Projects moving at White Oaks

The Steering Committee of the South Central Mountain Resource Area met March 2 in Carrizozo. The meeting was called to order by Bert Pfingsten, Acting Chairman. The project measures of SCMR were reviewed and discussed and those with reported progress are as follows:

PM-28 Inventory of Wood Users: A letter is to be written to the Forester for an inventory, now that the Northern Rio Grande survey is complete.

PM-29 Soil Survey of Lincoln and Otero Counties: The general soils map on Lincoln County is now complete and the map on Otero County will be finished in 1971. The actual soil survey will be next, after the general soils maps are completed.

PM-30: 37 White Oaks: Work is progressing on the White Oaks projects and cooperation has been good. The recreation potential and facilities in Water Canyon were discussed.

PM-35: 50 Otero Solid Waste Disposal: Alamogordo is still reluctant because of cost.

PM-35: Apple Industry: Bert Pfingsten has recently met with the director of the Four Corners area and discussed advertising for New Mexico apples.

PM-59 Fishing License Amendment: Carole Gorney said the New Mexico Department of Game & Fish is opposed to the Amendment and she suggested that this measure be dropped.

PM-67 Lincoln Domestic Water and Sewage: Funds have not yet been found.

PM-72 Lincoln Cemetery Protection: Charlie Jones has located needed supplies and materials.

Three requests were presented to the Steering Committee as project measures. These were:

PM-75 Carrizozo Municipal School Beautification: For assistance in getting windbreaks around schools, permanent cover for the football field, landscaping, and a new water supply to irrigate grounds. This request was made by the Carrizozo Municipal Schools.

PM-76 Carrizozo Tourist Center: Advantages for Carrizozo this center are highways, historic sites, mountain areas, scenic attractions, etc. This was requested by the Town of Carrizozo.

PM-77 Recreation Lake between Alamogordo and La Luz: This was

R. A. Canning of Capitan heads International Brangus Breeders Assn.

KANSAS CITY -- About 200 Brangus breeders are expected here March 19 and 20 for the 23rd annual convention of the International Brangus Breeders Assn. All sessions will be at the Hilton Inn, near the airport.

"Performance," how, to identify it, how to record it and how to put it to work in a cattle breeding program, will be stressed at all the sessions, said Roy W. Lilley,

executive secretary of the association.

"The keeping of performance records on cattle herds is as important today as the keeping of pedigree records has traditionally been for breed associations," Lilley said.

The Brangus organization does not have an official performance program but is looking into the possibilities of setting one up,

he added.

Speakers will include Dr. W.T. Berry, executive secretary, The American Hereford Association, Kansas City; Dr. Marvin Koger, geneticist and professor at the University of Florida, and Dr. Noah England, manager of the Bar M Ranch, Covington, La.

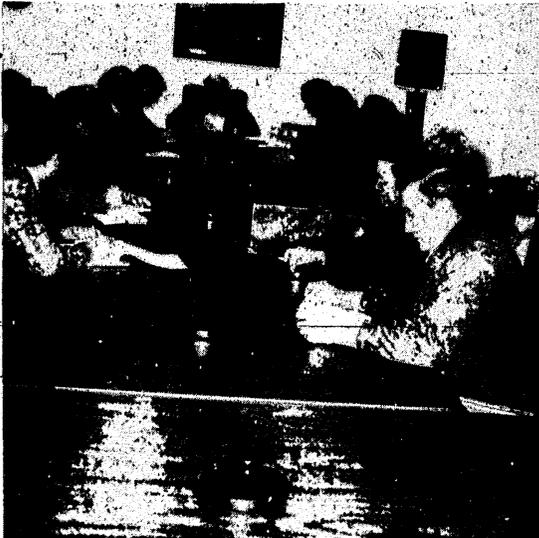

The speakers will be presented on the second day of the convention. The association's business and

board meetings, including the election of officers, also will be held that day. R. A. Canning, Capitan, now is president.

The first day will be committee meetings. The annual banquet will be in the evening.

The earliest crosses of Brangus 3/8 Brahman and 5/8 Angus, date back to 1912 with much of the early breeding being done at the United

Committee meeting at Mesalero

"Oktoberfest" plans are shaping up

Cowboy Oktoberfest committee members from Ruidoso, Lincoln, Carrizozo, Tularosa, Cloudercroft and Alamogordo were guests to the Mesalero Apache Tribe at a noon lunch in Mesalero.

Following the luncheon the committee continued with plans for the month-long program of events to be held during October this year.

Of importance to all communities will be the first issue of a calendar of events planned by towns or groups in the area. The tentative calendar will be made up at the next meeting in Alamogordo on April 20. Heads of all organizations, civic clubs and the like are extended a special invitation to attend this meeting to help with planning and setting up the calendar of events.

The committee thinks it a good thing if there are two, three or more events planned for the same

day. One of the objects of making up an early calendar is to fill in possible blank spots. Towns are strictly on their own when it comes to planning events.

Some effort will be made to have a booth at the state fair for the Oktoberfest. A polo match in the Hondo Valley, trail rides in several places, arts and crafts show on the Reservation, golf and bowling tournaments, are some of the events being planned now.

Committee members at the Mesalero meeting include: Stan Green and John Hawks of Alamogordo, Bill Andrus of Ruidoso, Layne Presslar, Jackie Killian and Bill Baker of Cloudercroft, Inez Tripp of Tularosa, Jerry Baker and John Crenshaw of Department of Development in Santa Fe, Bill Ward of Lincoln, Paul Payton of Carrizozo, and the hosts Wendell Chino and Christie LaPaz of Mesalero.

Norbert H. Welk is shown introducing Mayor Johnson Stearns to the student body Monday at kickoff of Arriba Carrizozo which will last all week with the various classes handling their own projects. The cleanup started Monday on the school grounds.

Changes made at welfare office

William Dunbar has announced some changes in the operation of the Lincoln County Welfare Office in Carrizozo, to be effective April 1st.

Workers in this office will be doing work according to function, meaning that two eligibility workers, Jeanette Smoot and Hazel English, will be mostly taking care of applications, doing re-determination of eligibility and spending most of their time on actual eligibility of person for welfare.

Ella Sidwell will be doing social service work and will devote all of her job time to that function. Hazel Hayes will continue as office clerk. Under the old system the welfare workers did both social service and eligibility work.

Dunbar stated that to the best of his knowledge there were no ineligible receiving aid through the Carrizozo Welfare Office.

A new way to apply for old age assistance, aid to the disabled or aid to the needy blind:

Your Application Form

Your application form is the first step in the new way to apply.

These new application forms are available at our office in Carrizozo (and in some cases, forms have been mailed in order to re-determine eligibility.) When you fill out the form, sign it and return it to us; if it is both your application and your explanation of why you need assistance. The answers you put on the form give us the facts we need to decide if you are eligible for an assistance check; if so, how much money you should get.

Please make your answers as complete and correct as you possibly can. If the question is about money, please fill in the exact amounts in dollars and cents. Also, please make sure that all

the questions are answered so that we can act promptly on your application.

If you are not sure of the answer to some of the questions on the form from your own knowledge, we may be able to assist you in obtaining the answers. Leave the answer blank and ask us about it.

The reason why the old system was sometimes very slow. It took time for the caseworkers to check out the information the applicants gave them, so the applicants often had to wait a long time for information on whether they were eligible or not.

If we find from the information you give us that you are not eligible, we can tell you that quickly too, and we will be able to tell you the reason.

What we ask you to do Under the old system, your caseworker was responsible for getting the information we needed to decide if you were eligible, and making sure that the information was accurate.

Now, you are responsible for your own facts. We are asking you to give us the information on which we can decide if you are eligible. If you are applying for aid because of blindness or disability, the law says that we must verify the extent of your handicap by a doctor's report. You can get the forms from us and take them to your doctor. As soon as he returns them to us, we can start action on your application.

Take your time and be careful filling out your forms.

Please be very careful to answer all the questions accurately and completely, and be sure that you can furnish proof of your answers. A wrong answer could cause a wrong decision on our part. It

could mean that you would not get the help you need. Or it might lead to a charge of fraud if it seemed that you have the wrong answer on purpose. So, if you are not sure that you understand all the questions, ask us about them, if you need help to fill out the form, it is alright to ask a relative or a friend. Or, we will be glad to help you if you will call us or come to the office. It is perfectly alright to keep a copy of your answers if you wish to do so. We can make a carbon copy of the application form if you want us to.

Any changes It is also your responsibility to keep us informed in the future about any changes that happen in your income or way of living which is different from your original application. The caseworker will not call on you and ask you these questions: YOU ARE BEING ASKED TO TELL US.

The easiest way to tell us about a change is by calling us or writing to us. Then we can make the change in our record, and adjust the amount of the check, if it is necessary. This is much quicker and easier than having you come in the office, or our sending someone out to ask you questions in your home, and we think it will work out just as well as the old way and probably better.

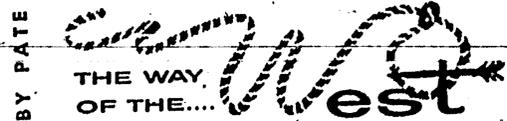

Verifications We will review our decisions by making investigations, just as we did before, on a few applications. Your signature on this application form declares that the answer you have given us are correct to the best of your knowledge, and that you understand that your application may be chosen for investigation and to verification of the answers you have given. This is one way we can make sure that this new time-saving system is working right. If your name is chosen, we will start by talking with you. If you have all the proofs we need, we may not have to go to anyone else.

Fair hearing

If you think we did not make the right decision from the information on your application form, either on whether you are eligible or on how much you should receive on your check, you have the same right to appeal for a fair hearing that you had under the old system. For instance, you may think that we did not follow our own rules and regulations, or that we did not understand your answers.

You can ask for a fair hearing by writing to us or by calling and talking to someone at the office.

A fair hearing should be easier under this new system because we use the information you gave us and you can show us where you think we were wrong.

News for release March 15 does not get big play in our weekly newspaper which we turn loose on Lincoln County readers the 18th but there are some interesting angles to this release. "Exploring to admit girls to full membership." This means that Boy Scouts of America are taking girls in, but they're not letting them be Scouts -- just Explorers. Presumably Explorers do not do all the same things that Scouts do like sleeping out in pup-tents, skinny dipping in the handiest piece of water after a hot hike, and at all times eating some pretty bad camp cooking.

Do you realize that -- if it were not for advertising -- there would be few sports event programs like the 52-pager for the 50th annual state BB tournament or at most all local sporting events. Nor would there be any trophies like

at the Grizzly Relays, or for the sporting events of all kinds all over the state. Advertising does a lot of wonderful things.

Alamogordo could have beaten Hobbs if (make that a big 'if') -- the five Alamo Tigers on the floor in the last few minutes had stuck with their security shots, the big boys making buckets right under the goal -- instead of a couple of

INSIDE THE CAPITOL — By Fred Buckles

Petty says state racing committee is stacked

SANTA FE -- Sen. I. M. Smalley, D-Luna-Hidalgo-Sierra, guided a bill continuing the Universities Study Committee through the Senate 25-8 after it appeared the measure was dead.

A \$50,000 biennial appropriation was sliced out of the bill, if the House approves, the USC would function on a balance of about \$23,000 remaining from its current appropriation. The Senate Education Committee voted a "do not pass" to Smalley's bill. But the report was not sent to the Senate.

Ten days later the SEC reconsidered, referred the bill to Sen. Smalley's Senate Finance Committee without recommendation and the SFC favored the bill. The Universities Study Committee's investigation of the University of New Mexico and other state universities has stirred much controversy in the last two years. Rep. Richard Carbajal, D-Belen, is on the USC.

The Senate also passed 30-0 a bill by Sen. Smalley handing State Police jurisdiction over state university campuses and all other state property. Smalley is chairman of the Universities Study Committee and the Senate Finance Committee. The legislation was sent to the House.

Sergeant Milton L. May, grandson of Mrs. Alice May, from Nogal, has successfully completed the Infantry Noncommissioned Officer Candidate Course at Fort Benning, Georgia, and has been awarded his diploma. He will now be stationed at Fort Polk, La.

Historical Society Will Meet

The White Oaks Historical Society will meet at the Rural Electric Co-Op Building Saturday March 20 at 7:30 p.m.

Continued On Back Page

Burton funds for construction of medical facilities. Applications include DeBaca General Hospital, Fort Sumner, \$32,000 for new hospital construction, and Ruidoso-Hondo Valley Hospital, Ruidoso, \$15,182 for modernization.

The Senate killed a bill by Sen. C. B. Trujillo, D-Taos, to legalize slot machines in New Mexico 15-23. Senators voting for the bill included: Trujillo, Emmett Hart, D-Quay-DeBaca-Guadalupe; John Morrow, D-Colfax-Union-Harding.

Senators voting against the slot machine bill included: Tibo Chavez, D-Belen; John Conway, R-Lincoln-Otero; Aubrey Dunn, D-Lincoln-Otero; Finis Heidel, D-Lea; R. C. Morgan, D-Curry-Rosevelt, and Smalley.

Rep. George Blocker, D-Jal, favored further cuts in a Senate-passed bill raising annual trucker registration fees. Blocker represents Lea County District 4 which includes Jal and Eunice.

Rep. Blocker would trim \$750,000 off the total annual increase of \$3.3 million in motor carrier state fees. Sponsored by Sen. Trujillo for the Legislative Finance Committee, the bill squeaked through the Senate 21-19.

Blocker says the increase is still too steep for intrastate truckers. He favors a boost of 30 to 35 per cent. The bill passed by the Senate raises fees about 40 per cent. Rep. Blocker hopes the Senate kills the public employee collective bargaining bill passed 37-30 by the House. He says the

will not be changed but the State Motor Vehicle Department will be ordered to stiffen enforcement. Blocker is House Transportation Committee Chairman.

Rep. Ralph Petty, D-Lincoln-Sierra, was battling to save his Racing Commission bills. His bill banning a convicted felon from serving on a race track board or owning more than 10 per cent of a track's stock was still pending in the House at the weekend.

A negative Public Affairs Committee report was given to Rep. Petty's bill to create a 5-member State Racing Commission geared geographically to the five Highway-Commission districts. The bill was returned to the committee, however, and tabled indefinitely there.

Rep. Petty said the committee "is a stacked committee, stacked by the committee for the speaker and special interests members." Speaker Walter Martinez, D-Grants, defeated Petty's choice, Rep. George Fettingler, D-Alamogordo, for speaker in the Democratic caucus in December. Petty's bill to place state racing taxes and fees on State Fair racing on the same level as other New Mexico horse tracks died in the House.

A Senate compromise bill raising many magistrates' pay a total of \$187,000 was pending action. It was geared to caseload. The House battled over House reapportionment early this week. Quay and Union would form a district.

Trophies were awarded to outstanding basketball players by the Tiger coach, Bud Gossett, at a recent banquet honoring the Tiger team. From left to right - Jr. Guevara, high point man; Ted Sisneros, highest % free throws; Buddy Hall, best all-around player; and Coach Bud Gossett.

Mayor Johnson Steans was greeted with band music when he went to the school to tell the student body how the town could help with

their Arriba Carrizozo program and how much the town appreciated efforts of the students in cleaning up the town.

for the Gals

Sorority hears interesting Corona facts

Xi Beta Epsilon of Beta Sigma Phi held their regular meeting March 1, in the home of Mrs. John Tracey.

Roll call was answered with a cowboy fact of New Mexico, Mrs. Ken Anderson, vice president, was in charge of the business meeting. Mrs. Anderson brought the scrapbook for the members to view before sending it to the State Convention. "Light Many Lamps in New Mexico" is the theme.

Mrs. Archie Perkins gave us some interesting facts on Corona. In 1929 there were 90 to 150 carloads of cattle, and 90 to 130 carloads of sheep shipped from Corona by train. Also 100 carloads of beans. It took 400 sacks to fill one car. 900 sacks a day were reclaimed for 50 days.

Ralph Dunlap's father, E. T. Dunlap taught school in Corona in 1920.

Mrs. Anderson gave her program on religions, including Indian, Spanish, Anglo and Hipple. Mrs. Rogene Alford and Mrs. Rand Perkins gave the program on cowboys. Mrs. Alford giving the history of colonial days, Indian sheepherder to Vaqueros to modern cowboy. Mrs. Perkins gave the definition of a cowboy as, a man with guts and a horse.

She gave a review of horses to planes to motorcycles, cowboy art, humor, lingo, music and brands. A brand book belonging to Dick Bagley in 1942 was passed for everyone to see.

The program was ended with the Cowboy's Prayer.

Coffee, tea, mints, nuts, a variety of cowboy meats, breads and cookies were served by the hostess from a beautifully decorated table in the cowboy theme.

Those present were: Mmes. Alford, Anderson, Carnell, Davidson, Hendricks, Holleyman, Archie Perkins, Rand Perkins, Sherrill Perkins and Tyree.

Visitors At Bar-W Ranch

Visitors at Spencer's Bar W Ranch over the weekend were Mrs. Steven Spencer and her sister, Helen Jackson, of Albuquerque, also Mrs. Moore and her daughter Bonnie from Ruidoso. Bonnie was a classmate of Susan Spencer's at Loretto Academy and at present is teaching in Ruidoso. Both enjoyed the reunion. Mr. and Mrs. Jerry Savage and family and their guests were also visitors.

Gamma Taus welcome member

Gamma Tau Chapter of Beta Sigma Phi met Thursday evening March 11th in the home of Mrs. Johnson Stearns. Roll call was answered as each member named a painting that she especially liked.

Margaret McKinley, a former member from the Mountainair chapter was welcomed into Gamma Tau. A report was heard on the Beta Sigma Phi State Convention to be held March 26, 27 and 28th at the Roswell Inn. Blanche Straley will participate as the delegate from our chapter. A "Tour of Old Lincoln" and dinner at the Wortley was discussed and a tentative date set for Sunday, April 18th.

Lois Burns presented the program for the evening entitled "Pictures" and also taught us many things about painting and photography from her own training and experience. She then showed paintings and reproductions by several artists including Nancy Knight, Peter Hurd and Henrietta Wyeth Hurd. Lois also showed a very detailed map and a pen and ink drawing of her son done magnificently by one of his college friends. Also shown were many pictures of the Forest Law Museum including lovely imported statuary and beautifully detailed religious pictures in stained glass. And to show proof of her own ability, Lois showed pictures of family and friends and an aerial picture that she had made and developed in her dark room, all of which were excellent.

Refreshments of cookies and ice cream, hot tea and coffee were served by the hostess. Present were Margaret McKinley, Lois Burns, Anne Ferguson, Sharon Hecker, Elizabeth MacVeigh, Jane Shafer and hostess Margaret Stearns. The next meeting will be March 25th in the Medallion Room of the rural electric building. Jane Shafer will present the program on "Interior Decorating".

Gamma's Have Party

On February 11th Gamma Taus held a Valentine Party in the Rural Electric Building. Highlight of the evening was the naming of Ann Means as Valentine Girl. A pin in the shape of a crown and a corsage were presented to Ann by President Sharon Hecker. A lovely salad supper was enjoyed by all before getting down to work on the project for the evening. Containers were beautifully decorated in a Valentine theme and filled with delicious home made candy for our Valentine candy sale.

Present were Lois Burns, Anne Ferguson, Sharon Hecker, Elizabeth MacVeigh, Ann Means, Margaret Stearns, Marjorie Whittaker and our guest Jean Nicholas.

News And Notes

by Mary Ellen Payne

Size Names Deceptive on Packages

Which is bigger--bargain, giant or family size? How about economy size?

As any shopper knows, there's usually no rhyme nor reason to the size names manufacturers give their products.

And some large sizes cost more per unit than their smaller brothers and sisters.

To clear up the confusion and deception by packaging, the Federal Trade Commission (FTC) has proposed a new rule that would apply to manufacturers using such terms as "jumbo, economy, giant."

For example: In order to use such a term, the manufacturer must offer the same brand in at least one other size, so comparisons can be made.

Each term must refer to a specific size within a particular brand. In other words, there can only be one "economy" size of Brand X.

If a size is labeled "economy," it must truly be an economy, at a per unit price substantially reduced from the regular price of all other packages of the same brand.

The hearing on this proposal will be coming up soon. Consumers who support this idea should write the FTC, Washington, D.C.

If you need Vitamin C, don't overlook cabbage. It is a more stable source than most leafy vegetables. It should not be allowed to dry out. Store properly, where humidity is high.

According to the USDA, the Plentiful Foods for March are Peanuts, Pork, Oranges, Orange Juice, Grapefruit, Canned peaches, Prunes, Potatoes and Eggs. Watch for good prices on these items.

Meet At Black Hills Ranch

Gamma Tau Chapter of Beta Sigma Phi met February 25 at the lovely Black Hills ranch home of Mrs. Wally Ferguson.

Discussions were held concerning the Founder's Day Banquet, prospective tours of Lincoln and the art galleries of Ruidoso, and guest speakers for some of our later meetings. Plans were read concerning the Beta Sigma Phi State Convention. It was agreed to ask Blanche Straley to represent our chapter.

Marjorie Whittaker presented a very detailed and interesting program on "Drama".

Present were Lois Burns, Marjorie Whittaker, Sharon and Melody Kay Hecker and the hostess Anne Ferguson.

Food is large item for state hospitals

Feeding an average family is a perplexing job for the American housewife, but state hospitals have a monumental task of serving 1700 patients three meals a day, 365 days a year.

Just like today's housewife who is faced with spiraling inflationary food costs each time she goes to the supermarket, the purchasing and dietary sections of the New-Mexico Department of Hospitals & Institutions (DHI) must find ways to control the "family" food budget in its eight statewide medical facilities.

DON Homan, logistics administrator, says DHI serves an average of 2-1/2 million meals a year for a total raw food cost of \$752,000. "This comes out to about 30¢ a meal or 14-18¢ less than the national norm used by public and private hospitals in the United States."

Homan cited Fort Stanton School for the mentally retarded, near Carrizozo as an example of a facility that has one of the lowest per meal costs in the DHI system.

Tommy Aldaz, the hospital's food supervisor is able to serve attractive, well-balanced meals at a cost of 18¢ each. One of these typical meals consists of an apple ring salad with lettuce and mayonnaise, roast pork and gravy on home-made bread, with mashed potatoes, tomato slice, peas, milk and coffee, and cherry tapioca cobbler.

Aldaz uses many methods to keep the cost of foods down, including canning fruits and vegetables and baking all his breads, cakes and cookies. Recently, Fort Stanton received a load of 100 bushels of apples which the dietary department transformed into apple pie and cobbler filling, apple rings, apple butter and apple sauce. Many ingenious uses for these canned goods have been found, such as an apple butter

topping for gingerbread cake. Besides apples, Fort Stanton has recently received 95 bushels of pears, donated by Joe Gutierrez of Hondo Valley and 500 pounds of watermelons. Aldaz and his staff have canned 250 gallons of prepared pears, prepared 1500 pounds of frozen corn-on-the-cob and 1000 pounds of frozen squash.

In addition to donated foods, Ft. Stanton and other state hospitals receive an estimated \$43,000 a year worth of federal food commodities. These commodities include dry milk, flour, pinto beans, butter, cereals and salad oil.

Fort Stanton's share of the food commodities last year was valued at approximately \$3800. Aldaz says without the donated foods and the federal food commodities, together with pork and beef supplied by the Department of Hospitals from its Los Lunas farm, the raw food cost per meal would average about 50¢.

Signs Of Life

By Lori

Springscope
Aries (Mar. 21-Apr. 19): the benevolent Sun smiles on financial ventures.

Taurus (Apr. 20-May 20): enjoy nature's beauty.

Gemini (May 21-June 20): new things intrigue you.

Cancer (June 21-July 22): memories are made of spring.

Leo (July 23-Aug. 22): gardening is indicated.

Virgo (Aug. 23-Sept. 22): time to reorganize.

Libra (Sept. 23-Oct. 22): relax with quiet sunsets.

Scorpio (Oct. 23-Nov. 21): economize

Sagittarius (Nov. 22-Dec. 21): solve your problem.

Capricorn (Dec. 23-Jan. 19): Uranus brings the new and different.

Aquarius (Jan. 20-Feb. 18): the Sun smiles on friendship.

Pisces (Feb. 19-Mar. 20): use your lively imagination.

Tommy Aldaz, food supervisor at Fort Stanton, inspects some cooked apples recently canned by his staff.

Mountain Bell

Visitors from Holloman and Alamo

We enjoyed a lot of visitors from Alamogordo and Holloman A.F.B. last week. Others came from Weatherford, Texas, Lake Bluff, Ill., Mt. Vernon, N.Y. and Cheyenne, Wyoming.

On Monday March the 8th we truly enjoyed greeting Mrs. Vera L. Beall and Mrs. Howard Abercrombie of Lincoln, Mrs. L. H. Merrill and Mrs. Linda Gasset of Captain, Mrs. Beall and Mrs. Merrill had been here once, a long time ago but it was Mrs. Gasset and Mrs. Abercrombie's first visit. We had such a nice visit and a real good "old fashioned" time! Their visit started us off on a very lovely and interesting week at "My House of Old Things".

Ruth, Bill and Herb Degner of Rock City, Ill. came by for a visit with us. They had been guests of their uncle C. E. Degner and his family in Carrizozo. They had also visited in Deming. They were returning home to Rock City when they came to see us. We enjoyed our visit with them very much. Ruth is a collector too.

It was real fine to have one of our former "Water Dogs" of S.P. Co. Water Service come by to see us as did Charlie Hodgkin of Tucumcari, Charlie and Bessie attended our formal opening in June of 1963 and we still miss having them in Carrizozo. Charlie was accompanied by Irwin Daniels and F. A. McKimney of Tucumcari also. We enjoyed our visit with these S.P. Co. boys.

Wednesday we were surprised and delighted to have Zane and Bessie Leslie of Capitan come to see us bringing with them Zane's cousins Mr. and Mrs. Robert Leslie of Fairbanks, Alaska for a visit thru "My House". Robert is a former White Oaks resident and moved to Alaska with his wife Dorothy and small sons. They have made their home there for 33 years. They like living in Alaska, they've had a good life there and many interesting experiences. While here Robert saw and talked with Bryan Hightower, another of his old-time friends. This visit with our rancher neighbors Bessie and Zane and with Dorothy and Robert was a real pleasure.

Saturday we had our friends Warren and Ann Bennett with their little daughter Moriah for another visit with us. Warren is one of our "faithfuls" who returns often to see the old depot he lived in in the summer of 1960. He was one of a group of eight boys from the School of Mines in Socorro who lived in the depot and performed their field work in this vicinity under the supervision of Dr. Budding. Warren and Ann now make their home in Santa Fe and were accompanied by four

Old Lincoln Town

By Hattie Phillips

Walter and Nora Henn and Walter's mother, Mrs. Julia Henn, arrived in Lincoln shortly after noon on Monday. We are glad to have the Henns back in their home, we've missed them.

Mrs. Harriet McGinnis and Mrs. Alta Cumpston attended the demonstration on preparing wool for spinning and weaving at the Lincoln School House Sunday afternoon. They thoroughly enjoyed it. I was sorry I was unable to attend because I think it must have been most interesting.

Mr. and Mrs. Sam Welsh of Logan spent the weekend with the Edgar and Richard Phillips. All had dinner with the John Werners in Roswell, after which the men and boys went to the Golden Gloves Tournament while the women and girls stayed at home to talk.

We saw many people we knew at the William Gallacher's anniversary reception Sunday afternoon and enjoyed meeting some we hadn't met and certainly were pleased to be able to congratulate Mr. and Mrs. Gallacher and their lovely family on the occasion of their anniversary.

We also drove to Tularosa to see our very dear Jim and Ethel Howard, as Ethel's birthday was on the next day, Monday, which made it impossible for us to be there on the proper date.

Vera Beall spent the weekend in Alamogordo and on Monday she and Althea Merrell went to Roswell to shop.

Mr. and Mrs. Racher have purchased a large assortment of fruit trees, rosebushes, etc. and are also building a small green house to beautify their place and to have the pleasure of gardening. Mr. Racher especially likes to grow flowers and garden.

Mrs. Vicentia Garcia has her new glasses and can see fairly well, but it will take her awhile to get used to the strong lens.

Mr. and Mrs. Zamora are now feeling much better but still feel the effects of the flu. Their son Lazaro Zamora came down from Albuquerque for a few days to help them out.

lovely ladies of Santa Fe. They were Leata Abarr, Zada Mathews, Edith Fouth and Margaret Hilley. Mr. and Mrs. E. I. Harkey of the Ancho Community spent the weekend in Las Cruces with their daughter Marilyn, her husband Larry and two young grandsons. They report they had a lovely weekend and while there saw the play "Fiddler on the Roof" which they enjoyed to the fullest. They returned Sunday and stopped at the Woman's Club in Carrizozo and attended the delightful 50th Wedding Anniversary party given for Mr. and Mrs. William Gallacher.

Bryan Hightower and Jackie Silvers attended the beautiful 50th wedding anniversary party for Mr. and Mrs. Gallacher too. It was a most delightful party with many, many friends of the couple there to congratulate them and enjoy this special and happy time.

The Ancho Presbyterian Church had a very special and enjoyable service Sunday at 5 p.m. Rev. Crown, our pastor, was in charge. Rev. and Mrs. Kline, of Capitan brought a large choir group of children from their church who sang some songs. One young boy read the Bible message and it was enacted in pantomime by a young girl. All of the service was in preparation for the Lenten season. The children were very impressive and performed well. After the closing prayer all in attendance retired to the auditorium and the ladies of Capitan and Ancho served a bountiful supper. This was a farewell party for Mrs. Larry (Midge) Lynch, who has been a faithful worker in our church and a wonderful friend to everyone. She is leaving us to make her home in Silver City. Midge was presented with a very beautiful table lamp by her Ancho friends and the ladies of the UPW.

Mr. and Mrs. Lee Straley were in Albuquerque over the weekend. Leanne has returned home from Santa Fe after a wonderful week as a page for the New Mexico Legislature.

Capitan

By Margaret Rench

Guests March 5th of Mr. and Mrs. Jack McGarry were his parents Mr. and Mrs. H. S. McGarry of Clovis. Three of his sisters who were visiting their parents, Mrs. C. J. Todd, Clovis; Mrs. Russell Clarke, Jr. of Corpus Christi, Texas and Mrs. E. L. Kelly, Hoodo, Texas. That was one happy day as that is all of Jack's family. It was the first time they had been all together for 20 years.

Thursday March 4th, Mrs. Bursley Jones gave a surprise party honoring their son Dick, who was 18 years old at the home of Mr. and Mrs. Jack McGarry. A large crowd attended. Many more very Happy Birthdays, Dick.

Mrs. Rose Marie Rose and two children of Las Cruces are spending some time with her sister Mrs. Ray (Hildie) Polasky during her convalescence.

Mr. Sam Colbert entered the Ruidoso hospital last Wednesday afternoon. His wife stayed with him.

Mr. and Mrs. Roy Evans of Austin, Texas purchased the Juan Padilla home on west fourth street some time ago. Remodeled it. They are now retired and are permanent residents of Capitan. He was retired from the Air Force. Welcome to our circle. We are so happy to have you. They and Mr. and Mrs. Morris Beddoe (who have a nice home in the subdivision northwest on Highway 380) have been friends for 16 years.

Mrs. Naomi (Raymond) Padilla entered the Ruidoso Hospital Sun. morning March 8 very ill. I wish you a good recovery, Naomi.

Mrs. Vera Beall and Mrs. Abercrombie of Lincoln accompanied by Mrs. Eltha Merrell and Mrs. Gossett of Capitan made a pleasant tour last Monday 8th. They visited "My House of Old Things", went to Jicarilla and watched them pan gold. Vera had not been there in 46 years and at that time she had rode a horse there. They ate dinner at 4 Winds in Carrizozo then visited White Oaks and Nogal. Then came via the Old Ranger Station where Mrs. Beall and family lived in 1929 before they moved to Capitan. If you will remember Mr. Lee Beall was the Forest Ranger. Those ladies had a great day, were just bubbling with great joy and happiness.

Beverly Cornelius, John Paul Annatrons and Ernestine Hammett were unable to go to school last Monday due to illness. There were many others absent though I do not have their names. There has been lots of flu of late here and in surrounding vicinities.

Mrs. Tatle and family visited Mrs. Gering at the Sunset Villa.

Nursing Home Saturday 6th and found her in bed after a hard fall. This is the third fall. She did not recognize them nor does she remember any of us. Please, send her a card as it can be read to her and give her joy knowing we do care. Mrs. Daisy Ghering, c/o Sunset Villa Nursing Home, 1215 South Sunset, Roswell, N.M. 88201.

Mrs. Rench and Mrs. Kingston made a business trip to Carrizozo last Wednesday and again Thurs. evening.

There was a banquet dinner held at the school Cafeteria Friday night honoring the basketball boys on March 12. There was a nice crowd attending.

Mr. and Mrs. GERALD Dean, Sr. spent last weekend in Lovington.

Mrs. Maude Kingston and Mrs. Rench had a delightful day in Ruidoso last Friday with dinner at Nob Hill and then just did the things we liked doing. It was such a pretty day with a tinge of cold in the air. But it was lovely. The drive is always delightful. We visited Mr. and Mrs. Sam Colbert who are both in the hospital. Mrs. Colbert hopes to be home in a few days though Sam may need to be there for awhile. We wish you both a good recovery and the best health.

That the blind can see again!

By one generous act of giving -- that which one can no longer use -- the blind will see again. And with that thought the New Mexico Lions Clubs have been actively campaigning to secure eye donor cards from the residents of the state.

The local club's contribution, however, is only a small part in a state-wide project of all Lions Clubs -- a project so the blind will see.

Mrs. Rita Cardell, executive secretary of the New Mexico Lions Club Eye Bank in Albuquerque, said the civic organization founded the bank seven years ago.

"The eye bank has been active since 1964," she said.

"It was two years before that however," she continued, "that the Lions decided to open an eye bank. They started to get eye pledges and had about 115 when it opened."

Its purpose: --To provide a source of Corneas for use in restoration of sight.

--To supply human vitreous and sclera to be used in retinal detachment surgery.

The Lions eye bank, she noted, has more than 9,200 cards of donors.

Nogal Nuggets

By Sue Stearns

We're so happy to see Faye Wooten up and smiling after being in the hospital. She has the prettiest smile!!!!

Faye Stokes, of Roswell, daughter of Mr. and Mrs. Urban Crouse, and Mrs. Burk Starr, also of Roswell, Mrs. Crouse's mother, paid the Crouse's a visit last weekend.

The Pen and Brush Group met at the home of Mrs. Pat Flatley Thursday for a workday. Those painting were Jonnie Stout, Mary Helen LaMay, Eva Zumwalt,

Dorothy Guck and Pat Flatley. The next workday will be at Eva Zumwalt's Wednesday, March 24.

Mr. and Mrs. Ed Guck are grandparents again. Their son, Tony and wife living in Montana, announced the birth of a son on March 9th.

The Nogal UPW met at the home of Mollie Bosh on Thursday, the 11th. Seven were present for the Bible Study: Leora Zumwalt, Agnes Crouse, Mrs. Driver, Dorothy Zumwalt, Pearl Stearns, Sue Stearns and the hostess.

Mr. and Mrs. Marcus Lee of Alamogordo visited Mr. Lee's mother, Mollie Bosh; last weekend.

Mr. and Mrs. Jewell-Mara of Decatur, Texas and Mrs. Letha Denny of Hobart, Okla., sisters of Sam Cox have been visiting the Cox' the past week.

Sam and Loraine Cox spent the weekend with Loraine's sister, Thelma Kittrell and family, in Farwell, Texas. They also visited Mrs. Cox's daughter, Peggy Wilson of Roswell on the way.

Jimmy and Darlene Stewart and family of Alamogordo visited with Dorothy and Gall Zumwalt over the weekend. They camped overnight in Nogal Canyon.

DAY CARE CENTER AT MESCALERO CHURCH

A Day Care Center is being proposed at the Mescalero Reformed Church to aid the working Mothers of the Mescalero Indian Reservation in the care of their children. This has been a long awaited and much needed facility. A proposed opening and

operating date has been set for April 1, 1971. Donations of baby cribs, high chairs, toilet training chairs, jump seats, strollers, bassinets, crib sheets, quilts, blankets and anything in this line to aid in setting up this Day Care Center will be greatly appreciated. Also children's toys will be appreciated. If you have any such items that you can donate to this worthy cause please call Mrs. Jeanne Mott, Home Extension Agent, Mescalero, N.M. 671-4495, or Mrs. Helen Craig, Mescalero, 671-4421 between the hours of 8 a.m. to 4:30 p.m. or call 336-4522 (Alto, N.M.) after 6 p.m.

Tales of the Southwest . . .

TRAGEDY IN BONITO CANYON

By Fredrika R. Powell

Joy Lynch

Under the pines that shelter the little cemetery of Angus, New Mexico, stands a simple concrete headstone with seven names inscribed -- nothing more. The hot scent of pine needles over the grave give no hint of the cold-blooded murder that brought six of these seven to rest in a common grave. The names read:

R. F. Oswald
Peter Nelson
Herman Beck
John Mayberry
Edward Mayberry
Mrs. W. F. Mayberry
Mr. W. F. Mayberry.

In a field nearby, without even a path to show the way, stands a low headstone with the inscription: MARTIN NELSON. Tumble weed covers the grave.

In the valley below, the Rio Bonito flows westward. Follow it upstream and look down into the quiet waters of Bonito Lake. Fat trout now feed among the silty ruins of Old Bonito City.

It was Herman Construk and two other prospectors who first put up a cabin in Binito Canyon in December, 1880. The valley

was still a part of the Mescalero Indian Reservation, but when gold was found cropping out of the hills, the government did a quick act of reshuffling. Two townships were cut from the North side and attached to other parts of the reservation. More miners came to stake their claims, ranchers followed and the little village of Bonito began to grow. By 1885 it boasted a store and post office, a saloon and dance hall -- "with a fine floor" -- a schoolhouse, which served as a church and the Mayberry Hotel.

So far the valley has been left untouched by the violence in Lincoln County, but on May 6, 1885 The Santa Fe New Mexican Review carried the following:

TELEGRAPHIC TIDINGS

"herein" A Good Citizen kills seven and wounds the eighth before he is himself shot down by the avenging citizens.

Fort Stanton New Mexico May 6 Yesterday about 3 a.m. at Bonita 15 miles from here, Martin Nelson arose from bed and while committing a robbery shot and

killed Dr. William H. Flynn, late of Boston, who was sleeping in the same room with Nelson upstairs in the house of M. S. Mayberry.

The firing aroused the family, when Nelson shot and killed Mayberry, his wife and two sons, and the little daughter was wounded fatally.

Peter Nelson, a neighbor, was alarmed and came to the house and he too was shot dead.

It was supposed Nelson remained in the house, and ten citizens watched it to prevent his escape. At 7 a.m. the guard was surprised to hear a shot from the rear, and Herman Beck fell dead, Nelson, then came down the street firing his Winchester until shot dead.

Nelson when sane was a good citizen. He came here four years ago from Nebraska. There is great excitement and the whole neighborhood is making coffins."

This account follows in brief the story as told by Construk, written shortly before his death. He witnessed the murder of Mrs. Mayberry as she ran from the house and fell, shot in the breast

by Nelson.

Another version of how Nelson was shot comes from Bert Pfingsten who grew up in Bonito Canyon. He tells of a posse of five men, led by his uncle, Clevé Bourne, who hit out in Pete's saloon. All guns fired as Nelson pushed open the door.

Perhaps robbery was the motive, however, according to Construk "the women were of the opinion that Nelson had intended a friendly visit with the girl (Nellie). . . and the old man tried to prevent this."

Nellie recovered from her "fatal" wound and went to live with an uncle in Iowa. The body of Dr. Flynn who had come to New Mexico "for his health" was returned to Boston.

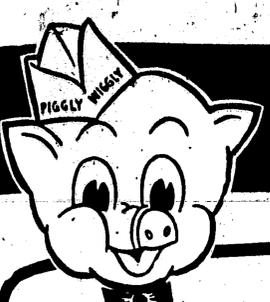

For over 40 years the Mayberry Hotel stood empty. Then, in 1929, when the Southern Pacific dam began to rise, the log houses of Bonito were torn down. The graves of Nelson, his victims and that of R. F. Oswald were exhumed and the remains taken to the cemetery in Angus.

One little boot was found. It had belonged to Eddie Mayberry, age 5.

Gamma Theta and Xi Beta Epsilon Chapters of Beta Sigma Phi played basketball with the high school girls Tuesday night to benefit the March of Dimes. The game netted \$52.97, and the sororities thank the girls for their cooperation. The canisters and cards totaled \$24.11. Thanks to Mr. Cruz whose cafe card held the most. A special thank you to all those who helped with this project.

Alva Winchester was in Wagon Mound Sunday to meet his sister, Mrs. Allen Campbell, and nieces Crystal and Nancy, who will visit this week during their school spring vacation. Mr. Campbell will come Thursday and the family will return Sunday to their home in Pueblo, Colo, after a visit with the Campbells in Alamogordo.

Arthur Jones is still seriously ill in the Veterans Hospital in Albuquerque. His mother, Mrs. Stella Jones, and sister Mrs. Floyd McKibben have been visiting him regularly. Mrs. Walter Jones, of Anthony, came up to see him and took Mrs. Stella Jones home with her for the weekend.

Mr. and Mrs. Fred Montoya are the parents of a daughter, Yvonne, born March 19 in Roswell. The baby has a brother, Freddie and a sister, Cindy.

Mrs. Valentin Baros returned Monday from Albuquerque where she had been hospitalized for several days. She is seriously ill.

Mr. and Mrs. Ernest Sultemeier, Mr. and Mrs. Randall Burke, and Mrs. R. J. Bagley were hosts for a steak dinner Sunday evening at the Sultemeier ranch, honoring the basketball team and the cheer leaders.

Mr. Lewis Stratton was in Santa Fe Monday to appear before a legislative committee on school affairs.

Mrs. R. J. Bagley made a business trip to Dimmitt, Texas Tuesday and visited with the George Bagleys.

Walter Jones was hospitalized in Morenci, Ariz. following an accident early Monday. He swerved his truck to avoid hitting a car.

Mr. and Mrs. Denzil Garcia, EPNG Bluewater Station, spent the weekend with Mr. and Mrs. Lee R. Owen.

George Hobbs has resigned as government trapper and is moving to Riverside where he will be employed by Robert O. Anderson. Mrs. Hobbs will help her husband get settled, but will return to stay with her parents, Mr. and Mrs. Floyd Proctor, until she graduates in May.

XI Beta Epsilon is collecting Betty Crocker or any General Mills coupons to help a four year old Clovis boy get an artificial kidney machine. 800,000 are needed, and your help will be appreciated.

Corona Community Program will hold a meeting at grade school all-purpose room Tuesday March 23rd at 7:00. It is time to get busy working on our Park.

Way West

Continued From Page One
 Tigers deciding to freelance and missing from 20 feet. Alamo isn't flashy at all like Hobbs but they have lots of talent and play well.

Whatever Saint watches over the Eunice Cardinals was up there in the overcast above University Arena at precisely 3:15 p.m. March 12 because at that very moment Pojaque had overcome a 15-point lead and needed only one basket to win the game. Pojaque had one beautiful chance, blew it, had one more and the shot was blocked-- and Eunice fans started breathing again.

You can't win every time with just hustle and effort but that is the kind of stuff that Hobbs has lived on for years, and Pojaque compiled a 24-4 season with a bunch of 5'5" to 5'9" guys who had more hustle than anyone. Sure must be a lot more fun to be where people are giving the game (you name it) a real hard try.

The service in Bataan Memorial is real beautiful. They are accommodating people, friendly, with wonderful bedside manners--all but one nurse who does not know that on other shifts they want visiting relatives to eat with the patients. Wonder why she never got the message?

For our out-of-state readers --Eunice beat Cliff for Class AA state basketball title, Deming beat West Las Vegas for the AAA title and Albuquerque beat Hobbs by one point for the AAAA title.

Sorry we don't always package our news stories perfectly and lots of people were misled by handling in our February 25 issue. The chronology of killings in Lincoln County was written by

Phillip J. Rasch, his name was over at right of headline. Copy for the special feature ad for Citizens State Bank was written by Fredrika R. Powell who had nothing to do with the chronology of killings. Joy Lynch does the art work for the tales of the southwest.

Swiped from Duffy--Seems like folks who know the least, know it mightily fluently.

NEVER, since the days when the Indians collected scalps, have there been so many people running around with hair which isn't theirs. The middle of the road may not be the most exciting place to be, but, at least, you'll be further from the ditch--on either side.

A man's career usually progresses in direct proportion to the disappearance of his hair.

A taxpayer recently moaned: "I owe the government so much money they don't know whether to throw me in jail or recognize me as a foreign power."

To do something right: Plan ahead!

Take for instance a letter recently received from Oklahoma by the New Mexico State Park and Recreation Commission. It was written by two gentlemen whose first names are Jeff:

"Sirs: My friend and I are planning to go to New Mexico after we get out of college. We want to hunt and live off the land. If it is alright, we would like very much to have you send us some information on where we can camp and how much a license costs and game that they have. Thank you very much. There is no need to hurry, we are only in the 7th grade."

Short message from New Mexico Business for you deep thinkers--Wages, from mining and government have meant about the same in state of New Mexico as wages from manufacturing have meant to other states. Now consider this--there has been a decline in mining and New Mexico probably cannot continue to rely on government, particularly the federal government, as a major source of wage and salary expansion. So--manufacturing in this state must be expanded if we are to hold our own or gain economically.

Beautiful illustrated map of "The peoples of mainland south east Asia" is on front desk in our office for first person to come in after it.

Why is it when you want a clerk, There's never one in sight
 Yet hang the nines among the tens
 And you'll be told it isn't right.

News from the County Agent

I was privileged to accompany the four Lincoln County 4-Hers to Santa Fe last week. They were legislative pages for the week. The pace is quite hectic and there are so many things going on at the same time that it was impossible to see many of them. There were over 400 bills in each the State House of Representatives and Senate. There were eight bills introduced on subdivisions alone.

Mr. and Mrs. Joe Cooper were in charge of the group the last half of the week and participated in the dinner given by the Citizens State Bank for the 4-H members and the Lincoln County Legislators.

About 80 bulls will be auctioned Friday, March 19, during a performance-tested bull sale at the Northeastern Agricultural Experiment State Branch of New Mexico State University near Tucumcari. The sale climaxes a 140 day test at the branch station which has become known in the Southwest as the Tucumcari Bull Test.

The top 80 per cent of bulls nominated for the sale from the test will be auctioned beginning after a short program at 12:30 p.m. Pedigree catalogs may be obtained by contacting Bob Powell, Quay County Extension agent, Drawer B, Tucumcari, 88401. Pedigrees are also on display at the test station. The station is open and bull inspection is permitted any time prior to the auction.

A barbeque dinner will be served at the branch experiment station just prior to the program and auction.

Final weights in the test were taken March 8-9 and the information obtained will be available prior to the auction.

Gains indicated by the 112 day reports were "very satisfactory," says Bobby J. Rankin, NMSU Extension associate livestock specialist.

 States experiment station at Jeanerette, La. At about the same time, known experimental breeding programs were being carried on by the Clear Creek Ranch, Welch, Okla.; Essar Ranch, San Antonio, and by a few individual U.S. and Canadian breeders.

They were seeking a beef-type animal that would have the Brahman's natural ability to thrive under adverse conditions while retaining the beef qualities of the Angus.

But it wasn't until 1949 that Brangus was accepted fully. Then breeders from 16 states and from Canada organized the American Brangus Breeders association in Oklahoma. The organization later became the International association and moved to Kansas City from Vinita, Okla., in 1957.

The association now has more than 700 members in 40 states, Canada, Mexico, Australia, Central and South America and Africa.

 presented by the Otero County Wildlife Conservation Ass'n. The lake would cover 10 acres, cost \$14,000, and water would come from the municipal filter plant.

These three proposals were all approved and adopted by the Steering Committee as project measures.

The program for the afternoon was presented by Ray Polasky and Ron Troutman of the New Mexico State Forestry Department. Mr. Troutman discussed the Christmas tree plantations as contrasted to wild trees. He presented figures on costs, profits, quality, and Christmas tree demands. Information regarding Christmas trees is available from the State Forestry, U.S. Forest Service and the Soil Conservation Service.

At the suggestion of Carole Gorney, the Committee adopted a resolution supporting a minimum wage of \$300.00 per month for employees at Fort Stanton Hospital.

Howard Abercromble gave his Resource Conservationist report on project measures and the highlights of his work activities since the previous meeting. The next meeting will be April 13, 1971 in Ruidoso.

One reason the School of Experience is so tough is that you get the test first and the lesson afterward.

GOOD SERVICE STARTS HERE!

Billy & Jack JACKSON AT - **WESTERN TEXACO**

Your next **3 minutes** could be most important in the life of your business, your family, your town!

Spend them reading the only real reasons for advertising --

- (1) More Business (The hard sell)**
 It does not really matter what you sell or the kind of service you offer -- advertising handled properly can help you do a little more than you've been doing.
 - (2) Persuade People (Institutional Advertising)**
 Could be that your business has lock on the gas, electric, phone or other type of business in this area and you just want to let people know what you are (or are not) doing for them, or what you plan to do for your customers in the future. Or, maybe you just want to persuade people that your federally financed business is really good for the tax payers.
 - (3) Community Spirit (Because you're proud)**
 Towns, like athletic teams, operate very much on spirit. The good towns have lots of community spirit, the poor ones -- none. You show your community spirit by helping publicize a great many projects around town.
- Your hometown newspaper is advertising your town each week! If you are not advertising in your home-town newspaper -- for one or the other of these three reasons
- You and your business must be under that stone!**
