All the really good jokes are being saved this week for the Editor's appearance at Rotary. It may be a bit difficult to hold the attention of those gentlemen. Week after week, they presumably read the seven day collection of fact and fancy from this source.

To listen at lunch to a verbal rewrite of the Thursday paper seems a little like wearing your old bedroom slippers to the Saturday night dance. Comfortable but not very stylish.

W-W

The Lincoln County NEWS travels quite a long time after it leaves the press Wednesday night. Copies go to Hawaii, Alaska, foreign countries and remote mountain tops.

As well as being used to wrap fish, start fires and furnish privies, copies of the NEWS are bound, clipped, plasticized and even read.

Thus, while all of us in Lincoln County are familiar with certain folks and facts, there are readers who have yet to set foot in these parts; and children of the future who may be looking backward at us may need a bit of explanation of these romantic ramblings.

This preamble is for their benefit—the future and the faraway.

Lincoln County, New Mexico has a majority of Spanish sir-name citizens (maybe not, since the Texas invasion of Ruidoso).

The frequency on any list or in any directory of names such as Chavez, Delgado, Lopez, Vega, etc might lead one to believe that this is also a Spanish speaking community.

This alas, is not necessarily true. Correctly, it is not at all true. Source of information: Douglas Jarrard, Spanish teacher, Carrizozo High School, Carrizozo Community College, MA in Spanish—in short super proSpanish speaker.

While Doug did not exactly say that we are illiterate in two languages, he did describe our local version of Spanish as being one-third 16th century Spanish, one-third modern Spanish and one-third English.

If you learned to speak Spanish on the streets of Carrizozo, for instance, it is highly doubtful that you would be understood in Spain, Mexico or within three miles of the border.

Perhaps in language books, yet to be written, our speech will go down as an obscure EngSpan dialect.

There are a number of us who are not even familiar with the dialect; our Spanish being limited to a few oaths heard on the job or from our teenagers. (The Spanish cuss words are milder than the English used these days.)

The following is an imaginary skit. It is based on just enough fact to make it suitable for the weekly press.

SCENE: Lincoln County News back shop.  
TIME: Wednesday night, 11:45 p.m.  
CAST: Peter Aguilar, press man. Note that Peter has a Spanish sir name. He speaks less Spanish than the average New Mexican with an English sir name.

Frank Hoff, super shopman. Frank is often spoken to in EngSpan of which he understands not a word. Frank was born somewhere in the East and is of Dutch ancestry.

Mary Rich, editor and Spanish student of an excessively verbal background.

Janie Lucero, typesetter, extraordinary. The beautiful daughter of Joe Chavez.

LaNelle Fish, bookkeeper, typesetter, wife, mother, from Corona.

Joe Chavez, Assistant Piggy Wiggly manager, and father of Janie.

Paul Payton, publisher of the Lincoln County News on vacation in Kansas.

Eleanor, co-publisher of the NEWS, wife of Paul and the former Miss Eleanor O'Donnell.

Douglas Jarrard, the villain.

ACT I

The last copy of the Lincoln County News has just been folded, addressed and put in a mail sack. The staff is smeared with ink and slightly hysterical. Everyone is laughing at a joke Peter has just told.

Mary: Peter you are a viejo verde.

Peter: A what?

Mary: A viejo verde. I learned that in Spanish this week.

Peter: Green man. You're crazy.

Mary: Listen, you can't say things I don't understand any more. I know what that means.

(See Page 8)

Hidden by shrubs, the old Southern Pacific Hotel still reminds Carrizozo people of its days as a busy railroad center. The building is

structurally sound, according to Zane Petty is of classic 1900 railroad building design. (See Page 8)

## Chavez hits \$20 Jackpot

If the official score at the Carrizozo-Quemado game had agreed with the scoreboard, there would be different names in this headline.

The score was 42-0 Carrizozo over Quemado and Nat J. Chavez took it all. Rita and Rafael Delgado both turned in card guessing a 40-0 score. That was the score posted on the board but it was an error. Ramon Luna came close with 41-0.

Juanita Lucero had Capitan 20, Tatum 13 which was as near as you can come and still miss the 20 to 14 score. No one in Lincoln County thought Mountainair would beat Corona.

Jackpot will be \$10 this week. Be sure to have your cards in the NEWS office or in the mail before game time.

## Hondo opens Scout Troup

Ernest Booky, Superintendent of the Hondo Valley Public Schools, has announced the organization of a Community Service Explorer Post associated with the Conquistador Council of the Boy Scouts of America.

The new post began last week with twenty-eight members, each selected for their outstanding contributions to the school or the community. Any new member must also be selected following nomination by a member of the POST or a member of the Hondo Schools faculty.

The post will center its activities around service to Hondo Valley communities, but in addition, will actively participate in the overall Explorer programs offered by the Conquistador Council.

According to scouting officials, this type of post can do much to increase the image of the Boy Scouts of America, and at the same time allow outstanding young people to pool their efforts for service, and in addition, offer them an organ for social and personal activities.

## It was not 'the last picture show' Sittons hand theater to Carrizozo group

The lights are on at the old Lyric Theater. The projector will turn and the popcorn machine send out aromas when this building that served as a true community gathering place in the 40's and 50's is brought to life again through the generosity of a Lincoln County family and the work of a Carrizozo organization.

Tuesday in Nogal, Alva and Josie Sitton, owners of the Lyric Theater in Carrizozo, deeded the building to the Carrizozo Community Association of the Performing Arts.

Restoration will begin immediately, according to Treasurer and Chairman of the House and Grounds Committee, Archie Witham. Hopefully, the first curtain will go up this spring for the Bicentennial performance of Los Vaqueros.

Between now and then, there is a lot of work to be done, Witham says, and funds and materials are needed.

But the big step in a year long effort was taken Tuesday.

Almost a year ago, CCAPA approached the Sittons about the possible purchase of the Theater for both motion pictures and live productions.

The couple, who had owned the theater since 1946, said it had a sale price of \$10,000 but they would sell it to CCAPA, for sentimental reasons, for \$8,000 which Witham says, amounted to a very generous donation of \$2000 to the community.

The organization attempted to raise the sales price. A number of benefits, of performances, and drives were given in the year that passed.

The Lyric will be used for future programs, for classic films and according to Witham, will be available to all community group.

Last week Mr. Sitton called Witham to ask if CCAPA was still interested in the purchase.

Yes, he was told, but unfortunately the year's projects had only netted about \$1000. The theater owner replied the building was just sitting there, serving no one and deteriorating. He offered to deed it to CCAPA with the restoration a part of the understanding, for the \$1000.

When it came time for deed drawing, Mr. Sitton had second thoughts. He told the lawyer, to make the sale for \$500, that CCAPA would probably need the other \$500 for remodeling. He would take the other \$500 when they could share it. No, he said, a note wouldn't be necessary.

Tuesday, Alva and Josie Sitton sat down with CCAPA board members, signed the deed and offered their best wishes.

Now the officers and members of CCAPA can begin to work on their dream. The president of the organization is Tom Ward; vice presidents, Veda Stephenson, Jane Shafer; treasurer, Barbara Ward; board members, Clara Snow, Carolyn Cantrell, Les Olson and Jim Steinpreis.

A membership dinner and annual meeting is being planned for November at the Carrizozo Country Club. An unusual combination of supper club style with business is being contemplated.

Also in the works are three other programs for the season.

Alva and Josie Sitton hand the Lyric Theater deed to Carrizozo Community Association for the Performing Arts board members Archie

Witham, Jim Steinpreis, Barbara Ward and Veda Stephenson. The building will be back in use early in the spring of 1976.

## It could come about Old Hotel will be letting rooms

The Southern Pacific may not take on passengers in Carrizozo next year, but it is the hope of one Lincoln County lady that the Southern Pacific Hotel will be letting rooms before much longer.

Zane Harkey Petty was more than a little upset when she heard that the Southern Pacific Hotel on El Paso Street in Carrizozo was destined for the dump.

The owner, Ruth Grantham of Republic, Washington and Carrizozo, said she had been advised that town regulations probably would require the building to be torn down and she planned to sell the building for salvage.

The land belongs to the railroad and carries a 180 year lease.

Zane remembered when the hotel was a lively going concern and surely the best dining establishment anywhere around. It was a significant part of busy El Paso Street. Since, in those days, Carrizozo was a railroad town, the businesses which were located by the depot had the town's choice real estate.

The Southern Pacific built the hotel sometime before 1906, primarily for the use of the railroaders. Zane remembers her parents, Mr. and Mrs. John Harkey, staying at the hotel and most of Carrizozo's families have had dinner in one of the two dining rooms.

The property was acquired by the Petty family and renamed the Western Hotel.

As the railroad was replaced by the automobile, motels became the stopping place for travelers and El Paso Street turned into a dusty back road.

Zane sees, in her heart, the hotel and perhaps some of the other buildings, restored to their former place in Lincoln County life—or at least, saved as a part of the important past.

And she is not alone in her dream. Last week, Tom Merlin New Mexico State Historic Preservation Officer from Santa Fe, took a look at El Paso Street.

Merlin indicated a likelihood that the building would meet the requirements of a state historical

landmark. He outlined the procedures for having the building so designated by the state and perhaps the Federal government. According to his department, if this could be achieved, matching federal funds might be available for the restoration of the property.

Zane discussed some unusual ideas with Merlin. She thinks that a number of Lincoln County families might be interested in having a room for their family momentos—a hotel of family museums.

Perhaps, she wonders, would it not be of interest to the people who might visit Carrizozo, to see how a 1889 bedroom looked? Or to understand how women in the West lived by seeing the kitchen tools they had to work with?

Many of the people in the area who have heard of the project are offering ideas on the use of the hotel, as a museum perhaps, but certainly as a continuing part of Lincoln County's living past.

The procedures for obtaining state and federal assistance are lengthy but there is an excellent chance that the job could be done before the end of the Bicentennial year.

Any assistance will be happily accepted by Mrs. Petty or by Tom Ward who is assisting in the initial steps.

## Tigers lose in thriller

The Capitan Tigers hosted the Tatum Coyotes last Friday in what proved to be an evenly matched, hard-hitting contest. Although it was a hard-luck loss for the Tigers, the fans got their moneys worth as the game saw lots of exciting action along with a Capitan last minute TD drive, which fell just short in the last seconds of the game.

In other area high school games, Carrizozo downed-Quemado 42-0 and Corona fell to Mountainair 28-0.

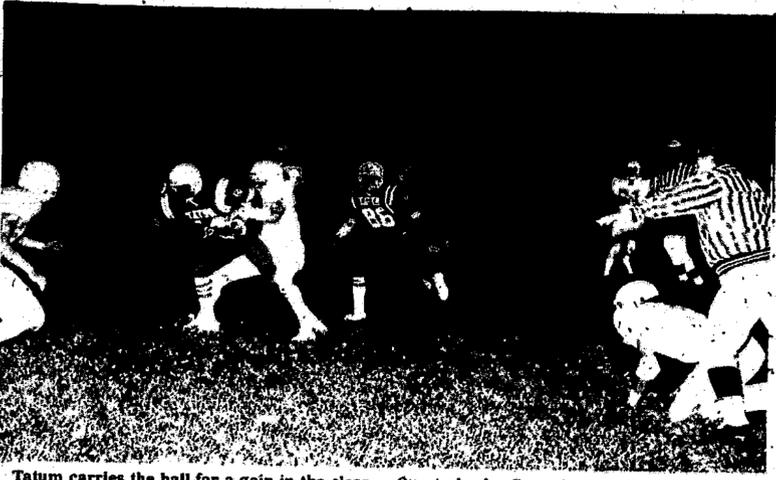

Early in the first quarter the Capitan Tigers got on the board with a dazzling punt return by Kenny Cummins. Cummins also added the extra point. Tatum got its first score in the second quarter but the extra point was blocked by Rocky Willingham and other hard charging Tigers. The first half ended with the Tigers leading 7-6.

In the second half the Tigers led by the hard running of Robby Richardson, took the opening kick-off then drove 70 yards to pay dirt as Cummins took it over from 1 yard out. He also kicked the extra point.

The Coyotes then took the ball and fought through an inspired Tiger defense and drove 60 yards to make the score 14-12-PAT failed.

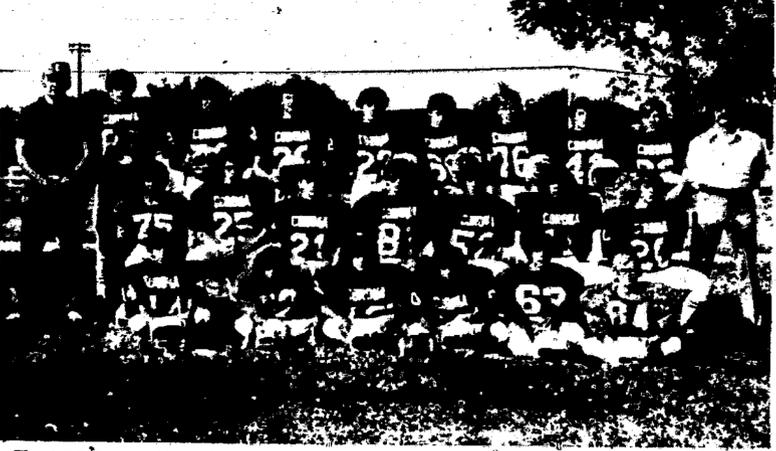

The remaining 3rd and early 4th quarter saw the defenses stiffen as neither team could move well. Then with 5 minutes remaining and just as it looked like another victory for the Tigers, adversity dealt a fatal blow to the Capitan squad. Capitan with its back to the wall on their own 15-yard line saw their QB Cummins carried off the field and not to return to the game. Before the Tigers could gather its composure they fumbled the next snap from center and the Coyotes pounced on the ball at the Capitan 10 yard line. Two plays later the score was 20-14 in favor of the visiting Tatum squad.

The Tigers did not give up though. With 4 minutes left, the scrappy Tiger offense now led by freshman Adam Aldaz at QB took the ball and drove 75 yards to the Coyote 1 foot line. What then looked like a sure TD opportunity was destroyed as the Capitan Tigers were penalized 15 yards for holding and then gave up the ball with 25 seconds remaining.

Tatum carries the ball for a gain in the close Friday night contest against Capitan. Injury of

Quarterback Cummins probably made the difference in the 20-14 score.

lineup but this year Coach John Warfield has a healthy and winning twenty-one men.

## A Bowl of Activities

October is peeking through! Ma Stearns would like to share this poem, with Nogal!  
October gave a party, the leaves by hundreds came.

The Ashes, Oaks and Maples, and leaves of every name.  
The sunshine spread a carpet, and everything was grand;

Miss Weather led the dancing; Professor Wind, the band.  
The Chestnuts came in yellow; the Oaks in crimson dressed.

The lovely Misses Maple in purple looked their best.  
All balanced to their partners, and gayly fluttered by

The sight was like a rainbow, new fallen from the sky.

Thank you Johnson and Ma Stearns.  
A CUPFUL OF THOUGHT!

From CBS Morning News!  
The talk of tax cuts sounds fine, but it is double talk, with the promise of lower taxes go plans for higher government spending. Can Government spend more, yet cost less? The answer is clearly no.

The true cost of government to us is what government spends more than it takes in from taxes, there are two ways to finance its deficits. One is to print more money. That way lies inflation which is hidden tax that can be imposed without anyone having to vote for it. The other way is to borrow money from us, which reduces funds available to build houses, and etc. and leaves us saddled with debts-to pay back in another form of taxation.

What we need is a real cut in taxes which means a cut in government spending.---So it's up to us to tell our representatives to let us spend more of our own money---  
DO YOU KNOW?

### Polly's Bulletin Board

Here is a cake recipe that caused an uproar in this household:

- 2 cups flour
- 1 cup sugar
- 1 1/2 tsp. baking soda
- 1 1/2 tsp. baking powder
- 4 tbsp cocoa
- 1 cup mayonnaise
- 1 cup water
- 2 tsp. vanilla

Sift dry ingredients together in a bowl. Add remaining ingredients and mix. Place in a greased cake pan and bake in a 350 degree oven for 35 minutes. Ice with chocolate frosting.

This cake doesn't sound yummy but to 'me' it wasn't so bad. As you can see you don't have to run to the neighbors to borrow eggs and shortening, but if your family is as finicky as mine you might have to borrow a sleeping bag for the night.

Once upon-a-supper-time last week 'they' all came into the kitchen and saw on the table this 'luscious looking' fudge frosted, best of show, best of class, chocolate cake.

"How do you like it, Family?," I say. "It's a new recipe."

Twinkles says, "It tastes different. This must not be your usual chocolate slave-over-the-hot-stove, made-from-scratch-cake."

They finally dragged the ingredients out of me. Some of them loath mayonnaise and the rest will after this.

I was accused of trying to kill them. So I had chocolate cake all to myself for Friday. Saturday and Sunday I had company to help me. Luckily they were relatives and they forgive me.

It will be a while before I live down what I did to my baking reputation. Now even my famous chocolate chip cookies will come under suspicion. They will think I might try out a new recipe with mustard or thousand island.

'You can have your cake and eat it too,' is an idiom, thanks to my culinary delights, that I would like to add to the lexicon of the past.

week morning-do tune in to Channel 5 and do Yoga with her.

### A BIT OF HUMOR

It has been the same since caveman days, this game of love, they just changed the trumps from clubs to diamonds.

Love may be blind but it seems to find it's way around in the dark.

One TV viewer to another: "I'll say this for the commercials. Life isn't really so dull--when you see somebody get that excited over a paper towel!"

This poem is dedicated to the McDaniels in memory of Mrs. Homer McDaniel who passed away last week.

Lord, make me an instrument of Thy peace; Where there is hatred, let me sow love; Where there is injury, pardon; Where there is doubt, faith; Where there is darkness, light; and Where there is sadness, joy.

O Divine master, grant that I may not so much seek to be consoled as to console; to be understood, as to understand; to be loved, as to love; for it is in giving that we receive, it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life.

### Around the Bowl--

It is getting that time again all you Artist--so just take off-with that paint brush-and spend the day. The writers might write better-in solitude on one of Nogal's mountains.

It was great to see Leora and Mert Zumwalt--they just returned Sunday from a trip to Palmdale, Calif, where they visited their son and their nephew. A special point of interest was a tour to Mt. Whitney--the highest point in the Continental US. They were just in time to pick the pears and peaches in Calif. and naturally they did a little canning to the tune of 70 to 80 quarts of fruit. Leora says, she is ready to stay home a while.

Our recipe this week: Chocolate Chip Cookies  
1 1/4 c. flour  
1/2 c. shortening  
1/2 c. granulated sugar  
1/2 c. brown sugar  
1 beaten egg

**Popcorn sale to buy lights**

by Margaret Rench

The Capitan Athletic Club met for its regular monthly meeting on Thursday, October 2.

First order of business was the election of officers for the year of 1975-76. The officers are as follows: president-Richard Phillips; vice-president-Hob Lucero; Secretary-June House and Treasurer-Franklin McKay.

The popcorn machine is being put to use at the football games.

Projects and activities for the year were discussed. Coming up soon will be a raffle to be raffled. So keep watching for the notices. Tickets will soon be available. The drawing will be held November 22 at the Smokey Bear Restaurant. You don't have to be present to win.

Money raised from the sale of popcorn and the raffle will be put into a fund to improve the lighting on the football field.

The Athletic Department of Capitan High needs and appreciates all the help they can get. So, citizens and merchants be thinking about what you can do to help your kids.

Next meeting of the Athletic Club will be Thursday, Nov. 6, 7:30 p.m. at the school cafeteria. Everyone come out and show your care.

A special thanks to Norm Renfro, outgoing president, for a job well done in getting the Club off to a good first year start.

Friday, 12:40 midnight, the Capitan Fire Dept. alarm sounded loud and furiously and long for help. The building across from the Bank and Hwd. was on fire. This building has been remodeled and there was a package store and lounge. Seems the fire was upstairs. Lots of smoke damage. Windows broken. But the building was saved.

Kenny Cummins, son of Mr. and Mrs. Hollis Cummins, was injured in the football game last Friday night. He spent Friday night in the Ruidoso Hospital in close observation. Came home Saturday. He is in school today, Monday. He had a slight concussion. Take good care of yourself, Kenny, be careful. We want you to have a good recovery.

Mr. and Mrs. Roland Zamora and three children returned to California to his duties in the Army after one month's furlough visiting his parents, Mr. and Mrs. Boney Zamora and other relatives. He has ten months left in the service.

The Lincoln County Senior Citizens paper "Center Capers" has many very interesting items. They have many very good plans which you should be interested in. There is certainly no dull moments. A full calendar of events are planned for the senior citizens. Join them and be happy.

Mr. and Mrs. A.E. Davis purchased a lot in Capitan near Pauline's Barn. They are ranchers. They will have a trailer home there so that they can stay in town at the times their children need to be in activities.

Travis Werner who resides in Roswell near his son and family, due to ill health, is spending a few days at his home. I wish you a good recovery, Travis. Glad to have you home.

Mr. and Mrs. Walter Purcella are moving from Carrizozo to the Bud Payne property west fifth street. Welcome to Capitan.

Paul Kingston of Phoenix, Arizona has been visiting his brother Halleck Kingston in Tularosa and Monday they came and visited Mrs. Maude Kingston for the day.

Mr. and Mrs. Troy Baker of Roswell, have purchased the Paul Kingston lot on west second street. They soon will move here as they have a trailer home. Welcome to Capitan.

The Smokey Bear Museum have added the State of Rhode Island by their visitors there last week. They just need three more states to have all fifty states represented. That is good for our small town. We are happy to have all of the visitors.

Mr. Robert Dean passed away last Wednesday in Roswell, Oct. 1. He was laid to rest in Lovington. He left most beautiful memories with us for all of us loved the good senior citizen. More details later.

Roy Copeland, Sr. died Sept. 27. He was born Oct. 23, 1899. Service by Hamilton Chapel, 2 p.m., Sept. 29, 1975.

He was laid to rest in the Angus cemetery, Monday, Sept. 29 at 4 p.m.

Roy lived in Capitan many years and his children were reared here and attended our school.

Mrs. Vera Beall and Mrs. Hattie Phillips attended the above funeral services.

Mr. and Mrs. Jack Shaw; Doris Pounds and Mrs. Ranch attended the regular meeting of the Eastern Star last Thursday night. Gail Landers was initiated into our Chapter. We are so happy to have her and wish her many years of happiness and joy therein.

Wednesday, Sept. 24; Mrs. Eltha Merrell entertained with a canasta party and lunch for Lorene Ferguson, Vera Beall, Pat Flatley, Frankie Tonn and Louise Ferguson. They reported a grand day and time.

Buddy Williams spent several days with his parents Mr. and Mrs. Miles Williams at Nogal and Mr. and Mrs. Champ Ferguson at their ranch home. His mother Myrtle Williams and Lorene Ferguson taken him to the plane last Sunday in El Paso and her returned to Oakland, Calif. where he is employed.

Mayme Greisen and Moa Lair visited Mrs. Ethel Pepper last Sunday afternoon.

Melissa Coffman returned last Thursday from six weeks vacation visiting her sister in Hawaii. She and Eltha Merrell visited Vera Beall last Sunday evening.

Pat Flatley and Lorene Ferguson went to Ruidoso last Wednesday on business.

Many persons from Capitan attended the Ascendade parade last Saturday. There were several very active days in Ruidoso last week during all of the affairs they held for the week.

**Talk**

Oct. 3, was the date the Capitan Tigers met the Tatum Coyotes at the Capitan field. The Tigers and Coyotes were evenly matched. The close game was determined by a few lucky breaks by both teams. The hard hitting game was exciting and both teams did an excellent job on both offense and defense.

The scoring went as follows:  
1st quarter-Cummins run-Cummins extra point  
2nd quarter-Tatum-extra point failed  
3rd quarter-Cummins run-Cummins extra point  
Tatum-extra point failed  
4th quarter-Tatum-2 point conversion.

In the latter part of the 4th quarter, second string quarterback, Adam Aldaz, came into the ballgame and did a fine job for the Tigers. The game ended 20-14, a Tatum Coyote victory.

The next Tiger football game is Oct. 10, at Melrose, 7:30 p.m. The Tigers would like to see a

good number of fans there. Let's keep up our great support.

Wednesday, Oct. 8, brings the Hondo Eagles to Capitan-a Volleyball scrimmage. The previous date for the match was Oct. 2, but due to unavoidable circumstances, the date was changed. We urge you to come and see the Tigerettes.

Oct. 11 is the first Round Robin for the Tigerettes. The Round Robin starts at 10 a.m. in the Ruidoso gym. This and another Round Robin determines the Tigerettes seeding in the District Tournament, Oct. 24 and 25 in Dexter.

Saturday morning the Capitan FHA members left at 6:45 to Alamogordo for the District J meeting. Driving the bus was Mr. Rick Allen, accompanied by his wife. The following members went: Charlotte Chase, Laura Hardy, Terry Castillo, BerNadette Gomez, Ida Trujillo, Mary Ann Gutierrez, Darlene Hererra, Diane Lucas, Sally Abercrombie, Reba Hardy, Debbie Castillo, Lily Montes and Megan LaMay. Mrs. Angeline Province, advisor and Chapter Mother, Mrs. Rose Montes, accompanied the members.

The theme for the meeting was "Our Country: Let's Make It a Better Tomorrow." District President Cheri Lane called the meeting to order. The Response was given by BerNadette

Gomez. When the business meeting finally came, tryouts for offices were held.

Those trying for offices from Capitan were: Megan LaMay for National Delegate and District Song Leader, Reba Hardy for V. Pres. of Recreation, and Sally Abercrombie for Pianist. We were fortunate to have two district offices filled by Capitan members. Those offices being District Treasurer-Lily Montes and District Pianist-Sally Abercrombie.

Each school chapter held a workshop. Capitan's was entitled "Impact", it was headed by Reba Hardy and Lily Montes. After lunch, a social worker gave a speech entitled "Child Abuse." This was very interesting and everyone's attention was centered on the man as he spoke. Next came a report on Camp Giofietta by Reba Hardy.

Last, but certainly not least, a beautiful installation ceremony was held. And much too soon, we all headed back home. (This article written by Sally Abercrombie, Terry Castillo and Diane Lucas.)

Capitan Senior Class is selling magazine subscriptions and music offers. There is a good selection of both. Support the Seniors in their efforts.

Dear Mrs. Rich: We met at my office at Fort Stanton H&TS last Friday. You asked all of us to submit sayings that we might remember to help you with your old sayings. Here are a few that I was reminded of:

1. It's all "catty-wampus."
2. If you can't stand the heat - get out of the kitchen.
3. Let's call a spade a spade.
4. Don't buy a pig in a poke.
5. Give him an inch and he will take a mile.
6. Beauty is only skin deep.
7. A bird in the hand is worth two in the bush.
8. Your Devil his due.
9. Your chickens always come home to roost.
10. It's always the darkest just before the dawn.
11. Birds of a feather flock together.
12. Lightning never strikes twice in the same place.
13. Curiosity killed a cat - satisfaction brought him back.
14. Don't count your chickens before they are hatched.
15. You can lead a horse to water but you can't make him drink.
16. It's like taking candy from a baby.
17. Still water runs deep.
18. Apple pie without the cheese is like a kiss without a squeeze.
19. Put your money where your mouth is.

**Gentlemen:**

A little over two years ago, the New Mexico Supreme Court adopted a Legal Specialization and Limitation of Law Practice program for the benefit of the public and designed to improve the quality of legal services and make it easier for the public to locate attorneys who are particularly interested or experienced in handling legal matters along the lines of their particular needs. To date, this plan for the benefit of the public has received very little publicity and remains somewhat a well-kept secret. To the end that the public may become more aware of and familiar with this plan, which was adopted for their benefit, our Specialization Board has prepared and authorized release of the enclosed Press Release.

We trust you will find it both interesting and beneficial to your readership.

Sincerely yours,  
Leonard L. Pickering,  
Chairman

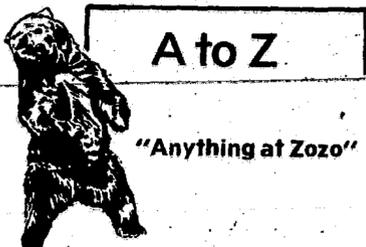

**Dear Friends,**

As News Director of the New Mexico State Fair, I'd just like to send along a great big Thank You to you and your fine staff for your excellent coverage of the 1975 exposition.

Your cooperation in reporting on the various activities at the fair helps keep this as "The Biggest Show in New Mexico".

We really do appreciate it.

Homecoming week is SUPER!!! To start off the week, Tuesday, Oct 7 was jersey day; all the girls asked the football players to wear their football jerseys for the day. All others wore red and white.

That night the cheerleaders sponsored a poster contest in the gym, a prize went to the person with the best poster, the winner will be announced next week.

Wednesday, Hobo Day, was a favorite for the students of ZOZO. Many people were dressed for the occasion. Thursday, the Student Council will auction off many of the teachers, football players, cheerleaders and students to the highest bidder.

Friday will be the busiest day of all. To start off, there will be a pep assembly at 2:15 with the Student Council raffling off a cake.

The Homecoming queen candidates will be presented at the pep assembly. Chonco Morales will lead a Snake Dance Through the streets of Carrizozo.

For the Homecoming game, Carrizozo Grizzlies will meet the Tatum Coyotes on the Grizzly field, kick off at 7:30 p.m.

At halftime, the Homecoming queen will be crowned. Following the game, there will be a dance in the cafeteria from 10:00 to 1:00, music by "The Brothers and the Sisters".

Admission to the dance is \$1.50 single and \$2.50 a couple. Any student grades 9-12 may attend the dance, 7th and 8th grade may only attend as a date of a high school student.

Alumni may attend as the date of a student, but not as a single.

Formal dress is not required, although girls must wear dresses and boys must wear nice slacks. No blue denim are permitted.

We would like to thank the school for returning "ONE" door to the girls bathroom, if all goes well the rest of the doors will be returned soon! Thanks.

Last Friday ZOZO wiped out Quemado 42 to zero.

WAX TO GO ZOZO!!!! We are probably very hard on our guys when they are defeated. A win is very boosting to the team and its supporters. So, we would like the coach and the team to know how very proud we are of them whether they win or lose.

**South Central adopts projects**

The South Central Mountains Resource Area RC&D met in Alamogordo last Tuesday to discuss progress on projects and accept new proposals.

Chairman Lewis Merritt introduced Nick Pappas, Executive Director of the Southeastern New Mexico Economic Development District. Mr. Pappas brought the SCMRA up to date on activities within his organization. The SENMEDD is working on a massive new program for comprehensive health planning. It is the area agency for senior citizens. Their surplus equipment program is successful and a number of towns have received equipment. Nick stressed that the SENMEDD is not the same as EDA (Economic Development Administration). EDA is a federal organization and is only one agency that the SENMEDD works with. SENMEDD works with 21 municipalities and five county governments.

Three new projects were accepted by the Steering Committee bringing the total to 168 for the SCMRA. One important proposal is to find an effective means of control for Snakeweed. This project was requested by the Carrizozo NRCD. The Carrizozo School System needs a beautification plan for their playground. The Claunch-Pinto NRCD requested assistance for this project. The Capitan Women's Club asked for assistance in locating historic articles to place in the Ft. Stanton Museum.

Dr. Ernst Steinhoff of New Mexico Research Institute reported that he has completed a study of ground water availability and quality in the Lincoln County portion of the Tularosa Basin and has received approval to continue his study in the Otero County portion. He also discussed various theoretical methods of developing

**Cattle growers talk on BLM**

New Mexico's agricultural industry was recently represented by officers and members of New Mexico Cattle Growers' Association at two important conferences, one in Denver and the other in Phoenix.

Lands Council meeting, with representatives of all the western states, were Charlie T. Lee, Alamogordo, President; Albert J. Mitchell, Albert, First Vice President; Phil Harvey, Carrizozo, Secretary-Treasurer; Reuben Pankey, Monticello; Walt Wilson, Ancho; and Harry Lee, San Mateo.

Topics included 1976 grazing fees and Bureau of Land Management improvement permits. Section Four of the Taylor Grazing Act permits livestock producers to be reimbursed for conservation improvements on BLM lands in case of the permits being revoked or released.

President Lees said, "It is apparent that Section Four Permits will not be issued by BLM, in an effort to force livestock operators to agree to BLM Animal Management Plans." He further explained that the agency's Management Plans are directed solely by BLM personnel. "These management plans will take total management away from the producers, who earn their livelihoods from their knowledge of the lands and life-long experience", Lee said.

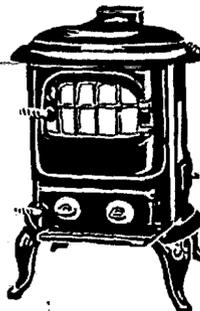

In Phoenix, Reuben Pankey, Public Lands Council Consultant and association director Harry Lee, testified at a public hearing of the U.S. Forest Service on the agency's Resource Planning Act proposals.

Pankey stated, "The nation's resource managers must decide which yields the most public benefits. Is it food and shelter or the non consumptive and esthetic uses?"

Harry Lee stated, "The forest service study states that one-sixth of the national forest, after 45 years of federal management, remains in a declining condition. And yet, from their study, they would have us believe that within the next 45 years, they estimate they can double production."

# Jackie Spencer named to board

Five outstanding New Mexicans were welcomed to the Board of Directors of the Taos-based San Felipe del Rio Group Home, at a recent Board meeting held at Albuquerque's Airport Marina Hotel.

Robert and Michele Conte of Taos, founders and managing directors of the unusual children's ranch, announced that Mrs. Jerry (Clara) Apodaca, wife of the Governor of New Mexico; Archbishop Robert Sanchez of Albuquerque; Mrs. A.N. (Jackie) Spencer of Carrizozo; Juhn Suggs of Albuquerque; and Gabriel Abeyta of the Bureau of Indian Affairs in Dulce, have been named to the 11-member Board of Directors.

The balance of Board membership is held by residents of California and Arizona, many of whom have supported the home since its establishment.

"We felt that the time had come," Conte observed, "to broaden the leadership base of San Felipe and, at the same time, to localize its leadership more appropriately. In the future, the majority of Board positions will be filled by New Mexicans, as they now are."

Both Mr. and Mrs. Conte, natives of California, were associated with residential care facilities in the San Diego area and in Mexico before moving to New Mexico in 1971.

Recognizing that an alternative home for dependent and neglected children was needed in northern New Mexico—due to the scarcity of private foster homes and the inability of most foster parents to care for children as family groups—the Contes established a group foster care facility on a farm in Lumberton, with the financial backing of enthusiastic friends and philanthropic foundations in California.

In consultation with their newly-formed Board of Directors—the Contes decided in 1972 to relocate the home. Due to the remoteness of the original site, San Felipe was re-established on a 143.7-acre ranch in the Taos area.

A non-profit, tax-exempt corporation licensed by the Health and Social Services Department of the State of New Mexico, the San Felipe del Rio Group Home currently houses 72 children of all ages, most of whom were received for long-term care in family units—and all of whom, for a variety of reasons, are unavailable for adoption.

Although, theoretically, all children who are eligible for foster care are eligible for residence at San Felipe, preference is given to those children who, as family groups, would face separation under other foster care arrangements—and to the individual child or family group having particular difficulty in finding a home, due to considerations of age, sex, race or religion.

Depending on circumstances, care may be provided on either a long- or short-term basis, but special consideration is extended to orphans, abandoned children, wards of the court and others distinctly in need of a secure, permanent or quasi-permanent home.

According to the Contes, the home is currently holding 30 approved referrals—and continues to receive referrals from Tribal Councils, as well as from social workers associated with State and Bureau of Indian Affairs agencies, at the rate of approximately 30 per month.

Each referral determination is made through a careful joint review—by the home's directors and a H.S.S.D. caseworker—of all conditions related to the development of a total placement plan for each child or family unit, which involves not only an initial placement decision but an ongoing commitment to maintaining all possible family contact despite separation from parents or other surviving family members, while attempting to resolve family problems through counseling.

The children who are received at San Felipe when an expansion project is completed or a vacancy occurs, enjoy a situation of absolute security and family-type care. A well-trained and dedicated staff of houseparents and counselors helps to provide each child with a feeling for his worth as an individual—and no child is ever asked to leave the home as a consequence of behavioral problems, or for any other reason except to rejoin his natural family or to enter some other placement situation which would be obviously advantageous to the child.

A completely non-sectarian home, San Felipe emphasizes respect for people of every race and religion and encourages each child to take pride in his cultural heritage. Native arts and crafts are taught, sibling structures are maintained and additional family ties are sustained through regular, direct communications—including both phone calls and visits. The children also benefit from frequent exposure to tutors who are representative of their own cultures—or who are bicultural, as are many of the children. Indian children, who now account for only a slight majority of San Felipe's residents, attend tribal ceremonies. The cold regimentation of institutional life is strictly avoided at San Felipe,

where each child is encouraged to develop his talents and is given help toward realizing his personal ambitions. Children and their problems or specific needs are dealt with individually and affectionately. Support services—from group discussion to psychiatric consultation—are provided, whenever indicated, for each child.

In addition to respect for others and pride in themselves, the children at San Felipe learn valuable skills, the virtue of cooperation and the importance of self-sufficiency—by working together with staff members, as an extended family, to accomplish necessary farm and ranch work.

Unique among all children's homes in the Southwest, San Felipe is located in San Cristobal, 15 miles outside Taos, on property bounded on three sides by scenic National Forest. The Contes regard the land, which includes approximately 40 acres cleared for cultivation, as a responsibility-making project for the children.

"At San Felipe, children are taught to share and give," Conte observed. "They have the opportunity to contribute to their own livelihood, rather than merely consume goods and services."

Chores include vegetable and flower gardening (both outdoors and in a newly-donated greenhouse), animal care, food preparation and canning, mending of clothes and participation in an ongoing construction and remodeling project.

"The children actually helped to build their own homes," Conte noted, explaining that all finish work on the 4,600-square-foot houses, designed by The Architects of Taos in rustic New Mexican style, was done by the children who would be living in them. "We have a square-foot music building and arts and crafts center now, because the children helped to remodel an out-building for that purpose, during summer vacation," he added. They also planted four acres of vegetables and 60 acres of oats and alfalfa for winter livestock feed, built new corrals, participated in their own unstructured summer-school and, with some funding from the State, 24 children began private music lessons.

Projected additions to the complex, designed to enhance the home's self-sufficiency, include woodworking and auto mechanic shops.

Also planned is the construction of a recreational center and gymnasium which the children—who take as much pride in their community involvement as in their activities at home—plan to share with underprivileged children in the area.

San Felipe residents are active in sports, clubs and church and school activities, as well. Girls from the home have been selected for a number of honors at Taos High School this fall, Conte reported, including position on the school's publications staff and the dance drill team. One outstanding girl is serving as editor of the newspaper; several boys and girls are participating in athletics; and another girl was chosen to attend a seminar on Christian living—along with several fellow-students—at a monastery in Pecos, in preparation for organizing a "Weekend of Christian Living" for all interested Taos area high school students. The weekend's activities will take place at San Felipe.

Two significant proposals were taken under advisement by the home's directors during their recent meeting in Albuquerque, one of which involves both the San Cristobal ranch and a 40-acre property recently donated in Ranchos de Taos, two miles from town.

With the approval of the Board; the Contes plan to construct an additional housing unit in San Cristobal, in order to accommodate the children now living on the small ranch—and to convert the Ranchos de Taos property into a residential treatment center for emotionally disturbed children who need a home, but a purely therapy-oriented one. By the end of this year, the Contes hope to accommodate 80 children at the larger ranch and 15 in Ranchos de Taos. Both homes will continue to operate under the same name.

In accordance with the policy of the Board, San Felipe students are encouraged to attend college or enroll in appropriate vocational training programs, upon graduation from high school, with the financial assistance of the home.

Noting that two students will be in college by January—and that two more will enter vocational training during 1976—the Contes recommended the establishment of a small "house of study" in Albuquerque, to be managed by the oldest of the students—a 21-year-old art major presently studying on scholarship in Santa Fe.

"Because they have no other home and because their younger brothers and sisters will, in most cases, still be with us, we expect that our college-aged young people will typically remain very much a part of the San Felipe family," Conte explained, "visiting frequently and often spending the holidays at home with us."

Unless even closer ties are maintained in special instances, however—particularly where young people who recently overcame major emotional difficulties at San Felipe are concerned—the Contes fear that some students may be unable to adjust to college life or advanced training. By providing the option of a familiarly-structured living situation, they hope to ensure the feasibility of continued education—and productive careers—for all young people who "graduate" from San Felipe.

Asked by an incredulous Board member if the young man attending college in Santa Fe actually had any interest in keeping in touch with the Contes, Mrs. Conte laughed, "Does he want to keep in touch?...He calls every week!...Collect," she added.

Peter: That's ridiculous. I never heard such thing. Who is your Spanish teacher?

Frank: Blue and green, now.

Mary: Well, Doug says that people from the East call blue and green by the same word. Maybe you don't know the difference, Frank.

Frank: I hope you can tell the difference in camera and a press, I'm quitting.

Peter: I'm not sure you ought to learn Spanish.

Mary: Doug says Joe Chavez is about the only one around here that speaks good Spanish.

Jane: What did you say about my father?

Mary: I said that he would know what a dirty old man was in Spanish.

Jane: Well! I'm leaving here. My father is a perfectly nice person.

Phone rings and Mary answers: Yesss, Paul, Yes, the paper is out. No, but the staff is taking a vote to see who quits first. They don't want me to speak Spanish.

Paul: (Heard dimly over the phone)...and until you learn to spell Eleanor's family name maybe you had better stick to English.

### News

from the County Agent

With the New Mexico State University I just got back from the National County Agents Association meeting in Milwaukee. It was interesting with a lot of information presented about agriculture throughout the nation. Many of the problems are the same no matter where you go. One of the most pressing concerns is for the people in agriculture to let others know more about food and how it is produced. Several new approaches were cited. A few were farm city exchanges, deeding an acre to a mayor or governor for a year to let him know the problems of production and a three hour free telephone information service on a national basis.

Promotion also can be used to determine agriculture. In this respect I think of the beef which is being promoted to solve many of the ills of beef production. It is said to put on gain at four pounds per day on average range and have more tender steaks. I have not seen any data from an unbiased source to back up these claims. I feel that you need three unbiased sources verifying the information before it can be recommended. A good unbiased source is the State Experiment Station.

Getting closer to home, a New Mexico Department of Development release stated that the heavy use of insecticides have reduced the bees in the area and this was the cause of the short apple crop in the area. If the truth was known the apple growers have used less insecticide during the past five years than before. The codling moth Sex Lure Traps have helped the growers time their sprays better and reduced the insecticide by at least 25 per cent. The real reason for the short apple crop has been late freezes. I wonder if they consulted New Mexico State University before this article was released.

### Adult Learning Program

The Adult Learning Program, a satellite project of the Roswell Adult School, is now in operation. The ALP is designed to assist adults in improving basic educational skills and is open to all area residents. The program is free and of special interest to adults who want to earn a high school diploma. In June 1975, eleven area residents, who were participants in the program, successfully passed the General Education Development Test and have received official high school diplomas from the New Mexico State Department of Education. The method of instruction is one of an individualized program so that each student can set and maintain his or her own pace of learning. The GED test will be given in Carrizozo at the end of the study term and at no charge to the participants.

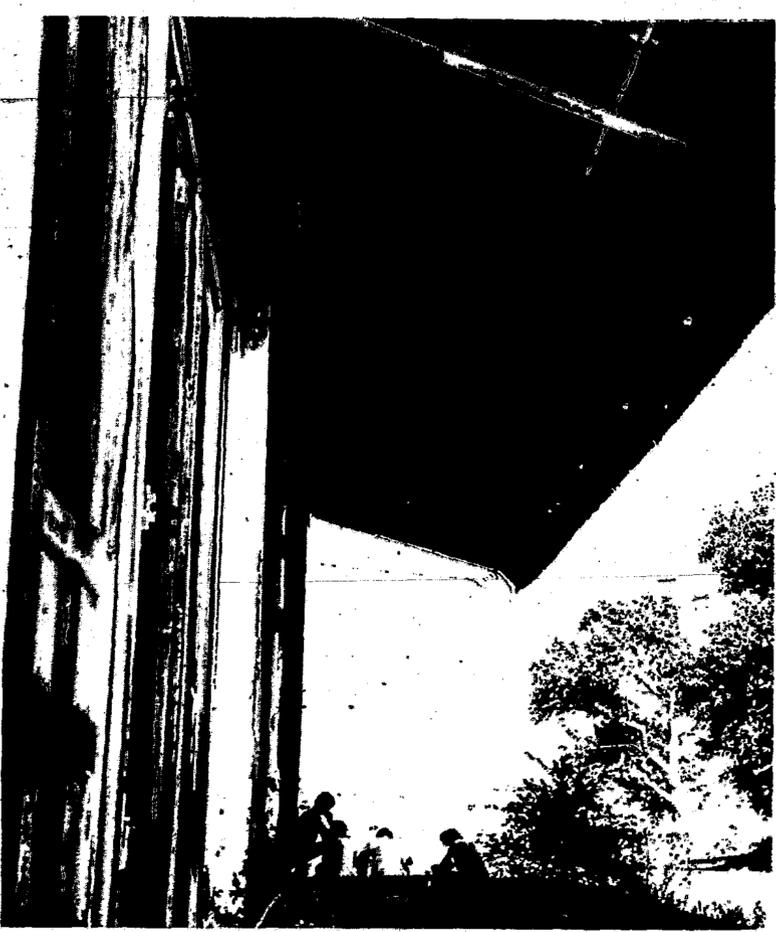

The program operates three evenings a week in the Carrizozo School - Manire Building. Interested persons may contact the school at 648-2451 or the Program Coordinator, Elinor Olson at P.O. Box 276, Carrizozo, New Mexico.

Broken glass and lounging youngsters give little indication of the former glories of El Paso Street. But the remains of iron work and hammered metal ceiling still hit at a perhaps restorable Western kind of elegance in the old building.

The Hotel porch looks out on the railroad station with Carrizo mountain as a back drop. Once the center of town, the hotel kept is 30 rooms full and advertised two dining rooms as well as private facilities for parties.

### Lake Lucero caravan set

An auto caravan to Lake Lucero, part of the area that is the source of the White Sands, is scheduled for Saturday, Oct. 18. The caravan will be limited to 30 cars and reservations are required. Interested persons should call monument headquarters 437-1058.

The trip will begin at 10 a.m. at the Small Missile Range Road intersection with US Highway 70. The small missile range road intersection is 25 miles west of monument headquarters. Rangers and Military Police will brief the group on regulations that will apply during the trip. The caravan will proceed over paved roads through the missile range to Lake Lucero. About two hours will be spent at the lake to allow time for a one mile conducted walk, for photography sightseeing, and lunch. The caravan will return to Highway 70 by 2 p.m.

Participants are reminded to be at the small missile range gate by 10 a.m. because they cannot enter the gate once the caravan leaves for

the lake. All persons should come prepared with enough gasoline, a spare tire, drinking water, stout walking shoes, suitable dress for the weather, insect repellent and a lunch. Persons are also reminded Lake Lucero is a primitive area without sanitary facilities of any sort. Cameras are encouraged but they may not be used while passing through the missile range.
