Rainbow Q.H. Futurity On Tap For Thursday

RUIDOSO DOWNS, N.M. -Nineteen elimination trials for the upcoming \$450,000 (est.) Rainbow Quarter Horse Futurity, are on Tap Thursday at Ruidoso Downs.

A similar 19-race program is booked for Friday. Starting time each day is 11:30 a.m.

Racing Secretary Tom Dawson reports a qualifying format for the Rainbow Futurity will be in effect. The top two finishers from each trial will advance into the final consolation round on Friday, July 14.

The July 14 round will hook up the 76 finalists in eight heats, and those chalking up the 10 fastest times will make the regionally-televised grand finale on Sunday, July 30. Those with the second 10 fastest clockings will go in the consolation booked for July 29.

In Thursday's opening stanza, the spotlight figures to be on Gentlemens Feature, the brilliant filly owned by Gerald and Darlene Blue of Amarillo. The filly drew into the 11th race and will break from the No.8 post.

Last time out, Gentlemens Feature pretty well shocked the quarter horse establishment by driving to a nose victory in the finals of the \$499,000 Kansas Futurity. Overlooked by the betting public, Gentlemens Feature carried odds of better than 20-1. Her share of the purse was \$164,502.

The filly's only other win came on May 18 with a cruising 1 1/2-length score in the Kansas trials.

Oh Jet Van, another surprise performer in the Kansas Futurity, will go in Thursday's 13th heat. Keith Assmussen will be up. In the Kansas, Oh Jet Van raced as a 42-1 outsider and finished in a deadheat for second. The runnerup slot was worth \$50,388.

Song Of My Heart, who took fourth in the Kansas Futurity as a 30-1 shot, will go in the eighth race. Jerry Burgess will be in the saddle.

Vespero, an extremely impressive gelding, looks like the one to watch in the second race. Vespero won three straight races, earned \$15,885, and shipped to Ruidoso in May for the Kansas Futurity trials. The fans made him a 6-5 favorite and he sped to a 2 1/4 length win in blazing time, but the stewards took his number for causing interference.

Saturday's program will revert to the regular 1:30 p.m. On Sunday action gets going at 1 p.m. and spotlights the \$7,500-added Peter Hurd Handicap at six furlongs. The duel is limited to three-year-olds.

MY TIME

by Mike Swickard

Are they tougher than gravel?

Publisher Mike shows that gravel is tougher than jeans, the score is,

Gravel...1 Swickard...0.

I went to the meeting in Ruidoso recently that discussed the question of how to keep Outlaw motorcycle gangs out of Lincoln County. There seemed to be just two ideas come out of meeting, one that the law enforcement agency's hands are tied due to supreme court rulings and congressional acts of the last ten years, and two, "lets just go ahead and violate the law, since the law is to protect the "honest citizen" so that means if any of those so-and-so motorcycle riders up here, lets just blow them to smithereens with citizen rifles."

If the citizens of Lincoln County really do not want these people in the area, a positive method must be used to repulse the cyclists. You are feeding their egos if you say, "Step over this line if you are man enough". You are also feeding their egos if you buy them beer with county money because they have scared us.

I came up with a positive idea as to making Lincoln County undesirable to the bikers, but not the rest of the people. You will notice the picture contained in this column. It is the Publisher of the Lincoln County News astride his favorite motorcycle with his favorite blue jeans on. You will also notice that said blue jeans have a patch on the left knee. Now what most motorcycle riders like the least is not rain, or sleet, or hail, it is plain old gravel. It, the gravel, causes something called "Gravel Rash", a rash that forms on the skin upon vigorous contact with gravel. The knee under the patch in the picture has the scars from an episode of dumping the bike on gravel, not to be confused with having fun.

If you really don't want the Outlaws to ride their bikes up to the Nogal

campsite, gravel the road real well, the extended front wheel of the choppers make riding in general a chore, and riding in gravel impossible, but cars go through with little difficulty.

You eliminate the need of the National Guard to handle the situation, no-one gets killed, you don't even made the Channel 4 news.

In the same vein, how do you stop the Banditos from driving into Lincoln County from parts unknown? Well, the answer is tied up in another one of those biker's observations. When the State Highway Department put that small and sharp "chip" gravel on the road from Carrizozo to Capitan, I rode the area that had been gravelled only once. The little chips flew up, and even though I had a front windshield and helmet on, those sharp little pieces of rock almost beat me to death. The chips were too small to break windshields, but they left lasting indentations on my face and my mind. If you were to chip gravel from Bingham to Roswell and Corona to Alamogordo, those bikers that ride with no front windshield, no helmet, and no shirt most of the time would never even come back to New Mexico. Again no violation of civil rights.

These bikers are very brave in groups of a hundred, but they have to face the gravel alone, one on one.

This may not be the answer, but I can not condone the chance of a lasting scar upon Lincoln County by having a shoot-out or making the National news by having a confrontation.

This is the passive resistance in it's pure form that we have heard liberals talk about, there isn't anybody standing around, no-one to confront, I believe it is worth thinking about.

HOOFBEATS

BY KAREN HALLORAN

SOCIETY SISTER (Cherokee Arrow-Royal Depth), who changed hands in last year's All-American Yearling Sale for the princely sum of \$42,000, gave every indication of being worth the investment in Friday's third race. The filly, now owned by Sam Rankin, Rodney Verret and Roger Fagan of Lafayette, La., cleared a maiden field by 3/4 lengths in her first career start. But she'll tackle a much tougher crew this week in a division of the Rainbow Futurity trials.

BAR ROUILA, winner of last year's World's Championship Classic and Three Bars Handicap at Ruidoso, made his seasonal debut in Friday's 10th race and displayed his usual flare. The four-year-old went off as an odds-on favorite in the allowance bout, broke tardily, but then made up plenty of ground to win by a head.

GUILDED JEWEL (\$2,20-1), a product of impressive breeding, made her first career start in Friday's fourth race and lost no time in taking control of the four-furlong test to win by 3/4 lengths. Owned and bred by Sam Henderson of Odessa, Texas, the youngster is sired by Riva Ridge, the 1972 Kentucky Derby-winner.

ROGER THE DODGER took second behind Guided Jewel in his first start and he also claims notable kinship. His daddy is 1968 Kentucky Derby-winner, Proud Clarion, was represented by, offspring Proud Clarionette in Saturday's sixth race. The filly finished second in allowance company.

THE HIGHEST SEASONAL PAYOFF for the Daily Double turned up on Friday when successful players redeemed tickets worth \$484.60. They had to match Fly Juli (no. 7) a 16-1 shot in a maiden quarter horse field, with Pantera Roja (no. 1) at 6-1 odds who battled maiden thoroughbreds.

SOME HIGH-PRICE CLAIMING ACTIVITY turned up during the weekend. Who's Leader went to John and John R. Graham on Friday for a sum of \$6,250, while Rushing Silver was purchased by W.L. and Florence Gilliam on Monday for huge \$8,000 price.

HURRY PERRY (\$20.40) didn't get much mutual support in Monday's first race, and got off at 10-1 odds. But the colt soon fought off other \$3,500 claimers in the 400-yard test and came through for a length victory. It could be the expertise of trainer Barbara Maas that brought about the triumph. She's the lady who trained The First Edition for his notable victories in the West Texas and Sun Country Futurities at Sunland Park.

IN STEWARD'S RULINGS: Trainer Gordon R. Howell took a \$25 bite for being late to the paddock for the 11th race, Sunday, June 25. Jockey Eddie Vallejos was fined \$50 for being involved in an altercation in the Grandstand, Saturday, June 17.

JOCKEY CARLOS RIVAS was suspended from June 26 through July 9 for rough riding during the running of the 1st race, Sunday, June 25, causing interference to the inside horse while aboard Alzeener.

OTHER RULINGS: Trainer Charles W. Harper and Trainer J. Doyal Roberts were fined \$25 each for entering an ineligible horse. Trainer William A. Thompson and Trainer Jesse Valdez each took a \$50 bite for failing to conduct their business properly necessitating a late scratch.

Jockey Willie Lovell was fined \$50 for failure to control his mount, Elders Luck, during the 12th race, Friday, June 30. Jockey Salustio Burgos was suspended July 6 through July 8 for careless riding causing interference while astride Double B Express during the 6th race, Sunday, July 2.

The Drake Wins Feature At Ruidoso

RUIDOSO DOWNS, N.M.—The Drake, a heavy 3-5 favorite ridden by Gilbert Villegas, toyed with his opponents before running off to 3/4-length victory in Friday's feature offering at Ruidoso Downs.

The colt broke alertly in the six-furlong dash, took command down the backstretch, then pulled out the stopper in the stretch.

Freeman M. tried to challenge The Drake in the upper stretch, but was plainly overmatched and slumped behind. The Drake is owned by J. D. Childers of Borger, Texas.

The winning time, on a heavy track, was 1:16 4-5 seconds. The payoffs: \$3.20, \$2.20, \$2.20. Freeman M. held on well enough to take second, refunding \$2.20 and \$2.20. Chili Pepper Pie bagged third for a \$2.20 return.

Letter To The Editor

Dear Editor:

Where is the chief law enforcement officer of Lincoln County on this 2nd biggest holiday of the year for Lincoln County, and the biggest holiday of the year for Capitan? It is my understanding that he is taking an untimely vacation in Colorado or is he discreetly shirking duty as chief law enforcement officer of the county.

Are the taxpaying citizens of Lincoln County aware that there is no sheriff or undersheriff available during this potentially critical holiday and that operations of the sheriff's department are being run by the judgement of each individual deputy?

Are the taxpayers aware that Sheriff Elliott is seemingly doing what he does best - avoiding any problems or confrontations which might arise in the line of duty or might not be politically advantageous?

I find it almost unbelievable that Sheriff Elliott would make himself unavailable on a holiday weekend of this magnitude in light of the past occurrences on major holidays. Will he be conveniently on vacation, in the hospital or out of town on Labor Day weekend if and when outlaw motorcycle gangs or other unfortunate circumstances besiege us?

I sincerely hope your readers will consider the credibility of the above as one citizen to another not as a political slam from one candidate to another.

Mr. and Mrs. Willie Gomez of Glencoe and their nine children are back from a 2 1/2 week vacation to the East where they visited their other three-married-children - Airman and Mrs. William (Wally) Gomez, Jr., stationed at Grissom Air Force Base in Indiana; Patrick and his wife, Louise and their two children of Bluffton, Ind. where he is employed; and Belinda Gutierrez and her husband, Robert and their two children of Junction City, Kansas, where Robert is stationed with the Army.

Traveling through six states was very educational and really lots of fun for the family. They saw many places of interest, including Lincoln's home in Springfield, Ill., with a tour through home and museum. They saw what it is like in the big city as they went through St. Louis, Missouri. They saw the mighty St. Louis Missouri Gateway Arch. At 630 feet this is the tallest National Monument, symbolizing St. Louis' historic position as the Gateway to the West.

In Colorado Springs they toured the Wax Museum (Hall of Presidents), Car Museum and the beautiful church of the Divine Redeemer. Mrs. Gomez has a collection of plates from different states. With this trip she was able to add quite a bit to her collection with six additional (state) plates. Some day she hopes to have them all. Who knows? With 12 children - three married and nine growing up - it's possible. Her children have helped her with her collection.

Mr. Gomez is employed by Civil Service at Holloman Air Force Base and Mrs. Gomez is a secretary at the Hondo Schools.

Miss Judith Ortiz, daughter of Mr. and Mrs. Joe Ortiz, returned from a two week stay in Los Lunas with Mr. and Mrs. Frank Vega and family.

Mr. and Mrs. Frank Sheehan and children, Kelly, Kevin and Billy were here from Anchorage, Alaska to attend the alumni 'dolings'. Mrs. Sheehan is the former Beatrice Najar, (Class of '58), daughter of Mr. and Mrs. Refugio Najar. The Sheehans were on their way to Edwards Air Force Base in Southern California, where they will now be stationed after a three year tour in Alaska.

Marcos and Liz Barela, former residents, are the parents of a baby boy born on June 19 in Jasper, Texas. The baby, Marcos Ray III, who weighed 7 lbs. 9 oz., has an older sister, Jessica. Sister Gail Stackpole and Nena Ortiz returned from a weeks travel to California. There they visited with Nena's brothers (and mine) and their families, Mr. and Mrs. Fred Sanchez, Mr. and Mrs. Frank Sanchez and Mr. and Mrs. David Sanchez. While in the area, Sister and Nena stopped in Chula Vista and visited with Mr. and Mrs. Richard Chavez. Richard is son of Juanita Chavez, his wife is the daughter of Mrs. E. Bello.

Mr. and Mrs. Paul Payton recently returned from a long vacation in Ellsworth, Kansas. They had a very enjoyable time. Kathleen and Marian O'Donnell, sisters of Mrs. Paul Payton returned with them.

Mr. and Mrs. Ernie Archuleta were at the Alumni dance at the Country Club on June 24. He is the son of Mr. and Mrs. Florencio Archuleta. Ernie looked very distinguished in his Marine uniform.

Santa Rita Parish held their pot luck supper on June 24. There was lots of delicious food, fun and games. People of all ages enjoyed the water balloon fights and face-to-face shaving cream confrontations. The parish is planning to have a pot luck supper every third Sunday of the month. Mark your calendar.

Saturday's Mass at Santa Rita will now be at 7:30 instead of 7:00 until further notice.

Alumni Notes: Among the alumni participating in the June 24-25 1978 festivities were 13 members of the graduating class of '53, who celebrated their 25th reunion. Special guests of the class were L.Z. Manfre and Larry Stockton, superintendent and principal respectively of Carrizozo in 1953.

Special events of the class included a class meeting, cocktail party and dinner followed by attendance at the annual alumni dance on Saturday night and the picnic on Sunday.

Henry Ward of Los Lunas, grandson of Mr. and Mrs. Roley Ward spent 2 weeks in Carrizozo with the Wards.

Mr. and Mrs. Roley Ward Jr. of Los Lunas and May Shurts were guests of the Wards during the alumni weekend. Mrs. Shurts, from Sherion Springs, Kansas is the mother of Mrs. R. Ward Jr.

Happy Birthday to Conrad Ortiz, Michael Ortiz July 7; Ysabel Hernandez, Red Eaker July 8; Lilah Cornelius July 11; Michael Baroz July 12. A special 'Happy Day' to my husband on his birthday, July 11.

George A. Sanchez, my brother will also be celebrating a birthday on July 11. How time flies, it seems only yesterday that he was in Carrizozo elementary school, counting on his fingers for his 'rithmetic. They now call that 'chisanbop', (finger calculation.) George is now a Math teacher in Las Cruces. Happy Birthday, George.

Alfred Lane and son Jeremy of Ruidoso visited his aunts and uncles, the Moores', Sherrills' and Margaret Lane. Also there recently for a few minutes were Mr. and Mrs. Wesley Lane of Cloudercroft. They were on way to Montana to visit with their sons, Warren and Walter Lane.

Excuse my Amurrican English, you all. I is jest a housewife what don't know my grammar rules. While in high school I thought 'grammar' was a person who wore glasses and quilled. Hemphill family for 10 days.

Lucio Vidaurri of Whittier, Calif. (Class of '38), left Carrizozo on Monday following the class reunion get-together of June 24-25. We have and are having such very hot weather. This is the worst I have lived to see in my 48 years here, day and night. This Tuesday afternoon June 27 clouds gathered with strong lightning. Lots of wind ahead of a light shower, very light but it cooled the atmosphere. Thunder is rumbling all around us and it looks as if there could be good showers in the area near. It certainly did feel good. Though the little drops have faded in the sunshine. This is pleasing. One-half of rain fell gently thru the night.

Smokey Bear visitors are coming by daily in crowds. Just imagine 5264 visitors to this date this month. Last Thursday, 37 students from Dexter Summer School enjoyed the tour. Sunday 47 young people from Bitter Lake YCC Camp of Roswell seemed happy to have had the tour. Our total of visitors for this year is 15,346.

The Capitan Junior Riding Club held their play day June 25th at the Fair Grounds. There were 14 participants. High point winners were: 8 years and under, Kerry Clementskay - 20 point, Marcia Hefker - 23 points; 9 years thru 12, Dean Scheer - 24 points, Melody Hefker - 16 points; 13 years and over, Andy Willingham - 23 points, Sandra LaCy - 21 points.

The First Baptist Church of Capitan held a nice parade last Saturday June 24 advertising their Bible School June 28 thru 30.

The Nazarene Pastor will preach his last sermon July 2. Then he, his wife, and three children will leave for Kansas City where he will continue his education in the seminary. He was loved here and will be greatly missed. They have held their services at the church at the Nazarene Camp at Angus.

Lorene Caywood won top honors at State Extension Homemakers Cultural Arts Exhibit, held in Las Cruces June 11-13.

To be eligible to enter in the State competition, she first received two first place ribbons and one second place ribbon on her paintings at the Lincoln County Cultural Art Exhibit and then went on to the District competition, winning the same awards before entering the State Competition, which she won the best of Show ribbon on her painting of the Belen Church, a first place ribbon on a wagon, and second place ribbon on a pheasant and plow.

Mrs. Caywood and her husband Larry, owner of Larry's Equip., moved here to Capitan January of this year.

Tommy and Butch Allen and their two sons are nearly ready for business. Their beautiful modern and carpeted Western Wear Store will open July 1. It is near their Automatic Laundry. The street in front is heavily graveled and really is in grand condition.

Johnnie Neilsons new board fence is very pretty. This will give she and her lovely family privacy, as their lovely home is in back of the business. Her business is a great addition to Capitan. An icecream parlor, which we do enjoy. Health foods and all. She has done a great job and we do appreciate her and all of her efforts and foresight for our Capitan; a great place to live and enjoy daily.

John West has remodeled his home. New stucco as well and it is looking better every day he works. It is worth all of your efforts. It is nice.

Chuck and Pattie Woodell moved into their home on West Third Street this last week. They did sell their beautiful trailer home and gave possession Monday June 26 and it has been moved. Their home was not quite ready but they will enjoy doing things together to get it the way they want it. Lots of happiness dear ones and many years together in your home. They purchased the Travis Werner property some time ago. They do have a nice home.

Mr. and Mrs. Roy Horton spent five days in their home in Mesa, Arizona and brought their son home with them and he is employed at the Alpha Mineral Mine.

Cecilia and baby Johnson of Alpine, Arizona came to Capitan via their car and spent twelve days with her mother Lucy Padilla.

Mr. and Mrs. Curtis Payne are rock vanearing their nice home. They work together in the evening and holidays and it is getting far along and does look nice.

Monica and Michelle Lightfoot of Roswell spent one week with their grandparents Bud and Dorothy Payne of Carrizozo.

Mr. and Mrs. Curtis Payne made a business trip to Las Cruces and El Paso June 26 and 28.

Mr. and Mrs. Keith Page guests were their children Mr. and Mrs. Randy Page and Wendy of Girard, Kansas and Vickie Whitacre of Pamona, Kansas June 18 thru 25.

The Pages' new home construction was started four weeks ago and they hope to complete it in September. They have been living in their trailer home until this home is finished.

Sixteen year old Diane Lucas formerly of Capitan now of Carlsbad entered the Highland Hospital in Lubbock, Texas Tuesday the 17th for back surgery Friday morning. She will have to be in the hospital 11 days flat on her back and then home four weeks in the same position. She is a Junior and will not be able to be in physical activity for one year. I do wish you the very best recovery.

Guests of Ethel Merrell are her sons Maj. and Mrs. Eugene Merrell who recently retired from the Air Force and his brother Mr. and Mrs. Bill Merrell of Las Cruces.

Mr. and Mrs. L.G. Worsham and grandson Robby of Pecos, Texas spent a few days with Bessie Jones. While here they picked some good New Mexico cherries.

Melissa Coffman was released from the Ruidoso Hospital Sunday June 25 after several days with a back injury.

Mr. and Mrs. Hicks of East Texas and Mr. and Mrs. L.G. Worsham of Pecos, Texas spent last Saturday with Bessie Jones.

Happy Wedding Anniversary to these beautiful people and certainly many more for all of their futures are my deepest wishes: Slim and Muellel Muse, June 22 it was their 23rd; Tommy and Kaye Reynolds, June 22 their fourth; Ed and Cheryl Smith, June 23 their fifth; Pappy and Lois Coons, June 30 their fourth.

Mrs. Rench and Shannon Brazel were guests Thursday June 22 honoring all of the above, with a delicious barbeque dinner in the evening at the beautiful Mountain home of Mr. and Mrs. Muse. It was such a happy occasion which I did enjoy.

Margaret Linda Trujillo of Capitan and Gary Thomas Trujillo of Toas were united in marriage at the Catholic Church by Father Joe Sys, Saturday June 24 at 11 a.m.

The reception was held at the Fair Building with a large crowd attending. The couple left on two weeks honeymoon. Both received their B.A. degree at Highlands University, in La Vegas, N.M. June 3rd. They are going to return this Fall for their Masters. He is specializing in Math and she in Special Education.

He is the son of Mr. and Mrs. Felipe Trujillo of Toas. She is the daughter of Mr. and Mrs. Marguerito Trujillo of Capitan.

I do wish this couple many years of joy and happiness together thru their future.

Mother Cat Adopts Baby Rabbit

While on a Fathers Day picnic, Olin and Glenda Booker found 3 just born rabbits. The Bookers decided to take the rabbits home with them as they had a cat which had just had 4 kittens herself. They hoped the cat might adopt the small baby rabbits. They rubbed the kittens on the rabbits and the cat was unable to distinguish the difference in smell. The Bookers gave one of the babies away & another died but one is still being nursed by the siamese cat. The Bookers children named the pet rabbit Hungry Jack. Hungry Jack has adopted to domestic

life very well. These wild rabbits are born quite differently than a domestic rabbit, their eyes are open and they are fully furred and also have teeth and are able to eat solid food. The Bookers intend to keep the adopted animal and raise it as a pet. At this time it is very healthy.

Another interesting part of this story is that the cat that fattened the kittens was part or full manx. So the kittens have different size tails 2 have no tails, 1 has half a tail and 1 has full tail. The Bookers have quite a collection.

Getting off is "shore" faster than getting on.

Employer's Deadline To Report Quarterly Federal Tax Return Near

Employers must report on Form 941 Social Security and withheld Federal income taxes for the second quarter of 1978 by Monday, July 31. If the quarterly liability (reduced by any deposit during the quarter) is \$200 or more, the unpaid balance must be deposited.

Persons who have deposited the entire quarterly tax liability in a Federal Reserve Bank or approved

commercial bank have until August 10 to file Form 941, "Employer's Quarterly Federal Tax Return," the Internal Revenue Service said.

Employers should use the pre-addressed Forms 941 mailed to them by the IRS or obtain copies of the form from the nearest IRS office.

IRS Publication 15, "Circular E - Employer's Tax Guide," provides more information.

Employers Required To Provide W-2 Forms

The requirement that employers provide copies of Form W-2, Wage and Tax Statement, to employees within 30 days after payment of final wages when employment is terminated has been suspended temporarily, the Internal Revenue Service today announced.

The IRS said it took this action because the printing of the 1978 W-2 Forms had been delayed. Publication of the Revenue Procedure covering privately printed substitute Forms W-2 for 1978 also will be delayed.

The IRS will announce when Forms W-2 must be furnished to former employees and when the Revenue Procedure is available.

This suspension does not apply to

departing aliens. A limited supply of 1978 Forms W-2 are available at local internal Revenue Service Offices.

A Bowl of Activities

from Nogal - by Robie Burk

A hunk of marriage talk about life!

There is a lot of talk these days about the American Family dying out. The growing number of single parent families and the tendency of people to live alone is increasing. The fact is however - so cheer up - this is not necessarily true. The family structure is still on the survival list. People are getting married at a later age than they used to, but the majority of them do marry eventually. The overall picture of single parents are remarrying, because of the need for emotional ties.

There is also a trend that husbands are taking over many of the child-raising and household tasks formerly done by wives. This is a myth-although there have certainly been some major changes in some families, wives and mothers still carry the greatest share of the domestic load whether or not the wives have jobs and regardless of the number of children in the family.

Now here is a love note to your children!

How do I say I love you through the scoldings of clean up your room, pull up your socks (I love you) don't miss the bus.

How do I say I love you through the reminders of take your bath, brush your teeth (I love you), don't spill the juice.

How do I say I love you through the nightly rituals of put down your book, turn out the light (I love you) go to sleep.

How do I say I love you through the routine of daily living-like mind your manners-keep your heart and mind clean, also your name and your honor means more than anything-I only hope that you can hear between the lines (I love you). (Patricia Barley)

Robie's Box Send your jokes-thoughts-ideas to Robie (Lincoln County News) Hints!

Try making your child an activity bag to put under the car seat just in case your going on a long trip. Fill it with various items your child is interested in, books, pencils, cards, games etc.

From Mary A. For a safer neighborhood buy wind chimes for everyone in the neighborhood. It provides pretty tunes for all and it is very hard to get in anywhere without some one hearing what is happening.

When moving furniture on hard wood floors, slip a sock over each leg and slide it over. (DV)

Do you know? The lady in Nogal who is looking for a bonnet?

May Sharpe will be down - we hope after the wheat comes in.

The mining activities are speeding up around Nogal!

The two boys who went on a pack out this weekend from Nogal?

That Douglas Burkstaller will be home this week to help with the new project?

Around the Bowl.

A flash about our Molly - age 102. Mollie Bosh recently moved to the Betty Dare Nursing home in Alamogordo. She had been living with her son and his wife Mr. and Mrs. Marcus Lee for several months in Alamo. Mollie is in the room with Mrs. O.B. Shook who has been at Betty Dare for a couple of years. Louise Runnels visited the both of these ladies last week and found them and Mrs. Nichols of Carrizozo, who has also lived there for awhile having a real Pow-wow. Louise said that Mollie was the most active of the three, although she has a little trouble with her get along legs. She is doing fine-she misses her friends and her home in Nogal, but who still has a way with people and is adjusting to the new way of life.

These ladies are always happy to have visitors. If you are in Alamo, run out to the home and tell them hello! Mollie would love to see you. The home is located on N. Florida in Alamo. Thank you Louise for this interesting news about Mollie.

By Now, Robie til next week.

RUIDOSO DOWNS

JET DECK WINNER—Go Go Cookie, ridden by Jerry Nicodemus, dashed to a surprise win in Saturday's 440-yard Jet Deck Stakes at Ruidoso Downs.

Deck Stakes at Ruidoso Downs. The winner returned \$29.20 on a \$2 win ticket and earned \$4,320.

13-1 Outsider-- Go Go Cookie Upset Winner In Jet Deck Stakes

RUIDOSO DOWNS, N.M.—Go Go Cookie, a 13-1 outsider, made it look easy while upsetting her competition in Saturday's renewal of the Jet Deck Stakes at Ruidoso Downs.

The 2-1 ridden by Jerry Nicodemus out of the rail post, broke alertly in the 440-yard dash and was near the lead in the early going.

The 2-1 favorite, Loma Vista Man, also packed a lot of early zip and looked like a strong threat as he flashed over the first 100 yards. But at the mid-way point, he began to tire under his stiff load of 124 pounds and slumped into the pack.

Go Go Cookie, on the other hand, took charge with determination and poured it on at the end to win going away. The victory margin was one length. The winning time was 22.25 seconds.

Go Go Cookie is owned by the Smith Brothers of Kamay, Texas, who collected \$4,320 out of the \$7,200 gross purse. The tote returns: \$29.20, \$15.20, \$8.80.

Bid A Waye, a 17-1 longshot piloted by Salustio Burgos, made a strong move on the far outside and finished second. The mutual returns were \$18 and \$10. Cotton Pac 2, going after his eighth straight win, came in third as an 11-1 darkhorse. The show price was \$5.60.

Loma Vista Man crossed the wire in fourth place.

Val Nero Back and Racing

Val Nero, the hope of Lincoln County and Mrs. A.N. (Jackie) Spencer of Carrizozo, New Mexico, was back and running Sunday, July 2, 1978 in the 5th race, 400 yards for New Mexico bred Quarter Horses, 3 year olds and older at Ruidoso Downs, New Mexico.

Val Nero after winning the West Texas Futurity in 1977 at Sunland Park, New Mexico advanced to Ruidoso Downs, entered in the Kansas, the Rainbow and the All American.

Unfortunately he pulled a tendon in his hind leg in the Kansas Trials and had to be sent home from the track.

Jackie had him operated on. Sunday was his first out and the big question was "would he run freely with some his old power?"

Don Farris said after the race that he ran well but that he is not fully recovered from his operation. The hopes though are high.

Biffy Pass Wins Rainbow Derby-\$179,025

GOLD OF THE RAINBOW—Biffy Pass gets her picture taken in the Ruidoso Downs winner's circle after winning the Rainbow Quarter Horse Derby and earning \$179,025. The filly is owned by two brothers from Lufkin, Texas: Wayne Johnson (second from left) and Jim Johnson (center). At left is Wayne's wife, Joan; at far right, Trainer C. Ronnie Ferguson.

Pocket Coin Captures Futurity Prep Stakes

RUIDOSO DOWNS, N.M.—Pocket Coin continued his role of kingpin among Ruidoso Downs two-year-olds by easily winning Sunday's renewal of the Futurity Prep Stakes.

The classy colt, ridden by Charles Mueller in the top load of 122 pounds, broke quickly in the 3/4-furlong sprint and wasted no time taking control.

Light Pandango, a 5 1/2-1 outsider, tried to outrace Pocket Coin in the backstretch but was clearly no match. Pocket Coin moved into the clear, and was under no pressure when he swung into the turn.

In the upper stretch, Jockey Mueller had nothing to do but hold on. He hand-rode the people's choice down the straightaway and flashed under the wire with a growing four-length lead. The winning time was a brisk 1:06 3/5 seconds. (The track record is 1:05 1-5.)

Pocket Coin collected \$5,040 out of the \$8,400 gross purse, and the income swelled his career bankroll up near the \$80,000 level. He's won five out of six career starts. The valuable colt is owned by Melvin and Ernest Riggs of Ft. Stockton, Texas.

Easy Move, the 6-5 favorite, stuck with Real Easy Jet in the early portions of the 440-yard sprint. But the colt began to tire badly, and was all through at the midway point.

Next, Real Easy Jet had to fend off an assault from the onrushing 24-1 outsider, Honey Moon Sport. But Real Easy Jet had his head in front when he hit the ribbon. The colt collected \$17,085 for his owner, Walter Merrick of Sayre, Okla. The winning time was 22.02 seconds.

Honey Moon Sport got a paycheck of \$11,960. Madam President, a 28-1 darkhorse, sailed in third—only a neck behind Madam President. Easy Move faded to fourth.

Real Easy Jet returned \$4.80 to win, \$3.40 to place, \$2.80 to show. Honey Moon Sport was good for payoffs of \$12.60 and \$5.40. Madam President returned \$6.80.

Easy Kiss came in fifth, High Set took sixth, and Lucks Chic Gay brought up the rear.

Hot Idea and Town Policy, the first and second-place finishers in last summer's All American Futurity qualified for the Rainbow Consolation but defected. Nonetheless, each got a paycheck of \$2,301.

I attended the Con Vergence 1978 at Colorado State University last week. This was a four day workshop on Spinning and Weaving. There were 2,100 people attending from all over the world. They had makers of looms, spinning wheels and accessories on display. Exhibitors of wool from New Zealand and Australia as well as locally grown wools were available for purchase by spinners and weavers. There were rooms of yarns of all kinds available.

Throughout the workshop there was a wide variety of sessions to help the participant learn more about his area of emphasis. I attended several that pertained to fibers and their use along with sessions on weaving techniques and increasing spinning skills.

It was an enjoyable week as well as vacation. The people from New Zealand and Australia run about four sheep per acre and have more problems with disease than we do. They use kilos and hectares rather than pounds and acres. I talked with the Australian about the electric fence - they use it and feel that it helps them a great deal in reducing predator losses.

Times do change - there now is a National Colored Sheep Grower Association being formed to promote sheep with at least 35 percent of the fleece colored. The spinners and weavers prefer this wool as it does not need to be dyed and can be used as is.

Grasshoppers, flea beetles, blister

beetles: I have had requests from home gardeners on how to control these and other pests in the garden and around the home.

These insects build up quite rapidly and damage the garden quickly. You can use diazinon, Malathion or Sevin to control them. Leave a few weeds around the edge of the garden and spray these extra heavy. This will help control the bugs that move into the garden from other areas. No matter the insecticide used, be sure to read the label as to the amount to use and waiting period before you can eat the garden vegetables.

Santa Fe-When It's Crying Time Again: Accountants and businessmen Statewide have set up a howl over a little law change made by the lawmakers in 1977—a change that tacked that a hefty penalty on late filings of franchise tax and annual reports!

The reports filed with the State Corporation Commission and a deadline of March 15th is set for filings from profit corporations and March 1st for non-profit corporations.

In the past, the Corporation Commission has been faced with as many as 5,000 late filings and asked the lawmakers to add some collection muscle.

The lawmakers decided to impose a \$100 penalty for late filing for corporations and \$50 penalty for non-profit corporations— at the same time disallowing any waivers for late filing!

The new law took effect June 20th of last year and to date, the Corporation Commission has collected more than \$11,000 in late penalties.

The guys who are crying the loudest are accountants who do tax work for several cooperations. Some were not aware of the tax period and simply forgot to file the reports requested by the Corporation Commission.

In the past, they would have been penalized a small late filing fee—just a percentage of the \$10 fee that accompanies the report.

But, this go-round, they got slapped with the one hundred buck penalty and some accountants had failed to file for as many as five or six firms. That means the pencil-pushers have to eat five or six hundred bucks.

Our bet is that the law will be changed again next season.

Tax Relief: Fred Muniz, Cabinet Secretary for Taxation and Revenue,

says about 50,000 income tax returns with refunds were held up because they were in the "error-file"—the areas in most cases attributable to the taxpayer.

Surprising, Muniz says most of the errors made by those taxpayers were in the favor of the State! That means, even tho the returns may be held up a bit, when the returns are corrected, a great many taxpayers will be in for a pleasant surprise when they get their refund from the State!

A Hassle to Watch: More than any other State Capitol outlay project, the Legislative Finance Committee has kept its eagle eye on the proposed Indian Museum proposal—to be a part of the Museum of New Mexico.

One of the key issues is where the museum will be located. The Museum people feel the determination already has been made...that the new museum will be built on land adjacent to the existing Museum of New Mexico just off the historic Santa Fe plaza.

The State already has purchased property, but a lease option on the land has been exercised—causing additional concerns. Other persons want the new museum on vacant land miles from the present museum!

Our "birdies" say both Sen. Aubrey Dunn of Alamogordo and Rep. Eddie Lopez of Santa Fe are concerned about the location question and some legal strings attached to a related private grant.

Insiders expect the project will not accelerate until the project LFC green light. On the other hand, there are some legal beagles who say the powerful interim committee has no right to hold up the proposal.

Capitol wall-leasers recognize that he facts of legislative life are simple and they are betting the LFC will be the moving or delaying force.

And neighbor—that boils down to the Ol' Apple Picker and Lopez!

Prison Inflation: Some of the most attractive furniture in the State Government complexes has been "created" at the State Prison Industries.

The participating inmates are paid nominal wages for their superb work. Don't be surprised when the Criminal Justice Department seeks legislative authorization for higher wages for those in the Industries program.

The entire Prison Industries Act might be updated—but it's fairly certain the act will continue its prohibition against inmate competition with the private sector—despite what some citizens want (access to the prison furniture).

News Nose (part 2): This column first broke the story that the Governor's office would seek funds to correct some "muddy-smelly" problems at the Governor's mansion septic tank.

And sure enough, the State Board of Finance provided \$12,000 smackera to study ways to improve the executive sewer outlet.

Now our birdies say the governor's office will come back a second time to get Board money to attach the Governor's home sewer to the city sewer system. Estimates for that line attachment range from \$35,000 to \$50,000 bucks.

This badly needed work will take place during the Apodaca Administration—permitting the next Governor to start with a "clean state".

Double talk?: The government's proposed location of nuclear waste in the Carlsbad salt beds is becoming more confusing by the week.

Opponents feel the lines of communication on the nuclear dumb appear to be breaking and that resulting information upsets are leaving the average person bewildered.

The state people we talk to tell us firm decision has not been made on burial of hot waste in the salt bed area. The Washington types we chat with assure us that the State of New Mexico will have veto power over the "proposed project".

Then, Sandia labs are selected to study transportation of nuclear waste from specified military locations to the Carlsbad site. And the lab expresses confidence it will meet the "proposed opening date" of 1985.

Question: With the State Health and Environment Department negotiating to conduct its own impact study and the federal government beign pressed into one—why is there a proposed opening date. And are all the basics really complete? Or is this too a lack of communication.

This waste burial project is a "first-ever" type and every step of the way should be done openly, slowly, and with total documentation.

On this one, the people need to know why the engineers are planning as they are. And the people need to know why certain approaches are being disregarded.

Soda Pop Bureaucracy: Some government-bureaucracy tends to slow things down and in many cases delay them.

Such delay has not hit the Round House soft drink machine. A sign on the machine reads: "Don't open pop cans as soon as they come from the machine. Wait at least one minute!"

If the employees time the minute with their Mickey Mouse watches, they can truly term their complex Disneyland East!

Don't Say We Didn't Tell You: This column noted recently that President Carter's water policy statement left numerous unanswered questions about the rights of Indian citizens.

In case you missed it—Attorney William Veeder of Washington DC says Indian leaders must block Carter's attempt to repeal long-standing Indian water rights.

Veeder fears that Carter's plan could place a serious moratorium on needed reservation water projects nationwide. And mark-our-words—this story isn't over yet.....

High Levels Of Plague

SANTA FE—Very high levels of plague antibody have been detected in the blood of coyotes this spring, according to officials of the State Health and Environment Department.

The coyotes were captured in nine New Mexico counties by federal trappers performing routine predator control under the supervision of the U.S. Fish and Wildlife Service.

Blood samples tested by the national Center for Disease Control's Plague Branch—Laboratories at Fort Collins, Colo., confirmed recent plague activity in Socorro, Dona Ana, Lincoln, Guadalupe, Catron, Torrance, Otero, McKinley, and Sandoval counties. Plague positive rodents were found in Roosevelt and Lincoln counties by New Mexico HED's Environmental Improvement Division.

Antibody levels detected in the coyote blood indicate the animals were exposed to the plague bacteria less than 60 days prior to the samples being taken, according to the CDC.

Coyotes get plague from the bites of infected rodent fleas or by eating infected prey.

Coyotes are good indicators of how active plague is in an area because they quickly build up antibodies to combat the infection. By measuring levels of antibody in the coyote's system, CDC is able to determine approximately how old the infection is.

"The plague activity detected this year serves to remind the citizens of New Mexico that plague is ever present," said Garth Graves, manager of EID's insect and rodent control program.

One human case of plague has already been reported in the state this season. Most human cases occur during the period from June through September.

Graves said plague symptoms in humans include the sudden onset of high fever accompanied by chills and headache. Lymph glands in the groin, armpits and neck may become swollen and tender. Plague symptoms generally show up in two-to-six days following infection.

"Plague is curable with modern antibodies if properly diagnosed and treated soon after onset," Graves said.

He said the chance of a person getting plague is actually very low and can be decreased further by following these precautions: avoid contact with wild animals and their fleas; stay away from their burrows and nests; do not handle sick or dead animals; and dust with flea powder, at least weekly, any dogs or cats that may come into contact with wild rodents or rabbits.

"See your physician immediately about any illness involving a sudden onset of high fever," Graves said.
