Resource Area election near

The South Central Mountain Resource Area RC&D will hold its annual meeting and election of officers at the Carrizozo Recreation Center June 24, Tuesday.

Chairman Bill Gage will give the annual chairman's report. He states that 17 project measures have been completed during this past year. The key project to this area is the assigning of a soil survey party to Lincoln County.

The Soil Conservation Service has assigned three soil scientists to do a standard soil survey

of the County. Since the South Central Mountain Resource Area was formed in 1968 it has accepted 160 project measures and completed 97 of these.

All interested people are urged to attend and take part in your RC&D which is "a locally initiated and sponsored activity that provides an opportunity for local people in an area to develop the natural and related resources to meet their needs and objectives, improve the economy, and provide a better place to live, work and play."

The meeting will start at 1 p.m.

NMHSRA honors Fern Sawyer

The 28th Annual New Mexico High School Rodeo Assn. Championships last week in Tingley Coliseum, Albuquerque, were dedicated to a Lincoln County resident, Fern Sawyer of Nogal, All-Around World Champion Cowgirl in 1947.

Fern Sawyer has judged the state high school rodeo championships the past 27 years and will be a judge in August at the U.S. High School Rodeo Championships in Gallup.

A ranch operator in Lincoln County, Fern Sawyer will turn her attention next week to branding where she will practice some of the skills a lifetime of ranch life has given her.

In the high school championships program the officials of the N.M.H.S.R.A. had this to say about Fern Sawyer:

"Many high school associations across this great nation and Canada have many famous rodeo names backing their program. But only here in New Mexico can the High School Association boast of having the All Around World Champion Cowgirl as one of their most avid backers.

History has recorded endless names of great men who carved out a place for themselves while settling the west. Along the way a nameless historian made the remark that the real heroes of the west were not the great men but the women that stood beside them. Such is the case with Fern Sawyer, dedicated backer and booster of the New Mexico High School Rodeo Association.

Fern's background and rodeo credentials read like a Zane Grey novel. She was born on a ranch in Southern New Mexico and as a young girl learned the how and why of the cow business from that great tutor-experiences. She developed her skills with horses until she was considered an expert by her cowboy peers.

It was only a short step from the ranch into the rodeo world where her accomplishments go unchallenged. She was the All Around World Champion Cowgirl in 1947. She rode bulls, roped with the best men, ran the barrels and was rated among the world's best in the cutting horse event.

In 1949 she retired while she was still on top and shortly afterward became involved in the New Mexico high school rodeo program. Fern has worked as a judge in the Queen Contest and cutting horse contest. She will be working in this capacity again in 1975, so watch for this colorful

personality as the rodeo performances go on.

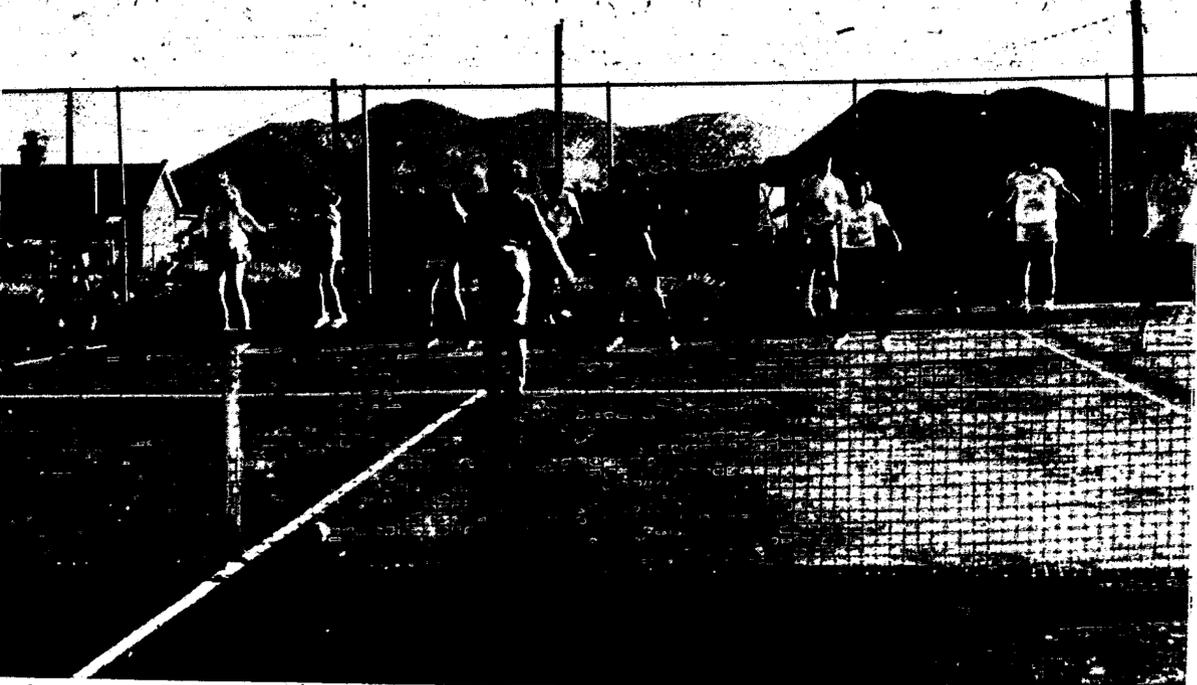

Over the years she has organized, chaperoned, judged and supported with her personal finances the N.M.H.S.R.A. Never once has she been asked to do a job that she didn't produce. Never once has she turned down a cowboy or cowgirl when they asked for her assistance.

It is this fine lady, Fern Sawyer, we honor in 1975. In dedicating the High School Rodeo Finals to Fern, we the cowboys and cowgirls, parents and go-workers, now and from 28 years past say "Well done faithful servant."

Fern says she was highly impressed with the professionalism shown in the high school championships this year as in years past.

The high school-age rodeo performers, she says, can hold their own in any adult competition—from bull riding to bulldogging.

Fern was presented with a huge trophy at the championships in Tingley Coliseum.

The first of three two-week sessions for youngsters at Sunda Tennis Villa at Nogal opened Monday morning with calisthenics on the tennis courts. Young tennis players from Hobbs, Roswell, Las Cruces, Ruidoso and

Omaha, Neb., are participating in the first session—with five hours of tennis instruction per day from Herman Burkstaller, tennis camp operator and member of the U.S. Professional Tennis Assn.

Tennis life is active

Physical conditioning in important to tennis players; this is why each day starts at Sunda Tennis Villa in Nogal with calisthenics—followed by a hearty breakfast and then tennis instruction for two and a half hours and another two and a half hours in the afternoon.

Evening often finds "students" on the courts on their own competing against one another in the cool crispness which is common in Nogal in the late afternoon this time of year.

Youngsters from a wide area are participating this week in the first of three two-week tennis camp periods at Sunda, operated by Mr. and Mrs. Herman Burkstaller.

Herman Burkstaller is a member of the U.S. Professional Tennis Assn. He competes nationally each year in USPTA-sponsored tennis tournaments.

Tennis camp manager is Louis Carraveo of Lopez Mateos, Mexico; counselors are Damon Burkstaller, Canon City, Colo., and Jim Johns of Roswell.

Camp cook is Linda Calloway of Carrizozo who knows how to please hungry young people—three times a day.

A pet raccoon, a St. Bernard, Shetland pony and hereford calf plus two friendly small dogs help make tennis camp life interesting.

Music fills the dormitories in the evenings. But tennis is the name of the game.

Each of the students, Burkstaller says, has had two years of tennis. They are no novices—even the youngest of the students who is 10.

Calisthenics? In the invigorating—morning air, it's a pleasure to limber up with heavy exercise. Then comes tennis, tennis and more tennis. Skills sharpen, play more precise. At the end of the two weeks, some potential pros emerge.

And many will be back next year to further sharpen their games.

Students participating in the first session are Loyd Brown, Joe Dean, Pat McCormick and Dana Ewing, all of Hobbs; Katy McBee, Omaha, Neb.; Robert Mitchell, Peter Mitchell,

Tracy Daniels and Mills Naranjo all of Roswell, Keven Leger, Las Cruces and Nancy Haake, Ruidoso.

The second tennis camp will be July 6-20, the third, July 21-Aug. 4.

Soil survey emphasized

The Lincoln County Planning and Zoning Commission Tuesday night approved a letter to Clem Weindorf, Roswell, concerning a soil survey currently underway in Lincoln County. Weindorf heads the soil conservation service of Roswell.

The soil survey has been started in a remote area of the county. The P and Z members asked that Weindorf come to Lincoln County to outline the project. He will be asked to move the survey to the south-central or more populated area of the county.

Also at the Tuesday meeting, Ivan Hall, Southeastern New Mexico Economic Development District, reported on a land use study which is about complete. It includes housing groupings, density of population, road mileage and other information of value to P and Z.

Present for the meeting were Bill Seelbach of Ruidoso, chairman; John Allen Hightower, Pat Rooney and Emmeline Beck, members, Gregg Houssler of Capitan, soil conservation service, and Hall.

Range Openhouse
WHITE SANDS MILLE RANGE, N.M.—A demonstration by the Golden Knights, the U.S. Army Parachute Team will be a highlight of the program for the July 12 open house at White Sands Missile Range. The 15-man team will come to White Sands from its headquarters at Ft. Bragg, N.C. The open house, from 10 a.m. to 3 p.m., will be in observance of WSMR's 30th birthday and the Army's 200th anniversary.

Fast Gas is quite a horse

RUIDOSO DOWNS, N.M.—Fast Gas, the handicap sprinter whose career earnings are up around the \$100,000 level, gets a little more elbow room in Friday's feature at Ruidoso Downs.

The allowance affair, offering a \$2,500 purse, will cover 5 1/2 furlongs and salutes the All-American Championship Indian Dances. Weekend-turf action in the cool pines continues through Sunday.

Saturday's program will be headed by the \$4,500-added Flying Charm Stakes at 870 yards. On Sunday, New Mexico-bred two-year-olds move onto a centerstage for the \$30,075 Kindergarten Futurity at four furlongs. First post each race day is 1:30 p.m.

Fast Gas, owned by William Burns of Alamogordo, has long been a force in Southwest sprint stakes. The gelding was known for his burning early speed, his ability to carry heavy loads, his knack for making money, and his remarkable consistency.

The gelding, now eight years old, has won 21 stakes races in his long career. Instead of quick early speed, he appears to be relying on a stretch punch.

Fast Gas made his seasonal debut in a hotly-contested four-furlong sprint last week, but had a hard time keeping up with the crowd down the backstretch. After the turn for home, however, he was really flying. He ended up fifth behind Kinnibold, Mr. Tattoo and Jimmylin. He'll tote the same load this time. And the fact he'll be stretching out from four to 5 1/2 furlongs figures to give his stretch move that much more wallop.

Here's a look at the field, in post-position order: 1—Martha Custis, 113; 2—Fast Gas, 118; 3—Inky, 115; 4—Berambo, 118; 5—Bold Dunes, 118; 6—Go McLin, 118; 7—McCoy's Regards, 118; 8—Harbor Hauler, 118; 9—Bob Speck, 118-10—Daddy's Little Man, 118.

Inky, trained by Brooks Claridge for the powerful stable of B.R. Evans of Tulsa, Texas, knocked off two wins at Ruidoso Downs last summer. The four-year-old gelding grabbed an allowance sprint early in the season, then posted a 3/4-length win in a division of the Jockey Club Stakes at seven furlongs. Willie Lovell will be up.

Martha Custis, in lightly with Jeff Thrasher, could be the upset factor. The filly turned in a brisk closing rush last time out and ended up fourth as an 8-1 shot.

Go McLin failed to get untracked in his last start. In '74, he hung up back-to-back wins at Ruidoso—both by wide margins. Bob Speck won smartly at Sunland earlier in the year but he was unable to get rolling in his two Ruidoso tries so far this season.

Here are the nominees for Saturday's Flying Charm Stakes: Savannah Lark, Basura, Bay Gem, Flashy Country, Master Salls, Norgor, Requested Honor, Let's Get Started, Hy Divy, Gollimits Phoebe, Big Badger Bar, Bar Ray Joe, Gallahad's Boy.

Fire extinguished
Carrizozo volunteer firemen extinguished a brush fire across the tracks in Carrizozo in a grassy-brush area near the railroad tracks, Tuesday afternoon. No habitations were threatened by the blaze—fed by salt cedars and heavy brush and fanned by a brisk wind.

Action is evident at the Sunda Tennis Villa at Nogal when instructor Herman Burkstaller takes on two tennis students on his Nogal courts.

An added attraction at the tennis camp is a breathtaking view of Carrizozo Peak and other Mountains.

4-H Horse Project Draws Big Response

CHICAGO, ILL. — A red ribbon tied to a horse's tail means he's a kicker. If his ears are pinned back, he's angry; if they're pointed directly at an object, he's frightened—or interested!

Horse lovers nationwide will find a lot of fascinating and practical facts about their favorite animal in information-packed 4-H horse project aids, a multimedia approach to instruction recently made available through the National 4-H Service Committee

with the support of Purina Horse Chows.

Broad subject range

The project covers such subjects as practical horse psychology, genetics of coat color, intermediate trail riding, and equitation. It also deals with health hints, principles of foot care and shoeing, saddle selection and construction, training, and buying a horse.

Materials include 10 printed lessons and worksheets, and 15 slide sets with accompanying tape cassettes

and scripts. Lessons, worksheets, and audiotapes may be ordered separately. Additions to the series are being developed and will be offered later in the summer.

Authorized by experts in their fields, the 4-H horse project was prepared by a group of Cooperative Extension Service program specialists with the financial and technical aid of Purina Horse Chows, Ralston Purina Company.

Orders pour in

Tyrus W. Thompson, assistant director of the committee, called response to the project "overwhelming." Orders for 300,000 printed lessons and worksheets were processed in the first three months of 1975, he said.

Originally developed for use by 4-H youth in programs conducted by the Extension Service, the materials also have proved popular with adults—from breeders to showpeople to weekend riders.

The response is not surprising, since horses are being used by more people today in pleasure activities than at any time in the nation's history. In fact, riding is so popular nowadays that the bride path sometimes becomes the bridal path for horse lovers who decide to get married on the trail rather than in a traditional setting!

A descriptive brochure on 4-H horse project aids is available from the National 4-H Service Committee, 150 N. Wacker Drive, Chicago, Ill. 60606.

Horses are more popular than ever, and so are the multimedia 4-H horse educational aids made possible with the support of Purina Horse Chows, through the National 4-H Service Committee, Chicago. The aids—including lessons, worksheets, slides, tapes and scripts—are created by horse specialists with the guidance of a committee chaired by Dr. Melvin Bradley, extension horse specialist, University of Missouri.

Alto water district election is scheduled

An election on the question of organizing the Alto Village Water and Sanitation District will be conducted July 8 from 8 a.m. to 7 p.m. for electors living in the district.

Polling place will be the Alto Village Welcome Center on Highway 37 at Alto.

District Judge George Zimmerman signed an order calling for the election, Thursday of last week. Boundaries of the Alto district are on file

with the district court.

Judge Zimmerman has ruled that any resident of the district may ballot in the election—property owner or not.

In court last Thursday, attorneys for Bob Scribner of Scribner's Ranch, Alto, asked that Scribner's "prior rights" be recognized in the election petition. Scribner has a water system which currently supplies water for the Alto area.

Judge Zimmerman ruled that statements by attorneys for Lakeside, Inc., made in open court will stand as a guarantee of those rights.

Attorney Jack Eastham assured the court that no sale of water system bonds will be made without protection of the Scribner rights. Proposed is a \$1 million water and sewer project for Alto.

Judges of the election July 8 will be Thomas Kirk, June Platt, Coleen Wilson; clerks will be Adelaide Weber and Phyllis Wheeler, with Ocie B. Patterson and Beatrice Stevenson to be alternates. Electors also will ballot on who shall comprise the first board of directors for the water district. Three property owners will be chosen.

Bus ministry in operation

"What is a Bus Ministry?" This question has been asked here in Carrizozo more in the past few weeks than ever before. Perhaps a Bus Ministry could be many things to many people, but to the members of the Church of Christ that meets at 117 C. Avenue it is nearly a hundred small smiling faces. It is a two year old child singing "This Little Gospel Light of Mine" while holding one finger in the air. It is getting up an hour early each Sunday morning to get the buses and their voices warmed up and ready to go. It is joyfully running to the door to see if little Johnny or Susie is ready to come to Bible School. But most of all it is experiencing what true Christianity is all about, LOVE.

The Bus Ministry keeps everybody that is willing to work busy. There is a place for everybody in such a work. People are needed that are willing to give of their time and energy to helping others. We have just such people here in Carrizozo. The captains on our buses are Earl Bevil, Alton Talley and Guy Brown. These men are in charge of the buses while they are running their routes. Our Secretaries are Ann Wright, Kayleen Brown and Jean Cox. Our Drivers are Joe Shafer, Gordon Brown and Bryan Wetzel.

Our Song leaders are Donny Shafer and David Wright. Many other people are needed to operate each bus. We have runners to go to the doors to get the children, singers to keep up the spirit and many workers to keep the children coming and learning about Jesus.

The Joy Buses pick up children of all different denominations. Many of our riders go to the church that they normally attend on Sunday morning and then ride with us on the buses on Sunday nights and Wednesday nights. We welcome people of all faiths to come and join us whenever you can. We would love to have you.

The buses run between 9:30 and 10:00 each Sunday morning and between 6:15 and 7:00 each Sunday and Wednesday evening. We are still in the process of expanding our total program, so there will always be room for you and your children. Parents, if you would like us to come by and pick up your children on any of the three times each week, please give us a call at 648-2948 as soon as possible. Come and join us for a wonderful and thrilling Christian experience. May God bless you always.

Sonny Bannings
Bus Minister

Winter here mild in comparison

Carrizozo, Capitan and Ruidoso may have had a cold, snowy winter last winter, but it was nothing like the cold and snow being experienced by crews constructing the trans-Alaska pipeline.

Workers there know what it is like to work at 35 to 60 degrees below zero. It's tough, but it can be done.

The pipeline runs from the North Slope to Valdez manage, according to Petroleum Today magazine.

Cold on top of Nogai Peak in mid-February doesn't compare with the North Slope.

In some ways, in Alaska, cold weather is an advantage. With the coming of winter, swamps, lakes and rivers freeze, so transportation is easier. Workers pump water from beneath the ice of the Yukon River to build an ice bridge 3,300 feet long and five to six feet thick—strong enough to support the heaviest truck.

The cold is hard on both men and equipment. In the old days, drivers kept their trucks from freezing by mixing kerosene or diesel fuel with

lubricating oils. Or they would build a fire near their equipment.

Today, there are special cold-weather lubricants and greases. Vehicles are parked inside heated garages or are plugged into electric heaters. Outside, engines are run continuously to keep them from freezing.

At 25 below, exposed flesh freezes in one minute. Workers wear special arctic clothing, loose layers that can be removed one at a time to prevent overheating.

High morale is vital under such working conditions. After a day's work, crews come back to comfortable quarters, movies, television (including such sports programs as the World Series), libraries, billiards and pool, ping-pong, and most important of all—superb food.

The North Slope of Alaska has estimated proved reserves of 9.6 billion barrels of oil and 26 trillion cubic feet of natural gas. By 1977, it is expected that some 1.2 million barrels a day of oil will start moving through the line to Valdez.

Lovelace scholarship awarded

Kathy Hopper of Corona is the recipient of the first Holt Lovelace Memorial Scholarship.

Judy Lovelace explained the scholarship in a speech at the recent Corona school Awards Assembly.

Mrs. Lovelace said in the speech: "Most American parents want only the best for their children and in the 'Dreams' of Americans, most parents want their children to have at least as good an education or training as they have had, and, hopefully perhaps a little better. No matter what else happens to one, the education that one gets or the skills that one learns cannot be taken away, and, in today's world, education and skills are as important to young women as they are to young men if they are to become contributing and self-sufficient Citizens of our nation.

"The Holt Lovelace Memorial Scholarship was established because Holt was so vitally interested in young people, in their activities, their training, and their plans for the future. He felt that all young people should accept responsibility and, if they could prove their ability, that they should have the opportunity to further their training or education. Because of his great interest in young people and his work with them in many organizations—Boy Scouts, 4-H, and Rainbow Girls, to me it seemed fitting to perpetuate his memory by the establishment of a scholarship fund for some deserving young person in the area where he grew up—where he knew and loved so many of our neighbors and the young people of the community and the area. I believe Holt would like to be remembered in this way and for these reasons I have established a scholarship fund in his memory.

"So many generous contributions were made toward the scholarship by his many friends, it is hoped that this scholarship fund may be continued through the years, and that it will be a means for deserving young people to get started at either a trade school or college of their choice.

"We hope that we are able to add to this scholarship fund each year and that it will be possible to have this as an annual award.

"A five-member Board of Trustees has met to evaluate the applicants. I would like to thank Betty Donahue, John Nalda, Royce Washburn, and Warren Armstrong for serving with me on this board and helping to make the difficult choice for this first memorial Scholarship. It was indeed a difficult decision as there were seven applicants, and we wished we could have made seven awards.

"In addition to the money sent for Holt's memorial Scholarship, this year the Board of Trustees has received \$100 in Contributions in memory of another of our dear friends, Mitch Nalda. The Board of Trustees chose to make this a separate award in memory of Mitch. So this year we have two awards to make towards scholarships.

"After much deliberation and the consideration of many factors, the board agreed on the recipients of these two awards.

"In memory of Mitch, I am presenting a scholarship for \$100 to Leslie Carwell.

"The winner of the first Holt Lovelace

Driver is cited

Arnold Ortiz, Jr., of Albuquerque was cited by State Police June 3 for no driver's license and "left to center" after an accident on U.S. 380 near the golf course out of Carrizozo.

A car driven by Ortiz sidwiped a pickup-travel trailer driven by Maynard Moore Stover of Miami, Ariz.

Damage was extensive to all vehicles involved. State Policeman Watson investigated.

Demo chairman to speak

The Lincoln County Democratic Women's Club will sponsor a dutch treat buffet dinner this evening, Thursday, June 12, at 6 o'clock.

Location will be the Holiday House in Ruidoso. After the dinner, Ben Alexander, Democratic chairman, New Mexico, will present a workshop on "Rules and Regulations of the Democratic Party of the State of New Mexico."

All interested persons—men and women—are invited to both the dinner and workshop.

Alexander, of Hobbs, is founder and president of A D A & S Oil Well Servicing, Inc. and is president of Del Norte Heights, Inc., Hobbs.

Mr. and Mrs. J. M. Melton of Bandon, Ore. were visiting with friends here Friday. They were accompanied by a granddaughter, Mrs. Kay Starratt, and her daughter, Shelly Stephens, who had stopped in Ft. Sumner for an overnight stay with Kay's father, Neuman Merriitt, and family.

Marine reports for duty Marine Lance Corporal Alexander Chavez, son of Mr. and Mrs. Juan J. Chavez of 1407 First Ave., Carrizozo, has reported for duty at the Marines Corps Air Station, Yuma, Ariz. A 1973 graduate of Carrizozo High School, he joined the Marines in August 1973.

Fern Sawyer, honorary mayor of Nogal, and Jerry Smith, mayor of Roswell, will clash in a hot tennis match, Saturday at 2 p.m. at Sunda Tennis Villa in Nogal.

All residents of Lincoln County and beyond are invited to the tennis camp Saturday from 2 to 4 p.m. to witness the match and to see the camp in action.

Smith is known as a good tennis player, but so is Fern Sawyer who has been taking daily tennis lessons since last Fall except for the time she was out of action because of injuries suffered in an automobile accident.

Fern still has a pin in her ankle, but gets around on the tennis courts amazingly well considering.

She has perfected a return which confounds her opponent. After a bounce, the ball appears to "die" making a return difficult if not almost impossible.

You can see this in person, Saturday, 2 to 4 p.m., at Sunda in the heart of Nogal.

Look for the Sunda sign at the edge of an orchard which is part of the tennis camp.

Gov. Jerry Apodaca was invited to be present and play the mayor of Roswell, but can't make it. The tennis action will be hot and heavy-Fern will have a handicap, according to Herman Burkstaller, tennis camp owner and instructor. She will be wearing heavy turquoise jewelry.

That was a smoky brush fire in Carrizozo, Tuesday, just across the tracks from the SP Station. Carrizozo firemen got with it quickly and had the blaze under control within minutes. It was burning briskly in high grass, brush and in felled trees.

Luckily, no houses were near the fire.

Mayor Floyd Siegrist will provide the welcome Tuesday at 1 p.m. at the Rec Center when the annual meeting of the South Central Mountain Resource Area is held. Officers will be elected at the tail end of the session. The public is invited.

If you felt warm, Monday, there was a reason. Temperature hit 98 degrees in Zozo. It might top 100 this week. Mornings and evenings remain cool and fine. A cooling rain will be welcome anytime Mother Nature decides we're due one. Runoff has slowed out of the mountains. Some small streams, in fact, will dry up soon without rain. But it's been a fine spring—with water supplies more than adequate.

Ruidoso State Bank officers report the state bankers' convention last weekend in Albuquerque as one of the most constructive they have attended. The social whirl, too, was fine.

Ken Cox, president; Preston Isaacs and Mike Capps, vice president, were among those attending.

Johnson Stearns, president of Citizens State Bank, Carrizozo, sent us material on the convention regarding elections and such—which we appreciate.

Don't forget the "String Golf Tournament" at the Carrizozo Golf Course, 9 a.m., June 28. Just report your handicap and you'll be presented a piece of string twice as long as your handicap numeral. Then you can use the string to move your golf ball anytime you like—until your string runs out.

Entries are coming in from a wide area. It'll be a fun day.

Bill and B.J. Michaels, who are visiting the Frank Harpers of Ruidoso from Ardmore, Okla., are considering retirement to this area. They are very impressed. They paid a visit to Nogal country this week and liked it, too. Bill is a pharmacist.

Name us one part of Lincoln County which isn't pleasant.

Oliver Porter and son, Ace, built a huge new barn on the Porter ranch out of Nogal last winter and are putting it to good use. Lately, they've been pouring concrete inside the barn-making it more utilitarian. Mixing concrete keeps a person in shape. It's hard work.

Vivian Aragon, 81, a resident of Corona, died here May 29th, 1975. He was born Nov. 22, 1893, in Villanueva. He is survived by his wife, Elena, of the family home, one son, Bennie Aragon, Roswell, one daughter, Romanita Chavez, Corona, three sisters, fifteen grandchildren and twenty great-grandchildren to all of whom we extend our sympathy.

Rosary services were held Friday evening with mass Saturday morning, May 31, in St. Theresa Catholic Church. Interment was in the Corona Catholic Cemetery. Pall bearers were Henry Chavez, David Baca, Mike Alriez, Ralph Chavez, Norbert Archibeque and Bennie Aragon Jr.

Polly (at Paden's Drug): I'd like a triple chocolate ice cream sundae with lots of nuts and whipped cream.
Belinda: With a cherry on top?
Polly: Golly, no! I'm on a diet.

plicable:

rate permitted for such issue is eight per
cent (8 percent).

of the premium bid, if any, from the amount of

pay from the date of the bonds to the respective
rate or rates specified in the proposal, and said
bonds will be awarded on the basis of the lowest
net interest cost to the District. The purchaser
must pay accrued interest from the date of the

The District reserves the privilege of waiving
any irregularity or informality in any bid.

numbers printed on the filing panel on the back

number printed on any bond or the absence of
any CUSIP number on any bond, shall not
constitute cause to refuse delivery of any bond.

the State of New Mexico, if one is received, shall
be accompanied by a good faith deposit of not
less than \$400 (i.e. two percent (2 percent) of

or by cashier's or treasurer's check of, or by cer-
tified check drawn on, a solvent bank or trust
company in the United States and payable to
"Carrizozo Municipal School District No. 7".

is not accepted. If the successful bidder shall fail
or neglect to complete the purchase of said bonds

the bid, or within ten days after the bonds are
offered for delivery, whichever is later, the
amount of the deposit shall be forfeited to the
District as liquidated damages and in that event
the Board of Education may accept the bid of the
one making the next best bid. If all bids are
rejected, the Board shall readvertise said
bonds for sale in the same manner as herein
provided for the original advertisement. If there
be two or more equal bids and such bids are the
best bids received and for not less than par ac-
crued interest, the Board of Education shall
determine which bid shall be accepted.

The Board of Education will take action
awarding the bonds or rejecting all bids not later
than 24 hours after the expiration of the time
herein prescribed for the receipt of the bids.

Students learn history * LINCOLN News

On last Saturday, afternoon Old Lincoln Towns Community Church was the setting for an interesting presentation of slides and narration by Ralph Dunlap, assisted by Linda Cooper.

This was planned for and presented to a group of about seventy students from the Alamogordo branch of New Mexico State University- accompanied by Dr. David Townsend who was in charge. Dr. Townsend is well known for his knowledge and interest in the history of the area.

The purpose of the 45 minute program was to acquaint the students with not only area history but also historic structures and their background in Lincoln and to show the students which buildings should be preserved and why.

Slides showing some excellent samples of restorations completed were shown too, and it was all received with enthusiasm and interest.

Refreshments of lemonade and cookies were served by Rosalie Dunlap and then the group walked the streets of Lincoln to get the real feel and understanding of by-gone days, and to see the buildings shown in the slides knowing who had lived there and what had happened in the various places.

They left Lincoln with many thanks to Mr. and Mrs. Ralph Dunlap, Linda Cooper and their
