy Stoneman, 5-11 senior, who replaced Lindsey is soothing to the pain.

Corona basketball circles are all thinking and working for the January 8 return game with Carrizozo. Coach Brister lauded the fine play of Rand Perkins, Sammy Stoneman and Woody Dame at the forwards and center. He also commented that the playmaking of Leo Mulkey and Tony Busby aided the cause greatly.

Lynn Stoneman is expected to be a helping gun in the chances for a winner. Add the use of Jerry Gustin who has been burning up the boards in the B games, and things are beginning to look brighter for the red and white. The coaching staff used Jerry more in the B games to give the 5-10 guard a greater amount of experience.

Cardinals averaging 61.6 points a game

After their first eight games, the Corona Cardinals are just shy of the .500 point mark in scoring, while their opponents are just shy of the .400 mark.

The Cards have scored 493 total points for a game average of 61.6 points, while their opponents have flipped in 331, for a game average of 47.5 points.

Leo Mulkey continues to set the scoring pace among the Corona cagers, as the squad begins the second half of the year.

Mulkey has scored 123 points in the Cardinals' first eight contests, averaging 15.4 points per game. He holds a 40-point lead over second place Woody Dame who has accounted for 83 points for a 10.3 average.

Corona squad members and their point totals are:

Leo Mulkey	123
Woody Dame	83
Dean Mincey	81
Rand Perkins	67
Sammy Stoneman	49
Jerry Gustin	47
Wayne Lindsey	43
Leo Allred	21
Tony Busby	9
Lynn Stoneman	1

Bad weather causes dance postponement

The Smokey the Bear dance was cancelled due to the bad weather last Saturday. The next dance will be January 16.

Mr. and Mrs. James Howard spent Christmas in Clovis with their daughter Eva and family, Mr. and Mrs. MacCollum; then brought their three grand daughters home with them for the remaining vacation. The MacCollums joined them for New Year's and left Sunday, taking their children home to Clovis. It made a joyous holiday for all of them.

Mr. and Mrs. Louis Norman spent the night of December 18 with her sister (Mr. and Mrs. W. Hall) en route to Las Cruces, then to points in Texas for the remaining holidays.

Sun Carnival Princess reports wonderful time in El Paso

By LINDA HARDEN

The Sun Carnival was an outstanding experience for my escort Jim Cannon and myself. We were royally entertained from the time we arrived, December 26, with many different and varied entertainments—all colorful and in keeping with the theme of the carnival.

The city of El Paso went "all out" to show us a good time. Our chaperones were very nice and all the young people we met were wonderful. The Sun Queen, Anne Ponder, and Libby, her sister and lady in waiting, were both lovely and fascinating. They set the pattern for a very lively and exciting Sun Carnival.

It has been an experience we shall never forget, and we are very grateful to those who made it possible for us to go and all the friends and neighbors who helped in any way.

ANCHO

Jackie Silvers had a fabulous week's vacation with the D. E. Delaneys, George Dickinsons and Dr. Lukowickis in El Paso, the Jerry Delaneys in Douglas, Ariz., and the Orville Whites in Agua Prieta, Mexico.

Mr. and Mrs. E. I. Harkey took Marilyn back to University Park on January 3 where she has resumed her school work. They went via El Paso for a visit with Sparkey's mother, Mrs. O. M. Harkey, and other relatives.

On Saturday and Sunday Mr. and Mrs. Jerry Delaney and their children Linda Dan and Wayne, of Douglas, Ariz., visited all the Straley families. Late Saturday the Delaneys were joined by Mr. and Mrs. Muckleray and family, friends from El Paso, and spent the night with the Tom Knights.

Mrs. Nat Palomarez, accompanied by her mother, Mrs. Frec Lopez; grandmother, Mrs. Salomon Aragon, and aunt; Mrs. Donnie Aragon, visited in Carrizozo last Monday.

Miss Glenn Stoneman accompanied the Jacksons to El Paso last Sunday, where she will be visiting two weeks or so.

Our fine, genial Lincoln County road man, Leroy McKnight, Ken Lory and Clarence Roper, have been working in this area, clearing roads after the last two snows.

Miss Marilyn Harkey was the lovely and charming maid of honor at the wedding of her college roommate, Miss Jennifer Draught, who was married to Mr. Darrell Schamm on January 1, 1960, in the home of her parents at Belen.

Miss Thurn Straley had on her guests Thursday and Friday friends from San Diego, Calif., and her daughter Esther and family from Albuquerque. All left sooner than planned due to the storm, apprehensive of being marooned.

Mr. and Mrs. L. Y. Jackson entertained their friends, Mr. and Mrs. W. P. Lewis and son Neil of Hereford, Texas, at the home of Mrs. Jackson's mother during the New Year holidays. They returned to Hereford Saturday by way of Roswell.

Mr. and Mrs. Walton Wilson and little son Alton made a business trip to Carrizozo on Tuesday.

Tularosa Basin News

OUR TOWN

By MRS. H. E. MARR

Mr. and Mrs. Bill Pierce of Abilene, Texas, were here last week with Bill's family, Mr. and Mrs. Julian Pierce, Ernie Purdie, who came back from Alaska with Bill, was also here with them. They were also caught in the heavy snow and had to stay over a night at Cloudcroft.

Faulette—Garrick, daughter of Mr. and Mrs. Joss Garrick of Alamogordo, spent several days visiting Anita Logan in Tularosa.

Mr. and Mrs. Bert Blackwell were in Tularosa visiting his sister and family, the Stanley Grimstades, Seligman, Ariz., and Mr. and Mrs. John L. Parker of Mayhill, were holiday visitors of Mr. and Mrs. John Rillingler and Mr. and Mrs. Bonnie Allen.

Little Miss Dale Bryan, daughter of Mr. and Mrs. Harold Bryan, had an accident during the snow storm, New Year's Day. She slipped and fell, breaking her right arm. Claude Bennett is in the Gerald Champion Memorial Hospital in Alamogordo. He was very ill for several days, but is better now.

Mrs. Lillie Barkley visited her sister, Mrs. R. M. McNatt and Mr. McNatt last week end.

Mr. and Mrs. Clarence Bookout and children went to Clayton for the holidays. They visited Mrs. Bookout's mother, Mrs. Victoria Christian, on Christmas Day, then went on to Stratford, Texas, Saturday to see the Rex Christians for what was intended to be a one-day visit, but due to bilzard conditions, they were there until Wednesday. They finally started home from Clayton Saturday and barely made it through Vaughn before the highway was closed for the second time in a week.

Mr. and Mrs. Hugh Bailey and family visited their respective families, the Bert Bookouts, and Jay Baileys over the New Year week end.

Mr. and Mrs. Lee Dale Osbourn and two children were at the Charles Vigils last week. They came here from Biloxi, Miss., where Mr. Osbourn has been stationed, and were on their way to Walker AFB at Roswell. Mrs. Osbourn is Charles' sister Josie.

Mr. and Mrs. Charlie Ferris attended the Sun Bowl football game in El Paso last Thursday. They stayed over for the parade Friday morning, returning home in the afternoon.

Mr. and Mrs. Tom Bingham and Mrs. Eva Morris went to visit Mr. Bingham's mother for New Year's. They were snowed in up there and had not been able to get home by Tuesday of this week.

Visiting Mr. and Mrs. W. R. Simpson during the holidays were their daughter, Mrs. C. H. Craig and her son Bill from Belen. Bill is a student of the Fuller Theological Seminary in Los Angeles.

Mrs. Richard Cranall was called to Carrizozo Monday, due to the death of her father, Mack Taylor, of Coyote.

Mr. and Mrs. Bill Fitts and boys, the J. T. Nowell family from Roswell, Mr. and Mrs. Scott Hageco of T or C, were all visitors in the Bill Hageco home in Alamogordo during the holidays.

Mrs. Jim Logan entertained the Dec Simpsons for dinner December 31. The occasion was Dec's birthday. We couldn't find out how old he was.

The New Year's eve dance at the parish hall brought out a large crowd. Everyone enjoyed the fine music and seeing the old year out and the new year in.

Mrs. Henrietta Mitchell from Lovington was in Tularosa during the holidays, with her parents, Mr. and Mrs. Bud Nelson.

Guests at the home of Mr. and Mrs. Julian Pierce Saturday night for dinner were Mr. and Mrs. Richard Yearley, Mr. and Mrs. Bill Pierce, Ernie Purdie, Mrs. Stella Mitchell, Mrs. Claudia Cooley and from Alamogordo Mr. and Mrs. Max Bush.

J. C. Johnson was in Albuquerque the first of the week attending the meeting of the state board of Farm Bureau.

Mrs. Jud Heaton of Roswell visited her brother and family, the Leon Nowells.

The Alfred Nowells' daughter Betty of Las Cruces visited them over the New Year week end.

Don't forget that car licenses will go on sale in Tularosa January 15, at the fire station. Buy yours early and avoid the last minute rush.

Are you registered to vote? Tularosa will have a city election this year and the primary election will be in May. Be sure you are registered before the deadline. If you fail to vote, you have no right to "gripe" if you don't like what happens. This is also a presidential election year and a very important one, so register now.

The Tularosa Business and Professional Women's Club will meet Tuesday, Dec. 12, at 7:30. Club officers hope the members will start the new year with a 100% attendance.

Tularosa's clubs and citizens went all out over the holidays to see that those who, for various reasons, it seemed wouldn't have a very happy holiday. The Tularosa Lions Club furnished Christmas trees to the schools and churches, and also the large tree in front of the city hall. They donated money to help the WSCS "baskets for the needy" program. The Fraternal Club, B&PW, Extension Club and many others donated time and money to the various projects. Everyone who helped in any way is highly commended and we are sure they had a happier Christmas for it.

Among the Tularosa visitors during the holidays were Major and Mrs. Thorton Manjak and son Michael, visiting Mrs. Manjak's mother, Mrs. Frances Shaw and her brother, Daryl. Mrs. Manjak returned recently from Santiago, Chile, where Major Manjak served three years with the U. S. Air Force mission. They are now stationed at Reese AFB at Lubbock. Mrs. Manjak will be remembered as the former Miss Gloria Shaw.

A large number of people from here attended the Sun Carnival festivities last week. Our Sun Princess, Linda Harden and her parents, Mr. and Mrs. Eldred Harden, Mr. and Mrs. James Goforth and Mrs. O. E. Dodds went down Friday morning. They were all guests of Mr. and Mrs. Edgar B. Dodds after the parade for dinner.

Mr. and Mrs. Pat Murphy were seen at the parade; the Julian Delaneys and David watching Janet in the Tularosa band; Mr. and Mrs. Nathan McClell; Charlie and Dorothy Ferris, and many others, I'm sure.

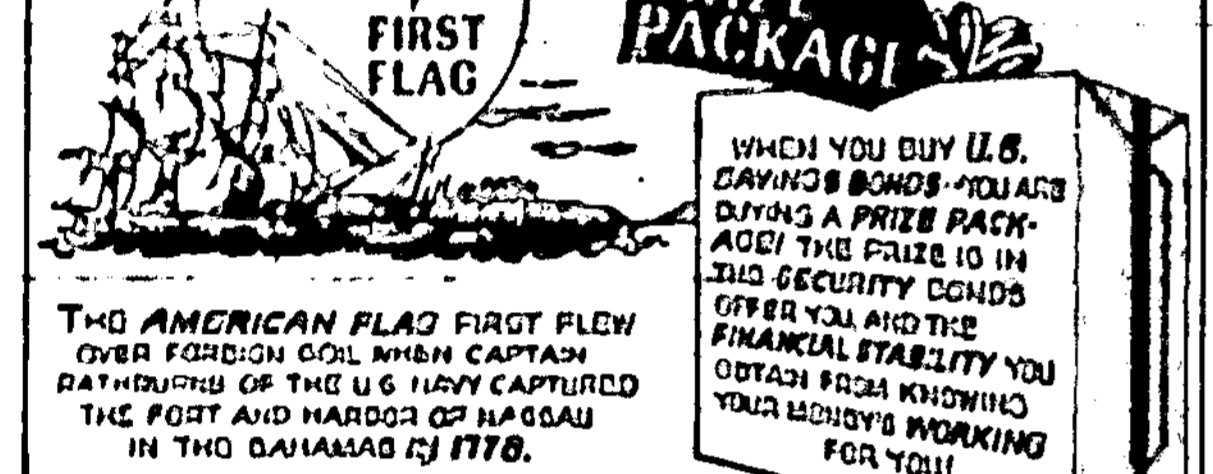

Mr. and Mrs. Tom Babers were not snowed in. They were snowed out. Tom came up from El Paso Thursday night with his polo horses and met Louise here. They intended to go home Friday—New Year's day—but due to the heavy snow and condition of the roads, they were forced to stay until Sunday. Luckily, the telephones were still working, so they could call neighbors and have things at home taken care of.

Felix Miller has been seriously ill this week.

Maine Sardine Sandwich

EAT A MAINE SARDINE sandwich every day for vibrant health. This advice was the result of extensive nutritional experiments conducted at the Massachusetts Institute of Technology. Maine Sardines supply large quantities of the important food elements lacking in bread. As sandwich fillings, they are delicious and supply high quality protein and essential fatty acids which tend to build muscles, not fat.

Toshiba's Transistor Radio

Transistor radios which burst on the scene some four years ago have now attained a permanent place in the American way of life. Besides being part of Main Street, U.S.A., they are also playing a big role on the Ginza, the Main Street of Tokyo thanks to Tokyo Shituba Electric Company, Ltd. (Toshiba), Japan's largest manufacturer of electric and electronic equipment.

The transistor radio has become one of the most popular gift items in Japan as in the United States. Latest statistics from Tokyo show that country has almost as many radios on a per capita basis as does the United States. Virtually every Japanese home has at least one radio, and many have two.

Television is also becoming increasingly popular in Japan. According to Toshiba, one out of every four homes in Japanese cities now have television as compared with four years ago when there was only one to a hundred homes.

Toshiba radios are becoming increasingly popular in the United States. The most popular Toshiba set is the elegant package set, six transistor radio, featuring smart styling and excellent reception.

The Ford Falcon station wagon, newest entry in the economy car field, has the longest cargo space and the greatest load floor area in its class. The new station wagon, which will go on sale this spring, features a roll-down rear window operated either by a manual crank or optional electric control. This six-passenger station wagon will be offered in two- and four-door models.

CLAUNCH

Hi-folks—Well—Christmas has come and gone and the New Year is dawning. We have much to be thankful for—no serious sickness or wrecks during the holidays, for which we are glad.

The singing at Claunch Sunday was well attended in spite of bad roads. Clyde Powell and wife, Stevie Russell and wife, Edith Smith and daughter from Alamogordo; Rev. Wells and wife, Ray Wells and family and Mrs. Albert Seay from Carrizozo, attended our singing.

It's a great help to have visitors from different communities come and help us with our singing, which we have every first Sunday of each month.

We still have snow, and lots of it, but even when we get stuck in it we don't grumble. For seven long, dry years Claunch folks prayed for moisture, always believing we would get it. Now that it is here we are very grateful and thankful.

Edith Smith and daughter visited Edith's parents, the John Smiths, over the week end. Lonnie Eucay and family are at the home of her parents, Mr. and Mrs. Ray Lovelock.

Mark Sloan played Santa for his uncle and aunt, Mr. and Mrs. Fenby of Socorro on Christmas, flying over with parcels and goodies, which made the old folks very happy.

In spite of snow and bad roads, the pipe crew are working hard through our community.

Mr. and Mrs. John Couch had a family reunion at their home on Christmas. All their children and grandchildren were present; also Mr. and Mrs. Jim Collins from Big Springs, Texas. It was the first time in 11 years the Couchs had all their children home.

Mr. and Mrs. Wado entertained a large crowd at their home on Christmas.

Margie Wado visited her sister at Tularosa over the week end.

John Smith and wife were in Socorro last week, looking for hay and visited in the home of Mr. and Mrs. Fenby.

NOGAL NEWS

By ROSALIE DUNLAP

Homar McDaniels to celebrate fiftieth wedding anniversary

One of our beloved couples of Nogal—the Homar McDaniels—are soon to celebrate their golden-wedding anniversary. The date is January 23.

Open house is being planned by the family, at the L. O. O. F. lodge, hall in Carrizozo, from 2 to 5 on that day. All friends of the couple are invited to attend. More about this next week.

Late as usual, but I do wish everyone of you a Very Happy and Prosperous New Year.

News is mostly holiday going and coming.

Mr. and Mrs. Jack Robinson had a very merry household, with all of their family home for Christmas.

Those present were Mr. and Mrs. Ben Sales and three daughters of El Paso, Mr. and Mrs. Leo Robinson and son and Archie Robinson of Carrizozo; also Mr. and Mrs. Buddy Duncan of Roswell.

The Zumwalt celebrated Christmas at the home of Mr. and Mrs. Ted Zumwalt and two daughters, Mr. and Mrs. Merv Zumwalt, Janet, Donna and Lloyd, and Mr. and Mrs. Glyn Zumwalt were present.

Mr. and Mrs. G. H. Peters of Nogal Mesa had Christmas dinner with Mr. and Mrs. Bowen Zumwalt.

The John Lamays had a houseful for both Christmas and New Year. On Christmas were Mr. and Mrs. L. R. LaMay, Mrs. Cora Dutton, Mrs. Jeanne Johnson, Mr. and Mrs. Tommy LaMay and family, and Mr. and Mrs. Malcolm Patree and family of Captain.

New Year's Day their guests were Mrs. Lillie Brown and Mr. and Mrs. George Scott of Alamogordo and Mr. and Mrs. Raymond Littleton and family of Carrizozo; Mr. and Mrs. Austin Wooten, Mrs. James Snow and family and Mr. and Mrs. Joe Nagy and Susie visited in between the holidays.

Mr. and Mrs. Lewis Greer and Randy, Mr. and Mrs. Randall Greer and family, Albert Carter of Tularosa, Mr. and Mrs. Tom Zumwalt and Tommy Gall and Mr. and Mrs. Walter Witham and Bobby enjoyed Christmas dinner together.

Mr. and Mrs. Bud Ward of Roswell visited the above in the morning.

grass in our vicinity is of an inferior quality, and our horses are so poor that I have endeavored always to have them herded upon the best grass.

"Hereafter, however, I do not think that the same thing will happen, as I am determined that if the Indians wish to stampede the herd, they will have to come within plain view and within one mile of the post."

"During the skirmish when the horses were first stampeded, one Indian was badly wounded. He fell off his horse and left his blanket and quiver full of arrows, and his bow but he was picked up by the others, and more than likely hidden in the caves of the Mal Pais."

Quiet Colors Best Choice For Exterior

Choosing exterior color for a house shouldn't be as great a problem as most people think it is, says William Manker, a leading Southern California color planning consultant.

Manker, a former art instructor and ceramicist, who now works as a color planning consultant for California home builders, offers these suggestions for exterior color:

1. Unless you have a particularly strong color in mind, consider a color of off white. It is a good base color because it has the capability of attracting other colors to it. Off white can be used effectively as a sidewall or roof color, but rarely for both.

2. Whatever color is chosen for sidewalls, Manker prefers a neutral shade of asphalt shingles for the roof, such as one of the earthy browns, greys or a blue-grey blend. He points out that a roof lasts for many years, and a neutral color here does not restrict the home owner's choices of color for re-painting.

3. When off white is selected for sidewalls and a neutral shade for the roof, almost any color can be chosen for trim. Manker suggests caution here, however, since a color of windows and trim that is too sharp or contrasty can make a house appear "chopped up." A good idea, he says, is to use a light pastel color on trim and windows, possibly adding a "bright spot" or two of deeper color for the entrance door or detail at the entrance.

4. In general, women in the family should be given the "say-so" on colors, inside and out. Manker says this is because women not only are more conscious of color and its value, but, as a rule, can see colors better than many men. About ninety percent of women, he says, have good color perception, while only about 65 percent of men can see colors well.

JEST IN FUN

If you can't find it in the dictionary, ask for it at the drugstore.

Doctor: "Have you ever had trouble with Angina Pectoris?" Patient: "Yes I have, but you haven't got her name quite right."

Game Warden: "Didn't you read that sign marked 'Private'?" Fisherman: "No, I never read anything marked 'Private'."

The only person ever to get his work done by Friday was Robinson Crusoe.

"Why it is that handsome men are always concealed?" "Not necessarily—I'm not."

Switzerland Swiss Cheese Sandwich Platter a Treat

Consider a Bernese Sandwich Platter for Saturday lunch or Sunday-night supper. The star of the platter is Switzerland Swiss cheese, one of the world's favorite cheeses, in a sandwich on pumpernickel bread. The accompaniments are chosen from a large sectioned dish containing a wide variety of "go withs."

If you don't have a sectioned dish, arrange small matching plates on a tray instead. Fill the sections with Switzerland Swiss cheese salad, pickled beets, boiled ham slices rolled for easy service, sweet mixed pickles, deviled eggs, shrimp, anchovies and pineapples.

Have a large piece of Switzerland Swiss cheese so everyone may cut slices for their sandwiches. It has a special flavorful nuttiness that keeps everyone coming back for "just one more piece."

SWITZERLAND SWISS CHEESE SALAD
1 tablespoon grated onion
1/2 cup French dressing
1 teaspoon prepared mustard
Salt and pepper to taste
1/2 pound Switzerland Swiss cheese, sliced

Combine onion, dressing and mustard. Add salt and pepper to taste and Switzerland Swiss cheese. Let stand an hour before serving. Makes 4 servings.

A New Key to Bible Knowledge
At a time when church membership in America is higher than ever before in our history, and Bible reading is at an all-time peak, a publishing event of world-wide significance has occurred. It is the long-awaited publication of the first Concordance Reference edition of the Revised Standard Version of the Holy Bible.
This Bible, the culmination of years of work by leading scholars, has become available on the seventh anniversary of the publication of the text edition of the Revised Standard Version in 1952.
Published by Thomas Nelson & Sons, this new edition includes over 75,000 cross-references, twelve concordances, twelve indexes and a 192-page concordance with a list of proper names. It will be known officially as the Revised Standard Version Concordance Bible.
When the complete text of the RSV Bible was issued seven years ago, it caused a publishing sensation, selling out its first million copies in a month. Although it marked no change in Christian doctrine, it was hailed by scholars and critics everywhere as a work long overdue. It clarified language and corrected many misunderstandings and ambiguities. Even today, the scholarship of the past. The new Concordance Bible makes use of all the great modern archaeological discoveries and studies, including the Dead Sea Scrolls.
The new concordance references Bible, latest and most important in the RSV Bible series, tells the reader where he may find other passages in the Bible, having a common theme, or one he is reading. Some references may illustrate the meaning of a particular verse. Others compare a thought, or indicate the context. Placed as close as possible to the verse to which they relate, the references make Bible reading for everyone. With the concordance, the list of proper names in the back of the Bible is a handy reference . . . and is the best possible aid to the reader in any time.

'Dimes' Opens First Birth Defects Center
A birth defects study center, the first of its kind designed to combine clinical treatment with research and teaching, has just been officially opened at Columbus, Ohio. It is supported by funds from the New March of Dimes, which is now engaged in its January campaign for contributions to fight three major crippling diseases including, besides birth defects, arthritis and polio.
Medical experts say that birth defects are the biggest unmet childhood medical problem in the United States today. There are more than 600 different kinds of birth defects, "congenital malformations," as they are called by doctors. They range all the way from harmless spots on the skin to mental retardation.
Some 35,000 American babies are born each year with one or more significant birth defects; and about half of this number are born with a lifetime of serious illness or crippling. About 21,000 infants each year are stillborn because of birth defects, plus an additional 100,000 are born with the serious defects that occur before birth, and there are few known methods of prevention.
The study center in Columbus' famed Children's Hospital is the first of its kind in the United States. It is the first of a series of similar centers that the March of Dimes is planning to set up in other major cities. The center will be a model for other such centers, and will be the first to have a research program of research in the field of birth defects. The center will be staffed by medical professionals, the March of Dimes argues; the center is being built to produce the world-wide vaccine against crippling polio.
Some One We Helped
Certain major birth defects, such as "water on the brain" (hydrocephalus) and "open spine" (spina bifida), can now be prevented or corrected by new techniques of surgery, medical progress that is the result of the support of the March of Dimes organization here and abroad.
Through the combination of research and teaching, the center will help to prevent or correct many of these defects. Many of these defects are preventable, and the center will be the first to have a research program of research in the field of birth defects. The center will be staffed by medical professionals, the March of Dimes argues; the center is being built to produce the world-wide vaccine against crippling polio.
