Vargas unharmed after his travels

Abel Edmundo Vargas, 31-year-old student at Fort Stanton Hospital and Training School, must have got up early Monday morning and decided to go for an extended constitutional. He was reported missing at the breakfast check according to Roscoe Manning, director.

Vargas had been absent, maybe without leave, on previous occasions but had always returned in time for breakfast. Some searching was done Monday but the search did not get serious until later that day when the White Mountain Jeep Club, state police and the Lincoln County sheriff department were called into the search.

Probably as many as 25 people were involved in the search by late Monday but Vargas was not found and the search was called off around 10 p.m. to be resumed early Tuesday.

Some men on horseback joined the hunt Tuesday morning and the area around Fort Stanton was scoured real good, the Bonito Club searched at least twice -- which was the place Vargas was located just before noon Tuesday. According to Manning he was in fine shape, Manning had no idea where he had spent the previous day and a half. The door on the Bonito Club had been locked, but Vargas got in just the same.

Directors of the Citizens State Bank in their annual meeting held at Vaughn on January 21, promoted Barbara L. Turner, and Billy J. Petree, Estancia, to Assistant Vice Presidents, Clyde G. Halsten to Vice President-Cashier and re-elected J. S. Stearns, President.

SENATOR JOHN CONWAY REPORTS FROM SANTA FE

Some battle lines already drawn

The 30th Legislature, First Session, opened at high noon Tuesday in Santa Fe. Although the battle lines are not as clear as in the movie "High Noon", some lines have already been drawn. The presiding officer in the Senate is Lt. Governor Robert Mondragon, and after the roll call, members of the Senate were sworn in for this Session and signed the roll. It was to me a very impressive and very important ceremony.

The leadership of the Senate was then elected, these leaders having been previously chosen in

the Republican and Democratic caucuses. The next order of business was the introduction of bills; the first bill introduced in the Senate has to do with the implied consent of the driver on our highways to submit to a blood, breath or urine test if he is stopped by a police officer who believes he is driving while intoxicated. If he then refuses to take such a test, his license would be suspended for a year. I am a co-sponsor on this bill, and feel very strongly that it is needed legislation.

On Thursday I introduced a

bill to establish a new judicial district composed of Otero and Lincoln Counties, which provides for one judge and a district attorney for this new district. Several bills changing the judicial districts in the State will be introduced, and I have high hopes that we will be successful in creating a new judicial district of Otero and Lincoln Counties.

I hope to have a weekly column to help keep you informed of what is transpiring in the legislature. My mailing address in Santa Fe is: Senator John E.

Conway, State Capitol Building, Santa Fe, New Mexico 87501, and my phone number is area code 505, 827-2071, extension 108. I call my office in Alamogordo and Ruidoso daily, and if you want to talk to me, you can call either office and your message will be relayed to me. On Saturday, the 30th of January, I will be in my office in Alamogordo most of the day, and late in the afternoon will be in my office at the KRRR Building in Ruidoso to meet with anyone who wants to discuss matters before the legislature.

If all the "litter bugs" in Lincoln County knew what these Carrizozo youngsters were plotting the bugs might just all leave right now. They're making litter bags and each one is decorated with a litter bug, the bags will be taken home to mother when complete. Seated

are Franklin Montoya, Johnnie Morales, Teresa Luna, Henry Silva, Alex Sambrano, Yolanda Zamora, Aurora Barraza, Mable Padilla, Denise Marlin and Linda Vega. Standing, Elisa Montano, John Paul Ventura, Andrew Gallagos, Anthony Vallajos, Denise Vega, Cindy Beltran and their teacher Larue Wetzel.

Bert Pfingsten, Hondo, was elected vice president of the apple council. Ralph Dunlap, Lincoln County Extension agent, and John Chappell, Chaves County Extension agent, will serve as co-secretaries for the organization.

Runyan replaces Robert G. White, Farmington, as president of the apple council.

Congratulations are in order for Alamogordo community. Alamo was in the market for industry and wound up the chosen one after Presto Manufacturing Company looked at 65 other towns. Speaks real well for Alamo. Presto will employ 400 to 500 people with payroll of over \$2 million.

Charles McIntosh, member of Rotary Club of Pacific Palisades, California, had a few hundred words to say about civic clubs and Rotarians in particular in the February Rotary magazine. "It takes work, hard work, and a deliberate effort to bring out the best in ourselves and others. This, then, is my main quibble with us Rotarians, that we do not often choose to do this work."

McIntosh does not live in a small town but he must understand that after reaching 50, after going through the chairs, heading up the committee, carrying the flag, wearing scars from civic improvement battle, being stud duck of the society, and maybe doing all these things two or three times--it just does not seem so important any more and few remain who will step on toes if necessary, battle complacency in town hall, if it is necessary, carry the water if necessary, or do whatever is necessary to liven up the club or the town.

Senator Clinton P. Anderson has reached "50" and done all those things mentioned above--plus several thousand more. His annual report to the people on status of legislation he has sponsored makes him look like a real winner. He sponsored or co-sponsored 131 measures.

Dexter Demons win tournament

The Dexter Demons beat Hagerman Saturday night 54-49 for first place in their own Invitational Basketball Tournament. Hondo took third place with a 57-56 overtime win over Clouderoft. Ruidoso beat Weed 81-42 for fifth place.

In the early rounds Hagerman beat the Goddard Sophs 64-56, Clouderoft over Ruidoso 61-55, Hondo over Lake Arthur 51-34 and Dexter over Weed 93-49.

The Demons placed four on the all-tournament team: Eloy Mireles, Mike Powers, Eddie Vandembout and Jack Vandembout. Hagerman selections were Gary Harrell and John Guevara. Others on the all-tourney team were: Sergio Castanon of Clouderoft, Joe Gutierrez of Hondo, Albert Outiverous of Lake Arthur and Billy Ray Davis of Ruidoso.

Sen. Emmett Hart, D-Quay-DeBaca-Guadalupe, said he will again propose increasing the capacity of Ute Dam Reservoir to the 100,000 acre feet New Mexico is due under the Canadian River Compact. Sen. Hart will also ask the legislature to eliminate tuition at the state universities for New Mexico students.

Rep. Alfonso Vigil, D-Taos, introduced a bill calling for two representatives of the molybdenum industry on the State Mining Safety Advisory Board and raising board membership from 9 to 11.

Rep. Richard Carbajal, D-Belen, co-sponsored a bill raising teacher retirement benefits on a formula. The major bill is in the House Education Committee. Carbajal said Gov. King should have been more specific on his recommendations to the legislature, especially in putting a price tag on spending proposals.

Rep. Alvino Castillo, D-Colfax County, says many Colfax County residents complained against the operations of the State Boys School at Springer and Miner's Hospital at Raton under the State Hospitals - Institutions Department and the Corrections Department.

Rep. George Blocker, D-Jal, said new Democratic Gov. Bruce King's fiscal 1972 spending recommendations "exceeded anticipated revenues by several million dollars."

Blocker, representing Lea County District 4, said: "The legislature will have to reduce the recommendations or we will be in financial trouble next year." The senior House member predicts a drop in state revenue because of sluggish business conditions. Blocker says the legislature should respond accordingly.

Rep. Blocker opposes Sunday liquor sales and 18-year-old voting. He says this reflects the consensus of his House district's voters. George commended Gov. King's recommendations to beef up the law enforcement facilities.

Rep. John Bigbee, R-DeBaca-Guadalupe-Torrance, favors 18-year-old voting with full legal rights of adults. He says the 18-20 year old group should be assigned responsibilities of adults.

An Encino rancher, Rep. Bigbee will propose a constitutional amendment limiting the assessment ratio to 33-1/3 per cent for property tax purposes. Voters narrowly defeated a constitutional amendment fixing this limit last Nov. Rep. Bigbee opposes a present requirement for truckers to buy a special permit to purchase diesel fuel. He says a Santa Rosa truck stop owner reports he must assign a clerk full time to special fuel permit record keeping.

Sen. Smalley also proposed to raise the Hidalgo County magistrate's annual salary from \$4,000 to \$6,000, the Luna County magistrate from \$6,000 to \$8,000 and the Sierra County magistrate from \$4,000 to \$5,400.

School board elections Tuesday, February 2nd

A legal notice in the News last week issuing call for the election for the purpose of electing members to the Corona Municipal Board of Education failed to include John Nalda. Mr. Nalda will be on the ballot, unopposed for Position IV along with A. W. Gnatkowski, also unopposed, for Position III at Corona.

Elections in all school districts of Lincoln County will be held Tuesday, February 2, 1971. The polls will open at 8:00 a.m. and close at 7:00 p.m. in each district.

Capitan School District No. 28 has opposing candidates for each position. For Position I, term of six years, Hollis O. Cummins and Billie J. Huey will be on the ballot. For Position II, six-year term, will be Ralph O. Barber and Harold L. Cartwright.

All school ballots have blank space and squares for write-in

candidates. There is competition for one of the two open positions in Carrizozo School District No. 7. For Position I, six-year term, voters may ballot for Ramon S. Luna or Robert J. Stearns. This is the first time either of these two men have run for position of Carrizozo School Board.

For Position II, Carrizozo, Paul L. Ortiz, incumbent, is unopposed for his six-year term.

Election officials at Capitan include: Jack Shaw, S. M. Cozzens, Geraldine Randle, Margaret Rench, Clara Lowe and Mary Dean. At Carrizozo: Mrs. Nancy Knight, Mrs. Cecilia Ortiz, Mrs. Faye Woolen, Mrs. Rachel West and Mrs. Connie Morales. At Corona: Mrs. Jack Davidson, Mrs. Juanita Sulte-meier, Mrs. Wanda Carnell, Mrs. June Tyree, Mrs. Pat Perkins and Mrs. Dorothy Bagley.

Inside THE CAPITOL by Fred Buckles

Castillo, a Raton accountant, said functions of the institutions under the secretary-managed departments should be reviewed. Return to governor-appointed boards to the hospital and Boys School may be proposed to the legislature.

Former State Sen. Joe Skeen, R-Picacho, Lincoln County, says the New Mexico GOP should concentrate in the 1972 election campaign on local offices. Skeen, the 1970 GOP lieutenant governor candidate, said Republicans have proven in previous elections they can overcome the 2-2-1 Democratic voter registration advantage with qualified candidates and strong organization.

Skeen removed himself as a prospect for new state Republican chairman. He is a registered lobbyist for a general state branch banking law in the current session.

Rep. Hoyt Pattison, R-Curry County, called for overwhelming public opposition to the pending Sunday liquor sales legislation. Three bills proposing various forms of Sunday sales were introduced early in the 60-day session. Veteran House member Pattison said the House should table all liquor bills temporarily until all other subjects have been considered.

Sen. C. B. Trujillo, D-Taos, proposed to legalize Sunday liquor sales for bars and package stores with no local option. Sunday sales would be permitted statewide--Curry County outside Clovis and Roosevelt County excepted--if the bill becomes law in its present form.

Sen. I. M. (Ike) Smalley, D-Luna-Hidalgo-Sierra, proposed a \$500 annual fee for a dispenser (by the drink) liquor license only for Sunday sales from noon to midnight.

Sen. Smalley also proposed to raise the Hidalgo County magistrate's annual salary from \$4,000 to \$6,000, the Luna County magistrate from \$6,000 to \$8,000 and the Sierra County magistrate from \$4,000 to \$5,400.

Smalley would continue the University Study Committee he heads for two years with a \$50,000 biennial appropriation. Sens. Smalley and Trujillo have introduced bills appropriating \$500,000 for new vehicle license plates--the first new general issue in some five years--and major proposals creating staggered monthly registration of passenger cars and new flat license plate fees. The registration period is Dec. 15 to March 2 now.

The new fees would be \$15 a year for vehicles up to 3,000 pounds \$24 in the 3,001-4,000 pound class and \$36 above the 4,000.

Sen. Smalley introduced a bill to repeal daylight saving time in New Mexico. Sen. Odie Echols, D-Clovis, proposed a constitutional amendment to move the start of legislative sessions to the second Tuesday of March.

A public auction of 51 parcels of tax-delinquent property by the State Property Appraisal Department is set Friday (Jan. 29) at Fort Sumner.

"My House of Old Things"

By Jackie Silvers

Last week was a real nice week with visitors we enjoyed very much from points in the state and a few out of state. Fances Hopper and Betty Wilton, Ft. Sumner, Miss Karen Kunzle Alamogordo with her parents, Mr. and Mrs. H. A. Kunzle of Burlington, Vermont, Pauline and Daniel Leighton of Clayton, N.M., Mr. and Mrs. Merle Foster and Paula Welch, Carrizozo, Mr. and Mrs. Beucles of Alamogordo. A large number of guests came from Albuquerque Sunday.

Mrs. Walton Wilson came to see us bringing her guests for a tour of "My House". Her guests were Ann Wright of Carrizozo and Ann's mother-in-law Mrs. Emma McKinnis from Magnolia, Ark. We truly enjoyed Ruth's and her friends' visit.

Dr. Oliver Smith, El Paso, with his lovely wife, Mrs. Smith came for a visit with us last Thursday. They were enroute to Santa Fe for a vacation. They

enjoyed a tour of "My House" and we were happy to see Dr. Smith again and to meet Mrs. Smith. Dr. Smith will be remembered as the son of Mrs. Bunton and the late Mr. Bunton, who several years ago lived and ranched between Ancho and Capitan. The brothers, Dr. Oliver Smith and his brother Dr. Harvey Smith visited their parents at the ranch very often.

Sunday afternoon was really very special when Mrs. E. C. Dow, Carrizozo, with her daughter Esther Lewis came to see us. The late Dow brothers, Gene, Larry and Ralph and their families have long been close friends of ours. They also were well known and loved all over Lincoln County. Esther is with Western Union and travels extensively. Later on Sunday, John Kelt, with his mother Mrs. Maggie Kelt, his son John, Jr., his niece Karen Foote and her husband, Stephen Foote, all of Tucumcari came for a delightful

visit with us. John Jr. has just recently returned home from Japan after a year spent in Vietnam, he is in the Marine Corp. John, Stephen and Karen enjoyed a look at our relatives while Maggie, John and I had a good visit. They attended the White Oaks Historical Assn. meeting in Carrizozo Saturday evening. They reported a very interesting and successful meeting with plans and work on this project for the museum at White Oaks going well and strong. John Sr. keeps coming up with great pictures and stories of old White Oaks and from Carrizozo too. Mr. and Mrs. Bill Farless, it was such a pleasure to see them. Mrs. Farless, the former Eunice Jones, taught school in the old homesteader's community west of Ancho several years ago.

Mrs. Rosa Pera of Carrizozo was by for a real nice visit with us last Wednesday. Rosa and Joe are two of our good "Old Timer" friends.

Pen and Brush Club meets at Guck's

We've had another beautiful week of sunshine here in Nogal.

The Pen and Brush group held their first work day of the new year at the home of Dorothy Guck at Nogal the 14th. Each lady totes a sack lunch and her painting and sketching equipment and works from 9:30 to 3:30 on her own individual project. The hostess keeps the percolator pouring and serves a light dessert. Those attending besides the hostess were Pat Flatley, Geneva Walker and Eva Zumwalt. The Pen and Brush group will meet again on Thursday, Jan. 28, at the Medallion Room of the Rural Electric Cooperative Building in Carrizozo. Anyone wishing further information on this group may contact any of the above ladies. So come on all you girls who want a very interesting hobby, grab your paint brushes and go next Thurs. Sounds like it would really be a lot of fun and there are some good artists to show you how to express yourself in the art of painting.

Mrs. Mollie Bosh spent the night in Alamogordo at her son's home last Thursday and then went to El Paso the following day and returned to Nogal on Saturday.

Teenagers form Youth Club

On Tuesday evening at St. Rita Parish Hall the young people of St. Rita's Parish, under the leadership of Charlie Castillo, formed The Teenagers Youth Club. Following open nomination from the floor, the some 35 or more young people elected: Freddy Padilla, Chairman, with eight other Councilors: Carol Portillo, Rosie Portio, Margie Zamora, Margaret Monreal, Paul Pino, Alfonso Lucero, Gaby Chavez and Carl Ortiz. These young people then proposed to make for themselves a small recreation center at the Parish Hall. They under took to secure ping-pong tables, a juke box, a coke machine and if possible, a pool table. Also adopted was a resolution to provide at least bi-annual entertainment for the younger children of our town.

Envisioned are occasional dances, outings when the weather clears, and a summer program yet to be devised. Given the need for some sort of teen-age recreation these

Teenagers Youth Club officers elected at first meeting

young people are to be commended for taking on their own tasks, and deserve help from the adult community. All our teenagers are urged to join together

to help themselves. Not just the young people of St. Rita Parish are eligible but all teenagers in grades 9 through 12 are welcome. Be sure to

communicate your desires and pledge of assistance to the elected members of the Council of this new Teen-Agers Youth Club.

There's money to be made

If Carrizozo merchants did 100 percent of all the business in this town they would have made \$737,621.00 in sales during the month of November 1970!

60 percent of this \$737,621.00 or \$442,572.60 in sales was made 'down the road' in some direction!

Figure what your part of \$442,572.60 in sales would do for your business in one month.

Then you will want to start figuring on how you can get this extra business - it would be a real economic boost for the town!

A Potpourri of Old-Time Recipes

Compiled and Edited From
1867 SOURCES
BY

JOSEPH B. MICKEY
Recipes and formulas are not guaranteed but are authentic frontier recipes.

1. HOW TO CURE VIRGINIA HAMS FOR SMOKING. 1859.

To every 100 lbs., take best coarse salt, 8 lbs.; saltpetre, 2 oz.; brown sugar, 2 lbs.; potash, 1 1/4 oz.; and water, 4 gals. Mix the above and pour brine over meat after it has lain in tub (wood) for two days. Let the hams remain 6 weeks in the brine, keep covered. Meat should be rubbed with fine salt before packing in tub.

2. HOW TO CURE INDIANA HAMS. 1855

To a cask of hams say, 25 or 30 after having packed them closely and sprinkled with salt, let them lie thus for 3 days; then make a brine sufficient to cover them of the strength to bear up a sound egg or potato. Add 1/2 lb. saltpetre and a gallon of molasses, stir well, cover, let them lie in the brine for 6 weeks - they are exactly right. Then let them drain but while damp, rub the flesh side with pulverized black, red or cayenne pepper as well as the bone end. Then smoke most of 2 days. They may be left hanging in the smokehouse or hung in a cellar.

3. HOW TO SMOKE MEAT.

Any wooden or stone building, hollow tree, previously charred may be used for a smokehouse. Hickory green wood, apple, maple and other hard woods may be used. The sawdust of these woods dampened will do a good job smoking. Size of the hams and quantity of smoke determines the length of smoking. (Today clean oil drums make small smoke houses - ed)

4. TO KEEP SMOKED HAMS INDEFINITELY.

Pack them in pulverized charcoal, covering completely. Charcoal may be washed off readily when ready to use and is harmless.

5. INDIAN BREAD. 1860

For a large loaf, take three pints of sifted Indian Meal (Corn Meal) three pints of rye meal, one teacup of hop yeast, one teacup of molasses, mix soft with warm water, pour into bake pan, let stand for an hour or two till light and bake with a steady fire, three hours. Unless good yeast is used there is no need to try making this bread.

6. MAKING YEAST. 1859

Four large potatoes, grate and place in kettle of cold water. Add three tablespoons of sugar, two of salt and one of flour. Place a handful of hops in a sack and in a quart of water to boil a few minutes. Remove and place with the potatoes bringing to a boil. Stirring all the time. Remove to a pan to cool, then add pint or

less of sweet yeast. In an hour or two it will be a light foam and ready to use.

7. POTATO YEAST.

Boil and skin and mash mealy potatoes. Hot water to make them thin like pudding batter. Add 2 oz. molasses to each pound of potatoes. When just warm stir 2 tablespoons of yeast to each pound of potatoes. Keep warm till fermentation stops, in a day it will be ready for use.

8. IRISH METHOD - BOILED POTATOES.

Wash potatoes, no scraging. Cut off at the thickest end a piece the size of sixpence to let the steam out and prevent cracking. Peel when dry.

9. TAFFY

To 1 pound of raw sugar add 2-oz. of butter. When boiled to the crackled degree, grain it and pour out in square tins, either oil or buttered. A variation: 2 1/2 oz. of butter, some lemon juice and some ginger.

10. EXTRACT OF DANDELION

Take up the roots in September, clean, bruise them in a mortar, press out the juice, strain, put in a plate, warm room to evaporate. Dose is a scruple, to a drachm, 3 times a day. (A cure for liver complaints - they said).

11. DANDELION BEER.

Dandelion root - 1/2 lb. to gal. of water; boil well; when cooked add new warm milk; 1 lb. sugar; 1 oz. cream of tartar, add a little yeast. (Good for liver and digestion).

12. DANDELION COFFEE

Good coffee, 3 parts; hard extract of dandelion (no. 10), 1 part; chicory 1 part; grind to coarse powder, mix. Brew it. (Good for liver and digestion).

13. LEMON AND OTHER FRUIT EXTRACTS.

(POWERFUL STUFF)

Best alcohol, 1 pint; 1-oz. oil of lemon; peel of two lemons broken up, let set for a few days. Drink it or cook with it. Peaches, pineapples, strawberries, raspberries, blackberries, etc., take equal parts of spring water and alcohol to cover fruit. Let it set several days in warm room. This is a tonic known as "Bounce". (Better believe it).

14. CREAM CHEESE.

Put 5 quarts of the last milking of the cow, called "stripping" in a pan with two spoons of rennet. When the curd comes, strike down with skimmer to break it. Let stand 2 hours, spread cheese cloth on a sieve, drain; break curd a little with your hand; put it in vat with a 2 lb. weight on it. Let stand 12 hours, bind a fillet round. SMOKEY BEAR COUNTRY - By Margaret Rench

Klines attend mid-winter convention

Rev. and Mrs. Alfred Kline, Beth and Jenann attended the American Legion and Auxiliary Mid-Winter convention in Santa Fe.

The National Commander, Alfred Chamie of California, was the guest speaker. Gov. King too was present. They enjoyed this so much.

Friends of the Klines took them to San Ildefonso Pueblo to observe the ceremonial dances celebrating their 450 anniversary. They have been doing this since they defeated the Spaniards.

They ate in several homes and enjoyed the Indian people. Their sincere faith and customs were truly enjoyed.

Mr. and Mrs. Johnny Hein and family are back in Capitan after four months in Corona. They live up on the hill in the Carl Ness house.

Word has been received that Linda Merrell daughter of Col. and Mrs. Eugene Merrell of Edwards Air Force Base, Maryland has been accepted as an Air Stewardess for Pan Am.

Linda is a graduate of Indiana University and is a granddaughter of Mrs. L. H. Merrell of Capitan.

Jimmy Don Wright returned to N.M. State College in Las Cruces Monday.

Mr. and Mrs. Terry Strickland attended the wedding of his sister Judy Strickland in Seminole, Texas last Sunday.

Mrs. L. H. Merrell returned from three months vacation visiting relatives and her son, Col. Eugene and Mrs. Merrell.

Gretchen Lindsay and Margaret Rench attended the official meeting of the Eastern Star in Tularosa with the Worthy Grand Matron, Mrs. Mildred Cole and Worthy Grand Patron, Mr. Moyer Shore present. A large crowd attended. It was a nice meeting.

Mr. and Mrs. Jack Shaw attended the Eastern Star official visit of Mrs. Mildred Cole, Worthy Grand Matron and Mr. Moyer Shore, Worthy Grand Patron, in Roswell, Saturday night January 23. 300 attended.

Mr. Otho Lowe became seriously ill last Sunday night after they returned from Church and was rushed to the Ruidoso Hospital where at this time he is resting nicely though he is having blood transfusions. Wish you a good recovery Otho. Chin up and get well fast.

Mrs. Rench, Mrs. Maude Kingston and Miss Lou Harris attended the funeral services of Mr. Bill Harris last Monday morning at 11 a.m. with graveside services.

Bill became ill Saturday a.m. and passed away suddenly and unexpectedly. He is survived by his wife, Lola Harris; two daughters, Mollie Kay Davis of Mineral Wells, Texas and Miss Cindy Sue Harris of N.M. State College of Las Cruces. Both were present and many other relatives from many distant points as well. This was a shock to all. Bill was a good man and loved by every one he knew.

Mr. and Mrs. Ben England of Oklahoma City, Okla. picked up her sister, Mrs. Hazel Myers and her mother Mrs. Rebecca Luck in Clovis and they attended the funeral too. It was great seeing them again. Rebecca and her husband Barney and I were initiated in Eastern Star 40 years ago at Comet Chapter. So we do have grand memories to share together.

I do express my deepest sympathy to this lovely family in this their hour of deep sorrow. Miss Lou Harris returned home to Roswell with her place Mrs. Lois Gains last Tuesday morning for a two-week visit.

Mr. and Mrs. J. C. Hartland and Tracie have moved to Alamogordo from Weed, where he has employment.

Mrs. Champ Ferguson and Mrs. Eltha Merrell visited Mrs. Vera Beall in Lincoln last Sunday.

Mr. and Mrs. Guy Dean and family of Tucson, Ariz. spent last Saturday and night with his parents, Mr. and Mrs. Robert Dean and spent Sunday and the night with her parents Mr. and Mrs. Jess Noble in Ruidoso.

We have had beautiful weather. Really too pretty to be January though at this time it is growing

colder. There has been such variations of weather that it has caused much illness.

A delicious luncheon was enjoyed by the members of the Capitan Roundtable Club at the home of Mrs. Vera Beall in Lincoln on January 21, 1971.

The following members were present: Mmes. Bill Randle, C. C. Ferguson, L. H. Merrell, Milton Jones, William Edgar, LeRoy McKnight, Frank Tittsworth, Jack Shaw and the hostess, Mrs. Lee Beall.

What's Happening

— IN CARRIZOZO HIGH SCHOOL

The Jal Panthers came to Carrizozo Friday night planning on an easy win, but were upset by the mighty Grizzlies as they downed the Panthers, 59-47.

The Panthers used the full-court press all night long, but it was not to their advantage. The ZoZo guards whizzed right through without being slowed up one bit.

David Lee had the hot hand hitting 29 points. The only other player hitting double figures was Willie Gallagos with 10 points.

The Grizzlies have showed great improvement the last few weeks and are working hard for a winning season. --by J.W.

The Great Grizzly Girls Basketball team met with defeat at the wings of the Hondo Eagles last Monday night, January 18, 52-12. Hondo was a more aggressive and experienced team compared to the first-playing ZoZo girls.

This Monday, January 25, the ZoZo girls traveled to Hondo and nearly shot down the high-flying Eagles, losing in the last few minutes, 24-17. --by L.J.

The Professor's bowling teams consisting of Eli Casey, Jesse Moore, Gordon Russell, and Norbert Welk won the Winter Division of the Major League. With a tremendous average, great sportsmanship, and a very high handicap they waltzed to the victory. They had a 32-16 record.

Joe Light came to the high school on January 16 to organize a bowling league sponsored by the National Junior Bowling Congress. The league consists of eight -- three man teams and will bowl on Thursday afternoons. --by D.H.

The Wrestling team left at 4:00 o'clock Sunday morning, January 24, for Amarillo to attend a special wrestling clinic for the Grizzlies.

Teaching the boys new form and moves were: Mr. Todd graduated from Oklahoma; Mr. Bob Allen, also graduated from Oklahoma State, who was the national champion three times in dual meets while in college; and Mr. James Kyle, a Texas wrestling champion who is now a high school coach in Tascoosa. Those attending were: wrestling coach - Eli Casey, Koen Hoff, Jay Barnes, Albert LaFave, Gerald Wells and Joel Barham. The team learned much, which they plan to use in future wrestling matches. --by J.B.

The Carrizozo Student Council held a special early-bird meeting last Friday morning to discuss some important business. The student legislators decided to turn all money making projects over to the mighty seniors with the exception of sock-hops, of which the jumping juniors will sponsor until the end of March. The seniors are raising money for their senior trip in the last of May. In other business, permission was given to the National Honor Society to sell candy on Saturday, Feb. 6th. --by D.H.

The Annual Staff has been busy lately, trying to meet their deadline, which is February 15th. The 1971 yearbook is still on sale, and will be until February 15th. The 1971 yearbook will surely be one of the best yearbooks we have ever had. If anyone interested in acquiring one, contact either the high school office or Mr. Moore. --by J.C.

There were several chess matches this week with Leland Jackson gaining wing over Fred Serna, Rusty Leslie, David Lee, while Marc Ellison entered the finals by defeating Matt Ellison, Jody Wrye and Joel Barham. In the title match Thursday, Marc Ellison beat Leland Jackson in a 45-minute battle. --by M.E.

A father had been lecturing his young hopeful on the evils of staying out late at night and getting up late in the morning. "You will never amount to anything," he continued "unless you turn over a new leaf. Remember that the early bird catches the worm, my boy." "How about the worm, Father?" inquired the young man. "Wasn't he rather foolish to get up so early?" My son," replied the father solemnly, "that worm hadn't been to bed; he was on his way home."

News And Notes

The mailing of most unsorted merchandise -- that is merchandise mailed without the request or consent of the person receiving it -- has been banned by a provision of the new Postal Reorganization Act. Under this new act only two types of unsorted merchandise may be mailed: (1) Merchandise clearly and conspicuously marked as free samples, and (2) merchandise from charitable organizations seeking contributions.

The recipient of unsorted merchandise may use or discard it without obligation to pay for it. The Postal Reorganization Act makes it illegal for the sender of this merchandise to request payment for it. The date when this act will become effective has not yet been set. The Federal Trade Commission has announced however, that it will begin to enforce the ban on unsorted merchandise immediately. This welcome information was taken from the December 1970 issue of the "Family Economics Review", published by the U.S.D.A.,

If a large percentage of today's advertising for everything from cosmetics to foreign travel seems aimed at the young people of this country, consider these statistics: The number of persons in the United States who were 14 to 24 years old increased from 27 million to 39 million -- or from 15 to 19 percent of the population -- between 1960 and 1969, according to the Bureau of Census. It is easy to see why this audience is so desirable to advertisers.

Save leftovers -- cool those bits and pieces of leftover meat, broth and gravies quickly; store, well covered in the refrigerator. Use them within one to three days after cooking.

You needn't worry if the meat around the bones of some chickens looks reddish brown -- even after cooking. It's safe to

eat, according to the U. S. Dept. of Agriculture poultry inspectors. Broiler-fryers tend to show this effect because they're marketed young, at 6 to 8 weeks. Their bone marrow has not fully hardened and the red blood cells seep into the surrounding meat, causing a deep red or brown color.

Mary Ellen Payne,
 Lincoln County Home Agent.

SIX BOYS GO UP FOR PHYSICAL EXAMINATION

The Local Board met in its regular monthly meeting on 21 January 1971. The meeting was the first with our Chairman Elect, Ffuctoso L. Osorio. The next meeting is scheduled for 18 February 1971.

Six boys were transferred to the Armed Forces Entrance and Examining Station in Albuquerque on 19 January 1971 for the physical examination. They were -- Jimmy Neal Graham, 23, of Las Cruces, formerly of Ruidoso; Curtis Lee Payne, 22, of Carrizozo; Ricky Wayne Coy, 21, of Ruidoso; Jerry Ray Welch, 20, of Corona; Alfred John Medina, 20, of Roswell, formerly of Carrizozo; and Larry Rene Griego, 19, of Ft. Stanton.

Four names have been submitted to Governor King for his consideration as candidates for a recommendation to the President as a replacement for the vacancy created with Mr. R. L. Sherrill's retirement. In addition to replacing that member, the Local Board has requested that the Local Board be expanded to six members to insure a wider representation of all Lincoln County Registrants.

News from the County Agent

A wide variety of information was given out at the Plant Science Workshop at New Mexico State University last week. The information was to help the County Agents keep up to date with research findings.

Such things as a plant uses the moisture in the upper half of the root zone for growth. The

lower half of the root only keeps the plant alive. This means that frequent relatively light irrigations are better than heavy irrigations. This can also mean a saving in water used for the crop. To use this information you will need to know the rooting habits of the plant being irrigated.

Alar used in August delays the apple maturity but will also delay the bloom about one week the next spring.

Pesticide safety was a topic of concern throughout the week. Proper application and use of the minimum number of sprays were stressed. Many sprays for mites also kill the predatory mites and can make the problem worse.

Emphasized was the fact: "THERE IS NO SUCH THING AS AN EMPTY CONTAINER OF PESTICIDE". It was pointed out that noxious plants are the biggest contributors to pollution in Agriculture. For example: an area with heavy mesquite cover is much more subject to dust storms than a well grassed area.

The use of low application rates of water by sprinklers to control frost was discussed. The company representative cited the success of the system in California. Some growers are using the same sprinklers system to irrigate, fertilize, frost control and apply insecticides. The idea is intriguing and deserves some thought.

Just because you keep your house indoors doesn't mean that insects and spider mites can't find them. Some pests, such as spider mites, may be more of a problem in winter than at other times. Unless you have a humidifier, the environment in your house becomes quite dry which makes conditions ideal for spider mites. Another reason for increased pest problems during the winter could be due to bringing in infested plants at Christmas time. The insects or mites could hitch a ride into your house on a poinsettia, chrysanthemum or other potted plants -- even on the Christmas tree or other greens used for decorating.

Some of the most common pests besides spider mites are aphids, mealybugs, scales and whiteflies. All of these are quite small or deceptive so you have to look closely to find a light

infestation. Light infestations can often be controlled by washing the infested plant parts with soapy water and a soft brush or cloth. Use two teaspoons of a mild detergent to one gallon of water. Rubbing alcohol on a cotton swab is another way of controlling light infestations on a few plants. Aerosol or bushbushon sprays are also effective. However, read the label carefully before using it and be sure it can be used on plant foliage. Your ant and roach bomb or flying insect spray may contain a recommended insecticide but the carrier may burn or completely kill plant foliage.
