PROCLAIMS CANCER MONTH—Governor John W. Burroughs officially proclaims April as "Cancer Control Month," thereby opening the 1948 Cancer Crusade in New Mexico. Accepting the proclamation is Dr. E. Gerald Meyer of Highlands University in Las Vegas. Dr. Meyer is president of the New Mexico division of the American Cancer Society, located at 1319 Central, Albuquerque.

Springtime recalls horse racing days here years ago

By J. S. C.

The weather has been so nice and springlike, that the topic of conversation now among some of the boys at Fort Stanton is baseball, fishing and horse racing.

These mountainous regions in Lincoln County, in by-gone days, were one of the best in the territories for horse racing—that is on a straight track—many years before the modern race tracks.

Hilario Silva of San Patricio, Estolano Sanchez (the grandfather of Abe Sanchez who is making the race for sheriff) and Jacobo Chavez y Baca, our father, had the best race horses in these parts, and had some tough competition with thoroughbreds from Texas, but seldom lost a race.

Silva of San Patricio had "El Paletas," a horse that beat the best competition the Texans could produce from the western parts of the Lone Star State.

Chavez had "Old Baldy," and the pride of Lincoln County in "Lila Bee," a little orphaned filly which he raised with nipple and bottle when his mother died in giving birth to her. That little filly was ever grateful and was as fast as lightning and neither horse nor mare could beat her at 400 yards.

When Chavez sold her, she was taken to Bernillo county to win many races and her name was constantly in the newspapers during the racing season in Albuquerque.

Pablo Pino and Nicolas Chavez were Chavez' trainers and jockeys. In later years, the Grays, Jose and Eulogio Herrera, the Padillas, Henry Silva, Isidro McKinley and Robert Swan of the Capitan and Tucson mountain country, had some fine racing quarter horses.

Mr. White of the Alto county had "Stambuck," a horse as heavy as its name implied, as the big animal weighed close to a ton. White worked the horse at the plow and at other ranch chores. When the field days were held in Carrizozo in the early fall, he would come down with "Stambuck" to meet all comers. That monstrous bay could outman anything on four legs.

The above narrations, with a few exceptions, were told to us by old timers who were present at these horse races of long ago. They said that people came from all parts, as if for a big Fourth of July celebration. They enjoyed a big barbeque, with plenty of "John Barleycorn" and the usual big balls in the ranch home having the biggest dance floor, which was the living room.

They had relays of musicians from all parts and the singing generally lasted from after the horse races in the late afternoon until about the next morning. If the people were in the mood, the big celebration would last for days at a time.

They all had a dandy good time and although the losers were minus some of their livestock and money, they forgot their losses in the dancing and merry-making.

Cancer research has six goals

A simple and practical blood test for cancer is among the six goals cancer researchers hope to achieve by 1975.

The goals of nation-wide cancer research were cited by Dr. E. Gerald Meyer of Las Vegas, president of the New Mexico division of the American Cancer Society.

Dr. Meyer said a 15-year program report entitled "Background for Hope," made by the American Cancer Society, shows great strides in cancer research, education and service to patients.

Goals have been set for even greater progress in the next 15 to 20 years, Dr. Meyer said. These goals include the discovery of cellular trigger mechanisms which start malignant cell growth; a means of checking metastasis—the spreading of cancer; chemicals to selectively kill or halt division in cancer cells; understanding of possible immune defense mechanisms that may work against cancer and how these defenses are a cause of some forms of cancer in human beings (leukemia, for one).

Indicating progress in the past, Dr. Meyer said, more than a million people alive today have been cured of cancer, a comparison to 250,000 in 1945.

Fifteen years ago, he continued, only one-in-four cancer patients were cured. The figure now is one-in-three.

President Eisenhower and Gov. John W. Burroughs have proclaimed April as Cancer Control Month.

Cancer Society units throughout the state will conduct cancer crusades to help in the fight against cancer, Dr. Meyer said.

Mrs. Gray feted her 89th birthday

Mrs. Elizabeth Gray, mother of Mrs. W. W. Gallacher, was honored at a birthday party March 20 at the Gallacher ranch here. Mrs. Gray's birthday was her 89th. She is in good health.

Present were Mrs. Dortha Napp of Phoenix, Ariz. and Mrs. Max Schif of Silver City; Mr. and Mrs. John D. Gray of El Paso, Ariz.; Mrs. John DeWitt of Safford, Ariz.; Mrs. Annie Ferguson of Farmington; Mr. and Mrs. Robert Shafer and children of Carrizozo and Mr. and Mrs. W. W. Gallacher and Bill Jr. of the Gallacher ranch.

Mrs. Gray received many beautiful gifts.

either had to go without those luxuries or borrow from their "comrades" until their spouses returned from those long trips.

Today, such a long absence from each other would be more than good grounds for a divorce. To quote Mrs. Eloise Carrillo of Tucuman, who was recently discharged from Fort Stanton and whose husband died a few months ago in Albuquerque:

"When I married my husband fifty years ago, I did not know what it was when he came home. I was so tired and so hungry, but we remained constant to each other until his death separated us."

Anselmo Pacheco of Lincoln also had some fine race horses in those olden times. His son, Leopoldo Pacheco, who has lived to a ripe old age, still resides in the hamlet of Arabela, near the Capitan mountains, where we understand he still runs a large flock of sheep on his ranch. He is also an uncle of Abe Sanchez.

It is related that one time when the older Pacheco went to Carrizozo in the early days he stopped at the home of his nephew, Joe Lopez. After supper they went to the Campell saloon and stayed until closing time. On their return home, a freight train in the yard blocked their way. Lopez and Ben Sandoval climbed over the train couplings and told Pacheco to follow. When he started over the couplings, the train began to move. Pacheco braced himself and held on. He stayed with the train until it stopped at Coyote, 12 miles up the track from Carrizozo.

That was the last time he ever tried to climb over the couplings of a freight train.

Candidate for judge campaigns in county

JAMES A. LANDON
Candidate for District Judge

James A. (Jim) Landon, attorney at law, a candidate for election to Division I of the Third Judicial District of New Mexico, was in Lincoln county for several days until Tuesday afternoon of this week. He stayed overnight in Carrizozo Monday.

At the present time a magistrate judge of the Las Cruces municipal court. In a prepared statement left at the News office, Landon states his qualifications, as follows:

"My only endeavor in public life has been in the interest of improved administration of justice in magistrate court in Las Cruces, where I have presided since January 1950. The overwhelming majority of votes given me by my re-elected in 1953 demands rates public recognition of my ability to administer a court of law in the best tradition of American justice and equality."

Judge Landon married in Missouri in 1937 and took up residence in the Mesilla Valley the following year, where he owns his own home and where he is presently engaged in the private practice of law. Both he and his wife have taught in the public schools.

He received his bachelor of science degree from New Mexico A&M in May of 1942, and was soon thereafter called into active service in World War II, serving his country honorably until his discharge brought about by disabilities incurred in service.

He received his legal training in residence from 1945 to 1948 at the College of Law, University of Arizona, graduating with his bachelor of law degree in May of 1948. He was examined for proficiency in the law by the bar examiners of the state of Arizona and admitted to the practice of law in Arizona on October 2, 1948, of which bar he is still a member.

Judge Landon said in Carrizozo that he would seek every opportunity to meet with and discuss openly and candidly the judiciary in the Third Judicial District.

The Lincoln County Board of Commissioners will meet April 7 in regular session.

US 54 color movie being produced

A 13½-minute color movie depicting the scenic and vacation opportunities along U. S. Highway 54 will be produced this spring and summer by the National 54 Highway Association.

Details of the film coverage and contract provisions were worked out March 19 at a meeting of the association's film committee meeting in Greenburg, Kansas.

Delegates from five states, Henry Freeman, of Fort Scott, approved the script and contract terms in a five-hour meeting with representatives of Dea-Key Productions, a film producing company of Alamogordo.

Verdell Keller of the company presented a detailed report of preliminary work that has been done toward production of the film.

Planned as a national publicity project for use by television stations, the film also will be available throughout America for showings at civic clubs and other interested groups.

It is reported that a number of TV stations already have agreed to broadcast the movie without charge to the Highway 54 Association.

With musical background and many action shots of a typical tourist family, the film will show the main scenic and historical attractions along the full route of U. S. 54 from Chicago to El Paso.

Contract price for the film is \$3,000. The committee, after reviewing the script gave high commendation to the Dea-Key firm for an outstanding job of advance preparation.

Attending the meeting from New Mexico were A. J. Zimmerman of Santa Rosa, past national president, and Bob Coleman of Vaughn, president of the New Mexico 54 Highway Association.

Three records fall in dual track meet

By MANUEL ORTIZ

The Carrizozo Grizzlies won a dual track meet Saturday, March 29, at Tucuman against the Tucuman Wildcats, running up 80 points to 63 for the "Cats."

Zozo's Bob Crenshaw took top individual honors, racking up 23 of the Grizzlies' point total.

Three new school records went on the books. Jerry Beltran tossed the javelin 163 feet and 9 inches for a new record.

The 400-yd. relay team, with Seay, Hill, Beltran and Vega, was run in 47.5.

Elected secretary of New Mexico Club

MADIE BELLE COOPER

ABILENE, Texas—Madie Belle Cooper, Abilene Christian College junior, from Carrizozo, has been elected secretary of the New Mexico Club.

Miss Cooper, an elementary education major, is the daughter of Mr. and Mrs. R. H. Bradley of Carrizozo. She is a 1958 graduate of Roswell High School.

At ACG, Miss Cooper is a member of Zeta Phi social club, the Student Education Association and Eta Beta Phi.

Weather favors clean-up for spring

With spring weather favorable to outside work, a number of property owners in Carrizozo have started to fix up, paint up and clean up their premises.

One recent improvement has been the installation of a sidewalk in front of the Southwestern Music Company building.

Mr. and Mrs. Vincent Rell have begun the repair of the former City Garage building on 12th st. A new roof has been installed and the building will be renovated.

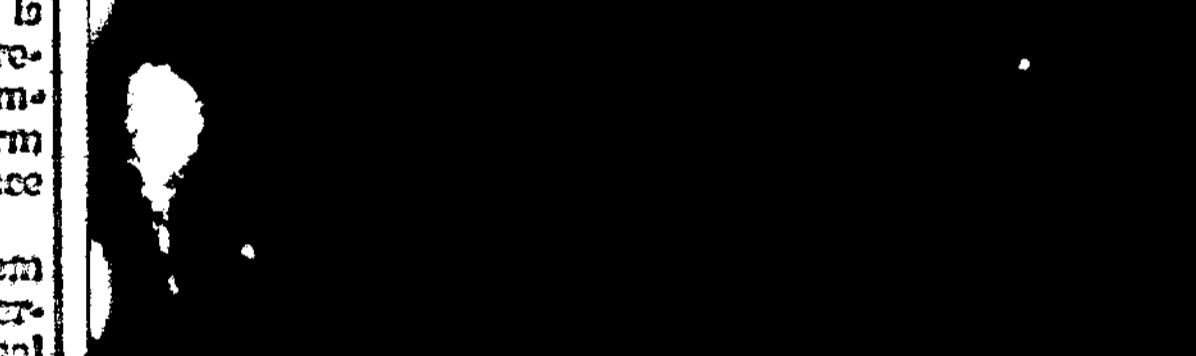

Construction is well along on two new units for the Frontier Motel.

J. E. Thornton has had two men working renovating the fence around his property and doing yard work.

Tree trimming has improved the appearance of a number of properties, including the Baptist Church.

The Evergreen Cemetery Association is raising funds to hire a worker for continued improvement of the grounds.

The State Highway Department is putting a new top dressing on Highway 350, west to Red Hill.

BEAUTIFUL SERAPE—Displaying a large and colorful serape made by an Old Mexico craftsman, are Mrs. Pearl Soderback and Mrs. Virgil Wallace. They, with Mrs. Margaret Rench, are taking the serape to adjacent communities. It is hoped that funds raised by the serape will complete the Smokey Museum in Capitan.

Funds sought for Smokey Museum

By DOROTHY GUICK

The Capitan Smokey Bear Club is giving away a Smokey Bear serape to raise money for the completion of the Smokey Museum in Capitan.

The brilliantly colored wool rug was hand-woven by an Indian in Old Mexico. The weaver neither speaks nor understands English, yet his duplication of the picture sent to him of Smokey, the American fire prevention bear, is remarkably accurate.

Mr. and Mrs. Bill Holmes, former owners of the Smokey Bear Motel in Capitan, donated the rug county.

Chest X-ray unit to be in Carrizozo April 11 and 12

Mrs. Alma Bradley, Lincoln County nurse of the New Mexico Department of Public Health, will be on hand April 11 and 12 at the Lincoln County Court House in Carrizozo, to help with the Chest X-ray Mobile Unit that will be stationed there.

The unit will be in Carrizozo on Monday and Tuesday, April 11 and 12, with the following hours:

Monday, April 11—10 to 1; 2 to 5 and 7 to 9.

Tuesday, April 12—10 to 1 only. Nurse Bradley reports that she gave skin tests to the first graders of Lincoln County (those who signed up for the test) and did not find a single positive reactor.

High school students tested showed a higher rate of positive reactors, the reason being that only about 50% of the students signed up for the tests.

As the Chest X-ray mobile unit is a program for the adults (the children are administered in school) Nurse Bradley stresses that the parents, relatives and friends of a positive reactor should have the X-rayed Monday or Tuesday, so that the Health Department may find the person who may be responsible for infecting a number of people. Also, early diagnosis of TB means a shorter period of hospitalization for the patient.

Nurse Bradley reports that Lincoln County has a small percent of positive cases, much less than expected. The precaution of having chest X-rays will help keep that percentage down. Talked advantage of this free service while the mobile unit is in Carrizozo.

Nurse Bradley urges all to take advantage of the diabetes blood testing at the same time. Neither are compulsory, but they are here for your good health.

Planning to start for Lincoln County Fair

Early planning for the 1960 Lincoln County Fair will start this Thursday evening, March 31, at a 7:30 meeting at the Capitan city hall.

Mrs. Charles A. Jones urges all interested persons to attend.

CHARTER ISSUED COUNTY FAIR ASSOCIATION

The New Mexico State Corporation Commission has issued a charter to the Lincoln County Fair Association of Capitan, to conduct an annual county fair. Non-profit. Incorporators: Charles A. Jones, Eleanor L. Jones, Fletcher H. Hall Jr., N. B. Britton.

QUESTION METHOD USED FOR CUT

Hardly anybody disagrees with the cut. It was either that or a real mess a few months later. Objections that are heard concern two things:

The across the board cut falls with extreme severity on some agencies, coaly on others. The state gives the department of finance and administration \$26,600,000 a year for continuing study and control of public spending, and some think the department could have made the cut-back at places where it would have hurt the lesser, instead of hitting all alike.

And, No. 2, why wasn't the reduction made a year ago when the first warnings were hoisted about the money trouble, and the cut distributed over a longer and less painful period?

PRIMARY RACERS RUNNING IN FORM

The primary campaign. Demo Governor: Santa Fe has been full of reports that Joe Hurrey is picking up steam against Gov. John Burroughs but hardly anybody expects him to suffer a setback in the 1953 spending cut.

Republican Governor: Ed McChern, the favorite, still isn't out of the woods in his effort to shake challenger Paul Robinson of Albuquerque. There's trouble for him among young Republicans all over the state, and old pros who want an all-out spoils system candidate.

Demo Lieutenant Governor: This one continues to suggest the possibility of a big upset with Albuquerque Joe Montoya, maybe running ahead of George Hammett of Albuquerque who is running with the backing of Sen. Dennis Chavez and statehouse people.

Demo Congress Position No. 1—Sentiment seems to be shifting toward State Sen. Gene Lusk over U. S. Rep. Joe Montoya. Chavez is throwing all he can for Lusk and the statehouse hasn't yet taken a position.

Demo Congress Position No. 2—At the quarter post most all figure that Calvin Horn of Albuquerque and U. S. Rep. Tom Morris, Tucuman, were running neck and neck.

Corporation Commission, long term Demo: Seven-Pot Pickett doesn't seem to be as popular as in the past, but maybe still popular enough to keep in form of his main challenger, Dick Robinson. (Continued on Back Page)

SPENDING CUT WHERE IT HURTS

Santa Fe, March 29—The 10% cut ordered in the spending of scores of state agencies and institutions to save about \$3.5 million and get the spending down to anticipated income, falls almost entirely on the institutions and the welfare department.

They operate largely with money appropriated from the state's general account, the money that is affected by the order which applies to the year starting next July 1.

SPRINGER FEELS \$45,500 SLASH

Some of the cuts:
The Boys' School at Springer—\$45,500

The Los Lunas Hospital and Training School—\$35,500

The Carrie Tingley Hospital for Crippled Children at (ugh) Truth or Love—\$42,500.

The Tuberculosis Hospital in Lincoln County—\$104,500.

New Mexico State University, Las Cruces—\$325,735

WELFARE OFFICE FEELS NO PAIN

Here's how the order hits some other institutions and agencies:
Welfare Department, \$1 million. (Won't hurt much because of a big surplus in the department's bank account.)

University of New Mexico at Albuquerque—\$470,550

Highlands at Las Vegas, \$100,035

Western at Silver City, \$74,878

Eastern U. at Portales, \$142,759

Miles at Socorro, \$80,602

NMAMI at Roswell, \$19,970

School for the Blind at Alamogordo, \$14,655

School for the Deaf at Santa Fe, \$33,420

El Rio School, \$18,000

MENTAL HOSPITAL DOWN \$164,500

State Mental Hospital at Las Vegas, \$160,500

Girls' Welfare Home at Albuquerque, \$31,500

Penitentiary at Santa Fe, \$118,650

Statato Museum, \$34,000

POLITICAL HARBORS ARE NOT AFFECTED

The cut hits where it hurts the worst and does not affect the politically operated bureau of revenue, the ports of entry, land office, civil defense office, the highway department and other harbors for politics.

A major reason for the financial crisis is excessive spending by the bureau of revenue which is exempt from the austerity program.

In the first half of 1959 the bureau spent a half million more than the budget, approved by the legislature and in the current business year (July 1 1959, June 30 1960) to spending a million more than approved by the legislature.

It is legal, the department of finance having the authority to increase the bureau's budget.

PRIMARY RACERS RUNNING IN FORM

The primary campaign. Demo Governor: Santa Fe has been full of reports that Joe Hurrey is picking up steam against Gov. John Burroughs but hardly anybody expects him to suffer a setback in the 10% spending cut.

Lincoln Forest is great natural resource
An article in the April issue of New Mexico Magazine lists the many values that Lincoln National Forest contributes to the economy of southeastern New Mexico and the state as a whole.
Dorothy Guck, author of the article, cites its half million acres of commercial timber, its forage for 10,000 cattle and 5,000 sheep, irrigation and municipal water supplies, wildlife and recreation.
The article, "Lincoln National Forest—Birthplace of Smokey," tells how the little black bear cub whose life was saved in a fire on Capitol Mountain has become a famous symbol of fire safety in forests, and how his use in advertising and publicity has helped to drastically reduce the annual loss of trees from forest fires.

Elyaco Martinez left last Friday morning for Grants on emergency furlough, when he was notified that his aged mother had died. Congratulations to Emmett James and Bernice L. Vaughan on their marriage in Carrizozo on March 18. They kept it a secret from us and it's somewhat late for rattling the tin cans, but we all join in wishing them much happiness.
Gertrude Diaz of Lincoln was assisting in the Administration Building offices in the absence of Rosa Calm and Lea Mitchell, who are now doing better after being hospitalized in Roswell with injuries received when their car turned over a few weeks ago. Other office workers in the building are Rosa Marie Haaser, Marie Walker and Jim Howard of Captain; Joe Escobedo and Dan Kustanovich of Fort Stanton. Jim and Dan are old-timers of Fort Stanton.
The showing of the film "Insects as Carriers of Disease," at the Los Amigos Club last Thursday afternoon was very timely, as the season for breeding of the pesky flies, mosquitoes and other bacteria-carrying insects, is with us again. Serafine Vigil had a good explanation as to how insects contaminate our drinking water and food, and some very good points on prevention—mainly screen doors and insecticides on hand at all times. "Cleanliness" is the watchword everyone must follow.
It has been suggested to Elmer Ham that he plant stench bombs in order to keep the Navajo boys from congregating around the hedges and evergreens on the lawn. This goes for everyone who is in the habit of cutting across on the lawn and trampling the grass. Let's cooperate with Mr. Ham, fellows, and keep the lawn looking nice. We have good walks and it only takes a minute to go around. If you want to play ball, the diamond is right across from the Main building. Another thing, there are fellows in No. 3 who leave a mess everytime they use the bathrooms. No one likes to clean up after the other fellow; negligence in leaving soiled towels, splashed water and other refuse in the baths, wash basins and floor. It's even repulsive to the orderlies who are recompensed for those duties.

'Homemakers College' scheduled June 7-10
University Park, N.M.—Today's home builds tomorrow's world. This will be the theme of Homemakers College, which is scheduled for June 7-10 at New Mexico State University.
Established in 1957, the college is a permanent feature of the services offered by NMSU, according to Miss Elsie Cunningham, chairman of the general program committee.
Purpose of Homemakers College is threefold. It is designed to fit more closely together the programs and activities of women's organizations which are basically related to agriculture and home economics; to provide homemakers with educational information not readily available through other channels, and to acquaint homemakers with the services offered by New Mexico State—Instructional, research, extension and regulatory.
More than 600 homemakers registered for the first college in 1957; 750 in 1958 and nearly 800 in 1959.

More than 3,300 disaster relief operations have been carried out by the American Red Cross in 54 states and territories of the U. S. including New Mexico, during the nine calendar years, 1950-58.

A summary of disaster services released in Article by Wm. Bennett, Red Cross national fund vice chairman for New Mexico, shows that \$367,762 was spent by Red Cross to assist disaster victims in the state, and \$85,001,615 was spent nationally by the organization for emergency mass care for 1,490,881 persons and individualized aid to 269,203 families.

Mr. Bennett noted that 118 homes were destroyed and 583 seriously damaged by the 25 disasters occurring in New Mexico during the period 1950-58.

Throughout the U. S. and its territories during the same period, 23,251 dwellings were destroyed and 65,150 severely damaged by disasters; such as tornadoes, floods, explosions and other major catastrophes.

Disaster aid for families and maintenance of a program of disaster preparedness are obligations imposed upon the Red Cross by its charter from Congress.

TALKING BACK

By HOMER REID

Dear Rev. Reid: You know how rumors get around—especially in a little town like Carri-zozo. I heard the board of deacons had you on the "mat" not too long ago and like every other preacher they ever had over there, they are "rail-roading" you down the long, long trail to never-never land! I've never attended the service, never joined and never intend to. If church members are called Christian—then let me stay a non-member and if you are smart you'll come on out where the air is clean 'cause the real Christians are outside—YOU KNOW WHO.

Dear Y. K. W.: I'm sorry, but I really don't know "who," but I recognize the old alibi! How many times have I heard it! "I don't go to church because most of the members are hypocrites!" "I don't go to church because the preacher is in debt." "I don't have anything to do with the church because I know of a choir director who ran away with the deacon's wife!"

In this business of offering trivial excuses for absence from important matters, there is nothing new under the sun: Jesus knew it. He told us all about it in a parable. He was discussing the Kingdom of God, and He compared it to a man who was giving a banquet. The man who was giving the feast sent a servant to issue invitations; but everywhere the man went he got an excuse:

"Pray I must be excused because I have bought a piece of property and must go look at it." "I have bought five yokes of oxen and I've got to go to see them." "We don't have power lawn mowers, automobiles and cameras, TV sets and all sorts of things we have to 'prove.'"

Then one of them said: "I have married me a wife therefore, obviously, I cannot come." It's the same situation. I have heard that one, too, with all variations that make marriage such a good excuse for not doing something or another. "We haven't been married very long." "We have a 'new baby.'" "We are building a new home," "my wife's folks were here for the week end."

Now it is true that members of the church must face the fact that non-members judge the church by me and other members. The church is found to be judged by the members of the church; by what we are, what we do, what we think and what we say — and how we spend our time. Decisions are going to be made regarding the whole Christian faith by the way we conduct ourselves in the office or at a party or on the school ground, golf course, or at home. We (the members) are the church. And somebody is going to judge it all by us.

But, on the other hand, let's get back to you, YKW: let's study your excuses carefully. Isn't it tragic that because somebody has failed, you are going to shut the church out of your life and your children's lives—and lose its power and its meaning, its worship, your fellowship? I wonder if you are being consistent and true to logic. If you go the limit in this you will shut out all that modern medicine can do for you because there are some doctors who don't live up to what they profess. They don't live up to their ethics or their oaths of their profession. They make the pages of newspapers every year with abortion factories and illegal sale of babies, and the illegal prescription of narcotics and all sorts of things. If you are consistent you should say that you know some doctors who are not honest and therefore you will have nothing to do with modern medicine. That is the way you figure the church.

Being a Christian and being a member in the church of Jesus Christ is difficult. Christ himself told us that. It costs! In fact, anything worthwhile costs something. But being part of a church is the kind of burden that wings are to a bird. Poor little bird! Isn't it a shame that it has to have a burden of those big wings on its little body? And yet, those burdens called wings give the bird

Ruidoso meeting set for District Extension clubs on April 4.

The New Mexico Association of Home Extension clubs has scheduled four district meetings in April. The District II meeting will be at the high school in Tucuman, April 2. Mrs. G. F. Thompson, district chairman, invites club members from Taos, Colfax, Union, Mora, Harding, San Miguel, Guadalupe, Quay and Curry counties to attend.

The meeting for District IV home extension club members will be April 4 at the Navajo Lodge. In Ruidoso, according to Mrs. E. L. Randolph of Hobbs, district chairman.

Included in this district are Lincoln, DeBaca, Roosevelt, Otero, Chaves, Eddy and Lea counties.

power to soar, power to fly, power to live. Religion and church membership and the support of the church are burdens like that!

Rumors, such as you mentioned above are often stopped by truth. The truth is that I had some past due debts that the members of the church wished to help me with. There was no question of putting me on the "mat," no question even of "railroading" me, but a sincere and brotherly desire to help. The debts are being paid through a mutual agreement between me and the Official Board. It's true that some members have "used" this little difficulty (if you want to call it that) to cease their support and stay away from the worship service; but then they would have stayed away anyhow because any excuse could be used. The majority of the membership has been as loyal as ever—not to me; not to the local church, but to something fine and true in their very being. A non-member cannot understand this but let me try to express it by a little article I had sent to me by an unknown author:

"Just attending church is not an ordinary act. It is something tremendous. You take a stand for faith and for spiritual interpretation of life. You testify and witness to the faith that is in you. When you attend church you count the side of the angels, you count the side of the spiritual, you tell your world you believe in God and eternity and immortality, and that's tremendous!

"When you attend church you challenge all that is evil, all that is contrary to the will of God. When you attend church you say to the whole world that you are against lying, cheating, immorality, drunkenness, war and everything that hurts human beings.

"When you attend church you tell your neighbors who see you go that you are not simply an earth creature, that you are not giving up all your time to creaturely pleasures, that you are seeking something higher!

"When you attend church you salute Christ and His church. You appreciate what the church has done for humanity.

"When you attend church you come to God's house to adore, to worship, to praise. You become a part of that host that has been worshipping God down through the ages. You have been caught up in spirit!"

It's not the people nor the preacher nor the building nor even the organization—that makes us members and proud of the fact—it is that eternal something within each and everyone of us that seeks to be recognized and is recognized even through such an imperfect media as the church!

Seems like a little thing, attending church; but, on the significance of it in your life; in the life of others and in your children's life!

A note from F. L. B. with an enclosure for George Adamson. If Mr. Adamson will send me his address I'll forward this brochure to him. A very beautiful poem entitled "There is No Unbelief" enclosed, too, which I'll publish next week. Thanks to all—H. R.

How To Grow Up

How does a girl say no? It isn't easy. As a matter of fact, it is one of the hardest things for a girl or anybody else to learn, according to Dr. Evelyn Mills Duvall, noted columnist and sociologist. Yet to a girl just beginning to date, writes Dr. Duvall in her book, "Facts of Life and Love for Teen-Agers," knowing how to say no can mark the difference between happy adolescence and emotional disaster.

With independence and dignity, yet not without a light touch where it comes understanding, Dr. Duvall's book presents many of the problems of the growing up and how they may be handled. Chief among these problems is saying no. When an alcoholic drink is offered and everyone in the crowd is indulging, a few stock answers could serve the girl who'd like to refuse without seeming a stick-in-the-mud. "I'll take a coke, straight, please," is one suggested answer. A reply that gets a laugh will usually command the respect of the crowd.

When the boy wants to pet, how does the girl reject the advance without rejecting the boy? "Sorry, Bill, not just now," is the simplest solution, and coupled with a glance that indicates she nevertheless likes the boy, relieves the situation.

When a girl can pass around a girl can pass out of her pocket while turning the smoke of the cigarette in them in turn. When the crowd seems bent on going to a questionable spot, the girl can refuse if she understands that

When your boy's child riding a tractor, what's your reaction? Do you think he's having a good time and let it go at that, or does it worry you because of the potential danger to the child? The National Safety Council and the U. S. Department of Agriculture all too frequently get reports of youngsters killed or injured while riding tractors. Don't let it happen in your family.

CAPITAN

By MARGARET RENCH

Mrs. Key left here last Saturday for Artesia, where she joined a sister, Mrs. Buckner, and together they proceeded to Sweetwater for an extended visit.

Louis Soderback in the Roswell Record carried here in Capitán. He delivered the paper before he goes to school and is doing a good job. Everyone appreciates the paper in the morning.

Mr. and Mrs. Robert W. Dean went to Lovington for a while. At this time Gerald and his wife are here with us.

D. O. Jenkins and Jack Young are doing OK and expect to be home in a few days.

Mrs. G. E. Fleming spent last Tuesday in Roswell with her husband's mother, Mrs. Annie Fleming. She took care of business and shopped while there.

ALFONSO SOTO

Changes being made

... all for the good

It pleases us to see the cleaning of yards going on and changes being made all for the good. The Woman's Club members planted a few trees in the park last Saturday. B. Carabajal is planting grass and flowers. Louise Ferguson also is cleaning premises and planting. The Virgil Wallace has planted lots of roses and set out evergreens. They too have painted their remodeled home a buff color and are still working on the place. The motel and home truly look nice. Mrs. Daisy Gehring had an old car hauled away and cleaned her yard getting ready to plant flowers. Mrs. Dolinar is still working. She has taken several cottonwood trees out. The Callaways and Flores too all are still working in their yards. The city hall is getting a new coat of paint, cream in color. George McBride submitted his bid for the work about a year ago.

Let's all join in the spring clean up and paint up and make our town stand out in beauty. Soon we will have sewerage. We want to encourage new people to join us here and make their home. So let's get our "house in order" so that it will be inviting. Capitán has much to offer people in the way of climate. If all of us had only one flower bed and it was in bloom all summer, think what a difference that would make. Surely all of us are able to take care of that one flower bed. Pick a variety that blooms all of the time.

Work that has started tearing down buildings must be finished this summer. We owe that much to our town and community. United we stand and divided we fall—let's be united for a better and stronger community. Join us in our good work.

March winds are with us at this time. We have had a good month, however, with many pleasant days favorable to outside work.

"Singsperation" was wonderful-day

Sunday, March 27, was the day of a wonderful "Singsperation" at the home of our penial friends and neighbors, the K. A. Hueys. About fifty were present, many from Capitán and several from Carrizozo, including Rev. Wells, and his son Ray Wells and family. Almagordo and Tularosa were also represented. A little girl and her father sang a lovely duet, "I've Got a Mansion Just Over the Hilltop." The litch string is always out at the Hueys for these Singsperations.

The litchstring is also always out at the Church of the Nazarenes where Rev. John K. Almy is preaching good sermons.

Jack Young is continuing to do nicely and if all continues to go well will be home next week. Mrs. Young will go after him after her duties at school.

Young people attend area youth meeting

The Church of Christ Youth Area meeting was held at the Hermosa Drive Church of Christ in Artesia last Friday night.

Those attending from Capitán were Mrs. G. E. Fleming, Bruce Fleming, Barbara McGrew, Bob Shope, Pamela Hall, Linda Meyer, and Joe Freeland, and James Taylor.

After the meeting they enjoyed a good amateur show and a delicious supper served at the school cafeteria.

Mr. and Mrs. Joe Barber have returned to Capitán to make their home.

Mr. and Mrs. Claude Morler and children of Lovington spent last Sunday with her parents, Mr. and Mrs. G. E. Fleming and Bruce.

Mr. and Mrs. Irman Lanier, who are making their home here (he is employed at Fort Stanton) made a trip to Albuquerque last Friday night, returning the next night. Their daughter underwent surgery at the Santa Rosa Hospital and is doing OK at this time. Lanier's former home was in Almagordo. They hope to be here for some time. Due to health problems of a serious nature they had to make a change for a while. We hope this climate will be a real boon to them and they will get well fast. Welcome to Capitán! They live in the Bert Minter house.

Mr. and Mrs. Bert Cheney returned Saturday evening from a ten-day vacation with their car, Joe Bert, and family in Houston.

They enjoyed the wet country for a change.

News Notes from Along the Bonito

By LOUISE RUNNELS

A. B. Sanchez and Ben Pfingsten were on the Bonito Sunday. "Abe" is a Democratic candidate for our next county sheriff. He brought posters and cards to Bonito City and Corber's Store.

Weather in these parts has been nice for about three weeks. The snow is melting fast and Bonito Lake is full and water running over the spillway. We're hoping some fish will be planted above and below the lake, since fishing season opens the first of April.

Serapi bringing funds for Smokey Museum

The Dean Hardware Company has donated \$25 to the Smokey Bear Museum building fund. Thanks a million. We ladies are selling chances on a serapi, proceeds from which will be for the Smokey fund. My turn is to take the serapi to Carrizozo Wednesday.

Mrs. Virgil Wallace and Pearl Soderback are taking the serapi to Ruidoso and Roswell. Dorothy Guck did real well with it, also. It is being taken around to all of the businesses here in town. Everyone who sees the serapi says it is a beauty — one that every woman would love to have.

Arvel and Robert Runnels were home on the Bonito over the week end from Jal.

We were mighty glad to have Paul and Clara Baker of the Lincoln County News drop in Sunday eve while Mary Lou Runnels had five little girls for her fourth year birthday. They were Edith Fern LaMay, Sherry Hayes, Theresa and Cindy Elam and Megan LaMay. Mary Lou's grandmother Runnels baked her birthday cake. Each little girl came in her little "Play dress-up clothes."

Herbert Reddy was happy to get up to see Tom Bragg Sunday, with Mr. and Mrs. Fred Coe. They found Tom feeling better but with his swollen ankles. Herbert and Mrs. Reddy have just returned home to Ruidoso Downs from a three months' visit with Lloyd and Dora Perry and children at Flagstaff, Ariz. They saw as much as 20 inches of snow at once time while there. Lloyd Perry flies in his plane in and out of Bree Canyon where he is drilling. While there, Mr. Reddy flew in a brand new airplane over Grand Canyon and over Sid Bowl on a mountain 12,600 feet high in northern Arizona. He also flew over Page, Ariz., which is a new town where a big dam is being built. He thinks it will take about four years to complete the dam. They are glad to be home with their many friends, but didn't like to leave Dora and the children.

Mr. and Mrs. Paul Schreiner from Corral had over their cabin over the week end.

Mr. and Mrs. Harold Sellers returned to Almagordo after a week's stay in their cabin, doing more building. Harold is a barber, carpenter, and cabinet man. He usta just cut hair, but has built their cabin and feels corn proud, as he had never done any carpentering. Mrs. Sellers is a good "finish up" partner.

Since Ben Pfingsten switched from his saddle horse "Ole Nipper" to his little green Chevy he makes a weekly trip to Bonito creek to check on his many friends.

Last week he went with Henry East on a business trip to town and had a good time. He is heard about some old timers, the Slacks, who usta live in Gavilan Canyon. They are now in Colorado with the Fink Jones family. Ben said all the stock up in the Claunch country look good.

Mr. and Mrs. John Robinson and Mrs. Leo Robinson Sr. were on the Bonito to show John's new wife the country. They stopped to visit a while with Fred Sweet Sr.

Eudro Morris and Frank Stearns from the Fuller and Slaughter ranches were on the Bonito Sunday. Mrs. Minnie Morris is cooking at the Slaughter ranch while they are shearing sheep.

Charles Corber has 31c gas now and plenty of it. He and Collins Walker are plowing round their fruit trees and making ready to irrigate. Mrs. Walker is home from Plainview. Eula Corber will spend a few days in Lovington this week with Mr. and Mrs. Stearns.

Gleneth and Jeanette LaMay (sisters) went to Ruidoso Sunday with Mrs. Frances Shaw and Diane to a Rainbow Girls meeting.

Ervin Larkin to see the Ray LaMay family on Saturday were Mr. and Mrs. Clark Pfingsten, their children, and Mrs. Pfingsten's father, Mr. Pond. Such a treat these folks be! If they come to visit you or if you visit them in their attractive home in Lincoln. They

Charles Bird, district game warden, said fish had been ordered and he expects them to be here in time to put in Bonito creek before April first.

Mr. and Mrs. Tom O'Rear from Carrizozo, their daughter, Bell, her husband, and their little son, along with another party, drove up near Bonito Dam to picnic Sunday.

Herman Philpott stopped by to visit Fred Sweet Sunday. He was on his way to check on mining claims in the canyon.

Mr. and Mrs. Fred Sweet Jr. and family from Almagordo spent Sunday with Fred Sr.

Tom Bragg and Alice Wright went to Ruidoso Monday to let the doctor check Tom. He has swollen ankles from a kidney infection and was ordered to take life easy—stay off his feet and lay off coffee. Tom's reaction was: "Hell, a man ain't no good off'n his feet and as for puttin' away th' coffee pot—I ain't gonna do-er!"

I'm hoping all who need renewals will renew their subscriptions, and I have some friends or relatives who will be new subscribers. For me, I'd be last without both our Lincoln County papers—the Lincoln County News and the Ruidoso News. They are different enough for you to enjoy both as our county grows—and at this time of year the political news by columnist Will Harrison in the Lincoln County News is gonna keep us up with all our State candidates, along with news from the State Capitol. I'll be seeing you for a subscription 'round Negal, Alto and in the Ruidoso country.
