Carrizozo town council handles many problems--

Dogs, fire hydrants, school crossing, new hall, beer sign, property cleanup

A full house of council members and visitors attending the meeting of Carrizozo town council Tuesday night, and much business of importance to all Carrizozo people was dispatched as best as possible.

The dog problem was a knotty as ever with the added danger of several reports of rabid dogs in adjoining counties and two possible in Buidoso. Complaints seem to center on noise as much as danger from bites. Several neighborhoods apparently have dogs (and babies) who howl all night, seriously disturbing the normal peace and quiet of Carrizozo.

It was estimated by Ed Jones that the town has 2200 dogs, which would be nearly two for every resident and Clerk Viola Fenter said that only 70 people had paid town tax on their dogs, with the same conclusion that only a few dogs in town would have been vaccinated for rabies.

Tow immediate problems faced the council, if they started corrective dog measures. One would be to place to keep dogs, the other would be people to enforce already existing laws about dogs. Mayor Payne asked Utility Superintendent Johnny Johnson if he could get pen constructed to house dogs, answer was yes, and the mayor said they would get help needed on enforcement.

Upshot of all the conversation was a 'notice and warning' published in this issue which cites town ordinance, including penalties of \$300 fine or 90 days in jail for violation of this ordinance. Sounded like the town may not 'Go to the dogs' like Ed Jones said, after all.

Minutes of three meetings read, including information the Floyd Siegrist has been appointed to gas association board.

The new town hall is about ready for occupancy but first a retaining wall to keep water out will be built, new glue-down carpet installed and new furniture ordered. The whole bit will take at least a month.

Dutch Cox will receive final payment on this construction short only \$500 held up for completion of minor items such as vents. Council members were to look over the new building Wednesday.

Who owns the town hall became a question without an answer when County Commissioner Bud Payne reported that the commission wanted

to know if the town would consider making old (present) townhall into garage for ambulance. The council had already received request from Dutch Cox that the C of C be allowed to use the old hall as meeting place, for crafts and art exhibit and as office. The council liked this suggestion but first-- 'who owns the hall' will have to be cleared up.

Willos Hill, chief of Carrizozo Volunteer Fire Dept said that probably there would be a deed in the courthouse showing the town as the owner, but that in Santa Fe the State Fire Dept would have the local fire department listed as owner. Atty. Archie Witham will attempt to solve this problem immediately.

School Supt Jim Steinepreis, accompanied by board members Nat Palomarez, and Wesley Lindsay and Oliver Lamb were present to request closing of street between school buildings, "D" Avenue between 8th and 10th Streets. This request had been reviewed by the Town Planning Commission and given OK. The council said it was alright with them.

Just how the matter will be handled by school, working with the planning commission is yet to be worked out. Supt. Steinepreis said they were considering barricade for walkway between sides, with parking on both ends of the street. Suggestion was made by Tom Ward that school buses unload behind the school. A hearing will be held on the closing so it will be a few weeks before the job is accomplished.

Kenneth Larsen, planning consultant, was present to ask that the town go ahead with two more units of a comprehensive plan having to do with facilities and utilities of the town. He was referred to the planning commission for their thinking. Carrizozo's cost would be \$750.00 with one more unit to come for the completed plan. Storm runoff and future of recreation facilities now in use would be part of this planning. Mayor Payne asked planner Tom Ward for written report.

Town of Carrizozo appears to be in bad way for fire hydrants. Chief Hill said that a number had been taken out and never replaced, that several low pressure and some no water at all. That the last time an inspector was around in 1967 they wined and dined him good. Johnson was instructed to make check of how many new hydrants were needed and the workings of others, report expected at the next council meeting.

Mayor Bill Payne will attend the meeting of N. M. Municipal League in Las Cruces September 10-13, council offer of per diem was accepted.

Beer signs in three areas around town were discussed. One on town property intended be sold soon, should come down and Atty. Witham will write sign company suggesting they do away with the other two, one of which is a hazard to motorists rounding curve on US54 coming into town.

Atty Witham told the council that the town had at least \$1000 out in past due water bills, some more than \$200. He recommended that the town stay with a rigid 30-day notice arrangement, then cut the water off if payment is not made. This suggestion was accepted.

Police and magistrate court reports presented at the meeting contained names of juveniles-- Mayor Payne asked that two separate reports be made from now on, remarking that juvenile names probably should not be presented even to the council. The News should be able to print these records, but not the juveniles, after next meeting.

There's a collection of trash in arroya at Nogal, request was made that this be dumped in the Carrizozo sanitary ditch. Town has plenty of problems there now but will help if they can find out when the extra dump will be made.

Clerk Fenter brought out a thick packet of papers containing all the properties in town that should be cleaned up in one way or another. Letters about these will go out in the near future, and the letters followed up with more positive action.

Nicholas receives award

Ft. Hood, Texas, July 22 -- Army Chief Warrant Officer George E. Nicholas, son of George V. Nicholas, Carrizozo, was presented his second award of the Army Commendation Medal. The recipient must have demonstrated skills and dedication far above the average. CWO Nicholas earned the award while assigned as a section leader in Troop C, 7th Squadron of the 1st Cavalry Division's 17th Cavalry at Ft. Hood, Texas. His wife Mary, lives on Route 3, Belton Texas.

Two wrecks reported

On August 16, Robert Bowman of Anthony was traveling on Highway 18 north in the rain, his camper-pickup slid and rolled over. No injury, Officer Max Watson did the investigation.

On August 20 Linda Greer was driving to Carrizozo from Nogal when right front tire blew out on curve near Fern Sawyer entrance. She went off road, over-corrected coming back and pickup went into two-foot bar ditch, rolled over and came back up on its wheels. Accident happened about 10:45 a.m. Mrs. Greer was not injured but was expected to get checkup at Alamogordo. Lincoln County sheriff's department made the investigation.

State police officer Roland Vigil has been transferred to Santa Fe leaving officer Max Watson handling work around Carrizozo.

Attending were Mayor Payne, Councilmen Willie Silva, Roy Harman, Earl Fenter, Duff May, Witham, Johnson, Morales, Fenter, visitors Ward, Rich, Cox, Steinepreis, Lamb, Lindsay, Hill, Payne and Payton.

Frank Maestas writes in the Journal -- Coach Mondt said two changes have been made since the end of spring practice. Gabe Chavez, sophomore from Carrizozo, has been moved from QB to monster.

Conversation around the McKinley house -- "Weldon, I'm getting tired of you just hanging around and not doing anything. Why don't you find something to keep you busy." So Weldon went off and bought another patch of grass, something over \$300 grand, just so he wouldn't be bothering his wife all the time. It was the Charley Wilson place.

State highway department let bid for \$484,455 for 17.7 miles of road on SR 42 from Corona west toward Willard. That ought to cheer up the Corona people a whole bunch.

Rogene Alford and family were down for the rodeo, he said we ought to consider hooking up with the state junior rodeo association -- which would mean much more expensive stock contract and a lot more youngsters here. Rotarians will be talking some about what they think this rodeo ought to accomplish, maybe in this order, 1. chance for local young people to ride in competition, 2. place where parents can enjoy seeing their youngsters perform, 3. a one-day deal because this takes a lot of time from people who are pretty busy running their own business, 4. a chance to at least break even, 5. an activity for the town.

Sure admired those young steer riders, not all of whom really wanted to ride a steer but they sure wanted to try it. Anthony Serna was the smallest rider, second grader and son of Mr. and Mrs. Nick Serna. Eddie Malone from Tularosa had a good horse and he could ride -- one of the things that made the day worthwhile. Grady Lee Eldridge was another, he could also ride the steers.

Got to hand it to Joe Light, not only does he have a silver tongue but his lip work is real fine. Joe kept the rodeo moving in good shape. Won't say how accurate the timers were but they were speedy getting the times to Joe. Probably the guys with the hardest jobs were the gate keepers, they didn't get to see any of the rodeo. Torrance County started competing with Otero County for the first time. Lots of good riders been coming up from south, glad to see Mountainair score in this rodeo.

A bagpipe like Ed Wright was playing his three drone reeds, meaning they play same sound all the time, then a chanter reed with holes like clarinet to make the melody. First you blow to pump up the bag, then press your arm on the bag to keep sound going while taking a breath. bagpipes were popular in Scotland in the 15th century. Ed said pipers usually walk while playing, adds rhythm, takes around seven years to really learn well.

Swiped from Duffy -- Remember when a hero meant a person and not a sandwich?

Kleptomaniac: a person who can take almost anything in his stride. Didja realize?--That smog makes haze while the sun shines; that an arsonist is a person who heats and runs; that a campus militant is a teacher's pest; and that the easiest way to attract your wife's attention is by trying not to.

Parting thought: Nothing makes it easier to talk on your feet than having somebody standing on them.

This is not a discouraging word -- the News just likes to report things the way they are -- we're reaping the harvest now of many years of "don't change a thing" thinking ... at the hospital, business around town, looks of housing, lack of local pep ... all of this in one of the world's most beautiful surroundings and fine place to live.

Lastly -- a big thanks to Wes Lindsay. He said he would ramrod the rodeo, and if he had not made that commitment -- there would have been no rodeo. It was good fun for all who were there. Hope the dance was that good, sure know that the barbecue meat was exceptionally fine, on two occasions.

Lots of people came out to meet Carrizozo school teachers and staff Monday night at the Country Club, also to eat some barbecue meat, beans, salad, cake and cookies. When we say big, we mean around 150 people. Grady Mayfield, former president and long-time

member of the State Board of Education dropped in for visit and came to the barbecue. He is chatting with Terry Salgado, mid-school language arts teacher, Paul Salgado, high school English teacher, and Bob Stearns, member of Carrizozo Board of Education.

Close friend now Mr. President

Nogal, New Mexico
August 12, 1974

Dear Paul:

If letters and phone calls are any indication, I know that many people are wondering what I think of the fresh news from Washington, D. C. As you know, I have a silver cup, I found tucked away in a drawer tarnished with age, that I polished recently to read, "Presented by Class of 1931 for Excellence in Scholarship and Activities, won by Dorothy Gray." The cup is setting in a prominent place on my bookcase now. Our new President, Gerald R. Ford has an identical one.

During the years since that Class of 233 received diplomas in Grand Rapids, Michigan, I have maintained an exchange of Christmas greetings and occasional notes with the President, and a closer relationship with other classmates and teachers.

After the resignation of Richard Nixon last week, I received several calls from friends discussing the new position of our "Jerry" (whom we must now remember to address more formally). We were proud that he retained his allegiance to his friend, Mr. Nixon, as he has to each of us.

The whole Watergate affair, to my way of thinking, was more like a school prank that misfired. (I'm glad that President Ford does not intend to keep tape records.) It was unnecessary, small, and petty, not the type of thing our high federal offices should condone, but it was not criminal. Mr. Nixon had some pretty shoddy coworkers and shouldn't have tried to cover their mistakes. It was human and logical to be in on the cover-up. If he had immediately let us, the little people, know all, I think we'd have understood.

Do you often feel that we, the little people, are never heard? No one listens to our opinions? We vote. We write our Congressman, but what we think doesn't really matter? I have hopes of a different feeling now with my friend in the White House.

One reason I feel he isn't too much changed from the classmate who held not only the affection but the respect of his friends, is this little incident reported in the news. The morning after becoming President, he stepped out on the front porch of his home in his pajamas and to his amusing surprise, was greeted by reporters already on the job. He waved cheerfully and retreated to don a more appropriate attire.

I believe that the nation has the very best man living, at the helm. He cannot perform miracles by eliminating inflation, giving all the jobless work, or solving the numerous problems facing the legislators, but I'll guarantee he'll strive day and night to better the situation.

From high school days to now, he has applied the same attributes to his work and life. He is serious, religious, honest, humble, compassionate, diligent, and above all -- he listens. I would characterize him as the man most capable of filling the need today of an America wounded by the illness of her people's mistrust.

Many say they never heard of Gerald Ford until he became Vice President. He is not the ordinary politician. He is not flamboyant, nor even exceptionally colorful. He has a charisma all his own that is so totally and humanly trustworthy, we would confide our deepest concern to his judgement.

He is not quick to make decisions, but handles each question with a delving into all the facets, and then answers with care and conviction. He is soft spoken, sometimes eloquent, always conversational.

His wife is a lovely lady, his children a living tribute to their parents. One son is in religious studies, another in forestry, a third a June high school graduate, to work in Utah on a ranch before further education. Their daughter is a high school senior.

During the recent Lt. Governor's National Convention in New Mexico, Johnson Stearns and Maurice Hobson were able to obtain permission for me to sit in the senate gallery in Santa Fe to hear the Vice President deliver a speech. Security was too great. I could not shake his hand. I did call a greeting to let him know I cared, and I was there.

Next month I am going to visit my many friends and relatives in Grand Rapids, Michigan. I have not been back since 1939. I am sure to find a city basking in the pride of one of their boys being president. The old high school has a hero to point the way for future footsteps. I am humbly proud of my heritage and my friendships. I intend to tell the Grand Rapids people so.

I'll be back, for despite the fond memories of those Michigan schooldays, my heart remains in Lincoln County, New Mexico.

Sincerely,
Dorothy (Gray) Guck

Billy the Kid Rodeo in Carrizozo last Sunday was as smooth running as this steer who is about to get rid of its heavy load. The races were good,

the steer rides exciting. Turn to page three for full report and to page six for nine pictures of the action in Joe Sargent Memorial Arena.

Carrizozo has had 2.15 inches of rain in August.

There was a piper on the lawn at Tom Ward house last Thursday night and quite a few people gathered to hear the concert while others for blocks around could hear the sound of the Scottish bagpipe played by Ed Wright of Calgary, Canada. Ed stopped to do his laundry and E-Z Wash while on his way to Houston for geology course. Tom invited him to his house and the concert and lots of conversation was real enjoyable.

Good weather, good crowd, good action!

Billy the Kid Rodeo went off fine

The annual Billy the Kid Rodeo, put on by Carrizozo Rotary Club in the Joe Sargent Memorial Arena Sunday, drew a good crowd of spectators, plenty of contestants and the stock was real frisky making for good action.

Best prizes for the day were spread around the area. Niel Trammell of Tularosa won the all-around senior boy award, Grady Lee Eldridge of Capitan was best junior boy, no senior girl award given, Deann Kuben of Mountainair won the junior girl all-around belt buckle.

Junior event winners were Eddie Malone in barrel race, pole bending and flag race in 10-11 age group. Grady Lee Eldridge won the pole bending in up-to-9 and the goat hair pull in thru-11 age group. Shelly Eldridge in the flag race in up-to-9 Judy Gilliland won the goat tie in thru 11 age.

Senior event winners were Ward Alford in calf roping, Ray Hernandez in steer riding, Gary Vega in pole bending, Niel Trammell in barrel race, Loyd Engelking in flag race and Niel Trammell in goat tie.

Special event winners were Arlene and Niel Trammell in team roping, Tim Proctor and Jerry Lovelace in rawhide race, Jimmy Tucker in calf roping.

A lot of people were helping Rotarians all around the place. Wesley Lindsay assisted by Jim Steinepreis sort of ramrodded the rodeo. Unk Cosper, L. Y. Jackson, Henry Vega and Bob Stearns got an early start putting barbecue meat in the pit Saturday night. Charlotte and Marylin Rowin, Alton Whittaker, Barbara Lovelace and Margo Lindsay help gather things up and feed people.

Joe Light did fine job of announcing with Tom Ward, Ralph Dunlap as time keepers, Johnson Stearns, Ollie Lamb and Archie Witham as secretaries. Jim Cantrel, Dan Ware and Johnny Johnson took care of the gate, Johnny handled water truck.

Leandro Vega, Jack Hefker, Wesley Dross and Cecil Mitchemett were in the arena making things go. Henry Vega, Weldon McKinley, Ronny Eldridge, Butch Allen, and Charley Engelking help with the chutes.

Gnat Gnatkowski supplied the goats, Nick Serna manned the concession stand.

Dear Mr. Payton,
While vacationing at Baca Campsite near Lincoln, New Mexico, our ten year old daughter became lost and was lost for about four hours. The people of the nearby G bar F (G-F) Ranch turned out in force with vehicles, personnel, and horses to aid in the search. Others also volunteered their help. They did this on their own volition as soon as they heard that our daughter was missing. They sought only to help and asked nothing in return. This willingness to help and their concern for our daughter was deeply touching to us. We can only say "Thank You."
We would appreciate it if you would print this letter in your paper.

Going on vacation

To My Friends and Patients and the People who have been or may be covered by the services of the Lincoln County Municipal Hospital:

I truly regret that this week, starting August 18, I am leaving this area without medical coverage. Since June 1, 1973, I have endeavored to give the community 24 hour coverage, 7 days a week. My only absences have been necessitated by the requirements of the New Mexico State Board of Medical Examiners to fulfill their requirements of post graduate education to maintain my New Mexico license. While absent, I have been in constant contact by telephone, at my own expense, to see that proper care was available.

It is only because I am physically unable to continue any longer, that I have finally decided to take a week of vacation. In order to do this, I personally contacted a doctor to cover my practice and to keep the hospital open, during my absence. This was to cost me \$1,000.00 for the week, altho I would have exhausted all my liquid assets. I was going to do this, and was willing to do this for the sake of the community, and I'm a Damm Yankee and a Johnny Come Lately, yet.

When I learned, in spite of the efforts of the majority of the hospital board, the hospital was to be closed, I cancelled out this coverage, since I could in no way justify this expenditure other than a community service.

It is my sincere wish that none of will suffer any physical hardship during my absence. If I am to continue providing medical coverage as I have for the community, it is imperative that I have at least this week. Without it, I fear I would collapse completely, and you would be left without any medical coverage.

Hopefully, after this week, I shall again be able to provide you with full medical care, within the limited posed by the closing of the hospital.

Most sincerely,
AMY S. BARTON, MD

Three inch rain on LaMay

Capitan by Margaret Rench

A very dark cloud came our way this morning and before it arrived it gave three inches of rain at the Roy LaMay Ranch and vicinity, here we had a light trace of rain and it went on farther to the east and south east and it sounded as if it was giving a good rain. It now is giving a few drops occasionally in the sunshine.

Last weekend guests of Pauline McGarry were her 94-year-old mother, Mrs. G.L. Henson of Dallas, her sister Mrs. Fay Beidleman of Dallas, her sister Darline Bridges and niece Liza Bridges of Lawton. They arrived Friday and stayed thru Monday.

Mrs. Henson is such a delightful lady. She will have her 94th birthday December 28. She pieced two Lone Star quilts this year and is ever writing etc. She is such a joy to her family. She underwent surgery on both of her eyes this year but she does just great though she does not see too well. She is still a ray of sunshine.

The Eastern Star picnic and pot luck dinner at the Spring ranch last Sunday evening was a success with 30 present. Fritz and Helen Pfingsten were delightful hosts.

The United Methodist Womens rummage sale last week was a success. They will have a booth at the fair in which they will sell home baked goodies. Those ladies truly are working hard. Remember, the Lincoln County Fair in Capitan this weekend 23 and 24. It is a great place to meet old friends and enjoy the exhibits.

Mrs. Jack Shaw had a very happy surprise last week by a visit from a childhood friend none other than the daughter of the late Will Titsworth who was reared here until the age of twelve. She is Helene Titsworth Johnson of Burlingame, California. She has not ever been here to visit since her departure.

Mr. and Mrs. E. R. Salas of Lincoln have recently returned from a trip to Yonkers, New York, there they visited their son and family, Mr. and Mrs. Robert Salas and granddaughter Michelle. They report a most enjoyable vacation. Downtown New York is a half-hour's drive from Yonkers, so they were able to easily and leisurely visit the usual tourist sights such as the United Nations Building, Central Park, Rockefeller Center, The American Museum of Natural History and the Hayden Planetarium on 79th St. Of course a stroll on Fifth Ave. for a look-see into the many shops was inevitable. They took a ferry to go out to visit the Statue of Liberty, enjoyed the art museums, a drive through Harlem and The Village etc. One evening was reserved for the theatre where they saw Jane Powell in "Irene". Another day was set aside to go up along the Hudson River to West Point. The drive and the countryside is beautiful. At West Point they visited the museum and were fortunate to see the cadets on review on the parade grounds, which was a great sight. They also visited "Sleepy Hollow Country" when they visited Sunnyside, the home of Washington Irving. There they saw a most delightful presentation of "Rip Van Winkle" on an outdoor stage with the Hudson River as a background. Ofelia and Cy think that New York is a great place to visit but the West is the place to live.

The Jr. Riding Club is selling tickets this week for one basket of groceries and 10 lbs of meat to be given away at the Fair.

Work is progressing nicely at the park. Ditches are dug for the sprinkling system.

The Smokey Bear Museum has a wide variety of gifts for all occasions. New Mds. is being added.

We have two new city employees and they are Clint Owens and Allen Herrill.

Grady Lee Eldridge and Lloyd Engelking won trophies at the Billy The Kid Rodeo at Carrizozo last Sunday afternoon.

Mr. and Mrs. Gerald Dean, Sr. visited Mr. and Mrs. Doc Dean at the hospital in Albuquerque where Charlene is seriously ill at this time. I wish her a good recovery.

Mr. Merriwether son of Mr. Blundy Lane left Monday morning due to health. He wanted to spend one month, but his health started failing and a Dr.'s advice was to leave here and he did though he wanted to be here. His home is in New Jersey Sea Level and below. We wish him good health.

Arthur Zamora has served his time in the Army and will receive his discharge August 22 and will come home.

Mike Beltran of California came to make his home with his aunt Mr. and Mrs. Victor Ramirez at Ft. Stanton and will attend school in Capitan.

Mr. and Mrs. Ysabel Aldaz and Sherrill are making their home at Ft. Stanton where he is employed.

Mr. and Mrs. Gerald Dean, Jr. and family enjoyed one weeks vacation and fishing at Dulcie, N.M. It was a good trip but too short, Jr. said.

Karen Richardson is back at her duties at the Cummins store after one weeks vacation. Tony Padilla is now on his weeks vacation from the store.

School started Tuesday August 20. It is great to see the youngsters with their laughter, it is a great time of year.

Mr. and Mrs. Jeff Shaw of Las Cruces spent last week here with his parents Mr. and Mrs. Jeff Shaw.

Mr. Dalton Ross the new owner of the Branding Iron Saloon has changed the name to Branding Iron Lounge. There will be no kitchen, no steaks as before. Only warming sandwiches. There is lots of remodeling going on there and it truly is pretty.

Mr. and Mrs. Harold Cratwright and family just returned from two weeks vacation. They enrolled Kris in the Bisbee, Arizona, High School. Went to Camo Meetin in Prescott for one week. Then went to Missouri to visit Mr. Cartwright's relatives.

Debbie, Lloyd and Terrie Cartwright enrolled in Point Loma College in San Diego, California. They will leave here September 17.

Mr. Hoote Marr of Tularosa passed away Sunday and there were graveside services at 10 a.m. in Tularosa, August 21. He lived at Ft. Stanton for many years and has many friends here.

Jana Harris, daughter of Don and Mary Ann Harris is visiting her grand parents Mr. and Mrs. LeRoy McKnight at their ranch home. Her

parents and little sister of Gamerg will come for her and attend the County Fair.

Mrs. Chuck (Linda) Pankey and two daughters Shauna and Wendie of Las Cruces were weekend guests at home here this last weekend. Shauna will enroll in school in Las Cruces this week.

Jim and Jeanette Prince and three children of Grand Forks, N.D. were here for one week visiting her parents Mr. and Mrs. Roy LaMay and family. Also Mr. and Mrs. R. G. Stewart and five children of Los Alamos joined them for the family reunion.

Megan LaMay went to Socorro to the state student council workshop for one week.

Mr. and Mrs. Van White are the new neighbors of Mr. and Mrs. Roy LaMay. A lovely couple and a valuable asset to our Community.

Mr. and Mrs. Gordon Barham of Las Cruces, became the the happy parents of a son Bret Lee born at Las Cruces Hospital August 1, weighing 6 lbs. 11 oz. Mrs. Barham is the former Jan Randle.

Mr. and Mrs. Champ Ferguson attended the Billy The Kid Rodeo in Carrizozo last Sunday afternoon and they enjoyed it.

Guests of Mrs. Eltha Merrell were her son Mr. and Mrs. Bill Merrell of Las Cruces last weekend.

Mr. and Mrs. Joe McCarty who spent ten days with her parents Mr. and Mrs. Miles Williams of Nogal left for their home in Penn. Miles went with them for a weeks fishing and fun and will return this week. Miles is the Mail carrier for Nogal which started July 1.

Dr. and Mrs. D'Elia were hosts to a delicious nutritious dinner at their beautiful home in the peaceful patio honoring their employees and families. Who were his Lab. Tech Mr. and Mrs.

Larry Taylor, Sec. Catherine Loughridge, Frances Douglas and Margaret Rench. We had a most enjoyable happy time and are very grateful to them.

The Roundtable Club met at the home of Hattie Phillips in Linglin last Thursday August 15, with nine members and five guests present.

The members were Vera Beall, Eltha Merrell, Frances Shaw, Lorene Ferguson, Bessie Cummins, Marie Edgar, Mora Titsworth, Harriet McGinnis and the hostess. The guests were Frankie Tonn, Fronie Ramy, Winifred Cozzens, Vickie Shaw and Lorraine Cox.

The place favor were rain hats in travel case. The main course of the dinner was barbecued chicken. The usual salads, relishes, vegetables and dessert.

The dinner was served on her beautiful lawn. All had a good time though missed Mary Dean and Bessie Jones who were absent. I received a delightful announcement this

Lincoln County News, Aug. 22, 1974, Page 4 week. The Board of Regents, the Faculty and Graduating Class of the Highlands University announce the commencement exercises August 17th at ten o'clock. Degree - Master of Arts. Dolores Gavi Martinez. Dolores is another of our home town girls who reached her goal. I do congratulate her. The last time I heard from her was when she received her Bachelor's Degree from the University of Albuquerque. She now has reached another goal in her life. A Master of Arts Degree. She Majored in bilingual education (Spanish and English). This following school year she will direct the bilingual program in grades Kindergarten and first grade in all the schools including one parochial school in Socorro.

We are so very proud of her progress. I do wish her continued success and happiness and that she reach many more goals that she desires, in life.

Steers really won the rodeo

The Captain Dally Masters brought down a tough set of Steers for the Billy the Kid Rodeo and many of the young riders were getting down

on a steer for the first time. Their ride was interesting—but most were short—and not considering having wind knocked out or skin

roughed up, no one was hurt during this rodeo. Hard for us to identify all the young riders. You write the names and we'll print them next week.

Around Town

by Eleanor Payton

Mr. R. A. Pflingsten of Newburg, Oregon is a new subscriber to the Lincoln County News. He and his brother Charles Pflingsten and Mrs. Pflingsten arrived last week for a visit to Enroute home to visit Tucson, El Paso, and San Francisco.

Mr. and Mrs. Bradley Smith of Yuma, Arizona, are in Carrizozo this week visiting relative and friends. They are the house guests of Bradley's sister, Nellie Lee Baker.

Visiting at the home of Mr. and Mrs. Bill Payne last week was his brother, Tom, and his two sons, Jason and David of Van Nuys, California. While here Tom enjoyed playing golf on Carrizozo's new golf course and the boys played ball with the Little Leaguers.

Mrs. W. R. Wooten of Shamrock, Texas, is a guest of her sister-in-law, Mrs. Austin Wooten this week. Fay met her in Roswell Friday.

The Thomas M. Pherigos returned last Wednesday from Knoxville, Tennessee, where they visited their daughter and her husband, Mr. and Mrs. Kenneth Frost, Jr. and the Kenneth Frost, Sr. family of Oak Ridge, Tennessee. Highlights of their sightseeing were the Cumberland National Park in Kentucky and the grandmother Frost's home place up a beautiful canyon from Pineville, Kentucky. Their daughter, Paula, wished to be remembered to all her friends.

Donna Young of Littleton, Colorado is here this week visiting her aunt and uncle, Mr. and Mrs. J. S. Stearns and Mr. and Mrs. Robert Shafer.

Mr. C. A. Snow and his granddaughter, Robin Evans of Alamogordo, N.M., and Mrs. Drake, Texas last weekend to visit Mr. Snow's brother, Walter Snow. On the return trip they stopped at Rawls, Texas to visit another brother, Dr. Clyde Snow.

Mr. and Mrs. Harry W. Drake of Marshall, Illinois stopped in Carrizozo last Saturday and visited with Mr. and Mrs. C. A. Snow. Mr. Drake lived in Carrizozo forty-five years ago when he worked for the telephone company. He is a member of the Refrigeration Engineers Society and they were on their way home from an

A Bowl of Activities from Nogal

By Roby Burke

A cup of surprise for Louis!
A money tree was presented to Louis Caraveo, by Mrs. Sitten, Nogal postmistress, and Louise F. this weekend. Nogal is going to miss Louis, but he is very excited about school, and he plans to take secondary education. Louis will make a good teacher. He is patient and kind, yet strong and dependable. He wants to thank all of Nogal and Carrizozo for helping him in his desire for further education. He left for Silver City Monday to go to Western New Mexico University.

A cup of wisdom!
Once upon a time there was a little red hen who scratched about and uncovered some grains of wheat. She called her barnyard neighbors and we will have some fine bread to eat. Who will help me plant the wheat?
"Not I," said the cow, "Not I," said the duck, "Not I," said the goose. "Then I will," said the little red hen, and she did. The wheat grew tall and ripened into golden grain. "Who will help me reap my wheat?" asked the little red hen.
"Not I," said the cow, "Not I," said the duck, "Not I," said the goose. "Out of my classification," said the pig. "I'd lose my welfare benefits," said the pig. "Then I will," said the little red hen, and she did. Then it came time to bake the bread. "That's overtime for me," said the cow. "I'm a dropout and never learned how," said the pig. "I'd lose my welfare benefits," said the pig. "I'm the only one helping, that's discrimination," said the goose. "Then I will," said the little red hen, and she did.

She baked five loaves of fine bread and held them up for all the neighbors to see. They all wanted some, demanded a share. But the little red hen said, "No, I can rest for a while and eat the five loaves myself."
"Excess profits," cried the cow, "Capitalistic leanings," screamed the duck. "Company fink," granted the pig. "Equal rights," yelled the goose. And they hurriedly painted some picket signs and marched around the little red hen. When the farmer came, he said, "You must not be greedy, little red hen. Look at the disad-vantages free enterprise system, anybody in the barnyard can earn as much as he wants. You should be happy to have this freedom. In other barnyards, you'd have to give all five loaves to the farmer. Here you give four loaves to your suffering neighbors."
And they lived happily ever after, including the little red hen, who smiled and clucked: "I am grateful. I am grateful."
But her neighbors wondered why she never baked any more bread.

Recipe of the Week
The recipe this week is from Judie Burkhalter (an artist in Roswell) and also an artist in cooking.
2 c. sugar, 2 c. flour, 1/2 tsp cinnamon—Bring to rapid boil (two sticks oleo or butter) (4 lbs cocoa) Four over sugar flour and cin. Mix well and add 1 tsp. vanilla, 1 tsp. soda, 1/2 c. butter milk, 2 large or 3 med size eggs slightly beaten. Mix well put in 9 by 12 pan for 25 min. ICING: 4 tsp cocoa; 1/2 lb milk, 1 stick butter, heat and add 1 box of confection sugar, 1 cup chopped nuts, 1 tsp. vanilla. Ice white hot.
I ate this at Judie's house and it is delicious. Don't forget the Lincoln County Fair in Capitán. Get your Goodies Ready!

Drilling Third Gas Test Well
The possibility of striking more gas has lured the Houston Oil & Mineral Co. of Houston, Texas into drilling the third well in the Three Rivers area.
The company's discovery well, No. 1 LeWelling, was sunk 16 miles north of Tularosa. The 3,350 foot well produced a flow of gas at a rate of 200,000 cubic feet making it a marginal well.
The second drilling site was located, a company spokesman said, about 15 miles south of the LeWelling No. 1. That well, known as No. 1 State Lease 3724, bottomed out in granite and a new site was needed. It was located nine miles north of the City limits of Alamogordo.
The third well, No. 1 State Lease 2748, is located four or five miles from the place where the first well was drilled. The new location is in the south east quarter of Section 25, Township 12S, Range 9E on state land.
According to information released, the company will drill at least one more well besides the one currently under way. "If we get more encouragement, we might drill others," he offered. "We will just have to wait and see."
The location of the next well was not revealed but last month Houston and Minerals staked a new location near the old Albert B. Fall rodeo arena at Three Rivers, between the trading post and the ranch house occupied by Tom Ryan. That site was temporarily abandoned.

CARD OF THANKS

We wish to express our very deep gratitude and sincere thanks to the many kind people who worked so hard to put out the fire on our ranch on June 27. Had it not been for your good will, generosity, and vigorous efforts, our losses could have been immeasurable. We wish we could thank each one of you personally, and in some way repay each kindness. We shall always remember with great appreciation that when we needed help the most, there were so many who responded to our need. Thank you!

Racher back from visit

Lincoln News - By Hatlie Phillips
 Mr. Gordon Racher returned to his home in Lincoln last week from Detroit, Mich. He went to his nephews' wedding.
 He also visited his sister and other relatives including his son Ted and family who recently came back from Australia and are making their home in Detroit.
 He always enjoys his visits back there a lot.
 Mrs. Racher stayed at home to care for their vegetable and flower gardens and their business. They always have a good garden and lovely flowers. They also have a small greenhouse for added enjoyment.

Kenneth Taylor is working for the construction company putting the new water system in Lincoln.
 He will soon be going to Las Cruces to N.M. S.U. where he is enrolled.

I enjoyed having our August Round Table meeting at my home this week and was pleased to have Vickie Shaw, Frankie Tonn, Mrs. Cozens, Fronie Ramey and Lorraine Cox as guests. I missed the ones who were unable to come.

Mrs. Tony Leyba has been in the hospital in Roswell and was to have been released today. We hope she makes it home today and is alright again.

Edna Zumwalt entertained with a lovely dinner at her home last Sunday evening for her husband, Wayne Zumwalt's birthday. Everyone there enjoyed it tremendously.

Fritz and Helen Pfingsten also had a pot luck dinner for the Eastern Stars and their families. More later on that.

The John Werners family came by last Friday on their way home from a back-packing trip. They walked from Nogal Peak to the high wilderness country at the head of the Bonita and on the return trip followed the river down. They reported having had a wonderful time, didn't get rained on at all on the trip. When they got back to the spot near Nogal Peak where they had left their cars, it started raining.

Rhonda Barber is delegate
 I, Rhonda Barber, was delighted to have been a national delegate from District J to the 1974 Future Homemakers of America National Convention which was held in Chicago this year. There were 21 girls and 5 advisors from all of New Mexico who flew from Albuquerque to Chicago for five days of learning, and sharing exciting fun activities.
 I belong to the local Capitan FHA Chapter of which Mrs. Ray Provine is the advisor. I would like to thank the Chapter, Advisor and the local Lions Club for their support without which my trip would not have been possible.
 Having been to National Convention, I'm proud to tell you that members of FHA are going to have another great year!

Candidate Richard Sims says Montoya votes big spending

ALBUQUERQUE - Richard Sims of Albuquerque, formerly of Guadalupe County, says he will announce his candidacy for the 1976 U. S. Senate Democratic nomination Nov. 20. Sims, 44, says Democratic U. S. Sen. Joseph M. Montoya, Santa Fe, "has consistently voted for bigger government spending, foreign aid giveaways and ineffective programs such as the Office of Economic Opportunity."
 Sims says: "Sen. Montoya's positions are too liberal and too out of touch with the New Mexico people." He says: "Harold Runnels is the only New Mexico Congressional delegation member really in touch with what New Mexico people think, feel and want."
 Sims is a strong supporter of Alabama Gov. George Wallace and governor-running State Sen. Jerry Apodaca, Las Cruces Democrat. Born in Pastura, Guadalupe County, he attended Santa Rosa High School.
 He was in the cattle and sheep ranching business with his father, George Sims, at Pastura in 1949-55. He managed a Santa Rosa service station in 1955-57. Sims was in ranching again in 1957-65 in Santa Rosa and Roswell.
 An insurance agent, Sims was a Western States zone manager from 1965 to July 6 this year for Combined Insurance Company of America, Chicago. W. Clement Stone, Chicago, a heavy contributor to former President Richard M. Nixon's campaigns, controls the company.
 Sims is the first declared prospective Democratic primary opponent of Sen. Montoya. Already campaigning hard for 1976 reelection, Sen. Montoya has been in two-thirds of New Mexico's 32 counties this year.
 The 1976 Democratic presidential prospects pressed their campaign bids in Albuquerque at the National Legislative Conference and a series of other events. Alabama Gov. George Wallace and Texas Sen. Lloyd Bentsen would run well on New Mexico's conservative East Side, soundings showed.
 State Rep. Dan Berry, D-Eunice, said of Sen. Bentsen: "Definitely, New Mexico would go for him. He is strong on free enterprise. He wants more local control and less federal control."
 Sen. Odie Echols, D-Clovis, and Rep. John J. Mershon, D-Cloudcroft, said Gov. Wallace would carry Curry and Otero Counties if he runs again in the New Mexico presidential primary.
 Wallace carried 19 of 32 counties, won 8 of 18 national convention delegates and polled 49,000 votes in the 1972 New Mexico primary.
 Sen. Echols was master of ceremonies at a \$100-a-plate fundraising dinner for Sen. Apodaca's governor campaign. Texas Sen. Bentsen was principal speaker. Apodaca said the dinner, attended by 90, netted \$8,000 for his campaign.

Lincoln County News, Aug. 22, 1974, Page 8
 controlled the House since 1971.
 Rep. Berry predicted Republican Joe Skeen, Lincoln County Rancher, would carry Lea County heavily over Sen. Apodaca in the governor's race if the election was held now.
 Sen. John Morrow, D-Colfax-Union-Harding-San Miguel, agreed strongly with Alabama Gov. Wallace's states' rights stand.
 Sen. Morrow said: "Local people can solve their problems better than someone who knows nothing about their problems."
 Farmer Sen. Skeen whacked Sen. Apodaca's announced plan to set a voluntary limit on campaign spending. Skeen said in a speech at Jal, Apodaca spent more money than other candidates in the Democratic governor primary.
 Apodaca reported \$130,028 in campaign expenditures.
 Skeen campaigned for governor this week in Colfax, Bernalillo, Santa Fe, Quay and his home Lincoln County. A full schedule was set Tuesday in Lincoln County for conservative Skeen.
 Sen. Montoya said an appropriations bill passed Aug. 15 by the U. S. Senate contained \$2.5 million for a Los Esteros Lake construction project in the Santa Rosa-Fort Sumner area.

Sen. Echols warmly endorsed Apodaca for governor. Echols placed third in the 6-man Democratic governor primary won by Sen. Apodaca.
 Rep. Colin McMillan, R-DeBaca-Chaves, said he will run for House Republican Leader in the 1975-76 Legislature if he is elected to a third term in the House Nov. 5. He faces Roswell Democrat James F. Thompson.
 A Roswell geophysicist, Rep. McMillan is GOP House whip now. A speaker's race is under way between speaker Walter Martinez, Grants, and Rep. George Pennington, Bloomfield. Both are Democrats.
 Republican Rep. McMillan said: "House Republicans are not asking for any committee assignments, commitments or back room deals. We want even-handed treatment and a balance between political philosophies."
 Rep. McMillan said House Republicans might team with Pennington's Democratic supporters in the speaker's race "if we were assured of fair treatment." The speaker names all House committee members.
 Rep. Berry, a conservative, said Watergate and Nixon's resignation as president will exert no effect on the general election in Lea County. Berry said: "It was strictly for the person. Southern New Mexico people vote strictly for person."
 Berry, a Democrat, says: "Federal government is just too big." He noted Secretary of Interior Rogers C. B. Morton told the National Legislative Conference the U. S. Interior Department has 58,000 employees and he cannot control all policies.
 In the hot speaker's race Rep. Berry said: "I'm not ready to say we should try a Democratic-Republican coalition but I might a month from now." He said the powerful House Appropriations-Finance Committee should be realigned. Moderate-liberal Democrats have
