CARRIZOZO, N.M. 88301

Lordsburg is going through much the same routine with its hospital as is Carrizozo, with one new item. The Lordsburg people have been talking with Health Garde, Inc. of Salt Lake City about coming in to take over operation of the hospital under a management contract. The local Chamber of Commerce is forming a committee to see a physician.

A newspaper thrives on contacts, leads, tips, and people who contribute news of many kinds to our paper. We do pretty well except in the area of law enforcement where our pipe line clogged up two-three or more years ago for reasons we can not explain -- result is that accidents do happen and the News people never know until later -- later -- later. Sorry about that.

W-W

Community of Spearville, Kansas got a new doctor -- now they need money. A drive for \$20,000 was started last week.

W-W

We might get to thinking that the Village Press was hard to get along with except for one reason. Have had people quit us suddenly, one here and one at Estancia, and in both instances they quit their husbands at the same time.

W-W

Guess it means something to be a champion. We were pulling for both Clayton and Tularosa in the football playoffs. Jal, a champ of long standing, beat Clayton in close game. Artesia pulled it out in the fourth quarter after being down to Tularosa. We think the state championship AAA game may be played when Deming meets Belen -- like to see that one. The winner will then meet Artesia.

W-W

U's people having eye surgery hear all about not stooping over and not lifting anything. We waited until last Sunday night to make a fairly heavy lift -- then payed for it with two hours of pain in the eye. That's a funny reaction.

W-W

Christmas trees are available in the National Forest, but first you have to get a permit at the work station in Capitan, cost \$1.00.

W-W

During this Thanksgiving weekend we expect to complete our Christmas gift list and probably run around town a bit, on foot, doing some shopping. Got to remember Mayor Bill Payne with a small gift for the way he handles those town council meetings. Takes lots of patience. May be a handful of weight pills would be right. Want to somehow let Barbara Ward know that her efforts in getting a doctor are appreciated, and am thinking of a ribbon for when she lets her hair down. Some sort of gift, like a clock to time the various rounds, is in order for the new county commission -- that thing could be a free-swing for a time. We have a few spare locks like we use on newsstands, and we're going to donate one to a certain gate in memory of the "open road" that could have been. Got to send Duff a new pair of socks or something for staying with street repair project -- it's high time. We're thankful to the OES gals for selling such wonderful fruit cakes, will kiss the first one we can reach, not that it's much of a gift but will help our Christmas spirit. Will buy a tall one for Chuck who said he could see that advertising helped his business.

Here is a real, true and honest test of education. Why not put it to your children. Ask them if what they are getting in school equips them for any kind of work they may want to do after graduation. We think the economy will be perking along a lot better by mid-summer but even then jobs will be most plentiful for people who can "do something," like use their hands, their minds. Any sort of special skill will be helpful and we don't mean a college education.

Swiped form Duffy -- One smart idea would be a CAR POOL for parents with children of driving age.

A bride knows LITTLE about her husband until she has messed up the check stubs a couple of times.

DON'T postpone the handwriting on the wall UNTIL you have your back to it.

Testimonial: "Psychiatry has CERTAINLY helped me. A year ago I wouldn't answer the phone when it rang. NOW I answer it whether it rings or not."

New pitfalls in all-number calling turn up all the time. Fellow we know dialed the wrong number and wound up by finding himself talking to his social security account.

A family man is in danger of fallout every day when he opens the hall closet.

## Bones To Pick

In the anatomy of every community there are four kinds of bones:

1. There are the WISH bones...who spend their time wishing someone else would do their work.

2. There are the JAW bones who do all the talking, but very little else.

3. There are the KNUCKLE bones who knock everything that anyone ever tries to do.

4. There are the BACK bones who get under the load and do the work.

What kind of bone are you?

## Chamber of Commerce wants help planning museum for Carrizozo

At the meeting Tuesday night Carrizozo Chamber of Commerce people discussed the coming takeover of old town hall and how to best make use of this building. High on the list of proposals is to start a museum in some form or other that would best show the historical and interesting places in the county.

The C of C expects to have an office in the hall and is making plans to have it staffed at least during the summer months, and maybe all during the year at some future date. Meetings of the C of C will be held in the hall.

Joe Light led the discussion and ended up with a request to all people of the Carrizozo area to pass on their ideas and thinking about the museum to some of the Chamber people.

Jim Steinepreis had arranged for three speakers, first on the list being Dr. Anna Sage speaking on behalf of the New Mexico Medical Center Assoc. Dr. Sage told of the workings of this association and how it might help Carrizozo at some future date with a relief doctor.

Jim Rhodes of N.M. Department of Development, discussed the working of his agency in helping small communities, and came in for some stiff questioning about past experiences and future prospects.

Mary Rich told Rhodes that she had spent several days in preparing information on the town to be used in getting industry, that the D.O.D. would not keep this information on file and would come back for another such report for the next prospect. Mary also told him that the one industry in Carrizozo was brought here by Bank Securities, not the D.O.D.

Rhodes told the C of C people that it was a waiting game. His department could not give out names of prospective industries because of the

confidentially they required.

When asked if an industrial park would benefit the town -- Rhodes said he thought such an investment would very much benefit the town and put it in a better position to get more jobs through industry.

Rhodes also pointed out that the migration of industry to western states is constant, because companies are looking for areas without labor troubles, and also wanting to get away from metropolitan areas. This migration is expected to increase in coming months and years.

He also noted that New Mexico is 4th or 5th in the nation in energy supply, that lots on money is now being spent in the farming area.

Mayor Bill Payne was the "third speaker, outlining the proposed bond vote now scheduled for January 21. Mayor Payne said he wanted people of Carrizozo to understand that this bond issue would do two things -- first, supply better water pressure and more fire hydrants for the town, and second, supply matching money for the \$310,000 in grant money which would be used to construct an industrial park. The town will also add two wells to the water system from bond money.

Part of the bond money would be used for water and sewer system in the park, and part of the grant money would also be used for water and sewer there.

Mayor Payne said he thought the town had a 95 percent chance of getting the federal funds, also that the town had worked for a long time on getting an industrial park, and now seems to be the right time.

The C of C voted \$50 to be used by Med-we-care in showing prospective doctor around the area. Development of the museum will be discussed at the next meeting.

## Vehicles collide at intersection

On November 21 at 5:42 p.m. Willie Vega was traveling east on US 380 approaching the intersection at the exact same time Mr. and Mrs. W. J. Powell of Albuquerque pulled out after stopping at red light going north to make a left turn onto US 380.

State Police Sgt. Jack Johnson of Capitan happened to be posted at the corner watching traffic. Jeff Freeman was on US 54 at the stop sign headed south and witnessed the accident.

According to the official report made by Officer Dale Housley, the Vega vehicle went into the intersection at approximately 60 miles per hour, did not put on brakes and took no evasive action to miss the Powell vehicle. Vega vehicle hit front end of Powell vehicle on left front end, spinning it 90 degrees.

Vega was cited for DWI, careless driving and driving without headlight.

All three occupants were admitted to Gerald Champion hospital in Alamogordo for various injuries. Mr. Powell had broken right arm, lacerations on left side of head. Mrs. Powell had lacerations on mouth, head and fractured ver-

brae. Mr. Vega had several broken ribs, lacerations on right elbow, left knee and lower lip.

Sgt. Johnson said he saw the Powell car give right-of-way to one vehicle at the intersection. Freeman was trying to back up as he saw the accident about to happen, feeling sure his car would be hit -- it wasn't.

The Powell car was full of around \$20,000 in Indian jewelry, all of which had to be inventoried by the State Police. Powell's son has jewelry store in Albuquerque, and Powell himself had been out on selling trip.

## Scott reorganizing

What probably needed to be done several months ago, is now underway at Scott Industries in Carrizozo. Jim and Carolyn Cantrell are working to separate their part of Scott Industries (in Carrizozo) from the rest of the company and place it on a solid financial basis. Jim Cantrell told the News Monday that he fully expects things to work out but it will be two maybe three weeks before all details are worked out and the plant in operations under the new setup.

## Community invited

Due to holiday traffic volume the scheduled visit by the prospective doctor and his wife has been changed to Friday, November 29. Accompanied by a representative of the National Health Service, Mr. Burdette Morago, their estimated arrival in Carrizozo is approximately 3:00 P.M., Friday afternoon.

Everyone in this community as well as the outlying areas is invited to attend a reception given for the doctor by Med-We-Care, Inc., and its general membership to be held at the Recreation Center here in Carrizozo at 8:00 P.M., Friday evening, November 29.

Let's show this doctor that we really want him to be with us and swell our attendance at the reception.

## Extra guest for

### Thanksgiving at Withams

Mr. and Mrs. Archie Witham are the parents of a baby boy born Saturday, Nov. 23, 1974, at 5:30 P.M. at Gerald Champion Memorial Hospital in Alamogordo. He weighed in at 7 lbs. 8 1/2 ozs. They have named him Robert Norman.

## Christmas fund for Ft. Stanton

Ervin Aldaz, fiscal officer at Ft. Stanton, told the News this week that all banks in Lincoln County are accepting donations to a Christmas fund that will be used to make a happy holiday for students at Stanton who have no money. Amounts of any size are acceptable.

They are planning a genuine Christmas party at Ft. Stanton. There will be a special program, gift opening, dinner for the students and lots of

decorations around the Fort.

The money will be used to buy toys or anything else that would make a happier Christmas for the students. There are about 65 students who do not have any Christmas money.

Mr. Aldaz said that the county has been real generous in the past and they really appreciate this Christmas giving.

## Thanksgiving 1974 wonderful in Lincoln County!

We think back over the years and there is Frank Fetter who reported weather for our newspaper for many years. At the end of his report Frank always had a few encouraging words, things were always going to work out fine and in Frank's life they certainly did because he took them that way. Much like Margaret Rench in Capitan who can see the silver lining in most any cloud.

On those real bad days the News editor looks at a sign right in front of our typewriter which reads: "When you find yourself surrounded by alligators, it is difficult to remind yourself that your initial objective was to drain the swamp" That's a cleaned up version but generally satisfying.

It is some hard to be joyful over national and world affairs after reading the morning newspaper, fact is, we have come to be a genuine headline scanner because most of what follows is bad stuff world-wide. But then, we can walk out the door into the clean air, view the mountains all around, see all the green stuff in our yard from the good moisture which is Lincoln County's lifebook -- and our spirits soar to meet a beautiful sunrise.

When times tend to be bad the meat is fat and beans are tough, we frequently remember how Mother Clara Payton faced the not-so-good years of the 20s and 30s. That wonderful lady could make two-bits worth of beans stretch for days, and had plenty of opportunity to do so without ever letting hard times get her down. There is plenty to be said for an indomitable spirit, even in Carrizozo.

After close to 15 years in this place we've come to appreciate how people here take things -- for the most part, in stride. Our boom times have been modest, so we don't get bad shakes over what many other communities might call bad times.

We heard the phrase from a stranger to our community this year, that Carrizozo was a town that never gave up and fell into oblivion like a lot of small towns. The town always battles back.

That "fighting back" spirit is what we like best. Probably there are lots of poor people around town, using federal government standards, which aren't worth a tinker's damn. But, to the best of our knowledge, there are no hungry people here, or people without sufficient clothes for this wonderful climate.

It all boils down to, "what do you expect out of life". Around Lincoln County we've got most of the good things right here -- for free. Lots of fine people for companionship, a vast area of open country to walk in safely on the darkest night. We do have jobs for most of those who want to work. There's wood and pinon nuts to gather, deer meat and fish for those who like the wild flavor. We have our churches and schools, that will return as much as you put into worship of the Lord or effort to obtain an education.

On many occasions in the past we've known Lincoln County people to go all-out in giving a helping hand to people in need. One of the great traditions of this area is the way families take in extra children and raise them to manhood. Another great tradition is the way people meet, mix and enjoy all the wonderful recreation facilities of this town and area.

All of these great and good things are present with us, and among us by the grace of our Lord on this Thanksgiving Day 1974. May your day be one of joyful praise and thanks that you are privileged to live in such a land.

The News outdoors reporter, Sally Tolbert, says the trout have been biting good in both Carrizo and Bonito Lakes. Here you see George

Sooter, assistant foreman at Rock Lake Rearing Station at Santa Rosa, and Jim Steinepreis watching a load of trout going into the Carrizo Lake.

Golfing weather could not be better in Lincoln County and especially so at the new Carrizozo

Recreation facility. Joe Light and Sally Ortiz are shown here after their recent first flight win in the Carrizo Mountain golf tournament.

The art of Thanksgiving

The art of thanksgiving is thanksgiving. It is gratitude in action. It is thanking God for the gift of life by living it triumphantly. It is thanking God for opportunities by accepting them as a challenge to achievement.

It is thanking God for inspiration by trying to be an inspiration to others.

It is adding to your prayers of thanksgiving, acts of thanksgiving.

A cupfull of thoughts about a good marriage

Together's isn't the only thing in marriage gals! You don't have to play golf just because he does. Good marriages are often based on strong differences says Michael Adler, a marriage counselor.

Couples who try to do every thing together may actually be causing themselves unhappiness. If one spouse likes to do something and the other does not, this would be an occasion for celebration instead of being a problem. Different interests give the couple a chance to be apart and it eliminates the loss of individuality.

Couples who mutually supply each other's lack seem to stay together longer. It is terribly exciting to tell each other about their different projects and couples get a better perspective and keep respect for each other so do your thing gals and let him do his.

Roby's Boy

"Dear Roby, I read in the consumer mag that men are twice as likely as women to succeed at losing weight, and men don't regain it as easily according to survey. John D.

"Dear Roby, Two years ago while ironing I was burned, not severely, but I had much pain. For some reason I put oil of winter green on it, which immediately took away all pain and left no tenderness. You might try it. Carol Wickens.

"Dear Roby, The TV reruns are confusing. The other night I saw Dr. Marcus Welby puzzled by the same disease he cured last winter. R.M.

A Thanksgiving thought - We look for what we find.

Two prisoners gazed out from behind their bars. One saw the mud, the other saw the stars.

The best way to appreciate your job is to imagine yourself without it.

It would be nice to have taxation without misrepresentation.

Mr. and Mrs. Glenn King have their three daughters home for Thanksgiving; Mr. and Mrs. Mike Scaccia, and son Michael of Readville, Mass., Mr. and Mrs. Frank Metver and two daughters of Bryan, Texas, Rev. and Mrs. Jim Elam and three children of Duncanville, Texas.

Mr. and Mrs. Welcom Armstrong will spend Thanksgiving with their son John and wife Ruth in Albuquerque, and they will be joined there by the rest of their family.

Mr. and Mrs. J. E. Thornton will spend Thursday with Arnold and Dorothy Boyce.

Mr. and Mrs. R. W. Calloway returned recently from a four weeks vacation in Haywood, California with their son and family, Mr. and Mrs. John Garcia and family, their two sons Billy and Bobby. Mrs. Calloway flew to Portland, Oregon to see her grand-daughter and her two great grand-daughters, and the Calloways report a wonderful trip.

Tucson, Ariz. after taking tests and seems to be feeling better, he has been working very hard in Lincoln County, maybe you better take it easy for awhile!

At St. Anne's Episcopal prayer group, at Allene Luck's home in Ruidoso last, the program chairman Marion Spencer suggested that we read Power in Praise by Merlin R. Carothers. Please read it. It is great. The next meeting will be in January at Roberta Burkstaller's home in Nogal.

By the way Gayle Porter went deer hunting with her family and that gal shot the deer herself, how about that. Roby Richardson told me that they were having guest from Lincoln for Thanksgiving.

Sarah Dockery brought her parents, Cille and Arnold up to see the raccoon this week. She is a darling little three year old.

Happy Thanksgiving to all Roby

**Athletic Club**  
 The regular meeting of the Capitan Athletic Club was held Thursday, November 21, at the school cafeteria with starting time at 7 p.m. The meeting was called to order by the secretary Rhonda Barber.  
 The minutes of the last regular meeting and the special meeting were read and approved. The treasurer reported on the financial status of the club. It was reported that a total of \$738 was brought in from the sale of tickets for the raffle, with the raffle still to be paid for.  
 The Club would like to take this opportunity to thank every one who bought any of these tickets or who helped in any way with this project. All help is appreciated.

The profit from this raffle is being used to purchase blazers for the athletic teams in Capitan High. Prices from various businesses are being obtained at this time. Final decision will be made at the next meeting. Bright orange blazers of washable double knit will be bought for 21 girls and 11 boys at this time. Additional blazers will be purchased at a later time.  
 Another item of business was the Lincoln County Invitational Basketball Tournament to be held in Capitan on January 9, 10, and 11, 1975. Several projects to promote this activity was discussed. It was decided to purchase hats that will feature all five participating teams, as well as seat cushions, and pins. There will be hats

boosting teams from Capitan, Carrizozo, Corona, Hondo, and Ruidoso. Seat cushions will feature the Capitan Tigers.  
 Pins will be available to boost the Lincoln County Tournament, 1975. The Club wishes to stress the importance of boosting this as a Lincoln County activity. It is hoped that all five communities will actively boost this endeavor and make it a success for Lincoln County.  
 The next meeting is set for Thursday, December 5, 7:00 p.m. in the school cafeteria. All interested persons are encouraged to come and participate. Memberships will still be accepted.  
 The meeting was then adjourned by president Norman Renfro.

**Tiger Raffle**  
 The Capitan Athletic Club would like to announce that they are now selling tickets for a stuffed Tiger to be given away the night of December 7 at the basketball games with Cloudercroft.  
 The Tiger is a big one and would make a lovely Christmas gift for someone — besides helping the athletic teams of Capitan High. Tickets can be purchased from Athletic Club members. They may also be purchased at the first home basketball game on December 6. Or, the tickets may be purchased the night of December 7.

**Tigerette Basketball**  
 On Saturday, November 16, the two Tigerette teams from Capitan traveled to Weed to face two strong teams from Weed.  
 First action of the night saw the Tigerette Junior Varsity fall to Weed by the score of 43-10. Starting for Capitan was Lisa Lamb, Donna Cooper, Megan LaMay, Trina Zamora, and Mary Gutierrez. However, all girls on the team saw some action.  
 Scoring for Capitan was Lamb with 6 points and Cooper with 4 points. From the free throw line Capitan was 0-4.  
 Score by quarters: Capitan 0, 2, 4, 4, total 10; Weed, 6, 20, 11, 6, total 43.

The varsity team didn't fare much better as they were subdued by a score of 59-27. Starting quintet for Capitan was Becky Renfro, Debra Burkett, Rhonda Barber, Alice Fillingim and Sue Abercrombie. Others seeing action were Elizabeth Jenkins, Bernie Gomez, Angie Zamora, Donna Cooper, and Trina Zamora.  
 Scoring for Capitan went this way: Renfro had 8, Fillingim, Abercrombie, and Gomez had 4 each; Jenkins had 3; and Burkett and Barber had 2 each. From the free throw line Capitan was 3 for 6. Three players were lost in the fourth quarter by the foul-out rule.  
 Score by quarters: Capitan 4, 1, 14, 8, total 27; Weed, 7, 22, 15, 15, total 59.

Of special interest concerning Weed is that Weed does have a new gym.  
 The Tigerettes next game was November 26. They traveled to Carrizozo to tangle with the two Grizzly teams. Game time was set for 6 p.m. Hope you were there.

**Tiger Basketball**  
 This season the boys basketball schedule will feature a slightly different look. There will not be a Junior Varsity or B Team this year. Instead there will be a Varsity team plus a 7th-8th grade team. As much as possible, games for the 7th-8th grade team will precede the Varsity game. Watch the calendar carefully for these events.

Remember to purchase your season tickets for all these boys games as well as all girls games. Call the school to get details about these tickets. First home game is December 6 against the Alamogordo Sophomore team. See you there!  
 The members of the 7th-8th grade team are Adam Aldaz, Byron Carpenter, Ricky Clifton, John DeWeber, Lonnie Dunn, Farrel McKay, Ronnie Montes, Wesley Pounds, Tim Proctor, Manuel Ramirez, Ray Staggs, Scotty Townley, Alex Trujillo, and James Woolly. The coach is Richard House.

**Police report October 74**  
 A total of 42 calls were made or answered 3 arrest, 15 traffic citation and 1 warning. Police car driven 2,230 miles, 292 gallons gas used.  
 James M Laird, D.W.I. Fine \$100.00, Vickie M. Freidhoff, Speeding, Fine \$10.00; Derald Stuteville, No Safety Helmet, Fine \$5.00; Robert L. ## Hazel Luck teacher of year

Mrs. Will M. (Hazel) Mayer was selected by the Clovis Education Association to be Teacher of the Year. Her birthplace was Fillmore, Okla., daughter of Mr. and Mrs. B. L. Luck. The family moved to Lincoln County in 1919. The Lucks had the Alto store and post office from 1922 until 1953.  
 Hazel attended the one room school house at Alto and later taught there for two years. She graduated from the Capitan High School. Her college work was at N.M. State and she obtained her B.S. and M.S. degrees at E.N.M.U. She had special advanced study at U.N.M., U. of Denver and San Diego State University.

At present she is director teacher of the trainable mentally handicapped in the special education department at Marshall Jr. High School in Clovis, a position which she has held since 1963. Explaining this program, Mrs. Mayer said the goal is, "for the individual to become a contributing member of society mentally, physically, emotionally and socially, and as an adult to be able to contribute to the economical usefulness of his family through employment in a sheltered workshop."  
 In 1947 she was selected to participate in a pilot program to evaluate the John Dewey Progressive

## Remember all our blessings

by Margaret Rench

I do wish everyone everywhere a healthy and happy Thanksgiving. Remember, all of our blessings for we do have many.

Many hunters are still in this area and there has been good hunting weather for them to enjoy. Though it rained some in the mountains and it became much colder this Friday.

This week Smokey Bear Museum closed Tuesday and Wednesday. They have had many visitors. One lady from Sydney, Australia was a visitor on November 16. It pleases us to have people interested in that museum.

Mr. and Mrs. Boise Rountree of Long Beach, Ca. spent several days visiting his mother Mrs. Rench, and left for their home Thursday morning. It was great having them and we had a very happy time.

Thank you hunters for responding to the Veteran's call for the deer hides. They have received a good number.

Mrs. Vera Beall of Lincoln was a business visitor on the Ruidoso Friday. Mrs. Kingston, Miss Lou Harris accompanied Mrs. Rench to Ruidoso on business and we talked to Mrs. Beall.

Mr. and Mrs. Jack Beall of El Paso spent last weekend visiting his mother Vera Beall.

The report of the senior play held Friday night at the school was good. A large crowd attended.

The trees at the Kingston property were trimmed and they look much better. Leaves are still falling.

The Capitan Roundtable club met at the home of Frances Shaw, Thursday, November 21. Twelve members were present and two guests. They were Eltha Merrel, president, Vera Beall, Secretary-treasurer, Mora Titsworth, Hattie Phillips, Harriet McGinnis, Bessie Jones, Bessie Cummins, Lorene Ferguson, Marie Edgar, Mary Dean, Frankie Tonn, and the hostess Frances Shaw. The guests were Winifred Cozzens and Nona Anderson.

Decorations were Thanksgiving cornucopia and fall colors. Place favors were napkins rings. Baked ham with the usual vegetables, relishes and desert. Just every thing delicious. Which all did enjoy together.

At their business meeting plans were made for their Christmas Party to be held at the home of Mora Titsworth in Tinnie the third Thursday in December. Vera Beall and Mora Titsworth will host it together.

Mr. and Mrs. Paul Brazel of Bandon, Oregon were guests of his aunt, Mr. and Mrs. Champ Ferguson at their ranch home Monday thru Wednesday last week.

Mr. Brazel Hartley and sons Mathew and John of Las Cruces spent last weekend. Champs sister, Mr. and Mrs. Joe Evans of Alamogordo visited them last Saturday. Billy Ferguson of El Paso spent last Thursday with them.

Their Sunday guests were Mr. and Mrs. Wallie Ferguson and family of Carrizozo and Louise Ferguson of Capitan.

## Holiday ideas presented

Holiday ideas galore will be presented on December 4, 1974 at the Recreation Center in Carrizozo. The exhibits will open at 1:30 p.m. on that Wednesday. There will be everything pertaining to Christmas to see and learn how to do it. The Extension Clubs of Lincoln County are sponsoring the idea exchange and the public is heartily invited and welcome.

There is no admission charge and everyone is urged to add to their ideas with this exhibit. Christmas crafts, gifts, foods, decorations, etc. will be all on display. It is a great way to get acquainted with some new ideas.

## First clinic in Carrizozo

Monday, December 2, Carrizozo Clinic in Health Office 9:30 a.m.-4:30 p.m.

Wednesday, December 4, Capitan Clinic will be held in Capitan School 10:00 a.m.-2:00 p.m.

Thursday, December 5, Hondo Clinic in Hondo School 10:00 a.m.-2:00 p.m.

Monday, December 9, Ruidoso Clinic at White Mountain School 10:00 a.m.-12 noon.

Thursday, December 11, Corona Clinic at Corona School 10:00 a.m.-2:00 p.m.

## Donation helps Cemetery fund

The Capitan Woman's Club met on November 14. The program was given by Eve Ball, local author. She gave a spellbinding account of her experiences in obtaining material for a future book on Apache Indians. Ms. Ball has authored several books, some available, some out of print. She may be contacted in Ruidoso as to the availability of these books.

Members present included Delores McInnis, Marsha Allen, Kathy Dean, Juanita Abercrombie, Daylene Huey, Pauline Britton, Emmeline Beck, Pat Hicks and Angie Province. Guests were Pauline McGarry, Eve Ball and other out of town guests from Ruidoso.

President Daylene Huey was pleased to announce the donation of \$250.00 towards fencing Capitan Cemetery. This donation was made by the Village of Capitan and should be a good start on the approximate \$2,000.00 needed to complete this club project.

A report was made on the future museum at Ft. Stanton. Work will begin on the refurbishing of the building as soon as money is received from the Bi-Centennial Commission. The project is to be completed enough to have a dedication ceremony at the Woman's Club convention next year. The District IV Convention will be held in Ruidoso, co-hosted by the Ruidoso and Capitan clubs.

## Meeting in Eaker home

The Friendship class of the Baptist Church met last Monday evening in Edith Lenard's home.

The meeting was called to order and the devotional given by Joan Means. Due to the absence of the secretary Nancy Miller, Joan Means gave the secretary's report. The treasurer's report was given by Catherine Eaker.

There was a business meeting. Catherine Eaker announced her Christmas party which will be in the Fellowship Hall of the Baptist Church at 7 o'clock Dec. 17th.

Those present for the meeting were: Rachel West, Dorothy Current, Madel McDaniel, Catherine Eaker, Effie Chisholm, Joan Means, Faye Wooten, Emma Swift and Minnie Thornton.

## NMVA Executive Board Appoints Lopez

Meeting in Santa Fe on Friday, November 15, 1974, for its fourth meeting of the year, the New Mexico Vocational Association's Executive Board appointed Tino Lopez, Jr., formerly of Carrizozo, who is currently serving on the board, as the 1975 Summer Vocational Education Conference Chairman.

The 1975 Conference will be hosted by Eastern NM University in Portales during the week of August 4-7, 1975. Approximately 700 vocational educators from throughout the state will attend the yearly Conference.

## Clarks share interests

Second Lieutenant Charles S. Clark, Jr., and wife, Donna, work with and instruct explorer scouts of Hooks Post, Texarkana, Tx., in orienteering procedure.

The Clarks led the Hooks explorers on an extensive canoe trip on Cossatot River in Ark., earning a 50-mile patch from the Boy Scouts of America. They took them on weekend trips to Camp Albert Pike and Elliott Lake at Red River Army Depot.

The current goal of the explorer post is working toward a Presidential Patch in Orienteering through the President's Council for Physical Fitness.

Donna is a Lincoln County gal by birth. She's the daughter of Mrs. Morgan Maxwell of Clauch and the late Lawrence Peebles of Alto. Her grandmother, Mrs. Charlie Peebles, resides on the Peebles' Ranch near Alto.

The Lieutenant is an engineer, amateur photographer and woodcraftsman at Red River Army Depot. His academic achievement at N.M. State University, where he majored in electrical engineering, provide a good background for his depot work.

Donna is a graduate of N.M. State University majoring in education. She had a year's experience in teaching in the state of N.M. Besides helping in the explorer scout work she devoted many hours to serving as chairman of the Thrift Shop, a non-profit activity of RRAD Wives Club. Proceeds of the shop are donated to worth while charitable organizations of the community.

## Bud Arendts have son

Mr. and Mrs. Bud Arendt of the Foster Ranch are proud to announce the adoption of a son, Cody Lee, born early November, 1974, weighing 12 1/2 ounces, and measuring 19 inches long.

Grandparents are Mr. and Mrs. V. E. P. deLeon of Kopperl, Texas and Mr. and Mrs. H. Arendt of Stephenville, Texas. Maternal grandparents are Mr. and Mrs. Lee Pendleton of Dublin, Texas and Mr. and Mrs. S. R. Schrouff of Chillicothe, Texas. Paternal great grandparents are Mr. and Mrs. E. D. Hale and Mrs. Gertrude Arendt of Stephenville.

## \$2,000 needed for project

Fencing for the Capitan Cemetery is the project undertaken by the Capitan Woman's Club. Approximately \$2,000.00 will be required for the fencing, not including labor. Various projects are being planned to raise this money including a quilt raffle just before Christmas. Raffle tickets may be obtained from club members, Daylene Huey, president. Contributions in memory of loved ones buried in Capitan Cemetery may be made at this time.

# Legal Notice

## NOTICE

The most important aspect of the laws, rules, regulations governing dogs, cats and pets is **CITIZEN RESPONSIBILITY AND CITIZEN CONSIDERATION** for the safety and privacy of their neighbors and other community residents. Laws protecting owners of dogs and cats and non-owners can be enforced effectively only if the citizens themselves know and understand the law, support and assist in their enforcement. Lincoln County residents must assist the County Government, animal control, staffs, municipal veterinarians and humane society representatives, district health officer and Sheriff, in safeguarding animals and protecting the citizenry from vicious animals and abandoned or stray pets and above all, from rabies.

If every citizen assumes his appropriate responsibility - either tying his pets or reporting vicious, stray and abandoned animals, the governmental authorities will be effective in safeguarding the residents and preventing rabies.

Though the rabies problem is serious the most effective and economical approach to enforcing the law-governing dogs and cats is citizen awareness and active assumption of their responsibility to tie their dogs and cats. If this is accomplished then the Sheriff and Municipal authorities will have a better opportunity to control stray and abandoned dogs, the number of which does not at, this time warrant the establishment of a County dog and cat control staff, costing thousands of dollars. The Sheriff and his deputies can most likely respond to the need to control and disposal of abandoned and stray animals. However, the governmental authorities cannot assume responsibility that by law rests with the owners of dogs and cats.

At this stage in the quarantine declaration, efforts should be made to inform the County residents of their legal responsibilities of protecting their community neighbors and other residents from their dogs and cats. Many people may not realize New Mexico state law requires all citizens to vaccinate, tag and tie or confine their pets. Also Lincoln County citizens may not realize that the Sheriff may dispose of the animal after a reasonable effort to encourage a dog or cat owner to tie his pet has failed. To tie or confine a dog or cat or not to tie or confine a dog or cat is not a free choice of the pet owner. The law requires it!

On October 28, 1974 the Regional Health Director, Dr. David L. Michaels issued an order establishing a rabies quarantine for Lincoln and Otero County. The authority to establish the quarantine is section 47-1-2.65, N.M.S.A., 1953. Below is cited the State Law governing cat and dog ownership and responsibilities by agency, gov't unit and citizen and respective legal references:

### TEXT OF STATE LAW

47-1-6 - Quarantine - Any district health officer may declare a quarantine against rabies within the health district of his jurisdiction when in his judgment rabies exists to the extent that it is a danger to public health. Upon such declaration, all dogs and cats within the health district shall be confined on the premises of the owner or keeper, in a veterinary hospital, commercial dog and cat kennel or in a municipal animal shelter. After reasonable effort to apprehend any dog or cat running at large and uncontrolled by its owner or keeper during a period of quarantine, any peace officer may kill the dog or cat and properly dispose of the body. A quarantine shall not be removed except on order of the district health officer. Dr. Michaels Quarantine Order requires Lincoln County pet owning Citizens to:  
a. Securely fasten pets upon a leash at all times.

47-1-2.1. Vaccination of dogs and cats required. - Any person who owns or keeps a dog or cat over the age of three (3) months in this state shall have the dog or cat vaccinated against rabies annually with a vaccine approved by the director of the health and social services department. All antirabies vaccine shall be administered by or under the supervision of a licensed veterinarian.

47-1-2.2. Vaccination certificates and tags. - The veterinarian who administers antirabies vaccine to any dog or cat shall issue to the owner or keeper of the dog or cat a serially numbered vaccination certificate containing the name and address of the veterinarian, the type of vaccine used, the name and address of the owner or keeper of the dog or cat, a description of the dog or cat vaccinated, the date of vaccination and the expiration date of the period of immunity. The veterinarian shall also furnish the owner or keeper with a metal tag bearing the certificate number and the expiration date of the period of immunity. The tag shall be affixed by the owner or keeper to a collar or harness and shall be worn by the dog or cat for which the certificate is issued.

47-1-2.3. Vaccination of dogs and cats brought into state. - Any dog or cat brought into the state shall be securely confined by the owner or keeper until vaccinated against rabies, which vaccination shall be administered within one (1) week after entry into the state unless the owner or keeper has a certificate of vaccination issued by a veterinarian in another state or foreign country and such vaccination conforms to the requirements of this state.

47-1-2.4. Notice to health officer of animal bite - Confinement. - A When any person is bitten by an animal, it is the duty of such person or his parent or guardian and of the owner or keeper of the animal immediately to notify the district health officer. Except as provided in subsection B of this section, the owner or keeper of the animal immediately and at his own expense, shall confine it securely for ten (10) days at a place designated by the district health officer. Every physician shall, within twenty-four (24) hours after his first professional attendance upon a person bitten by any animal having or suspected of having rabies, report to the district health officer the name, age, sex and address of the person bitten.

B. If the person bitten is bitten by a dog and if the owner of the dog produces a valid and unexpired certificate of vaccination for the dog issued under section 47-1-2.2 NMSA 1953 evidencing vaccination at least three (3) weeks prior to the bite, then the owner shall be per-

mitted to keep the dog at his own premises for the required period of ten (10) days. Owner confinement shall be permitted by the district health officer if he has declared his area of jurisdiction a rabies-free area. No animal may be released from confinement except by a person designated by the district health officer.

47-1-2.5. Dogs or cats bitten by rabid animals. - Any dog or cat bitten by an animal known or proved to be rabid shall be killed immediately by its owner or by a peace officer, provided that any dog or cat which has been vaccinated at least three (3) weeks before being bitten shall be confined for ninety (90) days. At the end of the confinement period the dog or cat shall be released if declared free of rabies by a licensed veterinarian. If as determined by the veterinarian, the dog or cat develops rabies during the period of confinement, the owner or keeper shall have it killed and properly disposed of.

47-1-3. Vicious animals - Rabid or unvaccinated dog and cats - Procedure following death from rabies. - It is unlawful for any person to keep any animal known to be vicious and liable to attack and injure human beings unless such animal is securely kept so as to prevent injury to any person. It is unlawful to keep any unvaccinated dog or cat or any animal which has shown any symptoms of rabies except that, if such animal has bitten a human being, it shall be confined for a ten (10) day period. If the animal dies during the confinement period, the head shall be immediately sent to a laboratory by the district health officer.

The head of any animal suspected of having died of rabies shall be immediately sent to a laboratory designated by the health and social services department under such procedures as specified by the department.

47-1-4. Failure to kill - Penalty. - It is the duty of any person who is the owner or keeper of any animal, the keeping of which is unlawful, to cause such animal to be killed. Failure to comply with this section, after knowledge by the owner or keeper of the fact which renders such keeping unlawful, shall subject such owner or keeper to a fine of ten dollars (\$10.00) and costs, and each day's failure to comply is a separate offense.

47-1-5. Running at large in municipalities. - Each municipal corporation shall make provision by ordinance for the seizure and killing of all dogs and cats running at large and not claimed or harbored by any person on their premises.

47-1-6. Enforcement. - Municipal corporations may provide enforcement of sections 47-1-2 through 47-1-7 NMSA 1953 by ordinance. In any area where dogs and cats are not controlled by ordinance, the sheriff or any peace officer shall provide for the disposal of any unvaccinated dog or cat not under ownership and control.

47-1-9. Abandoned dogs and cats - Notice to owner - Disposal without liability. - A. As used in this act (section), "custodian" means the owner or operator of a veterinary clinic or hospital, a doctor of veterinary medicine, a kennel, grooming parlor or other animal care facility.  
B. Any dog or cat placed in the custody of a veterinarian, kennel, animal clinic or hospital, grooming parlor or other animal care facility shall be deemed to be abandoned if, after the term of any agreement for board or other care has expired, the dog or cat has not been reclaimed within ten (10) days after written notice has been given the owner or his agent by registered or certified mail.  
C. Any dog or cat deemed abandoned under the provisions of subsection B of this section, may be disposed of by the custodian if not reclaimed. Notice of the intent to dispose of a dog or cat shall be given to the owner or his agent by registered or certified mail. Such notice when sent to the address given to the custodian by the owner, shall relieve the custodian from all liability to the owner or his agent for the disposal of the dog or cat.

D. The custodian may turn over an abandoned dog or cat to the municipal or county animal control center, pound or shelter for disposal by them. Nothing in this act shall affect the holding time or notice procedures regarding any municipal or county control facility which is owned or operated by, or is under contract or franchise to a municipality or county.  
E. Nothing in this act shall relieve the owner of a dog or cat for the payment of all reasonable charges for medical or care services rendered to the dog or cat while in the custody of a veterinarian, kennel, animal clinic or hospital, grooming parlor or other animal care facility.

NOTICE is hereby given that on October 30, 1974 Eagle Creek Inter-Community Water Supply Association c/o Mann Engineering, P.O. Box 2034, Roswell, New Mexico 88201 filed application number 0173 & 783 with the STATE ENGINEER for permit to amend existing facilities to include on channel storage and to change point of diversion by the construction of a storage dam and reservoir having a capacity of 3403 acre feet, with a corresponding water surface area of 74 acres, outlet to be located within the SE 1/4 NW 1/4 Section 32, Township 10 South, Range 13 East, N.M.P.M., at a point whence the Northeast corner of said Section 32 bears North 48 degree 13' East, 3817.3 feet distant, Dam to be on Eagle Creek, tributary of the Rio Ruidoso, Rio Hondo and Pecos River, and used for municipal purposes and request the right to divert and store 6 cubic feet per second. Excess flow is to be measured into and out of reservoir. The existing diversion dam on Eagle Creek will be flooded by the storage dam and will be replaced by the storage dam.

The properties of the dam are as follows: Maximum height, 165 feet; crest length, 940 feet; width of spillway, 115 feet; discharge capacity of spillway, 12,200 cubic feet per second; outlet conduit 36 inch steel pipe having a capacity under full head of 257 cubic feet per second. Municipal water use by the Village of Ruidoso and Capitan has increased so that Alto Reservoir (constructed in 1964) is no longer adequate to meet the demands. Additional storage is necessary to retain, for municipal use, all flow up to 6 cfs (the quantity permitted under File No. 0173 and 783) whenever it occurs.

Any person, firm, association, corporation, the State of New Mexico or the United States of America, deeming that the granting of the above application will impair or be detrimental to their water rights, may protest in writing the proposal set forth in said application. The protest shall set forth all protestant's reasons why the application should not be approved and must be filed, in triplicate, with S. E. Reynolds, State Engineer, P.O. Box 1717, Roswell, New Mexico, within ten (10) days after the date of the last publication of this Notice.
