## Bare facts about a bear story

By Ladd S. Gordon, reprinted from New Mexico Wildlife magazine Issue of March-April 1970.

We think it is time for those of us in the game and fish business to take a good hard look at the bare facts surrounding the symbolism portrayed by Smokey Bear.

We think, here in the State of New Mexico, and particularly in the Department of Game and Fish, we have more reason than most in feeling free to take a critical look at the relationship between the Smokey Bear program and wildlife management. After all, the real live Smokey is a New Mexico product and owes his life to personnel of this Department who rescued him in a badly burned condition during a forest fire on Captain Mountain some 18 years ago.

Contrary to the belief supported by tens of millions of Americans, Smokey Bear is not necessarily synonymous with all that is good in conservation, though we will all readily admit there is much good to be said about his teachings. Smokey certainly has played a major role in conditioning the minds of a vast majority of younger Americans, as well as a few of the rest of us, toward a deeper

awareness and respect for conservation of our natural resources.

We feel, however, that he has overplayed his part in the role of a fire fighter.

Smokey has played his role so well and with such deep seated conviction that he can be blamed for declines in wild animal populations, particularly big game, throughout the western United States. It is obvious to those of us involved in wildlife administration that Smokey's glowing success in the fire prevention campaign has changed the ecology of forested lands and this change is far from favorable for many game species. Obviously, there are many other factors interwoven into this complex picture, but we strongly feel that highly efficient fire prevention and control measures over the past several years, aided and abetted by Smokey Bear, have played a major part in removing favorable game habitat conditions throughout much of the country.

Many Americans have learned the Smokey Bear fire prevention story too well and our outspoken thoughts probably will alienate, temporarily we hope... many individuals who question bowe,

as conservationists, make such rash statements.

This typifies the problem that faces many professionals today. We recognize that old Smokey has sold his program better than we have been able to do and we fear public reaction in trying to expose him for the damage he has done and is continuing to do. However, it is time for us to get our heads out of the sand and to recognize our responsibilities to the sportsmen and to start taking positive steps to correct the Smokey Bear illusion that all forest fires are bad. This will not be a popular nor an easy job for us to carry

out, but all the facts and evidence are on our side.

At this point, I, perhaps, should say again that I am not suggesting "Smokey Bearism" is all wrong. None of us are advocating any change in attitude toward public carelessness with fire, nor do we favor wild, uncontrolled fires in any form, even though we undoubtedly realize some distinct wildlife benefits from large forest fires, such as we had prior to the Smokey Bear era. We recognize that such uncontrolled burning is not in the best overall public interest. Our big problem lies in the fact that Smokey has done his job so well that we find it exceedingly difficult to gain acceptance of the idea of using controlled burning where it is badly needed to create wildlife habitat. There are many areas in forested lands throughout New Mexico and other Western States where properly controlled burning and less active control applied to accidental man caused or lightning fires, during certain periods of the year, would significantly enhance wildlife conditions.

Most game animals prefer an area which has openings interspersed with forested areas,

places where there is an adequate food supply, but which has nearby escape cover as well. Ecologists call this a subclimax or disclimax. Fire, if properly used, can be the quickest and most effective way to provide this desirable habitat condition. Without some form of interruption in the ecological process, the "Climax" forest consisting of large, heavily forested areas, develops and is undesirable as far as game habitat is concerned. Most foresters also recognize the need for burning, under proper conditions, to bring our forests back to their former productive state.

Fire, as a beneficial game management tool, is certainly no new or novel idea and some good work has already been done on national forests and on other lands in some parts of the country. Here again, however, many of the people responsible for the administration and management of our forested lands are reluctant to proceed with such programs, fearing that such action will be in conflict, in the public mind, with the Smokey Bear "Prevent all forest fires" philosophy.

What can the New Mexico Department of Game and Fish do to start bringing this problem into proper perspective? How can we begin to convince the general public that Smokey Bear didn't mean to say that all forest fires are necessarily bad; and, if he did say such a thing, he was mistaken. We can begin in this direction in two ways: First, as a Department we will begin to de-emphasize our use of the typical Smokey Bear slogans. We

### Ruth Tompkins Martin died in Roswell

A lady whose life was spent in Lincoln County, Mrs. Ruth Tompkins Martin, died Tuesday at Roswell. Mrs. Martin came to New Mexico in a covered wagon in 1893 first living at Taos then moved to Lincoln in 1898 where she and her husband, John Pentfield ran a store which has more recently been turned over to the Old Lincoln County Memorial Commission as a museum. Mr. Pentfield died a number of years ago and she later married Mr. Martin.

The early 1900's were vigorous times in Lincoln County and Mrs. Martin was active and busy with many affairs, including raising a family in Lincoln.

Services will be held at 10:00 a.m. at St. Andrews Church in Roswell, graveside services will be in Lincoln about noon. Mrs. Martin had requested no pallbearers or flowers.

Survivors included her children, Edward Pentfield of Lincoln who is district court clerk; Ruth of Roswell, Julia Reidy of Albuquerque and Joanna Amastae of Vicksburg, Mississippi. Three grandchildren, Margaret Reidy of Albuquerque, Ruth Reidy of Athens, Georgia, and Jon Amastae of Dominica, West Indies.

LORD MAYOR OF ZOZO — Roger St. Cyr of Alamogordo's pr right, won the Roy Shafer bowling tournament last year and was back to compete this year and also to receive high honor from Mayor Johnson Stearns. St. Cyr was given a gold key to the city and certificate making him honorary mayor of Carrizozo from 4:00 p.m. to midnight. The Shafer Tournament this year was won by Joe Light.

Left-handed students at University of Kansas have taken a left-handed swipe at the university administration on several scores. They demand left handed desks, LH buttons on water fountains, LH studies program with LH instructors and want a left-handed home coming queen. Only common LH device now on the campus was the flush lever on sanitary facilities.

Before basketball jerseys are mothballed we'd like to compliment the Corona Cardinals who beat A. I. S., Cuba, and Magdalena on their way to second place in the District 3AA tournament. That's further down the line than any other county team went -- you did good Cards.

Been wondering just where Carrizozo was and now we know. USDA statistical reporting service says we're in a Central Valley. Normal moisture up to 3.31 would be 2.25 for Carrizozo according to USDA and our ranchers need to organize a "rain stomp" for us to hit normal this year.

Couple of Kansas visitors here last week were Mr. and Mrs. George Carey, publishers of Globe Press at Meade. George said his community was dropping off in population, oil activity down, farms bigger and fewer of them.

### Let's Do It!

Trash is not a new problem for Carrizozo. It has been around for far too long already, but it isn't getting any better.

Nobody thinks too much about it, of course we all dislike seeing the streets and lots of our town littered, but then everybody is against sin too.

We thoughtlessly drop a candy wrapper here, a beer can there, pile some old lumber here and just leave that rusting old car hulk out on the back lot. Of course, we'll clean it up one of these days...

But in the meantime, taxpayer dollars must be spent to clean our streets and roads, parks and some lots. This is money which could just as easily be used to build up the town or possibly just give the already ever-burdened taxpayer a break.

Unfortunately, the problem is not unique to Carrizozo. Almost every city, town and village in the state has a problem with

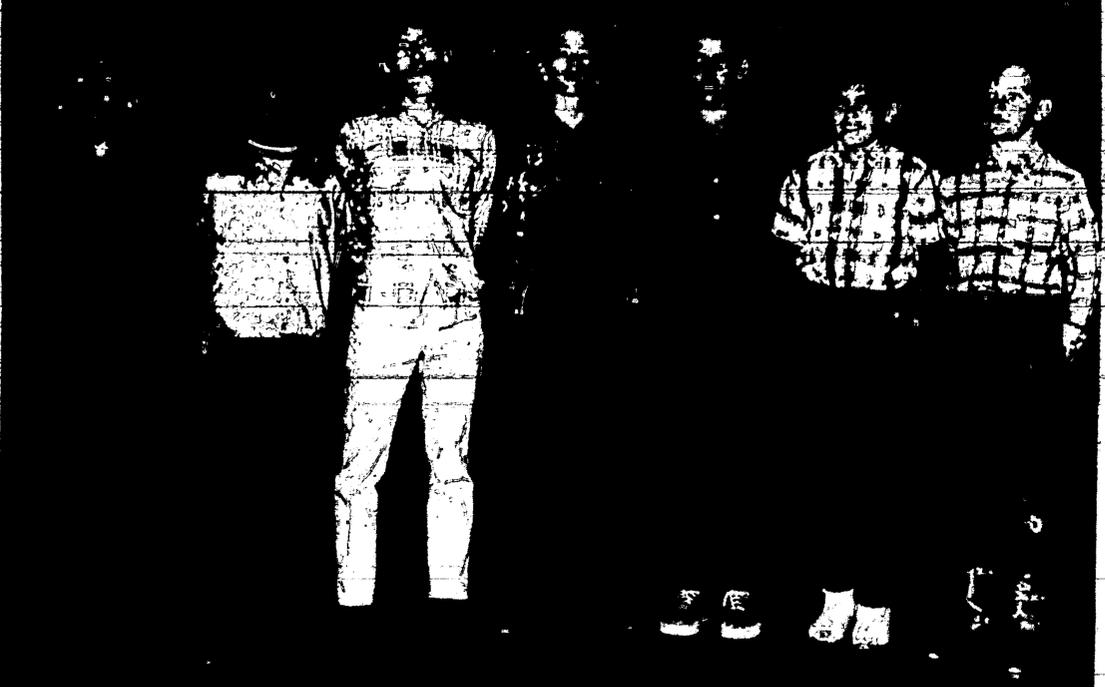

town was unduly maligned in the News last week and we're sorry about that. It was all the fault of State fire marshal W. K. Aldrich who sent message to commission indicating that three county fire departments need to stiffen their hoses and dust off their trucks. Bill Ward, Lincoln fire chief, talked with Aldrich in Santa Fe who told Bill that the commission letter should not have included Lincoln. That fire department is doing fine and really has no choice but to stay in Class 10. They have 26 members, one truck (a gift from Rukdoso Downs) which is 1948 model and bell on school house serves as fire alarm. The Lincoln fire department has no choice but to stay in Class 10 because of fact they operate only on state funds and are doing all those funds will allow.

ALL MAIL TO NEW YORK EMBARGOED FROM STRIKE

Roy Harman, postmaster of Carrizozo sectional center, received a message at 12:30 noon Wednesday from Postmaster W. P. Blount placing an embargo on all classes of mail destined for the New York City area because of a carrier strike. Postoffice in the area include New York City, Bronx, Brooklyn, Flushing, Far Rockaway, Jamaica, Long Island City, Staten Island, Mineola, Hicksville and Riverhead.

It is the duty of Postmaster Harman to contact all 34 postmasters in the Carrizozo sectional area, most by phone, some by mail. Harman started calling immediately on receiving the message and figured it would take most of the afternoon to finish the job. The embargo will stay in effect until further notice.

WINNERS AND UNDISPUTED CHAMPIONS — Refugio's Bandidos shown here won the Carrizozo intramural basketball championship which also gave them claim as being the national Lincoln

## Refugio's Bandidos win Zozo tourney

Eight basketball teams from Carrizozo 5-6-7-8-9th grades started play in the intramural tournament last week for the National Lincoln Championship.

The first game matched the Buzzards and Archie's Awfuls who played that way and the game was won by the Buzzards.

Game two was between the Bandidos and Crowhoppers, won by the Bandidos. Game three found the Flatfoots getting up off their supports and beating the Seagrams. Game four found the Chicken Legs really outstrutting the Krinklebellies.

Second round with Bandidos, Buzzards, Flatfoots and Chicken Legs still loose and cool and ready for action. The Bandidos sacked up the Buzzards followed by game where the Flatfoots really whopped the Chicken Legs, leaving two of Lincoln County's most outstanding basketball teams to play for the championship.

The Bandido team was led by Refugio Chavez with Steve Harkey, Art Ortiz, Garry Niederstadt, Phil Straley, Willie Vega, and Eugene Vallejos wearing the Bandido mask.

The Flatfoots team was led by Ed O'Brien, and included these flatfooters, Fernando Padilla, Bryan Wetzel, Ernie Beltran, Luke Miller, Jack Zumwalt and James Zamora.

It was a case of the flats

putting their foot in the face of the Bandidos most of the way which would make the Bandidos mad so they bowled at the smell and ran so fast to get away that they would be all alone under their basket which would even up the score. This championship game came right down to the last two seconds when the head Bandido, Refugio Chavez, came to the rescue of his gang and shot the winning goal right in the middle with his 30.30 which gave the Flatfoots second place and time to cool off their hot Krinklebellies.

In the consolation bracket it was Seagrams (really a terrible medicine) all the way winning over the Krinklebellies and then beating the Crow Hoppers for third place.

Sponsors of this tournament were Mothers of America for clean tennis shoes, New Mexico State prison, Helen's Horses and several other of the schools out standing but more dubious institutional type unorganized groups.

The AN tournament team selected included Andre Hoff who scored 21 points in one game for the Seagrams, Steve Ortiz, Art Ortiz, Gilbert Sambrano, Refugio Chavez, Kona Hoff, Ernie Beltran, Steve Harkey, G. L. Straley, Mike Vega and Press Pino.

The tournament was managed by Fred Base.

## Leg broke when car ditches

Albert Hernandez, Jr., 20, of Carrizozo drove his auto off into a ten foot ditch, destroying the car. The accident site was about a mile north of La Luz.

Hernandez was transferred to St. Mary's Hospital at Roswell, New Mexico, after being treated at Gerald Champion Memorial Hospital in Alamogordo.

Milton May, Dee Douglass and

Bruce Hunter, passengers in the Hernandez car were treated and released.

Albert broke his right leg and will be in traction for three more weeks. He is coming along fine and hopes that he will soon be home. He has had a lot of visitors from Carrizozo and the Hondo Valley and Alamogordo.

IN THE LAND OF ENCHANTMENT — The entire area surrounding Carrizozo is beautiful country where people see New Mexico at its best. The enchantment ceases just inside Carrizozo city limits where this abandoned building is seen from US 24 just south of the intersection.

**Gamma Tau meets at Shafer home**

Gamma Tau Chapter of Beta Sigma Phi met February 26th at the ranch home of Jane Shafer. Roll call was answered as members named their favorite landscape artist.

Elizabeth MacVeigh presented the program for the evening entitled "The Artist's Landscape." She explained the many colors used in painting and the different ways in which the paint may be applied. Elizabeth showed several paintings including one by her grandfather, and explained the painting style of each one. Members discussed artist's that they admire.

Refreshments of Dream Cake with fresh strawberries, hot tea and coffee were served by the hostess.

**Nutrition in 70's covers field**

Mary Ellen Payne, Lincoln County Extension Home Economist, attended a week of workshop for home economists at N. M. State University last week and came home with enough new ideas to last a year or more.

Speakers at this workshop were outstanding and association with other economists made the week a stimulating affair for Mrs. Payne. A group of extension workers from Columbia, South America, were present and exchange of ideas with these people was interesting.

The workshop opened with state association meeting Monday afternoon and a dinner that night where genuine Spanish foods were served.

Mary Ellen was particularly interested in the session on "A pediatrician's views on prenatal and para - natal nutrition." Col. Fred Methrop from William Beaumont Hospital at El Paso conducted this session.

The workshop on "Food Sanitation and Health" conducted by Dr. Robert O'Brien, professor of biology at N. M. State, was outstanding. Dr. O'Brien has wide experience in field of food preservation.

Dr. Evelyn Spindler, nutritionist with Federal Extension Service, Washington was another workshop speaker with good message for home economists.

She is presently involved in the expanded nutrition program using aides to reach low income families.

There were 42 economists present, 40 of these were Home Demonstration Agents and other two were home economists with FHA.

The workshops covered food habits, income, sociology, psychology, agriculture, food storage, anthropology, medical science, art of cooking, genetics, communication media, and nutrition during the five days of workshop activity.

**NEWS AND NOTES**  
Lincoln County was represented at the District IV meeting of Extension Home makers Council in Alamogordo on March 14th.

Those attending and the Clubs they represented were: Carrizozo Extension Club; Mrs. Clara Snow, Mrs. Elva Wilson, Mrs. Ruth Wilson and Mrs. Rachel West; Carrizozo Junior Homemakers; Mrs. Ramona Ortiz and Mrs. Polly Chavez; Ruidoso Hondo Valley Extension Club; Mrs. Ardith Patterson, Mrs. Juanita Franks, Mrs. Ethel Harris and Mrs. Gladys Knox. Mary Ellen Payne, Lincoln County Home Agent accompanied the group.

Those attending the meeting heard keynote speaker Mrs. De Loma Scott, State Representative, of Alamogordo, speak on the new abortion bill.

The women also attended workshops on various phases of Club work.

Mrs. Ardith Patterson is District 4 Health Chairman and she conducted that workshop.

**Former White Oaks resident passed away**

Word has been received of the death of Alma Lacey Spargur, of Sierra Madre, California. She was born in White Oaks

and spent her early life in Carrizozo.

Surviving are her husband William N. Spargur, Jr. and five grandchildren.

Also her mother, Mrs. Fannie Lacey and six sisters and one brother.

**SANDKEY BEAR COUNTRY — By Margaret Rench**

**Moisture was great last week**

March did give us some very nice moisture in rain and five inches of snow last Tuesday night and Wednesday. There was no travel on the highway until very late in the day. Not even the mail bus. But, that moisture was great and it appears from all reports to be general for New Mexico. The mountains and surrounding country are still very white. The breeze is cold but the meadow larks and robins do not seem to mind nor do the spring blossoms. We really like this.

Mr. and Mrs. Jack Key and three children visited with his father Mr. Ernest Key in Carrizozo Sunday, March 8. They also visited with Mr. and Mrs. Jack Young in Capitan.

Jack Key has been the head Librarian at the Lovelace Clinic in Albuquerque for the past four years. He and his family are now moving to Rochester, Minn. He is to manage the Mayo Clinic Library in Rochester. They have sold their home in Albuquerque and bought a home in Rochester, Minn. where he will take up his duties April 1.

For the past four years he has been sent to many library meetings over the United States including Montreal, Canada. He made one of these trips to Mayo Clinic recently and they asked him to come take a position at their Clinic Library. He and his family like New Mexico very much. After having secured a masters degree from the University at Albuquerque, he also secured a second masters from a University in Illinois.

Although New Mexico climate, scenery and people appeal to him and his family they felt that they just could not turn down a better offer.

Jack attended several years school in Capitan. We do wish the very best.

Mrs. Rench and Mrs. Kingston made a business trip to Ruidoso last Friday and what beauty we did enjoy. There was lots of snow but the highway was clear. The ski area mountains were glistening white and so very pretty. Snow still sticking on the forest. We then drove on to Ruidoso Downs and it was the same there. Not melting much either. We picked up Miss Lou Harris and brought her to Capitan for a visit.

Those from Capitan attending the regular meeting of the Eastern Star last week were Mr. and Mrs. Otto Lowe, Mr. and Mrs. Jack Shaw and Mrs. Rench. Recent guests of Mr. and Mrs. Roy Allen were their daughter Mrs. Joy Hibrill and three children of Oriskany, Texas. They spent the week end.

Mr. Dwain Votaw received a medical discharge from the Army and arrived home with his parents Mr. and Mrs. Elmer Votaw.

Mrs. Neil Foot and three children, and Mr. and Mrs. M.F. Boyd, all of Flagstaff, Arizona were last week end guests of Mr. and Mrs. Elmer Votaw.

Mr. and Mrs. Gerald Dean, Sr. went to Lovington last week end.

There was a good Fair Board meeting last Monday night. They accomplished lots. Anyone who wishes to donate to the fund for the new Fair building should respond. They need us.

Mr. Roy Morgan of Alamogordo passed away Monday night March 9 and was laid to rest here Tuesday. He and his family are well known here as they were

Capitan residents for many years. How we loved them and hated to lose them. My sympathy is extended to his lovely surviving wife and family.

Mr. Spragg passed away at the Santa Fe hospital and was laid to rest at Ft. Stanton near his wife who preceded him in death several years ago. The services were last Tuesday. His survivors are his daughter Roberta Clark and one son, Bob Spragg. Several grandsons.

Thirty persons were expected to attend the Lincoln County Development Association at 6:30 p.m. March 10th, in Lincoln.

Mr. and Mrs. Bill Ward of Lincoln made a business trip to Santa Fe last Tuesday. I made a business trip to Lincoln last Tuesday. There were so many fruit trees blooming. It was so hard to believe as there was such a cold east wind with fog in the distance. The apple trees from a distance looked so alive. All of it seems so early.

Guests for one week arriving March 9 at the Mr. and Mrs. James Nethaway home near Lincoln were Doris Stahl, Florence Brockum and Jo Anna Stahl of Grovesville, New York.

Mr. James Nethaway and their daughter, Nichollette returned home February from two weeks vacation in Mexico City. They went by train from Juarez. They reported a very happy and enjoyable time. It was of great interest to me.

Mr. D. O. Jones entered the Ruidoso Hospital last Monday March 9. I wish you a good and complete recovery Mr. Jones.

Mrs. Lewis Cummins still remains in the Ruidoso Hospital very ill. We do miss her so very much. I wish you a good recovery and soon.

Miss Jane Cozzens of Elida spent last week end home with her parents Mr. and Mrs. S. M. Cozzens.

Mr. and Mrs. Richard Crandall who live on a ranch west to the mail box for their mail last Tuesday. They noticed smoke and hurriedly returned home to find their home in flames. They were able to save very few of their possessions.

Mr. and Mrs. Bert Cheney, Mr. and Mrs. Chad Horton, Mrs. Maude Clark and Dub, Mr. and Mrs. Pat Coor and family and Mr. and Mrs. Kenneth Stone and family attended the Jehovah Witnesses Assembly in Socorro last week end.

Mr. and Mrs. Charles Babb and son Christopher, arrived March 4th from Oxnard, Calif. for a visit with Mr. Babb's mother, Mrs. Noble Spodgrass and sister, Mrs. Carol McConnell and families. Charles went on to Ft. Leonard Wood with Noble Spodgrass Jr. who has been a patient at William Beaumont Hospital, El Paso.

Dennis Tracey came in from Castro Valley, Calif. for a visit with his parents. He returned February 27th, and his brother, Nolan, accompanied him and will look for employment.

Mr. and Mrs. Elmo Tracey and Stane went to Chama Saturday to get their daughter, Mrs. Phillip Black and son, Carl, who will spend a few days here, while Mr. Black is working in Denver.

**TWO FORT SUMNER HIGH SCHOOL STUDENTS.** — Harry R. Parsons III and Georgia K. Stephenson, are shown on the steps of the U. S. Capitol with U. S. Congressman Ed Foreman. The youngsters were in Washington D. C. under the sponsorship of a private organization, A Presidential Classroom for Young Americans, studying the three branches of the Federal Government. Mr. and Mrs. S. M. Cozzens of Capitan are grandparents of Parsons, his mother Ellean Cozzens Parsons was raised in Capitan.

The McCommasses left Sunday afternoon for Benson, Arizona where they were called by the death of Ernie's father. Our sympathy is extended to them. Mrs. W. T. Keelin was taken to Alamogordo recovering from bronchial pneumonia.

Mr. G. C. Brown was taken to a Roswell hospital Wednesday where he is reported improved from a stomach ailment.

Mr. and Mrs. John Powell are the parents of a son born March 11. The baby has two brothers, Johnny and Andy. Their maternal grandmother, Mrs. Frank W. Sultemeyer, Jr., is spending a few days in Roswell with the family.

Sandy Proctor, Donald Longoria, Ray Luera, Lonnie Clouss and Jim Bagley were among those visiting with Sam Davidson and attending the state basketball tournament. We hear some of those dorm rooms were a little crowded over the week end.

Cedar Temple, Pythian Sisters met for a salad luncheon Thursday in the home of Mrs. R. L. Sharp. The occasion honored the Temple mother, Mrs. W. S. Dishman for her Birthday. Guests were Mrs. Joe Atkinson and Mrs. Monte Bussey.

Miss Dorothy Kerr is spending the spring vacation at the Atkinson ranch. She was accompanied by "Tippy" a senior girl from Thailand who is attending Wasatch Academy.

Members of the sophomore class served a delicious roast beef dinner to area ranchers Saturday evening. Loomix Co. sponsored the event to acquaint feeders with their products.

Ranchers have begun shearing but there was snow falling Monday morning, and temperature was down to 20 degrees.

Mr. and Mrs. G. L. Samanlego and their eight children of Lubbock, Texas were visiting in Duran and Corona over the week end. Mrs. Samanlego is the former Lucy Madrid who attended schools here.

Mr. and Mrs. A. F. Winchester and Alva Winchester spent the week end in Pueblo, Colo. with the Allen Campbells.

Mr. and Mrs. Frank Glover are the parents of a son, Cooper Ray, born March 5th in Esparola. Mrs. R. J. Bagley and Mr. and Mrs. E. R. Bagley were spending a few days with the family last week.

Dr. Dawson, NMSU, was renewing acquaintances in Corona. The Corona Fire Department and others totaling about fifty men were on a fire at the Lovelace Ranch Sunday afternoon. At least three sections of grass were destroyed, and trees were still burning in the high winds of Monday morning.

Among those in Portales for the Charlie Pride concert were the Elbert Owens, the Elmo Tracays, Clint Sultemeyer, T. W. James, and Dale Browns.

Mr. and Mrs. Walter B. Cape and the boys were visiting relatives in Ruidoso Sunday, but were home to get in some fire fighting and some night patrol.

Mr. and Mrs. Archie Cape, Alamogordo, were up to see their grand children and other relatives Sunday. Archie was about the first to report the blaze which started at the rail road and went east.

A basket dinner is planned for noon Sunday at the Presbyterian Church. This will follow the regular services at which Rev. Robert Dodson, missionary, will preach. All are welcome.

of Alamogordo were up for a week end working on their place here. They plan to build a home and live here when Nick retires in two or three years. This makes Mrs. Rutina Maes and Mr. and Mrs. Tony Leyba happy, to know that they can be near each other.

**My House by Jackie Of Old Things**

Visitors to "My House" were somewhat "slowed down" last week due to the storm but we are not complaining as the moisture from an 8 inch snow was very welcome to the ranchers. We did have quite a few to go thru "My House" some from Michigan and Utah, El Paso and Odessa, Texas, Alamogordo, Holloman and Tularosa.

Mrs. Ivy V. Payne was here for a couple of days last week with her brother Bryan Hightower and her father John A. and his family. Mr. and Mrs. Payne are living in Portales and Ivy is with Eastern N. M. U.

Mr. and Mrs. Ysabel Sida and their young son Kino Donaldson, of Alamogordo were here Sunday. Ysabel lived here in the 1930's and will be remembered by a number of old time friends. He attended the Ancho school.

Glee Smith, of Rozel, Kansas, one of our genial cattle buyers, was in this vicinity last week. He stopped by for a cup of coffee with Sara Jackson and Jackie Wayne Hobbs of Capitan and his son Grady of Ruidoso were by the P. O. for a brief visit with us last Saturday.

Mr. and Mrs. George Lightfoot with their little sons, Clay and Cody were by to see the Jacksons and Jackie last Saturday. They had their little new baby girl with them and we lost our hearts to little Margaret.

**Famous sculpture is interesting program**

A regular meeting of the Gamma Theta Chapter of Beta Sigma Phi was held at the home of Mrs. Randall Burke. After the business meeting, an interesting program on Sculpture was presented by Mrs. Frank Sultemeyer. Many pictures of famous works of sculpture were shown.

The Ritual of Jewels was read for six new members: Mrs. Randall Burke, Mrs. Bill Brown, Mrs. Claude Foster, Mrs. Holt Lovelace, Miss Pat Livingston, and Miss Marchelle Echon.

Assisting with the refreshments were Miss Livingston and Miss Bohon. A delicious Cherry Upside down cake with red punch was served following the Ritual of Jewels ceremony.

**Are you going to go through another year thinking you can't afford an Oldsmobile?**

Our own surveys indicate that quite a few people think an Oldsmobile is out of their reach. They think it costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a lot less car and value for their money. It's so unnecessary, too, because Oldsmobile has many models that are priced right down with the so-called low-priced cars. So why settle for the ordinary when you can step up to an Olds and all the value that an Olds represents. Take this big, exciting Delta 88, for example. It starts out with a surprisingly modest price. Add to this the features that make it such an outstanding value—extras that are included in the modest price: □ Regular-gas Rocket V-8 □ Power Steering □ Power Brakes, front discs □ Nylon-loop carpeting □ Bias-Belted Tires □ Door Side-Guard Beams □ Hidden Radio Antenna □ Flo-Thru Ventilation □ Bigger, better riding 124" wheelbase. Check these extra values at your Olds dealer's today!

## Maverick 4-H Club talks on citizenship

The Maverick 4-H Club met on February 19, 1970 at 3:30 p.m. in the Multi-Purpose Room of the Corona Schools.

The Pledge to the U. S. Flag was led by Jack Allen Davidson. The 4-H Pledge was led by Amy Foster, President. Carol Lynn Davidson was in charge of the business meeting. The roll call was answered by each member naming three parts of a dairy cow.

The bulletin board prepared by Phoebe and Janetta Foster showed the breeds of dairy cattle.

Carol Lynn Davidson gave a presentation on Citizenship, telling how you are a citizen, what you do to become a citizen and how you use your citizenship.

A test was given on the parts and breeds of dairy cattle and the Hoard's Dairyman's contest. Members present included Janet, Jack Allen, and Carol Lynn Davidson. Tawna Ward,

Purpose Room. The Pledge to the U. S. Flag was led by Bret Carnell and the 4-H Pledge was led by Phoebe Foster.

President Carol Lynn Davidson was in charge of the business meeting. Roll call was answered by each member naming a breed of sheep and a reason you would use when placing a class of sheep.

Plans were made to participate in Talent Night with the Jr. and Sr. members each presenting a skit.

The bulletin board prepared by Allen Sultemeier and Amy Foster showed a sheep with the parts named.

Lois Ann Sultemeier gave a presentation on the breeds of sheep.

Bill Tyree, Teen Leader in Health demonstrated with a plastic bottle, 1/4 inch tubing with cotton in one end and a lighted cigarette in the other end the amount of tars and nicotine that would enter the lungs.

Members present included Amy, Janetta and Phoebe Foster.

 Food for thought department: If one looks at the Federal budget one sees -- a varied mass of expenditure programs whose common characteristic is that they transfer income or benefits from some part of the average and upper income class of Americans to some other part of that large group. Thus, we transfer income from the rest of the community to farmers under the farm program; income from working people to retired people under the social security program, etc. There are reasons for all of these programs, but some of the reasons are pretty old, and deserve reassessment in the light of current conditions. **Bare Facts**  
 Continued from Front Page have, for many years in cooperation with the U. S. Forest Service and other land management agencies, strongly promoted Smokey Bear anti-fire slogans in our news releases, hunting and fishing proclamations and in many other ways. Secondly, we will each take advantage of every opportunity to discuss this
