

Chimney Sweep? The Old Fashioned Way

Chimney sweep? Well, that's one of those things you do when you move to

Ruidoso and don't have a marketable skill; you make one. That's what

Michael Cormier, 26, did when he got out of the Army three years ago and wanted to live in Lincoln County. Trained as a medical technician with Uncle Sam, Mike also has his nurses license. But the Army probably took all the thrill out of nursing, so Mike moved to Ruidoso and did odd jobs for quite a while to survive. His wife Marie works at the Ruidoso Hospital, and they get along all right.

the U.S. each year. A chimney fire starts due to the unburned residue condensed out of the smoke coming up the chimney, and Mike says that pine is the worst kind of wood to produce this resin.

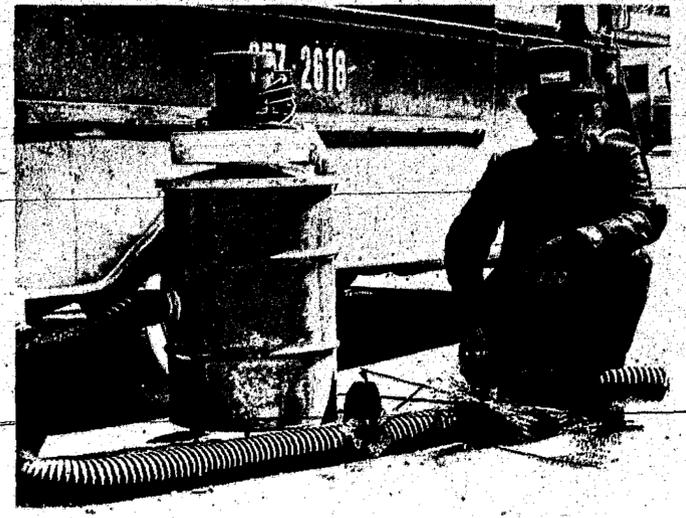

remember that in Europe it is considered very good luck to touch the

chimney sweep. And Michael Cormier really does like to shake hands.

But Mike was not normal. None of us are that make-it-in-the-West; he was looking for something different, something to excite him and still have market value. We never did ask him how he decided to learn chimney sweeping, but learn it he did. Went back to Boston, took the training from the guild, and bought all the special equipment. (In these days of automatically produced everything, his steel-bristled brushes are made by hand.)

The normally used chimney should be cleaned at least once a year, and more often if used year around. In Europe it is done at least three times a year. Otherwise, the fire in the chimney can damage the stonework, allowing the flames to come out through the cracks and ignite the house. Also, burning balls of pitch will shoot out the top of the chimney, and that presents a real problem in our dry Lincoln Forest.

It's obvious from talking to him that Mike wrote his own ad copy, because he tells us in those same words about the number of chimney fires in

Michael wears the traditional black clothes and top hat of the chimney sweep. He tells me that the garb began when the rich in Europe used to pay their sweeps with old discarded clothing, thus the top hat and tails. Mike is very much the articulate salesman, but we feel he would be good at most anything he does. The Lincoln County News wishes him all the success in this venture.

So if you see him around,

LINCOLN County News

VOLUME 72, NUMBER 12

Democrats Elected Thirteen Delegates

Lincoln County Democrats will send an uninstructed delegation to the State Convention on April 14 in Albuquerque.

The Democrats elected thirteen delegates and thirteen alternates in a harmonious meeting Tuesday night at the County Courthouse.

County Chairman Mary Rich said the delegates represented both Bruce King and Bob Ferguson votes.

The delegates will present two resolutions to the state convention. Carrying unanimous support are resolutions calling for reapportionment of the state in a manner to give Lincoln

County and six other counties now unrepresented a vote in legislature.

County Treasurer Mike Kimbrell presented the resolution. The county convention also went on record opposed to the complicated delegate selection methods required this year. Chuck Brown, making the motion protesting

the Affirmative Action plan, said that the voting method was unworkable and undemocratic in Lincoln County.

Candidates for Democratic nominations introduced themselves and spoke to the Convention: Georges White running for Assessor; Charlotte Jarratt and Bobby Dan Crenshaw for State Senator; Sunny Hirschfeld for Probate Judge; Jackie Martin for Magistrate; Barbara Ward for County Clerk; Bill Elliott for Sheriff; Mike Kimbrell for treasurer, R.C. Nunez for Commissioner, John Sudderth for Commissioner.

The convention gave the Central Committee authority to amend the county party rules and bring them into conformity with the state rules. The group also voted to participate in an Eastern New Mexico fund raising dinner to be held in Hobbs in May.

The delegates will again offer a hospitality room at the state meet. The room will be in the Albuquerque Inn on Friday and Saturday of the Convention weekend.

Delegates are Mary Rich, Fern Sawyer, Barbara Dugger, Chuck Brown, Cece Sudderth, Sunny Hirschfeld, Mike Kimbrell, Charlotte Jarratt, Benny Coker, Jube Burch, Dee Ann Woolridge, Juanita Abercrombie and Jackie Martin. Alternates are Bill Elliott; R.C. Nunez, George White, Jim Woolridge, Coleta Elliott, Emmeline Beck, Bobby Crenshaw, Ken Fulkner, Bill Payne, Barbara Ward, Mrs. R.C. Nunez, Bill Jaratt and Helen Brown.

Questionnaire Concerning Plan

Questionnaires have gone out from the county to 165 property owners in the Township 8 area concerning a proposed master plan for that part of Lincoln County.

The section extends north from Ruidoso and south from Capitan. The responses to the survey are expected to assist the newly created extra-territorial planning commission in developing a master plan for the area.

Lincoln County entered into an agreement with Ruidoso and Capitan to create the Commission.

The group is to be concerned with preservation of agricultural and forest lands, pollution, junk yards, subdivision road problems, and water availability.

The county anticipates that that the commission will have to consider issues including development regulations, enforcement of covenant restrictions, enforcement of subdivision road design standards, land use along highways, preservation of farm, ranch, and scenic lands.

The goals set forth by the commission are as follows:

(1.) To preserve prime farm, ranch, and scenic land from development in order to maintain agricultural enterprises and retain open spaces for the recreational pleasure of present and future residents and visitors.

(2.) To establish environmental criteria which dictate what types of land are unsuitable for development in order to preserve the public health and welfare.

(3.) To promote low density development in areas well outside the boundaries of public service provision until that time when those public services become available.

(4.) To allocate land for the attraction of commercial business which will stimulate tourism and increase job opportunities and incomes throughout the planning area.

(5.) To insure traffic safety and fast, convenient travel through the planning area by adopting policies which regulate both the nature of feeder roads leading into major thoroughfares and the land uses along those same major thoroughfares.

(6.) To protect individual real estate investments in existing and future subdivisions and by prohibiting the siting of non-conforming land uses which will severely damage the value of an adjacent homeowner's investment.

(7.) To lower danger of wildfires by reducing fire hazards in and adjacent to residential and commercial areas. Includes pruning and thinning of forest

stands to remove dead and dying trees, removal of excessive undergrowth, and installation of fire breaks.

Judge Rules In Favor of Payton

A complaint filed by Mary Rich, former employee of the Lincoln County News, naming Paul Payton and Eleanor Payton as defendants, was heard in the 12th Judicial District Court on March 2, 1978, in Carrizozo.

The complaint alleged that plaintiff would get \$200.00 per week salary and that in addition plaintiff would get 10 percent interest for each year, whereas at the end of five years plaintiff would get 50 per cent, but that if Paul Payton would die, say one day after the agreement, that plaintiff would inherit immediately 51 per cent of the business and property.

At the end of the day in court Judge Sandenaw stated: I feel that at the conclusion of the plaintiff's case that the defendant is entitled to judgment as a matter of law because there is no showing under any interpretation of the facts as they have been presented here today which in my opinion would remove that alleged oral contract from the Statute of Frauds.

Mary Rich To 3 yr. Term

Mary Rich was elected to a three year term of the Region VI Health Planning Association meeting Oklahoma City Tuesday.

The Association represents Health Systems Agencies in New Mexico, Arkansas, Oklahoma, Texas, and Louisiana.

Richard Brusuellas, New Mexico HSA director was named vice president. Other New Mexico board members are Dr. Phil Ambrose, Las Cruces; Kirby Montoe, Santa Fe; Barbara Cummins, Farmington; Gloria Lucero, Albuquerque.

Ms. Rich, of the Area Council representing the five counties comprising District Six, was one of the nine delegates to represent New Mexico at the annual meeting.

New Ski Area To Be Ready For Next Season

A new ski area which will appeal to the entire family is being developed by Eagle Creek Associates, Incorporated. Construction of the Eagle Creek Ski and Recreation Area will begin in 45 days.

Located near the Eagle Creek Lodge off state Highway 532, the new skiing facility will have a western theme.

"The ski runs will have western character names as the Jesse James Run, Pat Garrett Run and our parking attendants will wear western clothes," Ralph Rush said.

The corporation's major stockholders are Rush, Paul Southwick and Jerry Kilmer with additional partners of Bob Scribner, Richard Cothrun, Lee Ware, Peter Siroble and Doug Bass.

"With the 30 million gallon water rights we purchased and the use of snow making equipment we could be open by Thanksgiving every year," Rush said.

The lodge on the site will be renovated to include a restaurant, day care center, equipment rental, ski school and lodging. A poma lift and T-

bar are planned to serve beginner to expert slopes.

"We plan to have a carnival-like atmosphere with clowns skiing on the slopes. We will expand to include a controlled steeple area," he said.

Summer activities will include mat skiing and instruction, horseback riding and possibly a day camp.

Nastar competition will be offered for the novice or intermediate skier who is not interested in heavy competition.

Another plus aspect of the new area is night skiing. Many local people who have to work all day and may not want to fight the large crowds on the weekend, as well as the tourist, will be able to fit night skiing into their schedule.

"We feel that we'll attract tour groups to the new area," Rush said, "as buses will be able to drive right to the slopes or people can stay at the lodge."

Even ice skating is included in the future plans for about two months out of the year.

"It will be a place for the whole family to have fun," Rush said, "and just think chains will never be required."

Zia Center Opens

More than two hundred people were guests at the opening of the Carrizozo Zia Senior Citizens Center.

Mayor Jesse English cut the ribbon at 2:00 P.M. for Ray Wells, who represented The American Legion, sponsors of the Center. The Rev. Bill Scholes gave the invocation.

The project is made possible by financing under the Older American Act and will have an annual budget of around \$31,000.

The center is located in a town building next to the fire station. It will open Monday thru Fridays from 8 A.M. to 5 P.M., offering information, recreation, teaching and home services to Lincoln County older citizens.

Sister Jan Geha, project director, thanked the community for participation in remodeling the Center and for the response to the needs of older citizens. She said the Center would also be used for special evening events.

Zia Senior Citizens Center was presented with a 1975 van from the Ruidoso Adult Recreation Center by Charlotte Jarrett.

There were guests from various areas of the state including Artesia, Carlsbad, Roswell, Santa Fe, Lake Arthur, Tularosa, Alamogordo, Ruidoso, Carrizozo, and even someone from Grand Rapids, Michigan.

Two Charged With Burglary

Two Carrizozo men were in jail this week charged with burglary, larseny over \$100 and criminal property damage.

Lloyd Candelaria and Joe M. Padilla were arraigned before Judge Bill Payne on the charges following their arrest Saturday by Carrizozo Policeman James McSwane. The men are accused with burglary of the residence of Jerry Hourigan. According to Officer McSwane, two guns and \$50 in cash were stolen Friday evening.

Padilla was also charged with battery and pled guilty. He was sentenced to 30 days in jail. The two men will be taken before the Grand Jury next month, according to authorities.

Welcome To Our Town

Doctor Moving In

Dr. and Mrs. Craig Nelson were introduced to Carrizozo at a reception in the Carrizozo Health Center Tuesday.

Dr. Nelson will be moving to the town in July to help the clinic. George Cardell, director of Zia Therapy Center which will open at that time was also present for the gathering.

The Carrizozo Health Center staff and the St. Joseph's Advisory Committee hosted the event. Mayor Jesse English welcomed the couple to town.

Before the reception, Dr. Nelson and Mr. Cardell met with the Advisory Committee to review initial plans for the remodeling and addition to the proposed clinic building. Zia will operate a training center for mentally retarded students in the former hospital building.

Mr. Cardell said that the Advisory Committee will be asked to add the

center to its present duties. There was a discussion of the space needed to house the clinic which will probably include dental services.

Thomas A. Sandenaw Seeks Re-election as Judge

District Judge Thomas A. Sandenaw, Jr., announced that he will seek re-election as Judge of Division II of the Twelfth Judicial District.

Judge Sandenaw was elected in 1976 to Division II, a position created by prior legislative action. Prior to his election, he had practiced law in Alamogordo since he and his family became residents in 1968.

"The 14 months in office since becoming a trial Judge have been exciting and stimulating," the Judge said. "Not only have I been confronted with a number of challenging cases, but I also benefited from my attendance at the National College of the State

Judiciary. I want to put this experience to good use by continuing as Judge in this District."

Judge Sandenaw also said, "It is significant that in 1977 we concluded the year with 250 civil cases pending. This represents the lowest civil docket of pending cases of any judicial district in the state. In 1977, 1716 civil cases were filed in this District, and 1810 civil cases were disposed of by Judge Zimmerman and me."

The Twelfth Judicial District includes both Otero and Lincoln counties.

A graduate of Los Alamos High School, Los Alamos, New Mexico, he received his Bachelor of Science degree from Montana State College in 1958, and his Juris Doctor degree from the University of New Mexico in 1967.

Prior to entering the private practice of law in Alamogordo, Judge Sandenaw had been a law clerk at the New Mexico Supreme Court. During his eight years in private practice, he was also an instructor of criminal law and evidence at New Mexico State University in Las Cruces, and a part-time United States Magistrate.

Tom and his wife, Colleen, have three children. Cheryl and Kevin are graduates of Alamogordo High School. Dana is a sophomore at Mid-High. Colleen, a graduate of Jamestown College, North Dakota, taught in elementary schools in Albuquerque and Alamogordo. She now manages the family business.

Barbara Ward Seeks Clerk's Seat

Barbara Ward of Carrizozo has announced her candidacy for the office of Lincoln County Clerk on the Democrat ballot.

Barbara has sixteen years experience related to management and has been employed by the County Commission and the County Manager as Administrative Secretary since December 1974.

Barbara's husband is a native of these parts and is a Consulting Engineer practicing in Carrizozo. They have four children; two remaining at home and attending the Carrizozo school system.

Elliott Proud of Accomplishments

Sheriff Bill Elliott announces that he will be a candidate for re-election as Sheriff of Lincoln County subject to the June Democratic Primary.

Sheriff Elliott states, "I am very proud of my Department and the accomplishment we have made during the past 2 years."

I have all my Deputies in full dress uniform and all in marked vehicles. We have been able to reduce the burglaries in Lincoln County thru an all out effort in patrolling all parts of the County.

I have run my Department in a professional manner and pledge to continue to do so in the future.

The Sheriff's Department has a good working relation with all other law enforcement agencies in Lincoln County and all surrounding Counties. I will appreciate your support and assure you I will continue to serve all the citizens of Lincoln County in a fair, equal and dedicated way.

Alfred L. Montes Has Experience For Judge Seat

Alfred L. (Leroy) Montes has announced his candidacy for the office of Magistrate, Division II, Lincoln County. In his nineteen years of Law

Enforcement, he has served with the Alamogordo Police Department, Lincoln County Sheriff Department, New Mexico Department of Corrections and is at present City Marshall with the Village of Capitan.

He feels that with his experience in law enforcement he has become knowledgeable and capable of serving the public with fairness and equality in this office. He has attended the College of Santa Fe and ENM University where he obtained an Associate Degree in Business.

Montes was born and raised in the Hondo Valley. He is married to the former Rose Carvajal and has three children, Lilly, Ronnie and Yvonne, all attending Capitan Schools. They been residing in Capitan for the past 12 years.

Style Show Set

The Capitan Woman's Club is planning a spring fashion show to be held at the home of Daylene Huey. The date is set for April 6 at 7:30 p.m.

Fashions will be provided by The Galleria of Ruidoso and will be modeled by three local ladies and a teen who will be describing their garments as they pass through the audience.

Two door prizes will be raffled off during the show also from the Galleria. All Woman's Club members and their guests are urged to celebrate the season with this preview of fashions.

Gospel Singing

The Rio Grande Gospel Semi-annual Singing Convention at the Assembly of God Church in Carrizozo, will start at 6:00 p.m., March 25, 1978, and all day Sunday the 26th with a basket lunch.

Everyone is welcome, and there is no charge. Please plan to attend.

Students Ready For Easter

Carrizozo students will be spending next week away from their books. School closes for an Easter-Spring break on March 24. The youth will be expected back on April 3.

Final arrangements for the annual Easter Sunrise Service at the Valley of Fires State Park are being made.

The Carrizozo Christian Youth Organization is in charge of the service and will serve breakfast at the Carrizozo Recreation Center immediately after.

Once again Vince and Timmy Vega will greet the rising of the sun with trumpet duet. Officers of the group will participate in the service and Corona members will arrange special music.

NATIONAL WILDLIFE WEEK — New Mexico's part in the March 19-25 nationwide observance, is proclaimed by Gov. Jerry Apodaca (rt) as N.M. Game and Fish Department director William Huey looks on. Wildlife Week theme is "Wildlife Needs You," symbolized by a fledging peregrine falcon, a species endangered by pesticide misuses.

Wildlife Needs You Is Theme

"Wildlife Needs You," the theme for this year's National Wildlife Week, tells it like it is.

The annual observance of this week, this year recognized March 19-25, is a National Wildlife Federation sponsored program. Through the federation's efforts, more than 12 million students, teachers, and members of conservation organizations are expected to participate in the 41st event of this kind.

Robert Redford, the popular movie star, is this year's chairman for the "week". Redford, an avid outdoorsman, has been active in environmental issues over the years. He recognizes the importance of his chairman position and the importance of the complementary, man-wildlife, relationship.

"Man has altered wildlife's existence so extensively through pollution of water, use of pesticides, and destruction of habitat, that in many instances wildlife is now dependent upon man for its survival," said Redford.

"Over the years," he said, "we've taken a new look at wildlife and its importance in the scheme of nature, and we've been able to save a number of species. But, as Wildlife Week emphasizes, we can't stop now. In fact, with the ever-increasing pressure on wildlife and habitat from growth and

development, we have to work harder than ever to preserve wildlife.

Participants will utilize specially printed wildlife posters, stickers, news releases, and slide shows to spread the word that wildlife needs you.

"Now it's up to all of us to help wildlife survive through education, legislation, the preservation of habitat, and the protection of the environment that we share with them."

It should not be difficult for man, with his intelligence, to realize that the "balance-of-nature," or "let nature take its course" theories are mere fantasies in today's world. Man has altered the environmental picture so drastically that he has direct control over some animals.

Fortunately, there is a large number of concerned citizens around the world that do care about wildlife. Through their physical, financial, and legislative efforts they have helped seriously threatened species such as the American alligator, the bald eagle, the wood duck, the bighorn sheep, the peregrine falcon, the sea otter, the wild turkey, the trumpeter swan, and the whooping crane make, or begin to make a comeback in numbers.

However, it is going to take everybody that enjoys wildlife and the great outdoors to protect their natural heritage. Birders, bikers, hikers, hunters, campers, fishermen, photographers, scientists, and others must unite as one-and-help-out-wildlife.

Wildlife cannot tell you to stop polluting air and water. Nor, can they tell you to stop the needless destruction of wildlife habitat. Or, can they tell you?

Stop and listen. "Wildlife Needs You."

The Channel Swimmer

by Mt. Everest

Thanks everybody for all the 10-5's while I was under the weather. Needless to say, Flatlander is no longer going crazy being shorthanded.

Papa Bear, our Lincoln County Sheriff, was the initiator for last Tuesday's F.B.I. school in Carrizozo. Law enforcement officers from 6 surrounding counties were invited to attend and turned out in full force for the all day event. Jim Kelly, F.B.I. Albuquerque and Ron Hosten, F.B.I. Roswell were the instructors.

The Lincoln County Sheriff's Dept. has a new dispatcher. He is Big Jim, a certified police officer, who hails from Clovis, N.M. Welcome, Big Jim and we hope you will like living in Carrizozo.

Father Santillanes, the priest in San Patricio and a former sidekick of the Archbishop of Santa Fe Robert Sanchez, ought to have a CB! There are no bases in the immediate San Patricio area and since he is certainly in the center of things, he would be able to use the CB as an extension of his service.

The Ruidoso CB's Club president Mother Nature advises that all Club business has to have her signatures and one or two other Club officer's. This is to insure the responsibility of any club finances etc.

We have a "brand new base in Glencoe at the 277 mile marker. Elderberry, a sidekick of the Snow Ranger, installed his base with only one thumb smashed, but already going strong. He is situated right behind Nocker's Store on the side of the mountain. So, if he won't answer on his base, one can throw a rock at his house to catch his attention-Well, it's a thought, Elderberry! I am sure that Jim's Lady Denim, Wonder Woman and Woodburner are glad to have you as CB neighbor.

Here is a whole armload of GB roses and our Love and affection for Big Daddy! We can't imagine, how the T G & Y crew can get along without you and your teasing. I know the Renegade is trying to fill your big boots in the meantime, but you need to get back on the road. We miss you! That hospital in Lubbock better get you well real soon. They are already getting tired of Mother Nature's, Little Oakie's and others calling for you. Sorry we missed you this weekend while you were out for a walk. Hope Little Dummy gave you my 10-5's.

Mescalero's new Miss Mescalero Apache Princess VI was crowned at

last Friday's Pow Wow. She is Mary Alice Orosco, a radiology student at NMU with plans on going into nuclear medicine.

At Saturday afternoon's Mescalero Pow Wow activities, the tribe held a memorial service for the late Alfred Hosetosavits. His widow Cecilia, family and friends, including the Klinekole family, were attending. The prayers were given in both Apache and English and showed the warmth and respect felt for Cecilia and her family. Alfred Hosetosavits will be missed and remembered by many people, because he was an honest and kind man all his life. Mulebarn and Sun Bonnet Sue had known him for many years and became good friends. He was like an uncle to Mother Nature, who is as much at home in Mescalero than anywhere else.

Mother Nature and the Ruidoso CB's Club have raised already over \$4,200 for the Sierra Handicapped Skiers Association (SHSA) during all-night coffee breaks & a dance. The SHSA will send 5 young handicapped skiers to Big White Ski Village, Kelowna, British Columbia, Canada. The goal of \$6,500 total has now a good chance of being reached by the deadline on April 1. Club members have given up much of their sleep for this cause and one can tell the strain on many a face. Mother Nature was escorted home by several trucks last weekend. They saw, she was ready to collapse. I for one was glad to see this happen because knowing her she doesn't know when to stop and take a break. She is always there, when there is a good cause to be served or someone needs help.

Donations came from travelers and truckers, who stopped. Those, who could not stop, send their generous donations through the mail or their buddies. The Ruidoso Downs Race Track also sent a large donation to the SHSA fund.

Little Oakie has been very busy lately with her excellent leather craft art. Orders for her talented crafts come from as far as Lubbock. She has a cooking talent, which some of her friends get to sample at Mother Nature's. SEE YOU THERE!

Thanks, for the good thoughts, Yellow Canary.

The Mt. Everest wishing you all a very Happy Easter and a Mooring spring! We'll be 10-10 on the side!

Kelli Vigil Top Speller

Kelli Vigil won the spelling bee held at Carrizozo on March 15 at 3:45 at Carrizozo school. Kelli will compete in El Paso at the State Spelling Bee, with the first round at 2:00 p.m., April 28, and the finals at 8:30 a.m. April 29, at the El Paso High School Gym. The El Paso Herald Post will award \$50 to the second-place winner, \$25 to the third place winner and \$10 for fourth place. The first place winner of this contest will win an expense paid trip to

Washington, D.C. and a chance at the National Spelling Bee on June 5, 1978. Announcing the words for the Carrizozo contest was Mrs. Annette Knotts, mid-high English and Reading teacher. The judges were Mr. Larry Wilkenson, Principal, and Mrs. Sally Florian, Librarian. There were eight district winners which competed. They were Lisa Crenshaw, Terri English, Kevin Willmore, Kelli Vigil, Geneva Maxwell, Annette Hill, Steven Stearns and Grey Gallacher.

Carrizozo H.S. "Shorts"

The Carrizozo High School Student Council sponsored a disco Saturday, March 11. The disco was presented by Eastern New Mexico State University, and proceeds will be used to defray hospital expenses of Leandro Vega, Jr. The Student Council is also planning to show a movie Thursday, March 23 at the Lyric Theatre for grades 9 through 12. No admission will be charged for the movie "The Apple Dumpling Gang."

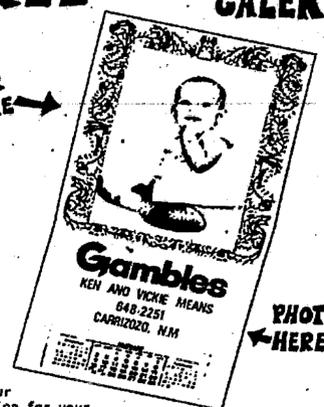

School will be dismissed Thursday, March 23, at 3:00 p.m. for Easter vacation. School will resume on Monday April 3.

The track team will have a practice meet on March 23 with Capitan, Corona, and Hondo.

Your savings earn as much at the Ruidoso State Bank as they do in

The Ruidoso State Bank's sunup to sundown savings plan earns as much as any savings plan at any other bank anywhere in the U.S. Savings deposited today earn 5% compounded daily. That means your savings are working for you at 5% interest even if you put them in one day and take them out the next.

It pays to save at the Ruidoso State Bank not only because you get as much for your money as anywhere else in America but also because money that stays in Lincoln County helps everyone to a better life!

Spring Fashions, Touch of Nostalgia

Spring fashions with a touch of nostalgia were shown to 126 members and guests of the Carrizozo Woman's Club Thursday night at the Carrizozo Country Club.

Models for the scholarships benefit were mostly students at the high school wearing young fashions from Brunell's. Joining the youth was Annie Withers in a pant suit, Annette Chavez, home from college for Easter.

Break Break.
Doug and Sandy Whitaker were a surprise attraction in costumes from the fifties. Sharon Hefker and Melissa Bohks also joined the show with fads from the past.

Club president Mary Rich introduced this year's Sun Duchess Laurie Voss and her mother, Pat Voss.

Billy Bob Shafer

Laurie drew names for door prizes presented by Family Pharmacy, Carrizozo Hardware, and Gambles.

Anne Ferguson was program chairman and narrator for the show. She also accompanied Lisa Ferguson and Joy Dee Simpson in several duets.

Roberta Burkstaller, Mary Spencer, and Polly Chavez were hostesses and decorated the Club with St. Patrick's Day designs.

A special touch were new hair fashions by Rita Narvaez, stylist at Erma's Beauty Shop.

Models were Pat Baroz, Jeanette Luvaal, Brenda Lindsay, Tami Ortiz, Lorrie Porter, Mona Payne, Billy Bob Shafer, Rex Wilson, Lee Vega, Phillip Payne, Mich Colwell and John Chavez.

In charge of the dinner was Jackie Martin and her staff.

Spring

Mona Payne and friend

Hondo Ping Pong Tourney

Jerry Sanchez and Robert Mullis are now playing the final sets for the championship. They are playing for 2 out of 3 sets. Robert Mullis is the winner of the first set. The winner of the girls championship was Novelda Gutierrez, with Adelina Chavez winning second.

These tournaments are a diversionary activity which includes the Hondo high school students and the teachers in a competition type sport. The tournaments take place during the noon break.

Corona High Honor Roll

Corona Kids Raise Funds

The Seventh grade announced the start of its campaign to raise funds for their class trip.

The class has 13 members participating under the direction of Mr. Thomas R. Funk. Their goal is \$100.00.

Mr. Funk said today that the class hoped to reach their goal by selling a package of pens. The fund raising drive is expected to last three weeks.

He expressed the class' hope that everyone would be glad to cooperate, and that his co-workers were looking forward to selling pens to as many families as possible.

IT'S **SPRING**

We have good news for 19 out of every 20 people who read this ad.

About three months ago we started charging for directory assistance. At that time we predicted that only about 1 out of every 20 residential phone customers would be affected by this charge.

Well, that's the way it's turned out. Only a few of our customers have actually been billed for extra calls. The rest have avoided the charge by using their published and personal directories more often.

This decrease in calls means a lot to us and we think it will mean a lot to you in the way of an even more efficient phone company. We can only say thank you.

Now the people who use directory assistance the most are paying for it. And the people who use their directories the most aren't.

Our new directory assistance number. Be careful how you spend it.

Student Bill Of Rights

Jerry Hourigan

About a year ago, during the school board elections, I mentioned a Student Bill of Rights. The idea was not all mine, or new for that matter. In many states there is in fact guidelines set down in various forms and by many names. Here are a few interesting thoughts.

Does a student have a right to keep quiet when his classmates recite the pledge of allegiance to the flag?

Does a teacher who wrote a nasty thing about a pupil and put the note in the student's file have a right to tone it down the next day? The next Monday? The next semester?

Does a school have a right to expel high school students who marry? Junior high sweethearts who marry? Pregnant students? A generation or so ago, the answers to the questions—in order—would have gone like this: no; yes; yes; yes; yes; yes.

But times have changed. The answers today would be just the opposite, due to enactment of federal

laws, and even state ones, spelling out students' rights.

Students have so many, in fact, that schools almost need a resident lawyer to keep the teaching and administrative staffs from treading on those rights.

Leading the way, as it often does California, has come up with a reasonable substitute for lawyers on school grounds. It is a 24 page "students' rights and responsibilities handbook" covering all such under state and federal law.

Just out, the handbook, published by the California State Department of Education provides students, parents, guardians and school authorities information about laws and regulations pertaining to public school students, parents and guardians. Most of the laws covered are for California. But federal laws also are included concerning students, parents and guardians any place in America.

These cover such things as free speech, prohibitions against sex discrimination in phys ed, shop, home economics and other areas. Also: The right to confidentiality of school records and the right to inspect records; and the right to have those records not changed once put in a student's folder.

Students, parents, guardians, school persons not fully understanding the rights guaranteed by federal law would find those sections of the handbook eye-opening—whatever their state jurisdiction.

Thomas M. Griffin, chief counsel lawyer—for the California Department of Education, and Donald R. McKinley, chief deputy superintendent of public instruction, said—the handbook primarily is the result of the efforts of high school students.

Some excerpts:
Dress codes, grooming and appearance: On that touchy subject, hair length, it is noted that low federal court cases have upheld the school district right to establish regulations for the day-to-day operation of its schools, including its right to develop a dress code, to specify acceptable hair length, and to demand conduct that is conducive to the fulfillment of its responsibility to educate.

Prayers: The United States Supreme Court has held that compulsory verbal prayer in the public schools is a violation of the first amendment prohibition against the establishment of religion. Under the First Amendment prohibition, the displaying of a nativity scene on school premises may be in violation of the United States Constitution. Symbols of Christmas, such as Santa Claus, a

Christmas Tree, reindeer, holly wreaths and yule log may fall into the category of permitted display items.

Student newspapers: Student independent newspapers, so-called underground press, are protected by the First Amendment from suppression by public school officials. The courts have held that such newspapers can be distributed on public school premises without prior censorship—provided they don't contain libelous or obscene material.

Many things inter into the operation of any school system, geography: weather, budget, population, state laws, and more. What may work in one area can be completely wrong for another.

What you can do is drop a post card to Mr. Thomas Griffin, California School Systems, Sacramento, California. Request from him a copy of their "bill", read it for additions and deletions, and present it to your school board. You will have proved you are concerned with your school system. Remember, our children are our future.

Hall W. Everett Announces Candidacy For District Judge

Hall W. Everett of Truth or Consequences has announced his candidacy for District Judge, Division II of the Seventh Judicial District, Republican Primary.

Everett has been active in the practice of law since early 1970 when he moved to Truth or Consequences from Manchester, Connecticut. He had been an assistant to the executive vice-president of Pratt-Whitney Aircraft Corporation at East Hartford, Connecticut from 1967 until 1969. Prior to that time Everett had been in the United States Air Force from 1942 until 1967.

During World War II, Everett was a fighter pilot flying P-38's in Europe. He was shot down over Germany in May 1944 and was a P.O.W. until May 1945. Everett was awarded the Air Medal with three stars and the Purple Heart. He was discharged from the Air Force in 1946 and entered Washburn Law School at Topeka, Kansas, where he graduated in May 1949. He was admitted to practice law before the State and Federal Courts of Kansas

and was commissioned as a Captain in the Judge Advocate General's office in June 1949.

Everett was the Legal Officer for the 36th Fighter Wing at Furstentfeldbruck Air Base in Germany from July 1949 until returning to the United States in July 1952. He then completed the Air Command and Staff School at Maxwell Air Force Base, Montgomery, Alabama. After graduation he was stationed at Tactical Air Command Headquarters, Langley Air Force Base, Virginia for three years.

In December 1956 Everett completed the Air Command Combat Fighter School at Nellis Air Force Base, Las Vegas, Nevada and was assigned as Commander of the 10th Fighter Squadron at Toul-Rosières Air Force Base, France. Later he was promoted to Chief of Maintenance of the 50th Fighter Wing, also in France. He returned to the United States in July 1959 and entered the Air War College at Montgomery, Alabama, graduating

1960. Everett retired from the Air Force in August 1967 as Colonel and was awarded the Legion of Merit.

Everett is married to Mary Stepp Everett, formerly of Albuquerque and Truth or Consequences and has four children and three grand-children. He has been active in Sierra County as a member of the Chamber of Commerce, a member of the American Bar Association, Veteran's of Foreign Wars and Disabled American Veterans.

Everett's platform is based on his wide experience in both military and civil law and his understanding and concern for the community and for people. Mr. Everett is a conservative and has a sincere desire to serve the people in the Seventh Judicial District.

Program To Introduce Tucumcari Bull Sale Set

John M. Hunt

President, Louise Ferguson of Captain announces the upcoming meeting of the Lincoln County RSEA. The meeting will be held, Tuesday, April 4th in the REA Building, Carrizozo, New Mexico, starting at 1:30 p.m.

Pat Hume, program chairman will introduce Mr. John M. Hunt, Executive Director of the Arthritis Foundation, New Mexico Chapter, Inc., from Albuquerque, to give the presentation.

Before becoming Executive Director of the Arthritis Foundation, Mr. Hunt was the administrator of the University of New Mexico's pilot arthritis project, under the Department of Health, Education and Welfare, Division of Regional Medical Programs.

The program will include the new film "Wherever You Are," and a brief presentation, with ample time for questions and answers.

The program promises to be very informative and educational, and the public is cordially invited to attend.

The Tucumcari Bull Sale, set for March 24 in Tucumcari, is expected to attract a number of ranchers who have postponed buying bulls because of poor beef prices. The sale, which annually follows the 140 day test, will start at 1 p.m. at the New Mexico State University's Northeastern Branch Agricultural Experiment Station near Tucumcari.

"Bull prices have been generally up this spring," said Larry Foster, Extension beef cattle specialist at NMSU. "This indicates that increased calf prices are helping ranchers justify paying more for a good herd bull to replace older stock."

Early indications are that there should be plenty of good bulls for sale this year. In fact, Foster said that some animals in this year's test will probably set a new record for average daily gain. "We have one bull that averaged over five pounds daily gain through the 84th day. He is still averaging 4.83 pounds," Foster said.

While the actual number of bulls to be sold is uncertain, there are 13 more bulls in this year's test. Only the top 80 percent of the bulls in the test are eligible for the auction. Foster said that after an animal qualifies for the sale, the owner could still decide not to sell him.

The test officially began on Oct. 24 and will end with the final weighing on March 14. Polled Herefords lead the test in numbers this year. There are 35 Polled Herefords, 25 Herefords, 20 Charolais, 18 Angus, 7 Brangus, 3 Simmental crossbred bulls and 4 Charbray.

A catalog containing purebred pedigree information and all monthly reports are available from Larry Foster, Box 3AE, NMSU, Las Cruces, NM 88003.

Meet Barney and Stan, Piggly Wiggly's helpin' hands.

Hi. We're Piggly Wiggly's new helping hands, Barney the Butcher and Stan the Produce Man, here to tell you that Piggly Wiggly is staking its reputation on giving you superb quality meats and produce.

Yes. Staking our reputation on giving you the best. And to prove our point, Barney announces two new programs that insure freshness and quality.

1. We pledge that the side of meat you can't see is as good or better than the side you can see.

2. We pledge that our meats and poultry are fresh every time you buy them. Each cut will be dated or coded to let you know for sure that your meat and poultry are fresh and tasty.

And, if there's any question about quality, Piggly Wiggly assures you a Double Your Money Back Guarantee. It's guaranteed. And you won't find this in any other grocery store.

Don't forget me, Stan your Produce Man. I have my men out there raring to give you the best. The finest, select, produce you can find. You'll be able to pick from baskets and baskets of the most delicious fruits and vegetables - in every Piggly Wiggly Store.

So here we are folks, Barney the Butcher and Stan the Produce Man, your Piggly Wiggly helpin' hands, going to work to win a lot of new Piggly Wiggly customers, and to keep all of you coming

back. That's why at Piggly Wiggly we say you'll be satisfied with our Meat and Produce or double your money back.

Poison, Drug Information Important State-wide

From July to December of 1977 only 30 residents of Lincoln county made calls for help to the New Mexico Poison, Drug Information and Medical Crisis Center at the University of New Mexico. Based on county population, the center expected 94 calls from Lincoln county residents. Dr. William Troutman, Director of the center, said that the low number of calls is probably because many county residents are unaware of the center's services, "yet, when more than 5,000 New Mexicans in six months call for poison information assistance, you know your work is important state-wide."

National Poison Prevention Week, March 19-25, will focus on the variety of poison problems New Mexicans are becoming aware of and the services offered by the poison center.

Common poisons in the state include plants, insect bites and stings, sleeping pills and sedatives, gasoline and other petroleum derivatives, aspirin and aspirin-like drugs.

Poison information center data show that, during the July-December period, 56 percent of the poison victims reported were four years old or younger, including 18 from Lincoln county. Two-year-olds alone comprise 21 percent of the statewide figures.

Troutman said 60 percent of the calls involved accidental poisoning, and only 4 percent needed hospitalization. The majority were either treated at home, by a private physician, or in an emergency room.

Knowing the basics of first aid when a family member comes in

contact with a poisonous substance can often make the difference between quick recovery and serious illness or even death.

The most important thing is to immediately get the poison off or out of the patient and to dilute it if possible. "Water serves the purpose far better than milk or other liquids," said Troutman.

The center provides information on all poisonous substances and first-aid measures and makes referrals to appropriate treatment facilities. The center should always be contacted for assistance, no matter what kind of poisoning is suspected. Staff are better able to determine steps to be taken if they can be told what kind of poison has been taken, how much, and when the poisoning occurred.

For combating poisons that are swallowed, the poison center recommends that a one-ounce container of syrup of ipecac always be available in the home to induce vomiting. Available at most pharmacies, the syrup should be taken only upon instruction of the poison center or a physician.

When it is necessary for a person to be taken to a hospital emergency room, the poison container and any vomited material should be brought along for examination.

In case of fumes or gases being inhaled, the victim should be moved to fresh air quickly and artificial respiration started if the person is not breathing.

When poisons get into the eye, tap

water should be used to flush out the eye for about 15 minutes. The eyelids should be held open and water poured on the forehead or temple so it will flow into the affected eye.

When poisonous substances make contact with the skin, contaminated clothing should be removed with gloves, then the affected skin can be rinsed with large amounts of water. Do not use soaps or scrub the skin.

Poison information staff are on duty 24 hours a day and can be reached by calling toll-free 1-800-432-6866. All calls are confidential.

Bookmobile Schedule

Tuesday, March 21, Apr. 18, May 16; Tinnie P.O., 10:30-11:15; Hondo School 11:20-12:35; Mesalero Hospital, 2:00-3:00; Mesalero Community Center, 3:05-3:45; Mesalero Fish Hatchery, 3:50-4:15.

Wednesday, March 22, April 19, May 17; Boles Acres P.O., 9:40-10:30; La Luz School, 11:00-1:00; Valley View Street, 1:05-1:45; One Street East of Valley View, 1:50-2:30; La Luz Acres, 2:40-3:15; Shady Grove Tr. Court (East), 3:30-4:15; Shady Grove Tr. Court, 4:20-5:00; Tularosa P.O., 5:30-7:00.

Thursday, March 23, April 20, May 18; Carrizozo Electric Office, 9:30-11:00; Capitan-Smokey Bear Cafe, 11:45-1:00; Camp Sierra Blanca, 1:35-2:35.

Polly's Potpourri (648-2524)

Around Town & Surrounding Areas

An Easter message and Happy Birthday to those celebrating birthdays: "May the love of our risen Lord abide and fill your heart this Easter tide!" Jackie Vigil, Fred LaMay, March 23; Diane Najjar, Angie Garcia, March 24; Weldon McKinley, Chris Vallejos, March 24; Lorena Baroz, March 26; E.I. "Sparky" Harkey, Gilbert Archuleta, March 27; Bryan Cantrell, Audrey Wells, March 28; Edward Vega, Jr. 'Bugsy' March 29. It's a small world! One hot week in August 1977 I took child number 5, my umbrella, a scrap of paper and 1 peanut butter and jelly smeared pencil and off I went to the Jane Turner Memorial Pool to interview Mike, pool manager.

I thought it would be of interest to local people to know a little bit of Mike, who was an efficient pool manager. Parents could relax at home because they knew while their children were at the pool, they were in safe hands. Even tho being a pool manager was just a part-time interest, Mike worked beyond the call of duty.

How was I to know that I was interviewing the future publisher and editor of the Lincoln County News and the Torrance County Citizen? There I was that summer day, a G.E.D. recipient asking Michael Swickard, who graduated in a double major of journalism at NMSU, about the location of the high school and college he attended!

Mr. and Mrs. S.M. Ortiz enjoyed the company, this past week end of their daughter Gloria, a senior at UNM. She returned to classes before joining the family again for the Easter week end. Also visiting in the Ortiz home is their son Lt. Colonel F.G. Ortiz, USAF, from Travis Air Base in California.

Lots of pre-holiday friends and relatives stopping at the home of the Lane sisters, Moores and Sherrills. Ann Lee Smith of Lake Arthur and daughter and her husband, Mr. and Mrs. Paul Kbor of Carlsbad, visited the Lane sisters Thursday afternoon. The Smith and Lane families have been friends for many years.

Mr. and Mrs. Wade Lane and children Monica and Justin were over Wednesday night guests of their Aunts and Uncles, Margaret Lane, Mr. and Mrs. Sherrill and Mr. and Mrs. Moore. Wade is getting discharged from the Navy. He plans to locate his family in the state of Wyoming.

Lois Lane and Jason Stern of Albuquerque stopped by the Lane sisters Saturday afternoon. They were

on their way to try out some skiing. Sunday guests at the Lane sisters were Barbara Lane of Paris Arkansas; Wade Lane and his children Monica and Justin, Mr. and Mrs. Joe Lane and sons Bobby and Bubba, Mr. Alfred Lane and Jeremy all of Ruidoso.

Rebecca Warner is waiting the arrival from Camden, Tennessee of her daughter and family, Mr. and Mrs. Paul Udey, Paul Jr. and Rebecca Lynne. Her grandson Steven Chavez of Savannah, Georgia is also expected to join them for the Easter week-end.

The Carrizozo Senior Extension Club held their meeting last week. They learned how to make the beautiful satin flower as demonstrated by Elva Wilson. Hostesses for the event were Ethel Roberts and Maggie Bohks of White Oaks. The groups next meeting will be on April 10. Ralph Dunlap of the County Extension Office will be on hand to present a program on gardening. Mr. Dunlap is County Agent.

On Saturday Margaret Lane and Alma Sherrill were pleased to visit with Lake Arthur friends at the open house for the new Zia Senior Citizen Center. Their friends, Berrita Nelson and Mrs. Hart came with a group from Lake Arthur to view the Carrizozo Center.

Everyone is invited to Presbyterian services this week and Easter. In Corona, Maundy Thursday, 7:30 p.m., March 23, quiet service of Communion and Tenebrae, recalling in scripture the events of Thursday and Friday in the life of Christ. The Ancho congregation will worship Thursday or Friday with Corona or Nogal. In Nogal, Good Friday, 7:30 p.m., March 24, service of Communion and Tenebrae. Easter Sunday Services: Ancho 9 a.m., Corona 11 a.m., Nogal 4 p.m. William Scholes, pastor, is in charge of the Mountain Ministry Parish, United Presbyterian Church.

Santa Rita Catholic Church will have services as follows for Capitan and Carrizozo. Holy Thursday Liturgy: in Capitan 5:30 p.m., Carrizozo 7:30 p.m. Blessed Sacrament to be exposed solemnly after Liturgy. Good Friday Services: Capitan 12:30 p.m., Carrizozo Easter 2:15 p.m. Holy Saturday: Carrizozo Easter Vigil ceremonies 9:00 p.m. Easter Sunday: Carrizozo 9:00 a.m., Capitan 11:15 a.m.

Joy Gallacher visited with Mrs. C.D. Croker last Friday in Gerald Champion Memorial Hospital in Alamogordo.

Elinor Olson who is presently with the department of speech at UNSU at Las Cruces, is home for spring break.

After enjoying the Easter holidays with her husband Les and sons Eric and Kirk she is scheduled to go to Colorado to attend the College Composition and Communications Conference at the Denver Hilton. The topic will be "Excellence in our Attitudes - teaching Composition."

Hostesses on hand for the Lincoln County Extension Club Annual Cultural Arts show last Friday were Georgia Ortiz, Sharon Lueras, Susie English, Charlotte and Linda Archuleta of the Junior Extension Club. Ethel Roberts, Elva Wilson, Irene Hayes, Edith Lenard and Rachael West represented the Senior Extension Club.

The Junior Extension Club will raffie their annual Easter Basket at 2:00 p.m. Friday March 24 at the Piggly Wiggly. You may be the lucky winner, see a DJE Club member for their 25 raffie tickets or 5 for a dollar.

Mayor and Mrs. Jessie English were among the many men, women and young people who attended the Woman's Club Style Show last Thursday evening. There were lots of people who came from Nogal and Ancho.

Louise Ferguson from Capitan attended the style show. She is mother of Wally Ferguson and sister of Mary Johnson. Also at the show was Lucia Vega's mother and sister, Narcisca Salcido of Hondo and Danny Sandoval of Roswell. Mr. and Mrs. Preston Stone from Capitan were at style show. Waynette Allen, her friend Caroline, and Waynette's daughter Kari all from Worlen, Wyoming attended the style show with Ann Withers. Waynette is the daughter of Mr. and Mrs. Withers.

Door prizes at the style show were won by Mary Johnson, Margie Zamora and June Scholes. Ann Ferguson did a great job putting the style show together.

The school dance band under the guidance of Arnold Boyce, band teacher, played for a 9th grade dance at the school cafeteria last Saturday evening. Sponsors were Mr. Boyce and Mr. James Florian. Members of the band are Jim Long, Christy Beltran, guitars; Johnny Beltran and Victor Jaramillo, base guitars; John Chavez, drums; Johnny Herrera, sax; Trisa Padilla, singer. Mr. Boyce played the trumpet.

Stacy Stephenson had week-end guests at her ranch home. They were classmates Judi Ortiz and Christetta Chavez. Stacy a 6th grader is the daughter of Mr. and Mrs. Billy Stephenson.

A Bowl of Activities

from Nogal - by Robie Burkstaller

Have A Happy Easter!!!

I think of the garden after the rain;
and hope to my heart comes singing;
"At morn the cherry blooms will
be white;
And the Easter bells be ringing.

When life is slowly bursting forth
anew in springtime in woods,
in gardens - when, as George
Macdonald says, in his songs of the
Spring days, The holy spirit of the
Spring is working silently.

The name Easter comes from the
Anglo-Saxon Eostre, a goddess of light
or spring whose festival was celebrated
in April. The name of the festival was
celebrated in Greek, French, Italian,
and most other languages is taken from
the Hebrew pesach, meaning passover,
as by the first Christians Easter was
considered a continuation of the feast of
the Passover, at which the paschal
lamb, symbol of Christ was sacrificed.
A new way to do eggs - for
decorations is as follows:

Buy some straws/foam eggs - and if
you have some old Easter napkins - cut
out the rabbits and other pictures on
them. It's better to tear them out, so
the edges will be soft, glue the pictures
on the egg with elmers glue then let
them dry. Then cover each egg with a
very light clear glue and cover the egg
with glitter - makes beautiful
arrangements for center pieces.

Professional Cooking

James "Willie" Silva

Clove Honey - Heat 1 cup of honey
with 1/4 tsp. ground cloves to boiling.
Then cool slightly and serve over hot
cakes or dessert crepes.

Apricot Syrup - In an enameled pot
simmer 30 oz. of canned apricots in
heavy syrup with 1/4 cup fresh lemon
juice and 1 tsp. whole cloves for 3
minutes. Remove cloves. Serve over
baked ham and enjoy.

Cooking steaks well-done destroys
the nutritional values and makes
them tough. Willie's favorite steak is
a New York cut, which is naturally
tender and juicy. When shopping for
beef, look for fatty marbling to make
meat tender while cooking.

Come in and try our steaks and large
variety of our salad bar.

SELF SERVE GAS

A new way to make an Easter basket.

To begin, mix 2 cups of all purpose
flour with 1 cup salt and 1 cup water.
Stir this mixture, and add extra flour so
dough can be kneaded without being too
sticky. Knead from 7 to 10 minutes, on a
board or other surface, until a smooth
and firm consistency is reached, adding
flour as needed. If you make up the
dough and knead it, but cannot roll it
out until later, keep it in an air-tight
plastic bag to keep it from drying out.)

Grease lightly the outside of a glass
of bowl - turn upside down on a foil
covered cookie pan. Roll dough out to
1/2 inch, then cut dough into strips
approximately 1 1/4 inches wide. Place
strips across bowl, weaving them
alternately over and under - moisten
with a few drops of water at each point
where strips cross, and press lightly with
fingers to seal. One long strip must be
woven around the side of the bowl.
Reserve enough dough for handle and to
make a thin roll for around top edge of
basket after basket has set up in oven.

Bake at 325 to 350 until firm. Allow
one-half hour for each 1/4 inch of dough
thickness, or bake until surface
becomes a light, golden brown.
Remove from oven and turn right side
up, if it breaks mend with left over
dough.

Moisten the roll or cord for top
edge, and apply it all around top edge.
Then put on the handle and prop handle
up with some jar or pan, then put in
oven for 15 minutes. After you have
brushed it with beaten egg white.

After basket has cooled, apply
three coats of varnish or shells,
allowing to dry completely between
coats.

This should keep you busy for a
while - it is fun to make,
Robie's Box

Margaret E. S., says that losing
your temper, is like a sharp nail that
tears the threads of something durable
and lovely. We may use every bit of our
patience and skill in mending it, but we
cannot make it like new again. The
darned place will always be
conspicuous.

My husband bought me a frying pan
that I had wanted for a long time on the
guarantee card, it said, what prompted
you to buy this appliance; "Nag, nag,
nag..."

Do You Know?

The Gal in Carrizozo who just got
off of crutches and the gal in Nogal,
who has been on them also?

The lady in Nogal who wore a
rather strange new hair-do to the
women's club party.

That new young editor gets
around???

That you should try those pecans
over at the Extension Office - they are
good?

That the Lincoln County News has a
great new look?

Around the bowl:

The tulips aren't up yet - but you
can smell Easter in the air at last. Mrs.
Williams is getting ready for her Easter
egg hunt. The annual one for her room.
Crosby Smith, 18 months came to visit
his grandparents this week, and he spent
most of his time playing basketball
with a miniature one of course.

The Cospers are home for the
Spring and we are always glad to have
them back. Mr. Cosper seems to be
doing fine. Nogal misses them when
they are gone. By the way Mrs. Cosper
crochets beautiful afghans for her
family. We have a lot of fine hand-work
done in Nogal next week - more about
artist of Nogal!!

Hondo Coach Resigns

David Jurney, Hondo High
School, recently resigned from his
position as coach to accept a job
with the federal government as a
courier for nuclear wastes.

Mr. Jurney taught at Hondo
from September, 1976 to February/
of 1978. In addition to being coach he
taught P.E. and Driver's Ed. In 1977
he received the award for Teacher of
the Year.

Mr. Jurney is in Albuquerque,
New Mexico, for his training as a
nuclear waste courier. Upon
completion of his training he will be
assigned his new job in Amarillo,
Texas.

Lincoln Town

Christobal Zamora is quite ill at
his home in Lincoln, threatened with
pneumonia. But we're hoping he is
much better by this time.

The Lincoln Water Association
is having to replace 2500 ft. of
electric cable which controls the
flow of water from the reservoir to
the pump.

Bert Schecengost, who is
attending NMMI in Roswell, is at
home for the Easter break. He
brought two friends along with him,
and they are enjoying it very much.

Mrs. Myra Richards, her
daughter-in-law, and her grand-
daughter and a friend visited the
Schecengosts and Mr. and Mrs.
Clark Pfingsten on Sunday.

Ettha Merrell, Pat Flatley,
Frankie Tonn, Lorene Ferguson,
Lois Aldrich, and I had coffee with
Mrs. McGinnis at her home last
Saturday morning. We had a very
nice visit.

Clark and Janet Taylor and
their little son will be here this
weekend to spend a week or ten days
with family and friends, and we hope
to see as many of them as possible.

Helen Bennett, of Queen's
Creek, Arizona, is here for a visit,
combining business and pleasure.

Mr. and Mrs. Roman Maes have
lights on the beautiful cross they
erected ten years ago on the hill. It
looks lovely.

They love to have people enjoy
it, but it has been vandalized some.
Let's hope it doesn't happen again.

Mrs. Dorothy MacVeigh has
replaced Mr. Jurney. She has a
Bachelor's Degree and 30 hours
toward her masters with 4 years
experience in teaching.

News & Notes

Mary Ellen Payne, Extension Home Economist

Beautiful paintings and handwork
was everywhere. There were afghans,
macrame owls and even original
poetry. The scene was the Lincoln
County Cultural Arts Contest. The
contest open to all Extension Club
members in the county was a
preliminary to the District Contest.
The winners will compete with entries
from 6 other counties at the District
show in Portales on March 23rd.

Judges Nancy Knight, Joyce May
and Ramona Ortiz selected the following
winners; Painting - 1st - Lorene
Caywood, Capitan; 2nd - Jan Root,
Corona; 3rd - Kay Tracey, Corona.

Painting-Tempra - 1st - Lorene
Caywood, Capitan; 2nd - Lorene
Caywood, Capitan.

Painting-Watercolor - 1st - Beatrice
Luna, Carrizozo; 2nd - Susie English,
Carrizozo.

Photography - 1st - 2nd - 3rd -
Marilyn Burchett, Hondo.

Poetry - 1st - Lorena Radcliff -
Hondo.

Weaving - 1st - Rosalie Dunlap
Lincoln; 2nd - Rosalie Dunlap, Lincoln;
3rd - Kay Tracey, Corona.

Macrame - 1st - Elizabeth Mac
Veigh, Carrizozo; 2nd - Elizabeth Mac
Veigh, Carrizozo; 3rd - Jan Root,
Corona.

Ceramics - 1st - Denise Byrd,
Corona.

Wood & Wood Carving - 1st - 2nd -
3rd - Lorene Caywood, Capitan.

Textile Painting - 1st - Lee
Sultemeir, Corona; 2nd - Beatrice
Luna, Carrizozo.

Paper Craft - 1st - Hazel Arthurs,
Hondo.

Bread Dough - 1st - Hazel Arthurs,
Hondo.

Nail Art - 1st - Corene Caywood,
Capitan.

Decoupage - 1st - Carmen Hill,
Carrizozo.

Homemade Flowers - 1st - Hazel
Arthurs, Hondo.

Other Fine Art - 1st - Hazel Arthurs,
Hondo.

Knitting - 1st - 2nd - 3rd - JoAnn
Sprinkle, Capitan.

Crewel - 1st - Juanita Sultemeir,
Corona; 2nd - Denise Byrd, Corona; 3rd
- Hazel Arthurs, Hondo.

Crochet - 1st - Juanita Salas,
Hondo; 2nd - Juanita Sultemeir,
Corona; 3rd - Susie English, Carrizozo.

Applique - 1st - Kay Tracey,
Corona.

Other Needlework - 1st - Elva
Wilson, Carrizozo.

The Carrizozo Junior Homemakers
and Carrizozo Senior Extension Club

were hostesses for the Contest held at
the REA Building and conducted the
registration and assisted the judges.

During a recent visit to a plant shop
I happened to pick up a leaflet on the
Aloe Vera plant. The Aloe Vera is
called the First Aid Plant. I asked
about the plant because mine has grown
so well this winter that it seemed very
crowded and I saw several larger
plants that appeared to be thriving.

The Aloe Vera plant exudes a
gummy juice from the cut leaf that
contains the active principal - aloin.
When dried, this is used in medicine.
The gummy juice is used to treat burns,
cuts and abrasions, acne, insect bites,
poison-ivy, as a beauty treatment and
other medical purposes.

The care of the plant is simple - be
careful not to overwater. It does not
need and shouldn't have direct sunlight,
but needs adequate indirect light. It
likes to be kept warm.

If you're interested in knowing
more about the plant give me a ring or
drop me a line, and I'll give you the
address for the leaflet on the marvelous
Aloe Vera.

The Rio cost more than a grand.

In 1853, money took America to the banks
Of the Rio Grande.

In that year, the Gadsden Purchase further
extended United States territory down the west
bank of the mighty Rio Grande.

And established what today is the border
between Mexico and the states of Arizona and
New Mexico.

The cost: \$10,000,000.
And Americans put up the

money. By purchasing government securities.
You could bank on America back then.

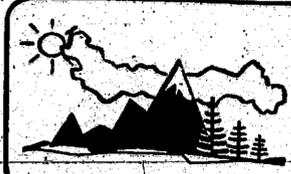

And you still can. By buying U.S. Savings Bonds
at work. Through the Payroll Savings Plan.

That way, a little is set aside from each
paycheck to buy Bonds. Automatically.
So help keep your future, and America's,
flowing smoothly. Buy U.S. Savings
Bonds.

They're a grand way to save.

U.S. Savings Bonds pay 8% interest when held to maturity of 5 years
(4 1/2% the first year). Interest is not subject to state or local
income taxes, and federal tax may be deferred until redemption.

Capitan

BY MARGARET RENCH

The first day of Spring greets us and gives us encouragement. Its chilly but wonderful to breathe that great atmosphere. How grateful we are for the privilege just to live in this beautiful and enchanted country.

The Capitan 4-H Club held its second meeting at the school on March 14. New Projects for the coming year were discussed. Colleen Garrett suggested a grouped project for the Club. It would consist of interviewing old timers and finding out historical facts about Lincoln County and the members and ancestors. Cathleen Story read an interview for an example. The date set for the regular meetings will be the fourth Tuesday of each month at the Fair Building. Ideas for the County Camp, ways to make money and the 4-H Rodeo were talked about. The new officers for 1978 are President, Tina Proctor; Vice President, Harvey Martin; Secretary, Donna Joiner; Treasurer, Glenda Booher; Reporter, Tim Proctor; Song Leader, Katherine Finley; Recreation Leader, Robert Parker. The leaders are Martha Proctor, Jeanne Wilmet and Colleen Garrett. Forty two members signed up. Bryan Wilmet brought the refreshments.

Six 4-H leaders met at the home of Mary Ellen Payne on Thursday March 16. A new project for the first year 4-H members, fun with 4-H was discussed. Simple items they could make were demonstrated. The dress review was set for June 6 and a consumer judging meeting in Carrizozo was decided to be held on April 22 at the Fair building in Capitan. This is the only one of several projects 4-H's can take to compete at District in Portales.

Record books and other new projects as International and All American foods were also discussed.

Two Senior Citizens bus tours from Artesia and Hagerman visited the Smokey Bear Museum Saturday. Over 1,000 visitors have been there this month. Over a week ago the Boufford family consisting of father, mother, and a set of five month old triplets visited. The babies were in a wagon and were given a choice of which color little bear they wanted. They chose the dark one. The parents talked to them in a grown up fashion. Like, Hey Gang, which bear do you want? They were a happy family. One to be enjoyed.

Many persons have asked me if the reports were true about Smokey Bear Museum. Indeed they are true. It is hard to believe there can be that many people interested. We are happy to report that it is a true fact.

The day of Bessie Evans funeral at Angus, there were a set of keys left in the Angus Church building. The Gilbert Peters has them and would appreciate you contacting them.

The building (formerly Pearl's Cafe) is coming down fast now. The men from Prisoners Camp supervised by N.C. Grantham are doing a good job. All of that material there is in good condition and is being salvaged.

The newly elected Capitan City officers were sworn in Monday night.

The Capitan United Methodist Women are holding their Annual Easter Bake Sale at the Capitan Laundry Matt Saturday, March 14. Remember the date and help them for they always have some delicious home made goodies.

Ida Trujillo daughter of Mr. and Mrs. Hilario Trujillo spent six days at home very ill and was taken to the Ruidoso Hospital where she stayed nine days and at this time she is home and unable to go to school I wish her a good recovery.

Mr. and Mrs. Jerry Lobb and family have purchased the Paul Jones rent house on East Fourth Street. Welcome to our Village. We do want you happy with us.

Van Norman underwent Kidney surgery at St. Mary's Hospital in Roswell, Tuesday, March 14th. At this time he is progressing nicely. I do wish him the very best recovery.

Mr. and Mrs. Mike Westbrooke and son Jason of Lubbock, Texas spent the weekend of March 10th with her parents Mr. and Mrs. N.C. Grantham, Jr.

Mrs. Lee Anderson returned Sunday March 12 from several days in the Ruidoso Hospital where she was seriously ill. She went for her check up with Dr. Stone last week. I wish you the very best and complete recovery.

Mr. and Mrs. Charlie Goodrum of Roswell spent last Thursday with her cousin Mrs. Ethel Pepper. They took her a hot Mexican dinner from the cafe which Mrs. Pepper did enjoy.

At this point I must report to Mrs. Peppers friend her welfare. She is in the wheel chair daily and tries to practice walking a bit with a leg brace each day. She is unable to write a letter. It is a big effort for her to sign her name as her vision is so impaired. She does her own cooking etc. Has a lady on Saturday to clean her house. A friend gives her an insulin shot each morning before her breakfast. Each week someone takes her a good dinner without sweets which she enjoys. I think for her age etc. she does miraculously well and she is in good spirits. Write her and give her encouragement. Some of us will read them to her.

Ramon Herrera recently entered the Sunset Villa Nursing Home in Roswell. He is in his late 80's and needs that kind of care though he is in good health.

Jose Otero came home Friday March 24 from on month in the Ruidoso Hospital. It is good to have you home and getting strong and well. Keep your chin up and work towards good health. Virgil and Millie Wallace of Elephant Butte are guests of his sister Mr. and Mrs. Gerald Dean Sr.

Mrs. Don (Della) Harcrow of Artesia and her sister Frances Saunders and three children of Odessa, Texas attended a meeting of the D. O. Jones family last Saturday and did see a few friends. It was good to see those ladies. They are the daughters of the Virgil Jones. Virgil is deceased but Mrs. Jones lives in Lordsburg.

Rick and Marcia Allen and Chad spent last weekend with the Tommy Allens and visited their many friends. The Church of Christ enjoyed the Sunday services preached by a young man from Portales last week.

Mr. and Mrs. Sam Jenkins, a friend Diane and his brother Bobby of Clovis spent last weekend in Capitan.

Mrs. Eva Leslie of Roswell formerly of Capitan underwent hip surgery last week at the Eastern N.M. Medical in Roswell. Eva, get well fast.

Mr. and Mrs. Tilford Stone of Albuquerque were weekend guests of his brother Mr. and Mrs. Kenneth Stone and family.

Mr. and Mrs. Chad Horton who have been in Albuquerque for several months came home last week. Welcome home. We are so glad to have you.

Willie Dockray's widow of California recently had a nice fence built around the Dockrey, Cemetery north of Capitan. That was Willie's dream and she carried it out. That was a nice gesture.

While Angie Provine was taking the FHA girls to Albuquerque to a meeting last Thursday a person who ran a stop light hit them. The car was totaled but nobody was injured. They continued their trip on in a pickup. That was a lucky accident. I am so happy that nobody was hurt.

Weekend of March 11 and 12 guests of Mr. and Mrs. Utah Maples were their three daughters, Mrs. Frankie Rooks of Buena Park, Calif. Mrs. Hazel Gobbie of Paramount, Calif. and Mrs. Vellia Vall of Lakewood, Calif. their son SFC Cell B. Peacock his daughter Shana and son Frank of Ft. Bliss, Texas. Mr. Peacock is in the army. Also visiting was Mr. and Mrs. Jesse Peacock of Roswell N.M. and also Mrs. Maples brother and wife Mr. and Mrs. W.W. Johnson of LaLuz, Mr. and Mrs. Sammy Johnson of Hondo. This was the first time the family had been together since 1964.

A student pilot of Santa Anna, California, in a Cherokee plane on his first cross country flight made an emergency landing on our landing strip which he could see in the moonlight at 9 p.m. last Saturday night. He asked where the Bessie Jones home and walked where Albuquerque was and she told him. He then returned to his plane and took off but returned in a few minutes and came to the Smokey Bear Motel where he spent the night. He took off early Sunday morning, safe and sound. He was lost. He had to be a good pilot to do as he did and I know it was relief after a nights rest to fly on to his destination.

Letters TO THE EDITOR

Dear Editor,
Just read the letter in the News of March 16 from stroked folks. It was not my intention to start a hissing contest among our local ranchers and myself, as I have a lot of respect for our ranchers as they are the backbone of this country as are our country's farmers. However, I do intend to speak out when there are inequities in our system towards myself or any one else. Mr. and/or Mrs. "different strokes for different folks" points out in his letter that the areas ranchers would like to close the roads thru their properties to the public. If this is what they want I suppose we could abide by their closing, however I understand these roads were deeded to the county by the owners, and it is the county's responsibility to maintain them. Also we must not complain about woodcutters and rabbit hunters as they are citizens and tax payers.

As for having to drive their kids 6 to 10 miles to the bus stop, this could be the fault of the school officials. I believe the rules are that school children can walk up to one mile to the bus stop not 6 to 10 miles; also if the matter was discussed with the proper officials the affected people may get better bus service for their children.

Thank you for your fine newspaper and unbiased reporting.

Respectfully,
Frank Torres
Capitan, New Mexico

Fr. Santillanes and Peter Hurd converse.

St. Patrick's Day — San Patricio Celebrates

San Patricio celebrated St. Patrick's Day with an evening mass and procession. Parishioners from all over the Hondo Valley attended. After the two hour service, friends and guests met in the parish hall for a real Mexican feast, which had been prepared pot-luck style.

The Postmistress of San Patricio, Mrs. Louise Babers, was honored by celebrating her 34th anniversary of postal service to her community. Among the many guests were Henriette and Peter Hurd, their son Michael Hurd, who used to be with the Kingston Trio, and now has become an artist himself, Mr. and Mrs. Leroy McKnight, a well known area rancher, Daniel A. Storm, columnist Ben Sanchez, and Andrew Herrera, who is on the Hondo Junior Track Team and who was very hospitable toward the Lincoln County News persons.

WOODBURNERS

When was the last time your chimney was clean?

The soot and creosote that accumulates in your chimney hangs there like a time bomb waiting for that chance spark to ignite it.

The chimney fire spews burning balls of fire out the chimney onto your roof and yard.

A small crack in your chimney due to settling or thermal shock is all a chimney fire needs to enter your home.

In a Fire Marshall's survey of 84 Northern states, 1 out of every 20 fires were the direct result of chimney fires.

FFA's Bring Back First

The Carrizozo Future Farmers brought back a first place in Soil Judging and a second on Site Judging from the Hagerman contest Tuesday. On the winning team were Bruce English, Mike English, J.D. Watson, and Lorrie Poreter.

Thursday, fifteen members of FFA go to Cobre for the District judging contest.

Last week the Carrizozo club hosted a judging contest which drew 300 to 400 youngsters from over the state. Results of that are still being tabulated at press time.

When the Ruidoso CB's club heard that five handicapped skiers in our area were eligible to enter international competition in Canada, if \$6500 could be raised - they began spreading the word from coast to coast. Each evening a Coffee Break is being held at the Chaparral Motel in Ruidoso Downs. By the end of last week they had raised \$1200.

One skier, is an amputee. Another skier despite cerebral palsy and three are blind.

All five won medals and trophies recently at Winter Park, Colorado. Their instructors think the team is good enough to send to the international ski races being held April 9-15 at Big White Ski Village in British Columbia - if the \$6500 can be raised by April 1st.

New Mexico To Receive \$208,000

New Mexico will receive a \$208,000 federal grant to aid programs which provide transportation for elderly or handicapped persons. The grant is being made available by the federal government's Urban Mass Transportation Administration. The money according to the State Highway Department will be allocated to non-profit community organizations for use in purchasing vehicles for the transportation of elderly or handicapped persons. The state Highway Department administers the New Mexico program for UMTA.

Under federal guidelines for the program, organizations may apply for the funding of 80 per cent of vehicle purchase cost. The remaining 20 per cent must be furnished by the local organization or be acquired from other sources. The Highway Department's planning research section grant requests and processes grant applications.

An announcement of grant availability is being mailed to more than 400 non-profit groups, local governments and quasi-governmental bodies involved in serving the transportation needs of the elderly and handicapped. Requests for grant applications should be sent to the road agency's planning research section at the Highway Department general office in Santa Fe before April 24.

According to department planner Kevin Dipalma who coordinates the program 50 vehicles have been placed in 29 different communities over the past three years. Applications for 35 additional vehicles are being reviewed by UMTA. The vehicles are either vans or small busses. To facilitate the transportation of handicapped users, some of these vehicles have been equipped with wheelchair lifts or ramps.

In the past, vehicles have been placed with groups located throughout the state. With the almost total lack of local public transportation in the state, mobility is a major problem for elderly or handicapped persons. Vehicle availability through this Highway Department administered UMTA program has provided a means of transporting elderly and handicapped persons to senior citizens centers, medical facilities and various places that would be otherwise inaccessible to them.

A Different Kind of Obituary -
A Farewell To The Beetle

It was the obituary everybody knew would come one of these days: 'The Beetle Is Dead!'

Then a flood of eulogies gushed forth with the announcement that the Volkswagen Company of Wolfsburg, Germany, had decided finally to kill off the world's most prolific automobile. It was too old-fashioned, they said, to compete on today's streets and highways.

The obit was dated Jan. 19, 1978. On that day the last of the breed, a buff-colored sedan burdened with bouquets, rolled off the assembly line, following some 19,200,000 of its kind.

There would be no more behind it, except from a plant in Mexico where life would go on for a while. It was a corporate reprieve that made many VW lovers wonder whether the Beetle-or Bug-really ever would die.

It had been born a child of ambition and grew up an orphan of war. Hitler announced the birth: The Volkswagen was to be the People's Car with a price low enough to put every deserving German behind the wheel.

Hopeful families finance the Nazi war machine. Their Reichsmarks had produced the "German jeep." Its air-cooled, four cylinder rear engine and sure traction tamed sand and snow.

With the end of World War II, the defeated Germans patched up the bombed-out plant and started to produce the promised People's Car. Despite its breathtaking ugliness, it was soon a pacesetter of Germany's recovery.

Federal Funding For Desalinization

Federal funding for various projects in New Mexico - including the Lincoln County desalinization plant have been recommended by the U.S. Senate's Environment and Public Works Committee, Sen. Pete Domenici said today.

After a heated budget-cutting session Tuesday, which saw \$1 billion trimmed, the Committee sent its funding recommendations to the Senate's Budget Committee. Those recommendations included \$10 million for desalinization plants, one of which will be located in Carrizozo.

The Domenici funding initiatives were approved without cuts by the Committee, of which Domenici is a member.

Also included in the approved funding is \$44 million for waste water treatment facilities. This is an \$8 million increase over fiscal year 1978, and represents the fruits of several years of work by Domenici and other Senators to insure that sparsely populated states like New Mexico receive adequate funding for these projects.

The Committee also forwarded approval for \$8 million in Corps of Engineers projects for New Mexico and a total of \$3.2 billion in national highway fund, of which New Mexico will receive a portion. The highway funds include an extra \$300 million for repair or replacement of the nation's unsafe bridges.

them, felt: 'Chrome is my favorite color.' They were plain Jane free-of-radiator grills, fins, fake exhaust ports, rocket hood ornaments, aggressive bumpers. Even the hubcaps usually weren't worth stealing.

The Beetle stuck to old-fashioned running boards throughout life.

VW owners endured its limitations: It was hard to handle in wind, it was underpowered, it was cramped. "You don't get in a VW, you put it on."

They were delighted that it looked like a toy, and stuck a big windup key in its back. They jazzed it up with a fake Rolls-Royce radiator, or they cut it down into a pickup truck or a dune buggy, or they stretched it into an eight-passenger limousine.

High school kids always seemed to be trying to stuff the entire senior class into one. Basketball players folded in and out of them. Strong-armed pranksters lugged them onto porches.

And longer than any other car-a quarter century-the Beetle survived a wild world of Hornets, Falcons, Mavericks, Cougars, and Barracudas.

Education Forum Supports Zozo

The education Forum is announcing its firm support for accreditation of the Carrizozo schools by North Central Association. Forum participants believe accreditation significantly contributes to providing a quality education based on standards of excellence. In a sense, North Central is an honor group; and being a member indicates adherence to the highest standards of professionalism in teaching, continued evaluation according to regionally recognized standards, and generates greater confidence in education by the general public.

If you believe the Carrizozo School District should seek accreditation by the North Central Association please sign this petition to:

Education Forum

Do you want the Carrizozo High School to be accredited by North Central Association? If yes, please express your support by signing your name.

The School Board must know that Carrizozo accreditation by North Central Association is desired by most of the parents and after interested citizens.
