

School bonds fail to carry

The proposal to issue \$165,000 in school bonds to finance a building program at Carrizozo High School, was turned down by the school district's voters Tuesday.

The bonds were narrowly defeated, 137 against, to 133 for. It will be two years before the issue can again be placed before the voters.

In the meantime the high school will have to get along with its inadequate room for its science department, home economics department and junior high classrooms.

The school board and school officials started planning the building program two years ago, when the need became increasingly apparent, due to the emphasis on the nation on better science and math instruction.

Asked this Thursday morning how the school would meet their needs, Supt. J. T. Clegg said "We will continue to make the very best use of our school plant with the funds available."

He asked the News to thank all those who supported and worked for the bond issue.

Results of the election were officially canvassed at a meeting of the board of School District No. 7, Wednesday night.

Hondo Valley PTA plans variety show

The Hondo Valley PTA had its regular meeting February 14. The business meeting was presided over by George Sieros, president.

Plans for the annual PTA Variety Show were discussed. The show will be held on March 10 of this year, with a barbecue dinner being served before the show, beginning around 5 o'clock p.m.

Everyone is invited to come and spend an evening with the hostess table folks at Hondo, and enjoy the delicious barbecue. The show, it is said, will be hilarious!

Mrs. Alma Torres announced that Mrs. Cunningham's fourth grade room had won the membership contest and that they will have a tea, sponsored by the PTA, March 10, with their mothers as their guests.

The program for the evening was very interesting and profitable. The first two numbers were recitations by some eighth grade students.

Mrs. Lucille Joiner was called on to give the PTA history. She went back to the real beginning of the Hondo Valley PTA in 1924-25 and read newspaper articles that gave an insight into some of the PTA projects at that time. It was then that the old gymnasium and classrooms on the hill were built and the water system was the problem, so the PTA took it upon themselves to sponsor the drilling of the well. The organization was very active until the year 1937-then it disbanded, and was reorganized in 1947.

A very worthwhile lecture was presented by Mr. Lucas from Roswell. His topic was "The Aspects of Alcohol Education." He showed a filmstrip entitled "The Effects of Alcohol on the Human Body" and stressed the fact that alcoholism is a very serious disease.

The meeting was adjourned and the delicious refreshments, served by the hostesses Mims, Waldo, Nunez, Leo Duff, Max Sanchez, Leo Joiner and John Thomas, were enjoyed by all.

Work starts on new restaurant

Work began last week on a new restaurant for Carrizozo. The location is on a triangular-shaped lot opposite the Frontier Motel and alongside the 380 overpass.

The restaurant is being built by Mr. and Mrs. W. F. Ball, proprietors of the Frontier Motel, who have felt for some time that a restaurant operated in connection with a motel would be an additional tourist attraction for Carrizozo.

The restaurant will be leased to F. B. Phillips of Lubbock, a former restaurant operator. He is married and Mr. and Mrs. Phillips are the parents of two sons, John 18, a Senior in high school and Gordon, 17, a Junior.

The restaurant, which will have a substantial area of picture windows on the front and side, will have an area of 2,900 square feet. This will be divided into two dining areas, one a dining room to accommodate between fifty and 60 persons, and a coffee shop to seat approximately 60 patrons.

All new equipment will be installed. Completion target date is around April 1.

Construction is of cement blocks. The entrance door to the restaurant will be on the northwest, facing Highway 54.

Plan to remove rough fish from Bonito Lake

Weather over the week end was cold, though Bonito Lake at this writing has no ice and Charlie Bink cold plans were underway to poison the fish in the Lake on Saturday, Feb. 25-IF, we have no bad weather to freeze the lake over.

The fish poisoned are edible as only their gills are paralyzed and people are welcome to take the fish when they float to the surface.

This will be the last of the big trout in Bonito Lake, but, too, all the rough fish will be removed and we can hope for much better fishing in the future. This, of course, is dependent upon an agreement between Alamogordo and the State Game Department.

Incentive payments on 1960 wool likely to be fairly high

Low market prices for wool during the past year indicate that incentive payments on 1960 wool sales will be fairly high. The National Wool Act of 1954 provides for a 62-cent incentive level on wool.

Payments are made each year on the basis of the percentage of the national average selling price of wool needed to bring the average price up to the 62-cent level. Naturally, if prices are low, a larger percentage will be required to reach the desired 62-cent level.

Unofficially, the average selling price to date has been about 39 cents per gross pound. Unless there is a large fluctuation in the wool market between now and March 31, this will be close to the national average.

If the price remains at 39 cents a pound, the incentive payment will be 63.2%, or the wool grower will receive 63 cents for every dollar of wool sold. Wool prices are expected to strengthen as early clips come in, but it is doubtful if there will be enough volume and price rise to affect the average to date.

"The incentive payment plan for wool has been very successful so far. It was set up to encourage the production of wool and at the same time improve quality. Since we only produce a little over one-third of the wool we consume in the United States, the rest must be imported.

The National Wool act went into effect in 1953 and we have increased our annual production of horn wool from 234 million pounds to 255 million pounds. The original goal is 300 million pounds annually. The present wool act expires in 1962.

Life magazine has feature section on trip to Southwest

A two-page four-color picture feature at Lincoln opens one of the feature articles in "Life" Magazine this week.

The colorful view, which shows a wooden image of Billy the Kid under a picture of a trail, opens a 15-page essay on the tourist attractions of New Mexico, Arizona, southern California and Nevada. It is titled "The West: Stopped Southwest" and describes "a late winter tour of a warm land with a lively past and unspoiled grandeur."

In a double-spread map, Life's editors trace a suggested 2,655-mile tour through the four Southwestern states. The tour starts at Santa Fe and directs the visitor through Moriarty, Willard, Corona, Carrizozo, Lincoln, Roswell, Carlsbad, El Paso and on to the West Coast, eventually returning to New Mexico via Gallup and Albuquerque, and ending up in the six-county around Teos.

A total of 93 "points of special interest" are listed and briefly described. Grand Chulvira National Monument is included, as are Lincoln and Roswell.

The Lincoln entry reads: "Lincoln County Cattle War fought here. County Court House, from which Billy the Kid escaped, now a museum. Admission 25c. "The Last Escape of Billy the Kid" staged the first week end in August."

This is the second time in two years that Lincoln and its pageant have been publicized in Life magazine. The previous article dealt with the pageants celebrating the winning of the West.

This tourist information about Lincoln will be seen by more than one quarter of the reading public of the nation. Life's circulation now exceeds 7,000,000 copies each week. Research for the New Mexico section of the article was conducted by Arah Napier, Time-Life's correspondent in Albuquerque.

"The scenery of Lincoln County and the fine museum in the Old Lincoln County Court House are to be recommended at all times of the year," Napier pointed out.

Texan held in gun fatality

The body of D. F. Leffer of El Paso was found Wednesday evening in a dry gully on the Mesquero Indian Reservation, 5 miles southwest of Ruidoso. Officers were led to the body by Roy Leon Handy of Lamesa, Texas.

Officers said Handy told them the two men had been target practicing in the area and that Leffer dared Handy to shoot at him.

Four shots were fired by Handy from a .22 caliber pistol, one of which entered the other man's back, killing him.

The men were reported to have been drinking.

Handy is being held in the Alamogordo jail, as the shooting occurred just inside the Otero county line. He was returned to New Mexico by officers from Lubbock, Texas.

Two State tax men to be in Carrizozo

Frank E. McCulloch, director of the State income tax division, says the "gross income" includes salaries, compensation received for services, interest from loans or bank deposits, interest from mortgages and stocks, and the net profit from all business transactions. It also includes income from partnerships, rents, royalties, profit from the sale of real estate or stocks, and income received as dividends.

Asst. District Atty Richard Parsons called for the dismissal of a number of cases which, he said, had been pending from 8 months to 1 year and which after thorough investigation, evidence was insufficient to prosecute. The cases were listed:

State of New Mexico vs. Efran Montca, justice of the peace appeal. (Def. rep. by Albert Rivera).

State vs. Pat Koshane, charged with drawing or handling a deadly weapon in a threatening manner.

State vs. Hipolito Gutierrez and State vs. Sabino Sandoval, charged with breaking and entering.

Honor Society grants charter to C'ozo Chapter

The National Honor Society, sponsored by the National Association of Secondary School Principals, has granted a charter to the C'ozo Chapter, located at Carrizozo High School.

The first group of members will be initiated by the Alamogordo Chapter on Monday afternoon, February 27, 1961.

Miss Elizabeth Layton, sponsor; Ray Wasson, principal, and 22 members of the Alamogordo chapter will install the C'ozo Chapter and initiate the first members.

A student must rank in the upper 15 per cent of the Senior class or the upper 10 per cent of the Junior class to be elected to membership. Students in the upper 5% of the Sophomore class may be chosen for probationary membership.

Carrizozo High School was granted a previous charter on January 8, 1934. Frank C. Wagner, high school principal, says he does not know how long this former chapter has been inactive. The former chapter's number was 1418. The new charter is No. 9286.

The charter members to be initiated February 27 are: Seniors, Juan Torres, president; Sandra Kyoie King, vice-president; Patry Long, secretary; Juniors, Dorothy Garrison, treasurer; John Clegg and Betty Lynch, members, and Sophomores, Robert Luna, probationary member.

The Student Council of the high school petitioned the administration early this school year for a chapter of the National Honor Society.

Since "character, scholarship, leadership and service" are cardinal qualities worthy of encouragement in all schools (quotation from charter), permission was granted for application for membership.

A very special invitation is issued to the parents, relatives and friends of the above-named members to attend the meeting in the Carrizozo Junior High School auditorium next Monday afternoon, at 7 o'clock.

Article in farm and ranch magazine describes agriculture in Lincoln County

Big sheep and cattle ranches, thriving fruit orchards — that's agriculture in Lincoln county!

So says a picture-illustrated article on Lincoln county agriculture in this month's issue of New Mexico Farm and Ranch magazine featuring scenes on Lincoln county farms and ranches and prepared with the aid of Lincoln County Agent Ralph Dunlap.

"The trend here as elsewhere is in favor of the bigger operators," the article quotes Dunlap as saying "More smaller operators are calling out—but they usually get a good price." Number of commercial farms and ranches dwindled from 293 to 263 in the 1934-1953 period in Lincoln county, according to the latest Census report.

"You can see the price-escalation in the way more and more farmers and ranchers are trading work—I'll help you shear if you help me and that sort of thing," Dunlap says.

The photo-story features pictures of the D. W. Wilson ranch near Ancho, the Kenneth Nestler farm in the Hondo Valley, and other farms and ranch scenes in the county.

Two were killed and one hospitalized early this Thursday morning when a car struck a bridge 5 miles west of Hondo on Highway 380.

Instantly killed was Billy Ray Robertson, 27, of 1807 N. Union st., Roswell.

Captain Robert D. Charles, U. S. Air Force, stationed at Walker AFB, died in the Roswell hospital.

Marvin R. Stephenson of Roswell was hospitalized.

A complete report on the accident was not available at press time as officers were still investigating.

Excess speed was not indicated, officers say, when the car, a 1949 two-door Chevrolet sedan, ran off the wrong side of the road and hit a bridge.

Time of the accident was 1:45 a.m., February 23.

An inquest was scheduled for 2 o'clock this afternoon at Tinnie. State Patrolman Bob Miller of Ruidoso was first to investigate the accident.

Ask residents to use garbage receptacles

Lack of proper garbage receptacles by some householders is causing the town delay and extra expense in making collections, Mayor W. F. Ball told the News this week.

Some garbage is placed in a pit and has to be shoveled into the truck making the pickup. The mayor requests that garbage be placed in regulation containers or in barrels with lids.

Inside the Capital

ANDERSON, CHAVEZ MUST BE CONCERNED

Santa Fe—If Our Clint is taking his temperature often and if Senator Chavez is keeping a finger on his pulse it is because they must have heard of the "ghoul bill" in the legislature.

After going through three earlier legislatures with a Republican governor without any show of concern about senatorial appointments the Republicans might make Democrats have suddenly become intense on forcing a quick election if a senate vacancy occurs.

Chavez, 74 on April 8, and Clinton Anderson, 65, both with a record of health troubles, must think the legislature Demos know something.

THEY CALL IT AN EMERGENCY

As it is, a Senate vacancy is filled by the governor with an appointment that stands until the next general election.

The Demo measure would force a special election within three months to fill the place.

The backers feel so strongly about it that they have made it an emergency measure that would become effective immediately upon enactment rather than after the usual ninety days.

Gov. Ed Mechem will almost certainly veto the measure which Capitol wags have labeled the "ghoul bill" and then the test if the Demos can pass it over his veto.

MAJOR TEST COMING ON MECHAM STRENGTH

The "ghoul bill" and a recent measure aimed at stripping authority from the Republican governor, a personnel measure that would put three minor Democratic officials in charge of eight-hour firing and firing between the governor and the legislature such as seldom seen in New Mexico.

Democrats have the numbers to pass both bills over the governor's veto, two thirds of the vote in each chamber, but it's not that simple.

There are only seven Republicans in the 60-member house, four in the 32-member senate.

Most all the members have pet measures which won't reach the governor until the legislature have gone home and he could veto them pell mell without the legislators having another crack at them. It is this threat that will make many Demos think twice before voting to over-ride a veto at this time.

The great bulk of the bills passed by the legislature reaches the governor in the last day or two of the 60-day session which gives him plenty of time within the three days allowed by the constitution to stall until the legislators are out of town. In 1957 he vetoed a quarter of all the measures passed after the legislature had refused to let him name members of the highway commission.

CRUCES DEMOCRATS AUDIT LEGISLATURE

Las Cruces Democrats are watching the legislature in a manner never seen here before.

They have four teams of several members who work in three or four-day relays watching the performance of the Las Cruces senator and three representatives.

Included in a recent team were Mayor Ed Gutierrez and City Manager Fred Alvarez. One of them noted: "We're also watching Ed Meach, Jack Campbell and Ed Mechem." Meach and Campbell are prominent Demo prospects for governor and Governor Mechem is a Las Cruces resident who must have had a lot of Democratic support, from the votes he got down there.

YOUNG DEMO CHIEF ON REPUBLICAN PAY

Republicans who won't let their own county chairman on the payroll had the state chairman of the Young Demos on for a month before he was notified: John Romero of Roswell, \$535 a month with the state engineer.

MECHAM EMPLOYING CAMPAIGN BUDDIES

Ed Mechem who usually picks up several of the losing Republican candidates who run with him for jobs in the statehouse so far has hired Ed Balcomb of Albuquerque, candidate for Congress, as employment security director at \$3,000 a year, and Lee Chambard of Los Alamos, candidate for the corporation commission, as public service commissioner at \$10,200.

Howard Wilson of Gallup, the candidate for land commissioner, is expected to be the next with a job specially created for him, probably in the bureau of revenue.

Jack Holmes, no candidate but the police man of the campaign, has gone on as chief state tax commissioner at \$10,000. He's a former UNM prof and director of the legislative council.

After talking his first sail, one novice wrote: "Riding an iceboat in a stiff breeze is no more dangerous or uncomfortable than driving a truck 90 miles an hour down a steep wet hill, with the wheels loose, no brakes, and pieces of the windshield flying back into one's face."

Sprinkler system tested

This latest improvement in Fort Stanton has been given a test and it works like a charm and as desired. All Mr. Elmer Ham has to do this coming summer, is to disconnect the tubes and shift them from one main to the other. The tubes are of aluminum alloy and are as light as a feather.

By the way, Mrs. Ham has been in a hospital in Roswell, where she underwent surgery, we understand.

Here's wishing her a speedy recovery.

Mr. Lockhart and Joe Montana went to Roswell Wednesday to take Lon Lucas for treatment. He was brought back Friday.

Clovie Willis was taken again to Roswell for further treatment to his eye. So was Chris Zoula, who also has been having trouble with one of his eyes.

The Rev. Clay Dennis of the St. Rita Church of Carrizozo hopes in the near future to organize the Parish Council Unit in the Capitan, Fort Stanton and Lincoln area. The council now meets in Carrizozo on the second and fourth Wednesdays at 7:30, and at Honda on the second and fourth Sundays after Mass.

There are three kinds of people: Those who make things happen; those who watch things happen; and those who don't know anything happened.—"Highlights"

Letter to Editor

Editor, News:

I'm sending \$2 for another six months' subscription to the Lincoln County News. We enjoy it so very much. I never miss one tiny item. Was saddened to read of Mrs. Turner's death.

I know the good Lord will help each and everyone of them through their time of deep sorrow. Dr. James Paul Turner waited on me 23 years ago when my son was born. We knew them all at one time. My son's middle name is "Paul," after Dr. Turner, and I went to school with A. N. Spencer, now a doctor, also.

Sincerely yours, Ethel Savage, Rt. 2, Rye road, Monticello, Ark.

No. 8 BLESSINGS OF LIBERTY

There are times when we take the blessings of liberty which are ours as American citizens too much for granted.

We can feel ashamed, too, because we are likely to accept them without a second thought and become inclined to let the other fellow take most of the responsibility for protecting our personal interests.

As Americans we always have had a distaste for war, and wall the peak of war to feel and express our patriotism. In our years of peace we are most likely to let things slide. We make little jokes about the speeches on Memorial Day and the Fourth of July because we're uneasy about showing emotion to others.

Our granddads made no bones about a rip-rarin' and glorious Fourth, being close to the rugged stock that wrote down the principles which make us strong today. They took a personal interest in seeing that these principles were worked.

You and I too often lose sight of who made up the group of Americans known as "We, the people" who created our Constitution; and lose sight of the fact that there are ways of fighting for our Constitution, and for our constitutional rights, without putting on a uniform and carrying a gun.

It is in our Constitution that we find our freedoms written down, and find the mechanics for retaining these freedoms. The Constitution was written by the people themselves. Words may have been put into order by experts, but the thoughts came from persons like you and me who declared: Here is the maximum power we are willing to surrender to the national government. We think it sufficient, and if we see the need for granting more power we'll do it after everyone has had the chance to think it over.

Amending of the Constitution purposely was made difficult, yet ten amendments were added almost immediately. This was done because your granddads and mine wanted to make doubly sure that there would be freedom of the press, speech and religion; that each of us would have the right to speedy, public trial before an impartial jury; and that dozens of other specific freedoms in the Bill of Rights would be guaranteed in black and white.

Game Commission sets deer season

The State Game Commission at its February 13 meeting set the following deer and antelope seasons:

Deer—South of U. S. 60 and the Valencia County line, November 11 through November 26.

Antelope—Southeast, October 7-11; southwest, October 7-9. No

one hunt to exceed 1 1/2 days on any ranch.

A proposed lake of about six acres at Manzano for trout fishing is to be investigated with respect to water rights and other details. This site is east of the Manzano Mountains near Mountaintain. Springs that feed from the present lake produce some overflow which could be used. This would enable to Department to stock two lakes in the area.

New '61 Chevy with Jet-smooth ride!

Impala 4-Door Sedan—Jet-smooth transfer that rivals the luxury cars in everything but price

The '61 Chevy loves to go because it goes so well. Purrs along pavements like a happy tabby. Takes rough roads in stride and all roads in style. Just why does a Jet-smooth Chevy treat riders as royally to the high-priced luxury cars? It all came about through a delightful blend of Full Coil suspension, precision-balanced wheels, unique chassis cushioning, and a superb Body by Fisher insulated to hush away road sounds. All this adds up to less sway, less bounce, less dip, less dive, less tilt, less noise, less . . . well you name it. Now combine this Jet-smooth ride with conveniences to pamper you and roominess to relax in. Add a full measure of quiet good looks. Well, you've got Chevy's formula. And the proof is in the riding. When you sample a Jet-smooth Chevy at your Chevrolet dealer's we think you'll find it just to your taste.

GOOD NEWS

Sponsored by the Tri-C Ministerial Alliance

One of the miracles and one of the mysteries of the Kingdom is the fact that God makes room for all kinds of people. Just look over the rule of the prophets.

Could you ever find men more different in background, personality, temperament, and gifts than Amos, the herdsmen, Hosea, the country gentleman, Isaiah, the statesman, and Micah, the man of the people?

Yet, each of them played a vital role in the life of God's ancient people. There are those who would pour all Christians into the same mold. But God has made no two alike, and He respects the differences He has produced. It is the glory of the body of Christ that its members, while different in nature and function, are all of one Spirit.

The Church not only has all kinds of temperaments and personalities; it needs all kinds. Paul challenges us to consider how queer a body would be if it were all foot, or hand, or ear, or nose, or eye. For, you see, when the body is bound together by the Spirit of love, then the very differences of the members become the source of its strength and its health. The body of Christ would be crippled without the contribution you can make, however small your part may seem to be.

Because God makes room for all, He makes room for me. Because His Church needs all its various members, His Church needs me. Because I cannot do everything, I shall not, therefore, do nothing. I shall purpose by His grace to take my place and play my part in the great body of Christ, the true Church of the living God.

ORDINANCE No. 75

An Ordinance authorizing the issuance of Bonds for the purpose of defraying the cost of the acquisition, construction, repair, extension and improvement of recreational facilities within the boundaries of the Town of Carrizozo, including, without limiting the generality of the foregoing, the construction of a swimming pool; providing that said Bonds will be payable and collectible from the town's proportionate share of the net revenues derived from the additional state cigarette tax imposed by Chapter 263, Article 14, New Mexico Statutes Annotated, 1955, as amended and supplemented; providing the terms and conditions of the Bonds, the manner of executing such, and the security therefor; providing for the disposition of the income derived from said tax; prescribing the details concerning said Bonds, said tax and said facilities, including but not limited to covenants and agreements in connection therewith; ratifying action previously taken concerning said Bonds, said tax and said facilities; repealing all ordinances in conflict therewith; and declaring an emergency.

"A. All revenues including taxes of two cents (\$0.02) on each package of ten (10) cigarettes or less; five cents (\$0.04) on each package containing more than ten (10) and not more than twenty (20) cigarettes; and two cents (\$0.02) on each additional ten (10) cigarettes or less over twenty (20) cigarettes contained in any one (1) package, penalties, interest and license fees collected under Laws 1943, Chapter 95, Sections 1 to 15, inclusive, as amended (72-14-1 to 72-14-17), shall be paid, over to the state treasurer, and shall be transferred by him into the state general fund.

All revenues produced by taxes, over and above the taxes referred to in subsection A of this section, collected under Laws 1943, Chapter 95, Sections 1 to 15, inclusive, as amended, shall be paid over to the state treasurer, and shall be placed by him in a fund to be known as the County and Municipality Recreational Fund, which fund is for use for juvenile recreational facilities and salaries of instructors and other employees necessary to the operation of such juvenile facilities by the various counties exclusive of municipalities within their borders and municipalities of the state of New Mexico as hereinafter provided.

"C. At the end of each month all sums remaining in the said county and municipality recreational fund, shall be by the state treasurer distributed to each county and municipality in this state as follows: To each county, at the rate of the proportion of the total sale of cigarettes made within the county borders, exclusive of sales within any municipality in said county, being to the total sales of cigarettes in the state of New Mexico during such month and to each municipality at the rate of the proportion that the sales of cigarettes within the municipality during such month bears to the total sales of cigarettes in the state of New Mexico for such month. It shall be the duty of each distributor and direct buying retailer licensed to sell cigarettes in the state of New Mexico to report to the director of the luxury tax division of the New Mexico Bureau of Revenue by the tenth day of each month, their sales of cigarettes in each municipality and their sales of cigarettes within each county, exclusive of the sale of cigarettes in the municipality located in said county, made during the month immediately preceding said report. The reports of the distributors and direct buying retailers shall upon receipt thereof by the director of the luxury tax division, become public records.

"The funds so distributed to the counties and municipalities of this state shall be used exclusively for recreational facilities and salaries of instructors and other employees necessary to the operation of such juvenile facilities primarily suitable for juveniles either within or outside of each county exclusive of municipalities therein, and either within or outside of each municipality; provided that adults may not be excluded from the use of any such facility which is suitable for use by both juveniles and adults, provided further, that no prerequisite to participation in the use of such of the funds provided for by Laws 1943, Chapter 95, Sections 1 to 15, inclusive, as amended, for county and municipal recreational purposes, each county or municipality shall establish a fund to be known as the Juvenile Recreational Fund into which all moneys distributed to it under Laws 1943, Chapter 95, Sections 1 to 15, inclusive, as amended, shall be deposited."

WHEREAS, the Town has established a fund known as the "Juvenile Recreational Fund" into which all moneys allocable and distributed to it under said act, i.e., the Town's proportionate share of the net revenues derived from the additional state cigarette tax imposed by said act, herein sometimes designated as the Tax Proceeds, have been, and shall continue to be, deposited therein in accordance with said act; and

The interest accruing on said bonds shall be also payable to bearer and shall be evidenced by interest coupons thereto attached as hereinafter provided, and said coupons shall be authenticated by, and

shall bear the facsimile signature of the Town Treasurer. Said bonds and coupons bearing the signatures of the officers in office at the time of the signing thereof, shall be the valid and binding obligations of the Town of Carrizozo, notwithstanding that before the delivery thereof and payment therefor, any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices.

Section 6. That all of said bonds, together with the interest accruing thereon, shall be payable and collectible solely out of the net income to be derived from the additional state cigarette tax imposed by Chapter 263, Laws of New Mexico, 1955, and all laws amendatory thereof and supplemental thereto, i.e., from the Tax Proceeds; the holder or holders thereof may not look to any general or other fund for the payment of principal and interest on such obligations, except the designated special fund pledged therefor; and such bonds shall not constitute an indebtedness or a debt within the meaning of any constitutional or statutory provision or limitation; nor shall they be considered or held to be general obligations of the Town, and each of the bonds herein authorized to be issued shall recite on its face that it is payable and collectible solely from the Town's allocable share of the net revenues derived from the additional state cigarette tax imposed by said act, the income from which is so pledged, and that the holders thereof may not look to the general or other fund for the payment of principal and interest on said bonds.

Section 7. That said bonds and the coupons thereto attached shall be in substantially the following form:

(Form of Bond) UNITED STATES OF AMERICA STATE OF NEW MEXICO COUNTY OF LINCOLN TOWN OF CARRIZOZO RECREATIONAL FACILITIES BOND, CIGARETTE TAX SERIES MARCH 1, 1961 No. _____ \$1,000.00

This Town of Carrizozo, in the County of Lincoln and State of New Mexico, for value received hereby promises to pay upon presentation and surrender of this bond, to the bearer hereof, solely from the special fund provided therefor as hereinafter set forth, on the first day of March, 19____, the principal sum of

ONE THOUSAND DOLLARS and to pay solely from said special fund interest hereon, at the rate of four and three-fourths per centum (4 3/4%) per annum evidenced from date to maturity by one set of coupons being payable on the first day of September, 1961, and semiannually thereafter, on the first days of March and September in each year, upon presentation and surrender of the annexed coupons as they severally become due. If upon presentation at maturity, payment of this bond is not made as herein provided, interest shall continue to accrue at the rate of four and three-fourths per centum (4 3/4%) per annum until the principal hereof is paid in full. Both principal and interest are payable in lawful money of the United States of America without deduction for exchange or collection charges at the office of the Town Treasurer, Carrizozo, New Mexico.

This bond is one of a series of 35 bonds of like tenor, amount and date, except as to number, and maturity, authorized for the purpose of acquiring, constructing, repairing, extending and improving recreational facilities within the boundaries of the Town, including, without limiting the generality of the foregoing, the construction of a swimming pool. It is issued pursuant to and in strict compliance with the Constitution and laws of the State of New Mexico.

This bond does not constitute an indebtedness of the Town of Carrizozo within the meaning of any constitutional or statutory provision or limitation, shall not be considered or held to be a general obligation of the Town, and is payable and collectible solely from the Town's proportionate share of the net revenues derived from the additional state cigarette tax imposed by Chapter 263, Laws of New Mexico, 1955, and all laws amendatory thereof and supplemental thereto. Such proportionate share is irrevocably pledged to the payment of the bonds of said series, which constitute an irrevocable and exclusively first lien thereon, and the holder hereof may not look to any general or other fund for payment of the principal of and interest on this obligation. There is pledged, to such payment, pursuant to Ordinance No. 75, passed and adopted the 15th day of February, 1961, a special fund identified as the "Town of Carrizozo Recreational Facilities Bonds (Cigarette Tax) Series March 1, 1961, Interest and Bond Retirement Fund," into which the Town covenants to pay from said proportionate share sums sufficient to pay when due the principal of and the interest on the bonds of the series of which this is one, and to create and maintain a reasonable and specified reserve for such purpose. Reference is made to said ordinance for the provisions, among others,

with respect to the custody and application of the proceeds of the bonds issued thereunder; the receipt and disposition of net revenues from said additional state cigarette tax, the nature and extent of the security, the terms and conditions under which additional bonds payable from said tax receipts may be issued; the rights, duties and obligations of the Town of Carrizozo, and the rights of the holders of the bonds; and by the acceptance of this bond the holder hereof assents to all provisions of said ordinance. Said Chapter 263, pursuant to which this bond is issued, declares that upon the issuance of revenue bonds under its provisions, the state cigarette tax law establishing the additional cigarette tax from which the monies pledged for the payment of the said revenue bonds are received shall not be repealed, and the amount of the monies so received shall not be decreased until such time as the principal amount of such revenue bonds and the interest thereon have been paid. It is further provided by said chapter that whenever, pursuant to its provisions, any municipality shall obtain, or has obtained, any monies or credits by means of the issuance of revenue bonds, it shall be unlawful to divert, use or expend any of said money or credits for any purpose other than provided for therein.

This bond is subject to the condition, and every holder hereof by accepting the same agrees with the obligor and every subsequent holder hereof that (a) the delivery of this bond to any transferee shall vest title in this bond and in the interest coupons attached hereto in such transferee to the same extent for all purposes as would the delivery under like circumstances of any negotiable instrument payable to bearer; (b) the obligor or any agent of the obligor may treat the bearer of this bond as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary and the interest on this bond shall be paid and each of the coupons appertaining thereto are transferable free from and without regard to any equities between the obligor and the original or any intermediate holder hereof for any set-offs or cross-claims; and (c) the surrender to the obligor or any agent of the obligor of this bond and of each of the coupons shall be a good discharge to the obligor for the same.

It is further certified, recited and warranted that all the requirements of law have been fully complied with by the Board of Trustees and officers of the Town of Carrizozo in the issue of this bond. IN WITNESS WHEREOF, the Town of Carrizozo has caused this bond to be signed by its Mayor, sealed with its corporate seal, attested by the Town Clerk, and the coupons hereto attached to be signed by the facsimile signature of the Town Treasurer, all on the first day of March, 1961.

Section 8. That it is hereby determined and recited that the period of usefulness of the facilities to be acquired with the proceeds of the bonds herein authorized is not less than fifteen years from the date of said bonds, i.e., from the first day of March, 1961.

Section 9. A. That when said bonds have been duly executed and sold, the Town Treasurer shall deliver them to the lawful purchaser thereof on receipt of the agreed purchase price. B. That except as herein otherwise specifically provided, the proceeds derived from the sale of the bonds herein authorized shall be used and paid out solely for the purpose of so acquiring, constructing, repairing, extending and improving recreational facilities.

C. That when such work shall have been completed and all amounts due therefor shall have been paid, thereupon there shall be transferred to the reserve portion of the Bond Fund all remaining bond proceeds, if any. D. That all monies received as accrued interest at the time of delivery of said bonds from the sale thereof shall be deposited into the Bond Fund, to apply on the payment of interest next due on the bonds payable therefrom.

E. That the purchaser of the bonds herein authorized shall in no manner be responsible for the application or disposal of the funds derived from the sale thereof or of any other funds herein designated.

Section 10. That for the purpose of this ordinance the financial affairs of the Town of Carrizozo, insofar as they relate to the collection and application of the Tax Proceeds, shall be operated upon a fiscal year basis commencing on the first day of July and ending on the 30th day of June.

Section 11. That all monies distributed to the Town as its proportionate share of the net income from the additional state cigarette tax imposed by Chapter 263, Laws of New Mexico, 1955, as amended and supplemented, shall continue to be paid into a special fund known as the "Juvenile Recreational Fund."

Section 12. That so long as any of the bonds hereby authorized shall be outstanding, either as to principal or interest, the following payments shall be made from the Juvenile Recreational Fund:

A. There shall be deposited and paid into a bank account to be known as the "Town of Carrizozo Recreational Facilities Bonds (Cigarette Tax) Series March 1, 1961, Interest and Bond Retirement Fund," herein sometimes referred to as the Bond Fund, the following:

1. Monthly, commencing on the first day of March, 1961, one-sixth of the amount necessary to pay the next maturing installment of interest on the outstanding bonds authorized hereby.

2. Monthly, commencing on the first day of March, 1961, one-twelfth of the amount necessary to pay the next maturing installment of principal on the bonds authorized hereby.

3. Monthly, to constitute a reserve, and in addition to all other monies required to be deposited in the Bond Fund by this ordinance, an additional sum, in the amount of \$300.00 each month until the reserve has been accumulated in the total amount of \$3,600.00; and thereafter there shall be deposited monthly such sums as shall be necessary to maintain said reserve in said total amount.

B. The monies constituting the reserve herein accumulated and maintained to be used, except as hereinafter provided in paragraphs 1 and 2 of this section, shall be used to prevent deficiencies in the payment of the principal and interest on the bonds hereby authorized resulting from failure to deposit otherwise into the Bond Fund sufficient funds to pay said principal and interest as they mature.

C. No payment need be made into the Bond Fund, if the amount in the Bond Fund, including the reserve, totals a sum at least equal to the entire amount of the outstanding bonds herein authorized, both as to principal and interest to their respective maturities, and both accrued and not accrued, in which case monies in the Bond Fund in an amount at least equal to such principal and interest requirements shall be used solely to pay such as the same accrue.

D. If, in any month, the Town shall, for any reason fail to pay into the Bond Fund the full amount above stipulated, then an amount shall be paid into the Bond Fund in such month from the first Tax Proceeds thereafter received. The monies in the Bond Fund shall be used solely and only for the purpose of paying the principal of and the interest on the bonds issued hereunder; provided, however, that any monies in excess of principal and interest requirements to the respective maturities of the outstanding bonds may be used in any lawful manner as determined by the Board of Trustees of the Town.

E. Any monies in the Bond Fund not needed to defray principal and interest requirements for said bonds for the current and next succeeding fiscal year, may be invested or reinvested by the Town Treasurer in direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States of America, which shall be subject to redemption at face value by the holder thereof at the option of such holder, or which shall mature not later than eighteen months from the date of such investment. The obligations so purchased as an investment of monies in said fund shall be deemed at all times to be part of said fund, and the interest accruing thereon and any profit realized therefrom shall be credited to the fund, and any loss resulting from such investment shall be charged to the fund.

F. The Bond Fund shall be maintained and kept separate from all other funds and accounts in a bank which is a member of the Federal Deposit Insurance Corporation. Each monthly payment shall be made on the first day of each month, except that when the first day of each month shall be a Sunday or a legal holiday, then such payment shall be made on the next preceding secular day.

Section 13. That after making the payments hereinabove required to be made, any surplus remaining in the Juvenile Recreational Fund shall be used by the Town for the payment of interest accruing and principal falling due on additional bonds of the Town, if any, issued in accordance with the conditions hereinafter stated and payable from said cigarette tax receipts, including therefor a reasonable reserve; or for the prior redemption of bonds, including the bonds authorized by this ordinance, or for the purchase on the open market of such bonds at the best price obtainable, not higher than the call price (any bonds so purchased and redeemed to be thereupon cancelled by the Town); or for defraying the cost, wholly or in part, of the Town's juvenile recreational facilities, including the salaries of instructors and other employees necessary to the operation of such juvenile facilities by said Town; or for a reserve for the purposes herein set forth in this section; or for any combination of said purposes.

Section 14. That the bonds herein authorized constitute an irrevocable and first lien on all monies distributed to the Town as its proportionate share of the net income from the additional state cigarette tax imposed by said Chapter 263, Laws of New Mexico, 1955, as amended and supplemented, that it will issue no additional bonds or other obligations of the Town having a lien on the income from the Town's proportionate share of the additional state cigarette tax imposed by Chapter 263, Laws of New Mexico, 1955, and any laws amendatory thereof or supplementing thereto, superior to the lien of the bonds herein authorized. Nothing herein contained shall be construed as prohibiting the issuance of additional obligations of the Town having a lien on said cigarette tax receipts on a parity with the lien of the bonds herein authorized; provided, however, that before any such additional parity bonds or other such parity obligations shall be issued, the Town's proportionate share derived from said additional state cigarette tax for the fiscal year immediately preceding the date of their issuance shall have been sufficient to pay an amount representing at least one hundred fifty per centum (150%) of the maximum principal and interest requirements for a single ensuing year on the outstanding bonds and other obligations of the Town payable in whole or in part from said cigarette tax receipts and of such bonds or other obligations proposed to be issued. Nothing herein contained shall be construed as to prevent the issuance for any proper purpose of bonds or other obligations payable from said cigarette tax receipts and constituting a lien on said allocable tax revenues subordinate and junior to the lien of the bonds herein authorized.

A written certification by a Certified Public Accountant, to be employed by the Town of Carrizozo, that said share of revenues is sufficient to pay said amounts shall be conclusively presumed to be accurate in determining the right of said Town to authorize, issue, sell and deliver said additional parity bonds or other such parity obligations.

Section 15. That the provision of the immediately preceding section is subject to the exception that if at any time after the obligations herein or hereafter authorized, or any part thereof, shall have been issued, the Board of Trustees of said Town shall find it desirable to refund said obligations, said obligations, or any part thereof may be refunded (but only with the consent of the holder or holders thereof) unless the obligations have matured) without changing the priority of the lien for the payment of the refunding obligations; and the refunding obligations so issued shall enjoy complete equality of lien with the portion of said bonds or other obligations which is not refunded, if any there be; and the holder or holders of the refunding obligations shall be subrogated to all of the rights and privileges enjoyed by the holder or holders of the obligations refunded thereby. The refunding obligations shall be issued with such details as the Board of Trustees may by ordinance provide, subject to the inclusion of said rights and privileges; provided that if only a part of the outstanding obligations is refunded, and if such obligations are refunded in such manner that the interest rate thereon is increased or if any refunding obligation matures at a date earlier than the maturity date of the corresponding obligation refunded thereby, then such obligations may not be refunded without the consent of the holder of the unreduced portion of said bonds. The refunding obligations shall either be sold for cash at not less than the par value and accrued interest, and the proceeds thereof shall be used to pay the obligations refunded, or if so permitted by law and then only with the consent of the holder or holders of the obligations refunded, the refunding obligations shall be delivered dollar for dollar in exchange for the obligations refunded.

Section 16. That the Town of Carrizozo hereby covenants and agrees with each and every holder of the bonds issued hereunder: A. That the Town will keep cause to be kept true and accurate books of record and accounts showing full and true entries concerning the collections and disposition of the income to be derived from the cigarette tax, will permit an inspection and examination of all such books and accounts at all reasonable times by a bondholder, and will prepare semiannual statements or audits of such collections in sufficient detail to show compliance with the requirements hereof and deliver a duplicate copy of such statements or audits promptly after completion to the original purchasers of said bonds, without request, and to any bondholder upon written request being made therefor directed to the Town Treasurer, and in addition, but not oftener than once a year, will cause an audit of said books of record and accounts to be made by a certified public accountant.

B. That the Town will never exclude the youth of the Town of Carrizozo from the full use of the recreational facilities acquired, constructed, repaired, extended or improved by the use of the proceeds of the bonds herein authorized, nor will it exclude adults of said Town from the use of any such facility if such facility is suitable for use by both juveniles and adults.

C. That other than as provided by this ordinance, there are no liens or encumbrances of any nature whatsoever on or against the Town's proportionate share of the net revenues derived from said additional state cigarette tax.

Section 17. That if any holder of any one or more of said bonds or any of the coupons representing interest thereon, may, either at law or in equity, by suit, action, mandamus or other appropriate proceedings in any court of competent jurisdiction protect the lien created by this ordinance on the income hereby pledged, and may by suit, action, mandamus or other appropriate proceeding or proceedings enforce and compel the performance of any duty imposed upon said Town by the provisions of this ordinance.

Section 18. That the officers of the Town of Carrizozo be, and they hereby are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this ordinance, including, without limiting the generality of the foregoing, the printing of said bonds and the execution of such certificates as may be required by the purchasers thereof relating to the signing of the bonds, the tenure and identity of the municipal officials, the receipt of the bond purchase price and, if in accordance with the facts, the absence of litigation, pending or threatened, affecting the validity thereof.

Section 19. That if any section, paragraph, clause or provision of the ordinance shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this ordinance.

Section 20. That all ordinances or parts of ordinances inconsistent herewith are hereby repealed to the extent only of such inconsistency. This repeal shall not be construed to revive any ordinance or part of any ordinance heretofore repealed.

Section 21. That this ordinance may be amended or supplemented by ordinance adopted by the Board of Trustees in accordance with the laws of the State of New Mexico, without receipt by the Town of any additional consideration but with the written consent of the holders of seventy-five per centum (75%) of the bonds authorized by this ordinance and outstanding at the time of the adoption of such amendatory or supplemental ordinance; provided, however, that no such ordinance shall have the effect of permitting:

A. An extension of the maturity of any bond authorized by this ordinance; or

B. A reduction in the principal amount of any bond or the rate of interest thereon; or

C. The creation of a lien upon or pledge of revenue ranking prior to the lien or pledge created by this ordinance; or

D. A reduction of the principal amount of bonds required for consent to such amendatory or supplemental ordinance; or

E. The establishment of priorities as between bonds issued and outstanding under the provisions of this ordinance; or

F. The modification of or otherwise affecting the rights of the holders of less than all of the bonds then outstanding.

Section 22. That it is hereby declared that an emergency exists by reason of the inadequacy of the juvenile recreational facilities of said Town, and, therefore, this ordinance immediately upon its final passage shall be recorded in the books or ordinances of said Town kept for that purpose, authenticated by the signatures of the Mayor of the Town, and of the Town Clerk, shall be published in the Lincoln County News, a newspaper published and of general circulation in said Town and its official newspaper, and shall be in full force and effect five days after such publication.

Two historic points which date to the Civil War days are Ft. Craig and the Valverde Battlefield, which are located off U. S. 85 on the drive from Truth or Consequences to Socorro — the route used by Coronado in 1541.

Burgett's greenhouses near Mayhill

Some week end trips which prove most fascinating may be Sunday drives in Otero county. One spot which draws a large number weekly — and also stops many tourists — is Burgett's greenhouses near Mayhill.

Now that Valentine's Day is only a few days off, and Mother's Day is also approaching, travel to Burgett's will be heavier than ever.

What looks like a sea of white glass as you top the rise of the hill west of Burgett's is comprised of 13 greenhouses covering almost 200,000 square feet. This is the largest greenhouse in the Southwest dealing in wholesale cut flowers.

The shop where all sorts of bright pottery jardiniere, brass, berry urns, etc., may be purchased is located at the front of two smaller greenhouses.

The Burgetts say they have no one especially big season; that the market is a rather constant year-round one. Their market area includes New Mexico and West Texas. Trucks make deliveries as far away as Lubbock and Big Spring.

Approximately thirty persons are on the staff of this floral company which puts out roses, carnations and chrysanthemums in greatest quantities, even though such flowers as geraniums and cyclamens are very popular at such times as Mother's Day. Snapdragons are another big seller.

Others present and their work: Verda Myers, doing a lovely flame-colored cactus bloom, in pastel, on black velvet paper; Orpha Wingfield, and Dorothy Johnson, both working on Southwestern landscape; Margo Bryant, sketching horses in charcoal to be done in oils, and Phyllis Rea working in water colors.

James A. Baird and family of Las Cruces picnicked at the White Sulphur Springs, Feb. 12, and afterward visited with Mrs. Baird's parents, Mr. and Mrs. James E. Anderson of Tularosa, and attended the birthday party given for Mrs. Maude Fribley by Mrs. Cora A. Fribley.

It's a lovely little girl for Jeanette and Jimmy Cox this time, born February 18 at the Gerald Champlin Memorial Hospital. Her name is Lavina Diane. She is 19 inches long and weighs 6 lbs., 8 oz. The proud maternal grandparents (for this is their first grand-daughter), are Mr. and Mrs. Harold Henley, and the paternal grandmother is Mrs. Annie Cox, all of Tularosa. Little Lavina has a brother, Russell, who 18 months old.

The Rev. Grady McCullough, former Methodist pastor here, was a Tularosa visitor on Saturday and attended the organizational meeting of the Methodist men, where he was heartily greeted. Rev. McCullough has a church in Portales now and is quite active with Methodist students at Eastern New Mexico University.

Miss Mary Webb, former Tularosa student, returned Sunday from Kansas City, where she has been employed, to her home in Alamogordo with her mother, Mrs. Bernice Duggan. Miss Webb is undecided whether she will remain in Alamogordo or go to Albuquerque to seek employment. Anyway, it's nice to see her again.

Mr. and Mrs. Dick Stout arrived in Tularosa for a nice long two-week visit with Mrs. Stout's parents and family, the Desvey Smiths. Mr. Stout is serving in the U. S. Navy and is stationed in Southern California, where the young couple have made their home since their marriage last fall. Mrs. Stout is the former Miss Ellen Smith, Tularosa graduate and member of the Rainbow Girls here. Welcome home, Ellen and Dick!

The Rev. Thomas Richardson's class for membership training has seven youngsters enrolled now: Marlene Coley, Stephen Blair, Dennis Campbell, Barry Wright, Jerry and Jimmy Suits. The class meets at the church on Tuesdays and Thursdays and the young people will go into the church on Palm Sunday.

Raymond C. Hole reported on progress made on plans for the forthcoming vaudeville show which is the high school band's annual fund-raising project.

During the business meeting it was decided to award the remaining \$100 of the PTA scholarship to Miss Rosemary Dreuninger, since the original recipient, Clayton Weister, is unable to continue studies this semester. Miss Dreuninger was graduated in 1960 and was an excellent student.

A nominating committee of Mrs. Elwanda Mary, Mrs. John F. Russell and Lewis Thomas was elected to present a slate of officers at the regular PTA meeting in March.

The group adjourned to the home economics department for refreshments served by the Junior Mothers, under the chairmanship of Mrs. Katherine Fambrough.

The Rev. J. D. Sims of Alamogordo filled the pulpit at the First Baptist Church on February 19. The Rev. Carl V. Willis of Hobbs will be here next Sunday, in view of a call to this pulpit. His family will be with him and they will be entertained with a basket dinner at the church after the service.

The Women's Missionary Union had a covered dish luncheon at the church Thursday. "The Dreamer's Corneth" a mission study book on the life of Luther Rice was studied under the leadership of Mrs. N. C. Jones.

Mr. and Mrs. Clarence Bookout made a business trip to Socorro on Thursday evening and Friday morning. Their young son Jackie has been out of school with strep throat, so they had to make the trip rather hurriedly.

PTA entertained by "Singing Strings"

The regular meeting of the Tularosa PTA was held in the high school library on February 16 at 7:30 p. m., with Mrs. Lawrence Hanway presiding. An excellent program was given by Mrs. Dolores Heron's "Singing Strings."

This Heron's group of junior high school youngsters, consisting of Vincent Kofe, Lana McNeilly, Gary Watson, Billy Pitts, Frances Frowling, Nancy Hart, Jimmy Goforth and Bernice Payne has performed for many civic and school programs. Mrs. Heron has done a wonderful job of training these young musicians into an orchestra.

Shrinks Hemorrhoids Without Surgery

For the first time science has found a new healing substance with the astounding ability to shrink hemorrhoids and to relieve pain without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most cases of all—results were so thorough that sufferers made astonishing statements like "Hemorrhoids have ceased to be a problem!"

Mrs. Tommy Huey kept the guest book and later assisted Miss Carnell in opening her gifts. Other assisting were the Misses Patsy James and Patricia Thomas. Attire consisted of small kitchen articles, bound to bows of yellow ribbon.

Cardinals strike snag at tourney

The Estancia basketball team won first in the Bean Valley tournament at Vaughn last week-end, February 17 and 18. Mountaineers second and Corona third.

The Corona Cardinals lost their first game of the season to Estancia in a 3-minute overtime game at 1:30 p.m. Friday. The final score was Estancia 50, Corona 45.

Many players were sadly disappointed, since Corona had won 18 straight games. However, this one loss does not keep Corona from playing and perhaps winning next week in the district tournament at Mountaineer, with the state tournament following.

Corona's first game at the district will be at 9 p.m., Thursday, Feb. 23.

The tea table was covered with a silver cloth and was centered with a beautiful pink cyclamen, flanked by sterling candleholders with pink candles. A surprise was the bright red Valentine cake, read in pink with a white stork on top.

Raspberry punch was served from a lovely sterling bowl. Dainty heart-shaped open sandwiches, raspberry sherbet balls, nuts and mints were also served. Mrs. Hiner presided at the punch bowl and Mrs. Sultemeler cut the cake.

Memorial read as tribute to former president of Carrizozo Woman's Club

Mrs. C. A. Snow, at last Friday's meeting of the Carrizozo Woman's Club, read a brief but impressive Memorial she had written in memory of Mrs. Jane Spencer Turner. She said, in part:

"Jane Spencer Turner was born in the Governor's mansion, in Santa Fe on July 11, 1913. Her grandfather, W. C. McDonald, was the first governor of New Mexico after it attained Statehood. Her grandmother, Mrs. W. C. McDonald, was the third president of our own Woman's Club, 1922-23, and her mother, Mrs. Frances Spencer, was the fifth president.

"With a background of this kind, she was destined to become very active in public affairs. Jane became the 14th president of our club in 1940. Under her administration, a great many things were accomplished. Most important was the reinstatement of the club building in the name of our organization, with the assistance of Mayors Frank Richard and F. A. English. The remodeling of the kitchen was an adjunct that accomplished great things for the club.

"She was always ready and willing to give up her time in behalf of the Woman's Club and the various undertakings of its members. Her interest in a golden cord that ties us to the past and so today, we have another vacation that cannot be filled."

Mrs. W. F. Ball read the poem "Crossing the Bar" by Tennyson, and members sang in unison, "Abide With Me," with Mrs. T. E. Kelley playing the piano accompaniment.

A gift of \$30 to the club by Mrs. J. E. Pemberton, was donated to Radio Free Europe.

Mrs. Snow gave an interesting and informative talk on the workings of the Carrizozo Planning Commission, mostly in connection

with the proposed swimming pool. Mrs. Kelley Stephenson, Mrs. Bryce Duggar and Mrs. W. F. Ball attended the lovely tea given by the Ruidoso Woman's Club on Valentine's Day.

Guests introduced were Mrs. James Snow, Mrs. Lena Kennedy and Mrs. Madeline Daniel. Mrs. W. H. Rickerson volunteered to assume the duties of secretary for the remainder of the club year.

Delicious pink ice cream, homemade cookies, tea and coffee were served by the hostesses, the Mrs. Ralph Currie, Bill Baker and J. D. Buntion. The table was centered with a large bouquet of red and white carnations and decorations carried out the Valentine's Day tradition. Mrs. Buntion poured from an exquisite silver tea and coffee service.

Mrs. E. T. Fletcher was program chairman and Mrs. A. N. Spencer, president, presided.

After considerable discussion on the television "Horror" program, and the effect of them on our youth, a committee of Mrs. L. W. Varner, Mrs. James Henderson and Mrs. Hollis Cummings was appointed to look into this matter and see what can be done to bring about better TV shows.

It was decided to have Mrs. Henderson confer with Mrs. Mae Holl, RN, working at Fort Stanton, about giving a Red Cross first aid course to the club members.

The meeting was adjourned and Mrs. L. W. Varner, program chairman, gave her program on "Olden-awa." She first gave some data on the island, as to its location, also and its people. This was followed by showing colored slides, highlighted by comments by Mrs. Varner. Having been stationed there for several years, Mrs. Varner has an intimate knowledge of her subject.
