Gov. Campbell splits with buddies over proposals sent to legislature

SANTA FE — Gov. Jack Campbell, an oil lawyer himself and chairman of the Interstate Oil Compact Commission, is in a quiet but serious dispute with New Mexico oil interests over the spending proposals that he sent the legislature.

Campbell braced Fred Moxey, secretary of the New Mexico Oil and Gas Assn., in the Gate of Spain restaurant in Santa Fe, and within the hearing of many accused him of trying to scuttle his program.

Writers and diners heard him say at one point: "You may run the legislature but you can't run me."

THINK CAMPBELL GUESSED TOO HIGH

Moxey and many in his organization think the governor has over-estimated the state income for next year and fear that their industry will have to pay off much of the difference. The oil business carries a huge share of the state tax load.

Moxey published and distributed a leaflet showing that Campbell's proposed spending will run \$600,000 above Campbell's own estimate of income and would mount to \$5.5 million in another year.

THREE HELD THE SAME JOB

Another who has been shooting at Campbell's spending is Charles C. Loveless, Republican state representative and Roswell oil operator, who formerly held the same job that Moxey is in.

An interesting aspect of the row is that Campbell also is a former secretary of the New Mexico Oil and Gas Assn. He held the job early in the 1950 decade.

The governor called in Marshall Rowley of Artesia, president of the oil association, to work on Moxey but if he did anything to change Moxey it hasn't shown.

\$77,000 SURPLUS IN BEAUTY FUND

The state board of cosmetology which has a list of 20-odd fees it charges girls trying to make a living as hair-dressers and manicurists has accumulated a surplus that will stand at \$77,000 at the end of June and is projected to go to \$93,000 in another year.

The real estate board has accumulated a surplus estimated at \$76,000 at the end of the business year and \$84,700 a year later.

The contractors' licensing board will have \$219,000 at the end of June and an estimated \$237,000 a year later.

BUILD UP HOARD FOR NO PURPOSE

These and other regulatory boards charge more fees than they spend and accumulate money far beyond any foreseeable need.

In the past some surplus accumulations have been snatched by the legislature for the state's general account, and in one instance at least the regulatory fee has been made a part of the state revenue system with only a small part going back for the regulation the fee is intended to cover.

Wayne Withers reported on equipment at Corona emergency landing field. Considerable equipment available for cost of getting it transported to Carrizozo. The council will meet with FAA officials next Tuesday to determine if this equipment will meet airport requirements.

It was found necessary to spend approximately \$15,000 for repair of water lines over and above the \$25,000 bonds issued last summer. This 15M was drawn from several town funds and the council is of the opinion that the funds should be replaced, and the only way possible is to sell more bonds. The council did not bind itself to such a sale but will have Stern Bros look into the matter.

The town has received a request to have the old Plaza Hotel torn down, because it is a fire hazard to adjacent buildings. The Plaza is the building next to "Shorty's Place", with word "rooms" painted on front. The owner lives in Roswell, and has said he plans no repair of the building, rather intends to let it fall to pieces.

This is only one of several such buildings. The council was not in agreement how the matter should be handled. Legal advice was needed and not available. No action taken.

Attending the meeting were Mayor Jete Voss, Councilmen Buster Simoot, Leandro Vega, Fred English and Arrell Posey. New Town Clerk, Nellie Baker, who replaced Ed Fenfield, Marshal Choncho Morales and Judge Friday Sherrill.

HALF MILLION, NO REGULATION

That's the half of one percent of gross business that the public utilities pay the state for what is supposed to cover the cost of utility regulation. The cost is passed back to utility customers.

The fee produces about \$500,000 a year but the state Public Service Commission is getting only \$145,000 this year and admittedly cannot do a proper job of representing the public in utility matters.

CHIEFS APPEAL FOR MORE PAY

The commission, incidentally, put in a budget for next year's operation that contains nothing for better protection of the public in utility matters, but does contain a sum for increasing the pay of the commissioners and their little staff.

The commissioners are Joe Bursay, Phil Lucero and Lee Chambard. They want a pay increase from \$10,200 for two of them, and from \$10,200 to \$12,000 for Chairman Bursay.

The three chiefs preside over ten Indians counting the clerks and stenos on the payroll.

SOME FAVOR LOWER FEES

There is a growing attitude among legislators to reduce fees that are producing more than required for the purpose they are supposed to serve.

The fees charged many professional and trades people are not intended to be state revenue but merely enough to cover the cost of regulation of the groups that pay the money.

FABIAN CHAVEZ GAINS RESPECT

State Sen. Fabian Chavez of Santa Fe who appeared to be hopeless when he went in against Calvin Horn and Johnnie Walker for Demo nomination for Congress emerged as a major contender after the party precinct conventions last week.

There is no way of telling exactly how many state convention delegates the Santa Fe legislator won in last week's meetings but there is substantial evidence he will be on even footing with the others when the state meeting is held Feb. 22.

Of course, that's only the convention. The nominee will be picked in the May primary.

C of C members invited to show

All members of the Carrizozo Chamber of Commerce are invited to attend a show Thursday noon as a part of Rotary program. The show is an informational film put on by Otero County Electric Cooperative.

WORLD DAY OF PRAYER TO BE OBSERVED FEB. 14

World Day of Prayer will be held Feb. 14 at 11:30 a.m. at the Assembly of God Church. The program will be under the direction of the Presbyterian Church with Churches of Ancho and Carrizozo participating. The service is being held at 11:30 so working people can attend.

Carnegie meeting highly successful

Last Thursday success-minded men and women from Carrizozo, Corona, Captain, Claunch and surrounding areas joined in an enthusiastic session of the first Dale Carnegie meeting ever presented in our community. The group did an outstanding job of name remembering after just a short period of coaching from the instructor. All the guests commented on how easy it was to apply the techniques in the course. They also said that they were amazed at their ability to remember names.

The second part of the meeting was devoted to getting better acquainted. We heard examples of what life had taught many of the people. Specifically, one woman told "how she was courted by her boy friend on a bicycle, the same man later became her husband". Another man told "how a goat had expired". Another told how "he had gotten into trouble in the back of his father's store". Another lady told the story of "How the mine shaft has as much light at 12 noon as it does at 12 midnight."

Some of the present enrollees in the forthcoming class are: Hollis Cummins, Gloria Cummins, Frances Fuller, Kennan Fuller, Sid Goodloe, Betsy Hooker, John Hooger, Rosella Kirkpatrick, Robert Knox, Holt Lovelace, Geraldine Perkins, Earl Petree, Gwendyth Petty, Alice Scott, Trunkle Silva, Johnson Stearns, Margaret Stearns, Bill Stephenson, Gladney Stubbs and Oleta Stubbs. Charley Wade, Myrtle White, Walton Wilson.

The official first session of this self-improvement program will be held Thursday at 7:00 p.m. at the Woman's Club. We have been informed by the Rotary Club, who are sponsoring the class, and R. B. Bonar, representative of the class, that guests are invited to attend this first meeting without cost or obligation. A limited number of seats remain in this class and a person may get more information about obtaining one of the vacancies by calling Vernon Petty, Paul Frydott or Johnson Stearns.

Council doubles fines for speeding violations

The Carrizozo Town Council approved an increase of amount for speeding infractions occurring within the town limits. There are no court costs in the city court and \$1.00 per mile has been the limit for speeding fines. The police records are full of repeat speeding violators.

The council agreed that a charge need be made and instructed Magistrate Friday Sherrill to increase the amount to \$1.50 per mile for first offenders and double the amount, \$3.00 per mile, for repeat violators. The law says such fines shall not be over \$300 or 90 days in jail.

Bids were received on moving 2900 cubic yards of earth for new garbage pit, Bill McCarty of Ruidoso was low with a bid of \$548 for the job, Carrizozo Soil Conservation District was next low at \$550. Other bids ranged up to \$2,450. The work can be done anytime in the next 30 days.

Bills were read and allowed, except for few that needed clarification.

Luther Porter attended the meeting and asked permission of the town to park a trailer house permanently, hook up sewer and water, at the E-Z Wash location. No ordinance prohibits such action, permission granted.

Otero County Electric suffered some fuel loss at its site near the town maintenance building and has put up two lights. The council thought this extra light might stop theft of gasoline from the town's large tank and instructed Utility Manager Wayne Withers to meter gas going into vehicles each morning and park them in the light at night.

Occupation licenses were read, some approved, some rejected. It was pointed out that City Garage and Lincoln County Motors operated during 1963 without a license from the town. Checks were received from these two places, the amount not considered sufficient and license rejected. Checks were cashed, but license never issued. Several licenses were questioned at the Tuesday meeting, but the checks had already been cashed and the council felt it could not reject the application for license.

Much discussion has centered around the occupation license fees, believed to be inequitable in many ways. No definite action taken last year and none Tuesday night, except to go along as in the past. Applications for license were due Jan. 1. A 10% penalty may be added for each month the applications are delinquent.

Wayne Withers reported on equipment at Corona emergency landing field. Considerable equipment available for cost of getting it transported to Carrizozo. The council will meet with FAA officials next Tuesday to determine if this equipment will meet airport requirements.

It was found necessary to spend approximately \$15,000 for repair of water lines over and above the \$25,000 bonds issued last summer. This 15M was drawn from several town funds and the council is of the opinion that the funds should be replaced, and the only way possible is to sell more bonds. Brisk east wind Sunday blows into winter's first major snow storm

A brisk wind started blowing into Lincoln County from the east late afternoon February 2. By dark the wind had strengthened to gale force carrying sand and dust which pounded windows and walls like hail.

There was no snow with the wind at the beginning. Snow came in the late evening and continued most of the night.

By Monday night this storm has much of West Texas and Eastern New Mexico socked in. Schools closed, trains running late, buses held up, and traffic hazard on all roads in and out of Carrizozo.

Gusts of wind were estimated as high as 60 m.p.h.

Three persons were reported dead Tuesday, thousands of motorists stranded and at least five communities isolated by the storm. The most stranded were between Albuquerque and the Texas border.

Snow continued through most of Tuesday, without wind and falling gently to pile up the wind-blown drifts to new heights. Total snowfall here was estimated at six inches.

The sun was out bright Wednesday morning melting snow and ice and Lincoln County has a good chance of being back to the mild weather that has prevailed through all of the winter.

Southern Pacific Train Late

Derailment of a freight train Cuerya caused Southern Pacific train No. 3 to be 7 1/2 hours late Tuesday. Due in around 12:45 it didn't get in until 8:00 p.m. No. 4, which arrives from the west at about the same time was held here for about an hour and then allowed to go further up the line to await orders to proceed.

Zozo bloomer girls get ready for gym

The Carrizozo Bloomer-Belles will take to the hardwood to play the Rotary Club for the benefit of the Heart Fund, Friday, Feb. 7, at the High School Gym. This will be the fifth game for the Bloomer-Belles and with the help of other organizations they have raised over \$1,000 for different funds.

Under the coaching of Bernie Laabe the following women will see action: Peggy French, Jackie Spencer, Marion Schlarb, Elizabeth Mac Veigh, Georgia Harkey, Pinkie Ruth Rickerson, Judy Rickerson, Sonny Jo Bode, Frances Utley, Helen Lock, Pat Voss, Jo Gabehart Veda Lou Stephenson, Lucille Vega, Louise Kusnais, Phoebe Taylor, Leona Helms, Ornie Crumshaw and Midge Lynch.

The cheer for the Bloomer-Belles will be capably led by the two charming cheerleaders, Emil Lou Strohmeyer and Billie

Jean Baker. This promises to be one of the highlights of the basketball season. Come out and support the Heart Fund, the Bloomer-Belles and the Rotary Club.

Meeting of Board of Commissioners is postponed
Regular meeting of Board of Commissioners scheduled for February 6, has been called off because of snow conditions. The Commissioners will meet in regular session Monday, February 10, commencing at the hour of 9:30 a.m.

January was good for telephone business

Carrizozo made lots of strides forward in 1963 and a positive proof is the number of phones in use over preceding years. Starting in 1911 the gains go like this: 1911 - 60, 1940 - 125, 1950 - 245.

Ray Gabehart, manager of the Mountain States T & T Co. in Carrizozo, says they started out the year 1963 with 460 phones in use in Carrizozo and at the close of business Dec. 31, 1963, 501 phones were in use, a gain of 41.

This good business went right on in January of 1964, and got a lot better. During the month of January phone use showed a 2.8 gain, 18 new phones installed and 4 taken out — a gain of 14.

The U. S. ranks first in number of telephones with nearly 81 million. The United Kingdom is second with less than 9 million. New York City, with 4.8 million, has more telephones than all but seven of the countries of the world.

The U. S. has 43.1 telephones for every 100 persons, only slightly better than Sweden's 40.3. Russia is far down the list with only 2.6 phones per 100 persons.

One area the United States does not rank first in is use of the telephone. Canadians average 613.4 telephone conversations per person per year to rank first in this category. The U. S. is second with 536.6.

County calls for three bids to start building new court house

In this issue of the News are three calls for bids from the Lincoln County Commissioners which bring the ground-breaking for a new court house much closer.

One call is for furnishing of all labor and material for the construction of Lincoln County Court House.

Another call is for furnishing of all labor and material for razing of old court house and annex passageway.

The third call is for bid on furnishing of all labor and material for all equipment to be installed in the new court house and jail.

Sealed bids will be received on all three items until 2:00 p.m. Feb. 27, and then publicly opened and read aloud.

Additional information and proposal forms may be obtained from Alice King, Lincoln County Clerk.

Friday Sherrill is

J P candidate

R. L. Sherrill, Democrat, is announcing this week that he is a candidate for Justice of the Peace, Precinct No. 14, subject to the Democratic primary election.

Friday has served since June 1961 at which time he was appointed to fill a vacancy. He was a successful candidate for the office in November 1962.

He will also be a candidate for police magistrate.

Billy Wrye in Hospital

Some improvement was shown by Bill Wrye who has been in the Clovis Memorial Hospital recovering from pneumonia. Bill has been attending ENMU at Portales.

He suffered head injuries resulting from blackout, caused by pneumonia, and fall. Then was taken to the hospital where his fever was 104 degrees for three days. Tuesday it was down to 101.

Charles Nobles is

66 Station manager

Effective Tuesday morning Marvin Roberts sold his interest in the downtown Phillips 66 Station to Charles Noble of Beaumont, Tex. Mr. and Mrs. Noble are living in Carrizozo now. Mrs. Noble is the former Tillie Pacheco.

The Noble 66 Station will give road service and do minor maintenance repair work. Mr. Noble had his own service station in Texas before coming here.

Marty Vovsach is station attendant. Hours will be 6:00 a.m. to 9:00 p.m.

JOYCE RAY'S CONDITION CRITICAL

Latest news from Joyce Raye in El Paso who was injured in a car accident last week is that she is still unconscious and in critical condition. Mr. Royce Ward, Joyce's grandfather, spent the weekend in El Paso. Mrs. Ward had gone earlier in the week and is remaining with her daughter and family.

School to have

patriotic program

A special patriotic program will be held in the auditorium of the Junior High School on Feb. 12, commemorating Lincoln's birthday.

The program will commence at 12:45 and be about one hour long. Parents, friends, and general public are invited to attend.

The high school band will play a few selections as the audience comes in.

There will be a group singing led by Mr. Arnold Boyce, Carrizozo High School Band Director, of the Star Spangled Banner and America, the Beautiful.

The high school chorus under the direction of Mr. Boyce will sing one number.

Rev. Conrad Nugent will be the speaker.

School will be dismissed for the day at the conclusion of the program.

Jerilyn Burns is one of six candidates for "Woman of the year" honors

Candidates for "Woman of the Year" honor at Eastern New Mexico University have been announced by Associated Women Students, but the date for the election has not been set.

Six candidates have been named. They are Jan Stratton, and May Dell Ross, both of Portales; Valeria Meier, Texico; Jane Phillips, Clovis; Kaye Kelly, Santa Fe; and Jerilyn Burns, Carrizozo.

"Woman of the Year" goes annually to the senior girl selected in a campus-wide election by the women students of Eastern. Men students do not vote in the election.

Eligibility for the honor is determined on a point basis. AWS supplies each woman with a form to fill out. The form lists all the girl's organizations, offices held, honors won, cumulative grade point, and activities.

These are all assigned point values and the six girls having the highest number of points become candidates. The executive board of the AWS Coordinating Council is responsible for adding up the points and announcing the candidates.

Miss Minette Smoot—Minette Smoot installed as Worthy Advisor

Miss Minette Smoot, daughter of Mr. and Mrs. T. B. Smoot, was installed as Worthy Advisor of the Carrizozo Assembly No. 7, Order of Rainbow Girls Sunday afternoon at the Masonic Temple.

Party being planned for Dean and bride

Dean Minor, son of Mrs. Besie Minor of Corona and Miss Wanda Huggins of Kerens, Tex., were married Feb. 1. Both have been attending Navora Junior College at Crossland, Tex. The newlyweds are expected to be in Corona, Saturday, Feb. 8 and a party in being planned for them at the home of Mr. and Mrs. Byron Yancey at 2 p.m. Saturday Mrs. Yancey and Mrs. Elmo Tracey will be hostesses and everyone is invited. The young couple plan to both work and to make their home in Albuquerque. Dean is a 1956 graduate of Corona High School.

Idell, Mackey, and Kandy Whitaker of Tinnie, were guests of Mr. and Mrs. Lee Hart the past weekend.

Mr. and Mrs. T. W. James visited and shopped in Albuquerque, Saturday, Feb. 1, and drove to Santa Fe where they spent the night with their daughter and son-in-law, Mr. and Mrs. Elmo Shelton Jr. The James and Sheltons visited Mr. and Mrs. David Talley in Espanola Sunday. The Talleys were formerly from Claunch and are old friends of the James family.

Mr. and Mrs. Frank Glover of Clovis have a daughter, Celeste Jane, born Jan. 21, at Roswell. Mrs. Glover is the former Miss Donna Womack, daughter of Mrs. Bud Bagley of Corona.

Mrs. Frank Sultemeier Sr. of Roswell recently had an eye operation and is getting along fine.

Mrs. Callie Franks is home again after some time in the Roswell hospital.

Wade Buchanan, son of Mr. and Mrs. Bob Buchanan, has been ill. Also Glen Lamb, son of Mr. and Mrs. Stanley Lamb. Glen was in the Santa Fe Hospital a few days.

Mr. and Mrs. V. C. Waldon went to Las Lunas Sunday to visit her mother, Mrs. Eula Dubois and sister Mrs. Emmitt Miller.

In New Mexico... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In New Mexico... beer goes with fun, with relaxation

LINCOLN COUNTY 4-H CLUBS WILL MEET MONDAY, FEB. 10

The Lincoln County 4-H clubs will meet Monday, Feb. 10, at the Capitan School starting at 7:30 p.m. John W. (Punk) Cooper will give a report on his National 4-H Congress trip as a Santa Fe Education Award Winner.

COUNTY WOOLGROWERS TO MEET SATURDAY, FEB. 8

The Lincoln County Woolgrowers will meet Saturday, Feb. 8, at the Fire Hall in Carrizozo starting at 1:00 p.m.

Included on the program is Predatory Animal problems and proposed legislation to obtain funds for predatory animal control.

Other topics to be discussed are sheep scab situation and lamb and wool market prospects.

4-H membership surging upward

The old idology as a status symbol for teen-agers it threatened by the new one, the horse, Ralph Dunlap, County Agent, says that membership in 4-H projects has surged upward in the last few years and the enrollment for Lincoln County now stands at 22. Membership for the state, as a whole has grown from 359 in 1959 to 895 in 1963. But this is only a small indication of the growing popularity and population of pleasure horses in New Mexico.

Some of the most frequently asked questions, concern the cost of buying and owning a horse. Because of the widespread interests in horses, Bobby J. Rankin, NMSU assistant Extension animal husbandry specialist passes along these figures on cost and upkeep. Riding horses are being bought and sold for a few dollars up to several thousand. A reasonably well-trained horse with some quality and genetic disposition might be bought for about \$175. Horses that are well trained for various performances, concerts or that have exceptionally good conformation will cost more.

The cost of upkeep may vary from \$300 to \$720 a year. If the horse is kept in a commercial stable where someone else takes care of the feeding and medication as required, the cost may be \$40 to \$60 a month. Here you are paying for room and board and care.

Cost of keeping a horse at home, provided stabling facilities are available, will average around a dollar a day. This includes around \$150 for the feed roughly two tons of hay and one ton of grain, \$25 for health posts, and other costs. If housing space only is rented, this can run from \$15 to \$25 per month depending on the facilities available. If pasture is available at home, feed costs can be considerable reduced.

If breeding fees are a factor, these can run from \$25 to \$250 or more, depending on the value of the stallion, and probably average around \$50.

For more information on pleasure horses, the County Agent suggests a United States Department of Agriculture publication, FE2127 entitled Light Horses.

Ancho Tracks

By Vernelle Hightower

Mr. and Mrs. Tom Knight and children visited Nancy's mother, Mrs. Clara Roby in Las Cruces over the weekend.

Mr. and Mrs. Cope Straley and children were Albuquerque visitors on Sunday.

Dorothy Straley, Katie Mae Straley and Leanne, G. L. and Phil drove to Corona Sunday afternoon to attend the Beta Sigma Phi coffee.

Mr. and Mrs. Lee Straley hosted the 42'ers with a hamburger supper. Irene Stoneman and Lorry Lynch were high scorers.

Mrs. Dorothy Straley and children and Katie Mae Straley were in Tularosa on Thursday to keep dental appointments.

Charlie Smith made a business trip to El Paso last week.

Mr. and Mrs. Jim Miller are the proud parents of a little girl born in Tularosa, Dec. 27, she weighed 7 lbs. 2 ozs. Mr. and Mrs. Price Miller are the paternal grandparents and Mr. and Mrs. A. Hoff of Carrizozo are the maternal grandparents.

Ancho was blanketed in a beautiful snow Tuesday morning with at least 10 inches of snow and big drifts from Monday's snow and wind. There is much much more snow in the Jicarillas.

APPLE INSECT CONTROL IS TOPIC TO BE DISCUSSED

Apple insect control will be the fruit topic discussed at the Hondo Valley fruit meeting on Feb. 13, starting at 7:30 p.m. at the Hondo High School. The Hondo High School is just about one mile east of the Hondo junction of U. S. Highways 70 and 390.

The program is as follows:

- Apple insect control by Stanley Coppock
- Frost prevention by Douglas Bryant
- Apple salesmanship by Gene Ott
- Minor element nutrition by Mohsen Nour

Plan to attend this meeting and get the latest recommendations on apple growing.

ALL COUNTY 4-H CLUBS TO MEET IN CAPITAN FEB. 10

Reminder — All 4-H Clubs in Lincoln County will meet in Capitan, Monday, Feb. 10 at 7:30 p.m. Guest speaker will be the 1963 New Mexico IFFE Delegate to France, Sammy Vaskov. Sammy is from Las Cruces and was active for 11 years in 4-H Club work in Dona Ana County. He graduated from Las Cruces High School and NMSU. He received his BS degree in 1963. His experience as a delegate in France should be most interesting.

COUNTY WOOLGROWERS WILL PROFIT THIS YEAR

Lincoln County woolgrowers will profit more than ever this year by careful preparation of wool for market to realize highest possible returns.

To get the best price, the grower must have an attractive package of wool.

Furnish a "sweeper" to keep the floor clean and to see that tags are not taken up with the fleece. Tags should be bagged separately and the bags clearly marked.

Shear black sheep, black-faced sheep or goats last and sack the black wool or mohair separately, or clean thoroughly the shearing floor of loose black fibers or mohair before shearing the other sheep.

Tie the fleece with the flesh side out and with as much of the shoulder and neck wool showing as possible. Have good quality paper twine for tying the fleece. A good job of tying is one of the most important steps toward getting a better price.

It's best to use clean or new wool bags. Make sure that the packing stand is in good repair with no exposed nails that might tear the wool bags. Keep wool bags clean.

Bag staple wool separately from clothing wools, and fine wool from coarser grades. Keep the clip in identifying lots. Most Lincoln County improved fine wool clips need only an off sort lot and the regular wool clip have a good salable lot.

Never shear or pack damp wool or leave it exposed to wet weather. This permits mold to develop that stains wool and weakens fibers.

Careful preparation of wool

KEEP FREEDOM IN YOUR FUTURE — WITH U.S. SAVINGS BONDS

for market is important at all times to meet increasing competition from foreign wools and man-made fibers.

The Happy Homemakers

The Happy Homemakers 4-H Club met at Mrs. T. A. Spencer's home January 20.

The first year girls made cookies at Mrs. Spencer's house while the second, third, fourth and fifth year girls went to Mrs. Fred English's house. The second and fifth year girls made biscuits and the third, fourth year girls made muffins.

All the girls were present. January 18 the Happy Homemakers 4-H girls met at the 54 Cafe. They were going ice skating in Ruidoso. On our way we picked up the Capitan 4-H girls and went on to Ruidoso. Everyone had a good time.

(The draft has been extended for four years, until July 1, 1967. This means that the young men of the country must continue to expect to serve in the military forces. This series of articles outlines the basic responsibilities and rights of young men under the draft law.)

CLASSIFICATION

Some time after he has registered, each man will receive from his local board a questionnaire. The answers provide the basic information which the local board will use to decide whether a man should be deferred or exempt, or whether he should be considered as available for two years of service.

The local board also considers information from other sources, such as employers, dependents, government agencies and other legitimate sources. But fundamentally, the law imposes on the registrant the responsibility for keeping the local board informed of anything in his personal situation which might affect his classification.

Every classification must be made on the basis of individual status. There are no group classifications.

No classification is permanent, and in some cases, expiration dates are set. A man classified as available for service

may find his individual situation so changed that the local board may defer him. A man who is deferred or exempt may not remain in that class after the conditions on which the exemption or deferment is based cease to exist.

The classification assigned by the local board determines, basically, whether a man will enter service in his turn or remain temporarily in civilian life. The local boards are made up of unpaid, volunteer citizens of the community. They may not be members of the military services.

The local board may require a registrant to appear before it and has the authority to subpoena witnesses. Every registrant is required to submit to the board any information requested of him.

Brain Trust

The various biting remarks attributed to the late George Bernard Shaw are always a source of amusement. And one I heard of recently serves to prove the point.

At a function he was attending Shaw had been bored to death by the ceaseless conversation of a man who was trying to impress him. Eventually the man paused for a moment.

"You know," Shaw quickly observed, between the two of us, we know everything there is to know."

"Really?" said the man.

"Yes," replied Shaw, "you seem to know everything except that you're a bore. And I know that!"

THE LINCOLN COUNTY NEWS — THURSDAY, FEB. 4, 1964

Capitan News

By Margaret Rench

We awakened this Monday morning, Feb. 3, to find 11 inches of snow and still snowing quietly. It is now 11:30 a.m. and it is snowing with 22 degrees temperature. How grateful for this lovely moisture. This is a wet snow. graders, City and County, both are busy, as well as the County salt trucks. The grass and plants that sleep beneath this snow are truly glad for that moisture too. Schools are closed today.

Mr. and Mrs. Ralph Solesher and two sons left Friday, Jan. 31, for a few days in Colorado. They will become God-parents to their first niece, at the baptism they went to attend.

Mr. and Mrs. Halleck Kingstons of Tularosa, came Sunday and spent the day with his parents, Mr. and Mrs. R. D. Kingstons.

Nora Silva is improving some at this time. She is going to Ruidoso for treatment. I wish you a speedy recovery.

Mrs. Walker (wife of the care taker at the Nazarene Camp at Angus) went to the Ruidoso hospital a few days ago and at this time is still there. Best wishes for you, Mrs. Walker.

Mrs. Luther (Dolores) McInnes spent several days in the Ruidoso hospital last week returning on the weekend. Glad you are OK and home. A large crowd from Capitan attended the funeral of little

five year old Gary Ferris at Tularosa, last Saturday afternoon. He was killed accidentally by a truck as he was running away from a stray dog of which he was afraid. He ran into the path of the oncoming truck in fright. He was the son of Mr. and Mrs. Charlie Ferris, formerly of Capitan. I do sincerely express my very deepest sympathy to you, Charlie and Dorothy.

Rev. and Mrs. McNew returned Friday, Jan. 31, from the mid year Nazarene Church Convention at Lovington. It was Monday through Friday.

Grady Wallace of Oldahoma, formerly of Capitan had been in T or C. Last Thursday, Jan. 30, while enroute home he stopped and visited friends for a short while. Mrs. Wallace is teaching school in Arkansas.

Mr. and Mrs. Johnnie Annarato and John Paul were pleasantly surprised Monday, evening, Jan. 27, by her oldest sister and husband from South Dakota, who were enroute to California, to visit their son and family. They spent the night here and promised to return very soon.

Mr. and Mrs. Lewis Cummins visited her mother, Mrs. Adda Sellars Saturday evening in Alamogordo. While they were there her sister, Mr. and Mrs. A. Hunter of Long Beach, Calif., came in. It was a pleasant surprise. Certainly Mrs. Sellars enjoyed her family. Keep smiling Mrs. Sellars.

Mr. and Mrs. Doc Dean of Claunch and Mr. and Mrs. Harold Dean and Sally Ann of Bingham attended a birthday

White Oaks, N. M. — Tucked away in Lincoln County, N. M., 10 miles from a well-traveled highway is the ghost mining town of White Oaks where for 20 years each new find set off another stampede of fortune hunting adventurers and eager miners.

This New Mexico Klondike may be revived as a tourist attraction by Texas capital.

Probably no city in the west offered more excitement, color, political intrigues, nor produced more illustrious Citizens in as short a period as White Oaks.

Yet White Oaks is almost forgotten today, except for the curious who come to poke into the locale of notorious casino stories or to climb the mine scarred hills where miles of black mouthed tunnels run deep into the sides, or to survey the pleasant setting.

White Oaks gained national fame when 2,000 persons rushed into the Baxter Mountains to find gold after the strike of 1879. Missourian John J. Baxter, a placer miner, found the gold-bearing ore. He was joined by fleeing outlaw John Wilson and Jack Winters. It was Wilson who accidentally stumbled onto a rich vein, and by the light of lanterns the excited three staked their claim. However, fugitive Wilson hastily sold his find for a few dollars and a bottle of whiskey in favor of spurring his horse on west.

Other Claims

Baxter and Winters filed North and South Horsetake claims. Stories are told about the time that the whole town got drunk when Winters bought a wagon load of whiskey and passed around a tin cup. Baxter—content with a few hundred dollars—abandoned his property to move to Silver City where he was wounded in an Indian raid in 1885. In the late 1890s he returned to White Oaks to find his former claim worth \$300,000.

Helping boom White Oaks into a robust life was the Old Abe Mine. It was found by Abe Whitman, who sold it for \$1. It was developed by William Watson, and later was owned by Judge John Hewitt, Congressional delegate from the Territory of N.M. The Old Abe mine, which was to produce \$3 million in gold went down 1,300 feet without tapping water to become the deepest dry shaft mine in the whole country. The weekly take ran as high as \$35,000.

The first bucket of ore from the Compromise mine brought an offer of \$10,000 even before it was assayed. One mine that was worth \$500,000 was sold by its second owner for \$40 in gold dust and a revolver.

Emerson Hough, who was to become a popular novelist, practiced in White Oaks. When

Stumpy Wicks died Hough wrote in the Golden Era newspaper that "almost no one in the funeral procession was drunk, and nearly all had taken off their six shooters... there were 40 men who stood around the open grave and not one woman to drop a tear as the ex-parson offered a short prayer for the safe journey of Stumpy's soul over the range... not a sob was heard... but neither were there any oaths or laughter... when the ex-parson stepped back from the grave he stumbled over the headstone of Billy Robbins, the gambler whom Antonio Sanchez had knifed... there were a good many boys resting there... the bullet, the knife and the mountain fever had finished them, except those whom the committee assisted... as the funeral procession broke up and moved to the saloons, one was heard to say that it was the 'd-d-est mournfullest plantin' he had ever had a hand in'... in fact, the camp did not get back to its normal condition until next day."

By 1880 everyone was a millionaire but no one had any money. Most supplies were hauled by mule team from Las Vegas. At a time when eggs were 5 cents a dozen in most parts of the country, flour was selling for \$6 a hundred pounds in White Oaks and tea was \$1.50 pound and canned goods were 60 cents.

Population Up

As the mines flourished, the population grew to more than 2,000 and substantial brick buildings replaced the tents and shacks. At one time there were two newspapers, two banks, an opera house, innumerable gambling casinos, four churches and blocks of saloons.

Three grades of whiskey were sold from the same barrel in some of the saloons, but since a customer usually called for the same grade he did not know the difference.

A holiday was declared when the first opera troupe arrived. The players extended their stay when they lost all their money at roulette.

Madame Varnish—so called for her slick ways—dealt cards at the Little Casino.

A Russian fellow, who had escaped his homeland after the battle of Sebastopol pulled into town driving a couple of Newfoundland dogs, hitched to a cart. He had come across the desert and through the Apache country to White Oaks, where he got some good claims.

According to tradition, it was at a White Oaks dance that money was raised to send the blind daughter of Pat Garrett to Santa Fe so that the Territorial legislature could hear Elizabeth's song, "O Fair New Mexico."

Billy the Kid shot it out with lawmen at the Greathouse Ranch near White Oaks. Outlaws were drawn to White Oaks where stolen cattle could be marketed easily.

Chinese ranch cook, Ah Nue, became a great favorite in White Oaks when he gave up his ranch cooking job to open a restaurant. He sold oriental goods and birds by the carload on the side.

Lawyers Busy

Mining litigations kept New Mexico's most brilliant lawyers at work. Jack Winters died in 1851. When Virginia relatives heard that "Uncle Jack had struck it rich" litigation began. By 1883, most of the developed mines were locked up by lawsuits. Miners and prospectors threatened to hang a few lawyers to a tree, which had been the scene of vigorous actions by the White Oaks vigilantes.

Low Wallace, first Territorial governor of New Mexico and author of Ben Hur, was involved in the White Oaks legal circle. George Curry, who was to become Territorial governor in 1907—through his Rough Rider friendship with Col. Theodore Roosevelt, practiced in White Oaks. W. C. McDonald who was to become the first Governor of the State of New Mexico hung his shingle on the Exchange Bank building—one of the few early structures still standing in White Oaks.

Brick buildings with ornate facades replaced the tents and shacks as White Oaks grew to two banks, two newspapers, numerous stores and blocks of saloons.

By the time White Oaks was 10 years old, it was already a city of history and traditions. A silver strike added to its boom. But the golden years ended in the late 1890s when the railroad by-passed White Oaks.

"Dose Charles E. Eddy, the railroad promoter, know something that we don't?" the residents began to whisper. As it in answer, the mines became less productive.

Can't Cheat Graveyard!

Being a part-time student of human nature, we wonder if liberals who have aged enough to reach elder statesman status, still have the urge to foster all their plans on the American public. Maturity does things to people, even to the point of lending expanding vision and optimism to many humans. Maturity has afforded experience to those people in the main stream of life, outside of ivy-covered walls, in front of the pulpit, with one eye attuned to the profit ledger and the other watching the wheel of progress.

Just to start an argument, answer this question, at least to yourself. Do you favor new, untried "save the world" programs, or even old proven failures in new guise. Like the program of selling wheat to Russia with a nice high subsidy paid by "you know who", the tax payers. Like the "abolish poverty" gimmick just coined, hardly different than the welfare program that has taken one entire generation out of gainful employment and completely shattered their self respect.

Do old liberals continue to believe that easier paths to success exist, than the few rugged, truths know by the founders of this country . . . such as, work if you want to eat, save if you want to accumulate, pay your debts if you want to remain solvent.

Wonder if old liberals finally come to realize that maybe the destiny of the United States is not to save the world with tax money, that you can't help people (especially our own) who will not help themselves, that civil rights of the past 100 years are precious and do exist

for all people who will rise to recognize them.

We've always admired and liked the "doers" in this world, a lot of them liberal in their thinking and eager to try new things — with this difference — some things won't work and it didn't take a college education for many men to sort out the possible from the impractical.

There ought to be a special graveyard for "old liberals". One where their bones could be used as dice to rattle and roll for the determination of the next program to be fostered on Americans, without planning, with tax money. The one thing that hasly planning can't cheat is the graveyard.

Message From Bob

Came last week, a cheering message from Bob Miller in Chicago, who summers in Carrizozo and has the welfare of Lincoln County on his mind much of the time. We liked this most recent letter: It probes the limit of the possible for our town, which is good, with a suggestion for industrial development.

We think most of the Carrizozo area would like some industrial development. If possible, a kind of development that would not cause a boom, or wreck the appearance of the mountains, mesas and valleys.

The question then — what is possible. How much water have we? Do we have wood pulp to support a mill, iron or any ore of consequence? Do we have taxes advantageous to industry? Do we have a work force available?

This subject has been talked

for years in Carrizozo (we learn by asking) and nothing done. Maybe the right people want nothing done, the right ones to stop any sort of development. Good possibility that the present round of talking will stop with committee appointment — the easy way to end progress.

The question that will have to be answered, sooner or later by town council, Chamber of Commerce people, all those interested, is this: How far does the town want to go with time and money to find out what are the "limits of possible development" in Lincoln County.

APO 122, N. Y., N. Y.

Dear Sir:

I am writing to notify you of a change in address. Please send my copies of the Lincoln County News to: 24th APV, APO 122. My old address was: 24th APV, APO 287.

I also wish to complain that previous copies have not been received regularly. A friend, Mrs. Jesse English, stationed at APO 21, has made the same complaint to me.

I also wish to compliment you on the content of your paper, in spite of its size, which is probably due to the size of circulation. It has given me an opportunity to meet a friend with whom I attended the Carrizozo Schools for almost twelve years. I was stationed with her for two months without being aware of it.

Sincerely yours,
Johnnie M. Leslie

The Ancho Junior Ranchers in 1963

The following is a summary of ribbons and trophies won by the Ancho Junior Ranchers in 1963. These trophies were won at County, District and State fairs and shows.

The Junior Ranchers won 8 grand champion trophies, 9 grand champion ribbons, 10 reserve champion, 63 firsts, 71 seconds, 32 thirds, 28 fourths, 17 fifths, 7 sixths, 1 seventh, 5 eighths. Altogether, the Ancho Junior Ranchers won over 250 ribbons, a record we are proud of, but will try to better this year.

Ancho Jr. Ranchers hold regular meetings

By Gordon Barham

The Ancho Junior Ranchers met at the Knight home on January 7. The meeting was called to order by Pres. Billy MacVehg. The treasurer's report was read by Danny Knight, he reported \$47.90 in the checking account, \$36.25 in the savings account. Roll was called under new business. A new type project in 4-H business was discussed, this project is from 15-21 years. Suggestions were made to raise money, among these a concession stand at The Little Maverick Rodeo and a raffle.

At the next meeting Mr. Gnakowski is to give a speech on wool judging.

A tentative date was made to have a dance on Valentines day.

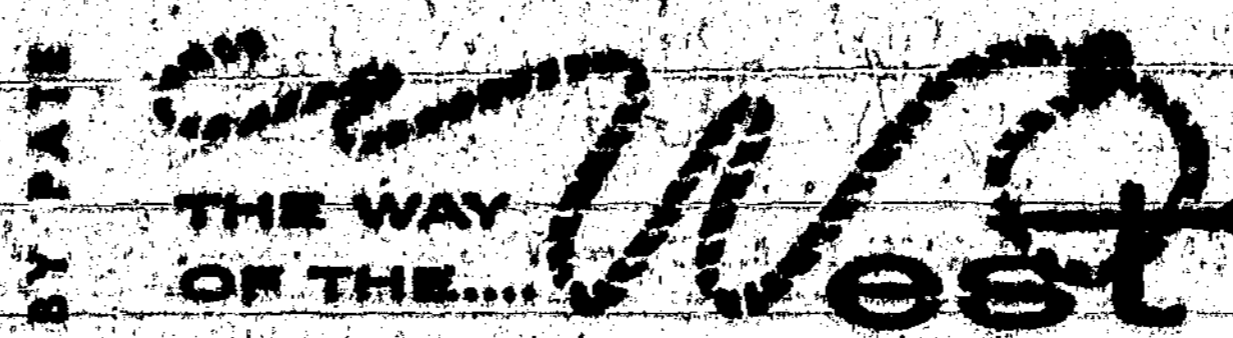

Howard Harkey gave a talk on Soil Conservation. Next meeting the members will have a test on this informative talk.

The meeting was adjourned. The Ancho Junior Ranchers met at the Knight home on January 23.

The meeting was called to order and the treasurer's report was read. Under new business it was mentioned that Punk Cooper is to give a talk on his trip to Chicago. The talk will be given at Capitlan and perhaps Corona.

Mrs. Knight mentioned that she had written to the Boy's Ranch in Belen and as yet had not received any reply. A new date was made for the dance, it was changed from Valentines Day to St. Patrick's day because of a conflicting basketball game. A fee of \$40 per person is to be charged.

We had a test on Soil Conservation. Mrs. Knight returned test papers on car maintenance. Mr. Gnakowski gave a very interesting talk on wool judging and gave each member a sample of the different types of wool. Following this the meeting was adjourned.

The settlement of Sneads Ferry is the apparent leading fishing port in North Carolina. It consists of several small stores, gas stations, post-office, part time barber shop, the Salem Baptist Church, the Free Will Baptist Church, and the Original Baptist Church. We're sure that last named is the one to attend.

The T or C Fiesta is wanting us to sponsor an old time fiddler in their contest and we sure would like it if there were any around. Used to play with several good fiddlers but they started going out when farmers started using their barns to park their Cadillacs.

Deming, N. M., gained 194 telephones during 1963 (see front page about Zozo's gain) their biggest since 1960.

There are several things one can do wrong with a camera of the type we use. One is to forget to take off the lens cap, or forget to pull the slide, on rare occasions expose the same negative twice. We went thru a spell when the flash bulb would not fire on demand, finally found the wires from battery to bulb, to be faulty Working rodeos fills a camera with dust and we've worried with slow shutter that needed cleaning.

W • W

Surely they took the lens cap off the Ranger 6. Probably faulty wires is what did in the moon cameras.

We kicked the cigar habit a week ago Monday and now feel we are in a good position to advise all cigarette smokers who want off of that nasty, filthy, dirty habit. First shift to cigars, after a few weeks you will not be able to stand cigarettes.

The next thing you do is expose yourself and catch a bad cold, then buy some dry cigars and you've got it made. Nothing will taste good to you.

Down in Manana Land (T or C), playground of the great

southwest, the majority members of the city commission charged the two minority members of trouble-making and purely malicious and obstructionist tactics. What that means is that the minority members favored outside plumbing and are now being called obstructionists.

Household executives who like coffee are having budget problems and we extend our sympathy. The Plaza Super Market at Taos gives this explanation: Letter from sales manager of Maxwell House Coffee Co., a division of General Foods Corp., whose company sets the price and most other companies follow suit, stated that there is an adequate supply of green coffee world wide, we believe that if the international coffee agreement quotas were raised it should stabilize prices and halt the current upwards spiral in green coffee prices. At the opening of business Jan. 17 coffee jumped from 70c a pound to 78c a pound. The answer is that our government during the fall of 1963, signed an international coffee agreement. So — seems like you should write your senator instead of your local super market manager.

The new and nervous pastor was delivering a rousing sermon on the evils of gossip. "If there's anything I hate," he belted, "it is a tongue-bearing, tale-wagging woman."

DID YOU KNOW — That hardly a stitch you are wearing was "made" in New Mexico. Leaves room for a few basic industries using wood, wool, etc.

Surprised this hasn't happened in Lincoln County. Judge: "Madam, you are charged with creeping into your husband's room and shooting him with a bow and arrow. Will you now tell the jury your reason for such an act?"

"Of course, your honor. I didn't want to wake the children!"

Explorers Meet
Explorer Post No. 53 held their second meeting Monday night, in the Vernon Petty home. The meeting was called to order by president Mike Petty, minutes were read by secretary Johnny Wells. Ways to raise money for camp were discussed.

Those present were: Gilbert Lucero, Albert Hernandez, Mike Petty, Robert Baker, Jim Lock, Carl Hein, Robert Hill, Johnny Wells, Wayland Hill, Jr. and Willos Hill.

The next meeting, Feb. 3, at 7:00 p.m. in the Petty home.

HONDO VALLEY 4-H HOLDS REGULAR MEETING
The January meeting of the Hondo Valley 4-H Club was held on Monday, Jan. 20, at the Tinnie School. The meeting was called to order at 7:30 by its president, Louisa Harrington. The minutes were read and business matters were taken care of. The pledges to the flags were led by Carol Cooper.

A work shop for biscuit making was planned for Feb. 1, in the home of Mr. and Mrs. Dude Harrington, Picacho. The refreshments were served by Mr. and Mrs. John A. Cooper.

IMPOSSIBILITIES CONCERNING SALVATION

Five impossibilities exist concerning salvation which are noted in the following paragraphs. The Bible must be our standard.

It is impossible to be saved without Christ. "Christ Jesus came into the world to save sinners." (1 Tim. 1:15). In "Him we both (Jew and Gentile) have access by one spirit unto the Father," (Eph. 2:18). "And this is the record, that God hath given us eternal life, and this life is in his Son." (1 Jno. 5:11). "Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me." (Jno. 14:6).

It is impossible to be saved without the blood of Christ. "And without the shedding of the blood there is no remission." (Heb. 9:22). "For it is impossible that the blood of bulls and of goats should take away sin." (Heb. 10:4). "For as much as ye know that ye were not redeemed with corruptible things, as silver and gold, from your vain conversation received by tradition from your fathers; but with the precious blood of Christ, as of a lamb without blemish and without spot;" (1 Pet. 1:18,19). Christ's blood was shed in his death (Jno. 19:34). Men must be baptized into his death (Rom. 6:3,4).

It is impossible to be saved without the gospel of Christ. ". . . God hath from the beginning chosen you to salvation through sanctification of the Spirit and belief of the truth; whereunto he called you by our gospel, to the obtaining of the glory of our Lord Jesus Christ." (2 The. 2:13,14). "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek." (Rom. 1:16).

It is impossible to be saved without the church of Christ. ". . . Feed the church of the Lord, which he purchased with his own blood." (Acts 20:28).

He is the savior of the body . . . and gave himself for it." (Eph. 5:23-25). "For he is our peace, who hath made both (Jew and Gentile) one . . . far to make of twain one new man . . . and that he might reconcile both unto God in one body by the cross . . ." (Eph. 2:14,15).

It is impossible to be saved without human obedience. (Mt. 7:21-27; Heb. 5:9; 2 The. 1:8).

Falcon proves it's America's toughest compact in the rugged Monte Carlo Rallye!

Four Falcons started from Cole, four from Park, on routes calculated to be equal in difficulty and length. Weather conditions varied from clear, bitter cold through freezing fog to blinding snow—and the time schedule made no provision for delays. Here a Falcon surfs through a sudden snow shower, leading traffic in a precise rut.

Falcon entered two classes in Europe's 2,700-mile winter ordeal—won them both and finished 2nd overall out of 299 cars. That's durability!

In the Rallye's five special Alpine sections, Falcon was first overall in four, tied for first in one. That's roadability!

In the Rallye's final test around the Monte Carlo racing course, Falcons were first and second. That's maneuverability!

MONTE CARLO—The 30rd Monte Carlo Rallye started with 299 cars. Some 2,790 miles and 3½ days later, only 168 were still in the rally when the field struggled into Monaco—but they included all eight of the specially equipped Falcons that originally started!

This sort-out-of-eight record was perhaps more remarkable than the fact that, despite a handicap formula that favored the smallest cars, a Falcon captured second place overall. One car can't have luck . . . but eight have to have total performance. Because the Rallye samples every variety of weather and road conditions the contestant can provide, and because it winds up on the most remote byways in the French Maritime Alps, it is a supreme test of all the car's abilities. Falcon steering had to be flawless on glare ice above a 1,800-foot drop. Those fabulous V-8's had to run like dynamos.

The final results in the Monte Carlo Rallye gave Falcon 2nd place overall, 1st in Class 5 of the Touring category, 1st and 2nd in Class 5 of the much tougher Grand Touring category, 1st and 2nd in the final three-lap test on the Monte Carlo circuit. The best finish by a Valiant was 24th overall. Falcon gained invaluable experience in how to build a car better, make it tougher, sharpen up its total performance. That's the real reason Ford is interested in open competition—and why Ford-built cars have got to make more to show drivers. Drive one and see; it won't leave six lights, or a beam you can hear for four miles in stormy weather, or the other special rally equipment—but it'll sure surprise you!

TRY TOTAL PERFORMANCE FOR A CHANGE!

PUBLIC NOTICE

Required by Law to Inform Citizens of matters affecting their Property.

NOTICE OF PUBLIC AUCTION OF STATE LANDS LINCOLN COUNTY

Office of the Commissioner of Public Lands

Santa Fe, New Mexico

Notice is hereby given that pursuant to the provisions of the Act of Congress, entitled Enabling Act for New Mexico (36 Stat. 557) approved June 20, 1910, the laws of the State of New Mexico, and the rules and regulations of the State Land Office, the Commissioner of Public Lands, subject to the conditions hereinafter set out, will offer for sale at public auction to the highest bidder at 11:00 o'clock, A. M., on February 18, 1964, at the front door of the County Court House in Carrizozo, New Mexico, subject to existing rights, easements, rights of way or leases, and also subject to the right of the Commissioner of Public Lands, which is hereby expressly reserved, to renew and extend any existing water easements or leases, and the rents and revenues therefrom, if any, the following described state institutional lands, to-wit: (Possession of these lands may be obtained upon consummation of sale, and future annual rentals and payments on existing grazing lease or leases, if any, may be collected by the purchaser, unless already paid to the State). All other rentals or payments if any, are reserved to the State.

SALE NO. 4418; Lots 1, 2, 3, 4, S 1/4 N 1/4, S 1/4 of Section 2, Township 1 South, Range 15 East; Lots 1, 2, 3, 4, S 1/4 N 1/4, S 1/4 S 1/2 of Section 2, Lots 1, 2, 3, 4, S 1/4 N 1/4, S 1/2 of Section 5, Lots 1, 2, 3, 4, 5, 6, 7, SE 1/4 NW 1/4, S 1/4 NE 1/4, E 1/4 SW 1/4, SE 1/4 of Section 6, ALL of Sections 11, 12, 17, and 20, Township 1 South, Range 16 East, NMPM, containing 4,805.82 acres, more or less, according to the government survey thereof. (COMMON SCHOOL LANDS).

The above-described lands are located approximately 16 to 22 miles East of Corona, New Mexico.

Said above described lands have been appraised at \$300 per acre, and no bids for a less amount will be accepted.

Those desiring to qualify as bidders will be required to deposit with the Commissioner, or his agent conducting the sale, \$205.00 to apply on costs of appraisal and advertising; plus, five (5%) per cent of the appraised value of the lands, and the sum of \$21,820.00, which is the appraised value of the improvements, unless bidder be the owner of said improvements. Any person desiring to qualify as a bidder must qualify before the bidding in such sale has been completed. All deposits shall be in cash, certified or cashier's check or bank money order, and made payable to the Commissioner of Public Lands. All deposits will be refunded to unsuccessful bidders.

At time of sale, the successful bidder will be required to pay five (5%) per cent of the amount bid, less his deposit, the first year's interest at four (4%) per cent on the deferred balance, plus the actual cost of appraisal and advertising. The balance of the purchase price will be payable in thirty (30) years with interest at four (4%) per cent payable annually in advance on the deferred balance.

All minerals of whatsoever kind, including oil and gas, are reserved to the State of New Mexico.

The right to reject any and all bids is expressly reserved and no sale shall be effective unless and until approved in writing by the Commissioner of Public Lands.

Detailed information concerning this offer of sale, the lands involved, the improvements thereon, if any, and other matters related thereto may be obtained by writing to the Commissioner of Public Lands, State Land Office, Santa Fe, New Mexico.

DATED at Santa Fe, New Mexico, this 19th day of November, A. D., 1963.

Alto Country

By Alice Lindamood

Mrs. George Dingwell, Truman Spencer, Jr., and Don Arwin were here from Carrizozo for the day last Tuesday. Sherry Arwin was also along and seemed to enjoy the day even though she's a very young lady, about a year old.

Dr. Stoenner, vet from Alamogordo, was in the neighborhood on business Tuesday.

The J. B. Hightower family went to Alamogordo twice last week to see Mrs. W. N. Hightower. She is somewhat improved and out of the hospital at present.

Wednesday Robert Williams made a trip to Carrizozo.

The Stanley Hightower family came up from El Paso Saturday. He is stationed at Ft. Bliss at present and very pleased to be in the states again. They had stopped to visit Mrs. W. N. Hightower in Alamogordo on the way up here and reported she was doing quite well.

Mr. and Mrs. Bill Smith and Lester came up from Roswell Sunday to spend the day at the Peebles' ranch.

Mr. and Mrs. Oscar Samelson visited the Lindamoods Sunday.

Charlie Peebles' friends will be glad to learn that he is recovering from a bout with pneumonia.

Snow is the big news in the area at present. Last Wednesday we had about five inches and that seemed to have primed the pump. Because Sunday night it started to snow and now it's Monday noon and it's still snowing. We have a foot or so, more or less and it looks like it might continue to snow for some time. The snow plow has been out on the highway for hours but the snow quickly covers the highway again and it's very slick.

The Ski Area had 18 inches by daylight and still snowing there too. It has at last snowed enough to make good skiing and as soon as the road is plowed out the people will be going up to ski.

Scramble for second in Mountain District

St. Peter's apparently has the 5-B Mountain Sub-District championship wrapped up for 1964, leaving four teams in a mad scramble for 2nd and 3rd.

The Warriors have two games with the Eagles and one with the Grizzlies, they could lose three. The Grizzlies have the Eagles and Warriors remaining and after beating St. Peter's Saturday things are looking up. The Hondo Eagles have two games with the Warriors and one with the Grizzlies, Cloudcroft is still in the race also.

Conference play ends Feb. 15, sub-district tournaments are the weekend of Feb. 21-22.

Conference Standings

St. Peter's	6 - 2
Hondo	4 - 3
Ruidoso	4 - 3
Carrizozo	4 - 4
Cloudcroft	4 - 5
Capitan	2 - 7

Corona nips Laurdes, 69-62

Corona won its eighth game in 17 starts Friday by taking a 69-62 victory over Lourdes mainly on the shooting of Dave Bramblett and rebounding of Bramblett and Ron Brunson.

Bramblett dropped in 32 points for the evening while he and Brunson controlled the boards, giving the Cardinals the advantage most of the evening.

For Lourdes, Max Sandoval and Dan Arfola each got 18 points while Ray Pineda dumped in 17.

Corona led by 16 points at the half when Lourdes made a bid to even the score. They outscored the Cardinals 18-14 in the third and 19-14 in the final period.

Score by Quarters:
 Corona 16 25 14 14—69
 Lourdes 12 13 18 19—62

The Cardinals really racked Hondo playing real fine ball and winning, 80-60.

Every man on the Cardinal team hit the scoring column. Bramblett was high with 24, McCloud hit 19, R. Brunson 10, Moore, 11, McComas 6, A. Brunson 6 and James 3.

Bobby Richardson was high man for the Hondo Eagles with 20.

The Cardinals are looking for revenge against Estancia Friday. They lost 59-55 in the first meeting. Estancia is a leading team in the Bean Valley. Cuba brings a surprising team to Corona Saturday.

Grizzlies beat the top team

The ZoZo Grizzlies turned the tables on St. Peter's, conference leaders, beating them 51-48 on the home court Saturday. The Grizzlies lost to St. Peter's Jan. 17 88-60.

The Grizzlies went to the showers at half-time behind 29-19. Lots of shots missed for the Grizzlies in the first half.

Mike Ortiz, Gerald Posey, Mike Voss, Sam Vigil and Dusty Voss were the lineup for the second half and put the bind on St. Peter's tall boys. Dusty Voss had a fine night breaking up their set plays.

Posey and M. Voss scored 17 and 16 to lead the Grizzlies. Vigil hit 11, Ortiz 6, and D. Voss 1. Murray 12, Fields 11, Segano 9, Wyatt 8, and Dillon 8 was the scoring for St. Peter's.

Score by Quarters:
 Carrizozo 8 11 16 16—51
 St. Peter's 17 12 5 14—48

The Grizzlies go to Dexter Friday, play Hondo here Saturday.

The Warriors lose two

The Ruidoso Warriors lost games in both the Mountainair and Plains districts last week. St. Peter's beat them 75-68 Friday to give the Warriors a 4-3 tie with Hondo in the Mountain district.

Hagerman of the Plains sub-district beat the Warriors on Saturday 73-65.

Paul West led the victory with 18 points while teammates Jack Langenegger tallied 15, Jackson Wiggins 12 and Billy Gomez collected 10.

The Warriors were led by Scott with 19, Stirman and Etlrwait with 13 and 12 points.

The Warriors go to Hondo Friday, entertain the Grizzlies Saturday.

Hondo Eagles holding second

With three more conference games to be played Hondo has a good chance of ending the season in second place.

The Eagles beat Capitan 72-70 Friday making the Eagles 4-3 in conference play. Saturday at Corona things were bad, the Eagles never got going in a 80-60 loss.

This Friday the Warriors play at Hondo and the following day the Eagles go to Carrizozo, both vital games in the conference war.

Tough games on Capitan schedule

The pickings for Capitan Tigers is not going to get any easier their four remaining games with St. Peter's, Hagerman, Corona, and Tularosa coming up in that order.

The Tigers lost to Hondo 72-70 in their only action last Friday and now stand 2-6 in the conference.

The Tigers go to St. Peter's Friday, entertain Hagerman Saturday.

Fire Department elects new officers

Ken Means stepped down as chief of the Carrizozo Volunteer Fire Department last month after serving three years. There were 17 fire runs made in 1963 with a tank truck the biggest loss of any fire. In this instance the truck driver died of a heart attack and the local department was attempting to get him out of the truck.

Durling Means' time in office the Carrizozo Fire Department bought a new truck which made it one of the best, if not the best for size, equipped fire departments in the state. Four new members were added to the roll last year.

Officers for 1964 are: Kino Ortiz, chief; Willos Hill, assistant chief; Tino Lopez, 2nd assistant; Manny Ortiz, treasurer; Bob Rickerson, secretary; Ken Means and Friday Sherrill, trustees.

No consolidation for Golden State

The Southern Pacific and Rock Island railroads today announced they are withdrawing their proposal to consolidate their jointly-operated "Golden State" streamliner between Chicago and Los Angeles with a mail train operating on the same route.

The schedule change proposal has been before the Interstate Commerce Commission, which had set public hearings beginning next month.

"This withdrawal action was dictated by various schedule problems," explained SP and the Rock Island in a joint statement, adding that both carriers will "engage in a further study of passenger service on the Golden State Route."
