Lincoln Co. Sheriff serving warrant for murder of two children at Hondo

Mrs. Josephine Sisneros, also known as Josephine Toombs, has been in St. Mary's Hospital and reported in satisfactory condition following the shooting deaths Saturday night of her two young sons and shooting herself in the lower abdomen. The shooting took place in Hondo.

Lincoln County Sheriff Ernest Sanchez drove to Roswell Wednesday expecting to serve warrant on Mrs. Sisneros for the murder of Billy Toombs age five, and murder of Eric McTeigue age six, also to place a guard on her hospital room. The warrant was issued by Magistrate Bill Payne in Carrizozo.

The shooting occurred Saturday night in the Jimmy McTeigue home between 10:00 and 11:30 p.m. following an argument at a wedding party between Jimmy McTeigue, father of Eric McTeigue, and Mrs. Sisneros, mother of both of the murdered boys.

Mrs. Sisneros with the two boys, left the wedding party to go home. McTeigue remembered she

did not have door key, he left party and went to open door and also to change out of his wedding party clothes. McTeigue then returned to the wedding party. Mrs. Sisneros is suspected to have shot herself and the two boys with a nine-shot .22 revolver, found to have been fired three times. After the shooting she walked about three-tenths of a mile to her grandmother's house and told her of the incident, probably a 20-minute walk.

The incident was reported to the Lincoln County Sheriff at 11:45 by Mr. McTeigue's sister, Sheriff Sanchez called State Policeman Jeffrey Darden in Roswell to notify him of the shooting, then Sanchez and Under-sheriff Moises Sanbrano started for Hondo to investigate. They arrived just minutes after Darden.

Mrs. Sisneros was first taken to Ruidoso Hospital Saturday night, and later moved to Roswell. Bodies of the two boys were taken to Chapel of Roses Mortuary in Ruidoso.

C of C adopts program for the year

The board of directors of Carrizozo Chamber of Commerce held its first meeting of the 1971 year at the Recreation Center and adopted a full program of activities for this year. Chairmen were appointed in most instances to see that the work is done.

Highway Committee -- Albert Roberts, chairman. To push for completion of paying on State Road 37. To coordinate with towns west of Carrizozo on US380

for improvement and extension of this highway.

Christmas Decorations -- Jete Voss, chairman. Will look for some help in planning, financing and construction of more Christmas decorations for the town for the next holiday season.

Bowling Tournament -- Dale LaMay, chairman. Will be runoff as part of Oktoberfest activity, and given extensive publicity through this state-wide program. Joe Light will assist Mr. LaMay with the planning.

Information Center Construction -- Henry Vega, chairman. Plan is to build small A-frame or other type shelter with room enough for two people who will answer questions and pass out brochures during tourist season.

Information Center Supervisor -- Bob Lacey, chairman. Plans are to have people at this center on intersection of US54-380 during tourist season to pass out information about Carrizozo, the Malpais, Lincoln County, and

answer questions. General object to encourage people to stay around longer. Mr. Lacey is also answering C of C mail.

Planning Brochure -- No chairman designated yet. Letters come into the Chamber of Commerce each week, many asking questions about schools, taxes, churches, climate, etc. and the answers to these and many others needs to be put in brochure form.

Summer Recreation -- Jim Stehnpreis, chairman. Will plan

for eight or more weeks of summer activity for youngsters of all ages, and try to employ summer recreation director.

Highway Cleanup -- Dutch Cox and Bud Payne, co-chairman.

Four roads coming into Carrizozo, US 54 and US 380, have many old unused signs, parts of signs and poles still standing, plus other unsightly objects from years past which need to be removed. Some signs repainted as part of the program.

Billy the Kid Rodeo -- Scott Lewis, chairman. This rodeo for youngsters of the area has done well the past two years and is expected to provide entertainment again this year for a lot of people.

Membership Drive -- Bill Payne, chairman. Membership dues were set up when the constitution and by-laws of the C of C were adopted in 1955 and were handled by J.H. Fulmer Jr. for

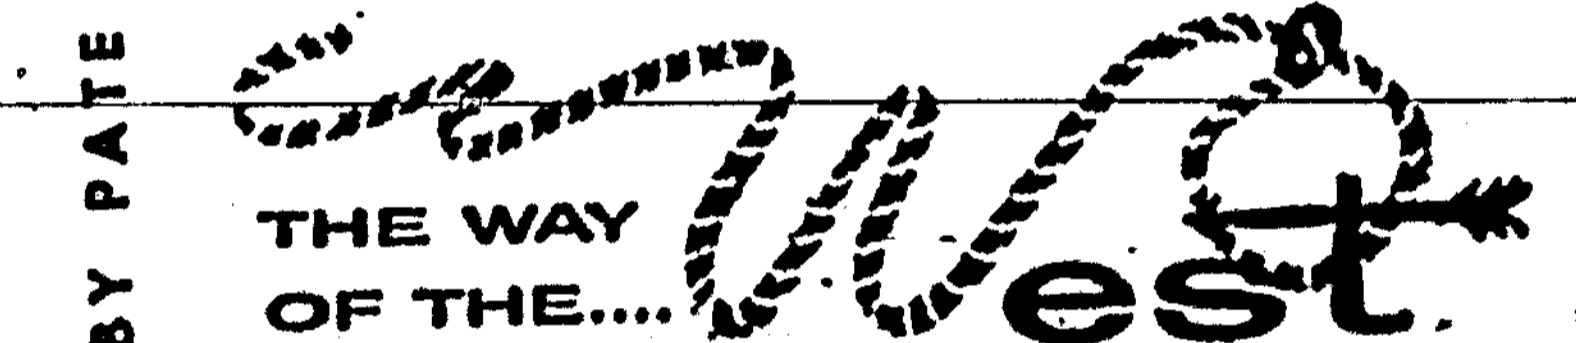

many years.

Special Occasions -- Paul Payton, chairman. Welcome to new comers, Easter egg hunt, Halloween, and other events will be sponsored by the Chamber of Commerce.

Bills including \$25 to Sun Princess, \$25 for entertainment at Rural Electric openhouse, \$30.15 to Coke, \$46.60 to Posey, \$14.59 for 1971 C of C plaques, \$30 for breakfast were ordered paid.

The next meeting of Carrizozo Chamber of Commerce board of directors will be Tuesday, Feb. 9 at noon, place to be announced. These meetings are open to the public.

CHANGE IN THE WEATHER
Flag at postoffice was out straight from shifting wind Wednesday and temperature 50 degrees warmer than week ago.

We have received a copy of "The Psalms for Modern Man", the first complete Old Testament book in Today's English Version of the Bible. The complete Old Testament is scheduled for publication in 1975. This paperback book sells for 10¢, you may get a copy by writing American Bible Society, 1661 Wilshire Blvd., Los Angeles, California 90017.

Note from one of papers we read -- Cuyahoga Falls, Ohio is going after thoughtless dogs. Now it is against the law for a dog to defecate on public or private land other than that owned by his master. The law requires owners to clean any mess their dogs make on someone else's property. Those who don't comply can be fined \$50. This same city council earlier approved a law requiring cat owners to hang small bells around the neck of their pets.

Love these words from Bob Trapp, publisher of the Rio Grande Sun at Espanola: "Great picture on front page this week. Cold here too." The News is having enlargements made of the Willow Mountain picture.

Frank McBride has real good words for Joe Vega and his state highway crew, says they did grand job during the past spell of snowy weather. Hills in Joe's area were salted like they ought to be, out of his territory not so good. Take a bow Joe, you people are making life better for a lot of people, including several thousand travelers who do not live around these parts.

We can see the Carrizozo town council approving dog and/or cat laws of various sorts but we've got other problems that Cuyahoga Falls does not have. Be sort of hard to outlaw actions of the wild animals such as bear, deer, lion that come up within city limits on occasions.

Note of interest from N.M. Business for December 1970 -- Lincoln County, with a gain of 21.0 per cent in housing, appears to have capitalized on its environment and become the "summer home" of many people. The count of vacant houses which includes those for sale or rent, seasonal and migratory, and other vacant rose from 1,800 in 1960 to 2,510 in 1970. Much of this advance is undoubtedly due to the greater number of summer homes in the

Civil War in N.M. takes odd turn

This second issue of the Lincoln County News in the new year of 1971 should be as close to a "best seller" as we'll publish until this time next month.

It's all due to the efforts of Frederick Powell of Ft. Stanton, a talented Lincoln County writer, and Joy Lynch of Claunch, a Southwest artist of note.

Early last year Frederick set out on the trail of "Tales of the Southwest" and by now has several in final form and more coming along. One of them, "Civil War in New Mexico" is printed in this issue with the illustration by Joy Lynch.

This special feature is sponsored by the Citizens State Bank. Tales of the Southwest will appear each month in the News.

Malcolm Petree elected as president of American Bank of Commerce

Malcolm Petree

Malcolm Petree, 37-year-old southern New Mexico banker, was elected Monday to the presidency of American Bank of Commerce, and former U.S. Representative Thomas G. Morris was elected chairman of the board of directors of the bank.

The two top-level executive officers were elected by the board of directors at a special meeting here Monday. Petree and Morris vacancies created by the resignation of Albert T. Ussery from his dual position as president and chairman of the board.

Prior to his election to the bank presidency Monday, Petree was serving as executive vice president of American Bank of Commerce, an older affiliate of Bank Securities, Inc. He also had been elected to the presidency of the Carlsbad Chamber of Commerce, but, because of his pending move to Albuquerque, he declined to accept the chamber presidency.

Petree grew up on a ranch north of Capitan in Lincoln County and was graduated from Capitan High School. He also is a graduate of the Southwestern Graduate School of Banking at Southern Methodist University. His specialized career training has included a number of professional banking courses and other courses sponsored by the American Institute of Management.

Petree's banking career started in the Carrizozo office of the Citizens State Bank as assistant cashier, moving later to the Security Bank and Trust of Alamogordo as a branch manager and assistant vice president.

He was serving both as executive vice president and a member of the board of directors of the American Bank of Commerce at the time of his resignation to accept the Albuquerque post.

Petree has served as a member of the City Council. He is a past president of the Lions Club, a director of Carlsbad's United Fund and a member of the Salvation Army Advisory Committee.

One of the famed "Gold Coaters" of the Carlsbad Chamber of Commerce, he was serving as first vice president of the Carlsbad Chamber of Commerce at the time of his resignation.

He is a Baptist, a Scottish rite Mason, an Elk and a member of the Order of the Eastern Star.

Petree; his wife, Evelyn; their son and two daughters will make their home in Albuquerque.

Morris, the new chairman of the ABC board, served in the U.S. House of Representatives from 1959 through 1968. He was elected a director of Bank Securities, Inc. in December, 1968, just before stepping down from his congressional post.

Later he was elected a vice president of the bank holding company, and last July he moved to Albuquerque to take charge of the holding company's new Albuquerque office.

Morris, whose office is now in the Public Service Co. Building, said Monday that the Albuquerque office of Bank Securities, Inc. and the office of chairman of the board of American Bank of Commerce will ultimately be consolidated in the main office of the bank, 301 West Central.

Morris received his B.S. degree in civil engineering from the University of New Mexico. He established his home in Tucuman, where he became active in farming and ranching.

The Morris family includes Mrs. Morris, the former Corinne Stevens; a 15-year-old son, Thomas G., 11, and a daughter, Elizabeth Jane, age eight.

Party in honor of Phoebe Taylor

Miss Phoebe May Taylor of Lincoln was honored by her friends and co-workers at a party Friday evening, January 8th in the Medallion Room of the new Rural Electric building.

After eleven years of service as Lincoln County Treasurer and Treasurer's Deputy, Phoebe is leaving that office to further her education at New Mexico State University at Las Cruces.

Phoebe will be missed not only by her sorority sisters in Beta Sigma Phi and her co-workers in the court house; but also by her many friends all over Lincoln County.

A delightful new game was introduced to get the party underway. Pinkie Ruth Rickerson was the prize winner of this. High light of the evening was watching Phoebe open her many lovely gifts.

Lots of frozen pipes in Lincoln

We liked the snow and accepted the below zero weather and the frozen pipes.

Onfire, Luz and Pita Torres of Roswell visited Mrs. Refinia Maes and Mr. and Mrs. Tony Leyba last Sunday.

Mr. Frank Leyba and family of Tucson, Arizona who had been visiting relatives in Carlsbad stopped by to visit and to have dinner with Mr. and Mrs. Tony Leyba and Mrs. Mesa. Frank is a nephew of Tony Leyba, who had not seen him for quite a long while. They enjoyed their visit so much.

Mr. and Mrs. Henry Sanchez spent the week visiting their children and grandchildren living in Albuquerque.

I hate to mention it, but there have been lots of frozen and broken water pipes in this area. For a few days, water in quantity was hard to find. We're just not used to having below zero weather for that length of time, and were not prepared. A few were lucky or well prepared and had no trouble.

Maureldia Perry's flowers froze in her green house. She had heat in it but the electrical power was off for several hours one night and that's when it happened.

Mr. and Mrs. Cumpsten got home in time to be here for the zero weather and their water pump which had been giving trouble just quit, so they had a new one installed.

They had a wonderful time visiting their children, Mr. and Mrs. Albright and family in Dallas during the holidays.

The Nethaway family drove to San Diego, Calif. to visit Pete, Allison and Pete Pfingsten Jr. after Christmas. They found them well, happy and getting along just fine.

Pat Ward was quite ill for several days but is up and is working now but still not feeling her best.

The Bert Pfingstens were called to Wichita Falls, Texas last week when Mrs. Pfingsten's mother suffered a stroke and passed away on January 4. The Pfingstens came home last Thursday and brought Mrs. Pfingsten's father with them. They are hoping he will remain with them. Our heartfelt

Mrs. Pauline McGarry is starting a character study of the ladies of the Bible, of the old Testament and the new as well, at her home starting next Tuesday, January 12. It will continue for 12 weeks from 10 to 11 every morning. Every Tuesday a.m. and all ladies are invited to attend and bring their pads to make notes of their studies. Come for one hour and study on Tuesday of each week, for 12 weeks. It will be of great interest. Then in June Darlene Bridges a professional book reviewer of the Bible from all over the south west, will come and help us with deeper understanding.

Remember the date. There is lots of interest to study.

Mr. and Mrs. N. C. Grantham, Jr. returned Sunday night Jan. 3rd from two weeks holiday vacation in Wichita Falls and Dallas, Texas with his parents and their children. They had a great, happy time and they drove their car through with no trouble, though were in this snow storm on their return.

Mr. and Mrs. Michael Somerville and Corey returned Sunday evening Jan. 3 from a 13 days holiday vacation in Phoenix, Arizona with their relatives. Her mother of Calif. joined them there.

"My House of Old Things"

The past week's weather was not conducive to visitors to "My House" although we did enjoy a few from El Paso, Texas, Roswell, Albuquerque, and Carrizozo.

Mr. and Mrs. Layne Fanning, Ross and Cindy had a very enjoyable holiday trip to Mineral Wells, Texas to visit family and friends. She was accompanied from El Paso to Ancho by Mrs. Vernon Jones, her daughter-in-law. Alma lived here a good many years ago. She attended the Ancho School as a little girl along with her brother Bill. I remember she rode a very fine black and white Pinto horse to school, the envy of all her schoolmates!

Medical care cost has gone up

"The cost of good medical care has gone up, and because of this, the cost of Medicare has gone up also," stated Bob Noble, Social Security field representative for Lincoln County. For example, Lincoln County residents will be required to pay a slightly larger part of their inpatient hospital bills after January first. For instance, for the first 60 days in the hospital you will pay \$60.00 instead of \$52.00 as in 1970.

The people covered by the Medical Insurance program under Medicare will notice that beginning in July the premium will be increased to \$5.60 per month. This is an increase of only thirty cents per month.

Medicare, in meeting its share of these higher health care costs will be making larger payments on your behalf. There have been other changes in the amounts paid by Medicare. If you wish more information on this topic, contact Bob Noble the first Friday of each month at the Commissioner's Court Room in the County Courthouse. He will be there from 9:00 A.M. until noon to answer your questions.

THE CAPITOL

by Fred Buckles

SANTA FE -- The palace guard was changed New Year's Day at Santa Fe in traditional inaugural ceremonies that attracted 4,000 to the capitol rotunda under tight security.

New Democratic Gov. Bruce King, 46, said in a brief speech: "My administration is going to be a serious one, with the welfare and necessities of New Mexicans in mind at all times. I want to see that every person in our state has his or her rights protected."

"I will strive to make life as pleasant and meaningful as possible for all of our citizens. I pledge to take advantage of every opportunity in an effort to make New Mexico a better place in which to live."

King and Lt. Gov. Robert Mondragon of Albuquerque were sworn in at the rotunda. These Democratic officials took oaths at the "Little Inaugural" earlier in the State Supreme Court courtroom; Secretary of State Betty Fiorina, Santa Fe; State Auditor Frank Olmstead, Albuquerque; State Treasurer Jesse Kornegay, Santa Fe; Atty. Gen. David Norvell, Clovis; Land Commissioner Alex Armijo, Santa Fe, and Corporation Commissioner Floyd Gross, Albuquerque.

Three new State Supreme Court justices were also sworn in at the "Little Inaugural": LaFel Oman, Donnan Stephenson and John B. McManus. Oman

moved up from the Court of Appeals and McManus from district judge in the Second District (Valencia, Sandoval and Bernalillo Counties).

Among those at inaugural ceremonies were Mr. and Mrs. Joe Bob Baker of Clayton; State Sen. I. M. (Ike) Smalley, D-Luna-Hidalgo-Sierra; Lincoln County Democratic Chairman Fern Sawyer of Nogal; outgoing State Rep. Jeff Good of Fort Sumner and National Democratic Committeewoman Dessie Sawyer of Crossroads, Lea County. Baker is Union County Democratic chairman. Fern Sawyer is Dessie Sawyer's daughter. Good is the national committeewoman's son-in-law. Good did not seek reelection in 1970.

Sophomore State Rep. Richard Carbajal, D-Belen, was appointed chairman of the House Corporations and Banks Committee by Speaker-designate Walter Martinez of Grants. Carbajal is an insurance agent. The HCBC handles insurance legislation. Carbajal was a member of the committee in 1969-1970. He supported Martinez in the speaker's race.

Other House committee assignments announced by Martinez: Agriculture: Rep. William Upton, D-Luna-Hidalgo; George Blocker, D-Jal; Hoyt Pattison, R-Curry; Labor: Rep. Ralph Petty, D-Lincoln-Sierra; Public

Affairs: Rep. Alfonso Vigil; D-Taos; Rep. David Salzman, D-Union-Mora-Harding; Carbajal.

Natural Resources: Rep. Alvino Castillo, D-Coffax; Salzman; Taxation and Revenue: Petty; Appropriations and Finance: Rep. Fred Luna, D-Los Lunas; Rep. John Bigbee, R-DeBaca-Guadalupe-Torrance; Pattison; Transportation: Rep. Blocker, retained as chairman; Rep. Robert Johnson, R-Clovis; Castillo and Vigil; Corporations and Banks: Carbajal, chairman; Upton; Luna and Rep. Ralph Pruitt, R-Clovis.

Ways and Means: Rep. Clifton Moreland, D-Tucumcari, Johnson; Education: Moreland, Bigbee and Pruitt; Rules: Vigil. Bigbee is returning to the legislature after House service in 1965-66. He landed important assignments on the appropriations-Finance and Education Committees although he is a minority Republican.

The Public Affairs Committee will handle liquor legislation. The new chairman is Rep. Quentin Rodgers, D-Loving, a liquor licensee. Vigil, Carbajal and Salzman are on the committee that will likely handle Sunday-liquor-sales legislation.

Blocker, senior member of the new House, was headed for the Taxation-Revenue Committee chairmanship if Rep. George Fetting of Alamogordo had topped Martinez for speaker. The assignment went to a Martinez supporter, Rep. Edward Lopez of Santa Fe. The heart of the legislature's work is in committees.

King was filling key appointive posts slowly as he moved into the governor's office. He named Louis Bachicha of Albuquerque as director of the Employment Security Commission and Caesar Sebastian of Santa Fe as state purchasing agent. Bachicha and Sebastian were active in King's election campaign.

Earlier, King picked Frank Gray of Albuquerque as temporary director of the Department of Development. Gray is on loan from his job as manager of new business and industrial development for Public Service Company of New Mexico.

The new State Health-Social Services Department director is Richard Heim of Albuquerque, former administrative assistant to U. S. Sen. Clinton P. Anderson. Heim is highly regarded as an administrator. He is a Democrat.

King was set to replace at least three Health-Social Service Board members this week so the panel will reflect his new administration's policies. Dr. Martin Goodwin, R-Clovis, was on the board as an appointee of former Gov. David F. Cargo. Cargo entered law practice in offices near the capitol after he left the statehouse.

The State Corporation Commission issued charters to two new Deming corporations: B and D Transport Inc. and Deming Cattle Auction Inc. Bill Dupree of Deming is incorporator for the transport firm. Carl Shores, Frank Ledbetter and Barney Teague of Deming are incorporators for the cattle auction business.

News And Notes

A sandwich can be a snack or a meal. They go everywhere; to school, factory, office, picnics, home and even the best restaurants. A sandwich can be made up of just about any ingredients.

The National Sandwich Idea Contest is organized through the Institutional Management Department, College of Home Economics, Kansas State University. This contest is in its 15th year, and wow, what a variety of ideas! Of the "20 Best Sandwiches of the Year", as their winners are called, the "Confetti Sandwich" is a special one.

- Confetti Sandwiches (makes 6 sandwiches)
- 6 enriched hamburger buns, split and toasted
- 2 cups (8 oz.) shredded cheddar cheese
- 1/2 cup salad dressing
- 1/2 cup finely sliced green onions
- 1 can (6 oz.) pitted, ripe olives, drained and chopped
- 1 jar (2 oz.) pimento, drained and chopped

Butter toasted buns. Mix the remaining ingredients. Spread on bun bottoms. Broil 3 to 4 minutes, or until cheese bubbles. Cover with bun top; serve immediately.

The ease of preparation, the very ordinary ingredients combined in an unusual way, and the nutritious value of the cheese make this sandwich worth a try.

Tales of the Southwest . . .

"CIVIL WAR IN NEW MEXICO!"

A good supply of whisky and two stubborn but affectionate mules played an unforeseen role in what turned out to be two victories for the Confederates in the Territory of New Mexico.

When the Confederate army, under the command of Lt. Col. John R. Baylor, crossed into New Mexico at El Paso and took over Mesilla in July 1861, 6,000 volunteers rushed to join up with the Union army to fight "the Texans."

The issue of slavery meant little. Peonage existed in the Territory. Indian captives were held as slaves, but fewer than one hundred Negro slaves could be counted. Texans, however, had long harried the New Mexicans with an eye to taking over not only New Mexico, but the whole of the southwest.

Major Issac Lynde, commander of the Union forces, advanced on Mesilla with 700 men, including two companies from Fort Stanton. In what has been described as "a brilliant maneuver" the army "captured" a saloon along the way. By the time they met up with the Texans, hardly a man was in the mood for a fight. The battle was brief with few casualties. Dead soldiers (bottles) however, littered the field.

Major Lynde surrendered his men, who were paroled and marched to Albuquerque. Lynde was dismissed from the army for "lack of zeal."

Six months later on February 20, 1862, Col. E.R.S. Canby of the Union army and General H. H. Sibley of the Confederate army came face to face across the Rio Grande four miles north of Fort Craig. Canby had rallied 4,000 men, one of whom was Kit Carson soon to be in command at Ft. Stanton. Sibley turned up with 17,500 men.

Also with Canby was Captain James Graydon, better known as Paddy Graydon. He came up with a plan as bizarre as the Trojan Horse, but it was two old mules that Paddy had in mind. After dark, he and his scouts led the two mules close to the fires of the Confederate camp. Each of the poor unsuspecting beasts of burden were heavily loaded with explosives. Lighting the fuses, Paddy and his scouts lit out for cover, but the two old mules were fond of Paddy!

Instead of ambling into the Confederate camp, they caught sight of Paddy and his men and turned back to join them. The faster the scouts fled, the faster the mules followed, until none too soon, men and horses plunged into the Rio Grande. Two giant explosions lit up the night. If there's a heaven for mules the gates swung open wide that night!

Thoroughly aroused, the Texans attacked. Canby, badly outnumbered in the ensuing battle, was forced to retreat to Fort Craig, where Sibley left him and marched on north.

Apple grower concern about quality

Quality apples for New Mexico was the major concern of apple growers meeting in Santa Fe on January 7th. The different aspects of quality were discussed as well as the possibility of marketing order.

The advantages and the disadvantages of state and federal marketing order were

discussed at length. The establishment of a regional marketing order for New Mexico, Colorado, Utah and Arizona will be considered.

It was mentioned that a sterile codling moth program might be started if codling moth rearing facilities could be set up.

Calves should be identified so that anyone can tell the birth date, sire and dam. The time to do this is when they are young and before they are combined into larger groups. If you want to choose the most productive animals you will need to individually identify them. Some methods should be used to identify the individual animal such as ear tags, neck chains, tattoos or brands may be used for identification within herds. Once the animal is properly identified, the information should

be recorded along with the birth date, sire and dam.

The best time to do this job is soon after the calf is born. As calves become older it then becomes more difficult to identify and much valuable information is lost just because the animal was not properly identified or the information was not recorded.

It's not too early in the new year to think, talk, and plan a more beautiful Lincoln County.

Recently, there has been much discussion about junkyards, and other eyesores in the area. The next best thing to removing them is screening them.

Screening is not as difficult as we may think. A living fence of tall growing plants will screen unsightly eyesores in many situations. If a large area is involved, some good trees to use are spruce, Juniper, Austrian pine or white pine. Two or three rows of plants about 15 feet apart will give a tall screen after a time. To give some

seasonal color, Washington hawthorn or crabapple can be used with the pines.

Other good living screens are large shrubs such as Russian olive, privet, or shrub-type maples. If planted two to ten feet apart, these shrubs can be clipped or used as informal borders up to 15 feet high.

Or a wall or an attractive fence can be used in combination with the shrubs. For plants best adapted to your area, and further information, see the Lincoln County Agent, Carrizozo.

News from the County Agent

Operating a chainsaw requires caution at all times. Here are some safety reminders: Start the saw on the ground or a stump, not on your knee. Walking with the chain saw running is a dangerous habit, and always carry the saw with the blade pointing to the rear.

Use the spurs or "dogs" in making your cuts -- not the tip of the saw. Don't cut brush with the chain saw. Start cutting when you have a clear place to work, a secure footing, and a safe exit from falling limbs and the tree. Warn other persons in the area before a tree falls. When bucking, be careful not to pinch the bar and watch for rolling logs. Don't smoke when refueling.

Maintain correct chain tension and adjust the idling screw so that the chain stops when the motor is idling. Follow the manufacturer's instructions in care and maintenance of your saw.

Your saw is quite a machine and can cut through two feet of wood as easily as you can saw a two-by-four. It can cut your leg or arm -- so, please treat it with the respect it deserves.

In a recent study, U. S. Choice beef carcasses hanging in a Chicago supermarket cooler were traced back to a Montana ranch where the cattle were born. The study showed that these cattle had changed hands 14 times from the ranch to the supermarket cooler. The worst part is that these animals had spent 45 percent of their lifetime regaining losses in weight and condition from these moves, shots, changes in feed and ownership and other factors had taken their toll.

The present method of marketing is changing. Some producers are beginning to sell their livestock directly to feedlots through contractual arrangements or are retaining ownership and contracting their animals to be fed in commercial feed lots.

There must be a coordinated marketing system that provides a number of alternative ways to market livestock. The central question now is whether the leadership for improved coordination in the marketing of livestock will come from within or from firms outside the livestock industry.

If the coordination comes from within, it can either come from farmers and ranchers who join together and form their own marketing associations, or from feedlot operators, meat packers or both who "reach backward" and integrate producers into the system. However, once there is a high degree of backward in-

tegration, producers will have lost their opportunity to organize their own marketing organizations.

The other alternative is for firms presently outside of the livestock industry to move in with organization, capital and management to do the coordinating job which producers should be doing.

Until about World War II, a man could be a farmer -- a competing producer -- for less than \$1,000. Today according to J. Phil Campbell, U. S. Undersecretary of agriculture, to start from zero and begin a farming operation by buying requires a bare minimum of at least \$100,000. It takes something like \$250,000 to establish an operation which would result in a standard of living for a farm family that provides decent housing, clothing, transportation and education.

New information on the 1971 farm programs has recently been announced, according to Fred W. Pfingsten, Chairman of the Lincoln Agricultural Stabilization and Conservation (ASC) Committee.

"First of all, the sign-up period for the feed grain, wheat, and cotton programs will be March 1 through April 9. Between now and March 1 we expect to announce all details of the programs which will be operated under the new law, the Agricultural Act of 1970," Mr. Pfingsten said.

Fiscal determinations on set-aside acreages have not been made, but a tentative 20 percent set-aside for feed grain and a set-aside of between 60 and 75 percent domestic wheat allotment have been announced. The set-asides for these two crops will not exceed 20 percent on feed grains and 75 percent on wheat. The cotton set-asides will not exceed 20 percent of the farm acreage allotment.

These tentative set-asides are planned by the U.S. Department of Agriculture for the purpose of the special January farmers' planting intentions report. Decision on the actual percentages will be made before March 1.

"Set-aside is an important new concept," the ASC Committee Chairman said. "Under the set-aside programs for feed grain, wheat, and cotton, a participating farmer will set aside a certain percentage of his base or allot-

ment and put his acreage in a conserving use. He will also maintain his farm's conserving base in conserving use.

On his remaining cropland he will be free to plant whatever he chooses, except that he cannot grow crops which are under marketing quotas -- rice, tobacco, extra long staple cotton, and sugarcane, unless he has farm allotments for these.

"A farmer in the feed grain or wheat programs will receive set-aside payments whether or not he produces the program crops. For cotton program participants, failure to plant at least 90 percent of the farm's base acreage allotment will result in a reduction in payment," Mr. Pfingsten said.

He re-emphasized that participants in any of the three programs -- feed grain, wheat, or cotton -- have no acreage limitation on production other than the required set-aside acreage and maintenance of their farm's conserving base.

LETTERS

Dear W.M. Payton: Wish there was some way to tell my dear friend, Mr. J.H. Fulmer, Jr., that I did not forget to send him a Christmas greeting. I have known Mr. Fulmer since he first came to Carrizozo from Mishawaka, Indiana in 1919. At that time I was assistant cashier of the FNB, Carrizozo. Since he has been in Chappaqua, N.Y. with his son, W.M.F., I have exchanged cards and at least one L.D. phone call. I was disturbed when my 1970 Christmas card was returned "addressee unknown, insufficient address". That is the only address I've had for Mr. Fulmer for the several years he has been living with W.M.F. Have you any suggestions?

Sincerely, Ula LeEdmiston Dallas, Texas

TAC Week

Continued From Page One
Go, the "Falconaires" is the only military dance band with its own national weekly radio show. The members include 19 of the most accomplished musicians in the military today. They record regularly at Columbia, Capitol and RCA studios in Hollywood, Calif. All of the band's arranging is done by its own staff.
Tomorrow will be an extremely busy day for Col. Jack Bellamy, commander of the 49th Tactical Fighter Wing, who is officially hosting all "TAC Week" activities.

A change of command ceremony is scheduled for 1 p.m. on the 49th flight line. The ceremony will include a flyover of 16 aircraft from the 49th as well as a wing-size parade supported by the 541st Air Force band from Luke AFB, Arizona.

An Open House will follow the change of command ceremony and will feature a static display of aircraft including the F-4, the RF-4C, the F-100, the F-105, the C-7, the C-130 and the AT-33. There will also be timed competition by selected squadron munition load teams and tours of work and training areas with appropriate personnel conducting briefings on unclassified aspects of the area's mission, facilities and manning.

A formal "dining-out" will conclude "TAC Week" that evening when approximately 250 invited military and civilian guests will gather at the Holloman Officers Club. Entertainment will be provided by Captain Canty and the "Falconaires" during the dinner, and the "Falconaires" will play for a dance following dinner.

Grizzly wrestlers tie with Hatch

The results of the matches with Hatch last week are as follows: Konrad Hoff (98) won with a pin Carrizozo forfeited (105)
G. Niederstadt (112) was pinned, W. Wetzel (119) was pinned Hatch forfeited (126)
A. LaFave (132) won by pin, J. Portillo (138) lost by decision, G. Wells (145) won with a pin, J. Barham (155) won by decision. Hatch forfeited (167)
Zozo forfeited (185)
Zozo forfeited (unlimited)
Total points for Zozo -- 28.
Total points for Hatch -- 28.
Exhibition matches:
Jim Speight (167 lbs. vs Hatch 185 lb. wrestler -- Speight pinned Hatch.
Jay Barnes (126 lbs.) vs Hatch 132 lb. wrestler -- Barnes pinned Hatch.

The reason for the forfeits is that we do not have enough boys to fill all the weights. At present, we have 10 wrestlers. Joel Barham and Jim Speight are in the same weight division but Speight usually wrestles an opponent who is heavier. The Zozo wrestlers have done a very good job this year and are hoping to go to the state wrestling tournament with a team of five or six boys. The district wrestling meet is being held in Zozo this year on February 19. Teams in our district include Hatch, Ruidoso, School for the Visually Handicapped, and Capitan. It is our understanding, however, that Capitan is not going to compete this year.

Season results are listed below:
1. New Mexico School for Visually Handicapped defeated us;
2. Zozo defeated Ruidoso.

3. Zozo defeated Gadsen in actual matches but had to forfeit some weights which enabled them to win with total points.
4. Zozo tied with Hatch.
5 match points for a pin.
3 match points for winning by decision (without a pin).
Individual points are given to the wrestler who is in control of his opponent throughout the match. Both wrestlers begin a match in the "up" position and when one gets behind and in control of his opponent, he gets 2 points. Once a wrestler is in control, his opponent can get 1 point for escaping.
Points are also given the wrestler in control when the opponent stalls, "usually by laying face down on the mat and refusing to fight his opponent".
The match points are totalled up to arrive at a team score.

Youth listed as critical

LUBBOCK, Texas -- A Hondo, N.M. youth is in critical condition today in Methodist Hospital as a result of injuries he received Thursday night in a car-train crash at Portales. Injured was James Tolly Booky, 19, of Hondo, a sophomore at Eastern New Mexico University in Portales. He is the son of Hondo school Supt. and Mrs. Ernest Booky.

The youth a 1969 graduate of New Mexico Military Institute's high school, transferred to ENMU this semester from Baylor University at Waco, Tex. He is a member of the Greyhound football team and a student senator.

The accident occurred on the Santa Fe railway tracks in front of the ENMU physical education complex.

Interesting events in Grizzly empire

Carrizozo Municipal Schools did not miss any time last week although there was a heating problem in some of the rooms. Grizzly football players are not completely happy with the United Press International's selection of an all state team. Carrizozo players did lead in the number of positions that were filled but they feel that they deserved more. The UPI's choice of a backfield left something to be desired since it did not have a quarterback. The Grizzlies feel that they have the best one in the state. As a whole the Grizzlies like the Associated Press selection the best.

The Grizzly basketball team won consolation at the Mountain Top Tournament at Cloudercroft during the Christmas holidays. They lost to Hatch Valley in the first game, then beat Capitan and Cloudercroft. They also placed fourth in the Estancia Tournament. They beat Encino then lost to Moriarity and Laguma Acoma. The following Friday they lost to Ruidoso and this past weekend to Estancia and Corona.

There was a very interesting National School Assembly at Carrizozo High School on Jan. 4. It was on the theme of physical fitness, and stressed points of timing and coordination with various juggling and balancing acts.

The Ski Club has made two trips to Sierra Blanca, so far this winter.
The FHA girls are busy planning for their Blossom and Beau Festival and their Variety Show.

The Senior Class has started working on a play that will be given on April 1.
There was a wrestling match here on January 9 with Hatch. It ended in a tie.
The National Honor Society had a regular meeting on Jan. 12.

APPEARANCE OF MAIN STREETS TO BE IMPROVED

The Arriba Committee met January 7 in the Rural Electric building and went over plans for cleanup of Carrizozo by July 1 of this year. Charlie Castillo had map of the town marked off in sections that tourists seek upon entering town.
The Committee plans to begin on the south side of town and work through to the north in the clean-up campaign.
Mary Jane Campbell reported that several home owners are cleaning up their property which is really making an improvement in areas of the town.

It will be patterned after the German fall festivals with added Southwestern flavor, according to Jerry Baker of the Department of Development who spoke at the organizational meeting in December. Baker was assigned in June 1970 by DOD Industrial Division Director James Covell and Tourist Division Director Bennie Quintana to be DOD's community representative in the southcentral mountain communities. He is liaison between DOD and the Cowboy Oktoberfest project.

Some of the project events now under consideration include beer and wicker fiestas, covered wagon trail rides, cross-country mule or horse racing days, rodeos, Indian dances, craft fairs, special racing days at Ruidoso Downs, sport car rallies, jeep races and hill climbs, dances, treasure hunts and gold tournaments.

To encourage tourists to spend more time in the area, the committee hopes to have special events each day during October in one or more of the communities of Alamogordo, Tularosa, Cloudercroft area, the Carrizozo area, Ruidoso and Mescalero.

Bank stock is delivered to new owner

American Bank of Commerce, which has served the Albuquerque market since Dec. 10, 1962, became an official affiliate of Bank Securities, Inc., in ceremonies here Thursday morning.

Stock certificates representing 96,648 of the bank's 104,075 outstanding shares were delivered Thursday by Albert T. Ussery, president and chairman of the board of the Albuquerque bank, to T.A. Bonnell of Alamogordo, president of Bank Securities. These shares were those tendered by former American Bank of Commerce stockholders in response to a tender offer issued by the Alamogordo-based bank holding company on Oct. 12.

Added to the 4787 shares of ABC stock previously held by Bank Securities, the shares delivered Thursday gave the holding company 101,435 shares, or 97.463 per cent of all shares outstanding.

"This is a great day in our history," Bonnell said. "We are looking forward to being in Albuquerque as a statewide banking institution."

The tender offer of Bank Securities called for the cash payment of \$35 per share of ABC stock tendered or the exchange of 1.4 shares of Bank Securities stock for each share of ABC stock tendered.

The holding company paid \$2,607,010 in cash in exchange for 74,486 of the shares tendered for cash and issued 31,027 shares of Bank Securities stock for the remaining shares.

In a separate action, Bank Securities, Inc., also completed its formal acquisition of Security Bank of Ruidoso on Thursday.

By its acquisition of more than 80 per cent of ABC's outstanding shares, Bank Securities will have the advantage of consolidating the corporations for tax purposes.

Official acquisition of American Bank of Commerce and Security Bank of Ruidoso Thursday made Bank Securities, Inc., the majority holder of six New Mexico banks with end-of-year resources estimated to total \$103.5 million.

The Bank Securities family now includes Security Bank and Trust of Alamogordo, with resources estimated at \$19 million; Citizens State Bank of Vaughn, Carrizozo and Estancia, with resources estimated at \$9.5 million; First State Bank of Cuba, with resources estimated at \$7.5 million; American Bank of Carlsbad, with estimated resources of \$14 million; Security Bank of Ruidoso, with estimated resources of \$2.5 million, and American Bank of Commerce, with resources estimated at \$40 million.
