WHEN STATE GAINS POPULATION — WE LOSE . . . MONEY!

Small schools will always need more money

Championship game film shown tonight at school

The Carrizozo Quarterback Club is sponsoring a show in the cafeteria at the school at 7:30 p.m. tonight (Thursday). The show will be the film of the Championship Football game with Roy. It's about an hour show, with small admission charge.

Court Record

District Court

The honorable W. T. Scoggin presided over District Court on Monday, January 4 and disposed of three juvenile cases.

Floyd Polaco admitted to a charge of following to closely and was placed on probation for nine months. He was represented by Albert Rivera.

A traffic violation against Thomas Ponder was dismissed. Linda Little was assessed \$10 costs and her drivers license were suspended for 45 days, after she admitted to a charge of failure to use care.

In the District Court trial of A. C. Kelly for involuntary manslaughter, the jury brought in a verdict of not guilty at 2:30 p.m. Thursday. The jury trial before Judge George L. Zimmerman began on Tuesday and ended late Wednesday night.

Kelly was represented by the law firm of Shipley, Sellers and Whorton of Alamogordo. Handling the case for the State were District Attorney, Ernie Williams and Assistant District (Continued on back page)

Rep. W. G. Shrecengost met with Carrizozo school patrons and officials Tuesday night for a short session in the library at the school, to talk over legislative problems. Supt. J. T. Clegg introduced Rep. Shrecengost to the meeting. Clegg said the big issue now is consolidation, we're not in favor of it.

Shrecengost said that Holder's report (meaning Billy Holder of Alamogordo, chairman of the school study group) was staggering to rural areas, Bernalillo County probably pleased with it. Shrecengost quoted from the report, "We are talking about the ideal educational situation, rather than the practical", which Shrecengost took to mean that not all, if any, of the recommendations of the study group would be followed this year or in the near future.

Frank Wagner said he was acquainted with a county of seven attendance centers, had not worked well, and this area was going back to administration centers.

Supt. Clegg said the five administration centers (schools) in Lincoln County were geographically well located. He told of one second grade student who traveled 52 miles to school one way, coming 14 miles to Bingham store and then on to Carrizozo. The same situation is true at Capitan, Corona and Hondo. Clegg said there are too many departments in the State Department of Education.

Shrecengost said he thought the schools in Lincoln County were well administrated but that problems did exist in the northern part of the state. It will require that present law which says local school boards must OK consolidation, would

have to be changed before much of the study group report could be put into action. He has asked Supt. Bob Buchanan of Corona to be prepared to appear before a hearing in Santa Fe. Corona is a typical small school serving a large area.

Clegg called on Sid Goodloe, member of the Capitan Board of Education in town for a Farm Bureau meeting, to comment. Goodloe said that if the recommended consolidation went through that 50 per cent of Capitan students would be on school buses from two to three hours, by the time they got to school they would be too tired to absorb much. The Capitan school district will fight consolidation if it comes up.

Goodloe said that when people had to move to town, any town, for their youngsters to get an education then you're hurting the rural areas. Conditions should permit people to

continue to live on the land which is still supporting New Mexico in a big way.

Talk turned to finance. Shrecengost said that each area of state government is asking for more and more money. It will be difficult to maintain or increase money for public education.

Ray Wells asked, how long until another tax increase will be necessary?

Shrecengost answered, if the growth factor of the state continues we'll have no trouble. We're spending the maximum amount, based on income, now.

Supt. Clegg said, that if we stand still in population (meaning the school district and towns in it) and the state continues to gain in population, then we get less and less money. Shrecengost added, the weighing factor helps small schools, which are more expensive to operate.

Prin. Glen Ellison said he thought that more than just consolidation was involved. Such schools as Estancia and Capitan do not have enough money now. "I hate to see NME demand \$90 million, some need for consolidation does exist, whose to say what area is to lose. We need a grass roots program. I think Albuquerque and the NMEA had much to do with this report."

Supt. Clegg told Rep. Shrecengost, and the meeting, that Carrizozo is ready for vocational training. With new shop, home economics facilities, and commercial department, we can do our part.

At the close of the meeting Supt. Clegg showed Mrs. A. N. Spencer and the group the new bronze plaque, designating the library as the "Hugh Bancroft, Jr. Memorial Library", which was to be placed on the wall Wednesday.

Santa Fe—The state Bureau of Revenue which employs 300 and collects \$120 million a year is going into 1965 under a new commissioner, Max Gonzales, handsome young Albuquerque CPA, who never before worked for the state. His salary \$15,000 a year.

His deputy commissioner, a position that hasn't been filled in the bureau for the past ten years, is Jerry Brown, a personable young man who has been engaged in Albuquerque television work for several years and with no experience in state work. His salary \$10,800.

\$25,800 PAY AND \$13,200

The two with combined pay of \$25,800 are replacing old bureau hand Charlie Brunaclni who worked himself into a hospital at \$13,200.

The two new ones will have a hard time matching the performance of Brunaclni who had a highly productive period in the bureau while cutting some 60 people off the payroll and achieving the lowest administration cost in the history of the agency.

DIFFERENT OFFICER IN SECOND TERM

Jack Campbell will be a somewhat different governor now that he has re-election behind him.

Watch for him to throw a noose on Benny Sanchez' Motor Vehicle Department which he allowed to mushroom into an employment giant when it was helpful to the governor in organizing for his second term election.

Campbell went overboard for a huge increase in school money in his first term and this may be expected to hold the level of spending right where it is, allowing increases only to meet the increased number of students.

GOVERNOR INTENT ON GOOD RECORD

The governor who appeared to want to spend everything in sight in his first term will fight the legislature and the state agencies and institutions off of the \$10 million surplus that is building up in the general fund.

The governor will resist use of any of the surplus money for operational costs. Some of it may be used for capital investments such as state park development, completing the new capitol construction or possibly for starting the Kerr-Mills medicare program for the aged if the legislature wants to adopt the program.

The governor seems to be intent on closing his final term with a good record, particularly in the money department.

LADY LEGISLATOR MISSES HER PAY

Motor Vehicle Commissioner Benny Sanchez hired Rep. Helen Wells a couple of weeks before her term expired and she had to work the last half of December

for nothing. Mrs. Wells, the only lady member of the past legislature (there is none this time), was hired December 16 at \$300 a month and it wasn't until the end of the month that it was brought up that a legislator cannot work for the state during the term for which she was elected.

The penalty: A felony with no less than \$1,000 fine and up to five years in prison for both the legislator and the officer who paid her.

CHIEF'S FRIENDS OFFER SUPPORT

Rep. Chief Gonzales of Las Vegas who lost out to Rep. Alex Martinez for Democratic whip by two votes has been informed by two legislators who were not present at the December 11 party caucus that they would vote for him if he should call for another election after the legislature meets January 19.

Gonzales said he would not ask for another election. There has been some grumbling about Santa Fe county having the speaker, Bruce King, and also the party whip, Martinez is from Santa Fe.

The Demo. leader is Austin Roberts of Farmington.

PUBLIC DEFENDERS ON 1965 SCHEDULE

The legislature office has prepared a bill which several legislators are eager to sponsor that would set up public defender lawyers in each of the eleven judicial districts at pay of \$10,000, \$12,000 and \$15,000 a year according to the size of their districts.

In the big districts they would work with assistants, investigators and clerical staff and all would be banned from private practice.

Their proposed pay is considerably above their opposite numbers, the district attorneys, but the DA's are permitted to engage in private practice. The district attorney rate is \$8,000 and \$10,200 in the five big districts.

The public defenders would be appointed by the governor according to the bill draft.

MECHEM TALKS AT ODD TIME

The statement from Ed Mechem, former governor and U. S. senator, that he is pulling out of politics and might run again jolted political observers.

Many believed the famous Republican politician was retiring and even if he planned a comeback it wasn't like him to be talking about it at this stage of the political season. In the past Mechem has gone up until filing time before revealing his intentions to run or stay out.

He always ran. He was a candidate for governor or senator in every state election since he was first elected governor in 1950. He won four and lost four, and according to his recent talk, may want to break the tie.

All county school districts will have board member elections Feb. 2nd

School district patrons in Hondo, Capitan, Corona and Carrizozo will go to the polls on February 2 to elect two board members, with three to be elected at Corona.

Resolutions passed at the last regular board meeting call for the election. Nominations of candidates must be delivered to the superintendent's office at Corona not later than January 19. Nominations in Carrizozo will be received through January 26. Polls will be open from 8:00 to 7:00.

Mrs. A. N. Spencer has announced that she will be a candidate for re-election to the Carrizozo school board for a six-year term. Mrs. Spencer has served for six years. Fred Chavez, who was appointed to place on the board, and then to fill Richard Kondo's term, has served a total of four years. He is an employee of the local postoffice and under the Hatch Act is not allowed to run for a political office. He will not be a candidate.

Outstanding Jr. Rancher in 1964

Scott Shafer, 4-H member of the month from the Ancho Junior Ranchers, is wearing the 4-H jacket that he won for being the outstanding 4-H member in his club for 1964. He is showing his registered Hereford cow and her calf that he is taking as a 4-H project. During 1964 he won a gold medal for being the high

point individual in the district livestock judging contest. He received a beef cattle medal and an agriculture medal for his achievement record for the past two years.

Scott has a registered Dorset herd and registered Hereford for 4-H projects. Other projects he is taking are: Range plants and Fat Lamb. He has been

club reporter for two years and treasurer for the past three years.

Each year he has placed well with his exhibits at the Lincoln County Fair and this past year had the champion Dorset ewe at the New Mexico State Fair.

Report of Fort Stanton TB Hospital Board of Directors Meeting Saturday, Jan. 9, 1965

The board of directors of the Fort Stanton Tuberculosis Hospital, meeting at the White Winrock Hotel in Albuquerque January 9, had a full agenda of business for discussion. Following approval of minutes and introductions, Chairman, Gene Mann discussed the Hospital Facilities Act expected to be introduced in some form in the coming session of legislature.

Chairman Mann and Supt. George Bryan had attended a meeting in Santa Fe December 11 attended by representatives from all institutions in the state. It was learned at this meeting that two bills would be introduced, one in the House, the other in the Senate, both bills based on studies made by the Legislative Finance Committee three years ago. The bills will be essentially the same.

The bills would change the setup for management and direction of all hospital and correctional institutions in the state. At present each institution has a board of directors and superintendents with other staff members. The new legislation would set up one board of directors for hospitals and one for correctional institutions, with staff as needed. The present boards would become advisory boards with no authority.

Chairman Mann stated that three years ago the several institutions of the state were having troubles galore, when the study was made, but that the situation had cleared up considerably. The LFC has this problem, of aiding in appropriation of state money, then not knowing that the money is spent as directed. However, such information is a matter of record in the Department of Finance.

Some conflict does exist between the legislative and executive branches of government with the institutions in the middle. For example - Fort Stanton is directly responsible to the Department of Finance on budget matters and has no valid reason to seek advice and help from the Legislative Finance Committee. Yet this committee is responsible for appropriations and feels it should be kept informed. Makes for a touchy situation.

The TB Hospital board of directors agreed that the new legislation would kill initiative at the grass roots, meaning that one board of directors over all hospitals of the state would more or less become a professional board (the members would have time for little else), and that the position of director would be more a political job than is the case with present superintendents in charge.

Mann pointed out that the main criticism of the present setup was changes in planning when board members changed. Mann also said that a professional staff such as the Educational Board of Finance, which advises but leaves the several boards of regents with authority, could work well — but the new legislation is not written that way. Mann concluded this discussion by making note of the need for a better informed public, and a better informed legislative finance committee.

The hospital audit report for 22 months ended June 30, 1964, was received. Bassett, Johnston & Deason of Roswell made the audit which included the following statements: 1. Revenues were being properly accounted for; 2. The existing system of

internal control (except as related to certain inventories) and financial records were more than adequate; 3. Every effort was being made to comply with the spirit and letter of the statutes; 4. The financial operation and management of the Board was and is highly efficient and accounting personnel was extremely competent and most cooperative.

The approved budget for the period was \$1,060,219.00. Unexpended budget for the period was \$61,945.67. The audit report was accepted.

A resolution thanking Larry Goodall of Roswell for his work with the hospital board has been presented since the last meeting. Chairman Mann stated that the hospital was indebted to Mr. Goodall for his good work.

Discussion of surgery performed at and financed by the TB Hospital. The practice is to select a surgeon on an annual basis, recently not much surgery has been performed because the need did not exist. Both Dr. H. C. Jernigan and W.F. Rosenblatt made it clear that all necessary surgery was being performed. Money for surgery has been available and that patient care came ahead of improvements such as a new floor.

Next discussion centered on admission of patients; those who may or may not have TB. Dr. Jernigan stated that in the last five years 92 patients had been admitted under tentative

diagnosis of tuberculosis, who did not have TB. Quite a number of TB symptoms show up in patients free of the disease. It's sort of an ethical question with doctors who refer patients to the Fort Stanton Hospital, they can say tentative diagnosis or probable. There are a number of instances where patients require a long term of hospitalization, do not qualify for medical help from any source because they own property and cannot afford the hospitalization. State law denies the hospital the right to accept any but Tuberculosis cases, but there is not much Fort Stanton doctors can do when the referring doctor says, "I think it might be", but accept the case.

Dr. Rosenblatt pointed out the saving to the state, with added comments from Supt. Bryan, in contact cases. When a person having tuberculosis is admitted to the hospital, the next step is to notify the family in hope that the children who could possibly develop TB will receive proper preventative medicine. Some times this is done, in many instances not. Of 395 new cases of TB last year there were maybe 1,000 contacts who should have had treatments, if just two of such contact cases were prevented (average case cost is \$4,454.55) it would more than pay for preventive medicine for the entire 1,000. The duty of the hospital is to warn or advise the family in contact to go to the family doctor, be-

yond that the hospital cannot do much.

Dr. Louis Levin, member of the board, told of the recent outbreak of typhoid in his area. This was the case where at a wedding reception those who ate chicken salad, potato salad and ice cream came down with typhoid, those who drank more than they ate escaped catching the disease. Few of those at the party went to doctors and it became necessary to bring in a team of specialists from Georgia to track down the source of the typhoid germs.

Work of clearing and salvaging materials and building at Moriarty is about complete. The Highway Department is taking over the water well, last two buildings are on the move. All materials have been disbursed to other agencies or stored at Fort Stanton. Supt. Bryan said that two of the boilers from Moriarty went to Car-

rie Tingley Hospital at T or C. The cost of new boilers would have been \$35,000, the two were replaced with near new boilers at a cost of \$3,200, figured as 10 per cent of 90 per cent of new replacement cost.

A program of service pin awards will be instituted at Fort Stanton. Supt. Bryan said he thought that employees who have served ably for various periods of time should have such service recognized. The board agreed wholeheartedly.

The State Highway Department has made a request to use road material from pit on the Fort property. This request will be granted, the Road Department in lieu of payment, will fix roads in the Fort Stanton area.

Dr. Jernigan told of the extensive activities during the Christmas season. Santa Claus visited in the children's ward with gifts for all on December 17, many of these arrangements being made by Art Salas. The Carrizozo Community Chorus caroled at the Christmas party for adults on that same evening, and through the wards. On December 22 the 7th grade from Ruidoso brought gifts and sang for the children. They had made this trip one of their projects. On Dec. 22 at 7:30 Rev. Wm. Brown from Ruidoso conducted a service in front of the nativity scene on the grounds. On December 24 the Carrizozo choir returned. On December 25

Mrs. Katty Crow recently returned from Long Beach, Calif after spending two months there taking care of her mother who has been ill. Mrs. Crow also helped take care of a new grandson, Kelvin Michael, born Nov. 18. The new baby's parents are Mr. and Mrs. Mike Crow of Oxnard, Calif. They have another son, Neil Todd.

Mrs. Claudell McCloud and daughter, Jennette, and Mrs. Fern Stees, and Mrs. Stee's children Penny and Jimmy, visited Mrs. McCloud's mother, Mrs. Hancha Wilton in Tucumcari one day last week.

Mr. and Mrs. Joe Atkinson and Mrs. Atkinson's mother, Mrs. W. S. Dikman, visited the past weekend with their daughter and son-in-law. Mr. and Mrs. Sam Stewart at Claude, Texas. A six inch snow fell at

Claude while they were there. The ground was barely covered here at Corona with snow the past weekend.

Mr. and Mrs. G. L. (Lee) Hart who moved to Albuquerque recently were at Corona one day last week. They visited with Mr. Hart's daughter and son-in-law at San Francisco, Calif. during the Christmas holidays.

Mrs. Nellie Small, 48, a resident of Cedarvale and Corona for many years, died of a heart attack, Jan. 7. Funeral services were held Jan. 9 at Sunset Memorial in Albuquerque. Mrs. Small is survived by her husband, Jess Small, one son, Kenneth of Albuquerque; her father, A. R. (Buck) Hamilton of T or C; four brothers, Paul and J. W. Hamilton of Albuquerque; James Hamilton of El Paso and Jack Hamilton of California. Also four sisters, Mable, Maud Rosalee, and Mary Margaret, three of the sisters live in Tex. and one in California. All are former residents of Cedarvale and attended school at Corona.

Mr. and Mrs. Elmo Tracy with to announce the engagement of their daughter, Cherry, to Bill Thompson of Phoenix, Arizona. A June wedding is planned. Miss Tracy is a senior in Corona High School. She visited during the Christmas holidays with the family of Mr. Thompson in Phoenix. Mr. Thompson has finished four years in the Air Force, and is Crew Chief for Lockheed Air Craft Service at Luke Air Force Base in Phoenix.

Miss Dell Mae Roberts, Mrs. Walter Pfeiffer, and Mrs. Sarah Hillmeyer attended Market Day in Albuquerque Jan. 10.

United Presbyterian Women will meet at the Corona Presbyterian Church Jan. 19 to install officers. Everyone welcome.

Ruidoso studies plan for school

RUIDOSO — Ruidoso School Supt. George P. White announced that a meeting has been called for 7:30 p.m. Thursday in the gymnasium with architects present to review plans for a proposed new school, estimated to cost about \$350,000 and planned for a tract of land north of the city and east of the municipal airport.

White said three partners in the firm of Voll, Buffington and Nolan of Roswell and Alamogordo will be on hand to answer questions concerning lighting, heating, materials, floor plans, insulation, sewage, roofing and furnishings.

Financing of the project will also be discussed.

It is proposed that an election be held in February on the bonds needed to finance the project. Friday afternoon the board will meet to discuss passage of a resolution calling for the bond election.

NMEA would be seeking \$90.6 million.

Also included in the recommendations to the legislature was a proposal to step back to the old system which allowed the State Education Board to consolidate schools in the state. Prior to 1958, the board could consolidate schools and systems after holding public hearings in local areas. The law was changed later to require local consent before consolidation could be effected.

Gov. Jack M. Campbell, then a representative from Chavez County, was the author of the local approval bill on consolidation.

Other recommendations from the NMEA to the legislature were:

—The establishment of a new public school finance board to be appointed by the governor.

—An appropriation of \$6.1 million for public school transportation for the next fiscal year to be distributed within a statewide formula.

—The changing of fiscal years for school systems to run from September to September instead of the present July to July.

Education Assn. asks \$90 million

Santa Fe — The New Mexico Education Assn., has called for a net appropriation of about \$90.6 million for the state's public schools during the next fiscal year.

With the recommendation to the legislature came a request that cash balances held by schools be used in district budgets. The cash balances, exceeding five per cent of the district's operating fund, were estimated at about \$5 million by the NMEA.

Without the \$5 million in cash balances, the NMEA proposal would cost the state about \$35.6 million. The increase would be used generally for a 10 per cent increase in teacher's salaries throughout the state the NMEA said.

The NMEA said the present 265 basic amount of money spent by the state on each student in the state's weighting formula for schools should be upgraded to \$290 a weighted student. The amount is \$10 a student higher than the amount recommended by the governor's public school study commission report published in December.

The governor's commission recommended \$280 a student as well as a district application of the funds instead of on a per-school basis. The commission request would keep the total cost close to the present \$86 million spent by the state this year on schools.

The \$290 a student figure would cost the state about \$92 million, spokesman for the NMEA said Saturday. An additional \$3.6 million was also proposed to be used in districts where outside support, such as federal funds for impacted areas could not be found. This \$3.6 million would be used to bring sublevel systems up to the foundation level of \$390 a student sought by the teacher's association.

The \$5 million estimated in cash balances in many of the state's systems would then reduce the figure back so that the

—An appropriation of \$250,000 to the public plant facilities commission.

—An appropriation of \$1.52 million for public school textbook distribution. With the recommendation came a suggestion of segregation of distribution on textbooks in relation to the various types of schools in the state.

—An appropriation for instruction for retarded children if such children are to be the responsibility of public schools.

—Changes in the educational retirement act.

—Passage of a professional practices act and a professional negotiations act.

—Passage of an act for standard statewide sick leave policies and to permit districts to initiate sabbatical leaves for teachers.

Discover the difference in the '65 Chevrolets (As different from other cars as they are from each other)

CHEVROLET—As roomy a car as Chevrolet's ever built.

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. It's wider this year and the attractively curved windows help to give you more shoulder room. The engine's been moved forward to give you more foot room. So, besides the way a '65 Chevrolet looks and rides, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

CORVAIR—The only rear engine American car made.

You should read what the automotive magazines say can touch its styling. They say if you haven't driven a about the '65 Corvair. They're wild about its ride. They new Corvair Corsa with a 180-hp Six Turbo-Chargaarged! think there's nothing else this side of the Atlantic that you just don't know what you're missing.

Paper by Rosenblatt widely circulated abroad

Dr. Wilhelm Rosenblatt and family had met a number of the German soldiers sent over to Ft. Bliss, Tex. to train in the U. S. Guided Missile program. Realizing that Ft. Bliss is in the belt infested with Coccidioides Mycosis and that the symptoms of tuberculosis and Coccidioides Mycosis are very similar, also that Germany was not infested with the fungi, Dr. Rosenblatt wrote in June 1964, a paper in German entitled "Coccidioides Mycosis" in Germany. This paper appeared in the major European countries, consequently quite a bit of international correspondence has resulted.

Elmer Ham entered St. Mary's Hospital in Roswell last week. Mrs. Ham is with him in Roswell. Report of this writing Elmer is doing as well as can be expected.

Mrs. Ethel Keathley, in a Roswell hospital, underwent surgery last Monday. Mrs. Keathley is recuperating from her leg amputation very nicely. Her future plans are undetermined as of now.

Mr. Lewis Cummins received word of the sudden death of his brother in Cloudercroft last Friday, from a heart attack. He had made his home in Cloudercroft for some time and had just returned three months ago from a siege in the hospital in Alamogordo. Funeral arrangements are pending at this report. Mr. and Mrs. Cummins and grandsons were in Alamogordo over Sunday, while there they visited with Mrs. Adda Sellers.

Hollis and Gloria were in Tucson, Arizona for the weekend but were called back due to the death of Hollis' uncle in Cloudercroft.

The Chairman of the Fort Stanton Hospital Board, Dr. Eugene Mann, Portales, sent a letter of appreciation to each employee of Fort Stanton with the Christmas check. The letter expressed gratitude of the board to all employees for their help and cooperation during the year.

Dr. Wilhelm Rosenblatt, senior medical associate, was offered the position of director of a TB hospital in Decatur, Alabama. Dr. Rosenblatt worked at the hospital before coming to Fort Stanton. The offer was declined by Dr. Rosenblatt.

The Fort Stanton Hospital Board met January 9 in Albuquerque. All members were present except Mrs. Eleanor Jones, who was absent due to illness. This is the first absence of a member in a year's meetings by the board. Those present were: Dr. Eugene Mann, chairman, Portales; Mrs. Lena Pfeiffer,

secretary, Tatum; Dr. Louis Levin, member, Albuquerque; Paul Payton, member Carrizozo; H. C. Jernigan, M. D., medical director; George Bryan, superintendent and Pat Salas, recording secretary.

A letter was received by the patients of Fort Stanton from Dr. Eugene Mann, chairman of the Fort Stanton Hospital Board during the holiday season just past. The letter expressed sincere greetings and hopes for a bright new year, although we are a few among thousands in our state who have concern for your improvement and hopeful recovery, we know that the staff at Fort Stanton has done everything possible to make your holiday season a happy one. On behalf of the members of the board, we wish you much happiness in 1965.

George and Sharon Johnson had a second honeymoon for 5 days in Los Angeles, California last week. Yep, they 'farmed' the children out for the five days. Congratulations to you George and Sharon.

The X-ray mobile unit spent last Thursday and Friday in T or C. While there on tour of duty, 410 chest X-rays were taken.

Johnny and Alma Walker spent the holidays with their grandparents in Herbster, Wis. Johnny stayed and he is now employed by the Isakson Lumber Co. in Herbster. Alma returned to finish her senior year.

Henry Vigil of Camp Sierra Blanca has transferred back to the Boys' School in Springer. This was his own request.

Three new supervisors have been added to the personnel at Camp Sierra Blanca. Ron Moore first of four, psychological counselor, Ron is married and has B. S. Degree from Abilene Christian College in Abilene, Texas, in 1958. Had two years in the Army with 18 months in Germany; has lived in Roswell 3 1/2 years, formally owned the Chief theater there and was employed by I. T. T. Kellogg, Walker A. F. B. in Installation Communication. Ron is working on his ordinary teachers degree to teach the boys at the camp, aside from his normal duties.

Robert Gennrich, married and is a retired U S A F Major, pilot, Ground School Supervisor and instructor, of 24 years.

Joe Males, married, and is a retired Staff Sgt. U S A F Arco Space Camp Sierra Blanca.

All three supervisors will commute from Roswell to their duties at Camp Sierra Blanca.

All patients having furloughs over Christmas and New Year returned to Fort Stanton.

School News:

Amigos y Amigas: We are all back in school after a nice furlough at home. Each child was given gifts before going home and on returning.

Mrs. Lena Pfeiffer, board member from Tatum sent quite a lot of gifts to the children at Fort Stanton. Mrs. Henderson of Roswell also sent gifts for us.

We appreciate Mr. Paul Payton, board member, publisher of Lincoln County News for coming through a snow storm to take pictures of our class for his paper.

Supt. Duane Darling came last Wednesday to visit our school.

We are all busy in school taking our midterm examinations.

Tuesday we had a new boy and girl to enter building No. 12. They are Roger and Grace Alvarez.

Until next week: Adios amigos y amigas.

Alicia and Sally We here at Fort Stanton leave this thought with you until next week:

"I am an interpreter who can think that thing within me which is worthy of being done."

CAPITAN NEWS — By Margaret Rench

A note to Capitan parents vandalism here needs to be stopped

This note is to parents and friends of Capitan. I am telling you some of you are not doing your duties as parents. I have lived in this town for 34 years and loved everyone. Every little child has always found me to be a friend. I have kept silent in the past, thinking we had such lovely children and excused many a deed that did not appear funny, thinking it best not to mention. But to me, it is time to talk to you. There are things going on here that absolutely need to be stopped. Fun is one thing, vandalism is another. Saturday night about 2:00 a.m. a teenage child wrecked the family car by running into the light pole near the turn to the Ranger Station. Luckily, she escaped with only a scratch. For hours that car went up one street and down another on two wheels and doing everything to damage it, before the wreck. Many witnessed that. Now, what nonsense?

Here is one thing that happened to my laundry property Dec. 22. Children 10 to 13 years mind you, it is hard to feature them taking the window pane out on the east eaved and what a terrific damage. Several hundred dollars, inside and in the little building outside. No insurance. I have been very kind, but I do not care how long it takes I will find the guilty ones. You will be disciplined. Whether you know it or not, our character is the most important part of us. Now is the time for you to get it corrected before it leads you to very serious trouble. There is too much of this going on here

and now it is time it is stopped and corrected. Fun is fun but this is serious when property is damaged. I live this motto. "Do unto others, as you want them to do unto you." I have turned my cheek many times with understanding but now you youngsters had better get busy and do constructive things in life. Parents, wake up, and know where your children are and what they are doing. Turn tables and think how you would react if this happened to you. Give your children work to do and see that they do it. Teach them.

Mr. and Mrs. C. A. Botsford, Amy and Eileen of Pagosa Springs, Colo. spent the holidays with her family in Mississippi and while enroute home they spent Thursday through Saturday with Mr. and Mrs. Duane Darling and family.

Mr. and Mrs. Clem Clearly and family returned from their holiday vacation Saturday. The Grandma Canasta Club met at the home of Ethel Howard honoring the birthday of Corrine Provine. Those attending Thursday, besides the hostesses were Pat Flatley, Grace Murphy, Sybil Arnett and Eltha Merrell, and Corrine Provine. They enjoyed the afternoon of Canasta and a lovely dessert was served for refreshments.

Mrs. Stanley Pepper entered the Carrizozo hospital over a week ago and is very ill. My sincere good wishes are to you for a speedy recovery.

Mrs. Annie McInnes was visiting in Portales. Her daughter Mr. and Mrs. Archie Fuch and family of Albuquerque went to Portales the last week of December and brought her to her home here in Capitan and they stayed a couple of nights and then returned to their home taking Annie with them so that she could have a checkup by her doctor. She was ill.

The Extension Club met at the home of Mrs. Gerald Dean, Jr. Jan. 4th. There were ten present. Mrs. Pat Flatley is the instructor and was elected president. Mrs. Eltha Merrell, secretary. Mrs. John Arnett, Mrs. Corrine Provine, Mrs. Robert Dean, Mrs. Milton Jones, Mrs. Pat Joiner, Mrs. Gerald Dean, Sr., Mrs. Albert Snow of Carrizozo and the hostess.

The next meeting will be held at the Flatley home Feb. 1. Anyone interested in doing extension work is invited to be present. They worked on seed pictures this last meeting and will again next time.

Mr. and Mrs. Jack Robinson and children, Ann, Virginia, Jackie and Kathy, spent the week of Dec. 28 through Jan. 2 visiting relatives and friends in Oklahoma, Texas and New Mexico. They visited Grady and Mary Hela Wallace at Watson, Okla. They then went to Dublin, Texas, where they saw Ethel's aunt, Mrs. Essie Landes, Mr. and Mrs. Jess Landes, Mr. and Mrs. Homer Derrick, Mr. and Mrs. Zillman Sharp and Mrs. Orlena Williams, all of Dublin. They also saw Mrs. Ida Robinson of Big Springs, Texas, and Mr. and Mrs. W. L. Greenob of Hobbs.

Mr. and Mrs. Hollis Cummins left Friday for a weekend vacation in Tucson and Phoenix, Ariz., to return Tuesday.

Jess Harris and his sister Lou visited their sister, Mr. and Mrs. R. D. Kingston Sunday evening. Lou is going to California to visit her sister Agnes for a few weeks, leaving by bus the 14th or 15th.

Mr. and Mrs. Lewis Cummins went to visit Mrs. Ethel Keathley Thursday at the Roswell medical center where she underwent surgery Monday. She is doing nicely.

Charles Burch purchased that old rock house property on the corner of West Second Street. He has cleared away some of the rock and debris and intends

to make a nice home out of the standing part of that house. It looks nice. They will live there during school days.

Leo Powell of White Sands arrived Sunday to spend a week or more with Mr. and Mrs. John Soderback and other friends.

Robert (Bobbie) Powell went into the Merchant Marines on January 6. He is on an oil tanker and goes from San Pedro, Calif., to Seattle, Wash. He really likes and enjoys this. He has wanted this for so long. I am happy for him.

Monroe Reed of Cloudercroft 79 years old, brother-in-law of Lewis Cummins, died suddenly about 3:30 p.m. January 8 of a heart attack while he was sweeping snow in the front yard of his home. Funeral services were this Monday Jan. 11 in Alamogordo. Mr. and Mrs. Lewis Cummins visited the family in Alamogordo Sunday.

Ivy Traylor of New Mexico Western University at Silver City was home with her parents, Mr. and Mrs. Herbert Lee Traylor for the Christmas holidays.

Guests of the H. L. Traylor during that time were Mr. and Mrs. R. V. Traylor of Lordsburg, while enroute to visit Jan's mother, Mrs. Oney Raymond in Roswell, Mr. and Mrs. Earl Traylor and son, Vance spent a few days with them.

Mrs. Ed Rittman of San Antonio, Tex. and her grandson, Edward, visited her daughter and family in California. While enroute home they stopped for several days visit with her sister, Mr. and Mrs. Lester Lockhart and family at Fort Stanton, N. M.

Mr. Elmer Ham entered St. Marys Hospital last Friday morning very ill. On January 2 he underwent surgery. I send my prayer and sincere good wishes for a speedy recovery.

Mr. and Mrs. Jack Robinson, Ann, Virginia, Jackie and Kathy recently spent the weekend in Hobbs, where they attended the

50th wedding anniversary celebration of Mr. and Mrs. Lee Greenob on December 20. People of the Lincoln County area will remember them as coming to the Nogal Mesa Ranchmen's Camp Meeting every year for over twelve years.

The Greenobns have lived in the Hobbs area since 1915. They moved to New Mexico by covered wagon, and arrived near what is now the city of Hobbs, where they homesteaded on what is now the Denver City Highway, north and where they still live.

Their daughter, Mrs. Eva Bryson; their twin sons, Ray and Roy; their six grandchildren; and their great grandchildren, all live in or near Hobbs.

Mr. Greenob is a lifelong member of the First Baptist Church of Hobbs, and heads the board of deacons, besides being church treasurer. He is a past member of the Hobbs school board, and a present member of the board of the College of the Southwest.

In honor of his many years of faithful service to the First Baptist church of Hobbs, a huge stained glass window at the front of the brand-new church building was recently dedicated to Mr. Greenob.

At the golden wedding anniversary reception held at the home of their son and daughter-in-law, Mr. and Mrs. Roy Greenob in Hobbs, over 200 families registered from all over New Mexico, Texas and the rest of the Southwest. The house was decorated with golden bells, a rainbow of net over the mantel, and an enlargement of their wedding picture. Cakes, spiced tea and coffee were served from a table decorated with a cloth of gold taffeta covered over with white net and a centerpiece of gold roses. A miniature wedding cake decorated with gold bells, graced the reception table, and was later presented to the happy couple.

Mr. and Mrs. Sidney Preston's guests for this last weekend were her sister and husband of Victoria, Texas.

Mr. and Mrs. Germany are purchasing the McDonough home.

We had a little shower of rain last Friday night and an inch of snow followed. But it is all gone. That moisture was appreciated.

Mr. and Mrs. Miles Williams and Mr. and Mrs. Champ Ferguson enjoyed a lovely dinner at the home of Mr. and Mrs. James Howard last Sunday.

A new addition to the west part of the Smokey Bear Motel office is being added. It is enclosed at this time. Another trailer home has moved into the Smokey Bear Motel Trailer parking lot. There are three there now. A new roof is being put on at Virgil's Garage where that fire was last Monday.

Those from Capitan attending Eastern Star last Thursday night were Mr. and Mrs. Otho Lowe and Mr. and Mrs. Jack Shaw and Margaret Rench.

Travis Werner went to Elida Thursday to visit his son Mr. and Mrs. John Werner and family.

We go this way but once
We go this way but once,
O Heart of mine,
So why not make the journey
well worth while,
Giving to those who travel
on with us

A helping hand, a word of cheer,
a smile?

We go this way but once,
Ah never more

Can we go back along the
selfsame way,
To get more out of life,
undo the wrongs,
Or speak love's words we knew,
but did not say.

We go this way but once.
Then, let us make
The road we travel blossomy
and sweet

With helpful, kindly deeds
and tender words
Smoothing the path of the
bruised and stumbling feet.

The Gamma Tau Chapter of Beta Sigma Phi held its first meeting in the new year in the home of Mrs. Wesley Dross on January 5.

The business meeting was held. The social for the month was changed to a coffee at the Margaret Stearns office on Friday, Jan. 8. Elizabeth MacVeigh won the door prize.

Bennie Knoblock, was in charge of the program, "Let's talk over Radio and Television." Each member gave the name of her favorite announcer and why she liked the announcer. This was followed by a discussion on TV programs that were not liked and why.

Delicious refreshments were served by the hostess.

Those present were: Elizabeth MacVeigh, Veda Lou Stephenson, Jane Shafer, Margaret Stearns, Lois Burns, Eleanor Payton, Phoebe Taylor, Bennie Knoblock and Marleen Dross.

Lunch held at Stephenson Ranch

The Lincoln County Republican Women's Club held their January meeting Tuesday at the home of Mrs. Kelley Stephenson. A large number were in attendance.

A 12:30 luncheon preceded the business meeting.

Mrs. O. D. McNatt, Nogal, vice president, presided at the business meeting. Revision of the By-laws, report of the nominating committee, and plans for a county-wide rally in May, honoring Gov. Bollack's birthday were discussed.

The nominating committee's report included the following: for president, Mrs. O. D. McNatt, Nogal; first vice president Mrs. W. G. Shrecengost, Lincoln; second vice president, Mrs. Baird, Ruidoso; recording secretary, Mrs. Lloyd Vigil, Carrizozo; corresponding secretary, Mrs. Geraldine Perkins, Corona; treasurer, Mrs. A. N. Spencer, Carrizozo.

and Mr. and Mrs. Jim Tom Kelson in Wink, Tex. Mrs. Katharine Colley, aunt of Mrs. Hightower returned home with them for a visit.

The Ancho Branch Church hosted the annual congregational meeting of the Corona Presbyterian church Sunday evening with a covered dish supper. Fifty-five people were present. Rev. Tom Myers of Albuquerque was the moderator.

The first U.P.W. meeting of the new year will be at the home of Dixie Bond Jan. 20th with a covered dish lunch at 11:30. Dorothy Straley will lead the Bible study, "Live as Free Men" from Galatians.

Rex Wilson celebrated his fifth birthday by inviting his kindergarten class, G. L. and Phil Straley, Sandra and Mike Bond, Juliane Straley and Steven Harkey to his home for lunch and had a sail boat birthday cake that was enjoyed by all his friends. They played games and had lots of fun in the afternoon.

Rex and Alton Wilson, Sandra and Mike Bond, Julienne and Clint Straley, Leanne, G. L. and Phil Straley, Susan, Luellen, Carol Ann, Danny and Steve Harkey helped Woody Wilson celebrate his sixth birthday Monday in Carrizozo.

Mrs. Dixie Bond and Blanche Straley were Albuquerque business visitors on Tuesday.

Mr. and Mrs. L. Y. Jackson, DeeDee and Leland of Tularosa visited Jackie Silvers over the weekend.

Rev. Tom Meyers was overnight guest of Mr. and Mrs. J. A. Hightower Sunday night.

LINCOLN COUNTY NEWS, THURSDAY, JANUARY 14, 1965

of Glencoe left for Dallas, Tex., where Bobby will attend barber school.

A light snow blanket covered the ground here in San Patricio Friday night and lasted until Saturday afternoon.

Old Lincoln Town

By Mrs. Edgar Phillips

Mr. J. R. McCarter of Midland, Texas, arrived January 4 to take charge of the Wortley Hotel. His family was here for the past weekend and went back to Midland but expect to come to stay next weekend. We will be pleased to have them in Lincoln.

Ray Maes, son of Mr. and Mrs. Joe Maes of El Paso, and Charles Green of Roswell went back to their homes last week after a nice visit with Mr. and Mrs. Roman Maes. Ray is a grandson of Roman and Theodora and Charles is Theodora's nephew.

Mr. and Mrs. Bert Pfingsten entertained Betty and the Shrecengost children and Rev. and Mrs. Hudgins at a birthday dinner last Friday evening honoring both Betty and Mrs. Hudgins.

Edward Penfield visited his mother and sister, Ruth, in Roswell last weekend. Mrs. Martin

is feeling better than she was the last time he was there. We hope she soon feels well enough to come to Lincoln for a few days at least.

The Elfigo Griego family met in Las Cruces at the home of Elfigo, Jr. and family for a reunion during the Christmas holidays. George, who is stationed in Alaska, was unable to come. Mr. and Mrs. E. T. Aldaz went to Carrizozo and had their great granddaughter, Roberta Denise Baca baptized Jan. 11. Father Jimmy baptized her. The little girl is the daughter of Mr. and Mrs. Leroy Baca. Afterward Mr. and Mrs. Aldaz and Leroy and Theresa went to Fort Stanton where the baby's grandparents had a big dinner for everyone in honor of the baby, they love so dearly.

The baby's great grandfather Mr. Aldaz said she behaved beautifully all of the time and didn't cry even during the baptism.

Small Price

A woman sitting by herself on a train leaned over and purred to a woman who was traveling with two small children: "I'd give ten years of my life to have a couple of fine active youngsters like that." "That," declared the mother, "is just about what they cost."

Dinner honors former pastor

Following the services of the Church of Christ Sunday there was a dinner given honoring Mr. and Mrs. Fred Engle and family. A large crowd attended. The dinner was at the Woman's Club building. He came from Roswell for 17 years to preach at this church. He came in all kinds of impossible weather, an ever-faithful man to his congregation. They all love and appreciate him.

The church of Christ in Capitán has now employed a full-time preacher. He is Perry Zumwalt. He, his wife and three children will move to Capitán this week in their trailer home and will live near the church. They are now living in Artesia.

Mr. and Mrs. Glen Young of Silver City spent the weekend with their daughter, Mr. and Mrs. Duane Darling and family.

Willing hands can help

Rare is the town where so much beautification can be attributed to one or two people as is the case in Carrizozo. ZoZo is indeed fortunate and we think most people appreciate that fact. Our town has improved in so many ways during the past couple of years — we can be real proud — at the same time having only one regret . . . that more people do not take a hand in making the inside of Carrizozo look as beautiful as our town does from all four directions outside.

Many instances could be cited where organizations have taken it upon themselves to do the actual work of beautification, Scout groups, Lions and Rotary clubs, lodges, unions, churches, Chambers of Commerce. You name it, somewhere they did a job and we know of a great many such instances.

We hear it every election year . . . what does my one vote count. Well, the best answer is that it counts as much as you make it count by taking part in government. The same goes for your home town . . . your importance to your home community is just as real as you make it. If you're going to sit back and let one or two people carry the load then your importance can't be counted for much.

How does a shovel or rake fit the palm of your hand, anyway? A few people getting together, maybe borrowing some power tools such as dozers and the will to work — Carrizozo trucks, with a little time and can be beautiful inside as well as outside.

Few things come to him who waits — there's no better day than today to start. Willing hands can make a big difference.

Montana points the way

Montana is not a state of urban decay, of hoodlum mobs roaming slums, of great rafts of illiterate or non-English — speaking aliens or immigrants. It is not a state of asphalt jungles of poverty, disease, vice and crime.

But Montana has its juvenile problems, the same as other states. The difference is that, instead of hiring experts to tell the delinquents how "deprived" they were, got drastic about punishing them.

Many states handle juvenile crimes and offenses in special courts where actions by the youngsters are not treated as crime. In most cases, the state prohibits publication of the identity of juvenile lawbreakers.

Two years ago, Montana abolished laws of this sort, and started trying all juvenile offenders in open court. Newspapers report the names of the juveniles, the offenses charged and the disposition of the cases. Since this change was made, Montana state authorities reported that juvenile cases involving crime of felony grade have been reduced whopping 49 per cent. Juvenile traffic

cases have been thinned by 75 per cent — three out of four. Court authorities credit the decline to the publicity, which they say serves as a deterrent to the youngster and a prod to their parents to see that the kids stay out of trouble. This is a contradiction to the old law that kids get in trouble so their name will appear in the papers and they will be a "hero."

There are lots of youngsters who get in trouble with the law without intending to be criminals. Such cases can be determined by proper investigation. There are other cases of deliberate and hardened violation of the law by little ruffians who have learned that being underage probably will protect them from real punishment.

With judges handling juveniles and consideration, sifting out those for clemency and bearing down hard on the incorrigibles, other states might share Montana's improvement. There is no excuse for protecting the willful young criminal or his criminally negligent parents from publicity for defiance of the law — Santa Fe New Mexican.

A. J. McBrayer was a visitor in the office last week. (He brought subscription money) and the talk turned to mining. His father, Willis E. McBrayer came to the Jicarillas in 1891 from Colorado and worked with the Sully Group of mines when they belonged to W. A. Franklin who acquired them from Ed Tabert. A. J. McBrayer worked in the North Homestead mine at White Oaks and also at the old power plant that used to supply electricity for Carrizozo in the hills southwest of White Oaks. He well remembers when there was a mill in the Jicarillas.

Murra Arab tribe is famous for being only one to make living in desert

Khurals, Saudi Arabia — This is a bedouin of the Murra tribe and his herd of camels at a water hole in the desert south of Hofuf, fairly accurately pinpointed as being directly on the Tropic of Cancer, west of the Trucial Oman.

The Murra Arab tribe is famous as being the only people tough enough to wrest a living from the fierce Rub al-Khali (desert), one of the worst in the world. He is well-known for his tracking abilities also, being able to determine how old are the footprints in the desert sands, whether the woman track is that of a married woman or that of a virgin; and when the Saudi King has difficult tracking problems, he calls in this tribe to solve his needs.

This photograph was made on a day that will be long remembered in the history of Saudi Arabia. It was the day the Crown Prince Fayzal accepted the crown from his retiring brother, the former King Ibn Saud. Another American and I had traveled over the desert trails to Riyadh, the capital of Saudi Arabia, where the King lives, and accepted his million bucks a day from the American oil concessions. This water place was located on the trail which we necessarily were forced to travel in order to reach our destination. There were about five thousand camels at the water hole; numerous sheep and goats.

This bedouin is maneuvering his herd through the many other herds, as they all move to and from the water hole. Each nomad has probably 200 to 1,000 animals which he waters. He also fills the numerous goat skin water containers for his individual use and also for the camel in case of an emergency. The camel takes on a water supply something like the old steam locomotive at the water tanks along the railroad tracks quite mindful of those days.

It is indeed remarkable how these desert people handle the beasts, in a helter-skelter action, without a separation of the herd. One herd meets another, head-on. When all the dust and mud has cleared away, each bedouin has the proper number of animals, and on his correct course—all under control.

There exists a constant grumbling vocal from the camel, however, the like of which no other animal in the world makes, which drowns out all other sounds. The cantankerous-sounding vocals never amount to anything other than an unpleasant noise. And, if close enough, the odor from the camel.

Note the dress of the individual. This is typical of the desert bedouin. His harem member, or members, will, of course, even in this extremely remote region be fully dressed from one end to the other in a long, loose-fitting black robe, with the head covered like a sore thumb, and nothing except the glasses of the soft brown eyes protruding. At this water hole these people were very busy watering the camels, filling the water bags, gathering the camel

INSIDE THE CAPITOL — By Will Harrison

Prominent Catholic fights Right-to-work

SANTA FE—Brother August Raymond, an officer of the Catholic St. Michaels College of Santa Fe, has been nominated to take the place of the late Henry Kiker of Albuquerque as president of the New Mexico Citizens Council for Industrial Peace, an organization opposed to "right to work" legislation.

There were reports in Santa Fe which were not confirmed that Catholic Archbishop James P. Davis would also take an open position against the right to work proposal that is scheduled to come before the legislature that meets here January 19.

The opposition of the late Catholic Archbishop Edwin V. Byrne is commonly credited with defeating the right to work constitutional amendment of 1949.

CATHOLIC CHURCH IS MAIN BARRIER

Church opposition is the greatest barrier faced by the advocates of right to work who seek a constitutional amendment that would prohibit making union membership a requirement for employment in New Mexico.

It would require approval of the legislature and then come before the voters at the next special or general election.

The Council for Industrial Peace was organized in 1959 to fight a right to work proposal that was before the legislature that year. The council was reactivated this year with Kiker as president and State Rep. David Cargo, Albuquerque Republican, as vice-president when it was learned that another drive would be made in the 1965 legislature. Kiker was killed in an automobile accident several weeks ago.

RURAL LEGISLATURE IN KEY POSITION

State Rep. Robert Martin of Redrock in Grant county, one of the most rural of rural legislators, heads the committee that will consider the bills for reapportionment of the legislature on a population basis.

Martin, who came up to the legislature in 1953 and has served longer than any other member of the chamber, is one of those who might be eliminated if the members are allocated on a strict population basis as directed by the Supreme Court.

It was in consideration of Martin's rural background that Speaker Bruce King named a freshman legislator from Albuquerque, Graham D. Stewart, as vice-chairman of Martin's Privileges and Elections Committee.

MOST JUDGES WERE APPOINTED

Plans for a drive in the January legislature to make all district judges and supreme court justices appointive instead of elective recalls that most all the present crew of judges and justices got on the bench by appointment in the first place.

Four of the five justices, Cleye Compton, David Chavez, Irwin Moise, Zig Noble were appointed and the fifth, David Carmody, started his judicial career by appointment as district judge in Santa Fe.

Albuquerque District Judges Ed Swope, D. A. MacPherson, Paul Tackett, Paul Larrazolo got on first by appointment, and also—

Sam Montoya of Santa Fe, William Scoggin of Las Cruces, George Zimmerman of Alamogordo, Caswell Neal of Carlsbad, Kermit Nash of Hobbs, Norman Hodges of Lordsburg, Cecil McIntosh of Raton, E. T. Hensley of Portales, Clyde McCulloch of Farmington and Frank of Gallup.

ONLY ONE LOSER IN 35 YEARS

Only seven of the district judges got in originally by election — John McManus and Robert Reidy of Albuquerque, Louis Armijo of Las Vegas, George Reese of Carlsbad, Garnett Burks of Socorro, J. V. Gallegos of Tucuman, and James Scarborough of Santa Fe.

In the past 35 years there has been only one Democratic judge turned out of office in an election.

NON-LAWYERS IN MAJORITY

The judicial reform proposal that will be offered the legislature calls for appointment of all judges and justices by the governor from a list of names submitted by a committee with a majority of non-lawyer members.

The names of the judges appointed would come up periodically on the ballot with the question: Should Judge So and So be retained? If a majority voted against him he would be out and another appointed to his place.

SECOND COMMITTEE FOR DISCIPLINE

The proposition includes a second commission also with a majority of non-lawyers that could discipline and remove

judges from office. The proposition has strong prospects of success. It would first require approval of the legislature and then from the voters as a constitutional amendment.

A similar proposal was defeated in 1961 largely because of opposition to lawyer domination of the committee for the nomination of candidates for appointment.

And the earlier proposal did not include the disciplinary commission that is being offered this time.

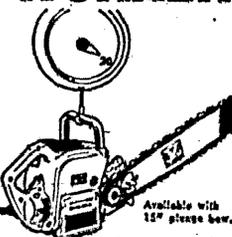

Weather tower at Ruidoso airport

RUIDOSO — H. H. Dyle, Charles Carpenter and Pat Warren, all of the Engineering Installation and Materials Division of the Ft. Worth-Federal Aviation Agency office, were in Ruidoso last week installing the teletype printer and a 39-foot steel weather tower at the Ruidoso Municipal Airport.

The new weather receiving station here will tie the Ruidoso Airport directly with the FAA facilities in Roswell which from 1,100 locales, each with three local loops, three supplementary loops and three area loops, Warren stated.

The Airport Information Desk (AID) which is being installed here will provide "do-it-yourself" flight planning services and will have current weather information available and direct communications to Roswell, the nearest Flight Service Station.

LINCOLN COUNTY NEWS, THURSDAY, JANUARY 14, 1965

THE WAY OF THE WEST

On a trip to Albuquerque last weekend we decided that town is doing its best to provide jobs for all of our young people. New buildings going up all over the town and that covers a lot of miles.

We'll all have a chance to go to a movie tonight (Thursday) and this film is rated high. In fact on top of action films for the year 1964 in New Mexico. The Quarterback Club is sponsoring a showing of the Championship football game with Roy, on film. You'll see things that you didn't see at the game as well as enjoy a replay of this last game for a good bunch of boys.

One advantage of the film is that it will go immediately

after the showing in Carrizozo (7:30 p.m. in the Cafeteria) to a college in Colorado and then to two more where football coaches will watch the activities of boys they are interested in. Danny Armstrong and Gerald Poze are two they will be watching, both big husky boys who should be able to "cut the mustard" in college competition. Another thing that will interest the coaches wherever Gerald and Danny attend college, these boys make "A" grades so no worry about their eligibility.

Judge "Your wife claims you haven't spoken to her in five years. Why is that?"

Man "I didn't feel I ought to interrupt."

Our readers are getting an extra long run of Will Harrison on this week, reason — we published early during Christmas and New Year weeks. Will's column did not arrive in time to get in print, then we printed a long report about water conservation which crowded him out. This week we're making up on the political reading matter.

Not big news for Carrizozo but big news for the area — White Sands Missile Range poured more than two million dollars into local trade during year ending December 31.

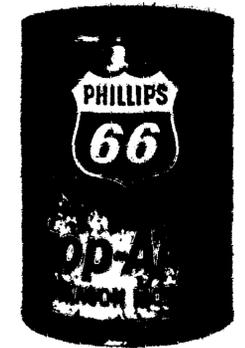

One rancher of the area who does more with water than take a bath every Saturday night . . . says there is plenty of water on the other side of the Mal Pals. We'd sure like to see some exploration that would prove out this statement, could mean a lot to Carrizozo. If we could say we had plenty of water, we'd be ahead of most western towns.

Citizen — During the election, I went all over the neighborhood kissing babies, kissing young girls, kissing mothers, kissing everyone.

Politician — What office were you running for?

Citizen — Oh, I wasn't running for any office, I was out for the smooching.

Sure. You might find another car as new as the Delta 88.

But not this year.

This is Oldsmobile's Delta 88. It's unique. Unique because it's new. New clear through. Styling is new. So new, not a line nor a highlight was borrowed from last year. Power plant is new. Super Rocket V-8 is the biggest in Olds history: 425-cubic-inches big, up to 370-horsepower strong. Transmission is new, too. Turbo Hydra-Matic, available on any Delta 88, provides up to 40% more torque from a standing start, superlative performance at all speeds. New styling. New engine. New transmission. This year, only Delta 88 lets you have all three, all new. Other cars have a lot of catching up to do.

THE Score Board

Services Saturday for Louis Nalda

Mr. and Mrs. Bryce Dugger were in Roswell over the weekend.

Buddy Groves, who drives a red Thunderbird convertible, had some bad luck last Monday as he was enroute back to college in Albuquerque from his holiday vacation in Carrizozo. His engine froze up as he was cruising along, in Corona, which was fortunate for him. He did not have to walk far to a phone. His folks took brother Johnnie's car to Biddle so he would get to his classes on time. Then they towed the convertible to Carrizozo where it is being repaired. We know that both boys will be glad to get the red car in running condition again, so they both will be on wheels.

Among those attending the joint Rebekah and Odd Fellow installation in Alamogordo Saturday night were: Mr. and Mrs. Fred Current, Mr. and Mrs. Dave Alexander, Bill Baker, Marian Schlarb, Mr. and Mrs. Henry Means, Madelle McDaniel, Cathrine Cornett, Connie O'Rear, Elva Wilson, Rachel West, Faye Wooten and Arthur Weight.

Harry Rickerson is working at the Monte Vista Service Station. He plans to move his family to Carrizozo from Roswell some time next month.

Mrs. Maxine Roberts visited in Tucuman over the weekend. Roy Helms was in Cloudercroft Tuesday where he attended a school of instruction on reduction of electrical rates, sponsored by Otero County Electric.

Visiting on Sunday in the home of Mr. and Mrs. Eugene Degner in Alamogordo were his sister, Miss Frances Degner, and his nephews, Glen King, Jr., and Jimmy and Carl Hein, all of Carrizozo.

Mr. and Mrs. C. E. Degner and Glen King were in El Paso to meet their granddaughter, Mrs. Frank Metzger and children of Bryan, Texas, who arrived by train Friday. Mrs. Metzger plans to spend several weeks in Carrizozo visiting with her parents, Mr. and Mrs. Glen King, and other relatives.

Rev. and Mrs. Conrad Nugent, Patty Flynn, Frances Degner, Glenn King, and Carl and Jimmie Hein attended the sub-district MYF held in Tularosa Sunday afternoon.

Mrs. Fay Harley returned Sunday from San Fernando, Valley, Calif., where she had been visiting with her brother and sister-in-law, Mr. and Mrs. M. G. Peckham for the past two weeks. While there Mrs. Harley took in the Rose Bowl Parade and Rose Bowl game and also

visited Disneyland and other points of interest.

Sunday afternoon members of Captain Church of Christ entertained Mr. and Mrs. Fred Engle and family with an appreciation dinner at the church. Mr. Engle who has been residing in Roswell has come to Captain Every Sunday for services for the past 18 years. The new pastor for the church, Mr. Perry Zumwalt of Artesia resumed his new duties last Sunday. Mrs. Zumwalt is planning to move his wife and three children to Captain this week.

Mr. and Mrs. Alfred Hoff and family spent the weekend in Taos visiting with their daughter and family, Mr. and Mrs. Benjie Gonzales. Their two little granddaughters, Sylvia and Diana accompanied them home for a longer visit.

Mr. and Mrs. Truman Spencer and their houseguests the Hollis Cummins children, Dr. and Mrs. Alexander Sadowski and family, and Mr. and Mrs. George L. Zimmerman and children of Alamogordo enjoyed a weekend of sledding and sledding at Cloudercroft on several inches of freshly fallen snow.

A good crowd attended the inspirational and educational all-day Bible study held at the First Baptist Church Saturday with Rev. Melford Misener as instructor. Due to lack of time on Saturday the study was completed Wednesday night.

Carrizozo lost a fine student and good ball player last Wednesday when Joe Moore transferred to Fountain Valley School in Colorado. Joe will be missed by his many friends and classmates, having been active in school and church affairs. He was vice president of the Student Council, Junior Class president, member of the National Honor Society, member of the Championship football squad and past president of the Methodist Youth Fellowship. We wish you happiness and success in your new school.

Pfc. Ramon Chavez, Jr., who had been visiting with his grand parents, Mr. and Mrs. Ray Warner, for the past month, left Saturday for Stuttgart, Germany to resume his duties with the Armed Forces.

Mr. and Mrs. Taylor Woody of Sanger, Calif., visited in Carrizozo recently. They were enroute from Spencer, Okla., where they had been visiting her mother, Mrs. Maggie Espy. Mrs. Espy accompanied them to California.

Rep. Bill Shreengost attended a Valley of Fire meeting in Carrizozo on Sunday.

C. L. Womack of Corona was in Carrizozo on business Monday.

Tigers put freeze on Cloudercroft

Cloudercroft — The Cloudercroft Bears went completely cold in the third period Friday night as they got only five points to add insult to injury as they were downed by Capitan, 67-57.

Cloudercroft matched Capitan point-for-point in the opening period as they played to a 16-16 deadlock. However, Capitan tossed in 22 points in the second period to take a 38-28 halftime lead.

Then the horrendous third period came along to completely put the Bears out of contention, although they suddenly found the range in the final stanza and poured in 24 points.

But it was too late as Capitan hung on to score 16 and the Bears could not overcome the huge lead Capitan had built up. Mike Hendrickson paced Cloudercroft with 25 points for high scoring honors in the game. Mike Rogers scored 11 and Joe Blacked netted 10. Mike Randle led the Capitan attack with 19 markers, while Walker scored 17.

Tularosa and Hondo play even for half
 Hondo — Tularosa and Hondo played even for a half, then Tularosa opened up to post a 64-50 victory.

The Wildcats led at the end of the first period, 16-15 and then went to the locker room with a 27-25 lead at the half. In the third period, the 'Cats found the range with 19 points on the boards while the Hondo quint could only manage 8. The 'Cats then fired in 18 more in the final session while Hondo was countering with 17.

Gilbert Lopez, the 'Cats leading scorer, peppered the nets with 29 points to lead in the double digits. Steve Gutierrez had 13 and David Adams and John Payne each rifled home 10 more to share in the scoring honors. For Hondo, Harold Radcliff and Floy Torres shared scoring with 12 points each.

The victory for the Tularosa varsity quint gives them a 6-3 record overall.
 Hondo came back to take the B squad game, however, 56-48.

Catchup ball is style played at Socorro

Friday night at Socorro the Grizzlies got down pretty bad at the start when Socorro had a 26-point first quarter and had to play catchup the rest of the game. The Grizzlies did get rolling and had a 26-point 4th quarter but not enough to win, final score Socorro won 67-61.

Starting lineup included Gilbert Lucero, Mike Ortiz, Gerald Posey, Tom Ortiz, and Bob Herrera. Manny Torres played good ball as did Ray Baca and Mike Petty.

Mike Ortiz and Gerald Posey tied for highpoint man with 18 points. Lee of Socorro was high with 33 points.
 Carrizozo 12 10 12 26 61
 Socorro 26 10 14 17 67
 Zozo's B team won 44-30. Making this win were Mike Petty, Curtis Payne, Max Zamora, Fred LaFave, David Vega, Tommy Straley and Dean MacCollaun. Zamora with 20 points.

St. Pete takes thriller in overtime game

Hondo — The St. Peter Crusaders battled to a 51-51 tie at the end of regulation play against Hondo Saturday night and then scored three free throws to take a thrilling, 54-53, overtime win.

The game was close all the way with neither team able to run up more than a one or two point lead.

In the extra period, Tom Wilcox converted a free toss to give the Crusaders a 52-51 lead. St. Peter then got possession of the ball and tried to stall. However, Hondo got the ball on a violation and took it down to score.

With Hondo leading, 53-52, the Crusaders again stalled the ball and George Allen was fouled with only seconds left to play. Allen made both free shots to give the Crusaders the winning margin.

The game ended with a heart-stopping situation for the Crusaders as Torres tossed in a field goal for Hondo as the buzzer sounded. However, the officials called Torres for a traveling violation and the basket did not count.

Grizzlies lose starters early at Cloudercroft

The Zozo Grizzlies had a bad night at Cloudercroft Saturday. Posey went out on fouls in the middle of the second quarter, Mike Ortiz left the game in the middle of the third quarter.

Zozo jumped into a small lead to start the game and it was played real close until the last few minutes when Cloudercroft went away to win 65-53.

High point man for Zozo was Tom Ortiz with 13, Spears hit 20 for Cloudercroft.
 Cloudercroft 13 15 17 20 65
 Carrizozo 13 11 15 14 53

The Cloudercroft B team won 43-34. Max Zamora and Curtis Payne both hit 9 points for top-of-the-evening, and Dockrey had 18 to lead Cloudercroft.

Cardinals surprise Boys Academy

Corona surprised Boys Academy of Albuquerque by beating them 67-61. Corona led all the way in their upset victory.

The Cardinal led 34-28 at the half. During the third and fourth quarters Corona led by 10 points. The Cardinals are now 6-4 for the season.

McCloud hit 19, Carnell 0, A. Brunson 11, James 22, Tenorio 10 and Locke 5.
 Evans was high point man for the Academy with 21.

Vaughn defeats Corona 53-44
 VAUGHN — Vaughn overcame an early Corona lead Saturday night to defeat the Cardinals, 53-44 in a closely contested basketball game.

Corona led, 11-8, at the end of the first period, but Vaughn stormed back with 16 while holding the Cardinals to only 8 in the second quarter to take a 24-19 halftime lead.

Larry Garcia scored 20 to pace the Vaughn attack with Dan Suteliffe netting 13. Jim Cornell scored 13 points for the losers.

Carolyn Benham has most unusual socks

The Pep Club sponsored a sock hop after the game last Friday. The hop was enjoyed by a large crowd. There was a contest to see who could wear the craziest socks. The winner of the contest was Carolyn Benham.

Semester exams were given this past week. Report cards will be handed out January 15. Corona will play Manual at Manual this Friday and on Saturday Corona will play Moriarty at Corona.

Hospital Facilities

(Continued from page one)
 gifts were presented to patients not able to go home.

Gifts come from many sources to Fort Stanton. Mrs. M. J. Hoban of Santa Fe annually sends around 150 gifts for the children. Mrs. Henderson in Roswell gets gifts from the merchants and sends them up for the children, one Roswell business passed up its Christmas party and sent the money to Fort Stanton youngsters. Highland High in Albuquerque sent a hi-fi set, the Las Cruces Rainbow Girls sent \$40 which was used to purchase children's books.

It's time for the Health Department to survey the hospital prior to issuing a license for 1965. Patients in the hospital January 9 totaled 172, with 12 on the waiting list. The bed count totals about 210. Dr. Jernigan said he expected the patient occupancy to go up slightly, should be around 80 per cent. A record was set following Christmas vacation, of patients on furlough all returned but one and this patient had good reason. TB clinics held over the state are making considerable work for the hospital staff. A total of 1382 X-rays had come to the hospital for interpretation, not including the Mobile X-ray unit. More areas are asking for clinics and this work will keep the staff busy in 1965 as well as do much toward 'total control' of tuberculosis in the state.

The next board meeting will be February 13 at Fort Stanton.

Attending the meeting were: Dr. A. Eugene Mann of Portales; Mrs. Lena May Pfeiffer, secretary of Tatum; Paul Payton of Carrizozo and Dr. Louis Levin of Albuquerque, members. Dr. H. C. Jernigan, medical director; Dr. W. F. Rosenblatt, senior medical associate; George W. Bryan, superintendent; and Fat Salas, secretary to the board.

A coroner's jury ruled that Louis Nalda, 71, died from a self inflicted gunshot wound on Jan. 7.

The inquest was held by the Socorro County Sheriff's office, on the Nalda Ranch, located 18 miles west of Carrizozo, after Nalda's body was discovered by two ranchhands and Lincoln and Socorro County authorities were notified.

The body was transferred to the Chapel of Roses Funeral Home in Carrizozo. Funeral services were held Saturday, Jan 9 at Santa Rita Catholic church with Father John Rebold officiating, interment was made in Evergreen cemetery.

Survivors include the widow, Mrs. Stella Nalda, of the family home; two daughters, Mrs. Patricia Horn of Albuquerque; and Mrs. Mary Ann Axe of Texico, N. M.; three brothers, Mike Nalda of Roswell; Gene Nalda of Vaughn and Pelee Nalda of Torren, Mexico; one sister in Montana and four sisters in France.

Mr. Nalda was born in Urepel, France in 1893 and came to the United States when he was very young. He has been a resident of Lincoln and Socorro counties since 1918 and was engaged in the ranching business since that time. He was a veteran of World War I.

What's new next door!

By Trudy Baker

Visiting in Carrizozo recently were Mrs. Margaret Means and children from Alamogordo.

Mr. and Mrs. Bud Taylor moved to Corona over the weekend. Mr. Taylor is employed by the Southern Pacific there.

Visiting in Carrizozo on Tuesday were Mr. and Mrs. Joe Bolinger from Alamogordo.

Recent visitors in the home of Mr. and Mrs. Don Arwine were Mrs. Arwine's parents, Mr. and Mrs. Bud Allison and her sister and family, all from El Paso.

Mrs. Roley Ward visited her father, Mr. E. S. Corn in Roswell Saturday and Sunday. She was accompanied by Mrs. Edna Littleton who visited with Mrs. Laura King, a patient at St. Mary's Hospital. Mrs. King has been in a coma since November 15, following a stroke.

Mr. and Mrs. W. H. Rickerson returned Thursday from Dallas where they had been visiting with Rick's mother and his brother and family.

Mrs. Elizabeth Sproles, who has been ill for several months in the home of her sisters in El Paso would like to hear from her many friends in Carrizozo, her address is in care of Mrs. Lassie Barksdale, 2321 Louisville, El Paso, Texas.

Winter has not been cold and stormy in Carrizozo this year. Everyone is commenting on the warm sunshine, and one day last week it was warm enough to go without a coat (62). This seems unseasonably warm for this time of year. Daytime temperatures have been in the 50's, with night time temperatures in the middle 20's, and frost almost every morning. Only two snows reported since the beginning of winter, one just before Christmas and one following a good soaking rain last week. Hope we get a lot more rain and snow, we certainly need it.
