Education Board gets educated

This week, most of the Legislature's activity has been concerned with joint Senate-House Appropriation and Finance Committee hearings on state agency budgets.

Only one agency has been cut below the appropriation it received during the last biennium, and a few agencies were granted increases.

This trend of proposed spending, coupled with a 9.5 million dollar deficit, which John Gott (Campbell's Finance Director) says we can juggle out of the way now and pay for later, indicates a new revenue requirement of over 30 million dollars for each of the next two years. This amounts to a debt of 30 dollars for every man, woman, and child in New Mexico.

New revenue requirements mean increased or new taxes. We hear a lot from influential members of the Legislature, that the best method for raising all of this money is by increasing the State Income Tax.

We currently realize 13 million dollars from the Income Tax at a basic rate of 1 1/2 per cent for the first \$10,000. To bring in the amount of money required for each future year, a rate of 3 1/2 times our present rate would be necessary. This would raise the rate on the first \$10,000 to around 5 1/2%.

This proposal seems to be a contradiction of the stated desire of the new administration to create a favorable environment for economic growth in the State of New Mexico.

Let me know what you think. Write to me at the New Mexico State Senate, Capitol Building, Santa Fe, or phone me at either 882-1031 or 882-0674.

Wednesday Bulletin
Quito a battle took place Monday over consolidation of schools in Roosevelt County. The State Board of Education wanted to wipe the school out, administration, plant, everything, even though the superintendent showed that he had met state standards... the State Board was going to enforce consolidation.

Several members of the legislature point out that the State Board of Education was not interpreting its own statutes properly. The legislature had asked that surveys be made for the (Continued on back page)

Facilities listed for proposed new building

Mr. W. O. Wilson, building consultant (former superintendent and architect) from the State Department of Education, addressed the local school board and a group of enthusiastic patrons about the need of a school building program for Carrizozo schools.

Mr. Wilson was very concerned about the fire hazards which exist by the continued use of the old junior high building. He recommended that this entire unit be razed, and a new unit be built in its place as soon as possible. It was suggested that the auditorium and shop area be retained as a separate unit and that this area be completely re-vamped, making it safe for continued use since this unit is much newer than the original building and its walls and roof construction are sound and good for many more years.

The Board of Education has planned to go forward with the calling of a bond election. In the near future, the Board of Education will present for your consideration and approval an exact drawing of the proposed construction. The following are some of the things which we feel must be a part of any proposed building program:

(a) New classrooms for junior high grades 7-8.

(b) New home economics suite.

(c) New library facilities for junior and senior high.

(d) New shower rooms as an annex to the gymnasium.

(e) New cafeteria - large enough to feed all the children within a very short period.

A complete progress report will be presented to the patrons from time to time through your local paper and by special lay committees and called meetings of the voters of the district.

Candidates for school board members election February 5 have been filed in the following order up to date:

Bill Shrecengost introduces bill for Mal Pais Valley Of Fire state park

Please Notify

The old chief was filling out the required form before boarding a plane for an overseas flight.

When he came across the question, "Who should be notified in case of an accident," he laboriously scrawled, in the space provided: Air Sea Rescue.

Special bulletin from Rep. W. G. Shrecengost.

Indications are good that efforts on the part of Carrizozo Woman's Club, the Rural Development group, Carrizozo city officials and Lincoln County officials are doing some good in the establishment of a park in the Mal Pais near Carrizozo.

Bill ... 87 was introduced in the legislature by Rep. W. G. Shrecengost which will establish a Valley of Fire state park in the Mal Pais. Shrecengost stated that he intends to see this bill through all the way. Some of the details include: buying section of ground for \$1,600, use of \$32,000 for improvement and development. The work will be done in cooperation with the State Park Commission.

Rep. Shrecengost is co-sponsor with Rep. Slaughter of Chavez County of a bill to revise the personnel act.

The black bear for state animal bill, introduced by Shrecengost, received a unanimous vote in the House of Representatives.

Legislation at hand Tuesday and Wednesday has to do with fraudulent check passers. Shrecengost said the municipal auditorium tax bill does not look good, it's a special interest bill, and he will oppose its passage.

Silver City publisher is press association president

ALBUQUERQUE — The New Mexico Press Association ended its two-day winter convention tonight with a cocktail party in the midst of a bitterly cold snow storm.

Earlier in the day Bill Mullane, publisher of the Silver City Enterprise, was elected president of the association.

Special guests at the cocktail party were Gov. and Mrs. Jack M. Campbell and Lt. Gov. and Mrs. Mack Easley.

Hodding Carter III, managing editor of the Delta Democrat Times, Greenville, Miss., was the speaker at the afternoon luncheon.

Carter said editors should take strong editorial stands on matters affecting the community and state as well as on the national and international is-

Other officers named to the association were Billie Holder, publisher of the Alamogordo Daily News, first vice president; and Gene Priestley, publisher of the Las Cruces Citizen, second vice president.

The new members of the board of directors named were M. M. Stinnett, business manager of the Fortales News-Tribune; Paul Payton, publisher of the Lincoln County News; Bob Tooley, editor of the T. or C. Herald; Jeter Bryan, editor of the Grants Daily Beacon; and Robert Summers, publisher of the Hobbs News-Sun. Summers is the outgoing president.

Wes Gallagher of New York general manager of The Associated Press, was the featured speaker in the afternoon session.

Gallagher outlined the principles and the goals of The Associated Press during his talk.

Bern Gantner, managing editor of the Farmington Daily Times, was elected state chairman of the New Mexico Associated Press. Gantner succeeds Billie Holder, publisher of the Alamogordo Daily News.

Silver City was picked as the site for the summer convention. The dates for the convention are yet to be set.

The holdover members of the board of directors are Richard Rice of the Lordsburg Liberal; Albert Stubbs, editor of the Roswell Daily Record; Charles Patten, business manager of the New Mexican in Santa Fe; George Valliant, Valliant Printing Co. in Albuquerque; and Priestley.

Thanks B. G. for a wonderful party

The Grizzly Quarterback Club called a special meeting at the Country Club Monday night to honor its president, B. G. Barnum, who has been transferred to California. A luck would have it a bad train wreck occurred at Deming and Barnum could not be present to receive honors from club members. His son, Glen, accepted a gift for his father.

The covered dish lunch was extra fine, a good crowd attended and every one enjoyed B. G.'s party. He should have one more often.

Bernard Lamb, Grizzly football coach, said he would be disappointed if the Bears didn't win the state championship next year. Basketball coach Darrell Bode issued an invitation to Grizzly fans to come out Friday and watch the Bears beat Ruidoso.

J. T. Clegg, Carrizozo superintendent, said the school certainly needs more dressing room facilities and that the school board has decided to call for a vote on a new school building.

Ray Wells, president of the Chamber of Commerce, said any parent is taking a chance in sending their youngsters to school in the junior high building because of its bad condition. We need more facilities at school. Mr. Wells is a candidate for Carrizozo school board.

Ruth Armstrong, school board candidate, said she was 100% for the new building program of the school board.

Search parties are out looking for this balloon and if anyone has any information pertaining to it they are asked to contact the Sheriff's office.

J. P. Friday Sherill goes to school
Mr. R. L. Sherill Justice of the Peace in Carrizozo and Carroll Womack Justice of the Peace for Corona made a trip to Alamogordo Saturday to attend a Justice of the Peace schooling there. Also present were representatives of the New Mexico Fish and Wildlife Department, New Mexico State Police, the Sheriff's Department and the F B I. Instructions on how to conduct court were given and the audience participated in a question and answer period.

Mrs. R. L. Sherill accompanied her husband to Alamogordo.

MARRIAGES — Lobby Gene Patts age 23, Walker A. F. D., Roswell to Maude Juliette Humphrey, age 27, of Clovis. They were married by R. L. Sherill Justice of the Peace, January 16, in Carrizozo.

DIVORCES — Granted, Marvin Rowen, vs Joyce Rowen.

District Court
Luciano and Augustino Gallegos were found guilty of abusing a peace officer - they were placed on probation for one year and sentence was deferred for one year. They were assessed \$100.00 probation costs each.

Medical society urges all people to take Type III polio vaccine
The N. M. Medical Society today urged persons throughout the state, regardless of age, to consider taking Type III vaccine to eliminate "carrier condition."

Dr. Hugh B. Woodward, chairman of the society's Public Health Committee, declared it "a pity" that "the public has become confused on the facts regarding Type III."

Chances of association between polio and the vaccine are less than one in a million — considerably less than predictable reactions from other common inoculations.

The State Society began moving ahead with its program for Type III only after a report December 18 by the special advisory committee of the U.S. Surgeon General. The report read as follows:

"On the basis of the data now available, the total number of cases associated in time with the direct administration of Type III vaccine and considered by a committee majority as 'compatible' is now 11, of which eight are over 30 years of age."

Dr. Woodward notes that there is no proved direct relationship, and that these 11 cases "under study" came after more than 15,000,000 doses of vaccine had been administered.

The local clinic will be in the Carrizozo Fire Hall on January 27 and February 3 from 11:00 a.m. to 5:00 p.m.

Scrambled eggs are served on Hiway 54

Highway 54 was the scene of another accident on January 21 when a truck loaded with eggs from the Rammy Produce Co. of El Paso overturned 14 miles north of Carrizozo.

The driver was not hurt, but the eggs were scrambled. Cause of the accident is not known at this time. Darrell Austin of the State Police was the investigating officer.

Juvenile Court
One juvenile boy from Roswell charged with careless driving - he admitted the charges. He was assessed \$10.00 costs.

One juvenile boy from Las Cruces charged with passing on the yellow line he admitted the charges and was assessed \$10.00 costs.

One juvenile boy from Ruidoso - charged with reckless driving he admitted the charges - he was assessed \$10.00 costs, his social driving privileges were suspended for 90 days and he was put on probation for 90 days.

One juvenile boy from Roswell - charged with DWI - he admitted the charges and was assessed \$50.00. His drivers license was revoked for one year.

Jose S. Chavez

Lincoln Co. News historian dies

Jose S. Chavez long time resident of Lincoln County passed away January 17, 1963, after lingering illness.

Jose S. Chavez was born in White Oaks, January 11, 1901, shortly after his birth the family moved to Carrizozo where Joe grew up and received his education, in his younger years he was a member of the old baseball team known as the Carrizozo Wrecking Crew.

For a number of years he was employed by A. L. Burke editor and publisher of the Carrizozo Outlook, after this paper was sold and merged with the Lincoln County News Joe moved to Tucuman where he made his home with members of his immediate family. Joe served in the Air Force during World War II from which branch of service he received an honorable discharge.

In 1959 Joe moved back to Lincoln due to his illness, it was during this period of hospitalization that he started writing a column in the Lincoln County News known as the J.S.C. column which every old timer enjoyed reading, his last column appeared in last week's edition of the News entitled The Old Haunted House.

He leaves to mourn his passing one son, Juan J. Chavez, Carrizozo; one daughter, Mrs. James H. Ghrist now stationed in Germany; one sister, Mrs. Aristeo Salcido of Denver; one brother, Alejandro Chavez of (Continued on back page)

Mobile dental unit will be here soon

The mobile dental unit will be in Carrizozo Monday and Tuesday, Jan. 28 and 29. If you have not signed a card for your child or paid your dollar, please come to the Health Office in the Court House as soon as possible.

Children that are attending Carrizozo Public School or St. Rita in the first grade and those who will go to school next year will be eligible to see the Dentists.

This service is sponsored by the Carrizozo Women's Club. The club is making a big effort to finance this project for the good of the community. As a token of your cooperation they are asking the parents to donate one dollar for each child that attends the clinic. The Women's Club intends to make this service available to the children year after year if the parents cooperate sufficiently.

The mobile dental unit is a program of the New Mexico Department of Public Health to provide services to areas of the state where dentists are not available within a radius of 20 or more miles. The attending dentists are registered in the State of New Mexico and all personnel are employees of the Department of Public Health.

Community Scoreboard

An interesting parallel exists between college admission requirements and the requirements to enter a full life in the community. If a community would do as this educator suggests there would be a shakeup of the group known as first citizenry.

Leslie R. Severinghaus, Headmaster of the Haverford School near Philadelphia, writing in the Journal of the Association of college admissions counselors warns against the "highly intelligent, aggressive, personally ambitious, and socially indifferent and unconcerned egotist." Because these self-centered bright students have "little to offer, either now or later," colleges should be ready to welcome other good qualities.

"Who says that brains and motivated performance represent the dimensions of excellence? Is not social concern a facet of excellence? Is it not exciting to find a candidate who believes that 'no man liveth unto himself'?" What about leadership? Integrity? The ability to communicate both ideas and friendship? May we discount

spiritual eagerness? And why should we pass over cooperation with others in good causes, even at some sacrifice of one's own scholastic achievement. What about graciousness and decency?" None of this shows up on college board scores, says Severinghaus.

This type of student has very little to offer the community they settle in on graduation from college. The people who are socially concerned will help their home community "take care of their own," and not leave this vital function to government. The exciting people in any community are those who will take part of each living day to boost and help their neighbors, their friends, their community . . . they do not live unto themselves.

Both leaders and followers who can get their ideas across to their friends are among a community's most valued assets. And cooperation — even at the sacrifice of one's own ideas (not ideals) — is what keeps a community together and going forward. You can now check your score for entering into community living.

A Healthy Sign

Civic jobs, such as serving on a school board, frequently go begging. Lack of interest is a normal reason, scared of business loss another, and just plain laziness contributes to this lack.

Carrizozo school district is fortunate in having four candidates for the two positions on the school board. Such a list

gives voters a choice on their ballot, adds prestige to the job taken over by the winners, adds emphasis to the fact that if the school board does not serve the interests of the patrons . . . there are other people interested in the job . . . and provides the best kind of proof that "people are interested" in their schools.

initials J. S. C., at Ft. Stanton had a remarkable facility, that of almost total recall of events that happened 50 years ago in Lincoln County, more or less. Time has a way of taking the old-timers out of our community and with them go any possibility of first hand accounting for the history of the area. Joe also served as correspondent at Ft. Stanton, a position that will be hard to fill we know.

Lincoln County did have a health officer, since last November it has had none with the transfer of Edward Wald-rath out of the district. Victor L. Jones of Otero County is doing whatever is being done about health in this area.

EXPERTS SET NEED
AT \$23 MILLION

SANTA FE — Legislators haven't faced up to it yet, but money experts in the administration have figured that the new money needed for the year starting in July is about \$23 million.

That's \$7 million that must be returned from the \$9.5 million that was seized, borrowed and manipulated to meet the current year deficit.

There is \$8 million that must be raised to continue the schools and the state government at exactly the same level as present.

There must be \$5 million to take care of the increased number of students in the public schools and universities, the normal growth that is recorded every year.

And a minimum of \$3 million will be needed to cover some of the new spending requests by Gov. Jack Campbell and the inevitable "growth" of state bureaus and advances in salaries. It adds to \$32 million.

MAYBE TOO MUCH
FOR ONE SESSION

The sum is so big that it is likely the legislature won't attempt to raise all the money needed but will stall again until another meeting a year from now.

A large number of legislators favor a sales tax increase but aren't saying it publicly because they do not want to appear in conflict with the Demo governor who has vowed that there will be no sales tax rise.

The likely alternative would be doubling the income tax and slapping on a huge property tax increase which would break the "20 mill limit" that has been honored for 30 years since its enactment at the depth of the depression.

PROBING POWER
OVER ASSESSORS

The administration presently has the attorney general studying the authority of the state tax commission to require all county assessors to assess all property at the same percentage of actual value.

That sounds like the administration is planning to get more for the state from the property tax. The unequal levels of assessment in the various counties are important only as they relate to the money that is collected for the state.

The state presently gets about \$6.5 million from the property tax. Doubling the property tax and the state income tax which produces about \$13 million a year would just about produce the new money needed.

OLDSTERS APPROVE
YOUNG FRESHMAN

Half a dozen youngsters serving their first time in the house have attracted comment for their quick grasp and their pop-

ularity with older members.

They include Rex Kipp Jr. of Lordsburg, Fletcher Bowman of Deming, Partner Tellyer, of Las Cruces, Orville Patterson and Dave Norvell of Clovis, Kenneth Black of Sierra, Milnor Rudolph of Mora, Bob Ferguson of Artesia.

REPURS DEFEND
BILL SHRECEGOST

An item in this space last week about Republicans doubting the party regularity of Rep. William Shrecongost, Lincoln County Republican, brought several party members to his defense. They said they were teed off at him in the last session but figure that he will give the party strong representation on the legislative Finance Committee this year.

OUR CLINT BACKS
PRIMARY REPEAL

Sen. Ed Mead of Albuquerque has named U. S. Sen. Clint Anderson as a backer of the Mead plan to kill the primary election law. Anderson and U. S. Rep. J. Montoya were rumored from the first to be behind the effort to return to the convention system of nominating party candidates.

The Mead proposal will set off a hot fight if it ever gets to the legislative floor. Most members of the legislature are against it but have been keeping quiet lest they appear to be against the party leaders.

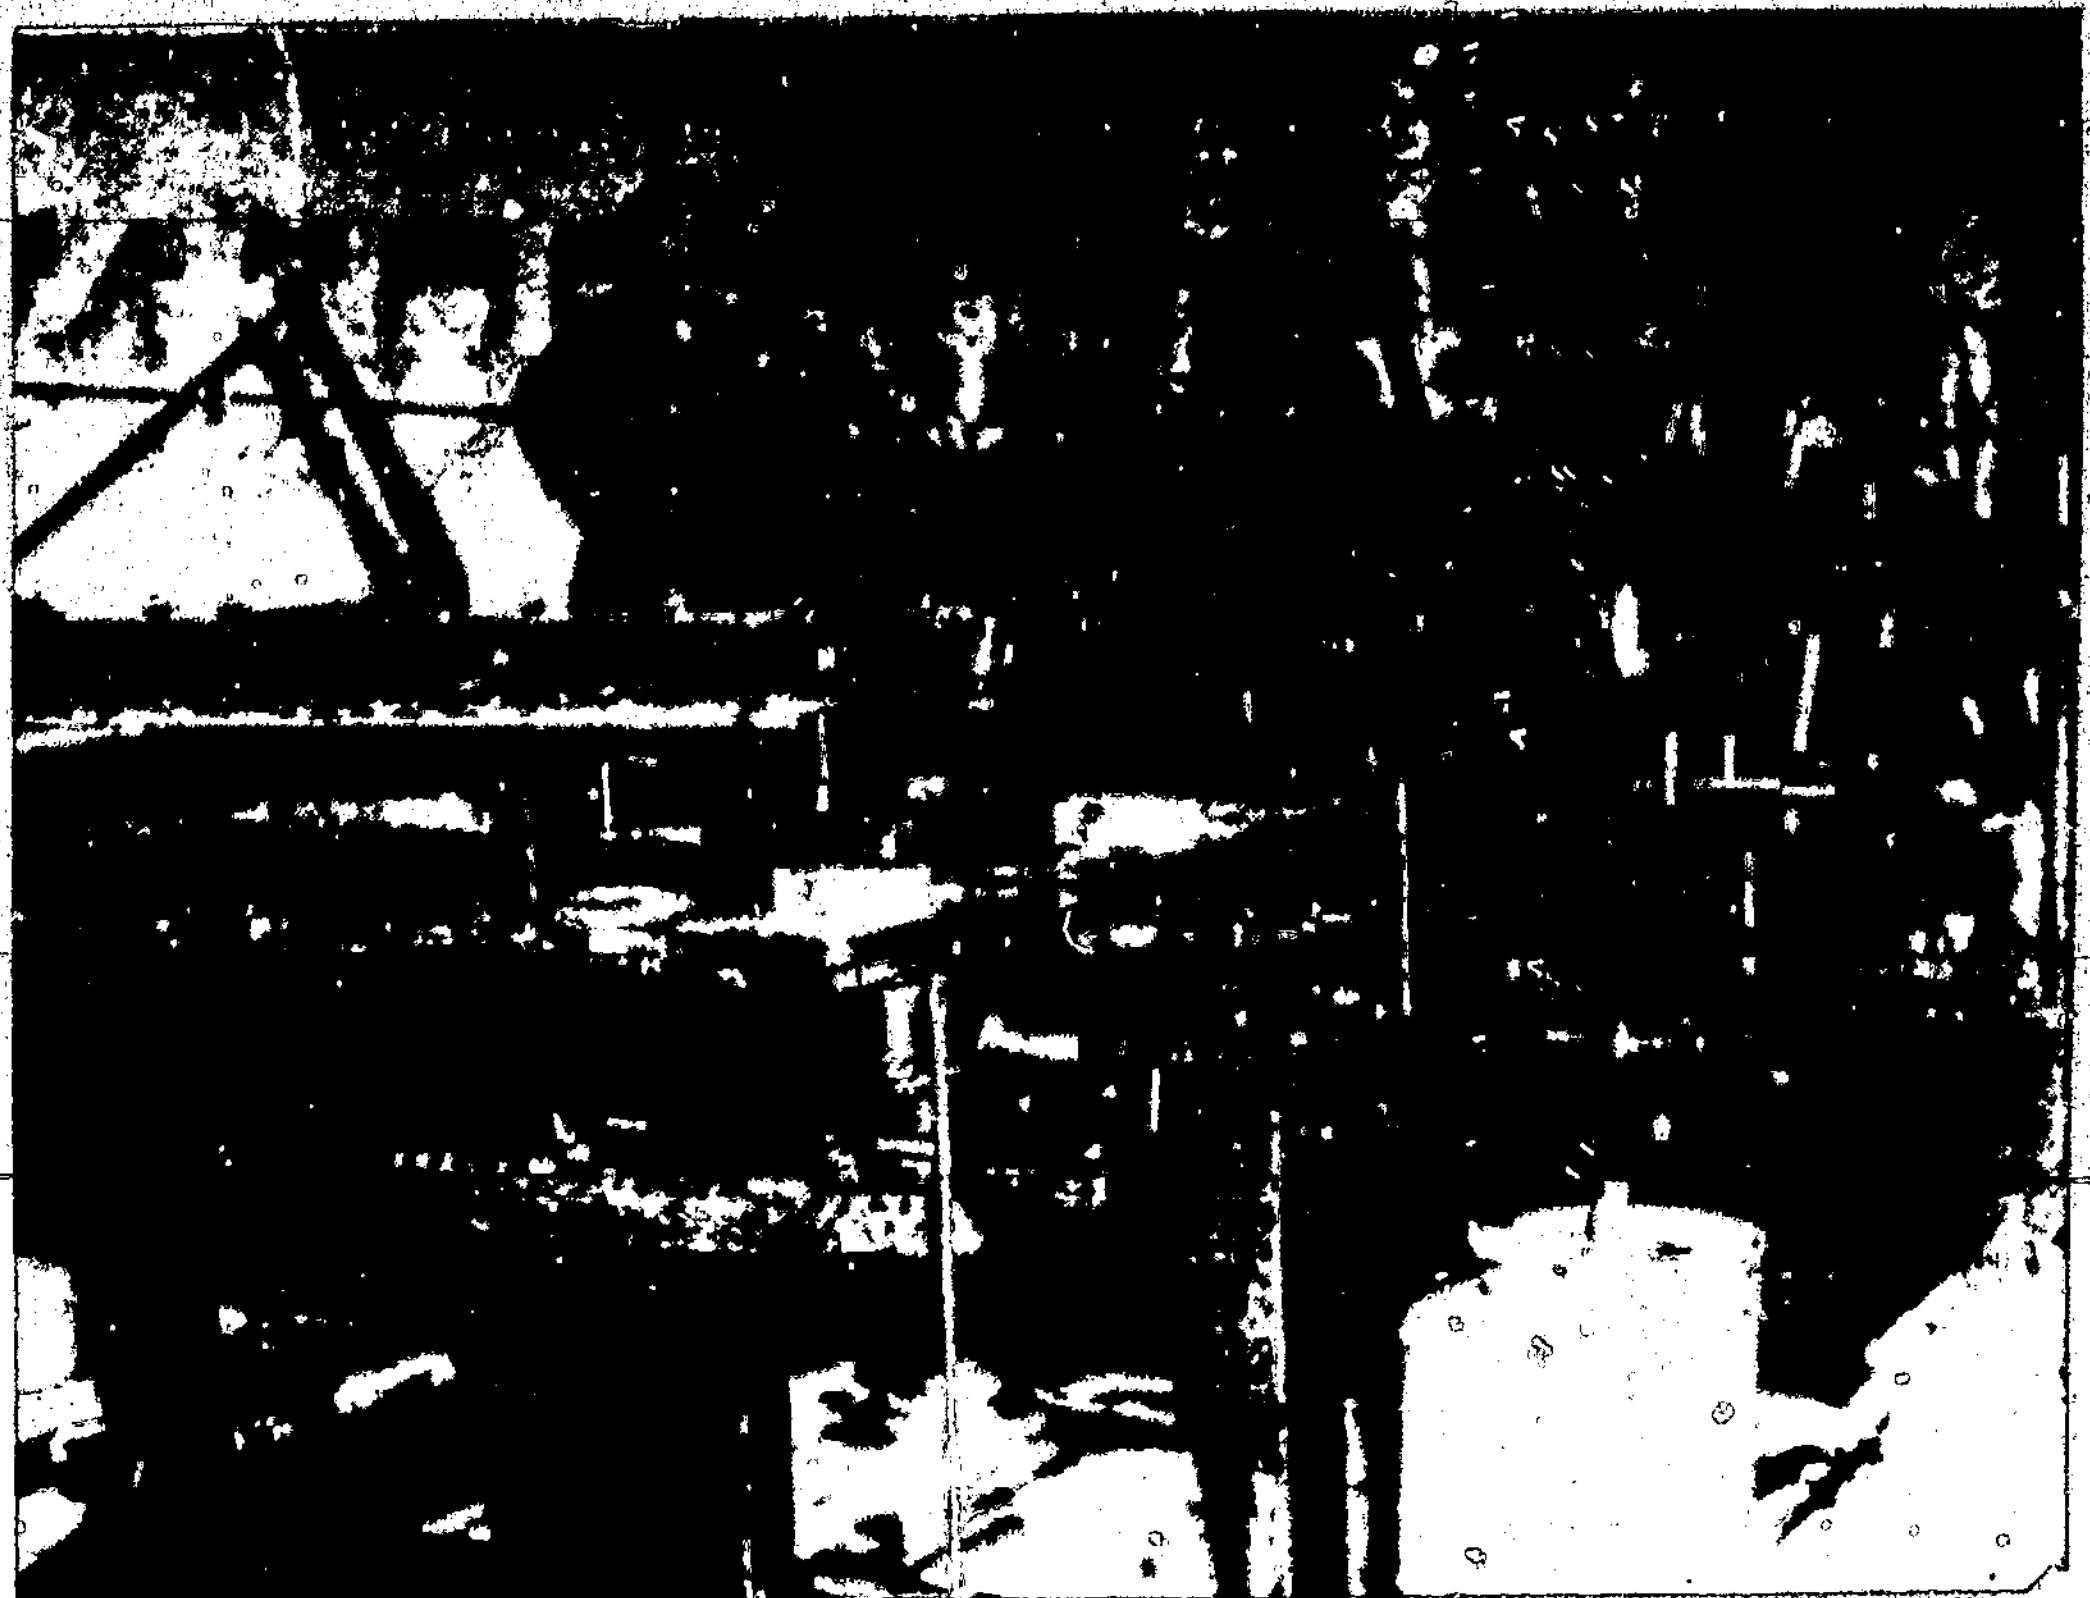

PUTS HOBBLES
ON CANDIDATE

The Mead bill pretends to permit other than convention nominees to run in the primary election but the terms are so tough that it is practically impossible.

For instance the law requires a non-convention candidate to produce petitions in his behalf from 16 counties but will not permit him to seek petitions in any but his home county.

Woman's Club holds

January meeting

The January meeting of the Carrizozo Woman's Club was held at the Club House on January 17. Mrs. Welcom Armstrong presided at the business meeting in the absence of the president, Mrs. Bryce Duggar.

The members voted to enter the Shell Oil Co. educational contest. This contest provides student aid for any kind of educational training in secondary schools or colleges. Carrizozo will compete with all towns under 2,500 population in New Mexico. The winner will receive a \$500.00 scholarship.

Mrs. W. F. Ball, acting as devotional chairman, gave an inspirational talk about Jane Froman.

Mrs. A. N. Spencer, chairman of the program committee for January, introduced the guest speaker, Mr. J. T. Clegg, who gave a very interesting talk on school finances, the changing times, and the reorganization and construction of schools, which he thought would come eventually.

Delicious refreshments of mince pie and tea and coffee were served by the hostess, Mrs. Austin Wooten, assisted by Miss Minnie Nell.

Withers Girls Host Party

Margaret and Waynette Withers were the hostesses for a party on Saturday night given at the home of their parents Mr. and Mrs. Wayne Withers. Included in the party activities were dancing and playing in the snow. Guests present were: Meg Marsha and Bill French, Billy Wrye, Garvin and Pete Griffin, Benny Murfin, Tommy O'Rear, Dennis, Icnnoth Crenshaw and Sammy Vigil.

The occasion for the party was the snow. "We don't get quite enough snow" Margaret said.

Refreshments were served by the hostesses.

FHA'ers honor Chapter Mothers

At a recent meeting of the Carrizozo chapter of Future Homemakers of America Mrs. Jovita Torres and Mrs. Annio Withers were presented with official chapter mother pins as a token of appreciation for their unselfish efforts in behalf of the FHA chapter. Both mothers have worked actively with the local chapter for the past three years. Shown in the picture are Mrs. Torres and Mrs. Withers with Margaret Withers, chapter president, placing the official pin on her mother's dress.

Fund raising contest for orphan girl

The Carrizozo FHA Chapter recently held a candy sale for the dual purpose of raising money to support the Vietnamese orphan girl whom they have adopted and to send local delegates to the State FHA convention in the spring. In order to spur girls to greater effort in selling candy prizes were offered to the three top salesladies.

W. M. U. Meets

The Women's Mission Union of the First Baptist Church met Monday night at the church. The book "The Chains are Strong" was studied by the group with Mrs. Troy Sadler leading the discussion. Those present were: Elissa Clayton, Joan Means, Maedell McDaniel, Beth Sadler and Joyce McCollum.

Doctors teach first aid classes

As of this date, Dr. Turner and Dr. Spencer have advised me that they have been certified to teach First Aid classes. In order to make this class a success and worthwhile, the Doctors feel that we should have approximately 25 or 30 participating in the class. It was decided prior to Christmas vacation that a good course in first aid was one of the best means for the local people to prepare themselves in case of a disaster. The Cuban situation is not as critical as it was at that time, but we all need the knowledge of first aid in our everyday lives, so it is on this basis that the city Civil Defense program is suggesting and inviting you to participate in this course. The course will consist of 5 classes, 2 hours each, once a week for 5 weeks. In discussing this matter with the Doctors, we have decided to have an organizational meeting on January 28 at 7:30 p.m. in the Elementary school art room. You must attend this meeting and enroll or call Mr. Clegg at the superintendent's office (90) and state your intent to enroll in this class if you cannot make the organizational meeting. It is necessary to know how many first aid text books to order at this time in order to be prepared for the class to officially get under way on Thursday night, February 7.

Investiture Ceremony

The investiture ceremonies for the Carrizozo Brownie Troop No. 51 was held January 22 at the woman's club. The troop leaders for the Brownies are: Donna Currie, Margio Wells, Barbara Harkey, and Peggy French.

The eight Brownies who received their pins were: Lorena Chavez, Kay Cooper, Nora Currie, Hecm Delgado, Kinny Huff, Connie French, Debbie Meiers, and Donna Wells.

The play "The Brownie Story" was put on for the entertainment of the parents and guests by: Susan and Lucellan Harkey, Paula Fherigo, Rosmarie Lopez, Carol Stidwell, and Yolanda Hernandez.

Refreshments were served after the program.

Pack Meeting Postponed

Due to a Boy and Cub Scout meeting at Ruidoso on January 22 the scout pack meeting has been postponed until January 23, at 7:30 at the fire hall. All cub scouts and their parents are urged to attend.

Six Couples Enjoy Bridge

Six couples enjoyed a bridge party at the Carrizozo Country Club, Saturday night. High score for the men was won by Wayne Withers. Margaret Stearns won the high score for the ladies.

Dr. Howerton to conduct chorus

Dr. George Howerton, dean of Northwestern University's School of Music, will serve as director and conductor of the All-State Chorus when it meets on the New Mexico State University campus in Las Cruces January 24, 25, and 26. The chorus is part of the New Mexico Music Educators Association All-State Music Clinic which will be holding its 19th annual session.

Dr. Howerton, widely known choral conductor, music educator, organist, and author, will rehearse the concert chorus composed of young vocalists from all over New Mexico and will conduct this selected group in its concert in Las Cruces High School gymnasium January 25, at 8 p.m.

HOW TO HIT PAY DIRT IN YOUR ADVERTISING! By Bernice Fitz-Gibbon. One of the questions that I hear over and over from retail store clients is "Where should I advertise?" It is easy to understand the confusion. Today there are many more advertising outlets (media) than there were, say, twenty years ago. In which of these myriad media should the store owner place the bulk of his advertising? Is there such a thing as a "best" advertising medium for a store? If so, is it television? Or newspaper? Or direct mail? Or is it best to place a drab here and a drab there? Then where should a store place the bulk of its advertising money? The answer is newspapers. The newspaper is the only constant medium that will bring daily traffic and sales to a store. Did you know that (according to a recent survey) 99,000,000 people read a newspaper on an average weekday? And 79 per cent of them said they would feel lost without it? And did you know that a woman's number 2 reason for buying the paper is to read the ads? So it's foolish for a store to dissipate its budget and diffuse its selling message by spending appreciable sums in other frail and (to a retail store) feeble areas. I believe that when you run an ad in the papers you don't have to call in the figure boys to make a penetration study and reader analysis to find out if your stuff sold. You jolly well know by looking at your cash register. Here is why. "Wad ye deny p-r-r-int?" I once knew an old Scotsman, and when he wanted to prove that something was positively, absolutely, indubitably, without-a-shadow-of-a-doubt true, he would crown his arguments with, "And I saw it in the news-

TAX GUIDES AVAILABLE AT EXTENSION OFFICE

Income time is fast approaching. For farmers, there's a helpful easy-to-read tax guide that's available from the county extension office.

The booklet will help farmers fill out their tax returns for the year 1962, says County Agent Ralph Dunlap.

Farmers must file their federal income tax returns before February 15, unless an estimate of the tax due was filed and the estimated amount paid before January 15. In this case the returns should be filed and any balance due paid by April 15, 1963.

The Voice Of N. M. Taxpayer

Next year Congress is expected to get started on updating our 1930 Federal tax system, but like reaching the moon it will take a while.

Our present Federal tax system is not only straining at the seams to raise the billions Washington thinks the government needs to spend (there is no painless way to raise \$100 billion in Federal taxes), but the way taxes are raised does a lot of damage as well. There are many kinds of damage; tax handicaps to economic growth which is needed to make the U. S. stronger; persistent unemployment due at least in part to tax laws that hamper investment in new jobs; a tremendous waste of time and effort by business and individuals in just trying to understand the confusing details of the tax law; real and imagined unfairness in the tax law which prompts some taxpayers to cheat on their returns and thus undermines the moral strength of the nation.

Subscribe to the Lincoln County News. The newspaper for all the County.

While waiting for Congress to get started on its updating problem, it might be interesting for the reader to take the following test to see "What You Know About Taxes":

True or False?
Taxes imposed by all governments in the U. S. now take

29 per cent of the total goods and services produced in the nation.

2. Most of the money the government spends comes from people who are rich or well off.

3. If the Federal Government were to increase income tax rates to confiscate all taxable income above \$10,000 a year, the tax taken would double.

4. Other nations get a bigger slice of their revenue from taxes on corporation income than the U. S.

5. Tax revision could help create millions of new jobs in this country.

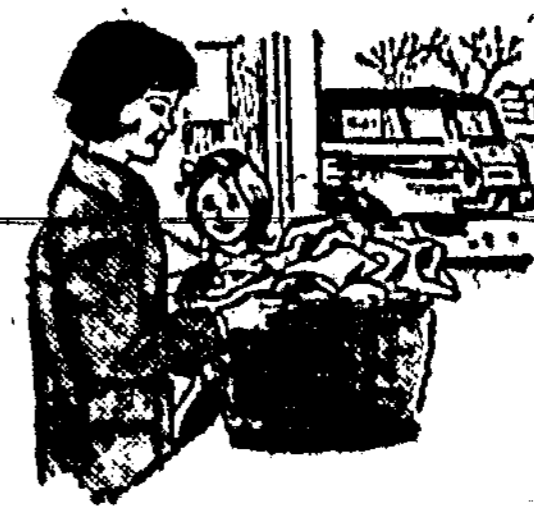

1. True

2. False. More than four of each five dollars in income taxes come from the lowest rate of 20 per cent, according to Tax Foundations, because most of the income is there.

3. False. The grab would net about \$5 billion, about half the annual cost of interest on the national debt.

4. False No other central government relies as much on corporate taxes.

5. True. It now takes an average \$18,000 investment to create one new manufacturing job. Our present tax laws drastically reduce savings from which the investment must come.

Most everyone has been busy thawing out frozen pipes. I guess we tend to forget it can get real cold around here once in a while. I think most of us have enjoyed our recent snows. Everything has looked so beautiful covered with snow.

In a recent letter, Mrs. Geles, in Springerville, Arizona tells of seeing people break holes in the ice to fish through, but she said they had so far, had little snow. She is getting along fine. Rep Bill Shreengost was at home for part of the weekend and said they are really getting busy in a hurry. Nice to know we have some one really interested in our area and people, up there plugging for us. Betty and the children went to Roswell with him Saturday and then came back home, while he had to go on to Santa Fe.

Mr. and Mrs. Nick Kossage were over to visit Mrs. Rufina and Maggie Maes for the weekend and Nick got the pipes all thawed out and back in working order.

Mr. Pond has been a little bit under the weather with a cold but is feeling much better.

James Ray Taylor was at home last week enjoying the semester break. He is getting along fine in college. He says he intends taking a big load next semester so he probably will be pretty busy.

BONITO VOLUNTEER FIRE DEPT. BLDG. IS COMPLETED

The Bonito Volunteer Fire Department is quite proud and pleased over the fact that the Fire Truck is now in a heated building, full of water and ready to go at any time it is needed.

Due to volunteer labor supplied by members of the department and friends the building was completed well within the approved cost by the State Fire Marshal.

At the annual election of officers in the Angus Community Building last Monday night Sidney Preston was elected Fire Chief, Roy LaMay, assistant Fire Chief, Robert Runnels, Captain and Sam Allen was re-elected Sec. Treas.

Mr. and Mrs. R. H. Williams returned last week from a visit in Amarillo and Midland.

Saturday morning two Greyhound buses went by the store at 7:30 a.m. heading for the Sid Run. From the traffic going by this weekend it was a very busy place up there.

Saturday noon it began to snow and when it finished we had about six to eight inches. Due to the temp it melted on the highway in fair shape Sunday with the help of the highway equipment.

Saturday Mr. and Mrs. Jim McEuen and "Corky" made a trip to Alamogordo in the morning.

J. F. Ogden and daughter Linda came up from El Paso to visit the Sam Allens the past weekend.

Congratulations to Mr. and Mrs. P. Westberg on their new arrival, a son, born December 31 at Albuquerque. He weighed in at 8 lbs. and 4 1/2 oz.

Edward May of Tularosa is visiting his grandparents Mr. and Mrs. Albert May.

Mr. and Mrs. Jim Lackey and Robin visited A. P. Sifton at the hospital and took their son, Alva John home after a two week stay with his grandmother, Mrs. A. P. Sifton.

Mr. and Mrs. Jim Lackey of Tularosa visited with Mrs. Lackey's father A. P. Sifton Sunday afternoon. They also visited with Mrs. A. P. Sifton and Mrs. D. I. Ritchie at Nogal. Mrs. Louise Runnels, Tax Assessor was in Nogal Tuesday taking tax assessments.

The main subject this past week has been the weather. The cold front moved in Friday dropping our mild sunny weather to a cold wintry -22 degrees by Saturday night, along with 6 inches of snow Sunday. The cold began to let up Monday during the day but the cold temperature still held on with a -2 below Monday night.

Nearly everyone had difficulties starting their cars and pick-ups, and several homes had frozen pipes.

Fire handled at home
The fire siren sounding at 7:30 p.m. January 16 called the Carrizozo Fire truck to the Doug Gott home where a wall next to a stove had caught fire.

The fire department made a speedy run according to Mrs. Gott but their home extinguisher worked even faster and the fire was under control with only small damage.

PALMER AND PAYTON RECEIVE APPOINTMENTS

J. C. Palmer, former post commander and district commander, member of Carrizozo American Legion, has received notification from the National Legion Headquarters in Indianapolis of his appointment to serve as general member of the National Americanism Council of the American Legion.

Paul Payton, Commander of Carrizozo Legion, has been appointed as a member of the Housing Committee.

Socorro issues industrial bonds

SOCORRO — Socorro City Councilmen last Friday night passed an enabling ordinance that allows the City of Socorro to issue industrial bonds up to \$20 million dollars.

The councilmen recognizing the fact that more and more industries are moving to New Mexico yearly, believed the ordinance is the best inducement for any manufacturing firm to

locate here. Several cities in New Mexico have passed such enabling ordinances with nearly 100 per cent success.

Deming, for example used their enabling ordinance to help locate a huge manufacturing plant there employing several hundred persons.

This ordinance will not burden the taxpayers in that the city only acts as an agent for the bonds.

If for any reason the manufacturing company should default on the bonds, the city

THE LINCOLN COUNTY NEWS — THURSDAY, JAN. 24, 1943

incurs not one bit of responsibility.

The bonds are small interest type.

One of the ways in which the bonds work is to allow expansion of any manufacturing plant.

For example to double its output, the money is available through the bonds. The bonds are sold to bonding companies, other firms or to individuals and the manufacturing plant is liable to them for payment.

In other action bids for the purchase of a new city garbage truck went to S&M Ford Co.

A representative of Blue Cross and Blue Shield appeared before the councilmen and explained what his firm had to offer in the way of hospitalization insurance for city employees.

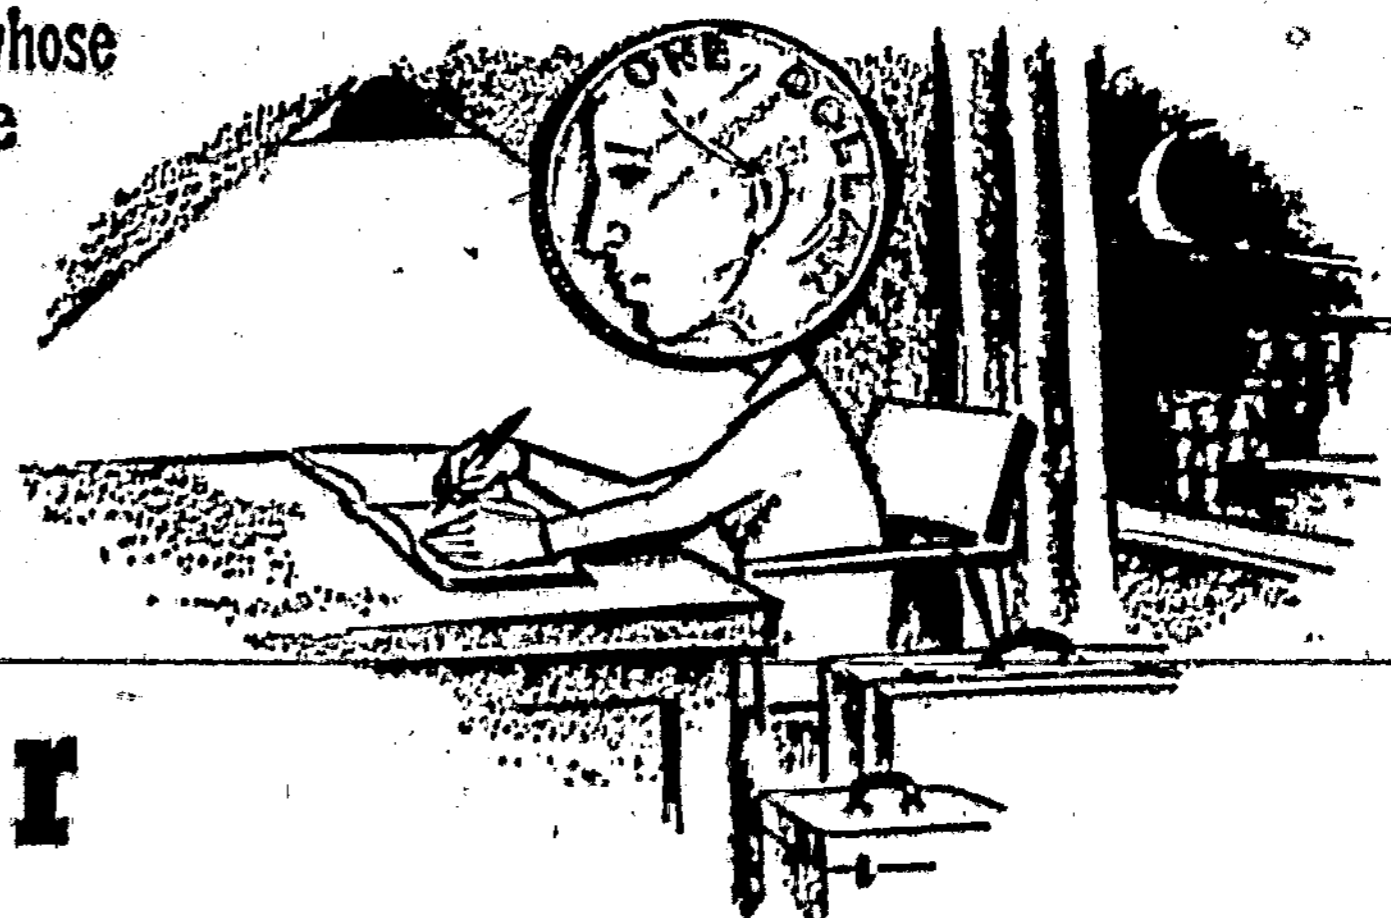

The employees themselves will be called upon to make the decision as to the type of insurance that they desire in this field.

Buy... from the folks whose community interests are the same as your own

The Diary of a Dollar

It has been a busy day. Early this morning I was swapped for some medicine for his baby by a young fellow who got me in exchange for farm produce.

- The druggist gave me to the boy who sweeps out for him, and the boy spent me to get his suit cleaned and pressed for the school party tonight.

- The cleaner took me and

some of my brothers and paid his school taxes. I was in the bank only a few minutes when a school teacher cashed her pay check and I started around town again.

- Before the day ended I had changed hands twenty times, and had put \$20 worth of goods and service into people's hands... had accounted for \$20 worth of trade volume in the community, and had been in one poker game. Not

a bad day's work for one little old dollar.

- I'd like to hang around this nice community for a while longer. But I wound up the day in the hands of a city-shopper. Tomorrow I'll be on my way to go to work for city folks. It seems that some people want to get us dollars out of their sight and reach... maybe for fear we'll make their community a better place to live.

BASKETBALL GAMES OF THE WEEK

St. Peter's upended by Carrizozo 74-73

"We lost the game. We just plain lost it."

Roswell St. Peter's basketball coach Art Martinez summed up his feelings after the Crusaders dropped a 74-73 shocker to the Carrizozo Grizzlies here Friday night.

The defeat, only the second by any New Mexico varsity high school team against the Crusaders, dropped them into a tie with Capitán for first place in the Mountain division of Dist. 5B. Both have 4-1 records. On the season St. Peter's is 13-5.

It also brought to an end a four-game winning streak by the Crusaders as well as mounting hopes for a clean sweep in subdistrict play this year.

For Carrizozo, a team with a 50-0 record this year, it was its finest win of the season, bringing its record to 6-7 for the year and 3-3 in the sub-district.

Despite many miscues the first three periods, St. Peter's almost pulled out a victory in the final six minutes, missing a shot with three seconds left that would have changed the winner's role.

Carrizozo was led by Bobby Ortiz, second best scorer in New Mexico, Ortiz, 5-9 senior, scored the nets for 28 points.

Larry Field was top gun for the Crusaders with 23 points—his personal high mark this season. Forward John Rodriguez and center Steve Bailey, the two top scorers for St. Peter's were held to 12 and 10 points respectively.

Carrizozo forged into the lead early in the third period and built up a 12-point margin with six minutes left.

The visitors led the Grizzlies, 17-12, after one quarter but Zozo tied the score at 32-32 at halftime and held a 64-48 lead after three periods.

Fields, Rodriguez and Mariano Dominguez, the last with 13 points, were the bullweathers of the St. Peter's attack. Besides Ortiz, Carrizozo had 6-5 center Billy Wrye with 13 points and Mike Voss with 10 markers.

The "B" game was practically the same as the "A" game. St. Peter's led most of the time 4-6 points, but the Cubs always came back to tie it up and even go ahead once or twice. In the end the Lancers had enough to win 52-51.

This week the Ruidoso Warriors will play here Friday night. Hope to avenge an earlier three point loss at Ruidoso earlier in the season. On Saturday the Grizzlies will take on the Jal Panthers at Jal.

Tuesday, January 29, Cloudcroft comes over to play the game snowed out Saturday night. Game time will be 6:00 to allow them to get home earlier.

January 26 the 7th & 8th grade teams host Ruidoso at 10:00 a.m.

For the season:
Carrizozo has scored 765 pts. on 290 FG & 173 out of 289 FT for an average of 58.8 per game. Opponents have scored 784 pts. on 277 FG and 230 out of 398 FT for an average of 60.3 per game.

Capitan gains tie for first in 62-35 win

CAPITAN — Peto Carabajal scored 28 points to lead Capitán to an easy 62-35 decision over Hondo here Friday night and tie for the lead in the Mountain division of Dist. 5B.

The victory, combined with a loss by St. Peter's of Roswell, gave each team a 4-1 record in the sub-district. Capitán is now 7-0 for the season.

Carabajal was the sparkplug for the winners, getting 18 of his points in the second period when Capitán broke a stern Hondo zone defense to take a commanding 27-13 halftime lead.

The visiting Eagles, dropping their fourth straight game, now have a 2-8 overall mark and are 1-3 in the sub-loop.

Hondo's defensive tactics forced Capitán to shoot from outside the free throw area. Carabajal, one of the many masters of the long shot in Dist. 5B, came through quickly to turn a tight defensive struggle into a near-out.

Bobby Ortiz leads Dist. 5B scorers

Bobby Ortiz of Carrizozo still leads Dist. 5B scoring, tallying 145 points in five league games for a 29.0 average.

In second place is Eunice's Ron Westbrook, scoring 24.0 points in his only sub-district contest. In third place is William Howard of Ruidoso with 23.3 mark followed by St. Peter's John Rodriguez with a 22.7 mark.

Scoring standings are based on average since teams in the Mountain sub-district play two more games. All but one of the top 20 averaged better than 10 points per game.

Lincoln County in Bygone Years

50 YEARS AGO

If one further hitch occurs or has occurred the old rawhide stage line or rather three of them between here and Roswell will be superseded tomorrow, by an up to date auto mail line — an auto starting each morning at both Carrizozo and Roswell.

M. S. Crockett came down Tuesday from his home on the Mesa, transacting some business here and returning the following day.

Lin Drumm this week purchased the Gurrey residence and acreage located on the Boulevard Addition. Mr. Barnum generally knows the value of a piece of property and his deal is only the beginning of many that will take place in Carrizozo now that the county seat is settled.

30 YEARS AGO

A very welcome rain descended on the thirsty earth around Oscura, welcomed by stockmen and ranchers.

School News — Junior Eaker, reporter — We have seven new pupils since Christmas. This makes 50 in our room now. Mrs. Nickles is like the old woman who lived in a shoe.

10 YEARS AGO

The Firm of Nicoll and Lewis, Contractors, have started construction of 47 miles of gravelled road leading from the Range Camp toward San Antonio. Work on the two air strips is well under way.

The New Mexico Daughters of the American Revolution is sponsoring a good citizenship contest for high school senior girls. To the one good citizen chosen from each state a \$100 war bond will be presented. Requirements for selection of the New Mexico citizen are dependability, service, leadership and patriotism. The purpose of this contest is to encourage thoughtful consideration of American citizenship by the high school seniors.

What has been described as a "mountain lion" has been seen on numerous occasions in the vicinity of North Oscura Peak by several of the military personnel stationed there. Warrant Officer M. H. Cossart has spotted the animal several times and claims it is the largest "cat" he has ever seen. Plans are being laid for the capture of the cat, dead or alive, but preferably dead.

THE LONG and SHORT

OF IT IS

OLD SIX-SHOOTERS!

Lots of people are possessed with the desire to own an old frontier-type six-shooter. If not an original, at least a replica of the ones used by the frontiersmen and outlaws, alike, during the early days when the rugged wilderness of this was rolled back for a penetration of civilization and development.

The demand has made the item very scarce, almost unobtainable, and those relentless ones are usually compelled to spend many months and oftentimes years before acquiring one of the relics, within financial reason.

Kenneth L. (Cowboy) Reese of Albuquerque was one of those dauntless souls. He searched for years, overlooking no possibility. Then one day, out of sheer luck, in a hock shop in Albuquerque, he found what he wanted. It was not a perfect weapon in its true respects, but one which would suffice after a certain amount of work had been applied to the ancient piece. After quite a bit of tinkering, he bought it, it sort of met his demands.

Once home, he commenced to place the antique Colt in firing order, cleaning it well, reworking certain damaged mechanisms and replacing others, digging off the rust and applying a factory-like finish to the metal portions, and chiseling it up in general, as a sort of prize piece. He knew nothing of its previous ownership or history.

During the renovation process, surprised, inside the handgrips he found this crude scribbling: William H. Bonney, Silver City, N. M., 1881", and 21 notches, one following the other, closely together in a sequence. The crude marking was inscribed on the left hand grip.

On first thought Cowboy surmised he had in his possession the much-sought-after weapon of Billy the Kid, which, so far as is generally known, has never been found. Research for authenticity was initiated. The Colt Patent Fire Arms Mfg. Co. came up with a record showing the gun was manufactured in 1882.

Certain legends tell us that Pat Garrett killed Billy the Kid in the home of Peto Maxwell in Old Fort Sumner on a night of July 14, 1881. Therefore, if the Kid did this crude scribbling it must have been in a ghostly fashion and with ghostly methods! And if so, why on the inside of the grip, where it remained unobserved so long! So far as is known the writing on the grip never featured in the sale of the old weapon.

Yet, according to Morrison's Alias Billy the Kid, wherein authenticated documents are presented to show that Billy the Kid was not killed that night in Fort Sumner, but lived to attain a ripe old age under the name of Brushy Bill Roberts, under these circumstances the Kid could have done these

scribbles.
The long and short of it is — it's just another one of those problematical points in the legends of Billy the Kid, and something else to argue about!

purpose of possible administration consolidation. State laws state that no school district consolidation can be affected without the consent of the local school boards.

The Board of Education took their directive from law, but without thorough knowledge of state laws and were trying to apply to consolidation, but they were in error. The State Board of Education had to back off on the Roosevelt County fracas, badly whipped.

Some of the surveys made by the State Board of Education were 30-minute affairs which hardly qualifies them to deal with any school problem.

Supt. Glen Ellison and Board President Dimmit Bond conferred with Sen. Skeen in Santa Fe Tuesday and got the straight of the school district consolidation situation.

The senate public affairs committee will start hearing Fabian Chavez three liquor bills today, a battle expected. Committees are getting into bigger bills. House is hearing criminal code revision bills, which has been in process four years.

Important Note

If Lincoln Co. people would like to have a meeting some Saturday night for the purpose of going over legislative matters with Sen. Joe Skeen and Rep. W. G. Shreengost they should make their desires known. — Skeen and Shreengost are willing to come here for that purpose.
