RAIN ALL DURING GAME BUT FOR LAST FOUR MINUTES —

Grizzlies and Tigers paddle to 0-0 tie

Rain and bad snaps, gambling coaches and tight defense all contribute to 0-0 game in Zozo Friday.

Talking with Melvin Romero about the Capitan-Carrizozo game here Friday Coach Romero mentioned a few preliminaries like three years ago the lights went off, this time the Grizzles had it rain, but what you needed more than anything else was some Ortiz, Crenshaw, Voss, Beltran-welcome back with the goodguys, Pearcey and crew are doing respectable job.

Then Coach Romero got serious. The Tigers had their chance in the first quarter when they got within the 25 on a pass play only to be stopped on an interception. The Grizzlies had a bad snap from center which gave the Tigers good position they could do nothing about.

Right after the half Romero's

cats had a nice drive going which finally petered out, penalties contributing to this. Late in the fourth the Tigers had a bad snap which gave Carrizozo a chance, no results.

Romero figured that both coaches had the same idea, get a score on the board early then paddle the rest of the way and some gambling was being done when ground play might have let either team go all the way the hard way.

Both Capitan and Carrizozo teams are strong defensively, pretty good passing attack and nothing to brag about on the ground. The game was played in rain all but final four minutes. The Grizzlies go to Lordsburg Friday following Lordsburg's loss to Silver City 32-0.

Capitan entertains Vaughn at home and should not have any trouble winning.

RUIDOSO 26, DEXTER 0

Barry Nelson and Tommy Valliant scored two touchdowns each Friday for Ruidoso's 26-0 win over Dexter. Nelson on 45-yard run and 10-yard pass from Valliant. Valliant recovered fumble in end zone and bucked over from the one for his other score.

Tatum took a 13-0 win over Cloudcroft on the Tatum field Friday. Helmer scored twice, a run from three yard line and 20-yard run in second quarter.

AREA SCORES

Silver City 32, Lordsburg 8
Bayard Cobr 27, Hatch 13
Ruidoso 26, Dexter 0
Melrose 26, Corona 6
Tatum 13, Cloudcroft 0
Roy 39, Primavera, Cal 0
Carrizozo 0, Capitan 0
El Paso Jesuit 20, T or C 12

There Was A Winner!

In a football week when Carrizozo and Capitan played to a tie and a hundred or so football fans thought Dexter would beat Ruidoso, Lena Chavez of Carrizozo had a hunch and figured Ruidoso would beat Dexter by a score of 26-0 -- her hunch was worth \$45.00 cash.

Carmen O'Brien got the 26 figured, then gave Dexter 13; so did Mary Ann Lucero, Ralph Delgado had it 26-5, Ramon Luna 25-0, Jerry Durham 26-20, Freddy Delgado 26-6.

Don McKibben figured Dexter for a win 13-6, Herman McKibben a wild 39-0, Roma Rodgers went 27-14, Elmer Hust 18-12, Arthur Ortiz 26-12, Dan Salas 30-6, Erma Strohmeier 20-14, R. L. Sherrill 27-14, Earl Taylor 13-6 and all of them gave Dexter too many points.

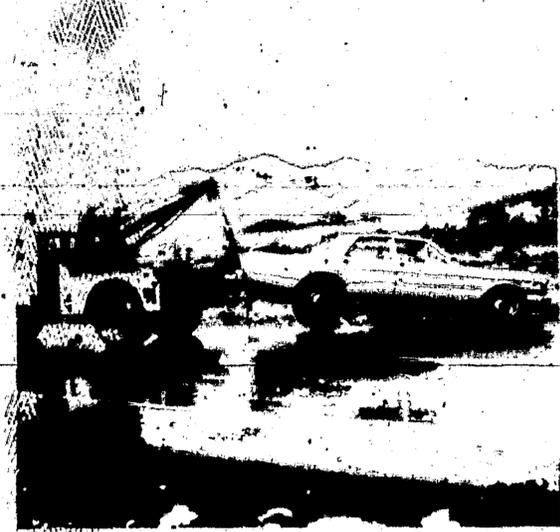

Carrizozo vs. Lordsburg is the Jackpot Score contest game for this week. Pick up a contest card at your favorite merchant and get in the game -- it can be worth \$15.00 cash.

Photographer has big day

The Lincoln County News editor has planned for some time to put a camera in the hands of members of Capitan Woman's Club -- Wednesday, it happened when Carolyn Beaubien came into the News office on business... she departed with the camera.

Just after passing the Nogal turnoff on way to Capitan Carolyn saw the normally dry stream that comes down from Nogal Canyon running close to bank full -- you can see it here.

Going on up the road a mile there was a car off the road, no one injured, no damage to car but wrecker necessary to get the vehicle back on highway -- you see the action as Carolyn saw it.

The state library mobile unit had just pulled into Capitan as Carolyn got there, camera in hand and here are two pictures, the rural library service unit and librarian and driver shown inside.

There will be more pictures to come, along with the Capitan news by Margaret Rench. Watch for them in the Lincoln County News.

Woman's committee sponsors talent find at annual meeting

The Women's Committee of the New Mexico Farm and Livestock Bureau will sponsor the "Talent Find" contest again this year. The purpose of the project is to help develop and recognize entertainment skills of farm and ranch people in the community, county, and state.

Each county Farm Bureau is invited to furnish one entertainment number in each age group for the state convention of New Mexico Farm and Livestock Bureau. These numbers are determined at the annual Lincoln County Farm and Livestock Bureau dinner.

Lincoln County Farm and Livestock Bureau invites young people who wish to enter the county contest to appear at the dinner, Sept. 23, 8:30 at the Chaparral Ruidoso.

Those up to 17 years of age are in the Junior group. The winner of this group gets an all expenses paid trip to state convention. Winner from 17 years to 30 years group gets expenses to state convention.

The state winner of this senior group will be furnished an all-expenses paid trip to the American convention.

Boyce elected gas president

Capitan-Carrizozo Natural Gas Ass'n held its regular meeting the second Wednesday in Capitan. The schedule is to alternate between the two towns, next meeting will be October 11 in Carrizozo.

Arnold Boyce was elected president of the association, Joe B. Cheney, vice president, and Jete Voss to the position of secretary to serve for the coming year. John Donnell was retained as Attorney, new pickup bought from Means.

The association is in need of gas filters. In the summer work was scarce, now there are more hookups to be made than can be handled.

Dramatic! Distinctive! Daringly new!

'68s Top Secrets are here 1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines; grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE
And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE
There are new engines, a bigger standard Six and V8. There's a new

250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION
There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES
You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety arm-rests that shield the door handles.

MUCH MORE THAT'S NEW
There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

Maurilda Perry and Class

Capitan teacher gardens for hobby at Old Lincoln Town

Mrs. Oland 'Maurilda' Perry is starting her 12th year as commercial teacher in the Capitan school system. Her home is at Lincoln where she has a beautiful garden, with floral winners in the Lincoln County fair every year. Raising flowers is a hobby with Mrs. Perry.

In addition to handling the Capitan commercial department Mrs. Perry is also a qualified math teacher and handles math classes in emergencies. She has been the school annual supervisor all of her years at Capitan.

Left to right in the picture are: Kirby Traylor, Kay Wright, Mrs. Perry, Jan Randle and Zana Hall, members of shorthand II class. Equipment in the picture is part of purchase made using Spencer fund, all purchased under the direction of Mrs. Perry. The school has five dictaphone units like the one shown. The units may be used interchangeably by one person, group of two, four or eight, with a double set of recording. This material enables the students to work at their own speed.

Mrs. Perry teaches a complete typing course with all modern equipment and is in the process of moving typing from junior-senior level to freshman-sophomore level because Capitan officials have found that young children can learn to type and use this technique all the way through high school, which also allows junior and seniors to take advanced subjects in other fields. Some day typing course may be shifted down to the 8th grade level. All students are expected to take typing at Capitan.

Programs directed by Mrs. Perry have always financed their own way and several improvements have been made around the school, such as large picture in the hall.

Mrs. Perry has her master's degree. Mr. Perry recently retired from work at Fort Stanton. They have one married daughter and two grandchildren. Maurilda was an honor graduate of Capitan High School, also honor grad at Eastern.

Jehathan Robert born the 9th Mr. and Mrs. Tom Taylor are the happy parents of a son, Jehathan Robert, born Sept. 9, 1967 at Lockney, Texas weighing 7 lbs. 10 oz. His grandparents are Mr. and Mrs. Ray Taylor of Lincoln, N.M. and Mr. and Mrs. Robert Lee Smith of Lockney, Texas.

Mr. and Mrs. Lee Beall of Lincoln have recently moved back to Alamogordo for the winter. Mr. Beall is not doing too good in health at this time.

Mrs. Milton (Bessie) Jones spent several days with Mrs. Mary Gastineau in Capitan last week.

Mr. and Mrs. Lewis Cummins are the proud owners of a 1967 four door bronx with a black top and gold interior.

Vacation was most delightful

I had the most delightful two days vacation last Wednesday and Thursday. I accompanied Mrs. Jess Raines who was taking his 83 year old mother, who had visited them for two weeks to the home of her daughter Mr. and Mrs. Dennis Lynn in Pawnee, Okla. She has made her home there for many years. She has not been in good health and it was time for another check up. She did like our country and enjoyed every moment here.

We left 6:30 Wednesday morn and spent the night at our destination, the Lynns. Then home Thursday night.

I did enjoy the country all of the way. I had not been there or through any of it for many a year and what changes, the growth was tremendous. Many of you have made this trip recently but it had been 21 years, since I had been to Clovis. Therefore it was a wonder to me and perhaps others who have not seen it lately. First the highway at the Y north of Roswell have been changed farther on up the highway and it was a good highway. I like that change as the country is far more interesting to travel as it does not get so monotonous as there are breaks in the terrain. The country was green and the grass good. Kenna and Elida looked better too. From Texico on the beautiful farms were interesting to observe. The feed was good. The fields stood out in all kinds of grains, cotton, castor beans, sugar beets etc. They have underground irrigation.

At Friona, the crops were the same with cabbage added. The elevators stood out for miles and caused mirages which made them taller, etc. It was clear and then partially cloudy. There were plowed fields and many were being plowed. All heavy equipment was doing the work.

They certainly do get that soil in grand condition. Some places they were working it to hold the moisture as the wind was truly blowing. The Hereford and Angus cattle all along the way from start of trip to end were in excellent condition. On the range land the grass was tall and waving. The stock seemed so contented.

At Whitte deer in their roadside park there was a monument of a white deer facing the highway. That was interesting and attractive.

The largest Texan I have ever seen, stood over a ranch supply shop. A man in ranch togs, 15 ft. high, with boots etc. That does attract attention and will be remembered. There was no background, just that fall sign man with a great smile to greet the public.

In Amarillo we enjoyed lunch at the Fullon Drive In. The traffic was heavy all of the way. The oil wells were busily pumping every way you could see on both side of the highway at various points near Pampa on.

Five stitches taken in Mrs. Kingston's hand

Mrs. (Maude) R.D. Kingston was taken to Dr. Spencer last Sat. evening where five stitches had to be taken in her three fingers on her right hand. A window fell on her hand. It was a bad injury. It tore the tendons loose as well as the flesh. She must return Mon. p.m. for another check.

I received word that Mr. H. Lee Millers' father passed away unexpectedly Wednesday night Sept. 13 at the hospital in Enid, Okla. Mr. Pat Ellis is home at this time visiting his parents, Mr. and Mrs. C.W. Ellis.

Mr. and Mrs. Bob Pflingsten of Tucumcari, N.M. visited her parents Mr. and Mrs. D.O. Jones this last weekend.

Mr. and Mrs. Pete Freeland enjoyed last Sat. fishing at Bonita Lake. Though, they were not lucky, they did enjoy that day out. Mr. L.R. Morgan accompanied by Mr. R.T. Freeland made a business trip to Las Cruces last Monday.

Mr. Hollis Cummins attended The Associated Grocers meeting at Ruidoso last Sunday at 11 a.m. Mrs. Willa Morris entered the Ruidoso hospital early last week and is very ill.

Mr. Miles Williams purchased the Mountain View Trailer Court last week. It is located just north and to the northwest of his Station.

Mr. and Mrs. Halleck Kingston of Tularosa spent several hours visiting his parents Mr. and Mrs. R.D. Kingston, last Sunday p.m.

Weekend guests of Mr. and Mrs. Dale Floyd were Mr. and Mrs. Alex Smith and Gary and Artestia. He told me that Mr. and Mrs. Wright (Gall) and daughter have been transferred to Maljamar from Farmington. The little granddaughter spent several days with them last week.

Mr. and Mrs. Floyd attended the funeral services of Mrs. Taylor Ross last Wednesday in Artesia.

Mr. and Mrs. Virgil Wallace are the proud owner of a new 1967 light green with cream top car. They left last Thursday for one week's vacation.

Mrs. Pearl Soderback is the proud owner of a 1967 Blue and white four door car.

The regular meeting of the Capitan Woman's Club was held September 14 at the Club house. There were reports from the committees of the Back to School Picnic, Fair Booth, and Rummage Sale. It was reported all three were great successes.

The District Convention will be at Anthony, New Mexico October 10 and 11. The Club voted to send Mrs. Ellis Schlicknecht and Mrs. Neal Bergman as our delegates and Mrs. Dyane Darling and Mrs. Gerald Dean, Sr. as the alternates.

Following the business meeting the Club relaxed and enjoyed fun and games. Mrs. Gene Parker and Mrs. John Able were Co-Hostesses for the evening.

BIG TURNIP — Photographer failed to get name of this young lady and the News would like to know. She is holding large turnip exhibited at Lincoln fair.

Rolland Zamora going to Vietnam Sept. 26th

Mr. Rolland Zamora who is in the Army and was stationed in North Carolina arrived home to visit his parents Sept. 9, Mr. and Mrs. Boney Zamora, and will leave the 26th, for Vietnam. His brother, Boney and family who were stationed in Germany for ten years arrived Aug. 30 to be stationed at Ft. Benning, Ga. They have one child. His sister Arceña, Mr. and Mrs. Cannon and family met them and they went to North Carolina to pick up Rolland and then they returned to the Cannon home in Va. for a reunion. I am happy that they had this happy time together.

CAPITAN, NEW MEX.

Commentary

Action may not always bring happiness; but there is no happiness without action.
Benjamin Disraeli.

A political comment

Very unusual 1968 year coming up in New Mexico. The main fighting will be done by the Republicans while Democrats are scraping the bottom of the barrel to find a candidate to fight about.

No doubt but that our Republican governor putting his finger on all commissions, all activities, practically everything that goes on in the state has and will continue to develop some kick-back for good or bad reasons. But short of a candidate like Tom Bolack stepping in the ring Gov. David Cargo has it made for two more years.

All that one-term talk by

Democrats, and some Republican, was a lot of fun and good salve for deep cut, but things have not worked out that way.

Short of one of our Washington Democrats stepping into the state race, rather a remote possibility, there is no Democrat around with enough power, well enough known state-wide, to make a race of any consequence.

However -- don't take this thinking as a door closer. Republicans will have a few scraps about primary time, Democrats could develop a race between also-rans, but right now we see Cargo out in front for governor in 1968.

Action thoughts

A coin always has two sides. Being in the newspaper business we tend to gravitate toward the "action". People who are doing things just naturally get their names in the paper more often. Any organization with a planned program of action other than just meeting and talking makes a lot of news.

On one side of the coin is the small town -- action here is not always big where we make headlines out of such things as students going back to college, minor shooting, football games, and jackpot, plus some court action, reappraisal, the fair, the weather.

During the small town kind of action a person can enjoy sitting in the patio with no disturbing sounds other than distant train or truck, rare siren call to fire,

or the neighbor's dog. On the other side of the coin is the big town--teachers strike and children stay home, auto workers strike, demonstrators march, woman shot by bandit, those things make a lot of action and headlines in the paper.

With the big town kind of action a person might have to protect himself and family against looters, murderers, and other types of violence a lot more frequent than where there is less action.

In the newspaper business we need some action--people selling things, building the town, visiting neighbors, cleaning and clearing, we cure wound't be happy without some kind of action . . . but not the big city type.

We figure that by now the fillings in Truman's teeth are starting to rust with rain every day and a tenth of dew each night. Dimmit Bond recollects that 1942 was another rainy year--that's 25 years ago -- but without the grasshoppers.

Cut worms haven't bothered our elm trees this year but we found a hatch of extra fancy crawlers eating up one Sycamore tree, plus one large green grasshopper. In this case we literally used the hammer and block treatment.

Mr. and Mrs. Johnnie Hayes are leaving today. Johnnie has job as steam fitter at federal reformatory in El Reno, Okla. He says quize a number of federal employees are retiring or will soon which opened up job he applied for three years ago. Mrs. Hayes says Carrizozo is home and doesn't want to leave.

Note from Pat Casey at Las-buddle school in Texas -- I have young team, beat Whiteface 21-12 and our inexperience showed as we passed up 4 other scoring opportunities, had 365 on ground, they had 66 yard while fumbling 5 times. I think we have a chance to beat Melrose though we'll be outweighed 30 lbs. to the max. If we don't beat them I don't think anyone will.

The Mai Pals lies still and soundless on the land. Only a light breeze ruffles the thin growths of dwarf juniper, cacti and tufts of prairie grass rising bravely from pocket-size patches of earth. Both shallow and deep crevasses make blacker gashed in the earth's surface, and peering into their varying depths and widths one could pause in wonder at an infrequent, weak vegetation struggling upward toward the light.

The lava rises in strange contortions and convolutions from the mother flow, and mainly it is rough and jagged. Great rolls of the black lava thrusting upward had cooled short of what now is the surface, and down in the pit of a chasm black rock bulges outward from the sides, and upward from the depths. -- Lumarion Sumner writing from Amarillo Daily News.

When Jackie Walker was home on furlough he brought a friend, Jim Gasco, and both registered for the drawing for lot of land at Captain. The drawing was held Saturday and Jim Gasco, 544th Engineering Co., Ft. Irwin, Calif., was the winner of lot 3 in block 4 Mt. Captain sub-division.

Captain Lions thoroughly enjoyed their Monday night meeting (with wives) in the Carrizozo recreation center. One of the little squibs of catnip like restaurants use put in thumb hole of bowling ball can create quite a disturbance -- like it did for Dick Beasbels.

Trailer homes mean that people are not there to stay which is the case for Bobby, Tommy, Mike Ortiz and Dennis Hill in Albuquerque. They had a small trailer house which isn't big enough with more boys going to college so their father, S. M. Ortiz, has repainted a 1930 trailer house which will be moved to Albuquerque just off Central and be a home for the boys. Dennis is working in a service station, Bobby is with appraisal crew, Tommy and Mike in College.

What kind of planning puts a million dollar airport in Lincoln County and two years later wants another only bigger this time? The day may come when Lincoln needs a big airport in the Stanton area but the time is at least 10 years distant.

Calvin Horn's DCR committee says this about Gov. Cargo -- "The energetic young governor seems to be trying to handle everything himself which inevitable leads some cynics to wonder if he needs ever half of the ten employees currently on his payroll". The New Editor has the opinion that "Cargo sure has the ball bouncing, his way".

The average starting teacher salary in New Mexico is \$5438. The average starting wage for preachers in New Mexico is more like \$3000 . . . could it be that teachers should put a little more faith in God and not ask for so much from the state. Maybe preachers just don't eat as much as teachers.

Probably the most accurate statement that could be made about mining development in White Mountain area by Bear Creek exploration people (Kennecott's exploration group) is that a couple of core holes have been encouraging but that something definite -- like starting to mine, or even thinking about starting to mine -- is a long way off. The sought-after ore is molybdenum. Kennecott has probably spent a half million

dollars or more proving up their claims and core drilling so that the situation does appear favorable . . . for some future year.

Over a long span of years Payton has seen military service for good or common reasons. There were eight boys and one girl in dad's family, all the boys in service to the best of our knowledge. Col. Wm. A. Payton (now retired) made military a career. The latest should be addressed as SR Payton, M.R., U.S. Naval training center, Baltimore, Md. This young lady is known at home as Melanie, our only daughter who enlisted in the Navy two weeks ago.

Swiped from Duff -- "I didn't say you were dumb, I just said if you had your brains removed it would be a minor operation." A gal-we-know was haranguing her husband from the back seat of the car as he sat behind the wheel. "And furthermore, Henry," she finished, "When we are driving, it is not necessary to preface every remark you make with 'Pilot to navigator!'"

A sad parting took place Sunday. After wearing a pair of Olsen Stelzer boot loafers to the county fair Saturday we made the decision that they were in too bad shape to ever wear again and that means our feet were sticking out on all sides and bottoms. Most comfortable footwear we ever owned.
