District census office set up at Las Cruces
Establishment of a district office for the 1960 census of population and housing at Las Cruces has been announced by Director Francis H. Wilmer of the Census Bureau's regional office at Denver.

Arthur Slater will be supervisor of the district office. He will direct a force of 25 crew leaders and 335 census takers in the following counties: Catron, Chaves, Curry, De Baca, Dona Ana, Eddy, Grant, Guadalupe, Hidalgo, Lea, Lincoln, Luna, Otero, Quay, Roosevelt, Socorro and Sierra.

Taking the 1960 census nationally will require the services of 160,000 enumerators, 10,000 crew leaders and 400 district supervisors, all temporary workers. The district supervisors, working under the general direction of the permanent regional field directors, are responsible for all phases of the census in their districts.

Prior to the start of the census all households will receive in the mail an Advance Census Report Form, a new census-taking device which is designed to speed up the field canvass and provide more accurate statistics. Distribution of this form, which contains the basic population and housing questions, gives the family a chance to assemble information about each member in advance of the census taker's visit.

Plan outstanding woolgrowers meet in Albuquerque
Albuquerque (Special)—New Mexico Wool Growers Association, the state's oldest livestock organization, representing New Mexico's oldest livestock industry, meets in Albuquerque February 7-9 for their 57th annual convention. Some 1,000 sheep producers from all parts of New Mexico and other sheep producing states are expected for the three-day meeting.

Ward W. Lee, San Mateo, president of the organization, reports that this year's program is one of the most outstanding that the association has ever scheduled. Several nationally prominent speakers, authorities in their fields, have been invited to speak.

The biggest problem facing the sheep industry today is the over-increasing imports of lamb, both frozen and live, from Australia and New Zealand, Lee said. This subject will be thoroughly discussed by Dr. Gordon Shultz of the California Department of Agriculture, probably the nation's best informed person on the subject, Lee added.

Other speakers include Dr. W. H. Lovelace II, director of the Lovelace Clinic in Albuquerque, who will discuss this nation's race to get a man into outer space; Harold J. Jenson, Casper, Wyo., president of the National Wool Growers Ass'n; Ben Clyde, Heber City, Utah, president of the American Sheep Producers Council; Ed-

Services in Fort Stanton for George Watkins
George Watkins of New York State died last Monday night, Jan. 18. The funeral was held Wednesday morning in Fort Stanton, with Father Chavez of Carrizozo conducting the same.

Mr. Watkins at one time was chairman of Los Amigos Club and had many friends, who will miss him.

Funeral services were held at the home of Mrs. Anselmo Gutierrez, Henry Sanchez, Benny Dalton and Ramon Prudencio. Interment was in the Fort Stanton cemetery.

Mrs. Pablo Chavez and family of Lohmar, daughter and son-in-law, of Roswell, were here last Sunday afternoon for a visit with Mr. Chavez of No. 3.

Addie Qualls and Dixie Sparks have heard from Mary Louise Arguello of Albuquerque. She is glad to be home, but really misses her many chums in Fort Stanton and sends best regards to all.

Plumber Stanley Good is quite busy these cold days, with leaky water faucets, outdoor water mains and bathroom fixtures. As he puts it: "In here, there and everywhere, from the time I get up in the morning until I go to bed at night; but it's got to be done and I just follow the day's routine."

The maintenance crew also has had it pretty rough in this cold weather, but they grit their teeth and get on with the work, from Monday through Friday and never shirk their duties. Those boys are always in a good mood.

Mrs. Morris of Roswell visited her husband, Red Morris, here last Sunday.

The hospital has a brand new 1960 Ford ambulance and made the first trip to Albuquerque last week.

The influx of Fort Stanton visitors has diminished to some extent due to inclement weather, which has made traveling very hazardous. People have been taking to the highways only in case of great emergency, which has been wise.

The Academy of Beauty Culture is turning out so many beautiful and varied coiffures of late that we've been thinking seriously of holding a beauty contest, come Easter time. We have the natural brunettes, redheads, blondes and grays. One day we see a blonde turn into a platinum blonde and the next day she is transformed into a silvery gray. The hair styles are very becoming and even some of the stronger sex are taking to the fad.

Orderly Ignacio Torres of Hondo has entered the political field and has announced for commissioner from District 1. Torres comes from a very prominent family of the Hondo Valley, being the son of Mr. and Mrs. Martin Torres. Fort Stanton should back one of its boys 100%. He is well acquainted with the needs of the people of this district.

A newcomer went to the beauty parlor to ask for an appointment. After asking him up from head to foot, Emma told him: "We take no strangers, and besides, this is not the machine shop. When they adjust you there, they will gladly direct you to the paint shop. New go!"

And then, there was the old Navajo who went into the O. T. Department and wanted a bottle of "La Coptis" wine. When they finally made him understand that no liquor was sold there, he indignantly burst out: "Where I come from, Indians can buy whiskey, anywhere—I go back right now!" And he slammed the door after him.

A new TV set was installed in No. 3 last Thursday afternoon by Electrician Paul Galego.

Diego Espino was absent from her duties in Fort Stanton for several days, due to injuries sustained when she slipped and fell on an icy walk in Capitan on the night of January 16. Sorry, Dixie, and we wish you a speedy recovery.

Mr. and Mrs. Ricardo Flores are back on duty after a month's leave which they spent visiting points on the West Coast, from Los Angeles to San Francisco. On the return trip they visited Nogales, Sonora, Mexico and Douglas, Ariz.

Joe Archuleta of Las Vegas and Joe Duran of Holman are new arrivals in Fort Stanton.

Eppie Candalaria of Roswell visited her daughter, Olympia (Wimpy) last Saturday. Glad to see you, Eppie.

"Does it matter how long I hold a check?"

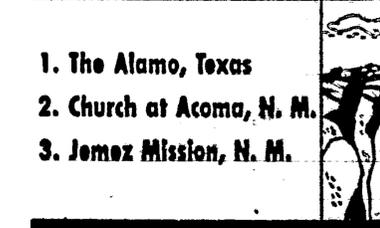

Yes—a check you receive should be deposited or cashed promptly, lest it be refused because of "stale date"; your own checks should be held as long as needed to prove payment. Here are other helpful pointers on checks: The proceeds of an out-of-town bank check you deposit with us are yours to withdraw only when we have had time to collect from the bank; a check you write should not be dated ahead, lest circumstances change. News Notes from Along the Bonito

By LOUISE RUNNELS

All the summer homes on the south side of Bonito creek are still surrounded with snow, even though all this week we've had fair weather, between 10 degrees and 20 degrees at night.

Mrs. Lois Morris is in Roswell this week visiting her mother and Mr. and Mrs. Ward. She also planned to see Mr. and Mrs. A. Z. Scroggins while there.

Mr. and Mrs. Jack Pfingsten and family from El Paso were in Carrizozo Saturday for Mr. and Mrs. McDaniel's golden wedding celebration. In the afternoon Bobby (Texas) Bob Pfingsten, Roger McDaniel, Tommy Snell (who is staying with his grandpa, Walter in Nogal) and Ben Pfingsten came to Bonito City to visit awhile. The young folks missed seeing Robert Runnels who had gone with the Captain basketball team to Hagerman to play.

What a nice surprise the Youngs had this week. Charlie Ward in his new suit gave Ira and Gill a new outfit. This was a bonus for working for Charlie last year on the Mountain View-Homes Inc. Villa June Young is now employed on the staff at Ruidoso-Hondo Valley Hospital.

Ben Pfingsten was on the Bonito Monday on business. He takes orders for any kind of stock or poultry feed for OK Woodby Mills. Over from Carrizozo to visit at the new LaMay Ranch on Sunday were Mr. and Mrs. Joe West Sr. They had to check on little (almost three-month-old) Megan, and found her in good shape, kicking up her heels and smiling to show she had to be in this great wide world.

Mr. and Mrs. Walter Meeker from Ruidoso had their 13th wedding anniversary dinner with the Corderis at Angus on Sunday.

Mr. and Mrs. V. Stones from El Paso, their son and nephew, spent the week end in their cabin at Angus. They drove up around Bonito dam Sunday.

Joe and Carter Electric Co. of Ruidoso are also "pipe thawers" and are in demand lately with their machines. They went from Ruidoso to Nogal Lake to thaw water lines for the city of Alamogordo on Sunday. They found quite a bit of pipe thawing necessary; also thawed water lines for J. D. Faulkner at Bonito dam; then a night's work thawing when they got back to Ruidoso. You can keep, come spring, boys!

Mr. and Mrs. Tommy LaMay from Philadelphia Canyon spent Sunday with Mrs. Lloyd Coo and children who have had a bad time with colds and the flu.

Mr. and Mrs. Collins Walker are lucky folk. They just take off any time they want and go—this week to "Deming" to visit an aunt and uncle. Mr. and Mrs. Claud Guenz say there is lots of cultivation in progress there. On their way home they went by El Paso where their daughter Martha and family live. They brought their 4-year-old granddaughter Cheryl Lynn to be with them at Angus for a while.

TALKING BACK

By HOMER REID

It's to be expected that a columnist such as this, dealing with truths that are subject to many interpretations, will be open for criticism and used as a means of promulgating some ideas that apply only to specific cases and do not cover the "broad" interpretations that necessarily must be touched on here. A letter from Nina Perry Taylor states:

"Here is a pin to prick Jack and Homer Reid for their pompous verbiage. Indicate a lot of hot air. Beating the bush about a code of ethics does not face the truths as they are found in the Bible."

"A minister's mission is stated by Christ in the great commission Matt. 28:18-20: 'All power is given me in heaven and in earth. Go ye therefore and teach all nations, baptizing them in the name of the Father, and of the Son and of the Holy Ghost; teaching them to observe all things whatsoever I have commanded you.'"

"Mark 15:16 says, 'To every creature Gospel is summarized in Stephens sermon before Saul of Tarsus in Act. 7. What Christ commanded is comprehended in Matt. 5, 6 and 7. This Sermon on the Mount leaves little doubt that he taught a way of living as well as believing. I think real searchers need more actual quoted references.'"

I must agree with Nina Perry Taylor that "actual quoted references" is good but to pick a verse from out of a book without any connection with the context—either immediate or remote, leads to misunderstanding. The truths of the Bible are eternal and unchanging, that is true; but our understanding of them changes from year to year—even from day to day, and using contemporary language and contemporary thought patterns clarify some otherwise obscure passages in the scriptures.

We received a wonderful letter from Mr. Fred L. Boughner of Albuquerque with more material in it than I could ever include in this column—also some tracts, pamphlets and booklets that will keep me busy for a long time reading them. I want to quote one portion of his letter at this time, however, because it indicates a wonderful spirit of helpfulness. Mr. Boughner has this to say in the last few paragraphs of his letter:

"The earth is the Lord's and the fullness thereof. We do not have one thing that is not provided by the Lord but we show Him so little appreciation for it. Why not give Him thanks for all His mercies and blessings rather than to pray for the things we do not deserve? Lord, teach us to pray."

"Sorry to take up so much of your time and presume I have not given you a single new thought. If you secure the name and address of 'Jack,' I should be glad to mail him some tracts on the few subjects about which he is in doubt or if you wish I can mail them to you. Isn't it sad and embarrassing for the atheist, the agnostic and the unbeliever to have so many things to be thankful for and then have no one to whom he can express his thanks?"

"My family was members of the Carrizozo Methodist Church during the 11-plus years we lived there, and while the Bible says it is 'evil to boast,' I can say that I am truly grateful for the basic Christian training all my children got from their faithful attendance during our residence there. They are all active workers in the churches wherein they hold their membership. And this can also be said of my grandchildren."

"Carrizozo needs a 'crusader' and always has and always will, and there is no reflection upon a Methodist minister if he takes this task upon himself. Too bad there are so few laymen to give him the necessary assistance which he needs. Maybe you can enlist 'Jack' to do this. Kindest personal regards, I am very sincerely yours, Fred L. Boughner."

Dear Fred: Thank you so much for the tracts, the letter and the wonderful suggestions you have made. You said something very important when you suggested enlisting 'Jack' in the "crusade"—and I must say I agree that he would be a real worker and organizer if he could be brought in to the church. The fact that he questions is always a good indication. I'd prefer a good, serious "doubter" in my church than I would a complacent, hypocritical "Christian" who never lifts a hand to help! The doubter is looking for something and is dissatisfied—he will find because he seeks and knocks and asks. It is the one who has so surrounded himself with complacency and self-righteousness that he is unable to be reached. This is the unpardonable sin! When God can no longer penetrate the hard crust of complacency and hypocrisy—there is no more hope in this life. Only the purging fires of hell can burn away the "crust" and reveal the living spirit beneath—and that, of course, brings us to the question of "hell."

"Eternal Hell" is a word that is meaningless to me. What good is "unending punishment?" The whole idea of punishment is not to take revenge on someone for his mistakes, but to show him how he can correct his mistakes. Punishment is used to awaken people to the road they are traveling—to teach them the right way, and when they have learned their lesson—to give them another chance. Modern penologists are interested in "rehabilitation," not revenge. This is the old idea, an eye for an eye, a tooth for a tooth—this is Old Testament thinking. Jesus said, forgive and teach and rehabilitate! Then hell—and it is useless to attempt to describe either

Ancho UPW begins study on Psalms

The Ancho UPW members, braving the snow and wind, met with Mrs. B. W. Wilson Thursday at 11:30 in the morning for a covenant dish luncheon. It was followed by the regular business session and prayers.

A study on the psalms will be conducted for four meetings, the key leader being Mrs. B. A. Hightower. She was assisted at this meeting by the Misses E. I. Harkey, J. A. Hightower and Tom Knight.

The officers for 1956 are: President, Mrs. Lee Straley; secretary, Mrs. Howard Harkey and treasurer, Mrs. B. A. Hightower.

Brack Cornett of Carrizozo was in Luna and Ancho on a business trip last Monday.

Mrs. Price Miller and Jim were Carrizozo visitors last week. That was their first time in town since they have had a bad cold since the snow and rains.

Mr. and Mrs. A. W. Gnatkowski made a business trip to Roswell last Thursday. They returned Friday and "Gnat" brought out a load of hay for the stock. They have had a rough time, as Gnat reports they have had 60 inches of snow since December 14. Conditions are improving rapidly.

Sgt. Duard H. Caldwell, who is stationed in Seattle, Wash., is here for a short visit with his sister, Mrs. John Staley and family. His little daughter Susan will stay for a longer visit and Duard returns to Washington by January 31.

T. F. Falls and his son George were Ancho visitors on Monday. George is here from Iowa on a few weeks' vacation. They were on their way to the Hank Moore cabin in the Jicarillas.

Tom James and his partner Max of Corona were Ancho visitors last Thursday. Raymond Lightfoot, from the EPNG station, was also a pleasant visitor Saturday.

Mr. Jones, "weather man" from Albuquerque, John Sinclair and Mr. Henley of the Border Patrol, stationed in Alamogordo, were Ancho visitors Monday.

Card of Thanks

We wish to acknowledge our appreciation to our many friends for their kind expressions of sympathy in our recent bereavement.

MR. AND MRS. RAY WARNER AND FAMILY

The temperature of hell or the furniture of heaven, someone said—is a place where we are awakened from our complacency and shown our mistakes and given another chance!

Let me say this very definitely, though, no one ever gets away with his sins. Every cause produces an effect. Even forgiveness does not "cancel" consequences, though it may change the terrifying penalty of what seems a soulless universe into the loving discipline of a Father. But everyone who sins must pass through the fire, and it depends on his attitude whether he perishes in it or whether he is cleansed by it. I am afraid that we can find no easy and comfortable refuge from this. It is because he loves us that he makes us pass through the fire. It is because he believes that there is something to be saved "as-by-fire" that, without first taking the most desperate measures to save what can be saved, he does not allow us to pass into the final destruction where probably men cease to be separate personalities at all.

I admit that the words about hell have been caricatured by our great-grandfathers until the picture in one's mind has been so dreadful, so unkind, so cruel, and so purposeless that they have thrown the whole idea away as though it were the superstition of a bygone age. But do remember that the most dreadful things that were said about sin were said by the gentlest lips in the world, the lips of Jesus, and that the idea of hell-fire, though it has been mis-stated, derives from the words of Jesus, and that no wangling with those words can ever deliver us from their grim intention.

It was Jesus who spoke about the flame and the darkness and the closed door, and the weeping and the gnashing of teeth. God is not a sort of happy-go-lucky uncle who will smile like a beneficent "milk toast" and pat us on our back and say, "There, there, I am sure you didn't really mean to be wicked!"

Sin is the most dreadful fact in the universe, and its greatest danger is that it blinds us to its own nature. We have hardened the eyes of our spirit and unless God's loving mercy send every possible resource to strip the bandage from our eyes, we should lose our sight altogether. If you are not worrying about your sins, let me warn you that that fact is a bad symptom and shows an advanced state of disease and the possibility that you are on a road, the end of which is hell-fire.

Remember Browning's poem: "Beneath the velvet ash, there hides a spark of soul which, quickened by love's breath, may yet pervade the whole o'er the gray, and free again, be fire."

Thank God there is infinite mercy and infinite hope while there is one spark that can be kindled by love's breath; but beware of a process which is slowly putting out the fire!

Long and Short of Tiger Repertoire

Pictured above are Billy Huey and Richard Zamora, the long and short of the Capitan "A" basketball team.

By BARBARA MCGREW

Billy Huey, the tallest boy in basketball at Capitan, is about 6 ft., 2 1/2 inches in height. He is a junior and has played on the team only one year. He came back to Capitan from Corona this year and has proved his prowess in sports. He also has shown a remarkable ability of acting, especially in the Negro parts, such as in the junior play, "The Phantom Ball." He is a well-built student and maintains a B average.

Richard Zamora, the shortest boy in basketball, is about 5 ft., 2 1/2 inches in height. He is a litho, well-coordinated athlete and has been in Capitan since the first grade. He has played on the high school team two years and has proved to be good in both football and basketball. Richard is a sophomore, well-liked by all and he is a good student. He likes sports and shop.

These boys will be seen in action at either the sub-district or district tournaments, striving for a championship for Capitan. The district this year has been divided into five mountain and five valley teams. The five mountain teams are Corona, Capitan, Carrizozo, Ruidoso and Hondo. The team with the highest percentage of wins from conference games will go to Roswell for the district playoff. The other four will go to Ruidoso for a sub-district tournament.

High scorers for the Grizzlies were J. Beltran with 21 and F. Vega with 17. Top men for the losers were Morris with 18 and Cinar with 14.

The Grizzlies lost their game to the visitors' second team by only one point margin. The final score was 34 to 35. High hero for Zozo were J. Lovato for 9 and E. Herrera and N. Serna tied with 8 apiece.

Fertilize orchards one month before bloom

Fertilize orchards at least one month before bloom, is the general recommendation for applying fertilizer. The amount will depend on the fertilizer you have applied during the past few years. You can apply 1/2 lb. of a 16-20-0 fertilizer per year of age of the tree, not to exceed 8 pounds.

Remember the results from fertilizing an apple tree do not always give tremendous increase in production the first year, but may require several seasons to show the best results. Some of the results you can expect are increased bloom, heavier bloom set, larger apples.

Along with any fertilizer program you must prune, irrigate and spray properly as any one of these practices alone will not give the increased production expected.

In buying fertilizer, the cost per pound of actual nitrogen is the best way to see whether it is cheap or costly.

Corona outclasses Ft. Sumner Foxes

By VERN SMITH

The Corona Cardinals outclassed the Fort Sumner Foxes 65 to 48 Friday night at the local gym to cap their eighth victory against five setbacks.

Forward Rand Perkins flipped in a two-pointer soon after the starting buzzer sounded, and the Cards were never pressed. They quickly ran up an 18 to 10 lead during the first quarter, but began slipping, and managed only 13 tallies in the second quarter while the Foxes were picking up 11 points.

The Red Birds cooled off after their opening hot streak and couldn't seem to buy a bucket as they shot from all corners of the floor, only to have the ball go in and out.

Dame paced the Cardinal attack by garnering 24 points. Perkins followed with 17 and Gustin with 6. Classy forward Rankin led the Foxes' attack with 12 tallies.

Subs took over for the Cards during the final 5 minutes and proved as deadly as the starters as they ran down the already-tired Fort Sumner five.

Halftime score Corona 31, Fort Sumner 21.

Free throws missed Corona 8, Fort Sumner 12.

The Corona Cardinals raved by Tulare Saturday night at Tulare with a score of 65 to 50. This marked the ninth win of the season for the Cards who utilized a balanced attack and fast breaks to beat the Tulare eagles.

Rand Perkins, Woody Dame, Jerry Gustin, Sammy Stoneman and Leo Mulkey spearheaded the Card victory with their accurate field goal shooting and rebounding.

Dame hogged the defensive boards, grabbing 14 rebounds to insure the Corona victory. Sammy Stoneman played his finest defensive game, holding the Tulare ace Sanchez to only 9 points. This is a considerable drop from his average before this tilt.

Mulkey led the Cardinals in scoring with 23 points. Trailing close behind were Dame and Perkins with 18 and 13 points, respectively.

"January thaw" often brings unseasonable weather
Washington—The famed "January thaw" often brings unseasonable weather to much of the United States about the third week in January. In the Northwest, temperatures usually rise between January 20 and 23. Toward the Southwest, the warm spell comes a few days earlier. Weather scientists have failed to find an explanation for the strange midwinter phenomenon, though it was mentioned in American literature as early in 1798, the National Geographic Society says.

New Mexico Chronicle

By WILLIAM S. WALLACE
Librarian and Archivist
New Mexico Highlands University

There are thousands of persons in New Mexico who regularly go horseback riding. Some do it for pleasure while others are forced by the nature of their business.

So far as I know no newspaper editor in New Mexico has lectured his readers in recent years on how women should ride a horse. If you had been reading the papers in the territorial days of New Mexico eight years ago you would have found frequent editorial advice on the care, feeding, and riding of horses.

One such example appeared in the old Socorro Bulletin in 1886. In that year the editor of the Bulletin gave the following advice:

"We are glad to see so many of the ladies take advantage of the weather to exercise the free and unrestricted privilege of horseback riding. Horseback riding, when it is done gracefully, is an accomplishment, and next to walking it is the best exercise a lady can take. But in any case, one must go far enough and far enough to get warm up to go to bed."

"In selecting a horse for a lady, great care should be taken; first, to secure a sure-footed animal, and one that does not slip; second, an easy looper and a long swinging trotter."

"Always be sure that the saddle is well cinched. To test this, the lady should require her escort or groom to swing with his weight on the near horn and cantel of the saddle, and the stirrup leather should be long enough for the left leg to be nearly straight when the foot is in the stirrup. No lady can ride gracefully with the legs bent too much."

"The bride should never have two sets of reins, and the bit should be selected according to the horse. Always use unringed bits with the snaffle, but never with the curb bit."

"In the early days of this country, when proper riding habits were few and ladies were a little modest about one seeing their ankles, the gentleman rode on the lady's right, or towards her back, but now all precautions have been taken against the wind and other accidents, the proper position of the gentleman is on the lady's left. Then the lady is always facing you, and does not have to turn and twist her neck and body when talking to you, as she does when the gentleman rides to her right."

"When the horse is trotting, the rider should rise and go down in the saddle, with the motion of the horse; and when the horse is running or loping, the rider's body should be perpendicular, or the least bit inclined forward—but never backward—except when the horse is bucking. A tall, willowy figure looks best on horseback, and there are some people who should never mount a horse—these are short, broad, and fat people."

Thursday night is "Valentine's Night." Many visitors from other denominations are expected to come, as well as all Methodists. Rev. Bill Lytle of the Presbyterian Church in Corona, Ancho and Nogal, writes that he is going to suggest that they forego their own mid-week meeting and join the rest of the folks at Trinity this Thursday for the revival. We hope Bill will sing some special numbers for us that night. Mrs. Kelley is the pianist for that night, so we can look forward to a wonderful evening of hymn singing, praying and a wonderful message from our evangelist, Rev. Donald Sims.

Friday night is "Commitment Night" and "Testimonial Night," with special music and a wonderful message from our evangelist, Rev. Sims. Saturday night is another "Youth Night" for all ages, in which all youth are invited.

Sunday morning service will be a communion service, with a message by Donald Sims and the Lord's Supper served by both Rev. Reid and Rev. Sims.

Rev. Sims will be returning to El Paso Sunday the 31st, but before he goes he'll have the opportunity of speaking to the men of Carrizozo at the Methodist Men's breakfast at Trinity Methodist, at 7 a.m. Saturday morning the 30th. All men are invited.

News of Trinity

Methodist Church

The preaching of Rev. Donald Sims and the song-leading of Rev. Homer Reid is making the revival at the Trinity Methodist Church one of the most successful and soul-stirring ever. The church has never experienced.

Sunday night the Methodist Youth Fellowship held the service for installation of officers: Pam Reid, Margaret Withers, Glenn King and Minette Smoot were installed as president, vice president, treasurer and secretary. Mrs. Angelo Withers led the service. After some real "hymn singing," led by Rev. Reid, Rev. Sims preached a sermon on "Cool Cats," especially slanted toward the modern youth.

Monday night was the "kickoff" service; Tuesday, the "Old Times" reunion; and Wednesday night was family night. Each service begins promptly at 7 o'clock and adjourns promptly at 8.

Thursday night is "Valentine's Night." Many visitors from other denominations are expected to come, as well as all Methodists. Rev. Bill Lytle of the Presbyterian Church in Corona, Ancho and Nogal, writes that he is going to suggest that they forego their own mid-week meeting and join the rest of the folks at Trinity this Thursday for the revival. We hope Bill will sing some special numbers for us that night. Mrs. Kelley is the pianist for that night, so we can look forward to a wonderful evening of hymn singing, praying and a wonderful message from our evangelist, Rev. Donald Sims.

Friday night is "Commitment Night" and "Testimonial Night," with special music and a wonderful message from our evangelist, Rev. Sims. Saturday night is another "Youth Night" for all ages, in which all youth are invited.

Sunday morning service will be a communion service, with a message by Donald Sims and the Lord's Supper served by both Rev. Reid and Rev. Sims.

Rev. Sims will be returning to El Paso Sunday the 31st, but before he goes he'll have the opportunity of speaking to the men of Carrizozo at the Methodist Men's breakfast at Trinity Methodist, at 7 a.m. Saturday morning the 30th. All men are invited.
