Sandenaw Hands In Resignation

Tom Sandenaw, District Judge, Division II, Twelfth Judicial District, last Friday announced that he will be resigning as Judge effective March 1st. Stating that several factors had led to his decision, the Judge commented that the major factor was judicial salaries.

\$35,317. The take home pay is only 62 percent of that amount. New Mexico's national ranking has improved from 35th to 28th. But during the same time frame, salaries in Arizona have increased from \$30,000 to \$43,500; in Nevada from \$30,000 to \$43,000; and in Colorado from \$33,000 to \$38,500.

however, that significant increases are improbable in the near future. This is particularly true in light of President Carter's request that inflationary guidelines be kept and that increases in spending be kept below 7 percent.

tained, there is so much that needs to be done in a building program. Classes are overcrowded. Which brings up the money angle. What will they do with the money? The school people don't completely know because they don't know just how much money they will have.

"It has indeed been a privilege to serve the people in Otero and Lincoln counties as their District Judge. I have made a number of decisions during my tenure. These decisions have been significant and meaningful for the people in this Judicial District.

John Hightower, right, was sworn in as County Commissioner to fill the vacancy from the resignation of Lee Straley in a ceremony at the Lincoln County Courthouse Monday. Judge

The Zia Senior Citizen's center will be sponsoring a Pot Luck Supper for two of the applicants for the job of Carrizozo School Superintendent, February 1st, (Today) at 5:30 p.m. at the Center. The Pot Luck will help to spread some of our great Carrizozo hospitality and give us all an opportunity to meet Lewis Stratton from Roy, N.M. and Dr. Robert Russ from San Angelo, Texas.

The children of our community deserve the best we can provide for them. While I am not married, nor do I have children, this is a vital issue to me because the children are my future also. They will come to me for employment. They will take the reigns of government and leadership in a relatively short period of time.

"I have been particularly pleased to have an opportunity of working with the supporting personnel within the District Court and in sharing the caseload with Judge Zimmerman in a Judicial District where a large number of cases are handled annually, and in an efficient manner."

The School Board elections will be held next Tuesday, February 6th in Hondo, Carrizozo, Capitan, and Corona. This is the ONLY election that I feel will effect the citizens of Lincoln County directly.

The education at Capitan Schools will go on regardless of the election. But the overcrowding takes away from the efforts of our fine instructors.

PIE CONTEST:

Monday, January 22, was the date for the third annual FFA-FHA Pie Contest which was held in the school cafeteria. Many people joined the FFAers and FHAers to make this event a big success. The activities started off with a pie judging contest—pies baked by members of FHA and FFA were judged for the quality and tastiness. The classes were fruit, cream and miscellaneous. Grand prize winner was Johnny Herrera for the apple pie he made. Other first place winners were Matt Ferguson, Lemon cheese, and Bridgette Sandoval, pecan. Second places went to Jaylen Vega, Fruit; Rosie Lueras, cream; and Billy LaMay, miscellaneous. Third place winners were Lisa Cantrell, fruit; Cyndi Fender, cream; and Lisa Ferguson, miscellaneous. A special thank you to the judges—Dr. & Mrs. Craig Nelson, Viola Feyer, Mr. and Mrs. Glen Ellison, Beatrice Beltran, Bob Stearns, Eileen Lindamood, and Richard Vega. The winners were auctioned to the highest bidder for a total of \$73.50. Then the rest of the pies which had not been chosen for eating in that contest were auctioned. The most exciting and exhilarating contest was the pie-eating contest. The participants paid a \$1 entry fee to eat a pie as fast as they could. The winner was Gary Vega, a senior at CHS, who ate his pie in four minutes. He was awarded a silver tie tac. Todd Lindsay was a close second and received a Grizzly Bear paper weight for his efforts. Doug Whittaker came in third and a full stomach was his prize. The total amount of money taken in for both FFA and FHA-HERO was \$182. Thanks to generous merchants, expenses were only \$9.35. So earnings were quite high. We all thank the community for their generous support of this money-making effort. Several people bought more than one pie.

MARRIAGE AND FAMILY LIVING:

The Mother and Baby Care unit was the final study in the marriage and family class. As one of the last projects, the class members prepared the following list of essentials for the newborn baby up to about two months of age. This list is assuming the new mother plans to nurse her baby. (Clothing: Disposable diapers (2 pkg) \$20, night gowns (3) \$7.50; footed sleepers (4) \$7.50; undershirts (9) \$9.00; socks (6) \$2.60; Furniture: carrier (1) \$5; bassinet (1) \$26; folding dressing table (1) \$27; tub (1) \$3.50; Supplies: powder \$1.25; lotion \$2; shampoo \$1.50; oil 75 cents; Q-tips 90 cents; blankets (4) \$20; receiving

blankets (6) \$9; sheets (5) \$20 bottle (kit) \$6. Total cost \$171.90. Class members would appreciate feedback from new mothers in the community as to how practical their list is. Members to contact are Debbie Wells, Tami Ortiz, Ann Beltran, Gina Sedillo, Liz Baker, DeeDee Wheeler, Debbie Bauer, Mrs. Emma Catherine Lawson teaches the class.

SIXTH GRADE SCIENCE FIELD TRIP:

On Wed., January 24, Mr. Collins' 6th grade class got their long awaited field trip to the International Space Hall of Fame in Alamogordo. Highlights of the all-too-short visit included a ride (two at a time) in a replica of the Gemini Space Capsule, a film called "Zero-G", about the weightless environment experienced by the crews aboard Skylab, the U.S. Space Station. One part of the film showed the astronauts doing flips to "swim" from place to place in Skylab. It also showed an astronaut pouring water out of a glass then watching it as it simply floated through the room as a glob. Other items of interest were the models of Apollo space capsules, the space shuttle and the VOSTOK satellite on loan from Moscow, Russia. The VOSTOK was the space capsule that carried the world's first man in space, Yuri Gagarin, back in April, 1961.

After the tour of the Space Museum was finished, we went to the zoo-park area to have lunch. In spite of cold weather, everyone seemed to enjoy the animals. One student, Amy Means, was sad that the animals were in captivity. The zoo helped us realize that, while trips to outer space are neat, there's really no place like home—our beautiful planet Earth.

BITS AND PIECES OF INFORMATION:

The ski trip for last Friday was cancelled due to bad weather and bad roads. Watch the announcements for the next trip. Peggy and Joe Orsak are in Lubbock, Texas due to the death of Peggy's father. Some of the elementary children have chicken pox. The junior high girls basketball game in Hondo was cancelled due to illness in the Hondo school, but the boys did go and play. The FFA members are selling fruit again, this time from Florida. The FHA members are selling a flower for most admired person for \$1.50 each for Valentine's Day. Many students and teachers have been out of school because of the flu.

STUDENT COUNCIL:

The Student Council met Tuesday, January 30 to decide on a student lounge. Mr. Wilkinson said that the lounge would be located in the girls locker room which is located off the old gym. Mr. Wilkinson also approved improvements to the rooms such as new paint, carpet, used furniture, etc. He also suggested that we get a pinball machine or two, a juke box, and other electronic games for the students' use.

The Student Council passed the motion to have the lounge and hopes to start work very soon. The Council is looking for old used furniture that anyone would like to donate for the lounge. Anyone interested in the lounge is urged to attend a special council meeting on Friday, February 2 in the high school science room at 8:00 a.m.

TITLE I:

J.C. Richmond, Title I Coordinator for CHS, attended a statewide Title I workshop in Albuquerque on Thursday and Friday, January 25-26. The purpose of the workshop was to discuss the amendments to Title I as contained in P.L. 95-561 which was recently passed by Congress. There are a number of significant changes in the law which will affect next year's programs. Some of the changes will simplify current procedures and others may present new problems. All concerns were addressed. At the present time we have Title I reading and math programs in grades 1-4 at Carrizozo. Josie Vega, Delfina Vega, Patsy Dobbs and Don Hollis work in the Title I program.

Letter to Editor

I was sad when I read the notice of the death of Bryan Hightower. He was a life time friend of mine.
When we were small boys we went to school together.
When World War One came along we went to the army together and were in the same company for a few months when we were classified and sent to different companies.
The last time I saw him was about a year ago, our conversation was of old times, and our health etc.
An old friend since 1899 or 1900.

Thinkin' In Lincoln

by Mary Ellen Payne

If you're a smart shopper you will be keeping up with the latest developments in food prices and food supplies. For February the U.S.D.A. says that the supply of beef is adequate, but 2 to 4 percent below the February 1978 level. Pork on the other hand is 2 to 4 percent above year - earlier levels. Broiler Fryers are plentiful. Marketing rates are to be up 8-10 percent from a year ago.

Generally what these supply figures mean, is that you should look for price differences in line with the availability. Look for good buys, specials, or more reasonable prices at least, on the foods that are in good supply. Since meat is one of the big items in a family's food budget that is the area to consider first.

In other areas, potatoes are in plentiful supply and should have good prices. Potatoes are a good buy nutrition-wise. Penny-for penny, that have more energy-giving value than any other vegetable. One medium potato (about a 2-3 cup serving) supplies only 90 calories, but contributes one-fifth of the vitamin C needed daily, worthwhile amounts of the B vitamins—thiamine and niacin—as well as the minerals—iron, phosphorus and potassium. Potatoes are high carbohydrate sources, too.

To maintain quality and reap their full goodness, follow these suggestions when purchasing, storing and preparing potatoes:

—Buy potatoes that are clean, firm, smooth and well-shaped. Avoid those with blemishes, decay and green sunburn.

—Store them at room temperature or cooler (60-70 degrees F) in a dark and dry area where air circulates. If this kind of storage place is available, it's economical to buy in larger quantities. Check often to remove injured or defective spuds to avoid further spoilage.

—Wash and remove sprouts or decay, when preparing for use. If pared, keep peeling thin. Precious nutrients are just below the skin.

—Boil in the least amount of water possible. More vitamins are retained when left whole. However, if time is a factor, cut into small pieces, and don't overcook. Although the larger amount of exposed surface tends to increase loss of nutrients this may be offset by shorter cooking time.

Now take a look at some delicious ways to utilize more potatoes while the prices are so low:

QUICK POTATO SOUP
2 cups thinly sliced raw potatoes
1/4 cup finely chopped onion
1 1/4 cups boiling water
1 1/2 cups milk
1 tablespoon butter or margarine
1/4 teaspoon Worcestershire sauce
1 teaspoon salt
Pepper

Add potatoes and onion to the boiling water. Cover, and cook for 15 to 20 minutes, or until potatoes are tender. Mash the potatoes slightly with a fork to thicken the soup a little, if desired. Add milk, butter or margarine and seasonings. Heat.

For a touch of color, garnish each serving with chopped parsley, grated cheese, croutons, diced crisp bacon, or finely cut watercress or chives.

Makes 4 servings about 1 cup each. Variation: Cut 2 frankfurters into 1/4-inch slices and add them to the soup with the milk.

Margaret and Johnston Stearns are back from a wonderful trip to Tahiti in the Society Islands in the Pacific Ocean. The Society Islands group consist of 14 islands. The capitol of the islands group is the busy seaport of Papeete, on Tahiti.

The Tahitians are a Polynesian people. The island also has many French, Chinese and half-castes. In 1767 Captain Samuel Wallis took formal possession of the islands for Great Britain and the next year a French navigator, Louis Antoine de Bougainville claimed the island for France. The French gained control in 1842.

Tahiti is well known to the world through the paintings of the French artist, Paul Gauguin. He painted the handsome Tahitians and the palm trees, coral beaches and fertile gardens.

Tahiti is famous for its beauty and its perfect climate. It has been called the 'Paradise of the Pacific.' The Stearns enjoyed a fine time, but it is good to be back home. Carrizozo, L.S.A., Citizen State Bank and J. G. Moore Insurance Agency will never be the same.

Rita and Danny Narvaez accompanied Dr. Dale Goad and his wife Cheri to an evening of skiing last Friday and a stop at the Inn-credible.

Maria and Don Hollis are the proud parents of their first child, Robin Marie. Their daughter was born January 21 at Gerald Champion Memorial Hospital in Alamogordo. Robin weighed 9 lbs. 2 oz.

Aileen Lindamood was a recent visitor in Alamogordo, at the home of friend Marge Bodwell.

Natalia Vega, was in El Paso last week to visit her grandson in a hospital there. He is the son of Mr. and Mrs. Jon Paschall (Rita).

Clifford, son of Mr. and Mrs. Moises Sambrano was here on leave. He is a Naval submarine mechanic in Long Beach.

Visitors in the home of Mr. and Mrs. Moises Sambrano for 2 weeks are daughter-in-law Jerri and grand daughter Tara of Oceanside, California.

SHORT STUFF

As you know the year 1979 has been proclaimed by the United Nations as the International Year of the Child, a time to assess the rights and needs of children everywhere and a time to focus on the rights of the abused child, as well as the unborn. Saturday morning a group of Carrizozo and surrounding area mothers and other interested individuals gathered donations from all over town for the March of Dimes. If you were not home, an envelope was left, addressed to March of Dimes volunteer chairman, Mrs. Stirling Spencer, Box 302, Carrizozo. Use that envelope or one of your own this week. Your stamp adds to your gift.

The National Foundation-March of Dimes was founded in 1938 by President Franklin D. Roosevelt. Its original aim: to find a cure for polio. That goal was realized in 1955 with the licensing of

Salk Vaccine. The Foundation then turned its energies and resources toward an even greater task: the prevention and cure of birth defects.

The Carrizozo Boxing Team has been training everyday when possible for the February 10 Boxing matches in Roswell. Last Sunday, Boxing Coach Nat Chavez took the youngsters to his home, so that they could all watch Boxing on channel 7. Amateurs from

the USSR and U.S. square off in a team competition, taped at Las Vegas, Nev. Howard Casell, could be heard at ringside "...on his toes, very cleave-ver fight."

earch of Dimes continues to research objects around the country. While and parents watched Saturday morning cartoons with grandchildren and fathers burned toast and scrambled eggs for a hungry family, Carrizozo and surrounding area mothers and ners gathered your generous anations.

Santa Fe—Legislative Talk: There was much that was easy to predict at the outset of the sixty-day session of the Legislature—such as the problems the House of Representatives would encounter in the fight over the Speaker's Chair and the obvious free-for-all over the introduction of Right-to-Work legislation.

But...it was the unexpected that rocked the lawmakers during the first two weeks of the session.

Over in the Upper House, the Committee on Committees decided to boost the membership of the powerful Senate Finance Committee from sixteen to twenty members—just two shy of exactly one-half the Senate membership.

Then, Rio Arriba County Senator Emilio Naranjo ran into legal difficulties and wrote a letter to the Senate leadership asking that his seat be held in "limbo" until his problems are

cleared up. The leadership of both parties in the Senate agreed.

Over in the House, because of the defeat of Rep. Walter Martinez by Rep. Gene Samberson for the Speaker's Chair, Rep. Leo Watchman of San Juan-McKinley Counties decided to resign his seat.

In effect, that meant the first two weeks of the session went by with vacant seats in two Houses. The real "shocker" came at the tail

end of last week when this reporter broke the story that David King, Cabinet Secretary for the Department of Finance and Administration, might be out for a month because of an attack of hepatitis.

Not only was Young King carrying a tremendous load as DFA boss and "right arm" of the Governor, but he also was heading-up Gov. Bruce King's Legislative liaison team.

There's an ironic twist to this story. For years, this newsman has chided the lawmakers for not taking better care of their health. We endorsed shorter hours and gave a round of applause to the decision this year to have a nutritionist speak to the legislators about their eating habits during the "strain of the session." In fact, the House Ap-

ropriations Committee and the Senate Finance Committee both decided that except in "case of emergency" to try and not run committee meetings past seven o'clock in the evening.

So what happens? A member of the Administration gets knocked for a loop by hepatitis.

Leo Griego, who was serving as State Personnel Director, and having plenty of work to do in his own shop, was designated to take over Young David's DFA chores on a temporary basis.

Our prediction is that the lawmakers from both Houses will bend over backwards to cooperate with the Administration in what at best can be termed a "very trying situation."

Calendar Date: Unless someone makes a last minute switch in plans, look for the House Labor Committee to hold a hearing on the Right-to-Work Bill February 9th.

The committee chairman, Rep. James Caudell says all the time necessary will be afforded to give proponents and opponents of the measure an opportunity to express their views.

Another Calendar Date: The GOP has scheduled a fund-raiser for February 8th—a roast—with Congressman Manuel Lujan on the receiving end of the barbs.

Lujan showed up at the Merry Round House last week wearing cowboy boots. The Congressman said the boots were in honor of the new Governor, Bruce King.

Sidelight: Someone grabbed Congressman Lujan in the Capitol Rotunda and asked the purpose of his visit to Santa Fe. He replied that he wanted to see how the coalition was formed in the State House of Representatives—between Democrats and Republicans—and maybe see if it wouldn't work in Washington!

Arts Note: Marge Beatty, who handled public relations for Joe Skeen during the recent gubernatorial campaign, tells us the Arts Task Force of the National Conference of State Legislatures will be meeting in Santa Fe February 9-11.

The task force is made up of one lawmaker from each state and is charged with finding the most efficient methods of supporting and advancing the arts in their respective states.

State Sen. John Erick of the Big Duke City is New Mexico's representative on the task force.

Prediction: You can bet there will be a slew of bills introduced this session that will affect the State's receipts tax.

Our "birdies" say State Sen. Alex Martinez, chairman of the Senate Corporations Committee, will name a subcommittee to study each measure introduced.

A member of that subcommittee will be designated to serve as a liaison with Gov. Bruce King's office to come up with a Committee Substitute bill that will track with the Governor's proposal to ease the tax on food and drug items. Don't Say We Didn't Tell You!

Two Capitan Students See Troubles In Iran

By Dottie MacVeigh

The problems and protest of the Shah of Iran seem millions of miles away to the people of Lincoln County, yet there are two students at Capitan school who can tell you otherwise. Becky and brother Paul Osuna returned to the United States December 23, after spending almost 7 months in the troubled country.

Becky is a junior in high school and Paul is an 8th grader. They are the grandchildren of Henry Sanchez and are presently residing with their grandparents in Lincoln.

The Osuna's came to be in Iran by way of Mr. Osuna's occupation as a helicopter mechanic for Bell Helicopter International. Being of an adventurous nature Mr. Osuna answered a newspaper ad for mechanics qualified in this area and the company promptly moved the Osuna's to Esfahan, Iran.

During the time the two students were in Iran, they attended an American school. Only a few students were from Iran, the majority being from foreign lands.

Becky describes the schools as quite a place but more difficult than here in America. Several languages are taught including the native Persian language of Iran.

The Iranian students are drafted into the army at age 18 while only the advanced are allowed to attend universities.

The courses are greatly specialized in that they are broken down into detailed areas whereas our system in America is more general.

Extracurricular organizations include many language clubs, outdoor clubs, and sports. Becky's school had soccer, baseball, flag football and volleyball teams which competed in a league consisting of other countries.

The company where Becky and Paul's father was employed sponsored baseball and softball teams during the summer. The women's team that Becky played on used slow pitch "because some of the ladies were around 50 years old," Becky said.

When the trouble in Iran began to get dangerous, Becky says she and her

family would go up on the roof of their two-story apartment house after curfew which is 6:00 p.m. in Iran. They were located closely to a mosque where many people would gather and begin chant against the Shah and including the United States, which eventually led to street marching. Many nights they could hear gunfire and see the bullets break up the crowd. All of this occurred less than a mile from their home.

When the Osuna's decided that it was time to leave the chaotic country, Becky and Paul were sent home first. Their trip was by airplane from Esfahan to the capital Tehran where they caught a Pan-Am flight to Frankfurt, Germany then to London. In London, fog caused a layover before they could continue to New York. The two teenagers had to stay overnight in New York and made the final journey into Albuquerque and on to Lincoln the 23rd of December.

Asked how they accomplished this long travel on their own Becky replied that there was a large group of people leaving at the same time and a friend they met on the plane kept an eye out for them.

Becky is a mature, poised young person and she related her experience in Iran with knowledgeable accuracy. She is aware of the desperate problems involved in Iran, and seems to have benefited from her experience even though not always a pleasant one.

Today, Becky and Paul are both players on Capitan basketball teams. Their maturity is reflected on the court as they play well under even the hottest pressure. After all, what could be more nerve racking than machine-gun fire a mile from your home?

Corona FFA Has Fruit Sale

The Corona FFA chapter will have a fruit sale from Jan. 25 to Feb. 9. Fruit is available in 20 and 40 pound boxes of oranges and grapefruit. For orders contact any Corona FFA member.

Winter is still with us with all of its severity. Very cold windy and wet. That moisture is so appreciated. In higher altitude it was foggy and icy as well with much more snow.

The Smokey Bear Recreation Center building is progressing fast now. It is enclosed with a glass front, looks very nice. Visitors at the Smokey Bear Museum has slowed just as it does this time of year. Not much travel. Cannot blame them one bit. Our towns people stay in lots too and its very hard to find news.

Patsy Green of Las Cruces is spending one week with her parents Mr. and Mrs. Charles Jones at their ranch and having a wonderful time with them. Her husband went to Washington, D.C. on business.

Ethel Pepper is now at a private nursing home. She has been there for three weeks. It is located in Gavilan Canyon on highway 37 enroute to Ruidoso. Barbara Sanchez our Beauty Shop owner and operator went a week ago to give her a permanent.

Forest Cool has not been in good health of late. Tuesday he became seriously ill. Dr. Rouleau was called. He then contacted the Veterans Hospital in Albuquerque who gave orders for our ambulance to take to that hospital at once. They left at 6:15 p.m. Mr. Cool you are in good hands with the best care. I do wish you the very best recovery.

Doris Pounds, Valda Watson, Thelma Appar and Agnes Hein at

attended the official visit of the Eastern Star at the Ruidoso Chapter Thursday night January 18.

Eva Allred of the University in Lincoln Nebraska is transferring to the University of Arizona and while enroute she visited her parents Jane and Bill Allred.

Remember—if you desire a cloth calendar—do buy it from the Youth Group who are trying to earn money by selling them. They are working hard.

Rev. and Mrs. Wayland Holbrook are in Los Angeles, Calif. for this week. Champ Ferguson entered the Ruidoso Hospital Sunday night January 21. He had fallen the day before and injured his hand and infection set in and he needed care at once. I do wish the very best recovery.

Mr. Jimmy (Linda) Wright entered the Medical Center in Roswell last Sunday and was released Monday.

Mr. and Mrs. Terry Strickland celebrated their 11th wedding anniversary Friday January 19, by having her parents Mr. and Mrs. Howard Wright, her brother Mr. and Mrs. Jimmy Wright and a few friends enjoy a pizza dinner at the B & L I do wish you many more happy anniversaries.

LaRue Parker went to Alamogordo Wednesday January 17, and had all of her upper teeth pulled. She spent two days therein before returning home. I wish her the best recovery.

Jay Johnston of El Paso was a business visitor in Capitan last Monday. We are always happy to have them. Dorothy did not come this time. She has to be careful of the high altitude. We miss her.

Mr. and Mrs. Curtis Payne, Mr. and Mrs. Virgil Hall and Virgil Sr. and Butch and Tommie Allen enjoyed skiing at Sierra Blanca last Monday.

David Cummins said he enjoyed skiing there last Sunday and Monday.

Mr. and Mrs. Kenneth Bray of Lubbock, Texas are spending one month at their summer home here. They hope to make it permanent very soon.

Mrs. Rench made a business trip to Ruidoso Wednesday. Visited a few minutes with Mr. and Mrs. J.C. Harris at their home in Ruidoso Downs. Jess was home and in bed. It was good to see him. He has been so ill but he looked good and knew me and talked to me. You know, I feel that it would make him very happy if his friends would drop him a card of cheer. Lets do that, give him happiness. He is a good man and has always been.

Eleven members of the Capitan Round Table Club and their guests waded mud and water to enjoy their monthly meeting at the home of Bessie Cummins on Jan. 18th. Lorene Ferguson was unable to attend due to the bad weather.

A one o'clock luncheon with much good food was enjoyed. Those present paid their annual dues and a short business meeting was held.

The birthday of Mora Tiltworth was recognized and Rose-bud gifts distributed—Frances Shaw received the white elephant gift, a lovely old crystal jelly dish from the china cabinet

Tiger Tales by James Burch

The Capitan J.V. traveled to Tularosa to meet the fighting Wildcats and came home victorious with a 53-33 victory. The Tigers were led by the underneath play of Mike Stone and Deke LaMay. Mike Stone and Deke LaMay were a rebounding power, as they man-handled the Wildcat front line. Mike Stone led all Tigers with 15 points. Deke LaMay also had 14 points. The Tiger season record now is 7-5.

The Capitan J.V. lost a close one in Corona. The Tigers were defeated by the score of 54-49. The Tigers stayed close throughout the game. But the

Tigers got into foul trouble, and that seemed to be it. Johnny LaMay led all Tigers by scoring 17 points. Jim Parker and Lee "Shotgun" Coleman controlled the Tigers rebounds. The Tigers made their comeback in the fourth quarter as they outscored the Cardinals 18-13. But they still came out short as they lost a squaker. The Tiger season dropped to 7-6. The Tigers next games are at Cloudcroft February 2.

In the Capitan Varsity's first game, under head coach Jim Bizzell the Tigers came out fired up with this young lineup. Nevertheless, the Cardinals just put out the Tiger fire. It seemed that the Cardinals just couldn't miss from the outside. While Tim Proctor had the shooting touch from the outside, Clyde Cranwell and Deke LaMay controlled most of the Tiger rebounds. But the Tigers lost by the score of 73-55.

The Tiger Varsity just couldn't get going. As the Grizzlies rolled to a 58-47 victory over Capitan. The Tigers just couldn't break the Grizzly press. Although Tim Proctor and David Rooks were the Tigers outside shooting power, and Deke LaMay, Clyde Cranwell, and Tim Proctor controlling the Tiger rebounds, the Grizzlies won the game on fast breaks. The Tigers made their comeback in the fourth quarter by the score of 21-8. The Tigers will be seeking revenge when they meet the Grizzlies next time. The Tigers next game is against Cloudcroft.

Labels For Education Program

The Zia School for Developmental Services urges all county residents to bring their labels to a collection center. Also, it is important for area collection chairpersons to get the labels to the school for counting. The deadline draws near and the drive has produced

3,013 labels or 4.7 percent of their total. Collection centers are CARRIZOZO: Piggly Wiggly, The Little Store, The Grocery Basket, Four Winds, Delco Industries, Zia Senior Citizens Center, Church of Christ, Catholic Church, Methodist Church, Assembly of God,

Carrizozo Recreation Center; NOGAL and ANCHO: Presbyterian Church; CORONA: The Grocery Store; CAPITAN: Baptist Church, Methodist Church, Catholic Church, Smokey the Bear Museum; RUIDOSO: Safeway, Gibson's, Hospital Gift Shop.

The Capitan Tigers and Tigerettes were active over the weekend as both squads played against Corona Friday night and Carrizozo Saturday.

The Tigers are now coached by Mr. Jimmy Bizzell who has taken over after the resignation of Jim Johnston. Coach Bizzell has been the J.V. coach and remains so along with his new duties with the varsity. Bizzell was selected Coach-of-the-Tournament at Reserve by the other coaches. His program includes bringing up several J.V. players to the varsity. They play a fast-paced offense with intimidation the key on defense. The Tigers lost to Corona and Carrizozo last weekend but are looking to win this weekend as they face district opponents Cloudcroft and Hagerman.

The Tigerettes are coming back after losing several of their varsity

players. They defeated Corona girls Friday night by a slim 49-48 as Sally Abercrombie led the scorers with 24 points and not a single foul. Debbie Womack contributed 10 in the victory.

For Corona, Laura Stewart made 16 points. Saturday with Carrizozo was a replay of the night before. The Tigerettes played an overtime period with the score tied at 29's until Cathy Story made a lay-up and Sally Abercrombie a free-throw to finish at 32-31 in favor of Capitan. Abercrombie had 13 points to lead all scoring for the night, while Donna Cooper made 10 before fouling out. Lisa Ferguson had 12 points for the Grizzlies.

The Capitan Junior Varsity girls also won Saturday against the "B" Carrizozo girls. The high point being a "longer-than-half-court" basket made by Claudia Branum as the buzzer sounded, and just after the referee whistled the shot dead on a traveling violation. Claudia is an 8th grader.

Two members of Capitan junior high and one elementary student are winners of third place trophies in the Elks Free Throw Contest held in Las Cruces Saturday, January 27.

In the boys 12-13 age group, Robert Parker placed 3rd making 16 out of 25 attempts.

Tony Brooks in the girls 12-13 age group successfully hit to win a 3rd place. And in the girls 8-9 age group Tina Brooks won an overtime shoot-off to bring home another trophy in 3rd place.

Five Lincoln County contestants made the trip to Las Cruces. They were the 3 mentioned above plus John Parker and Jeffrey Williamson. To make the shoot offs at Las Cruces the five contestants competed in Ruidoso last month.

A Safeway service in support of suggestions from the U.S. Office of Consumer Affairs

INFLATION FIGHTING ideas

"What's in a Name?"

The U.S. Office of Consumer Affairs states: "Most large supermarket chains sell private label foods and household products. These private label or house brands are usually less expensive and equal in quality to national brands. In many cases supermarkets purchase their house brand goods from the same companies that manufacture nationally advertised brands."

Because of various cost savings, including lower promotional cost, house brands can be sold for less.

Safeway generally prices its own top-quality (S) Brands lower than national brands of comparable quality and you can always depend on their consistently high quality. Every (S) Brand is unconditionally guaranteed to please.

Each product in the entire (S) Brand line is identified with the red (S) and the words "FINEST SAFEWAY QUALITY." Rigid quality specifications must be met before the familiar (S) goes on the label. Customers acquainted with (S) Brands know the products are comparable to top national brands... but they cost less.

Get to know Safeway's family of (S) Brands. Including: Town House, Bel-air, Lucerne, Edwards, Safeway, Mrs. Wright's, and many others. They're your staunch allies in the battle against inflation!

Next week's Inflation Fighting Idea: "NO FRILLS - LOWER BILLS"
