

LINCOLN County News

VOLUME 73, NUMBER 48

THURSDAY, NOVEMBER 29

CARRIZOZO, NEW MEXICO

ESTABLISHED IN 1905

To Meet with Dr. Becknell-

Cummins, Guck, Jungbluth Appointed by L.C. Commission

Hollis Cummins, Nancy Guck and Ed Jungbluth were appointed by the Lincoln County Commissioners to a citizens committee to meet with Dr. Becknell concerning Camp Sierra Blanca.

The three representing Capitan, Nogal and Ruidoso respectively will meet with Commissioner Chairman Cotton McKnight to discuss citizen feelings about the camp and to formulate some constructive criticisms.

Mrs. Guck first declined, citing too strong emotional feelings as being possible deterrents to the committee. Jungbluth assured her the committee would be short-lived, serving to meet with Dr. Becknell with their recommendations before the legislative session. He felt Mrs. Guck was valuable because of the information she has compiled.

Commissioner's Hightower and Hall approved the committee; McKnight absent from the meeting.

A bid of \$2514.20 for a Miller DC Arc Welding Generator was accepted from Barbee Welding, Roswell. Barbee was not the lowest bid. El Paso Welding being actual low bid. Due to a 5 percent State Preference cost and \$.50 cent a mile the bid was estimated to be more than Barbee in Roswell. \$4000 had been budgeted for the welder which will be used mainly by the County Road department.

Mary Ellen Payne and Barry Hurd reported on the 1978-79 activities of the county extension service; which includes adult and 4-H (youth)

programs. Ms. Payne explained the areas covered by her office: adult-youth, Home Economics and 4-H. There are over 250 persons involved in these programs within the county.

In the adult program there are Extension Clubs in each community. These clubs extend educational programs in Home Ec. Other adult programs Ms. Payne is involved are the Zia Senior Citizens, Adult Recreation Center in Ruidoso, also programs for other adult groups are available upon request.

Mrs. Payne has also produced television programs aired by KBIM Roswell and Educational stations at ENMU, and NMSU in Las Cruces. She is also responsible for answering phone and mail requests for Home Economic advice.

Community development has Ms. Payne working with Carrizozo Housing Rehabilitation and Recreation.

4-H is progressive with older members having a chance to become involved in New Mexico Legislative processes. Senior 4-H members are eligible to become paid pages for one week during the long session of the Legislature.

The ten year old program allows for junior members to visit the Legislature for a day during the short session.

Since 1970 Senior 4-Hers have had a chance to attend the Citizenship Washington Focus Week in

Washington D.C. There, activities in Congress are reviewed. Two-thirds of the expense of the workshop and other related costs are provided by the 4-H COUNCIL, opening this to any child regardless of financial background if they apply.

Barry Hurd related his difficulties of taking over after an agent has been here 25 years prior to his arrival. He has had to meet people.

With agriculture and 4-H Hurd has started in the orchards, finding the biggest problem in Lincoln County is insect control. Coddling moth and mites have bothered orchards for years. The early spring to feature pruning and orchard care.

Hurd reported on the Fur Care Clinic held in Capitan, stating 60 persons attended.

He also stated a big problem in Ruidoso was the care of evergreens. Bark beetles and disease often increase when no one is around day to day to stem the problems. He felt Ruidoso was a main area for insect control.

He relayed additional information about the 4-H program. Six county clubs have 180 4-H members. The number one priority now is to start 4-H in Ruidoso.

Hurd stated he met with 4-H members with market animals before the county fair.

"It is a terrific sale for such a small community," he said.

Hurd felt 4-H was one of the few youth organizations that represented the county.

"We're proud of the kids we work with," Ms. Payne said.

The Commissioners approved applying for 1979 Emergency Medical Services fund distribution. The request will be for \$24,000 but it is expected the figure will be about \$3,000.

The proposed Cedar Creek Survey will be conducted by the Forest Service at no cost. Paul Gordon informed the Commissioners an aerial survey was being conducted and will be available when completed.

A request that Lincoln County participate in the Complete County Committee program for the 1980 Census was tabled. The commissioners felt the committee would cost too much and would become too bureaucratic.

"It would create tremendous paper work," County Manager Truman Billingsley commented.

Cruz Sedillo, deputy director of the New Mexico Office of Military Affairs presented the commissioners a report on the Civil Emergency Preparedness Division. Formerly Civil Defense, the Division is concerned with natural disasters, terrorist acts, anything that disrupts the flow of the government entity.

The Division will provide a system to county government to deal with emergencies. Sedillo related a survey of hazardous materials on New Mexico's roads and rails. He felt Carrizozo was a high risk area for a hazardous material accident because it lies at a highway crossroad with a railroad going through town.

He stressed to the Commissioners that state agency is ready to assist in any emergency.

He briefly discussed radio active materials, citing the reason for Trinity site being closed is the dangerously high radiation levels. International crisis could present the threat of nuclear war or terrorist activities.

Sedillo presented three booklets concerning emergencies available from the N.M. Civil Emergency Preparedness Division: P.O. Box 4277, Santa Fe, N.M. 87501. These booklets are: In Time of Emergency, a citizens handbook on nuclear attack and natural disasters; Protection in the Nuclear Age; and Hazardous Materials on New Mexico's Roads and Rails.

(Con't. on P. 5)

"Bringing In The Sheaves"

My Time

by Michael Swickard

These people successfully completed a course in Economic Development sponsored by NMSU and the New Mexico Industrial Development Executives Association. The course was called "Bringing in the Sheaves." Left to right Harlan Westenberg, President N.M. Industrial Development Executive Association, Mary Ellen Payne, Scott Shafer, Rene Burton and Father Dave, Robert O. Coppedge, Course Director and Extension Economist.

The Iranian Crisis has brought about some interesting changes in American behavior. It seems most of the people in the U.S. want to go over to Iran and "Take on all comers". That is anyone that wants to fight with America, just come on.

And all that is keeping us out of the war with Iran is our own politicians.

Ten years ago, most people wanted out of Vietnam, but our politicians wanted us in.

The politicians seem to ignore the people most of the time.

What we Americans want, is to be left alone. And to be left alone, we must knock the stuffs out of anyone and everyone that infringes upon us. Then everyone will leave us alone. Backing off is no answer. MS

And furthermore, we Americans need to start believing in America more. Look at all of the foreign made cars and foreign made televisions.

A survey shows that cars and televisions made in Japan are cheaper in the U.S. than in Japan. It doesn't make sense until you realize, that the Japanese are trying to drive our manufacturers out of business. A television set costs a hundred dollars more one block from the Japanese factory than it does ten thousand miles away in New York.

Of course, as soon as our manufacturers go out of business, then watch what the prices do. MS

We have to discipline ourselves as well. If the law states that we shall not exceed the 55 mph speed limit, then put some teeth in the law and make it cost \$500 to go 56 mph. See how fast we all slow way down. And since drunks cause at least half of all the accidents, put an automatic one year in jail for first offenders and five years for second offenders of the DWI law.

I believe most people would not chance it: Incidentally that is what Germany did a few years ago. Their DWI's dropped from 27 per 1000 to .1 per 1000, and incredible savings of lives and property. But I can hear the liquor industry crying now, don't mess with them. If they drink, in the jail they go one year no matter what.

And if we were really tough, we would raise the driving age to 18. There is an incredible waste of gas everyday by high schoolers out "cruising". There was the estimate that in Albuquerque alone, high schoolers cruise an average of 130,000 hours a month in Albuquerque. This is a senseless waste of gas to occupy our young when what should occupy them is work.

In Lincoln County many of the young drivers cruising up and down the streets use gas that could be put to much better use.

But I am sure a lot of young people will yell because as one put it, "It is my right to drive".

No, it is not a right, it is a privilege.

Most of the problems that are facing Americans today could be solved if we just get tough. The answers are not easy, but we do have answers. MS

Site Uncertain for Next Meeting

It seems strange to receive a press release like this after the meeting in the picture. Becknell, with the plaid coat, on was assisted by Felix Rodriguez behind him and John Ramirez to his left. Bud Richards, the president of the State Correction Commission is shown between Becknell and Ramirez.

There will be a meeting next Monday at 7:00 p.m. in Capitan at a site as yet unchosen to talk about the Camp Sierra Blanca problems some more.

This press release came from the City of Albuquerque Crime prevention council. It announced a Statewide Crime prevention Conference in Albuquerque.

"Crime in our communities has

reached proportions we can no longer ignore," said Dr. Charles E. Becknell, Secretary of the Criminal Justice Department of New Mexico.

In making this statement, Dr. Becknell proclaimed that community crime reduction would be a statewide priority for his department.

To back up this claim, Dr. Becknell announced a three-day conference on community crime prevention, sponsored by the Criminal Justice Department, the Albuquerque Crime Prevention Council, and the National Council on Crime and Delinquency. The conference was held from November 27 through 29 at the Albuquerque Convention Center.

"For a long time citizens have sat back and talked about the crime problem in our communities without doing much about it," added Dr. Becknell. "But with the help of the National Council on Crime and Delinquency, we will be able to take an active role in the reduction of crime in our communities."

The NCCD is offering training sessions to organization staff members and citizen leaders as part of the LEAA-funded National Crime Prevention Campaign which is aimed at getting citizen involvement in community crime prevention. The

campaign was begun as awareness increased that law enforcement officials alone cannot accomplish crime prevention.

Editor's Note: We in Lincoln County have tried to reduce crime in the area. We would appreciate some help from Dr. Becknell, and we are not shy about telling him about it. MS

Women's Club to Meet

The Carrizozo Woman's Club group will meet this evening at 7:00 p.m. at the Clubhouse for their November meeting. An earlier meeting was cancelled due to Thanksgiving.

The group will discuss plans for their upcoming Rummage and Bake Sale, which will be held December 8th, and also plan for their Christmas party. This year the Christmas party will include caroling and snacks at the clubhouse, after an evening listening to the Hosannas on the 16th.

The program for this evening will be called "AGING - MYTH AND REALITY", presented by Sister Jan Geha. All members and guests are urged to attend. Refreshments will be served.

Christmas Seals fight lung disease.

Chris Portillo Recognized

This is Chris Portillo. We at the Lincoln County News want to publicly recognize Chris for her bravery in handling a tough situation.

Carrizozo's newest officer, Russell Smith responded to a call last week from a local bar that a fight was in progress. In breaking up the fight, several of the participants then attacked him, knocked him down and were in the process of trying to wrestle his gun away from his holster to shoot him.

Ms. Portillo, the barmaid, quickly ran to the back room, got her .38 pistol and told the crowd to let Mr. Smith up. The crowd obeyed since she had a convincing way of pointing the gun at them.

When asked by the NEWS about the incident, all Ms. Portillo would say was, "There just isn't very much respect for the law these days."

Our community is still a good place to live because of people like Chris who get involved with tough situations when they have to. A grateful community says, Thank You! MS

Polly's Potpourri

Around Town & Surrounding Areas

Carriz

Seven month old Kalyn watched from her stroller as her mom, Katie Wickware of Ruidoso sewed Christmas stocking. Katie had a display of handmade items at the REA last Friday and Saturday for the 1st Annual Carrizozo Arts & Crafts Show, as advertised in the NEWS. Among her items were Victorian style lace bows & dough figures which she created as tree decorations. Lanna Siddens who organized the event was busy making a new wall art from raw cotton, jute and deer antlers. Her wall art is sold through the Anderson Collection, an interior design center in Ruidoso.

Lanna and her husband, Doug, former Ruidoso residents, enjoy living in Carrizozo. Doug is in real estate and works in the post office on the side. His dad, Eddie Siddens was the original owner of the Ruidoso News. Lanna, who says she likes being 'just a housewife', plans to have a 2nd Annual Arts and Crafts Show in Carrizozo. The shows enable area crafts people to exhibit and sell their products for Christmas giving. In addition to her wall art, Lanna had

several items from Old Mexico, including a Taramara Indian blanket. Mona, Philip and Stephen Payne entertained friends with a buffet supper on Saturday evening. Present were students from NMSU and NMML, who were home for the holidays, and their school friends. Among those at the supper were Audrey and John Vega, Lisa and Matt Ferguson, Gary and Lee Vega.

Naomi Lynette, daughter of Mr. and Mrs. Neo Vallejos was baptized October 28 at Santa Rita Catholic Church. Following the afternoon ceremony, friends and relatives gathered in the home of Mr. and Mrs. Antonio Lueras, Naomi's maternal grandparents. Those from out of town who joined the local relatives and friends in celebration were padrinos (Godparents) Mr. and Mrs. Joe Navarro, Lizzie and Rudy; Mr. and Mrs. Don Duquette, Andre, Kayla and Bianca, all of Alamogordo; Mr. and Mrs. Tony Lueras Jr., Serena, Nicky, Lucia and Edwardo Paul; Eugene Vallejos and girlfriend, Lori Padilla; Chris Vallejos and girlfriend, Patsy Mendez, all of Albuquerque; Roman Pacheco and

friend Sue, Bonney Fresquez and friend, Gloria, all of Roswell. Mr. and Mrs. Bill Nickels and the Bill Payne family spent Thanksgiving Day together. They enjoyed the traditional holiday feast.

High school student, Tami, daughter of Mr. and Mrs. Joe Ortiz was selected as a contestant in the 1980 Miss New Mexico Teen USA Pageant to be held at the Albuquerque Inn Convention Center on April 12. The pageant is designed to recognize and honor outstanding young ladies from each community for scholastic and civic achievements. Trophies are awarded to five top contestants, Miss Congeniality, Miss Photogenic and winners of the Speech-Talent portion of the Pageant. Miss Teen USA conducts state pageants in all fifty states. Tami's sponsors will be advertised in the state program under her photograph. Programs will be distributed throughout New Mexico to Chamber of Commerce offices, schools and community service organizations. If Tami is chosen State Queen, the Carrizozo sponsors will receive credit throughout the year.

In ancient times, beards were regarded as a mark of full manhood. Greek philosophers wore long beards because they thought beards gave them more dignity. The term 'barber' comes from the Latin 'barba', meaning beard. In early days, barbers also were surgeons. Alexander the Great made his soldiers shave regularly so that the enemy could not grasp their beards.

"It's not true anymore", Carrizozo Town Attorney Bill Payne

replied with a smile when questioned about a town ordinance which stated, "IT IS UNLAWFUL FOR A MAN OR A WOMAN TO GO UNSHAVEN IN CARRIZOZO, NEW MEXICO."

With Payne's announcement, bearded men in Carrizozo and surrounding areas rejoice this holiday season and join in St. Nick in merry making. A sampling of bearded men, which I photographed, are displayed at Citizens State Bank. What possessed Carrizozo town fathers to permit a ordinance on the books which labeled bearded men or women as lawbreakers? Was the mayor a razor blade peddler? Perhaps the mayor was a barber whose business was slow because he didn't advertise.

Birthday people: Connie Silva, Raymond Lueras Sr. Sister Adele Stommel Nov. 29; Lynette Hernandez Nov. 30; Max Watson, Mabel Renfrow Dec. 1; Elinor Olson, Alyce Castillo Dec. 3; Lon Freeman Dec. 4; Stan Steinpreis, Barbara Wood Dec. 5. Day before Christmas is the 'wrap' race. Happy Birthday, Happy Holidays!

Josie Montoya was the winner of the Junior Extension Thanksgiving food basket raffle. Mrs. Robert Hemphill was the winner of the quilted tablecloth raffled by the Zia Senior Citizen Center.

A program on how to use the food processor will be presented in Lincoln County by Becky Rivera on December 3. Mrs. Rivera, Extension Home Economist from East Valencia County will present two programs. A program will be given in Capitan at the County Fair Building at 1:30 p.m. It will be repeated at 7:00 p.m. in Carrizozo at the Rural Electric Co-op room, the Medallion Room. She will be showing the many uses of the food processor and how to prepare many different foods. A recipe booklet will be given to all who attend. The program is open to everyone regardless of race, color, or national origin and is free of charge. Additional information may be obtained at the Lincoln County Extension office, the number there is 648-2471.

Coalora) the old mining town near Capitan, was once the location of Roger Hubert's restored little house, now on Central street in Carrizozo. Earlier this year the NEWS ran a story on the roots of both Hubert and the little house, which now houses the office of Dr. M. A. Moreland, Chiropractor. Dorothy Guck, who wrote last week's Coalora story would like additional notes of interest on this once prosperous little town.

Dorothy lives in Nogal and has resided in the Capitan area. Although her father's name was Walter Gray, and her brother's Gordon Gray, Dorothy is no relation to S.T. Gray who settled Capitan had one son named Walter and another, Gordon. Dorothy was born and raised in Grand Rapids, Michigan. Her parents lived in Glencoe, N.M. from 1939 until their deaths in 1964.

Start the season of Advent (waiting for the Lord) with a "Day Of Prayer". Santa Rita Catholic Church will sponsor a day of learning and sharing on prayer. Starting at 1:00 p.m. Sunday, the topic to be considered are: 1) Many Paths to Prayer; 2) The Bible and the Concept of God Found There; 3) Prayers in the Spanish Tradition; 4) The World As a Source of Prayer; and 5) How to Use the Bible to Pray. After each presentation, an "application" session will help each person to see how the talk fits their own lives. Registration will be at the Santa Rita Hall on Sunday Dec. 2, at 1:00 p.m.

Representatives of the Catholic Community from Carrizozo and Capitan spent two days in a conference in Albuquerque over the Thanksgiving holidays. The conference was called by Archbishop Robert Sanchez and gathered representatives from all over the state of New Mexico. The theme of the conference was "The Family in Crisis" and the topics of presentation were: "Married Couples in the Church Today", "Parenting in the Catholic Family" and "The Divorced in the Church".

The workshop sessions were to draw up resolutions to present to the Archbishop so that he would know what the local people want him and priests to do in order to restore the family as a strong unit within the Church. Miss Mopica Ortiz and Sister Gail Stackpole from Carrizozo with Mr. and Mrs. Kevin Wolfe from Capitan joined over 300 other Catholics in the two-day conference.

Crown Cowbells will meet at 10:00 a.m., Dec. 6th for a covered dish luncheon at the home of Mrs. Mack Bell.

The nature of the community largely determines what goes on in the school. Therefore to attempt to divorce the school from the community is to engage in unrealistic thinking, which might lead to policies that could wreak havoc with the school and the lives of children. The community and the school are inseparable." - James B. Conant from 'School Community Relations', a new approach. This book is part of the collection on a shelf in the office of Superintendent of Carrizozo Schools, Dr. James Miller, Jr.

Superintendent Miller said he and Principal Steve Stuart are available for visiting and, or, to tour buildings with parents and others interested in the schools. The administrators have been here six months and continue to make every effort to cooperate with the town on behalf of the students.

The needs assessment questionnaires will be sent home with students this Friday. Parents are encouraged to return them promptly. The same questionnaires will be distributed to others in the community next week.

Miller said he is delighted "at what the Parent-Teacher Organization has been able to do for the school, and also the Vocational Advisory Committee and other parent-teacher committees."

The Carrizozo 'Grizzly School News' column which is featured weekly is an agent of communication between school and town. The board of education, the superintendent, his administrative staff, the teachers, the maintenance staff and the pupils are other agents of communication who spread opinions and information about schools to others.

Each person in town and surrounding areas is a part owner of the education system. They are shareholders because they pay taxes to support education in their town.

Many schools do not communicate during the summer vacation. When school is not in session is another good time to communicate about school-town problems, state and national, including local school issues and upcoming schools plans. The 'Grizzly

The Band Booster Club food basket is to be raffled sometime before Christmas. Support your local school band students.

The staff of the '78-80 school annual 'Grizzly Tracks' is sponsoring a contest. Anyone in the community may submit art work to be used in the annual cover. The person whose work is chosen will receive a free annual.

This evening Nov. 29 at 7:15 parents of Special Education students and other interested parents are invited to attend an informative meeting on the school's special ed program. The main speaker will be Glenna Kyker of Las Cruces, diagnostician for this district this year. She will be assisted at the meeting by Carrizozo teachers Mr. Joe Orsak and Mr. Tom Tracey. The meeting will include discussion of "due process procedures" for Special Ed students and a tour of the classroom facilities.

News' originated well before the school year began. Through the combined efforts of their interest in their school and community, Lincoln County News' publisher-editor Mr. Michael Swickard and Carrizozo Superintendent Dr. James Miller, Jr., this column became an agent of communication between town and school. School personnel and students are welcome to contribute information and news for this column. Deadline is Monday.

The New Mexico School Boards Association will hold its annual convention at the Sally Port Inn on Thursday, Friday and Saturday, which coincides with Gov. Bruce King's proclamation of Nov. 26-Dec. 2 as New Mexico School Board Member Week. Carrizozo school board member Gail Stackpole will attend the event. Board members and administrators will focus on educational issues relating to children, as 1979 is the International Year of the Child.

This week being New Mexico School Board Members Week, the Grizzly School News will recognize our local school members, starting with Sister Gail Stackpole, (ladies first?).

This is Sister Gail's first year on the school board. Her concern after the election was if the all-male board members would treat her as "just a woman". Her experience has been one of acceptance by the rest of the board. She feels respected by the other members.

Sister Gail Stackpole, IHM, (Immaculate Heart of Mary) whose motherhouse is located in Monroe, Michigan, said that it is because she belongs to this particular religious order, that she came to Carrizozo to work for St. Rita Catholic Church. She quickly fell in love with Carrizozo, and wanted to involve herself in all of Carrizozo's concerns not only within the Catholic community.

An active member of the Woman's Club, Sister is employed full time at the New Horizons Developmental Center in a counseling position. She has lived in Carrizozo several years and has interests in the Chamber of Commerce and the Industrial Development Team. The busy board member tries to attend all school functions, and is a school representative with the PTO and on the School Board Handbook Revision Committee.

A well-informed community participant always keeps abreast of school ideas (which are shared fellow board members) by attending meetings and workshops when she can. Earlier this year attended a workshop in Santa Fe for new school board members, she has been to a school board finance workshop in Albuquerque and has attended district school board meetings in Cloudercroft and Anthony. Most recently, Sister Gail made arrangements to attend the New Mexico School Board Association Convention, to be held this weekend in Roswell.

The Band Booster Club food basket is to be raffled sometime before Christmas. Support your local school band students.

The staff of the '78-80 school annual 'Grizzly Tracks' is sponsoring a contest. Anyone in the community may submit art work to be used in the annual cover. The person whose work is chosen will receive a free annual.

This evening Nov. 29 at 7:15 parents of Special Education students and other interested parents are invited to attend an informative meeting on the school's special ed program. The main speaker will be Glenna Kyker of Las Cruces, diagnostician for this district this year. She will be assisted at the meeting by Carrizozo teachers Mr. Joe Orsak and Mr. Tom Tracey. The meeting will include discussion of "due process procedures" for Special Ed students and a tour of the classroom facilities.

SPECIAL FEATURES FOR A SPECIAL LEADER

This week I would like to write a special article concerning the person who makes everything go round behind the scenes in the Home-Ec Department and in FHA-Hero itself at Carrizozo. This person's name is Mrs. Emma Catherine Lawson. As for the time that this Home-Ec teacher and FHA-Hero leader has been at Carrizozo High she has helped all it seems in so many ways it's unbelievable. Her own talents of being able to communicate completely and making her explanations understandable have benefited not only her Home-Ec students & FHA-Hero members, but the whole school itself.

Some things Mrs. Lawson's guiding had has helped to be a success, so far this year is attending FHA-Leadership Camp at Gloria, N.M. with three members; helping Shirley Simmons - 1979 Vice President attend National FHA-Hero Convention in Washington, D.C. and run for a State Office; lead a Pancake Supper which was a big hit; encouraged Debbie Gallacher with her wool outfit all the way to the State Contest. I could go on and on, but I can sum things up merely by saying - That we are all very grateful for your being there when we need you Mrs. Lawson.

From all of the Zozo FHA-Hero members and students I would like to say, "Thank you Mrs. Lawson", for the extra time and effort that you have put in to make it all worthwhile!

Vice-Pres. of Public Relations
Debbie Kay Gallacher

A big crowd was on hand for the Vocational Advisory Committee meeting held this month with newly elected leader, Mr. Robert Hemphill presiding. Other officers elected that evening were Mr. Nat Palomarez, vice president and Mrs. Rosemary Shafer, secretary.

Students and vocational teachers gave brief reports about their departments. Mrs. Emma Lawson, Home Economics talked about the importance of community input; Mrs. Lucia Vega, Office Education said that townspeople provide jobs and interviews for youth and Mr. Ken Jones, Vocational Agriculture welcomes constructive criticism.

Brigette Sandoval gave a report on Home Economics III Activities, including the 'Make-it-with-wool' district contest where Debbie Gallacher won first place. Kathy Hemphill said that the Food Specialties class selling for profits. Vice President, gave an account of her trip to Washington, D.C. as national convention delegate. Brigitte and Shirley, Office Education students also reported on Office I and II activities.

Mr. Ken Jones, FFA advisor described their recent trip to Kansas City, Missouri for the national convention. The Dairy Team composed of Lisa Ferguson, Johnny Bob Stearns, Matt Ferguson and Steven Payne received 17th place and were given the silver award.

Jones said that another highlight of the trip was the presentation of the American Farmer Degree to former Carrizozo graduate Rex Wilson of Ancho. Wilson is the first FFA member of the local chapter to be honored with this award. Wilson, immediate past president of State

FFA, is presently enrolled at NMSU, majoring in Agriculture Economics. Ms. Carlyn Ladd, former FHA member and Mr. Howard Shanks, former FFA member, both with Huidoso State Bank were recognized at last week's Vocational Advisory Committee meeting. Ms. Ladd is assisting in FHA-Hero work this year.

The next regular advisory meeting will be in January. Four meetings a year are scheduled, although the executive board and teachers will meet monthly in order to have continuity in the program. Earlier in the meeting, new President Hemphill explained the goals of the committee and stressed

the need of community involvement, support of teachers and recognition of students. He added that they were "not a policy making committee". A local Advisory Council is a group of individuals with specific knowledge and expertise organized to advise vocational education educators on the world of work and

provide a link to it for their students. A local Advisory Council can keep curriculum relevant to what actually is needed in the work place.

WHY THE 1980 CENSUS IS SO IMPORTANT TO ALL OF US IN

A Message from the MAYOR ABOUT THE COMPLETE COUNT COMMITTEE

PROCLAMATION

WHEREAS, the Twentieth United States Decennial Census of Population and Housing will be conducted beginning on April 1, 1980; and

WHEREAS, all the inhabitants of the Town of Carrizozo are to be enumerated in this census; and

WHEREAS, the information collected in the census serves many useful purposes, among which are apportionment of representation in Congress and other legislative bodies, measurement of the economic well-being of communities and their inhabitants, allotment of certain Federal and State tax revenues and other financial aid to our communities, determination of future needs for public services, and numerous other useful purposes; and

WHEREAS, the accuracy and completeness of the census for the Town of Carrizozo will determine its population rank among other communities of the country;

NOW, THEREFORE, I, Jesse W. English, Mayor of the Town of Carrizozo, do hereby proclaim April 1, 1980, as CENSUS DAY in Carrizozo, and do urge and implore all residents to cooperate fully during the month of April with those who are charged with the responsibility of this most important work.

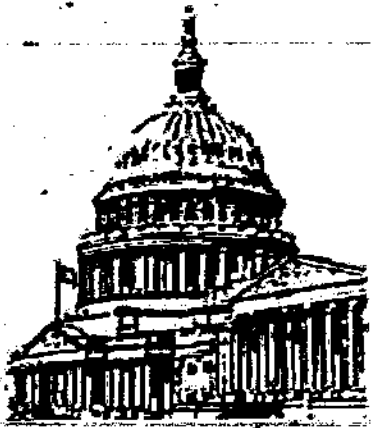

Dated this 26th day of November, A.D. 1979.

JESSE W. ENGLISH
Mayor

Anyone interested in working on a Complete Count Committee should attend the regular monthly meeting on December 10, 1979 at 7:00 P.M.

HERE'S HOW CENSUS RESULTS HELP OUR COMMUNITY

1

APPORTIONMENT OF CONGRESS

The U.S. Constitution (Article I, Section 2) requires the apportioning of seats in the House of Representatives based on the population of each State. If everyone in our community is not counted in the 1980 census, we could have reduced Congressional representation in the Congresses to be elected in 1982, 1984, 1986, 1988, and 1990.

3

FEDERAL AND STATE AID PROGRAMS

A significant part of our local government's budget is based on revenues received from the State and Federal Governments. Many of these aid programs use census statistics as a fair way to distribute funds. Examples: Revenue sharing, community development, health, education, highways, job training, school lunch program, economic development.

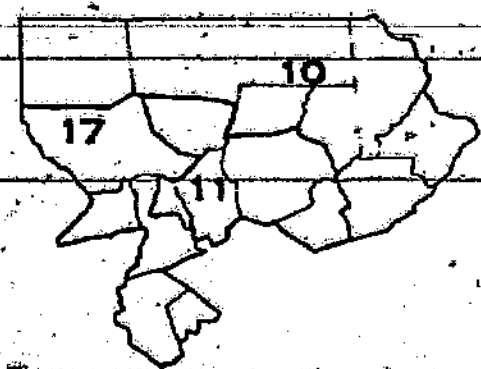

5

HOUSING FACTS

The 1980 census also will measure the status of our housing. The number of rooms, types of heating and cooking fuels, value of the property or rent paid, plumbing facilities, utility and other costs—all these census facts will give us a statistical snapshot of our living quarters and help our community plan for future housing needs.

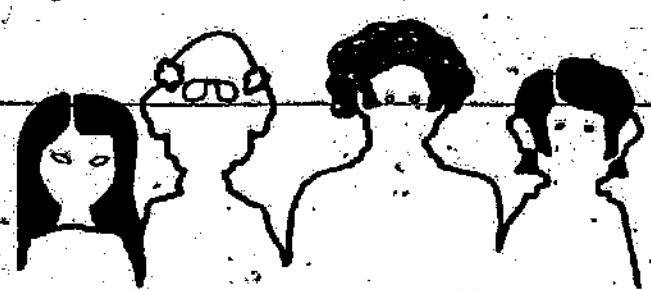

2

STATE LEGISLATURE REDISTRICTING

Our State legislative districts also are dependent on census population totals to assure fair representation. Other election and administrative boundary lines often are based on census statistics. It's the fair way to make sure that your vote carries the same relative weight as every other vote in the State.

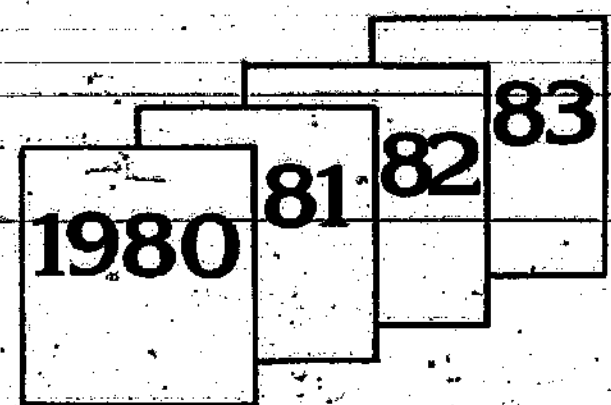

4

POPULATION FACTS

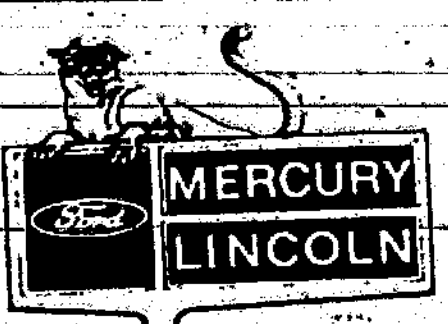

Each population question on the census questionnaire produces statistical totals which will help us better understand how our residents are doing. Age, race, sex, marital status, educational level, ethnic background, occupation, employment status, income, veteran status—these are important facts we need to have to draw a statistical profile of our community.

6

PLANNING AHEAD

Without accurate information, no one in government, private business, or a civic organization can plan ahead with confidence. The 1980 census will give our community solid facts on which to base our future actions in many activities during the years to come. Answering the census is an investment in our future.

Capitan Village News

by Margaret Rench

Last Saturday morning we awakened to one inch of wet snow and cold. It was melted and Sunday was clear and cold. At present we are having cold severe winds. The storm started Friday night. Travelers were asked not to go to Carrizozo as it was so icy. The snow was on our side. Ruidoso did not get it this time. Though the peak did. It is beginning to hold now as it is so cold. From the bare trees we know the season has changed for certain. The moisture was appreciated.

Thanksgiving was very quiet here and at Ruidoso. No travel. Everything was closed and people were enjoying Thanksgiving in their homes.

Mrs. Rench worked and then enjoyed dinner at the home of Catherine Loughridge, and Frances

Douglas. Other guests were Marie Erickson and Audrey Stevens. We enjoyed the delicious dinner and a delightful visit. It was a great day.

Basketball season starts Friday November 29. Capitan plays Tatum here at home. Everyone get behind our team and participate. They need our support.

Willie Hobbs who enjoyed two weeks vacation is now on duty at the Smokey Bear Museum.

Mr. and Mrs. Wayne Hobbs, Mr. and Mrs. Howard Hobbs, Grady Hobbs Jerry Hobbs, Mr. and Mrs. Richard Lewallan formed their own hunting party and hunted in the Church Mountain area. They had lots of fun and enjoyment and filled six out of nine licenses with two days to go. They killed an eleven point, two eight point, two four points and one spike buck. Those lucky hunters. Just think of that good food. Also the happiness they had while getting those bucks.

Doris Loll's 88 year old mother, Mrs. Carrie Windsor moved into the little house on fourth street on which they have been remodeling for some time, last Tuesday. Welcome home little lady. We are so happy to have you with us. We want you to be happy with us.

Mr. and Mrs. V.E. Caywood accompanied his brother Mr. and Mrs. E.W. Caywood of Portales on a five day hunting and camping trip. But no deer.

Mr. and Mrs. David Lawrence and family of Carlisle, Iowa spent one week visiting her parents Mr. and Mrs. Leo Joiner in Hondo and her brother Mr. and Mrs. Pat Joiner and family in Capitan.

Mr. and Mrs. Howard Wrights guests for Thanksgiving dinner and the day of enjoyment watching the ball game were Roy and Sharon Horton, Randy Spears, their daughter Mr. and Mrs. Terry Strickland and two daughters and their son Mr. and Mrs. Jimmy Don Wright and two children.

Mr. and Mrs. Virgil Loomis made a business trip to Albuquerque last week.

Kenny Cummins of the New Mexico University in Albuquerque came home to spend Thanksgiving with his parents Mr. and Mrs. Hollis Cummins and family.

Mr. Ernest Blood of Alto spent three days last week in the Roswell Hospital and came home through he may need surgery very soon. Their grandson stayed with grandmother during his absence. I do wish him the very best recovery.

Glenneth Shaffer clerk at the Ft. Stanton Post Office celebrated her birthday November 24th. I wish her many more very happy healthy ones.

Jack and Shaun Ridgeway enjoyed Thanksgiving dinner at the home of his parents Mr. and Mrs. Bob Ridgeway. Sunday Bob and Pat enjoyed a drive to Alamogordo.

LaRue Parker and three children enjoyed Thanksgiving with her parents Mr. and Mrs. A.E. Cleaver. They enjoyed her grandmother Mada Orr whom they had not seen in seventeen years. She is living with her parents. They plan on being their guest at Christmas.

Mr. and Mrs. Virgil Halls Jr. and family guests for Thanksgiving were his parents Mr. and Mrs. Virgil Hall,

his sisters Mr. and Mrs. Dick Cox and family of Albuquerque and Mr. and Mrs. Buddy Brown and family of Midland, Texas.

Tommy Allen and Jeannie Fifer went on a shopping trip to Roswell last Monday.

Jay Johnston is enjoying being at home in Capitan at this time. We always enjoy their coming home.

Cathy Endsley and son Jarod of Amarillo, Texas have moved to Capitan to make their home. Jarod will go to school here. Cathy will find a job. She has had 11 years of good experience in very efficient office work and I am certain she will soon be at work. She is living with her mother Cathleen Massey. Welcome to our community Cathy. We wish you many years of success and happiness with us and I just know you will have that.

Mr. and Mrs. Larry Suttle and son Marc of Haskell, Texas arrived at the home of his parents Mr. and Mrs. Howard Suttle to enjoy Thanksgiving and left last Tuesday.

Ysable came home last Tuesday after spending one week in the Ruidoso Hospital very ill. I do wish him the very best recovery.

Curtis Payne and their little daughter Tammy both will enjoy their birthdays December 1. Tammy is happily awaiting that five year birthday. I wish them both many more happy birthdays. That is great to have the same day as their very own birthdays.

Mr. and Mrs. Bud Payne of Carrizozo enjoyed Thanksgiving dinner and the day with their son Mr. and Mrs. Curtis Payne and family in Capitan.

Mr. and Mrs. Don Stark, Dr. and Mrs. Farris and family enjoyed Thanksgiving Day at the home of Mr. and Mrs. Page. Sally Farris and Betsy Page both had their birthdays that great holiday. They enjoyed turkey and all of the goodies as well as their birthday cake. I wish them both many more very happy birthdays.

Jack Shaw a long time resident of Capitan passed away at 2 a.m. Wednesday November 21, after many years of serious illness. He was laid to rest in the Angus Cemetery Friday November 23.

He was a good man and lived a good life helping others along the way. We loved and enjoyed him always. He left good memories with us to cherish. He is at peace and rest. My sincere heartfelt sympathy goes to his family. God knows best.

Roberta Clark and her children and her brother Bob Spragg of Silver City attended the funeral services of Jack Shaw.

Zora I. Ward was born March 3, 1889 and passed away at the Sunset Villa in Roswell November 10, 1979. Graveside services were held November 13 with Rev. Buford Copeland officiating, pastor Washington Avenue Baptist Church. The final resting place is South Park Cemetery, Roswell, beside her husband Marcos L. Ward who preceded her in death February 10, 1967.

Survivors are, one daughter Minnie Bell Morris of Capitan.

Four grandchildren - Mary Lee Morris, Capitan, Ernest Purcella of Waterlo, N.M. Roy Spencer Purcella and Luther Wilson Purcella both of Las Cruces.

Fifteen great grandchildren and 8 great-great-grandchildren, one brother, William C. Madison of Los Angeles, California, One brother-in-law, Rich Heyman of San Antonio, Texas.

Zora was 92 years old and was paralyzed the last five years of her life, though her mind was clear to the end.

Capitan High School Building Plans Reviewed at Special Meeting

Working plans for Phase one and two of the proposed Capitan High School were reviewed at a special school board meeting.

The Board reviewed working plans and an elevation model of the proposed project. The buildings will feature raised metal roofs, with skylights to heat and light the classrooms.

Phase one presented solar possibilities with its south facing wall. Skylights beginning at the corridor will also sunlight to shine into the classrooms located on the north side of the corridor. The north wall, which faces the highway will feature few small windows and a berm wall construction. The berm wall is created by filling dirt to a level higher than surrounding elevations.

Phase one will feature chemistry, biology, four general classrooms, and administrative offices. Disagreement over the arrangement of the science rooms and administrative offices has again delayed completion of plans. The board directed Steve Kells of Krueger, Lake, Hutchinson and Browne Architects to alter the plans and to have them back to the board by the next regular school board meeting.

Phase one was allocated \$850,000 in Capitol Outlay funds. The project will be a basic unit with masonry construction even at the end walls where additional classrooms will be constructed. This will create a split-block interior wall, unusual and attractive Kells felt.

The design originating with the elementary now being constructed but flowed to a solar design because of the solar potential. "Can we build this with the money we have?" Board member Richard Phillips inquired. Phillips commented his approval of the design however.

Kells reported a possible use of heat from the mechanical room flues. The flues will be exposed to radiate heat before they go through to the outside. The heat will be in the corridors which will possibly require more heat because of the higher ceiling created by the sky lights.

The Board requested three points to change concerning administrative offices. They felt guidance and records should be nearer to the principal's office, more area for the administrative complex, and the principal closer to the receptionist.

Kells stated his desire to put people where the sunlight is and things where it is shaded. For this reason classrooms will be mainly on the north side of the building.

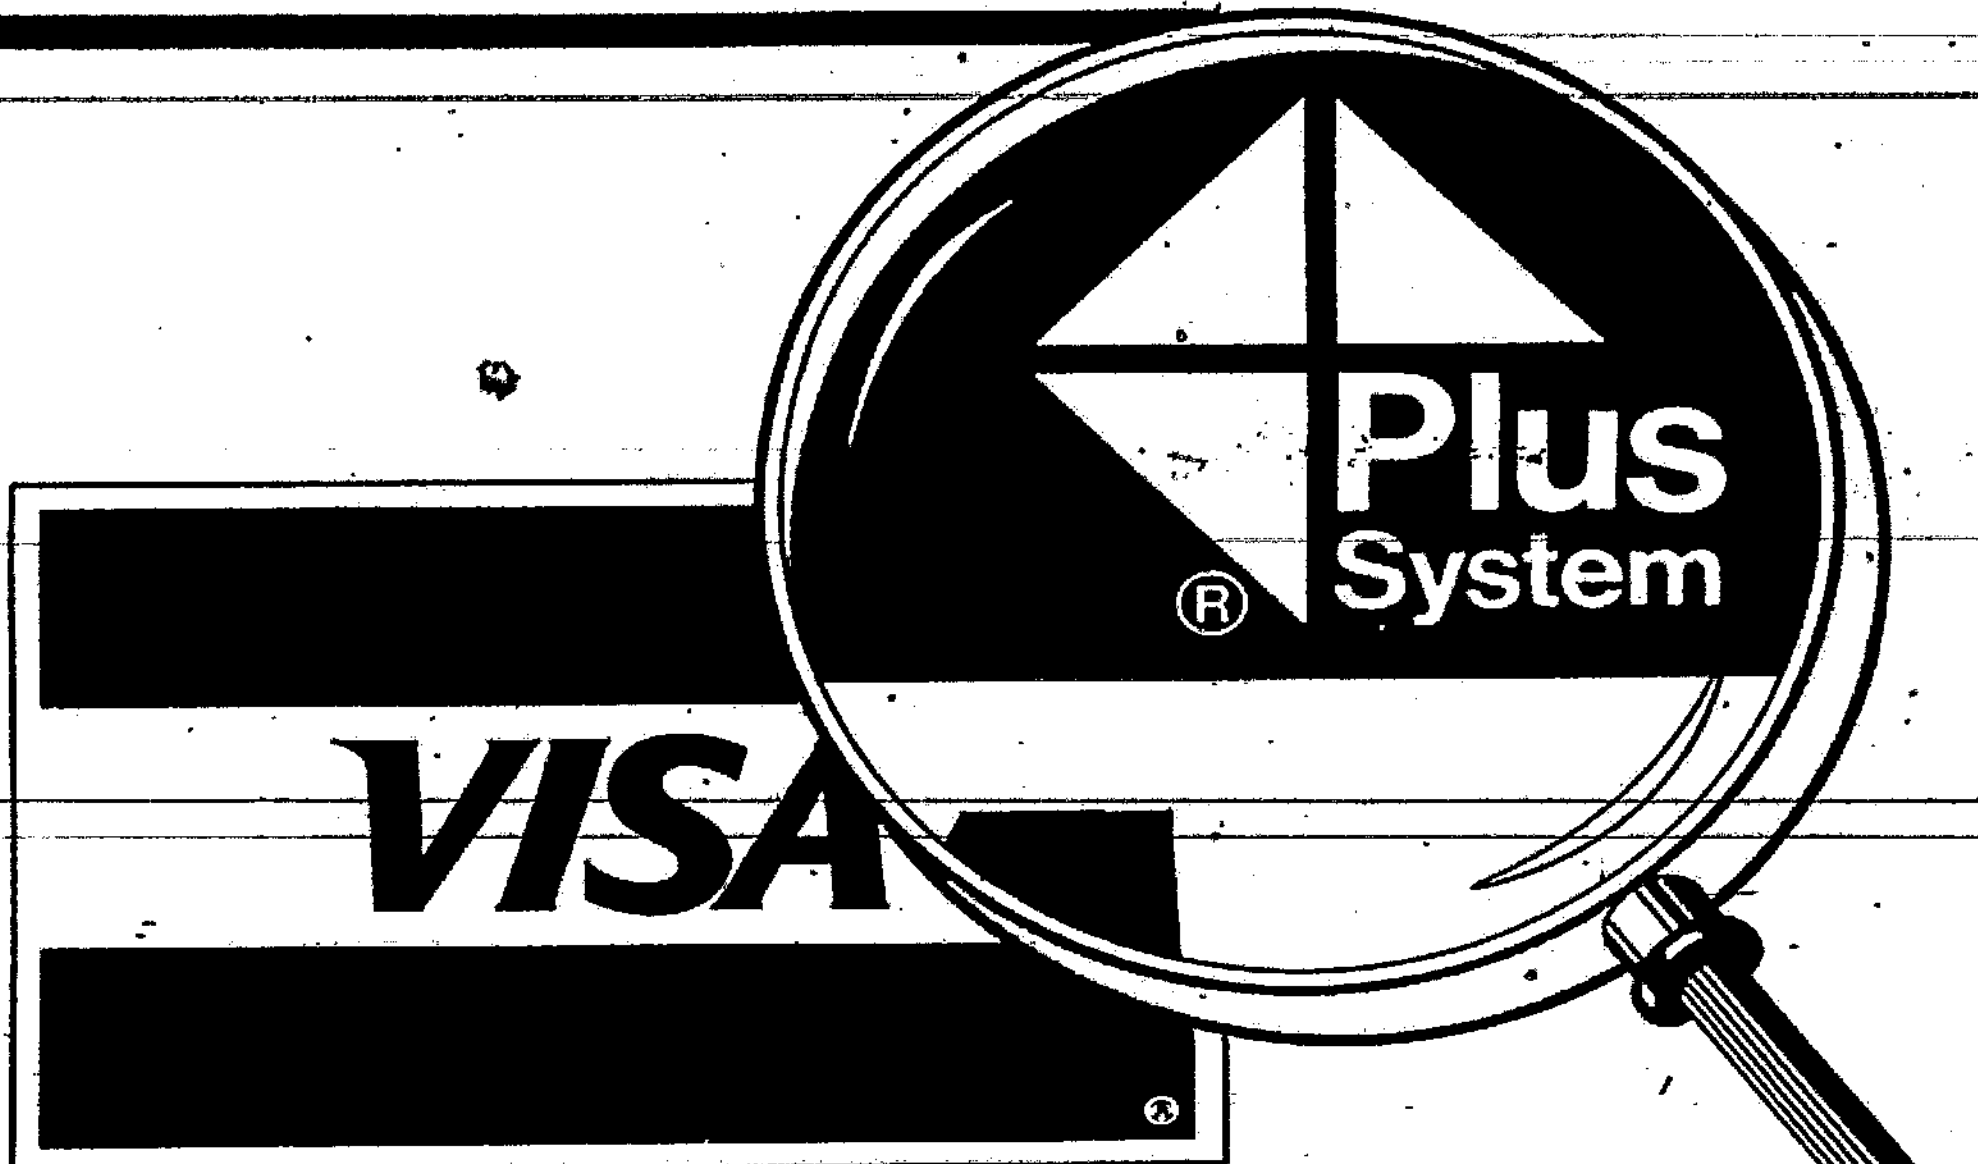

Phase II will consist of four sections, - Home Ec., Industrial Arts, Business and Music, - and four more classrooms. Superintendent Clifton has requested \$2.3 million from Capitol Outlay for Phase II. This phase will include a new cafeteria, multi-purpose auditorium (also for girls' physical education) and student commons.

According to Clifton, Capitol Outlay gives priority to schools with an academic need. Roy, New Mexico school was considered the school considered worst in the state, and received \$1.3 million this year from Capitol Outlay. Capitan was second on the list and received the \$850,000.

Jerry Lake estimated that he would be ready to let bids by early April.

"If we can get started by first of May, I'd like it," Phillips said.

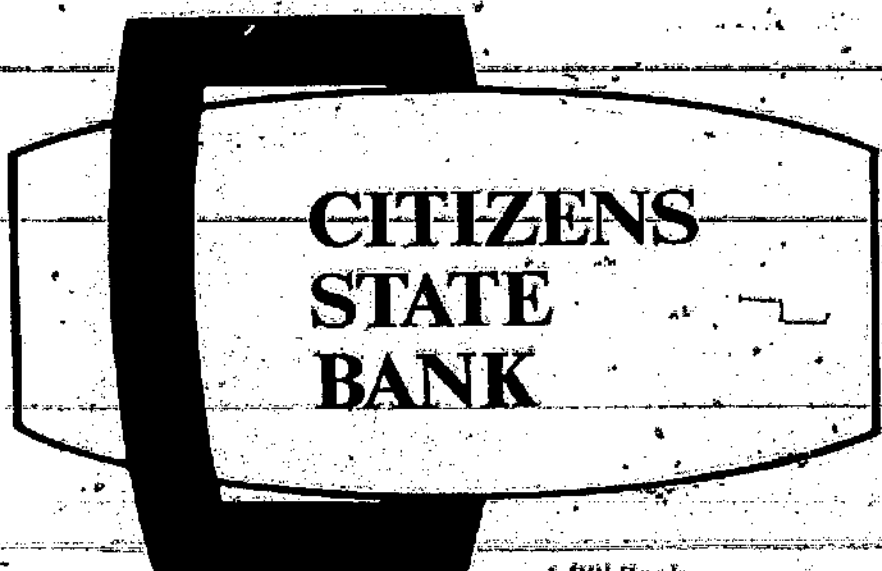

The Board adjourned the meeting and went into executive session to discuss the elementary project. Personal problems and results of the core tests taken on the grade beam walls were discussed.

CARRIZOZO, NEW MEXICO 88301

Rotary, Lions Join to Raise Money for Zia Srs.

Rotary and Lions Clubs of Carrizozo are having a joint project to raise money for the Zia Senior Citizens. The prize is 'beef on the hoof' and the cost of the raffle is \$1.00. Drawing will be in January 19 at a community pot-luck and dance.

According to Sr. Jan Gena, director of the Zia Senior Citizens Center, the community support on the raffle will result in matching federal grants of three dollars for every dollar raised and also three dollars for every hour of service given to the Center. The Center not only provides a place for our most distinguished citizens, but also hot meals and transportation, a chance to have fun and socialize as well as to learn in the presentations at the Center. The Center is one of the finest assets in Carrizozo.

The Rotary Club had two fine speakers in the month of November. On November 9, Paul Gordon, District Forester from Ruidoso spoke on "Trees for our use" and how mankind is dependent on trees for many uses - heating, cooking, shelter. Often we feel that wood is very plentiful, however, according to Gordon, both locally and worldwide we are not planting enough trees to replace our use.

In some countries the amount of land covered by trees has dropped by fifty percent or more, as a result the deserts of the world are expanding with a potential of having more desert

land equal to the size of the United States, the Soviet Union and Australia combined. This can only be stopped, Gordon told the Rotarians, by replanting of trees on a world wide basis and to make sure that replanting in our country doesn't continue to take last priority.

The other interesting speaker at Rotary (November 15) was Mr. Mark Delgado Administrator of the Fort Stanton Hospital and Training School. Delgado told the Rotarians of the fine developing programs at the school which help the mentally retarded to move from the school to a less restricted environment. This gives the student self-respect and confidence and often makes the student a more contributing member of society, reducing the cost of care. Programs at the Fort Stanton location and at the New Horizons Developmental Center in Carrizozo prepare students for group home living and jobs in different communities.

Few realize the economic impact that Fort Stanton has on Lincoln County, with a budget of almost 3 million dollars and 196 employees. Salaries alone, (Ruidoso \$269,000; Capitan \$346,000; Fort, Stanton \$481,000; Lincoln \$39,500; Carrizozo \$226,248; other \$98,000) makes this facility important to all of us in jobs provided for this area.

Rotary, an important part of Carrizozo, meet every Thursday for lunch at noon at the Four Winds.

(Cont. from P. 1)

County Commission ...

The need to formally request the state highway department to annex Gavilan Canyon Road was stressed. The Commissioners agreed they would get nothing otherwise. They felt a Ruidoso request would help gain approval.

Ron Perry again approached the Commissioners concerning a road in Ft. Stanton Sub-Division. Because of no record that the road is a dedicated county road, the Commissioners told Perry they could not legally maintain anymore than the subdivision which

was approved as a county road in 1976.

Perry must now formally request the road become a county road. N.C. Grantham told the Commissioners he was willing to give positive input from Camp Sierra Blanca.

The commissioners commented on the good job being done by the road department, feeling Lincoln County spends more of their road budget on roads as opposed to many other counties that spend their road budgets for other purposes.

C'zo FFA Competes in National Convention

During the week of November 5-10th, a group of people from Carrizozo participated in the 52nd annual national FFA Convention in Kansas City, Missouri. Members attending included Matt Ferguson, Lisa Ferguson, Robert Hemphill, Todd Lindsey, Marc McKinley, Philip Payne, Mona Payne, Stephen Payne and Johnny Bob Stearns, and Advisor Kenneth Jones. Anne Ferguson and

Sue Stearns accompanied the group. Mary Ellen Payne, Mona Payne, Wait and Ruth Wilson joined the group in Kansas City. Over 22,000 FFA members, from all 50 states and Puerto Rico, participated in the sessions.

The official delegates to the convention were Robert Hemphill, Todd Lindsey, Marc McKinley, and Philip Payne. The Carrizozo Dairy Judging Team, which placed first in New Mexico, included Lisa and Matt Ferguson and Johnny Bob Stearns. The team ranked 17th among 47 dairy judging teams at the national level. They were awarded a silver plaque for their chapter. In individual scoring, Lisa placed 20th high individual and received a gold medallion for her efforts. Stephen Payne, alternate for the team, showed a guernsey heifer during the judging and won a silver medallion. Rex Wilson, former Carrizozo Chapter FFA president, and N.M. State President, received his American Farmer degree, the highest degree given to an FFA member. Rex was also among only 36 members, out of 500,000, to run for a national office. This chapter feels very proud of Rex for what he has accomplished for our chapter.

Letter to ... EDITOR

Dear Editor:

We would like to thank Dr. Becknell and his staff for taking the time to attend the recent meeting in Capitan, regarding the "minimum security" adult facility at Ft. Stanton, known as Camp Sierra Blanca, (CSB). We would also like to compliment the number of people who

they immediately remove 22 inmates and send them back to Santa Fe?

If a man has a behavioral history of habitual crime, isn't that sufficient evidence to predict that he doesn't belong in a "minimum security" facility?

And finally, and admittedly, we are all subject to human error, but who can justify over 30 percent proven error in judgment??? You can't pass the buck back to the convicts - how did they get to Camp Sierra Blanca to begin with?

Sincerely,
 Tom Taylor
 Karon Petty
 Ruidoso, New Mexico

were concerned enough to attend this meeting, and particularly Senator John Conway, who provided vital factual information concerning the criminal histories of those inmates who were at CSB prior to the recent fiasco. We are of the opinion that if these histories were published in the newspaper and made available to the general public, there would be many

more people in Lincoln County actively concerned about WHO is being sent to the camp, WHY they are sent there, HOW the camp is managed, and just WHAT the facilities and operation of CSB entail.

The past rape at the Ft. Stanton Hospital, the recent murder of Tommy Bedford, the recent escape of seven convicts, and the immediate transport of approximately 30 percent of the CSB inmates back to the State Pen on November 3, 1979, prove WE HAVE SERIOUS PROBLEMS!! These are problems that affect the

welfare of our communities, our county, and our state; and "yes," as Dr. Becknell intimated, problems that may be a result of our "system of law."

However, contrary to popular consensus, we believe that as concerned citizens, all of us can work to change this "obviously inadequate system." We, as Lincoln County residents, have the responsibility to get involved and TAKE ACTION NOW, if only to prevent future re-occurrences of such gross negligence within our county. We, as concerned citizens, must QUESTION the proven ability, or disability, of the established screening committee who selects inmates for CSB, and the criteria they have, or have not used for making their decisions.

Dr. Becknell stated that he "makes no promises." For the most part he feels "the screening committee's judgment has been very good." He further implied that no one can predict human behavior and we are all subject to human error. He did indicate that he would consider the input from the community, which is the reason for this letter.

If their (the screening committee's) judgment has been so good, why did all of this happen and why did

by linda greer

Lorraine and Sam Cox came back home in time for Thanksgiving and the last hunt. The Cox's had spent two weeks visiting their family in parts of Texas and Oklahoma.

Kathy Zumwalt and Ester Miller were both home on their school holidays visiting their parents.

Marlowe and Barbara Sharpe came down from Colorado for Thanksgiving dinner and to do a little work on their mine.

Kay Tracey's parents and sister Debby, came down from Portales for a turkey dinner and to check the progress Tom and Kay are making on their home up the Canyon.

Opal Greer is doing fine since her recent operation and should be home when this paper comes out.

Dennis Porter was here over the weekend with girlfriend Cindy Wittwall and friends Robert and Willie Pebbles and daughter Robin of Craine. They brought Ronnie's girls Jessica and Jackie to see grand parents Hank and Mary Means.

My father, Charles Porter and wife, Clara, and grand-daughters, Trish and Rhonda, of Corona were here Saturday.

In Memory of Jack Shaw

Jack Shaw, age 75, from Capitan, New Mexico, passed away at his home Wednesday, November 21, 1979, following an extended illness. Mr. Shaw was born in Van Vleet, Mississippi on July 24, 1904. His childhood years were spent in Mississippi, Arkansas, and Texas. He moved to Lincoln County, New Mexico, in 1928, where he lived until his death.

He was employed by the United States Public Health Service at Fort Stanton from February, 1928, until June, 1953, and by New Mexico State Tuberculosis Hospital at Fort Stanton as Chief Engineer until his retirement in October, 1965.

He was a Past Master of Carrizozo Masonic Lodge No. 41 AF &

AM, a Past Patron of Comet Chapter No. 28 OES, a Past Commander of American Legion Post No. 57, a Charter Member of Capitan United Methodist, and a past member of the Capitan City Government.

He is survived by his wife, Francis; a daughter, Diane Riska; a son, Jeff Shaw; a son-in-law, Mike Riska; a daughter-in-law, Vicki Shaw; and two grandchildren, Mike and Danielle Riska. He is, also, survived by one brother, Smith Shaw of Lubbock, Texas, and one sister, Lena Maude Oxford of Mission, Texas.

Funeral Services were held in the Capitan Methodist Church, Friday, November 23, 1979, at 10:30 a.m. Graveside services were held at the Angus Cemetery.

Memorial contributions may be made to the New Mexico Cancer Society or the Capitan United Methodist Church.

The family named all old time Fort Stanton United States Public Health employees as Honorary Pallbearers. Pallbearers were Gerald Dean, Hollis Cummins, Sam Cox, Hubert Lee Traylor, Richard Phillips, N.E. Britton, and Bill Edgar.

Lincoln County Health Office Schedule

Wednesday, Dec. 5 - Capitan Clinic - to be held at the Capitan School from 10:00 a.m. - 2:00 p.m.

Monday, Dec. 3 - Carrizozo Clinic to be held at the LCHO Court House Annex from 8:30 a.m. - 4:30 p.m.

Thursday, Dec. 6 - Hondo Clinic - to be held at the Hondo School from 10:00 a.m. - 2:00 p.m.

Monday, Dec. 10 - Ruidoso Clinic - to be held at White Mountain School from 10:00 a.m. - 2:00 p.m.

Wednesday, Dec. 12 - Corona Clinic - to be held at the Corona School from 10:00 a.m. - 2:00 p.m.

A parent or guardian must accompany every child to be immunized.

Anyone interested in Well Baby or Family Planning Clinic appointments, please call 649-2412.

Two Capitan Girls attend Oral Roberts Univ. Orientation Program

Two senior girls from Capitan High School recently attended an orientation program given by Oral Roberts University in Tulsa, Oklahoma. Marie Lobb daughter of Mr. and Mrs. Jerry Lobb and Jackie Deweber daughter of Mr. and Mrs. Dewey Deweber, both of Capitan,

have applied for admission to the University for next fall. On the basis of their applications, they were invited to attend the 3-day sessions with all expenses except transportation paid by the University. Over 650 students attended the Youth Seminar from all over the United States on November 23, 24, and 25.

The Seminar started with supper served at the University cafeteria Friday evening followed by an "Ice Cream" get together. The first service of the program was led by Oral Roberts who spoke about his life and the University in general. Richard Roberts, his son, also spoke to the group.

Beginning early Saturday morning, the students were given a tour of the Aerobic Center on the ORU campus. This facility highly impressed the two Capitan girls as they described it contents. Housed in the Center, are four basketball courts, an indoor track, an Olympic size swimming-pool, racquetball courts, an exercise room, plus weight training and gymnastics rooms.

Also included in the tour was the Learning Resource Center where the students were given a demonstration of the use of Television in the teaching process at the school providing individual and concentrated learning possibilities.

Following the tour, Oral Roberts spoke on his theory of "Seed Faith." He explained this in three phases -- (1) "God as the source, (2) planning your seed, and (3) except a miracle." After a lunch break, the individual students attended three 30-minute counseling sessions concerning their interests and programs provided by the University.

Saturday evening was spent in a service featuring four of the World Action Singers and Richard Roberts singing and speaking to the group.

The Sunday morning before the Seminar closed consisted of the final service highlighted by the group "Prism" who sang and spoke on the special ministries they have given.

Both Capitan girls are anxiously waiting to hear on their acceptance to the well-known University. If she attends ORU, Miss Deweber is interested in the Telecommunications program and physical education. A talented musician, Miss Lobb likes the music possibilities but is yet undecided of what her main interest will be.

The two seniors are "A" students at the high school. They have both been members of the girls volleyball and basketball teams and are active in their respective churches and youth groups.

Capitan H.S. Building Plans Reviewed at Special Meeting

The Capitan School Board met in closed session Tuesday night to discuss the progress of the new elementary.

Core tests were taken on the west and north grade beams by Richard Pettigrew and Associates, Clovis, at the request of the School Board.

The tests were called because one 3 1/2" cylinder slip test failed under the required 30000 psi on a 28-day test.

Six cores were taken on the two grade beams, one additional core taken at Board President Huey's request. This additional test raised the cost of the six cores to \$1080.00.

According to O.D. Shackelford, the cores taken at the area originally in question exceeded the required 3000 psi. C3 and C4, 3 1/2" cylinders, broke at 3434 and 3393 psi. These had originally broken at 2723 psi after 28 days curing. C1, 3 1/2", and C2 4", tested at 3475 and 4904 psi, C5 and C6 at 3078 and 3737 psi on 5" cylinders. All these results exceed the required 3000 psi.

The Board called the tests to make sure the beams would meet requirements, for these will support the roof structure.

The Board met in executive session, which means the public is barred from the discussion, to discuss the cores and the problems with the project.

There are many personal problems between the board and the contractor, and the board and the architect.

O.D. Shackelford and Jerry Lake agree they have had fewer problems

with other school boards.

"But every one is different," Lake commented.

Shackelford has been in construction all his life and his son holds a degree in engineering from NMSU.

One adverse point on the tests taken by Pettigrew was the soil compaction test. The compaction did not meet specifications and is now Shackelford's responsibility to further compact the soil between the foundations. The concrete floor slab will be poured upon this after it reaches specification.

Shackelford had submitted their design mix for concrete with the bid. This was approved when the contract was awarded. The core tests have shown Shackelford's mix to be sound, exceeding the required 3000 psi

and it appears that the Capitan School Board spent \$1080.00 to only rest their minds.

Corona Seniors Raffle Rifle

The Senior class is raffling off a 30.06 rifle to be raffled off at the first home basketball game Dec. 7. The tickets cost \$1.00, if you wish to buy one, please contact a senior. There will also be a performance by Zan and Danny, November 16, at 7:00 p.m. Zan is a ventriloquist and Danny is her dummy. She performed at the New Mexico State Fair and the Juniors and Seniors that attended her performance were very impressed, we hope that everyone comes and sees for themselves how good she performs.

SPECIAL MASTER

First published in the Lincoln County News Thursday, November 22, 1979. Last published December 13, 1979.

Lincoln Station measured snow Friday at one inch with temperatures for the week ranging from a low of 6 degrees on the 21st to a high of 56 on the 19th.

Mr. and Mrs. Jack Donohue spent the holiday at their Colorado cabin. Mr. and Mrs. Robert Williams were in Albuquerque Saturday to attend the wedding of Kathy Hopper and David Seiler.

Mr. and Mrs. Wayne Tubbs returned last Sunday from Beaumont, Texas where they visited Wayne's grandmother and were able to see his grandfather who remains in intensive care.

Mr. and Mrs. John D. Holleyman were called to Van Horn, Texas by the death of an aunt.

Phoebe Foster was here from U.N.M. and Janetta Foster and Wesley Crabtree came from NMMI to spend Thanksgiving with Mrs. Claude Foster who is recuperating from surgery. Also visiting Mrs. Foster were daughter, Mrs. Rex Dial and her children, Kayla and Arley, who will return to Keeslövik Naval Base in Iceland. Mr. Dial is expected to arrive in time to spend Christmas with the family.

Mrs. Sam Stewart, Amy and Will of Claud, Texas, and the Wayne Lindseys of Alamogordo, were here for the holiday at the Atkinson ranch.

Mr. and Mrs. Jimmy Sheffield of Luning, were here Sunday. Weekend guests of Erdine Behumin and Kevin Keifer included Steve Keifer of East Central U at Ada, Oklahoma and Jim Bagleys, Kenneth Keifer and his fiancée, Darla Schaben, all of Albuquerque.

The Byron Yanceys went to Wichita Falls, Texas for Thanksgiving dinner with Byron's sister, Mrs. Feldon Adams, and Mr. Adams. They returned Saturday.

Funeral services for Watson Sorrell were held Monday afternoon in Amarillo. Mr. Sorrell was visiting a sister, Mrs. Durward Jones, and Mr. Jones, when he was stricken. He died enroute to the Alamogordo hospital. Survivors include four sons and several grandchildren.

Hunting guests of the Pete McCloids included Mrs. Fern Shaw of Kingfisher, Oklahoma, Roger Shaw of Edmond, Oklahoma and Leftoy McCloids of Las Cruces, the James Lackeys, and the Bill Dix family of Bloomfield.

Legal Notice

LEGAL NOTICE
Pursuant to the New Mexico Open Meetings Law, notice is hereby given of the New Mexico Corrections Commission's regular monthly meeting. The Commission will meet Monday, December 3, 1979, at Camp Sierra Blanca near Fort Stanton, New Mexico, and will convene at 9:00 a.m. As a follow-up to the citizens' meeting with Criminal Justice Department staff on November 15, 1979 at the Church of Christ in Capitan, New Mexico, the Corrections Commission will hold a citizens' meeting December 3, 1979 at 7:30 p.m. at the Capitan High School Gymnasium in Capitan, New Mexico. The Commission will travel to Roswell Correctional Center on December 4, 1979 to tour that facility.

Published in the Lincoln County News Thursday, November 29, 1979.

NOTICE PROPERTY TAXPAYERS

Notice is hereby given that the first half installment of the 1979 property taxes will become delinquent on December 5, 1979. Pursuant to Sec. 72-31-50 of the New Mexico property tax code a minimum penalty of \$5.00 or one percent per month must be charged on delinquent taxes. Also pursuant to Sec. 72-31-49 one percent per month interest must be collected. If for any reason you have not received your 1979 tax billing, please contact the Lincoln County Treasurer's office at 648-2823. Failure to receive a tax billing is not sufficient cause to enable the late charges to be waived.

Witness my hand this 13th day of November, 1979.

Mike Kimbrell
Lincoln County Treasurer
First published in the Lincoln County News Thursday, November 15, 1979. Last published November 29, 1979.

Mr. and Mrs. Manuel Sanchez came home Sunday to stay after an absence of almost three months. They have been in Albuquerque where Manuel had undergone bypass surgery in both legs. Both Mr. and Mrs. Sanchez are grateful for all the cards and notes they received from their many friends.

Mrs. Mary Fox has returned after a six week visit with her daughters, Louise Jones of Portland, Oregon and Margaret Connorene of Nevada. She accompanied them to Hawaii for a two week stay as the guest of Larry Jones.

Mrs. Bill Ledbetter of Montrose, Colorado spent several days with the Frank and Melvin Sultemeiers.

Waylan Thompson spent several days with his grandparents, Mr. and Mrs. W.G. Thompson who took him home and remained for Thanksgiving with the Darrell Thompsons, Aztec.

Xi Beta Epsilon of Beta Sigma Phi met Monday evening in the home

of Mrs. Manuel Parada with President Kathy Williams in charge. June Tyree announced the arrival of shipment of pecans at a price less than last year. Plans were made for the Christmas meeting and members discussed a petition concerning the presence of criminals in Lincoln County. Roll call was answered with each member naming the right she holds most dear and telling why. Geraldine Perkins presented the program on Right or Rights from the

outline "The Art of Living". She gave the definitions for both and based her remarks on the Bill of Rights with emphasis on the first and second amendments. There was good discussion on the right to work, equal rights and other subjects. Most agreed that the dearest right in America is the God given right to be one's self. The hostess served turkey sandwiches, fruit salad, nuts, fruit cake, tea and coffee.

Vocational Committee Officers Elected At Meeting

A big crowd was on hand for the Vocational Advisory Committee meeting held November 14 with newly elected leader, Mr. Robert Hemphill presiding. Other officers elected that evening were Mr. Nat Palomarez, vice president and Mrs. Rosemary Shaffer, secretary.

Students and vocational teachers gave brief reports about their departments. Mrs. Emma Lawson, Home Economics, talked about the importance of community input; Mrs. Lucia Vega, Office Education said that townspeople provide jobs and interviews for youth and Mr. Ken Jones, Vocational Agriculture welcomes constructive criticism.

Brigitte Sandoval gave a report on Home Economics III activities, including the 'Make-it-with-wool' district contest where Debbie Gallacher won first place. Kathy Hemphill said that the Food Specialties class is selling for profits.

Nogal News

by linda greer

Weekend visitors at Carl and Katie McDaniel's were Mr. and Mrs. Happy Chapman of Cornville, Arizona. Mr. and Mrs. George Crowin of El Paso, Mr. and Mrs. Kenneth Cardin of Flagstaff, Arizona and Mr. and Mrs. J.N. McDaniel of Carrizozo.

Nogal will miss seeing Kay Tracey in the Nogal Store she came nearly every morning to visit but now she has started working in Carrizozo at the News office so she won't be around very often.

Opal Greer who had heart surgery Wednesday the 7th is doing very well she was up and walking around the hospital Monday. She is very grateful for your love and prayers that helped pull her through the rough spots.

Janet Barnum, Opal's daughter, returned to her home in Mt. Shasta, California Tuesday the 13th by airplane.

Janet was glad to get home to her husband Charlie and children, Lisa, Russell and Denise.

Shirley Simmons, FHA-HERO State vice president, gave an account of her trip to Washington, D.C. as national convention delegate. Brigitte and Shirley, Office Education students, also reported on Office I and II activities.

Mr. Ken Jones, FFA advisor, described their recent trip to Kansas City, Missouri for the national convention. The Dairy Team composed of Lisa Ferguson, Johnny Bob Stearns, Matt Ferguson and Steven Payne received 17th place and were given the silver award.

Jones said that another high light of the trip was the presentation of the American Farmer Degree to former Carrizozo graduate Rex Wilson of Ancho. Wilson is the first FFA member of the local chapter to be honored with this award. Wilson, immediate past president of State FFA, is presently enrolled at NMSU, majoring in Agriculture Economics.

Ms. Carlyn Ladd, former FHA member, and Mr. Howard Shanks, former FFA member, both with Ruidoso State Bank, were recognized at last week's Vocational Advisory Committee meeting. Ms. Ladd is assisting in FHA-HERO work this year.

The next regular advisory meeting will be in January. Four meetings a year are scheduled, although the executive board and teachers will meet monthly in order to have continuity in the program.

Earlier in the meeting, new president Hemphill explained the goals of the committee and stressed the need of community involvement, support of teachers and recognition of students. He added that they were "not a policy making committee".

A local Advisory Council is a group of individuals with specific knowledge and expertise organized to advise vocational education educators on the world of work and provide a link to it for their students. A local Advisory Council can keep curriculum relevant to what actually is needed in the work place.
