LINCOLN

The Newspaper For All Of Lincoln County
County News

THURSDAY, FEBRUARY 10, 1972 VOLUME 66, NUMBER 6 P.O. DRAWER 459 CARRIZOZO, N. M. 88301

THE WAY OF THE West

Phil Cooke's Press of the Territorian has published "A chronology of the Lincoln County War" by Robert N. Mullin. First printed in the N. M. Historical Review in 1957, the Chronology has undergone some correcting and new insertions added in the new volume.

The Chronology starts off with people being born, John Chisum in 1824, Buckshot Roberts in 1833, Thomas Catron 1840, Peter Maxwell 1848, George Coe 1856, and then goes into people coming to the Lincoln County area for one reason or another. An encampment of soldiers on site of Fort Stanton in May of 1855, L. G. Murphy becomes postmaster at Fort Stanton in April 1868, Paul Dowlin starts building sawmill near junction of Ruidoso and Carrizo Creeks in 1868.

There was a lot of skirmishing, Indian troubles, threats and the like leading up to the War, and the first recorded killings December 1, 1873 when Constable Juan Martinez was killed by Harrell party at Lincoln, and Martinez' friends kill Ben Harrell, Jack Gylam and Dave Warner.

August 17, Sunday: "Henry Antrim (alias Kid) shoots and kills F. P. Cahill near Camp Grant, Arizona Territory." Three firsts: First newspaper use of the name Antrim instead of McCarty; first mention of the alias, "Kid"; first known victim of Kid.

Surprise - the Chronology ends with deaths of many people who participated in the Lincoln County War - many of them by natural causes. Book costs \$1.00, nice addition to your frontier library.

There's a real opportunity this month for all kinds of people - especially those who are eager to grab opportunity by the double pp, that's somewhere between the kneecap and hip joint Tuesday, February 29 is a "loose" day, one you didn't have last year and no more coming like it until 1976 when the year will again be 366 days long.

Our natural instincts are to suggest that Tuesday be declared the "Cleanest Day of the Year" and really give trash, some dump heaps, few tumble-downs fits around town. But... maybe this bonus day is too good for such work.

Think how many beers you could drink on a day that has no restraints, actually it's a day you can throw away without losing much, including your head.

Better yet, think how good your prayer bones would feel if you exercised them in any church in town. Might really tone up your spirits to point that you could make it through this election year - bound to be a tough one with six to a dozen senate candidates - without losing your cool.

There's all those firends that you haven't neighbored with much because of the chill factor we read about in those cold places like Gettysburg, S. D. You'll have no excuse whatsoever on February 29 because spring is only 20 days off and bound to be beautiful weather here.

You wives could bake a cake, loaf of bread, naturally after you've run the old man off to his own pursuits, and this would be a first in most homes in town.

A running domino game could start up at the Rec Center and go on until midnight as a special recognition of Purim (Jewish holiday we think) which happens on the 29th.

If you don't like our suggestions, come up with your own but please let us know. Might be something we want to do.

Watering robins at our house, don't know whether they are wintering or summering. Ernest Copeland and family in town Sunday, looking like they are doing well. Bill Manire and family also here for the weekend (saw L. Z's picture taken in early 50s, dead ringer for Bill).

Bill Latham, editor of El Paso Times and author of "Good Morning, Sun Country" wrote, "One day Mrs. Latham and I, wandering, took an inviting road that led to Archo. Here we found an old railroad depot turned into a museum, and a friendly, attractive person - Mrs. Lucy Straley Silvers - in charge. I hope her family keeps "My House of Old things" open and I recommend that you visit it if you haven't. But when I go back I'm going to miss "Jackie" - a great lady.

All of Lincoln County and people in all parts of the country, who came to visit "My House," will miss Jackie.

Nice note from Mrs. Harry Jacobs in Los Angeles - "My husband looks forward to getting it (The News) every Monday." Thanks from the editor.

Of course we don't understand all of the "whys" in this world, why some go young, others reach a degree of maturity before their time comes. Glenn Thornton was doing well as his work, had a future much brighter than most young men. We're proud of all Carrizozo young people who have gone off and done well - we'll miss hearing about Glenn at his work in California.

Swiped from Duffy - Early to bed and early to rise - and your head won't feel three times its size.

Commissioners appoint two review boards

Lincoln County Commissioners Don Stark, Charles Jones and Holt Lovelace filled the day Monday with considerable business, plus signing a lot of warrants and discussing several projects in the making.

A request was made by Fred LaMay to have County Road 113 in the Nogal area closed. A review board composed of Peg Pfingsten, T. A. Tulley and Ed Guck will go over the situation and report to the commission.

A group of people including Pat Dunning, S. B. Boykin, Robert Crenshaw and Fred LaMay, has requested that a portion of Road 91 in Carrizozo area be closed. Boykin is putting sub-division of 40-acre tracts in this area and plans to build a new road which he will turn to the county. When this is done the commission can take action. Pres Pino, R. M. King and Leroy McKnight comprises the review board for Road 91.

Tentative conditional approval was given to three plats - road have to be put in before final approval can be given - Stalling Lots in Ruidoso area, High Sierra Estates near Capitan, Loma

Grande Estates above Nogal.

The commission signed an updated working road agreement with the Forest Service, a routine matter that takes place from time to time.

Discussion held on the possibility of leasing sanitary landfill site to Tommy Hall, no action. Bids were opened, the bid for gasoline and fuel oil going to LaMay Distributing and insurance on county vehicles going to Moore Agency, both in Carrizozo.

The commission voted to buy a tape recorder for use at commission meetings.

Trustees were reappointed to two county hospitals, A. P. Sitton for five-year term on the hospital at Carrizozo and L. C. Crews as trustee on the board of the Ruidoso hospital.

Quite a little talk went on about handling of purchase orders, all to be handled through Leroy McKnight or Lloyd Coe.

The next meeting of the commission will be March 6 in the courthouse in Carrizozo.

Good food and a friendly smile is what you get from new operators of Central Restaurant in Carrizozo, Mr. and Mrs. Donnie Rickerson. Donnie did quite a little restaurant work before coming back to take over the Central.

Grizzlies win over Cards

Carrizozo 57 Corona 53
For the second time this year the Carrizozo Grizzlies upended the Corona Cardinals, this time by a score of 57-53.

It was a hard fought game by both teams where the lead never got to be more than 5 points. The game was played cautiously by both teams as the Grizzlies showed lots of poise while playing conservatively.

In the first period Gaby Chavez had 7 points and David Lee 4 while all five Cardinal starters chipped in the scoring as Carrizozo had a 15-14 lead. The second quarter saw Brunson and Lee matching baskets as both scored 6 points. The difference in that quarter was the three other Grizzlies scoring while only Sanchez for Corona could manage the other 3 points for the Cardinals as Carrizozo increased its lead to 28-23 margin.

In the second half Brunson came alive and scored consistently but the Grizzlies countered with Lee as Carrizozo maintained its lead by a score of 43-39. The final quarter saw Brunson still scoring as Carrizozo could manage only one field goal but made 10 of 15 charity tosses, Gaby Chavez making 5 of 6.

In the scoring department for Carrizozo: Lee had 23, Chavez 14, Gallegos, Ellison and Monrreal had 6 each.

For Corona it was all Brunson with 26 points, while Lueras had 10, Sanchez 8 and Tenorio with 5.

The win upped Carrizozo's record to 17-5.

Exciting game at Dexter

Carrizozo 58 - Dexter 55
It was an exciting ballgame Friday night at Dexter as the Grizzlies and the Demons clashed in a District 5 AA game.

The game was close all the way. David Lee paced the winners in the first quarter with 10 of Carrizozo's 16 points. While the Dexter Quintel showed balance scoring with Grassie, Freeland, Regalado, Sosa, and Coats. In the second quarter, Dexter outscored Carrizozo 15-13 and narrowed the Grizzly margin to one at half-time 29-28.

The third quarter saw Gaby Chavez score 10 of the Grizzlies 14 points while Dexter had 5 players scoring but Carrizozo still had the lead after 3 quarters 43-41.

The game remained a thriller to the end. At one point the Demons took the lead in the final stanza, but 3 consecutive Demon misses and 3 fast breaks by Ellison and Mike Barela put the Grizzlies ahead to stay with 2 minutes remaining in the contest.

The win gave Carrizozo a 15-5 record to date. Gaby Chavez led all scorers with 18 points, followed by Lee (16) and Ellison (11) while Freeland was high for Dexter with 12 points.

Carrizozo 68 - Lake Arthur 53

Lake Arthur came to Carrizozo to play ball and showed good talent but with star John Jackson at half speed with a knee injury the Panthers could not keep up with the Grizzlies.

Carrizozo scored 21 first quarter points with Gaby Chavez getting 10 of them. While Lake Arthur's Jackson and Trivizo combined for 10 points of 16.

From then on David Lee and Matt Ellison took over and finished with 22 and 15 points respectively while Chavez had 14.

Trivizo and Jackson were top scorers for Lake Arthur with 14 and 13.

REPORT FROM SEN. JOHN CONWAY Control Substances Act is shocker

Probably the bill that has given me my biggest shock this Session is Senate Bill 35, called the Control Substances Act. It is proposed by the Drug Abuse Study Committee which has been

meeting monthly since the last Session. The bill follows the Federal Act and is about the same as the act suggested by the Commissioners on Uniform State Laws with the exception of the penalty provisions.

Lee Francis campaigns here

E. Lee Francis, Republican candidate for United States Senator, has been a frequent visitor in Carrizozo. He was here for dedication of the new postoffice while serving as lieutenant governor, and prior to that was at the dedication of White Oaks cemetery, plus other unofficial trips.

Traveling with Mr. Francis was his son, John, who is in the cattle business with his dad. John's wife, Pamela, is working in the Francis for Senator headquarters in Albuquerque.

Francis stopped in Carrizozo Tuesday to meet people and was going on to Alamogordo for an evening meeting and then back Wednesday to tour the rest of the county.

The penalties for pushers, referred to as "trafficking" in the Act, is the same as we now have or increased the penalties. The shocker to me is the suggested penalty for possession of marijuana. If you have less than one ounce you are subject to a fine between \$25 and \$50. For possession of more than one ounce and less than 8 ounces, a fine of \$50 to \$100 and 7 days imprisonment. More than 8 ounces, a fine of \$100 to \$1,000, or imprisonment of 30 days to one year, or both. You will remember that last year I proposed an amendment for mandatory jail sentences for possession of marijuana.

I am told that one ounce of marijuana will make about 26 cigarettes, so 8 ounces should make 208. As one judge said, if these penalty provisions pass, we might as well legalize marijuana. I voted against the bill in the Senate Judiciary Committee but the vote there was 7 to 2.

On the floor of the Senate I will offer an amendment to keep the penalty for possession of marijuana the same as it is now. I talked to several Senators and hopefully we will have enough support to get this amendment through. I can't vote for the bill with a penalty of only \$25 for possession of marijuana.

Last year when I wrote in this column my feelings on the penalties for possession of marijuana, I received several letters, mostly anonymous, attacking me and my position. I imagine I will get the same ones again this year.

The mobile home bill that I wrote about last week passed the Senate with my proposed amendment to phase in the ad valorem tax. There were only two votes against the bill.

The truck tax and land subdivision bills were passed by the House and now are being considered by the Senate. Both bills were heavily amended, and in all probability will be amended further in the Senate committees.

Any of you who want to discuss legislation with me, please call my office in Ruidoso, 257-4678, or Alamogordo, 437-1840, and I will return your call.

Bowl QB is speaker

Hobbs - Robert Staubach, quarterback of the Super Bowl champion Dallas Cowboys, will speak at a \$100-a-ticket fund-raising dinner Friday night at Hobbs on behalf of Congressman Harold Runnels, D-NM.

Staubach will be pinch-hitting for Congressman Wilbur Mills, D-Ark., chairman of the House Ways and Means Committee, who has been advised not to travel because of a back ailment.

Mills was originally scheduled to speak at the dinner on January 27, but it was postponed because of his illness. Mills' Washington office said Friday the Congressman is "considerably improved" but his doctor has advised him not to resume his travel schedule until March.

The Arkansas Democrat will still come to Ney Mexico and speak on behalf of Runnels at some other function later in the spring, his office said.

Sponsors of the Runnels dinner said they felt it would be better to go ahead and have the dinner Friday night, with a substitute speaker, rather than postpone it again.

Harry Eaves, chairman of the dinner committee, said ticket sales have been good and that a crowd of 500 to 600 people is expected. A reception is scheduled at 6:30 at the Hobbs Holiday Inn, with the dinner to follow at 7:30.

"We regret very much that Congressman Mills will not be able to join us, but we are pleased that Staubach will be the pinch-hitter," Eaves said.

Also attending the dinner will be Senator Joseph M. Montoya, D-NM, and Governor Bruce King, along with other state Democratic leaders.

Staubach, a graduate of the U. S. Naval Academy, served four years in the U. S. Navy, before joining the Cowboy football team. He took over as starting quarterback of the Cowboys at mid-season, guiding them to nine straight victories and their first Super Bowl championship.

SCMRA will do study on land exchange

The executive committee of the South Central Mountain Resource Area met January 18 in Ruidoso, the meeting called to order at 10:15 by Robert Bell.

It was voted that the committee meet at the N. M. Assoc. of SWCD meeting in the fall with the project coordinator's council, and a coordinating meeting to be held in Albuquerque this spring for all project conservationists and officers of RC&D's.

Two new measures adopted for presentation to the steering committee were: assistance to Clauch-Pinto SWCD in getting 38 miles of State Road 10 paved from Gran Quivira to U.S. Highway 54. Approval of a proposal to consider a study of the 2240 acre exchange of lands between the Forest Service and the Apache Indians in the Sierra Blanca Ski Area.

The proposition of consolidation of SCMRA and the Southeastern N. M. RC&D into one unit was discussed and discarded.

Progress on a number of projects were reported as follows.

PM - 92 Wood Sales: The U.S. Forest Service let bids on December 15, 1971 for 3 units consisting of 45 cords, 110 cords and 50 cords. Two units were sold on December 22 on 60 cords and 57 cords. Bids were also put up on January 12, 1972 for 60 cords with a minimum of \$.50 per cord but there were no bidders. Additional bids are scheduled for January 19 and February 2, 1972.

Other measures on which some progress had been made were PM - 90 Capitan Park; PM - 82 Lincoln Cemetery; PM - 22 Cox Canyon; PM - 82 Grazing Systems; PM - 78 Christmas Tree Program; PM - 85 Carrizozo Recreation Park; PM - 71 Caution Light near La Luz; and PM - 80 Ft. Stanton Land Use Planning.

Don Winslow of the U.S. Forest Service discussed the proposed exchange of 2240 acres of land being pursued by the Apache Indians, and he exhibited plans showing Sierra Blanca, the ski area, and White Mountain Wilderness. Robert Scribner outlined a 30 page statement of the Mescalero Indians.

The Executive Committee approved a recommendation to the Steering Committee that the proposed exchange of land between the USFS and the Indians be rejected.

The steering committee of SCMRA convened at 1:00 p.m., the meeting called to order by Robert Scribner, Chairman.

The program of the afternoon was presented by Vince Yegge of the University of N. M. Bureau of Business Research. He outlined the various divisions of the Bureau and told of their function.

Proposals coming from the executive committee were discussed. The Clauch-Proposals coming from the executive committee were discussed. The Clauch-Pinto road project approved. Robert Scribner summarized a 30-page statement on the 2240 land exchange with the Indians. The Steering Committee adopted a resolution opposing the exchange of lands and a letter to that effect was to be sent to the Forest Service.

The next meeting will be February 29 in Alamogordo.

Letter from T.C. Murray at St. Petersburg, Florida asks information about southwest New Mexico or southeast Arizona. He says, "I realize there isn't much going on in the Lincoln, Capitan, and Carrizozo area, but I would like to know a little about my old friends. We sent him some papers - hope the Murray family decides to move in our area."

Hugh Stiles, Ruidoso News editor, thought the area newspaper (he means the Roswell Record) reporting on land controversy in ski area committed several fallacies in their reporting. Stiles' report is in this issue.

This is what Kansas people want to know about New Mexico. Where do ranchers live in town. Answer, no, most live on their ranches but you can't see the headquarters. Are the homes nice? Answer, yes, real nice. Where are the farms? Answer, there aren't any. What about snow, how much rain in a year, what was in all those old Zozo buildings, what hours for Mass at Catholic Church, how big is a ranch, personal to Payton how can your business grow in such a small town, where I can I get my tires balanced.

These questions were asked by three Kansas families visiting with the Paytons over the weekend. They got pretty good answers plus some information they didn't ask for. Two of them farm and other family in newspaper business. We took Larry Vierthaler, the editor, to Ruidoso for basketball game - didn't show off so good there, best action was at the Win-Place & Show. Little gal in blue dress had as much hair and a lot more moves than any of the basketball players.

When you can't stop them up the middle, under the bucket or at the free throw line, there's not much more to be said and that's the way it was, Grizzlies vs. the Warriors. Zozo would have to be in peak form to beat the Warriors, our guess is that the Warriors will have to play over their heads to win in regional and state playoffs.

Cheers for the Corona Cardinals - they've won their second tournament and that's really some going.

On the home front - pair of robins in for water this week, drove off sparrows Monday. Cats in the yard when dogs are out (same rules should apply to them as to dogs). Otis and Waldo got their annual bath last week.

Charlie Leslie says his calf crop is coming

along good. He'd just as soon have another month like January. Most of the calving ought to be done in February.

Swiped from Duffy -

A beauty parlor is a place where women can let their hair down while it's being put up. Many, many people are no good at counting calories and they have the figures to prove it.

When a woman turns around to look at another woman - that's mink!

Push-button warfare: Two people competing for the same self-service elevator.

A modern woman is a creature who can throw together a 20-minute meal that looks like she spent five hours on it - and then spend five hours at the beauty shop getting her hair to look like she'd just thrown it together.

Charitable Contributions Require Proof
Albuquerque - Many taxpayers lost all or part of their deductions for charitable contributions last year because they failed to keep the necessary records.

Substantiation of charitable contributions is one of the most frequent problems encountered in the audit of tax returns, Maurice E. Johnson, District Director of Internal Revenue, reminded New Mexico taxpayers today.

Another problem in the contribution area that appeared on last year's returns was the claim of the full amount paid for a ticket to a charity ball, theatre benefit, or banquet as a charitable contribution.

Mr. Johnson said that only that part of the ticket price in excess of the value received by the buyer may be considered a charitable contribution.

"When \$10 is paid for a ticket to a charity banquet and the meal would normally cost \$4, then only \$6 may be considered a charitable gift," he said.

To help taxpayers avoid this mistake on 1971 returns, IRS has requested all charitable organizations selling tickets to fundraising affairs to clearly indicate on the ticket the amount that is deductible. Identifying the deductible portion of the ticket price should end this problem, Mr. Johnson said.

Phil Cooke's Press of the Territorian has published "A chronology of the Lincoln County War" by Robert N. Mullin. First printed in the N. M. Historical Review in 1957, the Chronology has undergone some correcting and new insertions added in the new volume.

The Chronology starts off with people being born, John Chisum in 1824, Buckshot Roberts in 1833, Thomas Catron 1840, Peter Maxwell 1848, George Coe 1856, and then goes into people coming to the Lincoln County area for one reason or another. An encampment of soldiers on site of Fort Stanton in May of 1855, L. G. Murphy becomes postmaster at Fort Stanton in April 1868, Paul Dowlin starts building sawmill near junction of Ruidoso and Carrizo Creeks in 1868.

There was a lot of skirmishing, Indian troubles, threats and the like leading up to the War, and the first recorded killings December 1, 1873 when Constable Juan Martinez was killed by Harrell party at Lincoln, and Martinez' friends kill Ben Harrell, Jack Gylam and Dave Warner.

August 17, Sunday: "Henry Antrim (alias Kid) shoots and kills F. P. Cahill near Camp Grant, Arizona Territory." Three firsts: First newspaper use of the name Antrim instead of McCarty; first mention of the alias, "Kid"; first known victim of Kid.

Surprise - the Chronology ends with deaths of many people who participated in the Lincoln County War - many of them by natural causes. Book costs \$1.00, nice addition to your frontier library.

There's a real opportunity this month for all kinds of people - especially those who are eager to grab opportunity by the double pp, that's somewhere between the kneecap and hip joint Tuesday, February 29 is a "loose" day, one you didn't have last year and no more coming like it until 1978 when the year will again be 366 days long.

Our natural instincts are to suggest that Tuesday be declared the "Cleanest Day of the Year" and really give trash, some dump heaps, few tumble-downs fits around town. But... maybe this bonus day is too good for such work.

Think how many beers you could drink on a day that has no restraints, actually it's a day you can throw away without losing much, including your head.

Better yet, think how good your prayer bones would feel if you exercised them in any church in town. Might really tone up your spirits to point that you could make it through this election year - bound to be a tough one with six to a dozen senate candidates - without losing your cool.

There's all those firends that you haven't neighbored with much because of the chill factor we read about in those cold places like Gettysburg. S. D. You'll have no excuse whatsoever on February 29 because spring is only 20 days off and bound to be beautiful weather here.

You wives could bake a cake, loaf of bread, naturally after you've run the old man off to his own pursuits, and this would be a first in most homes in town.

A running domino game could start up at the Rec Center and go on until midnight as a special recognition of Purim (Jewish holiday we think) which happens on the 29th.

If you don't like our suggestions, come up with your own but please let us know. Might be something we want to do.

Watering robins at our house, don't know whether they are wintering or summering. Ernest Copeland and family in town Sunday, looking like they are doing well. Bill Manire and family also here for the weekend (saw L. Z's picture taken in early 50s, dead ringer for Bill).

Bill Latham, editor of El Paso Times and author of "Good Morning, Sun Country" wrote, "One day Mrs. Latham and I, wandering, took an inviting road that led to Ancho. Here we found an old railroad depot turned into a museum, and a friendly, attractive person - Mrs. Lucy Straley Silvers - in charge. I hope her family keeps "My House of Old things" open and I recommend that you visit it if you haven't. But when I go back I'm going to miss "Jackie" - a great lady.

All of Lincoln County and people in all parts of the country, who came to visit "My House," will miss Jackie.

Nice note from Mrs. Harry Jacobs in Los Angeles - "My husband looks forward to getting it (The News) every Monday." Thanks from the editor.

Of course we don't understand all of the "whys" in this world, why some go young, others reach a degree of maturity before their time comes. Glenn Thornton was doing well as his work, had a future much brighter than most young men. We're proud of all Carrizo young people who have gone off and done well - we'll miss hearing about Glenn at his work in California.

Swiped from Duffy - Early to bed and early to rise - and your head won't feel three times its size.

LINCOLN County News

THURSDAY, FEBRUARY 10, 1972 VOLUME 66, NUMBER 6 P.O. DRAWER 459 CARRIZOZO, N. M. 88301

Commissioners appoint two review boards

Lincoln County Commissioners Don Stark, Charles Jones and Holt Lovelace filled the day Monday with considerable business, plus signing a lot of warrants and discussing several projects in the making.

A request was made by Fred LaMay to have County Road 113, in the Nogal area closed. A review board composed of Peg Pfingsten, T. A. Tulley and Ed Guck will go over the situation and report to the commission.

A group of people including Pat Dunning, S. B. Boykin, Robert Crenshaw and Fred LaMay, has requested that a portion of Road 91 in Carrizo area be closed. Boykin is putting sub-division of 40-acre tracts in this area and plans to build a new road which he will turn to the county. When this is done the commission can take action. Pres Pino, R. M. King and Leroy McKnight comprises the review board for Road 91.

Tentative conditional approval was given to three plats - road have to be put in before final approval can be given - Stalling Lots in Ruidoso area, High Sierra Estates near Capitan, Loma

Grande Estates above Nogal. The commission signed an updated working road agreement with the Forest Service, a routine matter that takes place from time to time.

Discussion held on the possibility of leasing sanitary landfill site to Tommy Hall, no action. Bids were opened, the bid for gasoline and fuel oil going to LaMay Distributing and insurance on county vehicles going to Moore Agency, both in Carrizo.

The commission voted to buy a tape recorder for use at commission meetings.

Trustees were reappointed to two county hospitals, A. P. Sitton for five-year term on the hospital at Carrizo and L. C. Crews as trustee on the board of the Ruidoso hospital.

Quite a little talk went on about handling of purchase orders, all to be handled through Leroy McKnight or Lloyd Coe.

The next meeting of the commission will be March 6 in the courthouse in Carrizo.

Good food and a friendly smile is what you get from new operators of Central Restaurant in Carrizo, Mr. and Mrs. Donnie Rickerson. Donnie did quite a little restaurant work before coming back to take over the Central.

Grizzlies win over Cards

Carrizo 57 - Corona 53
For the second time this year the Carrizo Grizzlies upended the Corona Cardinals, this time by a score of 57-53.

It was a hard fought game by both teams where the lead never got to be more than 5 points. The game was played cautiously by both teams as the Grizzlies showed lots of poise while playing conservatively.

In the first period Gaby Chavez had 7 points and David Lee 4 while all five Cardinal starters chipped in the scoring - Carrizo had a 15-14 lead. The second quarter saw Brunson and Lee matching baskets as both scored 6 points. The difference in that quarter was the three other Grizzlies scoring while only Sanchez for Corona could manage the other 3 points for the Cardinals as Carrizo increased its lead to 28-23 margin.

In the second half Brunson came alive and scored consistently but the Grizzlies countered with Lee as Carrizo maintained its lead by a score of 43-39. The final quarter saw Brunson still scoring as Carrizo could manage only one field goal but made 10 of 15 charity tosses, Gaby Chavez making 5 of 6.

In the scoring department for Carrizo: Lee had 23, Chavez 14, Gallegos, Ellison and Monreal had 6 each.

For Corona it was all Brunson with 26 points, while Lueras had 10, Sanchez 8 and Tenorio with 5.

The win upped Carrizo's record to 17-5.

Exciting game at Dexter

Carrizo 58 - Dexter 55
It was an exciting ballgame Friday night at Dexter as the Grizzlies and the Demons clashed in a District 5 AA game.

The game was close all the way. David Lee paced the winners in the first quarter with 10 of Carrizo's 16 points. While the Dexter quintet showed balance scoring with Grassie, Freeland, Regalado, Sosa, and Coats. In the second quarter, Dexter outscored Carrizo 15-13 and narrowed the Grizzly margin to one at half-time 29-28.

The third quarter saw Gaby Chavez score 10 of the Grizzlies 14 points while Dexter had 5 players scoring but Carrizo still had the lead after 3 quarters 43-41.

The game remained a thriller to the end. At one point the Demons took the lead in the final stanza, but 3 consecutive Demon misses and 3 fast breaks by Ellison and Mike Barela put the Grizzlies ahead to stay with 2 minutes remaining in the contest.

The win gave Carrizo a 15-5 record to date. Gaby Chavez led all scorers with 18 points, followed by Lee (16), and Ellison (11) while Freeland was high for Dexter with 12 points.

Carrizo 68 - Lake Arthur 53

Lake Arthur came to Carrizo to play ball and showed good talent but with star John Jackson at half speed with a knee injury the Panthers could not keep up with the Grizzlies.

Carrizo scored 21 first quarter points with Gaby Chavez getting 10 of them. While Lake Arthur's Jackson and Trivizo combined for 10 points of 16.

From then on David Lee and Matt Ellison took over and finished with 22 and 15 points respectively while Chavez had 14.

Trivizo and Jackson were top scorers for Lake Arthur with 14 and 13.

Control Substances Act is shocker

Probably the bill that has given me my biggest shock this Session is Senate Bill 35, called the Control Substances Act. It is proposed by the Drug Abuse Study Committee which has been

meeting monthly since the last Session. The bill follows the Federal Act and is about the same as the act suggested by the Commissioners on Uniform State Laws with the exception of the penalty provisions.

Lee Francis campaigns here

E. Lee Francis, Republican candidate for United States Senator, has been a frequent visitor in Carrizo. He was here for dedication of the new postoffice while serving as lieutenant governor, and prior to that was at the dedication of White Oaks cemetery, plus other unofficial trips.

Traveling with Mr. Francis was his son, John, who is in the cattle business with his dad. John's wife, Pamela, is working in the Francis for Senator headquarters in Albuquerque.

Francis stopped in Carrizo Tuesday to meet people and was going on to Alamogordo for an evening meeting and then back Wednesday to tour the rest of the county.

The penalties for pushers, referred to as "trafficking" in the Act, is the same as we now have or increased the penalties. The shocker to me is the suggested penalty for possession of marijuana. If you have less than one ounce you are subject to a fine between \$25 and \$50. For possession of more than one ounce and less than 8 ounces, a fine of \$50 to \$100 and 7 days imprisonment. More than 8 ounces, a fine of \$100 to \$1,000 or imprisonment of 30 days to one year, or both. You will remember that last year I proposed an amendment for mandatory jail sentences for possession of marijuana.

I am told that one ounce of marijuana will make about 26 cigarettes, so 8 ounces should make 208. As one judge said, if these penalty provisions pass, we might as well legalize marijuana. I voted against the bill in the Senate Judiciary Committee but the vote there was 7 to 2.

On the floor of the Senate I will offer an amendment to keep the penalty for possession of marijuana the same as it is now. I talked to several Senators and hopefully we will have enough support to get this amendment through. I can't vote for the bill with a penalty of only \$25 for possession of marijuana.

Last year when I wrote in this column my feelings on the penalties for possession of marijuana, I received several letters, mostly anonymous, attacking me and my position. I imagine I will get the same ones again this year. The mobile home bill that I wrote about last week passed the Senate with my proposed amendment to phase in the ad valorem tax. There were only two votes against the bill.

The truck tax and land subdivision bills were passed by the House and now are being considered by the Senate. Both bills were heavily amended, and in all probability will be amended further in the Senate committee.

Any of you who want to discuss legislation with me, please call my office in Ruidoso, 257-4678, or Alamogordo, 437-1840, and I will return your call.

Bowl QB is speaker

Hobbs - Robert Staubach, quarterback of the Super Bowl champion Dallas Cowboys, will speak at a \$100-a-ticket fund-raising dinner Friday night at Hobbs on behalf of Congressman Harold Runnels, D-NM.

Staubach will be pinch-hitting for Congressman Wilbur Mills, D-Ark., chairman of the House Ways and Means Committee, who has been advised not to travel because of a back ailment.

Mills was originally scheduled to speak at the dinner on January 27, but it was postponed because of his illness. Mills' Washington office said Friday the Congressman is "considerably improved" but his doctor has advised him not to resume his travel schedule until March.

The Arkansas Democrat will still come to New Mexico and speak on behalf of Runnels at some other function later in the spring, his office said.

Sponsors of the Runnels dinner said they felt it would be better to go ahead and have the dinner Friday night, with a substitute speaker, rather than postpone it again.

Harry Eaves, chairman of the dinner committee, said ticket sales have been good and that a crowd of 500 to 600 people is expected. A reception is scheduled at 6:30 at the Hobbs Holiday Inn, with the dinner to follow at 7:30.

"We regret very much that Congressman Mills will not be able to join us, but we are pleased that Staubach will be the pinch-hitter," Eaves said. Also attending the dinner will be Senator Joseph M. Montoya, D-NM, and Governor Bruce King, along with other state Democratic leaders.

Staubach, a graduate of the U. S. Naval Academy, served four years in the U. S. Navy, before joining the Cowboy football team. He took over as starting quarterback of the Cowboys at mid-season, guiding them to nine straight victories and their first Super Bowl championship.

Potatoes recommended

By Mary Ellen Payne

There has been a marked drop in the per capita consumption of potatoes in this country since 1950. One reason is the growing concern of the public with calorie intake and the mistaken belief that potatoes are high in calories.

Although potatoes are higher in calories than most vegetables, they are considerably lower than many other foods in the daily American diet. A baked or boiled potato has fewer calories than the same amount of avocados, lima beans, bran flakes, prunes, rice or sweet potatoes. Potatoes prepared without butter or cooking oil and served without gravy also have fewer calories than most fruits canned in heavy syrup. Starch, often considered the reason potatoes are fattening, and other nutrients make up only 20 per cent of the potato—80 per cent is water. If potatoes had to be your only source of nutrients, they would provide all of the riboflavin, 1½ times the iron, three to four times the thiamine and niacin and more than 10 times the vitamin C you need. Potatoes also contain many important mineral elements and supply a significant amount of protein as well. In fact, a diet of whole milk and potatoes can supply almost all the food elements necessary for the maintenance of the human body.

Potatoes are also convenient. They come in more than 50 forms that can be prepared very quickly. Processed potato products include dehydrated instant, canned potatoes, ready-to-eat chips, a variety of frozen and packaged potatoes and prepared potato dishes.

A popular casserole for family or company is a "Cheese Scalloped Potatoes"

5 cups sliced raw potatoes
1 can condensed cream of mushroom soup
1 cup grated American cheese
½ cup milk
1 medium onion minced
1 pimiento - finely chopped
Mix the soup with the milk, onion and pimiento. In a buttered medium casserole arrange layers of potatoes, grated cheese and soup mixture. End with cheese. Cover and bake 1 hour and 15 minutes (or until potatoes are tender) in a 375 oven. Uncover and bake an additional 15 minutes. Serves 6.

Lincoln News - By Hattie Phillips

Mrs. Rafaelita Pryor who had surgery at the Ruidoso Hospital last week was able to come home Sunday but will be unable to go back to her job for a while.

Mrs. Vera Beall is convalescing at her daughter's home in Alamogordo. She hopes to be back in Lincoln before long.

Mrs. Dee Proctor who had the flu recently took pneumonia and had to go to the hospital. She is able to go to work now.

On the brighter side, Mr. and Mrs. Clark Pflingsten had dinner with Mr. and Mrs. Wayne Zumwalt Saturday evening and enjoyed playing cards after ward.

Mr. and Mrs. Fritz Pflingsten have moved from their farm in Missouri and are living at Bert Pflingsten's Trout farm. Just now, Fritz is in the hospital in Roswell after falling and injuring one of his legs. Fritz and his wife the former Helen Keller, will be a nice addition to our local circle of friends. We're pleased that they have come back to New Mexico.

Life is what happens to you while you are making other plans.

Millers injured in wreck

Capitan News - By Margaret Rench

Nilo Miller son of Mr. and Mrs. Manuel Miller was very seriously injured in an automobile accident January 22. A stolen pickup ran into him and totaled his car. He ran away but was caught. The boy driving was 15 years old and he had picked up two boys who were injured. Nilo had to be cut out of his car. He was taken to the Indian Hospital. One kidney was crushed and had to have surgery and there were other injuries and complications. His parents and all of his brothers and sisters were with him except one. His children too except one. He is showing some improvement at this time though it will be slow. His parents came home January 30 but returned to his side this last weekend. I wish you a complete and good recovery.

The Bean Valley Conference was organized in the late 1930's and has been important to the schools in the area ever since that time. There are eight member schools, and the tournament is held annually and is not invitational.

Trap set for codling moth

By County Agent Ralph Dunlap
 New Mexico Apple Growers had a grant recently approved for \$15,000 to finance a codling moth pheromone trap demonstration program. The development of a synthetic codling moth sex attractant or pheromone has made possible a new approach to codling moth control. It will allow the grower to use traps to time his sprays better, and at the same time reduce the number of sprays needed.

The codling moth hatches in broods a great deal like chickens. The traps when observed daily can be used by the grower to see when the codling moths emerge. The moth larvae hatches about 10 days after the moth emerges. Temperature can vary the time from emergence to when the eggs hatch. The growers can spray after most of the moths have emerged but before the eggs have hatched for the most complete control. Growers interested should contact the County Agent for how the program will work.

Predator Poison Program Halted

WASHINGTON (AP) — President Nixon ordered the federal government Tuesday to end its much-protested practice of poisoning predatory animals, a program critics say has brought wholesale destruction of wildlife on Western rangelands.

"We must use more selective methods of control that will preserve ecological values while continuing to protect livestock," Nixon said in his executive order announcing the ban.

"The old notion that 'the only good predator is a dead one' is no longer acceptable."

Traps, gunfire and killing young animals in their dens by mechanical means will still be permitted under the presidential decree, said Jack H. Berryman, head of the Division of Wildlife Services that administers the predator control program.

But Berryman predicted the ban on the use of poisons on both public and private lands by federal agents would substantially reduce the annual kill of animals and birds.

In 1970, the division reported killing or live-trapping 73,093 coyotes, 8403 bobcats, 403 bears, 121 mountain lions and 11 gray wolves. In addition, 210,774 acres of prairie dog villages were poisoned.

Most of the animals died after biting coyote getters or cyanide guns, or eating meat and grain baits laced with strychnine or the deadly poison 1080.

non-destructive predators as well as non-target species such as skunks, badgers, porcupines and opossums.

The poison ban came at the same time a special commission appointed last year by the Interior Dept. urged the government to abandon its "prophylactic control" in favor of a program that would zero in on specific animals damaging livestock or crops.

The commission said it found "little solid evidence of actual losses of livestock" from predators.

Federal agents are expected to begin immediately retrieving poison baits from the field, with all removed by mid-summer.

The program was initiated 57 years ago to control sheep losses on forest lands. It currently operates on an \$8-million annual budget, with the federal government contributing about \$3 million. The remainder comes from state and local governments and private associations.

The administration is expected to urge that more funds be spent on research to find ways to harmlessly reduce predator losses and to authorize 50-50 matching grants to permit states to conduct their own control programs.

The biggest beneficiaries of the old program are the Western woolgrowers, who claim losses to coyotes are increasing at the same time the price of wool drops. Asked if he thinks the Nixon action will be criticized by the woolgrowers, Berryman said, "Probably. This is going to be an interesting week."

PREDATOR PROGRAM DOES NOT APPLY TO STATE AND PRIVATE LANDS
 Lance Bailey, district attorney for Torrance County, told the editor Wednesday his opinion was that the announcement of end of poisoning predatory animals by federal government -- did not apply to state and privately owned lands.

State Statute No. 48-18-2 reads: Injury to animals -- Injury to animals consists of willfully and maliciously poisoning, killing or injuring any animal or domesticated fowl which is the property of another.

Whoever commits injury to animals is guilty of a misdemeanor. A misdemeanor is punishable by up to one year in jail and/or a fine of \$1,000.
