PRESIDENT KENNEDY ASSASSINATED

Tragic chain of events mark long weekend

Living Americans will not forget the weekend of November 23, 1963. On Friday, November 22, at 12:30 p.m., three shots rang out on the streets of Dallas, Texas, where President John F. Kennedy and Mrs. Kennedy were enjoying the cheers of thousands of Texans who lined Dallas' streets for the parade.

In a matter of 30 minutes President Kennedy was dead and Lyndon B. Johnson had been sworn in as the 36th president of the United States. Next in line of succession is the Speaker of the House.

Injured was Gov. John Connally of Texas, riding in the same car with the president.

Lee H. Oswald, 24, was caught after shooting and killing a Dallas policeman and charged with the assassination of the President. Evidence gathered by Monday seemed sufficient proof that Oswald was a double killer.

The nation and the world was plunged into mourning.

In a bizarre a turn of fate as national television ever witnessed, the man who allegedly shot President Kennedy was himself shot in the stomach, with much of the nation watching on TV and while held by each arm by Dallas policemen.

The killer of Oswald mingled with news, radio and TV men in a crowd near noon as Oswald was being moved to the county jail in Dallas. He stepped about four paces, pulled a gun and shot Oswald who died 30 minutes later in the same hospital where President Kennedy died.

John Fitzgerald Kennedy was buried Monday in Arlington National Cemetery, following a pontifical requiem mass at noon.

Leaders of all nations in the world except Red China.

As over the nation, special services were held in Lincoln County for the late president and business places and schools closed Monday.

President Johnson, one of the most experienced politicians in this nation, and very top majority leader of the senate before becoming vice president, will address a joint session of Congress Wednesday.

The heart of the nation goes out to the Kennedy family — and with Lyndon Johnson in his great task of leadership.

SERVICES HELD FOR LATE PRESIDENT

Lincoln County News
Dear Sir:
I would like to subscribe to the Lincoln County Newspaper. I don't mean the Ruidoso paper. I mean the Lincoln paper, here in Lincoln.

As you may know I'm one of the local boys. I've got a lot of relatives and friends here in Lincoln County. I was born here in Lincoln County and have been away for a long time. And for that matter I would like to know what's going on here. I used to get your paper, a while back, and I'd like to have it again. So please send it to me. I don't know what the price is for it but I'm sending you \$5.00. If it's any more, please let me know. And if it's less add it to another year. And tell me how much more I owe you.
Yours truly,

Lytles adopt Korean girl

A little seven-year-old Korean-American girl from Seoul, Korea, is the proud possessor of a mother, father, two brothers and a sister her own age.
Two weeks ago Amy Elizabeth Lytle was Park Soon Bok, living in a Korean orphanage. Today her home is at 622 Montgomery Street in Clarksville, due to the untiring efforts of the Rev. and Mrs. William P. Lytle, Amy's newly adopted parents.
The Lytles became interested in adopting a Korean-American youngster through the Holt Adoption Program in Clatsop, Oregon. Mrs. Lytle said the Holt became vitally concerned with the fate of the thousands of "G I babies", adopting eight themselves.

Subsidy proposal by Alaska senator might restart N. M. gold industry

SANTA FE — The gold mining industry may return to New Mexico after a 30 year absence depending on the passage of a pending U. S. senate bill.

The bill, introduced by Sen. Ernest Gruening, D-Alaska, would offer gold miners a subsidy between costs of production of gold today and in 1940 — the peak U. S. production year.

New Mexico now mines only about \$200,000 in gold annually — about 400 pounds of the precious mineral. Most of the state gold mining is done at the Kennecott copper mines in Grant County. Gold is a by-product in copper mining and is separated from the copper ore by electrolysis.

William F. Darmitzel of the N. M. Mining Association told United Press International, "the bill could have an effect on the state's gold mining."

The present price of mined gold, Darmitzel said was set in

1934, the last time the price for gold was increased. Since then, rising costs and taxes have forced gold miners out of business. One only major gold mining firm remains in business in the country — the Homestake Mining Corp.

Chief purpose of the bill, Darmitzel said, is to put more gold back in the nation's coffers. Proponents for the measure say it would also reduce unemployment in many states.

But compared to the uranium, copper and potash mining ventures in New Mexico, Darmitzel said gold mining will always be secondary.

The present U. S. price for gold is \$35 an ounce. Grant County was the leading state producer, with the last year's tabulated total taken from the county reported at \$116,788. The state in the latest report produced \$22,427 in gold.

Lyndon boosts state Democrats

SANTA FE — The elevation of Lyndon Johnson of Texas to the White House elevated New Mexico Democrats' hopes for 1964 to the point that they are cocky about sweeping everything.

It is too early to appraise the effects of the change in the presidency but there are some things that are self-evident.

MANY RESIDENTS LIKE JOHNSON

The state Democratic leadership is closer to President Johnson than it was to President John F. Kennedy, and more nearly unified in standing with him.

Republican Barry Goldwater does not stand in contrast with the moderate Lyndon Johnson as he did with the much farther left John F. Kennedy.

Johnson has some larger degree of popularity than Kennedy with the large share of the New Mexico population that came from Texas or thinks Texas.

RELIEVES DEMOCRATS OF CHURCH QUESTION

The Protestant Johnson at the head of the ticket will relieve the local Democrats of a religious situation that threatened to be extremely harmful in the 1964 election.

There would have been not only the Catholic president running, but Catholic Joe Montoya, for the Senate, Catholic Jack Campbell for governor, and possibly Catholic Fabian Chavez for

one of the House places. John F. Kennedy's church was a severe handicap to him in New Mexico in 1960.

HELPED JOHNSON IN LOS ANGELES

Some Democratic leaders think New Mexico will be recognized immediately in patronage for the new administration.

New Mexico stayed with Johnson against tremendous pressure in the Los Angeles convention and Johnson hasn't forgotten.

Just the fourteenth of this month he told New Mexicans attending the conference on Equal Employment in Los Angeles of his gratitude for the New Mexico loyalty.

Page, who in turn introduced the models. Miss Sherrill Perkins furnished the music during the show.

In the senior division, Lynda Garren, Roswell, was top senior and Barbara Kelly, Roswell, runner up.

C of C planning for holidays

Ray Gabehart, president of Carrizozo Chamber of Commerce, attended the Forest Service auction of Christmas trees at Capitan last Thursday where he bought 300 white fir and Douglas fir Christmas trees in sizes ranging from four to eight feet.

Base boxes are being made now and in a week or so Carrizozo downtown section will be lined with Christmas trees — something new and different for the holiday season. Business people along the streets will add lights and decorations.

Money for this unusual set of holiday decorations was provided by the Town of Carrizozo with the C. of C. doing the work of getting the trees bought, boxes made, and trees planted in the boxes.

Five buyers attended the sale, bidding was brisk in the sale conducted by Ralph Solother, district ranger. Gabehart lost out in the bidding by the tree and the only way he could get in, with the budget for the holiday decorations, was to buy an entire block of trees, Block E on East Capitan Mountain, about 11 miles north and east of Capitan.

The trees are being sold because growth is too thick in this area.

STANLEY MARTINS HAVE DAUGHTER

Mr. and Mrs. C. O. Efurd of Corona are the proud grandparents of a new granddaughter born November 19 to Mr. and Mrs. Stanley B. Martin of Roswell. The baby weighed 8 pounds and one and a half ounces, and was named Stana Ball. Mrs. Martin was the former Miss Jan Efurd, a 1938 graduate of Corona high school.

COWBELLE ORGANIZATION MEETING DECEMBER 3rd

A coffee for the purpose of organizing a Cowbelle chapter in Lincoln County will be held in the home of Mr. and Mrs. Tom Knight on Dec. 3, at 2:00 p.m.

Anyone interested in the promotion of beef is invited.

Eight free shows at town fire hall

The Carrizozo Chamber of Commerce has done much planning for the coming holidays. Ways to decorate the town were discussed and result is that Christmas trees arrived in Carrizozo Sunday and in fairly short order will be planted in boxes to line the streets.

Entertainment of the youngsters has been planned by the C. of C. and four free shows have been scheduled in the fire hall. There will be two shows each day at 10:00 a.m. and 1:00 p.m. The first show, "The Day the Earth Stood Still", will be shown Saturday, Nov. 30.

Notes To Merchants

Because of business places being closed Monday, and the News coming out early for Thanksgiving, it was not possible to distribute "Coke cards" to all places that might want them. Call 14 Wednesday and Trudy Baker will make delivery of the cards to you.

No ticket is necessary to attend any of these shows. Carrizozo youngsters, as many as possible, are asked to attend the morning show to make room for out-of-town youngsters who want to attend in the afternoon.

You can have refreshments too, your favorite soft drink, by picking up one of the free Coke cards from your favorite merchant. Nothing to buy to get your Coke card, just present it at the show and you get refreshed.

Turkey served on Wednesday

A regular Thanksgiving dinner with turkey, dressing and all the trimmings will be served in the school lunchroom Wednesday, November 27, from 11:20 a.m. until 12:20 p.m. Everyone is invited.

Funeral services were held in Los Angeles and burial was made in the family plot in Evergreen Cemetery in Carrizozo on November 19.

William Odean Evans

William Odean Evans, age 56, passed away very suddenly at Capitan on November 20. He was employed at Ft. Stanton Hospital, before coming to Ft. Stanton he was a contractor in the house moving business at Roswell.

He is survived by one daughter, Mrs. E. Rite, Lovington, one son, Sonny Evans, also of Lovington.

Funeral services were held from the Mason Funeral Chapel on November 22 and burial was made in South Park Cemetery.

FUN IN THE OLD TOWN TONIGHT

The IOOF hall was crowded to overflowing the first night of recreation of young people of the area. Square dancing, round, oblong and stuff was the

agenda for the evening with Fred Hinger of the state department of education making the calls. It was a gaffe occasion with the only need being more space and more things to do for the youngsters who couldn't get on the floor. (News Photo)

Holiday Note From Years Ago

The Outlook man had the pleasure last Sunday of being a member of a party who motored to the Gran Quivira. The party left Carrizozo at eight o'clock in the morning, and after a pleasant trip punctuated by no punctures or other automobillous mishaps, reached the prehistoric spot shortly before noon. Lunch was soon in progress and then the coast was clear for exploration among the ruins of the ancient pueblo. One thrilling feature of the examination of the vicinity was the unearthing of parts of a human skeleton. The blanched ribs and jaw of an adult were brought to light, bearing mute testimony of a time long past, the sole remains of a race which once held sway before the Mexican conquistadores ever set foot upon this ancient domain. The jaw bone was brought to Carrizozo and is arousing much comment on account of certain dental peculiarities, though it is unmistakably a human jaw.

Those in the party were Mr. and Mrs. T. E. Kelley, Mr. and Mrs. S. L. Squier, Mr. and Mrs. T. O. Luster, Mr. and Mrs. H. B. Dawson, Mr. and Mrs. Dan Tiffany, Mr. and Mrs. Robert Hoffman, and Messrs. Ed. R. Kelley, C. F. Redfield, S. F. Miller and H. C. Franklin.

The weather proved excellent and Mr. Miller was able to get some fine pictures of the party and the ruins, scenery of the country-side, etc. The roads are in splendid condition with the possible exception of some sand near the Gran Quivira, which did not prove at all difficult to negotiate.

All desiring to avail themselves of a visit to this famous relic of the days that were, will find the trip a genuine pleasure, and the ruins themselves have a charm which is irresistible.

Alto Country

By Alison Lindameed

Mr. and Mrs. Valton Hall, formerly of Calvert, Tex., have arrived to make their home at La Junta Ranch near here. They are the owners of the ranch located west of Sun Valley and hope to be open for business around Dec. 15. They will have guest houses for rent there. Having seen how lovely the view is from the rental guest houses as well as the fire places and other appointments in the buildings it will be easy to direct people there from Alto.

C. E. Degner of Carrizozo stopped by Monday on his way home from Ruidoso.

Mr. and Mrs. C. H. Floyd of Los Angeles were here Thursday and we enjoyed a lovely visit with them. They lived near here in 1923, knew the Luck family well, who had the store and P. O. at Alto for many years. They had been looking over the area and were quite surprised at the change in both Alto and Ruidoso.

Mr. and Mrs. Robert Williams are home after a hunting trip to Amarillo and surrounding areas.

Work on High Country Lodge was begun last week. It is located on a five acre tract near Alto, on highway 37 a little south of us on Eagle Creek. Charles R. Rumbaugh and Mrs. Rumbaugh own the land and construction will be under their supervision and will be done by G. A. and S. L. Jones contractors of Ruidoso.

The 32-unit lodge was designed by Richard T. Bowers of Ruidoso and the completion date is May 1, 1964. All units will have two bedrooms, living room with fireplace, kitchen and bath and all electric heat and each unit will have a private sun deck. There will be a heated swimming pool and also outside recreation area including tennis courts and other such facilities.

Mrs. Louis Raines and son Ricky were in Roswell Wednesday.

Thursday morning we had a light and very wet snow in Alto and Ruidoso. Before it was over chains had to be used to get up Alto hill from Ruidoso. When the sun came out the snow disappeared quickly and dried the pavement.

The group included: Bessie Groves, baritone; Linda Stearns, soprano; Charlene Hemphill, 1st alto; and Bonnie Payne, 2nd alto.

They also sang with the High School chorus at a special assembly to welcome representatives of State Department of Education on Wednesday.

(The following narrative was told to Mrs. Ella Sidwell by her father-in-law, Wylie Sidwell, who is now 80 years old. He and his mother, dad and sisters came from Ean Saba, Tex., and lived in N. M. In those days, many families traveled around the country in search of a place they thought would suit them, and it was during those travels that this incident occurred. Mrs. Sidwell lives today in Carrizozo.)

By Mrs. Ella Sidwell
I don't recall the exact day of the week, or the date, but it was sometime during the late summer of 1894 that my dad and mother and I were traveling in Arizona. We were going from Flagstaff and were on our way back to Texas. It was getting close to noon, and we figured it was time to stop and rest a while. So, we found us a shade

tree and mother began unloading the fixins' for our dinner. Meantime, dad saw some deer tracks, and we decided to find us a little fresh meat for our meal. We hunted awhile and directly we came upon the prettiest stream of clear water you ever did see. It being a warm day, we thought we'd refresh ourselves and climb down the bluff to the stream.

Now the other side of the stream was surrounded by steep

Now you see it. Now you don't. When a Chevy II does that kind of disappearing act you know without looking twice: It's a '64 with a V8 engine. That's right. A full-grown 156-hp Turbo-Fire V8. It's available for the first time this year along with a choice of three other engines—the standard 4 (in 100 Series sedans), the standard 6 and a new 155-hp 6. (And all of them maintain their high spirits on modest amounts of regular gasoline.) But the changes aren't confined to what happens when you slip into the driver's seat. There are new styling features like the tasteful grille design and trim accents, for instance. And the larger self-adjusting brakes that further reduce upkeep on a car that already has a reputation of coming about as close to perpetual motion as anything on four wheels can get. The place to get the full details on the '64 is your Chevrolet dealer's. And after you've got them, we hope you'll attend to one further detail yourself. Drive it.

Sixty-nine boys at Flying BR

The Flying BR, the home of New Mexico Boys Ranch, is situated on the east bank of the Rio Grande in Northern Socorro County, nineteen miles south of Belen, and fifty miles south of Albuquerque. The Ranch is comprised of approximately eight hundred acres of irrigable land and two thousand acres of range land.

Nestled in Bosque Valley, bordering the Rio Grande, the New Mexico Boys Ranch is ideally situated, surrounded on three sides by mountains. To the west is seen Ladrone Peak, to the north the Sandias, and the Manzanas to the East.

The boys are housed in three buildings. The Ranch cared for sixty-nine boys during the past year. Other buildings include a combination kitchen and dining room, two metal barns and two housing units for employees.

The Flying BR is stocked with a herd of registered Black Angus cows, hogs, dairy cattle and horses.

In this physical set-up, Boys Ranch offers a constructive program of training for honorable and responsible citizenship. Boys come largely from broken homes or families of unfortunate circumstances. None are barred because of race color or religious creed.

Each boy accepted must be in good health, deserving and in need. The mentally and physically handicapped cannot be accepted, since funds and facilities are limited.

Here the boys are trained in ranching and farm work and other vocational fields to develop the boy's individual aptitudes and talents. The boys have won many awards in livestock shows and FFA competition. They attend public school in Belen, and participate in extra curricular activities.

The general atmosphere at the Flying BR is that of "one big happy family." On Sunday, each boy attends the church of his religious faith. The Boys Ranch program is for kindly care and constructive service to the youth of New Mexico who need so much of our help and interest. New Mexico can take great pride in the Boys Ranch and all can help tremendously by adopting the New Mexico Boys Ranch and giving to it as generously as possible.

After several years of ups and downs, Boys Ranch is well es-

tablished. New Mexico Boys Ranch was founded in 1944 as a place where boys could be taken off the streets, out of impossible environments, and given a chance for a fair start in life.

Its staff members believe that is filling a real need. The boys are receiving training and guidance during the most important years of their lives. The ultimate goal of the staff and directors is to expand its facilities so that this advantage can be offered to more boys who need the services of New Mexico Boys Ranch.

The Christmas Letter Campaign for funds is now in progress. This Christmas Campaign provides more than a third of our budget for the care of the boys at the Ranch. Without the funds from the Campaign the work of New Mexico Boys Ranch would of necessity be greatly reduced which, in turn, would mean fewer boys cared for. When you make a contribution to the Ranch, some boy is better off for your generosity. When you fail to give something, needy boy will feel the lack of help. So right now, before something else interferes, mail your gift to New Mexico Boys Ranch, Belen, New Mexico, or put your gift in the envelope in the Christmas letter you will receive.

Nogal Canyon

By Roselle Dunlap

Nogal residents are still shocked by the terrible tragedy that has befallen our nation. No one can express their sorrow and grief properly, but I know everyone joins me in my prayers for the new president, Lyndon Johnson, and for the family of John F. Kennedy.

Also we have those here at home who have lost loved ones in the past week. Our sincere sympathies go to the families of Albert Gnatkowski and Earl Crumley.

We received our first snow of the winter Thursday. Although it wasn't much, it did let us know that winter has arrived.

Welcome to some new residents of Nogal. Mr. and Mrs. Kenneth LaMay and baby have moved into their trailer house which was formerly occupied by Mr. and Mrs. Dale LaMay. Kenneth is working for the Mountain States T & T in this area for awhile.

Angle Province, Willie Mae Hobbs and Roselle Dunlap went plover hunting Tuesday afternoon.

Mr. and Mrs. Ralph Dunlap attended the Farm Bureau meeting at the Ralph Bonnell home Tuesday evening. The Ratcliff brothers played their numbers they will do at the State convention at Albuquerque Tuesday evening. Good luck, boys.

Mrs. Dean Boyd helped the women of the Nogal and Captain area organize their Cowbelle group Wednesday. They met in the home of Mrs. Eleanor Jones and chose the name "Cholla" for their group.

Lola Dunlap missed school last week due to a severe cold and sore throat.

Mrs. L. R. LaMay is out of the hospital now and is staying with her daughter, Mrs. Faye Wooten, in Carrizozo.

Mrs. Faye Wooten is busy these days trying to get her new addition in order for the upcoming holidays.

Mr. and Mrs. Odell Barber and family are now living on his mother's ranch. His mother is Mrs. Cora Dutton. Several from Nogal attended

the joint church services held at Ancho Sunday night.

Mr. and Mrs. Ralph Dunlap and family were Sunday dinner guests of Mr. and Mrs. Bill Shreengost.

Mr. and Mrs. Wayne Hobbs and sons visited Mr. and Mrs. Ralph Dunlap and then on to the mesa to visit Mr. and Mrs. Claude Hobbs and family and Mr. and Mrs. "Fat" Hobbs and family. Mr. and Mrs. "Fat" Hobbs were here to attend the funeral of Earl Crumley.

Mr. and Mrs. Joe Nagy, Jeanine Johnson of El Paso, and Mrs. Paul Aguayo of Belen were here last week to be with their mother, Mr. L. R. LaMay who was in the hospital.

Mrs. Ralph Dunlap and Wayne attended the 4-H meeting at Captain Monday. Wayne was elected president of the club.

Jesse Peacock and sons of Lovington were hunting in the Nogal area last week.

Mr. and Mrs. Opal Jones of Dora were also weekend hunters. Opal was fortunate to bag a bear.

Not too many deer were taken out of this area. A lot of doe were seen but very few bucks. The bucks that have been taken are nice and big.

Mr. and Mrs. Enoch Dillard took Mr. and Mrs. Henry Bush to Ft. Bayard Wednesday. Henry entered the Veterans Hospital there. Mr. and Mrs. Dillard and Mrs. Bush returned home that same day.

Mrs. L. R. LaMay entered the Carrizozo hospital Thursday afternoon. She is reported to be doing better.

The Nogal UPW met in the home of Mrs. Ralph Dunlap Thursday afternoon. Plans for the annual Christmas dinner were made and a special Thanksgiving service held. The Christmas dinner will be held at the Dunlap home Dec. 12.

Special guest at the meeting was Paul Westberg of Corona. The hostess served cherry and apple pie with whipped cream and coffee and tea.

Mrs. Dean Boyd and Mrs. Ralph Dunlap went to Ancho Wednesday afternoon to meet in the home of Mrs. Vernelle Hightower. Mrs. Boyd, who is vice president of the State Cowbelle organization, is trying to orga-

nize a chapter here. The Ancholadies have decided to organize a group and will meet in the home of Mrs. Nancy Knight in the near future for this purpose. Several ladies were present and enjoyed the delicious refreshments served by Mrs. Janice Gnatkowski and Mrs. Vernelle Hightower.

Glenneth and Johnny LaMay, Mr. and Mrs. Ralph Dunlap, Lois Dunlap, Janet Greer, Edward and Leon May, attended the teenage dance in Carrizozo last Wednesday. A good time was had by all, with an attendance of about 150 teenagers.

Mr. and Mrs. Dave Alexander and granddaughter, Linda, visited with Mr. and Mrs. Jack Robinson in Tularosa Monday. Betty Galloway of T or C was an overnight guest of Mr. and Mrs. Dave Alexander recently. Her daughter, Shirley, stayed with Zana Hall in Captain.

Mrs. Mary Ondick of Philadelphia, Pa., was here the past week to attend George Ondick's funeral. George was her uncle. While here she received word that a nephew in Denver, Colo., had passed away suddenly. His funeral was Saturday.

Mrs. Pearl Stearns received word from Mrs. George Wandell that they arrived in San Antonio fine and were planning on a fishing trip soon.

Mr. and Mrs. Mert Zumwalt had all their children and grandchildren home but one last weekend. Those present were Mr. and Mrs. Glyn Zumwalt and two children of Socorro; Mr. and Mrs. Lloyd Zumwalt and baby of Nogal; Mr. and Mrs. Jerry Kennedy and son, of Lordsburg; Mr. and Mrs. Ted Zumwalt and two daughters, also of Nogal. The only ones absent were Mr. and Mrs. Gary Snider and baby of Indiana.

Word was received that Mrs. Virginia (Floss) Zumwalt of Artesia is improving after having to enter the Carlsbad hospital again.

Mrs. Bobby Dan Crenshaw of Las Cruces stayed with her parents, Mr. and Mrs. Ed Guck last weekend while her husband went hunting in the White Oaks area.

Mr. and Mrs. Dave Alexander went to Roswell Saturday. Gladys again Tuesday to see the doctor.

Mrs. Lena Kennedy and Mr. and Mrs. Ben Quinn left for Abilene, Texas, Thursday where Betty was to get a check on her leg. Then they journeyed on to Dallas to see Lena's and Betty's sister, May, who has been ill. Mr. and Mrs. Enoch Dillard are caring for their place during their absence.

Mr. and Mrs. Sam Quinn of near Abilene, Texas, were Nogal visitors Friday. They were enroute to Albuquerque.

Mrs. Opal Greer and Mrs. Gladys Alexander attended Rebecca Lodge Thursday night. Gladys was elected Noble Grand for the Coolora Lodge for the coming year. Her Vice Grand will be Mrs. Faye Wooten.

Mr. and Mrs. Glyn Zumwalt and family of Socorro stayed the past week with his parents, Mr. and Mrs. Mert Zumwalt.

Mr. and Mrs. Ed Guck are very proud of their son, Mick, and his company, Mick, who entered the Army September 3, is stationed at Ft. Polk, La. He sent the following information:

Company O, 2nd Training Regiment, BCT, Ft. Polk, have broken all U. S. Army records by having the highest score ever made in their physical tests. They also scored high in their proficiency tests with an average of 93 out of a possible 100. Mick's score was a 97. Mick is training to be a clerk-typist.

Mr. and Mrs. Ralph Dunlap attended the Farm Bureau meeting in Captain Thursday. They enjoyed the talk on cloud seeding very much.

Mr. and Mrs. Ralph Dunlap and family journeyed to Roswell Saturday to see the movie "Fantasia". Yours truly saw this movie in her early teens and had never forgotten it.

Mrs. Doratha Zumwalt and Mrs. Ralph Dunlap were business callers in Roswell Friday.

Thanksgiving Day

let us be ever thankful

A hearty turkey dinner, with friends and loved ones around us — these are the traditions of Thanksgiving. Since that first Pilgrim feast, Americans have had much to be thankful for, in the whole way of life, with its God-given abundance and hard-won freedom.

We join in heartfelt thanks for the great blessings bestowed upon this nation . . . and we extend to you and yours, our sincerest wishes for a happy holiday!

Gordon suggests closer relationship

As I write this column, this 23rd day of November, 1963, I feel quite saddened as I am sure all of you who read this are too. It is a sad and unhappy day, this day after the president of our United States was assassinated. We who live in a country that has not experienced war on our own soil for many years do not often think or realize that such a tragedy could happen to our country.

In a Democracy such as we have in this country many different types of people and organizations are allowed to think and believe as they choose. Our government maintains a large and very strong internal security agency. This agency tries to keep track of all of the subversive activities that take place and are taking place in our country. Even so it's easy to understand how one person, who probably was deranged of mind, could be goaded into attempting to perform such a tragedy as has happened.

Realizing that the assassin in this tragedy was one person in millions, we can see that our internal police forces have a very grave and responsible position. These forces need all of the help and consideration that we the citizens of our country can give to them. If we the people allow ourselves to sit back and allow corruption and subversion elements to infiltrate our country, our government and ourselves, then we may well expect such a tragedy as has happened.

A closer relationship between the different political factions in our country, local, state, and federal is well needed. The education of our people must be fully exploited. Through this the moral standards of our people could be raised. To quote a famous saying "United we Stand, Divided we Fall". I think that on this coming Thanksgiving Day we might all give thanks for the freedom that we who live in a democracy enjoy!

I will dispense with the normal literature of this column this week. I'm sure all of you feel too, the sorrow that I feel this day.

Capitan News

By Margaret Rench

I, at this time, extend my sincere wishes for the happiest and most grateful Thanksgiving with God's blessings to everyone.

Thursday, Nov. 21, out of a clear sky we had a light mist followed by light snow which melted as fast as it fell. But from Capitan we can see the White Mountain snow cap and far down the mountains it is white. The temperature has fallen and makes us realize the season. The high winds finally have the trees bare. We have had a dry mild fall as well as summer. Moisture is badly needed.

Sharon Wilson entered the Ruidoso hospital on Nov. 21, to undergo surgery for tonsilectomy, on Nov. 22.

Mr. and Mrs. Nelson and family are new residents in the Huey house on Central Fourth St., the former A. W. Luck home. They came from Minn. They were here in August and put in their applications at Ft. Stanton. They started to work there on Nov. 18, Mr. Nelson as an orderly and Mrs. Nelson as an aide. Welcome to our community. We hope you will enjoy your work and home here.

Mr. and Mrs. Ralph Solether and boys will be spending Thanksgiving weekend in Albuquerque with his folks.

It has been reported that

little Ridge Bowden is in the hospital, very ill with pneumonia. My wishes are for a speedy recovery.

This law will be enforced.

We have so many stray dogs that they are a menace to our community. Everyone knows that. You can hear them at night fighting for food. Be certain to read the above and try to understand.

Welcome to Wayne and Gale Wright who moved here from Las Cruces, on Nov. 17, to work on the Sonny Wright ranch. She is the former Gale Grimes who was employed as checker at the Cummins Grocery.

The Arnetts were called back to Calif., due to serious illness of a relative who passed away. They are making their home at the Flatley residence on West 2nd. Welcome to Capitan. May you have every happiness here.

Mrs. Sellars' home is in the process of sale and has been for some time to Mr. and Mrs. Fred Whitley of Albuquerque, who will make their home here. They lived here some time ago.

CHRISTMAS — 1963

That wonderful time of the year when we celebrate the birth of OUR SAVIOR is less than a month away. Most of us use this time to express our love of one another — families and friends — by sending gifts and expressions of love and good will by means of Christmas cards.

The Post Office Department, for the first time, in 1962 issued a special Christmas stamp. This is being done again this year. The stamp shows the Christmas tree at the White House.

Your Lincoln County Postmasters join in asking that you shop and mail early. With your cooperation in mailing early and often during the day we can move the mail which we will have in such large quantities.

Santa Rita pupils attend Mass

A third Mass at 10 a.m. on Monday, Nov. 25, was offered simultaneously with the actual funeral Mass in Saint Matthew's Cathedral in Washington, D. C.

Let us give thanks

For the dawn as it comes slowly over the hill, with the birds waking and starting to sing;

For giving us the noon-tide, when the sun stands high and the clock strikes so that people rush to dine;

For the quiet afternoon, when the sun moves lazily westward to set in majestic glory;

For the evening when the night begins to tuck us in and a moon beckons us out to watch it settle;

For the stars, giving a brilliant welcome to lovers in the crisp, cool air;

For the land on which we thrive, and the goodness we get from it;

And when we grow weary of treading through fallen leaves, or plunging into the snowdrift, or imbibing the spring's sweetness; we offer thanks for the home we may go to, and for the care and comfort we receive from the guardian placed in our homes;

For the country we live in, and the freedoms we enjoy;

For the people who are our friends, neighbors, and fellow countrymen.

For all of these, and much more — we offer our ardent thanks! —

Esther M. Mishler

— The Quiet Hour —

A Tribute To John F. Kennedy

People in the small town of Carrizozo, county seat of Lincoln County in New Mexico, were moving along about their business as usual during the lunch hour Friday. Such a small town does not suddenly erupt at 12:00 noon as would a city like Dallas, Texas. Few youngsters from school go home to lunch, some business people decided to eat out and at that point — Carrizozo became even more quiet than usual.

Pat Voss was coming to Paul Ortiz' cafe just as Dick Parsons stepped out of his car, also going to eat. Dick had just heard the radio . . . the President

has been shot. It was only moments until all people in town were alert to the tragedy, and were listening to radio or TV for further details.

Close to an hour later when it became known that our President had died, all activity in the town died right along with him. It was a shock here, as across the country, because John F. Kennedy had made a friend of most people in the land . . . possibly all people with only one exception. This man, reported dead as this is being written, could not have been a human being as we know people in Lincoln County because he took

the life of another human.

It was only a few months back that the News editor went to White Sands to witness President Kennedy's visit to the Missile Range. The President was, among friends everywhere he went in New Mexico. We sat in the bleachers as his car drove up, a matter of only 10 or 15 feet from this great man . . . only he didn't act too much as one might think a president would.

President Kennedy was friendly, relaxed, and seemed glad to talk to the people around him and shake hands with a great many civilians and service men.

We were impressed, not so much with his greatness but more with his humility and actions that were much like anyone else you might know.

The world and the United States must go on — our great country will continue to grow and prosper we know — but the memories of this soldier who died in the service of his country will live with the present generation for the rest of their lives.

We know we can speak for all Lincoln County people when we say — God rest John F. Kennedy. He did his best on this earth.

Been viewing this wool make it yourself thing for three years now and am real alarmed that the art of needle work is lost in Carrizozo. Nary an entry from these parts when the rest of the county and all of Chaves will be represented.

Engine 3251 Westbound February 1928.

An old engineer's register of arrival and departure came to light when the old Southern Pacific depot was torn down to make way for the new structure. Lot of history in this hand written ledger.

The first entry in the book is for February 21, 1928. Engineer Clouse and Fireman Robertson brought engine 3251 into Carrizozo after a trip of 9 hours and 15 minutes. They arrived at 11:35 p.m.

Lots of trains into Carrizozo on that date according to the register. Randa Strauss brought in Engine No. 3658 at

There are a lot of good Samaritans in the world, at least two right here in Lincoln County. The letter writer, Tony Putschler, is State vice president, Missouri Valley Association of Fire Chiefs. Here is his letter.

My Dear Friends:
I take this opportunity to again say thank you for your humble kindness you have shown me and my wife, by letting us use your feed lot to keep our two little Mexican Burros over night, on our way home from El Paso, Texas. More nice people like you, sure could reduce our present world crisis, which we are facing today throughout the world. Again (Thank you) and God Bless you both.

Sincerely yours,

The '63 football season was officially closed last week in as nice a way as anyone could desire. All the Grizzlies seated in front of whopping steaks, cooked just right, along with coaches, chain gang, announcer, teachers, and other people who contributed to the successful season.

Supt. J. T. Clegg started the banquet with appropriate words, "Having the champions here makes me feel like a champion". C. E. "Curly" Burns said the suspense for stay-at-homes was terrific when the team was on the road. Welcome Armstrong, president of the QB club, reminded the Grizzlies that it took as many people on the sidelines making the game go as it does boys in uniform. Johnson Stearns was remembering the time when Laabs left Wisconsin (ahead of a posse) and Bode was run off the reservation by Osage Indians, both events leading up to fine football in Carrizozo. Readers who don't know — Laabs and Bode are Grizzly coaches. Johnson also thanked old Bar W for keeping the officials straight, with the added comment that the only time this announcer ran out of words was when he ditched his plane in the Pacific Ocean.

Mal Peirce, Lions Club vice president, had congratulations for the team and everyone connected with it. Paul Payton had a reminder about how much the fans enjoyed Grizzly plays. Sheriff Glen Bradley and Marshall Choncho Morales were at the game in Santa Cruz. Glen heard a little girl say, "There's our Choncho", a compliment if ever a man got one. State Policeman Fowler Knoblock had a fine compliment for the team and the town. "I'm glad to be here, the spirit and cooperation in Carrizozo is as good as I've found anywhere. Fowler and daughter were driving along the street, hour was late, the daughter spied Choncho parked in his police car and asked her daddy what he was doing. Dad replied

and daughter said, "He's just like God, he's everywhere".

Leandro Vega, Jr., undersheriff, complimented both boys and coaches. Announcer Truman Spencer said there were a lot of things on the field he could see from the squirrel's nest that people on the ground couldn't see. One thing he couldn't see that night was "Hard-head" Baker, member of chain gang along with Emil Strohmeyer and Fred Chavez. Emil said he went to a football game years ago, never went back again until Laabs and Bode arrived. Fred, member of the school board, extended congratulations to the team and the cooks.

Welcome and Ruth Armstrong friend steaks, big and tender — lots of applause and thanks to these two.

Principal Vernon Marr said the gate take in Carrizozo was never below \$300 and top was over \$500. Much better than Santa Cruz did with a championship game on its home field. Vernon said the lady teachers had a pat on the back coming, they helped at the gate at all home games, as well as the men, McCollum, Lawson and Wagner.

Coach Bernie Laabs introduced his helpers, Darrell Bode and Troy Sadler. The executive who can pass on the work and still get credit is a success in life, said the coach. Other people in school help too. If the kids were flunking I'd be in a helluva spot.

Troy Sadler feels like the Grizzlies will be at the top next year. Bode was chiding Burns some about his hair (Bode is the "before" and Burns is the "after" applying hair restorer). Bode thinks the '63 team our best defensive unit.

Coach Laabs sort of wrapped up the evening by saying this year's squad was the most cooperative of any since I've been coach at Carrizozo. Some of these boys have played on two championship teams. The youngsters are especially well behaved on trips and represent Carrizozo in the finest way possible. A standing ovation greeted Coach Laabs as he sat down.

Mike Voss, co-captain and quarterback, responded for the team by thanking the ladies, Lions, Rotary, Chamber of Commerce, teachers, doctors, officials and all those who helped.

The Ruidoso State Bank is holding its 10th anniversary on Sunday, Dec. 1, from 1 to 6 in the afternoon. They have new electronic bookkeeping to show off as well as a new office arrangement.

They had a man from the deep, deep south, as MC for the "Make it yourself with wool" contest in Corona Saturday night. The first words spoken to open the style show were, "Yo' all rise for the invocation," spoken by a gentleman named Vrasberg.

Roy Harman was the 1st caller, J. R. Sterling the 3rd caller,

and A. T. Roberts the 2nd caller for the trains going out, two less than came in on February 21.

Other days that time of year were about the same, maybe 3 or 4 more trains in and usually a train or two in more than departed.

On February 29, 1928 Engineer Wingrove and Fireman Cazler had racked up 313 miles of travel when the average per month looks like 250 miles more or less.

This old ledger was brought to the News by J. N. McDaniel and we thank him. Probably the best final resting place would be in the Carrizozo library, if they can find a place.

"THE BOOK OF LIFE"

"And I saw the dead, small and great stand before God; and the books were opened: and another book was opened, which is the book of life: and the dead were judged out of those things which were written in the books, according to their works." (Rev. 20:12).

Many good ideas would be lost except for books. But some books are bad. They are Satan's tools. The world would be better had they never been written. Like the books burned by converts to Christ in Ephesus (Acts 19:19), many should be destroyed so they cannot destroy. Creeds, catechisms, disciplines, manuals, articles of faith, and all other humanly compiled dogmas are but religious weapons of destruction. They destroy unity, peace, faith, and prohibit the answer to our Lord's prayer for oneness (Jno. 17: 20-23). There has never been such a book written but what the world would have been better off without it.

We will not be done with books, however, even when we leave this world in death. God's books will confront us even in the judgment. Our lives here will be measured by what is written in his books — the Old Testament to judge those who lived during the time it was in force, and the New Testament to judge those of us who have lived, now live, and shall live while it is in force.

The third book which we will have to face in the judgment is the "Book of Life" — a roll (register) of all the names of God's children from the beginning of time. These in God's family (church) — 1 Tim. 3:15) have their names written in it. In each generation the names of those who are members of the Lord's church (Heb. 12:22, 23), who "fear God" (Mal. 3:16, 17), and who are "true laborers in the gospel" (Phil. 4:3), have their names written in that book.

The names of unfaithful children are blotted out (Psa. 69:28; Rev. 3:5; 22:19). Let us see to it that our name is written in this book and that it stays there.

Third annual bull performance test underway at Tucumcari substation

New Mexico's third annual bull performance test now underway at NMSU's Northeastern Substation promises to be the best yet in numbers of bulls and uniformity of condition and conformation. This is the opinion of County Agent Ralph Dunlap with the Cooperative Extension Service at NMSU. The testing program at the Northeastern Substation near Tucumcari is sponsored jointly by NMSU and the N. M. Beef Cattle Performance Association. Bobby J. Rankin, Assistant Animal Husbandman with the NMSU Extension Service, supervises the beef cattle testing program. Objective of the program is to identify animals and families that are superior in growth rate, feed efficiency and beef conformation.

The educational value of the test lies in publicizing the importance of measuring and selecting beef cattle for economically important traits, animals that are superior in growth rate and conformation tend to pass these characteristics on to their offspring. Hence, finding the superior animals is a prerequisite to genetic improvement of beef cattle. Different herds. A certain testing station such as the one at Tucumcari can accomplish this, provided the tests are properly set up. Bull calves are brought to the testing station shortly after weaning and fed for 140 days under closely supervised conditions. These conditions provide the same feed, care, and handling for all bulls on test, attempting to give each bull an equal chance to demonstrate his gaining ability. Often, the question is raised as to whether a bull that makes an outstanding record on the test was held up prior to the test and started at a lightweight so that all his growing would be done during the test. County Agent Dunlap adds, The Tucumcari Bull Test provides several safeguards against such practices. First, all test entries must weigh at least two pounds per-day-of-age when they are delivered to the station. This screens out thinner or lighter bulls that might have an unfair advantage. Second, all bulls are fed for three weeks at the station before the test actually starts. This adjustment period reduces differences in fill, gets all the bulls on feed well, and allows thinner bulls to catch up some before the test starts. Third, all bulls are scored as to how far they are at the start of the test. Any big differences can readily be seen in the published records of these scores. Fourth, lifetime weight-per-day-of-age is emphasized as well as average daily gain during the test. A bull that is high in one of these traits should also be fairly high in the other. If not, his record is subject to question. Fifth, narrow limits on ages are enforced. Three months is the maximum age difference allowed within a test group.

By County Agent Ralph Dunlap

"Performance records are most useful for comparing cattle that have been treated alike within a herd," the county agent points out. "Here there is less chance for differences in environment to affect the records. However, many cattlemen wish to compare bulls raised in dif-

ferent herds. A certain testing station such as the one at Tucumcari can accomplish this, provided the tests are properly set up. Bull calves are brought to the testing station shortly after weaning and fed for 140 days under closely supervised conditions. A Great Loss

By Lora Arvin
 The United States of America is grieving over its great loss, Mr. Kennedy, our president and leader has passed away. While we, the people of the United States, and people of all nations ponder the loss of his great leadership, high officials in Washington are bustling about with strained faces, and working on the many problems of this country.

There is one thing we are certain of — that his leadership and ambition, just as every great leader has, his head was set. He fought long and hard for what he thought was right.

Lyndon boosts state Democrats

(Continued from page one) but how he does it will determine his political strength in the southwest.

One with Johnson's background and geography might appear awkward in driving for the Kennedy tax reduction, the Kennedy conception of medical care, the Kennedy civil rights program and Kennedy foreign aid.

The new President could lose much of what he is starting with in the southwest if he gives up his own identity and becomes an extension of John F. Kennedy.

CLINT MORRIS CLOSE TO LEJ

Sen. Clint Anderson is very close to President Johnson and so was Sen. Dennis Chavez.

It was demonstrated when Chavez stayed with Johnson for nomination for president over his fellow churchman, Kennedy.

Rep. Tom Morris of Tucuman is also close to the President, probably through their common relationship with the late Sam Rayburn.

JOE MONTOYA IS BENEFACTOR

Major benefactor from the apparently improved Democratic prospects seems to be U. S. Rep. Joe Montoya in his quest for the Senate place held by Republican Ed Mechem.

With Tom Bolack apparently out of the picture as Republican candidate for governor and \$50 Million Anderson of Roswell

waiting for another year, all the Demos but Montoya appeared safe before the Kennedy assassination.

Developments of the past week have now made Montoya a favorite in the estimation of many of those reckless enough to try to appraise the political situation at this date.

ENTHUSED DEMO OFFERS BETS

The ascendancy of Lyndon Johnson to the presidency thrilled some Democrats beyond the point of good manners.

One, who formerly held a high appointive office in the capitol, was offering odds-on bets on Montoya as the next president was being buried.

LYNDON JOHNSON COULD CHANGE

They think that with the moderate Johnson as a candidate the legs will be cut from under the conservative Goldwater who has a huge New Mexico following.

That, of course depends on whether Johnson stays moderate. He could excite more conservative opposition than did Kennedy if he picks up the late President's program.

President Johnson is not the type to carry off that kind of performance in the manner of President Kennedy.

Tough Problem

How hard it is for a rich man to enter Heaven concerns us less than how hard it is for a poor man to remain on earth.
