No contests in June primary election

It's an unusual year and an unusual primary election coming up for Lincoln County the 2nd of June for the fact that there will not be even one contest in this county in this primary election.

There are two Republican candidates for State Representative for Lincoln - Sierra, both from Truth or Consequences. Art Evans, Republican, county chairman for Sierra County, and Bill Rush will be coming over this way soon to solicit votes from Lincoln County Republicans. The winner of this race will oppose Ralph Petty, Jr., Democrat in the general election for State Representative.

One commissioner contest has developed for the general election where Don Stark, Republican, will be opposed by James L. Strong, Democrat in District 3.

John E. Conway

In both Ruidoso and Alamogordo and Mr. Conway believes he will be able to give full representation to both counties.

Mr. Conway is originally from Paola, Kansas. He is a graduate of the U. S. Naval Academy and the Washburn University Law School at Topeka. He served four years in the Air Force as a pilot.

He is now serving as president of the Otero County Bar Association and as treasurer of the Sertoma Club. He has also served as chairman of the Otero County Red Cross, secretary of the Boys Club and has been active in the United Fund.

The Conway family includes his wife, Dorothy Anne, and three sons, Bill, Matthew and Christopher. Mrs. Conway teaches third grade at Alamogordo.

Hamilton goes for State Senate job

Tom Hamilton of Alamogordo is in the race for state senator, district 23, the office now held by Republican Joe Skeen who is running for lieutenant governor.

Hamilton is owner of Medical Arts Pharmacies, has served on the Alamogordo city commission and as mayor pro tem. He has been on the board of directors of the Chamber of Commerce, the Community Center for Theatre and Arts, is a member of Rotary Club and the Methodist Church.

In January of this year Hamilton received the Robins "Bowl of Hygieia" for outstanding community service. In 1968 - 69 he served on the president's advisory council of NARD.

Mabel Vigil

The only other contest in the general election will be between the two senator candidates from Otero - Lincoln, John E. Conway, Republican, and Tom Hamilton, Democrat.

Incumbents filed Tuesday much as expected: Sheriff Ernest S. Sanchez, Clerk Alice D. King, Assessor Marion L. Schlarb, County Commissioners Charles A. Jones, Holt Lovelace and Don Stark, Probate Judge Kenneth Nosker, Bill G. Payne for Magistrate Division 2, K. A. Huey for Magistrate Division 2 and Austin Pritchett for Magistrate Division 3.

Attorney Conway in Senate race

John E. Conway, attorney with law firm of Shipley, Durrett, Whorton and Conway in Alamogordo, has announced as a candidate for state senator, District 23 subject to the Republican primary. The law firm maintains office

Tom Hamilton

Mr. Hamilton is particularly concerned about education, drug abuse, crime and law enforcement, future of Holloman AFB, industry, tourism, recreation, and agriculture.

He will campaign on the Democratic ticket in the June primary. The Hamilton family includes his wife, Anne and two children, David and Coby.

Contest for County Treasurer

ELLISON-DEMOCRAT

VIGIL-REPUBLICAN

Margaret Ellison, a resident of New Mexico since 1948, filed Tuesday as candidate for Lincoln County Treasurer on the Democratic ticket. The Ellisons have lived in Lincoln County for the past nine years.

Mrs. Ellison has considerable experience in work such as on the treasurer office. She worked with an abstract company in Santa Rosa, as assessor's deputy in San Juan county and for the past five years has been bookkeeper for Carrizozo schools, a job she now holds.

The Ellisons have two daughters, both graduates of Carrizozo school and now married. Two sons, Marc and Matt, are students in Zozo high school. Margaret is a member of Trinity Methodist Church here.

Mabel Vigil, who was born in Tularosa and has lived in Lincoln County since 1931, filed Tuesday as a candidate for treasurer of Lincoln County on the Republican ticket.

She was doing bookkeeping for the county school system under Lucille Patterson when there were 16 schools in the county and worked as bookkeeper at Lincoln County Municipal Hospital in Carrizozo from 1950 when it opened to 1956. Mabel was postmaster in Carrizozo for a year and nine months from 1957 to 1959.

She has managed the family business and at present is OEO district economic opportunity aid for Lincoln County.

The Vigils have three sons, all married, Patrick and John in El Paso and Sammy at K-State.

You might want to know some day the extent of Lincoln National Forest -- Formed (in 1908) from the Sacramento Forest (1902), Gallina Forest (1905), and Guadalupe Forest (1907), but called the Alam Forest until 1918.

Named for the County and the Town that are near the main portion of the Forest and that were themselves named for Abraham Lincoln.

Headquarters, Alamogordo. Total Area -- 1,271,068 acres; NF land -- 1,085,302.

Covers much of the White and Guadalupe Mountains; includes 31,171 - acre White Mountain Wilderness; has Sierra Blanca and Cloudcroft ski areas and miles of excellent hiking trails; is popular for its hunting, fishing, and horseback riding. Is also the birthplace of Smokey Bear, the Forest Service's symbol used in campaigns for fire prevention.

Trail riding is becoming more popular each year and our south central valley has its share of famous trails. For example, Cabeza de Vaca in 1536 crossed a portion of what is now the Lincoln. The Coronado Trail (1540) leads through the Carson and the Cibola. Onate's journeys in 1598 can be traced on three Forests -- the Carson, the Cibola, and the Lincoln. Escalante's Trail (1776) crosses the Carson; the famous Comanche Trail (1787) and the even more famous Santa Fe Trail (1821) cross the Santa Fe National Forest. The Chisum Trail (1869) took great droves of cattle through part of the Lincoln, and the Jim Stinson - Slaughter Trail (1883) crossed the Cibola and the Gila.

Mrs. Chas. Stoneman of Capitan sends this comment -- "how can our government manage foreign affairs when it can't manage its own?"

W-W

We're reading the new English Bible at our house. Comparison of passages in version set forth 1611 A. D. and the new one, the work of some 20 years just

recently completed -- is interesting.

W-W

Junk mail has been catching heck since our mail service got so bogged down -- there is another side. If junk mail is going to be defined as advertising letters, circulars, and catalogs on products or services we are not interested in, then we will have to take the position that most TV commercials, most ads in newspapers (forget that) outdoor advertising signs, and matchbook advertising are junk.

The millions of dollars invested in these mailings provide thousands of jobs, the billions of dollars of products and services sold as a result of these mailings -- keep many more thousands working. There really ought to be a prize for the best essay on junk TV.

W-W

We people in the paper business are getting in disposable underwear. Won't be long until you can buy your scanties or long handles over the counter, wear them all day or until Saturday night, then either throw them away or do the usual like using the paper for wrapping fish.

W-W

Equal rights for women has led to the outlawing of advertising such as "help wanted - female" or man wanted to operate heavy machinery. With this in mind imagine the following as a likely possibility in our ranching country. "Help wanted: one cow person. Applicant must be proficient in profanity to avoid inferiority complex in presence of experts and share bunkhouse with three cowboys who seldom wash all over."

W-W

Swiped from Duffy -- Kindness is one commodity of which you should spend more than you earn. In grandma's day the biggest baby - sitter problem was diaper rash. Doctor: a man who keeps telling children to eat more and parents to eat less. When a man just doesn't know which way to turn, his wife probably is interpreting the road map.

Lincoln Development group plans to keep the ball dancing

That heading is only slightly a pun because the Lincoln County Development Association meeting in Carrizozo Monday night worked on several projects that will make the year 100-plus-one more interesting in Lincoln County and one of the projects was a repeat of the successful centennial ball held last year.

Don Stark chaired the meeting at the center. The executive committee had met earlier and determined that bronze coins left over from centennial year would be disposed of three ways, 1) sell to groups at 80¢ each, 2) sell to individuals at \$1.50 each, 3) give to county visitors who rate such notice.

The Assn. is working on a calendar of events for the county, much the same as was issued last year and the close out for the first calendar printing is April 17. Any town or organization planning events for this year should contact Ralph Dunlap right away. A meeting will be held April

22 at the old courthouse in Lincoln to discuss organization of county historical association, a move that is rapidly gaining ground. The meeting will start with openhouse in the courthouse from 5:00 to 6:00, followed by no-host-dinner. The business meeting will get underway at 7:00 p.m. Phil Cooke of Santa Fe is expected to show a 1914 historical movie.

The Assn. heard a report on the Easter Sunrise Service from Chaplain Alfred Kline. The service was well publicized by local and state media and counted a real success by Chaplain Kline and all people who attended the service. Kline suggested that two co-chairmen be appointed for next year, an adult and younger person to handle the service. Kline was elected as the adult and will select his co-chairman. The Easter service started off with no funds and has expenses of around \$300 to be met. Local organizations are invited to help with this cost.

Bud Starkey, representing the Forest Service, told the group that there would be an increase in the cut in Lincoln Forest from 11.9 million feet a year to 18 million feet.

Committees were appointed by President Stark as follows (first named is chairman):

Water study -- Bert Pfingsten, Vernon Petty, Chuck Parham, Liaison -- Jim Beall, Austin Pritchett, W. E. Lyle, Nona Brecheisen.

Lincoln County Demos. WILL MEET IN CAPITAN

Lincoln County citizens are invited to meet and hear Democratic Candidates for Governor Jack Daniels, Bruce King, and Al Scerresse on the evening of April 16th 6 p.m. at Capitan High School. The dinner will be sponsored by State Chairman Jerry Apadoca according to County Democratic Chairman Fern Sawyer. Others attending are Harold Runnels Candidate for Congress, incumbent State Representative Ralph Perry, Jr., David Norvell for Attorney General and candidates for Secretary of State, Lt. Governor and Land Commissioner. Lincoln County Magistrate Candidates Austin Pritchett, Bill Payne and K. A. Huey will also attend to discuss Law and Order with concerned citizens.

Richard Coca and Science display.

Richard Coca, a sophomore in Carrizozo school, could probably help a lot of housewives more than they know, particularly with their cleaning work. Richard worked out an experiment testing four disinfectants on two types of bacteria, escherichia coli, found in intestinal tract, and bacillus subtilis, found in dirt -- like in your house or outdoors.

The disinfectants were applied to filter disc and then brought into contact with the bacteria. Of the four disinfectants tested Clorox rated at the top, followed by Saniflush, Lysol and PineSol.

The experiment won third place in the Southeast Regional

Ranchers to protest Engineer Corps policy

William Gallacher Sr., rancher north of Carrizozo, told the News Wednesday that 98 ranch people attended the meeting Monday at White Sands called by the Corp of Engineers to announce new policy toward White Sands Missile Range property owners.

A great majority of the ranchers think this new policy is totally unfair and they will go to Alamogordo today (Thursday) for meeting at 10:00 a.m. in Savings and Loan building on Tenth to set up formal protest against the policy.

Gallacher said he did not think it was the intent of congress to take everything away from the rancher, the government ought to do the same with White Sands property owners as it did with McGregor Range property owners -- that is to buy out the rancher and give them a chance to start some place else.

Following is news story from Albuquerque Journal quoting Phil Harvey who ranches in both Lincoln and Otero Counties.

A new Corps of Engineers policy toward White Sands Missile Range property owners could "put some people on poverty" relief and definitely will adversely affect Otero County property taxes, an Otero County rancher said Tuesday.

The policy was announced to property owners at White Sands meeting Monday.

The land has been controlled by the government on a lease basis since it was taken over in 1942 from about 90 families, said Phil Harvey of El Paso, who operates ranches in Carrizozo, Cloudcroft and Alamogordo.

The landowners were notified Monday by Col. Richard L. West, Albuquerque that grazing rights they held under the Taylor Grazing Act of 1942 -- which governs ranching on most of the public land in the West -- will no longer be recognized in Corps of Engineers leases of White Sands land.

The people have been gashed and might move back on the

land," said Harvey. "This could create a multiple - John Prather situation."

Prather was an octogenarian Otero County rancher who defied the government in the 1950s and early 1960s to take his property east of Orogrande.

His case was in the courts for years.

Harvey said the property owners and former leaseholders would meet in Alamogordo Thursday morning to discuss what to do.

He said the problem stemmed from the fact that water scarcity in much of the West led to the practice under which a rancher homesteaded or bought land with water on it and then controlled by federal lease the public land adjoining which his cattle could graze if they had access to his owned water.

Under the system, still followed throughout the West on public lands not administered by the Corps of Engineers, the water owner was given first

preference to lease me surrounding land where grazing would depend on that water; Harvey explained.

This preference added value to the landowner's owned land and if he sold the water rights he also sold the landright, so his owned property took on extra value.

The government leases have been made on the recognized value of the leasehold and the landowners were paid on that basis, Harvey said.

White Sands Range has 2,165,565 acres -- all federal except 71,077 acres privately owned and 348,743 acres state owned.

West, chief of the Corps of Engineers Albuquerque District, which includes White Sands, said the decision "unique to itself" -- came from a ruling by the Army judge advocate's office which since had been concurred in by the secretaries of the Army and of defense and by the Dept.

FHAer's are on the ball for National FHA Week

The Carrizozo F. H. A. Chapter is really celebrating its National Week this year. Not only are they working to better their Chapter, but also, they have included the community as well as the school, into their weekly plans.

The National Week started Sunday, April 5, and they made the "jump - goal" by attending the First Baptist Church. They felt this was a great way to begin their project, because this is one of the ideals F. H. A. is based upon.

On Monday, workers promptly "stapped" up a huge banner announcing its festive week. Also, part of the membership began a decorative arrangement in the Home Economic show case, carrying out the theme, "F. H. A. er's On The Ball".

The next day, being the third day of their activities, the whole Chapter really poured it on. A special meeting was called for 7:00 p.m., and an assembly line was formed to begin work on red tissue roses, the F. H. A. flower.

Bright 'n' early the following morning a group of volunteers issued a rose to each patient and worker in the hospital, including Dr. Spencer and Mrs. Gott. Another party of volunteers presented each member of the administration and faculty with one of our special roses. Even though the F. H. A. er's did get up pretty early, they were ready and willing to stay after school to clean and polish all of the Athletic trophies as well as clean the cases.

They brought their impressive week to a close, April 12, 1970. The end was celebrated just as the beginning, by attending church in unison, only this time the sunshiny group shone in St. Rita's

Happiness is . . .

QUEEN CANDIDATE — Miss Irene Garcia, daughter of Mr. and Mrs. Nasario Garcia, is the first candidate to be announced for queen of the St. Rita Fiesta to be held in May. Irene is a junior at Carrizozo school.

Census takers easy to identify

Householders will not have any difficulty identifying enumerators for the 1970 Census of Population and Housing, District Manager pointed out today. Enumerators, or census takers (most of whom are women), started making their rounds in the area on April 1 and are expected to complete their work in three to five weeks.

Each census taker will wear a red, white, and blue identification card. This card bears the seal of the Department of Commerce, and the words "Census Enumerator, Official Credential" are printed across its face. It bears the duties of a census enumerator and has sworn to keep confidential all census information you provide.

Persons purporting to be census takers who do not have this identification card should be reported immediately to the local police or to the census district office.

Census takers will be further identified by the portfolio containing their supplies. The portfolio is blue and bears the legend, "1970 Census," in the portfolio, the census taker carries her supplies of report forms, maps, pencils, and other tools necessary for her work.

For The Women

By Eleanor Payton

Demonstration on glamour

Eta Chapter of Alpha Delta Kappa met at the home of Mrs. Hazel Arthurs of Hondo, New Mexico.

Mrs. Kathleen Thompson presided at the meeting. Mrs. Mora Tiltsworth, gave an interesting talk and demonstration regarding "Glamour".

Members attending were Mrs. Carrie Lais Godley, Miss Elsie Kimbrell, Mrs. Elizabeth McClung, Mrs. Bernice Morrison, Mrs. Kathleen Thompson, Mrs. Louise Ferguson and Mrs. Hazel Arthurs.

June wedding set for Beth and Gary

Mr. and Mrs. Joe Flynt, Phoenix, Arizona, announce the engagement of their daughter Beth to Gary Hightower. The prospective bridegroom's parent are Mr. and Mrs. John A. Hightower, Ancho, New Mexico.

A June 13th wedding in the Peace Lutheran Church in Phoenix is planned.

Miss Flynt attends Arizona State University, Tempe. Her fiancé is a recent graduate of New Mexico State University and is presently employed at the Naval Weapons Center at China Lake, California.

Beth is the granddaughter of Mr. and Mrs. George Maki.

Former Resident Dies

Rose E. Hobbs, age 86, a resident of Albuquerque died Monday, March 30, 1970. Mrs. Hobbs was a former resident of Lincoln County and lived in Capitán, New Mexico for many years. She is survived by three sons, Thomas H. Hobbs of Spring Valley, Calif., John R. Hobbs of San Diego, Calif., William H. Hobbs of Los Alamos, N. M., one sister Mrs. Clara Davis, of Detroit, Michigan, six grand children, four great grand children.

Services were held Thursday April 2, 1970 at 10:00 a.m. from Capitan Catholic Church with Fr. Dolan officiating. Interment was made in Capitan Cemetery.

Casket bearers were Fletcher Hall, Ray Provin, LeRoy McKnight, Hollis Cummins, Jake Griego and David McFarland.

Services were under the direction of Clarke - Wooten Chapel of Roses Mortuary.

The Tops Carri less

Tops - Carri Less Pounds was organized in Carrizozo on April 1st at the Recreation Center. Officers were elected and the Charter was signed. Those elected were Elizabeth MacVeigh Leader, Jackie Spencer, Co - Leader, Irene Barham, Sec. and T. J. Carey, Treasurer. Erlena Tubbs was appointed weight recorder.

This organization is for the sole purpose of helping anyone over weight to take your pounds off and keep them off. Anyone wishing to join may do so by attending our next meeting which will be held April 15th at 7:00 p.m. Rec. Center. Why not come and see what fun it can be to lose. There are no diets or exercises just a lot of human interest. It is a nation wide organization and if a million other women and girls can do it there is no reason why you can't.

Former teacher tracing lineage

Lincoln County News
Carrizozo, New Mexico
Dear Sir:

I am the former Mary Crawford who taught school at Ruidoso (Hollywood) Capitan Mountains and Ancho under Mrs. Ola Jones, County Supt.

I later married Jim Dale of Ancho, New Mexico and in 1938 we moved to Texas. (Sulphur Springs, Dallas and we have been in Mineola twenty five years.)

I am interested in geneology having recently become one of the Charter members of the Northeast Texas Geneological Society.

I am interested in tracing the lineage of the Dales and Hazelwoods. I have been probing Jim's folks for information; so yesterday Mrs. Effie Dale Heiker of Alamogordo sent me a clipping from the April 5, 1957 Lincoln County News. It is entitled "Rambles Around Lincoln County. Interviews with people who helped build Lincoln County. The person interviewed in these two weekly columns was John W. Dale, Jim's father.

My husband nor I either one had seen it before and it really answered a lot of questions for my geneological record as well as a lot of interesting sidelights for the family history.

I don't suppose you would have saved any extra copies of this series? What I have been wondering is has the series ever been put in booklet form? If not, that would be a wonderful thing to do. I am wondering who else was interviewed.

My sister Pauline used to live in Carrizozo. She is Mrs. J. D. Herron. Her husband ran a grocery store there in 1935-36. He had worked for the Tiltworth Co. in Capitan before. My sister was a teacher in Capitan. Jeff Herron died in 1945. Pauline never remarried. She is an optometrist at Terrell, Texas. She gave all three of her children - good education. The oldest, Davis Herron is an Episcopal priest and a professor in a college in Yonkers, N. Y. He is married and has a daughter, Mary Pauline.

The second boy, John is an optometrist in Richardson, Texas; is married and has a daughter and son.

Mary Adair and husband Charlie Young and 3 children live in San Antonio, Texas. He is Bell Telephone executive.

I thought you might remember the Herrons.

Yours truly,
Mary C. Dale

Students named to dean's list

A total of 969 students were named to the deans' lists at N. M. State with 664 of them coming from New Mexico. To be named to the dean's list of one of New Mexico State University's five under - graduate colleges, a student must have maintained at least a 3.2 (B plus) grade average for the semester out of a possible 4.0, which is a straight "A".

College of Agriculture and Home Economics -- Wills Marie Edgar, daughter of Mr. and Mrs. William Edgar of Capitan, completed work during the fall semester for a Bachelor of Science in Home Economics degree with honors; Peter Gnatkowski, son of Mr. and Mrs. A. W. Gnatkowski of Ancho; Charles Lacey, son of Mr. and Mrs. Lawrence Lacey of Corona; Curtis Payne, son of Mr. and Mrs. John Payne; Scott Shafer, son of Mr. and Mrs. R. M. Shafer,

and Cecilia Torres, daughter of Mr. and Mrs. Eloy Torres of Hondo.

College of Arts and Sciences -- Maria Olascoaga, daughter of Mrs. Felipa Olascoaga.

College of Education -- Marilyn Gioannini, daughter of Mr. and Mrs. E. I. Harkey.

College of Engineering -- Gerald Posey, son of Mr. and Mrs. Arrell Posey, completed work during the fall semester for a Bachelor of Science in Mechanical Engineering degree; Aron Sanchez, son of Mrs. Grace Sanchez of San Patricio; completed work during the fall semester for a Bachelor of Science in Electrical Engineering degree; and Eloy Torres, son of Mr. and Mrs. Eloy Torres of Hondo, completed work during the fall semester for a Bachelor of Science in Electrical Engineering degree.

AROUND TOWN IN CARRIZOZO

Mr. Wm. Gallacher, Sr. celebrated his 82nd birthday on April 1. His family planned a surprise birthday party for him. Those who shared the happy occasion with him were Mrs. Gallacher, Mr. and Mrs. Bob Shafer, Mr. and Mrs. Wally Ferguson, Mr. and Mrs. C. D. May, Mr. and Mrs. Johnson Stearns, Mr. and Mrs. Alton Whittaker, Mr. and Mrs. Albert Roberts, Mrs. Mabel Renfrow, Mrs. Mae Shafer, and Mr. Wm. Gallacher, Jr.

Mr. and Mrs. Dan McKinley will leave this weekend to visit their daughters, Trina Loughead and Mollie McKinley in Norwalk, California. Their son-in-law Frank Loughead and grandson, Michael Baca, will arrive from California Saturday and drive them back.

Mrs. Leon Gibson left Friday for a visit with her sister, Mrs. Charles Glover, and Mr. Glover in Stillwater, Okla. She plans to be gone about ten days.

Erdine and Lee Kiefer went to Duran Sunday where they were guests of the Richard Burton family. Norman Burton accompanied them home and spent the evening in the Kiefer home.

Mr. and Mrs. Candido Martinez, and daughters Lisa and Janene of San Jose, California have been in Carrizozo the past week visiting Mr. Martinez's mother, Mrs. Carlotta Martinez. They left Wednesday morning for

their home in San Jose.

Mrs. Fannie Long was in Las Cruces last week visiting her daughter, Mrs. Wayland Dobbs.

Mr. and Mrs. T. F. Fallis went to Clovis Thursday morning to visit Mrs. W. R. Yeck, a sister of Mrs. Fallis. They returned home Sunday.

Mr. and Mrs. J. E. Thornton were in Roswell Friday.

A 9 lb. baby boy was born on April 3 to Mr. and Mrs. Eddie Allen of Stoughton, Wisconsin. They have named him Shelby Bob. Mrs. Allen is the former Waynette Withers. Maternal grandparents are Mr. and Mrs. Wayne Withers of Carrizozo.

Mr. and Mrs. Earl Fenter, and daughters Christine and Cindy visited over the Easter holidays with Mrs. Fenter's mother, Mrs. Natalia Vega.

Michael Caldwell was here from Belen last weekend visiting his aunt, Mrs. June Straley.

Mrs. Glen Bradley of Hondo was a Carrizozo visitor on Monday.

Mr. and Mrs. Charles A. Johnson, Jr. of Denver, enroute home from a vacation in Phoenix were overnight guests of Dr. and Mrs. A. N. Spencer Friday.

Mr. and Mrs. Ronny Richards of Hobbs visited over the week end with Ronny's parents Mr. and Mrs. Roy Richards. They also visited Tom O' Rear, Jr. and family in Alamogordo.

Mr. and Mrs. Nat Palomarez and family went to Morenzi, Arizona last weekend to visit Mrs. Palomarez's parents, Mr. and Mrs. Fred Lopez.

Leroy Chavez from Carrizozo and Nancy Chavez from Capitan drove to Alamogordo on business and drove back by Ruidoso, and stopped to visit his brother Robert Chavez and family Saturday.

CADET JOHN DAVIS

IS CHAPTER MEMBER

New Mexico Military Institute has formed a National Honor Society, and its charter application has been approved by the National Association of Secondary School Principals, according to a release from the NASSP, Washington, D. C. The Goddard High School Chapter, Roswell, a participating member, will act as host in an initiation scheduled for early April.

Included in the Charter members of the Chapter will be:

Cadet John J. Davis, son of Mrs. Wilma J. Davis
P. O. Box 94, Corona, New Mexico.

NEWS AND NOTES

At least 20 percent of all American adults are counting calories or should be. One out of every five is overweight to a degree that may interfere with good health and shorten life. When dieting, remember to count the nutritive value of foods as well as the calories. The foods you eat should be packed with vitamins, minerals and proteins needed to build your body and keep you in good health through out the diet and afterwards.

In addition to meat, fish, poultry and vegetables, include eggs, fruit and milk in your diet.

Eggs are dependable sources of protein, iron, vitamin A and riboflavin, and they're one of the few foods that contain natural vitamin D. A large egg has only 80 calories, most fresh, raw, unsweetened fruits have fewer than 100 calories per serving. Citrus fruits are rich in vitamin C.

An eight ounce glass of instant nonfat dry milk contains only 90 calories, which is about half that of whole milk. Those marked with the "U. S. Extra Grade" shield have a sweet pleasing flavor.

The way food is cooked plays a big part when dieting. Broil, bake or roast as much of your meats, fish and poultry as possible. Avoid rich gravies. Omit butter, margarine, bacon, cheese or cream sauce from your vegetables. Instead, season them with a bellion cube or salt, lemon juice and herbs.

Following these suggestions will pay off in smoother fitting spring fashions and vital, good health.

Mary Ellen Payne
Lincoln County Home Agent

Airman Ortiz in Texas

Navy Airman Apprentice Conrado Ortiz, son of Mr. and Mrs. Joe L. Ortiz of Carrizozo, N. M., is now serving with the Training Squadron - 23 U. S. Naval Air Station, Corpus Christi, Texas.

Dismissals: April 3, Mattie Littleton, April 4, Clara Casaus, April 5, Jancy Dow, April 7, Bertha Greer.

Impala '400' Sale.

You save when you buy it. You save when you drive it.

When you buy any Impala V8 model during our "400" Sale, here's how you can get two popular extras at no extra charge.

You order your Impala equipped with a Turbo Hydra-matic transmission, radio, Comfortilt steering wheel, front and rear bumper guards and white stripe tires. Items you'd probably order anyway.

Then we add our big 400-cubic-inch V8 at 265 hp that runs on regular gas, along with dual exhausts—both at no charge.

(The manufacturer's suggested retail price including Federal excise tax for the regular fuel 400 V8 and dual exhausts is \$98.75.)

But that's only the beginning. Because your Chevrolet dealer is really anxious

to deal these days.

And the Impala you're buying, of course, got to be America's No. 1 car, because of all the value features built right in. Features like flush-and-dry rocker panels that fight rust. Inner fenders to protect the outer fenders. Long lasting bias belted ply tires, steel guard beams in every door for added protection, an acrylic lacquer finish over its solid Body by Fisher.

All of which contributes to Impala's traditionally high resale value, too.

You're getting America's No. 1 car on sale. The car more people buy—year after year after year.

How can you beat that?

SMOKEY BEAR COUNTRY — By Margaret Rench

El Paisano has all new look

The El Paisano Cafe opened for business Monday April 6 after being closed two weeks remodeling. It is so inviting as you walk in with its new inlaid linoleum throughout the building. The pretty red table cloths on the light tables. The covers where the booths are have been paneled to match the other part. It has a beautiful new light and fixtures. The booths are upholstered in black, and the tables are light. Then Esther Clark's paintings help make it outstanding. Patty has a nicely made motto of El Paisano with the rooster hanging that she made at school. Truly that helps the decorations. It is so strikingly shining and clean one wants to sit, eat and enjoy the surroundings.

The kitchen has been enlarged, painted white on the walls up to the maple paneling. The ceiling was raised to a gable roof, with red wood beams and white pine lacquered between.

The dish washing sinks have been moved to a better location and are much handier. The new modern rest rooms are enclosed inside. The range in the center of the kitchen with good outside ventilation. The bright shining north windows and the outside kitchen door glass make it bright. Esther Clark did the planning. Herman desires to make it known with gratitude that it could not have been possible if it had not been for Pat Coor, Kenneth Stone, and Mr. Cozzens. It is a job well done and Herman helped through it all and he is glad it is finished. There are little items he will do on his days off. It truly is a job well done. I wish you good business and success.

Our Fire Dept. was called mid afternoon last Saturday to the subdivision in the trailer house division where Kenneth Lacy lives to a grass fire. It was not too big and was contained very soon of which we are so happy to learn.

Mr. Bob Yankee prepared a delightfully French chicken dinner with home made bread

with all of the good trimmings with date cake as dessert last Sunday at his home then called the Oteros and asked that they be home as he had a good dinner prepared for them as he knew they were so tired. He took it there and they enjoyed it so much together. Mr. and Mrs. Herman Otero, Patty and Esther were so thankful and appreciated it so very much. That was such a nice gesture and certainly is like that delightful little man, Bob Yankee. He is a piano teacher and a very good one. I do wish him worlds of success. We are so happy he chose Capitan to make his home and that he does like it here with us.

Mr. and Mrs. Bill Steinke left last Thursday morning early for Saco, Maine where they will make their home and take up the duties of caring for her aged parents who need them just now. Her father is very ill and in his eighties and her mother is not too well and in her eighties too. We will miss them as they were good people. Both Bill and Pat did so many good deeds while here, they will be long remembered. I wish you much happiness and contentment there. They called their children last Friday evening and they had made it to Missouri and all was OK.

Mr. and Mrs. Jack Shaw accompanied by Mr. and Mrs. Otho Lowe attended the regular meeting of Eastern Star last Thursday night. Mrs. Rench was ill and unable to attend.

Mr. and Mrs. Otho Lowe were among Masons and their wives and other members from Ruidoso, Tularosa, Roswell and Alamogordo who traveled to Juarez, Mexico Sunday April 5th. The Masons attended the initiation of the third degree in Masonry put on by the Juarez Masons. The women were royally treated to a tour of the city which was very interesting and enjoyable. At 2 p.m. a banquet was served to all visitors. They had a most delightful time and enjoyed every minute. What a beautiful day for all of them to be long remembered.

Miss Jane Cozzens took Mrs. Don (Geraldine) McClung to Albuquerque, where she took a plane to return to her home in San Jose, Calif., after being here for three weeks staying with her mother Mrs. Lewis Cummins most of the time at the Ruidoso Hospital. Mrs. Cummins is gradually improving of which we are so happy to know. Just keep up that good work as we need you, Bessie.

Mr. and Mrs. David Williams of King Salmon, Alaska are visiting his parents Mr. and Mrs. Miles Williams, Sr. Their son has been staying here with the grand parents going to school here. They intend to return to Capitan to make their home.

Mrs. Dean Boyd of the ranch made a business trip to Capitan last Monday a.m.

Mrs. Edna Kukendall of Roswell came to Capitan last Saturday on business, spent two nights at the camp with her husband, to Carrizozo on business on Monday then returned to her duties at a car rental in Roswell. She was compelled to leave this high altitude. She can live in it six months and then health fails and she just has to leave. We miss her. She was such a cheerful, wonderful and bright person to have with us. But it is nice to see her.

Mr. and Mrs. Antonio Maldonado are visiting their daughter Thomasita for one week.

Mr. and Mrs. Elvin Anderson accompanied by Mr. and Mrs. Greer West spent one day in Roswell last week. They are going to Plains, Texas to attend a Revival. Rev. Ernest West, son of Mr. and Mrs. West will preach. They left Thursday and returned Friday.

Pete Preciado who was wounded some time ago in Viet Nam and returned to Ft. Bliss where he convalesced and then was stationed at McGregor Range visited his mother Mrs. Stella Preciado three days last week then was sent to Germany to finish his eight months of duty he has left.

His brother Earnest is home at this time after having finished his two years of service. One tour of his duty was in Viet Nam.

Mrs. Duane Darling took their daughter Peggy who was home for Easter vacation back to Lubbock Christian College last Tuesday.

Mrs. Gerald Dean, Sr. left last Saturday for Plainview, Texas to visit Mr. and Mrs. Paul Randle and Joe Paul, Gerald, Sr. joined his brother Mr. Harold Dean and Sally Ann of Bingham for a Sunday visit with his parents Mr. and Mrs. Robert Dean.

I had the pleasure of meeting the charming widow Mrs. Glenna Vourazeris who is the lessee of the Parsons Hotel as of March 1. She has everything bright clean and shining ready for the public

which she hopes will remember to patronize that old land mark high up in the White Mountains above the Bonita Dam. She is from Albuquerque and has two sons. Oldest is a freshman at the University of New Mexico in Albuquerque and the other is a senior at Sandia High School. They both will spend the summer after school closes with their mother and help her.

They all love this country and desire to remain here. Therefore I sincerely wish good success and happiness so that they will remain.

Mrs. Vourazeris and Alice Wright made a business trip to Roswell last Thursday.

Mrs. Howard Sellers and daughter Mrs. Kay Strickland went to Seminole, Texas last Saturday morning to visit her mother Mrs. Elsie Kidd for the week end and returned Sunday evening.

There was a Talent show last Friday night at the school in which many school children participated. A group of FHA from Corona presented two numbers. A good crowd attended.

The Capitan Womens' Club are showing Walt Disney movies on the first Saturday of each month as a community service and will continue as long as they pay for themselves.

Mrs. Ernestine Germany returned Friday from a three day work shop in Santa Fe. Her son Mr. and Mrs. J. C. Germany and family of Las Cruces spent the weekend with her. J. C. is employed as Councillor with Army Educational Service, White Sands. The Germanys now have a Volkswagon Camper. They really like and enjoy it. The children have a time.

I wish to describe the turkey vulture. This is the most wide spread vulture and is sometimes found north to Canada. It has two toned wings, a rather longish tail, and a red head. It soars with a dihedral (which means that it holds its wings above the horizontal). The other species, the black vulture is more southern. It flaps much more, shows a white patch near the wing tip, and has a very stubby tail. It is not so buoyant in the air as its red headed relative.

My reason for this description above is to let you know that the turkey vulture arrived in one pair March 29 and three days later six more arrived and by April 4, 24 had arrived to roost for this summer as usual in a big cotton wood tree at the Cheney Home and Nursery. I had the pleasure of watching them come in last Saturday evening. They have roosted there for many years and I feel that we should be happy as they are a valuable bird and badly needed. I want our citizens to realize their value. They leave early morning and return late in evening to roost. Remember to leave them alone and enjoy knowing they are about for they are good scavengers and fly for miles to keep our dead animals cleaned up.

I understand there is a town in Ohio that holds a celebration each year on the return of the turkey vulture. Therefore it seems we do have something to be thankful for. Let them live.

Mr. and Mrs. Chad Horton have the loveliest New Trailer home. Certainly one of the loveliest. It has two complete baths and two bedrooms. It is beautiful inside. The yard is prepared for a nice vegetable garden and a few flowers with a fish pond and running water falls. Chad has and is doing wonderful work there. Mrs. Kingston and I enjoyed visiting them and Mrs. Clark last Saturday evening.

I will be so happy when the New Mexico Highways become as clean as Arizona and California. From Alamogordo west it is delightful traveling with not a bottle, can or trash on or near the highways. I wish everyone would remember that and not litter them. There is \$100 fine for anyone who litters and it most certainly does show on that southern route.

If all who travel the highways would think not to be a litter

bug that would make our picturesque landscapes stand out for we do have the most wonderful country of all as far as I am concerned. It is nice to visit other states but its great to return to good old New Mexico. This good clean air, what a joy. The quiet and peace. Its great.

As we were traveling the southern route to Calif, there were fields of lettuce and other vegetables, and some fields were ready to plant. On our return the lettuce had been harvested and they were preparing again for some other crop. The citrus orchards gave their delightful perfume. Oh, but they were lovely and well kept. Some had fruit with color. The grapes were starting to grow while others were dormant.

We returned via a different route than when we went there. We took the freeway to Banning then went through the mountains to Beaumont on to Palm Springs and enjoyed that and then came back to our highway after we came through Indio via a different route. They were making changes in the date orchards in some places. Some had been uprooted perhaps to start a new one. We missed some of the sandy desert that route. All of it was of great interest to us.

While I was visiting Boise we enjoyed dinner at the Reef. That was delightful overlooking the ocean in Japanese setting.

Four men made oil drilling islands off from the town Long Beach Coastal Area impressed me deeply. They are landscaped to have the appearance of high rise buildings with unusual color schemes including huge palm

trees, waterfalls and many other samaflouges which leads one to believe it is a resort island instead of a highly complex industrial project. It was interesting to know each island has several hundred wells. Over one half of these are used to pump sea water back into the earth under extreme pressure to replace the crude oil that is being removed. This has not only stopped the substance of the ocean front but guarantees in years to come. Another point of interest I was told. It is one major oil field of the Western Hemisphere.

To you of those who remember the old Wooden Rainbow Pier at the head of Long Beach Blvd. known years ago as American Blvd. where the Municipal Auditorium is located has been eliminated. Many acres off land filled in by material sucked from the ocean and in conjunction to the large arena there are huge parking lots.

They are building several large lagoons, parks and eventually will have high rise, commercial and industrial complexes. Many years ago I had the opportunity to fish and board a deep sea fishing boat from the old wooden Belmont pier. It has been replaced with a large concrete installation with modern conveniences extending deep into the harbor. At this visit the ocean was at low tide. The sea gulls were riding the bouys. Ducks and geese migrating were enjoying their swim. Many persons were fishing. There are concrete sinks and tables to clean the fish with running water.

All of the old buildings on

the Ocean Blvd have been demolished and are being replaced with very modern structures. The original amusement park known as the Pike has been completely changed. The Roller Coaster that extended into the ocean and the largest of its kind in the country has been demolished to make way for progress.

This disappointed some of the natives because it was a land mark used for many movies and one of the outstanding points of interest to the past generation.

It was hard for me to believe when we visited Signal Hill, that it was the same area I visited several years ago because all of the wooden and metal drilling towers are being removed even though the wells are there and

still pumping. It did not seem the same.

I was told in the very near future several million dollars is to be spent in the development of high rises including apartments and commercial buildings.

Range Wages Raised
 Nearly 100 blue collar workers at Stallion Range Center, in the northern part of White Sands Missile Range, received pay raises this month as the result of an adjustment in wage areas. The raises ranged from 6 to 18 cents an hour, averaging about 11 to 12 cents. Effective at the beginning of the first pay period after March 9, they involved between 95 and 100 Wage Board employees of WSMR

working in Socorro and Lincoln Counties.
 The affected workers were transferred from the Albuquerque Wage Area to the Southern New Mexico (Dona Ana and Otero counties) Wage Area. In effect, the transfer brings all blue collar civil service workers on the range proper into the same wage area and pay scales.
 The transfer was requested by the WSMR command in a letter to the Defense Department last

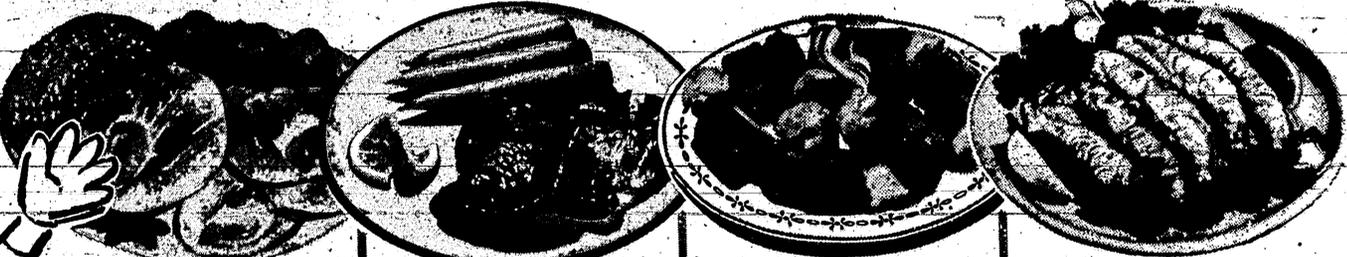

August.
 Notification that the request had been approved was received last week.
LETTERS
 405 Clyde Dr.,
 Jacksonville, N.C.
 Editor,
 Lincoln County News
 Carrizozo, N.M.
 Dear Mr. Payton:
 My sincere compliments to

Mrs. Treat for her fine contribution on the George Parker - George Musgrave affair. This sort of thing is invaluable to the historian, but it is surprisingly difficult to get the "old timers" to set their recollections down on paper. All too often the knowledge dies with them and is lost forever. If more of your readers would follow Mrs. Treat's example, your paper could become a real force in the collection and preservation of

Lincoln County History.
 I would appreciate it if you would send me two additional copies of this issue so that I may preserve her article in my files. Thank you.
 Sincerely,
 Phillip F. Rasch
 State Park and Recreation Commission

 Mr. Paul W. Payton
 Lincoln County News

Carrizozo, New Mexico
 Dear Paul:
 It is indeed a pleasure to hear from you again, especially when you convey to us some of the success we're having with our Valley of Fires State Park.
 It appears that our federal funds for matching some of our bonding money provided for additional development at Valley of Fires is now available. However, we do not plan to start

any development in the area until probably late fall of this year. I will send a copy of this letter to Mr. Carlos Tipps who will stop by and visit with you to ascertain just exactly where we need the electric power outlet as described in your letter, so that this can be incorporated in our development program at Valley of Fires this coming fall.
 Sincerely,
 James L. Dillard
 Director

COCA WIN

Continued From Page One
Science contest at Roswell April 4. The first and second place winners in this contest will go straight to the national contest. Richard will take his work to the state science fair to be held at N. M. Tech in Socorro next week. His work was under the direction of Barry Wahrmond, biology teacher in Carrizozo school.

Capitan Lions

Elect Officers

The Capitan Lions Club held election of officers Monday evening. Those elected were: President, Darrell Austin, first vice president, Hollis Cummins, second vice president, Chaplain Alfred Kline, secretary, Bartley McDonough, treasurer, Lee Ingalls, Lion Tamer, Bert Schulle, Tail Twister, Clay Baxter.

On the board for two years are Lee Coffman and Miles Williams. On the board for one year Kenneth Shear and Duane Darling.

The club plans to award a \$100.00 scholarship to one of the following students, the recipient to be announced later: Clark Taylor, Pat Grantham, Jimmie Wright, David Ingalls.

They also voted to send a boy to Boys State and a girl to Girls State.

They decided to donate \$500.00 to the Fair Board for the new building.

At the next meeting they will vote on the "Outstanding Lion" award.

Ranchers Protest

Continued from Front Page of Justice.

That opinion holds the land owners no longer have a right to Taylor Grazing Act lease benefits. They thus will see their land with nothing extra for former leasehold, or will lease it anew with no compensation for land they used to control.

Harvey said the landowners thought this unfair in that they had been given 20-year leases (which expire June 30), but could not borrow money on the lease payments and relocate elsewhere because the government kept the right to cancel from year to year.

Thus the owners' capital was tied up in their leaseholds, which they could not sell because of the Army leases, and they now face drastically reduced returns from that land.

The state and federal public lands would be useless for ranching without the water supplying private land, so the state and U. S. actually got value from leasing to ranchers, Harvey said.

Sale to the Corps of Engineers of the private land would take it off the tax rolls of Dona Ana, Sierra, Lincoln and Otero

Counties, Harvey said, of which most hard-hit would be Otero County, which has little taxable land anyway.

Col. West said he told the ranchers that a means of relief from the judge advocate's interpretation which led to the change might be possible through legislation.

But he conceded time might be somewhat short for such relief, in view of the fact less than 90 days is left before the old leases end.

West said he is "not going to push too fast" in implementing the policy, but is "proceeding with appraisals" of the affected land, to determine what current value of them is.

Negotiations with landowners will begin next week, he said. Each landowner will be approached on an individual basis, he said.

Harry Lee, San Mateo rancher said he was sent to the meeting Monday as a representative of Gov. David F. Cargo who expressed concern about both the plight of the ranchers and the possibility of revenue loss.

He has not yet reported to Cargo, who is in California, but is preparing a written report, Lee said.

North of US-380, which runs from Carrizozo to San Antonio, N.M., is an area known as the northern extension of White Sands Missile Range.

In that area, ranchers still run

cattle on the range and still live on it themselves, but with a contractual agreement with the government that they will move off the range for 12 hours at a time when alerted to missile firing over their ranches.

They leave 20 to 30 times a year, Harvey said.

Will Orndorff, who ranches half way between US-380 and US-60 directly north of the main White Sands range, said the co-use of land in his area is working well. Most ranchers there are satisfied with new five year co-use leases negotiated with them by the government last year, Orndorff said.

Rancher Lee described the people at Monday's meeting as "small people -- good, hard-working, loyal Americans" who couldn't buy ranches to replace their White Sands holdings because of the peculiarity of the year to year cancelable lease. Many are old.

Both he and Harvey voiced opinion the 90 day notice of the policy change was quite short in view of the policy's having been in effect 28 years.

Harvey said that before 1942 there were three or four very large operations on what became range land, but most of the spreads involved cattle carrying capacities of from 50 to 200 cattle, barely profitable operations these days.

Carrying capacity rather than

acreage is the determining factor for southern New Mexico ranches.

One man who controlled 1000 acres but owned only 40 probably will have to go on welfare, as others may, said Lee. One man getting \$2300 a year would now get \$1250, he said.

Lee said the ranchers were given three choices by West: Sign the new agreements at a loss to themselves; take the matter to court; or get new legislation passed.

The Thursday meeting is to determine what course to follow, he said. Most of the ranchers are not wealthy enough to take long litigation in court, he added.

Look your loveliest!

By **Mildred North**
of
Medical Arts

Sunbathing sessions are skin-aging sessions. If a deep tan is your goal, it is now possible to have it anytime, at a moment's notice, harmlessly, from a tube. Skin bronzers are available. These creams are easily applied, give a natural sun-toned tone (for men and women) and may be cleaned off without leaving stains or streaks.

If you must sunbathe, remember ultraviolet or sunlight effect body tissue in several ways. The skin becomes thicker--this is nature's reflex for protecting itself, to some degree, from the injury caused by the ultraviolet light. Ultraviolet rays are sources of energy of great concern.

Sunburn is hardly more than an experience in temporary discomfort, however, a measure of damage to your skin has taken place. Future exposure will produce damage of its own. Damage is added to damage.

Although the skin damage produced each time is small, it is damage, added to damage, added to damage, year after year after year--that produces the major undesirable and unattractive features we usually associate with skin aging.

The sun-disciple's skin is thicker and more leathery; it has more lines.

With the many types of cream lotions and gels available, select one which you personally find most pleasant to use. Be sure to select a type with sun screening.

Always remember you can sport a tan that has caused no sun damage if you use a good bronzer--all year.

This is the age of Physical Fitness.

We watch our diet -- we do push-ups, but what about our hair?

To keep it in top shape, hair needs a physical fitness program, too.

The Pantene Program: Pantene Shampoo for men and women--One lather only.

The Treatment that undoes dryness caused by sun, wind, water, heat, anything.

All Pantene products are packed with famous Swiss Conditioners -- to get your hair back in shape. For good.

With this changing weather every day, you better have more on your life than the most alluring color.

Like a lipstick that's also leading with anti-drying, anti-chopping and anti-burning ingredients. And a clear velvety lip gloss that won't stick on anytime (unlike all over lipstick too).

For \$2.50 you can get both in Bonne Bell's Purse 'N Parka Combination.

This "everyday" question? "How do I combat facial perspiration and melting makeup?"

Pat the face liberally with an astringent called Velva Smooth Lotion. This type of lotion is beneficial to all skin types, retards facial perspiration, and keeps the face feeling cool.

"What is the best treatment for a crepey neck?"

Treatment for the neck requires something other than a night cream. A special firming lotion should be used, plus tightening oils applied with a special method of patting and molding.

You can save money on your Vitamins now!

Vitamin A helps maintain healthy skin.

Vitamin B1, necessary for maintaining normal function of the nervous system.

Vitamin B12, helpful to eye health.

Vitamin B6, aiding in building richer blood.

Vitamin C, helps in healing, combats infection, serves as a cold preventative.
