NM forests open for 'normal' uses

Village Press Special

The National Forests of southeastern New Mexico — Lincoln and Cibola — are open for all "normal recreational uses," a spokesman for the Albuquerque regional office of the Forest Service said Wednesday.

While rainfall deficits still exist all over New Mexico, recent rains — especially at higher altitudes in the Lincoln Forest — have dampened things sufficiently that restrictions on open fires and smoking have been lifted in both areas, the spokesman said.

"Happily, the rains coincided with the opening of the 1972 tourist season.

"We really are in pretty good shape," a spokesman for the Lincoln Forest told The Village Press, adding:

"Things have eased off an awful lot. "We haven't had any serious fires in quite some time, nothing but a few small lightning-caused fires that were mostly rained out for some time now."

Elsewhere in New Mexico, the regional Forest Service office said, the situation is "better than it was two weeks ago."

Both the Carson and the Santa Fe Forests are open for normal recreational uses, although fire danger in the Carson is still rated at "high."

"High" was still the designation for fire possibility in the Lincoln Forest, also, as of mid-day Wednesday.

The Cibola Forest was rated in the "extremely high" category as of the same time.

All of New Mexico's National Forests were in better shape than those in Arizona, the regional Forest Service spokesman said. Fire-hazard warning in Arizona's forests ranged Wednesday from "very high" to "extreme."

Both local and regional officials said that, although all New Mexico National Forests are open for normal recreational activities, campers should take all usual precautions — being careful especially of open campfires and with smoking. Even the normally arid forests of southwestern New Mexico — the Gila Forest area — is open to tourists, the regional spokesman said, although an "extreme" fire danger warning is still in effect there.

"Safest places to camp, the spokesmen said, are at the highest possible altitudes where most recent rains have fallen.

Meantime, a faint note of optimism has crept into official weather, and crop and livestock statistics.

State climatologist Frank Houghton and the US Department of Agriculture's statistician-in-charge, Joe D. Herman, speaking of the week of June 11 through 17, had these things to say:

"Rains covered many areas of the state the past week improving range conditions and soil moisture. . . .

"Showers and thunderstorms widespread throughout the week. Greatest totals generally in eastern plains and mountains in south central highlands. Heaviest rainfall at Ruidoso . . . with more than four inches . . .

But the state still has, in most areas, a rainfall deficit for the year.

At Carrizozo, from Jan. 1 to June 18, total precipitation for the year was 2.92 inches. "Normal" for the period is 5.04 inches.

At Gran Quivira, the total so far this year is 1.13 inches. "Normal" is 4.71 inches.

In the Alamogordo area, thus far this year a total of 2.62 inches has fallen. "Normal" there is 3.21.

Only Ruidoso has a small deficit. That area has received 6.17 inches so far in 1972. "Normal" is 7.12 inches.

NM sheep, lamb production off

First-quarter sheep and lamb production in New Mexico, in terms of animals shipped out-of-state, was down 35 per cent compared with the same four months of 1971.

The New Mexico Crop and Livestock Reporting Service said Wednesday that shipments totaled 54,963 head, compared with the 84,731 head shipped over the state's boundaries in the first quarter of last year.

Although the number of ewes, wethers and rams shipped were higher than for a year ago, there were 31,076 fewer lambs and rams shipped than last year.

The service said that this year, as last, the majority of lambs shipped went to Texas.

Imports of sheep and lambs into New Mexico for the first three months of the year were about 3,800 head above the number imported in first quarter 1971.

The service said that, "for a number of years, shipments have been largely breeding stock with ewes accounting for 83 per cent of the number shipped into New Mexico."

Lincoln meeting:

History 'now' Sonnichsen claim

by LYMAN JONES

RUIDOSO—Dr. C. L. Sonnichsen, the famed El Paso-based historian and folklorist of the Southwest, told the Lincoln County Historical Society here Wednesday night that "history is instantaneous."

"History," he said, "is all around us, today will be history tomorrow and the most insignificant parts of our daily lives, seen in the light of centuries, have historical value."

Sonnichsen, who has written extensively of the frontier history of southeastern New Mexico, has retired after 41 years on the faculty of the University of Texas at El Paso.

He has been appointed editor and director of publications for the Arizona Historical Society, headquartered at Tucson and will move to that Arizona city shortly.

Sonnichsen arrived at what was to be more than four decades of interest in the Southwest in a roundabout fashion: he came to El Paso in 1931 with a shiny new Harvard Ph. D. and no information about what he was about to get into.

He was supposed to be a specialist in English literature of the seventeenth and eighteenth centuries and he was "the tenderest of tenderfeet."

The sand, the cactus and the sun were bad enough, but there was worse in store. John G. Barry, U.T. El Paso's first president, called him in one day and told him he was going to teach a course in "Life and Literature of the Southwest." Sonnichsen replied firmly that he wasn't going to do any such thing. If there was a Southwestern Literature (which he doubted), he didn't know anything about it and was not of a mind to learn.

He lost the ensuing argument. Since then Southwestern literature, folklore and history have been his most absorbing interest and he has not merely forgiven John G. Barry, he gives him heartfelt thanks.

The second stage in his conversion came when he attended a meeting of the Texas Folklore Society in Austin, Texas. As soon as he appeared on the scene, the members elected him president. He found out a little later why they did so. For a long time they have been wanting to hold a joint meeting at El Paso with the New

PONY EXPRESS TROPHY — Chairman Bill Ward of the annual Pony Express Race from White Oaks to Lincoln shows off the trophy that will go to the winner of this year's race. It's a handcrafted saddle, worth approximately \$1,000. The saddle was donated by Mrs. Dessie Sawyer.

This year's race, the fourth annual running, will begin at White Oaks Aug. 5 at 8 a.m. Winning time last year: two hours and 13 minutes. Prospective riders can get all pertinent information by getting in touch with Bill Ward, Box 98, Lincoln, N. M. 88338.

At Capitan:

There is also a \$1 office fee for each event. The rodeo is produced by the Halliday Rodeo Co. Go-rounds will be determined by the number of entries.

Walt Jones is secretary of the Stampede. Lincoln County residents have been asked to help clean up the Stampede site at the fairgrounds — on Saturday, June 24. The volunteer workers will be served lunch.

Sub contest finishes Friday

"Only hours are left for subscribers to pay for subscriptions in The Lincoln County NEWS big subscription contest which ends Friday at 2 p.m.," contest Manager Larry B. Hempel said Wednesday.

As announced previously under no circumstances will subscriptions be counted toward the contest after that hour.

As soon as possible after the closing hours, three judges will audit all of the contestants' reports, count the points and announce the winners.

All contestants will receive their cash prizes on Friday evening.

Contestants are competing for a total of \$1,200 in cash prizes and commissions, with a first grand prize of \$500; second, \$300; third, \$150; fourth, \$75, and fifth, \$50.

A guaranteed 20 per cent commission on all sales to all other workers enrolled will also be paid Friday afternoon, or if the commission exceeds the prize, they will be paid the greater amount. There are no losers.

Mrs. Margaret Rench, Capitan contestant, continues to lead the scramble for points and holds first place, with Mrs. Dorothy Current and Thelma AKPGAR, BOTH Carrizozo contestants, who have second and third places, respectively. All three have been in a battle for one of the big prizes being offered in the big contest.

Holding fourth place is Mrs. Dorothy Silva, of Alamogordo, and Mrs. Agnes Hein holds fifth place.

All of the contest workers have had a tremendous response from their friends and neighbors during subscription solicitation for The NEWS, and they appreciate the friendly feelings from the subscribers who have helped them earn their respective standings.

Not all of the bonus points have been tallied, and these point totals could reflect still another change among contestants. Complete tabulations will be made Friday afternoon and reported in next week's issue.

It has been pointed out that all commissions will be withheld until all materials, including subscription books and subscriber's names, etc., have been returned to The NEWS. This must be done before the closing hour Friday.

Smokey Bear queen sought

CAPITAN—Lincoln County girls between the ages of 16 and 21 are being sought as contestants for the annual Smokey Bear Stampede Rodeo Queen's contest.

The beauty contest — at which Miss Lincoln County will be chosen — is the opening event of the annual rodeo. This year it takes place on July 3.

In addition to the age limitations, contestants must be unmarried, must wear traditional rodeo costume: white shirt, men's-style blue jeans, a white felt or white straw hat, black tie and cowboy boots.

All must also be good with horses — 50 per cent of judging is horsemanship, the other half personality.

Individual sponsors are no longer necessary and girls may pay their own entry fee — \$10.

The fees are used to help send Miss Lincoln County to Albuquerque for competition at the fall State Fair beauty pageant.

Entries should be sent to Mrs. Zane G. Leslie, Sr., Box 96, Capitan, N. M. 88316. Deadline for receipt of entries is June 26.

NEW SUBSCRIPTION—Mrs. Agnes Hein (left) Carrizozo, is enjoying a "good story" as she is writing a new subscription for Mrs. Sandra Scaccia, of Boston, Mass. Mrs. Hein is one of the

contestants in the current \$1,200 Lincoln County NEWS subscription contest, which ends Friday at 2 p.m. This is another photo picturing contestants at work.

"Commencement" speaker Dr. Eugene Ross, associate extension director, told the graduates, "to achieve excellence, one must be able to create and express his creative ability in a free society. It is the obligation of the individual to develop himself intellectually to his highest potential. It is the obligation of society to provide an environment wherein such can occur."

"Any form of discrimination, whether it be sex, race, color, national origin or others, can greatly impair efforts to achieve excellence. Poverty, not only inhibits intellectual growth, but it also stymies desire and, among others, opportunity. Any form of hate and jealousy, especially in an interdependent-organizational type situation creates a cancerous type impairment to achieving excellence."

Society must also answer the question of "Excellence for what?" Dr. Ross said.

Rural housing guides changed

ALBUQUERQUE -- Many additional families in New Mexico are now eligible for rural housing loans from the Farmers Home Administration, FHA State Director Carroll Hinton announced Wednesday.

"In families where both husband and wife are employed," Hinton said "the new policy permits half of the wife's gross income to be excluded in determining whether the total family income is within the maximum limit for loan eligibility."

For example, the husband is the principal source of income with \$6,000. He wife earns \$4,000. His entire income, plus half of his wife's, or \$2,000 total \$8,000. This is with New Mexico's moderate income level of \$8,000, so the family may be eligible for a Farmers Home administration loan.

Carrizozo HARDWARE CO.

In Capitan with Margaret Rench

'in our mountain greenery . . .'

How very beautiful and refreshingly green our country is getting. We had an inch and one half of rain this last week. That is the most. In one it was seven-tenths. That was the most in one shower. Today, Monday, the sky is clear with a hot wind and the locusts are truly singing. This usually does mean dry weather, but I hope it is one time that it is a mistake.

As I was returning from Lincoln way and nearer home last Saturday night at 5:40 p.m., the sky was dark with different colored rain clouds. It seemed it truly was going to rain and suddenly a black streak appeared to be coming down. I felt it was strange as surely a plane could not be in that.

Monday morning I was told there was a twister that touched the McInnes, Stearrett and Richardson ranches. It did damage each place and at the last one it went up and over a little hill and took all of the grass as if it had been swept. Then others told of one toward Ruidoso near Angus.

I came in and dressed for a birthday dinner party at the Incredible and what rain I did drive thru, with heavy lightning. It struck in front and middle of the radiator and was just a ball of fire, and then the rain came fast and furious. That was on the hill at Sun Valley. When I arrived at the Incredible, I had to remain in the car for over 20 minutes before I dared get in it. It was a great shower. I joined the other nine persons who had to wait as I did and we had a grand and delicious dinner. It was given by Harriet Lynz of Philadelphia honoring Mary Childers' birthday. We enjoyed the hour together and parted with smiles for the large crowd that was ready to enter for their dinner. I wish you many more such birthdays of happiness Mary.

We know our mountains love this moisture just as all of the country and people do.

Mrs. Innes told me they had six inches of rain at their ranch since the middle of June. At the Farnsworth ranch they had five to seven inches in one rain, and it caused a flood there that took the bunk-house and their pickups. That was the first rain of any size there.

Chaplain and Mrs. Alfred Kline, Beth and Jenann attended the opening session of the Crusade for Christ with Bill Glass in Alamogordo last Sunday night. Over 1500 persons attended. The Crusade runs thru Sunday night June 25. Every night at 7:30 p.m.

Mr. Sidney Kline of Carmichael, Calif., is visiting his brother Chaplain Kline and family at this time. He is returning from the International Ex'plo 72 in Dallas. Over 100,000 delegates from over the world were there, two-thirds of which were youth.

There is going to be a rummage sale benefit for Smokey Bear Museum at the Capitan Fire Hall June 21 and 22. Dishes, clothing, grab bag, etc. Do come and support this for they do need our help.

Mrs. Valton Hall's brother, John Weber, spent four days visiting with Mr. and Mrs. Hall last week. Mr. Weber is the president of an International Ball Bearing Company, Rolek, located at Ravenna, Ohio. He was here to make some investments in the area and to visit while en route to Germany for a business conference.

Mr. David Wheeler and Miss Elva Sherrill were united in marriage last Saturday night at the Methodist Church.

Mr. James Bailey entered Sunset Villa rest home last Wednesday where he can have intensive care. His son Robert Bailey is here trying to find work on a ranch. At this time he is living with Mr. and Mrs. Earl Spohn.

Mr. and Mrs. Earl Spohn, Carol and Robert went to Roswell Monday on business and to visit Mr. Bailey.

The Rev. Cartwright's parents and sister are here at this time with he and his family at Angus.

Janie Randle and Willa Stone of Las Cruces spent the last week end here at their respective homes with their family. Willa is taking a summer session at the N. M. State. She taught school at Vaughn until school was out and then they moved to the Edgar ranch to make their home.

Mr. Harold Dean and daughter Sally Ann were last Sunday guests of his parents, Mr. and Mrs. Robert Dean.

Dick Jones and Linda Webb were united in marriage last Sunday at the Nazarene Church by the Rev. Harold Cartwright.

Mr. and Mrs. Eddy Short of Porterville, Calif., formerly residents of Capitan many years ago, came by last Sunday and visited friends awhile while en route to Roswell and Missouri. Their two grandsons were driving for them. They have

many relatives whom they will visit. It was good to see them.

We do have a new business in Capitan. The Chuck Inn opened at 10 a.m. last Saturday morning with a big crowd enjoying the grilled hamburgers and all the other good foods. It is a recreation center and has a drive in and that is enjoyed too. It is a great and nice business of which we are truly proud.

Judge Huey entered the Ruidoso hospital last Thursday very ill and at this time is holding his own. We wish you a good recovery Mr. Huey.

Jack Aldrich also entered the Ruidoso hospital last week. I do wish you a good recovery, too, Jack.

Jerry Foster, chief deputy sheriff, attended the fire arms and baton school in Santa Fe all of last week and returned Friday.

Mr. and Mrs. Raymond Clark of Mertzon, Texas spent several days with their son, Mr. and Mrs. Ray Clark at their ranch home. They left Sunday and took their two grandchildren home with them for one month.

The Rev. Floyd Kendall started June 1 to serve at the First Baptist Church in Capitan and we hope you do enjoy your life with us.

The Lincoln County Democratic Ladies met at the El Paisano Cafe last week and enjoyed a delicious dinner. The speaker was Fern Sawyer. Amelia Jenkins was special guest, as she was the highest winning County Candidate. Surprise guest was Mrs. Jack Daniels, 25 attended.

I enjoyed a visit with Mrs. Edna Hassinger and her mother, Mrs. Ada Bartlett, who is spending the summer with her daughter at Alto. She winters in Holtville, Calif., with her other daughter.

Also a lovely visit with Mr. and Mrs. Chris Starr. Their guests were Mr. and Mrs. Alton Goldwater of Amarillo who were to spend one week. The Starrs returned the day before from eight day's vacation in Las Vegas, Nev. Mrs. Gladys accompanied them and enjoyed visiting with her friends and returned with them. Mr. and Mrs. Starr visited their daughter and family there and they held a family reunion. Another daughter and family in Hayward, Calif., James Starr and family of Clifton, Ariz., and Jr. Starr and family of Pueblo, Colo., all joined their parents and had the most enjoyable time together.

Mr. and Mrs. Billy LaMay's son who was born in the Ruidoso hospital June 4, weighed 6 pounds, 7 ounces. Name is Clayton Heath.

The Republican Womens Club held family night at the Bert Pfingsten home near Hondo Tuesday evening, June 13, with 40 attending.

THREE RIVERS--Its name is derived--Santo Nino de Atocha (from an ancient miracle attributed to the Christ Child in Atocha, Mexico) -- but its traditions are its own.

Each year, in January and again in June, parishoners and descendants of parishoners now gone, return to Santo Nino.

In January, they celebrate the miracle of the Santo Nino.

In June is celebrated -- through a ceremony dedicated to San Isidro -- the blessings that spring from the earth's bosom:

Fiesta de San Isidro, the patron saint of those who make their living from the earth, farmers.

Last Saturday was Fiesta de San Isidro.

Fiesta de San Isidro has been celebrated at least since 1883.

And here is the story of 1972's Fiesta de San Isidro at the Church of Santo Nino de Atocha -- in pictures.

Student IRS info available

Maurice E. Johnson, IRS District Director for New Mexico today has announced that IRS has special withholding tax information for students seeking summer jobs.
 Any employee who owned no tax in 1971 and does not expect to owe any in 1972 can request his employer not to withhold Federal income taxes from his pay, Johnson said.
 In addition to students with summer jobs, part-time employees are likely to qualify for this special exemption from withholding.
 Before the special exemption from withholding was enacted, taxpayers who owed no tax had to file tax returns in order to have their withholding refunded.
 Under present law, if a taxpayer qualifies to be exempt from withholding, no Federal tax is withheld from his pay, and he does not have to complete a tax return for the sole purpose of having his money refunded, Mr. Johnson said.
 The tax law provides for an exemption from withholding of Federal income tax only. Employers are still required to withhold Social Security from their employees' pay.
 Before an employer is relieved of the responsibility of withholding Federal tax from an employee's pay the employee must file a special withholding exemption certificate, Form W-4E, with him. These forms are available at IRS offices, Johnson said.

What do YOU think?
 By GWYNETH JONES

The Village Press wandering photographer this week posed this question: "Do you think the State of New Mexico should spend more money to promote tourism?" The answers:

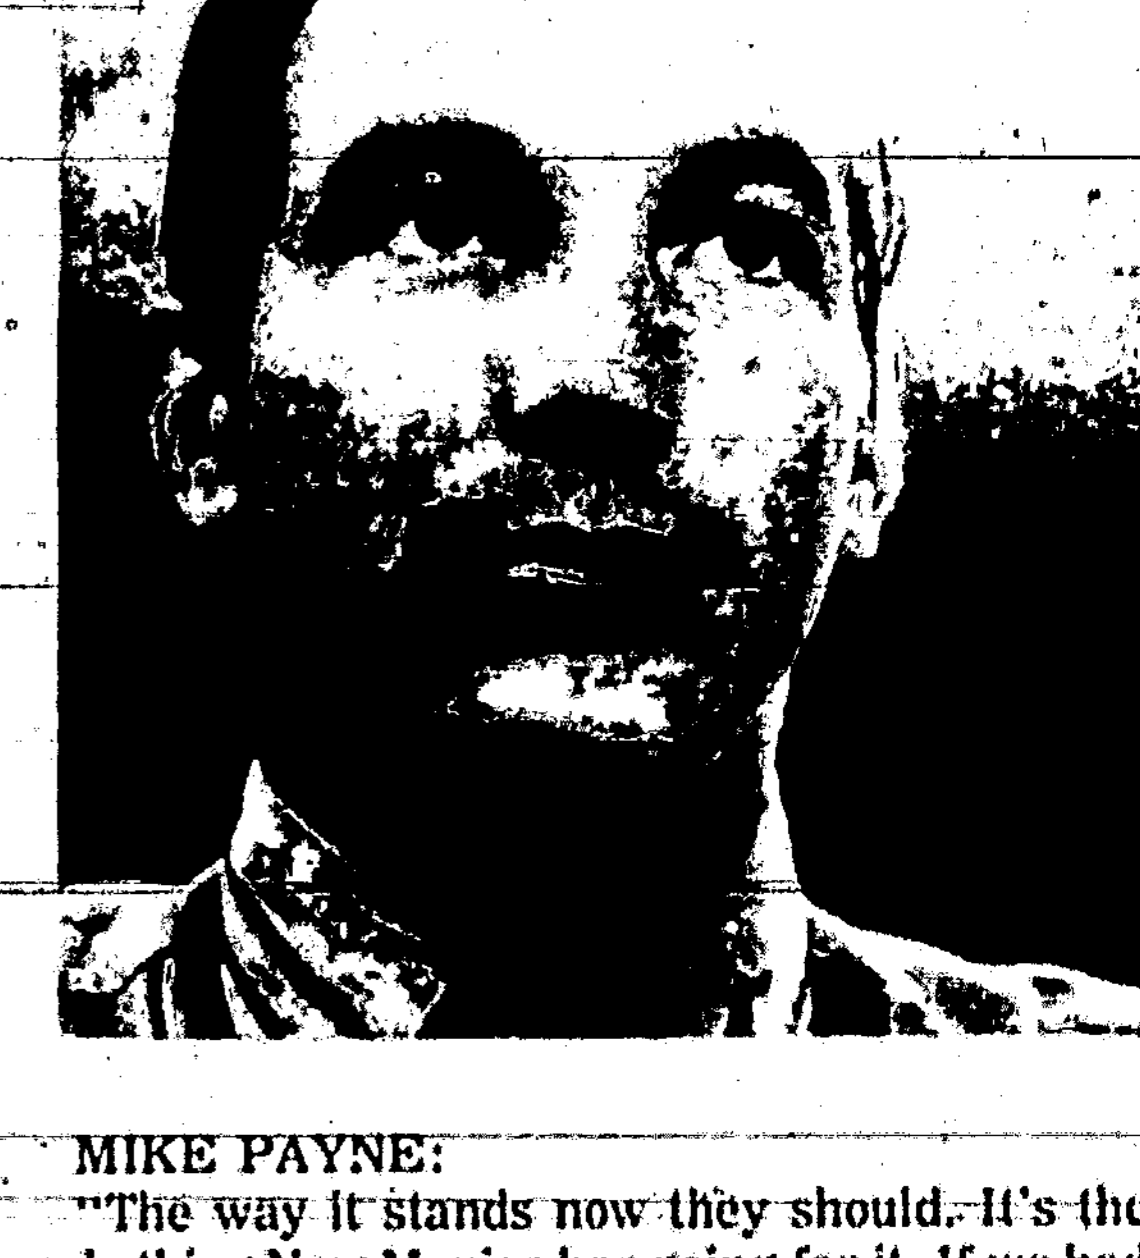

LEROY NAJAR:
 "No, they should use the money to get more jobs in New Mexico instead of tourists."

JODY VENTURA:
 "Yes, I do."

LOIS ROPER:
 "I think we need all the tourists we can get."

MIKE PAYNE:
 "The way it stands now they should. It's the only thing New Mexico has going for it. If we had more industry we wouldn't have to."

KELLY LESLIE:
 "No. We'll get bigger cities and then smog."

Deutsch champ in suds tussle?

The Lincoln-Otero County Oktoberfest committee had a noon meeting Monday at the Robert Godby home in La Luz with real fine Mexican food served by Mrs. Godby and daughters.
 The Oktoberfest beer drinking contest may well turn out to be a two-nation contest. Alamogordo's sister city in the Oktoberfest fun is Dietzenbach, Germany and officials in these two cities communicate regularly. The most recent word is that Dietzenbach has its beer drinking contest in last part of September and may send its champion to compete in the Lincoln-Otero contest.
 Local beer drinking contest will be held in towns of the two counties and the finals on October 13 in Ruidoso. Wyman Scarborough of Ruidoso is chairman of this event.
 Bill Ward is making plans for a state championship team roping probably to be held in Capitan in mid-October. Bill is working with the county fair board in setting up this event, using RCA rules.
 Nolan Conner of Alamogordo was appointed chairman for the championship fiddling contest to be held in Ruidoso on October 14.
 Committeemen at this meeting were: J. D. Seery, La Luz; Welcoln Armstrong and Paul Payton of Carrizozo; Dwight Ohlinger, Nolan Conner, Stan Green, Alamogordo; Wyman Scarborough, Dick Mound, Ruidoso; Walter Henn, Bill Ward, Lincoln; Sue and Layne Preslar, Cloudcroft.

JOHNSON STEARNS:
 "I think that tourism is probably our single most important income in the state and our state advertising budget should reflect this."

Caterpillar hatch seen

Lincoln County Agent Ralph R. Dunlap this week urged that area ranchers look over their range for range caterpillars.

Dunlap reported that hatching range caterpillars had been found earlier by Mike Perry of the New Mexico Department of Agriculture near Corona, Pine Lodge and White Oaks.

He said range caterpillars eat grass and in addition, have a spine on each segment that blisters anything it touches. Livestock will not graze heavily-infested areas, he said, because of the blistering possibility. Birds also avoid the range caterpillar, he said, because of the spines.

Dunlap suggested the use of Sevin 4 in an oil emulsion applied from the air to control the insect. He said the insecticide takes up to as much as two weeks to kill the caterpillars.

Fort Stanton meeting June 26

FORT STANTON--The Department of Hospitals and Institutions Board will hold its next monthly meeting at Fort Stanton Hospital and Training School near Carrizozo.

The all-day meeting will start at 10 a.m. on June 26.

Board Chairman Robert Hawk said all individuals or community organizations are encouraged to attend the meeting to become better acquainted with the work of DHI and its facilities.

Hollis Cummins of Capitan is vice-chairman of the state board.

Other members are Dr. G.R.F. Landry of Deming, Tom Harnish of Santa Fe and Kelly Mora of Raton.

Fire restrictions off at Stanton

FORT STANTON -- Restrictions have been lifted on the use of campfires and camping in the Fort Stanton area near Capitan.

According to William W. Campbell, Roswell District Manager, Bureau of Land Management, recent rains have reduced the fire danger. However, caution should always be observed in the use of fires, he said.

Rural 'phone funds loaned through REA

WASHINGTON, D. C. -- The office of U. S. Senator Joseph Montoya, D-N. M., has announced the extension of a loan of \$2 million to improve rural telephone service to Western States Telephone Company.

A spokesman for Montoya said service is to be improved in 11 New Mexico counties -- including Otero and Lincoln. Included in the improvements are new toll facilities, 181 miles of lines and related construction.

These are to be financed by a Rural Electrification Administration-supported loan.

Torreón gargers wide publicity

LINCOLN -- Lincoln's historic old Torreón, originally built as a fort, recently received statewide publicity.

A four-color photograph of the tower, now being restored, ran on the cover of The New Mexico Transporter, monthly organ of the state's Motor Carriers Association, in its June edition.

Downs dollar picture rosy

RUIDOSO DOWNS -- The current financial picture at Ruidoso Downs is better than it was last year, the State Racing Commission was told at a recent meeting here.

Downs officials reported increases over 1971 in three money areas: admission tax collections, pari-mutuel receipts and in mutuel tax collections.

Admission tax collections at the Downs were up 65.6 per cent in May and June of this year, as compared with those two months last year. Daily average collection of that tax was up \$162.74 -- for a total of \$410.69 compared with 1971's \$247.95.

Ruidoso Downs betters are wagering 12.6 per cent more money so far in the current season. The daily "handle" is up \$24,424 and this year's daily average handle of \$218,424 well above last year's \$193,758.

Mutuel tax collections at the Downs show a 15.4 per cent increase over last year.

The commission approved a first in New Mexico racing by approving the license of a jockey married to a trainer.

But the commissioners strongly warned Mrs. Toney Jean Murphy that her jockey license - or her husband's trainer license - would be revoked if either or both acquire ownership in a horse.

"We don't want any jockeys owning horses," Commissioner Herman Tabet of Belen warned. The other commissioners agreed.

Mrs. Murphy had appealed the rejection of her jockey license request by Ruidoso stewards. The license was rejected because of board rules that prohibit jockey ownership of horses, trainers' spouses jockey licenses and jockeys' spouses holding trainer licenses.

On a motion by Commissioner Francisco Urrea Jr. of Albuquerque, the commission agreed to amend the portion of the rule pertaining to spouses being licensed as trainers and jockeys. The board also stipulated that persons affected by the rule have to be licensed by both stewards and the commission.

The license was approved after questioning of Mrs. Murphy about ownership of horses. She said her husband trains his father's horses.

Under the new provisions of the rules, if a Murphy-trained horse is entered in a particular race, Mrs. Murphy would have to ride the horse her husband trained, or the horse would be disqualified if she elected to ride a competing mount.

The provision is to prohibit inter-family competition in a particular race.

At dark, a \$500 aerial fireworks display will be touched off. It is sponsored by the City of Corona.

Following the fireworks, at 9 p.m., there will be a dance, music by the Aggie Ramblers.

Junior skiers awards given

LINCOLN -- Bryan Skinner, son of Mr. and Mrs. Bud Skinner of Cloudcroft, was awarded the "Junior Racer's Outstanding Achievement" trophy of the Sierra-Blanca Ski Club in ceremonies here last week.

The club's banquet was held at the Wortley Hotel.

Kathryn Campbell, daughter of Mrs. Barbara Campbell, Ruidoso, was voted the 1972 Miss Junior Racer and Dale Pearson, son of Mr. and Mrs. Al Pearson, Ruidoso, was voted Mr. Junior Racer during the annual Sierra Blanca Ski Club's Banquet.

In addition special award trophies were presented to the 1972 Most Improved Girl Junior Racer and the 1972 Most Improved Boy Junior Racer. Recipient of the trophies, respectively, were Sawyer Ward, daughter of Mr. and Mrs. Bill Ward, Lincoln, and Kevin Crawford, son of Mr. and Mrs. Ray Crawford of Ruidoso. It was the second consecutive year for both to receive awards.

Special Recognition Award Trophy were awarded to Linda, Mark and Greg Mobley, daughter and sons of Mr. and Mrs. Johnny Mobley, Kevin Lane, son of Mr. and Mrs. Alton Lane, Mark Wimberly, son of Mr. and Mrs. Ed Wimberly, all of Ruidoso; Dolf Barnhouse, son of Mr. and Mrs. William Barnhouse, El Paso, Texas, and Joe Hoover, son of Mr. and Mrs. J. Hoover, El Paso, Texas.

Special recognition and special awards were presented to Mrs. Tom Holbert, Ruidoso for being the 1972 Outstanding Sierra Blanca Club member in assisting and the junior racers and an engraved dual desk pen set was presented to Ray Heid, Ruidoso.

The inscription read: "To our Coach Ray Heid for many years of hard work."

Following the special presentation ceremonies officers were elected and included, Bill Ward, re-elected president; Al Pearson, vice-president and Racing Chairman, and Johnny Mobley, secretary-treasurer.

It was announced during the banquet that financial support enlistment program would begin to help finance a full time ski coach next year. In addition it was noted that the planned budget would include a second ski coach to assure Junior Racers of coaching during ski meets away from the Ruidoso area.

Summer work affects S-S

Earnings from summer jobs can affect the monthly payments of students and other young people who get benefits from social security, according to Mrs. Christine Graves, Social Security Field Representative.

"Over four million young people under 22 get monthly social security payments as children of retired, disabled, or deceased workers," Mrs. Graves said. "Many of them will spend the summer school-vacation working. In some cases, this work and earnings will affect their Social Security benefits."

The amount young people earn at summer or part-time jobs will cause a reduction in social security payments if their total earnings for the year are more than \$1,680. But even if they earn over \$1,680, they can get their Social Security payment for any month in which they neither earn more than \$140 nor perform substantial services in self-employment.

"Summer workers and other young people who get social security benefits and who know their earnings for this year will go over \$1,680 should notify Social Security as soon as possible. Refunding overpayments to Social Security at the end of the year can sometimes create a financial hardship," Mrs. Graves concluded.

Mrs. Graves may be contacted at the County Commissioner's Room, Lincoln County Court House in Carrizozo, the fourth Wednesday of each month from 10 a.m. to noon.

Peso? Pinon nuts?

Tourist queries something else

The Tourist Division of the State of New Mexico -- with some help from the state's Hotel and Motel Association, Oil and Gas Association, and Restaurant Association -- has compiled a booklet titled "The Care and Feeding of Los Turistas."

And it claims that following questions are those most asked by tourists visiting the Land of Enchantment;

- How many Indian pueblos do you have in New Mexico?
- Hot hot does the weather get here?
- Do you need a permit to carry a gun?
- What is a land grant?
- Where can I buy an adobe-making machine?
- How do Indians make colored corn?
- What does turquoise come from?
- What does that emblem in your state flag mean?
- Where's the best fishing around here?
- Does it really rain when the Indians do their rain dance?
- What are pinon nuts?
- Where can I see a cock-fight?
- What goes on at White Sands?
- Where can I buy some Indian bread?
- Can we spend the night in a cliff dwelling?
- What's the difference between a pueblo and a hogan?
- Where can I buy some pesos?
- Do the ski resorts offer instruction and rental equipment?
- Where does Greer Garson live?
- Where can I see some uranium?
- What's the highest mountain peak in New Mexico?
- Is a road runner a woodpecker or a wild chicken?
- What movies are being filmed around here?
- Where can I find some cactus for a lamp stand?
- How much snow do you get?
- How high are those mountains?

'ROUND THE CAPITOL

Fred Buckles

SANTA FE--State Sen. John Morrow, D-Capulin, says major interests in his new District 7 "are trying to get more water, promote tourism and build better roads."

Morrow survived a primary contest in a Colfax-Union-Harding-San Miguel district. He faces State Rep. Carol Tinker, R-Las Vegas, in the general election. Morrow is a rancher. Mrs. Tinker is a two-term House member.

Sen. Morrow says major voter concerns in his district are the Vietnam war and the economy. He says a highway project 8 miles long is being built on US-87 from Clayton west. He encourages industrial development in the Senate district and notes labor is available.

Sen. Morrow predicts Republicans will not win control of the House or Senate in the general election. The present Senate division is 28 Democrats and 14 Republicans. The House split is 48 Democrats and 22 Republicans.

Morrow said adequate washroom facilities are still lacking in Cimarron Canyon in Colfax County. He talked with Gov. Bruce King late last week on the problem.

State Sen. Odis Echols, 42, D-Clovis, is opposed for reelection by Clovis Republican Lonnie Hand, a farmer inexperienced in politics. But Alabama Gov. George Wallace easily carried Curry County in the New Mexico Democratic presidential primary. President Richard M. Nixon whopped Minnesota Sen. Hubert Humphrey in Curry in 1968.

The Wallace vote could move to Nixon in the general election and hurt Democratic candidates further down the ticket. Echols is looking at a possible 1974 Democratic governor run. He must be reelected to the State Senate, retain his majority whip post and compile a creditable record in the 1973 Legislature to be a threat in the governor's race.

Echols, a state senator since 1967, believes Jack Daniels of Hobbs, the Democratic U. S. Senate candidate, and U. S. Rep. Harold Runnels, Lovington Democrat, will help other East Side candidates in the general election.

State Rep. John Bigbee, 37, R-Encino, says: "People are real disgusted with people being elected to 4-year terms and then running in the middle of that term. We should have legislation to prevent it."

Bigbee, a reelection candidate, referred to Lt. Gov. Robert Mondragon, Atty. Gen. David Norvell and State Treasurer Jesse D. Kornegay--all losing candidates for the Democratic U. S. Senate nomination. All were elected to 4-year terms in 1970 and campaigned for the Senate without resigning.

Rep. Bigbee would remove the lieutenant governor's \$15,000 annual salary. He would allow the lieutenant governor per diem during

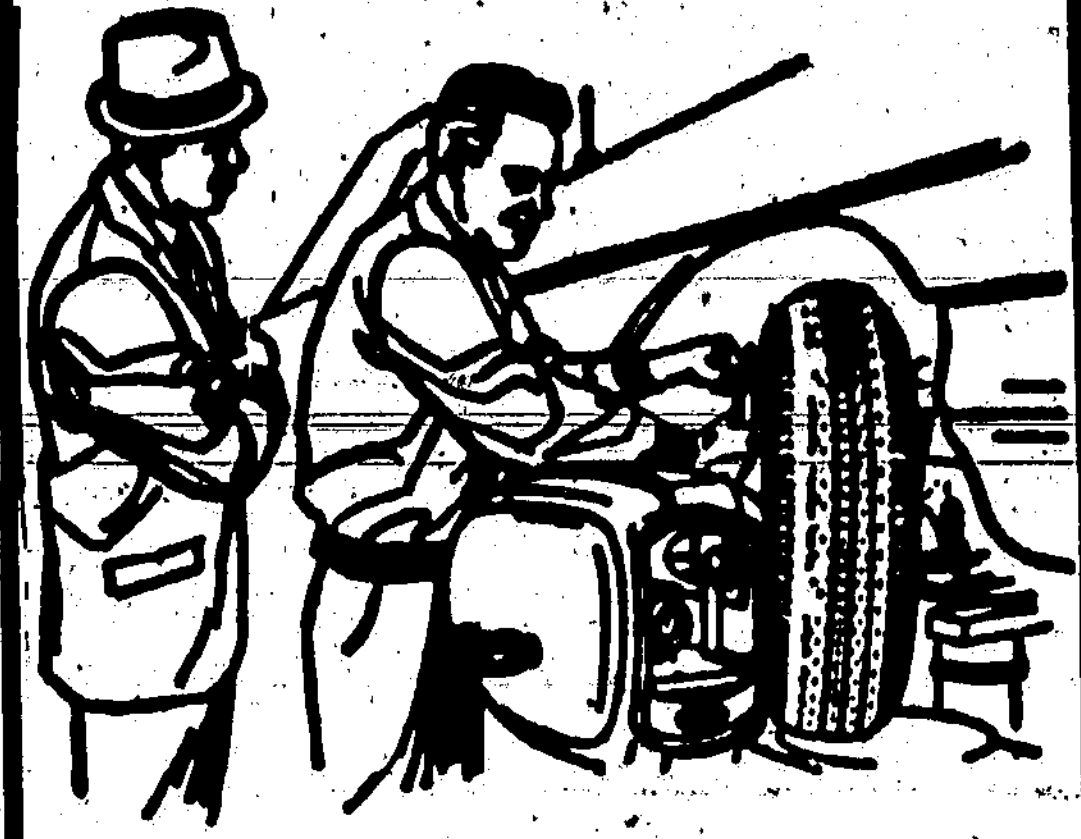

legislative sessions, office space, a secretary and "some expense money."

Rep. Bigbee is opposed in the general election by Democrat A. F. (Lalo) Padilla of Vaughn in House District 50, in Guadalupe, Torrance, DeBaca and Lincoln Counties. Padilla formerly lived in Santa Rosa.

Love, care . . . careful planning

Fear. Spog. Jammed up in snarled, fumes-belching traffic. That "lost" feeling . . . that anxiety springing from not really being in control of things. Isn't it these things people mean when they say things like "I'm going to get out of it?"

If you move "out of it" by moving to BIG COUNTRY, you'll erase all of those things from your life . . . you'll move into wide space and sweet air, into a spectacular mountain panorama, into no traffic problem, into leisurely shopping with friendly merchants, into a land where friendship has its old, true meaning.

Everybody in Capitan is, truly, a good neighbor. And that goes for Mohaco, Inc., developer of BIG COUNTRY.

Take the water situation, for example. Because its Village Councils have been farsighted, Capitan has access to an abundant supply of water which it shares with Fort Stanton and Ruidoso.

Capitan is entitled to use up to 688,106,400 gallons each year, but it is now using about 27,000,000 gallons annually.

What Capitan lacks is storage for the additional water it needs, as that water becomes available in rainy seasons.

So good neighbor Mohaco is building two 20,000-gallon water storage tanks on its property for the use of future residents.

And Mohaco has offered Capitan any of Mohaco property it wants to use for raw water storage -- absolutely free!

We're trying to be good neighbors because we have such good neighbors.

BIG COUNTRY! Big neighbors, too.
