## Rain last week of July saves grass

Weatherman L.Z. Manire in Carrizozo has recorded a total of 2-3/4 inches so far for July which is about average, but real late in coming. Prior to last Friday Carrizozo had received .20, on Friday, .30, on Monday, .80 and Tuesday, .49 to make a 2.73 inch total.

George Fishbeck said Tuesday night that the best is yet to come meaning that more and better rains were making for New Mexico for the coming weekend. Reports from over the county are some spotted, which is normal. Not all areas have been getting the kind of rains that will get the grass going.

Phil Richardson said things just couldn't be better at his ranch near Nogal. It's been a long time since he had to cope with so much runoff. They've had one inch, then two, then one, and another half inch of rain every night in the Nogal area.

In the Shafer-Gallacher area northeast of Carrizozo rains have been equally good. They had a two inch rain Tuesday night and Jane Shafer said it went about 15 miles west. You could look any direction and see solid water from Shafers Tuesday. They have already sent some cattle to feed in Kansas and don't expect to move any more. Jane

said that Wally Ferguson, west of Carrizozo, had one and half inches Monday.

An unverified report on rains north of the Capitan Mountain area is that they have received three and one-half inches, in the Jones-Merchant Area. That much rain sure ought to pick things up.

South of Carrizozo on the I Bar X Ranch grass is starting to green up according to Billy Stephenson. They've had real good rains the past four days, between three and four inches total. The arroyos have sure run a lot of water down there.

Up at Tom Knight's ranch rains have been spotted. It's

taken two weeks for them to measure up over one inch of moisture but they did have one canyon run for the first time in seven years. The good Monday night rain was heavier east of the Knight Ranch. Howard Harkey got one inch, Sparkey Harkey one and one-half J. A. Hightower two inches, Ancho .45 and Gnatkowski's .02 Nancy Knight said they would be going to market soon with some cows and calves.

Talking with Pat Dunning several times this week, found they had four evenings of good showers and Tuesday night on way home from Ruidoso, Pat said it was raining all the way to the Capitans.

## Improvements made around town

The Roy Richard residence has been improved considerably, new fence added, grounds clean and neat. Looks fine.

## Billie Hale found guilty

The jury hearing the Accusation of Billie, made by the Lincoln County Grand Jury, retired at 4:20 p.m. Tuesday and reached its verdict of "guilty" at 5:00 p.m. At the request of the defense attorney the jury was polled, each one stating that his or her verdict was guilty.

Hale was accused by the Grand Jury of conflict of interest in his official dealings with the local Housing Authority, that Hale entered into a partnership, later to become a corporation having offered land for sale to the Housing Authority, said sale needing the approval of the Ruidoso Downs Village Council of which Billie Hale was and still is a member.

The defendant was admonished by Judge E. Forest Sanders in District Court that he was not to participate as a member of the Ruidoso Downs Council, the extent of the sentence.

The case against H.D. Pope, on the same charges was dismissed with prejudice as he was not on the council when the alleged land transaction took place.

## Drivers Institute August 2-6

Santa Fe - Twenty-three instructors, five technical consultants and a national consultant will participate in 12 different subject areas at the 30th Annual School Bus Drivers' Institute at Western New Mexico University August 2-6.

The participants were chosen on the basis of their professional reputation as outstanding leaders in their fields, according to Institute director Bill Loshpough, Supervisor of School Bus Safety with the Department of Education.

## CASEYS RESIGN, OPENS UP TWO POSITIONS HERE

Carrizozo teaching staff was complete at one time last week, but resignation of Mr. and Mrs. E.H. Casey opened up two positions. Prior to their going three teachers had been employed.

Wayland Dillard from Floyd, with five years teaching experience will teach driver education, science and assist with football coaching. Mr. Dillard has a Bachelor of Science Degree from Eastern, is married, has one child. Mr. Dillard is a graduate of House High School.

Mr. and Mrs. Joe, D. Orsak came to Carrizozo from Sumray, Texas. Mr. Orsak has four years experience and degree from Midwestern University in Texas. He will teach biology, chemistry and social science in high school. Margaret Orsak has nine years teaching experience and BA Degree in Education from Eastern. She will teach third grade.

Two openings in Carrizozo are for football coach, four interviewed last week, and teacher in upper elementary grades.

The Carrizozo Woman's Club grounds have been a beauty spot all summer even during the dry weather. Now with rains the greenery at this corner is well worth a trip to see. Gladney Stubbs has been taking care of the grounds.

## Thanks Pat, Mary Jane and Phil

With approximately 1200 head of horses vaccinated for Venezuelan equine encephalomyelitis, better known as VEE, at the race track and probably that many more horses from ranches and towns of Lincoln County, the job of preventing the spread of VEE is about complete.

Pat Dunning, who spearheaded the work north of Carrizozo last week, said another round of vaccination will be set up for Sunday in Carrizozo if a sufficient number of horse owners call her, the phone number is 648-2497. Phil Richardson, who handled the program in his area last week, said that a vet would be in Capitan this Friday at 7:30 A. M.

Mary Jane Campbell reported that 174 or more horses were vaccinated in Carrizozo last week and people were very cooperative. The vaccine was more than an hour late arriving in Alamogordo which held up the vet but did not make any problem here. People were real wonderful, she said.

Races at Ruidoso Downs will be off and running this week as usual, no signs of VEE have shown up around the county, so nothing to worry about at this time.

There were well over 200 horses vaccinated in the Dunning Ranch area, from Truman Spencer, Gallachers, Knights, Hightower, George and Lee

Straley, Jackson, Blanche Straley, Roper, Wilson, Foster, Eldridge ranches.

Thirty-eight or more were vaccinated at Phil Richardson ranch, coming from Dunn, Daggar, Zumwalt, O Bar O, La-May and Silva ranches.

Report is that about two percent of 100 horses could be expected to show some reaction to the shots, maybe droopy and loss of appetite, but just leave them alone and they will come out of it.

A real vote of thanks to all horse owners from Mary Jane Campbell, Pat Dunning and Phil Richardson for the fine way they cooperated in making this large undertaking a genuine success.

## Sellers case was worst miscarriage

Judge E. Forrest Sanders of the District Court of Dona Ana County, in Carrizozo last week to preside over the case of State of New Mexico vs Johnny Lee Sellers, called the jury verdict of "Not guilty" the worst miscarriage of justice I have experienced since I have been on the bench, I certainly do not agree with your verdict.

The case was brought to Lincoln County from Dona Ana on a change of venue requested by the defendant who stated he could not get a fair trial in Dona Ana County.

Sellers was charged with armed robbery upon the persons of Mr. and Mrs. Manuel Sandoval at the Dona Ana Apartments on or about March 2, 1971 in Las Cruces.

The robbery was reported to have taken place at 4:00 p.m. in broad daylight, \$3,000 in cash and \$2,000 in checks were taken and have not been recovered.

A witness for the state was Resse Wimberley, a 6th grade student in Las Cruces who made the following statements, selected from Exhibit 1.

Q. Resse, as I understand it, you witnessed part of what happened during the armed robbery at the Dona Ana Park Apartments on Tuesday, March 2. Is that right?

A. Yes.  
Q. You saw the car drive up to the office of the apartments?  
A. I was on the sidewalk where they play volleyball when the car drove up.

Q. Who was driving it?  
A. Billy Lawson.  
Q. Was there anyone else in the car?

A. There were two others they had masks on--I knew who they were. I could tell it was Billy and Hammer and Danny--I could tell all of them.

Q. What happened when the car pulled up in front of the office?

A. Billy just circled around and came back. They went inside the office.

Q. About how long were they in there before they came back out?

A. Five or six minutes.  
Q. What happened then?

A. They came back out and they had a bag in their hand--a white bag and they got in the car and Billy drove away.

Q. What did you see them do before they drove away?

A. They took their masks off.  
Q. And did you see their faces then?

## Three Bars Handicap nabs spotlight

The first major test of the 1971 season for older quarter horses at the classic 440-yard distance will be unreel Sunday at Ruidoso Downs with the fifth running or "The Three Bars Handicap." Featuring 3-year olds and up over the full quarter-mile the event will carry a \$7,500 added purse.

Last year in the fourth running of the feature, veteran Cinder Leo sped the distance in 20.50 to capture the crown. He is likely to be back for a try at succeeding himself to the 440-yard throne. Also, last year's place and show entries, My Talent and Howdy Jones, respectively, may be on tap for a return.

"The Three Bars Handicap" is run in honor of one of the most outstanding and unusual animals in equine history. A thoroughbred with full thoroughbred parentage by parentage out of Myrtle Dee, by Luke McLuke, Three Bars is one of quarter racing's all-time leading sires of money winners. AAA qualifiers and ROM Qualifiers, included among his direct offspring were two winners of the rich All American Galobar and Pokey Bar. Also counted among his bigger name horses are Rapid Volley, Miss Gold Angel, Triple Lady Nippy Bars and Sompin Special.

Looking down the road a full week to the first weekend in August, racing fans will have treats in both the quarter horse and the thoroughbred classifications. The trials for the second leg of the triple crown of quarter horse racing, the Rainbow Futurity, will be held on Friday Aug 6. It will doubtless take that days full

racing calendar to determine the finalists and the consolation field.

On Saturday, Aug 7 the trials will be staged for the running of the Rio Grande Futurity, a 6 furlong examination for 2-year olds. Finals in this event will be held Aug. 14, with a \$9,000 added purse.

Fans who like the distance races will savor the Ruidoso Jockey Club Handicap to be run on Sunday, Aug. 8.

## BARN DOOR OPEN HORSE GONE!

It's a rare town, or county, or family that is really ready for a stroke of disaster.

It's so nice to work at our job, (maybe you don't have to) then enjoy leisure time that comes after the job is done without any worse worries than maybe a lousy TV program, weeds in the yard, or the sports page lost.

Living in Oktoberfest country is so pleasant, all year around, that we don't really worry about—

Water shortage  
Trash disposal.  
Old-junk cars, buildings, lots.  
Forest closure.  
Customers and business in the next year.

What the heck. It's always rained. Neighbor's trash (not yours) has always blown around some. Those old run-down buildings and junk cars don't look so bad after you passed them a jillion times.

Politicians are in office because they make people happy, not because they condemn town hazards. And, even more important, people don't want too many

new ventures-- like an excess supply of water, a rigid and enforced zoning ordinance, an all out program to get more business or industry, so we live the good and happy life.

Maybe we'd best enjoy life in the small town the way things are today--sure as sin they'll be different in the 80's. More than likely in these times the horse isn't gone, but Junior has gone with the car.

Point is -- this is the year when Capitan's water tastes like snake oil, far side of Carrizozo has no water pressure at all after supper, Ruidoso has sure tried to run out of water, pipes at Cloudcroft leak more water than your aunt's lace doily. Trash is blowing around worse than ever all over the beautiful Oktoberfest Country. Old cars stall and stay there. Old buildings become more hazardous with each passing day.

Wouldn't you think it both profitable and practical to devote one day, one meeting, one family huddle to discussion of what it's going to be like in your parts in 1975, 1980, while life is still beautiful from cool early morn to beautiful enchantment at sunset.

did not have what it takes to get the boys in jocks and pads and get them interested in working until their pads are dragging and they can't move another inch. It's no different trying to interest young people in learning, English, music, science, math or how to dance with both feet -- first you've got to get their attention and then know how to communicate with them. That takes a smart man, also one who will do his share of "putting it out."

Sport is fun, should be, but losing game after game is not what football is all about. Without naming any names, there were at least three teams on Laabs Field in Carrizozo last year who could have given the Grizzlies a real bad time. The boys simply did not practice the basic fundamentals of blocking and hitting, their execution was sloppy as a result and after their initial fire has simmered down the Grizzlies would run over them--and did.

So, you've got to have a coach who can at least impart as much as he knows and then create the desire for action, which makes winning, and winning makes the coaching much easier. Good teachers are hard to find--main difference between coaches and the classroom teacher is that patrons know real soon if the coach is good or lousy. Those other teachers just go on their common way to retirement.

You can't buy crabgrass seed anywhere we know but it may come on the market. Temple University encourages crabgrass on Geasey Field where the teams practice because they save \$2300 a year in field expense and the crabgrass will stand the football practice better.

Swiped from Duffy--Education-al note: The schools teach about half of their pupils to tell time. The other grow up to be women.

Did you hear about the married man who was in the doghouse so long he finally applied for a divorce through the A.S.P.C.A.? Boss--"So you want to quit your job? Aren't your wages all right." Mike--"Oh, the wages are OK but I'm afraid I'm doing a horse out of a job!"

Why do we regard as our best friends the folks who remember the things we'd like to forget? The best things in life are free. So says the sage. (Unfortunately, it's not always the best things that we want.

## THE WAY OF THE West

There's some cowboy polo played around this area. . . . Little League Ball gets real big in the summer time . . . marbles is no longer big as a game . . . long about Christmas, between buying dad's tie and mom's washer, our thoughts turn to basketball but we take that process with little sweat . . . rodeo is no small deal and it's rough but doesn't happen often enough to hardly rate as numero upo in this cowboy country . . . hot-rodding goes on but mostly when the marshal is not looking . . . so what does that leave?

No question about it -- football is the number one sport. In less than a month the boys will be suited up, and the first week of September is when life really gets interesting.

Pate likes any kind of football, from the pros down to the peewees, but the best watching of all is a real close contest where we know the boys and our heart is really in the game. Next best is a good college team like Texas playing a genuine tape-wrapped rival like Arkansas. Or, UCLA matching their bandages against the like of Notre Dame.

It's got to be the place in professional football where half the teams only half the game. Pass and kick is all they know. So only half or less of the professional games are worth watching. Course this is a new year, so we've got to check them all, see if maybe they've got something beside just an arm winging the ball and a leg booting for extra points.

**School Board vacancy to be filled**

The Capitan Municipal Board of Education plans to fill the Board vacancy created by the resignation of John R. Able at the regular meeting on August 11, 1971 at 7:30 P.M. Any qualified electors of the school district who desire to be considered for appointment to the Board until February 1973 may submit their names to one of the board members, Hollis Cummins, Pat Huey, Bryson Lacy or Ralph Barber.

Just in case everyone does not know I have been informed that the New Mexico Governor and the State Forester have lifted the fire closure that has been in effect since April 2, 1971.

We here at Capitan have received 2 1/2 inches of rain since last Wed. thru Mon. Each day we have had some and what a joy. The vegetation is responding. The stock really seems to be enjoying this moisture.

Last Sunday evening we had an electrical storm while it was raining. It was severe. At the Forrest Cool home on north hill while he was standing in a door watching it rain. The lightning struck his house on the southwest corner and came in back of the stove. He turned to find the room red in flame. He smelled it which made him turn. He quickly continued to spray it with water and got it out. It burned one half of the ceiling and the wall corner. He had just returned from town therefore it was luck that he was there at that proper time or his home would have been a total loss.

It truly was so close and strong. A reality to be certain.

The Capitan Roundtable Club held their regular meeting at the ranch home of Emelia McKnight with seven members present.

A delicious lunch of fried chicken was served by the hostess

**'Round Town in ZoZo**  
 Mr. and Mrs. Arnold Boyce returned last Thursday from a vacation trip which took them to Mansfield, Ohio, to visit their son, Arnold Boyce, Jr. and his wife and to Bladensburg, Ohio, to visit Mr. Boyce's brother, Stanley Boyce and Mrs. Boyce. Enroute to Ohio, they stopped for a day at the Stark Nurseries at Louisiana, Missouri. An interesting sidelight of their visit in Mansfield occurred when they went out to the Gravelly plant for repairs for their tractor and met the manager, Gepe Bright. Mr. Bright said he knew about

Carrizozo, that his brother, Phil Bright, taught school in Carrizozo, quite a few years ago and married Rosalyn Burke, daughter of the Burke family who owned the newspaper here at that time. Some of you old timers will no doubt remember Phil Bright. Mr. and Mrs. S.O. Barnes returned last Thursday from a two week vacation trip to Benton, Ark. where they visited their son, J.W. Barnes and family. Visitors in the Barnes home this past week were their nephew R.J. Jones and family of Tucuman, and another nephew, C.E. Mitchell of El Paso. Mr. Welcorm Armstrong, president of the Carrizozo Chamber of Commerce and Paul Payton attended the meeting of the White Oaks Historical Society at White Oaks Saturday evening.

Mr. and Mrs. C.A. Branum, Jr. and family of Albuquerque were here for Ranchers Camp Meeting and visited C.A.'s mother, Mrs. Claud Branum, Sr. and other relatives.

Mr. and Mrs. Nick Payton of Las Cruces visited the Paul Paytons Saturday. Nellie Lee Baker has as her guest this week her daughter-in-law, Mrs. Bradley Baker and baby daughter, Debbie of Tucuman. They plan to be here until Thursday.

Raymond LaFave, who has been home on a fifteen day leave after completing basic training will leave Friday for his new assignment at Ft. Gordon, Ga. Rebecca Warner and Bertha LaFave made a business trip to El Paso Friday. Highway Accident puts twonin Carrizozo Hospital

A one car accident which occurred at 4 a.m. Friday morning 30 miles north of Carrizozo on Highway 54 put the two occupants of their car in the hospital. The driver was Mario Salazar of Wichita, Kansas. His wife, Mary, suffered a broken leg and lacerations and he had a few lacerations. They were enroute home from El Paso. The car left the road and totalled. State Policeman, Andrew Benevidez investigated the accident. Engagement Announced.

Mr. and Mrs. Tom Aden of Phoenix, Arizona announce the engagement of their daughter, Julie, to Mr. Gary M. Armstrong son of Mr. and Mrs. Welcorm Armstrong of Carrizozo.

Both are students at the University of New Mexico. Julie is a member of Kappa Alpha Theta sorority and Gary is a member of Phi Gamma Delta fraternity. The wedding will be an event of August 12, 1971 at the Central United Methodist Church in Albuquerque.

Mrs. Veronica Bernal and baby daughter Jessica Marie of Albuquerque arrived Thursday for a visit with Mrs. Bernal's grandmother, Mrs. Frank Vega and other relatives. They returned home Saturday.

Mr. and Mrs. Bob White of Farmington visited for a few days last week with Mrs. White's parents, Mr. and Mrs. C. A. Snow. They spent Friday in Roswell and Sunday visited Mr. and Mrs. Miles Williams at Nogal.

Mr. and Mrs. Brack Cornett were in Roswell Friday on business.

Sunday afternoon a history class from the Alamogordo Branch of New Mexico State University held a workshop at White Oaks. There were sixty in the group. They had also stopped in Lincoln and Fort Stanton. Among the group was a former Carrizozo teacher, Mrs. Carl Robbins, the former Mamie Casterline, who later came on to Carrizozo for a visit with the Lane sisters with whom she stayed while teaching here. Mrs. C. A. Snow and Mrs. Charles Wetzel assisted Sunday afternoon with the study on White Oaks.

Mrs. Gladys Parr with her son, Orville, his wife, Mary Nell, and daughter, Phyllis, all of Mt. Pleasant, Texas, are here for a visit with Mrs. Parr's sister, Mrs. Ola Drake and the Miller family of Ancho.

Mr. and Mrs. Russell Ramsey and Trey arrived Saturday for a visit with Mrs. Ramsey's mother, Mrs. L. V. Ladd.

Mr. George V. Nicholas and his son, George E. visited in Taos several days last week. They returned home Sunday.

**MAURICO FRANCIS FAMILY SPENDS WEEK AT LODGE**

Mr. and Mrs. Maurico Frances and family of El Paso spent last weekend at their cabin at Pine Lodge and were in Capitan last Sat. evening. I enjoyed visiting with them. They come often though I have not seen them. He told me of his father's

death in December 1970. Mr. Charlie Frances passed away in Roswell of hardening of the arteries at the age of 84. He died the day after his wife's 81 birthday.

After he became ill they lived in Roswell with their daughter Betty and family. Mrs. Carry Frances stayed with Maurice and family until her illness, she returned to Betty in Roswell where

she passed away April 6, 1971. The Frances' came to Roswell at Thanksgiving 1970 and never left. They owned the Pine Lodge and sold to Hubert Hatch. Mr. Frances carried the mail for several years. They owned property in Capitan which they disposed before their deaths. Survivors are five children and 13 grand children. They were a very close and loving family.

John: Have any of your childhood dreams been realized?  
 Bill: Only one. When my mother combed my hair, I used to wish I didn't have any.

Carrizozo Airport is closed to airplane traffic so the big machines can move dirt in preparation for a blacktop job, extension of the main runway and addition of roads and turnaround. The dirt movers have been making a real cloud of dust but should not last long. Completion of this \$160,000 projects is expected around September 1.

### Kelt presides at historical meeting

John Kelt presided at the meeting of White Oaks Historical Association last Saturday in absence of Roy Harman, the president, Sally Savage did the secretarial job.

New paving project on White Oaks road should be a real boost to the area, and the Association hopes the road will come all the way to the school where a museum is projected for the future.

Thelma Murphy told of the Keystone to White Oaks Chapel, a building no longer in existence. The stone is available and the Association hopes to add it to museum pieces.

One of the first things to be done, when money is available, will be new roof for the school. The original roofing was shingles. An investigation will be made to see if wood shingles are possible now, Kelt said about 36 squares would be needed.

The Historical Association will join with Carrizozo Chamber of Commerce in project to have gold panning for tourists and visitors during Oktoberfest month. Leroy Acker, Roy Harman, Chuck Wetzel and Mrs. C. A. Snow will assist the C of C in planning this event.

A request for story about Dave Jackson has been received from publisher in New York. Materials will be gathered for this purpose. The next meeting will be September 25 at 7:30.

### Many cattle feed applications taken

One good rain does not stop a drought. Much of Lincoln County received a dandy rain Monday night, and a few areas had good rains ahead of that date, but the county remains close to drought conditions this week - pending more rains that will fill the tanks and start grass to growing.

Bill Trammell, executive director of A.S.C.S. office in Carrizozo said they'd had a lot of applications for cattle feed at a reduced price.

For primary livestock, milo is selling at \$1.42 per cwt. and corn at \$1.90 per cwt. For secondary livestock, calves and lambs which will be sold, the prices are \$1.89 for milo and \$2.54 for corn under the Federal

drouth assistance program.

Federal programs now permit drouth-area stockmen to use set-aside and cropland adjustment program acres for haying and grazing. These lands are available to replace rangelands and hay crops lost to the drouth.

The president's disaster fund is paying two-thirds of the cost, up to twenty dollars a ton, to transport hay purchased by those who suffered losses in the drouth.

Federal feed grains are being sold far below market price to those who have suffered losses as a result of the drouth. To determine whether you qualify for this program, contact the Agricultural Stabilization and Conservation Service or your County Extension Agent.

### Sellers case

Continued from Page One

A. Yes, Q. Are you certain that it was "Hammer" and "Danny" who were wearing the masks and went into the office?

A. Yes, Jewel Danny Davis, an accomplice, on direct examination, stated that he was put in the Las Cruces jail Saturday night, and on Monday was moved to a cell with Johnny Lee Sellers. Sellers told Davis where the robbery had occurred (figuring that Davis would be involved), who did it, how much money was taken and how they went about the robbery.

The defendant never took the stand to deny anything. His only defense was the testimony of two brothers, both with criminal records.

The case started Wednesday and the verdict of "not guilty" was reached by the jury on Thursday.
