Commissioners set budget hearings

Sanctions loom for flood area builders

Lincoln County Commissioners have set May 18 for a budget hearing for fiscal 1982-83, with the final hearing set for June 29.

Commissioners approved a 5 percent cost of living pay raise for county employees, and set the tentative general fund budget at approximately \$1,950,000. County Manager Truman Billingsley said the road fund budget will have to be reworked.

Commissioners will open bids on the Carrizozo administration building on June 2 and take up the matter of awarding the construction contract at a meeting on June 8, beginning at 10 a.m.

The engineering firm of Gordon Herkenhoff & Associates of Albuquerque was retained as the county's consulting engineers.

A lengthy discussion was held on the matter of Lincoln County participating in the National Flood Insurance program. Bill Rives of the Civil Emergency Preparedness Office, Santa Fe, explained that failure of the

commissioners to participate in the program would result in sanctions by the federal government, for example refusing to approve VA or FHA Home loans on property lying within flood plain areas.

Under the program, permits for buildings would be issued by the county, in addition to other existing permits. It would be the responsibility of the county to see that no permits were issued for buildings in the flood plain areas.

Commissioner Thomas P. McKnight said he would be reluctant to tell anyone in the Hondo Valley flood plain area that he couldn't build a home on his own property, and asked what would happen to a person who built a home on the flood plains in defiance of an ordinance prohibiting such construction.

"Do we put them in jail," he asked Rives.

"No," Rives answered. "This is a carrot and stick matter. A person can build wherever he wishes, but he will pay a price"

for doing so. For example, Rives pointed out that the Small Business Administration would deny loans to violators.

Rives said the program is directed not so much to individuals who knowingly take the risk of locating in a flood plain, but to subdividers who build in dangerous flood areas and sell homes to unsuspecting buyers who don't even know the homes are subject to destruction by floods.

It was also pointed out that unless the county joins the NFA program it could be subject to lawsuits arising from flood damaged homes and structures.

Application for the NFA must be by resolution of the commissioners, followed by public hearings, advertising and adoption of an ordinance. The court resolved to make application. The public hearing will be at the regular meeting of the court at 10 a.m., June 5.

In other business, Lois Clements and Cille Dockery

representing the Hondo EMTs asked if their ambulance could answer calls with only a driver in attendance. They said only three EMTs were available.

Billingsley said a certified EMT had to be on all runs with a driver or the county would be open for possible lawsuits. He said the sheriff's office should be called for EMT personnel, and not handled locally.

Billingsley was commended by Rives for his work and persistence in securing an \$11,000 refund from the state for work on bridges that was required by state highway engineers, for which payment was later refused.

The bridge work was done in 1980 following the June, 1979 flood in the Hondo Valley. When payment was refused, Billingsley threatened court action against the state auditor. The auditor then recommended the claim not be paid. Billingsley appealed, and last week payment was authorized.

Rejected in 1978

BLM will again review Ruidoso airport site

The National Academy of Sciences, a private, nonprofit organization of scientists, has been awarded a \$50,000 contract to review and evaluate the past and ongoing research at Fort Stanton.

Fort Stanton is an abandoned military reservation managed by the Bureau of Land Management (BLM). Research on livestock, water shed, range management and wildlife is conducted on the 26,000-acre reservation by New Mexico State University under a 20-year cooperative agreement with the BLM.

The review and evaluation of the research was authorized by a special appropriation in the BLM's budget at the request of New Mexico Sen. Harrison "Jack" Schmitt.

In 1978, the BLM rejected an

application by a consortium of government entities in the Ruidoso area to build a jet capable airport on a portion of the fort. The basis of the rejection, which was upheld by the Secretary of the Interior, was that the area was more valuable for the continuation of the research and that an airport would disrupt long-term studies. NMSU has used the reservation since 1963.

The BLM received hundreds of comments and letters from the public in 1978 both for and against the airport proposal.

The Academy contract is for a six-month period ending in September 1982. A complete report to the BLM is also required in September. The BLM and the Department of the Interior plan to use the study, along with other

relevant information, in weighing the importance of the Fort Stanton research to public and private land managers relative to the importance of the airport site to its prospective users.

The Academy will be represented in the evaluation by Frank B. Golley, University of Georgia; Minoru Hironaka, University of Idaho; James O. Klemm, University of Arizona; Merwyn M. Kothmann, Texas A&M University; Darwin B. Nielsen, Utah State University; and James G. Teer, Welder Wildlife Foundation.

The initial meeting of the group along with representatives from the BLM and NMSU will be at Las Cruces on May 3 and 6. At that time, responsibilities and a timetable will be set.

Exercise in nostalgia

Railroad exhibit recalls booming, bygone days

The public is invited to view an unusual exhibit of photographs and other paraphernalia associated with the railroad and days gone by at the Carrizozo School administration office conference room.

These monthly exhibits are designed to show the work of local artists, craftsmen, and hobbyists.

The current display was prepared by J.N. (Snooks) McDaniel of Carrizozo. Mr. McDaniel was with the Southern Pacific Railroad's locomotive maintenance and supply department from 1938 to 1973. Both of his sons

are currently working as locomotive engineers. Roger out of Tucson and Ronnie out of El Paso.

The original photographs include the Carrizozo Round House, Carrizozo Depot, Carrizozo Club House (recently razed), Las

Cruces Railroad Station (1901), Cloudercroft Branch, Vaughn, and a rare snapshot of Colorado. There are several photos of train wrecks.

The exhibit also includes tools used for switches, signals and tracks. One (on loan from Tom Chisholm of Carrizozo) stands out

because of its heart shape and heavy chain. The inscription reads "Broadway and Bridge Department." There is a tie nails display box, brakeman's cap, old electric motor signal of brass, several large framed reproduction of paintings of trains and an original clock designed especially by Mr. McDaniel for this show. It is done on a weathered piece of wood with tie nails and a railroad crossing pendulum.

The show may be viewed weekdays between the hours of 8 a.m. to 12 noon and 1 to 4 p.m.

Students honored by NHS

The Carrizozo High School National Honor Society will induct seven students into the organization during a formal ceremony Wednesday, May 5, at the school cafeteria beginning at 7 p.m.

New members are Lisa Cantrell, Joe Curtiss, Euse Lueras, Robert Montano, Denise Vega, Tim Vega and Kevin Wilmore of the junior class. Second year members are seniors Lisa Crenshaw and Johnny Earl Stearns.

The families of these students, friends and guests are invited to attend.

For well over half a century the NHS has worked to bring the achievements of outstanding high school students to the attention of their classmates, their parents, their communities, and the colleges they plan to attend. Chapters in more than 2,000 secondary schools continue to strive to give practical meaning to the society's dedication to scholarship, service, leadership and character.

SO LONG, MAGEE — Family Pharmacy employees Monica Ortiz (left) and Burt Richardson pose with their boss, Jack Magee. Magee is leaving Carrizozo. A "Farewell Party, Roast, Bon Voyage and Thanks for Everything Party" is being held for Magee at the Lion Winds Restaurant tonight, beginning at 6:30 p.m.

Pharmacy is sold

Jack Magee has announced the sale of the Family Pharmacy to Burt Richardson of Santa Fe, N.M.

Village Pharmacy, located at Carrizozo 1st and 2nd streets, will be the pharmacy's new name. He also plans to be married in June.

Before coming to Carrizozo in January, 1956, Magee worked in El Paso for Burt & Ed Drug Corp. He was later transferred to

Kosswen before coming here. He is a 1936 graduate of the University of Oklahoma School of Pharmacy. He is a native of Acker, Ill.

'Fine Arts Evening' is May 6

The 2nd Annual "Fine Arts Evening" will be held Thursday, May 6, 7 p.m. in the main hall of the recreation center.

Singers and musicians from Carrizozo and the surrounding area will present the concert, and an art show will be held that evening in the same building.

Performers participating in the concert include a women's singing group, "The Harmonettes," the Carrizozo School's Brass Faculty Quartet, Geneva Maxwell on classical guitar, Phyllis Schlegel and Charles Adams at the piano, Jane Shafer and Ann Ferguson in a piano duet, and vocal numbers by Churchill Cook.

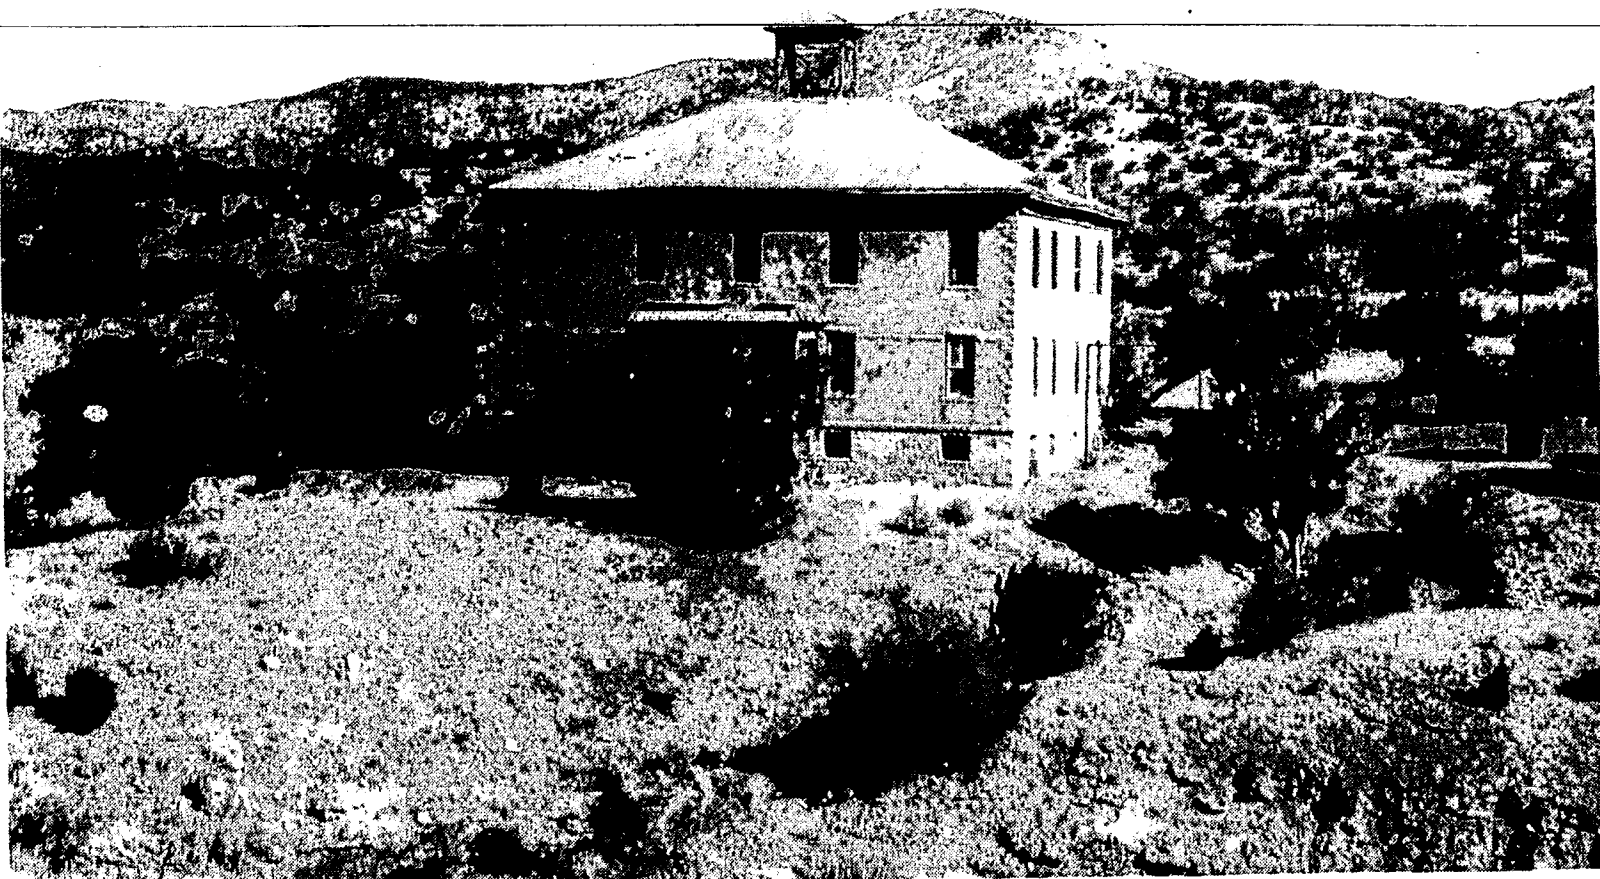

Artists who will exhibit their work include Dorothy Guck and Martha Holloran, Nogal, Jane Allred, Captain, Jack Richardson, Joe DeTevis, Jerry Peckinpaugh and Dorothy Leshe, Carrizozo.

There is no admission charge for the evening's entertainment, and refreshments will be provided by the Carrizozo Woman's Club.

The event is sponsored by Carrizozo Schools.

REPRESENTING NEW MEXICO — Lisa Kay Allen of Las Cruces, "Miss New Mexico-USA," visited with Cong. Joe Skeen during a recent visit to Washington, DC. She was in the nation's capital during the annual Cherry Blossom Festival.

WHITE OAKS School — Many people from Carrizozo and surrounding area attended school at the White Oaks School. The building still has the wood stove which was installed when the school began its own "lunch program" at the turn of the century.

The White Oaks Historical Assn. will conduct tours through the school and to other historic spots this weekend as a feature of the May Day Spectacular, May 1-2, a project of the Valley of Fires Lioness Club.

Quilt show draws appreciative audience

By POLLY CHAVEZ
Saturday, area people had the opportunity to do the thing that most quilters love to do — look at approximately 80 quilts at a leisurely pace.

The gym at the high school was the site selected by the Santa Rita Quilting Group and the Cooperative Extension Service for the show, a first for Carrizozo.

The day-long show attracted quilt exhibitors from various parts of Lincoln County. The quilts, including several baby quilts and one doll quilt, have been in the family for a long time or had some special significance to the person who displayed them. The

quilts in Saturday's show were not in competition. No awards were given. The event was strictly a "show-and-tell" exhibition.

The art of quilting enjoys a revival because of the practical need to re-cycle materials and because it provides a means for artistic productivity. Carrizozo's show featured antique and contemporary quilts.

Roswell, Albuquerque, Hope and Socorro residents were among those who attended the authentic folk art exhibition. Quilt fans registered from as far away as Vernon, Texas.

Among the oldest quilts at the show was one loaned by Evelyn

Seay of Carrizozo. The "Wheel of Fortune" was entirely handmade in the 1800s by the great-great-grandmother of Albert Seay, Evelyn's husband.

The pioneer lady picked the cotton for the quilt. She spun the material, dyed the cloth with herb leaves and made the thread. The quilt was constructed by the light of a candle on a tin circle which was guided across the taut quilt stretched on a frame.

Evelyn Seay, an avid quilter herself, also loaned several of her own quilts for Saturday's show. She has received many awards on her work. Among the quilts on display were, "Sunbonnet Sue,"

"Overall Sam," "Wedding Ring," and "Sailboat."

Ruth Burchett, who lives west of Lincoln, had many of the quilts made 50 to 80 years ago by her grandmother and great-grandmother. Among them was a "yo-yo" spread.

Ruth's daughter-in-law, Marilyn Burchett, who also lives west of Lincoln, had several quilts made by women on her side of the family.

Ruth Moore of Ruidoso had on display a quilt which was made in 1885 by her father, Charles Mullinax of Princeton, MO. Ruth also showed two other family treasures made in Missouri in 1880

and 1920.

Jeanette Browning of Glencoe displayed a Friendship quilt made in 1935 and given to her mother-in-law, Ida Mae Browning.

The late Mrs. Browning was Ruidoso's first school teacher. The quilt signifies her departure from the valley. Each block on the quilt features different names of well known Lincoln County people, many now deceased.

A doll quilt made in 1920 for Phyllis Schlegel of Carrizozo was on exhibit. Phyllis also displayed a 1950 original designed baby quilt and a 1975 one made by her mother, Blanche S. Wade of Salem, West Virginia.

Frances Ortiz of Carrizozo displayed a velvet quilt and wall hanging. The velvety warm and luxurious work called "Rainbow on Clouds" was created by Arizona State University art instructor Betsy Benjamin-Murray.

During the quilt show, members of the Santa Rita Quilting Show, who were hostesses, stayed busy answering questions from the spectators.

The group, which had many quilts of their own on display, also made the quilt-related items given away as door prizes.

The Zia Senior Citizen Center was in charge of providing food and drink to the showgoers.

The Santa Rita Quilters had a cookbook available. The recipes represented a wide variety of interests, including traditional southwestern dishes. These are some of the same foods the group takes for potluck when they meet every Wednesday at the parish hall to quilt.

Santa Rita Quilters are Arsenia Narvaez, Cecilia Ortiz, Helen Serna, Mabel Vigil, Mary Ellen Payne, Patsy Sanchez.

Polly Chavez and Roman Ortiz. New members are always welcome.

QUILTING FANS, Rachel Fox of Alto, Carol Gutierrez of Hope and Sharon Perry of Ruidoso display their quilts and related items.

LINDSEY and Kelli Sullivan of Albuquerque, children of Tom and Ann Sullivan, enjoyed the show.

Last rites for Martin S. Vega

Martin S. Vega Sr. of Carrizozo died April 22 at the family residence.

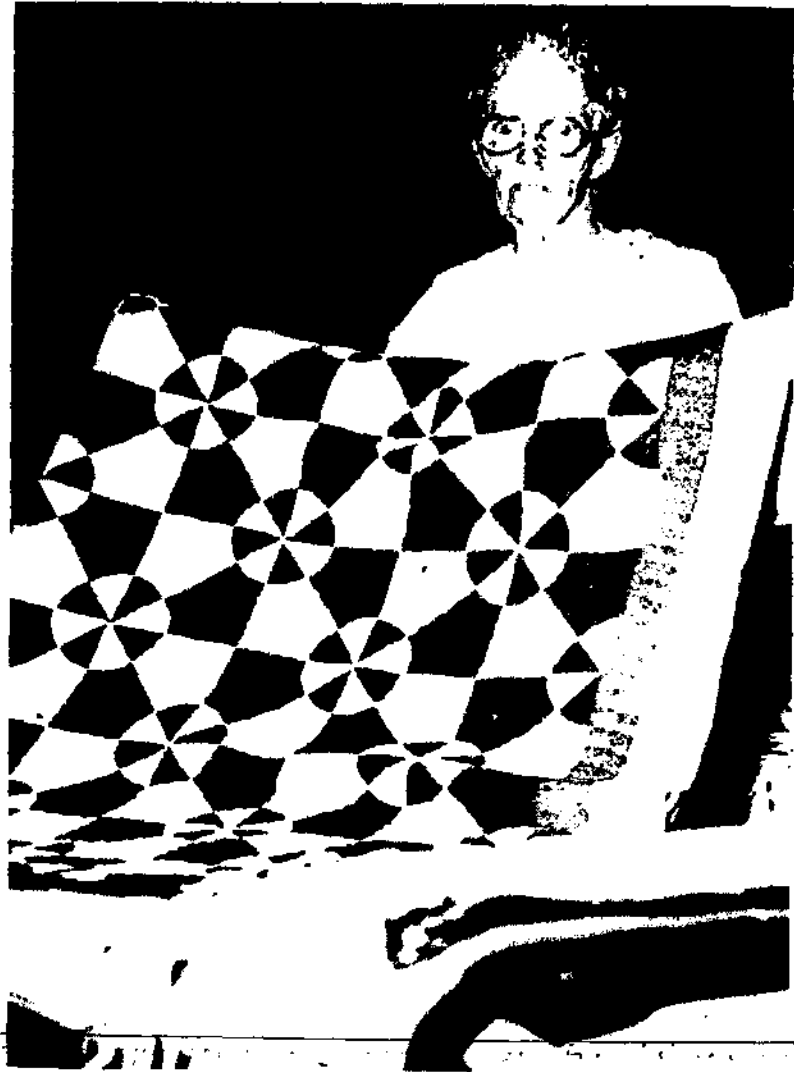

Rosary was recited at 7 p.m. Sunday, April 25, and Mass was said at 10 a.m. Monday in Santa Rita Catholic Church with Fr. David Bergs officiating. Interment was in Evergreen Cemetery, Carrizozo.

Pallbearers were Pat Jiron, Henry Vega, Leandro Vega, Rusty Leslie, Ray Wells and Joe Herrera.

Mr. Vega was born Jan. 30, 1910 in Carrizozo, where he spent his entire life. He was a member of Santa Rita Catholic Church.

Survivors include the widow, Lucia Vega, Carrizozo; sons, George and David Vega, both of Carrizozo; daughters, Petra Sandoval and Patsy Vega, Carrizozo; a sister, Petra Lopez, and a brother, Leandro Vega Sr., both of Carrizozo; 20 grandchildren and two great-grandchildren.

Arrangements were by Clarke's Chapel of Roses, Ruidoso.

RUTH Burchett, Hondo, shows a quilt done by her grandmother and great-grandmother.

Hot off the Wire:

Hello, Mabel! Yes, Mother's Day is Sunday, May 10.

I have heard of several people talking about their coming vacations, the attitude is that cost is a factor. They are talking of a slower pace with their families, not so much rushing and trying to meet deadlines.

With this in mind, I felt it would be a great idea to travel through New Mexico with or without camping equipment, looking at ghost towns and cutting off the main highways to explore, hunt rocks and arrowheads, stopping for picnics, river wading, fishing, reading, and studying wildlife.

This kind of vacation would help adults unwind and rest. While thinking about this, here's a place I love to go to.

Madrid is a resurrected ghost town kept going by people who have bought property there on which to live. In the 1920s tourists poured through the "Christmas City." This coal mining town was called that by people who went there at Christmas. The town would be decorated with the figures of Christ, strings of lights

and decoration among the trees, and Christmas music would resound throughout the hills. It was like a giant toyland. Airlines took their passengers on side trips to witness the Magic of Madrid.

Madrid miners had a fine baseball team, and townspeople were like a big family.

During World War II the town boomed. After the war coal wasn't worth the cost to mine it, and the town died as miners left for other jobs. Water became scarce.

In the '50s people started wandering in, buying old houses and fixing them up. Shops followed. It is now a town again something for people to see and enjoy. It's about 30 miles southeast of Santa Fe.

Now, Mabel, April is ending and a lot of our fruit has been frozen. Let's think of May, and here's a nice custom.

Fill May baskets with blacs. Trail mix is a new idea for May baskets, with little sprays of leaves or flowers through it. Stick a tiny figure in the basket. Baskets may be homemade of paper or flour dough. If you don't have a straw one, try pinning a handle on an old hat, or create something else you might like. It starts May out with a thrill.

HINTS

To keep rust out of your scouring pads, store them in a cheese carton in the refrigerator.

To cook done and rare meat together (patties) in the same amount of time, cut a hole in the middle of the meat patties you want to cook longer and they will be ready at the same time.

Yes, you can freeze tomatoes individually in plastic wrap, with skins on. Take out and run hot tap water over them and skins slide off.

Mabel, they are still Jazzersizing in Carrizozo and you might want to try it. Speaking of dance exercise, you can do it at home to the tune you like best. It takes a little time just before you

go to work.

Fashion Department — Everyone needs a pair of blouse pants, so easy to wear. Dresses have large sleeves—puffed, blousy and straight. A striped drawstring bag is casual to carry. Don't forget that sailor dress or blouse—crisp and cool to wear.

May lunches. Fry pork chops lightly on both sides. Drain off excess grease, add 1 1/2 tbs of flour mix around, add water, chopped green pepper and onion add the chops. Let simmer.

Cook frozen peas. Stir in 1 tbs. of orange marmalade and 1 tbs. butter, top with almonds. This is good.

Buy or bake a pound cake. Combine 1/2-cup sour cream, 1 tbs. of confectioners sugar and 1/2 tps. vanilla in bowl. Cut cake into four layers. Spread each layer with 1 1/2 tbs. raspberry jam. Stack layers. Top with sour cream mixture. Good.

DID YOU KNOW:
The fellow in Nogal who had a birthday party (J.G.)?

Thé three women who feel that hats make their walk—a golf hat, a safari hat, and a crocheted hat—more fun?

A mouse told me that Terry B of Nogal is excellent in her field. That S. Zumwalt is working for the dentist in Carrizozo and loves it?

That a lady in Nogal had the new cosmetic surgery on her teeth (by that young dentist in Carrizozo, who also has a darling baby boy—and a receptionist who is very pretty?)

CORRECTION

In regard to Mrs. H.F. Burkstaller's suspected theft of one very sentimental heirloom charm bracelet, the worth of which has not been determined.

Carol was a student teacher in Carrizozo several years ago. She was among enthusiastic quilt lovers or quilters who enjoyed swapping ideas and sharing their work at the quilt show.

Roswell residents Nina Edwards and friend, Gladys Christenson, were there admiring more than 90 quilts displayed. The quilts transformed the old gym into a world of color. Nina, of Edwards Real Estate also operates a craft shop at the same location. She and Gladys plan to attend our next quilt show.

Letters to the Editor

'Dig deeper'

EDITOR — In your Lincoln County News dated March 25 you published my letter questioning a March 18 from page story headlined "Carrizozo school board . . . Dennis . . ." Your reply stated that you were there and I wasn't. The latter part of your reply was correct and I have no reason to doubt the first part.

It is now about one month later, you have published your second account of a Carrizozo School Board meeting. I raise questions similar to those raised in the March 25 letter about the school board story in the March 18 issue.

Your reporting staff is conscientious, I'm sure. The part of your shop staff which is known to me is beyond journalistic reproach. Yet, I feel that you just are not digging deeply enough into statements emanating from the school board meetings.

Your March 18 story, questioned in my March 25 letter, indicated the existence of qualifications and accomplishments which simply do not exist.

Your April 22 story headlined "School personnel offered contracts" with a kicker, "Board of education," contains reports of such a nature as to be misleading to those who are not school employees. I am certain that you print exactly what you hear. However, I am reminded of a late, great Dean of the School of Law at Kansas University who said, "Just because a cat has kittens in the oven doesn't make 'em biscuits."

People tend to trust school administrators. Yet these, too, are mortal and hence subject to usage of the press in self-interest. Please dig a bit more deeply when covering school news.

WILLIAM L. CRAMER,
Carrizozo.

Modern poetry

EDITOR — Like you I am confounded by modern poetry, so I took your poem to my college bred grandson, Tim Rued.

"I went out upon a mountaintop to bare my soul to the Universe — and heard an anguished cry — from out the Great Nothingness — 'McDonalds' — and a thousand canyoned walls echoed the cry 200 millionfold — and I sat upon the earth — and wept."

Tim's interpretation: The writer went to the hills to communicate with nature to try to learn the "Meaning of Life." He is sadly embittered by commercialism, and or greed.

Isn't that profound? Tim does NOT say it is good poetry, but he did say that you had made a 'boo boo' by not mentioning the author's name. On second thought — may be he wanted to remain anonymous.

HORTENSE KIRKSEY,
Santa Rosa, CA

(ED. NOTE: See the OPINION column for an explanation.)

She likes

EDITOR — I am enclosing a news release which you might like to use as it should be of interest to senior citizens of Lincoln County. I like the improvements you have made to the Lincoln County News and I especially like your column. We need to laugh at ourselves more often.

Is there any possibility of your paper covering the council meetings in Capitan? Having the agenda of the meeting published prior to the meeting and a follow-up column on the meeting would benefit Capitan and surrounding area readers.

DOROTHY D. SMITH,
Capitan.

(ED. NOTE: Be glad to publish the council's agenda, and to arrange for coverage of council meetings.)

'Doctor's orders'

EDITOR — Having read your comments since "Horse Sense" in the Oregon paper I have thought you wrote the best column I have ever seen in any newspaper. I sure would hate to miss any of them. Please put me on the mailing list and send a bill.

Editorial Comment

Latin logic

Four thousand crack Argentina troops swept down on the Falkland Islands the other day. Fighting courageously for four hours, Argentina's "finest" finally overwhelmed the 22 British marines guarding the islands.

Bravo! — Now that the British air and naval forces have arrived in strength to regain the territory the British have held for 150 years, the Argentine government is calling upon the United States to come to its aid, invoking the Rio Pact of 1947. This treaty, subscribed to by 22 nations including the US, states:

"An armed attack by any state against an American state shall be considered an attack against all the American states."

Argentina diplomats and generals

don't seem to read very well. Had Britain attacked Argentina, the US obviously would be obligated under the treaty to side against the British.

But Argentina is the aggressor in this case, and nowhere in the Rio Pact does it state that the US is obliged to come to the aid of an American state which has itself launched an aggressive attack upon another state.

The Latin logic is bewildering.

The Argentines will argue before a meeting of the Organization of American States (OAS) and attempt to prove, that Argentina's 4,000 troops were assaulted by 22 British marines while garrisoned on their own territory!

If the OAS buys that argument, we have a jimdandy ruby mine at White Oaks which can be had for a farthing.

Not fiction this time

Nasty Indian agents finally exposed

The "foul means" used by the operators of an Indian trading post to exert control over the Mescalero Indian Agency in Lincoln County between 1871 and 1878 are examined in the latest issue of the New Mexico Historical Review.

In her article, Hana Samek, a doctoral candidate in history at the University of New Mexico, wrote that "three ex-Army men, Maj. Lawrence G. Murphy, Col. Emil Fritz and James J. Dolan," in the late 1860s established the Murphy Co., "a store and an Indian trading post at Fort Stanton,

and soon dominated the economy and politics of Lincoln County."

After their release from Fort Sumner in 1869, the Mescaleros settled near Fort Stanton. "Supplies needed for the Indians and the military opened the way for a lucrative business," Samek wrote. "The Murphy Company recognized that to prosper, it must ensure that a pliable or at least a sympathetic agent be in charge of the reservation . . . Murphy, Fritz and Capt. Paul Dowlin, one of Murphy's many Army friends, launched a drive to control the

agency by fair or foul means—mainly foul."

Although Murphy and his friends were unsuccessful at manipulating the appointment of the next agent for the reservation, the agent who eventually was appointed, Andrew J. Curtis, "soon discovered he was indebted to the company in other ways," she wrote.

Since the government did not provide any agency buildings, he had to rent a part of the Murphy store as his headquarters," Samek said.

Ingenious students lampoon Dartmouth's 'soiled' morality

By REV. LESTER KINSOLVING
HANOVER, N.H. — "I don't attend the Dartmouth Chapel because I believe in God," writes undergraduate Dinesh D'Souza of Bombay, India.

D'Souza is the editor-in-chief of the new unofficial student newspaper, "The Dartmouth Review," a conservatively oriented bi-weekly which has managed to drive Dartmouth's ultra-liberal administration into recurrent paroxysms of frustrated rage. (The Review's revival of the officially banned Dartmouth Indian and of the Winter Carnival Queen, among other things, provoked retiring President John Kemeny to explode in mid-speech with a furious denunciation of these merry and ingenious students. One of his aides threatened to sue The Review over the use of the word "Dartmouth." This threat shriveled when The Review's attorney cited nearly two dozen local and unofficial establishments that also use the name.)

Among other things, The Review has kept a sharp editorial eye on Dartmouth's Chaplain, the Rev. Warner Traynham — and the way he is spending money from the million-dollar Tucker Foundation.

The charter of this foundation defines its purpose as "supporting and furthering the moral and spiritual work and influence of Dartmouth College."

For Chaplain Traynham, who formerly headed black studies in Boston Theological Institute, such a non-specific stipulation is an absolute Fort Knox of financing

for the far left causes which he apparently believes to be moral and spiritual.

The Dartmouth Chapel program has therefore featured instructions on how to evade the draft; lectures opposing U.S. aid to the government of El Salvador; anti-nuclear protests; and contention — by Assistant Chaplain Richard Y. Hyde — that 70 percent of this nation's budget is devoted to defense. (He explains, when asked about this startling report, that after the obligations of Social Security and interest on the national debt the percentage of what's left is "indeed close to 70 percent" for the military.)

One of Dartmouth Chapel's notable "furtherings of the moral and spiritual work and influence Dartmouth" came when Chaplain Traynham used money from the Tucker Foundation to pay a self-avowed lesbian Episcopal priest to preach. (The Rev. Carter Hayward of the faculty of the

Episcopal Divinity School in Cambridge, MA, told the congregation that "power cannot be possessed by a single entity" but is shared, "even between God and humanity" which is a notable redefining of the omnipotence of God.)

Editor D'Souza and his fellow staffers at The Review have repeatedly reported these and other campus lunacies to some 1,500 alumni subscribers, some of whom have apparently switched the bulk of their financial support from the college to this newspaper. (This absolutely horrifies the administration, which counts upon alumni giving for 10 percent of the entire Dartmouth operating budget.)

D'Souza & Co. have also reacted to Chaplain Traynham and the rest of the administration's giving official recognition to a campus homosexual organization — which the Dartmouth administration even funded with a grant of \$500.

So, with Professor (and nationally syndicated columnist) Jeffrey Hart as their faculty adviser, D'Souza & Co. have now organized the Dartmouth Bestiality Society, "in response to rising demands for sexual alternatives."

The DBS is, at this writing, in the course of formally applying for the same official recognition and funding which the Dartmouth administration has given to the non-overalls because: "Bestiality is serious business — not just a bunch of guys horsing

around."

Chaplain Traynham shows little sign of giving such enthusiastic support and pulpit time to the DBS as he has to other sexual alternatives. And D'Souza continues writing such electrifying things as:

"Alumni may want to investigate exactly what they are supporting when they make out their checks to their alma mater."

That would be a good idea for the average church member in a number of the liberal denominations as well.

● LAST WEEK the nation was treated to a recitation of the horrors of nuclear war. "Ground Zero" was a mass assault upon the American public by leftist handwringers, calculated to inspire a terrified public to demand of Washington that it beat all its nukes into playthings for the poor. Had I not known who sponsored this ridiculous sideshow, and had I not known its purpose and how it distorted the truth, I would have slashed my wrists and ended my misery.

● IN MANY cities, including Albuquerque, television focused upon the horrors of nuclear war as seen through the eyes of an outfit called "Physicians for Social Responsibility." Helen Caldwell, sometime baby doctor and perennial advocate for unilateral nuclear disarmament by the US, is a cherished member. But the workings of this organization, and its political orientation, can be understood simply by noting that its president, Dr. Sandra Turner, was the scheduled speaker at the Communist Party's West Side Marxist Center in New York, March 19.

● CBS NEWS, always ready to cover antics of the left, gave five times as much coverage to Ground Zero as it did to international events, including the Falkland Islands confrontation. What CBS billed as a "debate" on nuclear disarmament fell short, for a debate calls for equal time between knowledgeable people. Dr. Petr Beckmann certainly was not invited to give his views, although he must be well known to CBS hunchos. Dr. Beckmann is professor emeritus of electrical engineering at the University of Colorado. In a recent issue of his newsletter, Access to Energy, he had some news for the left-led disarmament crowd.

● YES, Beckmann says nuclear war is horrible — but there has never been a war as terrible as the next one. Yes, he says, it is true that the superpowers have enough nuclear weapons to kill mankind several times over — but it is equally true that the superpowers have enough butcher knives to do the same job. No, he says, it is not true that a single nuclear bomb can wipe out a whole city. Neither Hiroshima nor Nagasaki was destroyed by a single bomb. Wooden houses one mile from ground zero were standing after the blast. A day after Hiroshima was hit, bridges were open to traffic. Two days later, trains were operating. On the third day streetcars resumed service. What last week's Ground Zero zealots failed to mention is that the air raid on Dresden, Germany, by Allied bombers on Feb. 13, 1945 killed more people than the atom bomb killed at Nagasaki.

● "THE MORALITY of war does not depend on the weapons with which it is fought," Dr. Beckmann says. "You have exactly one life to risk in the defense of everything that makes it worth living, and it matters little whether you lose it to a spear, a bullet, or nuclear radiation. Your forefathers risked, and often gave, that one life for your life, liberty and pursuit of happiness. You have no right to squander their heritage, to invite war by weakness, and to leave your children to the demeaning cancer of serfdom."

● NOW DO you understand why Ground Zero couldn't afford to let an authority like Dr. Beckmann say a few words over television?

● THERE ARE actually people in this country who believe that the Soviets would dismantle their nukes if only we showed our good intentions by junking ours first. Lenin preached to his followers: "Promises are like piecrusts — made to be broken." But, you say, that was a long time ago, and Soviet leaders are more enlightened today. Then how come that the only treaty the Soviets haven't broken in their 60-odd years in power is the International Postal Union Treaty? "Promises are like piecrusts — made to be broken." When will we learn this dictum is basic to Soviet strategy?

● ON ANOTHER lunacy front, the principal of Mark Twain Intermediate School in Fairfax County, VA, has recommended that "The Adventures of Huckleberry Finn," a novel by the celebrated Mark Twain, be removed from the school's curriculum as racist. Twain used the word "nigger" in this book, a term in general use when he wrote the classic in 1884. A member of the school's Human Relations Committee was apparently surprised that the republic survived all the damage Twain did in this single volume. "The book is poison," he said. "It is anti-American; it works against the melting pot theory of our country; it works against the idea that all men are created equal; it works against the 14th Amendment to the Constitution and against the preamble that guarantees all men life, liberty and the pursuit of happiness." Heavens to Betsy, that bad, huh? The gentleman's grief may be assuaged to learn that the preamble to the constitution does not guarantee "life, liberty and pursuit of happiness" to anyone, nor does any other American document. The preamble doesn't even mention the words. Those words appear in the Declaration of Independence, which is not part of our basic law. The anguished administrator should know by now that all men are not created equal and never will be, and that's a blessing. It is hoped that by this time some 6th grade student in Fairfax County has corrected the administrator's irresponsible and erroneous rhetoric.

● I SHUDDER for other literary classics. What shall be done with "The Nigger," a 1909 play by Edward Sheldon about the white man who finds he has Negro blood; or "Nigger Heaven," a 1926 novel by Carl Van Vechten, the first novel to tell about life in Harlem; or "Nigger of the Narcissus" by Joseph Conrad, an English classic? Book burnings is becoming popular again, and the fires will mount because there was never a book published that didn't offend somebody — not even the Bible.

● ON STILL another lunatic front, comes Geri Brown, the guru governor who speaks for The Great State of California, to lay it on students at the University of California at Santa Barbara recently. His message certainly strikes to the heart of the matter, no matter what the matter may be. Hark the words of this Certified Mystic as he exhorts the students: We can't abandon the essence of what is human, what is divine, what is sacred because that is the connecting path between what we are as individuals and what we are as species, what we are as an ecosystem, biosphere, cosmos." Write that on the wall, folks.

● A COUPLE of weeks ago I published some trash in this column purported to be a slice of modern poetry. I offered \$100 to anyone who could understand it, cite the great message, and find what the author had in mind when he committed the following linguistic felony: "I went out upon a mountaintop to bare my soul to the Universe — and hear an anguished cry — from out the Great Nothingness — 'McDonalds' — and a thousand canyoned walls echoed the cry 200 millionfold — and I sat upon the earth — and wept." A few readers had a try at cracking the poetic code. Nobody even came close. A letter from Hortense Kirksey says she enlisted the aid of her college-bred grandson, and he said the writer went to the hills to communicate with nature and to learn the meaning of life, that the author was embittered by commercialism and — or — greed. Wrong. I wrote that mess myself on this typewriter. Louie, my poodle and assistant, wanted a crack at it, but his effort made too much sense. So in 16 seconds I did it, and Keats and Shelley are still restless in their graves. I had nothing in mind. The thing represents nothing. There is no message. There is no poetry. It is jumble of meaningless words. It is acceptable modern poetry though, as several of you have observed. Now you see how I could afford to offer \$100 for an analysis of the alleged poem!

In addition, a contract authorized by Nathaniel Pope, Indian superintendent for New Mexico, called for the company to provide beef and corn for the Mescaleros.

This arrangement, coupled with Murphy's charming helpfulness, his acquaintance with the Indians and their trust in him, the firm's economic monopoly, and the bewilderment of the novice

agent, set a pattern of dangerous dependence on the company for succeeding agents.

"The situation invited fraud. The common scheme involved submitting vouchers for nonexistent Indians or undelivered supplies. The agents thus could become accomplices of Murphy's firm or perpetrators of fraud by certifying 'false vouchers,' she said.

In her article, "No 'Bed of Roses': The Careers of our Mescalero Indian Agents, 1871-78," Samek described how the four agents — Curtis, Samuel B. Bushnell, Williamson D. Crothers and Frederick C. Godfrey — attempted to cope with "an unfamiliar country, dominated by an avaricious company and surrounded by uncooperative neighbors: the Mescaleros, set-

ters and the military.

"All agents repeatedly complained to Bureau of Indian Affairs and to the Presbyterian mission board about Murphy's interference in agency affairs. Still, Curtis, Bushnell, and the Crothers were accused of precisely the things they tried to combat," Samek wrote.

Capitan Village News

By MARGARET TRENCH

Last week we had 1/2-inch of snow with lots of wind, cold and ice. We had one warm day. Saturday afternoon there was a few drops of rain. Not enough to notice. It tried but to no avail. The fruit trees were in bloom on Ruidoso and Lincoln. Lilacs were in full bloom. What a vision and fragrance to enjoy. It's hard to believe they could come forth with such weather. The White Mountain Peaks became very white. Still are.

Smokey Bear Museum has attracted 2,030 visitors this month. Starting May 1, Cathleen Massey will assist Willie Hobbs in the museum for the summer.

Capitan has a newly appointed cemetery board; chairman Loretta Meador and Carol Heamy, Sharon Horton, Georgia Maples and Dorothy Smith, board members.

There will be a Clean-Up Day at the cemetery May 15 beginning at 9:30 a.m. All civic organizations are helping. Boy Scouts, Girl Scouts, Womens Club, FFA, FHA, 4-H and the Capitan Chamber of Commerce.

School will be dismissed each day of the week of April 26 at 3:50 p.m. buses will run at approximately 3:50 p.m. All buses will be running about 50 minutes later each day during the above-mentioned week.

The Capitan Extension Club had its meeting April 15 with five new members joining this month. The club would like to thank Debbie Pipkin for her program on Mary Kay Cosmetics at their last meeting.

The club would like to let you know they still have those collectors cookbooks on hand for anyone who missed getting one. Call Sharon Horton, 354-2525, or any extension member and they will get one for you. Achievement day is Thursday, May 13, with a fashion show of a homemade garment you make and model. Also a salad contest. If you do not wish to enter your salad, bring one to the meal for your dish.

This will be in Carrizozo. May 3 is the Lincoln County District meeting in Ruidoso for all council members.

All visitors are welcome to come to each meeting and learn as well as enjoy the meetings.

The school portraits were to have been taken April 26 but was canceled due to the photographer being in an accident.

The Ford Brothers Circus will have its performance May 2 at 3 p.m. on the Chaparral parking lot in Ruidoso Downs. Contact Kay Strickland at the gas office for children tickets.

The newly insulated ventilation system in the gym will alleviate the heat problems of the past.

Nowhere else can such a spectacular performance of high school youngsters be seen dancing to the graceful, toe-tapping music of these folk dances.

Among the many dances to be performed will be the exotic Spanish dance "El Novillero," the bullfighters dance. New dances include Una Noche en Santa Rosa, Se Puede Pasar and La Bruja. The

very difficult boys dance, often referred to as the Wish Dance, will again be performed. The ever popular polka, Jesusita en Chihuahua, will be performed by popular request.

The dancing program begins at 8 p.m. each night with 20 junior high students performing at 7:30 p.m. to entertain the crowd while they wait for the nationally known high school dancers to put on their performance.

Parents will again serve Mexican dinners from 5 p.m. to 8 p.m. both evenings. The charge for the dinner is \$2.50 with the admission to the dance program being \$2 per person.

NOTICE OF MEETING AND SALE
CARRIZOZO MUNICIPAL SCHOOL DISTRICT NO. 7, LINCOLN AND SOCORRO COUNTIES, NEW MEXICO GENERAL OBLIGATION SCHOOL BUILDING BONDS SERIES JUNE 1, 1982 - \$45,000

ISSUE AND PLACE AND TIME OF SALE AND TIME OF MEETING OF BOARD OF EDUCATION

PUBLIC NOTICE IS HEREBY GIVEN that the Board of Education of Carrizozo Municipal School District No. 7 (herein the "Board" and "District", respectively), Lincoln and Socorro Counties, New Mexico, will on Tuesday, May 18, 1982, at the hour of 7:30 p.m., Mountain Daylight Time, at the School Administration Building, 800 D. Avenue, Carrizozo, New Mexico, receive sealed bids and publicly open the same for the purchase of the District's Series June 1, 1982 General Obligation School Building Bonds in the aggregate principal amount of \$45,000. Such Board will hold an open regular meeting in the Conference Room of such School Administration Building, in Carrizozo, New Mexico, at 7:30 p.m., Mountain Daylight Time, on May 18, 1982, and after receipt of such bids, will also award such bonds, adopt a bond resolution and consider such other matters as may come before such Board.

DETAILS OF BONDS AND MATURITIES

Said bonds will bear date as of June 1, 1982, will be in the denomination of \$5,000 each and will mature serially in regular numerical order on July 1, 1988. Both principal and interest shall be payable in lawful money of the United States of America, at Citizen's State Bank, Carrizozo, New Mexico. The bonds will constitute the general obligations of the District, payable from general taxes which may be levied without limitation as to rate or amount.

PRIOR REDEMPTION
All of the bonds shall be subject to prior redemption in inverse numerical order, in whole or in part, at the option of the District, on July 1, 1985 or on any interest payment date thereafter, for the principal amount of each bond so redeemed, a premium of one-half percent (1/2%) of the principal amount of each bond so redeemed and accrued interest to the redemption date upon giving thirty days prior notice by publication and by mail addressed to the original purchaser of the bonds or to the manager of any purchasing syndicate.

AUTHORIZATION
Such bonds constitute the final portion of the \$215,000 of bonds authorized at an election held in the District on February 3, 1981. Such bonds were authorized for the purpose of erecting, remodeling, making additions to and furnishing school buildings, and purchasing and improving school grounds.

INTEREST RATE AND LIMITATIONS
The following interest limitations are applicable:

- (1) The maximum net effective interest rate permitted for such issue is twelve percent (12%); provided, however, that if the net effective interest rate on such issue is greater than ten percent (10%) per annum (based on the actual price to be paid to the District for such issue, calculated to maturity according to standard tables of bond values), such rate must be approved in writing by the New Mexico State Board of Finance, and the Board may not issue the bonds before such approval is given.
- (2) The maximum coupon interest rate permitted is twelve percent (12%) per annum.
- (3) Interest shall be payable on January 1, 1983 and semiannually thereafter on July 1 and January 1 in each year until maturity.
- (4) No bid shall specify more than one interest rate.

(5) Said interest shall be evidenced by only one set of coupons.
(6) The interest rate specified must be stated in a multiple of one-eighth (1/8th) or one-twentieth (1/20th) of one percent (1%) per annum.

BIDS

Bidders are required to submit a bid specifying (a) the lowest coupon rate of interest and premium, if any, at which such bidder will purchase such bonds. For informational purposes only, each bidder is requested to specify (b) the total net interest cost to the District in dollars and cents and (c) the stated effective interest rate in a stated percent. Proposals should be enclosed in a sealed envelope endorsed "Bid for General Obligation School Building Bonds of Carrizozo Municipal School District No. 7, Lincoln and Socorro Counties, New Mexico," addressed to Gail C. Stackpole, Secretary of the Board of Education, at the School Administration Building, 800 D. Avenue, Carrizozo, New Mexico 88301. Only unconditional bids will be considered. Bids should be submitted on the official bid form which may be obtained from either Dr. James P. Miller, Jr., Superintendent of Schools, at such School Administration Building or the District's financial consultant (see "INFORMATION" which appears hereafter).

BASIS OF AWARD

Said bonds will be awarded to the best bidder considering the coupon interest rate specified and the premium offered, if any, and subject to the right of the Board of Education to reject any and all bids and readvertise. The best bid will be determined by deducting the amount of the premium bid, if any, from the amount of interest which the District would be required to pay from the date of the bonds to the respective maturity dates (without reference to the possible prior redemption of such bonds) at the coupon rate specified in the proposal, and said bonds will be awarded on the basis of the lowest net interest cost to the District. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The bonds will not be sold for less than par and accrued interest. The District reserves the privilege of waiving any irregularity or informality in any bid.

CUSIP NUMBERS

CUSIP identification numbers will not be printed on the bonds.

GOOD FAITH DEPOSIT

All bids shall be sealed and, except the bid of the State of New Mexico, if one is received, shall be accompanied by a good faith deposit of not less than \$900 (i.e., two percent (2%) of the principal amount of the bonds) either in cash or by cashier's or treasurer's check of, or by certified check drawn on a solvent commercial bank or trust company in the United States and payable to "Carrizozo Municipal School District No. 7". Such good faith check shall be returned if the bid is not accepted. If the successful bidder shall fail or neglect to complete the purchase of said bonds within thirty (30) days following the acceptance of the bid or within ten (10) days after the bonds are offered for delivery, whichever is later, the amount of the deposit shall be forfeited to the District as liquidated damages and in that event, the Board of Education may accept the bid of the one making the next best bid. If all bids are rejected, the Board shall readvertise said bonds for sale in the same manner as herein provided for the original advertisement. If there be two or

more equal bids and such bids are the best bids received and for not less than par and accrued interest, the Board of Education shall determine which bid shall be accepted.

TIME OF AWARD AND DELIVERY

The Board of Education will take action awarding the bonds or rejecting all bids not later than twenty-four (24) hours after the expiration of the time herein prescribed for the receipt of the bids. Delivery of the bonds will be made to the successful bidder at some bank or trust company in Albuquerque, New Mexico, or Carrizozo, New Mexico, without charge to the successful bidder, or elsewhere at the request and at the expense of the successful bidder, within sixty (60) days of the acceptance of the bid. Payment of the balance of the purchase price due for such bonds must be made in federal reserve funds or other funds acceptable to the District and to the bank or trust company designated as the place of delivery for immediate and unconditional credit to the account of the District. If for any reason delivery cannot be made within sixty (60) days, the successful bidder shall have the right to purchase said bonds during the succeeding thirty (30) days upon the same terms or at the request of the successful bidder during said thirty (30) days, the good faith deposit will be returned and such bidder shall be relieved of any further obligation.

INFORMATION

Information concerning the bonds, the District and the bid form may be obtained from the District's financial consultant, Quinn & Co., Inc., Post Office Box 528, Albuquerque, New Mexico, 87103 (Telephone: (505) 842-1000) or Dr. James P. Miller, Jr., Superintendent of Schools, School Administration Building, 800 D. Avenue, Carrizozo, New Mexico 88301 (Telephone: (505) 648-2451).

TRANSCRIPT, PRINTED BONDS AND LEGAL OPINION

Pursuant to Section 22-18-6, NMSA 1978, as last amended, the written approval of the New Mexico Attorney General of said bonds as to form and legality will be supplied. The validity and enforceability of the bonds, in addition, will be approved by Messrs. Sherman & Howard Attorneys at Law, 2900 First of Denver Plaza, 633 Seventeenth Street, Denver, Colorado, 80202, whose unqualified opinion approving the legality of the bonds will be furnished to the successful bidder at no cost to the successful bidder. Bond counsel's unqualified, final approving opinion will recite in conventional form that such firm has examined the Constitution and laws of the State of New Mexico, a certified transcript of the proceedings of the Board of Education of the District and other documents relevant to the issue of such bonds, describing them in some detail, and that such firm has examined bond numbered one and has found the same properly executed and in due legal form. The last paragraphs of such opinion shall be substantially as follows:

"It is our opinion as Bond Counsel that:
"1. Such proceedings show lawful authority for said issue of bonds under the laws of the State of New Mexico now in force;
"2. Said issue of bonds in the amount aforesaid is valid and

legally binding upon said District and all of the taxable property in said District is subject to the levy of a tax to pay the same without limitation of rate or amount;
"3. Interest on said bonds is exempt from taxation by the United States of America under present federal income tax laws; and
"4. The obligations of the District are subject to the reasonable exercise in the future by the State of New Mexico and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of the powers delegated to it by the Federal Constitution.

"As Bond Counsel, we are passing upon only those matters set forth in this opinion and are not passing upon the accuracy or completeness of any statements made in connection with any sale of such bonds."

The successful bidder (without cost to such bidder) will also be furnished with the printed bonds and a complete transcript of the legal proceedings including a certificate stating that there is no litigation pending affecting the validity of the bonds as of the date of their delivery and other closing documents.

Beginners band clinic May 12

The Carrizozo Schools will host the First Beginning Band Music Festival for the schools of the surrounding area on Wednesday, May 12, in Carrizozo High School's old gym.

The public is invited to this presentation beginning at 6:30 p.m.

Students will spend the day rehearsing with clinician Mrs. Kitty Huey. She comes from Artesia, where she works as an elementary music teacher.

Schools participating are Carrizozo, Capitan, Cloudcroft, White Mountain Middle School from Ruidoso and Tularosa.

Half the states in the Union get their names from what the Indians called their land.

Know Thyself
and believe in
yourself!

Today's fast-moving world demands our best; that we meet life without fear and worry; that we go first-class.

Look at yourself through your teacher's eyes, your bosses' eyes, your friends' and neighbors' eyes. Are you, without knowing it, giving them the wrong impression?

Are you making sure you receive the kind of treatment you know you deserve?

A study of your handwriting by a professional handwriting expert (Certified Graphoanalyst) will tell you where your fears are, how you cope with them, what you can work on to rid yourself of them.

Handwriting is actually "brainwriting." Handwriting shows how you think, how you act.

REMEMBER: "How you think determines how you act. How you act in turn determines how others react to you."

Take action now. Let us prepare for you a chart of your personality traits indicating your strengths and weaknesses.

Do it NOW.

In just your natural and ordinary hand and using your favorite pen (no pencils or felt-tip pens) write on unlined paper something off the cuff, 100 words or so. Spontaneous writing (no printing) that flows as freely as possible gives the truest self-portrait. Attach your signature in closing and send to: Bell Handwriting Consultants, 27 Woodgreen Ct., Santa Rosa, CA 95405.

FEE: Enclose \$25 for your own Personality Profile. Please allow a two-week waiting period.

MAY DAY! Lionesses Verna Rodman, Beulah Moore, Ruth Hawk and Reba Furness are ready for their May Day Spectacular, Saturday and Sunday. Hawk and Moore are co-chairmen of the event.

BAND teacher Darlene Scott and Spanish teacher Doug Jarrard tune up for the annual "Fine Arts Evening."
