VOLUME 71, NUMBER 30

P.O. DRAWER 459

CARRIZOZO, N.M. 88301

## Doctor needed at clinic

Wanted: One or more doctors and two nurse practitioners to live in a lovely, rural community. Climate ideal. Plenty of outside sports and a very cooperative community. Nearest competition over 50 miles away. Modern equipment and well staffed clinic. Apply: Carrizozo Health Clinic - IMMEDIATELY.

It isn't quite that bad as far as the doctor situation in Carrizozo is concerned-but almost. With the departure of Dr. Ravi Chaker last month and Dr. Marie Cortelyou slated to leave on July 30, Carrizozo will be without any medical help, outside of Nancy Guck, a nurse. Dr. David Rousseau of Capitan has consented to come to the clinic three afternoons a week and do what he can. He reportedly isn't real thrilled with the situation. His position with the Carrizozo Health Clinic is temporary and he feels he has all the work he can handle in the Capitan area.

At this time, another doctor is being sought by St. Joseph Hospital who oversee the operation of the clinic, through the National Health Service Corps and a private organization.

Mike Brown, health clinic administrator for St. Joseph Hospital appeared before the Lincoln County commissioners last week with a possible plan. Unfortunately, like all plans, this one will cost money.

Brown said that St. Joseph's has contacted a private corporation, National Health Search, Inc., of Northridge, Calif., who specialize in locating doctors for small communities. Brown said the fee to this organization is \$4,000 per doctor accepted by a community, but that St. Joseph's made them an offer of \$2,500 fee for five doctors. Tentatively,

NHS has accepted St. Joseph's offer. Brown requested the Commissioners to pay the \$2,500 fee for each doctor supplied to Lincoln County. The Commissioners took the matter under advisement and will make a ruling at their next meeting. Brown told the Commissioners, that he hopes the county will continue to provide support for the clinic through local funds. "This is an important crossroad for the Carrizozo clinic," he said, "and we (St. Joseph's) feel that Carrizozo needs a physician living in the community."

Brown also noted that two physicians have been sent to this area by the National Health Service Corps, a federal organization, but one took a position elsewhere and the other was found unqualified to practice in New Mexico. Hopefully, they will turn up others, he noted, but in the meantime Carrizozo is without a doctor.

In a later interview, Brown said that since the National Health Service Corps is having problems locating doctors for smaller communities all across America, St. Joseph Hospital is heading up a group known as New Mexico Hospital Consortium. This is the group that has made the offer to the California group.

Brown said that the consortium has made the offer of taking five doctors at \$2,500 a piece rather than one at a time at \$4,000 each.

The important thing to keep in mind, Brown stipulated, is that Carrizozo is definitely not alone. "It seems there are just not enough doctors who are willing to locate in smaller areas in New Mexico, or anyplace at this time," he said.

Brown pointed out that hospitals in Jal, Santa Rosa and Lordsburg have had to close their doors due to lack of

professional help.

According to Brown, the problem with the National Health Service Corps is that now that the Viet Nam war is over, not enough young people are taking advantage of the medical training offered. Or, those that are taking advantage of the program, which is federally funded, is that the young doctors are paying off their scholarships rather than serving where the Corps sends them.

"We'll continue looking for as long as it takes," Brown said about the Carrizozo situation. Although he did point out that according to the lease agreement signed between St. Joseph Hospital and Lincoln County, that if a doctor cannot be found, the lease could be voided.

The current lease is in effect through June 30, 1978 and Brown added, "We have no plans of canceling our agreement before that time."

In the meantime, there is little the citizens of this area can do. The new clinic hours are as follows: Monday, closed; Tuesday, 10 a.m. to 12 noon; Wednesday through Friday 1 p.m. to 6 p.m. Dr. Rousseau will be at the clinic Wednesday through Friday from 1 p.m. to 6 p.m.

With a little luck, St. Joseph's through their sources, will be able to turn up at least one doctor and two nurse practitioners in the very near future.

Or as one longtime resident rancher put it, "If everything else fails maybe we can find a good vet."

## Tax rate voting results

The sales tax for the Village of Carrizozo will remain at 4 1/2 percent. Voters rejected a measure that would have raised the tax by 1/2 of a percent last Tuesday by a margin of 63-48. The minute turn out for the ballot measure has been directly attributed to apathy on the part of local citizens.

It cost the village approximately \$400 to hold the election and it has been reported that a number of city officials did not vote on the measure. If the measure had passed, it would have meant between \$1,500 and \$3,000 annually into the city fund.

Another election, should it be desired, can not be held until after Jan. 1, 1978 and the tax, if passed, would not go into effect until July 1 of that year.

### Lincoln Days

are Aug. 6-7

The annual Old Lincoln Days and Pony Express race will be coming up on Aug. 6 and 7 with two full days of activities.

Kicking off the big weekend will be the annual Pony Express horse race from White Oaks to Lincoln. This year, a breakfast will be served at the start of the race at 6 a.m. by members of the White Oaks Historical Association. Everybody is welcome to take part in the breakfast and send off the riders. By hurrying to Lincoln, it will be possible to see the finish of the Pony Express race shortly after 10 a.m. The awards for the winners of the race will be given out at 11 a.m.

The Roswell Antique Car Club will have an antique car exhibit starting at that time, and all the cars will take part in the parade at 2 p.m. on Saturday.

Artisans from throughout the area will have an exhibition and for sale, many handmade articles. Their booths are slated to open at 10 a.m. both days. Among the items on display will be home made candy, ojes, turquoise jewelry, dough bread, mail sculptures, pottery and many other items of interest to all.

This will be the ninth annual running of the Pony Express race and plans are to have \$1,000 in the purse for the winner. At this time, four entries are anticipated, but more are welcome.

The race will get underway sharply at 8 a.m. from White Oaks and the fastest time yet recorded was turned in by Bennie Rannels who covered the distance of over 41 miles in 2:10:30 in 1975. The horses average about 20 miles an hour on the road and can actually cover the route faster than a car.

Last year, some 2,700 letters going to 40 states and 21 foreign countries were carried. There is a 25 cent per letter handling fee plus the stamped envelope. A 2 1/2 inch gold seal is put on the lower left hand corner of the letter, so be sure to leave this area clear for the seal. The letters will need to be mailed by Aug. 1. Any letters received by Aug. 5 will be included in the Pony Express Race. Letter should be addressed to Pony Express, P.O. Box 217, Carrizozo, New Mexico 88301.

Once received, the outside envelope will be thrown away, and the letter inside, also in an addressed envelope will be stamped and ready for the big day.

### News Briefs

Your A-Good Man Charlie Brown will be presented at Spencer Park on August 4 at 8:30 p.m. Prior to the play production, the Carrizozo Lions Club will put on a pancake supper that will be served at the recreation center. The admission is free to the play, and there will be a \$1.50 charge for the supper. Come out and enjoy a night of fine entertainment.

The votes have been tabulated in the recent Beef Referendum and out of 41 who voted on the measure, 33 were in favor and eight cast their vote against it. The nation-wide results have not been compiled as of this time.

Immunization clinics for the month of August have been announced by the Lincoln County Health Office.

At the Carrizozo Health Clinic, the program will be conducted on Aug. 1 in the health office from 8:30 a.m. to 4:30 p.m. On Aug. 4, the Hondo Clinic will be held at the Hondo School from 10 a.m. to 1 p.m. and on Aug. 8, the Ruidoso clinic will be held at White Mountain School from 10 a.m. to 12 noon.

The Capitan Junior Riding Club will have its monthly play day on Sunday, July 31, at 1:30 p.m. Events are Barrel race, Pole bending, Flag race, Stake race and Goat tying. Anyone 17 years and under are welcome to participate.

The Capitan Athletic Club will meet at the School Cafeteria on August 4, at 7:30 p.m. Please try to attend.

OVER 1,000 PEOPLE attended the Nogal Ranchers Camp meeting last weekend. Above, a group of those who

look part in the meeting enjoy a quiet, late afternoon chat before getting ready for the evening meal. People attended

the meeting from all over the Southwest.

## All Stars lose 18-5

It really wasn't as bad as the 18-5 final score might indicate as the Carrizozo Little League All Stars were knocked out of the running in their first match against Alamogordo last Friday evening at the Alamogordo ball field.

Alamo came up with a single run in the top of the first inning on a home run by Tom Torres, but Carrizozo battled back on home runs by Jon Aguilar and Joe Curtiss to take a 3-1 margin into the second frame.

Alamo scored two in the second and two in the third before breaking open the contest with five more in the fourth inning. In the end, they added four in each of the last two innings, while Carrizozo could muster but two additional runs in the fourth stanza.

According to Peter Aguilar, manager of this year's all star team from Carrizozo. "After we hit two home runs in the first inning, the Alamo coaches argued that we were using illegal bats." Aguilar continued saying, "The umpires checked the bats for weight and length and found nothing wrong. But the Alamo coaches persisted arguing that Little League markings were not on the bats and the umpires, following a ruling from the tournament director from Alamogordo, took three of our bats out of the game."

The Alamo All Stars broke the game open in the fourth inning. With two outs and the bases loaded, the Alamo batter apparently swung and missed on the third strike. The batter appealed to the home plate umpire that he held up in time. The home plate umpire checked with the first base umpire, but the first base umpire wasn't looking. Actually, he was throwing pebbles at a light post at the time.

Eventually, the home plate ruled in favor of the batter and he got another chance. On the next pitch, the same batter hit a grand slam home run over the center field fence. "It really wasn't what one would call a tremendous blast," Aguilar noted, "since the centerfield fence at the Alamogordo field is only 180 feet from the plate."

before he made any player changes in his starting lineup. He replaced two of his outfielders and three of his players never got into the game."

"On the otherhand," Aguilar continued, "All Carrizozo players got into the game, and only one player on our team did not get to bat."

"Give Alamogordo & their Little League organization credit for winning the game, but I feel the Carrizozo kids were playing against more than the nine players on the field," he said.

In comparing the two leagues, Aguilar said, "Starting with the organization of the two teams, Alamo was way ahead. We don't have enough local people involved with the Little League program to make it first rate. As far as ZoZo attendance at the game, backing up their team, the odds must have been at least 50-1 in favor of Alamo."

"I feel," Aguilar continued, "11 and 12 year olds respond to crowd appreciation and reaction when playing against odds like that. It's surprising when you think about it, that we did as well as we did."

As far as chalking it all up to experience for next year, Aguilar does not feel this years contest will make much difference. "You could mark this as a game where one can shrug their shoulders and say, 'Oh well, we'll know better next year, we'll have a year's experience under our belts.'"

"The only trouble is that all but one of this year's ZoZo players will not be eligible for next year." "I think it's a shame we couldn't have put a little more effort to help the kids achieve their full potential," he said.

In terms of raw talent, Aguilar feels that the Carrizozo players were every bit as good as their opponents, if not in many instances better. Aguilar, who coached the league leading J.G. Moore Insurance Agency team to a 15-1 season this year, does not intend to place the blame of the loss on other people. He noted, "As far as managing teams is concerned, Alamo is probably four to five runs better in that category. I got a little excited after getting a 3-1 lead in the first inning, but then lost contact. I kept hoping the breaks would start going our way, but

when you're playing on the opposing team's field, it usually doesn't happen, our case was no exception to the rule."

In the future, Aguilar hopes the local people, especially those with kids just getting into the league program here, will take an avid interest, and make up for this year's loss in the near future.

This brings to an end the 1977 edition of Carrizozo Little League action. Much appreciation and thanks goes out to all the individuals who did participate in the program this year, and especially to Ted Zamora who served as League President this year when nobody else would take the job.

Also, a great deal of appreciation goes out to the four sponsors who kicked in \$38.00 each for insurance on league participants and the charter fee; to Henry Vega and his crew for keeping the field in such fine shape all year; and to Mrs. Buddy Hill for serving as league secretary this season.

Finally, Aguilar expressed his thanks to Joan Miller and Bobby Luerras who drove most of the team to Alamogordo and to Mr. Sambrano who donated his truck for this purpose. Finally to J.P. Aguilar Sr., who donated \$25.00, which was used to treat the whole team to a burger and coke after the final game.

### RC&D to meet in Alamo

The South Central Mountain RC&D Area Executive and Steering committees will meet in Alamogordo on Aug. 2 at the Holiday Inn. The afternoon session will begin at 1:00 p.m. chaired by Bud Bagley of Corona.

Leila Andrews, new director for the State Planning Office, will be the guest speaker at the 1:00 meeting. She will discuss current activities and projects within her office. Afterwards she will answer questions from the audience.

Howard Abercrombie will give the RC&D Coordinator's report to the group, followed by reports of progress on various projects within the area.

THREE YOUNG BOXERS picked up first place trophies for winning their weight division in recent

boxing competition in Alamogordo. They are from left to right, Gabriel Chavez, Frankie Baca and Dom Vega.

THREE YOUNG BOXERS were also victorious in recent competition held in Alamogordo. They are

from left to right, Cristetta Chavez, Larry Beltran and Larry Martin.

### Power outage reported

Electricity all over Lincoln County other areas was knocked out last night for about 30 minutes due to a fault of Reclamation transmission on suffering damage during an electrical storm.

According to Joe Chambers, office manager for Rural Electric Co-Op, a electrical storm near Las Cruces was the apparent cause of the

transmission failure. Outages were reported from Arroyo Grande to north of Carrizozo and from just west of Roswell south to near Pinon.

Areas including Tularosa and Ruidoso also reported outages for the same length of time.

Chambers said that Bureau of Reclamation had to bypass the transmission until it could be repaired.

# Polly's Potpourri (648-2524)

## AROUND TOWN & SURROUNDING AREAS

Tuesday evening I chatted with Betty Miller, Edith Stoneman, Jackie Zamora, Joan Miller, Cathy Cornejo, Mary Najjar, Sharon Luera, Arlene Najjar, Georgia Ortiz, Charlotte Archuleta, Carey Jiron, Carmen Hill, Rachael Rominger, Flavia Luera, Susie English, Mabel Zamora, Kitty Jaramillo, Nenna Vega, Frances Zamora, Minnie Guevarra, Lolly Luera, Bea Ortiz, Margie Zamora, Margaret Barola, Christine Chavez, Carolyn Ladd, Golda Ward, Sharlee Ladd, Mary Greer, Debbie Ortiz, Candie Aguilar, Marie Barola, Juanita Vallejos, Jerry Ortega, Liz MacVegh, Viola Fenter, Martha Guevarra, Mabel Candelaria, Lorena Baroz, Debbie Sedillo and last but not least Lola Villescas.

That is quite a gathering of women! I did not chat with them at a baby shower or bridal shower or at a Woman's Lib meeting. These women were at the Rec Center participating in their Womens Handicap Bowling League.

One evening as I was strolling by Spencer Park I was magnetized by some familiar noises coming from within the Rec Center. Knic-knaks being broken and furniture tossed around. "Youngsters at play," I said to myself. I proceeded to walk in the direction of the noises.

I came upon this gathering of women rolling balls towards some white objects. The noises came when the ball hits one or more white objects. The women were relaxed, and visiting with one another and enjoying the evening. They were very courteous as I asked questions, as I had never been inside a bowling alley. I discovered that a 'pin' is a wooden club, not necessarily something that keeps a diaper on. A 'sapper', I associated with training pants. A 'strike' I thought was a sudden blow by one small fat hand on the head of his brother. I learned quite a few bowling terms or lingo.

Lola Villescas and her husband, Marcos, supervise and organize the Rec Center and bowling. They have mens leagues, children leagues and this fall there will also be mixed leagues. Albert Baca efficiently assists bowlers in various areas.

Lola says there is a place for you in bowling. Everyone is welcome now that some leagues are established, there is need for substitutes. You don't have to be an athlete to bowl. It doesn't make much difference how big or how old you are. If you are big enough to roll the ball down the lane and knock pins down, you're big enough. Join a league, bowl with others, learn together, bowling is a 'ball'.

Roy Wilkinson of Farmington has been visiting Mr. and Mrs. Larry Wilkinson and family. Scheduled to arrive this week to visit in the Wilkinson home are: Dorothy Wilkinson from Gallup and Charlotte Wilkinson Branton from Miami, Florida.

Mr. and Mrs. Moises Sambrano enjoyed the company of Mr. and Mrs. A.W. Chavez from Roswell, over the weekend. Mrs. Chavez is Mr. Sambrano's sister.

Mr. and Mrs. Paul Orozzo from Minneapolis, Minnesota were at the home of Mr. and Mrs. Eddie O'Brien recently. Mr. Orozzo is Mrs. O'Brien's brother.

Recently I learned that Mr. Archie Witham is Rotary president. In my yellowing March 26, 1964 Lincoln County News I found the following: By Pat, The Way of the West: "The Zozo Rotary Club is real proud of its president, Johnson Stearns. He conducted a Rotary meeting last Saturday with more guests than Zozo Rotary ever saw before, some 400, and did a fine job. When it comes to telling stories with a cactus flavor, Johnny tops the list."

Mr. and Mrs. C.A. Snow had Alamogordo visitors recently; their daughter, Mrs. William Evans and Mr. and Mrs. Lee Carl.

Mr. and Mrs. Michael Gallegos from Denver, Mr. and Mrs. Bill Stephenson and Stacy were some of the people who enjoyed the Lincoln County 37th Annual Nogal Mesa Ranchmen's Camp July 20-24. Mrs. Gallegos is the former Tawn Colwell.

Last week I had the pleasure of meeting a gracious lady who moved to Carrizozo after 22 years in Midland, Texas. A belated welcome to Mrs. June Pierce.

Mrs. Pierce is employed in the office of Archie Witham, attorney. She

has a beautiful white cat, Shelley, 14 years old. Mrs. Pierce is a member of the Christian Science Church located on 12th Street.

When I visited with her I was attracted to a beautifully arranged framed sketches and photographs of windmills over her fireplace. The display included windmills painted on ceramics and crafted out of nails. Throughout her home were various windmills in oils and color photographs. Mrs. Pierce is a windmill enthusiast. I was fascinated by her collection of windmills. It brought back memories of my grandfathers windmill in this Trujillo, N.M. farm, where my brothers and sisters spent summers many years ago. For the benefit of 'city dudes' who do not recall a windmill in their childhood, a windmill is a machine that is a member of the class known as prime movers. It uses the energy of the wind to produce power.

Mrs. Al Smith from Miles, Texas and a little friend Debbie visited Margaret Lane and sisters recently. Mrs. Smith and Margaret were college friends years back in Silver City.

Mrs. Mary Shrum is expecting her daughter Sus Vige to arrive from Louisville, Louisiana. Also coming with Mrs. Vige are Mrs. Shrum's grandchildren; Robert, Michelle and Merlie.

Mr. and Mrs. Marvin Hill, Buddy and Denise have returned from San Diego, California where they saw Dennis Hill. While there they went to Sea World and watched professional baseball games, which included Los Angeles Dodgers, San Francisco Giants and San Diego Padres.

Mable Renfro was in Albuquerque to visit her brother, Fred Heinrich and her sister Floja Weidinger.

Mr. and Mrs. L.A. Olson and sons recently visited friends on way to Great Falls, Montana and back, while on their vacation. Great Falls is the largest city in Montana. It lies near the falls of the Missouri River. Great Falls of Missouri, is the highest water fall on the Missouri River. Its waters drop 400 feet in 8 miles.

The Olsons also visited Yellowstone National Park, which lies mainly in north western Wyoming but three of the five park entrances are in Montana.

One of historic Montana's important dates is 1805-1806 when Lewis and Clark explored part of Montana on their journey to and from the Pacific Coast.

Mrs. June Straley has returned from a visit with her son Tom J. Straley and family who live in Abilene, Texas. Susan Colwell of Roswell is visiting this week with her aunt, Mrs. June Straley.

Daughters of Mr. and Mrs. Frank Vega, Jr.; Pat and Carla, visited Mr. and Mrs. Joe Ortiz and girls over the weekend. Pat and Carla are from Tome.

Mr. L.Z. Manire had weekend company; Mr. and Mrs. Fred Karlyn of Aztec. Mrs. Karlyn is Mr. Manire's daughter.

Registered voters were scheduled to go to the polls on July 28 to determine whether or not the gross receipts tax will be raised another 1/4 of one percent. It brings to mind what I read in my yellowed and tattered Lincoln County News date Friday, November 5, 1954. Desert Dan says, "Saw quite a few folks at the election Tuesday that I haven't seen for a long time. Sure is great 'ee' people take the trouble 'ee' come out an' vote. Some of 'em were smilin' and others looked pretty serious when they finished votin'." "I never can tell for sure 'bout elections. Maybe when 'ee' returns are all in, they'll feel just the opposite."

Bobby Archuleta, grandson of Mr. and Mrs. Florencio Archuleta recently joined the Marines and is stationed in Camp Pendleton. He left July 5 for California. Bobby completed his high school education in Odessa, Texas. Rebecca Warner flew to Camden, Tennessee for a two month visit with Mr. and Mrs. Paul Utley and children Paul Jr. and Rebecca. Paul Jr. returned with Mrs. Warner. Paul Jr. who is in the 10th grade will soon return

to Camden, but while here is enjoying golfing at Carrizozo Golf Course.

S. Sgt. Ramon Chavez Jr. (Snoopy) formerly of Carrizozo is also visiting his grandmother, Mrs. Warner. He is scheduled to depart to Camp Riedeloud, South Korea. S. Sgt. Chavez is assigned with the U.S. Army Element and South Korean Army about 17 miles from the DMZ on advisory duty for a year, after spending a tour in Georgia with the 24th Infantry Division.

His family; wife Renate and daughters Patricia and Nancy will remain on government quarters in Georgia. S. Sgt. Chavez already has a forecast assignment to White Sands, N.M.

S. Sgt. Chavez has made the service his career. He spent a tour as army recruiter in Texas before going to Georgia.

Prior to being assigned to recruiting duty he spent 10 years in Germany. He speaks fluently in the German language. His wife Renate is of German ancestry. May I add, 'auf Wiedersehen' to this fine young man and a safe return to his family in a year.

Ester Demich, daughter of Mr. and Mrs. Juan Jiron has joined her husband, S. Sgt. George Demich in Lakenhead, England, who is stationed there with the Air Force. Carrie Jiron and Mrs. Juan Jiron traveled to Albuquerque with Ester and children, Bobbi and Patrick where they boarded an airplane to England. They left the 20th of July and will be there three years.

A belated Happy Birthday to Esther L. Hein, Frank Baca, Ken Wells, Vince Vega, Margo Lindsay, Jonathan Jason Vallejos, Jack Magee, Wink Bancroft, Stacy Ann Ortega, Victoria Cisneros, Anthony Vallejos, all who celebrated birthdays with in the last seven days.

The date on this Lincoln County News also marks the birthdate of the following people: Daniel Morales, Damon Burkhalter, Buddy Hill Jr., Mary Johnson and Refugio Najjar. Happy Day!

In the days to come, the following will also blow out candles; Brian Vigil, Ray Eugene Hernandez, Debbie Wells, T.J. Chisholm, Linda Gibson, and Alton Whitaker. Happy Birthday to all! A lot of cake must have been and will be consumed.

Nat, Polly, Christeta, Gabriel, Michael and Raphael, family of Annette Chavez, accompanied her to Fabens, Texas for 'the Family Fun Day' sponsored by Sun Carnival representatives. In San Elizario, Texas the Chavez family visited in the homes of Mr. and Mrs. Antonio Sanchez, Mrs. Cornelia Borrego, and Mr. and Mrs. Pete Martinez. While there they met many, many other cousins and friends of Polly, Annette's mother.

We wish Beatrice Ortiz a speedy recovery. She is presently in the Ruidoso-Hondo Valley Hospital, room 204.

Visiting Mr. and Mrs. Truman Spencer at the Bar W Ranch for three days were Bonnie and Waverley Dugger and their two children Mary and Waverley Jr., of Roswell.

While Waverley and Sterling worked cattle on the Dugger Ranch, Mary and Marvin Spencer treated Bonnie to a sight seeing tour of Lincoln County and lunch at the Inn of the Mountain Gods.

Mrs. Margaret Rossi and Mr. and Mrs. Larry LaFave of Cloquet, Minn., visited Mr. and Mrs. Ben Sanchez in Carrizozo over the weekend.

# Inside the Capital By Fred Buckles

Al Ross, general manager of Ruidoso Downs and Sunland Park, says \$2.75 million will be spent on capital improvements at Ruidoso Downs if the owners, Fortuna Properties Inc., can settle licensing problems with the New Mexico Racing Commission.

Tabulation of proposed Ruidoso Downs improvements: Turf Club, \$1 million. Capacity would be raised from 800 to 1,600. Expansion toward present parking areas. Work would be done between racing seasons. Stables area; Staggered over four years; stables capacity would be raised from 1,200 to 1,700 horses. Old barns would be replaced and new ones would be built. The stables area outlay would be \$1 million. Grandstand concessions: The grandstand concession area would be totally remodeled for \$750,000. Facilities would be added and some present stands would be relocated. Work would be done between seasons.

Ross, president of Fortuna Properties Inc., says: "We would finance this through banks with our own financial capability." The betting handle at Ruidoso Downs was up 8 per cent for the first 35 racing days over the first 34 days of 1976.

Service of Continental Telephone Company of the West, which wants a permanent 13.5 percent rate increase, is slow at Ruidoso. We dialed "Operator" and the phone rang 33 times before anyone answered. We had much trouble calling the town of Mesquite from Ruidoso although it is a local call.

A sign-up of ranchers for a range caterpillar spraying program was begun in Lincoln County. The target date to begin spraying was Aug. 12. Federal funds were available. Rancher committees were formed. Asst. Director Leo Griego of the State Agriculture Department said: "The Southern part of Lincoln County has had the most range caterpillar egg hatch. It's almost complete there."

Griego said in all of Lincoln County 657,000 acres were infested, in Guadalupe County, 90,000 acres, in Chaves County, a few hundred acres, and in Torrance County, a small area. Griego said: "The hatch in Central New Mexico is very spotted."

Spraying for range caterpillars was finished on 270,000 acres in Union, Harding, Colfax and Mora Counties. Dylux 1.5 oil was sprayed from fixed-wing aircraft. Gov. Jerry Apodaca declared an emergency in Northeastern New Mexico because of range caterpillar infestation.

State Engineer Steve Reynolds assessed New Mexico moisture conditions: "We're still in a general sort of way, except in the Northwest corner, pretty much up to the normal for the calendar year." But Reynolds said farmers in Arch Hurley Conservation District "were hurt because the level was low at Conchas Dam." Reynolds said farmers in Carlsbad Irrigation District were also hurt because runoff was low on the Pecos River. He said

water was released from Sumner Lake to ease problems.

Reynolds said: "East Side farmers are in pretty good shape for moisture—Clovis, Portales, Lea County." July rainfall was normal.

Mountain States Construction Inc., Albuquerque, was apparent low bidder at \$3,790,340.55 on seven miles of construction on US-87 from Des Moines southeast in Union County. But the State Highway Department engineer's estimate was \$3,749,420.85. Bids were opened Friday.

The State Park and Recreation Commission postponed action on a joint Truth or Consequence-Sierra County request for the commission to be lead agency in an effort to preserve the 50,000 acre feet of minimum pool at Elephant Butte Reservoir. The state commission asked for an updated evaporation rate table before voting on the request.

Commission authorized its staff to negotiate an increased breakfast meal rate for the Youth Conservation Corps food contract at Elephant Butte Lake State Park. State Parks Commissioner Sam Graft was authorized to adopt measures to control water skiing at Elephant Butte Lake should drawdown of the reservoir make precautions necessary.

The state commission approved sale of the liquor license at Ute Lake State Park to an individual. The liquor permit, owned by park concessionaire Arnold Wall, will be moved outside Lake State Ute Park. The commission conditionally approved transfer of the lease for Ute Lake Cafe from Wall to Al Hampton of Logan. Charles Horn and Associates of Santa Fe was picked as prime contractor for architectural and engineering design of proposed Lea County State Park near Hobbs.

Gov. Apodaca replaced George Lambert of Elephant Butte with Betty Rivera of Albuquerque on the State Environmental Improvement Board and Charles A. Nicholson of Belen with Dial Bachtel of Taos on the State Liquefied Petroleum Gas Commission.

The new Community Assistance Council will review 12 applications for \$10 million in state money for areas impacted by energy or mineral development Wednesday (Aug. 3) in Santa Fe. Among applicants are Eunice, Lovington, Williamsburg, Sierra County-Hillsboro, Truth or Consequences and Valencia County-Mount Taylor Water Association. The 1977 Legislature created the council. L. Gov. Bob Ferguson, Artesia, governor-running Democrat, set organization meeting Friday in hometown Artesia and Saturday in Carlsbad.

# Health tips for youngsters

That plump, healthy, happy youngster may grow up into a fat, unhealthy, unhappy older child, and later into a fat adult who is prey to all of the physical ailments that are a part of obesity.

Faulty eating habits started in early childhood often are the cause of overweight adults in later life, says the American Medical Association.

All too many mothers, with the best of intentions, nag their children into eating more than they want to eat. The healthy, fat baby who remains chubby as he grows into preschool and first grade years becomes less attractive as an individual. And the habit of eating more calories than necessary is likely to remain the rest of his life.

The parent who thinks the child should lose weight should seek expert help on how he should lose it. If it fits your doctor's counsel, there are some tips to help your youngster lose weight:

1. Weigh once a week and keep track of the weight. Use the same scale and wear approximately the same clothing.

2. It isn't necessary to cut out all desserts and snacks, as long as their calorie count is included in the daily total. Fresh fruits are good for snacks.

3. Keep a supply of raw carrots, radishes, celery sticks and pickles for more snacking. Tomato juice or clear bouillon can serve for drinks.

4. Trim fat from meat, take it easy on the butter, substitute skim milk for whole milk. But be sure to serve plenty of fruits and vegetables.

5. The most important factor in helping the obese child to reduce poundage is to handle it naturally. Don't make a point of telling the child he is on a reducing diet. Just serve the meals naturally and as a matter of course. Avoid nagging the child about his weight and his diet. It will only make him more rebellious and more inclined to snack on the sly.

# Fort Stanton by Dolly Lawson

The ice cream social was the highlight of the week. Five freezers were busy making home made ice cream - chocolate, strawberry, vanilla, & diet sherbert. We had 30 gallons of ice cream on reserve in the dietary department and most of it was eaten. Agnes Crouse made a delicious apricot topping. Several of the students wanted it without ice cream. Mrs. Davis from Roswell brought cookies and helped with the serving. Many thanks to her and her neighbors for bringing ice cream freezers.

All of the staff had to run races before they were served. Bonnie McEuen divided the staff into teams. The fastest runners were Joe Williams, Bobby Crenshaw, Eulbaldo Skinner, and Mike Lawson. The ladies competed on the various teams in relay races. Students played dodge ball and had sack races. Everyone had so much fun that we will probably have another ice cream social before school starts in the fall.

We will have a watermelon bust this week. Due to the college class being taught we will not get to have as much staff participation. Around 20 of our staff members have enrolled for a class taught by Dr. Truby from Eastern. They are learning about communications skills for hospitals and institutions.

Tuesday we went to Los Lunas for a workshop on the law regarding special education - mentally ill mentally retarded. The new law went into effect on July 1. Agnes Crouse took notes and I am giving a brief summary from her notes. The workshop was on chapter 279 House Judiciary Committee Substitute for House Bill 472. Jim Ellis conducted the workshop. The new bill provides or advocates humane, wise, and thoughtful care to the developmentally disabled. We will probably be involved in the new law during the next year. Also attending from Fort Stanton were Dr. Hume, Bobby Crenshaw, Mike Lawson, and Cecelia Apodaca.

My sister and brother-in-law were here for a short visit on Thursday and Friday. We went to the Fort Stanton Museum and I checked to see how many people have visited recently. Over fifty families have registered during May and June. Many others have tried to

visit the museum but we still do not have the staff to keep the museum open. Anyone may visit it if they go to the office and request a tour. There are many interesting things from the Fort's history. A sample of old bottles is very interesting - especially when we see so many broken bottles every time a ditch is dug around the grounds. A trench was dug to connect the plumbing for the new school building and many bottles were found. From brandy to whiskey in 3 in 1 all bottles were dug up. The majority are now in the museum. Mark Delgado, the Administrator, has several on display in the office.

Only two more weeks before we organize for the fall school program. We are planning to have 12 classrooms to teach the various levels of the curriculum. We now have two senior resident classes. Lucy Griego is now teaching half of the original group. Pat Hicks teaches the other group. Paul Wirth is in charge of the program. It is a shame that we could not move the senior citizens to Carrizozo. We do not have the type of facilities needed for older residents. They need comfortable surroundings with few stairs or long uncovered walks. Presently 9 of the residents have a very long walk to their classroom area. During warm weather it is not a bad walk however it is very hard for them when it is cold, snowy, or raining.

Mentally retarded people have many problems to overcome to get the type of program they need to help them achieve to their maximum ability. The older retardate has these problems and in addition have the same problems as many of our normal older people.

Dewey Deweber and Lyle Walker took a group of Socorro-Hildago boys on a campout Friday night. It rained and the tent leaked. Our poor tent has been used for so long by so many students that it is beginning to show wear and tear. The boys still had fun but a wet tent and bed roll can get to be very uncomfortable. As usual I am late writing and can not go into another special education topic. I'll try to begin the column early this week so that I can cover another phase of special education.

## 'Trial Period' for disabled

Some social security disability beneficiaries are entitled to "trial work period" during which they continue to receive disability benefits, according to Dan Mathis, social security field representative.

"Although all disability beneficiaries must notify social security if they work at all, those with a condition not expected to improve are allowed to work in nine separate months. If their work during these nine months is determined to be substantial, benefits end with the third month thereafter," Mathis explained.

Disability entitlement may end earlier, however, if there is medical improvement in the beneficiary's condition.

Since social security disability benefits are paid people with disabilities expected to last as little as one year (not entitled to a trial work period), it is especially important that anyone receiving such benefits notify social security at once if he gets better or works at all. "Failure to do so may result in sizable overpayments which would have to be repaid," Mathis explained.

Mathis may be contacted at the County Commissioner's Room in the Courthouse in Carrizozo on Tuesday, August 16, between the hours of 10-12.

Each letter will have a special Pony Express Seal affixed. Anyone wanting to have a letter in the Pony Express mail should send the letter to Pony Express, P.O. Box 217, Carrizozo, N.M. 88301.

## Special program slated for White Sands

A real bonus for park visitors to White Sands National Monument is planned Friday, Saturday, and Sunday, July 29, 30, and 31. The third in a series of special summer full moon programs will be held in the dunes picnic area on these three evenings at 8:45 p.m. Prominent area scientist's will highlight the presentation and the dunes area open until midnight following these programs.

On Friday evening, July 29, Dr. Rita Beebe, assistant professor of astronomy at New Mexico State University of Las Cruces, is featured in a slide program called "Mars as Seen by Viking." The latest information learned from this spectacular space probe will be revealed by Dr. Beebe, who has a Ph D. in astrophysics from the University of Indiana and supervises the University's Tortuga Mountain Observatory near Las Cruces. The current project with this observatory's 24 inch reflector is attempting to map the zonal winds and atmospheric circulation of the planet Jupiter.

Michael B. Smith, prominent astronomy enthusiast from Alamogordo, will present a program called "Moon Gaze through Filters" on Saturday night, July 30. Mike tells us that looking at the moon through his 8 inch reflector telescope and colored filters is really spectacular. Smith obtained an associate degree in Engineering at NMSU in Las Cruces and is well-known in area astronomy circles.

The Sunday evening, July 31 program will be given by Dr. John P. Stapp of Alamogordo. Well-known for his participation in high speed rocket sled test experiments at Holloman AFB in 1954, Dr. Stapp will recount his experiences in an audio-visual program called "Human Factors of Space

Exploration." This aerospace scientist has a Ph D. in biophysics from the University of Texas and an M.D. from the University of Minnesota. A veteran of high speed deceleration tests from speeds in excess of 600 miles per hour, Dr. Stapp certainly has first hand knowledge about this subject.

"Come on out and see these special programs. This slate of well-known area scientists promises to be a real education experience for all," Superintendent James M. Thomson stated.

# Capitan

By Margaret Rench

We did have an inch of rain this last week. It fell gentle and we did get benefit of that great moisture. Clouds appear with thunder load and clear but just passed us by. Lincoln has had some very good rains. We appreciate that moisture.

The Ranchers Camp meeting closed Sunday evening. There were large crowds each day and many many camped at the grounds. The food was delicious, the preaching was excellent and the singing was out of this world. Paul Biggs and his lovely wife were there. Without him that singing would not be so successful. He truly is a great leader and instructor. Virginia (Jenny) Robinson was present. Said she had attended that Camp meeting 30 times though she is just 29 years old. She was there at age of four months. She had taken the nurses duties if anyone became ill. It was so good to see and talk to her. She is lively at Ft. Sumner.

Mr. and Mrs. Wallace Merchant of Huntsville, Arkansas and her mother Mrs. Bonnie Shaw of Alamogordo. They have three daughters and one son and nine grandchildren. His brother Mr. and Mrs. Don Merchant of San Diego, California. They have two sons and one daughter and two granddaughters. It gave me such happiness and joy to see these young couples. I thank them for looking me up. They visited many friends. Those young men and Wallace's wife grew up here. I had not seen them in years. I do thank you for the happiness you gave me. They enjoyed the Camp meeting every day. They helped serve.

The Smokey Bear Museum received a very nice letter from the Co-Chairman of the U.M.C.C.A. Western National Auto Club that toured our part of the country recently. They thanked them.

Over 400 visitors at the Museum last Sunday. Many came from the Camp Meeting. The folks at the Camp Meeting were very appreciative for the use of the garbage truck.

Becky Jones accompanied Ric, Marcia and little Chad Allen to Eunice for one week where they helped the

Church of Christ, 14th Avenue with their vacation Bible School. The Arts and Craft Shows here this past weekend were very successful. There were lots of interested people there.

There is another place of interest to go and that is at Chief Bernardo's, 1.5 miles west of Lincoln. Theda (Martin) Lane is showing her paintings July 30 and 31. She is a native of Roswell but has spent most of her life in West Texas. She started studying at the age of 15, taking lessons under Martha Kennedy (a south western landscape artist) of Roswell. She was a student two years at the Frank H. Schill School of Art taking courses in Portrait and Sculpture. She has taken art courses at Odessa College taught by Arnold Leonda, and has attended workshops held by Jan Herring of El Paso.

Theda has had a number of "One man shows". Two of these shows were exhibited at Ector County Library and the Permian Bank and Trust, Odessa, Texas.

She enjoys painting in many mediums but her best work are subjects of the southwest in water color.

Her art is distributed in private collections throughout the United States (including Alaska and Hawaii) and her most recent is in the Pioneer Natural Gas Company's area collection. Theda is married to George M. Lane. They live in Odessa, Texas and have two grown boys and two grand children.

Do take time and enjoy the display. Mr. and Mrs. Howard Wright celebrated their 30th Wedding Anniversary Saturday, July 23. I do wish this lovely couple many more such happy anniversaries together.

Happy birthday to one year old Thomas Luther Shrecengost July 25. He is the son of Mr. and Mrs. Bill Shrecengost, Jr. His grandparents Mr. and Mrs. Bill Shrecengost, Sr. are giving him a birthday party Monday night at their home in Lincoln.

Mrs. Manuel (Isabel) Miller returned home this last weekend after three weeks vacation in California with their children. She made the trip via bus. She had a grand time.

Mrs. Terry Strickland and two daughters, Rhonda Kay and Melinda accompanied her mother Mrs. Howard Wright to Seminole, Texas to her grandmother Mrs. Elsie Kidd last Thursday and returned Saturday. Mrs. Kidd is doing just O.K.

Roy Parker of U.S. Forest Service has been detailed to Oregon for two and one-half months.

Mrs. Jay Johnston is visiting her sister Mr. and Mrs. L.D. Fulbright in El Paso.

The Traylor office and apartment is finished and with a good sidewalk. Dr. Richard Farris a chiropractor has leased the building. The sidewalk from there around the front of the building has been broken up and a new walk is going to be poured. It looks good.

At the Tony Padilla home a porch has been added. It gave the home a new appearance. Also a good sidewalk.

The Junior Riding club will be at the rodeo grounds in Capitan Sunday July 31.

Happy Birthday to Melonie Wood who was two years old July 12. She is the daughter of Mr. and Mrs. Steve Wood. Her little friends and relatives joined her in a birthday party.

Frankie Silva became seriously ill July 19, Tuesday night late and was taken to Ruidoso and then sent to the Alamogordo Hospital, Sunday he underwent surgery. I do wish you a good recovery, Frankie.

Bert Miller suffered a heart attack Tuesday July 19 and was taken to the Ruidoso Hospital. He came out of intensive care unit Friday. I do wish you a good recovery, Bert.

Mr. and Mrs. Franklin McKay and family of Logan accompanied by Julie Hardy enjoyed camping out on the Bonita last week.

Mrs. John W. (Edith) Gurley of Albuquerque spent ten days with her sister Mrs. Cathleen Massey. They visited all of the points of interest in our area.

Mr. and Mrs. Jack Shaw accompanied their son Mr. and Mrs. Jeff Shaw to the Shaw family reunion at Mountainair last Saturday. Jack Shaw's birthday was Saturday

July 23. Their grandson Michael (Mike) birthday was Tuesday July 26. Sunday was their day with a day together with all of the family. He is the son of Mr. and Mrs. Mike Blaska. He was two years old. I do wish both of these happy people many more happy birthdays together.

July 20 was Herman Otero's Birthday. I wish you many more happy ones.

Clara Snow of Carrizozo and Hope Evans of Alamogordo visited Mr. and Mrs. Champ Ferguson at their ranch home last Saturday.

Chuck Woodall, you had a recent birthday. I do wish you many more happy ones.

Jose Otero recently sold his home and moved into the Fletcher Hall house on Fourth Street.

The Round Table Club met with Mrs. Frankie Tonn in her home last Thursday.

They had a delicious dinner. The hostess had delicious ham with other food brought by the members. The hostess had attractive home-made pressed flowers place cards. The table decorations were made by Mrs. Tonn's granddaughter, Catherine Tonn, a very competent artist.

All members were present. Guests were Miss Catherine Tonn, Mrs. Emma Jean Hall, Pauline Britton, Winifred Cousins, Louise Ferguson and Gladys Pew.

The business was opened by Mrs. Harriet McGinnis, president. The roll call and reading the meetings were by Mrs. Elitha Merrill, Secretary. Treasurer, Marle Edgar won the raffle. The members and guests had a nice visit. They were entertained by Ms. Beale Jones, Pauline Britton and Harriet Phillips playing the piano and the group sang together.

## New laws for motor bikes

Legislation recently adopted and enacted by New Mexico lawmakers now makes motorized bicycle operation on public thoroughfares in the state legal.

Motorized bicycles, or mopeds - a term derived from MOTOR and PEDAL to describe a motorized bicycle - are vehicles which have a small gasoline motor mounted on a bicycle frame to help propel the vehicle.

The law, which makes moped travel legal in New Mexico, requires operators to have a current state driver's license before operating the vehicle. No motorcycle endorsement is required on the driver's license. In addition, mopeds are not required by law to be registered and have a license plate.

Persons interested in any additional motorized bicycle information should contact their local DMV office.

### 10 YEARS AGO

Plans are being completed for the grand opening of the Carrizozo Recreation Center which should be held within the next two or three weeks says Joe Light, center manager.

Stationed in Carrizozo since 1965, Sgt. Melvin L. West is being transferred to Tucuman, effective August 1. A 19-year veteran of the New Mexico State Police Sergeant West was the ranking officer in Lincoln County. Sgt. L.G. Raney has been picked to replace West.

Capitan will get its sewer system, told J.C. Germany, mayor. The \$8,600 plus needed to meet the low bid of Powers Corp., will be made available and "We should be laying pipe anywhere from one to two weeks," he said.

### 20 YEARS AGO

Olive Rush and Peter Hurd, New Mexico artists of international reputation have given their time and talent to design cards in diversified styles to suit each card purchaser. Funds from the sale of the cards are used for a summer camp for crippled children at Ruidoso; a fully equipped rehabilitation center, just being built on land donated by the University of New Mexico.

Beatrice Pacheco of San Pablo, N.M. had the pleasure of participating in the college band on the evening of Wednesday, July 15, at New Mexico Western College, Silver City, N.M.

July 27 date set for marriage of Margo Duncan to Wesley Lindsay has been announced by her mother, Mrs. Anna Belle Duncan. The bridegroom to be is the son of Mr. and Mrs. Byrl Lindsay of Nogal.

### 30 YEARS AGO

Norton-Pepper Post 2688 Veterans of Foreign Wars of Capitan are renewing their efforts to get for Lincoln County an Iron Lung.

The Lane Sisters have had new signs painted on their store front this week in silver and black, greatly improving the appearance of the establishment.

Veda Lou Branum and Elaine Shults are attending the Intermediate Assembly that is being held this week in the mountains near Weed, N.M.

Ruidoso - Ruidoso Downs - Capitan Gateway - Carrizozo

Names of those registered at Ancho falling within the first three hundred drawn in this exemption precinct: Clarence Bulluck, J.A. Carey, Salome Davila, Victor Esquibel, Bryan A. Hightower, Thomas Hampton, W.W. Ince, E.S. Lovell, Jesus Lara, Fred McCarthy, Julian Martinez, Apolonia Montez, Gabino Oballe, T.J. Straley, G.S. Van Marter, Tomas Villegas and Jesus Vasquez.

Sheriff Hyde received word last night that Gran Montoya, constable of the Arabela precinct, had killed Chon Romero. Romero had been an old offender, and was wanted on various charges, and had the reputation of being a bad man. The constable reported that Romero resisted arrest, whereupon the officer forever put a quietus on Chon by three well directed shots.

IN THE DISTRICT COURT OF LINCOLN COUNTY, NEW MEXICO TWELFTH JUDICIAL DISTRICT

IN THE MATTER OF THE ESTATE OF FRANK G. MORRISON, Deceased Probate No. 00001

NOTICE OF FINAL HEARING

THE STATE OF NEW MEXICO TO: Garnette M. Morrison, Ronald F. Morrison, Gary S. Morrison, and all unknown heirs of Frank G. Morrison, deceased, and all unknown persons claiming lien upon or right or title to the Estate of Frank G. Morrison, deceased; you are hereby notified that Ronald F. Morrison, has filed in the above styled cause and Court his verified Final Report and Account of Ancillary Executor; you are further notified that on the 29th day of September, 1977, at 9:00 A.M. o'clock in the District Court at the County Courthouse in Carrizozo, Lincoln County, New Mexico, the said Court will hear objections to said Final Report and Account and will settle the same, and will proceed to determine the heirship of said Frank G. Morrison, deceased, the ownership of his Estate, the interest of each respective claimant thereto or therein and the persons entitled to distribution thereof. Attorney for the Ancillary Executor is Richard A. Stanley, P.O. Box 636, Alamogordo, New Mexico 88310.

WITNESSETH my hand and seal of said Court at Carrizozo, Lincoln County, New Mexico, on July 26, 1977. SEAL Marjo E. Lindsay, Clerk of the District Court, Lincoln County, New Mexico. First published in the Lincoln County News, July 28, 1977. Last published August 18, 1977.

PROPERTY TAX DEPARTMENT OF THE STATE OF NEW MEXICO BATAAN MEMORIAL BUILDING SANTA FE, NEW MEXICO 87503

GENERAL ORDER NO. 31 June 6, 1977

EXTENSIONS OF CERTAIN DEADLINES FOR TAX YEAR 1977

Pursuant to my authority under

Section 72-31-43 NMSA 1953 (Supp. 1975). I hereby extend the following deadlines found in the Property Tax Code with respect to the 1977 tax year only:

1. The deadline for the Property Tax Department to prepare and send to the Director of the Department of Finance and Administration an amended compilation of net taxable values, the deadline being found in subsection B of Section 72-29-32 NMSA 1953 (Supp. 1975) is hereby extended from August 1, 1977 to August 22, 1977. This extension is made to permit the Department to include additional information regarding final valuations resulting from completed protests and information on pending protests.

2. The deadline for County Valuation-Protests Boards to decide protests which is found in subsection C of Section 72-31-27 NMSA 1953 (Supp. 1975) is hereby extended from "... one hundred and twenty days of the date the protest is filed..." to three hundred days after the date the protest is filed. This is the second extension of this deadline, the first extension being found in General Order No. 30, dated April 6, 1977. The effect of this Order is that all protests to 1977 notices of valuation filed with county assessors pursuant to the provisions of Section 72-31-24 NMSA 1953 (Supp. 1975) are required to be decided by the County Valuation Protest Boards for the county within three hundred days after the date the particular protest is filed. This extension is made because of the number of protests filed in some counties, and the procedural requirements regarding these protests set forth by the Court of Appeals of the State of New Mexico in In The Matter of the Petition of the First National Bank, et al. v. Bernalillo County Valuation Protest Board, No. 2871.

DONE this 6th day of July, 1977, in Santa Fe, New Mexico.

Cecil J. Pieckett, Director Property Tax Department State of New Mexico First published in the Lincoln County News July 14, 1977. Last published July 28, 1977.

Ancho UPW holds meeting

The regular meeting of the Ancho UPW was held Tuesday, July 19 at the home of Betty Crown in Ruidoso, preceded by a covered dish luncheon. President Beth Hightower called the meeting to order. As a devotional, Beth Hightower read two selections from Marjorie Holmes book, "How Can I Find You, God?" titled People need each other and I saw your light. A contemporary hymn "Pass your love around" was sung by the group. Information on the Summer Medical offering from Concepcion was read by Beth, who then closed the workshop with prayer.

Margaret Lightfoot presented Chapters 7 & 8 of the study book "How to solve conflicts" by George Sweetling and the book of James, with group discussion. Barbara Harkey and Susan Hightower gave a verbal example of how an argument can get out of hand & Vernelle Hightower & Betty Crown an example of one person showing concern and encouragement to another person.

Business matters were taken care of. Carolyn Landrum a recent guest speaker, told of using her Honorarium to buy garden tools for a retirement village.

Vernelle Hightower told of a Christian Video station in Albuquerque, that has recently air with the support of interested local citizens.

Members present were: Barbara Harkey, Beth Hightower, June Scholes, Susan Hightower, Margaret Lightfoot, Vernelle Hightower and hostess Betty Crown.

Hearing set for Aug. 4

A hearing will be conducted in the Lincoln County Courthouse in the Elinor Olson vs. Carrizozo School Board and Wesley Lindsay case on Aug. 4 at 2:30.

Mrs. Olson maintains that she has been mistreated and has suffered immeasurable public scorn as the result of a comment allegedly made by a member of the Carrizozo School Board, Wesley Lindsay.

The suit holds that as a result of a statement allegedly made by Lindsay at the June 14 school board meeting, she has been denied the opportunity for employment by the district, although she is qualified.

Mrs. Olson, through her attorney, Frank H. Coppler of Santa Fe, is seeking \$240,000 in actual damages, \$150,000 in exemplary damages, \$150,000 in punitive damages and reasonable attorney's fees as well as the cost of the suit.

Related to the same case, a criminal charge against Jimmy G. Steinsprets, superintendent of the Carrizozo School District, was dismissed last week in the Magistrate Court.

The criminal charges, filed by Les Olson, Elinor's husband, maintained that Steinsprets failed to allow examination and inspection of a taped recording of the Carrizozo School Board Meeting held June 14.

The charges were dismissed by request of the complainant, Les Olson.

News from County Agent

I have spent several days in the past two weeks weighing and registering market animals for the Lincoln County Fair. With the help of Dee Proctor, Dan Ware, Jerry Bruckett and many others, we weighed 27 calves, 37 pigs and 132 lambs.

Some of these animals will not make the minimum weight limits and will show in the feeder animal class. Any calf under 875 pounds, lambs under 80 pounds and pigs under 180 pounds on August 28th, will show in the feeder class. Only market animals weighed and registered during the past two weeks will be allowed to show at the Lincoln County Fair.

Breeding animals in the swine, beef cattle and sheep classes will be allowed to show without being weighed. xxxx

Sheep Enemy No. 1 - The Coyote: The greatest single enemy western sheep have is the coyote, according to the U.S. Economic Research Service survey of sheep producers in the western States.

Coyotes, by killing sheep and lambs, have cost sheepmen and consumers \$37 million in 1974. Most of this was lost by farmers and ranchers from reduced sales; but consumers also lost from higher lamb prices and reduced quantities. Hardest hit by the predators were 5,000 western sheepmen, about one tenth of all the West's total sheepmen, who lost an average of \$4,000 each in 1974.

The survey's data show predators in general were blamed for about half of all lamb deaths in the West in 1974, and a third of the sheep deaths. Coyotes alone were responsible for 35 percent of the lamb deaths. In numbers, coyotes were blamed for killing nearly 750,000 lambs of the 9 million born in 1974.

Signs of Attack: sheep and lamb predators usually leave tell-tale clues on the carcass. For example, a domestic dog will usually kill by slashing at the sheep's hind legs and back; a cougar will bite the top of the head; and an eagle will leave talon marks on the back & head. But the most common finding is bites in the neck of a ewe or lamb - the mark of a coyote.

Sheep producers disagree with environmentalists about the extent of damage caused by coyotes and how they should be controlled. Research sponsored by government agencies and

universities also has considered these questions. In seven biological studies, autopsies were performed on sheep and lamb carcasses to determine cause of death. Verified coyote kills ranged from less than 1 percent of lambs on seven California ranches with predator control, to 29 percent of lambs on a Montana ranch with no predator control.

Poisons outlawed: at the center of the predator control controversy is the 1972 ban of poisons. With nearly half of the West's sheep and lambs grazing on Federal land, the 1972-75 seasons showed the highest rates of lamb loss of any years recorded. According to producers, increased coyote predation was the major cause of this loss.

In the study, ERS researchers also report: More than half of the western commercial sheep producers (those with flocks of 50 or more head) report some losses from coyote attacks. Nearly 280,000 adult sheep, in addition to the 750,000 lambs, were killed by coyotes in 1974. Disease accounts for less than 2 percent of lamb deaths; weather kills about 4.5 percent. Geographically, loss rates of lamb and sheep to coyotes were highest in States with public range grazing and mountainous terrain. Lamb loss rates attributed to all causes have been increasing in the Western States, while loss rates for adult sheep have been declining slightly.

INSIDE THE OUTDOORS By Gary Dollahan New Mexico Department of Game and Fish

Sportsmen across the United States belong to a rather elite group of individuals. That is, through the purchase of their state hunting and fishing licenses, they provide, on a nationwide average, 62 percent of the annual income of state game and fish

agencies. In addition, another 15 percent of the state agencies' income comes from the sportsmen by way of an excise tax placed on sporting arms and ammunition, fishing tackle, and handguns and archery equipment. This money goes into the U.S. Treasury and, while controlled by the U.S. Fish and Wildlife Service, is made available to each state agency to be used for wildlife restoration, projects beneficial to sport fishing, and hunter education programs.

This federal-aid money usually comprises 75 percent of the funding for an approved project, the remaining 25 percent being provided by the state agency. However, the money comes in the form of a reimbursement.

So, all in all, a state's hunters and fishermen provide an agency of 77 percent of their game and fish department's income. Only a mere 4 percent, again an average, actually comes out of the general fund, better known as the "taxpayer's dollars."

The New Mexico Department of Game and Fish operates almost exclusively on sportsmen dollars. The majority of the income, almost 75 percent, comes from the sale of licenses and permits.

Federal reimbursements provided by the excise taxes on hunting and fishing goods, compose 22-23 percent of its income.

The small remaining percentage is received by miscellaneous means such as collection of civil damages, refunds from bonds, grazing leases, oil and gas leases, sale of confiscated game and fish, etc.

None of the fine money imposed on game and fish law violators is returned to the Game and Fish Department. Instead, this fine money goes into the State's School Fund.

Of this Department's almost 5 1/2 million dollar budget, only \$45,000 comes from the state's general fund. This \$45,000 must be used only by the Department's Rare and Endangered Species Program and is done so on the 25 percent state to 75 percent federal funding basis.

Therefore, the New Mexico Department of Game and Fish is a rather unique state agency-operating on only a very small portion of the taxpayer's money, and that being for the state's rare and endangered species.

"County Seat of Lincoln County"

## About Carrizozo

Nestled at the base of the majestic Sierra Blanca Mountains, Carrizozo serves as the county seat for all of Lincoln County. 1,500 active citizens currently live in Carrizozo, but the town boasts of recreational facilities that would make much larger areas envious. The nine-hole golf course is well groomed and uncrowded during the tourist season. 40 units of motel rooms are readily available for your convenience, along with a clean campsite, swimming pool, absorption facilities, snack stand and a hospital clinic is open daily should the need arise. Take a little time to enjoy the area - your stay will be well worth the effort.

## About Lincoln County

Lincoln County is one of the most desirable, yet undiscovered, locations left in the Southwest. Look around you, the beautiful mountains to the east, provide camping, hiking and fishing in the summer, and wonderful skiing in the winter. To the west is the Valley of Fire State Park where thousands of years ago molten lava gushed through the valley before coming to a permanent rest. To the east is Capitan, home of Smokey the Bear Museum and State Park. Beyond is Old Lincoln Town, made famous by Billy the Kid and the Lincoln County War. The buildings have been kept intact and a well-entitled museum will let you taste the past. Set in the beautiful mountains is Lordsburg, and Lordsburg Downs Race Track, home of the world's richest horse race. Activity there is buzzing with excitement almost daily through the summer. For just the vacation you've been looking for, take some time to explore Lincoln County, the historic and recreational facilities are numerous, the climate is perfect and the people are always willing to help.

### 1 Citizens State Bank

Turn left at courthouse downtown - Phone 648-2377. The people at Citizens State Bank are pretty much natives of the county and will have answers for questions from visitors or travelers. All this plus full bank service that is hard to beat. There are many western pictures and artifacts to view at Citizens State and these friendly people will help make your travels in any way possible.

### 2 David's Chevron Station

1/2 mile S&W downtown - Phone 648-2583. "People really count along the Chevron Way" and that is especially true in Carrizozo. Louie Montana will see that your vehicle gets the best of service. Lube jobs, wash, tire repair, tires, batteries or accessories are available at Chevron. We can handle lots of large truck tire repairs and can do yours, large or small.

### 3 Johnnies Outpost Bar

Center of town on U.S. 384 beyond new bank - phone 648-9794. For comfort and relaxation in pleasant surroundings while sipping your favorite beverage, the place is the place. You get a full measure in your drinks at the Outpost, plus we have a full stock of liquors, wines and beers to take out. Or, wheel up to our drive-in window for service. Van and Henny will see that you get the best on your stop here.

### 4 Means Motor Supply

1/2 way 200 West - Phone 648-2301. When you need auto or truck parts, two things can be a very big help. First, a store that has the parts, second, a person that knows the business. Bob Means has been at the business for many years, he knows about your vehicle. Means Motor Supply keeps the largest supply of parts in a large area. They also provide wrecker service. Call them or drive out U.S. 384 West for your needs.

### 5 Crossroads & Frontier Motels

At Intersection of U.S. 384 & U.S. 54 - Phone 648-2342. Finding a comfortable bed and courteous service at night can be a problem, not in Carrizozo. The folks at Crossroads will treat you like friends and you will find their rooms both clean and comfortable with good color T.V. Restaurant and car service both close by. Carrizozo is one of the handiest and best stopping places along two major highways. There is much to see within short driving distance.

### 6 Carrizozo Malco Station

Across from courthouse downtown, Phone 648-9996. The sign out front tells you what you want to know about gasoline prices at Carrizozo Malco. The service from Linda will make you feel that this stop was well worthwhile. Using Good Malco gasoline can help you see more miles of interesting places in Lincoln County. It's a stop you will want to repeat on your next trip.

### 7 Monte Vista Service Station

At Intersection U.S. 384 & U.S. 54 - Phone 648-2311. You can get a complete range of car services at Monte Vista. Tanning, grease or wash job, minor repairs, tire repair, oil change and all done by people who know the business. Texaco products are sold to guarantee quality. You can trust the people who wear the Texaco Star to give efficient and honest service whatever your needs may be.

### 8 Carrizozo Recreation Area

On U.S. 384 just east of Carrizozo, Phone 648-2264. You may not find another small town in the world that has such fine recreation facilities as in Carrizozo. Henry Vega and staff keep a nine-hole golf course feeling better than your lawn, and it's fun to play. Or, tennis courts are there, playground equipment for the children, a lake for fishing. Little League baseball game in the evenings. Better see it, better yet, stop and enjoy it.

### 9 4 Winds Restaurant & Lounge

At Intersection U.S. 384 & U.S. 54 - Phone 648-2871. The 4 Winds Restaurant & Lounge in Carrizozo has an unique combination of service that has pleased travelers and home-town people for years. You can get the finest of steaks, Mexican lunch specials, sandwiches, plus old fashioned fountain service. If you choose, fine drinks from the lounge are available. James Silva, owner, believes good food and good service makes satisfied customers. Stop at 4 Winds for pleasant dining.

### 10 Carrizozo Recreation Center

Just off to northwest from Intersection U.S. 384 - 54. One of the main reasons Carrizozo people enjoy life so much is the wonderful climate here, plus the many facilities for fun and exercise. Bowling lanes are beautiful at the Rec Center, pool tables are there as well as billiard machines. And, across the drive is the Juan Toranzo Memorial swimming pool which is open to the public. You may get ideas about the good things in life from visiting Spencer Park, the Rec Center and Swimming Pool.

### 11 Sands Motel & Trailer Park

On U.S. 54 at South edge of Carrizozo - Phone 648-9962. For a night or a month you can't do better than a trailer space or comfortable bed at the Sands. Margie and Ray Wells will make you welcome and also help with information about interesting places around Lincoln County. There is much to see, many interesting drives, and you can do it all from the Sands Motel & Trailer Park in Carrizozo.

### 12 J.G. Moore Insurance Agency

Across front courthouse downtown - Phone 648-2311. There can be many instances when travelers need insurance help, as a new policy. Margaret and Bob Stewart at Moore Agency are here to help you in any way possible. Moore Agency is an independent insurance agent representing many companies with auto, life, health, homeowners or business policies. Let us help make your trip as pleasant as possible.

### 13 Central Package Liquor Store

On north side of U.S. 384 downtown - Phone 648-2855. There are lots of good things at Central Package for refreshment at the end of your trip. We have a complete stock of wines and liquors, plus beer that is cold enough to keep a long time. Snack foods are a specialty here, no stop in and shop. Nabel Hernandez will help you in a most friendly manner, and can tell you a lot about Lincoln County.

### 14 Lindsay Western Wear

On the right, around the bend on U.S. 384 downtown, 648-2560. Looking for a big western straw hat, a western shirt with some flare, jeans or boots, you'll be at the right place in Lindsay Western Wear. Our stock is fresh, with new items all the time. We'll fit you out for any rodeo that goes on and there are plenty of them here in Lincoln County. See a gal that knows the west, Bobby LaMay at Lindsay Western Wear.

### 15 Gift Gallery & Self Service Gas

Two locations, gas pump on U.S. 384 at Intersection, gift store there and also on U.S. 54 at bend, on the right. Of course our self-service gasoline prices are good, we planned it that way as a help to our customers. We like to have many gift items representing the southwest on display at all times in both stores. Ray Dow will welcome you and be glad to help you select items you want for yourself, or friends anywhere.

# Welcome to Carrizozo
