

Council says pig pens must go!

By Agnes Kearns

The City Council convened Tuesday evening for their regular monthly meeting.

All members, Fred English, Arrell Pacey, Leovigildo Vega, Jete Voss and Mayor W. F. Ball, Edward Penfield, Wayne Withers, and H. Elmer Jones were present.

A bill on self-cement pavement was shown to the members. Action on paving is still in the planning stages.

L. Z. Manire presented an insurance plan for the volunteer firemen costing \$6 per year per man. No action taken until legal technicalities of liability and workers' compensation defined. Policy under discussion expires September 22.

Minutes of last month's meeting and three special meetings called during the month approved and read.

Bills read and approved.

Two occupation licenses read. One license approved; other license tabled.

Discussion was made about the bluish light at Highways 54 and 380 and the police light. REA says they are definitely the town's responsibility.

Wade Lane, by way of Edward Penfield city clerk, asked the city for a refund on its light bills. He said under city rule, he used 3500 kilowatts but under the new system he uses only 700 kilowatts. The matter was discussed by members and they felt Mr. Wade should have made his complaint before the new company took over the electric supply, and that the town is not responsible. Motion made and seconded that Wade's request for a refund not be considered.

Another matter brought before councilmen was the request of two city workers for a pay raise. Due to the uncertainty of city sales tax money, the motion was tabled but members said they will study the matter.

No traffic fatalities in Lincoln County

Lincoln County was free of any traffic fatalities during the long Labor Day weekend.

Sheriff W. G. Bradley contributes this factor to the tremendous effort put forth by the State Police to control traffic on the county highways.

The only fatality recorded in the county during the holiday period was caused by electrical shock.

A 39-year-old Texas man was electrocuted and three other persons were burned when a television antenna they were erecting fell against a power line Monday in Ruidoso.

Doyle Robert Allen, Sudan, Tex., was killed when the antenna fell against a power line carrying 7,200 volts. Allen was holding the antenna. The accident occurred at 12:45 p.m. Allen was pronounced dead on arrival at the Ruidoso-Hondo Valley hospital.

QUESTION OF THE WEEK

Can Grizzlies beat the Warriors??

RECORD MONEY - CROWD AT RUIDOSO DOWNS MONDAY

Horses, money and people made Labor Day a record day at the Ruidoso Downs track.

Hustling Man became one of the richest quarter horses of all time as he won the \$222,860 4th running of the All-American Futurity.

The Labor Day crowd of 7,800 broke all attendance records for the track and the crowd wagered a single-day record \$469,467, shattering the one-day mark of \$487,010 established on Sunday.

GRIZZLIES RESERVED SEATS ON SALE AT WELLS' SHOP

Carrizozo football fans can buy a reserved seat for the four home games; the first time this year. The seats are being sold by the Quarterback Club. Cost is \$5 for the four. Ray Wells has the tickets.

One sign spot is left on the new fence project of the Quarterback Club. First taker gets it. The money from the signs will be used to pay for the new clock installed at the ZoZo field.

By Joe Petty

Will the Carrizozo Grizzlies be able to conquer the Ruidoso Warriors? This is the big question in ZoZo land this week.

Friday night will bring the answer to this question.

Carrizozo has tactfully beaten the Warriors for the past three years. But, the past years the Grizzly team has had a few games under their belt before taking on the "B Class" Ruidoso team.

Ruidoso has had one scheduled encounter so far this year on the gridiron, Friday, August 31. Ruidoso overpowered the Captain Tigers by a slim margin of 6-0. From the looks of that game Ruidoso has a fairly well balanced team.

Quarterback Alfred Lane did a fine job calling the plays, using his fullback, Porter, and speedster Jones at halfback to gain most of the yardage on the ground. The Warriors have a heavy line with some experience but experience doesn't bring about the important factor of speed.

The Carrizozo team has been practicing hard for the past few weeks with 59 members making up the squad. There are only four seniors on the team with underclassmen making up the remainder of the team.

The ZoZo backfield will be new this year with Crenshaw and Beltran missing for the first time in three years. Veteran QB Bobby Ortiz will probably gain the starting position to call the plays and lead the team. With the size and speed Carrizozo has this year Ruidoso is more than likely to see a long night this Friday.

A few of the players, with experience, to watch for Carrizozo this first game will be Bobby Ortiz, Camo Gallegos, Mike Voss, Roger McDaniel, Peter Aguilar and Calvin Griffin. Converted fullback David Harkey could bring about a few surprises.

I look for Carrizozo to go all the way for the fourth straight year with Melrose and Capitán putting up the main opposition.

Best of luck to the Grizzlies and coaches Laabs, Doño and Sadler.

Tom Pike will be Republican speaker

H. H. Shiro, chairman of the Lincoln County Republican central committee, confirmed the announcement that Tom Pike, former assistant secretary of defense under President Dwight Eisenhower, will be the speaker at the \$25 dinner to be held at the Chaparral dining room in Ruidoso Downs on October 13 at 7:30.

Bob Jurney is named village marshal

Ruidoso Board of Village Trustees in a special called meeting employed Bob Jurney, former state policeman, as village marshal. Jurney was employed to fill a vacancy created when the board voted to give J. P. Eabo a "leave of absence." Eabo has served as marshal at Ruidoso 6 1/2 years and currently is a Democratic candidate for sheriff.

Reasons given in the board's minutes for the leave was that Eabo would be campaigning, and also that there had been reports that relations between the village marshal and the State Police had reached a low ebb.

Around 40 camps in Bonito Canyon over the Labor Day holidays prove we need better roads and some camp grounds for next year.

In Philadelphina Canyon Sunday a jolly crowd of Lamays got together for a picnic. Mr. and Mrs. L. R. (Doodle) Lamay, Mr. and Mrs. Ralph Barber and children from Monte Zuma Creek in Utah, Mr. and Mrs. Jim Snov and boys, from White Sands Missile Range, Dale Lamay who is home on leave, Mr. and Mrs. Jackie Lamay, Mr. and Mrs. Kenneth Lamay, Helcina and Fred Lamay, Mr. and Mrs. August Wooten, Cora Dutton, Mr. and Mrs. Jim Wese from Pajo, Ariz., (Mrs. Wese is the former Peggy Aguayo) Mr. and Mrs. Paul Aguayo from Belen, Joe and Oma Nagay, and Mr. and Mrs. Andrew Johnson from El Paso, Roy and Mary Helen Lamay and girls, Mr. and Mrs. Tommy Lamay and family, and Mr. and Mrs. Malcolm Petree and Penny and Mary Lou Runnels.

Robert Runnels enrolled at Fort Lewis College in Durango, Colo., last week. Dunk Previtt will be in college there too this winter. Mr. and Mrs. George Fox who once owned "Fox Cavo" live in Durango.

The Democrat dinner at Otero's in Capitán last week was a big success, as was the meeting held at the high school cafeteria. Gov. candidate Jack Campbell was given a big welcome, candidates and other Democrat helpers were introduced by County chairman Kenneth Fuller. We were glad to meet Mrs. Pfeiffer and son from Tatum, Mr. Fresnoz from Rowell, Evelyn, Elito from Socorro and to see out Micie Edmondson out to the meeting from Capitán.

Cesar Garcia, daughter Dolores, another daughter and family, Mr. and Mrs. Jimmie Sanchez, and Jan and Johnnie Sanchez fished at Bonito Lake Saturday. They live in Ruidoso.

Mr. Robert Williams and Mr. Graham from Amarillo visited at Bonito City Sunday. Robert and Mrs. Williams have a cabin on Eagle Creek and may soon be living there this year around.

Bonito Lake closes for fishing this week but there are still lots of fish left for next year and should be "whoopery" by June 1963.

Mr. and Mrs. Paul Meyer and Mr. and Mrs. Henry Fairchild from El Paso were in Ruidoso and Bonito over the Labor Day weekend. Meyer will go to the Indian Ceremonial in Gallup soon and on to Arizona for the winter. While on the Bonito Paul and Lois visited Mr. and Mrs. Sparky Sparkman in their Idle Moments cabin

**In memory of
John C. Lacy**

John Frank Lacy, 72, who passed away in his home at Capitan, August 10, had been a resident of Lincoln County for the past 50 years, coming to these parts when a young man in his early twenties. He first went to work as a cowboy and range rider for the Old Block Cattle Co. and was a loyal employee of that outfit until it started on its decline, and he had

acquired his own ranch holdings in the Tuscon Mountains, where he dry-farmed and raised livestock. His friends were legion and when inviting them to his place of abode he always referred to it as "That Little Starve Out," but you could rest assured that you would find it the ideal place for a warm meal and shelter from the elements, when in real necessity. The warm hand of friendship and hospitality was forever outstretched, be they friends or total strangers. Mr. Lacy was indeed a lover of

nature and the wilderness and its many creatures in their wild habitat. Those deer which roamed and fed in the immediate vicinity of his ranch house he called them "My Pet Deer," and he bemoaned the day when the deer became almost exterminated, mostly by those flagrant violators of the game laws. One of his closest and dearest friends was the late Henry Silva. They lived brotherly and neighborly and assisted one another with the branding of calves, and the ranch work in general.

Being a man true to his word and modest disposition, Mr. Lacy seldom required a binding contract or a forfeit from cattle buyers when disposing of his yearly crop of calves, but he always lived up to the demands of his oral or written contract and never encountered any trouble in his business transactions. Mr. Lacy was a veteran of World War I and the founder of the James Hipp Post of the American Legion of Capitan, of which organization he was a member in good standing for 24 years. At one time, the Post membership dwindled down to five members, but they untiring efforts of Mr. Lacy and Jim Howard, the membership began to climb again and at present counts with 23 Charter members. He was also a member of long standing of the New Mexico Cattle Growers' Association. Capitan and Lincoln County have lost one of their outstanding and most useful citizens, and the many friends of the family tender their heartfelt sympathy to his widow, Mrs. Hattie Lacy and the other surviving relatives. A Friend.

on the Willis Lovelace Ranch near Corona. There will be 100 special antelope bow permits for the Walker Ranch, and 50 for the Lovelace Ranch. In the event that more applications are received than there are permits available, there will be a drawing for the permits. Applications for these two bow hunts must be submitted before 10 a. m. September 15th, on the regular 1968 special license application form. Applicants should make the notation "BOW HUNT" in the space provided for antelope

just applications. The person making application for these hunts was awarded a license in the public antelope bow hunt last year, he may again apply for a license this year. If the person making the application was awarded a public antelope license last year for the regular hunt, he may not apply again this year.

Fort Stanton

By J. S. C.

Nurses' Aide Frances Gierhart has moved from Captain to the Nurse's Home in Fort Stanton. Good change, Frances, for winter is just around the corner and it makes it hazardous to drive on the icy highway every morning and evening and sometimes in the dead of night, when you can be enjoying a nice, warm, comfortable bed.

When we were at lunch last Friday noon, Daniel Salazar finished first and after disposing of his tray, he went to the piano and began pecking on the keys with one finger, to the consternation of the clientele and more especially Cowboy Louis Derrick. When he finally quit and went by Derrick's table, he gave him a 50-cent piece. "Oh thank you," said Daniel and headed back to the piano. "Just where you think you are going?" said Derrick. "To play some more for you," said Daniel. "Over my dead body," said Derrick. "I just gave you that half a dollar because you quit, and if you promise me never to get near that piano again, I'll give you a dollar bill when I sell my pot calf I may look like a hill-billy, but I am no fool."

Diotion Edmond resigned his position in Fort Stanton last week. We all regret to lose Mr. and Mrs. Edmond and their nice, clean set of young Misses. The best of everything to this fine family wherever they go.

Cook Shipley also resigned. Tommy Alder remained as the sole diotion and head of the kitchen. Anna Mae Legion was taken in the ambulance to Roswell last week for tests.

The Artistry Profession of Fort Stanton, which is composed of tapestry and basket weaving, wax moulding, wood-work, leather-craft, home-maker's ready-to-wear, etc., all have received their Lincoln County Fair Premium Books. Patricia Flalley of the Occupational Therapy Department will have charge of the Fort Stanton booth in the Fair at Capitan on Sept. 7-8, and here's hoping there will be many ribbons awarded to the talent of Fort Stanton, for they are very accurate and patient workers in the arts mentioned.

Overheard when we were care-dropping First addict, I am getting desperate and I am going to take a walk to the Rusty Bar one of these days. Second sot, "You will get picked up before you get to the highway." First addict, "But I am going after dark and I will take a short cut (at the Fly Crow)."

Emma Calloway had visitors from home on Saturday afternoon. Manuel Villa has returned from a furlough to his home in La Mesa in Dona Ana County.

The following had visitors from home the past week: Marie Gorman, Emma Calloway, Leo Har-dage, Floyd Burdick, Big John Mary Molina, Maria Esceno, the Martinez Clan, Jose Mondragon and Antonio De Vargas.

There were other visitors Sunday but we failed to know who they were visiting. Medical Clerk John Crow and Mrs. Crow of Capitan were Ginner guests in Fort Stanton last Sunday and stayed for the baseball games.

Mrs. Josephine Adkins, her small children, Wills Lea, Dolores and Johnny of Carehad had a pleasant visit with father and grandpa, Big John Burleson.

Tex Oney has returned from a two week's furlough and said it was a cruel world on the outside and away from Fort Stanton.

Believe it or not — Little John Adams was watching TV in No. 4, when a beautiful girl winked at the screen and he blushed. What's the matter, Little John?

The Fort Stanton Dues do not improve with age, but last Sunday they had a lineup of last year's Little League and they beat Me-calero by a score of 13 to 12. It was a see-saw battle for 8 1/2 frames and when the Blues came to bat in the bottom of the 9th, they were trailing 11 to 12. Tommy Alder beat a slow ground ball to first and the next batter, Roger McRehall, split the first pitch to the left for a homerun. Alder also handled carrier in the game. Vatos and Derrick umpired and Bill Zink kept score.

There was the usual large crowd and Ladies Vigil, Alder and Baca were kept busy selling their wares at the Trading Post.

Robert Leora was here from Las Vegas last Sunday to bring his sister Liz back from furlough. Liz looks so bright and cheerful, that we believe her when she said that she was having oodles of fun, but not indulging in that adomable Twist and other resistance-lowering standards.

Mary Molina has gone home to Las Cruces on furlough.

James Craig has returned from a short furlough with the home folks in Roswell.

Mr. and Mrs. Albert Gallegos are new employees in Fort Stanton. Albert in the kitchen and Mrs. Gallegos as nurse's aide.

The Maintenance Crew cut the tall weeds around the schoolhouse. Several of the fellows would like to enter the Billy the Kid Fast Draw Contest in Lincoln Sept. 22-23. We have a vast range for target practice, but firearms are strictly forbidden in this sanctum-sanctorium and there is no way we could smuggle in a few. The kids have their BB guns and play revolvers, but we couldn't qualify without the real McCoy's. Bill Hansen is considered the best prospect for the Fast Draw, because he's the first to go to breakfast and get back to his collection of dime Western novels, which he keeps under his bed and under his pillow.

LINCOLN COUNTY NEWS
THURSDAY, SEPTEMBER 4, 1962

We know he can read, cause there are no pictures of cows and horses in those novels.

Mrs. McCarty of Capitan and Fortino Beltran are new attendants in the Fort kitchen. Fortino is no stranger in Fort Stanton, having worked here years ago, when he hauled coal from Capitan in a Ford truck.

The school buses which convey the school children from Fort Stanton and the High School students from Lincoln to Capitan, started on their fall and winter grind, Monday, August 27. They have a fire bus stop here with shelter and benches across from the Nurse's Home. We understand that Frankie Silva has the school-bus contract, but we know not who the drivers are.

Orderly Arthur Lucero was a Las Cruces visitor on his days off last week. Give me the coolness of the mountains, said Arthur, Las Cruces is to scorching.

See where they are sending Goldie, a 2-year old female bear, as a mate for Smokey the Bear in Washington, D. C. Poor Smokey! He was only schooled in the Capitan Mountains, but now he'll be burning for sure. Would't mind having his place, but not with that Goldie.

Some of us have withdrawn from the Fast Draw Contest, because we have not the strength and fortitude to be carrying around a 45 Colt strapped to our slim waists. We have trouble enough getting in and out of bed, as it is, but how we can dream, fib and build aircraft!

School News

Liz Loera, Reporter

Early Monday morning the nurse came down the corridor of No. 4 (upstairs) calling "Girl School starts today." A little later we heard a familiar voice (Mrs. Lacy asking where she could find her pupils, since we heard her we followed her to the schoolroom and thus began our school year of 1962-63.

We have 5 new pupils at the school house: John, Victor and Mike Martinez, Danny Ortega and Roy Carnall. Good luck in your work at the school house. Also upstairs we have 2 new pupils, Mary Lou Gonzales and Mary Molina are coming for classes.

We have a new school room, which will be ours permanently, since in the past we have had some trouble getting a permanent room. Our thanks to those responsible for this.

During our vacation some pretty interesting things happened. Liz Loera spent her entire vacation at her hometown visiting her family. Also during our vacation Mary Anna Watson was discharged. She will be starting school in Clayton after Labor Day.

Frances Carral spent her vacation looking at nothing else but television. Mary Lou Gonzales and Mary Molina spent their's mitering. "Only two weeks and then school starts." Incidentally Rosa Armijo, who is trying to go to school as a post graduate, spent her vacation trying to learn how to embroider a straight stitch. You should see this girl - real determined!!

This is all the news for this week — see you next week.

Letters To Editor

Correction — we erred again, but to err is human and to forgive is divine, so we are offering our apologies to Jett Rustin of Las Cruces, the last of the Bar W Cowboys, for having him dead before his time. We were away from Lincoln County for several years and when we came back we missed Old Jett and his big, bay horse and somehow we got the impression that he had gone to his last round-up too. Sorry for Mr. Rustin and all concerned and wish him good health and many more years on the range.

Thanks to him and his daughter for linking our story about the Bar W Cowboys and the E. P. & S. W. railroads.

SPADEA'S AMERICAN DESIGNER PATTERN

Alan Graham decidedly favors the feminist with this charming easy-to-make dress, its soft flattering lines marked by a slotted T that's creased high on the bodice. In back the smooth shoulder poke is repeated and buttoned. Little pleats dispense ease above the waistline and over the hipbones, creating a gently rounded silhouette. To further emphasize the disarmingly pretty look of fashion this season, Mr. Graham finishes off the stiffened center belt with soft ends that tie in a perky bow. Choose sheer wool, silk or rayon crepe, double knit jersey, tissue flannel, chambray, raw silk, linen or novelty cottons. From these corresponding body measurements, select the size best for you. Our sizing is comparable to that used for better ready-to-wear.

...KNOW WHAT'S THE SMOOTHEST BREAD?

IS!

I know...I tested it.

I tested it for smoothness. Grown-ups call it texture. All I know is it's plenty nice. Dad says it looks like quality with a capital Q.

I tested it for freshness. To be good to eat, bread's got to be soft and tender — and this bread is, for sure. Mommy says it stays that way.

I tested it for flavor. If bread doesn't taste good, you don't eat it. This bread tastes swell. I like it.

I tested it... how 'bout you?

Mexican Bighorn Sheep were favorite food of Mesclero Apache Indians.

San Andres Refuge is home of Bighorn

White Sands Missile Range — At a missile range one normally expects the deafening roar of missile testing both static and aerial. The beeping and flashing of lights of giant electronic computers seem a natural part of the business. The weather balloons, countdowns, and the movement of military men and equipment are all part of the parade of progress for national defense.

There is, however, another part of White Sands Missile Range that contains an interesting story. This story is about the Mexican Bighorn Sheep.

San Andres National Wildlife Refuge, established in 1941, serves as home for the Mexican Bighorn, as well as other forms of wildlife. It comprises about 57,200 acres, and is located entirely on White Sands Missile Range. The area is administered by the Bureau of Sport Fisheries and Wildlife, U. S. Fish and Wildlife Service.

Records indicate that bighorn sheep have been in this region from before the era of recorded history. The San Andres Mountain was a favorite haunt of the Apache Indians, who ate the animals and made artifacts from the horns.

Information furnished by Cecil A. Kennedy, U. S. Fish and Wildlife Service Office in Las Cruces, N. M., tells us that "Due to lack of protection, bighorn sheep has been so reduced that there were only 23 animals left on the refuge when it was established. As a result of management and protection, the herd increased to 140 animals by 1950. Since then, some have moved out to adjoining areas, and the present population stands at about 120 animals."

In 1938, J. D. Ligon prepared a special report on this area stating in part that bighorn restoration is dependent primarily on control of natural enemies. According to Lt. Col. Byron D. King, White Sands Missile Range Provost Marshal, the concave underside of the bighorn's hoof, of which he has a plaster imprint

Underside of Mexican Bighorn's hoof.

Mexican Bighorns outlined against the sky.

(seen in picture story), is a valuable asset in scaling mountain peaks to evade his enemies. Hoof in the eye of the sheep are so acute that they magnify the ability to see eight times the power of human vision, said Lt. Col. King. The ability of the sheep to see so well and climb so adeptly makes him a sight seldom seen by hunters. Because of this, there is disagreement even among the experts as to the number of sheep in existence. The restricting of the Wildlife Refuge and regulated hunting make San Andres one of the better wild life areas according to Lt. Col. King.

The New Mexico State Game Department in cooperation with the White Sands Provost Marshal's Office has representatives on the Range that establish watering stations. The Provost Marshal's office here at White Sands Missile Range is staffed by both a civilian and military game warden.

James Clayton gets fine commendation

SANTA FE — State Police Chief E. K. Miller called officer James Clayton's part in solving the slaying of two Carlsbad teenagers typical of his 10-year performance with the state police. Clayton, stationed at Carrizozo on special strike duty, Carlsbad when Miller picked him as special investigator to assist in the year-old case. "He has worked on the case continuously since Franklin Parsons was picked up on suspicion and did a good portion of the work in eliminating other leads on stories made by Parsons," Miller said. "Clayton is well thought of by the entire force and we have used him a lot as a special investigator. He was especially selected for this job."

Many features at N. M. State Fair

Six different flower shows will be staged during the 1952 Anniversary New Mexico State Fair. Among special anniversary events at the 1952 New Mexico State Fair is a homemade hat contest, with silver dollars as the prizes. Everything from collections of antique glass to custom built hot

rods are included in the large hobby department at the N. Mex. State Fair.

Charles Eugene Boopie is the real name of Pat Boone, of the star headliners of the 1952 Anniversary New Mexico State Fair. Again this year a portable sewing machine will be awarded to the top winner of the cotton bag sewing contest at the New Mexico State Fair.

The art competition at the New Mexico State Fair is limited to residents of the land of enchantment. Hillbilly comedy stars Homer and Jethro, who will headline rodeo shows at the 1952 Anniversary New Mexico State Fair, started as a musical team while still in school in Kentucky. Several special purchase prize awards have been established for top winners in the Indian department at the New Mexico State Fair.

The Junior Horse Show A special silver anniversary award, in the form of a hand-made

saddle is planned for the winner of the Junior Horse Show at the 1952 New Mexico State Fair, it was reported today.

The custom handtooled saddle was recently completed by Carl Fuqua, well-known Albuquerque saddle maker who is employed at the Stockman Store.

The special saddle award should spur a great deal more interest in the western junior horse show, said Jack Dillon, State Fair Commission Chairman. "Already we've

gotten entries from many parts of the state in the show, and this announcement should bring in a lot more."

Entries for the show will close with other livestock entries next week, Wednesday, August 22. The entry fee is \$3 per class.

The saddle will be awarded to the rider receiving the highest number of points in the show, scoring made under the American Quarter Horse Assn. system. The rider receiving the second highest

number of points in the show will receive a beautiful bridle and reins.

The junior horse show, to be held Monday, Sept. 17, is open to all junior riders who have not reached their 18 birthday by Dec. 31, 1952.

All livestock entries for the 1952 State Fair must be filed by closing time Wednesday, Aug. 22, to be eligible to compete in the 1952 Fair.

Cutting horses, which can be entered until Sept. 15, are the only livestock exceptions.

PROFILE OF A STATE

Where History Began

Photographed by Harvey Coplin
Text by George Fitzpatrick

El Morro... Inscription Rock! These are magic names. For here in western New Mexico, the early Spanish explorers carved the record of their passing.

In the shadow of the great rock, alongside the pool of sweet water, Coronado camped in 1540. The Rodriguez Expedition made camp here in 1570. And in 1605, the first Spanish governor of New Mexico stood at the base of the rock, and with a dagger point carved in the soft stone the famous inscription "Paso por aqui..."

"Here," the message translates, "passed th. Governor Don Juan de Onate from the discovery of the Sea of the South on the 16th of April of 1605."

Throughout the centuries that followed, the rock was the best known landmark on the trail. More

than 400 parties in all left their "signatures" on it.

Today, this first written record in New Mexico is preserved for all time by the National Park Service, for El Morro is now a National Monument, a shrine of history.

Carved into the towering levels of Kennecott's Santa Rita Mine is a story too—the development of a new mining method to make copper production from low grade ore a successful, active business in New Mexico.

In observance of New Mexico's Golden Anniversary of Statehood, China has asked George Fitzpatrick, editor of New Mexico Magazine, and Harvey Coplin, an outstanding photographer of the New Mexico scene, to collaborate on a series of advertisements highlighting the qualities which have made New Mexico.

Letters To Editor

1533 Chandelier Dr. San Pedro, Calif. August 8, 1952

Mr. Paul W. Dayton Carrizozo, N. M.

Your issue of August 2 certainly makes me wish that I could be in Lincoln for your pageant. Since I cannot, I would appreciate it if you would clarify a few points for me. The Foreword to "The Last Escape of Billy the Kid" states that "The episodes of the pageant are based on historical facts of notorious Lincoln County War." In the cast of characters I note "Phillipowski." As I observed in my paper "The Pecos War," the reference file of which is on deposit at Lincoln, this individual was a deputy sheriff killed by William Burns on October 21, 1874. I cannot imagine what part he could have possibly played in the Lincoln County War of 1878. I also note Juanita Mills. Juanita was born in 1865 and hence would have been 13 years old at the time of the war. I am wondering what part a 13 year old child played in this affair. It happens that some extra copies of the April English Westerners' Brand Book reached me yesterday. Since this contains my article on Ham Mills, which is pertinent to the discussion, I am enclosing a copy for your file.

In your "Trip of the Week" item in your July '52 issue you state Billy the Kid hid out in Mesilla and left for Mexico after shooting a Spanish gambling friend in the back. I have never heard this story before and certainly it is not reported in any of the contemporary papers I have seen. I would greatly appreciate your furnishing me the details—particularly the date and the name of the friend. Frankly, I suspect that it has no basis in fact. Yours very truly Philip J. Mason

No names have been decided upon as yet but the Gucks have had lots of suggestions the cutest being, I think, Hoos (Swedish for good luck) and Clover (4 leaf clover also meaning good luck).

Mr. and Mrs. Gordon Gray of Dewey, Mr. Walter Gray of Glenwood and Mrs. Helene Taggart of Glenwood were visitors at the Ed Guck home Labor Day. It was Mrs. Taggart's suggestion of Hoos and Clover for the twin calves.

We hope to have some pictures of the twins and their mother and also the grandmother and the

mothers twin.

Mrs. Molly Frye, Valerie and Billy of Chicago are visiting her parents Mr. and Mrs. Lester Gasser and her brother and family Mr. and Mrs. Randall Gasser.

Mr. and Mrs. Fred Merritt of Albuquerque visited the Greens Monday morning.

We have lost our new neighbors and are real sorry to see them leave. I am talking about Mr. and Mrs. Bill Baker and family who have moved back to Carrizozo.

Mrs. Whitney took care of the Dunlap place during their absence and later after Lois and Wayne joined their parents in Las Cruces Monday, Billy and Buster Baker took care of the livestock and had a grand time doing it.

Mr. and Mrs. Jim Frye of York, Pa. were recent visitors of Nogal. They stopped at Chicago to visit Mr. and Mrs. Melvin Frye and

family. Mrs. Molly Frye, Valerie and Billy accompanied them on to Nogal to visit her parents, Mr. and Mrs. Lester Gasser. They all went sightseeing at the ski run, Farsons, Bonita and the Mal Pais.
