

Mayor W. F. Ball resigned, Voss elected to fill unexpired term

The important business of the regular meeting of Carrizozo trustees came at the end of a normal session when Mayor W. F. Ball told the councilmen that he had sold his motel and was leaving Carrizozo next week. Most of the council knew of the action but were not aware that he would be leaving so soon.

Mayor Ball stated that he had been pleased to work with the council and both he and Mrs. Ball were happy to have done what they could for Carrizozo.

Jete Voss said, "I guess we'll have to act — reluctantly". Fred English told the mayor, "I sure hate to see you go, you

have accomplished a lot". Leandro Vega got in a word, "We've liked your work". Arrell Posey said, "I'm very unhappy, wish you could stay with us, we're proud of you as our mayor". Other city officials expressed like sentiments.

The mayor's resignation was accepted — reluctantly.

Arrell Posey moved, second by Fred English, that Jete Voss fill the unexpired term of Mayor Ball. Motion carried. Voss reminded the councilmen to be thinking of some man to take the vacant seat on the council.

First order of business was going over town plats with Truman Spencer at the meeting

telling the council that the 1937 survey was in bad error, at least 65 feet off and that it could not be used. Right now the situation is that Spencer will give the town easement for water line — but neither the town or Spencer will know exactly where it is located. Spencer had recently sold 40 acres to Leandro Vega Jr., and found that part of a city street and water line was included in this sale according to the 1937 survey.

The problem is not too tough. The council has complete confidence in Tom Mann, who was here and doing survey work in 1928-29 when highway 380 was

put through. Mr. Mann has notes from that job which will help to straighten out the mess. The old 1915 survey is good and will be used as a basis. Ninety-nine per cent of Carrizozo is in Section 2. Mann will be asked to run a true line on the south side of Section 2, with quarter corners. It will be necessary to get a court order to replace a November 1953 court order to straighten out the legal tangle.

Bills were read and allowed. Occupation licenses read, approved. Clerk Edward Penfield presented a resolution to revise the current budget. Sales tax revenue has not been up to expectations was the main rea-

son for the revision which amounted to shifting funds from one department to another.

The Otero County Electric Cooperative has bought lots in Block 16 north of the old power plant extending to Highway 380. They will use this ground for storage of equipment, and want to close the alley in Block 16. The council thought the alley should be closed and will try to work out a trade — the right-of-way for power to operate three or four lights around the town, small bills that the town is paying. Jay Lester and C. L. Brown will be asked to meet with the council to work out a deal.

Wayne Withers wants some Bonito water. The town normally pumps water from Bonito Lake for a short period in February and March, cost 20c per 1,000 for such water. The council agreed to go to Alamogordo immediately to try to get a better rate, 5c per thousand thought about right.

The town needs to run 800 foot of sewer line to the new home Leandro Vega Jr. is building, with the prospect that two other homes will go up in the same area.

Audit contract received, clerk Penfield will ask for lower price.

John Harkey has asked that part of the yellow "no parking" line be removed in front of his building across from the post-office. The council agreed this should be done, Wednesday. Lloyd Vigil complained to the council that a private individual has painted a stretch of curbing yellow across from his place of business which keeps people from parking and patronizing his place. Such action is not legal. The city attorney will look into this, Meeting adjourned.

Rep. W. G. Shreengost

Progress reported on Valley of Fire

The Valley of Fire bill went through the natural resources committee. Lt. Gov. Easley has asked Shreengost to hold up on presenting the bill to the finance committee or the House for a few days until he can work it in with overall recreation program.

Socorro people were in Santa Fe, discussed the Valley of Fire legislation with Rep. Shreengost — they are for the act.

Two bills of interest to agriculture have been introduced. A produce marketing act, a complete new law, House Bill 201. House Bill 155 prohibits picketing on farms, ranches, orchards during harvest. Both are scheduled for hearing February 11 at 8:30 in the agriculture committee of the House. House Bill 201 has dual referral, will go to labor committee after agriculture. Shreengost said he felt good about both of these bills.

Everyone is asking for more money. The state board of education has asked for an additional \$11 million. Today the state department of welfare presented minimum required amount, which showed an increase of \$1,400,000, very obvious we can't let these increases go through. Several bills on revenue, but nothing out of committee or has passed either the House or Senate.

One small bill, House Bill 106, was vigorously opposed by Rep. Shreengost. It was for 25¢ tax on gross proceeds from sales of horses in claiming races, a door-opener for taxing sales of livestock. Only seven in the House voted against this bill. Shreengost was one of the 7.

Howard Williams, new owner of the Frontier Motel in Carrizozo, also owns the Frontier Motel at Alamogordo. His aunt and uncle, Mr. and Mrs. Moss from Springfield, Mo., will operate the local motel.

Lon Merchant buys 10000 acres

Mr. Lon Merchant of Capitan was the successful bidder on the state land sold at the Lincoln County Courthouse in Carrizozo Tuesday.

There was no competition in the bidding. The 10000 acres were sold for \$7.00 an acre. The tract is situated about 15 miles from Capitan. Mr. Merchant has had this grazing land leased for several years.

He said "My neighbors have appeared in force to attend the sale and to express their neighborly interest. I appreciate the neighborly interest perhaps more than any financial aid they might have given in my behalf had I needed it."

The sale was conducted by Clifford Stevenson Fields from Elida, N. M. for the state land office.

Bonnell attends national meeting

Ralph Bonnell a member of the state board of directors of the New Mexico Farm and Livestock Bureau took part in the recent American Farm Bureau Federation national legislative kickoff meeting in Phoenix, Arizona.

Some 150 Farm Bureau leaders and staff members from five states gathered in Phoenix for the sessions at which plans to implement A F B F policy in the field of national legislation were formulated.

Farm Bureau is dedicated this year, as in the past, to passage of a farm program that will lead away from government intervention in agriculture and back to the free market system. Action to implement this policy will be taken on local state and national levels during the year by Farm Bureau members.

Response so far has been good in Lincoln County. Farm Bureau membership drive getting members, signed up for '63.

The county's goal is 211. Unity is essential among farm and ranch people. We must stick together in our Farm Bureau organization and actively work to protect and maintain our way of life. Don Nicholas is leading the campaign this year as organization director and is devoting a lot of time and effort to make this drive a success. Walt Wilson, county president stated.

Founded in 1920, the New Mexico Farm and Livestock Bureau includes units in all counties except McKinley and Los Alamos.

A. W. (Bill) Langenegger Hagerman farmer-stockman is state president.

Ralph Bonnell and Mrs. Bonnell who is chairwoman of this district, and Walt Wilson attended a meeting of the State Board of Directors in Santa Fe this week and visited with Senator Joe Skeen and Representative William G. Shreengost.

Businessmen from Santa Rosa are covering state boosting no by-pass

Eight businessmen from Santa Rosa were in Carrizozo Wednesday for a noon meeting to talk up legislation which would prohibit the state highway department from planning roads which by-pass towns of New Mexico. Senate Bill No. 87 has been co-sponsored by Sen. Louis Page from Guadalupe County, Sen. Emmett Hart from Quay County, and Sen. George D. Amaya from McKinley County. The bill is not in its expected final form.

Fred Lackey

Lackey enjoys 25 years safe driving

Fred Lackey, Corona bus driver, is holding a trophy which represents 25 years of safe driving. 21 of these years with the Cedarvale school and four at Corona. His wife, Elizabeth, has served as substitute driver.

Mr. Lackey does lookout work at Gallinas Peak in the summertime. On receiving the National Safety Council Safe Driver Award Mr. Lackey stated that he had enjoyed acquaintance with all the youngsters he has hauled during the past 25 years.

Sen. Page introduces highway legislation

New Mexico communities have been asked to have representatives at a meeting in Santa Fe February 14 to encourage immediate legislation against the by-passing of communities by the major highways in the state.

Representatives from the concerned communities will meet with their state senators at 5 p.m. February 14, in the Senate chambers of the capital.

The meeting of the representatives from the concerned communities with their state senators is being arranged by the Santa Rosa Chamber of Commerce, working with Sen. Louis Page of Guadalupe Co.

Sen. Page has introduced a bill, Senate Bill 87, prohibiting the by-passing of any community without the approval of the governing body of the community.

Sen. Page's bill gives the decision of by-passing a community to the county commission in the case of unincorporated communities.

The Santa Rosa Chamber has asked civic organizations and individuals to have their local citizens discuss the economic effects a by-pass will have on their communities with their state senator. They have asked that these local citizens be at the February 14 meeting with their state senator to either support Sen. Page's bill or offer a better proposal to eliminate the damaging of numerous communities economy.

Communities throughout the state have been concerned over the proposed by-passing of their towns by the major highways. Santa Rosa is attempting to get all of the concerned communities together with their state senators to come up with the best solution to the by-pass threat.

The turnout at the polls in five Lincoln County school districts Tuesday was generally light. Supt. J. H. Morris at Ruidoso said an outstanding feature there was that more non-parents showed up at the polls than did parents. Their vote was light.

Supt. Glenn Ellison at Corona did not give a total vote count but their top man, John D. Hollyman, received the most outside of Ruidoso, so they must have had a good election.

Supt. Fermin Montes at Hondo stated they had a very good turnout. John Cooper, previous board member not serving at present, received 179 votes to top the list at Hondo.

Supt. Duane Darling reported a very light vote total of 193 at Capitan, this out of a possible 700 to 800. Sid Goodloe was high man with 150, followed by Zane Leslie with 134.

The women on the ticket had a bad day in Carrizozo, not entirely understandable. Both women candidates have been among the town's ablest and most interested civic workers but Tuesday was not their day.

Ray Wells polled 127 votes, followed by Bob Shafer with 99 with a light 204 total.

SPECIAL BULLETIN

Lincoln Co. News Carrizozo, N. M.

Mr. and Mrs. Frank E. Hodge prominent ranchers of Corona, have spent the last few months at the Hawaiian Royal Motel, El Paso, Texas.

Mrs. Hodge has been recuperating from an illness, as they basked in the beautiful sunshine.

Polio drive ends with 1088 doses given

The drive for the Sabin oral polio vaccine has been completed with 1083 doses of type 3 vaccine administered to Carrizozoans and a few people from Capitan and Corona, during the two Sundays the clinic was open.

Types 1, 2 and 3 all have been offered, with two dates for each of them. If you have missed any or all of them, you should consult your private physician.

A note of thanks is expressed to all the volunteers who contributed their time so willingly.

Skeen's Sketches For Lincoln County

As always, the most sensational legislation takes the spot light from the most important. This was the case last week when Sen. Chavez' bill (SB25) repealing minimum markup of wholesale liquors was introduced in the senate. Unfortunately the most pressing of New Mexico's problems was left in the backwash of the public eye. That problem is the financing of our schools, colleges, and state government.

However, I believe some comment should be made concerning this liquor legislation and some explanation given as to what SB25 actually accomplished.

SB25 did nothing to eliminate fair trade in the liquor industry. All it did was repeal the clause which made it mandatory for wholesalers to mark sales to retailers 17% above their cost. It did nothing about the clause that makes it mandatory for retailers to mark their sales 38% above cost.

When you take into account the fact that approximately five wholesalers control the distribution of liquor to retailers in this state, you can see that this bill did little, if anything, to lower the cost to the consumer.

It must be remembered that retailers cannot buy from out of state wholesalers under our present law, and consequently, must depend on the N. M. monopoly for wholesale services and, most important, credit. This leaves N. M. wholesalers in the position of calling the shots, so to speak, and gives them the prerogative of marking their goods above cost at any percentage they so choose.

I voted against SB25 for the above reasons. It was a "weak bill" with a lot of Hollywood glamour that accomplished exactly nothing.

I have co-sponsored a total of four bills that do more and go farther than SB25. If enacted they will eliminate minimum markup and fair trade at the wholesale level and the retail

CLYDE ATWOOD APPOINTED CHIEF DEPUTY SHERIFF

Clyde Atwood, former resident and city marshal of Carrizozo, was appointed March 1 to serve in the sheriff's office as chief deputy in Ruidoso.

Atwood was a member of the sheriff's force in 1943-51 and has had a deputy's commission since that time.

Hondo Valley to get apple canning plant

Construction will start this month on a \$250,000 apple canning and processing plant in the Hondo Valley, according to Wiley Culpepper, Ruidoso contractor.

Culpepper said the Hondo Valley Canning, Inc. plant should be in operation to process apples from the 1963 harvest.

FARM NEWS

Notes From County Agent

Substitute capital for labor, was the advice given to the fruit grower by William H. Darrow, president of the National Apple Institute.

For example he hires custom crews to prune, airplanes to dust in wet weather and sometimes custom mowing. He uses wind blast type sprays, pneumatic pruners and many more labor saving machines.

Growers in all types of farming should consider using custom work or machinery to reduce cost. He should ask "Will a custom wind mill crew save me money or will a mechanical bala handling machine cut my labor cost?"

Sovin, a carbonate type of insecticide, has been used very successfully as an apple thinner at 10 to 20 days after full bloom. This insecticide is an excellent codling moth control. Consider it when you spray.

Trace minerals such as iron, zinc, manganese and Boron, when used as a spray must be applied the first 30 days after the leaves appear. Otherwise the leaf will not absorb enough to be of use to the plant. Chelated trace minerals were used in the test.

Inspection of sheep for scabies has started in the Hondo Valley area. It is hoped that with a clean inspection the county can be taken off the quarantined status by summer. A 100% inspection is needed before the county can be cleared.

If the range flocks are not inspected now, they will be inspected at shearing time.

Internal parasites cause an 80 million dollar damage to sheep each year. These worms are generally classed into two types, flat worms and round worms. The flat worms include tape worms and flukes and cause considerable damage to the liver. They do not cause a weight loss but cause a considerable number of rejected livers at the packing house.

The round worms cause considerable damage to the sheep on irrigated pasture, but do not normally infect range flocks, due to the dry weather.

The common round worm is about 1/2 inch long and suck blood from the fourth stomach area, mainly. They cause anemia or loss of blood. If you are losing sheep cut into them and see if the fourth stomach or abomasum is chocolate or red brown color. It so you probably have round worms. In an unexplained livestock loss cut into them to see if you can note anything wrong.

For round worms, phenothroline is most effective as a drench. Other drugs can be used but they are more costly. Summer, especially August, is the worst month for infestations.

Farmers earning at least two-thirds of their 1962 gross income from agriculture must file their final Federal income tax returns and pay any taxes due by Friday, February 15, 1963. If they did not file the required estimated return by January 15, according to Clyde L. Bickelstaff, District Director in Albuquerque.

Farmers having tax questions may obtain a copy of the official Internal Revenue publication, "Farmer's Tax Guide," by calling your nearest Internal Revenue Service Office.

The Lincoln County Wool-growers elected officers for the coming year. They are John A. Cooper, President; Carol Shank, Vice President; and Bill Coca, Secretary-Treasurer.

Dwarfism is still a problem to the cattle grower. There are at least three different types of dwarfs according to Dr. Bob Rankin, N M S U Extension Beef Cattle Specialist.

The most common type is the sporter dwarf which is found in Hereford, Angus, Shorthorn, Zebu and other breeds. It can be recognized by its undershot lower jaw, protruding tongue, large belly and broad distal face with prominent eyes. This dwarf is very broad, well proportioned at birth, but never grows much, other than developing a large belly and head.

The other dwarfs are less well known, they are the compressed dwarfs, which can be recognized by the short cannon bone or short joint from knee to dew claws. The long headed dwarf has long narrow head, develops slowly and generally grows slightly larger than other dwarfs.

The other deformity is the Hydrocephalus calf, which has an enlarged head and a large amount of watery fluid in the brain area. The calf is generally dead at birth or lives only a few days. This is just now being investigated.

The group set up a committee to consider the screwworm eradication program. They are N. E. Britton, Holt Lovelace, George Simerok, Joe McKnight, Dee Proctor, R. G. Bird, Jr., Robert McDaniel, Robert Fred Corn, Bill Edgar, Fred Pfingsten, James Goodrum, and Tony Treat.

They will decide what to do about the screwworm program in Lincoln County.

Lincoln County 4-H members will judge at the El Paso Stock Show, February 7. The members chosen at the County Contest were: Lois Dunlap, Zana Hall, Wayne Dunlap, Funk Cooper, and Billy MacVeigh. Twenty 4-H members judged the six classes at the J. P. McKnight feed pens and John A. Coopers'. At El Paso they will judge nine classes.

Beauty of country shown at club meeting

The Capitan Womans Club met for its regular monthly meeting at the Woman's Club house on January 17.

After the business meeting Mrs. Leota Pfingsten gave a very interesting and informative talk as she displayed many beautiful dry arrangements. She made the women realize how much of the natural beauty of our country is overlooked by disinterest. Her arrangements made from the wood, seeds, foliage and other natural objects were entralling in their natural beauty arranged to perfection.

Mrs. Angie Provine also showed many of the natural objects which could be used in beautiful arrangements.

Delicious refreshments were served by the hostess and the women all went home determined to look for the beautiful things that comprise nature.

Alpha Delta Kappa Meets

The Eta Chapter of Alpha Delta Kappa met for its regular monthly meeting in the Capitan School Cafeteria, on January 5.

After the business meeting Mrs. Alma Sullivan, hostess, presented Mrs. Maurilda Perry who gave a most interesting and informative talk, as she showed her slides on Alaska.

Mrs. Perry having lived there and being quite an enthusiastic photographer of beautiful scenery was able to capture many unusual and impressive scenes of one of our most beautiful states.

The hostess Mrs. Sullivan served delicious refreshments from a beautifully decorated lace covered table.

March Of Dimes

Chairwoman Mrs. Lloyd Vigil today expressed her thanks to the volunteers who canvassed the community bringing in a total of \$171.04. Mrs. Vigil feels that the march was a big success.

Said that although the volunteers worked the areas assigned to them, as readily as possible that she felt some houses might have been missed and announced that late contributions may be turned over to her or Mrs. Jeto Vosa.

Golden wedding anniversary observed by Mr. and Mrs. Herbert Reddy

By Aileen Lindameed

The 50th wedding anniversary of Mr. and Mrs. Herbert Reddy held January 28, at the First Presbyterian Church of Ruidoso was well attended and enjoyed by all. The hostesses, Mrs. Harley Parnell, a daughter, Mrs. Lloyd Perry, a granddaughter and Mrs. Hebert Stuffings, a sister of Harley Parnell, left nothing undone to assure its success.

The decorations were pink and white, with pink carnations used throughout as the main theme. The table was very lovely—a hand made lace cloth, Lucky Star pattern, made by Mrs. Reddy, was used. A three tiered wedding cake made by Mrs. S. W. Stout and presented to the couple as her gift to them was a picture of beauty. It was also pink and white and was decorated in green foliage with pink carnations around the complete cake. Besides the cake the refreshments were punch, coffee, nuts and candy.

Mrs. Jesse Harris presided over the guest book during the afternoon. A group of friends took turns at the serving table and were: Mrs. Jim Roberts, Delbert Posey, B. O. Harris, W. S. Campbell, Henry T. Wicker, Jack Little, Gladys Nosker, Susie Wayman and Ralph Bonnell. Background music during the afternoon was furnished by Cleo Peterson who at one time played Mendelssohn's Wedding March for the couple to repeat their performance of 50 years ago. Lena Vance and Trudy Balcorn—also contributed—to the musical entertainment each taking a turn at the piano.

The lovely flowers and gifts presented to the happy couple by relatives and friends added a great deal to the festive occasion.

Out of town relatives attending were: Dr. Calle Monroe, Mr. and Mrs. Ed G. Reddy and daughter Bobbye Lovelace of El Paso and the Herbert Stuffings of Carlsbad.

Out of town guests were: J. W. Robinson and daughter Mrs. George Davis of Portales, Mrs. Earl Robinson and daughters, Becky and Kathy of Clovis, Jim Robinson, Jr., of Weed, Mr. and Mrs. Walter Robinson of Roswell, Mrs. Pearl Stearns, Mr. and Mrs. Lester Greer and Mrs. Randall Greer of Nopal, Mrs. Lula Anderson of Alamogordo, Mr. and Mrs. S. W. Stout, Perfecto Sanchez of Tularosa and Mrs. Maymo Perry of Glenocoe.

Corona's homemaker of tomorrow

Laurie Laney is Homemaker of Tomorrow for our school in the 1963 Search for the American Homemaker of Tomorrow. Having achieved the highest score in a knowledge and attitude test given senior girls December 4, she now is eligible, along with winners in other state high schools, for the title of state Homemaker of Tomorrow.

Laurie is the president of her senior class. She has been a member of Future Homemakers of Tomorrow, pep club, and many other organizations. The state Homemaker of Tomorrow is awarded a \$1,500 scholarship. The runner-up receives a \$500 scholarship. The school of each state Homemaker of Tomorrow is awarded a complete set of Encyclopedia Britannica.

The state Homemaker of Tomorrow, accompanied by her school advisor, also will join with other state winners in an expense-paid educational tour of New York City, Washington, D. C., and Colonial Williamsburg, Va., next spring. During the tour, the 1963 All-American Homemaker of Tomorrow and national runners-up will be named.

Basis for selection of local and state winners is a test prepared and scored by Science Research Associates, Chicago. Personal observation and interviews are added factors in determining national winners.

Cub Scout pack meeting

The Cub Scout Pack Meeting was held in the Fire Hall, January 29, at 7:00 p.m. Ray Wells, Committee Treasurer, was in charge of the meeting assisted by Mrs. Edith Searcy, Den Mother. The theme for the month was "Freedom Festival".

The opening ceremony was conducted by Den 1, Mrs. Terri Kondo, Den Mother. They showed original colored pictures of various flags of the United States and gave a brief history about each, the group then repeated the pledge of allegiance to the flag.

Den 3, Mrs. Joyce McCollaun, Den Mother, presented a "Freedom" Skit. Each boy had made a picture representing one of our freedoms and gave a brief poetic description of it, the group then sang the "Star Spangled Banner".

Mrs. McCollaun led the group in group singing which included "Happy Birthday" to the January birthday boys, Boy Baea and Gerald Wells.

Awards were presented to the following: John Casey, Den Chief, Den 2; Den Chief Cord; Steve Kondo, Bear Badge and Gold Arrow; Guy Casey, Silver Arrow; David Lock, First Year Service Star; Shawn Lock, First Year Service Star; Albert LaFave, Larry West and David Swift, Bobcat Pins. The Attendance Banner was awarded to Den 1, Mrs. Terri Kondo, Den Mother—the most cubs present with at least one parent. The Honor Banner for uniform inspection was awarded to Den 2, Mrs. Edith Searcy, Den Mother. The Boy Scouts and Cub Scouts will celebrate their anniversary February 7 through February 14. They are to wear their uniforms during that week and will be recognized at their churches on Scout Sunday, February 10. Carrizozo Hardware Co. will display Cub Scout Handicraft and Achievements during that week.

Mrs. Terri Kondo, Den Mother, resigned her position and Mrs. Myrtle White will be the new Den Mother for Den 1. The Kondos are moving out of town. A new den has been formed, Den 4, Mrs. Helen M. Lock, Den Mother. We now have 4 full dens and can't accept any more boys until another Den Mother is found—all volunteers gratefully accepted!

Den 1 served cookies and punch and the meeting was closed by the Cubs giving the "Living Circle".

Household Hints and Recipes

Pumpkin Dream Pie
1 cup whipped cream, or 1 pkg. Dream Whip with sugar and vanilla to taste, 1 pkg. Vanilla Instant Pudding, 1 cup canned or cooked pumpkin, 1/2 tsp. pumpkin pie spice, and 2/3 cup sweet milk.

Season whipped cream or Dream Whip to taste; combine vanilla pudding with cream and pumpkin, spices, and milk. Beat slowly until well mixed. Pour into baked pie shell and chill. For variations, add coconut or nuts.

Lemon-Meal Pie
2 cups sugar, 2 tablespoons corn meal—yellow, 1 1/2 tablespoons flour, 4 eggs, 1/2 cup sweet milk, 1/4 cup lemon juice, 1/2 cup melted oleo, and 1/4 teaspoon lemon-extract.

Tom together lightly the sugar, meal and flour. Beat whole eggs, blend in sugar mixture. Add other ingredients. Pour into unbaked pie shell. Bake 30 to 40 minutes at 375 degrees. (Nice for carrying to picnics, or dinners away from home—no mess.)

People are always glad to hear of new improvements in their town or community.

Mr. and Mrs. Claud Cassey have four new units built on to the Corona Motel, making ten units in all. Also a new Barber Shop which will be open seven days a week. The job was completed by Kenneth Ashcraft and his father, Clarence Ashcraft.

Mr. and Mrs. Leon Eramouspe had some improvements made on their home, a new barn was built recently at the Nalda ranch, and a new fire place at the Bagley ranch. Other improvements are planned which we will tell you about in the near future.

Keep up-to-date by reading the Lincoln County News every week. Also turn in any news you may have anytime. Make our column worth reading.

Mr. and Mrs. Jack Kilpatrick recently visited relatives in Texas, and after returning to Corona for a few days, they went to Bakersfield, California where they are visiting their son, Henry Kilpatrick and family.

Mrs. Carrol Womack, of Womack's Sweet Shop in Corona, is visiting with her parents at Sanderson, Texas this week.

Mrs. W. P. Locke, mother of Mrs. Noble Snodgrass, had as her guests last Saturday, her granddaughter and family, Mr. and Mrs. J. W. Weldon and their son, Kenny, from Albuquerque.

Mr. and Mrs. Kenneth Ashcraft are planning to move to Estancia where Mr. Ashcraft has a job constructing a building for Tillery Chevrolet Garage.

Mr. and Mrs. V. C. Waldon had their son and daughter-in-law, Mr. and Mrs. Milca Waldon of Albuquerque and their daughter and son-in-law, Mr. and Mrs. Jack Heffer from Alamogordo here visiting them the past weekend.

Mr. and Mrs. Ronnie Ellison of Hobbs are new neighbors living on the Pope Brothers ranch a few miles southwest of Cedevale, and about 13 miles west of Corona.

Mr. and Mrs. Gene Roper of Clovis wish to announce the approaching marriage of their daughter, Mildred, to Airman 3/C Billie W. Meeks of Cannon A.F.B. Mr. Meeks is the son of Mrs. Vivian Rogers of Vaughn.

By Eileen Willis

The Capitan F. H. A. Chapter met January 24 in the Home Economics room.

We were entertained with a program given by the Home Ec II class. There were four speeches; Loyalty, Responsibility, Forgiveness and Faith in Family Life. These were given by Karen Haley, Pam Hall, Lucy Lujan and Eileen Willis.

There was also a humorous skit given by the Home Ec IV class illustrating the usefulness of a budget. There were two family scenes "The Handout" and "Discussing the Budget". Stars of the skits were Margaret Taylor, Betty Lou Jones, Janice McKnight and Ida Zamora.

March 15 is the date we have set aside for our annual F. H. A. Talent Show. The time, cost of entries, and etc. will be stated later. Please save March 15 for us!

Our chapter is planning a Valentine's party for February 14.

Capitan girls are ordering F. H. A. pins so everyone will know we belong to the organization of Future Homemakers of America.

Booming enrollment, space shortage demand increased operating funds

SANTA FE — New Mexico's colleges and universities, faced with booming enrollments, a shortage of classroom space and hard competition in the search for qualified faculty members, are asking the legislature for increased operating funds for the next year.

Budget hearings for the universities opened Monday before the House Appropriations and Finance and Senate Finance committees, meeting jointly.

There had been indications the New Mexico Board of Educational Finance would come under fire from the college officials. This Agency, which reviews proposed college budgets and then makes its own recommendations to the legislature, has had tremendous influence over the final state level of spending for higher education in the past.

The institutions' original request for state funds and the amount recommended by the BEF for 1963-64 include:

- University of New Mexico \$6,972,500 and \$6,063 million;
- New Mexico State University \$5,879,418 and \$4,625,800;
- Highlands University \$1,527,529 and \$1,263,000;
- New Mexico Western College \$1,208,164 and \$963,000;
- Eastern New Mexico University \$2,124,183 and \$1,829,000;
- New Mexico Institute of Mining and Technology \$1,175,445 and \$1,015 million;
- New Mexico Military Institute \$552,778 and \$153,000.

Total requests by the institutions for next year were \$19,443,631. The BEF recommends \$15,623,500.

For 1964-65, the institutions requested \$22,577,231. The BEF recommends \$17,933,900.

Tex Barron named manager of track

CARLSBAD — Tex Barron, manager of the New Mexico State Fair the last four years, says he will resign to become general manager of the Ruidoso Downs race track.

Barron was tentatively hired Tuesday by the Ruidoso Downs Racing Association in a meeting in Carlsbad.

Barron said he will submit his resignation to the State Fair Commission as soon as his job at the Ruidoso track is approved by the New Mexico Racing Commission which meets in Carlsbad February 4.

Barron's resignation may create problems as Gov. Jack M. Campbell has not yet named a new State Fair Commission to replace the old board which resigned.

Barron succeeds W. L. McDonald of Artesia, who has been acting manager of the Ruidoso track since it closed at the end of the 1962 season.

The 1963 season opens May 15 and continues through Labor Day.

Barron, 40, started as assistant manager of the New Mexico State Fair in March 1958. In November 1958 he was promoted to the top job.

Barron declined to say what his salary would be at Ruidoso, but said it was a good offer. As State Fair manager he received \$15,000 annually.

Jack Dillon of Albuquerque, former chairman of the State Fair Commission, said Tuesday night he was surprised at Barron's resignation. Dillon resign-

A Family Affair

In a town where the streets are rolled up every night at 9:30, no shows, no bowling, no summer recreation, no bird-watching and no singing in the barbershop . . . a new-comer might get the idea that there is nothing much to do. And that would be an erroneous thought.

There is a world of things to do, all of which tie a person to the town, make it seem like home, and can make for a better town.

On the days when you are feeling left out, let down, blown away, no friends, nothing to do — you can get over that feeling by walking up to the Chamber of Commerce president and telling him you'd like to help make Carrizozo a better town. You'll immediately have your mind put to a task that will help both of you (you and your home town).

On the days when you think maybe that Texas, Kansas or Iowa is a better place to live — you can get over that feeling by approaching any one of the city council members. You'll find they need help, much help in several projects going on for the good of the town. You'll have a chance to help yourself and your town.

When you drive by a place that looks bad, and makes you feel depressed . . . don't stay that way. Do something about the cause of your depression, offer your help to one of the civic organizations, the woman's club, the Scouts. Your help is what is needed to make your town one that you are proud of — it's a family affair living in Carrizozo.

Quoting The Coaches

"I think the basketball season is too long by two to four weeks," says Bud Keehan of St. Mary's. "I would be in favor of the season ending sometime in February. This would give us more time for track and baseball. In a school our size where the boys have to double up on all sports it makes it hard. You finish basketball and the next weekend you find yourself in a track meet and the boys haven't had time to get in shape for track."

Coach Keehan has other coaches in agreement with his thinking. This has been a rough season,

several games weathered out and rescheduled on early week days. Legislation to shorten the basketball season will require 25 percent signing of a petition by schools of the state. Such action would make for a more rounded athletic program in Lincoln County where track will keep more boys in action than does basketball.

Campbell Stalling

It will be a miracle if the Enchanted Land comes through the '62-63 years without permanent damage that will take years to repair. Our governor is stalling on several vital issues. First in preference is a balanced budget, instead we face a red-lettered ledger book in New Mexico.

Next, not necessarily preferred but necessary, is tax means to cover expenditures. The governor is stalling. He throws Kornegaya's (chief tax commissioner) tax equalization plan right back in his face — why? . . . because it's about as unpopular politically as any job could be.

New Mexico is a state with great potential for future growth and development — it needs a governor who will do today what has to be done today. Instead of stalling around a year to save a face that smiles at every politician.

Dear Mr. Payton
By way of introduction, I'm a commercial artist and a postulant to the Enchantment of New Mexico. I'm also a subscriber to the Lincoln County News.

In my source files I recently came across some Lincoln-esque alphabets — I thought of the L. C. N. — and concocted the enclosed strip.
I hereby offer it to you not out of mediocrity, but as a free, small gift, to be used (or not), as you see fit. If you do not see fit, forget the whole thing!

At any rate, continued good luck and good news to you and to the good Lincoln County News!

Respectfully,

BEER IS A NATURAL

As natural as the wholesome grains and tangy hops from which it is brewed, beer is New Mexico's traditional beverage of moderation — light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the good living it provides for so many folks in New Mexico. Not only for employees of the Brewing Industry itself, but also for the farmers and other suppliers of beer's natural ingredients. In New Mexico, beer belongs — enjoy it.

Peter Hertzog has published a small booklet titled "Little Known Facts About Billy, The Kid". Contrary to general belief there were never any wanted posters put out for The Kid. It is said that the Murphy faction in Lincoln offered a reward for him after the ambush of Sheriff Brady; but, as far as the general populous was concerned, they saw only the reward offered for him as it was printed in 1890 in the Santa Fe New Mexican and other territorial papers.

Another quote from "The Kid". Before the year 1873 there are no records of the existence of Billy, the Kid; at least, there are no published records. No one knew where he was born, where he was raised, who his father was, where his mother was married, or anything else about him.

WILL HARRISON'S

LIQUOR INTERESTS STILL HAVE LOBBY

SANTA FE — Pancho Padilla's banishment from the legislature only slightly crippled the liquor interests who are still represented by lobbyists stronger and more effective than the indiscreet Padilla.
Paul Case, publisher of the official Beverage Journal which lists monthly the legal minimum prices on all alcoholic beverages which have been under fire in the legislature, and lawyer Dean Zinn, Santa Fe expert on the complex liquor law, are the major representatives of the hooch business in Santa Fe.

SOLONS OFFERED BUT NOT ENOUGH

Padilla, president of the New Mexico Retail Liquor Dealers Assn., stirred some anti-liquor feeling in the House by publicly popping off about owning the legislature but it will still be surprising if this legislature does anything about liquor reform.

In the Senate Padilla's talk about having bought the legislature changed just one vote. The day before he sounded off the Senate voted 13 to 14 against Fabian Chavez' measure to break the law that maintains the highest priced liquor in the nation in New Mexico, and the day after he popped off they voted 17 to 15 against the same bill.

REPUBLICAN VOTE INTERESTS CAPITOL

Rivalling Padilla in capitol interest was the vote of the four Senate Republicans, three to one against the liquor reform measure with State Republican Chairman Joe Skeen among the nay voters.

Sens. Vince Lee of Otero and Robert H. Holcomb of Sierra also voted against the measure with only Bill Duckworth of Clovis in the Republican quartet supporting the reform.

CARLOS TRUJILLO GETS A RIVAL

An officer in the Gov. Jack Campbell administration said at the first of the week that Carl Folkner, sales tax director in the John Burroughs administration, would come in as assistant director under Carlos Trujillo of Taos.

Trujillo's appointment to the \$10,200 job set off a lot of talk by those who remembered that Trujillo was one of the candidates who ganged U. S. Rep. Joe Montoya in 1960 when the late Sen. Dennis Chavez tried to beat Montoya with Gene Lusk of Carlsbad.

Folkner's selection for assistant in the sales tax office set off speculation that he would succeed Trujillo in the top job later.

MORGAN CONSIDERS MORE JOB CUTTING

New Corporation Commissioner Murray Morgan says the commission is in messy trouble in some divisions which will

have to be corrected "one way or another." That probably means more lay-offs in addition to the seven let out in January.
Pete Baca, commission controller for 10 years, has shifted to a job in the bureau of revenue. Rolla Buck of Alamogordo who replaced him, is in a hospital here with serious car-crash injuries.
Ken Miller, Demo chairman of Pct. 33 in Albuquerque, who was recently employed at \$630 a month as assistant to Buck, is handling the office.

SENATE BRUSHES OFF CLINT FAVORED BILL

The state Senate has given a brusque brush-off to a primary repeal bill introduced by Sen. Ed Mead of Albuquerque and said by him to have the endorsement of U. S. Sen. Clint Anderson.

The committee considering the bill wouldn't approve it and when the chairman suggested a subcommittee for rewriting the measure the members nominated wouldn't serve.

SALES TAX RISE GAINING FAVOR

Gov. Jack Campbell's rejection of the property tax as a source of new money has strengthened the feeling in the legislature for increasing the sales tax for 2 per cent to 3 per cent to raise part of the vast sum needed to get the state out of the hole.
The sales tax and the complementary compensating tax would produce about \$24 million new money if increased 50 per cent. Even that much wouldn't be all that is needed.

The legislature would probably have raised the sales tax already were it not for Governor Campbell's determined and often expressed opposition to the levy. He stood against a sales tax increase as speaker of the house in 1961 and '62 and again as candidate for governor in 1962. It would be extremely difficult for him to accept the tax after all that he has said.

SISTERS REQUEST BIG LAND SALE

Concha Ortiz y Pino de Klovin and her sister Mela Ortiz y Pino de Martin have petitioned the land office to buy 63,839 acres of state land in the Ortiz y Pino ranch near Galesteo for \$6.50 an acre. They claim improvements on the state land worth \$155,000, which any other successful bidder would have to buy from them.
Land Commissioner Johnny Walker is having the land appraised for possible auction.

How Can I Stop Women?
A sales clerk went to the manager with a problem. "How," he ask, "can I stop women customers from complaining about our prices and talking about the low prices in the good old days?"

"Very easily," replied the manager. "Act surprised and tell them you didn't think they were old enough to remember them!"

APPOINTMENT TO THE SHEEP SANITARY BOARD

Last week notification was received from Santa Fe of the appointment of Mr. Leon Erramoupe to serve on the Sheep Sanitary Board. Mr. Erramoupe attended college at the NMSU, and served four years in the U. S. Navy. Since serving in the Armed Forces, he has been engaged in the ranching business with his father, John Erramoupe. Being a native sheepman all his life, we feel this fully qualifies him for the appointment on the board.

126.9 below is world record low

When you are shivering these cold days you might cheer yourself up by thinking of the poor Russians at a Soviet antarctic station called Vostok.

That's the coldest spot in the world. The U. S. Weather Bureau says the thermometer there registered a global record by slumping to 126.9 below zero on August 24, 1960.

As for the North American continent, the most frigid weather ever recorded was a mere 81 degrees below zero. That happened February 3, 1947 at a forlorn airport station called Snag in Yukon Territory, Canada.

The record cold for the U. S. was 76 below at Tanana, Alaska, in January 1896. Of course, Alaska wasn't a state then.

Guess which state has never experienced below-zero weather. Not Florida, as you might expect, but Hawaii. Its record cold was 18 above zero at Hala-kala, February 9, 1941.

The mercury dipped to minus 2 degrees at Tallahassee, Florida, February 13, 1899.

California has a lot of element climate, but it can get mighty chilly up on those hills. Lowest for this state was 45 below January 20, 1937, at Boca.

Here are the record lows the Weather Bureau lists for some other states:

- Colorado, 60, Feb. 1, 1951, Taylor park.
- Idaho, 60, Jan. 18, 1943, Island Park, Dam.
- Maine, 48, Jan. 19, 1925, Van Buren.
- Michigan, 51, Feb. 9, 1934, Vanderbilt.
- Minnesota, 59, Feb. 16, 1903, Pokegama Dam.
- Montana, 70, Jan. 20, 1954, Rogers Pass.
- Nevada, 50, Jan. 8, 1937, San Jacinto.
- New Hampshire, 46, Jan. 28, 1925, Pittsburg.
- New Mexico, 50, Feb. 1, 1951, Gavilan.
- New York, 52, Feb. 9, 1934, Stillwater Reservoir.
- North Dakota, 60, Feb. 15, 1936, Parshall.
- Oregon, 54, Feb. 10, 1933, Seneca.
- South Dakota, 58, Feb. 17, 1936, McIntosh.
- Utah, 50, Jan. 5, 1913, Strawberry Tunnel, east portal.
- Vermont, 50, Dec. 30, 1933, Bloomfield.
- Wisconsin, 54, Jan. 21, 1922, Danbury.
- Wyoming, 63, Feb. 9, 1933, Moran.

A number of these bone-chilling temperatures were recorded by using unpaid volunteers known as "cooperative weather observers." The Weather Bureau has some 14,000 of them.

They are civilians who do the job for the love of it and for the gold lapel pin, with 3-point diamond, which the Weather

Ford Division announces three-way guarantee for A-1 used cars

Bureau awards them after 50 years of service.

Blizzards, floods or hurricanes can't prevent them from fighting their way outdoors to read their official thermometer or precipitation gauges. They have been chased by moose and menaced by rattlesnakes.

Observer H. R. Kleinschmidt ran into a bit of trouble at Rogers Pass, Mont., that cold morning of Jan. 20, 1954. His official thermometer, in its louvered shelter 30 feet from his house, couldn't take it. The liquid in it retreated into the bulb.

But Kleinschmidt had his own personal thermometer, tacked to the north side of his house. The heat from the house warmed a bit, but it read 68 degrees below zero.

The Weather Bureau had both thermometers shipped to Washington for study. By scientific deduction, it was decided that the official temperature at Rogers Pass at 2 a.m. that day was the lowest official mark ever recorded in the then 48 states.

The Weather Bureau sent Kleinschmidt a new thermometer capable of recording down to 75 degrees below zero.

The highest official temperature ever recorded in the world was 136.4 at Aziza, Libya, North Africa, Sept. 13, 1922.

As for the North American continent, the record is 134 degrees. This was set July 10, 1913 at the Greenland Ranch in Death Valley, California.

The traveler in one of the more arid plains of the Southwest asked a native, "Doesn't it ever rain here?"

After reflecting a moment, the native replied, "I wouldn't say it never rains here. Remember the story about Noah's Ark when it rained for forty days and forty nights?"

"Sure do," replied the traveler.

"Well," said the native, "we got a quarter of an inch that time."

Ford Division of Ford Motor Company and its dealers today announced a three-way guarantee for A-1 used cars and trucks covering a maximum of 25 months, the longest such guarantee ever offered used car buyers.

N. M. F. & L. Bureau to meet

SANTA FE — The board of directors of the New Mexico Farm and Livestock Bureau will meet here February 6-7 with county Farm Bureau presidents and county legislative chairmen, president A. W. "Bill" Langenegger, Hagerman farmer-rancher, announced today.

The meeting has been called, Langenegger said, to review legislative matters of importance to New Mexico agriculture and to the state as a whole.

"There are a number of legislative matters of special interest to agriculture as well as issues of a more general nature which are of interest to us as citizens of New Mexico," Langenegger said. "Farmers and ranchers are just as interested in taxation, Constitutional revisions and the like as anyone else in New Mexico. It is important that we look these things over and make our views known so that the legislators will have a better understanding when the time comes for action, and so that we, too, better understand various measures."

The meeting will be held at the Desert Inn Motel and will be the regular quarterly board session.

Tularosa too strong for Carrizozo, 65-53

The Carrizozo Grizzlies found Tularosa to be strong when it counted as the visitors took a 65-53 decision over the Grizzlies here Friday night in an inter-league basketball game.

Tularosa, leader in the Eastern division of Dist 4B, was led by David Walker, 6-1 senior who scored 18 points for the winners and hit six straight jump shots at the end of the third period and start of the final quarter.

Carrizozo, led by Bob Ortiz who had 23 points, drove to an 18-13 first period lead but Tularosa came back to take a 39-28 margin at halftime.

With Walker scoring from 15 to 18 feet out, the visitors went into a 44-36 lead going into the final quarter.

Ortiz had help from Mike Voss, who had 13 points and Cosmo Gallegos with 11 points. The Grizzlies are now 7-10 on the year.

Capitan nips Hondo, keep cage hopes alive

HONDO — Capitan eked a 44-37 decision over Hondo in a Mountain Division Dist. 5B basketball game here Friday night.

David Silva led Capitan with 13 points as the winners continued their quest for a possible first-place tie with Roswell St. Peter's.

Capitan is now 6-2 in the sub-district; 9-7 on the season and in second place, one game behind St. Peter's. Hondo, upset winner over Ruidoso Monday night, dropped to 3-3 on the year and 4-10 for the season.

Capitan took an 8-7 lead in slow first period and then went out to stretch the margin to 23-15 at halftime. Hondo rallied to cut the lead to 23-20 after three periods and at one time late in the third quarter trailed by only one point.

Eloy Torres was high for the losing Eagles, getting 10 points.

Ortiz sews up top spot in '62 Dist. 5B scoring

Carrizozo ... 18 10 8 17—53

Bob Ortiz of Carrizozo continued his fine scoring efforts and has practically sewed up the Dist 5B scoring race for the year.

With little more than two weeks left in season play, Ortiz has a 20.7 average on 214 points in eight games. In second place is John Rodrigue of St. Peter's with a 22.3 average, followed by William Howard of Ruidoso with a 21.9 mark.

The best scoring of the season took place last week with 24 players having 10-point or better averages.

Mountain-District players control the first four spots in scoring with Hagerman's John Sparks being high for the Plains teams with a 17.8 average.

Crusaders gain tie for title

The St. Peter's Crusaders gained a tie for the Mountain Division championship in Dist 5B with a rousing 60-58 decision over Carrizozo in a District basketball game here Saturday night.

St. Peter's thus ran its record to 17-7 for the season and 8-1 in the Mountain sub-district. The Crusaders need only a win against Capitan next week to sew up the crown.

Mariano Dominguez, relegated to sixth man most of the season, came into his own against the Grizzlies, scoring 21 points to lead the Crusaders. It was Dominguez' personal high as a performer for the school.

Center Steve Balloy had 18 points for the victors while John Rodrigue scored 16 points, John Grzelachowski had 11 points and Larry Fields 10 points.

Carrizozo had only two men in double figures. Bob Ortiz, leading Dist 5B scorer, made 24 points in a losing effort while teammate Cosmo Gallegos tallied 14 points.

Ortiz was hounded by Fields most of the game, scoring only 12 points the first three periods and the Crusaders put a four man zone and let Fields wander with Ortiz.

The Crusaders took a 17-14 first period lead and held the margin to 42-27 at halftime.

A furious third quarter saw St. Peter's break open the game as it tallied 29 points while holding the cold Grizzlies to a meager six markers.

Both teams substituted frequently the final quarter as Ortiz tallied 12 points to lead the Zoo attack that final eight minutes.

Carrizozo's loss dropped them to 7-11 for the season and 4-5 in district play.

In a B-team game St. Peter's took a 53-40 decision with John Jennings leading the Crusaders' reserves with 11 points.

Ray was converted at an early age in the Methodist Church. He and his family came to New Mexico in the early twenties and homesteaded near Coyote, Ray worked a while at the Thornton grocery store in 1942. He was employed with the S. P. railroad for a while also worked on the Bar W Ranch.

TELESTORY

The two campers were nearly exasperated attempting to get rid of the mosquitoes in the tent. Every attempt failed. Finally they got into their sleeping bags and pulled a blanket over their heads to keep the mosquitoes away.

Peeking out a few minutes later to see if they had left, one of the chaps noticed a few fireflies. "It's no use, Bill, we might as well give up. They're looking for us with lanterns now."
