

Quite a trial on tap Friday in Las Cruces

SANTA FE — Black Friday, March 27, is the doleful date for my trial in Las Cruces for writing about the case of the Carlsbad assistant district attorney who killed five and injured five of farm laborer Gregorio Molino's family while drunk driving and was given a suspended fine and twelve months probation by District Judge Paul Tackett of Albuquerque.

It should be quite a trial.

OFFENDED JUDGE AND NO JURY

Tackett, whose court I am charged with abusing, will preside at the trial.

I'm not permitted to disqualify him as judges are summarily disqualified in other actions because of the nature of the charge, contempt of court.

Neither am I permitted a trial by jury, only the judge whose court has been allegedly offended.

NO LEGAL LIMIT ON PUNISHMENT

The charge being contempt, I am not permitted a preliminary hearing to determine if there are grounds for trial, or arraignment as extended to many other accused persons.

The charge being contempt, there is no limit defined in New Mexico law on how long I may be imprisoned or how much I may be fined.

I tell you this ought to be a dilly of a trial.

NO CHARGE OF ERROR

The affidavit charging me with contempt of court does not allege that I wrote anything untrue or that I erred in handling facts.

Instead it cites eleven points, A through K, alleged to constitute contempt of court and to "present danger to the administration of justice in New Mexico."

OBJECT TO REPORT ON DRIVER LICENSE

They accuse me of trying to influence the final decision of the court. That would presumably be next November after the former Asst. Dist. Atty. C. N. (Bill) Morris has completed his probation period.

They jump me for writing about an official communication in the New Mexico Department of Motor Vehicles in which a regional officer at Roswell reported to his superior in Santa Fe that he had picked up Morris' driving license because of Carlsbad police reports that he had been seen driving since his license was supposed to have been revoked.

VIOLATED SECRECY OF BAR ACTION

I am accused of insinuating that lawyers get better treatment in court than others, that prominent people get a better shake than humble people.

They also jump me for writing about the bar association taking disciplinary action against Morris. That kind of thing is supposed to be secret under a rule of the supreme court, they say.

MUST WAIT YEAR TO MAKE COMMENT

The accusations against me make much of the circumstances that there is still a final judgment to be entered in the Morris case to come a year after he was sentenced last November to \$500 fine (suspended) and sentenced to report monthly to a probation officer for a year. By a one year deferment of sentence it is assumed that the case is open and pending for that period and shouldn't be subject to comment lest the judge be influenced in his final decision.

MUSTN'T TALK DURING DEFERMENT

The only limit there seems to be on deferment of sentence is the prison time for various crimes.

If a criminal is convicted on a charge that calls for a ten-year prison sentence the court could presumably defer sentencing him for ten years.

That would be ten years in which nobody dared speak about what went on in the trial or what the criminal was doing during his deferment period, without being placed in jeopardy of being pulled into court, tried without a jury, and subjected to punishment without limit.

Courthouse stake work under way

The firm of Ballard & Bates, construction, started staking out the location of the new Lincoln County Courthouse in Carrizozo Wednesday. They are working on a \$396,816 contract, plus \$9,000 for ledge stone. A contract will be let for jail equipment in the amount of \$53,750 and additional money spent for equipping the courthouse.

It is expected that equipment will be moved in shortly to start digging for the courthouse. No decision has been made on remodeling of the courthouse annex, not included in the base bid other than repair of the basement.

Wool incentive set at 27.8 for '63 year

The wool incentive for the 1963 marketing year was set at 27.8¢ today. This is figured so as to give the wool industry the average price of 62 cents per pound as set by the Secretary of Agriculture. The incentive on lamb is 54 cents per hundred weight of lamb. Out of this one cent per grease pound of wool and four cents per hundred weight of lamb is used to promote wool and lamb.

Hobbs man first Lincoln fatality

The first traffic fatality of 1964 for Lincoln County occurred March 13, three and four tenths miles east of the Ruidoso Downs City limits.

James D. Roberts 57, of Hobbs was killed instantly when the 1964 Volkswagen he was driving swerved across the highway several times, turned over 2 and one half times and came to rest on its left side. The victim was crushed beneath the vehicle.

The accident was investigated by Undersheriff Clyde Atwood and Bob Miller of the State Police.

Young thieves caught by Atwood, Wilson

Two youthful car thieves were apprehended early Friday morning at the Riverside Cafe by Undersheriff Clyde Atwood and Ken Wilson of the State Police.

Janet Marie Whitfield 14, and Jessie Argo 19, both of Birmingham, Alabama admitted under questioning that they stole a 1953 Thunderbird in Birmingham Sunday and drove it to Riverside, selling the car accessories on the way.

The pair was brought to Carrizozo where they were held until Sunday, when U. S. Marshalls transferred them to Albuquerque where they will be charged with transporting a motor vehicle across the state line.

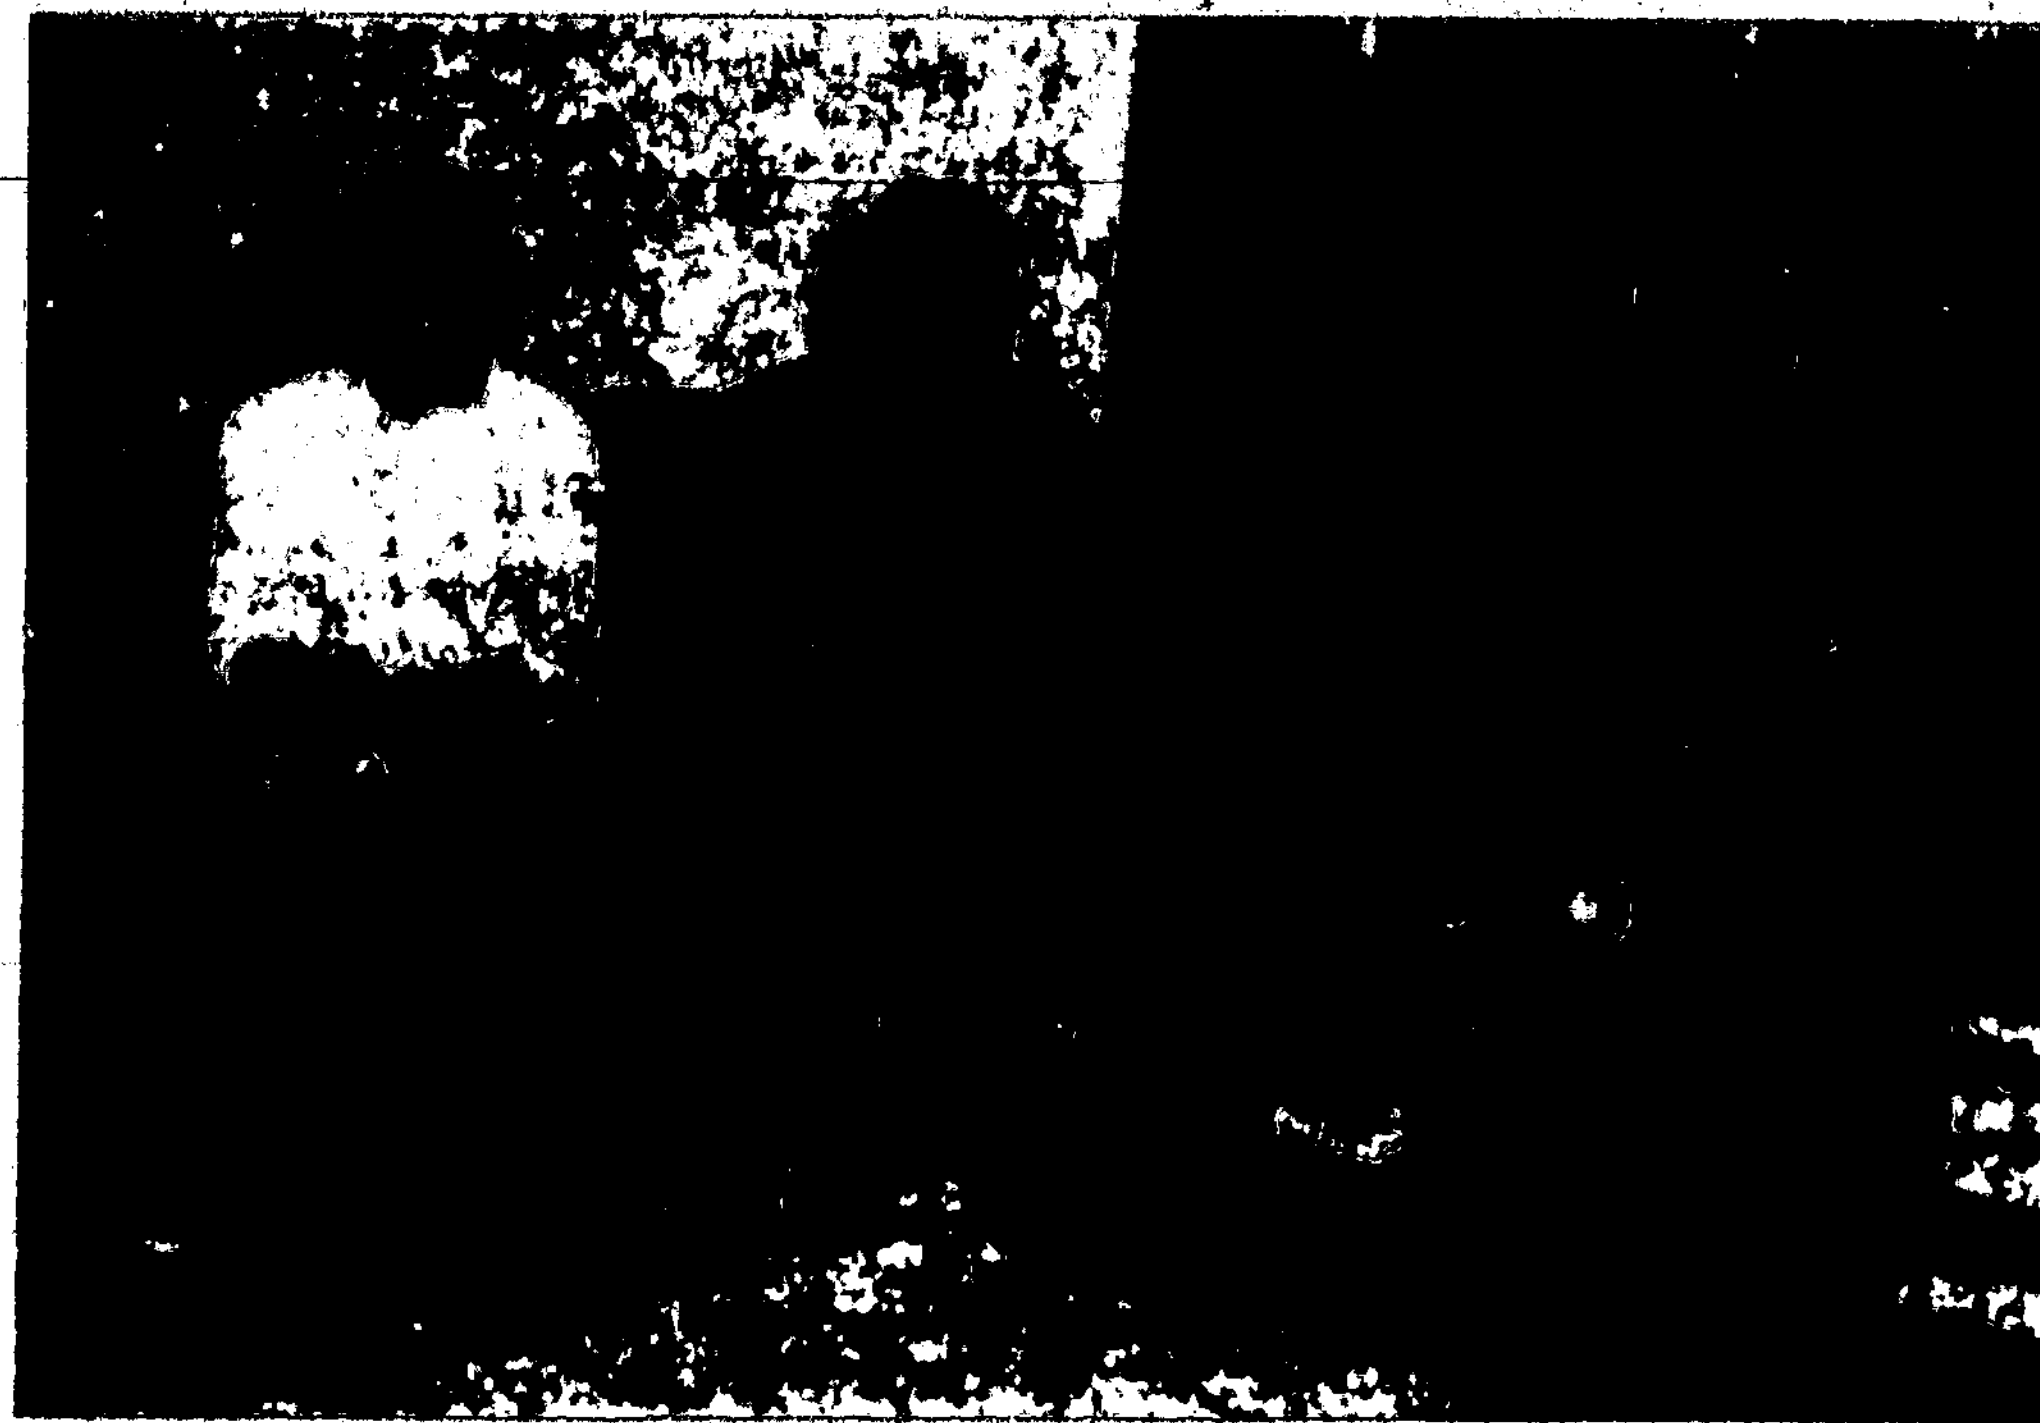

College students share \$5,000 scholarships

HURLEY, N. M. — Ten New Mexico college students will share in a \$5,000 scholarship program offered by the Chino Mines Division of Kennecott Copper Corporation for the school year beginning next fall.

This will be the tenth year Kennecott's New Mexico division has offered the awards, according to F. G. Woodruff, general manager of the Chino Mines Division. Five New Mexico universities will participate in the program.

Applications were sent to participating schools last week. Students apply through regu-

Governor here for budget hearings

Zozoians drinking best of water

Honorable Jete Voss
Mayor of Carrizozo
Carrizozo, New Mexico

Dear Mayor Voss:

On February 27, 1964, Mr. Victor Jones, Sanitarian, and I went over the Carrizozo water treatment plant and wells with Mr. Wayne C. Withers, Water Superintendent. I am taking this opportunity to write you to let you know that we appreciate the splendid house keeping job Mr. Withers and other water works personnel are doing at the water treatment plant and wells.

I believe that it would be a splendid thing if all of the Town Councilmen and other interested persons in Carrizozo could visit these facilities and see how much pride is being taken by the personnel.

I was most pleased to see the interest Mr. Withers showed in his desire to furnish good and safe water to the people of Carrizozo.

Very truly yours,
Aubrey L. Willard
Public Health Engineer

Card Of Thanks

Mrs. Nellie Lee Baker thanks Fire Chief Kino Ortiz and the Carrizozo Fire Department and all others who worked so diligently Tuesday to prevent the grass fire in the pasture west of her house from spreading to her home and others in that block.

The budget hearings for all Lincoln County Schools will be held in the Courtroom in the Lincoln County Courthouse on March 31.

Time Schedule

Hondo	8:00 a.m.
Ruidoso	10:00 a.m.
Capitan	1:00 p.m.
Carrizozo	3:00 p.m.
Corona	4:00 p.m.

Mr. Harry Wugalter, Chief, Public School Finance Division, has extended a special invitation to Governor Jack Campbell to be present on this occasion and address the assembly.

Since this is the first School Budget hearing in the State and will to a great extent set the trend or general budget pattern for all schools, it is going to be viewed with a great deal of interest.

It is estimated by J. T. Clegg superintendent, that most of the superintendents and some of the board members from the adjoining counties will be present in order to get Mr. Wugalter's interpretation of some of the new regulations with reference to the 1964-65 school budget.

Frank Burris of Ruidoso Downs and Ralph Brown of Ruidoso have been appointed as school budget commissioners by the Lincoln County commissioners. Representatives from the State Department of Education and from the N. M. E. A. office will also be here as well as representatives from El Paso Natural and the SRR railroad.

The public is invited to hear Mr. Wugalter's and Gov. Campbell's remarks at the opening of the budget hearing, expected to start promptly at 8:00 a. m.

"Fire on the heather" to be shown April 1

"Fire on the Heather," The gripping story of Scotland's heroic struggle for freedom is coming to this city. "Fire on the Heather," filmed in full color, and shown on the wide motion picture screen will be presented April 1, at the First Baptist church.

It's an unforgettable experience as an all-Scottish cast recreates the historic days of Roman conquest-Columba bringing the gospel to the picts-the turbulent friendship of John Knox and Mary, queen of Scots, which shaped the destiny of christianity in the Western world. You'll watch the tragic execution of John Brown of Priesthill in the era of the covenants . . . then in a great, triumphant climax you'll share in the Billy Graham crusade in Glasgow with a message from the evangelist himself. It's all a part of "Fire on the Heather".

High winds cause blazing grass fire

Trash burning on a windy day is dangerous as it was proven Tuesday afternoon, when a burning garbage barrel was blown over and set fire to a vacant pasture north of the Julio Nunez residence.

The local fire department had the blaze under control very shortly, but a close watch was on until dark to make sure the fire was completely out.

Capitan has one contest for office

Only one contest for village trustee is scheduled in the village election at Capitan, April 7.

The contest will be between Joseph Bert Cheney and Johnnie Annarotone seeking two-year terms as village trustees.

Others seeking election are: Gerald Dean, mayor; J. P. Randle, four-year trustee; Fred W. Pfingsten, four-year trustee; and K. A. Huey, police magistrate.

Three installers for Mountain States Telephone began the thirty day task of installing dial telephones in Carrizozo on March 17.

Mayor Jete Voss received the first installation by Installer Jimmy Boyle.

Mountain States Manager Ray Gabehart stated that while some dial telephones were installed here in the past several months, the majority of telephones in use in the Carrizozo area are non-dial and must be changed. He said, however, that as a precaution the Company is going to remove all telephones and install new ones to be sure that transmission will be the best possible when the new office converts to dial June 21.

Gabehart said that the three installers also will check the telephone wires and other equipment on the premises and replace any which might show the faintest sign of wear and tear. He said ordinarily this might mean replacement of wires going from the telephone pole at the back of the house to the house itself.

"The new telephone building is nearly finished and a team of highly skilled Western Electric Company engineers will arrive in Carrizozo soon to begin installation of the highly intricate technical equipment," Gabehart said.

This is expected to require approximately six weeks. Following the installation, Mountain States Telephone technicians will begin the long tedious task of checking each telephone line, each switch, each connection and each component part of the complete dial system to be sure everything is in perfect working order before June 21.

All telephones in the community will be assigned new numbers consisting of seven digits — the first three of which will be 648. To dial telephone equipment all over the world 648 mean Carrizozo. There will be no other community in the state of New Mexico with the same identifying digits as 648. The last four digits of the number will be the individual telephone in the residential or business establishments.

Gabehart stated that the project will cost a quarter of a million dollars because of the extraordinary large amount of long distance equipment which must be installed.

Gabehart stated that Carrizozo is an important switching point for calls going in any direction regardless of where they started or where they were intended to go.

Band boosters meet March 30

The Band Boosters will have their regular meeting, March 30 at 7:30 p.m. in the Band room of the Junior High building.

This is a very important meeting and all parents are cordially invited to attend. Special films will be shown.

Imported beef threat to livestock industry

Albuquerque—Will Orndorff, Bingham, President of the New Mexico Cattle Growers' Association told the delegates at the Association's 50th Annual Convention here today that the combination of record high levels of imported beef and cattle prices at post war record low levels poses a serious threat to the cattle industry.

"This situation, if coupled with a drought in the coming grazing season, could result in a price disaster comparable to that of 1953," he said. "In light of the present situation it is imperative that all efforts be expended to cut total cattle numbers and pass legislation restricting imports."

Orndorff reviewed the history of beef tariffs and tariff legislation and went on to discuss the Cattle Industry's current efforts to pass legislation that would impose quotas on beef and beef products based on a historic five year average.

The balance of the president's annual report consisted of a review of the policy actions of the New Mexico Cattle Growers' Association during the past year and an outline of problems still to be dealt with. Orndorff is completing his second year in office and is expected to be followed by Les Davis, Cimarron, the Association's first vice-president.

Four pines planted to start park at Capitan Smokey Bear Motel

My good wishes are extended for a happy and joyful Easter to everyone.

Progress is continuing here. The Smokey Bear Motel has made a park there, just west of the new cafe building and just south of some of the units. They have planted four good-sized pines therein, bordered by small pinon trees. It is a fitting addition of our natural growth. A nice improvement.

The new cafe building is getting the wire for the stucco and is being worked on inside. They work daily, each day showing good progress.

At the Ray Province home the roof has been started. The fire place is near completion.

We now have a nice telephone booth added at the new SCS and postoffice building. Just in front of and to the right of that building on the walk. That is convenient. The outside mail box to the right of that, near the postoffice door has received a new coat of red and white paint. It all looks very nice and clean and inviting.

The Roundtable Club met at the town house of Marie Edgar. Ten members and one honorary member were present March 19.

They were the hostess, Marie Edgar, Lorene Ferguson, Corrine Province, Angelina Province, Grace Murphy, Pauline Britton, Geneva Walker, Bessie Jones, Frances Shaw and Mary Dean. Mrs. Ruby Merchant, the honorary member, was welcomed with open arms. She is in good health, so happy and smiling.

The home and table had lovely Easter decorations.

After a delicious baked turkey and dressing dinner with all of the goodies, the meeting was called to order by the president, Angelina Province. When that was finished the program chairman, Mary Dean, took over and charades were played. Frances Shaw won the prize. Grace Murphy won the raffle. Bessie Jones baked a cake honoring Ethel Howard's birthday.

Those who filed for city office for the coming election to be held at the city hall April 7 are: Gerald Dean, Sr., mayor; Bert Cheney, Johnnie Amarante, for councilman, two year term; Bill Randle, Fred Pfingsten, for councilman, four year term. K. A. Huey for police magistrate.

Remember that day — April 7 — and cast your vote.

Square dancing . . . are you interested? A new entertainment has been started here every night at the new dance hall. If you want to learn, now is the time. Join them there.

Mr. and Mrs. Floyd Burdick moved their trailer home to T or C last Friday to make their home permanently. They will manage a trailer court. Mr. Burdick was released from Ft. Stanton March 6. He said there was good fishing right there in front of them and that he intends to do a lot of it. Good luck to you, we will miss you but do wish you continued good health, success and worlds of happiness at your new location.

Miles Williams became the new owner of the Standard Station which he purchased from Bob Salyer of Alamogordo. He took possession March 19. Mr. Jack Young took care of business after Saturday. Dee Hickman left Saturday but at this time he is still helping Mr. Williams. We wish you worlds of success and happiness in your new business, Miles.

Mr. and Mrs. Arnold Burrage and daughters moved into the former Dee Hickman home on March 20.

Mr. and Mrs. Butler Hamm and family of Ft. Stanton moved from their quarters there last week into the Carl Ness property on north hill. They will operate the new cafe when it is ready. He resigned at Ft. Stanton. Welcome to Capitan. We hope you will enjoy it here.

Amelia McKnight, Grace Murphy, and Lorene Ferguson went to Alamogordo March 17 to visit Vera Beall. There they

were joined by Ethel Merrell and Corrine Province, who were enroute home to Capitan from Las Cruces where they had been visiting their children and families. Mrs. Beall took them all but for lunch, then they went to her home and enjoyed the evening playing canasta.

Mrs. Lorene Ferguson is back at her duties at Miles Sundries starting last Thursday. Since Miles took over his Standard Station he is out of the Sundries. It is nice having you back Lorene.

Mr. Lewis Cummins took his wife, Bessie, for a checkup at her doctors last Friday. She is doing better.

It is good to see Mr. Freeland out again. It is so wonderful that his 90 years finds his health good and gaining his strength so rapidly. Keep up the good work and smile on for us, please Mr. Freeland.

College children who are home at this time are Carol Ann Williams, Steve Bonnell and James Ray Taylor of State College at Las Cruces, Diane Shaw and her friend, Pam Bachley of Eastern at Portales, Kenney and Marilyn Cozzens of the College at Pasadena, Calif.

Mr. and Mrs. Will Rogers and baby son moved in a trailer home near his work at Fred McDaniel home near Ancho. He is employed by Roy Caudill who is building a new home there.

We enjoyed the nicest alternating rain and snow showers last Wednesday. Truly encouraging. But, since have had lots of wind and dust. Cold too.

I would like at this time to ask our friends and neighbors to please be more careful with your papers and trash. It is easy to put it in your barrels or containers and burn it at once, than let it blow all over town. It keeps all of us who try to keep things clean, busy picking up etc. The fences and old weeds are a sight. I do think we can do better than that. Please let us try.

Mr. and Mrs. Gene Heady and family returned last Thursday evening from a week in Oklahoma and Arkansas.

There was school here last Saturday until 1:15 p.m. making up time.

Beginning April 1 the city hall office will be open Monday through Friday from 9 to 4.

The FILA talent show at the school Friday was indeed good. Certainly a success.

The honor society held their installation March 23 at the school.

Gregorio Herrera, 78, was laid to rest at the Capitan cemetery Saturday.

Mr. and Mrs. Robert Dean enjoyed visiting their son, Harold and family at Bingham most of last week, returning on the weekend.

Mr. and Mrs. Fred Silva and family of Alamogordo spent the day with Frankie Silva on business in the Hondo Valley, Ruidoso and the surrounding area.

Our band concert will be April 3 at 7:30 p.m. at the school gym. The band members are now selling tickets. The concert will include, in addition to the standard band music, solos and ensembles. The proceeds go into the fund for band instruments and uniforms. I do hope you can attend.

The following weekend the band will go to the band contest at Portales.

Capitan played baseball with Dexter at Ft. Stanton on March 21. This is the first time in years that we have had a team. My informant tells me that they were inexperienced, the boys looked and played well.

Mrs. Jack Higgins and I were visiting in Midland, Texas, this past week.

The talent shows given by San Patricio, Hondo, Tinnie and Picocho March 17 were successful and enjoyed by all. The crowd enjoyed the "Beatles" from the sheets they received.

Mrs. John Thomas entertained the Trea Valle Garden Club March 18 with 18 members present. Mr. and Mrs. Miles from Roswell came and gave a talk and movies on "The Native Cactus of New Mexico". The pictures were in color and taken at different times of the year. The blossoms were beautiful.

Mr. Miles has made a study of these cactus plants and has them in his yard as his hobby. An enjoyable evening was had by all. Delicious refreshments were served.

McDaniel services in Evans, Colorado

Frank Lawson McDaniel, 70, passed away March 1 at the Weld County Hospital in Evans, Colorado.

Funeral services were held March 2 at 3:30 p.m. in Adams Memorial Chapel with the Rev. Laird V. Loveland officiating. Interment was made in the Evans cemetery.

Mr. McDaniel was born April 11 1893, at Hatfield, Ark., and resided in Carrizozo from 1920 until he moved to Evans in 1927. Mr. McDaniel engaged in farming all his life and at one time was superintendent of farms at the State Hospital in Las Vegas.

He was a member of the Baptist Church.

Survivors include one sister, Mrs. Della Landrum, Evans; two brothers, John C. McDaniel of Delta, Colo., and Earl C. McDaniel of Albuquerque; and a number of nieces and nephews.

Volley 4-H Club meets at Tinnie

The meeting for the month of March was held at Tinnie School on Monday at 7:30 p.m. The meeting was called to order by vice-president Joe Cooper, as Louise Harrington was not present. Three announcements were made. One was the Dress Review and the other two were about the wool judging and the Carrizozo meeting. The pledge to the flag was led by Arturo Pacheco.

Two demonstrations were given. The first was by Celani Pacheco and the next one was given by Christina Pacheco.

Members present were: John Cooper, Vicki McEligue, Arturo Pacheco, Christina Pacheco, Celani Pacheco, Kathy Shenkin, Sandy Shenkin, Maxine Tidwell, Don and Paul McKnight, and Robert and Gary Chipman.

Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be.

So now you have the Jet-smooth Chevrolet—17½ feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price.

Or you can choose the thrifty Chevy II, a 16½-foot family car with all kinds of passenger and luggage space.

This year, your choice might be the new 16-foot-plus Corvair, sized to fit nicely between Chevrolet and Chevy II (and between parking meters, with five whole feet left over).

Then, too, there's the sporty 15-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvair—still 14½ feet and still too much for any true sports-car lover to say no to.

The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.

"Art of thinking" is club discussion

Gamma Theta of Beta Sigma Phi met at the home of Jeanne Kessler March 9 for their regular meeting. In charge of the program for the evening was Renee Brooks and Geraldine Perkins who led the group in "The art of thinking", developed from the outline "Conduct, Expression, Purpose."

Discussion included the effect of the art of thinking in relation to home, friends and business; and the nine elements of love according to St. Paul.

Following the program each member gave a brief talk on her favorite program to date and explained why. The business meeting included discussion on proposed courthouse and resolution to commissioners was drafted urging consideration of use of Corona stones in exterior finish of courthouse.

The hostess served refreshments of sandwiches, canapes, chips, coffee, and tea.

Sharon Wells has party

Three youngsters were guests at a birthday party for 4-year-old Sharon Wells in the home of Mrs. Vera Wells Friday afternoon. Ice cream, cake, punch were served to the guests: Dona Wells, Connie French and Jeanette White.

Mr. Wells, who is stationed in Korea, sent his little daughter a hand-made Korean costume for her birthday.

April is cancer control month

Sometimes during April—Cancer Control Month—you will be asked some pertinent questions about cancer and given the answers to them by volunteers of the American Cancer Society who will be calling on you.

It is not necessary that you know the answers to all the questions: Are we getting anywhere against cancer? What signs or symptoms may mean cancer? Which type of cancer is increasing most rapidly? What type of cancer kills most Americans? What can you do to protect yourself against cancer?

But you should know cancer's seven danger signals and visit your doctor if any of them should persist more than two weeks. Cancer usually starts quietly and spreads without pain. In the beginning, a danger signal may seem very unimportant to you, but it could be most important to your life.

Cancer of the lung is the most rapidly mounting cause of death from cancer. What can you do about it? Stop smoking cigarettes if you are already a smoker, and if you do not smoke, don't start. The American Cancer Society says that if no one smoked cigarettes a great majority of lung cancers would be prevented.

As for the question: Are we getting anywhere against cancer? The answer is "yes." More than 1,200,000 men, women and children are alive today, cured of cancer. Improvements in surgery, radiation, use of drugs, new techniques of diagnosis, better facilities for treatment, the public's concern about cancer and action on that concern, are saving the lives of thousands of Americans annually, who would have died if they had had the disease less than a generation ago.

Costly research has accomplished much of this. And this is one of the reasons why you should support the American Cancer Society's program of research, education and service. We urge you to give generously to the April Cancer Crusade.

Tea given honoring high school classes

The Corona Recreation Center was the setting Sunday afternoon of a tea given by Gamma Theta of Beta Sigma Phi honoring their new pledges and the girls of the Junior and Senior classes of Corona high school.

Decorations included "wise old owl", resplendent in cap and gown, and floral arrangements of sweet peas, the class flower of the seniors.

Assisting at the punch bowl was Mrs. Towanda Page and pouring from the tea service was Mrs. Geraldine Perkins.

Jerilyn Burns and Carl Thornton set June 14 at Trinity Methodist

Mr. and Mrs. C. E. Burns of Carrizozo announce the approaching marriage of their daughter, Lois Jerilyn, to Carl A. Thornton, son of Mr. J. E. Thornton and the late Mrs. Jennie Thornton of Carrizozo.

The wedding will be on June 14 at the Trinity Methodist Church of Carrizozo.

Jerilyn is a graduate of Alamogordo high school where she was a member of the National Honor Society, the Student Council, a delegate to Girls State, and a cheerleader for four years. She was a member of the Order of Rainbow for girls.

Jerilyn will receive her B.S. Degree in business education from Eastern N. M. University in Portales this year. She has been a member of the Student Council, Who's Who in American Universities and Colleges,

Chi Omega national social sorority, Yucca Blossom (Class favorite) for two years a member of the University choir and a cheerleader for two years.

Jerilyn has one sister, Mrs. L. Dale Caton of Carlsbad, and a brother, Dennis, who is a senior at Carrizozo high school.

Carl is a graduate of Carrizozo high school and the University of New Mexico in Albuquerque where he received his B. S. Degree in business administration, 1963. He was a member of Delta Sigma Pi, national business fraternity, and Kappa Sigma, national social fraternity.

Carl has two brothers: Glenn W. Thornton of Hawthorne, Calif., and James Earl Thornton of Martinez, Calif. A nephew, Jim Thornton, son of Mr. and Mrs. Earl Thornton is a student at the University of New Mexico.

Home ec has play school for tots

As a culminating experience for the unit "Living and Learning With Children," the Home Economics I class recently held a three-day play school for eight pre-school children.

Since the class had studied the development of children, ages 2-6 and the regular class period comes in the middle of the afternoon, children of ages 4 and 5 who would not require an afternoon nap were invited to attend.

Class members rotated in playing games with the children, helping them with finger paints and clay, telling them stories and playing music for them. Refreshments were served each day.

Other class members observed and took notes so that the play school could be evaluated in terms of what the class members learned and how the children reacted to the activities in relation to what had been studied.

It was the final consensus of class members that this was a most worthwhile experience and they highly recommended that a similar experience be planned for the class next year.

Revival at Assembly of God The public is invited to attend the revival at the Assembly of God Church to be held March 26 through April 4. Kenneth Smith of Mesquite is guest speaker.

Binyon - Womack marriage vows read at Alamogordo Methodist Church

Miss Barbara Binyon, daughter of Mr. and Mrs. Jake Binyon of Corona and Mr. Carrol Womack of Corona were married March 20, at the Methodist church in Alamogordo. Rev. Hamilton read the marriage vows. Bridesmaid was Miss Dorothy Lightfoot of Corona, matron of honor was Marion Kay Sultemeier, and the bridesmaids were Earlene and Linda Binyon sisters of the bride. Best man was James Womack of Albuquerque, brother of the groom and there were three other groomsmen. Following the wedding a reception was held at the home of Mr. and Mrs. Charles Allen in Alamogordo.

Mr. Womack is the owner of Womack's Sweet Shop and Western Store in Corona and a son of Dr. and Mrs. Womack of Albuquerque.

The bride was honored at a bridal shower, March 14, at the home of Mrs. Byron Yancey in Corona. Hostesses were Mrs. Yancey, Mrs. Jess Brooks and Miss Dorothy Lightfoot. The bride received many lovely gifts.

Rev. Bradley J. Hensley, 65, passed away suddenly Friday night, March 20, shortly after retiring at his home in Morton, Texas. He had had a previous heart attack, but was feeling fine.

Rev. Hensley had recently retired from the ministry in which he had served for 27 years. He moved to Morton from Elda where he had been pastor of the Baptist Church for several years. He was pastor of Corona Baptist Church from 1940 to about 1946, and going from Corona to Aztec. He was also pastor of several other churches in New Mexico. He was loved by everyone, and he loved all people — the greatest tribute that can be paid to anyone.

His wife, Gertrude, teaches school in Morton, and was one time a teacher in Corona.

Funeral services were held at the First Baptist Church in Morton Sunday, March 22, at 3:00 p.m. Ministers from Fortale and Morton conducted the services. Interment was in Morton cemetery.

Besides his wife, Gertrude, Rev. Hensley is survived by two married daughters, LaVonne and Sammie, who both live in

Clovis, and three grandchildren, his mother, Mrs. Alma Hensley, who was unable to attend the funeral because of her health and who resides at Hico, Texas. Also one sister, Mrs. Bill Rudd of Hico, and many other relatives.

A large number of people from many parts of the country and the beautiful floral offerings testified to the high esteem that Rev. Hensley held among people.

Mr. and Mrs. J. E. Robinson of Corona attended the last rites.

Mr. and Mrs. J. E. Robinson and family had the following weekend guests: their son and daughter-in-law, Lyndon and Phyllis who are teachers in Alamogordo, and Lyndon's friend, Dan Scherlinger of Denver, Colorado who is presently inspecting for the Food and Drug Administration in Roswell.

Mrs. Ethel Lackey and her son and daughter-in-law, Mr. and Mrs. Paul Lackey made a trip to Sterling, Texas where they visited with Mrs. Lackey's sister, Mr. and Mrs. Paul Lackey went on to Ecuador, Texas where they visited their son, Wesley and family. On the return trip they visited Mr. and Mrs. E. A. Tippe and their daughter, Mary, former residents of Corona now living in Blackwell, Texas.

Mr. L. O. Foster of Portales who formerly lived at Cedarvale was in the Methodist Hospital at Lubbock for major surgery recently.

Dick DeVaney, only son of Mr. and Mrs. Elmer DeVaney of Cedarvale, and a former graduate of Corona high school, was recently married to Miss Carolyn McDaniels, a daughter of Mr. and Mrs. Gaston McDaniels of Clovis. The couple met while attending Eastern University at Portales. Mr. DeVaney is working out of Mesquite where the couple now lives. Mr. and Mrs. Elmer DeVaney and their daughters, Joyce, Fern, and Cleo attended the wedding. Joyce is attending Eastern and Fern and Cleo attend Corona high school.

Rev. and Mrs. Paul Westberg have moved to Tucuman where Rev. Westberg will be pastor of a Presbyterian church. Rev. Ken Allison of Albuquerque, who is Stated Clerk of N. M. Synod, will conduct Easter Services at the Corona Presbyterian Church next Sunday. There will be regular services each Sunday, and the Sunday School will be reorganized. Everyone urged to attend all services.

Services were held in Albuquerque March 21 for Emmanuel H. Sloan, 81, who died in a fatal car accident in Albuquerque last week. His son, Wayne, is hospitalized. Survivors include a brother, Brack Sloan of Claunch and a sister, Mrs. George Simpson of Albuquerque. He was a former resident of this area.

Miss Dorothy Kerr of Mt. Pleasant, Utah, was in Corona for a brief visit last week and Mrs. Joe Atkinson accompanied her back to Provo, Utah to visit her daughter and son-in-law, Mr. and Mrs. Wayne Lindsey.

Cindy Ellison, daughter of Mr. and Mrs. Glen Ellison of Corona, was in Carrizozo hospital a few days last week for medical care.

State Policemen Jess Brooks was home the past weekend. He is an instructor at the State Police Academy, a six-week training school for policemen, near Santa Fe.

Mrs. E. M. Taubman of Oakland, California visited early this week with her aunt, Mrs. Frank DuBois. Mrs. Taubman is enroute to the Mississippi Azalea Festival and will visit a niece in Huntsville, Ala., and a sister in New York City before returning home. Mr. and Mrs. Rand Perkins of Albuquerque were home over the weekend to greet Mrs. Taubman.

Mr. and Mrs. Albert Mulkey had as their guests the past weekend Mr. and Mrs. T. J. Sanders of Ruidoso. Mr. Sanders is a cousin of Mrs. Mulkey and he is a member of the police force at Ruidoso.

Also visiting in Corona the past weekend were Mr. and Mrs. Frank Mulkey and daughter, Diane, from Park View, and they were accompanied to Carrizozo Sunday by Mr. and Mrs. Lee Mulkey where they visited Frank and Lee's sister, Elene Robertson and children, Alan and Adie.

Mr. and Mrs. Levi Bush and children of Irving, Texas, were visiting this week at the Jake Binyon ranch. Mrs. Bush and Mrs. Binyon are sisters.

Mrs. Sarah Hillemeyer and her son-in-law, Walter Pfeiffer, made a trip to Albuquerque on March 17.

Mrs. Harold Porterfield and daughter, Betty, and Mrs. Porterfield's mother, Mrs. Kenneth Fuller, made a trip to Moun-

tainair and Albuquerque one day last week.

Laurie Laney and Betty Ann Bond are home from NMSU for the Easter holidays this week. Rand Perkins made a business trip to Roswell Monday of this week.

From Thine Own Evil

This message written by Lorenzo Scupoli in the year 1589 seems especially appropriate at Easter time.

Know thou when unhappily thou thinkest any evil of thy brother, some root of that same evil is in thine own heart which, in proportion as it is ill disposed, readily receives any like object which it meets with.

Therefore whenever it comes into thy mind to judge others for some fault, be wroth against thyself as guilty of the same, and say in thine heart, 'How is it that I, wretched being, buried in this and far heavier faults, dare to lift my head to see and judge the faults of others?'

And thus the weapons which, directed against others, would have wounded thee, being used against thyself, will bring healing to thy wounds . . .

EDITORIAL . . .

"A page for independent thought"

Who should reform who?

The Alfred I. du Pont millions will soon "slip away forever from the payment of any income taxes by reverting to a foundation," a congressional report said Saturday. Rep. Wright Patman, D-Tex., head of a House Small Business subcommittee, called it "a gigantic loophole in our tax laws urgently needing reform."

Reforms are needed, particularly the tax law that permits taking more than 50% of income. The government, and the likes of Rep. Patman, made the trap and it's only normal for the human species to avoid being trapped. Ranchers form corporations, large fortune holders resort to foundations to keep their holdings together. All of us perform the same, even the lowest wage earners.

Those tax payers in the lower brackets, paying around 20 per cent of their income — bring in 87 per cent of the entire revenue from present income tax. It's only an illusion fostered on a gullible public that the rich pay the taxes.

The strength of this country lies both in work and money — the worker who prospers and develops his own business to the point he employs people . . . is in need of capital to further develop his business. It's a thing called progress.

But, as this worker climbed up the ladder of success he left a path of jealousy behind. People clamour that he be cut

down, hence the high tax bracket (above 50 per cent) which brings in only 13 per cent of our revenue.

Rep. Patman would also give control to politicians of the Federal Reserve Bank which controls your mortgage costs, the interest you get on your savings, the interest you pay for a loan, whether your stock goes up or down, and the purchasing power your insurance policy will have when you die, or cash it in.

Patman is bad medicine for American people.

Reforms are urgently needed — they ought to be "for the people" instead of "against the people" who pay the taxes.

Shades of Carrie Nation

Back in Medicine Lodge, Kansas, they still recall the awe-inspiring lady who would come storming into the saloons and proceed to tear up the joint until the law could collar her. Frequently the law was scared.

What Carrizozo needs is a cigarette butt stomper. Better

And be sure that all good and kindly feeling towards thy neighbour is the gift of the Holy Spirit; and all contempt, rash judgment, and bitterness towards him comes from thine own evil and from the suggestions of Satan.

Never speak of thyself or thy doings, nor of thy kindred save in cases of absolute necessity, and then with all possible reserve and brevity. If others seem to speak overmuch of themselves, try to give a good meaning to their conduct, but do not imitate it, even though they should speak in a humble and self-accusing way.

Speak as little as may be of thy neighbour or of anything that concerns him, unless an opportunity offers to say something good of him.

yet, should have a lady type who will stomp the entire pack before any of them are smoked.

Smoking going on in the rest rooms at school, recreation people setting up a smoking room for the young people's parties — are we for it or against it.

In face of all the vast amount of recent publicity about smoking cigarettes causing cancer . . . one would think local young people would prefer chewing tobacco in place of cigarettes and that the oldsters be providing spittoons instead of a butt room.

The average young person has got to try things. They've done this for centuries with no letup in sight. The hazard is — they try a lot of things before sufficient discipline has been instilled in their system to cope with any troubled situation.

Which is the worse for your youngster (they don't realize any difference exists), sex, liquor or smoking? Liquor is licensed but available to youngsters. Cigarettes are available in the best of places run by the best of people, just put your 35c in the slot. Unwed motherhood is profitable and approved by some parents.

If Carrizozo parents are going all the way with smoking they might as well admit they have given up on their children and provide three rooms . . . all three would surely be used.

THE WAY OF THE... West

Marvin Roberts spent some days on the west coast attending a Ford dealers meeting. Marvin rode the jets to make the most of his time and says you only have time to catch your breath after leaving the coast until your 707 plane is settling down in Albuquerque, little over an hour's trip. He went with the Mountaineer dealer, had a fine time.

Never thought we'd see it happen among the major — UCLA Bruins made the Duke Blue Devils look much like Carrizozo against Ruloso. The Bruin press had the Devils in hell most of the time. Best team in the nation, UCLA with a 30-game unbroken record.

Likewise the Lobos had their worst game against Bradley. We watch the Lobos play NYU and they couldn't do anything wrong, coolest and best team we've seen all season. Against Bradley they couldn't do anything right. Was a mighty good season for the Lobo squad and we are proud of them even though they lost out in the finals of the NIT tournament 84-54.

The Zozo Rotary Club is real proud of its president, Johnson Stearns. He conducted a Rotary meeting last Saturday with more guests than Zozo Rotary ever saw before, some 400, and did a fine job. When it comes to telling stories with a cactus flavor, Johnny tops the list.

All we heard on getting a dachshund pup was that these dogs are hard to house break. Not so. Our pup sleeps in the house, has for several weeks, and no trouble. This morning he got up early, came in and barked by the bed to let people know he was awake. No secret that we know of . . . a dog (like children) first needs to know what "No" means.

We haven't agreed with some of Sen. Clinton Anderson's political moves but we have only the highest compliments for his thoughts on Rotary Service and life in general. Here is a man who has been most every place and done every thing. Headed all the top committees of government. Telling about the Albuquerque Rotary Club, Sen. Anderson has been a member some 30 years, he related that many years ago when Albuquerque was founded on the east by the University and went out other directions the same distance, his Rotary Club con-

cluded they should work for the areas outside of their town — and they did. In all honesty, we could say that Sen. Anderson has continued that kind of work. This Friday speaking engagement was his 4th since arriving home Wednesday — left right after lunch because his wife had plans for that evening.

Rev. William Crews, 30-year-old Episcopal chaplain of the last house of Representatives is credited with this prayer: "Almighty God, we who spend \$10,000 for a bus so our children will not have to walk, and then budget \$10,000 for a gym so they can get exercise, do now seek your guidance in all matters."

The old Aerona tied down at the local airfield (which actually is only a pasture) got tired of the routine and decided to do some flying on its own Sunday. The wind broke one wing-tie and the Aerona stood on its nose, then the other wing came loose the elderly plane started backing down the runway with its nose to the wind, every now and then jumping up in the air and landing gracefully. Finally rescued and brought back to hatter.

The wind also blew a shed both down and up across the tracks. The roof of the shed went up and landed on phone primary lines, and hit some secondaries on the way down. Only two phones put out of service and they were restored Monday.

Lincoln County finally made it into the upper crust of cosmopolitan counties. One can now see a "stripper" in action in Lincoln (or at least one could).

"Just for fun"

An Atomic Scientist caused a commotion on a train recently. While riding to his home, the scientist discovered his brief case was missing. When the conductor, porter, and others on the train realized the danger involved if enemy agents should take the brief case, they made a thorough search.

After an hour the brief case was found in the washroom by the porter.

"I can't thank you enough," said the grateful scientist, as he opened the case, took out a sandwich, then added, "I was starved."

Drive and Survive!

By Trudy Baker

There's more to driving than just operating a car — such are the headlines on a pamphlet entitled "Drive and Survive", published by a well-known insurance company — and truer words were never printed.

Just because one knows how to operate a motor vehicle, doesn't mean that he or she is a good driver. One must have training and practice.

Training can begin with a program in high school, and after several months, a license can be obtained. But, this does not mean . . . now one knows every thing there is to know about driving. Practice and experience are necessary to make a good safe driver, and that is what we need. There are too many careless drivers on the road already, as the following figures will prove.

More than 44,000 citations for speeding were issued in 1963 in this state alone. This violation tops the list above all others.

In 1963 there were 3231 citations issued in Lincoln County for various violations such as DWI, speeding, failure to yield, failure to have vehicle under control, stop sign violations, following too close, reckless driving, failure to obey traffic signs and failure to use due care in the operation of a vehicle.

With the county population being only 7602 this means that more than two citations were issued to every resident in the county — which means driving improvements are in order, and each individual should be more obedient to the traffic laws.

79 SHOTS GIVEN TO HIGH SCHOOL STUDENTS

Mrs. Alma Bradley had a very busy day at the Carrizozo high school last Thursday. With the able help and assistance of Mrs. Helen Lock, eleven small-pox vaccinations, 61 DT and seven polio shots were administered by the county nurse.

The total budget was presented by Supt. J. T. Clegg to the school board at their regular meeting Thursday night and was approved.

Is Mary The Mother of God — and the Human Race?

Mary was a good woman, but, like all others, she had to depend upon the blood of Christ to save her. The word of the Lord does not declare Mary, but "Christ the power of God and the wisdom of God." (1 Cor. 1:24). It is not through Mary that we are saved, for "We have redemption through His blood, the forgiveness of sins." (Eph. 1:7). The apostles did not preach Mary, but "Christ." (1 Cor. 1:23). The confidence of inspired men was in the Lord, not Mary. "He is able to save them to the uttermost that come to God BY HIM, seeing He ever liveth to make intercession for them." (Heb. 7:25).

Of mortal man who dies (Mary was one) Job declared: "As the cloud is consumed and vanisheth away: so he that goeth down to the grave shall come up no more. He shall return no more to his house neither shall his place know him any more." (Job 7:9, 10).

Solomon, being among the wisest, if not the wisest man to ever live, plus being inspired of God, said, "For to him that is joined to all the living there is hope for a living dog; but the dead know not anything, neither have they any more reward; for the memory of them is forgotten. Also their love, and their hatred, and their envy, is now perished; neither have they any more portion forever in anything that is done under the sun."

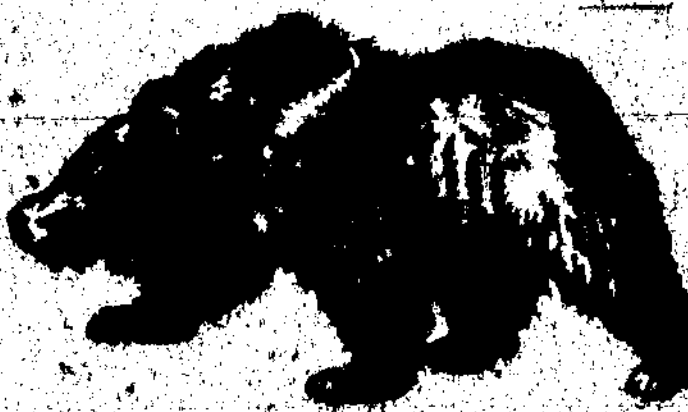

So far as the inspired record is concerned Mary went to the grave to "come up no more," nor does she have any "portion forever in anything that is done under the sun."

The Bible contains the complete will of God. (Gal. 1:10; 2 Tim. 3:16, 17; Rev. 22:18, 19). Sources of any doctrine not found therein.

Teachers on the sick list
Mrs. Pauline Pherigo, fourth grade teacher, was ill for several days last week. Mrs. Frank Knoblock substituted in the classroom for Mrs. Pherigo.

Mrs. Alma Sherrill is back at her desk in the third grade after spending a week in the hospital with a virus. Miss Margaret Lane was the substitute for her sister.

Pherigo, both of whom attended the entire conference as delegates from Carrizozo Schools.

Mr. Arnold Boyce gave some interesting highlights in the course he is taking in guidance in the Community College in Alamogordo.

The President called to the attention of the group that the N. M. Education Association's Constitution is to be revised this spring and recommended changes are to be submitted by May 2. Mr. Camin accepted forms for the evaluation.

Supt. J. T. Clegg gave a timely budget report and extended an invitation to all teachers interested to attend the budget hearing on March 31. The Carrizozo school budget hearing will be at 3:00 p.m.

Refreshments of fruit punch, cashews, bitter mints, and coconut macaroons were served by the hostesses, Mrs. Pauline Pherigo and Mrs. Alma Sherrill.

Kidnap koffee nets \$32

The Kidnap Koffee held Friday by the local FFA girls was a huge success. Proceeds, more than \$32, will be used to help pay living expenses for a war orphan of South Viet Nam, adopted by the chapter.

win appearance

First prize in the boy's "improved appearance" contest was won by Gerald Posey. Marnie Torrez won second.

Presentation of the checks, \$15 for first and \$10 for second place, was made by V. J. Marr, high school principal.

The judges arrived at their decision by tabulating points received by the boys for six weeks for general appearance, shave, haircuts, etc.

Easter holidays start today

Easter holidays for Carrizozo students will include Thursday and Friday of this week. School will take up at the regular time Monday morning.

District Convention

invited here

The South Central District meeting of the NMEA will be held April 6 in Socorro. The time for the meeting has been changed to 5:00 p.m. with dinner being served at 6:30.

The main program will be movies and slides which Mrs. Hollinger took last summer while she was on an educational tour of Germany.

Mrs. Hollinger has been teaching classes in German to Socorro high school students for the past ten years.

Supt. J. T. Clegg and the Carrizozo teachers are planning to invite the Association members to hold their convention in Carrizozo next year, since our new facilities will be adequate for such a meeting.

There are improvements located on the lands and the successful bidder for these lands will be required to negotiate with the owner of the improvements as to reimbursement or other disposition of same. The authorized officer reserves the right to reject any and all bids prior to the time of issuance of final certificate.

Winners hard to select
The Carnegie season was interesting as well as informative last Thursday. It gets more difficult each session to select winners for the best speech and most improvement awards.

Last week they went to Sid Goodloe and Ralph McGowan with Oleta Stubbs winning the achievement award.

The course is at the half-way point and a great improvement has been shown by all participants. We are looking forward to the next seven sessions.

JUDGES ASSUMED

EASY TO SWAY

Judges, it seems are volatile, tractable types, subject to being swayed by what they read in newspapers.

The charge against me cites six points of influencing the court, two of prejudicing the court.

MANY NICE PEOPLE

EXPRESS SUPPORT

In the two months since I was charged with abusing Tackett's court there have been so many letters, newspaper comments, radio comments, and other expressions of support that I have not been able to acknowledge them all.

It is kind of shabby to attempt a collective "thank you" to so many people when each deserves personal acknowledgement, but that is all there is time for at this point.

As much as I would enjoy some leisure I would just as soon not have a lot of time to write these acknowledgements from jail.

Fire hazard bad
all over county

A grass fire some two miles east of Lincoln on the Richard Phillips place was reported Sunday afternoon.

State Police were notified to alert the Captain and Hondo Fire Department for assistance after high winds brought fears that the flames might spread into the timber.

Although Forest Rangers assisted in controlling the blaze it did not reach National Forest Land.

The second fire for the week-end was discovered about 10:00 a.m. Sunday in Grindstone Canyon near Ruidoso. About half an acre was burned before it was extinguished.

Eagle Creek Dam
benefits 2 towns.

By Al Stubbs

Daily Record Editor

The town of Ruidoso came within one day of running completely out of water last summer, but a dam project on Eagle Creek that will result in a huge lake eventually will provide water enough for a permanent population of 15,000 to 20,000, Tom Mann, Roswell engineer, told the Daily Record.

Dirt is being moved for a small earthen dam on Eagle Creek just east of Alto that will provide Ruidoso sufficient water for the next three summers, and a large dam planned by the Eagle Creek Water Users Association will store many times as much water as Bonito Dam.

Mann, who is doing the engineering for the association, said the proposed lake would be three times as large as Bonito.

The larger dam project will create a lake a mile and a half long that will top out along the Ruidoso-Alto highway at Alto. The lake will run east from the highway. From 400 to 500 homes sites will be available along the lake shore, but the association has not determined how the sale of these will be handled, Mann said.

Lake water will supply Ruidoso, Capitan and Ft. Stanton with municipal water. Water will have to be pumped to Capitan and Ft. Stanton, but gravity flow will take care of Ruidoso, he said.

Bulldozers are cutting a trench to bedrock for a small dam which is about a quarter-mile from the Alto highway. The larger structure will be a mile and a half downstream.

Cost of the small dam, which will store 100,000,000 gallons, will run about \$30,000. The larger project will hit \$1.5 million.

The Eagle Creek Water Users Assn., a private corporation, is entitled to store six second feet of water. All Eagle Creek water above this amount must be allowed to flow downstream.

However, Mann said, the state engineer will be asked to allow the association to store twice that amount of water, which would back up the contemplated lake west of the Ruidoso-Alto highway.

The project will be financed by revenue bonds, Mann said. Lot sales will be pledged against the bonds in all probability, he said.

Since the lake would be a municipal water supply, it would not be feasible to open it to the general public, he said. However, cabin owners along the lake would have lake privileges, he explained.

Fletcher Hall of Capitan is president of the water users group. Board members are Miles Williams and Bert Cheny of Capitan and Lloyd Davis, Tom Jones and Bill Hart of Ruidoso.
