Plane Crash At Zozo Airport

A four passenger, white and blue 1958 Piper model 24-250 crashed 1/2 mile south of the Carrizozo Airport runway at 2:45 a.m. August 10th.

Two couples, the pilot and owner James Atkinson and his wife Patricia along with Mr. Olan and Mrs. Frances Cody were on their way from Albuquerque to the Hobbs area, and had just refueled their plane.

Ben Morris, Manager of the Carrizozo Airport, refueled the plane, and also witnessed the crash. He stated that the plane took off on the main runway in a south western direction. The pilot, James Atkinson, of Eunice, N.M. got approximately 800 ft. off the ground when the airplane went into a left bank and never did pull out of the bank.

The plane hit on the left wing coming to rest 210 feet later.

Patricia Atkinson, miraculously survived the crash.

Crisis Center To Be Held

State Police Sargent Jack Johnson from Capitan stopped by the NEWS Tuesday to announce to the public that the Lincoln County Crisis Intervention meeting to discuss the progress of the grant and related details will be held at the Capitan Cafeteria at 7:30 p.m. Tuesday, August 22.

All interested persons are urged to attend.

Mr. Morris flew his helicopter to the scene of the crash and assisted Carrizozo Policeman Gordon Brown until the ambulance got there with Dr. Nelson, EMT Bill Miller, & EMT Hoot Gibson. Sheriff's Deputy Dan Watson was right behind and also assisted in the loading of the injured woman. Mrs. Atkinson was taken to Gerald Champion Hospital in Alamogordo in serious

but stable condition. She was moved Friday to a Lubbock Hospital still in serious condition, suffering from internal injuries.

The other three victims were pronounced dead on the scene by Dr. Nelson and EMT Bill Miller. Coroner Ray Clark arrived on the scene at 5:00 a.m.

State Policeman Dale Housely was

called at 3:30 a.m. and arrived at 3:40 to help with the investigation.

No cause for the crash has been determined, and Carrizozo was not on the flight plan filed by the pilot. The plane left Albuquerque shortly after midnight and landed at Carrizozo after 2:00. A wrist-watch was found at the scene of the crash and it had stopped at 2:45 and 1 seconds.

Herman Otero Resigns

Sparks Fly At Capitan Meeting

Capitan Town Councilman Herman Otero resigned from the Council by letter to Don Stark, Mayor of Capitan, Monday night. Mr. Otero's letter stated:

August 14, 1978

Capitan Village Council
Capitan, New Mexico

Dear council members:

Due to my personal business and shortness of help, I find I am unable to perform my duties on the city council effectively. Therefore, I submit my resignation, effective immediately.

I have enjoyed working with you on the council.

Sincerely,
Herman C. Otero

Sparks flew several times at problems within the town. Red Meador asked the council if it were true that George Sission was to replace Mike Points as assistant town marshal. Mr. Points is a CETA employee whose

funding is at an end. Mayor Stark, also the police commissioner stated that it was true, causing some consternation. Councilman Benny Coker stated that he was not aware of this and while not questioning Mr. Sission's qualifications, he wished that the job opening had been publicized. Mr. Meador also protested the hiring of a Ruidoso resident rather than a Capitan resident. The Council upheld Mayor Stark's decision with Councilmen Hall and Riska voting for and Coker against.

Water problems took up a lot of discussion with the Council deciding to meet in a special session about the water problems next Monday, August 21st. The public was urged by the Council to attend.

Bids on a new truck were read and discussion followed. Bids were from Sun Country Dodge, Sierra Blanca Motors, Norm Arnauld Plymouth-

Datsun, Horizon Ford, and Gene Brock Ford.

Valton Hall stated, "If the bids are close, we would be better off staying in the county with our money."

The Council felt, though that the bid of Horizon Ford in Roswell was clearly superior and accepted the bid.

J. G. Moore was awarded the contract for insurance by the town of Capitan, as they were the only bidders for the insurance. Their bid was simply a renewal of the insurance that they already are providing.

A tax increase for next July was set up by the Council. The increase from 3 and 3/4 to 4 and 1/4 will go into effect unless in the next 90 days citizens of Capitan Petition the town to have the question of the tax be on the November ballot.

The meeting adjourned earlier than usual even though there was a standing room only audience.

Smokey speaks from grave

Time For Action

Doris Cherry - Capitan

The Smokey Bear State Park is getting lots of attention these days. Recent articles concerning appropriation for the park coincided with Smokey settling several inches in his grave.

In a recent El Paso Times article, Capitan Mayor Don Stark stated the Southwestern New Mexico Economic Development District in Roswell was responsible for a \$300,000 grant from the Bureau of Outdoor Recreation for Phase II of the park. But in reply, Park Projector Bob Findling stated that the SENM Economic Development District only reviewed the proposed project and the grant involved.

The New Mexico State Parks & Recreation Commission aquisitioned all funds and grants for the project, including a \$100,000 Federal Grant from the Heritage Conservation and Recreation Service, formerly Bureau of Outdoor Recreation.

Findling said that Phase II of Smokey Bear Park was funded \$200,000 by the 1977 State Legislature and not until July 1978, beginning of the 1978 fiscal year, was the money appropriated. July 18 found Gerald Martin Contracting, of Albuquerque, the lowest bidder. Phase II of the Park includes building the visitor center at a cost of \$260,000, paving and curbing Station Street, irrigation and earth work.

Funding for Phase III of the Park will be brought before the 1978 State Legislature for approval early next year. This phase will include renovation of the train station, incorporation of the present Smokey Bear Museum and landscaping.

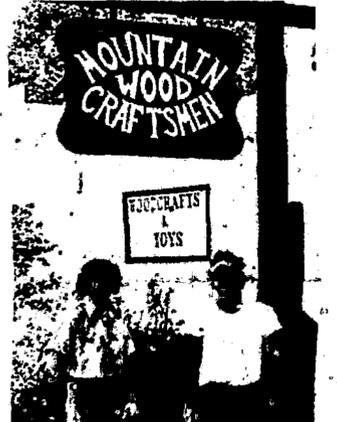

During a recent conference in Capitan, Findling stated that construction would be initiated Aug. 21 in Capitan. The conference was held in order to acquaint the contractor and project director with the physical layout of the park site.

Since 1976 when Phase I of Smokey Bear Park, including the rock perimeter wall and dumped earth, was completed, nothing has happened. "Money funded in the legislature is slow to be appropriated," Bob Findling

stated, "It's dependent on the arrival of the fiscal year in July." This leaves programs idle and locals complaining about "that so-called park".

Even Smokey, dead in his grave now for 1 1/2 years, seems to be saying it's time for action; his coffin sank several inches into the earth after heavy rains soaked Capitan last week. By the actions of a few locals and a visiting Boy Scout troupe did the rectangular depression get filled.

Now it is the State's turn to take action and the Citizens of Capitan say, "it's about time".

Kenny Parker, left and Doug Womack are owners of Mountain Wood Craftsmen. The shop will have its grand opening Saturday, August 19th and will feature as their special guest, Lorene Caywood. Mountain Wood craftsmen is an arts and crafts Guild located directly across from the Smokey Bear Museum in Capitan. They are open daily 10 to 5 and closed Monday. Mr. Parker specializes in stained glass work and Mr. Womack in wood jewelry boxes. Both do custom craft work and special order furniture building. They can be reached at 354-2620.

Football started Tuesday morning with 18 players out for the Carrizozo Grizzlies. Head Coach Henry Paul, center, works with each player.

Application For Airport Received

An application for 3,043 acres of land for an airport at Fort Stanton has been filed with the Bureau of Land Management. The land is part of the old Fort Stanton Military Reservation which has been managed by the BLM since 1956.

The airport would serve Ruidoso, Capitan, the Mescalero Indian Reservation and surrounding communities, and would replace the existing airport at Ruidoso.

New Mexico Governor Jerry Apodaca has endorsed the location of a new airport in the area and approval has been received from the Federal Aviation Administration. New Mexico State University has been using Fort Stanton for a long-term range management experiments under the provisions of a cooperative agreement. In 1976 the BLM conducted public hearings and involved the then existent state multiple-use advisory board on the airport issue at Fort Stanton. The board recommended "no airport".

The application filed June 28, 1978 is the first formal application to use the site. The BLM will hold public hearings and again sample public opinion before acting on the application.

MY TIME

by Mike Swickard

In the last week, the News has seen several projects in Lincoln County tied up with red tape from either Washington or Santa Fe.

Now the whole problem of Government subsidy can be likened to a coyote trap. You have the arms under some leaves and on the trip lever is something the victim can not resist. But, right after the lever is touched, much like Pandora's box, bad things start to happen. Every time anyone in Lincoln County takes some hand out from the government, bad things start to happen. Bureaucrats (usually Yankees) start coming around telling us how to run our business, interfering with our way of life, forcing their perceptions and values upon us, all of this while on the public payroll. Most of us have had occasion to talk with those people, and are aware that these people usually talk down to us, these people think they run our lives, because we had the misfortune to take a hand-out. All of these people cause the taxes to go up.

Now about taxes. Jack Kemp wrote a column for a service called Washington Dateline, and I will quote from his column since it says as I feel;

"If you tax something, you get less of it. If you subsidize something, you get more of it. Yet, in America today, we tax work, productivity, savings, investment and growth. And we subsidize welfare, consumption and debt.

Can there be any wonder, there fore, why we are getting less of what we tax and more of what we subsidize? You see this. You see it in your daily life and in those around you. You've gotten the message. Unfortunately, neither the Administration nor the majority leadership in Congress has. Inflation is increasing everyone's taxes daily, pushing people into higher tax brackets without any real increase in take-home income. That discourages workers and investors, employees and employers. Can there be any wonder why we have not recovered from the last recession?

The fundamental problem with our economy is exactly this: incentive is being taxed away. Taxes at all levels and in all forms now constitute 44 percent of national income. There is no end to them: income taxes, sales taxes, real property taxes, gasoline taxes, utility taxes, surtaxes, excise taxes, ad nauseum. And coupled with steeply graduated tax rates on individuals, our private enterprise economy's ability to create jobs and generate higher real incomes is being strangled.

This is the problem for businesses. Taxes are a cost of doing business. As taxes go up, so too must prices, and that

can cause a decline in sales or a slower pace in their growth, either of which means less profit and fewer jobs. This is the problem for wholesalers and retailers. Every dollar going to Uncle Sam and his nephews at the state and local level is one less dollar with which to expand plant or hire new employees.

This is the problem for workers. Not only do they have to pay more taxes themselves, but the companies for which they work. A sluggish economy means climbing the promotion ladder at a slower pace. That means less income for a new home, the children's education, or retirement. They know they work for higher after-tax income, not higher gross income. They know that it's after-tax income which govern their standard of living.

How bad has it been? Between 1967 and 1977, the average American family of four saw its gross income increase from \$8400 to 17,000. Not bad at first blush. But a closer examination proves my point. Taxes increased by 197 percent and consumer prices jumped by another 82 percent. The result? A 12 percent drop in real income. They're worse off, in real dollar terms, than they were 11 years ago."

"Mr. Kemp makes a point that is not lost on the people of Lincoln County. Everytime we go to the store, we get the point. Everytime some government worker, making twice what the average worker makes, passes use in their new government car, & we are still driving the second hand one of four years ago, we get the point.

Everytime some bleeding heart liberal politician mentions paying in the form of foreign aid to our recent enemies, the Viet-Nameese. I wish for one thing, I wish that just once, these politicians had to go out into the world and do an honest days work. Let them be a fry-cook, let them get on the power end of a mop for eight hours. Let them walk a mile in our shoes before they raise the taxes anymore, or subsidize the welfare system anymore.

And just as important we must rethink our needs and quit taking all of these hand-outs. It is great, just like a coyote trap, for the first few minutes, then the bad things start to happen. We must stand on our own feet individually and as a nation if we are to survive. As you are reading this column, the Washington and Santa Fe regulation mill is busy putting out rules for you to live by all because we wanted better roads and a nicer community. No one in the Western states wanted the 55 mph speed limit, but we would have lost Federal funds if we hadn't jumped when Washington said frog. The tail has firmly grasp the dog, and oh how that tail can make that dog wag.

Capitan

By Margaret Rench

An emergency fund has been started for the Dewey DeWeber family who were in an accident while on their way to Oregon on vacation. Send contribution to Jane Allred, P.O. Box 572, Capitan, NM 88316. and let this lovely family know we at home care. Four paintings have been donated by El Rincon De Pintura, for this fund. They have been placed at El Paisano Cafe, Ice Cream Parlor, the Beauty Shop and at Ft. Stanton.

Seventeen students from the El Rincon De Pintura Art Gallery went to Ruidoso to a demonstration at the Happy Hands Shop in Art. Mr. Garden did a landscape for the students. A lot was learned.

Recently Jane and Bill Allred had company from Montana. Bill Jr. and wife and two children were very taken by the New Mexico beauty and Mr. & Mrs. Ed Skokan and their daughter of Nebraska attended the rodeo and were very excited as it was their first. Three children went out for catch the calf. Oh, what fun they had in that scramble.

Capitan Catholic has a new Priest, Father Dave. You can meet him at the Prayer meeting at the Allred home every Monday evening starting at 7 p.m. All are welcome.

Kenneth Stone's grandmother, 82 year old, Tempie Raspberry passed away in Texas the last Monday in July. She was laid to rest there. Kenneth's mother is coming to Capitan to make her home.

Mr. & Mrs. Howard Wright spent last weekend in Carlsbad with her sister, Mr. & Mrs. Morris Lucas. Daine is progressing very nicely of which we are so pleased to learn.

Mona McEuen resigned as checker at Cummins last week and is at the present visiting her husband Corky at Ft. Sumner where is working on construction.

The Capitan Lions Little League Football Benefit Enchilada dinner supper was held at the School Cafeteria August 12, 5 - 7 p.m.

Construction will start on Smokey Bear State Park August 21.

The Lincoln Pageant too is over another year and such crowds, all seemed to enjoy themselves as the crowds were immense.

Then too the REA Annual meeting

was held at Cloudercroft was Saturday, the 5th., which I was unable to attend. That is the first time in many years that I did not attend. Always did enjoy it and that drive.

Mrs. Eva Leslie and son Robert and Bessie Leslie visited one day last week. Mrs. & Mrs. Terry Strickland, Rhonda Kay and Melinda attended the Strickland reunion in Lovington Friday thru Sunday. 51 attended.

Mr. & Mrs. Curtis Payne and family and his parents Mr. & Mrs. Bud Payne attended the races last Saturday.

Wednesday many citizens thru Capitan were without water, lasted 24 hrs. as city had to search for leaks.

There were three and perhaps more. That makes realize how powerful water is to us and certainly makes us appreciate it.

About 9 p.m. Wednesday night the fire alarm sounded. Someone calling for help of our rescue unit. Utah Maples had passed away.

People's Market Place Set

Carrizozo - This quiet western town that lies on a mountain plain between the Jicarilla and Sacramento Mountains in historic Lincoln County will bustle with an old fashioned kind of commerce Sunday.

The activity is centered around Spider Park, a downtown green, where the flavor and purpose of market weekend of the rural past will be recreated.

Every year the organizations in Carrizozo offer an opportunity to trade, sell, buy or just visit to the people in the area. It is called "The People's Market Place."

Individuals, groups, clubs, or churches are invited to bring their wares. Food booths, antiques, jewelry, art, crafts, garden produce are expected to be for sale or just for show. There are a limited number of booths provided at no cost by the County Agent, Ralph Dunlap. They are offered by reservation through the sponsoring organization, The Carrizozo Woman's Club.

Exhibitors may bring their own tables or display racks. There is no fee or charge of any kind, Sue Stearns, club president said.

Also expected are musicians and dancers who provide entertainment. Picnickers are welcome to bring their lunches or food will be sold at the park.

The People's Market Place was originally a Carrizozo Bicentennial event. It was so successful as a trade and social opportunity that it has been continued every year.

The market will open at 11 a.m. and stay open until 4 p.m. Information can be obtained at the Chamber of Commerce in Carrizozo (648-2555) or from Mary Spencer, 648-2875.

Letter To The Editor

Dear Editor:

I think the following letter would be of interest to the people of the area.

Dale

Officer Dale Housley
Carrizozo, NM 88301

Dear Officer Housley:

On July 11 you called on the highway department's Hot-Line with several concerns. I have been informed by our maintenance people that the problem with the weeds growing along the roads is one that they know of and are taking care of as fast as they can.

Your second question about rewards for informants in cases of vandalism took some time to run down. The highway commission has approved a policy that provides for rewards of up to \$100 for information leading to the conviction of those violating highway litter laws and up to \$250 for information leading to conviction of those vandalizing and stealing signs.

After checking with the department's legal office, budget office and finally with Chief Highway Administrator Fred O'Cheskey, I am able to tell you that there is some money available for such cash rewards. To date the department has not established a formal mechanism for any large scale reward program but on a limited scale in a local area such as yours, there may be a possibility of rewards such as you suggested. As I understand the department's policy if a citizen is able to demonstrate that he has provided information leading to a conviction, he can then apply to Mr. O'Cheskey for a reward.

I hope this information is helpful to you.

Sincerely,

Russ Wiegman
Public Affairs Officer
New Mexico State Highway Department

Trout To Travel Far

SANTA FE, N.M. - The trout you catch next summer in New Mexico may be better traveled than you are - there's a good chance it will have been flown, as an egg, all the way from Australia. The Game and Fish Department accepted delivery this week of 1.5 million rainbow trout eggs taken from spawning trout in Australia - one of the few sources of rainbow trout eggs this time of year.

Dick McCleskey, assistant chief of the Fisheries Division, explained that rainbows spawn in the spring and that U.S. supplies of fertilize eggs are usually exhausted by this time of year. However, it's early spring Down Under, and rainbows there are spawning.

The eggs are shipped by air freight and can, if kept moist and cold, remain viable for up to 72 hours.

He said the eggs are being hatched at the department's Seven Springs, Lisboa Springs, Glenwood and Red River hatcheries & will have grown to catchable size by next season.

Dear Editor:

Please forgive the tardiness of this letter. Though I am only one member of the Mobile Troupe I know I speak for us all. We are grateful and appreciative to the town of Carrizozo for the warm welcome and hospitality we received during our stay in your town. We have traveled all over New Mexico and nowhere did we feel more welcome and at home than in Carrizozo. The town truly lives up to the sign at the edge of town "Home of (?) friendly people. We'd like to extend special thanks to Sister Jan for all her help, Mary Rich and her family for a very pleasant time at her house after the show and Swickard Sr. for his warmth, cheer and song.

The people of Carrizozo have reason to be proud of their town. You all are an oasis of friendliness in a world where it has gone out of style. Thank you for sharing a part of you with us. We will not soon forget you.

Old Lincoln

by Hattie Phillips

Stanley Thomas of Albuquerque and Heidi Whittier were married July 22nd in the Lincoln Community Church. The ceremony was conducted by Rev. Bill Jomens, pastor of the Tinnie Baptist Church - and was a beautiful candle-lit service.

The bride's parents, Mr. and Mrs. Ron Whittier and her brother Ronnie were from California. Other out of town guests included Stanley's grandmother, Mrs. Good, his sisters Cathy Ford and family, Mr. & Mrs. John Thomas Jr. John - better known as Jack, was Stanley's best man.

Mrs. August Frazier of Dexter who was Mrs. Richard (Elissa) Phillips mother, passed away suddenly of an apparent heart attack at the home of her other daughter Elaine Kuykendall in Dexter on Tuesday and was interred at Memory Lawn in Roswell. Family and friends have suffered a great loss. She was a wonderful person, beloved by all who knew her.

The annual "Billy the Kid" pageant went on successfully with good attendance. The Pony Express Race and "Day in Old Lincoln" and the Arts and Crafts Fair were all enjoyed by large crowds also.

Those who worked so hard to accomplish all this are to be commended for a job well done.

We are pleased to have Mrs. Sue Graham and members of her family, spend a lot of time at her home in Lincoln, an old house rebuilt and added on to by the Walzers.

Little Thomas Shrecengost has been quite ill with a virus, causing pneumonia, but he is responding to treatment and is feeling much better.

W.G. Shrecengost, Sr., has received a promotion and has been transferred to Santa Fe, still working for the U.S. Forest Service.

Rathe Gibson is still unconscious in the hospital in El Paso - but the doctors are still hoping that in time he will gradually improve. We are praying for his recovery.

Mr. & Mrs. Bill Lumpkin of Santa Fe were here for the pageant weekend and also met with the zoning commission.

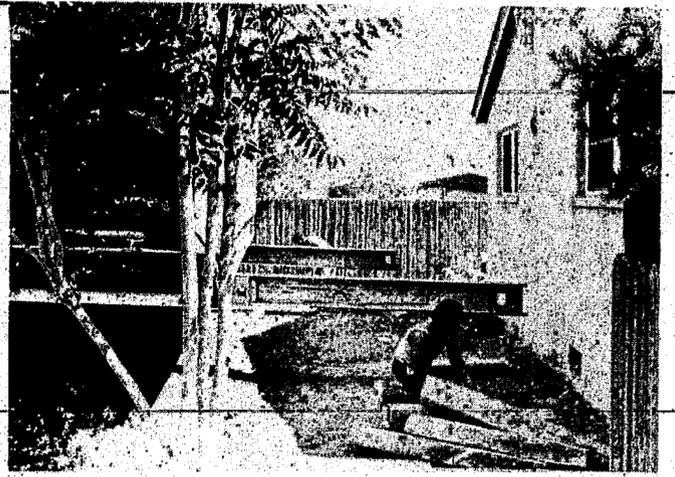

SCMRC&D To Meet In Alamogordo

The South Central Mountain RC&D Area is scheduled to meet in Alamogordo Tuesday, August 15th. The meeting will convene at 1:00 p.m. in the Brazilian Room at the Holiday Inn, according to Chairman E. R. Bagley.

Program Speaker Jim Abbott, supervisor of the Lincoln National Forest, will discuss the Forest Service's long range plans, the results of their recent readiness area report and evaluation, and will be happy to answer questions from the audience.

Harve Abercrombie, SCMRC&D Coordinator, will report on the progress of various RC&D measures.

Anyone wishing to submit a new project idea is urged to do so. The resource conservation and development movement is open to everyone. Mark your calendar and plan to attend this meeting and support it. For further information call 648-2941.

Remodeling starts at Carrizozo Clinic.

A Flash for teenagers about school!!! (and parents)

There is little doubt anymore that the 1960's on into the 1970's was a period of eroding academic standards in the nation's schools. Requirements were relaxed, courses once considered basic to a child's education began to appear on an ever expanding list of electives. The decline of standards went deeper and deeper, and electives were so many that children used them to hide behind. Rarely were students asked to act like adults in the school room, rarely were their any demands of any-kind on them. However, there are signs that schools are beginning to turn back to discipline and the basics of education and we in Carrizozo are fortunate enough to have a progressive administration that are not only interested in the basics, also in turning out a disciplined adult and in teaching them innovative programs, such as the new program that is coming up in the fall. The opportunities for young people in Carrizozo who want to learn are increasing and the administrative board is constantly alert to new educational demands for your child.

School starts next week and the children will start to a nice clean, freshly painted school. The elementary children have a new tile floor and each and every teacher is looking forward to a great new school year.

Cowbells Enjoy Covered Dish Luncheon - Aug. 3

The Canyon Cowbells met August 3rd. at the home of Betty Howell. Fourteen members enjoyed a backyard covered dish luncheon. Members present were: Doris Maxwell, Mary Ellen Payne, Betty Dean, Margaret Stearns, Knollene McDaniel, Bunt Richardson, Vernelle Hightower, Betty Howell, Suzanne Surratt, Joan Means, Aileen Lindamood, Hanna Barker, Linda Gibson, and Susan Hightower.

The order of business for the day was discussing plans for their booth at the Lincoln County Fair this year. The booth will be open Friday and Saturday, August 25th and 26th. The Cowbells will be selling beef burritos, doughnuts, and raffle tickets on a 15 pound boneless rolled roast. Other items will be available to purchase.

The Cowbells are planning a new back-drop for their booth at the fair. Members are asked to bring a 9"x9" piece of denim fabric with their name, initials & brand cut out of a different fabric to the Family Pharmacy before Monday, August 21st. Names, initials, and brands should be attached to the denim fabric.

Hoofbeats By Karen Halloran

Optimum Asset gave a hair-raising performance Saturday. The gelding, slated to go a mile route, had other ideas. The sophomore flipped the gate and beat a rapid path out the four-furlong chute opening and up the track entrance on the highway. Then he flashed across the road, despite the traffic, and into the hills on the other side. It took some doing, but the outriders finally rounded up the truant and returned him to the track. Neither horse nor rider was injured.

A dead-heat-for-place-turned-up-in the heavily contested 12th race Wednesday at 870 yards. Nobody's Perfect, an 18-1 outsider, finally captured the victory. But only a neck behind were Broke Even 76 (13-1) and Southern Cause (9-5), inseparable at the wire. The place return on Broke Even 76 was \$5.20, while Southern Cause paid \$2.60. The win payoff was \$39.60.

Due to track conditions caused by heavy rains this week, most of the thoroughbred races Wednesday through Saturday were shortened to four furlongs. And despite the briefer distance, two candidates turned in blazing performances. Flashing Shadow (5-1) scheduled to go six furlongs in Saturday's seventh race cotraced the half-mile distance in a brisk 47 1-5 seconds. Royal Minds (14-1) was slated to go 5 1/4 furlongs, but equalled that 47 1-5 time in Saturday's 10th.

Pice Man captured the longest victory margin of the weekend and did it with an amazing come-from-behind rally on a sloppy track in Wednesday's fourth race. The gelding, a 2-1 favorite; distanced companions by eight lengths and chalked up his maiden win in the process.

Jockey Tommy Riley took a rough tumble in Sunday's fifth race but walked away from the incident uninjured. The rider was astride Easy Glance in a 400-yard dash, but the colt looked more suited to rodeo competition. The two-year-old broke alertly but then bucked down the majority of the stretch and Riley finally bailed off at the midway point. The fans, unimpressed, had let Easy Glance go off at 46-1.

Watch Country Boy, owned by Israel Flores of Houston, Texas, notched his first career win in Sunday's first race and did it with an incredible late rush. At the third call, the colt still lagged four lengths off the lead. But then he turned loose in powerful strides and nipped Eddie's Ambition, who led from the outset, by a nose at the wire. The return on Watch Country Boy was \$12.20.

The Nine came in back-to-back in Friday's first two races for a nine-nine daily double return. Those who latched onto Lisa Prisa (2-1) in the four-furlong first race and D Kaweah Sunrise (1-2)

in the second took home a payoff of \$10.60.

The biggest surprise to the fans turned up in Friday's 12th race when Spark's Plug (26-1 outsider) took the immediate lead in the 870-yard-test and held it to the wire with a half-length margin. The gelding was guided by Charles Mueller and returned \$55, \$16, and \$8.60. Bad Music, the 5-2 favorite, finished fourth.

Prissy Gold Digger, winner of last year's Kansas Futurity, looked in top condition in Wednesday's feature race when she jettied to a 400-yard victory with 1 1/4 lengths to spare. The sophomore filly boasts earnings of over \$188,000.

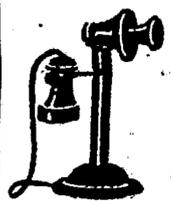

In Steward's Rulings: Jockey J. C. Wiley took a \$50 bite for misuse of the whip while astride Love Of Man after the fifth race on Sunday, Aug. 6. Jockey Jackie Martin took a three-day suspension (Aug. 11-13) for careless riding which caused his mount, Hear It Thunder, to be disqualified in Wednesday's fifth race. Trainer Billy Harper was fined \$50 for failing to bring the horse, Bring It On, to the paddock thus necessitating a late scratch.

I believe in FHA-HERO —

Angie Provine Makes FHA-HERO Work

The New Mexico Vocational Home Economics Teachers Association and the New Mexico State Department of Education selected Angelina Provine of Capitan as FHA-HERO (Future Homemakers of America and Home Economics Related Occupations) Advisor of the Year in New Mexico. For contributing to the advancement of quality in education through personal involvement in activities which create opportunities for New Mexico Home Economics teachers to expand their knowledge and skills for more productive and enjoyable lives for the students they teach.

Angie Provine holds a BS degree in Home Economics Education from Texas Technological University, Lubbock Texas, and has done graduate work at NMSU, MNU Western, and College of Artesia.

New Mexico became a chartered Association member of the National organization in January, 1946, eighth in the nation. In the fall of 1946, when schools were still affected by the decreased funding and interests of the war, Angie became Home Economics teacher at Capitan. Under her guidance, the newly merged FHA & New Homemakers of America held the first installation for their new chapter. They also were hosts of the first district meeting that fall.

Angie took every opportunity in the next three years to further the learning and growth of the girls under her leadership. Marriage, homemaking, and rearing two children curtailed her regular teaching for twenty years. However, she set up a homemaking department at Fort Stanton State Tuberculosis Hospital for youths, was 4-H and Cub Scout leader, Make-it-With-Wool Coordinator, and County Fair Department Supervisor.

In 1968 she returned to teach at Corona. A chapter had been affiliated but in its third year she sponsored their first installation, and involvement in a pertinent program of work. That spring the entire membership attended the state meeting in Ruidoso, had its first delegate to National Convention at Fort Collins, and the next year one to

New York.

Angie returned to teach at Capitan in 1969, and had a state officer and national delegate that year. Her enthusiastic innovations, experiments, and contemporary methods coupled with the fundamental tried and true basic procedures made the FHA program in Capitan not only a fun study but hub of most of the school activities for girls and a great part of community involvement.

Since her return to Capitan there have been three FHA state officers, three national delegates, and she went as advisor for the New Mexico delegation to Dallas. Her chapter has always had representatives at leadership camp, district and state meetings.

In Capitan's relatively small community, involvement in learning and money-making projects such as talent shows, breakfasts, teas, banquets, programs, including the Vocational Advisory Board and active observance of FHA work has resulted in the continued development of students in social and homemaking skills. The community had become well aware of the value of Home Economics in the lives of the students and the contribution they make to the community.

Outstanding speakers to Capitan chapter programs have been New Mexico Teacher of the Year and a Hollywood fashion model. The first item sent to "Teen Times" was published. Projects with elderly and mentally retarded have been conducted. Mrs. U.S. Savings Bond of 1970 had been a former member of the Capitan Chapter. An FHA member won New Mexico State Betty Crocker Award and she and Angie traveled to Washington, D.C. in 1970.

She is a member of: American Home Economics Association, American Vocational Association, Home Economics Education Association - NEA, National Education Association - NEA - New Mexico, Capitan Education Association, FHA-HERO, New Mexico Vocational Association, New Mexico Home Economics Association, Alpha Delta

Kappa, Capitan Women's Club, Sacred Heart Church.

The Historians' scrap book of Capitan FHA, compiled over the years, is read with avid interest by members as they say with pride, "This is us."

Believing that learning is a never-ending process not only for her students but for herself, Angie remembers that for her certification and curriculum development course in the summer of 1968 she wrote a term paper, "FHA - A part of Home Economics program and

the many changes in the program over the years."

Angie says, "I believe that FHA-HERO has much to offer - good conduct, skills, decision-making - with all combined to give members an opportunity to grow and develop into outstanding members as well as educational. I believe in doing different things day after day, and using all possible resources and techniques to help students become useful, happy, American Citizens."

Harrison Schmitt Reports:

Tax Reduction Now

Americans are asking for tax reductions and Congress must respond to that call. The recent passage of Proposition 13 in California has brought the taxpayers' revolt out of the realm of wishful thinking and into political reality. There are signs in several states that more actions along this line will be forthcoming.

Passage by the Arizona legislature of a constitutional amendment limiting tax revenues to 7 percent of personal income in the state. The measures will be on the November ballot.

Passage by the Delaware legislature of a bill to limit state spending to 98 percent of anticipated revenues.

Passage of a bill in the Massachusetts House to slash local property taxes by about \$1 billion by limiting assessments to 2.5 percent of fair market value. The legislature is expected to meet in joint session later this month to consider a spending cap amendment proposed earlier.

Endorsement by Maine's outgoing governor, James B. Longley, of a citizens' effort to introduce a tax limitation amendment in the state legislature next January.

A proposal by the chairman of the Minnesota Senate's Tax Committee to cut property taxes and raise sales taxes to cover the difference.

Qualified approval by Washington Governor Dixy Lee Ray of an initiative drive for a statute limiting state property tax increases to 6 percent a year. Washington in 1972 placed a constitutional ceiling on local property taxes.

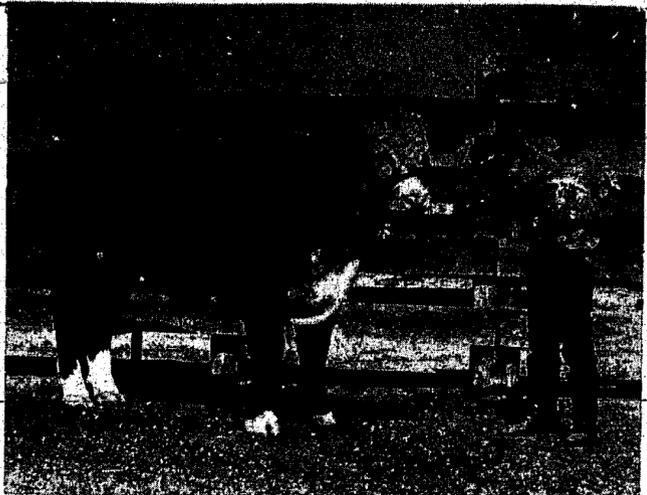

Consideration of a state spending limit scheduled next month by the Hawaii legislature.

On the national level, 24 state legislatures have passed resolutions calling for a constitutional convention to consider an amendment requiring a

balanced Federal budget. If 34 states pass such resolutions, Congress would have to convene a national convention to prepare one or more constitutional amendments. It is clear that we are faced with a national movement of major proportions.

In my view, the Roth-Kemp bill to reduce personal income taxes 30 percent over 3 years is an excellent initial response to the demand for tax reduction. Previous tax cuts of this nature have within months caused increased employment, increased business activity and increased Federal revenues.

It is clear that the most critical economic problems facing our nation domestically and internationally are government-created inflation, declining productivity, unemployment and overregulation of the economy. Further steps must be taken to create more responsible Federal fiscal policies.

Steve Copeland shows his Fair sale entry.

Employees Thank Employers

Carlos Beltran, Ruidoso ESD Office Director, Viola Fenter, Carrizozo ESD Interviewer, Dorothy Zamora and Annette Chavez, Summer Youth Program Student Aides, and Lincoln County Summer Youth Program participants wish to extend their thanks to their employers. The various worksites in Lincoln County helped improve work attitudes among the Summer Youth, expose them to various occupations and increase their employability while making it possible for them to stay in school. Worksites for Summer Youth participants in Lincoln County included: Corona Public

Schools, Village of Corona, Ft. Stanton Hospital, Hondo Schools, Carrizozo Municipal Schools, Lincoln County Courthouse, Town of Carrizozo Parks, Valley of Fires State Park, Zia Senior Citizens, Ruidoso Public Library, Ruidoso Chamber of Commerce, Village of Ruidoso Downs, Zia Therapy Center for Developmental Services, Carrizozo Golf Course, and Carrizozo Chamber of Commerce. All of the above named worksites provided work experience and on the job training for Summer Youth Program participants. To have been eligible for the Summer Youth Program, applicants must be 14 to 21 years of age at the time they apply, economically disadvantaged, and residents of the State of New Mexico.

Carrizozo Schools

Hot Lunch Program

Carrizozo Municipal Schools today announced its policy for free and reduced-price meals, and free milk for children unable to pay the full price of meals and milk served under the National School Lunch, and Special Milk Programs.

Local school officials have adopted the following family size and income criteria for determining eligibility:

FAMILY SIZE	FREE MEALS AND FREE MILK	REDUCED-PRICE MEALS
1	\$ 4,190	\$ 6,530
2	5,500	8,580
3	6,810	10,630
4	8,110	12,680
5	9,310	14,530
6	10,510	16,400
7	11,600	18,100
8	12,600	19,790
9	13,680	21,330
10	14,680	22,870
11	15,680	24,350
12	16,610	25,910

NOTE: For each additional family member, add 970 1,520

Children from families whose income is at or below the levels shown are eligible for free and reduced-price meals and free milk as applicable.

In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

If there is a change in family income due to reasons such as unemployment, or there is a change in family size, parents and guardians are urged to contact school officials. Such changes may qualify students for free or reduced price meals and free milk.

Application forms are being sent to all homes in a letter to parents. Additional copies are available in the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

To discourage the possibility of misrepresentation, the application forms contain a statement above the space for signature certifying that all information furnished in the application is true and correct. An additional statement is added to warn that the application is being made in connection with the receipt of federal funds, that school officials may, for cause, verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution under applicable state and federal criminal statutes.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

Under the provisions of the policy the principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official he may make a request either orally or in writing to J.C. Steinhilber, Superintendent of Schools; Box 99, Carrizozo, N.M. (648-2451) for a hearing to appeal the decision. The policy contains an outline of the hearing procedure.

Parental conferences may be called to verify information on applications prior to formal hearings.

Each school and the office of the Carrizozo Municipal Schools has a copy of the complete policy which may be reviewed by any interested party.

WOODBURNERS

When was the last time your chimney was clean?

The soot and creosote that accumulates in your chimney hangs there like a time bomb waiting for that chance spark to ignite it.

The chimney fire spews burning balls of fire out the chimney onto your roof and yard.

A small crack in your chimney due to settling or thermal shock is all a chimney fire needs to enter your home.

In a Fire Marshall's survey of 8 Northern states, 1 out of every 20 fires were the direct result of chimney fires.

A TRUE BELIEVER—Pierre The True streaks under the wire with a clear-cut lead in the \$11,175 Ruidoso Speed Handicap. Gary Sumpter is up.

Pierre The True (5-1) Outsider Captures Ruidoso Speed Handicap - \$6,705 Purse

RUIDOSO DOWNS, N.M.—Pierre The True shook off favored Al's Vest in Saturday's \$11,175 Ruidoso Speed Handicap and slugged out a strong 3/4-length victory.

The gelding, piloted by Gary Sumpter as a 5-1 outsider, zipped over the four-furlongs in an off-track clocking of 46 1-5 and collected \$6,705.

Credit Reference, another 5-1 outsider, delivered a powerful salvo in the final steps and took second. Al's Vest appeared to lose some pep under his stiff burden of 124 pounds and slumped to third.

It was pretty much a two-horse battle most of the way, with Al's Vest in a contending position on the rail, right

from the first jump. Pierre The True stuck right with him, then delivered the clincher about the mid-way point of the stretch.

Pierre The True is owned by Tully Prait of Brackville, Texas. The tote payoffs were \$12.80, \$5.40, \$3.40. Credit Reference refunded \$6.20 and \$3.80. Backers of Al's Vest collected \$3.20.

Central American Gelding 'Shining Era' Edges Out Bickel Ann In Friday Feature

RUIDOSO DOWNS, N.M.—Shining Era, a 3-1 shot ridden by Richard Bickel, hugged the rail all the way in Friday's sprint headliner at Ruidoso Downs.

The bay gelding broke with the first flight in the four-long sprint, stayed near the lead while swinging into the turn for home, then edged ahead in the stretch.

Bickel Ann put up a good fight throughout the stretch drive but missed overtaking shining Era by a neck. The winner, owned by Ofelia Castillo of El Salvador (Central America), covered the distance in an off-track clocking of 48 3-5 seconds. The payoffs: \$8.20, \$3.80 and \$2.80.

Bickel Ann refunded \$3.80 and \$2.80. What A Splash (\$3) took third.

As a result of a water-logged turf from heavy recent rains, each of the

thoroughbred races on Friday's card was run at four furlongs.

Capitan Schools Hot Lunch Program

Capitan Schools today announced its policy for free and reduced price meals, free milk for children unable to pay the full price of meals and milk served under the National School Lunch, Breakfast, and Special Milk Programs.

Local school officials have adopted the following family size and income criteria for determining eligibility:

FAMILY SIZE	FREE MEALS AND FREE MILK	REDUCED PRICE MEALS
1	\$6,530	\$4,190
2	8,580	5,500
3	10,630	6,810
4	12,680	8,110
5	14,730	9,310
6	16,780	10,510
7	18,830	11,660
8	19,790	12,690
9	21,330	13,680
10	22,370	14,660
11	24,390	15,640
12	25,910	16,610

NOTE: For each additional family member, add 1,520 970

Children from families whose income is at or below the levels shown are eligible for free or reduced price meals and free milk.

In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

If there is a change in family income due to reasons such as unemployment, or there is a change in family size, parents and guardians are urged to contact school officials. Such changes may qualify students for free or reduced price meals and free milk.

Application forms are being sent to all homes in a letter to parents. Additional copies are available to the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

To discourage the possibility of misrepresentation, the application forms contain a statement above the space for signature certifying that all information furnished in the application is true and correct. An additional statement is added to warn that the application is being made in connection with the receipt of federal funds, that school officials may, for cause, verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution under applicable state and federal criminal statutes.
