Way of Life

t depends on what you , like, of course. There is the warm neighborliness ... the dignity and satisfaction of life in a community like ours ... and there is life as it is lived in the cities . . . as one of the scrambling herd ... where neighborliness is viewed with suspicion ... and squalor is, the lot of anybody who gets pushed aside in the rat race.

• Those of us who live here have niready voted our preference . . . for this more tranquil smaller community unit as a way of living. We like churches where everybody knows everybody else ... and schools where we know our children's teachers . . . and they know us. We like living that is more calm. easier, safer . . . and we like business dealings with neighbors we can depend on.

 But happy communities don't just = grow . . . they have to be built. It takes revolving money local trade volume to build and maintain and enrich our chosen way of life.

trade helps to sustain prosperity you can enjoy

HOW BANKS HELP

Money is a travel necessity - and losing it is a travel risk. Thousands of Americans "on the go" avoid that risk by carrying Travelers Checks instead of cash: Banks such as ours issue these Checks, at a small fee, is convenient denominations. Travelers Checks are readily accepted - but cannot be cashed until the person to whom they were issued countersigns them. If an uncountersigned check is lost, the amount is refunded. Before your next trip, see us for a supply of safe-to-carry Travelers Checket

Dr. Salk Will Head New Institute

Architect's model of Salk Institute under construction at San Diego, Calif.

Through the many years Dr. Jonas Saik has worked toward the elimination of polio, he has become increasingly aware of the need for an approach to biological questions that is of broadest scope and has deepest meaning for all human beings.

who will be "men of great extended by the Meeting House Cellence" in the fields of biology, genetics, biochemistry, physics and mathematics. There will also be philosophers, historians of science and others concerned with humanitarian pursuits. The units of the Meeting House This is designed as the intellectual, cultural and social heart of the Salk Institute. The units of the Meeting House vary in height. This building will provide seminar total staff of between 300 and 400, including laboratory technicisms, administration staff, animal caratakers, maintenance workers and others.

Today this idea is being transformed into reality, The need-to establish a comdisease; to bring these sci-delphia.
