"ROBT M OLLINGER DIED HERE - KILLED BY BILLY THE KID - APRIL 28, 1881"

The "Kid" made his dramatic escape from the old Lincoln County Courthouse in Lincoln, NM 100 years ago. Today, a marker is located at the site where Ollinger was shot. The famous escape led to the Kid's alleged shooting by Lincoln County Sheriff Pat Garret in Fort Sumner, NM later that year.

The pageant, The Last Escape of Billy the Kid will kick off weekend historical activities this Friday, August 7 at 8:30pm. There will be three additional presentations of the pageant - 8:30pm, Saturday August 8, and 3:30 and 8:30pm Sunday August 9. This year will mark the 41st showing of the pageant.

Among the highlights of the three-day celebration will be the 41-mile Pony Express race, which begins at White Oaks at 8:00am Saturday, August 8 and ends at Lincoln about two hours later. Prior to the start of the race, the White Oaks Historical Society will serve a 6:30-8:00am chuckwagon breakfast to the public. The 13th annual Pony Express event is part of the Old Lincoln Days celebration.

Betty Schrecengost, lifelong resident of Lincoln, is spearheading a new group, the Lincoln Pageant and Festival Corp. The corporation has added many new features this year including designated parking lots, first aid stations and law enforcement patrols. Schrecengost's Bonito Farms apple stand will serve

as an information booth during Old Lincoln Days this Saturday and Sunday.

The Old Time Fiddlers Contest is Saturday at 1:30pm. Fr. Dave Bergs, pastor of Santa Rita Catholic Church in Carrizozo, will celebrate Sunday Mass at historic San Juan Church at 9am, August 9. The Old Lincoln Days Parade is Sunday at 1:30pm.

weaving and quilting. Adobes will be laid, Indian bread and tortillas made.

Old Lincoln Days visitors will see how soldiers lived in a cavalry camp. Visitors may participate in horseshoe pitching or try their luck at turkey shooting with a musket furnished at the site. Memorabilia will be displayed throughout Lincoln.

This weekend, days gone by will come alive in Lincoln, restored to look as it did 100 years ago, when William Bonney made his daring escape.

The annual Ward-family reunion was held at the White Oaks Schoolhouse on July 25 and 26. This year's chairman was Elmo Ward assisted by his lovely wife Ardith of Escalon, California. Elmo was born in White Oaks in 1929 to Barney and Mary Carter Ward, and moved to California in 1950. He graduated from U.C.L.A. and enlisted in the Air Corps in 1942 as Navigator. After W.W.I. he moved to San Jacinto County, Calif., where he was a Civil Engineer with the Calif. State Highway Dept. for 32 years. Now retired, he manages three Almond orchards. Elmo and Ardith were married in 1949 and have two daughters: Marlene and Lynette. Marlene and her fiance, Richard Bertschen, returned to Calif. for their up-coming wedding. All of the reunion arrangements were exact and efficient. Part of the decor was edible: generous bowls of perfect-almonds, constantly replenished, from those Calif. trees. No one was deprived of an opportunity to gain some weight, either from beautifully prepared and abundant meals or the ever present almonds. Ardith led the singing of the "Star Spangled Banner".

One hundred and eleven descendants of John Clayton and Namantha V. Kennedy Ward, and Robert and Elizabeth Ward (Aunt Sis - John's sister) Leslie, joined by five Kennedys from Kansas were gathered together for the reunion. Recontact was established with the Kennedy branch through the diligent effort of Mary Ward Walker, Roswell, daughter of John and Namantha. Everyone was delighted to have the group there. Virginia Kennedy, niece of Namantha, Norman Kennedy, Donna Lee Kennedy, and Marilyn Kennedy Crane, made up the whole group. From the Sam and Margaret Current Ward branch, twelve were present. Ed Ward and wife Vivian, from Hatch, NM were there. Along with them came son Jerry and wife Sandy and children Shalon and Shady; son Alan and wife Stephens; daughter Kathleen and her daughter Shannon; son Michael; and daughter Marlene. Ed is the coming year's chairman.

The Edna Ward Littleton branch had six present. She brought along a beautiful king-sized quilt top she made as a contribution to the reunion fund. It was won by Elmo in the annual auction. Her son Lawrence Hicks and wife Margaret were here from Jayetteville, Arkansas, and their son Larry and daughter-in-law Marilyn came in from Fort Ord, California. Another son, sporting a find beard, Floyd Littleton, last year's chairman, and wife Billie came over from Ariz. Her son Claud Hicks stayed home, while his wife Pauline came on over from Hurley, NM. Edna raised her sons in Carrizozo. Lawrence gave the invocation, and contributed a fine piece of his art work for the auction.

From the Thomas Clayton and Florence Current Ward branch twenty-two members were present: Florence; Ken and Inez Ward Ballenger from Fayetteville, Arkansas; their son David, wife Denise and children Bryn and Michael, from St. Louis, Mo.; daughter Joan, husband Ron Griggs, and their daughter Erin from Midland, Texas. Tom II, wife Barbara, daughter Margot and son Don, Carrizozo; Alton, wife Charlene, daughters Denise, Elise, and Felise; son Jerold, Alamogordo; grandson Josh and granddaughter Cheyenne, Albuquerque. Ken led the singing of "How Great Thou Art!"; Charlene received a medal for being the most successful dieter; David and Denise got a medal for coming the farthest. Florence contributed an unusually fancy quilt top which was won by son Al during the auction.

The Rob and Eva Ward Leslie branch had twenty members present. Bud and Dorothy Leslie Payne, Carrizozo; their son Curtis, his wife Beverly and son Curtis, son Guy and daughter Tamala from Capitan; daughter Darlene, husband Bill Gililand, Tularosa; Tanya and Kevin, granddaughters Michelle and Monica Lightfoot, Zane and wife Bessie, Carrizozo; their son Zane II and wife Yvonne, Farmington, with their son Zane III and son Justin (J.B.). J.B. got his medal for being "The World's Greatest Kid". Curtis, fiddler, and three friends with guitars

furnished the music for the Saturday night dance. Zane II was the auctioneer. Kelly, wife Evelyn and son Cal, Mesalero.

The Roy and Ruby Yeats Ward branch was represented by Jane, her husband Albert Morhew, and daughter Jimini, of Tucson, Arizona. Jane gave the history and the year's vital statistics at the business meeting. Albert was in charge of setting up the building for each activity, which he carried off with precision.

The Roley and Dollie Corn Ward branch was represented by Roley and Dollie; daughter Katholene and husband Dwayne Turner of Las Vegas, Nevada; son Bud, wife Roberta, and son Henry from Belen. Roley got a medal entitled "World's Greatest Hotdogger". He won't eat them. This branch handled the Sunday breakfast, which was outstanding.

The Ben and Mary Ward Walker branch was represented by Mary, daughter Genevieve and husband John Dove, Albuquerque; their daughter Laura Patterson, son James, his wife Patricia and small son, Dodge City, Kansas. Mary contributed a beautiful Christmas tree skirt for the auction which Tom II won.

The Phelps and Betty Ward Walker branch was represented by Betty, Roswell. She received a medal in recognition of her branch arriving at the fifth generation first. Phelps and Betty and daughter Velma moved to Roswell from White Oaks in the 1930's.

From the Ward, Leslie branch there were fifteen present. Robert and wife Dorothy, Carrizozo; Charlie

and wife Joy, daughter Cathy, son-in-law Steve Chapman, and their daughter Daisy; daughter Charlotte and husband Gilbert Archuleta, Carrizozo; children Silvia and Guy; Bessie and husband Eddie Griffin, Tularosa; Myrth and husband Sam Osborne, El Paso.

The Ben and Mary Burch Leslie branch was represented by Dola Leslie McMillan, Alamogordo, and daughter Gwen, California.

The Eliza and Dora Walker Leslie branch had ten members present; all from Barstow, California: Clarence and wife Beverly with son Perry; son Kenneth, wife Karen and children Dorea, Jason and Brent; and Ruth Leslie-Marrissette with her daughter Sylvia Hawkins. Ellis and Dora moved from White Oaks in 1935.

Fred and Dorothy Current, Carrizozo, were there. Fred was legally adopted by Aunt Sis but his name was not changed to Leslie.

Zane Leslie's family, assisted by Charlie Leslie's family, prepared the barbecue. A lot of work went into its preparation, especially because of rain. Joy brought her special chili dish which causes enjoyment to every hungry person.

Dorothy Leslie Payne arranged for the music, Mary Walker and family arranged the tables, and Al Ward conducted a tour of White Oaks and the Cedarvale Cemetery.

Each year there is a drawing of tickets for a quilt top made up of squares from each family branch. Charlene won it last year, and displayed the finished product this year. Vivian won it this year, and will show her finished quilt next year.

Serving on the board of directors are Al, Janice, Clarence, Zane II and Ed.

Laura Jones--

Appointed Chairperson

Laura Jones has been appointed chairperson of the annual Cystic Fibrosis Breath of Life Campaign to be held September 19 and 20 in Carrizozo. Cystic fibrosis, an incurable, degenerative disease that affects the lungs and digestive systems, is the number one genetic cause of death of children and young adults in the country.

Mrs. Jones will appoint approximately five (5) volunteers to fan out through the area's neighborhoods and conduct a door-to-door campaign to solicit funds. The campaign is conducted annually by the New Mexico Chapter, Cystic Fibrosis Foundation. Anyone wanting to volunteer, please call Mrs. Jones at 649-2568.

Our goal for the door-to-door campaign is to inform the public about CF and raise money to fight this dreaded disease. This can be met with energetic and dedicated volunteers, and if the members of our communities open their doors and checkbooks wide to give generously.

Money raised during the campaign will be spent in three areas: medical treatment, public education, and research. All three are im-

LETTER

Dear Sir:
Lately it seems that Billy the Kid is back with us! Several articles have been printed in various newspapers, including one in the Lincoln County News dated July 16th, 1981, entitled, "Billy a Hero - says Mel Coe".

His opening sentence was a little disturbing - quote "Mel Coe's grandpa, George W. Coe fought and rode with Billy the Kid". The last part of this quote is true but the first is not. George W. Coe was not a grandfather of Mel Coe. The only living grandson of George Coe, still carrying the Coe name, is my husband, Harold Coe of Tularosa, NM. Other direct grandchildren of George Coe living in Tularosa are Harold's sisters, Evelynne, Verda, and Norma, plus two first cousins George and Elzy Perry.

The family tree shows that Mel Coe's grandfather was Jasper Coe - a second cousin of Grandpa George's.

Now back to the newspaper story, in most part the history about Billy the Kid is true but our concern is the references to George Coe being his great-uncle and then in another place his grandpa.

Sincerely,
Harold and Edna Coe

LISTEN IN!

It's Robie's Party-Line!!! Hot off the Wire:

HI MABEL! SOME NEW IDEAS!

(Taken from "Changing Times" magazine.) I have been having some serious thought about the windmill. Every time I drive down the same road, I notice windmills coming to life; some being fixed up and others brand new, taking the place of old wooden ones. I remembered reading somewhere that manufacturers are putting the windmill back to work again to save energy.

In the 1930s windmills twirled away, watering livestock and vegetation. Then the rural electric system popped in, and with the low cost of power, the windmills were laid to rest.

Now the windmill is awakening again with soaring power cost. The department of energy is developing practical windmill technology. A dozen big companies - from Alcoa to Westinghouse - are developing a new type of stream-lined windmill.

The successful small windmill of the future will be simple in design. It must be cheap, easy to install, and maintenance free.

Many manufacturers have attained this. North Wind says its model HR2 will run 25 years without repair, and also one gets some tax breaks with this deal. There is a small model manufactured in Denver that will supply enough power for the average home for about \$18,500. This sounds good; these small models are produced for suburban and rural back yards.

Then, Mabel, how about this!... Computers will take off in the future. Children will operate wrist-watch computers - some for addresses and messages - teachers will have robots for helpers, and housewives will have them for yard men. The lady just pushes a button to get the lawn mowed. All kinds of services will be done by computers, just mark my words, Mabel!

NOW FOR THE FAMILY!
If you're having trouble getting a

rest home for your grandmother and the government is cutting programs, the best thing is to get her a roommate. They can share expenses and help each other. This is happening in all Senior Citizens' lives and it is working. Hour Magazine had a program on it this week. Just in case you did see it. It's an idea - Now a little fashion!

RIBBONS! RIBBONS EVERYWHERE!!

Yes, use ribbons. That's the latest thing - all colors and all kinds - corded tied in bows at the neck and waist, on shoes and in the hair. I found some cute buttons at K&S and am bringing the 'ol' buttons 'n' bows dress back in style. Try making you one and trimming it in buttons with a bow here and there.

SOME NEAT IDEAS!

Dorothy D. Smith writes the Republican Bulletin, but she writes for everybody. And this week she mentioned a book for recommended reading - "Free to Choose" by Milton Friedman. This book explains inflation. It would be interesting reading for some of you men and women.

The latest thing on the market! Flash!

PAPER CLOTHES: They are cheaper, they can be used, then thrown away. They are flame retardant, and a dress runs about \$7. Men's shirts \$9, formal \$25, and bathing suits \$5. Several TV talk shows have shown these clothes and they are here to stay.

HERE IS A PLUS FOR EVERYONE!

100 stations have signed up to carry the Adult Learning Service, which will give college credit for passing any of the telecourses. So watch for it. You will be able to go to school at home!

DID YOU KNOW?
... That Myrtle Pope's son and

family are visiting her?

That every generation of Americans has been taller than it's parents by about an inch? Except for the present one, which shows no change.

That in 1977 the average working woman spent \$960 on clothes?

In Nogal it is very nice to have The Williams home. Opel Green had her daughter and three children home with her this last week. The Brigers attended the Steak Fry at the club this week. They say "There is a feeling in Nogal that you can't get any other place in the world".

Phil Richardson has been home for a while recuperating from his operation. Let's hope he is much better.

GE-E-MABEL!
Almost forgot your jokes and your recipe!

UPSIDE DOWN CAKE

First step: Put 3/4 pkg of brown sugar in oblong pan. Add 1/2 lb butter, then put pan on stove. Melt butter and sugar, then pour over large crushed pineapple (a small amount). Set aside to cool.

Second step (cake part): Mix together 8 tbsp shortening, 1 1/2 cups sugar, and 1/2 tsp salt. Beat 2 eggs, then add 2 1/2 tsp baking powder, 2 tsp vanilla, 1 cup milk, and 1 1/4 cups flour.

Third step: Pour on top of brown sugar mixture and bake at 350 degrees for 45 minutes. When the cake is done, take from oven and lay a large cookie sheet over it, then hold both. Turn upside down and let cool. **NOW FOR YOUR LAUGH!**

In the car pool: "He drives like a boy scout - one good turn a day." For many wives, the season to be jolly is between the end of football and the beginning of baseball. (Wonder what happened this year?)

I got my education with my son home from college; he knows all the answers!

No questions this week. 'Bye now Mabel, call you next week! -Robie

Lincoln National Forest News

-More than 300 Royal Rangers - the boys' outdoor and camping organization of the Assemblies of God churches - will participate in a three-day "powwow" camp-out at Sixteen Springs, in the Mayhill District of the Lincoln National Forest, August 7-9. The campers, from throughout

the state, will work with the Forest Service on several conservation projects during their stay. The projects will include cutting especially-designated trees, planting trees, and building a gabion structure to control erosion. The organization has about 35 Alamogordo members and about 150,000 in the U.S. It operates in 34 countries, and is 20 years old.

Campers may spend no more than 14 days out of thirty in the Lincoln National Forest, according to a Forest Service spokesman. He explained that until last week, campers were limited to 14 consecutive days on the forest, which meant that after spending one night somewhere else, they could return. Crowded conditions in the campgrounds made the new rule of 14 days out of 30 necessary.

The Smokey Bear District at Ruidoso is reporting frequent thunder showers, accompanied with lightning. Fire danger is moderate. Southfork Campground is receiving heavy use and others receiving light to moderate use. Streams are running high and muddy. Bonito Lake is receiving heavy fishing pressure. Secondary roads and hiking trails are muddy after showers. Fuelwood gatherers are asked to check with the ranger district office in Ruidoso before going into any fuelwood areas.

The Visitor Information Service Program at Southfork Campground is held on Saturday evenings at dark. There will be a hunter pistol shoot at the Ruidoso Gun Club Range in Palo Verde Canyon on August 16. The public is welcome. For more information call Charles Moore in the evenings at 378-4603.

Cloudcroft Ranger District is also having afternoon thundershowers. Fire conditions are low. All campgrounds are open, including Sleepy Grass, where road work is finished. There is a campfire program at Silver Overflow area on Saturdays at dark. The east end of Silver Overflow area is reserved as a special use area for camping clubs, etc. Resurfacing work on U.S. Highway 82 has been temporarily halted. Secondary roads and trails are in good condition but muddy in places. Fuelwood Area 13 is open. There is a new free use fuelwood area open - stop by the district office for a map. Joplin Ridge fuelwood area has been rained out, but will reopen after the roads dry out.

On the Guadalupe District, at Carlsbad, the 8th International Congress of Speleology held a cave symposium on the forest from July 27 through August 2. Fire conditions are moderate. Sitting Bull Falls Picnic Area is receiving heavy use. Resurfacing work is continuing on N.M. Highway 137. Trail conditions are good. Fuelwood areas are open. Public should be aware of changing weather conditions and rattlesnakes.

The Mayhill District reports that James Canyon Campground is receiving heavy use.

Friday through Sunday night Capitan had rain. At my home there was 1 1/2 inches in small amounts at a time, but that is just great. In other parts of town there has been much more of which I am happy to report. It is much cooler and more refreshing. At least we do know how to appreciate that moisture after this extensive heat and drought. We can only hope for more.

The City has not received the filter plant to date though they are checking daily. It has been shipped. Our drinking water is brought in. We are thankful.

The Smokey Bear Museum has had 6913 visitors in July. They are numerous daily. From the State Park Recreation Building resodded grass has been set out in front of the rock wall to the Museum. It has given it enough rain to date to keep it going. It does look great as there are maple trees set in their places at the edge. They have stood the heat fairly well. Certainly does give life.

The Home Ec Teachers Association award luncheon at the Annual Vocational Conference in Albuquerque will be held August 9 through 13.

CONCURRENT NOTICE

NOTICE TO PUBLIC OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS

Date: July 31, 1981

TOWN OF CARRIZOZO, NEW MEXICO, 100 5th STREET, CARRIZOZO, NM 88301 (TELEPHONE) 505-648-2851

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about August 17, 1981 the Town of Carrizozo will request the U.S. Department of Housing and Urban Development to release Federal funds under Title 1 of the Housing and Community Development Act of 1974 (PL 93-383) for the

following project:
CARRIZOZO HOUSING REHABILITATION LOAN-GRANT PROGRAM REHABILITATION OF SINGLE FAMILY, OWNER OCCUPIED HOMES, CARRIZOZO, LINCOLN COUNTY, NEW MEXICO ENUMERATION DISTRICT 4.

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the Town of Carrizozo has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).

The Reason for such decision not to prepare such Statement are as follows:

FINDING OF EXEMPTION:
It is the finding of the Town of Carrizozo, New Mexico, that all activities proposed in its 1981 Small Cities HUD CDBG Application are exempt from environmental review

requirements because they are defined as exempt activities in Section 58.21 consisting solely of:

Housing rehabilitation of single family dwelling units that will not increase density more than 20 percent change use characteristics or involve work worth 75 percent or more of the replacement cost of any unit after rehabilitation. (Section 58.21 (b) (8)).

An Environmental Review Record respecting the within project has been made by the Town of Carrizozo which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying upon request at the Chamber of Commerce between the hours of 10:00am and 4:00pm.

No further environmental review of such project is proposed to be conducted prior to the request for release of Federal funds.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the Town of Carrizozo to the Mayor. Such written comments should be received at P.O. Box 247 Carrizozo, New Mexico on or before August 20, 1981. All such comments so received will be considered and the Town of Carrizozo will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

The Town of Carrizozo will undertake the project described above with Block Grant funds from the U.S. Department of Housing and Urban Development (HUD) under Title 1 of the Housing and Community Development Act of 1974. The Town of Carrizozo is certifying to HUD that the Town of Carrizozo and Mayor Manuel R. Hernandez in his official capacity as Mayor consent to accept the jurisdiction of the Federal courts if an action is brought to enforce environmental reviews decisionmaking and action; and that these respon-

sibilities have been satisfied. The legal effect of the certification is that upon its approval The Town of Carrizozo may use the Block Grant funds and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval only if it is on one of the following bases: (a) that the certification was not in fact executed by the certifying officer or other officer of applicant approved by HUD; or (b) that applicant's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to HUD, 2001 Bryan Tower Fourth Floor Dallas, Texas 75201.

Objections to the release of funds on bases other than those stated above will not be considered by HUD. No objection received after September 3, 1981 will be considered by HUD.
