

This picture of Willow Mountain on the Bar X Ranch southeast of Carrizozo shows how the 'Winter of 1971' looks. It feels just as cold as it looks with record low temperature of 18 degrees below zero recorded here Tuesday. The mountains back of Willow were 'soaked in' Wednesday morning when this picture was taken.

Weather on the second day of the New Year wasn't really bad. Some Otero County real estate coming our way but as two Payton families (Dwight and Paul) ate breakfast it was close to normal. Dwight thought they ought to start home, he was talked out of that and we set off for Alamogordo to visit brother Bill, getting back home around 3:00 p.m. Dwight figured he'd better check on the weather because by that time the wind was kicking up good. Radio report on weather told of the storm coming in from the north and predicted snow in the northern mountains, Dwight and Gladys Payton set off for Aztec as speedily as possible -- they made it only to Cuba that night.

Carrizozo people could see clouds around but our weather was not unusual for a Sunday morning, January 3. Mountains were socked in but no snow and not much wind in town. Right about 10:30 a.m. was when the snow came on into town and all of Lincoln County began experiencing a white new year.

Carrizozo hasn't experienced a good pipe-freezer since 1962 when the cold snap lasted two or three weeks, long enough for the ground to freeze down to water pipe depth.

A. N. Spencer and L. Z. Manire get together on temperature readings, A. N. remembers 1962 temperature as record 12 degrees below zero -- Carrizozo had a reading of 18 degrees below zero Tuesday, and 13 below on Wednesday -- with no letup in sight. Better leave a drip-drip-drip on your water system.

We got some of Leandro's milo to put out for birds in our area, waited at least a week too long for this chore. They'll appreciate the extra feed in weeks to come.

Otis and Waldo used to sleep on a rubber mat kennel warmer last year until we could see it was giving Otis a bad rash and stopped using that warmer. May have to get it out again because our two friends sure don't want to go out in the garage at night.

Out at Charlie Leslie's they finally got a car started Tuesday and it was one of those VW types. David has a GM type car and Peter has been bringing him to work in a "better idea" type car. Carrizozo school not missing any days but attendance is bad, maybe that's good because teachers will be relaxed and start

the new year off with good mental attitude. Some heating problems at school, but that's good because it gives the gas people something to do.

A tribe of printer-ranchers stopped for visit Monday. They'd been delayed going home to Albuquerque from Carlstad. Finally unloaded our last two cigars on M. J. Cathey, with considerable regret -- that M.J. should be enjoying more bad habits than we are -- he's got 'em all. Others in party, Theima, Sharon and Larry, are real nice people.

## News And Notes

Table linens are not out of date; they are prettier and more practical every day. They are used as a protection for the table and as a unifying agent for all items placed on the table.

The word "linen" refers to any material used for tablecloths, place mats, or napkins. It does not mean that the item is made of linen fiber. Homemakers have a wide variety of materials from which to choose.

Covers for tables were used thousands of years ago. A desire for beauty and a need for cleanliness made the use of table linen a natural custom. Guests at banquets in ancient Rome wiped their hands on the edge of the cloth so extra cloths were necessary.

In primitive countries, mats woven from bamboo, twigs, or grasses were usual accompaniments to meals. In England during the 15th, 16th, and 17th centuries only nobility used table linens.

The emphasis today is on fun without fuss. Homemakers look for something that requires a minimum of care and that best fits their needs. Measuring the table before buying new linens is essential. A tablecloth looks best when it extends 12 to 15 inches over the edge of the table. Place mats may be round, oval, rectangular, or triangular. A convenient size is about 14 by 18 inches. Choice of mats will depend on the size and shape of the table.

Even though today's table linens offer easy care, the homemaker still has to know what kind of care they need. The best guide is to read the label for information on care the linen needs and then following the care instructions.

LINCOLN COUNTY NEWS - Thursday, January 7, 1971 - Page 2

# 1971. You've changed. We've changed.

Change. That's what it's all about this year. And that's what we mean by putting you first.

These are uneasy times. There are major concerns. About pollution. About safety. About the economy. About your hard-earned dollar. We know.

For the past 10 years Chevrolet research people have questioned thousands of people on every subject from rising taxes to the size of the glovebox in their cars.

We've found that price and maintenance costs, trade-in value and quality have become tremendously important.

Your car has to work. It has to last. And each new model must have more built-in value.

At Chevrolet, we understand. You want meaningful change. And our aim is to give that to you, as you'll see in the 1971 Chevrolets.

Caprice. The biggest, most luxurious Chevrolet ever. A complete change.

Bigness in itself is nothing. But if it allows you to lengthen the distance between the front and rear wheels (which we did), then you've got something.

You've got a smoother ride. The idea in the 1971 Caprice was to give you the looks and comfort of a six- or seven-thousand-dollar car, without asking you to pay anywhere near that much for it. And above all, to build in as much dependability and security as possible.

So we changed the body structure for 1971, too. We made it stronger. And we made it quieter by putting a double layer of steel in the roof.

Caprice, as you can see below, is a lot of luxury at a Chevrolet price.

Vega. The littlest Chevy ever. It wasn't changed from anything.

Before building Vega, we read everything we could get our hands on about little cars. We talked to owners. We studied little cars up one side and down the other and, literally, tore them apart. We found out what made them tick, or why they didn't tick.

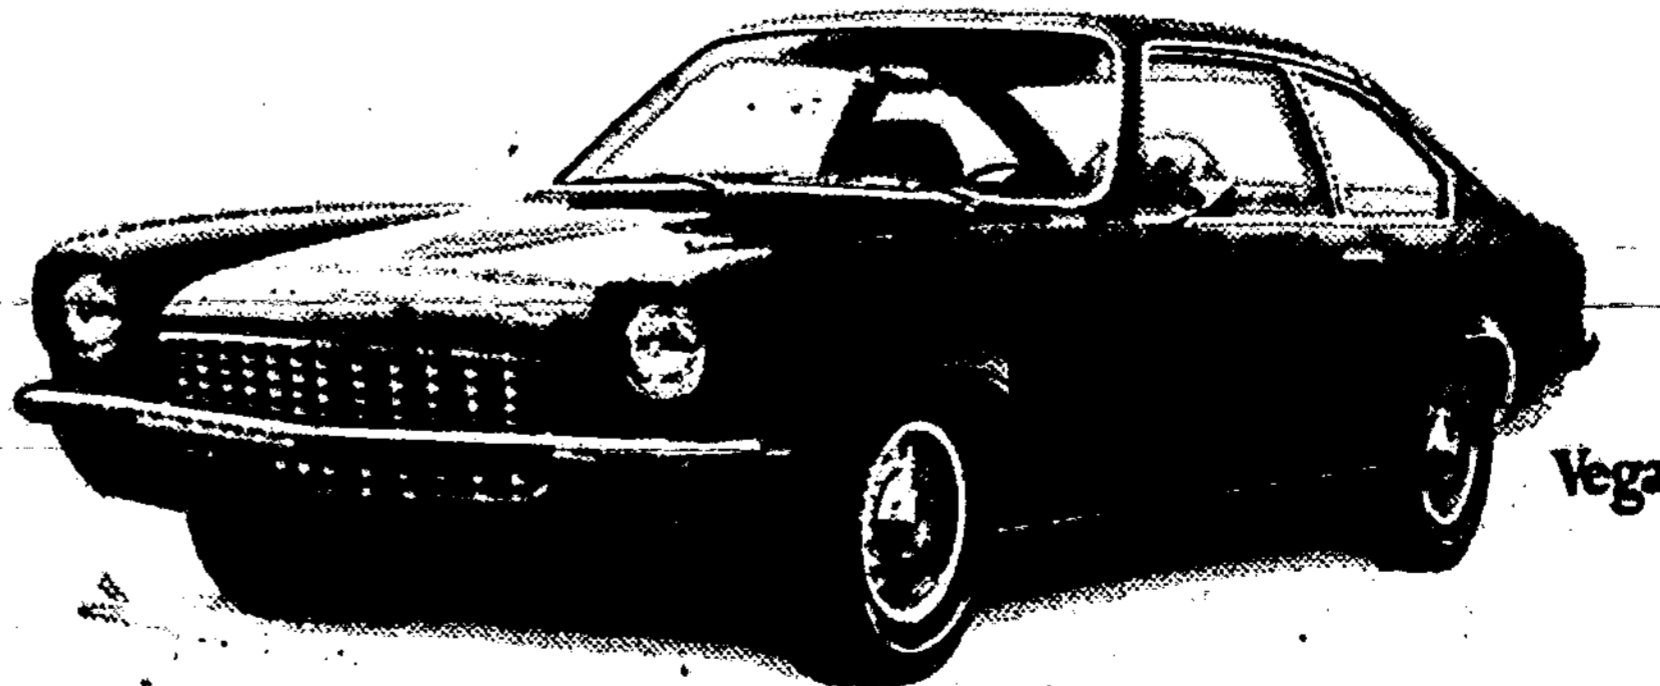

What ticked were gas economy and dependability. What didn't were underpowered engines, cramped quarters and getting blown around in the wind.

In our little Vega, everything ticks. It's not just another little car. You didn't want that. It's one little car that does everything well.

Mrs. Maude Kingston and Mrs. Rench made a business trip to Carrizozo last Saturday afternoon. While there a terrific wind came up with lots of dust. No visibility. It was not that bad in Capitan on our return four hours later but we did feel there must be going to be a big change in the weather. That was true for certain, though it did not arrive until near 10 p.m. Then it was misting and raining lightly and turned to snow before morning. Sunday morning we had lots of ice and snow with no travel. There was nothing done to the highway until very late Sunday. No travel toward Ruidoso. The State Police advised everyone to stay off the highway which was good advice. It was so very cold but we did get four inches of snow, that we do appreciate.

It was zero last night. The highway is clearing nicely at this time Monday 1:30 though it has not warmed up more than 18 degrees.

We are so very happy to have this moisture which we did need so badly. We need still more. It is great!

## Wonderful 1971 is wish for you

By Mrs. Edgar Phillips

I hope each person who reads this has a Wonderful 1971. This is a wonderful country we live in and we should all be happy to be here and thanks to Paul and Eleanor and Staff for their work bringing us the news.

Glyna Grady entered the Ruidoso Hospital on December 17 and had major surgery on the 18th. She is now at home, recovering from the operation nicely.

Mrs. Pearl Soderback flew to Compton, Calif. last week for the funeral of her brother-in-law Clyde Kyer and to be with her sister Lou during that time.

Mr. Kyer who had worked for the railroad as an engineer for many years, had just come in from a run and had not even checked out when he had a heart attack and passed away.

He and his wife, the former Lou Underwood, daughter of Mrs. John Wright of Port Townsend, Wash., were parents of a son Kenneth, age 13, who attends a military school in California.

near Compton.

We wish a lot of good wishes for the former Margaret Taylor, daughter of Mr. and Mrs. Ray Taylor who is now Mrs. Bob Watson and for her husband Mr. Watson, too.

The couple were married in Carrizozo on December 19th. Margaret received her education at Capitan High School, College of the Sequoias in California and New Mexico State University at Las Cruces.

Mr. Watson will be remembered as a State Police Officer at Carrizozo a few years back. He is now a building superintendent in Albuquerque.

Clark Taylor is enjoying a vacation at home during the semester break at New Mexico State. He likes college very much and has always been an outstanding student.

Mr. and Mrs. Bill Ward attended the inauguration ceremonies and ball for Gov. Bruce King in Santa Fe last weekend.

Electricity . . . on the job to create a better life in a growing community.

## Kansas visitors promise return

By Jackie Silvers

We enjoyed a large number of visitors last week from El Paso, Texas, some from Alamogordo, New Mexico, others from Orinda, California and White Pigeon, Michigan, Atmore, Alabama and Pensacola, Florida.

Mr. and Mrs. Herbert Crumley of Spivey, Kansas paid us their

third visit on Tuesday 29th. We had a very pleasant time and since they like our relics so much promised us to return again on their next trip this way.

Susana V. English of Carrizozo and her three children, Michael, Bruce and Terri were here for a very happy visit with us last Tuesday. They were accompanied by Susanna's mother-in-law Mrs. Betty English, Miss Charlotte Presley of Alabama and Mr. and Mrs. Howard Stacey of Pensacola, Florida. They were spending their holidays in Carrizozo with the

English family. It was real nice seeing Susanna again and meeting her lovely guests.

Monday 28th Robert K. Harris of Alamogordo came to see us accompanied by his daughter Stephanie and on Wednesday 20th Mr. Chas Spann of Albuquerque accompanied by his daughter Trish were by to see us. We enjoyed the Father-Daughter visits very much. Both fathers had visited us before and wanted their college daughters to have "a glimpse of the past".

We were real happy to have Mrs. Dorothy Ryberg of Clovis,

New Mexico formerly of Corona, for another visit with us. Her son, Bruce Ryberg of Dallas, Texas was with her and also Mrs. Allen Black of Clovis. They all enjoyed their tour of "My House". Thursday the 31st Mr. and Mrs. R.B. King of El Paso, Texas with their daughter Mrs. R.B. McVicker and her young son Mike, El Paso also, came by to see us. We had a real nice visit with all of them. Mr. and Mrs. King had been here before but it was the first time for Mrs. McVicker and Mike. They were on their way to the Bruce King

ranch at Stanley, New Mexico then on to Santa Fe to attend the inauguration of his nephew, Bruce King, to the office of Governor of New Mexico. They planned to attend the Inaugural Ball and all the festivities. Of course Mr. King was happy for the successful campaign of his nephew.

Mr. and Mrs. Hugh Jackson of El Paso, Texas and Mr. and Mrs. W.J. Lueb of Hereford, Texas have been the guests of Mr. and Mrs. L.Y. Jackson and family for several days. Mr. and Mrs. W.I. Russell and two little sons Larry and Ronnie of El

Paso were also their guests Saturday and Sunday.

Peter Gnatkowski was in Tucumcari, New Mexico for several days last week with a large group of young men who were judging cattle. Peter returned Sunday evening via Clovis, Roswell and Captain due to the storm and closed highway 54.

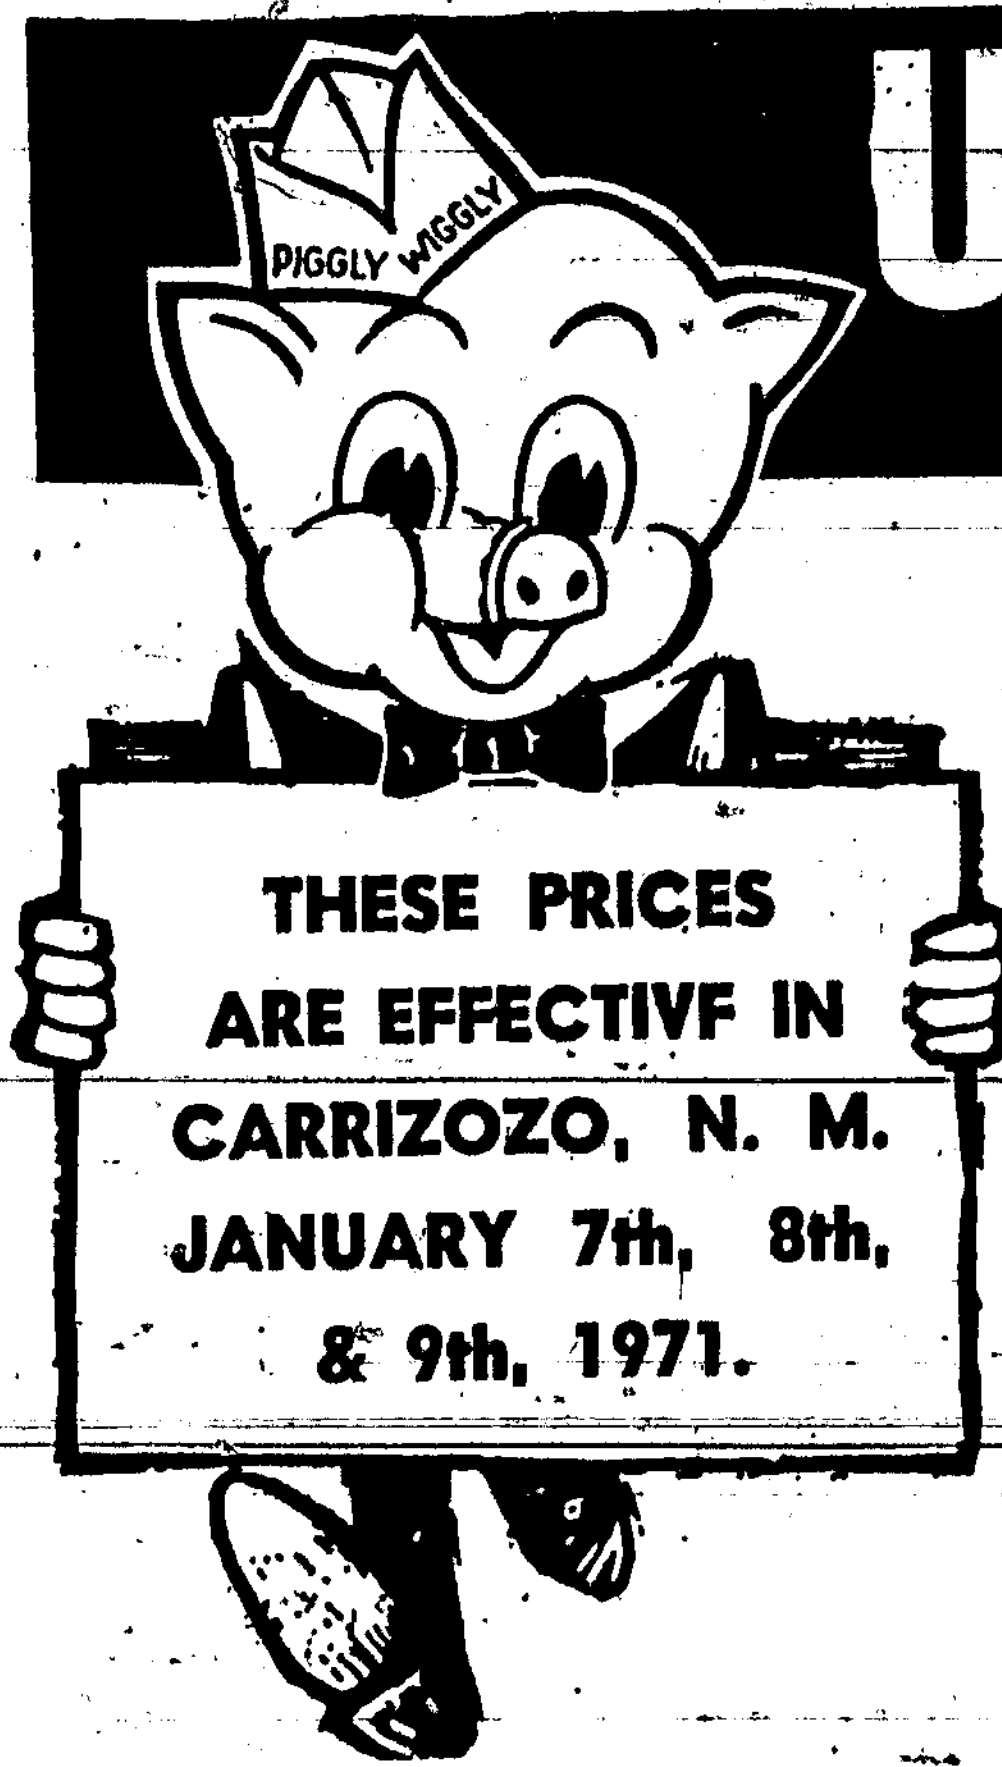

Mr. and Mrs. A.E. Copeland, Debbie and Gary Paul of Albuquerque were New Years Day guests of the Jacksons and Jackie. They also attended the wedding of Mrs. Copeland's cousin, Dee Ann Jackson.

## Hospital Report

Admissions: 12/29 Thelma Murphy, Lorenza Trujillo. Dismissals: Lorenza Trujillo and son 1/2 Walter Witham.

## New Arrivals

Born to Mr. and Mrs. Fernando Trujillo of Ruidoso, a son. They have named him Fernando Ray. Maternal grandparents are Mr. and Mrs. Jesus Verdugo of Carrizozo and paternal grandparents are Mr. and Mrs. Candelario Trujillo of Capitan.

**LETTERS**

To the Town of Carrizozo:  
I would like to take this opportunity to thank the students, people and faculty of Carrizozo for showing my wife and me the many kindnesses we received during our stay here. I am sorry that we were not able to make Carrizozo our home as we had planned, but the six months we lived here showed us the very special meanings of a small town.  
And to my students; if I failed to make you better people then I apologize for this. I tried to treat each of you as an individual, but this apparently is not a school concept. If I failed to teach you the meaning and importance of working with one another, participation within the class, and the ideals and standards upon which this nation was founded, then I also apologize for this. Some one once told me that when you count your successes be sure to include your failures. I feel that I batted well over .750.  
Though there are many people I wish to thank, space I am afraid does not permit. So to those please accept this as my thank you to you all.  
Sincerely  
John T. Porter
