## Easter is the Queen of feasts

Easter is the Queen of feasts — the greatest and most joyful time in the year — the time when Our Saviour rose from the dead, conquered death and evil, and made eternal life not only possible but worth while.

At this holy season, a Christian's supreme joy and obligation is his Easter Communion. Here we meet the risen Christ; here we receive the benefits of His passion; here we share in His victory and the power of His endless life. Therefore the Church in her wisdom throughout the ages has laid it down as a rule that Easter, above all other times, is the time when all the faithful must receive Holy Communion. Nothing must interfere.

At Easter, as at all other times, it is important that we prepare properly to receive Holy Communion — by repentance for our sins, by reconciliation with our neighbors,

## Trinity Methodist observes Holy Week

WHAT DO YOU THINK? By Rev. Lacy Simms. Negal — Anche — Corona Presbyterian Churches. Latho 17:5 "Lord, increase our faith." "We may infer that Jesus did not answer this prayer by increasing their faith, but by reminding them that they could do great things by using the little faith they already had. Proving our faith by using it is the only way to grow in faith and knowledge."

## Caretaker hired for Carrizozo Cemetery

The Carrizozo Cemetery Association met Monday night at the J. G. Moore Agency office. The meeting was called to order by the president, Mr. Fred English. ## Coloring contest for youngsters

It is a contest for fun, with prizes, and one winner-out of all entries to be awarded a \$5.00 cash prize by the News.

The best three entries at each store will be selected Saturday afternoon and displayed at the Nike Drive-In Theatre over Easter Sunday. The best entry at each store will receive a prize from the merchant, making a total of 15 prizes to be given in the Easter Coloring Contest.

## Accurate school census important

It is now time for us to take the local school census. Mrs. Mary Johnson will be the official census enumerators for the Carrizozo Schools.

An accurate school census is very important this year. All proposals for federal aid of any kind are based upon the number of school-age children in each state and not on average daily attendance or average daily membership. School lunch funds to the state, two years from now, are based upon the census this year. May we emphasize that an accurate census be taken and accurately reported to the Superintendent of Schools.

The census shall only include all unmarried persons, resident of School District Number 7, over which the Carrizozo Board of Education has supervision, who will be six years of age or over, and not eighteen years of age on the first day of January 1963.

In view of the fact that bills before the Federal Congress concerning Federal Aid to Education in the states, we have been asked to include in a special report as school age children all children age five (5). We will list separately all five-year-olds who will be born in 1957, 1958 or before January 1, 1963.

If the census enumerators, Mrs. Johnson, fails to contact you prior to May 1 or if you haven't sent a census report to school by your older children, please call her at 1724 or telephone the Superintendent's office, number 90, and give us your census report. Your cooperation in helping us secure a correct census will be greatly appreciated.

Your child's Easter vacation includes Thursday, Friday, and Monday, April 19, 20, and 23. Final examinations, May 23 and 24. No school Thursday, May 24. This day will be used for grading papers and recording grades. Senior High School Graduation Exercises, May 24, 8:00 p.m.

## County Agent Ralph Dunlap sees first signs of summer in the County

The apple trees are in full bloom in the Hondo Valley now. Several growers have commented that there are more blooms on the trees this year than there has been since 1901. I have noted that there seems to be more trees in bloom now than normal. Generally there is a week to 10 days difference between Glencoe and Hondo, but not this year.

The peaches did not bloom this year due to being froze in the bud in January or February when the temperature got below zero in most of the fruit growing areas.

Interested in horses? Plan to attend the Horse Clinic in Carrizozo on April 28 at the Rodeo Grounds just east of the overpass on Highway 380. The program starts at 8:00 a.m. with a session on unsoundness and blemishes of horses. R. C. Barham is in charge of the session.

The Quarter Horse deal in conformation and action will be discussed by the group. Following the session will be a film on "Quarter Horse Conformation - points to consider in judging".

A horse judging contest will be held from 7:30 to 11:45 and a trophy will be awarded to the high point individual. Classes of mares, yearlings, and geldings will be judged.

For lunch, hamburgers and hot dogs and cold drinks will be available on the grounds. The afternoon will start off with an exhibit of Arabian horses by Ed and Abraham Smith. Western Horsemanship will be featured in the afternoon program. How to exhibit a horse at a show, riding, training and working

Tuesday afternoon, a tourist reported to the sheriff's office that there was a car out in the Mal Pais with someone lying beside it.

Under Sheriff, Leonardo Vega, the City Marshall, Choncho Morales, and probation officer, Manuel Chavez, went to investigate. They found Bill Anderson, a soldier stationed at North Oscura Peak, lying beside his car. Anderson had drove his car over the lava rocks for several hundred yards, wrecking the car.

Anderson was put in Vega's car and brought to the sheriff's office. The police were going to transfer him to Choncho Morales' car, so he could be taken to the hospital for the doctors to check him.

The undersheriff opened the car door for Anderson, who came out fighting. Before he was subdued, he landed a punch on Vega's left eye and kicked Manuel Chavez.

Anderson was put in handcuffs and taken into the sheriff's office. After Vega and Morales removed their guns, they searched Anderson and removed the handcuffs. They were going to take Anderson to jail but Anderson backed up to the desk saying "he wasn't going to jail."

With a leap and a bound Choncho Morales had Anderson in a head lock and up the stairs to jail.

Anderson has been charged with DWI, resisting arrest and assaulting an officer.

Anderson was leased to the Military Authorities and taken to Beaumont Hospital for psychiatric observation.

## HERE AND THERE

From Mrs. Harry S. Dyer of Portales comes additional information on the word "almur," on which comment was made recently by this Column as to its meaning. She says an almur "is a peck, a hush is called a fanegar." Thank you, Mrs. Dyer. The information is very helpful in clarifying the amount of a hurried treasure of a heretofore untold story. That story will appear soon.

Meaning of words in connection with lost treasures become lost as do certain treasures. Research of either is very fascinating!

This is directed to Mr. James Marceau of far-away Reading, Vermont, concerning the late "Uncle Billie" Carson of Roswell. I'll answer that "Uncle Billie" passed away in 1938, according to Mrs. Arnie Laura historian of note of Roswell.

Thank you for your expression of interest in our State and glad that you enjoyed your tour in the Land of Enchantment. It's a wonderful country!

## Health For All!

OUT OF BREATH?  
Information Service of New Mexico Tuberculosis Association

Get out of breath easily? Much more easily than you did just a short time ago? Better see your doctor.

Oh, don't panic when you notice you're out of breath after running upstairs. It's only natural to be short-winded after a lot of exercise. Or you've been working harder than usual.

Shortness of breath is also natural when you're very excited or upset. Other things that may bring it on are very hot and humid weather or great heights.

A tennis player who's been at a desk all winter may be quite short-

winded the first few times he's out on the courts in the spring. Anyone getting over a sickness may get out of breath easily when he starts moving around again.

But it is not normal to be out of breath under ordinary circumstances.

Doctors say any amount of unusual breathlessness is a sign that ought to be brought to their attention. Be sure to see your doctor if you've noticed any unusual breathlessness — whether it lasts a long time or only a few minutes, whether it's become a habit or has

## WANTED BY THE FBI

### Eugene Francis Newman

Newman is the alleged machine gun-carrying leader of a gang that attempted the robbery of an armored car carrying \$478,500 in American and Canadian currency in Buffalo, New York, on August 3, 1935. He and his associates, wearing silk stocking masks, engaged in a running gun battle with the truck's guards and Buffalo Police, and a machine gun bullet, allegedly fired by Newman, seriously wounded a guard. Two bandits were quickly apprehended but Newman remains at large.

A complaint filed before a U.S. Commissioner at Buffalo, New York, on August 5, 1935, charges Newman with fleeing the State of New York to avoid prosecution for robbery.

Newly armed with a violent temper, Newman has previously been convicted for theft of Government property, interstate transportation of a stolen motor vehicle, petty larceny, and burglary.

He is a white American, reportedly born on October 3, 1912, at Brooklyn, New York, who is 5'8" tall, weighs 170 to 180 pounds, has blond hair, blue eyes, a medium build, and medium complexion.

He has scars near his right eye, on the back of his right hand and on the center of his left chest. A birthmark appears on his upper left arm and a mole on his left index finger. Tattoos include the name "Denny" and a heart on the inside of his right forearm and the number "13" with a dotted circle on the back of his left hand. He has written on a bricklayer, clerk, construction worker, accountant, and laborer.

Consider extremely dangerous. Please immediately notify the nearest FBI Office of any information concerning his whereabouts. Use cover—

## THE LONG AND SHORT OF IT

ED. Old Gerates, an ancient sage, in his day and age roamed up and down the streets in the daylight hours with a lighted lantern. When asked by the citizenry why he was doing such a thing, he replied something to the effect that "I'm looking for wisdom!"

He'd be out of luck in the space age!

## PROFILE OF A STATE

# Landscape

Photography by Harvey Caplin • Text by George Fitzpatrick

New Mexico is a land of strange contrasts: rugged gorges, painted cliffs, sheer galleades — a land of majestic mountains that throw long shadows across the land — strangely sculptured rocks that resemble castles and colossal petrified animals out of some never-never land.

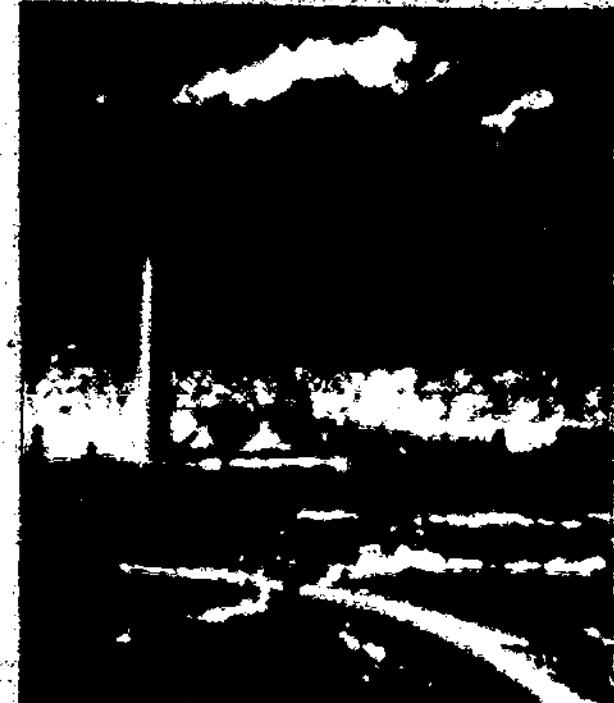

Nowhere is the drama of geology, mythology, and romance so strikingly entwined as in the Four Corners area. Here the mountains meet the deserts; the remnant-blisters of tortured ages of volcanic violence — knobs and plugs and bulges — mark the land.

Shiprock, pictured on the state's commemorative stamp, is the most dramatic and best known landmark of this broad terrain. Towering nearly two thousand feet above the surrounding mesa, it can be seen for dozens of miles when approaching it from any direction. Early white settlers likened it to a ship under full sail. But to the Navajos, on whose Reservation it stands as a great sentinel, this volcanic formation is a bird, not a ship. *Sa-bi-lai-c*, they call it, The Rock With Wings. It was this great bird that brought them from faraway lands over wide

waters to this new country, where now it stands guard over them for all time.

The diversity of landscape that makes up the profile of New Mexico is as wide as the State itself — long miles of open prairie in the east — lush valleys and broad plains and upthrusts of craggy or wood-d mountains in the central and west. And scattered everywhere, high mesas and plateaus, cut by arroyos and rivers. Wind and water erosion have carved the face of New Mexico and have given the character and uniqueness that is spelled out in the State's nickname, Land of Enchantment.

Another New Mexico landmark, Chino's smelter at Hurley, symbolizes the vital role of the development of natural resources in the state's industrial expansion. The 500-foot smokestack can be seen from 40 miles away.

In observance of New Mexico's Golden Anniversary of Statehood, Chino has asked George Fitzpatrick, editor of New Mexico Magazine, and Harvey Caplin, an outstanding photographer of the New Mexico scene, to collaborate in a series of advertisements highlighting the qualities which have made New Mexico.

Gamma Theta Chapter of Beta Sigma Phi met Monday night, April 9, in the home of Mrs. Holt Lovelace with Mrs. John D. Holleyman, president, in charge of the business meeting and of the pledge ritual. New pledges of the sorority are Mrs. B. V. Patrom, Mrs. Leo Straley, and Mrs. John E. Tracy.

The committee on ways and means announced two projects for the next two months. Committees were named for the Founders' Day dinner.

Mrs. Jess Brooks presented a very interesting program on "Sculpture" comparing the Greek, Italian, Modern and American with particular emphasis on the Greek. Form was applied to sculpture was contrasted with form as applied to music and to painting. She showed how the beauty of sculpture is created by the sense of proportion, balance, line, mass, light and shadow. Sculpture deals only with living forms and is the most limited and austere of the arts.

Refreshments were cake and pink lemonade. The next meeting is April 23 at the home of Mrs. John Brooks.

# BONITO BITS

By Louise Rannels

It's good to think Spring is here and so far no wind. Bonito Lake has been full and running ever since February. The creeks about Bonito Lake North and South Fork Bonito are running in the road and by Easter cars cannot get through to go on their annual picnics. We are hoping Alice Wright has some wading boats or has plenty of supplies for awhile.

Fruit trees are showing little sign of coming out, perhaps most were killed in the real cold spell we had.

A load of fish are to be planted in the Bonito Creek April 16. The Game Warden, Dwight Bouden, reported. He said, though the load may be partly dumped in the Bonito Lake, he hadn't gotten orders.

The last snow on the Sierra Blanca Ski Run didn't entice many skiers, their last weekend only a few were there, but it was a beautiful weekend. Things are buzzing now with more constant starting which will take all summer. Folks I saw at the Ski Run the last weekend were Mr. and Mrs. Charlie Peebles and Mrs. Peebles brother and sister Mr. and Mrs. R. W. McAnally who were spending a few days with the Charlie Peebles family. Their home is in House, N. M.

Mr. and Mrs. Jim Robinson from Weed, took Jim's dad Jim Robinson, Sr. and a friend Mrs. Dolly Garrett from Portales to the Ski Run.

Also at the park the last weekend were Louise Ferguson, sons Billie Wally and family, and Melvin Romero Dr. and Mrs. A. N. Spencer and family and Fred English and children.

Mr. and Mrs. Fred Whitley who lived at the Nazarene camp several years ago and now live in Albuquerque were visiting in Capitan and at Anson last week. They hope to move their home in Albuquerque and move back to Capitan, we hope so.

Birthday greetings this week to Mrs. Effie Zumwalt, Mary Helen LaMay and Robbie LaMay. Lela Blue Shover attended the Pink and Blue Shover given Mrs. Paul Jones in Capitan last week, and enjoyed the party very much.

Mr. and Mrs. Bob McProud from Alamogordo spent the weekend with us. They will be back to do some fishing this week. They have bought a new home in Alamogordo.

do. Mrs. McProud is having a Democratic Tea Party next week in her home.  
Last week, Mary Lou and I went with Mr. and Mrs. Thomson to "White Sands" and also to Lincoln to see the Museum. Mrs. Bell Wilson, who is always so very pleasant meeting tourists and natives answered questions for us, and Jim Ramsey happened along to tell us about Roman Mosaics wood carvings. Roman's place was closed and we were sorry to have missed him as his work was one thing this couple from Amarillo, Tex. wanted to see. Jim Ramsey also showed us some beautiful spruce trees he and Hugh Grafton had carried from the Capitan Mts. When the trees were small and planted in a yard in Lincoln. Jim has fun grafting on trees, making jewelry and keeps busy with his water works job. Then hunts with his bow and arrow on the side. Anyone can enjoy a trip to Lincoln Town. The atmosphere relaxes one. All the folks are friendly.

Mrs. Neal is starting a scrapbook of letters and write-ups about her book, there was one from an author in California who used her story in a magazine. Also our Governor Ed Metchem wrote her a letter, there's one from Johnson (Chuckie Burr) Stearns and many others I didn't have time to read. The book "Captive Mountain Waters" is selling fast. There are on sale at Lindy's Country Store and Bonito City.

Dorothy said she was anxious for about Mr. Neal to come to their mountain cabin on Eagle Creek for awhile. She has been back East to be with her daughter and son-in-law Mr. and Mrs. Bob Stagg, who had their first child and Dorothy's first grandchild. A little girl, Christi Diane.

Robert Rannels writes from Pogo Springs where he is a Senior in high school and staying with Mr. and Mrs. Dan Pruitt that all the Capitan teachers are fine, graduation exercises are May the 28th and he was real happy to meet up with their school nurse who was ours once too. Mrs. Lela Brewster, she has changed her name but Robert didn't remember.

Mr. and Mrs. Frank English, Sr. spent the afternoon one day last week on their place at Bonito. Frank says there's no use planting anything until after the 1st of May for sure.

Happy Easter Egg!

## William C. Polm is acting superintendent

FORT STANTON. The New Mexico Tuberculosis Hospital Board Saturday appointed William C. Polm acting superintendent effective May 1.

Polm, who had been assistant superintendent, will replace Col. Laurence W. Varner. Ret. who said he resigned because of a personality conflict and a controversy over food served at the institution.

The board also accepted the resignation of food supervisor James W. Henderson.

Board Chairman Alicia Romero said the board interviewed 20 patients concerning complaints about the food.

The board found, Mrs. Romero said, that quality food was purchased but that there was unsatisfactory supervision, preparation and service of food.

The board ordered hospital authorities to hire a dietitian, provide better supervision of food preparation and service and cleanliness of food equipment and to hire adequate and qualified personnel.

Mrs. Romero said applications for the superintendency also were received from Mrs. William S. Dowd of Glen Burnie, Md., and Dan Kusanovich of Albuquerque. She said the applications would be kept until a final decision is made on a permanent superintendent.

## Livestock Report

By Steve Treadway - Lewis, Kans.  
Range Conditions -  
March weather has been very good in most of the western areas. Some parts of eastern New Mexico and western Texas are in need of some moisture. Moisture conditions about normal elsewhere.

Wheat fields are growing rapidly. Some scattered sections of mosaic are reported but no widespread damage. Most of the wheat pasture cattle are moving at this time. Grass leases for summer are being made. From all reports it looks like most ranges are filled and grass leases are in demand.

The Flint hills section of Kansas is filling at a faster rate than in the past several years. Short grass ranges in Texas, New Mexico and Colorado also largely under contract. Most of these leases are higher than last year. Yearling calves in New Mexico are from \$22-\$25 per head as to \$18-\$20 last year. Many of these calves are from wheat pasture, where gains were small and the cattle too thin to go to feedlots. It would appear that the biggest percent of the cattle will be yearlings.

Cattle Buying -  
Country picture of wheat has been rather slow, due to the difference in asking and bidding price. Runs at the western auction markets have not new highs for the past three weeks. Amarillo had three weeks of runs in excess of 13,000 cattle with one week of over 15,000. Dodge City has sold from 7500 to 10,000 for the past three weeks. In spite of these runs, prices have

held firm and buyer demand very good. This is especially true on the better quality. Amarillo reports 80% of their 15,000 run last week going to California. Rains there have brought about a good buyer demand. Light cattle of course are finding good demand from western grazers. These runs should fall off some after April 1 as wheat contracts terminate. Steady prices should prevail into late spring.

Yearlings -  
Yearling prices steady to spots lower at most points: Good to choice steers from 550-800 lbs. 240-250. With the spread in fat cattle prices at most markets, quality in feeder cattle has been demanding higher prices. Very few cattle over 600 lbs. in the western country. Wheat field steers from 550-650 at 260-280c largely. These prices vary greatly with the condition of the cattle. Heifer yearlings in short supply. Good to choice feeder heifers weighing 550-600 lbs. at 24 1/2-26c. 700 lb. feeder heifers from 23 1/2-24 1/2c. Some plainer heifers going at 22-23c. A good percent of the heifers going back as herd replacements.

Calves -  
Calf market remains very strong with the grazing season close at hand. Choice quality calves under 400 lbs. are bringing from 30-32 1/2c with some fancy kinds under 350 lbs. up to 40c. Heifers of the same size and quality at about \$3 cwt. less than steers. Several bunches

of wheat calves from 450-500 lbs. bringing 27-28c with 550 weights at 26-27c. Several southeastern markets reported a somewhat weaker market on plain and medium quality kinds last week but the choice kinds about steady. April should see the bulk of the trading over on these cattle. A large number of old Mexico cattle crossing for summer grazing at this time.

Cow prices are very strong. Slaughter cows hard to find and packer interests very competitive. High yielding utility cows up to 17c with bulk of utility and cutter cows from 14-16c. Canner and cutter cows 12 1/2-14c. Stock cows selling strong with good quality pairs at \$250. Plainer quality and cows with some age showing at \$200.00-\$250.00 for pairs. Some top springer heifers up to \$225.00.

Slaughter prices remain very good and generally higher. Choice grade cattle still scarce and bids from 25-27c on these grades at most meat auctions. Goods are more plentiful and a wider spread has developed. Most of these cattle at 23-24c.

**History of Bonito City**  
 Written By Johnson Stearns  
 In 1953  
 Arvel and Louisa Runnels, who live at New Bonito City, a few weeks ago offered a \$10 prize for the best account of the history of Old Bonito City. This week they received the following from an anonymous source. While it may not win the prize because the author is unknown, the Runnels agreed that it is a mighty fancy piece of writing!  
 Not being as young as I used to, I have asked my old partner, D. V. Drawers, to be kind enough to typewrite this story for me, and you know what I have to say with less speculation.  
 It was, as I recollect, about 1863 that Paw and Maw hitched off Jack and Maud to the wagon, piled in us kids and Tige, the chickens, the thundering, two bottles of cure-stopper for summer complaint, a half bushel of kraut, cum beans and cum salted, tied old Bookie on behind and headed for the Bonito country. Maw's cousin hed cum out the year afore and hed writ about the crops and purty country. Old Cuz hed that year he had raised cud corn so that even after he'd put up his year's supply of squeezins they wuz still corn to feed the hawg and maine cornmeal. Now this reely hed the opeel for Paw; he wuz hevvin to cover up occasionally on account of his corn shortage.  
 We hit in there around Angus about the first day of July and that of crick looked purty cool and invitin. Tige jumped in right off and drowned about 200 of them genuine Texas fleas. I forgot to mention cornin from Texas; but then there dint no tother place to cum from. After a good supper of salted, bickits and lek, the world looked mighty rasy.  
 The next mornin we pulled on up the crick toward Bonito City, passed old Grandpa Arvel Runnel's place, they called him the Game Warden's friend and protector, and into that roaring Bonito City. Purty near everybody lived rite close as they wuz a saloon there. The Mayberry family, the Horachocks family, they wuz way down there. Cow Tripes outfit, a good son of a gun; the Wilker Jones, Grampa Bragg's family, the Skindners, and Skindners and Zumwals and Zumwals. A purty fair bunch to ride the river with.  
 Of course Paw looked up of Cuz, he lived on up the crick, and after a snort of squeezins, Paw and Cuz felt rich enuf to stake a claim or two. It took purty near a jugger each claim though, but then each one hed to lookin more like the mother lode and after about the third jug, Paw and Cuz hed to give up stakin for the day. And in the next mornin upon a closer inspection they discovered they had jumped two claims of Tom Bridlewise, who wuz a leetle tough. Not wantin to offend Tom, they pulled stakes and decided to locate their claims over on Kraut Gulch; the gold was kinder scarce in Kraut but th claims wuz a lot closer to th still.  
 Maw got a job takin in washin from the miners and it wuz long til us kids quit hitchin our belts,

gettin the wrinkles out of our bellies. We even got sum shoes; of course we hed to put gravel inside them for a while until we got used to wearin th turned things. It shore wuz a feel place to live, we all grewed fast and time-flyed by. Sia got big enuf to hev a beau and one day he turned into her husband. **Many People and Some Dogs Know the Difference**  
 In the thinking of many people who study, work with, and spend money on — advertising — there are two main qualifications necessary to effectively get an advertising message across to a reading public.  
 First: a publication must have editorial integrity and vitality; its success depends in great measure on giving honest, vital service to its readers and community. A "mail-out throw-away" cannot qualify in any editorial way. A newspaper, with high readership, has greater sales pull.  
 Second: a publication must have an appreciation of the reason for its existence. The Lincoln County News exists to serve a large portion of people in Lincoln County. Which again gives the newspaper an edge over the advertising throw-a-way.

## Fashion Show is fine success

The fashion show held at the country club April 7, sponsored by the Carrizozo Woman's Club, was attended by 150 people.  
 The beautiful fashions from local stores were shown by the even more beautiful models.  
 Russ Eddings was the last member to model the most becoming fashion of any season. He wore a natural color sack dress with red pantaloons, topped with a multi-colored picture hat. His shoes were tan (bowling type) with red ankle socks. Russ modeled the very newest thing in hairdos, a black coarse braided wig.  
 Mrs. Pat Murphy of White Oaks was the show's commentator. Twenty-eight door prizes, donated by Carrizozo business people, were given away.  
 Mr. Ralph Currie and Mr. Albert Schart were the electricians for the show.  
 Music for the show was played by Paul Payton. He delighted the audience with different arrangements suited for the costume being modeled.  
 Everyone's contribution to the show made the night a gala affair.
