

# Enter the Christmas Lighting Contest

The Carrizozo Chamber of Commerce is again this year putting up prizes for the best residential outdoor lighting for the Christmas season. They are:

- First prize \$25
- Second prize \$15
- Third prize \$10

Colored lights have been strung across a number of intersections in town and many stores have attractive Christmas windows.

The Chamber of Commerce hopes that Carrizozo will be brighter with home decorations than ever before.

Plan to enter the contest. Fill out the coupon below so that your outdoor display will not be missed when the judges drive around.

Yes, we are going to decorate outside during the Christmas season.

## Propose increases in fishing licenses

At their recent meeting the New Mexico State Game Commission voted to propose to the legislature increases in certain license fees. The only non-resident fee that would be affected is the fishing license, with recommended increase from \$8 to \$10.

The proposals for increase in resident licenses will be as follows: Fishing from \$3.50 to \$4.50; bird from \$4 to \$5; big game from \$5 to \$6; general hunting from \$3.50 to \$9; general hunting and fishing from \$9 to \$12; antelope from \$10 to \$15; elk from \$15 to \$20.

A further proposal will permit the sale of two five-day fishing licenses to run consecutively—the rate remaining \$3 for five days, \$6 for ten days.

The Commission changed a fishing regulation. The daily bag limit of trout remains 12, but the Commission provided that fishermen may take home two bag limits after two days of fishing. The angler may process and store his first day's limit, and then catch another limit on the second day. He must never have more than 12 trout in his creel while fishing.

The limit on crapple was increased from 20 to 40 and on catfish from 12 to 15. The changes become effective April 1.

## SNOW HAMPERS HUNTS

Unusually heavy snow in the San Andres-Organ deer hunt area hampered hunters considerably. However, 803 hardy souls were in there and they brought out 134 deer. Area Game Manager Dick Haught considered this a very high kill, under the circumstances.

One more week end deer hunt will take place in the Cloudcroft area, December 17-19.

The last of the bear hunting areas, the southeast portion of the state, closed Thursday, Dec. 15.

## Suit would restrain proposed subdividing of lots at Ruidoso

A suit has been filed in district court by Robert H. Berryhill and J. Y. Francis and Zeno Francis to restrain action that they allege will violate restrictive covenants of the Country Club Heights Subdivision at Ruidoso.

The Hopper Machine Works Inc. is named defendant in the suit.

The suit alleges that the defendant intends to subdivide its property at the above location into more building plots than the restrictions allow.

Richard A. Parsons is the plaintiff's attorney.

## Driver injured as gas truck overturns

Pat Vigil, son of Mr. and Mrs. Lloyd Vigil, was injured Tuesday morning when the propane truck he was driving, skidded on slick pavement 1 1/2 miles north of Carrizozo and overturned.

Young Vigil, in a Sacra Gas truck, loaded with propane, was en route to Claunch. He came up behind a vehicle and as he applied the brakes the truck swerved on to a soft shoulder on Highway 54, went off the road and overturned 1 1/2 times.

Vigil stayed with the truck until it came to rest, then climbed from the cab. He was losing considerable blood from head lacerations and climbed back to the highway, looking for help.

A truck driver passed him up, but a car driven by Natalio Ching picked up Vigil and brought him into the Carrizozo hospital.

State Patrolman James Clayton arrived at the scene of the accident at 10 a.m. He said gas was escaping from a broken valve on the truck and could have been a hazard if someone had approached the truck, smoking. The valves were turned off.

The gas truck was said to be a total loss, except for the gas tanks.

## State Land Office new map goes on sale

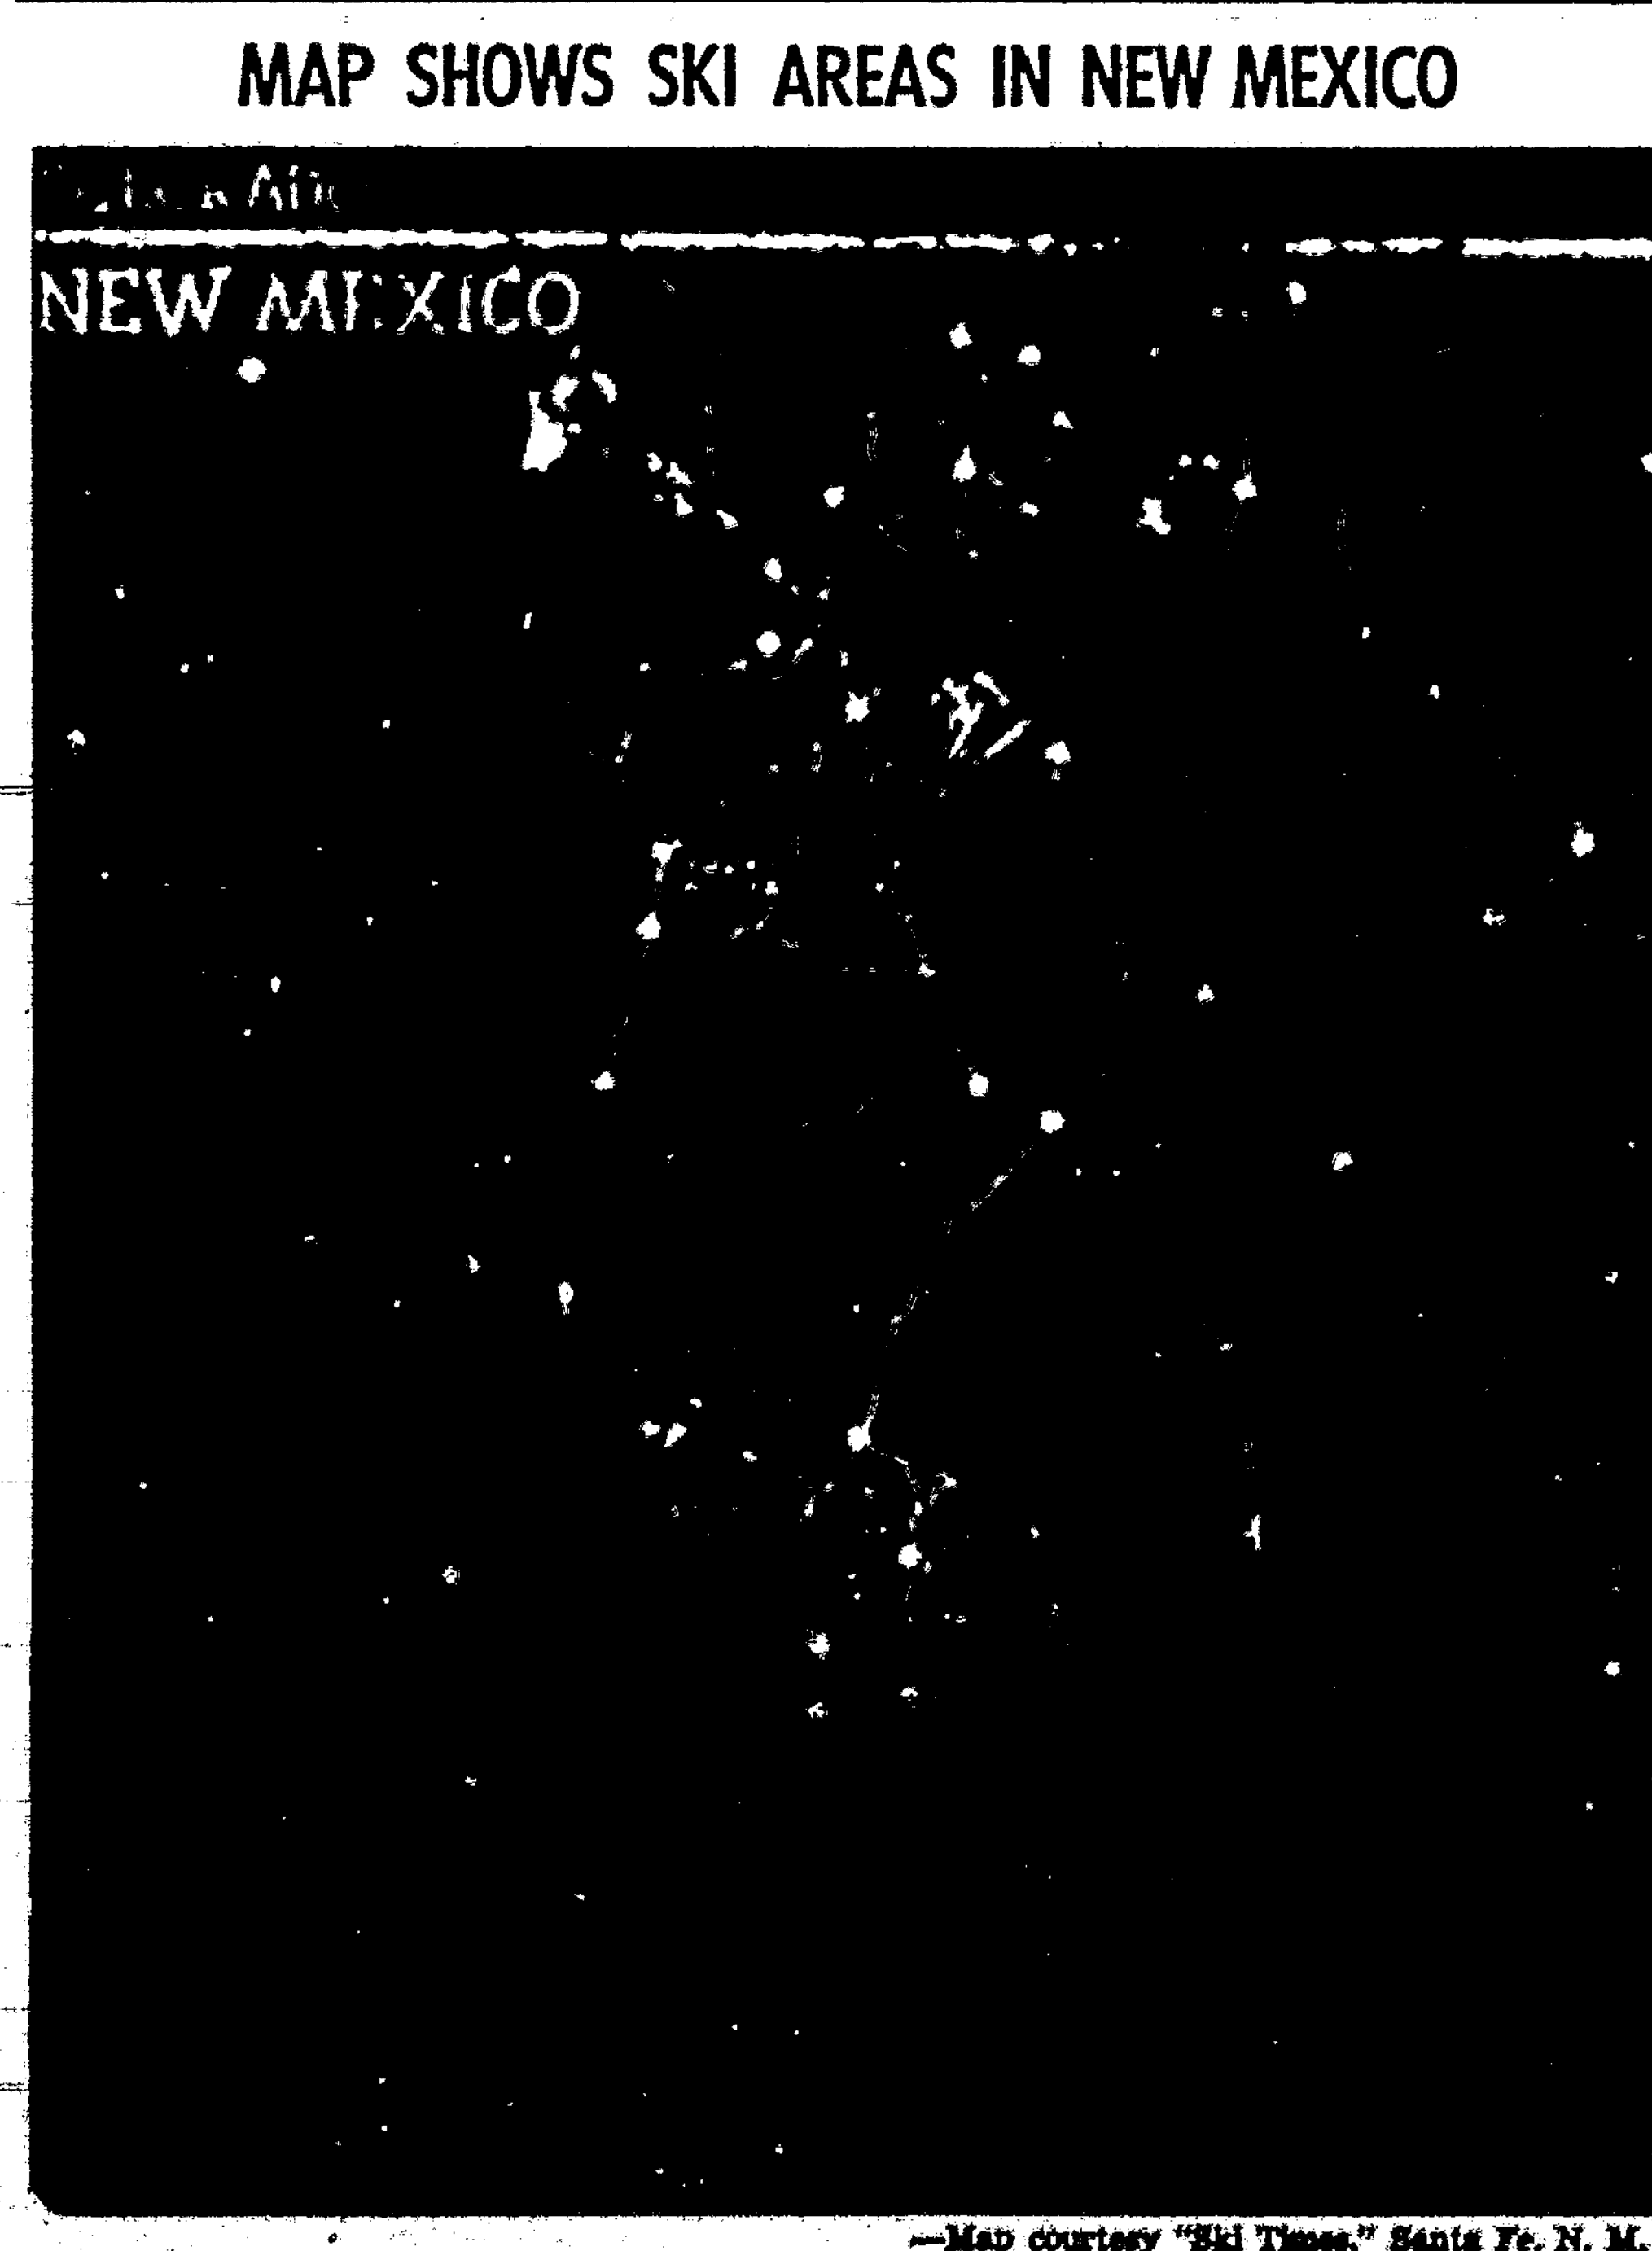

Murray E. Morgan, Commissioner of Public Lands, has announced delivery of the land ownership and land status map which has been in course of preparation for the past two years by the State Land Office. These maps will be for sale by the Land Office at \$25 a copy.

Printed in quadrants the complete map when glued together measures six feet across by nearly seven feet in depth and is on a scale of 3/16 inch to the statute mile. The base map is printed in black with overlays of red and green to denote State and Federal ownership. Privately owned lands are in white.

Each section of land in the state is shown on the map and ownership—down to 40-acre subdivisions—is shown. Principal highways and cities are shown as are the Spanish grants, rivers, lakes and reservoirs, drainage and other features.

Copies of the new map, which is corrected to January 1, 1950, are obtainable through the Commissioner of Public Lands, State Land Office, Santa Fe, N. M.

## New storm makes run over county

A new storm took another swipe at New Mexico this week, dumping an equal or greater amount of snow in some areas than No. 1 which passed eastward over a week ago.

Twelve inches of snow were reported to have fallen late Monday and during the night at Ruidoso.

School officials in many areas, their routine wrecked by the earlier siege of foul weather, closed schools again Tuesday in Capitan and Ruidoso.

Carrizozo's snowfall in the five-day period, December 8 through 14, amounted to slightly less than two inches and there was no interruption in school sessions.

Both snowstorms were said by weather officials to have their origin in New Mexico due to a sweeping movement of moist air into the state from the south and Pacific Coast.

New Mexico is apologetic for the first storm which, after leaving this state, swept across the country and almost buried East Coast cities under drifts of snow.

The weather bureau said the latest storm began in the southwest corner of the state and spread over the entire southern half of New Mexico.

State Patrolman James Clayton assisted several persons on emergency calls during the past few days, due to telephone lines being down.

## Special events at Trinity Methodist for Christmas season

The Trinity Methodist Church is to have several special events to celebrate the Christmas season.

At the Sunday morning service, December 18, white gifts will be presented by the congregation for the less fortunate families in this area. These gifts are usually non-perishable foods, wrapped in white paper.

At the Sunday School hour children will bring toy white gifts for the Waco Home in Texas.

Sunday evening, Dec. 18, at 7:30 there is to be a candlelight service of the Hanging of the Greens and a short Christmas message. The Methodist Youth Fellowship will serve refreshments after the service. The group also has charge of decorating the church.

The M. Y. F. invites everyone to come and enjoy the service and the fellowship of their guest.

The men of the church will join in a breakfast Saturday, Dec. 17, at 7 a.m.

## 'Farm Bureau is opposed to price fixing, controls'

Denver, Colo., Dec. 12—By their vote in the recent election, farmers clearly rejected proposals for increased government intervention and subsidy in agriculture, Charles B. Shuman, president of the American Farm Bureau Federation, told the organization's 42nd annual convention.

"Farmers have now clearly demonstrated that their votes are not for sale to the highest bidder because they know that government price fixing and supply control mean lower, not better, farm income," he said.

"This election should end for all time the fiction that farmers want more government regulation and price determination in their business. The policies of Farm Bureau have been effectively vindicated as accurately reflecting the thinking of farm people."

If used to force prices to artificial levels, proposed nationwide or regional federal marketing agreements and order programs would bring the same results as other schemes which have been used in the past, Shuman said.

"Artificially high prices result in loss of markets to substitutes and synthetic products of the means by which the price is forced to an artificial level."

Farmer voting in commodity-by-commodity referenda on government farm programs provides no assurance of sound solution, the Farm Bureau head said. "Federal government programs do not work any better just because farmers vote for them."

In the light of recent election results in major farm states, "Congress should quickly discard such discarded ideas as the multiple price certificate plan for wheat, compensatory income payments, comprehensive supply control and other schemes calling for increased government interference in the farming business," Shuman said.

"In addition, we must look to the Congress to repeal the detrimental laws and legislative authorities that it has created in years past." The speaker listed four general areas of activity through which farmers can improve farm income.

1. Creation of a favorable economic climate. "The best economic climate for farmers will be one in which the budget is balanced and the power of economic groups brought into balance. While we look to government as a major factor in creating this climate, Farm Bureau has an important responsibility. We need to find ways to cause all citizens to understand the causes and effects of unwise government spending programs."
2. Controlling and reducing costs. This can be done by continuing to encourage cooperative purchasing organizations, and by further development of farm record, laboratory and labor services. There are also great opportunities for organized action to cut costs in the area of property taxes.
3. Expanding markets. "An important key to expanding markets, either at home or abroad, is to produce what consumers want. The market price system has proved to be the best way of translating consumer needs to producers. If we wish to expand markets, we must discontinue government price fixing in agriculture."
4. Increasing the market power of farmers. "We as farmers must organize our bargaining power in order to obtain the highest possible price consistent with continuing strong markets and to earn a better price by tailoring our production to the needs of the market. A better income to farmers must be earned through providing desired quantities and qualities of farm products where and when the market exists—not by forcing prices to uneconomic levels."

"Farmers have an important

## Merle Brown family to move to Wisconsin

The Merle Brown family, which has been making their home in Carrizozo for several months, plan to move to Milwaukee, Wisconsin, about the middle of January. Mr. Brown has completed his missionary dental course, the last part of which took him into Old Mexico.

With several other missionaries, he has entered into a Guaran language course. This Indian tongue is widely spoken among the Paraguayan country people and also by some Indian tribes.

Speaking of his return to the South American country, Mr. Brown says "We feel there are five Indian tribes, yet unreached with the Gospel, that can be evangelized in this language. There will be a family or single person going to each of these five tribes as we become proficient in the language."

"This group hopes to leave for the field by next September. At that time we are trusting the Lord to have supplied a new plane for us to take back (to a pilot). We should have the plane by next June so as to be ready to fly to the field and flight to Paraguay."

## GOP postpones its Victory Party

H. M. Shier, Republican county chairman, said this week that it was decided to postpone the GOP Victory Party until a later date, when highway conditions improve.

## News in Brief

- Prepare for brush removal**  
Charley and Stanley Crowder have moved their contracting equipment back into the county, preparing to pull brush on the Erramuncho ranch, and elsewhere.
- Country Club member party**  
Stoelholders and associate members of the Carrizozo Country Club and their guests will have a buffet supper and Christmas party Thursday night, Dec. 22, at the club-house.
- Returns for visit**  
Mrs. Clyde Gilbert of Salem, Ore., was in Carrizozo this week visiting Mrs. T. E. Kelley. Mrs. Gilbert was a resident of Carrizozo many years ago and will be remembered by many people of the community as Gertrude Kelley. She left Tuesday for Albuquerque for a visit with more friends.
- Annual District Court party**  
District Judge W. T. Scoggin and Mrs. Scoggin will give their annual Christmas party December 23 at their home in Las Cruces.
- Weather canceled out two basketball games**  
The basketball games that were scheduled between the Carrizozo and Tularosa grade school teams were postponed because of weather conditions.
- The Grizzly yearlings are coached by Howard Smith. The 6th graders playing are Dean McCollum, Larry Adams, Mike Petty, Jimmie Lock, Tommy Straley, Lee Hefner, Eddy Luna, Gilbert Lucero and Toby English.
- Seventh Grade roster—Eddie Lovato, Giffy Armstrong, Glen King, Richard Lopez, Freddie Delgado, Dusty Voss, Joe Beltran.
- Eighth Grade—Manuel Torres, Gerald Foxey, Rainmy Vigil, Howard Hoffman, Ralph Lopez, Conna Montano, Julian Chavez, David Stout, Bobby Herrera, Jimmy Lovato, Manuel Apodaca, Danny Armstrong, Del Kent.

## Santa's coming to Carrizozo

Santa Claus is coming to Carrizozo Saturday noon, Dec. 24. The Volunteer Fire Department has arranged for his visit again this year.

Bringing treats for the children of the community, Santa will go into action at the City Park.

Should the weather be bad, he will greet the youngsters at the Fire Hall.

## Silk Stockings wanted for Fort Stanton

Anybody know of a source for hundreds and hundreds of silk stockings?

Serafin Vigil, medical social consultant says the Ft. Stanton C. T. Department needs a mountain of ladies' silk or nylon stockings for rug weaving classes.

Perhaps a local club could adopt this as a rehabilitation project, or get a youth group in the county to convert one of its parties into a scavenger hunt for hosiery (a la UNICEF Halloween Trick or Treat night).

Please direct any inquiries to Mr. Vigil at Fort Stanton.

## Range lands to be deep ripped on contour

Approximately 1,000 acres of range land will be deep ripped on the Harvey Investment Company, Elbe-Silvera and War-Lovelace ranches.

The Federal Range allotments involved were contracted to Dillon-Eberhart of Stratton, Colo.

The work consists of ripping the soil to a depth of a minimum of 24 inches and as nearly as possible on the contour. Contractors will use a wheel-type soil saver ripper with two teeth spaced a minimum of 6 feet and a maximum of 7 feet apart and equipped with screw-type spinners for breaking the sub-soil.

Range land deep ripping increases over-all moisture penetration, reduces run off and erosion and results in a better environment for native range grass.

## Finds food value in the lowly tumbleweed

ALBUQUERQUE—An Albuquerque science teacher has been encouraging his students to do science projects, and wound up doing research himself, on the lowly tumbleweed.

He has since developed over 37 uses for Russian Thistle, ranging from fiber-board, and artificial paper to turkey stuffing.

His latest is a "Tumbleweed flour," with a crust of tumbleweed flour, a red-colored tumbleweed "seasoning" sauce, and tumbleweed spiced for flavor—that bakes in half the time.

The teacher, hiding under the name of Professor Sauerkraut, prefers to remain anonymous, until certain patents are approved.

## Up-range personnel have buffet supper at Country Club

The Up-range military, civil service and contractor personnel of White Sands Missile Range will have a buffet supper and dance at the Carrizozo Country Club on December 17, starting at 8 p.m.

The board of directors of the Country Club has generously extended the privileges of their club for this affair and Will Ed Harris of the Club will be the sponsor.

Major James Snow, CO of Station Site, says military bus service will be arranged from Socorro, Alamogordo, and the Up-range sites to Carrizozo.

This function will serve as a get-together for White Sands Missile Range Up-range personnel and their guests during this Yuletide season.

## Joint installation of Stars and Masons in Carrizozo Saturday

A joint banquet and installation of Comet Chapter of the Eastern Star and the Carrizozo Masonic Lodge will be held Saturday, Dec. 17, starting at 6 p.m.

The installation will begin at 8 p.m. The Rainbow Girls of Assembly No. 7 will serve at the banquet. Officers to be installed are:

Worthy matron, Mrs. Minor Thomas; worthy patron, Frank Wagner; associate matron, Gladys Wagner; associate patron, James Dines; secretary, Leona Brown; treasurer, Clara Lowe; conductress, Vernice Monroe; associate conductress, Gertrude Dines; chaplain, Frances Degner; organist, Mrs. T. E. Kelley; warder, Emma Degner, and sentinel, Don Monroe.

## Names drawn for 4-H Christmas party

The 4-H members of Carrizozo held their regular meeting December 5 at the home of Mr. and Mrs. Henry F. Kilpatrick.

Lola Dunlap was elected to fill two offices, song leader and recreation leader.

Names were drawn for the Christmas party to be held in the home economics room December 16, right after school is dismissed.

All girls in Home Living I are to bring 1/4 yard of flannel to this meeting.

## Missionary to show slides of Paraguay

Merle Brown, a missionary to South America, will show slides of Paraguay at the Noyal church this Thursday night, at 7:30 p.m.

Mr. Brown took the pictures during the seven years he was in that country.

## Dr. Robert Lucas

The News has received word of the death of Dr. Robert Lucas, who practiced medicine in Carrizozo many years ago.

His death occurred in September at Medford, Ore., where he was making his home.

## DEMOCRATS FEAR SENATE MOVE

Santa Fe — Democrats are still shelling out to a high priced Santa Fe legal firm in the hope of throwing out Republican Tom Bolack and putting in Albuquerque Joe Montoya as lieutenant governor.

Obviously they wouldn't give a hoot about the lost gov. job but this time they fear the possibility of a vacancy in the Senate which Gov. Ed Mechem would get by the device of resigning and being appointed to the place by brother Republican Bolack and then being hard to beat when he came up for election.

Mechem has vowed he wouldn't do such a thing but the Democrats don't believe him.

Bolack was certified winner over Montoya with a 288 margin.

## NAUGHT IN SIGHT FOR BURROUGHS

Talk about a federal post for lame duck Gov. John Burroughs was mostly intended to cheer him up from the November disappointment. Burroughs opposed the John Kennedy nomination and was accused by Kennedy backers in the New Mexico delegation at Los Angeles of giving two New Mexico votes to Lyndon Johnson that had been cast for Kennedy.

Burroughs hasn't disclosed where he goes from here. He has business in Portales and a radio station in Farmington. Talk about his being nominated again for governor in 1962 is also of the cheer-up nature.

## TOUGH DEMOCRATS LEADING RACES

Indications that Mack Eastley of Hobbs will probably be returned as speaker of the house and Fab Chavez of Santa Fe made floor leader of the senate augur a bad relationship between the Democratic legislature and the Republican governor's office.

Eastley is shooting for governor against Mechem in 1962 and Chavez is on the political make.

Rep. Jack Campbell of Roswell, going for speaker, and Sen. Ike Morgan, for floor leader, both Democrats, would be more likely to cooperate with the governor, but aren't likely to win the places they are seeking.

Some Demos are already talking about shooting bills through the legislature in the first few days of the session that are objectionable to Mechem and then objecting them over his veto.

## SEE A SHAKE-UP FOR GAME BOARD

Mechem is sure to shakeup the untouchable game commission as long as he is only putting it in order to any who object.

For decades the game commission has been left alone by governors except in unusual circumstances.

Gov. John Burroughs found such a circumstance last year and named a new board, all for five years instead of staggered terms and with four Democrats and one Republican, although the law said no more than three could be of the same party. Warden Fred Thompson seems secure in his place.

## ELECTION UPSETS SENATOR'S PLANS

The election was an upset for State Sen. Jesse Richardson of Dona Ana whose friends are telling that he preferred his place on the board of New Mexico State University to another term in the legislature and didn't run. Now he's likely to have neither.

His term expires at the end of this month and Mechem needs another Republican on the board.

UNM Regents Finley McGilvray and Dr. Ralph Lopez of Santa Fe whose appointments in 1935 by Gov. John Simms were regarded as intended to beef up the athletic program and UNM are expiring and are sure to be replaced.

It means another period of lottery for President Tom Pope, who never was too secure under Mechem boards.

## SWORN STATEMENT IMPERLS DEMOS

A sworn report filed in the office of the secretary of state by the state Democratic central committee listing bank loans of \$75,000 and \$2,000 for campaign expenses has placed the borrowers and the banks that state the loans in jeopardy of federal prosecution.

Federal law prohibits banks from making loans for political purposes and levies penalties ranging up to \$10,000 and two years in the borrower on both the lender and the borrower.

Seventy prominent Democrats headed by National Committeeman Tom Brown signed the \$75,000 note. The loan was reportedly made by an Albuquerque bank.

## STATEHOUSE IN A HURRY

Ed Mechem will probably ask Holm Bursum, Socorro banker and recent candidate for state treasurer, to serve as chief state tax commissioner, \$10,000 a year. State Secretary Betty Florina, who has been under fire of the Democratic organization, will have a choice of siding with Republican Governor Mechem or Democratic Attorney General Earl Hartley in controlling the statehouse janitor force. The three officials make up (Continued on back page)

**BILLIE CRUMLEY WEDS JIMMIE SKAGGS**

Miss Billie Crumley and Jimmie Skaggs were married at 2 p.m., Sunday, Nov. 27, in the First Assembly of God church in Lordsburg. The Rev. O. C. Kitchens officiated. Wedding music was played on the piano by Raul Arredondo and Mrs. J. T. Galney sang "Because."

Miss Crumley is the daughter of Mr. and Mrs. Earl Crumley of Lordsburg. Mr. Skaggs is the son of Mrs. Claude Flowers of Las Cruces.

Given in marriage by her father, the bride wore a street length gown of white lace over white crystal satin fashioned with a high neckline and full length sleeves. Her veil, of white nylon net, was attached to a headpiece fashioned in a tiara net with pearls. The veil was scattered with tiny white satin bows and tiny seed pearls. She carried a bouquet of white roses with centers of pink on a white ribbon.

Miss Betty Crumley, sister of the bride, was maid of honor. She wore a pink brocade tulle street length dress with black accessories. Her corsage was of white carnations, tied with a white satin ribbon.

Harold Mann served the groom as best man.

The bride's mother wore a light blue dress with black accessories. Her corsage was of white carnations.

A reception was held following the wedding, in the parsonage of the church. Mary Eaton served at the punch bowl and Mrs. O. C. Kitchens served the cake.

The couple will make their home in Lordsburg.

**Completes course at Naval Air Station**

Memphis, Tenn. (UPI)—Major Cpl. Ray K. Keith, son of Mr. and Mrs. G. C. Keith of Lordsburg, N. M., has completed the four-week aviation mechanical, fundaments school at the Naval Air Technical Training Center, Memphis, Tenn.

The course, which ended December 9, prepares graduates for study of the more technical phases of Marine Corps Aviation.

**Torrance County woman heads demonstration agents**

Miss Stella L. Tate, Torrance county home demonstration agent, Estancia, was elected president of the New Mexico Demonstration Agents Ass'n at their recent annual meeting.

Miss Lois Jasper, Otero county home demonstration agent, of Alamogordo, was chosen vice-president, and Mrs. Carmen V. Ortiz of Davis, Santa Fe county home demonstration agent, treasurer.

Mrs. Helen Stock, San Juan home demonstration agent, Aztec, is secretary of the organization.

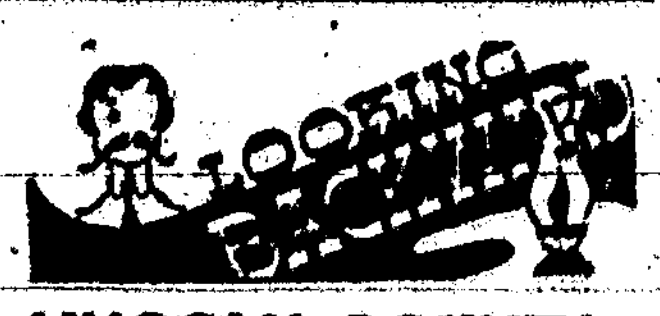

**Student assistance**

The Physical Science Laboratory of New Mexico State University, which holds many government contracts for research and development in rocket and space problems, hired 354 NMSU students in 1959-60. It paid them \$337,362, an average of \$953, and hired 62 students' wives with a payroll of \$109,367.

Special music at the Carrizozo Methodist Church Sunday services was provided by Miss Lorene Stummel; vocal solo, Raymond Lacland; violin solo, R. C. Pitts, accompanied by G. Ferguson; vocal solo, Miss Edman.

P. G. James, writing from their new home at Mesa, Ark., said: "We have a good orchard and vineyard and a pretty good house to live in and plenty of wood to keep the fire with."

Threshing was nearly finished in the Alto community and E. O. Finley bought steer and fat calves, loading them out at Captain.

Bryan Robison and Hugh Grafton were interested in getting a Sunday School started at Parsons.

The following rooms were added to the Junior Red Cross membership: Mrs. Lizette Virden, White Oak; J. W. Wilberth, Mesa; Ola Casey and Amelia Valdez, Honda; W. I. Brocchi of Alto leased his farm and ranch for three years and was to leave for Rio Arriba county.

Will H. Marr, the sawmill man, was attending to business in Carrizozo.

Tom Fitzpatrick left for Kansas City where he had a job on the KATV.

Tom McDonald, the Moching Bird Gap cattleman, was in town. He said he had a fine bunch of cattle and fair range, which will aid him in these hard times.

The appearance of "Tarzan" at the Crystal Theatre Monday night in his "Revenge," drew a large crowd.

**Letters to Santa**

(The News again is cooperating in bringing Santa Claus and his small train together.)

Dear Santa Claus:

My name is Carol Anne Harkey and I am almost 5 years old. I have tried to be a good girl (most of the time). Right now I have the chicken pox, so I don't feel too good.

Please send me a baby doll and a baby bottle. That's what I want most of all.

Please send Stevie something. He's 3 years old and he has the chicken pox, too.

Love, Carol Anne Harkey.

To Mr. Santa Claus, North Pole, U. S. A.

My name is Susan Harkey. I am in the second grade. My teacher is Mrs. Wilson. I want a buffalo hunter set and a record player most of all. I have the chicken pox. Right now, I'll be well before Christmas.

Love, Danny Harkey.

Mr. Santa Claus:

Please bring me a doll and a painting set and some high heels. I am in the first grade. My teacher is Mrs. Eaker from Carrizozo, New Mexico. I have been a good girl.

Luellen Harkey.

Dear Santa Claus:

My name is Susan Harkey. I am in the second grade and my teacher's name is Mrs. Wilson. Please give her something nice to make her happy.

I would like a Lovable Doll Baby with a bottle, and a Doll Stroller. What I want most of all is a sewing machine.

I hope I have been a good girl. I have the chicken pox, too, but I will be well by Christmas.

Love, Susan.

**Farm Bureau delegates take stand on issues**

(More on resolutions passed at the 49th annual convention of the New Mexico Farm and Livestock Bureau in Albuquerque, November 27 to 30)

**ASK STATE INCOME STUDY**

In other action, the Farm Bureau delegates supported a study on whether too much of the state government's income is earmarked for specific uses, a state law against compulsory unionism; extension of the Federal wool incentive program, due to expire in 1961; a curb on imports of foreign wool; a change in Federal law, making grazing on National Forest lands a legal right rather than a privilege; repeal of the new state law giving county commissioners power to condemn water rights for unincorporated municipalities; and easing of regulations limiting size of stock water tanks on New Mexico ranches.

Also passed was a resolution calling for an industry-wide agricultural committee to meet with the Board of Educational Finance and press for an immediate start on construction of the proposed Agriculture Building at NMSU. Support also came for an expansion of facilities at Las Lunas Hospital and Training School for retarded children.

The usual floor fight did not develop on the issue of whether to legalize sale of mescaline, a frozen desert made from cottonseed oil. Dairy interests customarily oppose such sale, and cotton interests support it; however, the convention voted that the State Farm Bureau take no action on the issue. No action was taken on the proposed San Juan-Chama project, which is also supported and opposed by various agricultural interests in the state.

The delegate body called for a state Farm Bureau committee to investigate the problem of declining school income from state trust lands, and invited the New Mexico Education Association, New Mexico Cattle Growers Ass'n and the New Mexico Wool Growers Ass'n to join the study.

The Farm Bureau delegates voted opposition to: Programs of medical aid to the aged that involve the Social Security system; the proposed wilderness reservation; and any extension of the "quibbo water rights" doctrine in New Mexico. The doctrine provides unlimited and prior rights in water to Spanish or Mexican "quibbo" grants. The state supreme court recently upheld the doctrine by a split vote in a case involving the city of Las Vegas.

Senior division first place winner of the annual Farm Bureau Talent Fund contest was a singer, Joe W. Jones, a college student from Dora who sang an aria from "Carmen." Jones won an expense-paid trip to the American Farm Bureau Federation convention in Denver, Dec. 12-15, to compete in the national Farm Bureau talent contest. Winner of the junior division contest was a mixed chorus of teen-age singers from Alamogordo High School, led by George Otto, director.

A 16-inch child's bike was given away by the theatre on Tuesday night, Dec. 13, for the benefit of the patients' fund at the hospital. Mrs. June Lucy had charge of the benefit. The winner of the bike will be announced next week.

Mr. Reed's wife and children were over from Roswell for a visit Wednesday in Carrizozo. A bright silver star seems to hang in the sky above the Manger. Inside the Christ Child, with Mary and Joseph leading by His crib. The Three Wise Men, the Shepherds and a live donkey and two live sheep are around the Manger.

There will be the usual decorated Christmas tree in every ward and a large tree in the lobby of the main hospital.

Two beautifully decorated trees adorn the east end of the main dining room, where the patients' Christmas party was held last night, the participation of which we will give to you next week.

**Yuletide decorations at Fort Stanton**

The maintenance boys were busy last week, wiring the evergreens on the lawn with bright, colored bulbs of every description, which is one of the most beautiful sights to behold when evening comes and the switch has been turned on, revealing so many glittering and sparkling colors in the darkness.

The Manger this year faces Ward No. 4 from its location on the baseball field. A bright silver star seems to hang in the sky above the Manger. Inside the Christ Child, with Mary and Joseph leading by His crib. The Three Wise Men, the Shepherds and a live donkey and two live sheep are around the Manger.

**Chest Clinics**

Dra. H. C. Jernigan and Nell Goldberg held chest clinics in the following towns on December 1 and 2 and the ex-patients listed below were in attendance:

Roswell — Kirby Lykins, Mary Merritt, Nellie Fincher, Willard Wren, Roy Chambers.

Carrizozo — Jessie Ann Burnes, Victoria de la Roca, James Donley, Josefa Carrasco, Luis Silla, Ricardo Travia, Pedro Lopez, Maria Nanc, Bartola Lopez, Louisa Rodriguez, Lorenzo Rubio.

Hobbs — Lilly and Gene McCommas, Peggy Ford, Thelma Perry, Rosa Ortiz, Theron Drallo, Romella Casterena, Jesus Chavez, Petra Croza, Jose Rios, Luis Hinojosa, Eva Campbell, Dorothy Hatcher, Colin Medina and Eulogio Eernandez.

Billy Palou and band were unable to fill their appointment in Fort Stanton, due to the storm.

**First Snowfall**

On Tuesday, Dec. 6, it was sleeting and freezing during the entire day and Wednesday morning we woke up to find the ground blanketed with three inches of snow, which was much appreciated by everybody. More snow came down Wednesday night and all day Thursday. The surrounding hills, as far as your eye could reach, were pure white and also the barren trees in Fort Stanton presented a wondrous wintry scene.

**Santa Fe seeks acquisition of Western Pacific Railroad**

Ernest S. Marsh, president of the Santa Fe Railway, Chicago, emphasized last week that if Santa Fe's pending application to the Interstate Commerce Commission to acquire control of the Western Pacific Railroad is approved, the Western Pacific will continue to operate as a separate railroad corporation.

In a brochure released by the railroad, Marsh stated that existing service, gateways, routes, interchange points and traffic arrangements, including competitive solicitation will be maintained.

The brochure states that "It was Southern Pacific's domination and the realization of the public of the need for competitive rail transportation which brought both Santa Fe and Western Pacific service to the San Francisco Bay area near the turn of the century—Santa Fe from the South and Western Pacific from Nevada and Utah.

"Experience has surely proved that these added services, and the competition which they provided, benefited the public."

**"For your information"**

Editor, News:

We hear so much about how much electricity it takes to operate a TV. For your information, the following out of "TV Guide": "The Kimble Glass Co., which makes glass envelopes for picture tubes, ordered a survey recently to determine what the average viewer pays for television. Here are some of the figures: The receiver costs an average of \$29.89 per year; repairs (somewhat high) come to \$40.36; average yearly electrical consumption is \$8.16; the TV set appropriation of comprehensive home insurance is about \$7.3 and house-to-house moving averages about \$2.

"We divided the total—\$81.14—by 1853, which is the Nielsen figure, on average number of hours of viewing per home per year. And that gives us a cost to the viewer of 4.3 cents per hour. The average

**Rosalie Dunlap hostess to Nogal UPWA**

The regular meeting of the Nogal U. P. W. A. was held in the home of Rosalie Dunlap. The snow was so deep and slippery the cars could not make it up the hill to the church.

Some of the women were able to drive their cars to the Dunlap's and Dudge LaMay in his pickup and Sam Cox with his Jeep brought the rest of the women there for the meeting. Eleven were present.

The devotional was "Candles of the Lord," a beautiful service of worship to discover the meaning of Christmas in our personal lives. Leora Zumwalt was in charge. The narrators were Faye Wooten and Elsie Snow. The candlelighters were Mollie Bosh, Dorothy Zumwalt and Rosalie Dunlap. Throughout the service, Eva Zumwalt sang several solos.

The lesson study, the last chapter of "The Hymn Book of the Ages," was led by Elsie Snow.

The hostesses, Mrs. Lena Kennedy and Mrs. Dorothy Zumwalt, served refreshments of apple pie, fruit cake, nuts and candies, with tea or coffee.

The next meeting will be in the church January 12.

**Annual Xmas program by Carrizozo Baptists**

Plans for the annual Christmas program to be presented by the Sunday School of the Carrizozo First Baptist Church have been completed by the leaders of each group.

The program will be presented at the church Wednesday evening, Dec. 21, at 7 p.m., and the public is cordially invited.

Following the program, sacked treats will be given each child present, reports A. A. Young, superintendent of the Sunday School.

**News Notes from Along the Bonito**

By LOUISE RUNNELS

Yes, we've had a change in the weather. Instead of hearing the hunters' guns echoing in the hills, we can often hear a buzzing wood saw at a distance. These natives have decided they'd better lay in a little more wood.

It was fun sleighing in the deep snow in the canyon until the welcome county grader scraped the roads. Down at Gil Peters' ranch the snow measured 15 inches and were they glad to see the grader? Tommy LaMay battled the roads with the blade until he had to go to bed with the flu, then brother John took over and worked until all the ranches and homes in this area had their roads cleared. School was out in Capitán for two days.

Charles Corder talked to his wife Eula on the phone Sunday night. Her sister, Mrs. Spartman, was recovering from her accident but is still in the Andrews, Tex., hospital. Eula will be with her indefinitely.

Mr. and Mrs. Troy Lane are living at Angus for a while.

The Currells from Tucuman spent the week end in their Bonito cabin. They went by Roswell and got their son, Greg, who is at the N. M. I., and had two days' vacation and brought him home for a rest and some fun sleighing in the snow.

Mr. and Mrs. Joe Cos and Mr. and Mrs. Lloyd Cos were on the Bonito Sunday visiting relatives.

Glenda Peters has had the flu but is able to go to school this week.

Manuel Jones from Carrizozo was on the Bonito Sunday, checking their Mills Canyon cabin and visited his parents, Mr. and Mrs. D. O. Jones.

Major Jim Snow and sons from Nogal spent Sunday with Mr. and Mrs. Roy-LaMay and family.

Arvel Runnels and Melvin Cos went to Ogragrande on Monday on business. They cut wood for Alice Wright on Saturday.

Merry Christmas to some of the nicest people in the world who live and have lived in Lincoln County... Play Sidner, Nogal, who's confined to his home, but has a cheery word for everyone.

**Birthdays**

Mr. and Mrs. Paul Mayer, Arizona, Mrs. Mayer was the first in Ruidoso to have an Indian curio store and she and Mr. Mayer made many friends among the Indians, along with their countless admirers... Uncle Bill and Aunt Mollie Copeland, Ruidoso Downs. Uncle Bill drove a school bus from Alto to Capitán when roads were never graded and schools seldom turned out all the snow really piled up—while Aunt Mollie kept wood in the stove and made all the Alto kids happy often with a dancing party, teaching them to schottische, "put your little foot" and the two-step.

Mr. and Mrs. Barney Luck, California, kept the Alto store and post office open without modern conveniences... Mrs. W. N. Hightower, Alto... Tom Dragg, Bonito and El Paso... Mr. and Mrs. A. N. Runnels who "toughed it out" way up South Fork when their twins Robert and Rayford were born and Mr. Runnels took care of the SP water intake (the worked for the SP over 40 years)... Mrs. Pearl Stearns, Nogal's faithful postmistress... Mr. and Mrs. A. B. Zumwalt Sr., Nogal and Carrizozo.

Mrs. Ada Sollaro, Mrs. Made Edmonson and Mrs. Leo Robinson, Capitán; Mr. and Mrs. O. B. Shoel, Las Cruces; Mr. and Mrs. Herbert Reddy, Ruidoso Downs; Mr. and Mrs. Frank English Sr. (the was one of the first real carpenters in Ruidoso and Carrizozo) Mrs. Frank English Sr., who for 30 years helped run Rolland's Drug Store in Carrizozo, making each customer feel like they were the first and most important coming in... Mr. and Mrs. George McCarty, Ruidoso; Mr. and Mrs. Bert Pfingsten, Hondo; Wilbur and Louise Coe, Glencoe; Milt and Louise Massey, Picacho; Jewel and Ralph Bennell and Mayme Perry, too, of Glencoe; Mrs. Ora Tully, Glencoe.

Mr. and Mrs. Jake Fulmer, Carrizozo. Jake kept the only telephone system going for years... Mrs. Mattie Kelley and Mrs. Geo. Dingwall, Carrizozo... Our Lincoln county doctors and nurses who are real help in time of need... Our preachers of every denomination... Hugh Grafton, Lincoln; Fount Miller, Hollywood, N. M.; Mrs. Epstien, Ruidoso, who was a nurse in Carrizozo Hospital for years, and Mrs. (Dr.) Caylor, who still nurses in Ruidoso Hospital, and Mr. and Mrs. Wade King who worked for a long time in the Ruidoso Hospital...

Mr. and Mrs. Ray Hubbard, Tucuman... Our J. S. C. who writes Fort Stanton news and some good true stories... Mr. and Mrs. Fidel Trujillo Sr., Ruidoso Downs; Mr. and Mrs. Doodle LaMay, Nogal; Mr. and Mrs. A. P. Sifton, who are getting their Lyric Theatre in Carrizozo ready for our entertainment... Mrs. Rose Sifton, at Las Vegas; Mr. and Mrs. Monroe Howard, Capitán; Adonio Montoya out Richardson way and Adolph Lobner at Jicarilla, where that's gold in them there hills; and Merry Christmas to our dentists in Ruidoso!...

In Capitán, don't forget Mr. and Mrs. Hunt Hobbs. Hunt usta be our best cowboy and Mrs. Hobbs our Capitán postmistress... Mrs. Gussie Titsworth, wherever she may be... Mrs. Keller, Arkansas, who helped Mr. Keller (deceased) raise seven girls on their High Mesa ranch near Nogal, now owned by Calls of Roswell... Mrs. Maude Fritz, Carrizozo; and all of her daughters: Mrs. Clark Hust, Las Cruces... all the nice folks in and around Corona and Ancho, Claunch and Mountainair... Lynn Storm Sr., Glencoe... Congratulations and good luck in the New Year to both our Lincoln County newspapers, editors and wives and families. Both papers are fine.

**GOOD NEWS**

Sponsored by the Tri-C Ministerial Alliance

Are there not some in your circle to whom you naturally betide yourself in times of trial and sorrow? They always seem to speak the right word, to give the very counsel you are longing for. You do not realize, however, the cost they had to pay ere they became so skillful in binding up the gaping wounds and drying tears.

But if you were to investigate their past history you would find that they have suffered more than most. They have watched the slow untwisting of some silver cord on which the lamp of life hangs.

They have seen the golden bowl of joy dashed to their feet and its contents spill. They have stood by ebbing tides and drooping gourds and noon sunsets; physicians, the priests of men; these trials have made them.

The boxes that come from foreign climes are clumsy enough; but they contain spices which scent the air with the fragrance of the Orient.

Suffering is rough and hard to bear, but it hides beneath it discipline, education, possibilities, which not only leave us nobler, but perfect us to help others. Do not fret, or set your teeth, or wait doggedly for the suffering to pass, but get out of it all you can, both for yourself and for your service to your generation, according to the will of God.—Selected.

"If I am in distress, it is for the interests of your comfort, which is effective as it nerves you to endure the same sufferings as I suffer myself. Hence my hope for you is well-founded, since I know that as you share the sufferings you share the comfort also."—(2 Cor. 1:3, 7) (Moffat's translation.)

## Corona school busses struggled thru snow

Corona's biggest news this week is the weather. Many ranchers have been snowed in, with roads almost impassable in places.

School busses made it in last week up until Friday when school was dismissed. School turned out at 1:30 p.m., Monday and Tuesday morning found it snowing again.

School was held Monday and Tuesday, although not all of the busses made it in the first part of the week.

Fred Lackey took his new pickup a four wheel drive, to get part of his students Monday, leaving his school bus at Cedarvale before reaching Cedarvale his pickup turned over. No one was injured and only slight damage was done to the pickup.

Mrs. Clara Bryan recently visited her daughter and son-in-law, Mr. and Mrs. Derrell Ashby, in El Paso.

Mr. and Mrs. Charles Hughes have a new baby girl, Lisa Jane, born December 11. Mrs. Hughes is the former Miss Sue Sharp, daughter of Mr. and Mrs. R. L. Shapp. Mr. Hughes is a teacher in Corona High School. The new daughter was born at Las Vegas Hospital at Las Vegas and weighed 6 pounds and 2 ounces.

Mac Bill Patron has been in the hospital at Carrizozo. Her mother, from Denver, Colo., is here this week.

## Inside the Capital

the capitol custodian board. The janitor payroll is good for laughs but it's the second biggest payroll in the capitol. Demo National Committeeman Tom Brown has joined Sen. Clint Anderson in backing State Chairman Sebastian Cerna. Some have been defending his resignation. Lawyer Dick Robinson who was attorney general candidate for Congress, candidate for attorney general, candidate for corporation commissioner and now \$12,000 lawyer for the bureau of revenue, is after the U. S. district attorney post, \$16,000 now held by Republican Jim Burland.

## EPNG Woman's Club plans Christmas party

The Women's Club at the El Paso Natural Gas Station held a meeting Thursday, Dec. 8, to plan for their Christmas party, which will be Thursday, Dec. 22.

The Corona Cardinals won their fifth game of the season at Estancia Monday night, Dec. 12. The score was about 38 to 26. Coach Brister substituted some of the B string to finish out the game and in the fourth quarter Estancia made 11 points.

The B team lost to Estancia by a slim margin.

Patricia, John and Margie Plant, three of Mr. and Mrs. A. M. Plant's five children, were in the Carrizozo Hospital with the flu the first of this week. Also, Scotty Burt, son of Mr. and Mrs. Richard Burt, was in the hospital with a throat infection this week. Many others were sick with colds and flu.

Mr. and Mrs. Stanley Martin of Rowell have a new baby boy, Ronald Henry, born December 10. Mrs. Martin is the former Miss Jan Eford, daughter of Mr. and Mrs. C. O. Eford of Corona.

## Lions Club broom sale on this week

Bad weather conditions last week end caused postponement of the Carrizozo Lions Club broom sale. Weather permitting, members of the club will be calling around this week end in the role of Fuller Brush men for the benefit of the Christmas baskets fund.

## Initiated into Eastern Star

Miss Leo Adell Baker was initiated into the Portales chapter of the Order of Eastern Star last week in a formal ceremony. Miss Baker, whose home is at Carrizozo, is a junior at Eastern New Mexico University.

The Lincoln County Clerk's office has issued a marriage license to Karen LaNell Ellis, 16, and William G. Mitchell, 27, both of Carrizozo. The couple were wed December 12 by R. L. Sherrill, justice of the peace.

## Tomorrow will bring bigger problems for America's homemakers

University Park, N. M.—The homemaker of tomorrow will handle much more money than she does today, but she will find it more difficult to meet the expanding needs and desires of her family. This means that the homemaker must become a better business woman and a better manager of both time and money.

Reagan V. Brown, rural sociologist with the Texas A&M Extension Service, told 150 county and state extension workers at their annual conference here last week.

Brown said there will be new developments in nutrition, housing and clothing that will make existing knowledge and skills obsolete. Many additional home appliances will be available. The homemaker will need to know how to purchase, use and care for more and more complicated and expensive equipment.

The sociologist predicted that more people will live in the rural areas than ever before. A large segment will be non-farmers. Urbanization of the countryside will be accelerated. Rural and urban communities will continue to come closer together.

"By 1975," Brown said, "American agriculture will need to supply an estimated 50% more livestock products and one-third more crops if we continue at the same rate of consumption."

"All this must be done with a decreasing number of dirt farmers. This leads me to the conclusion that the man who can stay on the farm will at least have more people to buy his products, making his position in agriculture more favorable."

"Truly the farmer of tomorrow as never before will be a citizen of the world and he will need a much broader understanding of public affairs."

W. B. McAllister, Portales dairyman and president of the New Mexico Farm and Livestock Bureau, talked to the extension workers on "Extension-Farm Bureau Relations."

"The Farm Bureau needs your help in formulating its programs and I am fully convinced that the

## Carrizozo Woman's Club contributes to N. M. Boys' Ranch and 'Care'

By CLARA BAKER

At the December meeting of the Carrizozo Woman's Club last Friday it was reported that nearly a hundred dollars was realized for the New Mexico Boys' Ranch and over forty dollars for CARE. The money was raised by the rummage and bake sale held by the club last month.

Mrs. C. A. Snow, chairman for the Sears & Roebuck Achievement Program, gave a short report on the plans to improve the parks and establish new parks in and around Carrizozo.

Mrs. T. E. Kelley, program chairman, had Janice Turner and Linda Stearns lead the club members in singing Christmas carols: "Joy to the World," "First Noel," "Silent Night" and "Deck the Halls With Holly."

Janice and Linda sang "It's Beginning to Look a Lot Like Christmas" and "O, Holy Night." Mrs. Kelley played the piano accompaniment.

The clubrooms were beautifully decorated with Christmas wreaths, holly, evergreens and lights and a small tree, enhanced the mantel, while a fire burned brightly in the fireplace.

As the devotional, Mrs. W. F. Ball read the Bible's "Christmas Story."

In the social room, the serving table was covered with an exquisite linen cloth and centered with a miniature Christmas tree made of artificial fruit.

The refreshments were dainty sandwiches, cut in the shapes of Santa Claus and Christmas trees; Christmas candles, cookies and nuts. Spiced tea and coffee were served from a beautiful silver service.

Hostesses were the Meses, Kelley, Stephenson, Roy Shaffer, Frank English and Miss Minnie Neill. Mrs. A. N. Spencer assisted.

Speakers stress importance of land at Soil Conservation Districts convention

Farmington, N. M.—Speakers at the 14th annual convention of the New Mexico Association of Soil Conservation Districts here reviewed future demands for food and living space, expressed the need for conservative use of our natural resources, and discussed the declining public interest in agricultural programs.

Association members re-elected their entire slate of officials for the coming year and association officials and supporters of the soil and water conservation program in the state handed out awards to outstanding cooperators and program participants.

Re-elected were J. L. Merritt, Yeso, president; W. P. Cater, Cerro, first vice-president; Bruce King, Stanley, second vice-president; and Joyce Laumbach, Solano, secretary-treasurer.

The J. D. Coggins Company of Farmington presented plaques to the following outstanding district cooperators: Jack Dean, Willard rancher; Haywood Helde, Lovington farmer; and Donald T. Wiggins, Wagon Mound, supervisor of the Mora-San Miguel Soil Conservation District. Coggins representative Joe Barnhardt, Albuquerque, presented the plaques.

The Carlsbad Soil Conservation District received first place awards from the state association for its outstanding soil and water conservation program in 1959-60. Draper Brantley of Carlsbad, is district chairman. Second place award went to the Macho District. J. L. Merritt, Yeso, is chairman. Plaques were presented by H. C. Phares, manager, El Paso district, Good-year Tire and Rubber Company, which sponsors the awards.

Speaking on future demands for land and water, Gladwin E. Young, deputy administrator, ECS, Washington, said, "In the immediate period ahead, agriculture will continue to be faced with the price depression problem. This is well illustrated by the following statement made at the National Agricultural Outlook Conference in Washington recently:

"Total farm production in 1960 is now expected to establish a new all-time record high—29% above the 1947-49 average. This increased output is being achieved by around 50% fewer farm-workers and on 5% fewer crop acres. . . . The average

of 28 field crops now stands at 40% above the 1947-49 average."

The administrator pointed out that future demands for land and water in the United States are going to increase tremendously in the immediate years ahead.

In his annual report to association members, President J. L. Merritt outlined success of district programs in 1960. He said, "I believe tax records would show that for each dollar that the state of New Mexico has appropriated for district programs, the return has exceeded \$15."

"We have achieved increased productivity and more efficient operations by working together as good neighbors. As agriculture becomes a smaller and smaller segment of our nation, our voice could be lost if we do not increase our efforts to explain our situation and maintain understanding of our problems by all Americans," he added.

**Dormitory authorized**

Another new men's dormitory has been authorized by New Mexico State University's Board of Regents. The dormitory will house 310 men. Its cost is estimated at \$900,000, to be paid by room rent. It will be similar in design to a new 620-man dormitory.

Mrs. Albert Kimbrell of Picocho underwent surgery Monday at St. Mary's Hospital in Roswell. The operation was successful.

Kenneth Barnhill, chief probation officer for the Third Judicial District, was a Carrizozo business visitor Monday.

A pickup driven by Willo Vega overturned on the White Oaks Tuesday. There were no injuries.

Patient: Tell me the truth, Doc. What's the trouble?  
Doctor: Well, I'm not quite sure. But if you were a building, you'd be condemned.

A FIGHT MAN is the one who isn't afraid to ask the clerk to show him something cheaper.

Requested the patient, "Doctor, if there is anything wrong with me, don't frighten me half to death by giving it a long scientific name. Tell me in plain English."

"Well," the doctor replied hesitantly, "to be perfectly frank, you are just plain lazy."

"Thank you, doctor," murmured the patient. Now give me the scientific name so I can tell the family."

"Goodness, George, this isn't our baby!" the wife exclaimed. "It's the wrong carriage."  
"Shhh, this one has tires."

The patient complained, "Ten dollars is a lot of money for pulling a tooth that just takes a couple of seconds to do."  
"Well, if you wish," purred the dentist, "I can pull it very slowly."

## 10-year-awards for Extension Agents

Ten-year service award certificates were presented to state and county extension workers at the conclusion of the annual Extension Conference at New Mexico State University. Right to left, Dozman Broekey, associate A-H club leader; Ralph Dunlap, Lincoln County extension agent; Stella Tate, Torrance County home demonstration agent; Reba Smith, home management specialist; and Phil Sanchez, associate Valencia County extension agent.

## New Light Cheese Cake

Always a festive dessert, cheese cake now has a new streamlined personality. Created in Carnation Company's test kitchen, it's feather-light, color-creaming, and so easy — with no baking. All this because the instant crystals of non-fat dry milk you require for everyday drinking and cooking convenience, also whip! So out with the old-fashioned heavy whipped cream, and on with the new "magic crystals" that will take you to delicious light-hearted desserts.

**NO-BAKE CINNAMON CHEESE CAKE** (Makes 8-10 servings)

- 1 package (3 1/2 ounces) vanilla pudding mix
- 3 tablespoons (3 envelopes) unflavored gelatin
- 1 1/2 tablespoons cinnamon
- 2 cups water
- 1/2 cup sugar
- 2 egg yolks, slightly beaten
- 1 cup cream-style cottage cheese
- 1/2 cup instant non-fat dry milk crystals
- 1/2 cup ice water
- 2 tablespoons lemon juice
- 1/2 cup sugar
- 2 egg whites, stiffly beaten

Combine pudding mix, gelatin, cinnamon, 2 cups water, 1/2 cup sugar and egg yolks in saucepan. Cook over low heat, stirring constantly, until thickened. Cool thoroughly. Beat cottage cheese until creamy. Add pudding mixture and continue beating until mixture is blended.

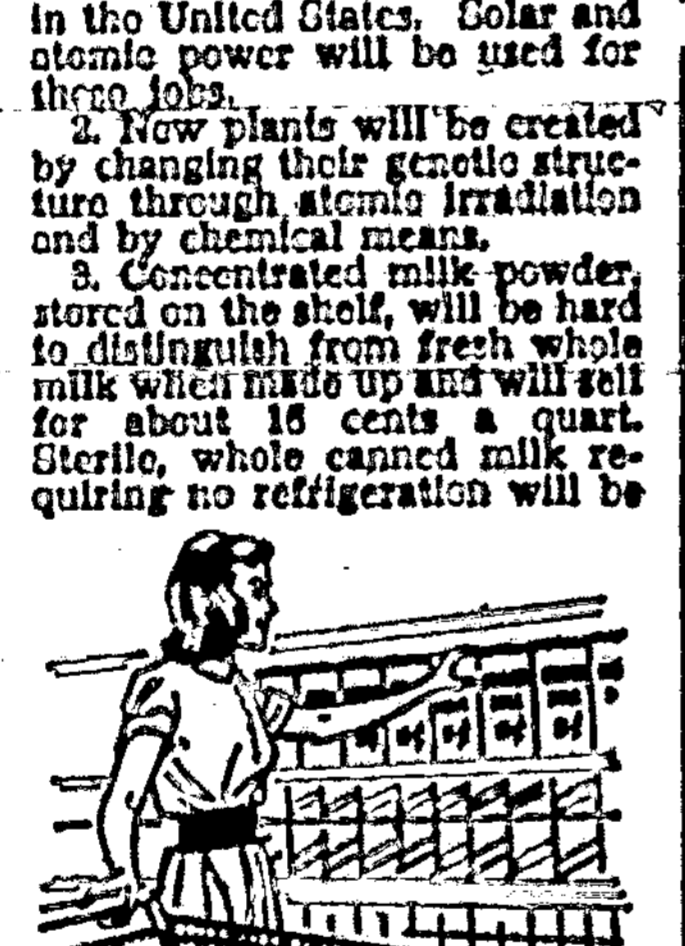

Combine instant crystals and ice water and whip until soft peaks form (3-4 minutes). Add lemon juice and continue whipping, while gradually adding 1/2 cup sugar, until stiff peaks form (3-4 minutes longer). Fold whipped instant crystals and egg whites into pudding mixture. Pour into 9-inch spring-form pan. Chill until set (about 3 hours). Remove sides of spring-form pan and garnish with maraschino cherries.

• Crumb Mixture: Blend 1/2 cup fine cinnamon graham cracker crumbs with 1 tablespoon sugar and 1 tablespoon melted butter. Press crumbs over bottom of 9-inch spring-form pan.

**FARMING AROUND** By Mark Welsh

An imagination is a sort of built-in helicopter that lifts you high enough to see over the horizon. Sometimes the view is hazy; certain people can see more clearly than others even on a cloudy day, and some neither believe nor understand what seems obvious to others. Only time will tell, but there are some of the things that have been reported as being seen over the hill called the future:

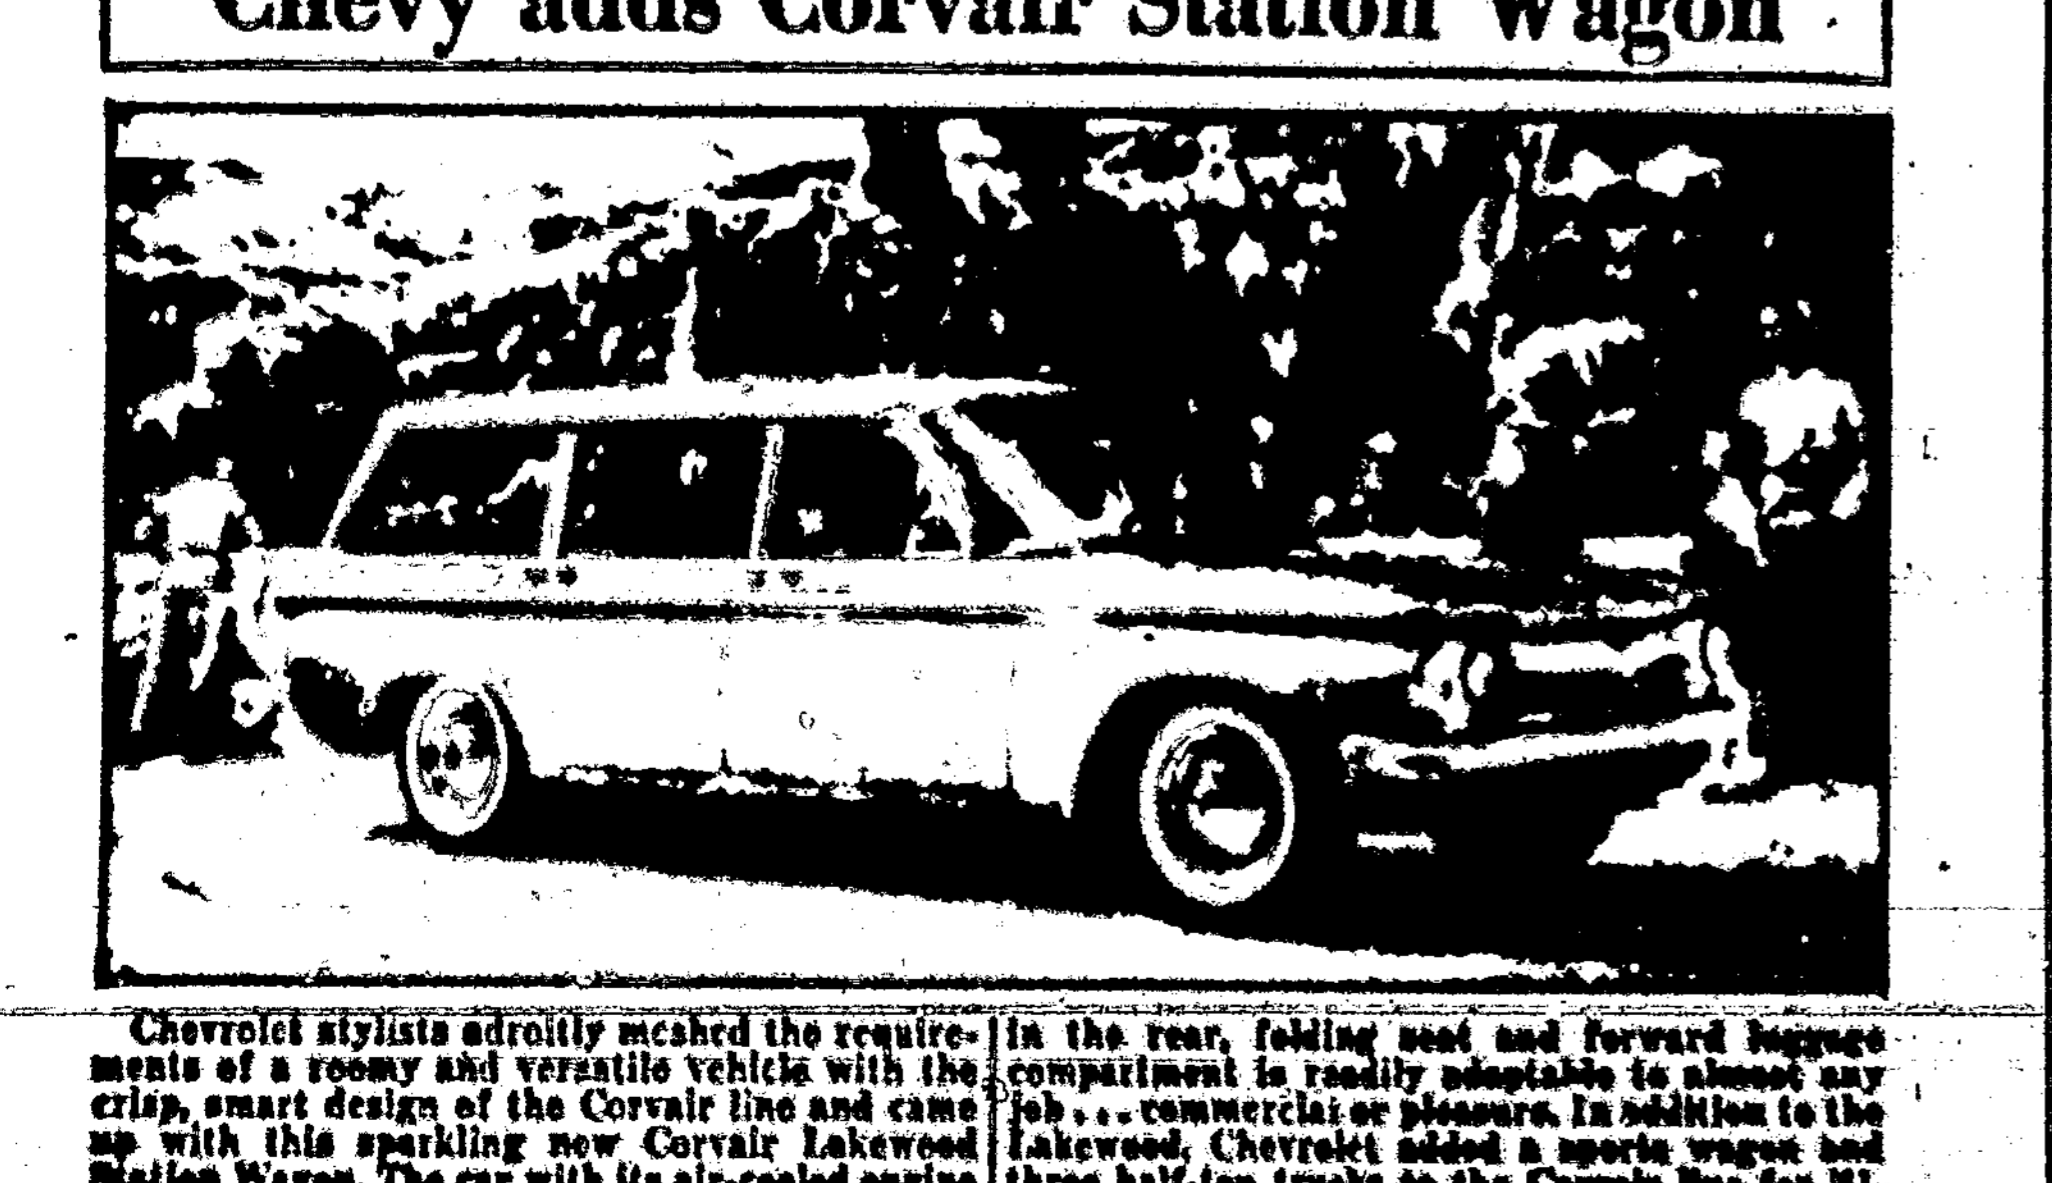

- De-catted sea water for city use and farm irrigation will be pumped over the country as oil and gas.
- Irrigation ditches along regularly about half the fresh water used in the United States. Solar and atomic power will be used for these jobs.
- New plants will be created by changing their genetic structure through atomic irradiation and by chemical means.
- Concentrated milk powder, stored on the shelf, will be hard to distinguish from fresh whole milk which mixes up and will sell for about 18 cents a quart. Sterile, whole canned milk requiring no refrigeration will be sold for about 18 cents a quart. Milk concentrated much like orange juice is on the way and whole milk in the form of crystals has been made.
- Ruminant animals, like cattle and sheep, depend on the micro-organisms in their rumen to break down and digest much of the grasses and forages they eat. A special chemical diet will be developed to accelerate this natural digestion and such ruminants will make astounding weight gains on cheap feeds.

A pot of daffodils was not necessarily a decoration in centuries past. Soaking the feet in a pot of hot water, mustard, and daffodils was another supposed ticket to a cold cure.

Today, a new medical discovery shows amazing results. Phenyl-Drone, a revolutionary technique, relieves sinus congestion, head cold and post nasal drip with action plus medication, threatens to make ordinary sprays and tablets obsolete.
