Operating expenses for county administration were reduced \$2,000 for next year, to a total of \$43,000. Biggest reduction was in operation of the district court, down \$4,000—to \$36,000 for the coming year. It'll mean a salary cut for employees.

Here's the breakdown by departments, with figures rounded off. General Fund — \$45,000 in 1960, \$43,000 in 1961. Salaries — \$50,000 in 1960, \$57,000 in 1961. District court — \$40,000 in 1960, \$36,000 in 1961. Roads — \$191,000 in 1960, \$195,000 in 1961.

County agent's office — \$4,230 in 1960, \$4,320 in 1961. Courthouse and jail repair — \$11,000 in 1960, \$7,000 in 1961. Indigent — \$700 in 1960, \$1,000 in 1961. Auditing — \$1,750 in 1960, \$2,100 in 1961. Election — \$3,100 in 1960, \$3,000 in 1961. Primary election — none in 1960, \$1,000 in 1961. Health department — \$6,400 in 1960, \$6,900 in 1961. Recreation — \$5,000 in 1960, \$5,900 in 1961.

Carrizozo hospital budget the same

The two county hospitals turned in their budget estimates for the coming year at the hearing Tuesday. Carrizozo's hospital expects to operate on their \$31,000 again this year, but Ruidoso will go from \$104,000 last year to an estimated \$134,000 this year.

We're (slowly) getting out of debt

The county's indebtedness, lower than most in New Mexico, now stands at \$27,000—what's left of the \$207,000 bond issue passed in 1949 for construction of the county's two hospitals.

District Court

District court was held Tuesday. Vernon Max, charged with "entering without breaking at night", pleaded not guilty. H. Elfred Jones appointed to defend him. Case continued. Max's bond set at \$500.

ADAMS HARD MAN TO DEAL WITH

Adams, according to testimony before the committee, called engineers from the state highway department "punk's", covered scales with canvas for days to keep department inspectors from seeing weight readings, went over the heads of highway officials to get reversal of their rulings from higher brass, point blank refused to comply with orders from department inspectors, and one of his superintendents tried to beat up project engineer Durwood Dixon who later became chief highway engineer.

NOT MUCH TROUBLE FOR THE OTHERS

The committee isn't likely to make any serious trouble for Democrats Sudderth and Leonard, and Republican members have been alert in protecting the Republican dominated highway commission that came into the inquiry.

WILL HARRISON'S Inside the Capital

WASHINGTON FROM CENTERED ON ADAMS Washington, D. C. — The Congressional investigation of New Mexico road building which started as a broad, all inclusive inquiry finally pin pointed on contractor Jack Adams of Santa Fe and the committee purpose resolved into an effort to bar the contractor from further federal aid road jobs.

CONTRACTOR CATCHES ALL THE BLAME

Testimony that Highway Commissioner John Sudderth was doing \$68,000 a year business with Adams in gasoline and diesel fuel, reacted in the committee on Adams rather than Sudderth, and the same when it was revealed that Highway Commissioner Harold Leonard had some \$50,000 tie business with the contractor.

DEPARTMENT FAILURE LAID TO ROAD BUILDER

The fantastic failure of the highway department and the bureau of revenue public roads in testing the materials and the workmanship that went into the million dollar Adams road failure at Lordsburg was all turned against the contractor rather than the department and bureau people who didn't test the materials.

POLITICS DEEP IN COMMITTEE

The Blatnik committee is up to its eyes in politics with Demo and Republic members equally active in behalf of their parties. It became known early in the hearings that Jack Adams could be sacrificed without political damage and soon members from both sides of the committee were yelling for his hide.

Shower-dance for local couple

Miss Maxine Smith and Gilbert Ortiz were honored with a shower-dance June 10. The shower-dance was given by the members of the wedding party and was held at the Carrizozo Country Club.

The club was beautifully decorated with streamers on which small umbrellas of assorted colors were hung. Also hanging from the streamers were pink doves and pink, blue and white wedding bells.

The centerpiece on the gift table was a pinata from Juarez which was in the shape of a bride. On the punch table were a bride and bridegroom, each a foot high.

Refreshments consisted of two large white cakes and green and orange punch. Music for the dance was furnished by the Chavez orchestra of Willard.

On June 11, the couple were the honored guests at a picnic

held at Nogal Lake. There were about 40 guests present, including the wedding party and close relatives.

ABOUT PEOPLE

It is rumored that Mrs. Roosevelt will go to Cuba to finalize (pardon the Pentagones) the tractors-for-prisoners deal. If she does, it is wondered if Castro might hold her for ransom, demanding another dozen or so tractors.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is the look that started with Thunderbird - styled the Galaxie - and quickly became the styling success of the Sixties. Many car have tried to copy it. No car has succeeded. Incomparably beautiful, the 1961 Galaxie maintains its distinction - as originals always do. Styling is only part of Galaxie's distinction: this is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications... 4,000 miles between oil changes. Brakes adjust automati-

cally. The muffler is built to last three times as long as ordinary ones. The body is specially treated to resist rust and corrosion. The finish never needs waxing. Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do? SWAP right now while your Ford Dealer's sales are booming - and the swapping is easier than it's ever been before. SAVE with the Ford that makes saving fun!

Today is the day to STOP... SWAP... SAVE LINCOLN COUNTY MOTORS, INC. MAIN STREET AND TULAROSA AVE. CARRIZOZO, NEW MEXICO

Sleepless Nights, Poor Appetites Rare in an Air-Conditioned Home

Families who don't have air conditioning because they think it's simply a luxury are missing more than they know. of the most important ones: 1. Better sleep. Everyone in the family gets better sleep a good night's sleep in an air-conditioned home. 2. Better appetites. A summer slump in appetite rarely occurs in a house with air conditioning. 3. Better disposition. Modern air conditioners that bring excess moisture from the air stem from the unpleasant combination of summer heat and high humidity. In addition, scientifically-designed air conditioners filter trap airborne pollen, dust and dirt, resulting in more comfort for allergy sufferers and less work for housewives. It's true that a room air conditioner does provide the luxury of summer comfort, but there are other considerations that are more important. Here are a few:

blankets of mineral wool insulation, families can determine where and how much insulation to use by referring to the All-Weather Comfort Standard. This standard was developed by electric utilities and manufacturers of electric heating and air conditioning equipment.

HOOP DANCE is performed by young Indian at ceremonial grounds on Mesquero Indian Reservation. Food for Fourth of July celebration is cooked in wickup before which group of Indians are standing at night. Bleachers are on opposite side for spectators.

You can stay at home and still spend the long Fourth of July week-end away. Take in the Coming of Age ceremony held for the Indians of the Mesquero Apache Indian tribe at the reservation starting July 1 for four days.

This is a great tourist attraction, as Indians from all over New Mexico, Oklahoma and Arizona join the Mesqueros in this deeply religious ceremony which is a traditional one dating back hundreds of years.

Many dances are performed, the most popular of which is undoubtedly the "Dance of the Mountain Gods of the Apache." Entertainment is presented at the ceremonial grounds on the reservation, mornings, afternoons and in the evenings.

The rodeo held in conjunction with it is at the Carrizo ARIZONA. Indian rodeos have events that are unless he kept his balance, the invisible line between self-sacrifice and sacrificing one's buddies and country became lost in the pangs of hunger.

Another effective element used in the brain washing process was fatigue—a fatigue which would allow suicide to be a relief. The patient was interrogated for hours and sent to his cell. If a deep sleep overtook him, he was immediately awakened to be taken to the interrogation room for another plight for 24 hours.

One can easily see that the brain washing technique harmonizes with the "scientific" approach to improving the human race. It should move us into a constant state of alertness to the danger of psychological warfare and encourage us to arm ourselves with the necessary tools for effective resistance in the "hot" as well as the "cold war."

There is also feasting. This feasting and dancing was the way the early tribesmen showed their thanks that a daughter or very close relative had reached womanhood in spite of hardships of the country.

Girls wear traditional two-piece dresses and moccasins of buckskin which they have made themselves over a long period of time. Special needles are used to sew on the heavy beading. Tiny bells are attached to the fringe of the dress. The girls also perform a ritual dance.

Most rituals may be viewed by the public, but a few are still kept secret. Early riders can watch medicine men build the ceremonial—or medicine—teepee on the first day. Men sing ancient songs while this goes on, according to a prescribed ritual.

There is always a display at the red brick headquarters building. Remember, descendants of such Apache chiefs as Geronimo and Victorio still live on the reservation and take an active part in tribal affairs.

## Burkett-Walker vows exchanged

One of the most beautiful weddings of the season was the candlelight ceremony which joined Miss Nancy Alena Burkett, daughter of Mr. and Mrs. Norman Burkett in marriage to Mr. Donald K. Walker, son of Mr. and Mrs. Adron Walker, at the Methodist Church on June 9, at 7:30 p.m.

Officiating minister was the Rev. Thomas E. Richardson. Mrs. Ruth Sorenson of Alamogordo played an organ prelude and the traditional wedding march.

The bride, given in marriage by her father, was attired in a floor length white satin wedding gown with fitted bodice and short puffed sleeves and carried a bridal bouquet of lavender orchids, with sprays of dainty white stephanotis. Elongated white gloves and the fingertip veil held in place by a coronet of seed pearls completed the bride's costume.

Matron of honor was the bride's sister, Mrs. Pat McCracken, and her bridesmaids were Mrs. Shelby Ray Bryant and Mrs. Tommy Jones. The three attendants wore full skirted ballerina length gowns with bubble puffed sleeves in various shades of blue.

Mr. Ronald Walker, brother of the groom, was best man and the ushers were Mr. Shelby Bryant and Mr. Tommy Jones. The younger brother of the groom, Jimmy Walker, acted as special usher to seat the mothers of the bride and groom. Mrs. Burkett wore pink lace with white accessories for her daughter's wedding, and Mrs. Walker, the groom's mother, wore pale green linen with beige accessories. Both mothers wore coronets of pale pink rosebuds.

Besides intimate friends and relatives in Tularosa, guests included the bride's maternal grandmother, Mrs. Ula Davis of Abilene, Texas, her paternal grandmother, Mrs. Octo Burkett of Odessa, Texas, her cousin and family, Mr. and

Mrs. Lawrence Scott and daughters Becky and Patsy of Odessa; her uncle and family, Mr. and Mrs. Raymond Davis and children of Abilene; the groom's maternal grandmother, Mrs. Lora Tantz and his aunt and family, Mr. and Mrs. E. L. Bowman and children, Mike, Karen and Sharon, all of El Paso; his great aunt, Mrs. Doppie McGuire of Clovis; his aunt and family, Mr. and Mrs. Warren Martin and daughter Janice, of Bovina, Texas; his aunt and family, Mr. and Mrs. Herbert Calloway, their son Robert, with his two little sons Randy and Danny of Alamogordo; his aunt, Mrs. Jess Dugger and two daughters, Nilene and Brenda, of Alamogordo, and close friends, Mr. and Mrs. Roy Helms of Carrizozo.

Following the wedding ceremony, a reception was held for the guests by the young couple and their parents at the Woman's Clubhouse. The very lovely white three-tiered wedding cake, decorated with white rosebuds, was served by Mrs. McCracken, the matron of honor, while the bridesmaids, Mrs. Bryant and Mrs. Jones, served punch and coffee from a table covered with lace over an aqua blue cloth and decorated with tall white candles. Flowers were the bouquets of the bridesmaids. The guest book was attended by a close friend of the bride, Mrs. Sandra Judah.

The bride chose for her going-away costume, a white sheath in sailcloth, with a short box jacket in navy check and white accessories.

After a brief honeymoon at Grand Canyon the newlyweds will be at home at the old Dale place west of Tularosa. The groom will farm, in partnership with his father.

Both young people are graduates of Tularosa High School, the bride in 1961 and the groom in 1956. The groom also attended New Mexico State University for several quarters.

## Hard work, fun, marking sheep

Mr. and Mrs. Richard Crandall and children, Lee and Shirley, joined friends and relatives recently north of Capitan for a couple of days of good hard work and real old-fashioned fun. The place was the ranch home of Mr. and Mrs. John Purcell; the work, the arduous task of marking sheep; the fun, a good-old-fashioned dinner on the grounds, chuck wagon style, which is so much a part of our Western ranching tradition. A lot of visiting went on with the other guests present: Mr. and Mrs. Buster Smoot and daughters Minette and Sharon, and a couple of young fellows, Tommy and Johnnie Baptist, all of Carrizozo; Mr. and Mrs. Archie Fuchs, Earl Pruitt and Johnny Welby, all of Roswell; Floyd Hale and Chalk Norton of Spindler; Annie McInnes and Roy Kargoch, neighbors of the Purcells; Clyde Sparks and Mrs. Allie Taylor. The Tularosa visitors brought Mrs. Crandall's mother, Mrs. Taylor, home with them for a few weeks' visit. She has been staying with the John Purcells, her brother, Mrs. Taylor will accompany the Crandalls on their long anticipated vacation to points of interest in Wyoming.

Mrs. Fred MacKie, accompanied by her son, Jimmy, and her daughter and family, Mr. and Mrs. Dick Hopkins and daughter Marti, all of Houston, Texas, arrived in Tularosa on June 10 for a week's visit with her parents, Mr. and Mrs. W. R. Simpson, and her brothers, Dec and Jess, and their families. Since this is Mr. Hopkins' first visit to New Mexico, the entire clan is enjoying showing him such local sights as the White Sands and the mountains around Ruidoso and Cloudcroft as well as points of interest in Tularosa. On Tuesday Mrs. MacKie took her mother to Albuquerque to visit her married sisters, Ruth, Ruby and Hattie, who live in and around the Duke City. They were accompanied by Mr. Simpson's sister, Mrs. Martha Bramen, who has been visiting the Simpsons, and who will go on from there to her home in Long Beach, Calif.

## Bible school is over

The Baptist Vacation Bible school held its commencement exercises Friday evening with the various departments having a part in the program to show their parents and friends the results of the two-week course. After the exercises refreshments were served the guests by the Intermediate class. In the educational building while the parents viewed the handiwork done in conjunction with their children's studies. Bobby Yerby, son of Mr. and Mrs. Royce Yerby, is recovering nicely from an emergency appendectomy at Gerald Champion hospital on June 5. He has been home for a little more than a week and though his activities have been rather curtailed, he seems to be okay now.

Mr. and Mrs. Francis Smith are the proud parents of a baby daughter, Debbie Marie, born May 26, at the Mesalero hospital, and weighing in at six pounds. The young lady very considerably waited until her Daddy had finished his term at college before making her appearance. Maternal grandparents are Mr. and Mrs. Manuel Fields of Tularosa, and paternal grandmother is Mrs. Hop Smith of Mesalero. Mrs. Smith was graduated from Tularosa High school in 1959 and was employed in the Sacra Bros. office prior to her marriage. Mr. Smith, better known around Tularosa as Pinky, was one of the star athletes in high school and graduated in 1960. He attended college in Silver City and is presently employed with the Indian Service for the summer but will return to college in the fall, accompanied by his wife and new daughter. He is studying on a scholarship from the Apache Tribal Council.

Mrs. Roy F. Haws and her teenage son Joe, are visiting in Tularosa at the home of Mrs. Haws' aunt, Mrs. Annie Lackey. Long time residents of the City of Roses will remember Mrs. Haws as the very popular Miss Vera Humphrey, a 1933 graduate of Tularosa High school, where she was active in many departments and president of her class for three terms as well as executive officer in many clubs. She was honored at

a luncheon on June 16 at the home of an old classmate, Mrs. Phyllis Dawson Rea. Guests included several of her classmates and old school friends: Mrs. Verda Coe Myers, Mrs. Orpha Miller Wingfield, Mrs. Peggy Mitchell Pierce, Mrs. Lucille McMatt Marr, Mrs. Doppie Posey Cooper, and Mrs. Evelynne Coe Campbell. Also present was Mrs. C. W. Coe. Mr. Bertie Dawson dropped in during the afternoon to greet Mrs. Haws. Many wonderful occasions and occurrences were remembered and many old friends recalled, with various members of the group exclaiming, "Do you remember when..."

Dr. and Mrs. Manuel Aniel, of Palos Verdes Estates, Calif., were house guests of the Russell Reas from June 12 to 15. Mrs. Aniel is a niece of Mr. Rea. Since this is their first trip to New Mexico there was a lot to interest the Aniels and they seemed to enjoy our little city very much. Mr. and Mrs. Shelby Ray Bryant motored to Phoenix over the weekend for a visit with Mr. Bryant's dentist. Sounds painful but they report a wonderful trip though the weather was a little warm. The little Bryants, Tammie and Shellee, enjoyed staying with their grandparents, Mr. and Mrs. E. W. Myers, while Mother and Daddy were away.

## Methodists and their Bible school

A successful two weeks of Vacation Bible school has been concluded at the Methodist church. An average attendance of 55 youngsters each day was reported. Teachers included Mrs. Evelyn Omev in the kindergarten class assisted by Betty Lou Stovick; Joella Frolinger, Rhonda Preter, and Lana McNelly; Mrs. Jane Kennedy in the primary department, assisted by Mrs. Betty Massey; Mrs. Donna Aubrey in the pre-junior and Mrs. Evelynne Campbell in the junior departments. Mrs. Barbara Terry assisted in both the junior and pre-junior classes and was pianist for all classes. The pastor, Rev.

## FROM THE PROMISE TO THE PERFORMANCE

Without question the most stirring words that Mr. Kennedy uttered since he started campaigning for the presidency was the statement delivered during his inauguration speech... when he asked the world not only the country not to think of how much the government would do for them but rather how much they could do for the government. For we all know we were in a time of great crisis. Literally one-half the world not only planned to bury us but were arduously working, and making progress, at the task.

This observer anticipated a nation-wide rallying of all parties and all people to the side of the President. In fact, any trained observer could see the people push aside their petty, personal problems and the country assume, for the first time in a long while, a national unity. We were going to go forward! Petty domestic situations would be corrected in the due course of events but the major crisis would be met head on with national solidarity.

That is what I thought... and that is what I observed as the administration directed for the immediate taking of measures for social welfare. An increase in the minimum wage-hour rate, care for the aged, federal aid to education, federal

intervention in labor disputes, even socialized medicine were brought up for consideration. This at a time when we were blundering in Cuba, falling in Laos, with either a lack of sufficient information or misinformation about Korea. At the same time as the president of Brazil asked us for financial aid he told us that Castro was not a Communist. While we were criticized, condemned and castigated almost universally, our first considerations were going for socialized betterment when enlightened people had looked for a mustering of national resources with the country on an alert basis against the continued development of one free country after another by the Communists.

While the country is familiar now with the featherbedding of unionized labor at Cape Canaveral, did you know that the same sort of restrictive work rules of organized labor have been adding to the cost of everything we buy and draining the health of our national economy? The federal government seems to have forgotten that the greatest asset of our nation has grown on the free enterprise system. It is generally recognized that our economic health depends on full private employment. We must also recognize that private enterprise is a reasonable freedom to function in its traditional manner, without excessive federal interference or domination. The more time, money and effort we devote to establishing a welfare state the less energy we have to resist Communist encroachment.

Speaking forthrightly, never in our diplomatic history has the United States appeared so confused and without purpose. An Australian reporter asked to "the Americans." It is time to rally all our energies and resources to combat our enemies, not to make our citizens soft and dependent. If you share this belief, perhaps you might tell your representative in Congress.

Thomas E. Richardson, showed a series of slides each day on the Life of Christ. All youngsters really appreciated those mothers who made and served cookies and Kool-aid each day. The final program of the school was incorporated in the Fathers Day worship service on Sunday morning with each department taking part. The junior choir, under the leadership of Mrs. Donna Aubrey, provided special music for the program.

The Tularosa Methodist Woman's Society of Christian Service held its leadership training course after choir practice on Wednesday evening with each of the officers and secretaries reporting on her duties and inviting discussion on how she could better fulfill them. Prior to the study course, the executive board voted a donation to the Lena Hagee Leslie Benefit Fund.

## Attend Future Farmers convention

Attending the Future Farmers convention in Albuquerque June 8 to 9 were Tularosa Chapter president Melvyn Wingfield, and three delegates—Earl—Stirman, Jerry Hanway and John Beach—accompanied by their teacher and advisor, Mr. C. B. Jesson. Miss Betty Allen, chapter sweetheart, with her mother, Mrs. R. B. Allen, drove up on Thursday morning and Miss Allen sang at one of the meetings. Melvyn Wingfield was one of the 43 boys in the state to receive the State Farmer's degree and also was elected president of the Southwestern District which automatically makes him state vice president. Mr. and Mrs. Walker Wingfield, Melvyn's parents, attended several of the meetings on Thursday. Congratulations, Melvyn, for both honors.

Cadet Captain Danny King, Jr., left last week for Webb AFB in Big Springs, Texas, for four weeks of summer training. Tularosa is proud of Danny, who received the Chicago Tribune Silver Medal recently for outstanding flight commander at New Mexico State university.

Another King makes the news this week. Danny's younger brother, David, who attended the DeMolay Convales in Albuquerque June 5 to 9, as Master Counselor of the Sacramento Chapter of DeMolay in Alamogordo, received his Knighthood Degree. His parents, Mr. and Mrs. Dan King, attended the coronation of the State DeMolay Sweetheart, Miss Sharon Wright, who just happens to be David's best girl... congratulations to both Danny and David.

House guests of the Dan Kings for the week are Major and Mrs. Lyle Bishop, and children, Larry, Fay San, and Jeanne of Saratoga, Calif. The Bishops made their home in Tularosa for several years before Major Bishop was transferred to the coast last year, and their many friends welcome the "almost" home.

and her something blue, a flowerbedecked blue satin garter. Matrons of honor were Mrs. Roy Chavez and Mrs. Juan Torrez, and the groom's attendants were Mr. Roy Chavez and Mr. Juan Torrez. Mrs. Chavez and Mrs. Torrez wore ballerina length turquoise formal with white lace overdress and white lace chaplets and veils on their hair, and carried turquoise carnations with long satin streamers.

Bridesmaids and their escorts were Miss Beatrice Silva and Mr. Tudy Garcia, Miss Colla Torrez and Mr. Jimmy Cantres, Miss Torresta Fields, and Mr. Roy Herrera, Miss Ann Gallegos and Mr. Alfred Montoya, Miss Gloria Sanchez and Mr. Kurt Thompson, Miss Mary Malone and Mr. Robert Garcia.

The bridesmaids' dresses were made alike, ballerina length formal, but of different colors. Miss Silva and Miss Malone wore light orchid, Miss Torrez and Miss Fields, yellow, and Miss Gallegos and Miss Sanchez, pink. Little Miss Sylvia Chavez in a miniature copy of the bridal gown with a flower chaplet holding her veil was carried to the altar by her father.

She was escorted by little Master Johnny Torrez, who carried the wedding rings on their shining satin cushion. Mrs. Silva chose a beige linen ensemble with lace jacket and accessories of beige and white. Mrs. Salazar chose navy blue lace with pink and white accessories. Both mothers carried corsages of white carnations.

Besides the many friends and relatives in Tularosa who attended the wedding from out of town: Mr. and Mrs. Florencio Gomez, the bride's god parents, and their children from Roswell; Mr. and Mrs. Joe Benavidez of Modesta, Calif.; Mr. and Mrs. Emilio Sanchez, Mr. and Mrs. Orlando Lucero, and Mr. and Mrs. Frank Gomez of San Patricio, Mr. and Mrs. Sylvester Salcido and daughters and Mr. and Mrs. Joe Salcido and daughters, all of Hondo, Mr. and Mrs. Willie Benavidez and Mr. and Mrs. Lucas Gallegos of Ruidoso Downs, Mr. and Mrs. Henry Silva and Mr. and Mrs. Javelino Rodriguez of Alamogordo, Mr. and Mrs. Henry Silva, Jr., of La Luz.

After the wedding a reception for the young couple was held at the Lions' Hat and wedding cake and punch were served to more than 450 guests, a real record for a wedding reception in Tularosa.

A dance was held in honor of the bride and groom in the evening at the American Legion hall with the grand march being led by Mr. and Mrs. Raymond Duran of Alamogordo.

After a brief honeymoon in Colorado Springs the newlyweds will make their home in Tularosa.

## About People

Mr. Al Windman of Carrizozo and Mr. Ted Johnson of Alamogordo left Carrizozo June 10 for a trip to Alaska. The two men flew to Alaska in Mr. Windman's private plane, a Cessna 170. Mr. Johnson and Mr. Windman visited Anchorage, Fairbanks and a remote Indian village which could only be reached by dog-sled or plane. Mr. Windman and Mr. Johnson returned to Carrizozo on June 20.

Mr. and Mrs. Lewis Farris are being visited by their grandchild, Mrs. Cal Barlow, and their great-grandchildren, Sherry, Gary and Carol Barlow. The Barlows are from Marquette, Mich., and plan to stay with the Farris until July 15.

Mr. and Mrs. W. H. Hadley of Albuquerque will arrive Friday to visit Mr. and Mrs. T. A. Spencer. The Hadleys formerly were employed at the Lincoln County hospital.

The First Baptist church of Carrizozo will have a Youth Week beginning June 25 and continuing until July 1. The following people are scheduled to conduct the services: Mr. Bobby Leonard will give the morning message with Mr. Bob Curtis rendering the evening message; Miss Joan Means will be the pianist and Miss Jean Means the song leader. Mr. John Hein, Mr. Gerald Littleton and Mr. Roger McDaniel will serve as ushers; and the announcements are to be made by Mr. Danny Armstrong.

The Youth Week Sunday school superintendent is Mr. Ronny McDaniel and Miss Margaret Littleton is serving as the training union director. On Wednesday evenings the sermons will be led by Mr. Gerald Ely.

Mr. and Mrs. Doll Ray have moved to El Paso. Their children, Joyce, Lynn and Colleen have joined them after spending three weeks with their grandparents, Mr. and Mrs. Raley Ward Sr.

Mr. and Mrs. Raley Ward Jr. were here visiting Mr. and Mrs. Raley Ward Sr., Mr. Albert Carter and Mr. and Mrs. Randal Greer of Nogal.

It is not uncommon to hear statements made by military and civilian personnel concerning the brainwashing of American prisoners during the Korean Conflict. There are some who understand the situation; there are those who resent any reference being made to the fact that many of the G. **LEGAL NOTICES**

**NOTICE OF PUBLIC AUCTION OF STATE LANDS LINCOLN COUNTY**

Office of the Commissioner of Public Lands  
Santa Fe, New Mexico

Notice is hereby given that pursuant to the provisions of the Act of Congress, entitled Enabling Act for New Mexico (36 Stat. 557), approved June 20, 1910, the laws of the state of New Mexico, and the rules and regulations of the State Land Office, the Commissioner of Public Lands, subject to the conditions hereinafter set out, will offer for sale at public auction, to the highest and best bidder at 11:00 o'clock, A. M., on September 12, 1961, at the front door of the County Court House, in the Town of Carrizozo, New Mexico, subject to existing rights, easements, rights-of-way, or leases, if any, the following described state institutional lands, to wit:

**SALE NO. 3332: E 1/4, SW 1/4, SW 1/4, NE 1/4 NW 1/4 of Section 32, Township 1 South, Range 15 East, NMPM, containing 600.00 acres, more or less, according to the government survey thereof. These lands are located approximately 12 miles Southeast of Corona, New Mexico.**

Said above-described lands have been appraised at \$7.25 per acre and no bids for a less amount will be accepted. Those desiring to qualify as bidders will be required to deposit with the Commissioner, or his agent conducting the sale, \$205.00 to apply on costs of appraisal and advertising; plus five (5%) per cent of the appraised value of the lands, and the sum of \$3,000.00, which is the appraised value of the improvements, unless bidder be the owner of said improvements. Any person desiring to qualify as a bidder must qualify before the bidding in such sale has been completed. All deposits shall be in cash, certified or cashier's check, or bank money order, and made payable to the Commissioner of Public Lands. All deposits will be refunded to unsuccessful bidders.

At the time of sale, the successful bidder will be required to pay five (5%) per cent of the amount bid, less his deposit, the first year's interest at four (4%) per cent on the deferred balance, plus the actual cost of appraisal and advertising. The balance of the purchase price will be payable in thirty (30) years with interest at four (4%) per cent payable annually in advance on the deferred balance. All minerals of whatsoever kind, including oil and gas, are reserved to the State of New Mexico.

The right to reject any and all bids is expressly reserved and no sale shall be effective unless and until approved in writing by the Commissioner of Public Lands.

Detailed information concerning this offer of sale, the lands involved, the improvements thereon, if any, and other matters related thereto may be obtained by writing to the Commissioner of Public Lands, State Land Office, Santa Fe, New Mexico.

**IN THE THIRD JUDICIAL DISTRICT OF THE STATE OF NEW MEXICO WITHIN AND FOR LINCOLN COUNTY**

Petition of **JUAN GARCIA** and **VICTORIA GARCIA**, to adopt Nina Marie Bernadette Baca, No. 128.

**NOTICE**

To: Henry Baca the reputed father and Louis Lee the actual father of Nina Marie Bernadette Baca:

You will please take notice that Juan Garcia and Victoria Garcia, his wife, have filed in the District Court of Lincoln County, State of New Mexico, petition praying that an Order be made granting leave to them to adopt Nina Marie Bernadette Garcia, and that July 31, 1961, at 10:00 A. M. of said day, at the Court Room in Carrizozo, New Mexico, has been set for the hearing of said petition, and you are hereby notified to appear and show cause, if any you have, why the prayer of said petition should not be granted.

H. Edward Jones, whose post office

gave in. They didn't know what they were fighting for!"

Regardless of how one may feel, it would be well to look objectively at what actually happened. For one, do not blame the G. I. nor do I try to justify their deeds. I do know that it is difficult to fight an ideology, and you can't fight it until you know what it is. I don't blame the commies; they found our weakness and exploited it to the fullest. The Chief of Intelligence in North Korea wrote the following letter to the Chief of Intelligence of the Chinese People's Republic in Peiping:

"The American soldier has weak loyalty to his family, his community, his country, his religion, and to his fellow soldier. . . he underestimates his own worth, his own strength, and his ability to survive. . . There is little knowledge of understanding even among U. S. University graduates of American political history and philosophy. . ."

No doubt one of the contributing factors in the brainwashing technique was and is the lack of understanding of our capitalistic system and what "makes it tick." But there is also another side of the story—a story that should arouse and shock our people out of their state of apathy and indifference relative to "brain warfare." You can rest assured that this type of warfare is just as deadly as any nuclear war will ever be if not more so.

There are two processes in the field of psychological warfare. This editorial will deal with one process, namely the "softening up" process. Perhaps that is the most dreaded of all, for it is designed to make one so confused and foggy in his thinking that he accepts as truth that which he abhors and at one time rejected. The instruments that the so-called "medicine" men uses are "hunger, fatigue, tenseness, threats, violence, drugs, and hypnotism."

Perhaps the element most used is hunger which includes starvation (lack of food) to a meal scientifically unbalanced. Edward Hunter in his book entitled "Brainwashing from Pavlov to Poyers" gives a vivid account of the "hunger" approach. For example, "The Reds would figure out the minimum amount of rice needed to allow a man to barely survive, and then cut it by one-third. The amounts of food laded out" states Mr. Hunter, "were adjusted to the effect desired, like a treatment . . . food was apportioned according to a man's resistance qualities. This was even done openly. Every p. o. w. in Korea knew that the boys who collaborated got extras. An additional spoonful of cabbage in a bowl of rice can become the most important thing in the world to a man, inciting any sacrifice. Unless he kept his balance, the invisible line between self-sacrifice and sacrificing one's buddies and country became lost in the pangs of hunger."

Another effective element used in the brain washing process was fatigue—a fatigue which would allow suicide to be a relief. The patient was interrogated for hours and sent to his cell. If a deep sleep overtook him, he was immediately awakened to be taken to the interrogation room for another plight for 24 hours.

"One can easily see that the brain washing technique harmonizes with the "scientific" approach to improving the human race. It should move us into a constant state of alertness to the danger of psychological warfare and encourage us to arm ourselves with the necessary tools for effective resistance in the "hot" as well as the "cold war."

**NOTICE OF SALE**

This is to certify that we will sell ten (10) Teacherage buildings; Eight are 2-bedroom buildings and two are 3-bedroom buildings. These buildings are situated in Carrizozo on Bloets 33 and 34 of the McDonald Addition; each building is located on 1/4 lots, 60 ft. x 130 ft. The teacherages will be sold in units of one or more to the highest bidder by sealed bids accompanied by a certified check in the amount of 10% of the offer, the balance on the 2-bedroom units to be paid in thirty-six (36) equal monthly installments drawing interest at the rate of 6% per annum, and the balance on the 3-bedroom units to be paid in forty-eight (48) equal installments drawing interest at the rate of 6% per annum. The bids will be opened at 10:00 A. M. on Wednesday, July 5, 1961. No offer for less than \$1,500 each will be accepted on the 2-bedroom houses and no offer for less than \$2,000.00 each will be accepted on the 3-bedroom houses. The Sellers reserve the right to refuse any or all bids received. Successful purchasers will receive title by Warranty-Deed and a title Insurance Guaranty Policy. For further details, contact J. T. Clegg, Superintendent of Schools.

**LINCOLN COUNTY IN BYGONE YEARS**  
TEN YEARS AGO

Lincoln County commissioners rejected petitions calling for a vote on the question of legally selling liquor on Sunday in the county. Church and temperance groups were active.

The Southern Pacific Company who last week was conferring with several groups regarding the sale of Bonito Dam (source of the water supply for Carrizozo and other villages along the line as far as Vaughn), saying, the advent of the diesel locomotive had made this water source no longer essential to the railroad's operation, restricted water use by Carrizozo residents in a sudden and surprising move this week. Mayor Vernon Petty was advised without advance warning the line into the village was to be "pinched" immediately. Once more the village will cut off water on the north side three hours a day.

**TWENTY YEARS AGO**

Mrs. Margie Clouse and Mrs. Nellie Branam are on a visit to El Paso and Las Vegas. Mrs. Clouse is on vacation from her duties at the Lincoln County Agency.

Legal notice was given of the formation of the Claunch-Plato soil conservation district. Church notices listed five churches in Carrizozo 20 years ago. They were Baptist, L. D. Cochran, pastor; Saint Rita Catholic, Rev. Fr. Salvatore; Church of Christ, Elvin Best, and Methodist, L. A. Hughes; Nazarene, J. S. Collins.

Mr. Thornton, proprietor of the T & G Grocery, is driving a beautiful new Chevrolet car. Mrs. Ruggs Houston and daughter, Betty Jo left last week for Lubbock, Texas, to spend several weeks.

The American Legion meeting which is in progress at Ruidoso is one of the best attended sessions held for several years. Nearly all Legionnaires from Carrizozo went up today. Mrs. Phil Laramelo of Lincoln is chairman of the committee.

**FORTY YEARS AGO**

Three banks were carrying front-page ads: the First National, Lincoln State and Exchange. Drilling was discontinued at a test well near Piecho. It was abandoned at 2,200 feet.

Among constitutional amendments to be voted upon at the state election in September are:

- To permit women to hold public office.
- To prevent aliens who are ineligible to citizenship from owning real estate.
- Two mills levied on all property in the state outside the foregoing limitations for the state highway.
- Fifteen mills for general county school purposes, of which the levy in excess of 10 mills requires the approval of the county commissioners and state tax commission.

Water skiing on Conchas Dam

**Trip of the week to Conchas Dam**

Eastern New Mexico is a vast sea of grass, as Conrad Richter has called it. It is hardly an area where the visitor would expect to find the largest sustained body of water in the state, but Conchas Dam makes this the case.

Here, in the heart of New Mexico's cow country, the Dam lies like a gleaming mirror, created by the influx of two rivers—the South Canadian and the Concha. Its waters spread over 26 square miles and offer 10,000 surface acres of boat and shore fishing.

Although Conchas Dam was built as part of a program of flood control and irrigation, its lure for southwestern vacationers lies in the boating, fishing, swimming and camping it provides.

Most popular of New Mexico's seven state parks, or the most heavily patronized at least, Conchas draws visitors from many other states as well as the Land of Enchantment. On almost any weekend, the number of Texas license plates to be found around the Conchas recreation area outnumber those of any other state—New Mexico included.

Good rains fall here

Some good rains have fallen in different areas of the community.

House guests in the home of Alton Talley over the weekend were Mr. and Mrs. Charlie Petros from Las Cruces; Mr. and Mrs. Eddie Petros and children of Albuquerque. Eddie and family also visited Mrs. Petros's parents, Mr. and Mrs. John Corch.

Mr. Welland's mother is ill in Albuquerque.

There was a shower given at the club house Friday night in honor of Mr. and Mrs. Sammie Stoneman of Ancho Mr. Stoneman is the former Terris Buzette of Claunch. The Stonemans received many useful gifts and everyone enjoyed the shower. Out of town guests at the shower were Mr. and Mrs. Clyde Stoneman of Ancho, Mr. and Mrs. Eddie Petros of Albuquerque, Mr. and Mrs. Van Cain, Mr. and Mrs. Roy Cannon and Minnie Edna Cannon of Gran Quivira.

The Advances was entertained by music played by Mr. Van Cain and Roy Cannon of Gran Quivira, and Alton Talley of Claunch.

John and Stella Smith and the Ray Lovelace family attended the singing in Alamogordo Sunday evening. Dutch is spending this week with his sister, Nelda Busch, of Alamogordo.

Debbie Anchy of Roswell, granddaughter of Mr. and Mrs. Earl Talley, has been visiting in Claunch.

The closure will be in effect  
for the rest of 1961.

"The fire danger in the South-  
west continues to be critical and  
all visitors to the National Forests  
are urged to be extremely careful  
with fire of any kind," Darby  
warned.

## Special hunt forms now available

Application forms for special  
hunts for elk, antelope and big-  
horn and Barbary sheep are now  
available. Forms may be obtained  
from license vendors and all offices  
of the Department of Game  
and Fish.

Applications, with the fee, must  
be at the Game Department office  
in Santa Fe by 10 a.m., August 21.  
Hunters will be determined by  
public drawings.

## Feature street dance as Leslie Fund benefit

Tularosa — A giant benefit for  
the Lena Hogue Leallo Fund has  
been planned for Saturday night,  
June 24, in the parking area east  
of Dill's Market.

Mrs. Leslie has had a lengthy  
hospitalization in Alamogordo be-  
fore being taken to El Paso where  
she underwent brain surgery. She  
still requires hospital care. The  
fund to aid the widow and mother  
or four was begun by the Tularosa  
Business and Professional Women's  
Club.

Persons wishing to contribute  
may do so at the Otero County  
State Bank in Alamogordo or in  
Tularosa.

Saturday's benefit will be a  
street dance with local music. An  
auction of donated items, such as  
hats, cakes, home canned fruits  
and vegetables, will take place.  
One dollar contributions are also  
being accepted for a fat calf ben-  
efit for Mrs. Leslie. It will culmi-  
nate at the dance.

Tom Bingham, Burley Beller and  
Roy Tucker donated the calf.

## Scientific seminar now under way

The summer Scientific Seminar  
which annually draws top scien-  
tists from throughout the United  
States is now being held at Cloud-  
croft. It ends June 30.

Two outstanding speakers are  
Dr. Richard S. Richardson, known  
worldwide in the astronomical  
field, and Dr. Eberhard Hopf,  
widely known for work in mathe-  
matical astronomy.

GEORGE BRUCE and MARTHA JULIAN hold picture she painted from pigment ground from what Bruce feels are petrified eggs. Frame is made from century plant.

At right, an egg—broken in half—shows yolk resting in recess. Painting in background gives concept of size.

## Colors obtained from mystery source

Could the gap between prehis-  
toric Indian art and current art be  
bridged? George Bruce, long-time  
physical science hobbyist, believes  
it has been done.

Martha Julian, Alamogordo, has  
painted a desert landscape, using  
pigment made from one of his  
findings.

Bruce had found what he be-  
lieves to be petrified eggs, the  
yolks of which are various colors  
ranging from red and green to  
ochre and yellow or off-white.

A retired El Paso geologist re-  
cently solved the question of how  
they could be eggs, yet not have  
limestone where the shell was. The  
eggs could possibly have been laid  
in a mudbank by amphibious mam-  
mals, Bruce was told.

The yolks are about one and a  
half to two inches in diameter.  
Other licensed geologists had  
been puzzled, he says.

Bruce feels certain the yolks  
were also used by Indians in their  
ceremonial art, as he has found  
markings on stones near the bed  
of eggs which resemble those  
made by a person testing the color  
of paint with his finger or clean-  
ing his brush.

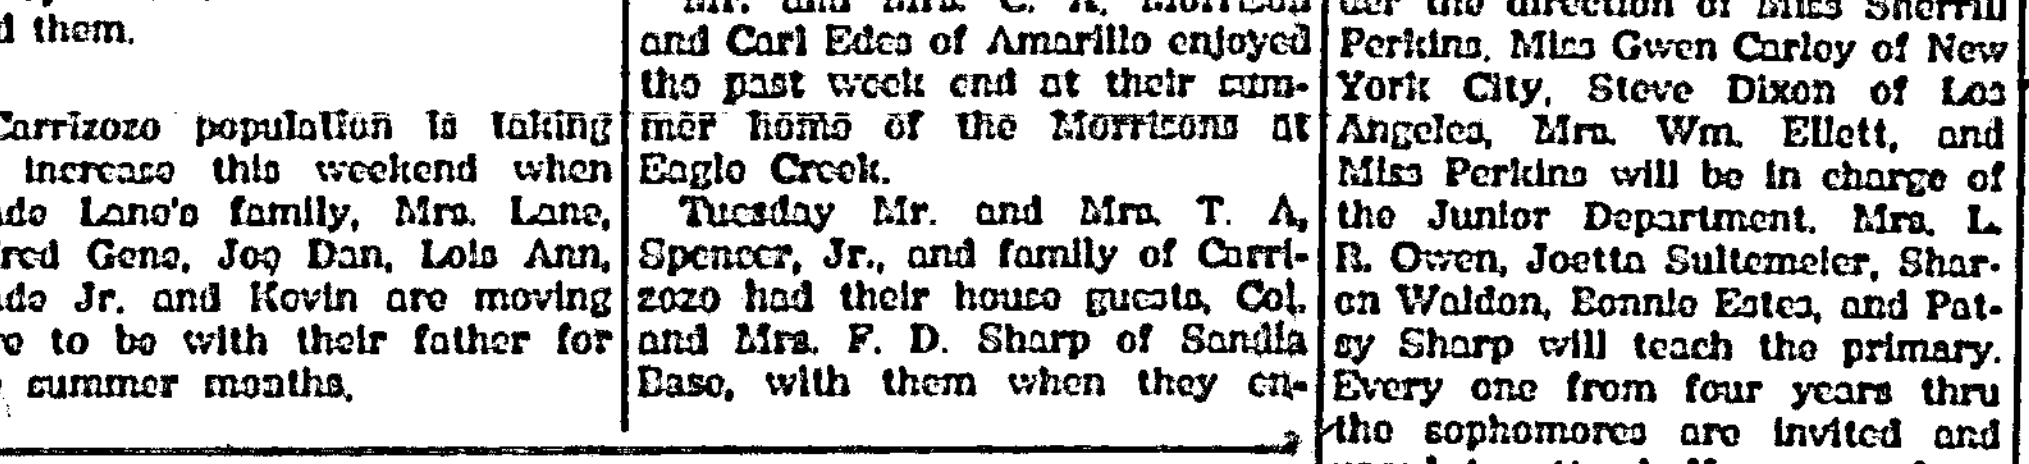

He told this to Mrs. Julian and  
she suggested he take one of the  
yolks to the Art Association work-  
shop. There the yolk was ground  
by pounding.

Bruce had found an object sim-  
ilar to a metate in the area where  
the eggs are and believes the In-  
dians ground the yolks for color,  
later mixing it with animal fat  
and resin from nearby trees. The  
artists mixed the powder with a  
plastic substance, polymer.

Colors in this yolk were all the  
earth colors, an umbrella, burnt  
sienna, yellow ochre. There are  
also what Mrs. Julian terms,  
"subtle shadings of greens, grays  
and blues."

Bruce found the area about 15  
years ago. It covers approximately  
an acre, and he would like to see  
it made a state park so that offi-  
cial geologists could study the  
eggs, which are six to eight inches  
in diameter—and perhaps find an  
embryo and learn what animal had  
laid them.

Carrizozo population is taking  
an increase this weekend when  
Wade Lane's family, Mrs. Lane,  
Alfred Gene, Joe Dan, Lois Ann,  
Wade Jr. and Kevin are moving  
here to be with their father for  
the summer months.

## Report Otero County cherry crop good; pears, peaches, apples, very light

A survey of fruit growers in O-  
tero County shows that late cold  
weather has caused a drastic re-  
duction in the 1961 crop except  
for cherries.

E. E. Cadwallader of Mountain  
Park, largest cherry grower in the  
county, says that he had a "tre-  
mendous bloom crop - the biggest  
ever." The cold spell killed a lot  
but still left a 75 to 80 per cent  
crop.

Royal Dukes are light. These are  
already ripe. The season, which  
will last until after July fourth,  
will see Bing, Lambert and Royal  
Anne ready for picking next week.

C. E. Braunstein, Mountain Park  
apple grower, says he will have  
very, very little apples. The De-  
licious were hit the worst of the  
various varieties he raises. Crops  
will be ripe in mid-September or  
the first of October.

J. M. Walker of High Rolls,  
however, reported that, though  
late spring freezes thinned his  
crop a good deal, he will still have  
a good crop of peaches, pears, and  
plums, and about a half of a full  
apple crop.

Walker added that the fruit is  
clean so far, as there has been  
no hail damage, and prospects are  
good for a good quality fruit.

Walker's apple crop will ripen  
the first of October and later.

J. N. Ogle, whose property ad-  
joins that of Walker's, says all  
of his peaches have been killed and  
that he will have a few cherries  
but very few apples and very few  
pears. Apples will be about one-  
third of a full crop.

The cold spell on April 25 is  
given as the damaging one.

Weather streaking cold across  
one orchard and missing the next  
is not uncommon in the mountain  
all growers concurred.

In the Bent-Mescalero area,  
James Hiles reports that he has  
no apple crop that it was frozen  
on April 20. Fruit is spotted in the  
area with very, very few apples.  
He added that Mrs. Alice Wade,  
whose orchard is run by Johnny  
Walters on the Reservation above  
the Hiles property, has about a 50  
per cent crop.

The Snooks McDaniel family  
will leave for vacation next Mon-  
day. They'll go to northern New  
Mexico, take the pickup up high  
in the mountains for some trout  
fishing. After camping and fishing  
they'll go on to Colorado, return-  
ing by way of Springerville, Ariz.,  
where they'll try the trout at Big  
Lake. Trip will take two weeks.

David Wood, Jr., now of Mon-  
trose, Colo., but once from this  
part of the country, was through  
Carrizozo Tuesday. Mr. Wood  
stopped in the News office to chat,  
revealed that he is pretty sure  
his father was one of the men  
who guarded Billy the Kid after  
he was tried at Mesilla and then  
brought to Lincoln to be hanged.  
His dad, David Wood, Sr., was a  
deputy at Mesilla at that time.

The elder Mr. Wood never said  
specifically that it was Billy, how-  
ever, his son thinks that's who  
the badman was. "You want to  
watch your step on these Billy  
the Kid stories," mused Mr. Wood.  
"My grandfather and great-grand-  
father were both newspaper edit-  
ors, and got shot over contro-

verses.
