Sheriff's Budget Overdrawn

Sheriff's Office—Lincoln County Commissioners in a closed to the public and press meeting last Thursday, took all financial control of the Sheriff's office away from Sheriff Bill Elliott, for the rest of the 1977-78 fiscal year.

The action was taken after Elliott repeatedly overspent his budget and ignored commission requests to stay within his budget.

In the 1975-76 budget, Sheriff Vega overspent his budget of 122,999 dollars by about \$7,000. Sheriff Vega got an increase of budget for the 1976-77 year to the level of 148,424 dollars. When Vega left office, he was right on budget having spent about \$74,000. In the remaining 6 months of the budget, Elliott's first six months, \$92,707 was spent on the Sheriff's department, with the County Commission approving the over-run.

In the 1977-78 budget of 167,131 dollars, a check by County manager Les Olsen in August showed a spending level that caused Olsen to project an additional \$17,000 to \$20,000 over-run for this year, which was approved for the Sheriff by the County Commission. A check in March showed the Sheriff's Office \$17,226 in the red. An additional \$35,939 was spent on new cars for the Sheriff's office without coming out of the budget.

Where the current problems came to light was the discovery that the Sheriff's office is projected to have an additional \$9,000 over-run for the last two months of this year.

In an informal meeting Wednesday, the Sheriff's comments were to the effect that he was not over the budget again, and he was seeing to it that he followed the commission's requests, according to Les Olsen and John Sudderth.

When contacted by the NEWS, Sheriff Elliott denied having discussed financial matters at the informal meeting, and claimed the meeting only had to do with personnel matters. He also stated that he was completely unaware that there was a problem with the budget, he had not received any financial statement since April.

When asked about this, County Manager Les Olsen stated that "he knew last August that he had better start looking into his operation, the county commission had told him so."

Olsen added, "he has been given everything he asked for, but there is no restraint."

Starting July 1, the new budget for the Sheriff is \$240,254. Commissioner Sudderth when asked stated, "It is his to spend according to budget, the only problem that can come is if after the first month, he is over the budget..."

"The County Commission yesterday reluctantly asked the district attorney to meet with Sheriff Elliott regarding budget control of his department."

"After the informal meeting, attended by Sheriff Elliott, John Sudderth, District Attorney Bob Doughty and County Manager Les Olsen, it was decided to have Mr. Doughty and Mr. Sudderth ask Mr. Al Romero, director of the Local Government Division for the State of New Mexico to come to Carrizozo today to determine the severity of the problem."

After an all-day session with Mr. Doughty, Mr. Romero, Mr. Sudderth, Mr. Straley and Mr. Stoneman, the County Commission requested the state Department of Finance to take over administrative control of the sheriff's department and, at the same time, to analyze the operations within the sheriff's department and report its findings and recommendations to the Lincoln County Commission at the earliest possible date.

The commission also asked the Department of Finance to spot check all departments within the county as to financial control.

The following is a recorded conversation with Duane "Red" Meador, Sheriff Bill Elliott's undersheriff for the last several months.

Question: We understand you are going to start a write-in campaign for the office of Sheriff, can you really do a write-in campaign after the primary is over?

Meador: I talked with Secretary of State Evan's office this morning, they informed I could run, it has to be on the democratic ticket since I am a democrat.

Q: Do you really expect to be elected on a write-in campaign?

R: I think it will be tough, but if I don't try, I won't know. I think it is time for the taxpayers to have someone who will stand up and fight for what is right.

Q: Was the problem with the sheriff's office just a problem of controls, or do you feel there is something else?

R: There is no doubt problems within the Sheriff's office.

Q: Why is that, is it a problem of feedback to the Sheriff's or one of attention by the Sheriff's?

R: Basically it is a lack of watching

John Sudderth

what was going on both the Sheriff's part and the commissioner's part. The commissioners have to sign the warrants, and I feel it is partially the commissioner's problems also, because if they don't look at what they are signing, or don't know what they are signing or Les Olsen don't tell them what they are signing, then it is just a problem with everybody.

Q: When the County Commission says to quit patrolling so much do you believe they are in the fight?

R: I think in that particular situation, the commissioner should take care of his business, and leave the patrolling, or the tax assessing, or the Treasurer, or the County Clerks business to that elected official. But when it comes down to the situation we have now with budget where there is a budget over-run, there is no doubt that they have the authority, to do what they are doing.

Q: Then patrolling was right up until you patrolled too much, say \$17,000 too much.

R: I don't think that statement is basically right. The worn out cars ad to that; there is no doubt you can indirectly attribute it to patrolling. If we had had those cars parked and hadn't been doing anything then we shouldn't have had to have repairs on them. Patrolling is what did it for sure, if you don't work, if you don't use the cars, they will last forever. If the people of Lincoln County wanted a Sheriff's department that drove up to the office at 8:00 sits and drinks coffee, doesn't come out unless called, and goes home right at 5:00. If they want just paper servers, then they don't need a Sheriff's department. Lord, they can hire independent paper servers. But I don't think the people of Lincoln County want that kind of Sheriff's office. I think maybe the commissioners do, or rather I think a commissioner does, but I don't think the people of Lincoln County want that. I think it was worth every penny we spent to reduce crime and solve burglaries.

Q: Could the Sheriff's office cut down on patrolling.

R: Yes, we could cut down considerable on our patrolling, but the taxpayer will pay for it in the form of increased crime, if you have the units parked, you still have the people on the payroll, since they are paid by the month. The pay is the same if the man works 8 hours a day five days a week or 16 hours a day 6 days a week. Patrolling has been proven to be the most efficient way to control crime.

Q: What did the Sheriff say to you last Sat., are you still working for the Sheriff's office?

R: Saturday when he (Sheriff Elliott) came to talk to me, he asked me to back off and let the situation cool off with Sudderth, and I said No, I wouldn't because I thought I was right. I had, as much of a right to criticize him as he (Sudderth) had to criticize Marlon Schlarb. He did his as a private citizen, I did mine as a private citizen. I told him No I would not back down, and then he asked me if I would resign. He said it would probably look better for me later on down the road, when I tried to go to work for another department. And I said No, I won't resign, that is the same as backing down and quitting.

Buckling under Sudderth's pressure, I won't do it, so then he told me that I left him no choice but to fire me and he

didn't say when it would be done.

Q: How do you feel about all of this.

R: I feel that Bill Elliott is backing down from Sudderth's pressure. He also said a couple of days after the primary that he wanted Tom Chaffins and I to back off in the Capitan area. To quit putting on so much heat, and you can quote this or not, I don't care, that we might have to kiss — — — for the next five months, he wanted to win the election so bad, and I'm not built that way, I just not built that way.

Anyway, he told me I will be fired, I don't know when it will happen. But I do know that Bill Elliott told me in my living room in Capitan that if he (Bill Elliott) didn't do something with me, that Al Romero had told him that he had until September 30th to approve the budget, and that he was afraid that if he didn't do something with me, then Olsen and Sudderth would call the budget back and start slashing his budget.

MY TIME

by Mike Swickard

This is the 201st anniversary of the signing of the Declaration of Independence, and it is a good thing we are mortal creatures. If the founding fathers could see us now, well, I sometimes don't believe it myself.

We as a nation have made more changes in the way we live in the last 200 years, than in the 5000 before. You might notice the word, "change," was used, not progress.

We are the generation that went from horseback to the moon in almost a heartbeat of time. We are also the generation that legislated so many laws to protect criminals that we are better off on the moon. We have tied the law enforcement officer's hands through the 1968 Civil Rights act, the Miranda decision, the Supreme Court abolishing the crimes of Loitering, vagrancy, and public drunkenness. We have taught our citizens of this country their constitutional rights, but not their responsibilities as a human being.

The issue of outlaws in Lincoln County is one that law enforcement officers have struggled with for over a hundred years. It is reasonable to expect that after a hundred years, we should be almost experts at handling these kinds of problems involving lawlessness. It would seem we know less now than at any other time in our history.

It is painful, all of our alternatives, but it was painful for our fore-fathers, to sign their name to the Declaration of Independence. Most were burnt out of their homes, a third were killed in the next eight years.

I am proud of their spirit. I am proud of my Grandfather's, Great, Great Grandfather, John Morton. I am proud of my Great, Grandfather Grey, the Civil War stopped his boyhood, the Spanish American hastened his death. The great war to end all wars could have done without Grandfather Swickard, a purple heart and 60 years of pain.

World War II beakoned and my father along with 5 million others gave freely of all they had, the survivors remember the costs. I am proud of my father and my brother Bill, Viet Nam could have done without them; but both did what they could for the country they love.

Susan Ryan On Dean's List

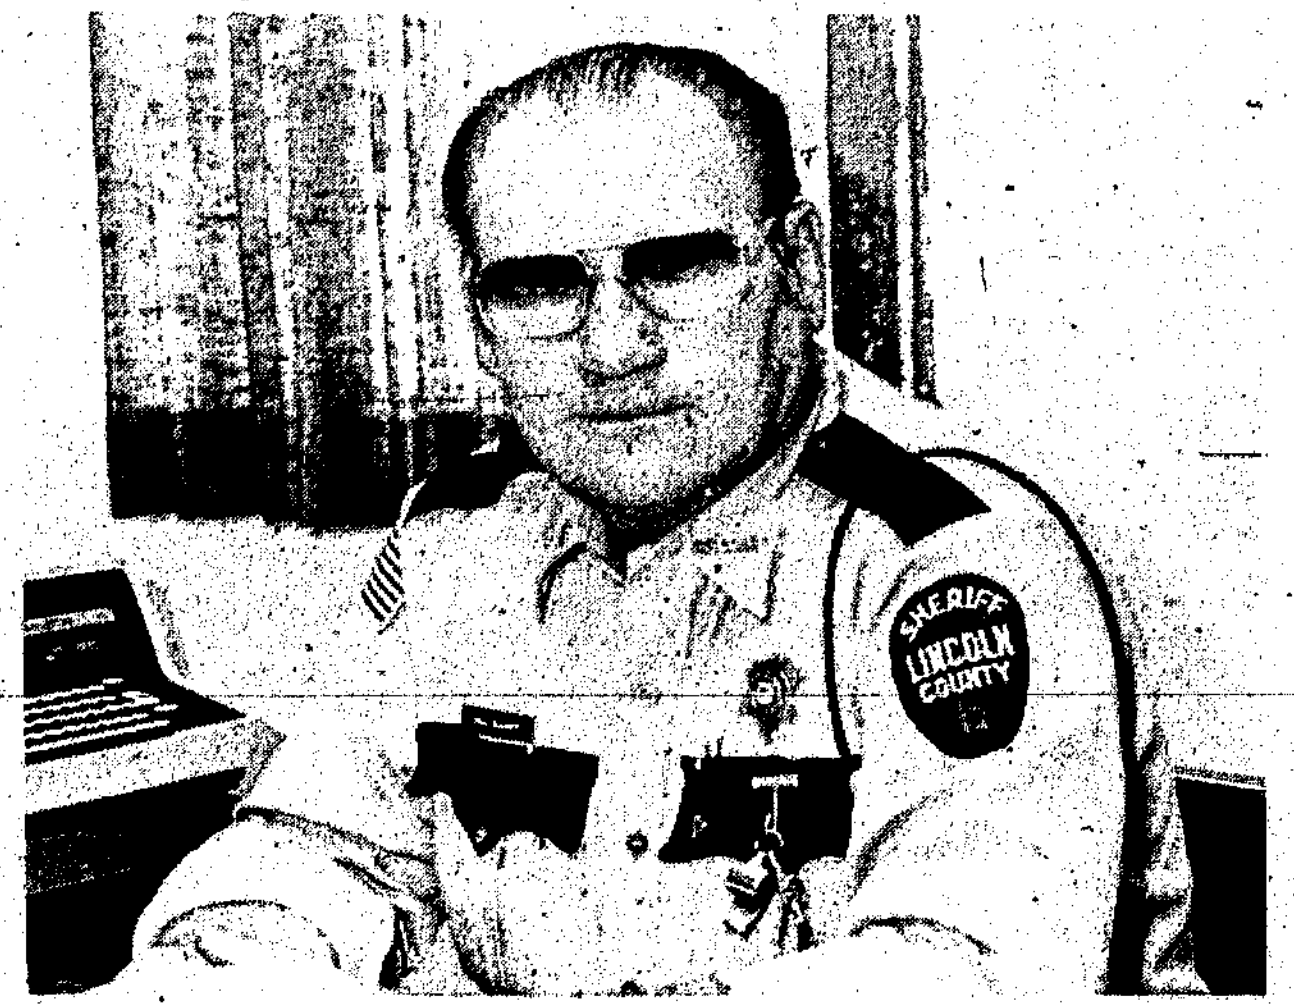

Susie Ryan of Alto N.M., is among the 1,407 named to the dean's list at Northern Arizona University for academic excellence during the spring 1978 semester, according to Dr. Robert C. Dickeson, vice-president of student and university relations.

To achieve the dean's list, Dickeson said, students must have attained a grade average of 3.5 or better on a scale in which 4.0 is a perfect grade, and have carried at least 12 credit hours of courses during the semester.

Lincoln National Forest In Danger Of Fires

The high temperatures, low humidity and drying winds of the past two weeks have created very high fire danger in the Lincoln National Forest. In order to protect the timber, rangelands, and watersheds of the Forest from destruction by wildfire, an order was issued on June 23 by Forest Supervisor, James R. Abbott, restricting smoking and the use of fire in the Lincoln National Forest to be effective at 8:00 a.m., Tuesday, June 27, 1978.

Smoking will be permitted at permanent places of habitation and in designated forest camp and picnic grounds. Smoking is also permitted

while traveling in vehicles provided an ash tray is used, and in safe places designated by an authorized Forest Officer.

Campfires are permitted in Forest Service developed camp and picnic grounds. Charcoal broilers, wood and coal stoves outside the dwellings or campers are classed as campfires. Kerosene, gasoline, or gas cooking or heating devices meeting the fire underwriters' specification for safety, are not classed as campfires, and are permitted.

Additional information concerning these fire restrictions may be obtained at the Smokey Bear Ranger District in Ruidoso, Cloudcroft Ranger District in Cloudcroft, Guadalupe Ranger District in Carlsbad, and Mayhill Ranger District in Mayhill.

The Governor Also Had A Grandson . . .

Philadelphia is the birthplace of the United States and was the nation's capital during most of the Revolutionary War. In Independence Hall the Founding Fathers signed the Declaration of Independence and the United States Constitution. The Liberty Bell, which rang out the nation's freedom, rests in Independence Hall. Somehow when you stand inside you feel the vibrations of the United States being born...you remember books, pictures, and you imagine voices.

Carrizozo was born about three miles north of our present Court House. The tall stately cottonwood tree at the head of Carrizo Spring could well be our Independence Hall. It was to this spot that Major Murphy came when he grew tired and weary of the strife of Lincoln, also came Tom Catron, who had a hand in Lincoln affairs, and the early paper bears the name of James J. Dolan. From Carrizo Spring that early Fairview Ranch simply grazed cattle in every direction. In bad times cattle could always come back home to the water, tall green grass, and to the cool shade. It wasn't until about 1900 that a short distance to the south the railroad chugged by on its way to Capitan. The nearest town to go to was White Oaks, which sat there waiting impatiently, knowing full well the railroad had to come through. There was no one to know that a man named McDonald would buy the ranch, develop it, be instrumental in building a town, and then from that town go to Santa Fe to become the first Governor under statehood.

This week we go into the Fourth of July weekend. Philadelphia, July 4, 1776. When I saw the papers on Pete Johnsons homestead it wasn't clear and I couldn't get the 138 to fit. Then with a big glass I figured it out... it was in 1913, the 138th year beginning with July 4, 1776.

When we go to July 4th we have fireworks...symbolic of the explosions of Liberty in America, we have parades, uniforms, speeches. In this story Mike wanted to do a man who wore the uniform of his country. It so happens that our senior officer, Lt. Colonel Truman Spencer was born near the stately old cottonwood tree, and as a lad often stood there to listen for whispers and echoes. The old tree did it's job well and this young fellow went

on to wear a uniform for over 15 years. It is good to know Truman, know he always told people he was from Carrizozo. Carrizozo can be justly proud of the man.

Truman A. Spencer, Jr. was born July 14, 1917, during the turbulent days of World War I. He was born in the old mansion there under the big trees, one of four children: Jane, Bill, Truman, and A.N. He was a student in the Carrizozo school through the spring of 1931 at which time he entered New Mexico Military Institute at Roswell as a junior. As a beginning student in school he saw the town go into it's heyday. He can remember going to White Oaks as a little fellow and there still being many building there. He remembers Mrs. Susan McSween, speaks of her as a "great old woman". He remembers Mrs. McDonald's father, Mr. Tarbell, who lived to the fine old

was born, sensed a love for a horse, a hat, boots, certainly no New Mexican had a deeper heritage than he and the ready grin indicated he was proud of the stage onto which he came to play his part. His junior-senior years were at the Institute, 31-32, 32-33. Then his freshman-sophomore college years were there 33-34, 34-35. He held the rank of Cadet Captain & after his graduation he had earned a Reserve Officer Commission but could not accept it as he was not 21 years of age. Ten cadets from the Institute were to be selected to go to West Point. Truman was one of those honored but wanted to go to Annapolis instead. From the Institute he came home in the summer of '35 to practice being a Cowboy. It was a good paying job back then, he earned \$15.00 a month with room and board. Truman Senior was his boss. His life was to take a tremendous

student at Colorado College for Women. Also, at the time of engagement, Lt. Spencer was on active duty at Hamilton Field, California. They had known each other since he went there as Tactical Officer in the fall of '37. Their engagement came in '39. They were married June 14, 1939.

The other event which was to greatly influence his life was to happen in March of '38 when he entered Air Force Cadet Training at Randolph Field Flying School. Storm clouds were brewing in Europe and China and Washington was beginning to beef up our forces. Truman was one of 160 students to form a class, the first real big class at Randolph. Before there had only been classes of something like 60. Upon graduation he became a Lieutenant in the Air Force, Department of the Army. The great divisions of the services had not occurred yet.

and so Truman soon went back to Medium Bombers. Now they began to move to Salt Lake City, Boise, Idaho, Bellingham, Washington and on down to Oregon.

December 7, 1941 found Truman in Ferry service, moving B-26 planes from the Martin plant onto service bases. It was simply a case of inevitable happening. Now the military training which he began in the fall of '31 was something the United States was looking for. It is not surprising that soon he would be cast into roles of responsibility and leadership. It was upon the shoulders of men like this that the free world had to stake its future. The old tall cottonwood at Carrizo probably nodded in approval.

In 1942 Truman flew a lot of sub patrols up and down the coast. He also did a lot of work leading planes up to Alaska, helped set out air routes. He remembers watching the Alcon highway being built. Most of the sub patrols were out of Portland Oregon. In late January, 1943, Captain Spencer went overseas as commander of the 75th Bomb Squadron. The 75th landed at Numea in Caledonia and grouping, shuffling, began which would take them to Coll Point, some 5 miles south of the fighter strip called Henderson Field, on Guadalcanal. He was in his first month of Overseas, Combat duty which would extend 22 months.

Truman was destined to see most of his service in the southern part of the

the Co-Pilot hit the Jap. In the "History of the 42nd Bombardment Group (M) the story is told of Colonel Spencer having to ditch a plane in the ocean. Two men went down with the plane, in the confrontation with the Japs on the island a third disappeared. In this shootout 4 Japanese in the search party were killed, Truman was cut struggling against the bayonet, and the five of them left were able to hide out until they were rescued. After the ditching in the ocean and the getting soaked, only one of the pistols would fire when the battle began.

The touch and go operation of keeping alive had begun on October 5, 1944, and ended October 13th.

Truman got down to New Zealand a couple of times for Rest and Rehabilitation. He takes on a solemn look as he remembers how sometimes the grim reaper almost finds your hiding place. They were coming home, two big transport planes, an LB 30 (converted B-24) and a C-54. Truman and a fellow on the second ship were trying to trade planes in Hawaii, just to do something different. The sergeant in charge of manifests caught them and made them go back to their original planes. In the de-briefing in California he learned the other plane never made it.

Truman was in the states when the war ended. He left the service at Orlando, Florida, as a Lt. Colonel, having been decorated with the

age of 96, and also is buried there at Cedarvale.

It amused me a few years ago when Paul ran a picture of the stage orchestra when Truman was in school here. He played saxophone, Tino Lopez was a trombone player, Ernie Primm had a violin, Buster was doing the drums back then. Though Truman obviously came up with a very well rounded education it is a tribute to him, to the country, and to the people who knew him well that he came up with the nickname Cowboy. He sensed early a great love for the land onto which he

turn in the fall of '37 when he returned to the Institute as Tactical Officer-Disciplinarian. He began there as a 2nd Lt. but he was not destined to finish the year out. Two very important things happened.

One of the officers at the Institute, Major John Selby, Regular Army Officer, who had served along the border with Pershing, Patton and others, happened to have a daughter named Marion. All her life she had seen her her Cavaley Officer father wear a uniform and when she became engaged to Spence, as she calls him she was a

After almost a year on the coast Truman asked for relief from active duty and came back to the ranch. This was in March of '40. Again he worked some six months for his Dad. The war kept coming and the country kept calling and he went back into the service in late 1940. Back to Hamilton, but by now the Air Force was making big moves, into Pursuit, Heavy Bombers, and Medium Bombers. He spent the early days back in fighters but one day when he was Officer of the Day he was called to Operations to sign a plane clearance. The pilot was an old friend

conflict, from New Guinea's Sansapor he flew out over the islands to the south of the Philippines where Jap supply depots and supply lines had to be cut. Also this part of the Japanese defenses had to be kept from getting into the conflict in the Philippines and even back to Japan itself. The medium bombers strafed, bombed, hauled, lay down smoke screens, you name it, there was a flyer who would volunteer to do it.

Besides serving as a pilot, Truman also saw service as an Operations Officer and Deputy Group Commander. He had always had that unusual combination, the leadership when it was called for, the friendly "Old Cowboy" when it was time to just be himself.

It is easy to write "22 months combat", but that is a long, long time. It is sad to hear of young men who never saw their 25th birthday, shot down out of the sky as they sought to destroy their part of the giant Japanese war machine. Who lives...who doesn't... Some times it is a hair's breath, away, like the time Truman was knocked down and the bayonet was coming until

Distinguished Flying Cross, the Air Medal with 6 clusters, the Bronze Star, the Purple Heart, the Asian-Pacific Theatre, the American Theatre. Now he would come home to Carrizo Spring.

In the years since World War II Truman has led a full and active life. Upon coming home he began work on

Who Heard The Sound Of Distant Drums

the Block north of Capitan. Then in 1949 the Block sold and he came home to take over the Bar W. He built the home in which he now resides, he and Good Old Marion, some 3,500 square feet of floor space, a swimming pool, a beautiful complex. It is here that Susan, born in the fall of '42, graduated Texas Western at El Paso... Stephen, Born '45, graduated University of New Mexico... Sterling, graduated New Mexico State, it was here, some three hundred yards west of the original house at Carrizo Spring that the Truman & Marion Spencer children grew up.

Susan lives in El Paso, Stephen in Albuquerque, Sterling here. These children grew up knowing something about leadership... Susan graduated from Stewardess School, Stephen was second in charge of the Cadet Corps at the Institute and Sterling was Cadet Colonel. There is little doubt as more leadership is needed it will certainly be there.

Truman has often been called on to help in one way or another. "Old

Cowboy"...he did a stint of some four years on the Carrizozo Board of Education. When the big years of football began to loom on the horizon in the late 50's Truman responded by helping. Stephen operated a cat from home as a new field was being built. The old field had such a drop to it...if you were going downhill the last quarter with the wind behind you anything could happen. Stephen received an A in citizenship, and how better could a freshman learn the importance of community involvement.

In the big years of Grizzly football, "Old Cowboy" climbed the stairs up to the crows nest to do the announcing. Always, just about, there was a little commentary to go along with it too. But he added color to the pageantry...during some big years.

Truman served on the Board of Regents at the Institute, was Chairman one year. He was there when Roger Staubach was playing ball, knew him, I can see him laughing and telling Roger some big story.

At the 1976 Commencement the Institute named Truman the outstanding alumnus of the year. He was presented a wool blanket, by Ralph and Rosalie Dunlap bearing the Bar W

brand. The citation read: "This year's awardee is a gentleman who has been associated with the institute for forty five years. He entered NMMI as a cadet in 1931 and graduated from the Junior College in 1935. At the time of his graduation he was the youngest cadet in age ever to graduate from the Junior College. He attained the rank of cadet Captain..."

In 1969 Truman began to help with the Pony Express Race, the year it started he started as the starter. He has plaques to thank him for this, for efforts in conservation and other endeavors. He was one of those who would show up to help Tommy Ryan with the Billy the Kid Rodeo. I remember August of 1969, when we did the big Kid Rodeo, Truman was Arena Boss, some 25 years after he was Boss

Man for a bomb group some 13,000 miles away.

Like any other man who has lived here a long time Truman likes to remember back. Back to when Albert Roberts had a paper route...back to when Albert used to come out to Bar W to gather water cress and take back to some of the tables in town. He grins a little when you try to find out just how good he was at Polo. He probably isn't sure the Governor would have felt a good cow horse should be used for that purpose. He remembers the Chinaman, AhNu at White Oaks. He will tell you about why Mr. McDonald decided to run for governor. A good story is about the time the school kids helped clean off the strip there near Mrs. Farris, so the old Ford Tri-motor could land and take people for a ride during the fair. He

kept his plane there for a while but later moved it closer to his barn. It got to be too big a hassle to keep everything ready to go so his flying sorta went the way of close order drill, saluting, and some other goodies, you learn when you join up with Uncle Sam. That strip was on Bar W and on Dutch Reil. The old hanger is down now and the fence is back up.

It seems that at one time Governor McDonald's grazing land covered about 500 square miles. From the Rio Grande to the Pecos, and from the Gallenas and Manzanos to the Sacramentos and Franklins. Roy Harmon's Dad, Les Harmon was a trusted Bar W man, going all over to gather up Bar W strays. Then too, Truman did some work with his Dad on the Quatro Amigos Ranch at Three

Rivers, the ranch owned by Truman Spencer, Senior, Will Ed Harris, Jess York, and A.D. Brownfield.

Truman tried politics way back yonder one time. He was beaten for a Senate seat, by J.G. Moore, Carrizozo's last Senator. I remember several years ago Truman telling me about how there was advanced planning going on to situate Holloman Air Force Base a few miles south of Carrizozo.

In the end the local fathers didn't really want it. How prophetic this seems to me, along about 1953 the government took a huge chunk out of this community, and put a lot of strangers here...and along about there things began to change a great deal.

Yesterday I went out to take a picture of the old cottonwood tree. Maybe it was just the wind but I thought I heard it say, "Way back yonder...about 1880..." And as I looked back to Carrizozo I wondered where that one lone boxcar used to sit.

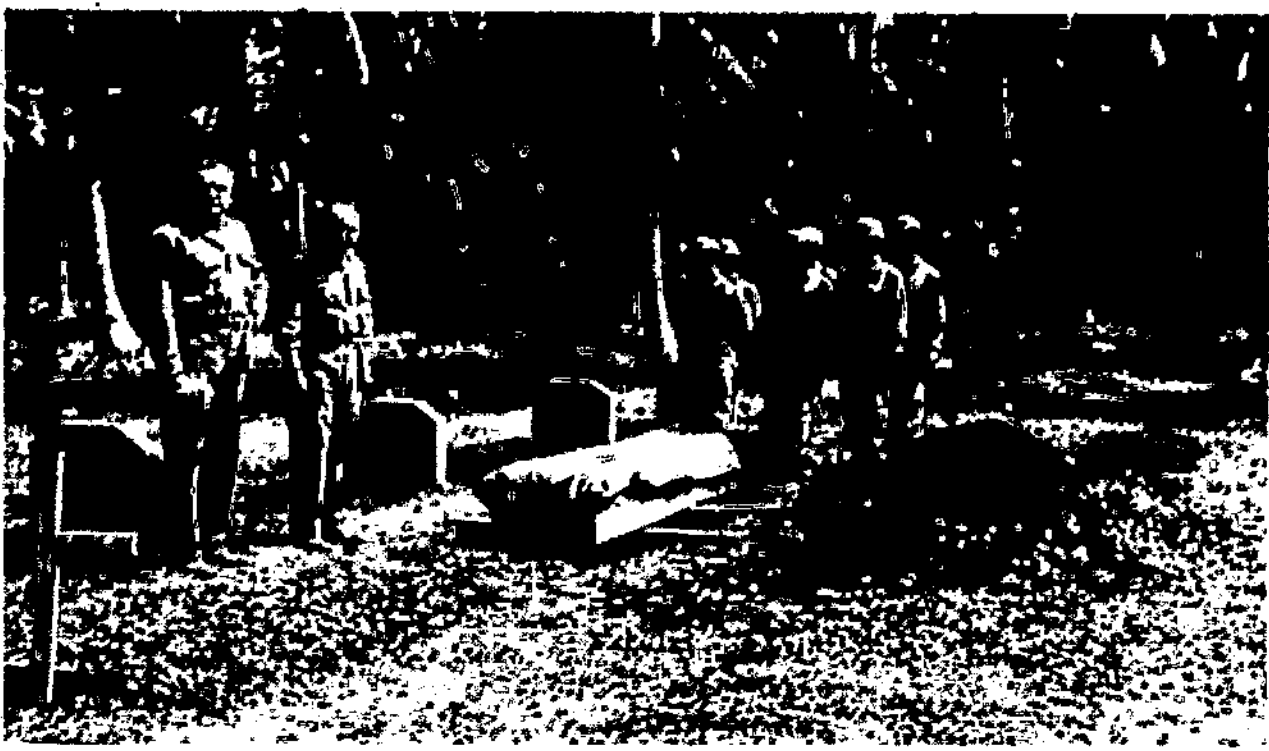

Just back from rescue, eye injury in ditching, hand wound in skirmish.

JUNE IS DAIRY MONTH across our land. June is also the month we start thinking about trying some "cool" cooking. Main dishes that can be cooked right on top of the range are popular with homemakers because they're quick, easily prepared, flavorful and help keep the kitchen cool. This one with its uncooked macaroni eliminates the necessity of cooking the pasta separately. But, it has extra flavor thanks to a double helping of cheeses, Cheddar and Parmesan.

Other foods in this skillet supper are probably foods you already have on hand, like frozen beef, onion, celery and canned tomatoes. It's the kind of dish that goes well with a crisp green salad with yogurt dressing, dilled butter sauce for asparagus or green beans from the garden and icy cold milk. For dessert, why not some chilled melon wedges and ginger wafers prepared in the cool of the morning? Foods kept on hand, such as those required by the main dish, make it easy to put together a meal. They cut down on trips to the store, and each trip that doesn't have to be made saves money. Cheeses keep well when tightly wrapped and refrigerated; so do onions and celery.

In Corona ... CowBelle Local Being Organized

The New Mexico Cowbelle Executive Committee voted to sponsor the state 4-H Beef Awards program and provide funds for the winner to attend the 4-H Conference in Chicago at their recently held quarterly meeting in Santa Fe.

It was announced that Dorothy Vaughn of Ft. Sumner, a member of the Powderhorn CowBelles, had been asked by the National CowBelle organization to present a workshop on record keeping to the national Cowbelle

meeting which will be held at Denver, Colorado in July. Mrs. Vaughn was cited for her outstanding record keeping as state treasurer.

Wilma Fulgham, Clovis, president of the New Mexico CowBelles urged attendance at the national meeting and workshop.

Three new CowBelle locals are being organized in the state. They will be at Corona, Las Vegas and Cuba according to Margaret Collins of San Jon, state chairwoman of membership and public relations and first vice president of the state organization.

Other committee chairwomen reporting were: Scholarship, Lillian Graham, Roswell; Legislative, Sherry Raska, Wagon Mound; Publicity, Faye Plank, Clovis; By-laws, Peggy Monzingo, Santa Rosa; Ruth Wilson, Chaplain, Carrizozo; Father of the Year, Sharon King, Capulin; Historian, Addie Flint, Bard; IDA, Sandy Ray, Roy; and State Fair Booth, Bette Jane Goodwin, Clovis.

Hesaru Overtakes Heavily-favored Jimmylin In Saturday Win

RUIDOSO DOWNS, N.M. — Hesaru, owned by Ruth Sanders of El Paso, easily overtook heavily-favored Jimmylin to win Saturday's feature race at Ruidoso Downs.

Hesaru settled in third place during the back stretch run of the 5/8-furlong sprint while the 5-1 shot, Nu And Crafty, took up the lead position. The 3-5 choice, Jimmylin, was snug against the rail,

not far behind.

At the turn home, Jimmylin stalled while trying to slip through tight quarters against the rail. When he finally did get through, he was unable to hold off Hesaru's strong late charge.

Hesaru hit the finish line with a 2 1/4-length lead and covered the distance in 1:07.45 seconds.

Final Drive Romps To Win

RUIDOSO DOWNS, N.M. — Final Drive moved off briskly at the head of the stretch and romped to a 2 3/4-length win in Thursday's feature race at Ruidoso Downs.

Final Drive is owned by Leo D. Wood of Lubbock, Texas.

The gelding, ridden by Richard Bickel, clocked the 5/8 furlongs in 1:08.35 seconds.

Fair Francesca, a 13-1 outsider, stayed on the lead most of the way and held on for second.

Mr. Clyde Rallies For Come-from-behind Win In Rio Grande Stakes

RUIDOSO DOWNS, N.M. — Mr. Clyde rallied from well off the pace under the second-high load of 123 pounds and clearly demolished Sunday's renewal of the Rio Grande Stakes at Ruidoso Downs.

The 6 1/8-furlong tussle brought out a stellar collection of New Mexico-bred sophomores and offered a gross pot of \$46,775.

Jockey Coombs kept Mr. Clyde in the second flight during the backstretch run, then moved to the outside at the turn for home. He easily flashed ahead of the lumbering One Bold Scout. Despite having to take a wide swing into the stretch, Mr. Clyde socked his foes

with powerburst in the upper stretch. This left One Bold Scout in the position of having to play desperate catch-up, to no avail. Mr. Clyde was zipping along effortlessly when he hit the wire.

Mr. Clyde took home a paycheck of better than \$4000 after hitting the finish line with length lead. The gelding clocked the distance in a crisp 1:19.45 seconds.

Mr. Clyde is trained by Gilbert McClanahan for Ralph Miller of Fluvanna, Texas. Leroy Coombs is the pilot. One Bold Scout, the public favorite packing the top impost of 124 pounds, vainly tried to crank out a stretch run bet was obviously over-

matched this time. He finished second without ever threatening the winner. Willie Lovell was up.

Prince of Darkness, an 8-1 outsider, uncorked his customary stretch punch and nailed down third. Charles Mueller was up.

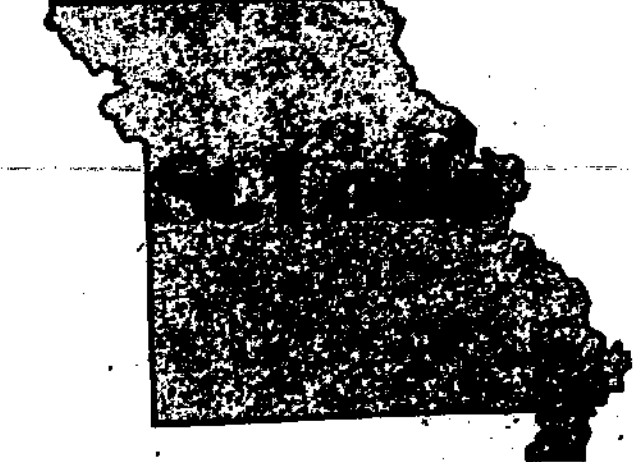

Hopeful Journey, as expected, played the role of pacemaker, but the filly was unable to sustain her crackling speed and was through when she hit the upper stretch.

Hopeful Journey, after being swallowed up by unruhing horses in the upper stretch, held herself together to take a firing fourth.

RIO GRANDE WINNER — Mr. Clyde Ruidoso Downs after delivering a brisk Grande Stakes at 6 1/8 furlongs. Leroy prances across the finish line at come-from-behind move in the Rio Coombs is up.

Jerry Nicodemus Takes Jockey-of-the-Week Honors at Ruidoso Downs (7-wins)

RUIDOSO DOWNS, N.M. — Jockey Jerry Nicodemus took the Jockey-of-the-Week honor over the racing weekend at Ruidoso Downs with seven wins. And the veteran rider improved his position in the standings considerably.

Nicodemus moved up to second from seventh with a record of 18 wins, 17 seconds and 11 thirds from 67 trips to the post and now holds the best win percentage of 26.8.

Nicodemus pulled out the majority of his victories in quarter horse competition, but tried his hand at some longer ventures as well.

He started his campaign on Thursday with two quarter horse victories aboard Bugged To Do It in the first race and Touchclass in the fifth. On Friday, he scored with Barnstormer in a 400-yard allowance bout. The colt, who finished fourth in the Sun Country Futurity at Sunland Park, came on for a neck margin.

Nicodemus triumphed again on Sister Bailey Oak, then stretched out to 5 1/2 furlongs aboard One Bold Scout. The gelding was making his first start since December when he qualified for the Sunland Park Thoroughbred Futurity, then had to scratch out of the finale due to physical problems.

But the three-year-old had to difficulty taking a neck victory as the heavy favorite.

Nicodemus completed his score with two more victories on Sunday, and also nabbed a second and two thirds from 13 attempts.

Jockey Richard Bickel turned in a commendable performance was well, scoring five wins, two seconds and two thirds to move into sixth place in the standings with a 14.3 win percentage.

Gary Sumpter remains at the lead of the list with a 21-16-20 record from 121 starts for a 17.4 win percentage.

J.B. Montgomery took command of the weekly trainer battle with five wins and a second. Montgomery moved from eighth to fourth in the standings and boasts an overall record of 12-5-3 from 51 starts for a 23.5 win percentage.

H. Don Farris, his nearest competitor, sent three charges through the winner's circle to move his overall win tally up to 10 from 48 starts for a 20.8 percentage.

H.C. Werner, Jr. continues to head the trainer list with 14 wins, 14 seconds, and 9 thirds.

Turf action is set for Thursday through Saturday with a first post of 1:30 p.m. On Friday, top sophomore quarter horses battle at 440 yards in

trials for the upcoming \$450,000 (est.) Rainbow Derby.

Things get rolling at 1 p.m. on Sunday with the Rio Grande Stakes in the spotlight. The \$6,000 event for three-year-old New Mexico bred will span 6 1/2 furlongs.

HOOFBEATS BY KAREN HALLORAN

Four veterans of last year's All-American Futurity will be in action in the Rainbow Derby, Jun Jun Ni, Stoa Minga, Medley Glass and Biffy Pass (ninth). Notably absent is the pair who took the top spots last year—Hot Idea, who remains undefeated in five starts, and Town Policy, recent winner of the Los Alamitos Derby. Both are in the consolation.

Saturday's 11th-race feature baffled the fans. Originally eight horses were slated for the 5 1/2-furlong allowance sprint. But Arcoba was scratched and just before post time Arran Duce and Center Latch were scratched by order of the veterinarian. That left Jimmylin as the obvious choice. But to the fans' chagrin, it was Hesaru (a 5-2 shot) who came on for the 2 1/4-length victory.

The high show payoff of the season turned up in Friday's ninth race, a Rainbow Derby trial at 440 yards. Kitaward went off as an 85-1 outsider and hung on grimly to capture third, only a neck behind the leaders for a show return of \$33.

The fastest seasonal time for 5 1/2 furlongs was set by Nervino in Saturday's fourth race. The four-year-old gelding, came through with blazing speed as the 3-2 favorite for a time of 1:06 two-fifths seconds, in an \$8,000 claiming.

Seco Mia who took the top qualifying berth for the upcoming \$516,500 Rainbow Derby in Friday's trials course to a head victory with jockey Jackie Martin aboard to set a brisk time of 21.71 seconds for the 440-yard distance. And remarkably enough, she did it in the first trial division and it held up as the fastest trip all day. The winner's share in the Derby will be \$179,025.

Easy Move, winner of the Kansas Derby earlier this season, missed his chance at nabbing the second leg of the Triple Crown when she turned in a time of 21.98 1/2 seconds, just three-one hundredths too slow to qualify for the finale.

Top money-earner of the field is Miss Thermolark. Miss Thermolark notched last year's Rainbow Futurity. She boasts a career record of 9-2-0 from 13 starts for a money line of \$198,522. The sophomore finished second by a head to Seco Mia in the first division with jockey Carl White in the saddle. On the other end of the scale is Little Flyin'. She's had 10 career starts for skimpy earnings of \$3,401.

About 400 former Carrizozo High School graduates attended the June 24-25 alumni get-together this past weekend. Rachael West, secretary of the Carrizozo Alumni Association said the event went off well and everyone pitched right in to help make this a fun time for everyone. A special thanks to all who worked along with Rachael and those who headed their own special class reunions.

During the registration on June 24 at the school cafeteria refreshments were served. The following were out of town alumni present at registration, dance and picnic: Peggy Cathey Smith and husband, Alamogordo; Arsenia and Joe Navarro, Alamogordo; Betty Moore Fields, Phoenix, Arizona; Barbara Jean Brunum, La Luz; Mr. and Mrs. Arrel Posey, Tularosa; Janie Wedel Warden; Donald Queen, Las Cruces; Gerald Posey, Farmington; Mildred and Addison McPike, Lansing, Ill.; Lois Bailey, Kansas, Mo.; Billy Reynolds, Kansas, Mo.; Lucio Vidauri, Whittier, Calif.; Barbara Noack, Lovington; Dee Ann Posey, Farmington; Sandra Lightfoot, Roswell; Sharon Smooth Litchworth, Capitán; Eric R. Lynch, Silver City; Mr. and Mrs. Charles Carl, Hanford, Calif.; Mr. and Mrs. Gerald King, Isaquash, Wash.; Darrel Smith, Jr., Irving, Texas; Gordon and Jan Barham, Las Cruces; Mr. and Mrs. T.B. Smith, Capitán; Mr. and Mrs. Herbert Aguayo, Phoenix, Arizona; Beatrice Sheehan, Anchorage, Alaska; Janie Warden, Grants; Brenda Warden, Albuquerque; Lee and Lois Carl, Alamogordo; Mr. and Mrs. A.G. teachers at the 1978 reunion. The Class of '63 especially remembered the good 'ol days. That was the year that Betty Moore was Prom Queen and Emily Johnson was 'Aunt Caroline' in the Senior play, "Who Killed Aunt Caroline?" That was the year that Susie Vega willed her aggressiveness to Jeff Morris and Dillon Lovelace willed his 'small' feet to Bobby Hicks. Those were the days...

And so another year has passed for the Carrizozo Alumni Association. May all future alumni feel as did the Class of '48 when they made out their class will. (Some of the '48 seniors included Richard Eugene Degner, Joe Ventura, Mildred Hoffman and David A. Sanchez.)

Mr. and Mrs. John Hein Jr. and family of T or C spent a week at the home of Agnes Hein recently.

Mr. Paul Gallegos of Albuquerque, brother of Luciano and Cosme, was in town last week.

Monica Herrera, daughter of Mr. and Mrs. Jake Herrera was hospitalized at BCMC in Albuquerque. She may be out by now.

On Father's Day, dropping in at the home of their aunts and uncles (Sherrills, Moores and Margaret Lane) were: Mr. and Mrs. Wade Lane, Monica and Justin; Mr. and Mrs. Joe Dan Lane, Bobby and Bubba, all from Ruidoso.

Mr. and Mrs. Charlie Edgren of El Paso stopped by to visit with Mr. and Mrs. R.L. Sherrill and Margaret Lane.

They were on their way back from Missouri where they spent 2 weeks. Mr. Edgren was the former Methodist pastor here.

Grammar and punctuation encounters of the column 'kind' (not 'king', as read in last week's column): (1) The word "alright" still doesn't exist, it's still "all right". (2) Nineteenth of uses of "then" can be eliminated. (3) A dash is indicated by typing two hyphens. (4) "So" is a kid's word, throw it away. (5) "But" is a negative word, an argumentative, overused by many writers.

All right, so then I'll retreat "back" to the grammar books but - so what what if I never win a Pulitzer prize for outstanding distinguished achievements in journalism?

Don't forget the bake sale by the Methodist Women at the Zia Center.

Birthday brag: Fred English June 29; Johnny Bragg June 30; Hazel English, Barbara Lovelace July 2; Montie Stephens July 3; Pete Baca, Lisa Ann Ferguson, and Mrs. Emma Swift July 4.

Mona, Melissa, Lisa, Terry, Lorrie and Carrie, the Variety Cheerleaders will have a "lawn sale" on July 1 at the Spider Park. Refreshments will be available as you browse around looking for... "just what you needed."

Their class will be very interesting: "We the class of the Carrizozo High School, being now ready to cast aside our high school ways and depart for the sedate land of adulthood and being mindful of the needs of those we leave behind in the Carrizozo High School, do by these present declare our last will and testament to be..." (Here are parts of it): (4) To the Freshmen class of next year we leave our wish for strength to stand up under the strain of entering high school; our ability when we were Freshmen to quickly adjust ourselves to changing conditions and our brilliance as Freshmen, such brilliance as soon attracted the attention of in high school...sometimes to our great embarrassment. (10) To the school as a whole we leave this pennant and our class pictures that they may ever be an inspiration to those who gaze upon them and may well they exclaim as they look upon the likeness of the members of the Senior class: "Ah, they were a great class...yes, a class...a wonderful class". (11) To our Superintendent, Mr. Manire, we suggest that if he ever wishes to make an assembly talk and needs an example of worthy students, that he consider our class as such example...where could he do better?"

And now, back to 1978...Mr. and

When was the last time your chimney was clean?

The soot and creosote that accumulates in your chimney hangs there like a time bomb waiting for that chance spark to ignite it.

The chimney fire spews burning balls of fire out the chimney onto your roof and yard.

A small crack in your chimney due to settling or thermal shock is all a chimney fire needs to enter your home.

In a Fire Marshall's survey of 8 Northern states, 1 out of every 20 fires were the direct result of chimney fires.

Guest were: Ms. Melissa Coffman, Winifred Cozzens, Louise Ferguson, Dorothy Guck, Laura Peters, Gayle Porter.

There are six new houses being built in the subdivision. One is far to completion. We are need of homes in Capitan proper as there are so many coming daily for a place to live. We do need more houses. We have many new people that have purchased places and remodeled and all does look nice. How we do appreciate that!

The Craftsman formerly Idle hour has been painted white trimmed in brown. The Coons home has been painted outside buff trimmed in brown. The Boney Zamora Home is being painted buff trimmed in maroon. The Pizza place that will soon open is being painted dark red trimmed in white. A new board fence has been added near the Johnnie Neilsen home near her Ice Cream Parlor and food store. She and her family need privacy after work hours to rest.

The George Hobbs have their beautiful large trailer home and those corner lots for sale and all in good condition but he has been transfer red in his forestry work to Magdalena. They have done lots of work there and someone will get in his Forestry work to Magdalena. They have done lots of work there and someone will get a nice home and good lots. Its large. On West Fourth Street, near the school. We hate to lose them but time changes things and we do have to go with those changes.

The Smokey Bear Museum has had over 4000 visitors this month. We are proud of that. So glad people do remember Smokey and his purpose.

Cindy Livingston recently sold her business at Idle Hour. Mountain Wood Craftsman by Doug Worman and Kenny Parker are located there in that building. Another new business which we do welcome.

Remember to come to the Stampede Rodeo July 3 & 4. Meet your friends and enjoy this good mountain atmosphere. It is just grand even though it is so very dry and hot it still is the best place to be. I do wish all of you the grandest and happiest holidays here.

Don and Ada Potter have just returned from Wonderful Wyoming where they attended family reunions at Gillette. They report Wyoming is beautiful this spring.

Mr. and Mrs. Ronny Elderidge and their children Grady Lee and Shelly returned from nine days vacation in Colorado, this week.

Last Sunday two granddaughters from Los Angeles, CA arrived to spend three weeks with their grandparents Mr. and Mrs. Muse.

Glynn Story, son of Mr. and Mrs. Jerry Story was visiting at the Davis Ranch. Last Saturday he was riding a horse when he saddle turned and he fell off causing a concussion and injured a kidney. He is in the hospital in Ruidoso. I do wish the best and complete and good recovery Glynn. Prayers are going your way.

Mr. and Mrs. Raymond Sanchez and their children Ronald and Kateri returned a few days ago from a weeks vacation in CA, where they enjoyed Disney Land many other places of interest.

Mr. and Mrs. Bill Clark and three children of Huntsville, ALA. are here at this time visiting her parents Mr. and Mrs. Herman Otero and other relatives and friends.

Mr. and Mrs. C.W. Hammons just returned from the funeral services of her brother, R.A. Wyers who passed away in Borger, TX and was laid to rest in McCurtain, Oklahoma. While enroute home they did spend two days in Carlsbad.

Another improvement in Capitan are the marked parking spaces around Traylor business building. That is great!!!

The Capitan Church of Christ held a successful Bible School, Mon., June 12-Friday 16. Average daily attendance was 105. Carrizozo helped by bringing two buses loads. 160 attended the weiner roast Friday night.

Eighteen Persons to Represent Capitan at Jehova Meet

A schedule of 20 international conventions has been completed by Jehovah's Witnesses for the continental United States during the summer of 1978.

Spokesman Kenneth Stone said 18 persons will represent Capitan at the AstroDome in Houston, Texas, July 12-16.

Stone said 55,000 delegates are anticipated for the convention from several states including New Mexico.

The witnesses are utilizing some of the largest sports stadiums in the country for this series of international meetings. They include four covered facilities: AstroDome, Houston, Texas; Superdome, New Orleans, Louisiana; Kingdome, Seattle, Washington; and the new Silverdome in Pontiac, Michigan.

Stone added that 760,000 persons are expected to attend the 20 conventions in three languages: English, Spanish and French. Five conventions are planned for Canada with an attendance estimate of 145,000.

The theme of the convention is "Victorious Faith".

"There are many issues confronting society today", Stone said. "These include changing moral standards, emphasis on materialism, social problems, energy crisis and an accelerating arms race. The convention program will stress the value of faith in the Bible as Christians face these issues and other daily problems of life."

The Church of Christ in Capitan had their Vacation Bible School June 12 thru 16. They ran three buses all around town and averaged 105 in attendance

each day. Friday night there was a weiner roast in which all parents of the children were invited. The weiner roast was well attended by about 150 people.

There were classes for all ages of children and prizes were given out to those who attended every class and for those who brought a visitor with them.

For a long time United Methodist Church in Capitan has been in need of a bell tower. Johnny Wolfe was a new comer and had a dream that he could build it on the ground and put it up with a crane. Johnny Wolfe was the architect and builder with the help of David Collins to build this bell tower.

It was put on the base of the bell tower by Kenneth Schear's crane and he donated his time, and made no charge. Mr. Schear, the Methodist Church of Capitan want to say many thanks to you for what you have done.

Kenneth Reamy and Tom McFarling also helped put the Bell tower in place.

The Board of Trustees are, Johnny Wolfe, chairman; Bill Edger, Vice-chairman; Diane Riska, secretary Herb Traylor, treasurer; and Sam Cox. All of the five Trustees were respon-

sible for getting this work done. The cost of the bell tower was, \$303.08.

A Bowl of Activities from Nogal - by Robie Burk

A Handful of Magic:

In 1852 a man by the name of A.A. Milne died. He left behind him a band of imagined animals who have become fixed forever in the minds and memories of millions of children. Have any of you ever heard of Winnie the Pooh, the engaging teddy bear, and Eeyore, the doleful donkey who lost his tail, and timid Piglet and bouncy Tigger and all the rest? Milne started writing about his 4 year old son, Christopher Robin, when we were six, Winnie the Pooh and The House at Pooh Corner, where he introduced the animals.

At Milne country home in Sussex the lawn is decorated with stone figures of the animals of Pooh.

If anyone is interested in showing their children a new world go to "Pooh" corner in the library and start reading to them.

Send Jokes, ideas, thoughts, and wisdom to Robie, Lincoln County News. Bits of a Woman's Life:

"He may arrive tomorrow," answered a mother, about her son's expected return home, "depending upon whether we sent him just enough money or too much."

Think about this! The three p's of parenthood: precept, practice, patience.

Two parents spanking the same child is not co-operation.

When a boy realizes that education is here to stay, he begins to get one.

A Dash of Humor!

Boy selling lemonade: "Would you mind going easy on the straw, mister? It's the only one we have!"

We hear some consumer complaints about these new pint size cars. Sometimes you can't find anyone to go halves on a metered parking space. A Hunk of Cookery!!!

Cooking means the knowledge of Media and of Circe and of Helen and of the Queen of Sheba. It means the economy of your grandmothers and the science of the modern chemist. This was written long ago by a gentleman name of Ruskin. He said, "A cook is a loaf giver". It is hard to think of things to cook in the summer time so each week here is a new idea for you.

Hint: A little orange or lemon rind goes well a-top some cream soups.

Add 1 tbs. sweet pickle relish to 1/2 cup French dressing. Good with avocado salad.

Do You Know That?

They tried out the new fire engine on the Sunda Tennis Villa Camp fire this last week.

Around the Bowl!

Petunias, poppies, snapdragons and geraniums are blooming in boxes and the gardens are peeking through. It is gratifying to paint your whole house with real flowers in the summer time. It is a delightful thing to collect baskets and vases to put flower arrangements

In I'll bet you have many cans and bottles outside your door that you could put flowers in. Flowers in the house give everyone a lift.

Say if any of you Senior citizens want to go to Alamo, there is a van that goes this Friday, from Carrizozo. The Box number is 519, if you want to drop them a card.

Just in case you want a special little house plant, try the Shrimp Plant it is really delicate and lovely. It grows in bright indirect light in 50 to 40 F. and the soil may dry out between waterings - you will love it.

Sunda Tennis Camp is closed until July 9 when the second session starts. Sunda wants to congratulate Norma Banning and Charlene Brown on doing an excellent job of cooking, not to mention their sunny faces.
