Farm Bureau plans meeting and dance

The Lincoln County Farm and Livestock Bureau will combine its annual meeting with a supper-dance Saturday at the Carrizozo Country Club.

The 7 p.m. meeting will be chaired by the president Billy Stephenson. There will be a free buffet supper at 7 for members and their guests.

Ford team is named

Mr. and Mrs. Louis Erramouspe of Corona and Harvey Bonnell of Glencoe have been selected to head up the Lincoln county Farmers and Ranchers for Ford committee.

The announcement was made by Carl Faubion, Las Cruces, state chairman of the Farmers and Ranchers for Ford Committee.

"These people in Lincoln County are prime examples of the many hard working people in agriculture throughout the state that are working for the election of President Ford," Faubion said from his farm near Las Cruces.

"They have been active in the communities as well as within agricultural organizations in the state of New Mexico," Faubion continued. Farmers and Ranchers for Ford committees are being organized in every county in the state and according to Faubion over 1000 volunteers from these committees will be actively campaigning for President Ford in these final weeks before the election.

Zozo hosts open house

Carrizozo Municipal Schools, in observance of National Education Week, hosted its annual Open House last Tuesday night.

The opening program included performances by mid-school students in vocal music and physical education. Students were under the direction of Mrs. Veda Stephenson.

Our Open House is a public school tradition of long standing. A primary purpose is to provide parents and faculty members with an opportunity to visit and exchange views or concerns in a relaxed, informal atmosphere. Additionally, it provides parents with the opportunity to view some of the efforts their children have made in the classroom. Finally, an Open House is an attempt by the schools to welcome parents and invite them to take an active part in the joint parent-school venture of education of children.

After game supper

Fans of the Carrizozo athletic program are invited and urged to attend a supper being held for the football team after the Capitan game. The supper will be served in the Carrizozo school cafeteria and will cost \$.50 for children \$1.50 for adults. All ballteam members and cheerleaders will be admitted free. An attempt to form an athletic booster club will be the purpose of a meeting on Tuesday, November 2. The club will support all sports. The meeting will be at 7 p.m. in the conference room of the school administration building.

Stephenson announced. The business meeting will include an election of officers, resolutions concerning members interests and plans for the coming year.

Following the 8 p.m. meeting there will be a dance which is free to all members who attended the meeting. Otherwise the tab will be \$2.

The Farm Bureau was organized in 1912 primarily to work with early agricultural agents. There are now 2,390,000 members in more than 2,900 counties.

Members and local organizations work to promote legislation in the interest of agricultural oriented businesses. Delegates from the county organizations form policy relating to national and international issues.

The organization also helps members receive services at the lowest possible cost through group purchasing power.

Flu clinic next week

A General and High Risk combined Clinic is set for Wednesday, November 3, in Capitan and Hondo.

This means that all persons ages 25 to 64, in good health, are eligible to take the Swine Flu Immunization at the same Clinic as the High Risk.

Those persons 65 or older or with a chronic illness will be given the vaccine.

The Clinic will be held in the Capitan School Cafeteria from 2:00 to 7:00 p.m.

A General Clinic is scheduled for Hondo at the school on November 4 from 3:00 p.m. - 6:00 p.m. This is for the general public from 25 to 64 years.

The people that missed the Hondo High Risk Clinic will be able to secure High Risk vaccine at this time also.

General Clinics are scheduled for Ruidoso on November 8 from 3-6 p.m. and Carrizozo November 9 from 3-6 p.m.

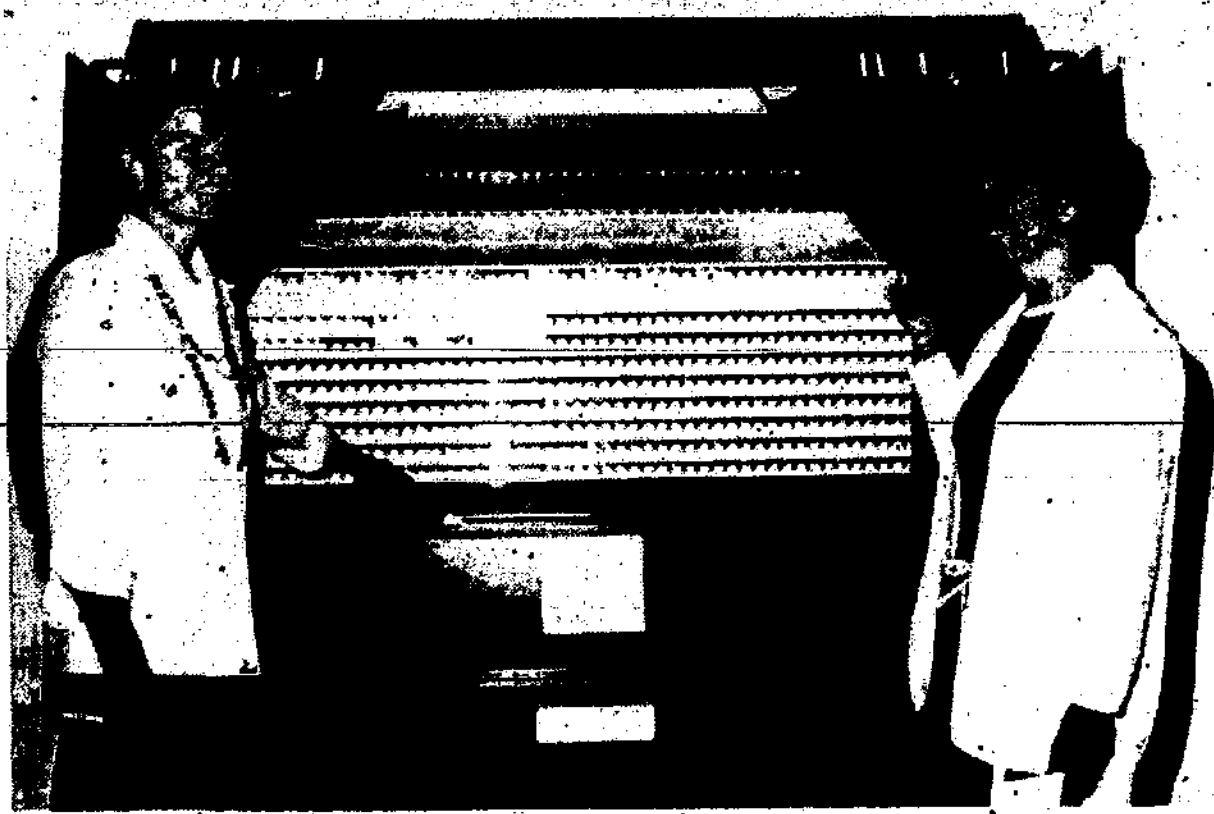

High Risk Vaccine is available at the Lincoln County Health Office in the Courthouse Annex for all persons from 3 years up, that are eligible for High Risk Vaccine.

CNRCD sets elections

The Carrizozo Natural Resource Conservation District will have an election of supervisors on November 3, at 8:00 p.m. in the Soil Conservation Service Office, Lincoln County Courthouse. Chairman A.W. Gngtkowski urges all district cooperators to vote in this election. Two new supervisors will be elected from a slate of four nominated for a three-year term. Those nominated are: Bill Bryan, Corona; Gary Hightower, Ancho; Sterling Spencer and Leon Gibson, Carrizozo.

The supervisors going off the Board are Bill Stephenson and Johnson Stearns. Both have served a number of years.

If anyone needs a ballot, stop by the SCS office in Carrizozo. All those who have received ballots, please return in the mail before the 31.

The voting machines are ready for Tuesday say clerks Jane McSwane and

Barbara Lovelace. This voting machine is in the courthouse for instruction purposes.

Locals are NEA members

Capitan, Carrizozo and Quemado were new locals to officially join Southwest District of the National Education Association at the meeting.

Capitan was represented by Angelina Provine and Carrizozo by Joe Orsak.

The Board of Directors filled two vacancies on NEA-NM commissions. Jo Paul of Carrizozo was elected to the Instructional and Professional Development Commission and Bill Rambo of Alamogordo was elected to the Legislation Commission.

Other commission members from the Southwest District are Pop Garner (Truth or Consequences); Dean Lively (Las Cruces); Dean Lively (Las Cruces); Bonnie Short (Gadsden); Edna McClung (Deming); Connie Graham (Las Cruces); and Patricia Blake (Las Cruces). All Elected

members of NEA-NM commissions are also members of the Southwest District Board of Directors.

Pat Seltzer of Deming and Ophelia Salas of Capitan were approved as the district's representatives to the NEA-NM Resolutions Committee. This marked the first time that the district president rather than the state president made these appointments.

Boosters set carnival

The Band Boosters have set a date for the Annual Halloween Carnival, this year the Halloween Carnival will be held at the Firemens Hall. It will be at 6 p.m. to 9 p.m. Oct. 30. There will be plenty of games and prizes. So mark you calendar. Come out and join the fun.

'C's' are big winners

Happy times were back again in Lincoln County as all three big "C" teams racked high count wins in preparation for their final exams this Friday.

The Corona Cardinals, rank No. 1 Class A team in the state scored an impressive 52-8 over AIS in a game that was Steve Warfield all the way.

Carrizozo was back in form against Reserve with a 26 to 0 score. Capitan held its No. 2 place marking up 15 to 0 against a surprisingly strong Mountainair team. (See inside)

Playing Saturday at AIS, the Cardinals Quarterback Warfield threw for five touchdowns and ran for another. Warfield also captured three passes from the Braves.

The first score took the Cards 72 yards in 17 plays which ended when Warfield carried the ball over the goal line. The try for extra points failed. The long drive gave Scott Nalda a lot of running practice.

The Braves lost possession as Warfield intercepted a pass and hit Scott Williams for a 34 yard touchdown on the next play. Nalda kicked the extra point.

Ken Gibbs took a 17 yard pass from Warfield and made it pay. Warfield kicked the extra point. A 64 yard pass from Warfield to Scott Nalda made another big mark and completed the first half score.

Luciano Chavez intercepted an AIS pass in the second half and racked up another score, AIS finally got on the big board but that was the end of their effort and the Cards made two more TD's: Warfield passed to Nalda and Walter Gensler recovered a blocked punt in the end zone.

The finals showed AIS with 5 first downs and Corona with 13. Warfield has passed for 235 yards to AIS's 23. The Cards rushed 95 yards and AIS made 64

Carrizozo big win over Reserve's Mountaineers showed an alert and willing defensive team back in play.

The first score came in the second quarter as a result of a blocked punt by Mike English. Ed Vega carried the ball over the line for the big six. The try for extra points failed.

In the third period Ray Beltran intercepted a pass and ran 23 yards to

pay dirt. Again the try for extra points failed. Jimmy Samora ended a drive with a third TD which he ran from about a yard out.

The final score came in the last seconds of the game when Beltran again captured a Reserve pass and scampered 53 yards for the score. Samora passed the ball to Danny Sandoval for an extra two points.

Coach Paul gave a big hand to Beltran, English, Billy Bob Shafer and Rex Wilson for their defensive efforts.

Game is 58th meet

By Tom Guck

When Capitan and Carrizozo play on October 29 it will be the 58th meeting between the two schools in one of the oldest rivalries in New Mexico high school football. In 45 years of competition Capitan has won 28, Carrizozo has won 25, and there have been four ties.

The first game ever played was in 1931 with Carrizozo winning 12-0. A news account of the game said "Kelt Carrizozo was the star of a hard fought victory that saw several players knocked out cold". At that time the four high schools played for the Lincoln County championship which was won by Hondo the first year.

In 1932 Capitan won the crown with a 7-0 victory over Carrizozo behind a 60 yard run by Louie Lumpkins and extra point by Fletcher Hall.

In the early days of county football Carrizozo played such bigger schools as Alamogordo, Tularosa, and NMMI while Capitan played Artesia several times and even Albuquerque High once. Other games were played with Corona, Vaughn, Hondo, and Weed, but the Capitan-Carrizozo game was traditionally played on Thanksgiving day.

Capitan won most of the games until the mid fifties and during one stretch won every game between 1939 and 1953 including two state championships. In the recent years however Carrizozo has been the small school power winning several state championships and most of the games in the annual clash.

This game has always been a hard fought struggle and this year's should be no different with both teams having outstanding seasons.

Trial is moved

The trial of Sam Stone for larceny of livestock has been removed from Lincoln County. The case will be tried in Eddy County.

Kathy Zumwalt is finalist

Kathy Zumwalt and Principal Larry Wilkinson discuss Kathy's trip to Santa Fe.

Joseph Baca, Social Studies Consultant of the State Department of Education announced Tuesday, October 26 that Kathy Zumwalt the daughter of Mr. and Mrs. Ted Zumwalt had been selected as one of ten high school juniors and seniors in New Mexico to compete for two state winners in the U.S. SENATE CONTEST. The winners of the contest will receive an all-expense paid trip in January to Washington, D.C. and a \$1,500 scholarship to the college of their choice.

Expenses are paid by the William Randolph Hearst Foundation. To receive this honor, Kathy has already competed in a two-part competitive examination on American government and history.

Kathy will be in Santa Fe, on Friday, October 29 for an interview with a committee including representatives from state government, education, law students, and members of the major ethnic groups. From this interview process, two state winners and two alternates will be selected.

Two other Carrizozo students competed in the United States Senate Youth Program Contest - Annette Chavez and Veronica Zamora.

WHAT IS CONSTITUTIONAL AMENDMENT #3?

You, as a New Mexico voter, will be asked to decide on six changes to the State Constitution when you enter the voting booth on Nov. 2. The third of these proposed changes vitally affects members-consumers of New Mexico's rural electric cooperatives. It will also have a major impact on this state's farmers and ranchers. Simply stated, the proposed amendment would allow the State Legislature to exempt from taxation any land on which cooperative lines or other property is situated when that land is, in itself, tax-exempt. Tax-exempt land, in this case, includes state, federal and municipal holdings.

If this amendment does not pass, rural electric cooperatives would be forced to pay taxes on that tax-exempt land over which their lines are located. Moreover, it will be a tremendous and expensive task to identify these easements. Since all costs of operating your electric cooperative have to be borne by the consumer, you will have to pay, not only for the original cost of surveying the easements, but also the additional annual tax bill.

Therefore, a YES vote is extremely important. We, as consumers, should not be liable for additional taxes and we should not be charged for what we estimate will be millions of dollars for surveying the land.

Farmers and ranchers who have federal and state grazing leases would be doubly affected as they would have to pay ad valorem taxes on their grazing leases. They already pay an annual fee. They do not need taxes levied in addition.

This amendment transcends political party lines as both Democrats and Republicans are strongly in favor of its passage.

We urge you to vote YES on Constitutional Amendment No. 3 and to become involved in convincing your friends and neighbors of the importance of its gaining approval with a majority of the state's voters Nov. 2.

The girl's District Volleyball Tournament was held in Capitan on October 23. Those teams playing in the tournament were Cloudcroft, Carrizozo, Lake Arthur, and Capitan. In the first match, Capitan played Carrizozo. The match was close, with Capitan finally pulling through and winning the match. In the second match, Cloudcroft beat Lake Arthur. Both Cloudcroft and Capitan entered the finals. In the third match, Carrizozo overpowered Lake Arthur for third place. In the fourth and final match, Cloudcroft beat Capitan to take first place in the tournament. Those girl's receiving All-District trophies were: Carrizozo: Annette Chavez, Veronica Zamora, and Joy Dee Simpson. Cloudcroft: Kelly Cartwright, Dale Bradley, Kathy Rodolf, and Lois Nestle. Lake Arthur: Meribel Salmon and Terry Merritt. Capitan: Lisa Lamb, Donna Cooper, and Becky Renfro.

Both Capitan and Cloudcroft will travel to the Regional Tournament in Cloudcroft on October 29. Capitan will play the first match against Encino at 3:00 p.m.

The Capitan Tigers traveled to Mountainair on Friday, October 22, where they beat the Mustangs 15-0. Those scoring during the game were: Robbie Richardson - 2 touchdowns and a 2 pt. conversion.

Ronnie Works - extra point. The Tigers will play the Carrizozo Grizzlies in a district contest on October 28, at Capitan. Game time will be at 7:30 p.m.

School will be out on October 27 and 28 due to the NMEA Teachers Convention. The Capitan Municipal Schools will hold their Halloween-Carnival on October 29. The Carnival will last from

6:00 p.m. to 9:00 p.m. Admission is free. Everyone's invited to come and join in the fun.

Our District J, FHA meeting went along very well on October 21. We were very honored to have all the schools in our district come to Capitan. Debbie Castillo is now our District Historian. During the afternoon, all the FHA members went to Fort Stanton for a tour. At the beginning we saw a film that was very well presented. Afterwards, we divided up into several groups and toured different departments which were very interesting. We would like to thank the people at Fort Stanton.

ECONOMY IS CHIEF CONCERN OF JOE MONTOYA

Everyone is having a hard time keeping up financially. A state with New Mexico's small population is bound to have even more trouble keeping up. Joe Montoya is a prime factor in our economic future. Why? Because, as a key member of The Senate Appropriations Committee, he not only votes on appropriations but he can directly influence where they are spent. In 1976, New Mexico will receive \$1.93 in Federal funds for every dollar it paid to the government. If we lose that influence in the Senate we will make up the difference out of our own pockets. It's as simple as that. We must re-elect Joe Montoya because . . . when he wins . . . the people of New Mexico win!

Letters

Dear Paul:
This past week, I received a lovely gold pin from the President, Gerald Ford, with the imprint of the presidential seal. I thought you might like to see the letter enclosed with the gift:

THE WHITE HOUSE
Washington
October 14, 1976

Dear Dorothy,
Through the thoughtfulness of your friend, Mr. Johnson S. Stearns, I have been reminded of your wonderful support. I feel quite certain that you know how grateful I am, but want to reiterate my appreciation for your encouragement.

It is a long way from our days at South High when the most important event in our lives was the upcoming game. It is heartwarming that the friendships developed then have continued and flourished over the intervening years.

The enclosed pin comes to you with my warm personal regards and the hope that you will enjoy wearing it.

Sincerely,
Jerry Ford

(Ed. Note - Dorothy Guck is former classmate of President Gerald R. Ford. The News is glad to print her message.)

In only 2 years, (when our own Governor Apodaca feels that 4 years is too short a term for a top office), President Ford has led the United States to peace, and a slow steady progress in solving our economic and domestic problems.

He does not make hasty decisions, but deliberates and studies the choice of all avenues. Then, without concern for the political advantage, he gives his views firmly, decisively.

His short 2-year administration has proved to the 210 million American citizens that he can be trusted to conscientiously weigh the words of learned advisors on all issues relevant to the governing of this complex world power, the United States of America. With steadfast, deliberate honesty, he candidly voices his convictions.

He has maintained the recognition of the United State's astute and powerful diplomacy in dealing with world affairs. We are mediator, advisor, and friend to the world.

Is there any question in your mind as to how Mr. Carter would react faced with the daily emergencies of diplomatic decisions the President faces? Has he left any doubts in your mind as to exactly what he believes and how he would direct the handling of the many facets of that high office? Do you honestly believe, as Mr. Carter, that inflation and unemployment can be cured so simply by a liberal government with more spending and a disregard of the national deficit?

Mr. Carter is a likable, personable man. It takes a lot more than personality, glibness, and a winning smile to lead our nation. If there is a question in your mind as to his capabilities in administering the presidency for all 210 million of us - play it safe. Vote for Gerald Ford. He has proved to us that he can do the job.

We visited El Hispano, Spanish language newspaper in Albuquerque, during its openhouse recently. Was handed a political card which reads: "Armando M. Cordova, Honest & Truthful". On the back is a much longer and equally good message.

There are seven constitutional amendments on the ballot for November 2. We think Lincoln County has enjoyed good government with limit of two 2-year terms in office - Payton's recommendation is a "No" vote on both Amendments 1 and 2.

We think the writers of Amendment No. 3 put way too much in the bag for free tax ride. Some of the suggested properties should be taxes in full. We'll vote "No" on No. 3.

More appointive power in Santa Fe is not what this Lincoln County resident wants. We'll vote "No" on Amendment No. 4 which would allow the governor to appoint a state board of education.

Amendments No. 6 and 7 read like amendments that are for the good of New Mexico. No. 6 sets up severance tax permanent fund, No. 7 restricts the size of the legislature. We will vote "Yes" for both 6 and 7.

There are a lot of good candidates campaigning for office in Lincoln County. Payton's opinion is that people in our county pretty well know the qualities of these people and will do a good job of picking out the best ones for the job - with no advice from this source, except - we hope you vote.

Our answer to voting for president is real simple. We fully intend to vote for Gerald R. Ford because we think the Democratic candidate will add more

federal programs... most of which have failed in past year.

Swiped from Duffy - "Want to learn a trade, go to work in a large city? You can do it at the News and we do need special kinds of help right now (see Payton). Esther Hein was one of our best - She is now handling classified ads for Alamogordo Daily News, David Lafave was good running our presses and camera - he has been in large printing plant in Albuquerque for several years, says he's about ready to come back to Carrizozo.

Look real close on right hand side of road to Nogal, just before you reach the cemetery. There is a wild yucca in bloom in October. All yucca plants are wild, but this one does not even know the time of year.

Swiped from Duffy - "Flip Quip: What you don't know won't hurt you - and it amuses a lot of people. Overheard: "He's the kind of guy that has the first dollar he ever owed." Tip: Hover charge.

There are two kinds of speakers - one

needs no introduction and the other deserves none.

You seldom stir up an argument when you tell someone he's working too hard.

Criminal: One who had an attorney who wasn't smart enough.

Grandma: Member of the Rock and Read generation.

Cider, apple pie, apply crisp, jam, sauce, strudel - what else can be made using apples? Best crop year in memory of lot of people. We've had apple gifts from all around. Biggest apples came off Bert Pfingsten's tree and we also thank the trucker, Myrtice, for that wonderful assortment.

Took the doc 30 seconds to run his hand over the two-bit (viewing cost) scar Payton wears, and pronounced it beautiful. Found we have 15-20 or better vision in right eye, which means we can easily read the smallest type - all good news.

It's Eleanor's dog when the deposit is right in the middle of the front walk.

SS needs 76 report

Working people under 72 who are getting social security payments should report significant or substantial changes in their 1976 earnings estimates as soon as possible according to Gordon G. Lunsford, social security field representative.

"Social security payments to people 72 and over aren't affected by their earnings, but earnings can affect payments to people under 72. People who find they are earning less than they originally estimated may get additional social security payments during 1976 if they report the change," Lunsford explained. "But, people earning more than they originally estimated who don't report the change may get payments not due them and have to pay back some money at the end of the year."

"Social security payments are not

The News, October 28, 1976, Page 5 affected by earnings of \$2,760 or less for the year. Payments are reduced \$1 for each \$2 earned over \$2,760. But, no matter how much people earn for the year, they can get their full social security payment for any month they neither earn over \$230 nor do substantial work in their own business.

"A change in earnings estimate may be made by telephone, by mail, or by visiting any social security office," Lunsford concluded.

Mr. Lunsford may be contacted at the County Commissioner's Room in the courthouse in Carrizozo on Tuesday, November 16, between the hours of 10:12 and 1-2.

This Week

The Tularosa Lions Club is having its annual Turkey Shoot, Sunday at the Tularosa Lions Park.

The big yearly event is a fund raiser for the Lions eye care program. The events are set up so that even first time entrants have a chance to win.

There will be food concessions on the grounds and everyone is invited to spend the day having fun.

David King shakes hand with Democrat Sally Ortiz and Mrs. Ortiz at the Capitan barbeque.

He's making us proud again.

A bitter, depressed, vulnerable America has become a confident, strong, proud America.

Inflation has been cut in half.

Prosperity has returned.

Our jobs are secure.

We are at peace.

The world respects us again.

We trust our own government again.

President Ford has started something great.

Now he needs your support to finish a job well begun.

He wants to beat inflation.

He wants to balance the budget.

He wants to return control of our children's education to parents and local school authorities.

He wants to insure jobs for every worker.

He wants to keep prosperity surging.

He wants to keep America strong—and at peace.

He wants to continue to stand for the people against a free-spending Congress.

He wants to build a fairer tax structure.

He wants to build a new dimension of freedom that will allow all Americans to share equally in all the advantages of a free society.

He took on the toughest job in the world—at the toughest time in our history.

He proved that he's tough enough to get the job done.

He asked for your prayers in one of our darkest hours.

He asks for your support in one of our brightest hours.

Letters to the editor

In the words of Jimmy Carter, it is time for us to take a new look at our own government, to strip away the secrecy, to expose the pressure of lobbyists, to eliminate waste, to release our civil servants from bureaucratic chaos, to provide tough management. As President, he can accomplish those goals.

He proved himself equal to the task as Governor of Georgia, when he pushed through a hard-nosed reorganization of the state's bureaucracy. He vastly increased state services to the poor, deprived and afflicted. He relentlessly fought special interests, and launched reforms in areas of mental health, education, racial discrimination, criminal justice, consumerism and environmental protection.

Jimmy Carter saw that people had access to government that once isolated them. He gave order and management to a system once tangled in red-tape and confusion. He proved that government and served effectively when managed effectively. We need a president with his competence and experience and your vote to place him and the democratic party in office.

Joe Orsack

Dear Sir:

I am searching for any decedents of my great-grandparents Samuel Joseph Wallace and Martha Jane Collier. They were known to live in your town in 1900. Samuel Joseph Wallace was born in or about 1840, in Illinois. His wife Martha Jane Collier Wallace was born in Missouri in or about 1844. They were married about 1872 in Missouri.

Know Children:
Luella (Ellie) Wallace, born 1876 in Missouri.
Annabelle Wallace, born 1 January, 1877, in Foster, Bates Co., Mo.
Oscar Wallace
Edgar C. (Charles?) Wallace, born Aug. 1879, Missouri
Jetti Wallace

Mae Wallace
(Would guess that all children were born in Missouri)

Annabell Wallace Davis was my grandmother. When she married my grandfather, Oliver Martin Davis, in or about 1882, they moved to Texas and there lost track of all relatives. She passed away in 1971, at the age of 94, never knowing the whereabouts of any of them.

There are three of her eight children and many grandchildren still living who would like to get in touch with any of the decedents of these people.

If anyone knows of them would they please get in contact with Mrs. Harvey W. Smith, 1235 S.E. 113th, Portland, Oregon 97216.

I would like you to publish this in your newspaper. You may reword it anyway you wish to get the message across, and bill me for the cost. I would also like a copy of the paper that it is published in.

Thanking-you-advance.

Sincerely,
Mrs. Harvey W. Smith

For me the choice is clear that President Ford is the best hope for farmers and ranchers this year.

Under the Johnson-Kennedy administration per capita farm income averaged 65 percent of non-farm income. Since 1971-75 it has averaged 98 percent of non-farm income and in 1973 that figure actually hit 107 percent.

During the eight years of Democratic administration total farm income averaged around \$12 billion per year while during the administration of former Secretary of Agriculture Butz the figure averaged nearly \$27 billion.

With the current free-market system the annual decline in farm population is at 1.2 percent while during the previous 20 years of our controlled farm program 30 million people left the rural countryside.

Federal payments to farmers have fallen from an average of \$3.4 billion in the years 1966-69 to only \$768 million in 1975. And of that \$768 million \$490 million was for farmers and ranchers

losses sustained in natural disasters. Back in August of 1968 we were getting \$1.19 per bushel for our wheat, \$99 per bushel for our corn, \$22 for our cotton; \$23.90 per cwt. for our beef and \$19.20 per cwt. for our hogs and \$91 per bushel for our grain sorghum.

Meanwhile consumers still only spend 17 percent of their disposable income on food — the lowest percentage of any nation in the world.

If you look at the record of the past and if you look at what the Democrats are proposing its easy to see why a farmer or rancher must vote for President Ford.

I want a future I can control and a future for my family and their families on our farms and ranches.

Mr. & Mrs. Norris Erramouspe N.M. Farmers & Ranchers Committee for the re-election of Pres. Ford

Capitan in top form

The Capitan Tigers traveled to Mountainair to meet the Mustangs, on a rainy Friday night and came out on top of a 15-0 score. All the scoring was done in the first quarter as Robbie Richardson capped a Tiger drive with a 6 yd. scamper and Ronnie Works booted the extra point to make 7-0.

The Tiger defense stopped a Mustang drive and came back with another touchdown and 2 pt. conversion, both by Robbie Richardson to make it 15-0 at first quarter's end.

The rest of the game was all defense as both teams struggled to put more points up on the board. The fans saw the Tigers hold the Mustangs 10 plays inside the 10 yard line in the first half, the only scoring threat by Mountainair.

Defensively Richard Purcella intercepted two Mustang passes in the fourth quarter to stop Mountainair

drives and Bert Shrecengost, Tim Froctor, Ronnie Works, and David Hightown stopped the Mustangs backs all night. The clock ran out with Capitan on the Mountainair 8 yd. line. Capitan plays Carrizozo at Capitan

A nice group from the east Texas Mobile Scout Club visited the Smokey Bear Museum last Wednesday. There were 16 in the group and they were enroute to Silver City enjoying the beautiful country.

Willie Hobbs has started on her third year at the museum, October 15. During this year there were visitors from 49 states lacking Delaware and 25 foreign countries. Since the 15th, 21 different states, England and Belgium have already been represented. We think that is great, but do wish the State Police would not tell people the museum is closed on Sunday. Many people say that's what several State Police have told them. We are open on Sunday.

The muzzle loading hunt started last Saturday. As we drive to Ruidoso we see lots of those hunters. Me LeRoy Acker and his son-in-law of White Oaks went. LeRoy always enjoys this and looks forward to that each year.

The new bridge on highway 48 near Angus is progressing nicely. Looks as if not too far from the finish.

A two inch topping is being put on that highway from bottom of long hill at High Country thru to near Ruidoso. It is going to be a good highway to travel.

Be certain to go and cast your vote next Tuesday, Nov. 2. Remember it is a

great privilege to be able to vote. All officials, do remember to attend the election school in Carrizozo Friday, Oct. 29. That is very important. We do need to know and understand our duties as officials at the polls. See you there.

This Thursday and Friday school will be closed due to the teachers going to a convention.

Last Friday night Capitan played Mountainair there and Capitan won 15 to 0. Hollis Cummins and Darby were there. Mr. and Mrs. Buddy Garcia and Patty also attended and they visited with his mother Mrs. Frank Garcia and family before the game and came home that night.

The junior team played Saturday morning here and Ruidoso won. The little boys team, the Capitan Lions, won their first game Saturday here 12-0. Saturday night the girls won second in the district in volleyball. There was a good attendance to all of the games.

The new addition to the Mr. & Mrs. Gerald Dean, Sr. home has been stuccoed and painted white. Looks very nice.

Mr. & Mrs. Borland have two week's work to finish on the addition to their home. They are now building a block fence there. Mr. Borland has this week and he hopes to get lots of that work done during this time. Looks nice.

Frances Shaw of Capitan and Thelma Appar of Carrizozo together attended the Grand Chapter of Eastern Star in Albuquerque last week. They reported a good time.

Mrs. Eunice Padilla spent a few days in El Paso visiting her husband Reyes. He came home with her on business for the weekend.

Mr. and Mrs. Dale Young of Carlsbad went to Albuquerque for his heart check up and stopped in Capitan to spend the night with his brother Mr. and Mrs. Holman Young and family while enroute home.

Mr. and Mrs. Delfenio Garcia became proud and happy parents of a son born October 14 at the Ruidoso Hospital. He weighed 7 lbs. 10 1/4 oz., and his name is Edward. Mrs. Garcia is the former Trina Zamora, youngest daughter of Mr. and Mrs. Boney Zamora. The Garcias live in Santa Fe.

Leo Powell accompanied Mrs. Rench and Mrs. Kingston to Ruidoso last Friday on business.

Mrs. LeRoy Acker and their daughter of White Oaks stopped while enroute home from Ruidoso to visit Mrs. Rench for a short time. I did enjoy them.

Mr. and Mrs. Grover Dobbins and daughter Mitzie of Roswell were weekend guests of his mother Mrs. Doris Eounds last week.

Gloria Cummins and son David spent last Friday night in Las Cruces visiting Bronson.

Daylene Huey and Juanita Abercrobie went to Truth or Consequences, N.M. Monday to the District Womens' Club meeting.

Mr. and Mrs. Wells of Carrizozo visited Mrs. Bessie Cummins in Capitan last Sunday.

Janie Randle and Joe Paul of Reserve, attended the football game in Carrizozo where Reserve played last Friday night. Then they came and spent the weekend with her parents Mr. and Mrs. Gerald Dean, Sr.

The casts were both taken off Mrs. Robert Dean's legs last Friday and she seems better. We are so glad for she had them on for three months. She can go in the wheelchair now. My prayers have gone her way and still do.

Mike Renfro of the Navy in San Diego, spent five days here at home with his parents Mr. and Mrs. Norm Renfro.

Mr. and Mrs. Gerald Dean, Jr. and family spent last week in Post, Texas with her parents Mr. and Mrs. James Stone. Her father's birthday was at that time and they helped him celebrate that. I do wish him many more very happy birthdays. He does have a nice happy family.

Van Nicholas of Provo, Utah visited his father George Nicholas in Carrizozo last week and George returned to Provo with him for a while.

Mr. and Mrs. James Taylor and two children of Albuquerque spent last weekend here visiting their parents Mr. and Mrs. Ray Taylor in Lincoln and Mrs. Alma Capbell and Mrs. Ellis of Capitan. James returned home Sunday but Nita and the children returned Monday as James could not have that holiday.

Mr. and Mrs. Simpson one of the caretakers of the Nazarene Camp at Angus are on their month vacation. They have been away three weeks and are enjoying their new Cadillac.

Mr. and Mrs. Buddy Garcia and Patty made a business trip to Roswell last Saturday.

Bill Randle spent Thursday thru Sunday elk hunting in this area. He did see an elk though could not take a shot. But he did enjoy it.

Mayor and Mrs. Jay Johnston went to El Paso last Sunday.

The Conoco Gas moved a trailer to the location in Capitan for an office. There is more room.

Watch for gobins this weekend. It is time again. They always have such a good time.

Dorothy Guck entertained Pat Flatley, Eltha Merrell, Bessie Jones, Vera Beall and Louise Ferguson with a delicious luncheon and Canasta last Friday at her home.

Lorene Ferguson visited her sister Clara Snow in Carrizozo last Tuesday.

Mr. Frank English, Sr. has returned home to his apartment in Carrizozo after a week in the Eastern Medical Center in Roswell. I am glad he is home again and wish him continued good health.

The Roundtable Club met at the home of Mora Tisworth in Tinnie Thursday, Oct. 23. Ten members were present. Lorene Ferguson, Eltha Merrell, Bessie Jones, Bessie Cummins, Frankie Tonn, Hattie Phillips, Vera Beall, Mary Dean, Marie Edgar and Mora Tisworth. Two special guests were Winifred Cozzens and Melissa Coffman.

They enjoyed a delicious dinner of meat balls and Spagetti, with vegetables and salads and desert.

Decorations were Halloween. Place favors were small applesauce cakes.

The meeting was called to order by the vice president, Bessie Cummins. Recorded by Eltha Merrell, secretary.

Each member responded to the roll call.

Mary Dean won the raffle. The rose buds exchanged gifts.

The program chairman—Hattie Phillips read poems and played music.

They missed Frances Shaw and Harriet McGinnis who were unable to attend.

The meeting adjourned to meet with Frances Shaw in November.

Tiger Pep Club busy

The Capitan Tiger Pep Club has been very busy as usual with their activities during the Girls District Volleyball Tournament. They made signs for the gym and a run threw that said, "Stop, Look, Listen, here come the mighty Tigers." A large crowd showed up for the tournaments, and really gave a lot of spirit for the girls that were playing.

If you came, thanks for helping us support the teams.

A pep bus was taken to Mountainair to see the Tigers defeat the Mountaineer Mustangs. It was a close and good game but in the end the Tigers came out on top with a score of 15-0. The Tigers did all their scoring in the first quarter. We are all proud of you and what you're doing Tigers, so keep it up, and beat the Grizzlies.

Saturday will be filled with lots of activities such as the Girls Regional Tournament in Cloudcroft. The teams participating in our district are Capitan and Cloudcroft who won first and second in the District Meet that was held in Capitan last Saturday. The Volleyball girls would appreciate all of you going and help support our team. Lets go all the way to state girls.

Also on Saturday, the Student Council is sponsoring the Halloween Carnival that is taking place in the old gym of the high school. There are going to be lots of different kinds of booths, so come and see what the Capitan Student Body has

for you. It starts at 7:00 p.m. and ends at 9:00 p.m. See you there.

All of the students who ordered tee-shirts and didn't get a Tiger on it turn it in to Megan LaMay so she can get it put on for you. Those of you who still want tee-shirts, can put in your order with Mrs. Henson or Megan.

Friday night, October 29, the Tigers go against the Carrizozo Grizzlies in the Tiger stadium at 7:30. So come and see the game and support the Tigers. See you all there.

Who's Right?

Primaries and special elections show that this year voters across the nation are turning away from the free-wheeling big spenders in Washington. They're turning to leaders with a solid, down-to-earth approach to government, its duties . . . and its finances.

It's a trend the voters of New Mexico's Second Congressional District started six years ago . . . by electing Harold Runnels.

Here was a man who said Washington didn't have all the answers. That it was time the Federal Government began to put a stranglehold on excessive deficit spending before it reaped certain economic chaos and lost the complete trust of the people.

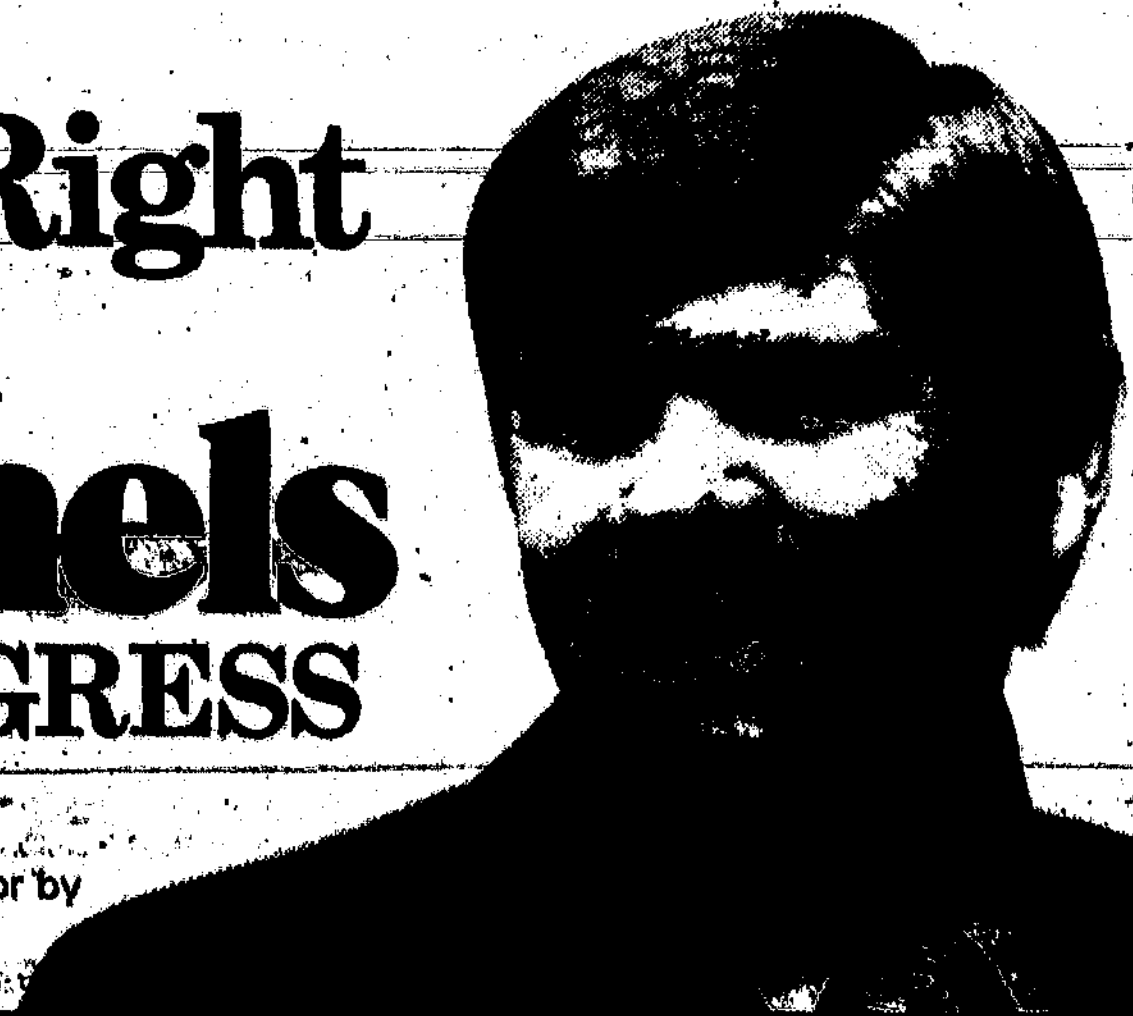

Harold Runnels said he would work for a balanced budget, that he would support programs that would provide jobs for New Mexico, and that he would listen to the people.

The voters recognized in Harold Runnels a man who told it like it was . . . a man who meant what he said even when it hurt . . . a man who kept his promises.

Harold Runnels has kept his promises.
In electing Harold Runnels the people were right.
You were right then . . . and you're right now!

A prominent Washington agriculture lobbyist says, "If you want to get Joe Montoya's help don't take him the head of your organization . . . take him individual farmers and ranchers, let them explain their problem . . . and then you'll see Joe Montoya really go to work!" And when Joe Montoya goes to work he gets things done . . . from pushing through the amendment to the natural gas bill which gives agriculture priority of gas use for irrigation and fertilizer to the Emergency Livestock Credit Act of 1974. Joe Montoya has led the fight for New Mexico's farmer and rancher. Obtaining funds to eliminate the range caterpillar and the screwworm infestation . . . indemnity payments to dairy farmers . . . more water for rural areas . . . long term mortgage loans . . . these are just a few of the areas in which Joe Montoya has listened and come to the aid of the New Mexico farmer and rancher. His seniority, his experience, his power in the U. S. Senate are vitally important to New Mexico in the next 6 years. That's why New Mexico farmers and ranchers say, "When Joe Montoya wins . . . WE win!" Paid for by Montoya for Senator Clubs, Dan Smith, Treas.

Mrs. W.S. Dishman and Ernest Dishman visited her sister, Mrs. Dave Barrow, in Moriarty and accompanied her on a trip to Navajo Lake and Bayfield, Colo., to spend a few days with Mr. and Mrs. Corbin Hester. John D. Holleyman won the old timer calf roping (3 head) at Hurley last week.

Mrs. Jeff Owen has been named 1976 Woman of the year of Palsano Charter Chapter of the American Business Women's Association. Mrs. Owen, daughter of Mr. and Mrs. W.T. Keelin of Corona, is Business Service Center Representative for Mountain Bell in Alamogordo. Peggy left Thursday for New Orleans, a trip that is part of the award.

Everyone is working hard and looking forward to the PTO sponsored carnival Saturday night.

Cedar Temple No. 26 Pythian Sisters met Monday at the home of Mrs. R.L. Sharp. Mrs. J.E. Robinson delegate, reported on the Grand Temple session earlier this month in Belen. Mrs. George Zimmerman of Albuquerque Temple No. 8 was installed as Grand Chief. Jennette Hunsley, Supreme Chief, announced her term project is "Help the Blind", and Tina Craig is on that committee for seven western states. Mrs. W.T. Keelin and Mrs. L.L. Vick were also in Belen and added comments to the official report. The

hostess served apple pie, ice cream, nuts and coffee. Mr. and Mrs. Alvie Keelin, Alamogordo, spent the weekend here. Bethany Kiefer's summer job with the Mt. Taylor Ranger District has been terminated and she is home for the winter. She will return to work April 1. In a recent century roping at T or C the team of Holleyman-Mullins won first place. The Mack Bells were here from Tucumcari Sunday.

Southwest Salute

Over A Half Century of Service To American Agriculture

Chili rellenos, tacos, enchiladas, tortillas, guacamole, posole, menudo, enchiladas, carne adovada, and empanadas have been some of the favorite Mexican dishes served in this household.

Now thanks to U.S. Senator Joseph M. Montoya and Della, his wife, I have 3 more recipes to add to my growing collection and waitlist. From Della's published recipes I will soon try my taste buds on biscochitos, natillas and capirotada.

If I had a choice I would decorate my home like Pancho's Restaurants but for now I'll have to settle for middle inflation or early recession. My ristra (dried red chili hanging on a string) will add a touch of the southwest.

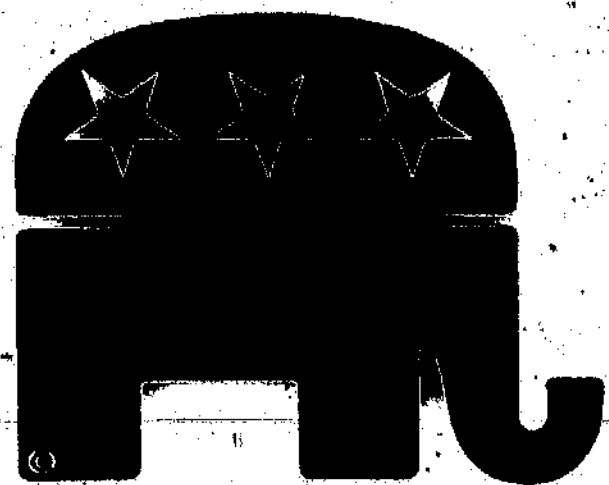

I am glad I live here in the United States of America with people of various nationalities with their different eating customs, habits and languages.

Because I am Mexican American I tend to serve dishes of the Mexican style more often, but I am going to make a real effort to prepare other foreign foods.

Every month I will try to surprise my family with a dish from Japan, Africa, India, Spain, etc. It may not be authentic but at least the kids can't blame me if they suffer cultural deprivation.

My own serving of foreign food, other than Mexican, will get a good sprinkling of taco sauce. I am addicted to the stuff.

I wonder how chop suey, boarsch, or goulash would taste with toasted, peeled, red-hot, green chili? Oh yeah.

Geo. L. (Lee) Straley, Jr.
 — CANDIDATE FOR —
County Commissioner
 DISTRICT 2
 "Your Vote & Support Will be Appreciated"

Cardinal Capers
 By Kathy Garfield

Thursday morning, October 21, at Corona Schools, started out with a fire

drill. After this, everybody was taken to the gym for an assembly. Mr. Root, superintendent, said that he would like to recognize all the outstanding work done by students in this first nine weeks of school. Mr. Washburn first recognized the contributors to the Lincoln County and state fair. He commended these students for their accomplishments which were: Dale McDaniel
 County Fair - ram - 1 year, 2nd place; ewe lamb - 1st place; ewe - 2 years, 1st place.
 State Fair: 1 - 2nd place; 3 - 3rd places; 2-4th places; 3-5th places; 2 - 6th places Grand Champion Jersey Sheep. Total earnings \$470.00.
 Some of our students made it to the NMFRA Finals and Mr. Washburn recognized these also.
 Ward Alford took 2nd place for the year in the ribbon roping, and 1st place in the ribbon roping finals.
 Lon Holleyman took 2nd place for the year in the team roping.
 Tawnya Alford took 4th place in the

YOU BE THE JUDGE

On November 2, you will be electing a **SECOND District Judge**. This is a **NEW** position - **THERE IS NO INCUMBENT**. Your choice of a Judge should be considered carefully. His decisions affect not only the persons before the Court, but you as a citizen.

For Your Decision, Consider:

My opponent has been a District Judge. He served one term, but was not re-elected.

I have been a teacher, business man, New Mexico Supreme Court Law Clerk, a part-time United States Magistrate, and a practicing attorney since 1968.

I have three teen-age children - have worked with the Otero County Boys' Club - have been a Scout-Master, Cub

Leader - am presently on the Board of Directors of a private college - and teach Police Science courses at NMSU, Las Cruces.

I believe: I am qualified;

I understand the problems of our community and our youth;

I have the perception to judge impartially.

The Decision Is Yours!

ELECT THOMAS A. SANDENAW
 District Judge Division
 (Paid Political Adv. by T.A. Sandenaw Campaign Committee, John Hobbs, Treasurer)

ON TUESDAY, NOVEMBER 2nd
VOTE FOR A CHANGE ! VOTE FOR
JIMMY CARTER AND WALTER MONDALE !

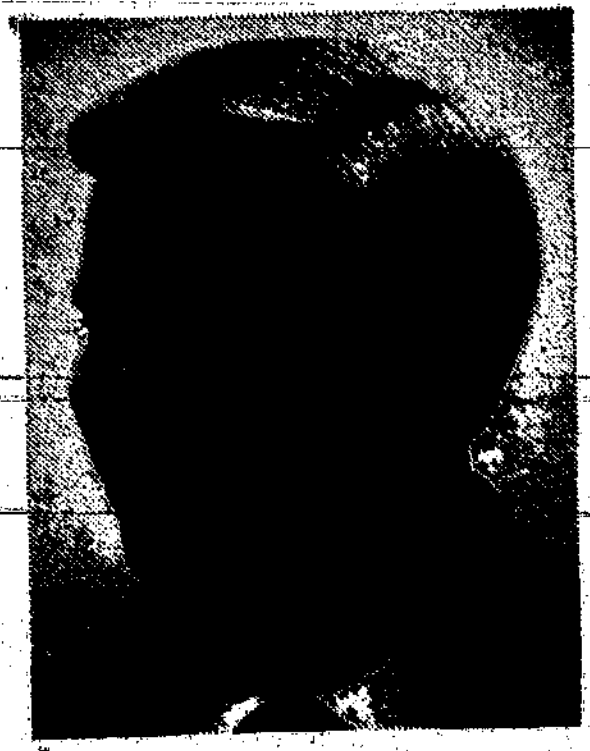

James E. Carter

Jimmy Carter and a Democratic Administration are pledged to bring about the changes we need!

- THE ELDERLY:** To recognize that the elderly constitute one of our most precious resources. To insure adequate income upon retirement; to increase housing for the elderly. To relax mandatory retirement laws. To work for subsidies for reduced fare on public transportation for the elderly.
- HEALTH CARE:** To establish a comprehensive national health program which will make adequate health care a right for all people, be uniform in scope, and preserve the private relationship between doctor and patient.
- DEFENSE:** To guarantee the security of our nation—a guarantee of freedom from the threat of successful attack or blackmail, and the ability with our allies to maintain peace.
- FOREIGN POLICY:** To stop treating our allies as if they were our adversaries. To make it clear that detente is a two-way street. To promote human rights abroad and to deal affirmatively with the social and economic problems of the developing world. To make our total commitment to the security of Israel as a Jewish state absolutely clear.
- REORGANIZATION:** To reorganize completely the executive branch of government, making it fair, efficient, effective and responsive to our people's needs.

- THE ECONOMY:** To get the economy moving again by providing a job for every American who wants to work and by bringing inflation under control.
- ENERGY:** To establish a coherent energy policy, and to increase emphasis on coal production and increased research on renewable sources of energy such as solar, wind and geothermal. To lead in directing a voluntary conservation program.
- WELFARE REFORM:** To establish a streamlined, simplified welfare system with strong work incentives that promote family stability. To take those able to work out of the system and provide them job training and a job. To give those who cannot work because of age or disability nationwide, fairly uniform benefits varying only according to the cost of living from area to area.
- ENVIRONMENT:** To maintain strong environmental protection laws. To protect against relaxation of our current standards for air quality, water quality or automotive emissions. To preserve the natural heritage of America, and to turn over to future generations a country that is environmentally sound.
- EDUCATION:** To increase the federal share of the total cost of education. To assure that the average American family can afford to send their children to college.
- AGRICULTURE:** To develop an agriculture policy which insures farmers a predictable and fair return for their labor, yet is fair to the American consumer. To avoid the Republican policy of embargoes on farm products, and aggressively develop our export markets abroad.
- TAX REFORM:** To move toward a truly progressive and simplified tax system, with reduced tax rates for the average American.

Walter F. Mondale

There's nothing wrong with our country that strong, competent and compassionate leadership can't change.
 Pol. adv. paid by The Lincoln County Democratic Party, Roy Jones, chairman.

'ROUND THE CAPITOL

The New Mexico Ford-Carter presidential battle and the Montoya-Schmitt U.S. Senate race were apparently still close in the final days of a hectic general election campaign.

Silver City Republican Harrison Schmitt told 250 at a GOP Espanola rally in Valdez Park: "Sen. Montoya is interested only in today and in his own today and not in the future of New Mexico's children." Posole, tortillas, beer and soft drinks were served.

Rio Arriba County GOP Chairman Tony Montoya said: "I see Sen. Montoya carrying this county by less than 2,000 votes. The opposition to Emilio Narajo by La Raza Unida will help Schmitt's vote because of Narajo's longtime political ties with Sen. Montoya." Narajo, Rio Arriba Democratic chairman and sheriff, has strongly backed Santa Fe Democrat Montoya for many years. Narajo, heavily involved in a series of confrontations with La Raza Unida and its members, predicts Sen. Montoya will win Rio Arriba by a big 5,000 votes.

Rio Arriba County Ford campaign chairman Frank Cordova said the GOP Rio Arriba goal "is to hold Carter's majorities to less than 1,000 votes over Ford." Democratic presidential candidate Jimmy Carter is heavily favored to pile up a big plurality over Republican Gerald Ford in 4-1 Democratic Rio Arriba. Sen. Montoya won Rio Arriba by 3,183 votes in 1970 and by 3,420 votes in 1964. Rio Arriba was among a handful of counties in the U.S. carried by Democrat George McGovern over Republican Richard Nixon in 1972.

National GOP Committeewoman Frances Shipman, Pojoaque, said: "Schmitt will hold Montoya's margin to about 2,000 votes in Rio Arriba and that's a victory." Ex-State Sen. Horace DeVargas and former Dist. Atty. James Thompson, both Espanola Democrats, attended the Rio Arriba County GOP rally in Espanola. DeVargas said Montoya's margin in Rio Arriba will be 1,500 votes. He said Carter will win Rio Arriba over Ford 2-1. Democrats were expected to sweep Rio Arriba legislative races. Asked if he supports Schmitt, DeVargas said: "I'm thinking about it."

Schmitt attended a Union County Republican reception with U.S. Rep. Manuel Lujan Jr., R-Albuquerque. Lujan will lose Rio Arriba County to Albuquerque Democrat Raymond Garcia and win Union County heavily. Rio Arriba is the only county in U.S. House District 1 that Lujan has never won.

Union County GOP Chairman Loren Leighton predicted Ford will win Union County by 200 votes in a total turnout of 2,100 votes. Leighton said Schmitt will run ahead of President Ford in conservative, ranching Union County. Leighton said much of the vote that went to conservative Democrat Rich Sims of Dexter in the U.S. Senate primary will benefit Schmitt in the main event. Sims, formerly of Santa Rosa, lost Union County to Montoya by a scant two votes in the Democratic primary June 1-524-522.

Schmitt told 50 at the GOP reception at Clayton: "We have to look over federal lands in New Mexico to see if we are getting the best recreational, environmental and development return for the people. We can't put on blinders like my opponent has and say everything is hunky dory, it isn't." Prominent Union County Democratic rancher Karly Butt predicted Sen. Montoya will carry Union County for the first time. A State Fair Board member, Butt also forecasts a narrow Carter win in Union. Ford and Schmitt are favored to carry Union County.

At Belen Montoya blasted Schmitt's positions on social security, minimum wage, sale of federal lands and federal aid to education. Schmitt fired back with charges that Sen. Montoya distorted his stated views.

A moderate to heavy New Mexico vote is expected despite reports of voter apathy. New Mexico's registration is an all-time high of 527,671. Many GOP and Democratic leaders over the state forecast a heavy turnout.

New Mexico Republicans scheduled Kansas Sen. Robert Dole, the GOP vice presidential nominee, in Albuquerque Wednesday and Roswell today (Thursday) trying to carry New Mexico for the Ford-Dole ticket. Schmitt predicted he will swamp Montoya in conservative Chaves County by a big 5,700 votes. He said his Bernalillo County margin will be 15,000. In Quay County Schmitt said: "We will break even or win by a small margin."

Top Montoya campaign aide Bob Baca predicted Sen. Montoya will beat Schmitt statewide "by 15,000 to 20,000 votes." Our New Mexico soundings after the final Ford-Carter debate showed voter reaction was indecisive.

Taos area rancher Eloy Esquibel was named as co-chairman of the New Mexico Farmers and Ranchers for Ford Committee. Rich Sims named lame-duck State Sen. Odis Echols, D-Clovis and Albuquerque, and Santa Fe County Democratic Chairman Louis Valdes as co-chairmen for 12 fundraising dinners to be held between Dec. 1 and June 1 to pay Sims' \$42,000-plus campaign debt.

Many American people of all nationalities are bringing the warmth and beauty of old-fashioned quilts into their homes with pretty pillows or designed coverlets.

Quilts may be made by one person or groups. Such as an organization, a group or just friends and neighbors. The quilting bug has made a come back. To some, anything quilt is new. Today women and men just beginning to be interested in quilts may prefer to use the sewing machine. If your ancestors or mine had been able to obtain a sewing machine they would have applied it to their quilting efforts. For best results in a very curved or pointed area of a pattern, hand piecing may be required.

People of Mexican nationality, like myself, call bed covering 'cobija', 'colcha', 'sobrecama', 'frezada' and 'sarape', but in any language quilt means comfort and creativeness.

As the United States developed and historical and political events took place the quilts that have been treasured through the years in

museums and trunks, have represented the growth that took place. Example of patterns are "Lady in the White House," and "Harrison Quilt."

The pieced quilt is usually composed of calico cut into squares, rectangles and triangles arranged in blocks. Blocks are then sewn together, backed by batting, lined and quilted. The quilting itself often creates a separate pattern effect.

Readers of 'Quilting Bit' are encouraged to write in their quilting comments. Also any piecing, patching, quilting or tacking hints you would like to share with us.

COOKING HINTS

JOHN KARKKAINEN SR.'S TOMATO RELISH
 10 extra large onions (3 1/2" diameter)
 10 celery stalks
 10 pounds ripe tomatoes

10 each green tomatoes
 1/4 of an extra large head of cabbage
 3 medium hot green chili peppers
 10 ears sweet corn kernels
 3 cups white sugar
 2 teaspoons nutmeg powder
 4 cups vinegar
 10 teaspoons pickling salt
 4 teaspoons ginger
 2 teaspoons cinnamon
 3 teaspoons dry mustard powder

Blend coarsely in a blender; 10 extra large onions, 10 celery stalks, 10 pounds ripe tomatoes, 10 green tomatoes, 1/4 head cabbage, 3 green chili peppers. In an eight-quart cooking pot combine the above blended ingredients with: Kernels from 10 ears corn, 3 cups white sugar, 2 teaspoons nutmeg powder, 4 cups vinegar, 10 teaspoons pickling salt, 4 teaspoons ginger, 2 teaspoons cinnamon, 3 teaspoons dry mustard powder. Cook at a hard, fast boil until thick. Makes eight pints of relish. Fill sterilized pint jars and seal. Place jars in a pressure cooker for five minutes. (Begin timing when whistle starts.) Check jars to be sure of seal before putting away. The 39th annual New Mexico State Fair - The Biggest Show in New Mexico - continues through Sunday, Sept. 26, in Albuquerque.

KAY OGDEN'S LEMON CHIFFON CAKE

Sift:
 2 1/2 cups flour,
 1 1/2 cups sugar,
 3 teaspoons baking powder and one teaspoon salt
 Make a well and add:
 1/2 cup cooking oil,
 5 unbeaten egg yolks,
 3/4 cup orange juice, grated rind of one lemon and one teaspoon lemon extract.
 Beat well until smooth. In a separate bowl, beat stiffly 7 egg whites with 1/2 teaspoon cream of tartar. Fold in egg white mixture. Pour into funnel type cake pan and bake at 350 degrees for approximately one hour.

BOHEMIAN SPICE CAKE

1 cup brown sugar
 1 cup white sugar
 1 cup buttermilk
 1 cup Wesson oil
 1 cup coconut
 1 cup chopped pecans
 2 1/2 cups flour
 2 eggs
 1 teaspoon salt
 1 teaspoon soda
 1 teaspoon cinnamon
 1 teaspoon vanilla
 1 teaspoon nutmeg
 Add all ingredients together and mix. Pour in greased and floured tube pan and bake at 350 degrees for one hour.

RICE THAT'S DIFFERENT: LONG GRAIN

Although the various types of rice are similar, there is one type, American long grain rice, that is different and of premium quality. Look at a package of long grain rice and you'll see slender, long grains, snowy white in color. After cooking, long grain rice is tender, separate, and light. Its flavor is delicate and complementary to almost all foods.

Some other people say rice is difficult to cook. The truth is, long grain rice is very simple to prepare. Follow

these directions for perfect rice every time: bring to boil 2 cups water and 1 teaspoon salt. Stir in 1 cup American long grain rice, lower heat; cover, simmer 20 minutes. If there is a "trick" to cooking rice, it's that the heat should be turned low enough to prevent "boilovers," but high enough that a small amount of steam escapes around the edge of the saucepan. This steam tells you that the rice is cooking and that it will be done.

COUNTRY CAPTAIN

| | |
|---|--|
| 1 frying chicken, cut in serving pieces | 2 packets MBT instant chicken flavored broth |
| Salt and pepper | 1/2 teaspoon thyme leaves |
| 2 tablespoons vegetable oil | 1/2 teaspoon curry powder |
| 1/2 cup chopped onion | Dash hot pepper sauce |
| 1/2 cup chopped green pepper | 1/4 cup raisins |
| 1 clove garlic, minced | 1/4 cup toasted, slivered almonds |
| 2 tablespoons flour | 3 cups hot, cooked Carolina or Mahatma long grain rice |
| 2 cans (1 lb. ea.) stewed tomatoes | |

Season chicken pieces with salt and pepper. In heavy skillet over low heat, saute chicken in hot oil. Remove chicken from skillet. Add onion, green pepper, and garlic. Saute until tender. Blend flour into pan drippings. Stir in tomatoes, chicken broth, thyme, curry, hot pepper sauce, raisins, and almonds. Return chicken to skillet. Cover and simmer 20 minutes. Serve over hot, fluffy rice. Makes 6 servings.

JOE MONTOYA TO CONTINUE BATTLE FOR VETS

No one has been a better friend to the New Mexico veteran than Senator Joe Montoya. His key committee assignments were instrumental in bringing a new veterans hospital to Albuquerque. His concern for the veteran and his influence in Congress have meant increased veterans benefits... VA hospital care for elderly vets... out-patient services in VA hospitals... POW and MIA allowances... increased educational grants and scholarships... and much, much more. If there is one group who knows they can depend on Joe Montoya it's the veteran. When Joe Montoya wins... veterans win!

Postmasters print book

Mary L. Joiner

The Lincoln County Postmaster's Association held their annual meeting in Lincoln on October 17. The Post Office History Book committee met at the Wortley Hotel an hour before the regular meeting was scheduled to begin. The committee discussed business concerning the gathering together of information for the book and the final selecting of a publisher and the printing and selling of the finished product.

The first copies of the book were received from the printer on July 31 and a number of books were placed for sale. Those serving on this committee: Louise Babers, chairman, Ellen Fay Womack, Mary L. Joiner and Dorothy Parnell. Mrs. Parnell is a retired postmaster and her help with the updating of the "History Of Lincoln County Post Offices" was deeply appreciated by the committee and all of the Lincoln County Postmasters.

The book was a Bi-centennial project of the Lincoln County Postmaster's Association so it was fitting and proper that the annual meeting be held in historical Old Lincoln Town.

The regular meeting of postmasters was held in the Courthouse Museum Courtroom in front of the old judge's desk and historical flag. Many of those present were dressed in keeping with the Bi-centennial theme.

The meeting was called to order at 2:00 p.m. by president Frances Fuller. The pledge of allegiance to the flag was led by Ellen Fay Womack and Mary L. Joiner gave the invocation. Pauline Britton gave the sec-treas., report which was approved as read. An interesting report concerning Mr. and Mrs. Norman Booker's son and wife was given by Louise Babbers.

The young Booker and wife crash landed a small plane in the mountains near Salida, Colo. around the first of October. They were not hurt but weather conditions forced them to remain on the mountain for five days until they walked out safely. Mr. Booker is postmaster at Hobbs.

Other business was discussed and the books were examined and the placing and sales was decided. Postmaster can now direct anyone who wishes to make a purchase to the proper source of supply.

Officers elected for the coming year: president Frances Fuller, Corona; vice-president Maxine Wright, Capitan; secretary-treasurer Ellen Fay Womack, Lincoln; reporter, Mary L. Joiner, Hondo. Marie Burns, postmaster at Alto offered to host the Postmaster's Association meeting in 1977.

After the meeting adjourned all those present went across the road to the Wortley Hotel where a delicious Dutch treat dinner was served.

Postmasters enjoying this delightful meeting were: Frances Fuller, Corona; Pauline Britton, Fort Stanton; Louise Babbers, San Patricio; Ellen Fay Womack, Lincoln; Gladys Nosker, Glencoe; Marie Burns, Alto; Shirleen Roberts, Ruidoso Downs; Fanette McKinney, Tinnie; and Mary L. Joiner, Hondo.

Retirees were: Dorothy Parnell, Ruidoso Downs; Eileen Lindamood, Carrizozo; Hattie Phillips, Lincoln; and Frances Shaw, Capitan. Husbands joining the group for dinner were: Jack Parnell, Jim Roberts, Tom Babers, and Jack Shaw.

A bowl of activities

From Nogal

by Roby Burke

A BIG PINCH OF HALLOWEEN! Halloween the name, means "Holy Eve", and commemorates a time which falls on November 1. And is set a part, as Lowell expresses it in his poem, All Saints, to honor the memory of the dead.

All Saints
The unknown good that rest
In God's still memory folded deep.
The bravely dumb who did their deed,
And scoured to blot it with a name:

Men of the plain heroic breed,
That loved Heaven's silence more
than fame.
Many superstitions and symbols are
connected with Halloween.
The Irish have a tale about the origin
of Jack-O-Lanterns. They say that a
man named Jack was unable to enter
heaven because of his miserliness. He
could not enter hell because he had
played practical jokes on the devil. So
he had to walk the earth with his lantern
until Judgment Day. (Thus there are
many Jacks on Halloween night.)

The Druids, an order of Priests in
ancient Gaul, had a festival called
Samhain, or summer's end. It was a
great holiday, the druids believed that
ghosts, spirits, fairies, witches and
elves came out to harm people, that
thought that cats had once been human
beings but were changed as a
punishment of evil deed. (say kids -
thats an idea be a cat). The Druid
beliefs become the present day use of
these superstitions.

Have a Happy Halloween Everyone!

ACUPFUL OF FACT

I know you have brought your plants
in by now, so lets talk a little about
them. Molly Bosh gave me an
Amaryllis Plant 5 years ago, when I
moved to Nogal and it has been a joy to
my house, if you happen to get one, here
are the facts: It is a tropical bulb
producing large lily-type flowers 1-2
foot stalk.

Temperature: average of warm
climate, about 55F at night.

Light: bright diffused light or full sun.
Watering: keep soil evenly moist (not
wet during flowering)

Fertilize: or feed every other month.
Soil: any general good soil that you
have had luck with out-side, or house
plant mix.

Dear Roby:
Of course machines have feelings.
Otherwise, when the washer stops

Few of us are as candid as Mark

Our recipe this week.

Yes, another one for apples.
Cook 4 lbs. quartered apples in 2 cups
cider, push cooked fruit through
strainer and add for each cup of pulp 1/2
cup of sugar. Add cinnamon, cloves and
allspice to your taste. If apples are
rather sweet, use lemon juice. Cook
over low heat, stirring constantly till
sugar dissolves. Butter is done when a
small amount placed on a saucer does
not separate, or until thick.

AROUND THE BOWL

People are busy trying to think of
ways to preserve apples. If anyone is
interested their are alot of good ones
on the ground. Sunda have visitors this last
week. The Popes came up and bought
some cooking apples and several
groups from Socorro, Harold Bryant
and family and the Dean Fites. They
were starving for apples in Plainview,
Texas. The Burkstallers grandchildren
sat in their front yard and sold \$40.00
worth, 12 in a sack, with in an hour.

It's especially nice to have the Cox's
back home, they visited many places,
but we missed them. I was talking to
Mrs. Fillingim (Lannell) on the wire
and she told me that her mother,
Elizabeth Kingsfield, from Abilene,
Texas, is visiting her. We are very glad
to have her in Nogal and hope that she
enjoys herself.

Molly is home again and doing well,
Dot visits her quite often to keep check
on her. I'll keep checking around the
bowl, until next week.

JOE MONTOYA HITS SCHMITT ON EDUCATION

Joe Montoya knows how important Federal aid to education is to New Mexico. Without it property or state sales tax would skyrocket. Perhaps both. Over the past several years almost 21% of our educational costs have been paid from Federal funds. This is a direct result of the strong, effective Congressional delegation New Mexico has sent to Washington. Harrison Schmitt suggests a plan which would reduce or eliminate Federal aid. The result leaves 2 alternatives . . . either we pay much, much more in local taxes . . . or we cut back education in our schools. Joe Montoya says "No" to both proposals . . . and in the Senate Joe Montoya can see that New Mexicans don't have to settle for less. The answer is simple . . . When Joe Montoya wins . . . we and education win!

THE WAY OF THE WEST

by Mary Rich

The hillsides between Carrizozo and Capitan have been a special blessing to me this year. It may be only scrub oak and other brush that gives the magnificent colors to Indian Pass; and I suppose that long time residents remember when that was a green forest (before Smokey Bear's big burn). This year's colors combining with that awesome view of Nogal Peak prove how nature is generous with her forgiveness of destruction.

I have needed the cleansing beauty of that twice-a-week drive. The season of politics and football often results in disturbing animosities as well as healthy controversy and competition. I do not like people who are vindictive and destructive in their political partisanship. But as a whole I prefer some kind of interest, evidence of opinion, to that grey spectre of indifference which is the true enemy of democracy.

I have noticed in my thirty years of occasional political activity a certain kind of person who is attracted to politics and becomes rather destructive and emotional whether on the winning or losing side. One cannot blame

politics because that type of person behaves much the same way in any social setting. It just seems intensified during politics.

Something like that is happening in this District's football. I have heard Carrizozo people expressing hope that Capitan would be beaten by teams from other districts.

It seems to me that some parents need to do a little educating on how to be an enlightened fan.

When I was a college student my family was split down the middle by that great rivalry between Texas University and Texas A&M. The annual grid battle of those two teams created a little Civil War in the Lone Star state.

But every kid worth his oats knew that at the Cotton Bowl game we all joined to cheer the Southwest Conference team. And if any SW team was playing outside the conference we knew whose side to be on.

Now obviously, Carrizozo looks better, win or lose, if Capitan has defeated every other team it plays. The same goes for Capitan. And surely every other Lincoln County team and school ought to be cheering for Corona. When we meet in state contests, it may be a different story.

I consider the above information a part of enlightened partisanship. Maybe it ought to be taught in the schools.

It might be well to remember something of the same feeling in politics. It is in the interests of a strong government for the Democrats to fight and the Republicans to fight in their primary elections. From that contest is supposed to emerge the best person to represent the parties in the general election.

The stronger and healthier the party, usually, the bigger the primary battle. Obviously if it is thought that there is little chance for the party to win the general election, a person is not vitally interested in spending a lot of time and money winning that party nomination. But those primary elections have to be fought with some moderation and consideration for the future. If the primary is so vicious and bitter as to tear the party apart, often the wounds cannot heal in time to be strong for the general election.

Unfortunately there have been elections in which a candidate was run in the primary not to win but to weaken his opponent for the benefit of the other party in the general election. When you see a candidacy of a certain acrimonious level, it does create some suspicion.

Some of the same thinking applies to the general election. I almost always believe that the candidates are running because they desire to serve and believe that their ideas, beliefs, talents are truly the best for the nation. It is much like believing a man is innocent until proved guilty. It is something a citizen is obligated to believe.

If two people are running, then barring death, one is certain to be elected and hopefully the people in their infinite wisdom will elect the best person. If, though, during the electing process each side has proved that the other side is running a lying, thieving rascal who is the the pay of a foreign power, then regardless of who wins it looks pretty bad for the nation.

Most platitudes have survived because they contain a certain enduring truth or else are flexible enough to fit a lot of circumstances. The old saying that creatures of intelligence do not foul their own nests should perhaps read that creatures of intelligence should not foul their own nests.

When a politician or a partisan begins to behave so as to make a destructive mess it is time to start wondering about motives. Is that person intending to remain a part of the community? Is that person so emotionally unstable as to be selfdestructive.

There are a certain number of people like that.

Now, I am not saying that every idea and every person who wants to shake the established order of things is destructive. I think we need a lot of shaking. Established orders become disorder when they fail to change with the times, fail to meet the needs of the people.

But not too long ago, a usually reliable source quoted an office holder as saying that what happened in that community five years hence was not that person's concern since that office holder would not be in office or maybe even in the area five years hence.

I really like to think the people I vote for are going to be around to share in the results of their actions.

These are some of my thoughts as November 2nd approaches.

The first year I was old enough to vote Harry Truman was running for his first elected term as president. To those of you not around at that time, I will say that he was much denounced, distrusted by the press, almost deemed by his own party; as much as any president before or after. And now, he is considered a statesman, a man of great contribution to his nation. Other presidents who seemed liked and to be doing pretty well with their jobs, are not treated with kindness by history.

Some of the ideas that I thought would really work in this country have not proved out and certain things that seemed to be beneficial for a while did not meet the test of time. And over the years some of my best enemies in politics have become my dearest friends.

The night of our football battle is followed shortly by the night of the witches which is followed by the day of decision. I'm sure we will survive all three.

This time of the year on the horoscope is particularly important and amusing to me. The last week of October and the first week of November have the birthdays of six people very near and dear to me. They are all Scorpios—those strong willed, dominating, loving people (at least mine all are) and they have all had the audacity to be on the opposite side of political arguments with me in the year past and present. Happy Birthdays Mama, Sis, Mark, Slim, Paul and Granddad, wherever you are.

DON'T WE KNOW IT!

The typographical error is a slippery thing and sly.

You can hunt 'til you are dizzy, but it somehow will get by.

'Til the forms are off the presses, it is strange how still it sleeps;

It shrinks down in a corner, and it never stirs or peeps.

That typographical error is too small for human eyes;

'Til the ink is on the paper, when it grows to mountain size.

The boss just stares with horror, then he grabs his hair and groans;

The copy reader drops his head upon his hands and moans.

The remainder of the issue may be clean as clean can be;

But the typographical error is the only thing they'll see.

TWENTY YEARS AGO
From Lincoln County News October 26, 1956.

Mrs. Sam Dillard talking with the Ramblin' Around editor: Oscura was a thriving little town for several years, beginning about 1900. They shipped coal from Malagra Hill, about a mile and a half north of Oscura; also ore from the mines at Estey City in the Oscura Mountains. The Dividerid Mine and Milling Company had a mill at Estey City. The town had a store, a postoffice, an assay office and a boarding house. My brother-in-law had the blacksmith shop in Estey City. They'd haul the ore with wagons and teams into Oscura and then ship to El Paso and around. In Oscura there were two stores, Burns and Grays, it had a postoffice, rooming house, blacksmith shops and garage. There was a lawyer, Seth Crews, and a Doctor Ranninger.

During the homecoming assembly at Capitan, Queen Judy LaMay and Princesses Helen Sedillo and Ellen Fay Taylor were escorted to the throne by Ernie Frances, Dale LaMay and Joe Aldaz.

In letters mailed to all Farm Bureau members this week, Mr. Charles A. Jones stated that "this annual county meeting is the most important one each year. It is your opportunity to speak up . . . and tell us what you desire in county, state and national policies."

A spook parade will prelude the all-school carnival next Wednesday.

Tan your own hide

With deer hunting season just around the corner, many lucky hunters will want to save their deer hides for rugs, clothing, and other articles, says Susan Wright, Extension clothing specialist at New Mexico State University.

Some hunters will want to tan their own deer hides with the hair left on and use them to enhance the den. Miss Wright recommends the following home tanning process for any kind of mammal hide.

-Skin the animal, fleshing the skin carefully.

-Salt the flesh side of the skin with table salt. Fold the skin with the flesh side in and place it in a cool place in a leak-proof container. The salt will cause the accumulation and drainage of water.

-If you want to tan the hide with the hair off, soak the untanned hide in strong milk of lime, making sure the solution doesn't splash on the hands or in the eyes. The lime loosens the hair so it can be easily pulled away. After the hair is out, wash the skin thoroughly to remove all traces of lime, then tan. If tanning with the hair on, skip this step.

-Place the skin in a pickling solution of one and one-half ounces of commercial hydrogen sulfate or about 30 cubic centimeters of concentrated hydrogen sulfite per gal. on water. Add salt to saturation. Make certain the skin unfolds and is covered by the solution. Let it remain there for several days or until the flesh side is white.

-Drain after rinsing the skin in cold, clear water.

-While the skin is still moist, work it over with a fleshing and trimming knife to remove any flesh not previously removed and to make the skin uniform in thickness.

-Treat the skin with an alum solution of one-quarter pound of alum, one-half pound of salt and one-half ounce or 15 cubic centimeters of carbolic acid in one gallon of water. Treat the skin for several days to a week, depending on the thickness of the skin.

-Rinse the skin in clear, cold water and drain.

-Apply a mixture of equal parts of sulphonated neatsfoot oil and water, warmed and mixed, to the flesh side of the skin.

-Work the skin on the stake until it is soft and dry. If oily, remove excess oil with sawdust or wash with detergent, dry, and work soft again.

To have clothing made, the hunter will probably want to ship his hides to a reputable company that does this custom work. Most of these companies will accept the fresh hides that have been salted down and folded together, or hides that have been stretched on a wall to dry for 7-8 days.

In both cases, the hides should be carefully fleshed, and there should be no folds left in the skin during the drying or salting process. A salted hide should be shipped in two or three heavy plastic bags. A dried hide should be rolled, tied, and wrapped in burlap, Miss Wright adds.

It's never too late

A visit to Carrizozo's Adult Learning Center any Monday or Wednesday evening is being encouraged by the program's coordinator Elinor Olson. This is a most unusual opportunity for the residents of this area to rediscover the joys of learning new skills, improving present ones and to spend an evening or two a week with other adults interested in the pursuit of knowledge. All courses are based on an individualized-programmed instruction method; therefore, anyone can begin at any time on a course of study and see progress immediately and continue study at the person's own rate based on motivation and present skills. Some of the offerings are basic English, math, reading, vocabulary building, metric system, algebra and a GED or high school diploma course of study. All instruction and materials are offered free of charge. The program is a satellite division of the Roswell Adult Learning Center. Interested persons are always welcome and if there is a course of study presently not available all efforts will be made to obtain such a program from the Roswell Center.
